EAST JORDAN, MICHIGAN, FRIDAY, AUGUST 19, 1949

NUMBER 33

## County Fair Plans Made

### PREMIUM LISTS NOW READY. SATURDAY IS CHILDREN'S DAY

Final plans for the 1949 Charlevoix County Fair have been made by the Board of Directors. These include an increased premium list of more than \$8,000.00 in both open class and 4-H exhibits. A total of \$5,000.00 will be spent for horse racing and \$820.00 on horse pulling contests. The horse pulling contest will be held at 7:30 p. m. Saturday, Sept. 10. More than \$400.00 has been allowed for a sports program.

Saturday, Sept. 10 will be the big day for children. On that day prices on all rides will be reduced and special prizes will be offered for children's contests. Uncle Homer Meachum and his Jamboree Radio Show will be presented on the grandstand on Saturday.

The fair books have been printed and are now available. They may be either obtained at one of the three farmer co-ops in the county or at the County Extension Office in Boyne City. All farmers who are interested in exhibiting dairy cattle are reminded that a negative Bang's Disease test is required for animals over 12 months of age.

Ed Rebmam,  
Sec. Char. Co. Agr'l. Soc.

## John B. LaLonde's Celebrate Their Golden Wedding Anniversary

Mr. and Mrs. John B. LaLonde celebrated their fiftieth wedding anniversary, Sunday, August 14th, at their home, 403 Third St., with an open house from 3:00 to 6:00 p. m. when seventy-five guests called to congratulate them.

They were married at St. Johns Catholic Church, Bohemian Settlement, August 14, 1899, and have made East Jordan their home all of their married years. Mrs. LaLonde, 70, was Miss Jennie Nemecek. Mr. LaLonde, 71, and his brother, Joseph, built the building on the former site of the Maddock blacksmith shop in 1899 and has owned and operated the LaLonde Tavern there until in 1944 when he sold out and retired because of ill health.

They are members of St. Joseph Catholic Church and have always been active in church work.

The refreshment table, centered by a three tiered wedding cake, decorated with white icing and yellow roses, was presided over by Mrs. Archie LaLonde and Mrs. Jack Ostrander. The refreshments aside from the wedding cake were sandwiches assorted cakes, ice cream and coffee, served on the lawn. They received many lovely gifts.

Mr. and Mrs. LaLonde have three sons, Edd of Chicago, Lawrence of Flint, and Archie of Detroit.

Guests from away were Mr. and Mrs. Jos. Foster and Maurice Foster, Charlevoix; Emma Clark, Cheboygan; Mrs. Chas. Bishaw, Traverse City; Gene Myers, Grand Rapids; Mr. and Mrs. Jack Ostrander and daughter, Jill, Grand Rapids; Mr. and Mrs. Archie LaLonde, Detroit; and Edd LaLonde, Chicago; Mr. and Mrs. Francis Quinn and children, Kalamazoo.

## Pomona Grange Picnic Was Well Attended

Charlevoix County Grangers and friends gathered at Whiting Park, Sunday, August 14, for their annual picnic. Included also was a group of members from Kasson Center Grange, Leelanau County.

Honors for being the oldest members present were divided between Mrs. Sarah McNeil, who has been a member of Peninsula Grange since 1904; and Mrs. Ella Woodard, who has been in the Boyne River Grange since 1899. The youngest member present was Gloria Hubble from Kasson Center.

A potluck dinner in traditional Grange style was enjoyed by over a hundred members and visitors. Games and stunts took up part of the afternoon. State Grange District Deputy Wm. Brake from Bellaire was presented and spoke briefly. A softball game provided more entertainment but the Peninsula "Penants" were too much for the Marion "Marines" and outscored them 15 to 3.

Pomona Grange Master is Clyde Warner and he named the following committees for the day: Grounds, Bert Lumley; Tables and coffee, Marie Hilton and Helen Lumley; Games, Howard Brumm and George Smith.

County Agr'l Agent and Mrs. Ed Rebmam and daughter were in attendance as well as the new Courier Editor Victor and Mrs. Spaniola and son. The facilities and shade at Whiting Park were enjoyed by all.

## Rotary Club to Welcome District Governor Next Tuesday, Aug. 23

The Rotary Club of East Jordan will be host to Gordon Laughead, Governor of the 218 District of Rotary International, who is making his annual official visit to each of the 32 Rotary Clubs in Michigan and Canada which are in the 218th District. He will be here, Tuesday, August, 23rd. He will confer with President Theodore Malpass and other Rotary officers on Club administration and Rotary service activities.

In addition to the activities of Ro-

Gordon Laughead

tary's 7,000 Clubs in their own communities to promote this objective, Mr. Laughead says that during the next three years Rotary International will spend \$750,000, principally to create better understanding among the peoples of different nations. One of the principal ways in which this money will be spent will be on Rotary Foundation Fellowships which enable outstanding graduate students to study abroad for one year as ambassadors of good will. Since this program was established in 1947, 111 Fellowships have been awarded to students in 27 countries, with grants totaling more than \$250,000.

## Council Proceedings

The Regular Meeting of the Common Council was held Monday evening, August 14, 1949, at 7:30 p. m. Present: Mayor Benson, Aldermen Rebec, Griffin, Clark, Malpass and Gee. Absent: Alderman Strehl.

Minutes of the last meeting were read and approved.

Bills were presented for payment.

A. J. Christopherson	\$10.00

Bus Rent 210.00  
Water Rent 238.05  
Tapping Mains 60.00

## Firemen To Have Fire of Their Own

### TO STAGE A DEMONSTRATION THIS THURSDAY NIGHT

After an eight week's course of instruction in the most advanced methods of fire fighting, the East Jordan Fire Department will stage a demonstration this Thursday night at 8:00 o'clock. It will consist of an oil pit fire at the old skating rink site between the "Fill" and M-32.

## Football Candidates To Be Examined For Physical Fitness

Notice to all football boys. Dr. Litzenger will be at the Community Nurses office in the Grade School building August 26th at 9:30 a. m. to do examinations. Please be there if you plan on going out for football this year. Will all parents please remind your strong, brawny lads on August 26th that if they wish to help the "Red Devils" keep that football fame for dear old East Jordan they must be present for this examination.

## Victor Hurlbert, 24, Plead Guilty to Automobile Theft Charge

Victor Hurlbert, 24, of East Jordan, pleaded guilty Wednesday before Judge Charles L. Brown in Charlevoix circuit court, on a charge of unlawfully driving away and damaging an automobile.

His case was referred to the probation department.

According to Chief of Police Harry Simmons, Hurlbert drove away with a car belonging to Mr. and Mrs. Earl Gee, Monday evening, from where it was parked near the East Jordan Canning Co.

When found later on in the evening, the car was parked just north of the John Seiler home on the Boyne City road headed towards town. A connecting rod had went through the side of the motor block, and the motor had caught fire. The fire was extinguished with small damage. Hurlbert was placed under arrest the same evening, and taken to the Charlevoix County jail Tuesday.

## AN APPRECIATION

I wish to thank all who sent cards, flowers, and gifts to me during my stay at Munson Hospital. Also those who sent baked goods and fruit to my family. Your every act of kindness was appreciated.

33x1 Mrs. Walter Moore

## U.S. 27 Now Located on West Side of Higgins and Houghton Lakes

Michigan's most important highway relocation and renumbering in many years—U. S. 27 near Houghton Lake—has thousands of motorists puzzled yet, according to Automobile Club of Michigan's travel manager Harry N. Rogan. With opening of the new road July 4, motorists' confusion began.

Rogan's department has received a large number of calls and letters from Michigan motorists who've driven on what is now M-18 from Prudenville to Roscommon on the east side of Houghton and Higgins Lakes asking where U. S. 27 has gone. Signs formerly identifying this road as U. S. 27 have been placed on the

## Polio Precautions by Dr. Litzenger

### MAKES TIMELY SUGGESTIONS DURING PEAK OF EPI-DEMIC

Dr. Litzenger, Charlevoix Co. Health Director, gave the following precautions to be observed by parents now that Polio is at its peak in the lower part of the state.

1. Avoid crowds, and new associates.
2. Avoid overfatigue, either at play or work.
3. Keep clean your body and all objects that enter the mouth. Keep all food covered and free from flies.
4. Call your Doctor if you are not feeling well, have headache, fever, upset stomach, or are running a fever. Take his advice.

When talking to mothers who brought their children to the health clinic held August 16, in East Jordan, Dr. Litzenger stressed to be sure that every child take a nap in the afternoon. If they were unable to sleep at least rest for one hour. Overfatigue lowers a child's resistance and makes him more susceptible to germs. Everyone should follow these precautions, not only children, but adults as well. East Jordan and surrounding counties have not had any cause to worry but everyone should follow the advice given. It is impossible to say where or when the germ that causes Infantile Paralysis will strike.

Fifty-four children were seen by Dr. Litzenger at the clinic Tuesday. It the Community Nurse has not called at your home and given you a personal invitation to attend these clinics it is for one of two reasons, she is unaware that you have children who are young enough to attend the clinic or time has not permitted her to call yet. It is a large area to cover and see everyone. These clinics are for every child of school age. Everyone is welcome. If your child has not had his or her immunization shots for whooping cough, diphtheria, Tetanus toxoide (lock jaw) or Small-pox vaccination you may bring him to the clinic to be held Sept. 20th.

## AN APPRECIATION

I wish to thank my friends and relatives for the cards, letters and gifts I received while in the hospital.

33x1 Jeanne Brown

## AN APPRECIATION

Thanking everyone for the lovely flowers, cards and letters I received during my stay at the Lockwood hospital.

## Fashion Note From The Fish Kingdom!

A brown trout wearing spectacles was picked up by conservation officer A. G. Leitz while working with a fish planting crew on the Au Gres river in Ioseco county. One of the rims from a pair of broken glasses tightly encircled the trout in front of the dorsal fin and the plastic rim was embedded in the trout about the thickness of the rim and when it was removed Leitz says it looked as though the fish had been cut with a knife.

## National Service Insurance Dividend

### APPLICATION FORMS WILL BE AVAILABLE AFTER AUG. 29

Application forms for the special dividend on National Service Life Insurance authorized by the Veterans Administration will be available here on or after August 29, Ralph S. Hamilton, Charlevoix county Red Cross chapter chairman and Commanders of local Veterans organizations have announced.

The dividend is not automatic, it is pointed out, and each veteran must fill out one of these application forms. In general, any veteran who kept his National Service Life Insurance in force for three months or more will be eligible to receive a dividend.

The exact amounts which each policy holder will receive are not known at this time. The Veterans Administration will work that out between now and the first of the year when the first dividend payments will be made.

Cyril Dolezel, Commander, Rebec Sweet Post American Legion emphasized that veterans should not write to the Veterans Administration about their dividends. "We are assured by the Veterans Administration", he said, "that this will only cause delay in payment. The veteran should not communicate with the Veterans Administration on this matter except to send in the application form. If he has questions about the form or about his eligibility, we will do our best to advise him if he will stop at one of the places mentioned below."

In East Jordan arrangements have been made by the Red Cross and the Veterans organizations to obtain blanks at the following places: Chamber of Commerce office from Red Cross Sec'y, Mrs. Clark; Postoffice; American Legion Hall.

## Summer Recreation For Youth

Saturday afternoon the E. Jordan Peanut League team meets Mancelona at the local Ball Park. Game starts at 3:00 p. m.

Age limits for the Peanut League are 8-12. East Jordan has lost one game to Mancelona. This game was played at Mancelona and the starting team held a 7-6 lead going into the last inning, but the reserves allowed Mancelona to score eight runs in the last inning.

## SWIMMING

Swimming instructions will again be offered Friday afternoon by coach Devine. Approximately 25 non-swimmers attended last Friday.

## SOFTBALL

Two of the three local softball teams that entered the area tournament held at Charlevoix emerged victorious in the first round by lip-sided scores. All three teams played teams entered in the Petoskey night league.

The Legion and Bakery now advance to the second round with the Legion playing at 7:30 Saturday night and the Bakery at 9:00 p. m. Monday. The Foundry was knocked out by the Trinity church. Although the Foundry appeared to have much the better team a combination of bad breaks and sharp fielding by Trinity stopped the Foundry 11-10.

At the present time the strength of the tournament looks like it might lie with the Boyne City Merchants or with Cheboygan.

## LOCAL SOFTBALL LEAGUE

In the local Softball League the Foundry sets the pace in the second round with a record of four wins and no defeats. The Legion is in second place, also undefeated, but the winner of but two games this far.

A new team has entered the League under the management of Wade Healey and Leon Peterson.

\$15,000.00 in prizes to lucky winners of The Chicago Herald-American's Match The Twins Contest. Start today. Win a new Buick or Chevrolet. Other prizes include a fur coat, diamond ring, ten television sets and many more prizes. Get into this great contest in The Chicago Herald-American.

## Rainbow City Day Thrilling Success

### EAST JORDAN'S FIRST "RAINBOW CITY DAY" WENT OVER BIG

East Jordan's first Rainbow City Day, sponsored by the Chamber of Commerce, fulfilled every advance promise and provided the thousands of spectators with an abundance of thrills and colorful interest. Every event ran on schedule with the exception of the annual Charlevoix-East Jordan Sailing Free-for-all which was cancelled when contestants failed to get a "sailing breeze".

The Dawn Patrol was headed by ex-Gov. Kim Sigler, flying in from Lansing and his daughter, Madeline Sigler, flying her own plane from North Port. The airport register might well be a Michigan directory with such towns appearing as Pontiac, Elmira, Petoskey, Plymouth, Kalamazoo, Remus, Harbor Springs, Traverse City, Frankfort, Ann Arbor, Athens, Saginaw, Detroit, Howell, Ludington, Hillsdale, Alma, and Grand Rapids as the home ports of the visitors.

The Jordan River Canoe Derby proved to be a field-day for local talent with the first three places all going to East Jordan entries: 1st, Jim Brennan and Richard Malpass; 2nd, Larry Huckle and Jim Nachazel; 3rd, Earl Bowers and Don Maxwell.

The highlight of the entire day undoubtedly was the program of motor boat races which drew the largest field of starters—over fifty—that this area has ever witnessed. Thrills drawing exclamations from the spectators although only three boats were involved in mishaps. Ted Werts of Gaylord, Tony Lukas of Grand Rapids, and George Jingles of Grand Rapids all were involved in spectacular spills during the hotly contested Class B event but fortunately escaped serious injury.

All race classes were run in two heats and winners determined on the basis of accumulated points with these final standings:

Class A Utility — 1st, Wayne Stienen, Bellaire; 2nd, Glen Malpass, East Jordan; 3rd, Oris Bowerman, East Jordan and Scotty Bedell, Bellaire.

Class A Modified — 1st, Harvey Montgomery, Traverse and Jack Martin, Traverse; 2nd, G. J. Peck, Karlin; 3rd, Wayne Stienen, Bellaire and Duard Peck, Traverse City.

Class B — 1st, G. J. Peck, Karlin; 2nd, Robert Dohm, Traverse City; 3rd, Chester Wilks, Bellaire.

Class C — 1st, Fred Stocking, Traverse City and Novein Cole, Traverse City; 2nd, Robert Saxon, Omena; 3rd, Russell Redfern, Bellaire.

Open Class — 1st, Moose Wares, Traverse City; 2nd, Mike Crane, Owosso; 3rd, Novein Cole, Traverse City.

Class M. Hydroplanes — 1st, A. J. Rivard, Traverse City; 2nd, G. J. Peck, Karlin; 3rd, Robert Hausding, Traverse City.

Rainbow Trout Contest — Won by Albert Derency. Prize was a South Bend Automatic Reel. His winning rainbow was taken from the Jordan River at Roger's Bridge.

We take pleasure in congratulating the Chamber of Commerce on the outstanding success of this purely East Jordan celebration and trust that it may become an annual event ranking high on the Northern Michigan schedule of recreational programs.

## Funeral Services for Mrs. Mabel Craig, Held Friday, Aug. 12

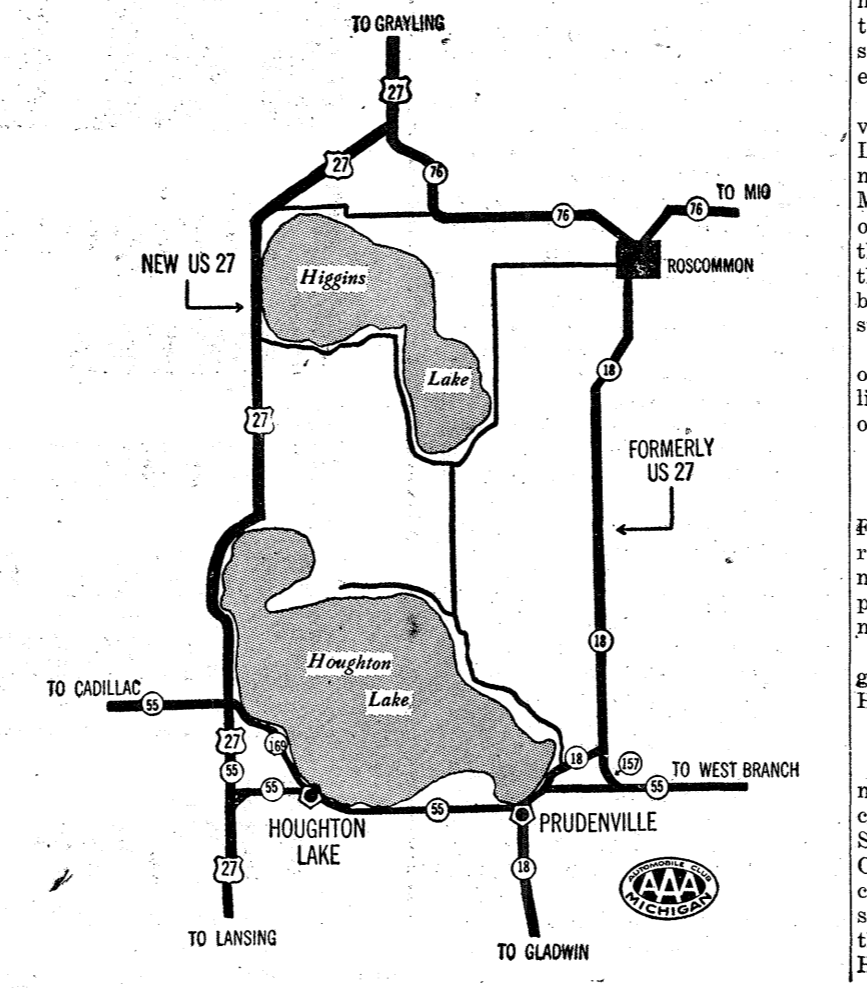

Funeral services for Mrs. Mabel Craig, who passed away at her home in East Jordan, Friday, August 12, 1949, after an illness of five months with cancer were held, Monday, Aug. 15th, from Watson Funeral Home, conducted by Rev. F. I. Rouse.

Bearers were James Craig, Jack Craig, Bohumil Cihak, Clarence Morford, Geo. Craig, and Gregory Craig. Interment at Sunset Hill, East Jordan.

Mabel Richer was born August 2, 1883, in Jordan Twp. and attended the Mt. Bliss School.

On January 28th, 1901, she was united in marriage to John Craig at Bellaire. Mr. Craig preceeded her in death at East Jordan, July 29, 1948. Mrs. Craig was a member of the United Missionary Church. Surviving are three daughters: Flora Church, Ruby Cihak, and Elizabeth Morford; three sons, James, Gregory, and Jack Craig, all of East Jordan. Ten grandchildren; two sisters, Mrs. Mary Gould, and Mrs. Bertha Corneil, Lansing; one brother, Gene Raymond, East Jordan.

Relatives from away to attend the funeral here were:— Mr. and Mrs. John Corneil, Mr. and Mrs. Forest Merrill, Mrs. Mary Gould, and Mrs. Clayton Gould, Lansing; Mrs. Joe Gould, Eaton Rapids; and Mrs. Chas. Hoffinger, Gaylord.

## Dr. Geo. W. Buttrick To Preach In Presbyterian Church

Dr. George W. Buttrick, pastor of the Madison Avenue Presbyterian Church of New York City, will preach in the Presbyterian church of this city next Sunday, Aug. 21. Dr. Buttrick, who is one of the Presbyterian denomination's outstanding preachers, is well-known to East Jordan audiences having preached in this church once each summer for twenty-three consecutive years.

### Engagement Announced

Mr. and Mrs. Albert Blossie announce the engagement of their daughter, Katherine, to Mr. Myron F. Poe of Highland Park, Mich. The wedding will take place Sept. 10, at Trinity Methodist Church in Highland Park.

### Homemakers' Corner

### BACK TO SCHOOL ADVICE GIVEN TO PARENTS

When your children are asked the standard question, "Are you glad to go back to school?", is their answer pleasing to you?

Their answer whether yes or no, reflects back on you as a parent. Parents can do a great deal to help Johnny do his best at school and enjoy himself there, advises Mrs. Lenah Backus, child development specialist at Michigan State College.

If your child brings home a poor report, what do you do? If Johnny is not doing his best then he needs your help and understanding rather than scolding. If it is arithmetic that bothers, let him help you with your use of it around the home.

Let Johnny keep score while playing games and his interest in numbers and spelling will take on a new meaning. Tying arithmetic in with daily living will make it interesting for him.

Interest in reading and liking books is developed more easily through the story hour when children are young. But is can be greatly aided at a later age by suggesting that they take turns with you in reading aloud. Here again encouragement rather than criticism is the recipe for success.

As Johnny goes back to school shared interest activity is one of the best ways of helping him do his best. It may be a slower way of finding out some of Johnny's shortcomings, but if it helps him over some hurdles the results will be worth your time.

### Time is Here to Do Work on Lawn For Better Turf

If you plan to seed a new lawn or thicken the turf of your present lawn now is the time for action. Dr. James Tyson, Michigan State College soil scientist and authority on lawns, says the last two weeks of August is the ideal time to plant seed.

Planting at this time of year permits taking advantage of the usual fall rains and permits grass to get a good start without the usual competition that exists in spring sown yards.

Soil should be tested to determine whether or not lime is needed. If test show lime is needed ground limestone should be broadcast at a rate of 100 pounds for each 1,000 square feet. This should be worked into the soil. Do not use lime unless soil is strongly acid in reaction (PH 5.5 or lower).

Fitting the soil for a new lawn is important. After being graded with the proper slope for drainage away from the house foundation, the ground should be alternately raked and rolled until a firm seedbed is produced, Tyson suggests.

Before broadcasting the seed, the seedbed should be raked lightly with a steel rake, the teeth not penetrating more than a quarter of an inch.

For sandy soils Chewing's fescue or creeping red fescue grass is recommended by the lawn specialist. For open, sunny, fertile and well-drained loam, Kentucky bluegrass normally produces the best results. On shady fertile well-drained loam, a mixture of chewing's fescue or red fescue with rough bluegrass makes a good mixture. On wet, poorly-drained soils, Dr. Tyson recommends the use of Canadian bluegrass, rough bluegrass and redtop.

From a pound to a pound and a half of seed for each thousand sq. feet of yard is adequate if properly distributed.

Tyson recommends that the measured amount of seed for a section of yard be mixed with enough dry screened soil to make sufficient bulk for even distribution. The lawn should be raked lightly after the seed has been sown and rolled once with a heavy roller to firm the seed.

Persons interested in more information about lawn planting and care can obtain "Growing Beautiful Lawns," an extension bulletin (Extension 224) by Dr. Tyson without charge. This bulletin is available from county agricultural extension offices or from the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing, Mich.

## Take It Easy These Hot Summer Days

Take it easy these hot summer days, the Michigan Department of Health is warning oldsters.

Deaths from heat prostration and sun stroke reach their peak in August. Both result from prolonged exposure to sun or intense heat.

People past their middle years, and those who have high blood pressure, or disease of the heart or kidneys are in more danger than others. Such things as over exertion, demydration, over-indulgence in food or drink, worry, fatigue, anger, and lack of sleep add to the danger.

These things will help you to prevent heat prostration and sunstroke and to keep cool the Department suggested.

Avoid prolonged exposure to sun and excessive heat—this includes ball games, tent-shows, fair midways and the like, as well as the beach and garden. Keep the head covered when exposed to direct sunlight.

Wear loose, light, porous clothing, and not too much of that. Stay where there is circulation of air.

Avoid over-exertion or fatigue. Take recreation such as golf, shuffleboard, hiking, swimming and tennis in small doses.

Eat the same protective food you eat the year around—fruits, vegetables, milk, cheese, meat, and eggs and eat less fried greasy foods and rich desserts. Have some hot food at every meal.

Drink eight to twelve glasses of liquid a day. This includes water, fruit juices, milk, soup, tea and coffee.

Get a good night's sleep. Nap in the early afternoon. Rest when you're tired. Keep a pleasant attitude of mind. Save your worries for cooler weather.

### MICHIGAN MIRROR

Governor Williams is not Michigan's first governor to enjoy talking at luncheons and dinners, crowning festival queens and otherwise being the answer to a program chairman's prayer. Kim Sigler used to thrive on these things even while the legislature was thrashing about at Lansing.

Williams stuck to the job faithfully while solons were in town. But he waived aside all arguments in June and July for a speaking schedule that resembled a barnstorming trip. Like Sigler, he prefers travel by airplane.

The governor's staff is now convinced that many voters prefer to have their governor "work at the job." Result: Fewer speaking engagements are being booked or "Soapy" next fall. The governor and his family are residing during August at the governor's home on Mackinaw Island.

When to call the legislative into special session is a decision yet to be made. The governor insists Michigan should enact a new tax immediately if it to avert financial chaos next spring. He plans vigorously for a corporation income tax rather than a personal income tax, and defends his position as not favoring a "soak the consumer" levy.

Even if the legislature were to adopt a flat personal income tax, says the governor, taxpayers would soon favor a graduated income tax by constitutional amendment.

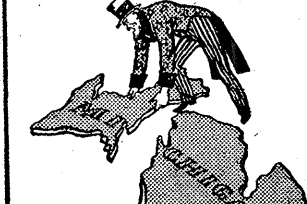

Victor Knox, speaker of the house of representatives, is convinced Michigan voters would never approve a tax boost or a new tax until actual need had been demonstrated. A

## Meet Your Michigan

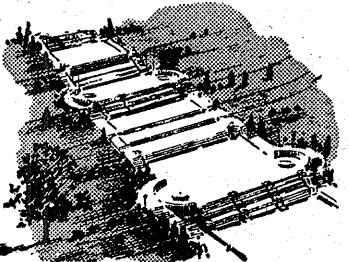

WORLD-FAMOUS ILLUMINATED CASCADES IN SPARKS FOUNDATION COUNTY PARK, JACKSON, ATTRACT A MILLION TOURISTS YEARLY. THE WATERFALLS, EXTEND 550 FEET AND DROP 64 FEET IN 11 FALLS. AT NIGHT, OVER 1000 MAGICAL COLORED LIGHTS FLOODLIGHT THE FALLS AND SPOUTING FOUNTAINS.

"FIRST PLACE" SALTED DOWN: MICHIGAN BOASTS NEARLY 30% OF THE NATION'S TOTAL SALT PRODUCTION. ITS OUTPUT OF 4 MILLION TONS OF SALT ANNUALLY IS VALUED AT \$15,000,000...ALMOST TWICE THAT OF ANY OTHER STATE. PRODUCTION CENTERS NEAR DETROIT AND SAGINAW IN THE DETROIT RIVER AND SALINA SALT BASINS.

MICHIGAN FEATURE SERIES prepared by the MICHIGAN TOURIST COUNCIL...No. 16

DO YOU KNOW: MICHIGAN'S FIRST PAPER MILL WAS BUILT IN THE RAISING RIVER VALLEY IN 1834. NOW 65 MILLS IN 29 UPPER AND LOWER PENINSULA COMMUNITIES, PRODUCE OVER 12 MILLION POUNDS OF PAPER CONTAINERS, BOXBOARDS, WAXED PAPERS, PATTERN TISSUES, NEWSPRINT AND A WIDE VARIETY OF PAPER STOCKS DAILY.

MICHIGAN WAS REFUSED ENTRY TO THE UNION IN 1837 UNTIL SHE RELINQUISHED A DISPUTED STRIP OF LAND TO OHIO. IN EXCHANGE, CONGRESS GAVE MICHIGAN THE UPPER PENINSULA. MICHIGAN PROFITED HANDSOMELY FROM ITS VAST MINERAL DEPOSITS AND GRAND SCENIC TREASURES.

treasury deficit will furnish such proof, says Knox. This reasoning influenced Republican legislators, he said recently, to sidestep the issue of new taxes until 1950.

If this strategy is adhered to, Republican legislative leaders will await 1950 to see how much money is needed and then cut the cloth accordingly. To do anything now, so this argument goes, is to guess at a future development.

But 1950 is also re-election year for many legislators, as with state elective officials. To impose a new tax in an election year is regarded by some as something next to political heresy.

The more the Republicans wait, the more their opponents are going to lambast the party for protecting big corporations from a tax on their profits. Governor Williams wishes to put the G. O. P. on the defensive in 1950. He has been hammering away at the corporation tax consistently in 1949 speaking tours.

A week or so ago we had the opportunity to swing into the Upper Peninsula as far west as Marquette and Escanaba. Everywhere we were asked about Secretary of State Fred M. Alger, Jr., and State Treasurer D. Hale Brake, two prospective candidates for governor in the Republican primary next spring. Also: "Is Dr. Keyes going to run for governor this time?"

Brake and Keyes are all definitely

interested in the nomination, we managed to stay neutral. Partisan politics have no place in this Main street column. But the inquiries do show an interest or anxiety of Republican observers about 1950.

Another point: Harry F. Kelly is a possible candidate. Would a "third term" issue lessen his proved popularity with Michigan voters? That is something for the hot-stove league to talk about this fall.

Cooperative efforts to curtail Michigan's highway traffic toll are beginning to bring dividends. For three consecutive months a decline in traffic deaths has taken place. Maxwell Halsey, executive secretary of the Michigan state safety commission, reports the next objective is to make highways more safe for children. "More than 4,500 children were killed or injured in Michigan traffic accidents last year," says Halsey.

Does your community need a hospital? The Federal government will pay one-third of the cost of construction, providing the local community raises the other two-thirds. This aid is limited to about \$11 million dollars for Michigan.

Hugh J. McGoldrick, Williams-appointed director of the state office of hospital survey and construction, reports that seven projects are now underway and three more will break ground next Fall. The ten hospitals the hospital additions will add 1,000 beds to Michigan's facilities.

**Singing, Shining**  
Lesson for August 21, 1949

EVERY ATOM of the universe, said Calvin, sparkles with the glory of God. That is our thought for this week: In the created universe we can see the God who is more wonderful than all his works. The selected Psalms express four different aspects of God's creative power. Psalm 8 brings out the dignity and the glory of man, made to be master of the earth; Psalm 19:1-6 listens to the majestic music of sun and stars; Psalm 65:9-13 sees nature as a farmer sees it, in terms of sun, rain and crops; Psalm 104, one of the noblest poems in existence, celebrates God's glory in all things great and small.

Dr. Foreman

**Mystery**  
THESE inspired Psalmists saw a high truth: Nature is for man's use, in part, but has also a value, a beauty and a splendor all its own; and it is one of the ways by which we can know God. What is true of nature is true, far more, of the God who created all things. One of the thoughts suggested to their minds was the mystery of nature.

Even today, with all that science has discovered, there is mystery in the most elemental facts of existence. What is light? What is life? What is energy? Where did it come from and what is the destiny of it all?

A common grass blade performs miracles that chemistry has not yet initiated. The mystery of nature suggests the deeper mystery of nature's God.

**Power**  
WE ARE beginning now to realize, even better than the Psalmists could, how much energy there is in nature. We have seen tragic evidence of the atom's power. Now we have also found that while energy cannot be destroyed, it cannot be created by us, though it constantly changes form.

As the water in a power station which has run through a turbine will not climb back up to turn the turbine again, so the whole universe (they tell us) is in the process of running down.

But how was the universe born, how was energy born, in the first place? How was the universe, so to speak, wound up? Science does not profess to know; but religious answers by faith: In the beginning, God . . .

**Beauty**  
THE writer of Psalm 104 was well aware that some parts of nature are useless to man; but he rejoiced in them none the less. Few of his neighbors had any use for whales, for example, but he takes delight in the whale (he calls him Leviathan) just playing in the ocean. St. Augustine, in the same mood, says somewhere about things like wasps and spiders that if we could forget that they bite, we would be greatly awed by their beauty and the perfection of their mechanism. Indeed, St. Augustine, in one of his prayers, calls God "Pulchritudo," Beauty. Just as God is The Truth and The Good, so he is The Beautiful.

**Law**  
THE writers of these nature-Psalms (especially 19 and 65) were impressed by another fact about nature: its regularity. You can count on the sunrise, you always know which order the seasons will follow. Even things like earthquakes and tornadoes, which seem pretty unpredictable, follow laws of their own. Science has now shown this to be true on a cosmic scale. The stuff of which the farthest stars are made is just the same (only a lot hotter!) as the stuff in the rocks under your feet at this minute.

The laws that govern the fall of a leaf or the shape of raindrop are the same laws that can be seen in the whirling of star-dust fifty million light years away.

The Creator of all is not erratic, eccentric or capricious. He is the God of Law, for from his infinite Mind come all the patterns, known to us or yet unknown, by which the vast fabric of the universe is woven. Mystery, Power, Beauty, Law: All nature, not only the stars, shine with all these—and as Addison says,

"Forever singing as they shine,  
The hand that made us is divine."

**1950 Wheat Price Support**

Wheat growers in Charlevoix Co. were cautioned this week that, if they want protection of government price support loans or purchase agreements on their 1950 wheat crop, they must stay within their individual farm acreage allotments when they plant winter wheat this fall for harvest next summer.

LeRoy Hardy, chairman of the Charlevoix County AAA Committee, said that the Charlevoix Co. wheat acreage allotment has been set at 1693 acres for the 1950 crop, representing this county's proportionate share of the State allotment of 995,426 acres and the National allotment of 68,944,099 acres.

The individual allotments have been mailed to all wheat growers who are recorded in the County AAA office. Farmers who intend to grow wheat for harvest next summer and who did not receive an allotment notice through the mail should contact the County AAA office. Individual farm allotments were established by the County AAA committee largely on the basis of the farm production history for wheat during the past few years. Acreage data for the past years was gathered from farmers earlier this spring by township AAA committees.

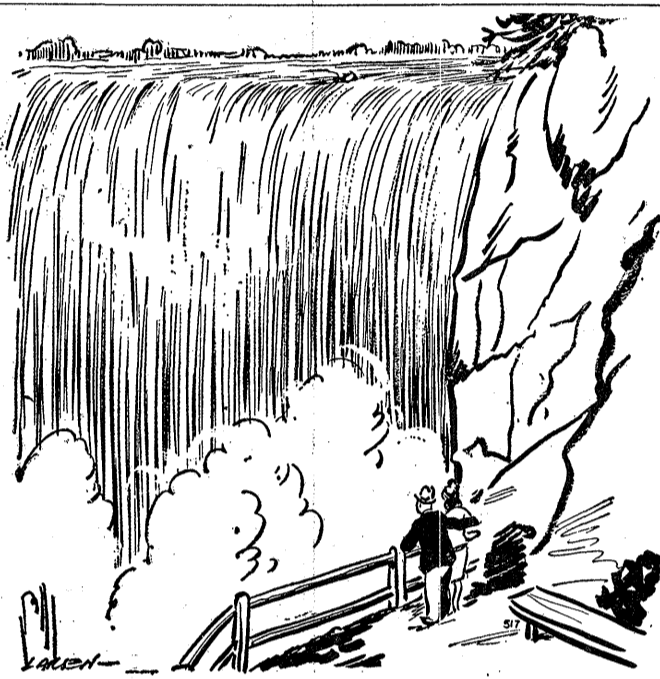

Farmers are advised that an appeal procedure is available to those who are not satisfied with their allotment. Those who wish to file an appeal should do so at once after receiving their notification of allot-

ment through the mail. Appeals should be filed with the Charlevoix County AAA Committee, Bank Bldg., Boyne City, Michigan.

"Farmers are under no legal obligation to follow their wheat allotments and they may exceed them if they choose to do so but we want to be sure that every wheat grower understands that compliance with allotments is required in order to be eligible for price support next year. This requirement is not in effect for the 1949 crop because there were no acreage allotments in effect."

The American dollar, is supposedly worth but fifty cents now—yet try to get one for two quarters.

**Customers' Corner**

A good food store must be a clean store.

We believe our customers are entitled to top quality food at low prices, served in clean, healthful surroundings.

That's why we train and instruct our employees to keep all trays and cases and scales scrubbed and sanitary; to keep refuse and packing cases out of the aisles and off the sidewalks; and to keep floors and grocery racks clean and orderly.

Sometimes during rush periods it's hard to keep a store as neat as it should be. But that's our job, and you will be doing us a favor if you will let us know if your A&P store ever fails in any way to measure up to our high standards of cleanliness. Please write:

WEEKLY NEWS ANALYSIS

**A-Bomb Output Hits Record Peak; House Approves Vet Pension Hike; Anderson Proposes New Farm Plan**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**ATOM BOMB: Record Output**

Maybe the atomic bomb isn't the world's most fearful weapon. Maybe the bomb's effectiveness for destruction has been over-emphasized. Maybe it doesn't mean anything at all—but if potential enemies of the U.S. could squeeze any comfort from those "maybe's," they were welcome to it.

For the United States had announced that its atom bomb production had reached an all-time high in the first six months of this year, and production is now on an assembly-line basis.

IN making that announcement, the atomic energy commission also announced that enormous tonnages of low grade uranium ores, have been located in this country, and could be used to produce A-bombs in an emergency if foreign supplies of high-grade ore were cut off.

All these disclosures were contained in the commission's sixth semi-annual report to congress.

Pointedly enough, the report made no mention of recent to-level secret conferences relative to sharing information with Britain and Canada.

It did have a lot to say, however, about the problems behind those conferences—United States' dependence on high-grade uranium ores from Canada and the Belgian Congo.

THE REPORT revealed that reserves of semi-processed ores are being built up steadily "to assure continuity of production." Research is being pressed on new extraction methods to cut the cost of processing the low-grade ores which abound in this country. And "actions have been taken to improve and make more certain the supply of ore from abroad."

This latter statement, which was not explained, presumably referred to later negotiations with Britain and Canada for a long-term agreement on exchange of atomic information and division of uranium ore.

**FARM PLAN: Something New**

Farm plans, or substitutes thereof, were still kicking around the halls of congress, despite recent legislative action retaining the current program of farm price subsidies.

Latest proposal in the field came from Senator Anderson (D., N.M.) but it was another formula which didn't appeal to everyone's taste. Senator Anderson is the same gentleman who was onetime U.S. secretary of agriculture.

BRIEFLY, his plan called for flexible government supports for some crops, rigid control plans for others, and authority to try out the Brannan plan for subsidy on some perishables.

Anderson heads a seven-man subcommittee casting about for an acceptable farm bill.

Unless the senate and house managed to get together on some program, the delayed-action Aiken law passed by the Republican 80th congress would take effect January 1. It would permit, although not compel, the secretary of agriculture to maintain supports for major crops on a flexible scale ranging from 60 to 90 per cent of parity.

The senators "try-out" proposal for the Brannan plan would be limited to "nonstorage perishables" including oranges, grapefruit, apples and vegetables.

**ARMED UNITY: Up to Truman**

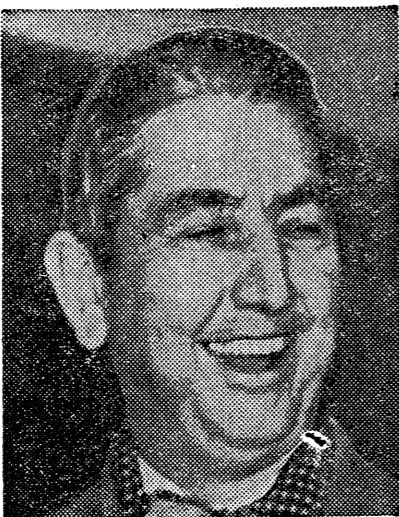

Final action on the bill strengthening unification of the armed services was up to President Truman—but there was no doubt that he would affix his signature to the measure in speedy fashion.

BY a lopsided vote of 356 to 7, the house gave final congressional approval to the measure in a bid for greater efficiency and economy in military operations.

The bill, which was sent to the President for his signature, sprung directly from the recommendations of the commission headed by former President Herbert Hoover.

THE citizens' committee for the Hoover report, headed by Dr. Robert L. Johnson, president of Temple university, immediately hailed adoption of the bill as "paving the way for savings of at least a billion dollars a year, and maybe more."

**New Justice**

U. S. Attorney General Tom Clark, smiling so broadly here, hesitated but a short while before accepting President Truman's offer of appointment to the United States supreme court bench. Sen. J. Howard McGrath (D., R.I.) was to succeed Clark as attorney general.

**PENSIONS: More for Vets**

Veterans of World Wars I and II and the Spanish-American war stood to benefit to the tune of an additional 112 million dollars a year if a bill passed by the national house of representatives is approved by the senate.

WITHOUT a single dissenting vote, the house passed a measure raising veterans' pensions and disability payments by that figure annually.

There was another possible hurdle for the measure, however, even if it should pass the senate, for house action on the bill was taken despite objections from the White House. Whether this means that President Truman would have the political fortitude to veto such a bill if it ever came to him is an interesting conjecture. The logical supposition is that he would not, particularly if he entertains any ideas of seeking a second term in 1952.

To indicate the potential weight of the veterans' vote as interpreted by house members, despite the fact that there was no opposition, a roll call was ordered and 354 members got "on the record" as approving the measure.

THE VETERANS' administration estimated that the first year cost of the proposal would exceed 112.5 million dollars. It made no estimate of costs in subsequent years.

Principal provisions of the bill: Increase from \$138 to \$150 rate of pay for total disability; increase monthly payments to widows and dependents of wartime casualties; full compensation for World War I veterans with disabilities presumed to be service-connected instead of the present 75 per cent; additional pay for dependents of veterans with service-connected 50 per cent disabilities.

**GIVE-AWAYS: No Sinecure**

The business of winning radio give-away prizes is not all beer-and-skittles. A Hollywood insurance man is authority for the conclusion.

He spent his vacation as a contestant on such shows and wound up with \$150 in one week—much more than he could have made working. He attended 20 radio shows, averaging four a day, saying that he couldn't stand any more than that.

That's all he could stand, he said. "It's much more work than working," he explained. The questions are easy, but the nervous strain is terrific. It's too hard on me to do it more than one week each year. He made his killing, however, on one program. He was asked to tell a girl how her husband would feel about her having a baby.

He replied that "things are very convenient for fathers these days." For that he received prizes worth \$150. How to get picked as a contestant? Just sit on the aisle and wisecrack as the announcer goes by.

**EDUCATION: Bicker & Strife**

The proposal for federal aid to education was getting nowhere fast. Its proponents, realizing all the while upon what thin ice they skated, had believed the plan had been handled with sufficient tact and skill to win some hope of its final approval. But at this stage of the game, that appeared to be nothing more than wishful thinking.

THE explosive issue, made doubly volatile by the injection of the religious issue by a bill offered by Representative Barden (D., N.C.) and by the public row between Francis Cardinal Spellman and Mrs. Eleanor Roosevelt, threatened to kill the proposal entirely.

The Barden bill would exclude Catholic and other non-public schools from all federal aid. Because Mrs. Roosevelt, in some of her syndicated columns, had argued for separation of church and state, Cardinal Spellman accused her of being anti-Catholic. She denied the allegation and pointed to her record as proof.

WITHOUT any attempt to argue the relative merits of each viewpoint, capitol observers were generally agreed that these developments had done nothing to help the plan for federal government to assist in school programs by giving financial aid.

The proposal without the added controversies was stormy enough in itself, inasmuch as there had been much hue and cry to the effect that federal aid to schools would mean ultimately federal effort to control the choice of what would be taught in the schools.

It appeared that this obstacle to the proposal might have been hurdled, but when the religious issue was injected the fate of the plan was seriously jeopardized.

**ADMIRAL BYRD: Far Horizons**

The lure of the frozen, silent spaces were calling again and Adm. Richard Evelyn Byrd, veteran polar explorer, was harkening.

ACCORDING to reports out of New York, some 3,500 men and eight ships are earmarked for an Antarctic expedition, to be headed by Byrd, which will have as its objective the mapping of a vast area of unknown territory in the Antarctic about as big as Europe.

If present plans were finally approved, the first ships would sail in October. The expedition would establish a base in New Zealand and remain in the arctic about four months of the south polar "summer," before returning to the United States about April, 1950.

IT WAS UNDERSTOOD the venture depended upon approval of Secretary of Defense Louis Johnson, but planning has been underway for some time. This, certainly, would indicate a high optimism that Johnson's approval is assured.

It was said naval planes would probably participate in extensive aerial mapping, air-sea rescue work, and the scouting for ice leads. The goal of the expedition, apparently, is to be a great, oblong stretch of unexplored territory across the South Pole from Little America, site of the Byrd base camp in the admiral's expedition of 1929.

A LARGE AREA, part of which is claimed by Australia and Norway, lying south of Africa and stretching across the snowy wastes of the Antarctic toward Australia and South America, is virtually uncharted, and it is expected that aerial mapping will reveal many of its secrets.

The expedition, if finally approved, would be the admiral's fifth to the south polar regions.

**Urged Arms Outlay**

Secretary of State Dean Acheson, who put in the major licks favoring appropriation of approximately 1.5 billion dollars for arms to implement the North Atlantic pact, declared the aid program would prevent any aggressor from achieving a "quick and easy victory" in a future war.

**WHITE HOUSE: Tradition Wins**

Score a victory for history and tradition: the White House, official abode of the United States presidents, will not be razed. Instead, the historic structure will be given a 5.20 million-dollar face-lifting job.

A GROUP of six men settled the issue once and for all between advocates of renovation and those who wanted to tear down the present building and erect a new one.

**PROBATE ORDER Administration Account**

**ROUGH GOING**

**Adversity Plagues Viking Saga Revival**

The "invading" vikings had not counted on England's weather. So, what was to have been a thrilling, colorful arrival of a sleek oaken ship on the Thames, turned into a ride in a green bus, with the Vikings' horned helmets lying in their laps and their sharp spears neatly stacked in the racks overhead. It was all rather anti-climatic.

The band of modern Danish Vikings rowed and sailed their open boat through more than 600 miles of North Sea to reach England. Along the banks of the Thames thousands of Britishers had gathered to see them arrive. But bad weather intervened and the Vikings decided to have their ship towed up-river to pier.

Those from away were Mrs. Thelma Lyons and Mr. and Mrs. Wm. Lyons of Grand Rapids, Mr. and Mrs. Charles Ott of Petoskey and Mr. and Mrs. Russell Conway and son, Jeffery, of Kalamazoo.

## Isolate Animals Back From Fairs

Generally the best animals on the farms go to the county fair for exhibition. For this reason, Dr. B. J. Killham, Michigan State College extension veterinarian, believes it wise to take every precaution to protect them from disease.

County fairs operate under state regulations the require clean bill of health before animals can be shown. This not only protects your own stock but that of other showman as well. Dr. Killham advises getting necessary papers from veterinarians so that it isn't done as a last minute rush job.

Quarantining show animals when they are returned to the farm is an extra precaution that is wise. By isolating them for three weeks from the rest of the herd or flock, you're making doubly sure any infection picked up in the show ring isn't spread.

A golfer trying to get out of a trap said, "The traps on this course are very annoying, aren't they?" "Yes," said the second golfer trying to putt, "would you mind closing yours?"

Miss Mary Stanek is a medical patient at Charlevoix hospital.

You can hear the RCA Victor in your own home. Just call Phone 66. R. G. and H. E. Watson. adv. t. f.

## RECIPE OF THE WEEK

by Mary Lee Taylor

### Royal Meat Patties

Broadcast: August 20, 1949  
 4 large onion slices, 3 tablespoons shortening  
 1 lb. ground beef 1 tablespoon butter or margarine  
 1/2 cup rolled oats 2 tablespoons flour  
 1 cup Pot Milk few grains pepper  
 1 1/2 teaspoons salt No. 2 can peas, drained  
 1/2 teaspoon pepper

Remove centers from onion slices, leaving 2 outer rings from each. Cut centers fine; mix with meat, oats, 1/2 cup milk, 1 teasp. salt and 1/2 teasp. pepper. Shape into 8 flat patties. Cook onion rings slowly in skillet 5 min. in hot shortening. Remove and save. Brown patties slowly on one side. Turn; put onion rings on top of patties. Cover; cook slowly to brown under side of meat. Meanwhile, melt butter; blend in flour, 1/2 teasp. salt and few grains pepper. Stir in 1/2 cup liquid off peas. Boil and stir 2 min. Stir in 1/2 cup milk and the peas. Heat. Serve in the onion rings. Makes 4 servings.

You Will Need:  
 PET MILK ..... can 12c  
 GROUND BEEF ..... lb 54c  
 Canned PEAS ..... can 12 1/2c

2 lbs. 53c

**WEST PENINSULA**  
(Edited by Mrs. Gaunt)

Mrs. Shellenberger of East Jordan accompanied by her daughter and husband, Mr. and Mrs. Irving Burk of Berrien Springs, called on Mr. and Mrs. Wm. Gaunt, Sr., Wednesday. Mrs. Shellenberger got the rest of her things from her old farm and moved everything to Berrien Springs where she intends to live from now on. We hope she will be very happy in her new home.

Mr. and Mrs. Jock Browning of Chicago, accompanied by Mrs. Browning's mother, Mrs. Blanche Richards, and Lois Healey and son were callers at the Gaunt home Friday. Also spending a few hours at Mrs. Browning's (Ila Dewey) old home, The Dewey Dells, and meeting their new neighbors, the Phillips, at the Rustan.

Miss Betty Phillips who is employed at Little Traverse Hospital in Petoskey spent the week end at the Rustan with her mother, Mrs. Edwin Phillips.

Mr. and Mrs. John Hamstra and son, Phillip, and Mrs. Hamstra's parents, Mr. and Mrs. Korndyk, returned to Grand Rapids Saturday afternoon after spending two weeks at the Rustan. They really enjoyed themselves and got acquainted with many friends. They hope to return to the Rustan next year.

Earl Gill returned from Lansing the middle of the week. Sunday he had dinner with the R. G. Williamson and Phillips families at the Rustan Resort.

Mr. and Mrs. W. E. Hile and three sons of Barrington, Ill., are spending a week at the Rustan, enjoying our Michigan weather and fishing. He is employed at Barrington with the Jewell Tea Co.

Mr. and Mrs. Richard Sturdevant and three sons are enjoying their second season at the Rustan. They expect to be her two weeks fishing and swimming. He is a lawyer for the Jewell Tea Co. at Barrington, Ill.

**Cedar Rest Resort**

Mr. and Mrs. Robert Pool of Zeeland are on their second week at Cedar Rest with their two children, Helen and Mary Beth. Their son, Bob, stayed over the week end but had to get back to his studies. Their other son, John, is in his third year at Wayne University as a medical student. Mr. Pool is the former owner of the Zeeland Chicken Hatchery and is now owner of the Zeeland Book Shop.

Mr. and Mrs. A. W. Kreuter of Grand Rapids are on their second week at Cedar Rest. The children, Barbara Kay and Susan May, are enjoying the water while Mr. and Mrs. Kreuter enjoy the cool breezes. Mr. Kreuter is vice-president and treasurer of the Kreuter Paint Co. of Grand Rapids.

Mr. and Mrs. Richard Lomas of Detroit are on their second week of their vacation. With them are Mr. and Mrs. Geo. Lomas and Richard Lomas' daughter, Lynn. They will be leaving Cedar Rest to get back to work at Packards.

Mr. and Mrs. Robert Etter of Fowler, Ind., are again at Cedar Rest with their children. Mr. Etter has the Etter Tire Shop of Fowler. The boys are doing some fishing and swimming while their folks rest and relax and enjoy the company of some East Jordan friends.

Mr. and Mrs. Burleigh Clements have arrived at Cedar Rest taking the cottage left vacant by Mr. and Mrs. Walsh of Midland. With the Clements are their daughter, Susie, and Dr. and Mrs. Fred C. Franks and Raymie all of Lansing, Mich. Mr. Clements' father, Chas. Clements, stayed at Cedar Rest early in the season and took back some very fine reports of out North County.

Mr. and Mrs. Lester Sieben of Chicago are back in the north with their two children. They are doing the lake this year and expect to land a big one or two. With the party is Mrs. Sieben's mother, also of Chicago.

Mr. and Mrs. Beirmeister of Detroit have been delayed in coming to Cedar Rest as Mr. Beirmeister had to attend a meeting before coming out. But they will be with us for some time.

By the way, Schroeder did have that swim.

**WILSON...**  
(Edited by Mrs. Selma Eggersdorf)

The bean harvest is in full swing and the crop seems quite profitable this year.

Miss Verna Boyer accompanied her aunt, Mrs. Louie Hall, who spent a week with her parents here, to Battle Creek.

Mrs. Clara Heise spent Saturday with her brother, Emil Thorsen, and family, who has been on the sick list.

Miss Harriet Stane of Grand Rapids is spending a week with friends and relatives here and visited at Sault Ste. Marie with her brother, Lewis Behling and family.

John Schroeder and sister, Helen, and Mr. and Mrs. C. Machowski and children spent Sunday evening at the Aug. Bulman home near Ellsworth.

The Behling brothers are busy with their threshing and will soon finish up their job for this season.

Mr. and Mrs. Earney Hartman who spent the past two weeks with her brother, Aug Behling and family left for Detroit Friday.

Mr. and Mrs. Wm. Wellman and Mr. and Mrs. H. Wellmont of Chicago who spent two weeks at the Frank H. Behling home have returned home Saturday. At present Mr. and Mrs. Frank Allerman are visiting there.

The pickle harvest is not too good. A nice rain may help a lot.

We are glad to hear Wm. Vron-dran, Jr., who had a serious mishap with the County Road truck a week ago is improving rapidly.

Our attendance at Church here in Wilson has been very good, the total a week ago being 85. Last Sunday was somewhat less.

The Wilson Ladies Aid met with Mrs. Ruth Nowland last Thursday with a very good attendance. It was decided to have an ice cream social and weiner roast at the Harry Behling home Sunday evening.

Word came from the Bob Ecker family who are now living in Phoenix, Ariz., that Mr. Ecker who went there for his health is feeling fine but the heat of 110 in the shade every day is hard to get used to for one who was born and raised in Michigan.

Mrs. Karl Kolker entertained her sister, Ruth and family, of Charlevoix over the week end.

Mr. and Mrs. Earney Hartman, Mr. and Mrs. Wm. Wellman, Rev. and Mrs. Sattlemier, Mrs. Harriet Stone and Mrs. Inez Behling visited at the H. Eggersdorf home this week end. Also John Schroeder and sister, Helen, of Boyne City.

**FARM FACTS**  
from your  
**County**  
Agricultural Agent

**SHORT HORN COW PRODUCES 72.5 LBS. OF BUTTERFAT**

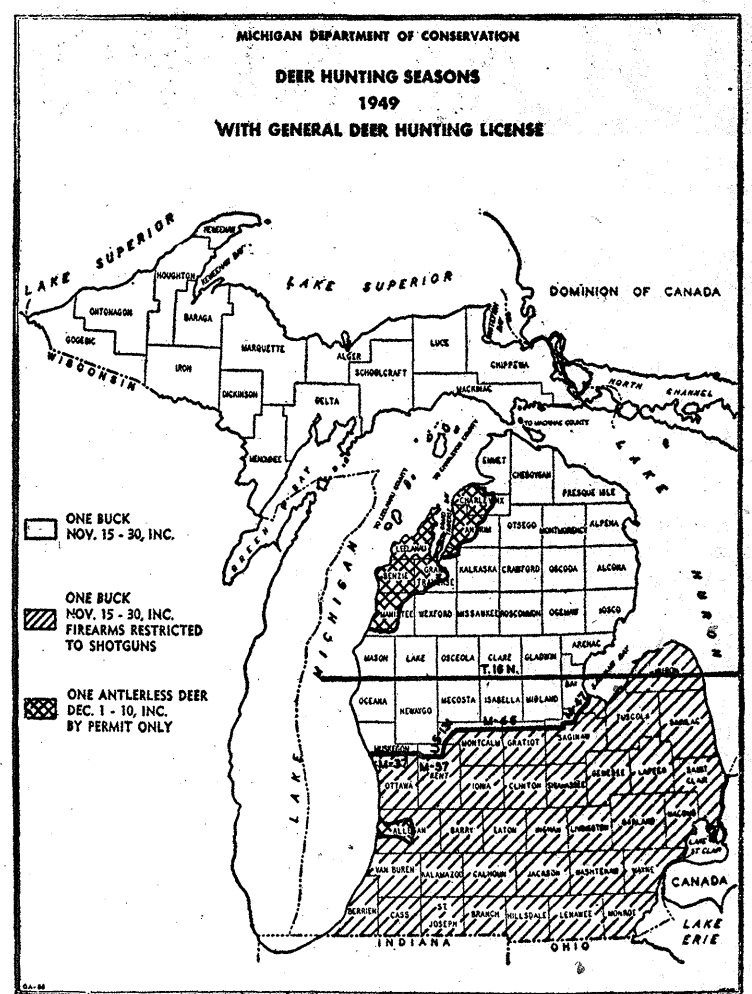

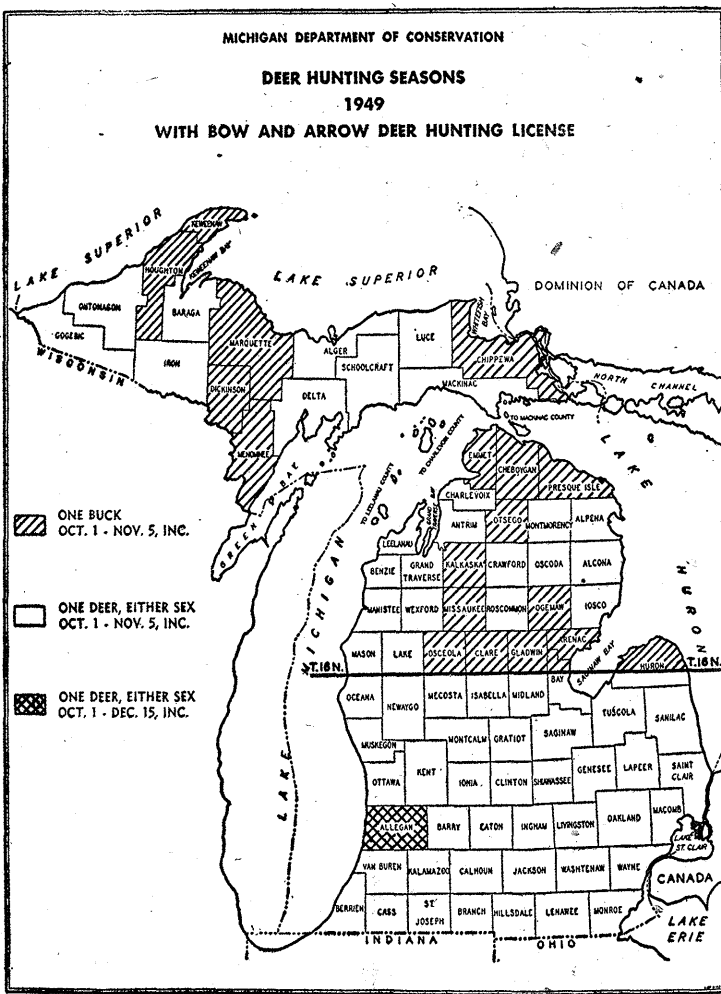

A milking short-horn, owned by Fairway Farms south of Charlevoix, was the highest in the Charlevoix-Antrim Dairy Herd Improvement Association by producing during the month of July 72.5 lbs. of butterfat, according to Fred Weston, Supervisor. The second highest cow was a Guernsey owned by Archie Murphy of East Jordan. This cow produced during the month of July, 70.8 lbs. of butterfat. Elias Sommerville owned the Holstein cow that was third, with a production of 69.3 lbs. of butterfat.

Fred Alm of East Jordan owned the small herd of mixed cows that was highest in that class by averaging 40.9 lbs. of butterfat per cow during July. Elias Sommerville owned the Holstein herd that was highest in the herd class and was also the highest in the association by averaging 43.5 lbs. of butterfat for all cows. During July the tester tested 33 herds with a total of 356 cows, including 19 dry cows. The average test was 3.95 percent, with an average production of 832 lbs. of milk and 32.8 lbs. of butterfat for the month for all cows. The average returns per dollar feed cost was \$3.63. The average feed cost per pound of butterfat was 20c and per cwt. of milk 79c. It must be remembered however, that feed cost is only one of the many costs in producing dairy products.

**SIX MEMBERS JOINED SOIL CONSERVATION PROGRAM**

Six more farmers made applications to the Charlevoix Soil Conservation District for assistance in this program. These new members included: Wm. Korthase, Sr. of Boyne City, Clarence Reinhardt of Boyne City, Hulbert Colburn of Charlevoix, Hubert Wiles of Charlevoix, Lester Umlor of Charlevoix, and R. S. Austin of East Jordan. This brings a total of 107 applicants that have been received and accepted by the Board of Directors.

Several plans are being made by the Board of Directors in carrying out their program. One demonstration on constructing terraces which will be held sometime during the middle of Sept. at Eveline Orchards. Other demonstrations may also be scheduled at a later date. Plans are being formulated in regard to the annual meeting which will be held during January or February. Effort is being made to secure an outstanding speaker at that time.

**LOOKING BACKWARD**

From the Herald Files of Forty, Thirty and Twenty Years Ago  
Compiled by Mrs. Ida Kinsey

**AUGUST 14, 1909**

One of the most horrible fatal accidents that ever occurred in our little city took place last Tuesday evening when the six-months-old son of Mr. and Mrs. Milan Greenman was burned to death in a fire which consumed their home. The building burned was the D. C. Loveday tenant house n North Main St. Just how the fire originated will never be known.

A business change took place last week when Geo. Bulow sold his State St. Market and Grocery to Messrs. J. M. Cummins and F. H. Alcott.

Born to Mr. and Mrs. Richard Beyler, a daughter, Wednesday.

Arthur Farmer and family now occupy the Eber Burdick residence, corner Second and Garfield Sts.

Miss Mabel, eldest daughter of Mr. and Mrs. W. E. Malpass was united in marriage to Joseph Hodge at Colorado Springs, Col., Wednesday, Aug. 4th.

At the County Farm last week the wheat crop was harvested and it proved one of the best wheat crops ever harvested in this locality. An average of 32 bushels to the acre in the threshing.

At Boy City Sunday a fellow who insisted on smoking cigarettes soon found out that the kids enforced the

rules of the city and only by a speech of apology saved himself from a ducking in the lake.

Oscar Hitchcock is here from the Soo, guest at the home of Mr. and Mrs. Wm. Richardson.

**AUGUST 16, 1919**

**AUGUST 16, 1929**

The proposition to consolidate the nine Rural Schools adjacent to East Jordan was carried at the election held Tuesday, August 13th, the vote being 160 to 8 for the consolidation. In the nine Rural Districts which were combined and the election held at the South Arm Twp. Hall, the vote was remarkably close, carrying by

five majority. The total was, yes 117, no 112. The nine districts which voted to consolidate with East Jordan are: Chestonia, Vance, Rock Elm, Three Bells, Severance, Miles, Chad-dock, Star and Mountain. A meeting will be held at the High School Auditorium Monday, Aug. 26th, for the purpose of electing a Board of Education of five Trustees.

Miss Marie MacDonald and Jasper W. Stallard were married at the home of the brides parents, Mr. and Mrs. R. T. MacDonald. Rev. James Leitch, pastor of the Methodist church performed the ceremony.

E. S. Stacks who is in charge of the State fight against the pest known as the Cherry Fruit Fly in Antrim and Charlevoix Counties spoke at the monthly meeting of the East Jordan Business Men's Club held at the Russell House Monday evening.

So determined is the State to get rid of this destructive fly that in every orchard where the fly is found all the cherries have to be picked and buried two feet deep in the earth. The cherries at the East Jordan Cannery were exhaustively examined and the East Jordan Cannery has the proud record of being the one Cannery in the State whose cherries have not the slightest trace of this dangerous enemy of the cherry. This speaks well for the cherry growers in this region and gives the East Jordan Cannery cherries a valuable advertisement.
