VOLUME 53

EAST JORDAN, MICHIGAN, FRIDAY, OCTOBER 21, 1949

NUMBER 42

Chest Campaign is Now Underway

ABOUT FORTY PEOPLE LINED UP TO RECEIVE YOUR CONTRIBUTION

The campaign committee of the East Jordan Community Chest wish to thank the East Jordan Canning Co. and the State Bank for the kickoff dinner given at the Jordan Inn last night for the volunteer workers of the campaign. The workers met at 6:30 to receive their instructions and kits for the drive. Mrs. Klem put on one of her excellent dinners.

Following is the treasurer's report for funds raised last year. Organization expenses does not include pay for any workers, officer, fund raiser, or any mileage for driving for same, or for the kickoff dinner. Most of the expense is for the initial organization plus the postcard ballot last spring, and is kept in detail in the treasurer's book. Roy Jenkins is treasurer.

Money raised in 1948 was \$3,039.93.

Money Spent:

Salaries	
Dan Devine	\$ 825.00
Betty Robertson	1,200.00
Charlevoix Hospital	250.00
Summer Playground Exp.	227.50
Band Instrument	50.00
Christmas Baskets	100.00
Organization expenses printing, incorporation, etc.	103.79
	\$2,756.29

Balance on Hand \$ 283.64

About forty people in East Jordan are all lined up to not only give a good chunk of money to our United Community Chest campaign but to donate time and energy as volunteer solicitors. That goes for our surrounding townships too.

When Jane or Joe calls on you for your contribution, give him or her a break. Remember they'll be taking time from their work and so they will have to work overtime. As a matter of fact their hearts are going to be pretty light when they see neighbor after neighbor cheerfully dig deep and give. Don't forget it's your investment in your community. Let's live in a town that cares.

Community Betterment Meeting For N. Michigan Here Nov. 2nd.

On Nov. 2 the Extension Service of the University of Michigan sponsored by the East Jordan Parent-Teachers Association will hold a conference on Organization for Community Self Help, at the East Jordan High School from 3:00 to 10:00 p. m.

There is a large and increasing volume of evidence of the ability of the smaller communities of Michigan to meet their own problems. There is also considerable evidence that many areas could accomplish more for community betterment if they knew of the accomplishments and methods of other places. Furthermore, it is becoming clear that the surest way to bring one community's experiences to another is in face to face contacts.

With these convictions, the Community Adult Education Decision of the Extension Service of the University of Michigan has for the past two years been responsible for a series of Area Conferences on the general subject of Organization for Community Self Help.

People in the following communities have been invited to attend this conference: Alanson, Alba, Bellaire, Benzonia, Boyne City, Boyne Falls, Buckley, Central Lake, Charlevoix, Cheboygan, Elk Rapids, Ellsworth, Fife Lake, Frankfort, Gaylord, Grayling, Harbor Springs, Johannesburg, Kalaska, Kingsley, Lake Leelanau, Mackinac City, Mancelona, Mantowick, Mesick, Northport, Onaway, Pellston, Petoskey, Suttons Bay, Vandebilt, Wolverine and Roscommon.

Anyone interested in community betterment is invited to attend this conference. Complete details and program will be in next week's paper. Watch for this very interesting program with very good consultants from the Extension Service of the University of Michigan being present at this conference.

ERROR

In the obituary notice of Willard F. Morehouse published last week, date of his wedding should read 1897 instead of that given.

Business Under Assumed Names

The County Clerk at Charlevoix has mailed out about 150 notices to business places in the County who have filed certificate of persons conducting business under assumed names. This is in accordance with the new act passed by the 1949 Legislature.

Oil Industry Representative Talks To East Jordan H. S. Students

Competition within the oil industry has developed a whole new theory of community service, F. F. Fowler told the students of East Jordan High School during an Oil Progress Week speech here today.

Speaking on the subject "Petroleum and Community Progress," Mr. Fowler who is special representative of the Standard Oil Co. (Ind.), said in part: When presenting a sound film titled "The Last 10 feet."

"Of all the political, social and economic subdivisions in this country, the community is by far the most important. To borrow a slogan, 'All business is local', and turn it around a bit, I'd like to venture the thought that 'All progress is local' since it is where we live, work, do business and raise our families that we utilize the progress our nation has made.

"Development in merchandising that are taking place demonstrate the fact. You only have to look at the 'community' branches that are being established by big merchandisers to realize that the community is the market place for the nation. And it is not without pride that we in the oil industry watch others developing their markets, community-by-community, since we learned, long ago, that the community is the place to do business."

Methodist Church Honors Their Oldest Members

The event honoring the oldest membership in the Methodist church Oct. 16th was accorded a success. There were eighteen invited guests. After all had partaken of a bountiful dinner, a review of the pastors who had served this local church was given by Mrs. Mattie Palmer. The first minister was Rev. R. E. Tindale who walked from Elmira in 1879 to hold services in the first school house which was built on the west side, then called South Arm. Rev. John M. Smith who followed him was a brother of the late Mrs. Harriet Empey. Twenty-nine ministers have served as pastors. Two of these ministers served as chaplains in the country's service, Rev. M. E. Hoyt and Rev. John Cermak. Rev. Warren W. Lampport will be remembered as the minister whose poetry has been recognized, he being classified as one of Michigan's poets. J. Hufton was assigned to the East Jordan charge following the burning of the church in 1926. He took the task of rebuilding and was instrumental in obtaining the stained glass windows in our present church.

Following Mrs. Palmier's enjoyable talk, Mrs. Edith Swafford read a poem of Rev. Lampport's, from a book of poems which he had given to her.

Mrs. Mildred Karr, who had made a survey of the churches of East Jordan, gave an interesting talk reviewing the early history of the Methodist church. She showed pictures of the three different church structures. From the influence and teachings of the local church Scott Bartholomew entered the ministry. Mrs. Blanche Richards has the honor of having the oldest membership.

The group greatly enjoyed the special solo rendered by Mrs. Howard Moore, the words of which were written by Mrs. Alice Blossie for this occasion.

OYSTER SUPPER AT CATHOLIC HALL

The Ladies of St. Ann's Altar Society will serve an Oyster Supper at the Parish Hall, Friday, Oct. 21, from 5 to 7 p. m. The menu will be: Oyster stew and crackers, apple pie or jello and coffee. Price 75c per person. Everybody is welcome. advx.

Star Community Farm Bureau

The Star Community Farm Bureau met with Mr. and Mrs. Perry Looze Sept. 20th. Meeting was called to order by Chairman Joe Leu. Officers were elected for the coming year.

Chairman — Lyle Peters. Vice-Chairman — Perry Looze. Discussion Leader — Vernon Boyer. Action Committee — Bud Shepard.

Co. Board Member — Joe Leu. Sec.-Treas. — Agnes Healey. Blue Cross Sec.-Treas. — Frances Looze.

Publicity — Beatrice Peters. Recreation Leader — Ellen Robertson. Associated Women — Dorothy Boyer and Fay Leu. Junior Farm Bureau Member — Clayton Healey.

Discussion on the Brannan Plan was led by Clayton Healey. The next meeting will be Oct. 21st at the home of Mr. and Mrs. Lyle Peters, at 8 o'clock. We would like to see more of our oth,dm,p,r a isscus would members, out to the coming meeting. Frances Looze will be present to take care of the Blue Cross Insurance.

Marriages

Olson — Faust

Hilda Lou Olson, daughter of Mr. and Mrs. Ole Olson, became the bride of Daniel Faust, son of Mr. and Mrs. Elmer Faust of Eveline Twp., Saturday evening at the home of her parents.

Elder Ole Olson, father of the bride, officiated at a double ring candle light ceremony before the fireplace with baskets of gladioli on either side, in the presence of the immediate families.

The bride chose a street length dress of teal taffeta, her corsage was of pale pink gladioli. Esther Trojanek, sister of the groom, was bridesmaid and wore a pink crepe dress and wore a corsage of rose pink gladioli. Ray Olson, brother of the bride, attended the groom as best man.

Following the ceremony, a reception was held for the families. The table was centered with a three tiered wedding cake, topped with a miniature bride and groom, which was served with ice cream, sandwiches and coffee.

The new Mr. and Mrs. Faust will make their home for the present at the home of his parents on the Peninsula.

The bride and groom are both graduates of the East Jordan High School.

South Arm Community 4-H Club

The South Arm Community 4-H Club has just finished a fine year's work. The club had nine project exhibits at the County Fair, and took first prize in Canning, Clothing, Knitting and Conservation. The individual members will keep their own premium money, but Club premiums will go into the Club treasury.

The food booth the Community Club operated at the Fair earned about \$170.00. This money will be used for various club activities.

This week the club had a theater party to enjoy "The Green Promise" which is a fine 4-H movie. After the show the members visited the Temple Grill for ice cream. The party was paid for by the Club.

Last Thursday evening the Lis-kum farm home was a scene of great activity as about forty 4-H members and their small brothers and sisters met for a picnic supper. About ten quarts of bean-hole beans were the main feature.

There is a new project being carried on for the first time in Charlevoix County, "Outdoor Meals for 4-H Clubs". The second meal will be served next Sunday afternoon after a "mystery ride." Mulligan stew will be the main dish.

There are now 36 boys and girls enrolled in this club, with several more anxiously studying the calendar, wishing their 10th birthday would soon arrive.

John Doneth, agricultural economist at Michigan State College estimates that unless the team is working at least 700 hours a year it is not paying its way.

So—though "sentiment" may not enter the picture—the team is getting a lot of paid vacation unless working at least 700 work days 10 hours long each year.

CARD OF THANKS

I wish to thank the friends and neighbors and the Jordan River Lodge for their many acts of kindness during the illness and death of my father, Willard F. Morehouse. Clarence Morehouse

Study Club Opens 35th Year

SHOWS A MARKED INCREASE IN ATTENDANCE

The year's program for the East Jordan Study Club is now well under way and the opening meetings show a marked increase of attendance, with an average of thirty-two members present. As is the usual custom, the first meeting was a potluck supper, which was held this year at the Howard Porter cottage on Lake Charlevoix.

The group met for the second time on Sept. 27th at the home of Mrs. Florence Swoboda. Miss Emma Fero, home demonstration agent for Charlevoix County was the guest speaker. She told the club members about extension work, and also gave two quizzes. The first quiz concerned vitamin A and the second was titled the Home management Yardstick, which proved to most members that they were really fine average homemakers.

The most recent meeting was held at Kay Braman's home. A very interesting paper on "Birds of North America" was aptly given by Mrs. Lulu Clark. She told about the feeding habits, the behavior characteristics, the migratory instincts, and the plumage and songs of several of our North American birds.

The next meeting of the Study Club was scheduled for Tuesday, Oct. 25 at the home of Mrs. Frances Benson. A book review will be given by Mrs. Eve Porter.

Library Notes

Library Hours: Afternoons — 2:00 to 5:00. Evenings — 7:00 to 8:30. Tuesdays and Fridays — 12:00 to 5:00.

Books for Adults: The Mudrak — Bonnett: A historical novel of the time of Disraeli and Queen Victoria, told with wit and charm.

A Guide to Confident Living — Peale: Dr. Peale has built up a way of life, and not a mere formula, on the word "Confident". Psychology.

Juvenile Books: Little Flute Player — Bothwell: Teka Ram was a little boy of India who "piped" the cattle in from the fields to his home. Because his father had to go away Teka was left to care for the family and this story tells how he did it.

Teen-age Basketball Stories — Furman, ed.: Told by eight different authors.

The Pet Tale — Carroll: A pet race horse had a pet donkey, who had a pet lamb, who had a pet pig, who had a pet puppy, who had a pet mouse and they all went to the race.

County Unit of The American Cancer Society

Charlevoix County Unit of The American Cancer Society held a meeting at the home of Mrs. Jos. Clark, East Jordan, City Chairman, Thursday, Oct. 13. Reports from The American Cancer Society Training School, held in Grand Rapids at the Pantler Hotel recently, were read by both Mrs. Clark and County Commander, Mrs. Ernest Garrison, who were representatives from Charlevoix County at the School.

Plans were discussed in regards to setting up a Board of Directors consisting of Doctors and Public Nurses in the County. Other members of the Field Workers Board present at the meeting were Mrs. Mary Hitchcock, Mrs. Vesta Cihak and Mrs. Henry Brown.

A nice lunch was prepared and served by Cora Lou Clark.

Horses Must Work To Pay Their Way

Tractors are found on almost every Michigan farm, but here and omist at Michigan State College for special jobs. Farmers who have "one last team" claim there is no sentiment connected with the animals. The horses get board and room and often spend much time in their stalls.

John Doneth, agricultural economist at Michigan State College estimates that unless the team is working at least 700 hours a year it is not paying its way.

So—though "sentiment" may not enter the picture—the team is getting a lot of paid vacation unless working at least 700 work days 10 hours long each year.

Vance Farm Bureau

The Vance Farm Bureau will hold its next regular meeting on Tuesday, Oct. 25, at the home of Mr. and Mrs. Percy Bennett, beginning at 8:30 p. m. All members are urged to attend. At the last meeting the group elected officers as follows:

Chairman — Maurice Hartung. Vice-Chairman — Percy Bennett. Sec.-Treas. — Mrs. Walter Petrie.

Women's Representative — Mrs. Vernon Vance. Director — Vernon Vance. Discussion Leader — Mrs. Fred Zoulek.

Recreation Leader — Mrs. Maurice Hartung. Publicity Chairman — Mrs. Bryce Vance.

Blue Cross Secretary — Bryce Vance. Action Committee Member — Carl Petrie.

Donna Parks, plaintiff, vs. Le-cile D. Parks, defendant, divorce. John Raymond Willis, Jr., plaintiff, vs. Mary Margaret Willis, defendant, divorce.

Laura E. Leslie, plaintiff, vs. Clarence A. Leslie, defendant, divorce.

P.-T. A. To Hold Special Meeting

AT HIGH SCHOOL ON OCTOBER 26th AT 3:15 AND 2:45

The Parent-Teachers Association of East Jordan will meet Oct. 26th at 3:15 p. m. in the High School Auditorium. Miss Hazel Hardacre, Supervisor of the Child Guidance Program at Central Michigan Children's Clinic, Traverse City, Michigan. Miss Hardacre is very well known in northern Michigan for her work with children and will bring a very worthwhile message to every parent.

We are sorry this program could not have been held in the evening when all mothers and fathers could have heard this very worthwhile speaker. It is impossible for Miss Hardacre to speak to us in the evening until early in the spring when the school year would have been nearly over. The benefits that will be derived from hearing her by both parents and teachers would have had such a short time to be used that we felt it would be more satisfactory to everyone to have her speak at this time. We hope that every parent will make a special effort to attend this meeting. If you have a neighbor whose children are not of school age please urge her to come with you. We also hope that all fathers who are able will attend this meeting. It will be well worth the time spent.

The mothers who are interested in organizing a Mother's Club or Child Study Club are asked to meet in the Auditorium at 2:45 p. m. on the same afternoon, Oct. 26. Mrs. Carlton Bowen, Mrs. Greg Boswell and Mrs. Richard Malpass have information that will interest every one who is interested in this type of Club. Please be at the High School Auditorium at 2:45 p. m. and give your opinion on this subject.

The officers and chairmen of all committees met last week and set the dates for the meetings of the P.-T. A. for the year 1949-50. The calendar of these dates will be sent to each family within the week. Please keep it handy where you can refer to it often. One of the big events of the year is the P.-T. A. play to be presented Jan. 17th. After this big event Mr. and Mrs. George Nelson, Jr., and Mr. and Mrs. Frank Hayden will be well on their way to Hollywood.

Extension Club No. 1 The City Extension Club No. 1 met Oct. 14th with the County Chairman, Mrs. Jos. Clark, at her home for an all day meeting.

A delicious potluck dinner was served at noon, after which the chairman, Rose Adair, called the group to order and the business was taken care of. Oct. 26th is the date for the District meeting to be held at Gaylord. Members are urged to attend if possible.

The leaders, Mrs. Hugh Whiteford and Mrs. B. G. Braman presented the second part of the lesson on Attractive Liveable Homes Inside and Out. Nov. 8th the Christmas Workshop lesson will be held with the Sunshine group.

Legion Auxiliary Holds First Meeting Of New Year

The American Legion Auxiliary held the first meeting of the year with the new officers in the chairs on Oct. 11, in the Legion Club Room. President Edna Wilkins presiding. The following members were appointed Chairmen of committees: Poppy, Florence Stucker; Rehabilitation, Lillian Bennett; Community Service, Thora Kotowich; Radio, Mary Lou Breakey; Publicity, Bernadine Brown; Americanism, Agnes Woodcock; Color Bearer, Marie Woodcock; Membership, Reva Walton; Junior Activities, Hilda Bathke; Sewing, Genevieve Davis; Music, Mildred Swafford; Gold Star, Martha Kamrad; Cards and Flowers, Eldeva Gokee; Child Welfare, Mary Hayes.

District President Hilda Bathke read a report from the District President's meeting held in Detroit on Oct. 9th, which she had attended. Our Unit is fortunate in having Hilda as a member as we get all the District reports first.

Next regular meeting will be Oct. 25 in the Legion club room at which time the Chairmen will present an outline of their program for the coming year. Plans will be discussed and put in action for our Christmas activities. Be sure and attend this meeting as we plan to make this the best Christmas the Auxiliary has ever known.

SOUTH ARM....

(Edited by Mrs. Arnold Smith)

Omata Goebel and Olive Smith spent all day Thursday visiting relatives in Boyne City.

Last week, Thursday, Harold Goebel, Ed Lehrbass and Arnold Smith took in the Red Danish cattle sale at Harrisville. Arnold Smith purchased two red dane heifers and one milk cow. Harold and Arnold together purchased a pure bred bull calf.

Little Nancy Lehrbass celebrated her 5th birthday with a few friends Sunday.

The All For Christ Youth Rally at Green River School had a very good turnout with several from South Arm attending.

Seven neighbor ladies attended a Stanley party at the home of Beatrice Graham, Friday. All had a very nice time.

Don Moore spent the week end with his parents, Mr. and Mrs. Walter Moore.

WEST PENINSULA....

(Edited by Mrs. Wm. Gaunt)

Mr. and Mrs. Roscoe Barber have purchased a new Oldsmobile. Bob Pearsall and Bob Howard left Thursday for Flint seeking employment.

An aluminum demonstration dinner was served at Mr. and Mrs. Fred Crowell's Sunday from 1 to 5 p. m. Those present were Mr. and Mrs. Fred Crowell, Mr. and Mrs. Cliff Heller, Mr. and Mrs. Robert Myers and daughter, Mr. and Mrs. Alfred Crowell and 2 children, Mr. and Mrs. Henry Von Soosten and daughter, Mr. and Mrs. Loyal Barber and mother, Mrs. Addie Barber, and Mrs. James Palminter and children. They all report having a lovely dinner and think the dishes are all very nice to have.

The woods sure rang out over the week end as most everyone was out looking for birds. From reports a good many birds were shot.

Edwin Phillips left early Monday morning for Flint to resume his work again after spending the week end with his family at the Rustan.

Not much news this week as everyone was too busy with the good weather to get their crops harvested before old man winter shows up.

Wilson Township — Sunday: 9:30 a. m. Church Service; 10:30 a. m. Sunday School. Boyne City — Saturday: 9:30-11:30 a. m. Bible School for the young, Confirmation class meets. Sunday: 10:00 a. m. Sunday School. 11:00 a. m. Church Service.

The Wilson Twp. Ladies Society will again sponsor its annual birthday party, which will be held on Oct. 28th.

Wilson Township — Sunday: 9:30 a. m. Church Service; 10:30 a. m. Sunday School. Boyne City — Saturday: 9:30-11:30 a. m. Bible School for the young, Confirmation class meets. Sunday: 10:00 a. m. Sunday School. 11:00 a. m. Church Service.

The Wilson Twp. Ladies Society will again sponsor its annual birthday party, which will be held on Oct. 28th.

First Presbyterian Church

Edward O. DeHaven, Pastor
East Jordan, Mich.

The Sunday Church School begins at 9:45 a. m. We are off on a real adventure this year in our Church School. With the New Curriculum launched now we feel that we have a real and helpful tool in our ministry of Christian Education. What is this new Curriculum? Well, the proper name for it is, Christian Faith and Life, a program for church and home. Basically we are interested in the child and feel that only as we minister to him in his everyday life can we teach him the right way of life. Since he spends much of his time in the home and since the home is also interested in him, our teachings must extend into the home where he lives and into the parents who need help in interpreting life in the Christian way. It therefore becomes a co-operative effort between the church and home in the interest of the child. We are now inviting and urging all parents of our children to enlist in this program.

The Morning Worship Service begins promptly at 11:00 a. m. These are moments of help and inspiration for all who would come and sincerely worship God. In this day when there are so many frustrations to the things we cherish, we need these moments of worship to recall again the faithfulness of God to the children of men. The sermon subject for this coming Sunday, Oct. 23, will be "The Assurance of Righteousness". Come and worship with us.

The Westminster Youth Fellowship will go to Petoskey Sunday afternoon and evening for the Annual Fall Rally of the Youth of Petoskey Presbytery. We will leave the church promptly at 2:30 p. m.

Wednesday evening, Oct. 26th, we will have our first Family Night Supper in the Church. Supper will be served promptly at 6:45. This is a pot luck. For the program of the evening, a motion picture entitled "And Now I See" will be shown.

PENINSULA....

(Edited by Mrs. Emma Hayden)

Mr. and Mrs. Ray Loomis attended the funeral services of the former's uncle, Herb Hewitt of Petoskey, last Monday. He will be remembered as the brother of the late Caroline Loomis.

There was 21 at Sunday School. There will be a potluck lunch at the party Saturday evening at Star Community.

With the wonderful weather most of the fall work work is completed.

Mrs. A. Reich received word that her brother, Cash Hayden, would be operated on last Friday.

George Staley received word Saturday that his brother, Arthur, of Charlevoix suffered a heart attack. He is an old resident of Peninsula. He is better at this writing.

Mr. and Mrs. Clarence Staley and son visited their aunt, north of Boyne City, Monday.

It was quite a sight to see the freshmen girls go to school Tuesday morning.

There will be a miscellaneous shower for Mr. and Mrs. Dan Faust, Saturday, Oct. 29 at 8:30, at the Star School house. Everyone is invited.

Mr. and Mrs. Chas. Arnott have purchased the old Jarmen farm on the Peninsula.

The Arnotts have been helping Ray Welsh move to their new home.

Mrs. Rose Gray, Heberling dealer, was on Peninsula last week.

Soil conservationists at Michigan State College advise leaving crop residues on the surface of the land as much as possible over winter. Straw stubble, sod, and even weeds offer good winter protection for the land.

Bowling News

This year's bowling records continue to fall as the Merchants League sets records for scoring with 18 two hundred games and 27 series over 500.

High series for the year goes to the new Legion team with a scorching 2087 series on games of 937-979-891. The series giving them a three point win over Sommerville's who had set a new high just a week ago. Al Dougherty rapped in a 244 finisher to collect 611 pins, high series for the night and Al's first 600 series in his short bowling career. Al has been bowling a little over two years. Ed Reuling also helped the Legion cause with a 212 and 233 count in his first two games, but a 148 finisher cut his series to 593. Chris Taylor was high for the losers shooting three consistent games of 196-194-198 for 588. The win for the Legion put them in first place as Cal's dropped 3 points to the Bank. Norm Bartlett, celebrating the birth of his new son and

handing out cigars to all the bowlers, wired games of 161-190-231 together for 582, tops for the Bankers, while Joe Wilkins and Dick Hamerski of Cal's, had a couple of 570 series, Joe getting 577 and Dick 573, but these two fine series were not enough to keep Cal's in the running.

Second high team series for the night went to Thorsen's Lumber five as they rolled games of 843-896-872-2611 to take all four points from Brock's. Ed Nemecek was tops for the winners with 582 on 206-208-168. John Raveau scored 537 for the losers.

The East Jordan Cannery scored a 4 point win over the Ellsworth Electric team as Max Damoth rolled a 541 series, starting his first game with a 7 bagger he cooled off and settled for 221 as he missed in his last three frames. Herb Peebles topped the Electric's with 538.

In the other two matches for the night the Recreation and Hillman's Insurance took three points each from St. Joseph and Monarch Finer Foods respectively. Barney Adair getting 581 for the Recreation, Oscar Weisler 631 for the Saints, Don Clark 556 for Hillman's and Walter Rood 553 for Monarch.

Tom Galmore subbing for Brock's Turkey Farm shot consecutive games of 129-130-131 and Hank Ruis of Hillman's converted 4-6-7-10 split for one of those once in a life time shots.

In the Ladies League Norm's Tavern upset the Quality Food ladies with a 4 point win as they had high team series of the week with 2112 on games of 663-696-753. All other matches were decided 3 points to 1 with Central Lake Torch taking the Bank ladies, Metal Products of Mancelona topping St. Joseph, Dress & Gift Shop winning over the Rainbow Bar girls, Bachmann's from Central Lake upsetting Cal's and Art Cleaners of Charlevoix dropping Home Modernizing. Mary Swoboda had high single game of 202 as well as high series for the night as she added 167 and 146 to the 202 starter.

The Traveling Teams from East Jordan will play host to Timber Products of Beulah and Gamble Stores of Frankfort on local lanes with the Recreation taking Frankfort at 1:00 p. m. and Beulah at 5:00, while Norm's will meet Beulah at 1:00 p. m. and Frankfort at 5:00 p. m.

Trust God

Lesson for October 23, 1949

SHOOTING WARS and cold wars were going on. A great whirlpool of international intrigue was roaring around and around, and Judah was in the midst of everything. The star of the once-great empire of Egypt was setting, and the star of the new and powerful nation of Assyria was rising. Judah was only one of 20 or more little countries between those giants. Some of the little nations were trying to take advantage of the disturbed situation by getting up little empires of their own. All of them were scheming and scrambling for a place in the sun. Some were betting on Assyria, some on Egypt; no one knew just what to expect, but every one was afraid.

Dr. Foreman

Cowardly King, Bold Prophet
INTO ISAAH'S little country of Judah an invading army was marching, and the hearts of king and people trembled "like leaves in the wind." Little Judah was being invaded by a combination of two ambitious powers, Syria and Israel, either one larger and stronger than Judah. Isaiah had to go out and try to calm the mind of the King. It was of no use; it was clear that King Ahaz did not believe the prophet. But Isaiah was right nevertheless.

The foreign army that looked so big would not win the war. The alliance that looked so frightening did not last. It could not last, because God was against it. Military men and others too find such things hard to believe.

Is not God "on the side of the largest battalions"? Is not "Gith thar fustest with the mostest men" the one and only recipe for victory? Nevertheless, the prophet was right. In fact, whenever a prophet raised a banner inscribed, **Trust in God**, it was not likely to be at a time when things were going smoothly in the world. That banner most often appeared in times of trouble, of darkness and dismay, of wars and invasions.

Leagues Don't Always Last
The situation had a different angle, later on. The Syria-Israel invasion collapsed, just as Isaiah said it would. But still the little nations jockeyed and maneuvered. It looked like a death-grapple between Assyria and Egypt, and every nation wanted to be on the winning side. So it was a great time of treaty-makings, of pacts and agreements and alliances.

Isaiah changed the form of his message to suit the changing times, but the core of it was still the same. To King Ahaz he had said: Don't be afraid of hostile alliances; trust in God. To King Hezekiah and others he said, in effect: Don't put all your hope in alliances; trust in God. Egypt will fail you, any alliance you form will melt away in time.

But God will not melt away. You can depend on him. Now in our time the situation is strikingly like what it was in Isaiah's day. People today are tempted to put their trust in what is big and imposing. Big nations, big armaments, big armies, big alliances.

Men once put their trust in the League of Nations, and it died (of cowardice and dishonesty, among other things). Millions put their trust in the Axis, and for awhile it looked as if the Axis powers would overpread the earth. But the Axis vanished under the blows of the Allies.

Are All Alliances Bad?
THIS does not mean that no alliance is good, or that no treaty can be relied on, or that the United Nations (for instance) is bound to collapse. What Isaiah is driving at is this: God has a Purpose to work out in this world, and the name of it is Justice, Righteousness, Peace, Love.

Any nation or combination of nations, any pact or agreement or program, that goes against God's purpose is going against the grain of things and is bound to fall. Pure "power politics" always looks impressive; but the question is: What is the power going to be used for?

If it is really for the benefit of mankind, God will bless it; but if it is selfish and unjust and will gain the peace of the world, it will fall, because the God of Justice has set his face against it.

(Copyright by the International Council of Religious Education on behalf of 10 Protestant denominations. Released by WNU Features.)

Signs are multiplying that the proposed bridge over the Straits of Mackinaw will soon become a pressing issue. The Michigan Hotel Association recently adopted a resolution recommending to the Governor and to the State Highway Commissioner that every effort should be made at an early date to bring about the construction of the bridge. The resolution pointed out that the structure could be constructed 50 percent of its cost being paid by grant of the congress and the remaining 50 percent being paid by sale of revenue bonds to private investors "without obligation of any kind on the part of the state." Hotel men feel keenly that Michigan will miss a good bet if the traffic bottleneck at the Straits is not removed in the near future. Leading argument, motor traffic across the Straits would triple in one year after completion of a bridge.

Approximately 5,000 employees

of the Ford Motor Company at Dearborn will be eligible for retirement in April, 1950 at pensions of \$100 per month including Social Security benefits. The company estimates that 13,000 employees are sixty years of age or over. The new pension plan will cost the company \$20,000,000 per year. Increase in the price of Ford automobiles may be an indirect result.

With election of Wyley R. Kirk of Fairgrove as chairman of the State Agricultural Commission, speculation has increased that Charles Figy, director of the State Department of Agriculture, may be replaced in the near future. Figy was reappointed by the old commission early in 1949, but the usual one-year appointment was withheld.

Governor G. Mennen Williams continues to utilize the Attorney General and State Controller as agencies to put republican state elective officials on the defensive. The Attorney General has ruled

that purchases by the Highway Department must be cleared through the Department of Administration of which the controller is director. As republicans hold a majority on the state administrative board, headed by the Governor, the recent moves by Williams have been largely nullified.

Banks of Michigan paid a record sum of \$3,503,6377 as interest earnings on funds of the State Treasury, it is announced by State Treasurer D. Hale Brake. Brake has been mentioned as a possible candidate for Governor in 1950. Accordingly, he has been the target of criticisms by Governor Williams, well publicized in the press. When the Governor asked the State Treasurer to collect interest on some \$32,000,000 in state funds on deposit at Banks, Brake replied with a press statement that such was not practical in view of the state needs for funds and requirements of banks for 30 to 60 day or longer withdrawal notice for money on deposit drawing interest.

The October term of the Michigan Supreme Court is being watched carefully by Lansing observers. Among the cases before jurists is the suit brought by Attorney General Stephen J. Roth contesting appointment of former Gov. Kim Sigler as Special Macomb County Prosecutor. The case

involves a charge that former Senator Ivan A. Johnston, Mt. Clemens, allegedly accepted a bribe while serving as Macomb County Prosecutor. Special Macomb Judge Paul R. Cash, Alma, ruled in favor of Sigler.

The continued trend of high school graduates to colleges and universities is shown by the all-time enrollment record at Michigan State College, East Lansing. The 1948 total was 15,886 the record is 16,051. Of this number 43 percent are war veterans. To remind visitors that most of its new buildings are being financed without cost to the public, the college has erected large signs in front of new buildings with this reminder.

Contracts have been awarded by the state administrative board for construction of the first 500 bed unit of the new Northville State Mental Hospital. Total overall cost of the hospital development is expected to approximate \$12,000,000 with facilities for 3,000 patients. The hospital is only 30 minutes from downtown Detroit.

Grass root sentiment on state issues are to be studied by a republican policy planning committee headed by Dr. Robert M. Ford of the University of Michigan. Ford was a former administrative

assistant to the former governor Harry F. Kelley. Vice-Chairman are Herman H. Luhrs, Royal Oak; Mrs. Isabell Schwadener, Cass City, and George A. Osborn, Sault Ste Marie.

Over three million bottles of the WILLARD'S MESSAGES have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc.—due to Excess Acid. Sold on 15 days' trial. Ask for "Willard's Messages" which fully explains this treatment—free—at GIDLEY'S DRUG STORE

Thank You, Mr. & Mrs. N. M. Davies
OF CONGERS, NEW YORK

We're Sure that Millions of Farmers and Consumers Feel Just as You Do!

One of the wonderful things about Americans is their great sense of fair play. Ever since the anti-trust lawyers announced their intention of putting A&P out of business, tremendous numbers of people like Mr. and Mrs. N. M. Davies of Congers, New York, have deluged us with letters, wires and phone calls. These people are telling us, as Mr. and Mrs. N. M. Davies do in the following letter, why they like A&P and why they don't want to see this company destroyed.

DOCTOR DAVIES' FARM
DOCTOR DAVIES' LANE
CONGERS, NEW YORK
NILES M. DAVIES, OWNER
TEL. CONGERS 379
Sept. 20th, '49

FRUITS & VEGETABLES

Gentlemen:
The Great Atlantic and Pacific Tea Co.,
New York City, New York

We have been distressed by the possibility that the A. and P. stores, because of unfair accusations, may cease to exist. I wonder if you will see that our letter reaches the proper source, if there is one.

We are farmers, as you know, and not only sell our products, but buy necessary food from local A. and P. stores. We deliver farm produce, daily, to approximately eighteen stores in nearby villages. This includes two A. and P. markets, whose managers very wisely buy on-the-spot, thus saving deterioration due to excess handling, transportation and longer time from the farm to store. Our price to sixteen stores is the same as we get from the two A. and P. stores.

We wondered whether the low prices we see all the time in A. and P. stores might mean that sales people were underpaid. Evidently not, for we have noticed that the same employees stay on year after year, and we know high-school students in our town who have started at the bottom with A. and P. and risen to responsible positions.

Then what is this all about, if the consumers, the salespeople, those who manufacture your brands, the truckmen, the laborers and the farmers are ALL satisfied?

We believe the answer is simple. The A. and P. has developed an organization whose efficiency should be an example to all stores handling food. If this were so, independent grocers could well expect larger profits. The solution is not in destroying something that has taken years to build, but in encouraging all merchants to still further improve the efficiency of their operations.

Very sincerely,
Niles M. Davies
Eileen Davies

For 90 years this company has tried to build a sound business on the basis of giving consumers more good food for their money and giving farmers better markets for their products. It is heartening to know that the public approves of the job we have done... to know that our policy of fair, honest dealing has won us the friendship of millions of consumers and farmers. We will always be grateful to all our good friends who have offered us their help. We are proud to live in a country where such things can happen.

WEEKLY NEWS ANALYSIS

Control Atom, Keep Alert: Baruch; Senate Clashes on Price Supports; U. S. Seeks Method to End Strikes

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

A-CONTROL: 'Truly Effective'

After President Truman's announcement on September 23 of an atomic explosion in Russia, U. S. citizens worked up a kind of peculiar, detached tension that seemed to have been born out of the expectation that somebody—maybe Bernard Baruch—ought to say something significant pretty soon about the world and the atom bomb.

And Mr. Baruch, who is the author of the plan for international atomic control that was rejected by the Soviets in 1946, measured up to the demand for an opinion by coming out with what looked to be some practical suggestions.

PRIMARILY, he urged that "nothing less than a truly effective" system of international control be put into effect.

He supplemented this major point with three, other recommendations as to how to face up to the Russian atom:

1. Pending such "safe and sure" control, make every effort "to maintain our overwhelming advantage" in the development of atomic weapons.
2. Re-examine our strategy for peacemaking.
3. Enact a standby mobilization plan, including civilian defense, immediately.

BASIC IDEA, of course, is for the U. S. to do its moral best with the olive branch, but in the meantime keeping a gun handy, just in case.

Baruch's conception of a mobilization plan would include price, wage and rent controls, rationing priorities and anti-profiteering measures.

Russia's counter-proposal to international control—the outlawing of the bomb and international agreements to destroy all existing stocks of the atom bomb—oversimplifies the problem, Baruch said.

STRIKES: Economy Throttled

The history making double basic-industry strikes—coal and steel—were rapidly throttling the nation's economy as the first week of the twin work stoppage drew to a close, causing:

1. The layoff of about 100,000 white collar workers whose clerical services no longer were needed.
2. Furlough of 49,829 railroad men.
3. Curtailment of Packard motor company operations.
4. Reduction of steel output to an anemic 8.2 per cent of capacity.
5. Daily loss of 30 million dollars worth of business in the steel and coal industries alone.
6. Daily loss of 11 million dollars in wages to nearly 900,000 striking steel and soft-coal workers.

President Truman had indicated that he planned no direct government intervention in the strikes, but Federal Mediator Cyrus Ching was trying to figure out a new attempt to settle the disputes.

With the steel mills and coal mines idle, Ching's massive problem was to find a workable solution first of all to the pension demands of Murray's United Steelworkers and Lewis' United Mine Workers. Making it more difficult was the fact that neither the industry leaders nor the unions were in mood to make any concessions.

An added grim note was sounded by Philip Murray, CIO leader, when he warned that still another 500,000 of his steelworkers would be going on strike by the end of October unless the company-financed six-cent pension and four-cent insurance program was accepted by the steel industry.

PERCENTERS: 5, That Is

What happened to the 5 per cent inquiry that was hotter than a two-dollar deep freeze box a month or two ago?

According to Senator Hoey (D., N.C.), who heads the special senate subcommittee which studied whether federal buying was improperly influenced, the probe probably won't be resumed this year; although the senator indicated that he might release a report on it soon.

"FOR ALL practical purposes the investigation already is completed," said Hoey.

However, the subcommittee was still waiting to get the testimony of James V. Hunt and David Bennett, both of whom were described as being too ill to take the stand.

Hunt is the Washington management counselor who allegedly collected fat fees for his help in seeking government contracts for others. He was the one who said, "All I have to sell is influence."

Bennett is head of the Chicago perfume house which footed the bill for several home freezers presented in 1945 to Maj. Gen. Harry Vaughan.

Confidences

Trygve Lie (left), secretary general of the United Nations, chats with Bernard Baruch at dinner during which Lie received the third annual award of the American Association for the United Nations for distinguished service to the U. N.

HIGH SUPPORTS: Good or Bad?

Despite worried administration warnings against setting farm price supports so high as to "price the farmer out of the market," the senate went ahead to hit a new parity ceiling for six basic crops.

Senators Young (R., N.D.) and Russell (D., Ga.) spearheaded the successful drive for an amendment to peg support prices on wheat, cotton, rice, corn, tobacco and peanuts at 90 per cent of parity. Previous support prices on those crops had been 75 per cent of parity.

SEN. SCOTT LUCAS of Illinois, senate Democratic leader and voice of the administration in this case, had opposed the Young-Russell amendment to Sen. Clinton Anderson's bill and had fully expected that it would be defeated in the senate.

But after a lustrous battle, the measure was sent back to the agriculture committee where attempts were made to work out a compromise.

Senators Anderson, Aiken and Lucas had argued that a high-support measure, keeping food prices high, might one day cause consumers to rebel and possibly throw out the entire price support program.

Backers of the 90 per cent parity legislation contended that any serious lag in farm prices could set off a depression affecting the whole national economy.

THERE MATTERS stood for the time being. Prior to the senate fight on the support bill, however, Sen. Scott Lucas had delivered himself of an opinion that could, under the right circumstances, turn out to be prophetic:

"When the government continues to subsidize a little more and a little more all the time—without sticking to a farm program dealing with the basic commodities that can be controlled—you are taking a chance that the whole thing may be struck down."

BIRTHDAY: U. N.'s Fourth

October 24 is United Nations Day. The organization, wherein repose the hopes for peace of all free and thinking men, is just four years old—four years old as the passage of time goes, but already ageless in its experience and the good it has accomplished.

WHAT HAS THE United Nations done since it first convened during the immediate aftermath of World War II in 1945?

First of all, it has constantly kept the hope and prospect of peace alive in the minds of the world's people. It has come to mean, to the common man, a functioning object lesson that "working it out is better than shooting it out."

The U. N. already has definitely stopped three wars—in India, in Palestine and Indonesia.

IT IS LEADING millions of non-self-governing territories toward the realization of self-government.

On the basis of the best evidence, the U. N. has contributed enormously toward the job of keeping the peace won through the bloodshed of World War II.

The birthday of the United Nations—October 24—is a day to fix in memory. Odds are that in terms of human achievement and benefit and the dignity of man, history will write that date as being one of unparalleled significance and importance.

Border Backfire

When the Russians eased their border travel restrictions at Frankfurt, Germany, to draw west Germans into the Soviet zone for Communist "Peace Day" demonstrations, the results were reminiscent of the fabled halibut with the pointed head who ran 90 yards for a touchdown—the wrong way.

Thousands of eastern Germans poured into the western zone, while only about 500 went the other way.

? Current Events ?

Here are five questions, based on recent happenings in the news, which are practically impossible to answer—unless your children give you enough time to read your newspaper before they start playing tug-of-war with it. Anyway, try them on your I. Q. for size.

1. Yugoslavia, aided by the U. S., recently bid for election to a seat on the U. N. security council. How many elective members are there on the security council?

2. News from London following the devaluation of the pound made frequent mention of the "shadow cabinet." What is it?

3. U. S. aid to foreign countries in fiscal 1949 totaled 5 billion dollars. Would you say Britain, Germany or France received the most?

4. Oklahoma voted recently to keep its 42-year-old statewide prohibition law. How many other all-dry states are there?

5. Guam, a U. S. possession formerly run by the navy, recently inaugurated its first civilian governor. When did the U. S. get Guam?

ANSWERS

1. Of the 11 seats, five are held permanently, six are elective. Elective members now are Argentina, Canada, Cuba, Egypt, Norway and the Ukraine.
2. The phrase describes a group of leaders of the Conservative opposition, headed by Churchill.
3. Germany, 983 million dollars; Britain, 896 million; France, 750 million.
4. Mississippi is the only other state with a statewide prohibition law.
5. In 1898, by the Treaty of Paris, after the Spanish-American war.

SECURITY: On the Way

Judging from all the activity that has been generated around the idea recently, apparently the thing Americans are most concerned about is how they can keep a few dollars rolling into the family till each month after father reaches the ripe old age of 65.

Pension plans have been an issue in major strikes confronting the nation, and congress was coming up fast on the outside of a greatly expanded social security measure.

Even as the administration-sponsored bill was reported out onto the floor by the house rules committee, it had been fairly obvious that the house would approve this portion of President Truman's program.

Briefly, the current measure provides for:

1. An increase of 11 million in the number of workers covered by old-age and survivors insurance for a new total of 48 million.
2. An average 70 to 80 per cent increase in old-age benefits.
3. Creation of a new insurance system for persons who became totally and permanently disabled.
4. An increase in the payroll taxes by more than 300 per cent during the next 20 years.

At any rate, the prospects were bright for those legislators who were plumping for passage of the expanded social security law. Senator George (D., Ga.) chairman of the finance committee, freely predicted that the senate would pass the hopped-up social security program in 1950.

REVOLUTION: With Trailers

Tomorrow's butcher, baker and candlestick maker may desert Main street to come rolling right up to Mrs. America's doorstep to sell their wares.

This minor revolution in retail salesmanship was forecast this week by America's trailer coach manufacturers as they prepared to

WHAT SIZE SNOWSHOES DOES MADAM REQUIRE?
SPORTING GOODS MOBILE UNIT

display commercial and industrial trailer models at their first national exhibit in Washington, D. C. November 18-20.

In addition to a complete line of house trailers, the show will feature, among other specially-designed coaches, a well-stocked traveling grocery store, mobile beauty parlor, library, dental unit, field office and medical unit.

Hailed as a progressive step in relieving congested shopping centers and simplifying the housewife's marketing problems, the new trailer stores already are winning favor in both metropolitan and rural areas, say sponsors of the idea.

Tell that grocery store to wait, Mother—I'll be right out!

DEFENSE: Bacteriological

The city of Chicago, aware of the high attack priority it would have in the event of war, is becoming more defense conscious.

About two weeks ago, Dr. Herman Bundesen, Chicago board of health president, convened the first conference ever called by any city in the world to protect its citizens from the threat of biological warfare. Said Bundesen: "There is vital need for planning..."

Rural Tele-news

HOLE DIGGER, MODERN STYLE—A Michigan Bell pole-hole digging truck. On the rear is a huge corkscrew-like drill. Where soil conditions permit, it bores down into the ground and digs a clean, deep hole in a few minutes. Then a derrick on the truck hoists the pole and lowers it into the hole. This is one of many modern, time-saving devices Michigan Bell is using to help speed more telephone service to rural areas.

FAMILY AFFAIRS—Throughout Michigan Bell there are many instances of two or more kinsfolk employed by the company. In Detroit, for example, a mother and her three daughters work at a Long Distance switchboard. In Pontiac there are more than 100 employees included in mother-daughter, brother-sister, father-son, aunt-niece, sister-brother-cousin, and in-law combinations. In some cases, working for the telephone company has become almost a family tradition.

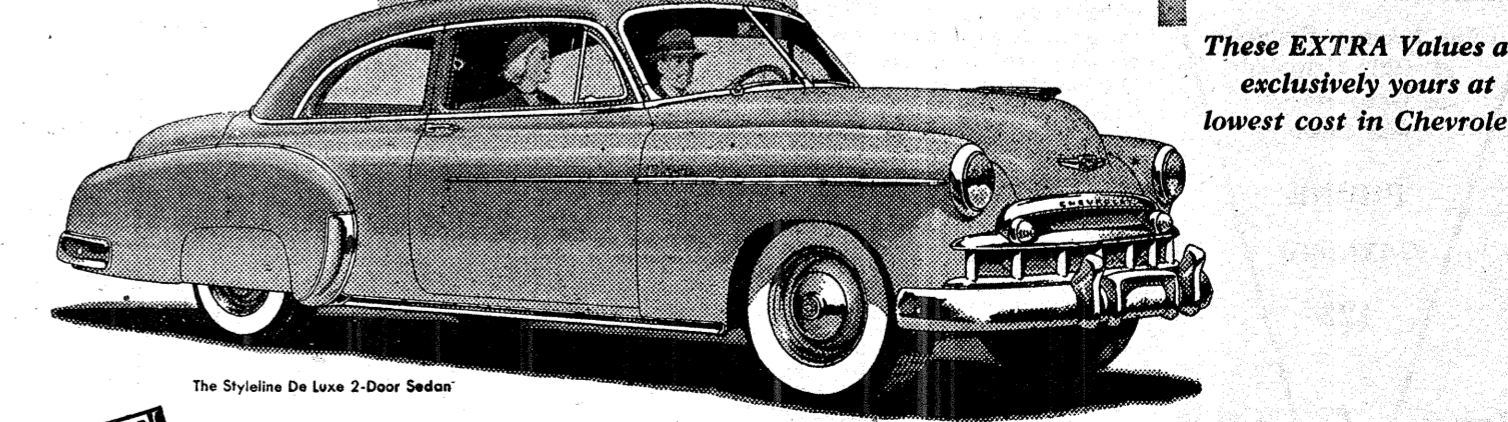

TAILOR-MADE FOR THE FARMER—The telephone saves time for all who use it. But it's particularly valuable to the farmer. He often lives some distance from markets, suppliers, stores, friends and neighbors. One telephone call, to buy, sell or order something, or talk to an acquaintance, may save many miles of driving... many minutes or hours of time which can be devoted to the farm. When you think of the work it does, the cost of the telephone is really mighty small.

Mr. and Mrs. Leo Weise of Walloon Lake were Monday supper guests at the home of her brother and sister-in-law, Mr. and Mrs. Ernest Kopkau.

Floyd Sutton came home from Milwaukee, Wis., Thursday, after being laid off from his work on the S. S. Percival Roberts, Jr., due to the strikes.

Mr. and Mrs. Russell Riegling and daughter, Lorraine, and son, Ross, of Grand Rapids were week end guests of her parents, Mr. and Mrs. Mike Gunderson.

Edmond Premoe came home, Thursday from Manitowac, Wis., after being laid off, due to the strike, from his work on the S. S. Peter A. B. Widener.

Mrs. Tom Kiser and Mrs. Fred Wright are attending the annual Rebekah Assembly of Michigan at Grand Rapids this week, delegates from Jassamine Rebekah Lodge.

Mrs. Mabel Secord and son, George, left Monday to spend the winter months in Florida. En route they visited the former's daughter, Mrs. Wm. Lake, at Jackson.

Mrs. Thelma Lyons and Mrs. Nellie Roth of Grand Rapids are visiting the former's brother-in-law and sister, Mr. and Mrs. Louis Bathke, and other relatives in the city.

Ronald Scott is attending the Annual Grand Lodge of the Odd Fellows in Grand Rapids this week. He is representative from East Jordan River Lodge No. 360, I. O. O. F.

Mr. and Mrs. Yorgan Hanson of Midland were Sunday guests recently of Mr. and Mrs. M. B. Palmiter. Mrs. Hanson was formerly Miss Goldie Fairchilds of this city.

Mr. and Mrs. D. W. Devine, Mr. and Mrs. John Downing, Mr. and Mrs. Raymond Dubas, Vern Whiteford and Leo Sommerville accompanied the foot ball team to East Lansing, Saturday, to see the MSC —William and Mary game.

Mr and Mrs. Daniel Sinclair of Lansing announce the arrival of an 8 lb. 2 oz. son, Steven Jeffery, at Sparrow hospital, Lansing, Oct. 1st. Mrs. Sinclair, before her marriage, was Wava Thompson of Ironton.

Mr. and Mrs. Ole Hegerberg, Mrs. Mary Kenny, Sr., and Mrs. J. B. Brennan returned home Monday evening from a two weeks vacation trip to Quebec. They went to Hamilton, Canada, also Niagara Falls and several other places of interest.

Read the story of Marie Plamondon and Mary Amberg who devote their fortunes and energies to Madonna Center, a settlement house long dedicated to the aid and comfort of Chicago immigrant families. They were given the titles of The Duchess and Lady Mary by the people they befriended. Don't miss this heart warming story in the American Weekly, the great magazine distributed with Sunday's Herald-American.

The School Bell...

KINDERGARTEN — Helen Severance
Leon Zitka was ill this week. We were all sorry.

We have been very busy in Kindergarten getting acquainted and learning to recognize our names. We have taken several trips. One to see a dog and rabbit, another to the new bus garage and then to the woods to gather colored leaves. Most of all we know the colors. Our new song this week is about "A Fat Little Pumpkin".

FIRST GRADE — Marguerite Stokes
Judy Kotalik has come back after having her tonsils taken out. We have a color chart. We learned about rainbow colors. We have a leaf chart. We found many kinds of leaves to put in it. We are learning to read. We have finished our first little book and started another.

FIRST GRADE — Mrs. Brooks
We were happy to have Donelda Scott's mother visit our room. We went over to see the new bus garage being built. When we got back Tommy drew a picture of how he thinks it will look when completed.

Several from our room attended the football game Friday. Dennis brought some pretty partridge feathers. His father shot two.

SECOND GRADE — Cora Seiler
Mrs. Bulman visited our grade one morning. The children like to hear about stories of long ago. They enjoyed the story of Columbus and his discovery of America. Indian stories are most interesting to them. Having studied about Indian customs and having learned a poem about them we were happy to be invited to Mrs. Bowerman's room to see the Indian dolls, drums, canoes, and peace pipes her pupils had made. The exhibit was very fine and shows a lot of work.

SECOND GRADE — Agnes Johnston
We finished our number booklets last Friday. We had many original designs for the covers which were very pretty.

Last week Jolly Jingo, our new character in "My Weekly Reader," told us how we could keep our playground clean. We went out doors at recess and when the bell rang we all returned to our room with paper and trash we had found on our playground.

During our language periods last week we talked about the importance of having a good breakfast and the right kind of food we should eat. We talked about the basic foods which should be in every breakfast. We all kept track of what we ate for breakfast for one week. We found out that many of us need more fruit juices for breakfast.

We elected new room helpers Monday.

Duane Heinzelman brought some records to school. We enjoy-

Has anyone seen Paddy O'Hair? Attention Odd Fellows: Second Degree this Friday night, Oct. 21. Please try and attend.

George Moore of Flint spent the week end with his parents, Mr. and Mrs. Fred Moore.

Mrs. Martin Kadrovich of Flint was guest of her mother, Mrs. Emma Kale, the past week.

Miss June Moore of Flushing was week end guest of Mrs. Helen Severance and other friends.

Mrs. Emma Clark of Cheboygan is visiting her sister, Mrs. Frank Lenosky, and other relatives.

Mr. and Mrs. Donald Hayes of Ludington visited Mr. and Mrs. Cort Hayes over the week end.

Mr. and Mrs. Rex Holden of Bellaire were Thursday evening guests of Mr. and Mrs. Cort Hayes.

Error — Save Oct. 27th for the Harvest Cafeteria supper at the Methodist Church, sponsored by the W. S. C. S. adv.

Rocco DeMaio has been dismissed from the University hospital at Ann Arbor and returned to his home here Saturday.

Mr. and Mrs. Donald Pinney and two children of Durand spent from Wednesday to Sunday with Mr. and Mrs. Allison Pinney.

Mr. and Mrs. Maurice Hartung, Mrs. Eva Votruba and Joe Lilak were at Harrisville, Friday, combining business with pleasure.

The ram you buy should be better than most of the ewes in your flock—he can do much for the average flock in stepping up quality of lambs. Look for a ram that is large for his age, showing good growth characteristics, and one that is active, vigorous and free from any defects.

ed hearing the records, "Bozo at the Circus."
We have four October birthdays in our room. They are: Diane Dougherty, Martin Ruhling, Albert Peters and Duane Heinzelman.

SECOND AND THIRD GRADES— Adeline Bowerman

We were all happy to have Gary Redmer enter our third grade after having spent two months at Munson Hospital. We now have 5 girls and 5 boys in our third grade.

During National Fire Prevention week we devoted several discussion periods to causes for fires and what boys and girls could do to prevent fires. Each one was to check at home and see that there were no piles of papers or oily rags laying around in the basement or garage where a spark from a furnace or car or a tossed match could start a fire. On Wednesday morning we were privileged to go to our new Fire Station where Mr. Sturgell met us, showed us something of how our new fire truck works and answered the questions which we had about fire protection for East Jordan. We all profited by the trip and we wish to thank Mr. Sturgell again for

New Values in FINE FOODS

RECIPE OF THE WEEK
by Mary Lee Taylor

Meat and Rice Scallops

1 egg
1/2 cup Pet Milk
1/4 cup water
1 teaspoon grated onion
1 cup cooked rice
1 cup diced, canned lunch meat

1/2 teaspoon salt
few grains pepper
2 tablespoons cut-up pimiento
1 tablespoon chopped parsley
1 can condensed tomato soup

Turn on oven; set at moderately slow (350° F.) Grease 4 big custard cups. Mix eggs, milk, water and onion. Fold in rice, meat, salt, pepper, pimiento and parsley. Put into greased cups. Set in pan containing about 1/2 inch of hot water. Bake 30 min., or until firm. Turn out and serve with hot soup as sauce. Makes 4 servings. *Left-over chicken, veal or pork or tuna fish or salmon also can be used.

You Will Need:

PET MILK — 3 cans 36c
Canned Lunch Meat 39c
RICE — 2 lb pkg. 25c

 trip. Mary Ann Lehrbass' story was chosen the best and she copied it into the scrap book we are keeping of all our activities. Here is her story:
A TRIP TO THE FIRE STATION

We went to the fire station. Mr. Sturgell showed us the inside of the fire truck. He showed us the attic ladder. He explained how the water is pumped. He showed us the hatchet and the pump. He showed us the hose. He told us

BEGINNING
SUNDAY NIGHT
 October 23
REV. V. T. Roenfanz
 of Minong, Wisconsin
 will hold an

OLD FASHIONED REVIVAL MEETING

— at the —

Lighthouse Mission

Corner 4th & Division Sts. EAST JORDAN

Rev. Roenfanz preaches the old time gospel and has the message of the hour.

Bring your sick to be prayed for according to James 5: 14 and 15.

Many testimonies of divine healing, one case of polio healed, also gouters, cancers, broken backs and heart ailments have been healed.

Everyone is invited and urged to come and hear the gospel. Rev. Roenfanz has had ten years experience in the evangelistic field. Come and hear him.

F. H. HOLBORN, Pastor

that the number of whistles does not tell where the fire is anymore.

Friday morning was the time set for our Indian home projects to be in. This was entirely voluntary and nearly every child made some contribution. The other second and third grade teachers were our judges and awarded the honors as follows: To the girl's doll dressed in Indian costume, first prize, Janet DeHaven; second prize, Mary Ann Lehrbass; third prize, Sandra Gibbard and Mary Carol Hastie were tied. To the boys, Duffy Cihak was awarded first prize for his tom-tom; Sanford Sweet, second prize for his peace-pipe, and Lauren Donaldson's exhibit was given third place honors. Several boys made birch bark canoes and of these Larry Hayden's was given first place, Bruce Ogden was second and Richard Kraemer third.

To summarize our Indian unit we composed an original musical dramatization which we will give at this week's assembly.

THIRD GRADE — Jessie Hager

We had a Pet Show last week. Paul Bowen's Bantams took first prize. Every one liked them so well Paul let them stay two days.

Jerome Chanda's rabbit wouldn't stay in his pen. We all laughed when he crawled out.

After we read our Weekly Readers last week we colored them.

Most of us know our tables through the 5's.

FOURTH GRADE — Lois Snyder

We received a packet of letters from the fourth grade of Walled Lake, Mich., and we are writing answers to them. They told us that their school has 2,789 pupils and 100 teachers. There are forty in the fourth grade and most of them ride to school on buses as we do. They have 21 busses. They are doing many interesting things.

Jacqueline Cyr moved to Detroit last Monday and on Friday Norman Barnes left us for Detroit also. We now have thirty-three in our room. Sixteen are girls and seventeen are boys. We think that is a nice division.

Last week we learned that Jacqueline Hammond who was in third grade with us last year is ill with pneumonia in Little Traverse hospital. We wrote letters to her to cheer her up. We hope she will write to us when she is well again. Jacqueline now lives in Petoskey.

The fourth grade pet show was an interesting experience for all the grade children and especially for those who brought pets. There were twenty-two entries from the two rooms. The pets were taken outdoors and displayed for the other rooms to see. Gerald Green's black crow and Stanley Scott's goat were the leading attractions. After the animal parade Mrs. Huckle came up and took pictures of the pets with their owners. The prizes were awarded as follows:

Most Unusual Pet — 1st prize, crow, Gerald Green; 2nd prize, rooster, Versil Sweet.

Funniest Pet — 1st prize, bantam rooster, Neil Olstrom.

Fattest — 1st prize, dog, Donald Russell; 2nd prize, dog, Keith Ogden.

Best Trained Pet — The dogs entered for this prize would not perform amid the excitement so a second prize was awarded to both Diane Taylor and Dennis Archer.

Homeliest — 1st prize, dog, Sharon DeForest; 2nd prize, dog, Fred Kamradt.

Biggest Pet — 1st prize, goat, Stanley Scott.

Prettiest Dog — Fred Johnson, collie puppy.

Prettiest Rabbit — 1st prize, pink-eyed rabbit, Glenn Kowalske; 2nd prize, white and brown rabbit, Mary Martinek.

Prettiest Cat — 1st prize, black and white kitten — Judy Taylor; 2nd prize, yellow kitten, Wendy Knudsen; 3rd prize, black kitten, Georgia Derezny.

Biggest Cat — 1st prize, Betty Lou McRoberts; 2nd prize, Nickolyn Myers.

Smallest Cat — 1st prize, Beverly Kent; 2nd prize, Wendy Knudsen.

Fattest Cat — 1st prize, Neil Misner.

Funniest Cat — 1st prize, Linda Raymond, 3 kittens.

After the show we discussed how we could improve our show another year. One of the suggestions was to let the rooms come one at a time. Another was to have stakes around the animals to keep spectators at a certain distance from them.

We want to thank the judges, Mrs. Larsen, Mrs. Johnston and Miss Dhaseler for their work in judging the pets.

We also want to thank Mr. Green and Mr. and Mrs. Scott for coming to help manage the crowd and goat.

FOURTH GRADE — Grace Galmore

The committees for the Pet Show, made up of pupils from both Mrs. Galmore's and Mrs. Snyder's rooms, were as follows:

Rules Committee — Louise Donaldson, Beverly Braman and Reha Zitka.

Arrangement Committee — Keith Ogden, Fred Johnson and Charles Kamradt. They were to

tell where the parade was to be and where the pets were to do their tricks.

Parade Committee — Judy Taylor, Armand Drapeau and Joe Leu. They were to tell which kind of pet was to go first.

Tag Committee — Glenn Kowalske, Gene Richards, Gerald Green and Norman.

Ribbons — Linda Bustard, Dale Roberts, Clare Crawford and Larry Danforth.

Publicity — Sharon DeForest, Nicky Myers and Donald Clark. They were to go around to the rooms and tell what time and where it was to be.

Judges — Glendara Cihak, George Kotolik and Wendy Knudsen. They were to choose the judges and make out the slips for them. — Glendara Cihak.

We had a very good Pet Show. There was a crowd and a goat. All the grade school came. — Judy Shedina.

Mrs. Huckle took our pictures. They cost 35c each. — Judy Shedina.

The animal I liked best was Jimmy, the crow. — Donald Clark.

Diane had the best pet. I liked it when it jumped up after the ball. — Gerald Green.

In the Pet Show two dogs had a fight and a cat ran away from a little girl. — Betty McRoberts.

I liked the part where the goat jumped on the man and where the crowd hid a penny and when Diane's dog did his tricks. — Neil Misner.

We have some new books. The name of them is "Food Trails." We found out that there are many ducks on Long Island. — Neil Misner.

Stanley Scott brought a flying squirrel. He took it to Mr. Ogden's class in Biology. After they studied about it Bonnie Hosler brought it in our room again and explained about it to us. — Rhea Zitka.

For our bulletin board we are making a moon with a witch in front of it. The witch is going to be on a broom. There is going to be cornstalks and pumpkins on the ground. — Georgia Derezny.

FIFTH GRADE — Elizabeth Dhaseler

The other day we sold some tags for the Starr Commonwealth and made \$27.67. We had two prizes, one for girls and one for boys. A flashlight was for the boys and a bracelet for the girls. Judy Dressel won on the girls' side and Richard Bayliss on the boys' side.

We are making maps on livestock in the United States. We have a big map of the United States and have the animals pinned right on it.

We are having a list of "Small Frys" and Fifth Graders." The fifth graders are those who know when to begin work and do it, who get in on time, and who are nice to the other children. But the

small fry are those who can't take care of themselves. — Carol Klooster.

FIFTH GRADE — Mrs. Liskum

We are studying the Northeastern states for Social Science. Using James Truslow Adam's Album very much interested to find that Pilgrims made huts or wigwams. First a fireplace was made, and then a framework of poles was fashioned. Over the poles was placed thatch of wild plants, and the whole hut covered with bark. John Gibson, who is new in our school, made a fine model of an early Pilgrim home. He chose children to accompany him to describe the Pilgrim huts, and they visited all the grade rooms and several in 1634, made the first horizontal

log houses in this country. The Pilgrims made huts or wigwams. First a fireplace was made, and then a framework of poles was fashioned. Over the poles was placed thatch of wild plants, and the whole hut covered with bark. John Gibson, who is new in our school, made a fine model of an early Pilgrim home. He chose children to accompany him to describe the Pilgrim huts, and they visited all the grade rooms and several in 1634, made the first horizontal

SIXTH GRADE — Alma Larsen

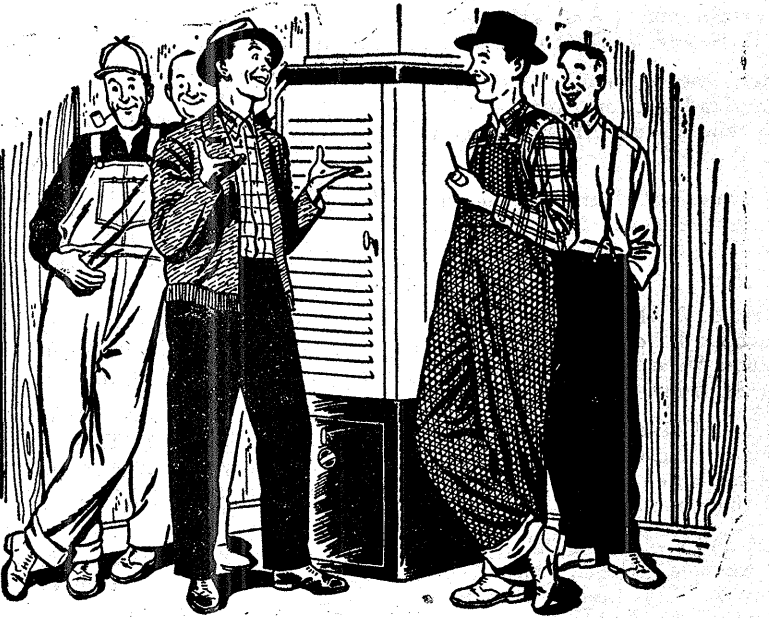

We are just starting to study Australia in Social Studies and we are going to have a short test today. — Patty Cihak.

We are going to see a cartoonist, Paul Burke, Tuesday afternoon. — Martha Galmore.

June Barnes has moved to Detroit. We are sorry to have her leave us.

We are learning about decimals in arithmetic.

"C'mon, boys,
 my house
 ain't a
 showroom!"

Jim: "Hey—why the bum's rush? We like it here, 'cause your house is so warm, comfortable, and clean! This Lennox Heating System of yours—"

Sam: "Oh, so that's the attraction! Well, I can understand your appreciation of the snug, draft-free comfort given by a modern warm air system, installed by competent heating engineers, but—"

Jim: "Sure—and we also like the trim lines of this Lennox; it's a beaut!"

Sam: "Heck, this isn't the only Lennox in existence! Why don't you guys get 'em in your homes? Your Lennox dealer has scads of models for gas, oil, and coal!"

Jim: "Hey—why not?"

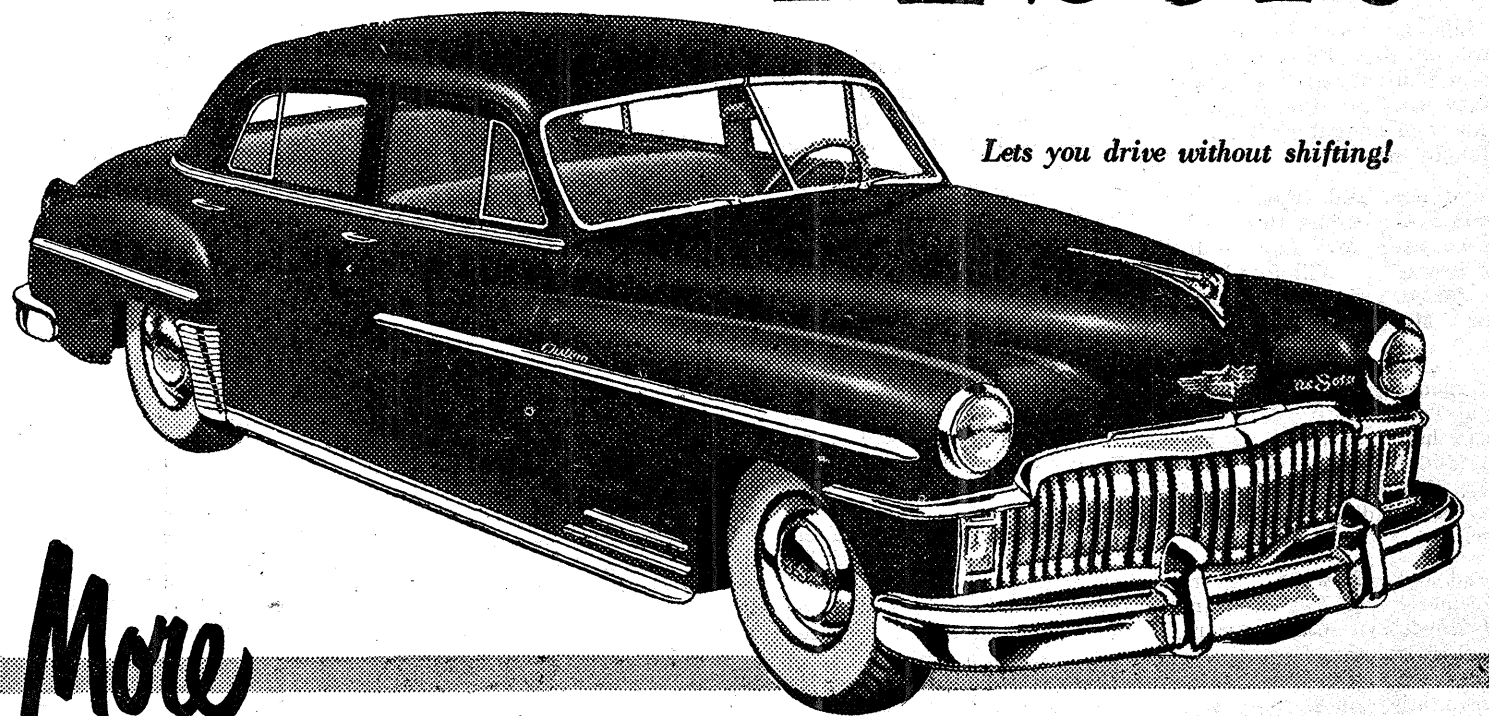

Sam: "Sure—and he'll 'tailor-make' your Lennox for your house! C'mon, if I give you his name, will you guys leave—quietly?"

DON'T WAIT FOR COLD WEATHER TO CATCH YOU UNPREPARED!
