These Hunters Got Their Deer

NEVER SEEKED DEER BEFORE. LANDED BUCK WITH FIRST SHOT

Now comes the time to hear tall tales of successful deer hunters. One of the most outstanding tales is that of Don McPherson, 21, of Grand Haven. He was never out deer hunting before, first time he ever saw a deer in the woods, but Don landed a 5-point buck at 7:50 a. m. of the opening day back of the Lewis Prebble farm in South Arm Twp. and near the Boyne City-East Jordan road. He got it with a shot gun and slug.

At 8:00 a. m., Clyde Gifford of East Jordan landed an 8-point buck north of the Chestonia road with shot gun and slug.

About 8:30 a. m., Albert Walden got a 3-pointer in Otsego County. Another shot gun and slug.

Francis Nemecek of Jordan Twp. got his on his back eighty at 8:15 a. m. of the opening day.

Early Tuesday, about 7:45, Elder Ole Olson and son, Ray, saw a large deer near the Catholic Cemetery. They had no gun, no license, and were in the city limits—no deer.

THE SCHOOL BELL

4-H INSTALLATION OF OFFICERS, SATURDAY NOVEMBER 12

The officers of 4-H Club under the capable leadership of Mrs. Arthur Kaley installed the officers of the newly organized East Jordan 4-H Club under the leadership of Mrs. Lulu Clark, assisted by Mrs. Alice Sherman, Mrs. Marge Cihak, and Mrs. Mary Kenny.

About twenty girls and mothers observed the very impressive candlelight service which was used. The officers of the Peninsula Club are: President, Jean Kaley; Vice-President, Marjorie Chanda; Sec-Treas., Patricia Looze. Officers of the East Jordan Club are: President, Jean Ann Sherman; Vice-President, Peggy Walton; Sec-Treas., Martha Galmore.

K. C. Festerling, District 4-H Club Leader, gave a short, but interesting talk on 4-H work.

After the installation a very lovely lunch was served by the leaders of the East Jordan Club.

KINDERGARTEN

Helen Severance

Donny Snyder, Beth Galmore and Larry Henderson had birthdays this week. Their mothers sent delicious refreshments.

Mrs. Drenth, David's mother, visited our room last week.

The last week we have worked very hard on "Please" and "Thank You". We had cards with the words on to wear around our necks. If we remembered every day to use those words we could take our cards home Friday. Almost everyone took a card home.

FIRST Grade — Mrs. Brooks

Barbara Kortan returned to school after two week's absence. We are glad to have her back again.

We read a story about a big power shovel. Then we went to see the one that is working by the church down the street.

We are going to sing some Thanksgiving songs at the next assembly.

We like our new number chart and are teaching Little Beaver how to count his ponies and his fish.

We all looked forward to the first day of hunting season and hope that Daddy will get a deer.

FIRST Grade — Mrs. Stokes

We had Tuesday off to go deer hunting.

Union Thanksgiving Service at LDS Church Next Thursday Morning

The Union Thanksgiving Service will be held in the LDS Church, Thursday morning, Nov. 24, at 10:00 a. m. The service will be led by Elder Olson, assisted by Rev. Moore and Rev. Holly. Rev. DeHaven will preach the sermon. This is a day of thanksgiving and remembrance unto God, who out of his goodness and bountiful love for us has bestowed unto us immeasurable blessings. Let us come and earnestly give thanks unto Him.

Women's Society of Christian Service

The Nov. meeting of the WSCS was held at the home of Mrs. Grace Bartlett with Mrs. Letha Whitlow and Mrs. Maggie Rogers assisting. Twenty-two members and one visitor, Mrs. Nell Blair, were present. Mrs. Ida Kinsey gave the devotionals before the worship center which featured a large framed picture of Christ, white candles and the open Bible. She spoke of "Christianity Parkistan". The program, ably given by Mrs. Mabel Winston, was "Parkistan—A Winsome Call". She explained that "Parkistan" was the name given for the five Muslim provinces of northwest India. The word means "Land of the Pure". She pointed out that the unity of Christian purpose in the midst of political upheaval in the Indo-Parkistan subcontinent and the resulting solidarity proved that the investment of the Women's Division of Christian Service in Parkistan had been worth while.

During the business session which followed the program, Mrs. Swafford suggested we use the material for the World Day of Prayer for a joint meeting of the two circles. Mrs. Vance, who was chairman of that program, had members give talks on the various projects which the society sponsors. This was followed by discussion. The December meeting will be with Mrs. Moore at the parsonage, with Mrs. Boyd Hipp and Mrs. Earl Batterbee co-hostesses.

Charlevoix Co. Herald
East Jordan, Mich.

Dear Editor:— Please find enclosed \$2.00 for another year's subscription to the Charlevoix Co. Herald.

I enjoy the Looking Backwards. Sometimes I am annoyed by someone correcting you on some item. I say let them be sure of dates and facts. Why they call it the Cohen fire I don't understand, when the first fire was at the Mackey livery barn. Mr. Cohen was on the corner where the drug store is now. Jim Milford was at the rear of the E. J. Lumber Co. store unloading freight, they smelled kerosene and rags burning and turned in the alarm. We were living over the feed room and at the first sound of the whistle I was to the window and saw the blaze going up in the back of the livery barn. It was in the year 1901. It may have been February but I think it was March. My brother was on his way to Manistee to get ready to take his boat out and I know he never went as early as February. He had stopped to make a visit. My brother and husband said if the fire got into a certain building we would move out. Hubert Pinney had his team at the door all ready.

It was a night I will never forget. Nearly all the items are about strangers to me. Very few of the old people are left. My people moved to East Jordan in the fall of 1881 so I know the early history pretty well.

Mrs. Lois Pinney,
Box 108 N. Manchester,
Indiana.

Was disappointed Saturday because my paper did not come, hope it will be here Monday.

BEG YOUR PARDON

Dear Printer:— I would like a few corrections made in Violet Ruckie's obituary.

Instead of Arson Hayward, it's Anson. Mrs. Newton Cross of Ovid; Harlem Hayward of Royal Oak, Mich. Instead of Munes, it's Marcus, and Lucius Hayward instead of Buster. Relatives were Mrs. Pauline Hesley, Mrs. Chas. Mann, Mrs. Geo. Clary besides Edd. Van Thank you.

Community Chest Thermometer Is Going Up

HAS REACHED THE \$3900 MARK. A LITTLE HARDER PUSH AND IT WILL GO OVER THE TOP

News Flash! Our Community Chest thermometer is still going up and has reached the \$3900 mark. It will take only a little push to make it \$4000 and a little harder push to reach the top. If you could each give a very little more we could make it!

In last week's copy of the Charlevoix County Herald, the members of the Board of Directors of the Chest were not mentioned for the splendid job they have done for this campaign: Mrs. Ronald Scott, Mrs. Milton Meredith, Mrs. Julius Roberts, Mrs. Clayton Healey were names also omitted.

The first year of our Community Chest has been a most successful one. East Jordan has been a better place to live in because of the projects initiated, encouraged and supported by this organization. Its object is stated in the Constitution and By-Laws adopted last year.

"The object of this organization shall be to develop the effective planning and execution of the social service program of this community. This organization may extend its activities to include the coordination of appeals for special local projects and for national and international relief and service agencies."

Legion Auxiliary Activities

The Legion Auxiliary Unit 227 met in the Legion Clubroom Nov. 8. President Edna Wilkins completed the rest of her appointments to Chairmen of Standing Committees. The following members were named: National Security, Anabelle Galmore; Girls State, LaVerá Ingalls; Pan American, Eva Hitchcock; Legislative, Mildred St. Charles; Education of Orphans of Veterans, Carolyn Richardson; Constitution and By-Laws, Eva Peterson; Memorial Scholarship, Carol Howe.

Edna told about her visit to Josephine Justice at the Grand View Hospital and also talked about a future project in the line of social service by the Auxiliary in that particular hospital. The project plans will be made public later. Mrs. Loveland, Josephine's mother, was present at the meeting and thanked the Unit on behalf of Josephine for the gift recently presented her. She also extended an invitation to all members to visit her daughter at any time and especially to see her wonderful doll collection, of which she is justifiably proud.

Community Service Chairman, Thora Kotowich, gave a good report on the progress made in regard to the Community Room. Cleve Isaman has loaned us some clothes racks to better care for the clothes in the room and it is now in good order.

Reva Walton reported the Membership Drive was going along fine and we already have half of our quota of members. Reva read of Readers Digest in regards to a very timely article from an issue making organization work an adventure, which was greatly appreciated by all. She also complimented her co-chairmen on their splendid co-operation.

In a recent item on Auxiliary Membership Eligibility it has been noted that Mothers of Veterans were omitted. It is hoped that this will clear up any question in that regard.

Next Auxiliary meeting will be Nov. 22 at 8:00 p. m. in the Legion Clubroom. Short business meeting followed by some social activity. Be sure and attend.

On Wednesday evening, Nov. 9, several members of the Auxiliary Unit 227 met in the home of Donna Anderson, 505 Main St. for a Sewing Bee. Some of the girls mended and some of them pressed clothes for the Community Service room. A nice lunch was furnished by co-hostesses Reva Walton and Jennie Davis was then served. Donna has graciously offered her home for our sewing from now on as it is so centrally located. And every Wednesday night will be set aside for the Sewing Bee. Sewing Chairman Genevieve Davis would like to have as many members as can turn out for these Bees for there is a lot of work to do, especially in connection with our Christmas project and time is growing short. Come prepared to sew as well as enjoy a sociable evening.

Set Plans For 1950 Farmers' Week at MSC

January 30 to February 3 are the dates set for the annual Michigan State College Farmer's Week program. At this time the East Lansing college plays host to more than 35,000 farm and urban people who are interested in new developments in agriculture, home economics and related fields.

E. L. Anthony, dean of the school of agriculture, is chairman of the general committee and has numerous special committees working out the program for the big event.

Special entertainment is being planned in addition to the educational exhibits and meetings.

New Dolls and Toys For Girls and Boys

Perhaps the residents of East Jordan have noticed the donation cans and clever posters that the merchants and business men of the town have consented to be placed in their establishments for the collection of money to be used for new dolls and toys to be given to needy children in the community who might not otherwise have anything for Christmas.

This project is being sponsored by the Community Service Committee of the American Legion Auxiliary Unit 277. Posters were composed and made by Eldava Gokke. Last year the Auxiliary repaired old toys and dressed old dolls but it is hoped, with the help of the people of East Jordan, it will be possible to purchase new dolls this year to be dressed by members of the Auxiliary for girls and new toys for boys so that the eyes of many little children will shine with gladness this Christmas morning. And as you drop a coin in these cans we feel sure you will hear mingled with their jingle the gleeful laughter of happy children and the hardy "Ho Ho" of Merry Old St. Nick, and you will know that on this birthday of the Christ Child not a child will be forgotten in your town.

Needs of Farm Leases Listed

Farm leases are important in the rented farm business, yet many landlords and tenants neglect them. W. H. Vincent, Michigan State College agricultural economist lists three characteristics of a good working agreement.

First, it should be written so that it may be referred to when needed. Second, the lease should provide that the kind of rent will be adapted to the type of farming to be followed and to the financial position of both parties.

Providing for a system of farming that will maintain the productivity of the farm at a high level is the remaining important point to be considered.

If the Drinking Water Tastes "Funny" This May Be the Reason

If your well water supply or the water supply in your new house develops a foul taste and odor, it may be due to oil used in cutting the galvanized pipe the Michigan Department of Health said recently.

Many Michigan residents have reported that water from their new well or the pipes in their new homes tastes of petroleum or some chemical. The same situation has been reported from many other states.

This week the American Water Works Association reported the cause. A national manufacturer of galvanized pipe for a period of time used a cutting oil which left a residue in the pipe which resulted in unpleasant taste and odor in water passing through the pipe.

The unpleasant taste and odor of the water do not make it unsafe for drinking, the Department said. The only known way to remove the oil residue from the pipes is to flush it out with hot water or steam.

Star Community Farm Bureau

Farm Bureau met at the Lyle Peters home for the Oct. meeting. Meeting was called to order by our new officers. The records of the last meeting were read and approved. Discussion led by Vern Boyer on Marketing of Farm Produce, Perry Looze took care of the Blue Cross Insurance in the absence of Frances Looze. The Senior Farm Bureau is planning on helping the Junior Farm Bureau put on a supper in December. Our next meeting will be with Mr. and Mrs. Orla Robertson, Nov. 18, at 8 o'clock. Everyone is welcome to attend these meetings. Pot luck lunch after the meeting.

County Board of Education

Monday, Nov. 7, directors and secretaries of the school boards of the County met in accordance with Public Act 117 to elect a County Board of Education.

The results of the election were as follows:

For a six year term — Karl Festerling, Bay Twp. 4-H Agent; Howard Brumm, Charlevoix businessman.

For a four year term — Mrs. Hazel Evers, Hayes Twp. officer; Howard Porter, East Jordan businessman.

For a two year term — James H. Gallagher, St. James School Board Treasurer.

South Arm Grange

South Arm Grange met last Saturday evening, Nov. 12, at their Hall for Installation of Officers.

George Ferris of Peninsula Grange installed the officers in a very pleasing manner. After which he gave us an interesting report of State Grange which he attended as a delegate from this half of Charlevoix County.

We were also very fortunate in having with us our District Deputy, Mrs. Anna Warner, of Barnard Grange, who assisted Mr. Ferris with the installation, after which she gave us a few remarks and pointers. We also had as our guest Clyde Goodman of Rock Elm Grange. At the close of the Grange the Home Ec. Committee served an oyster supper. Next meeting will be Nov. 28th at 9:00 p. m. A pot luck supper at close of the meeting. There will also be some new committees appointed for the coming year. Let's have a good turn out.

Gaylord Deanery Meeting Held at East Jordan

The Gaylord Deanery of the National Council of Catholic Women held their regular fall meeting at St. Joseph's Parish Hall, East Jordan, Michigan, on Sunday afternoon, Nov. 6th, 1949.

The meeting was held in conjunction with the Board Meeting of the Diocesan Council of Catholic Women, which was held at 10:30 a. m. and included the Deaneys of Mt. Pleasant, Manistee, Traverse City, Cheboygan, Gaylord, Ionia and Grand Rapids. Mrs. Mully of Muskegon, President of the Diocesan Council; Mrs. Gerald Barnett of Grand Rapids, Executive Secretary; Mrs. Bernard Haviland of Grand Rapids, Organization and Development Chairman, and other board members were present, as well as a fine representation from the various deaneries. A noon luncheon was served to the group at the Jordan Inn.

The Gaylord Deanery, which includes the parishes of Charlevoix, East Jordan, Boyne City, Mancelona and Missions, Gaylord, Elmira and Grayling, met at 2:00 o'clock and a large representation was present. Those from East Jordan on this Board are Miss Elizabeth Dhaseler, President of the East Jordan Council of Catholic Women, and Mrs. Albert Lenosky, Committee Chairman of the Mission and Medical Associations. The Right Reverend Joseph Malinowski, Rev. Father Max Ostrowski of Boyne City, Rev. Father Leo Malinowski of Mancelona and Rev. Father Francis Kaminski of Gaylord attended.

After the Gaylord Deanery Meeting, the various Committee Chairmen of the Diocesan Council of the National Council of Catholic Women conducted a very educational and instructive panel discussion covering the various phases of the National Council of Catholic Women's program.

The meeting closed with Benediction with the Right Rev. Joseph Malinowski as celebrant, after which a delightful luncheon was served by the ladies of the East Jordan parish.

1950 Car Licenses

If you are one of the more than 2 million car owners who will receive license applications—save it—and take to your local license agent for your 1950 tag, which will be on sale Dec. 1st. The new tags are black on aluminum.

All owners of Motor bikes and Motor scooters must have both Title and License plate next year. If the owner has no title he can procure application for title at the license office, which is at the Chamber of Commerce office in the Postoffice Building.

Youth Rally at Ranney School House This Saturday Night

Saturday night, November 19th, at 8 p. m. we will hold our monthly Youth Rally.

Since we are nearing the Thanksgiving season this rally is going to be a special Thanksgiving service.

Mrs. Ittis, who is with the Child Evangelism work, is going to bring the message on the suede-ograph board. This material presents a much nicer picture than the regular flannelgraph.

It has been requested that each one present take part in the service by giving a Thanksgiving verse from the Holy Word.

So come out and lift your heart up in Thanksgiving with us. We Americans have much to Thank God for. We Christians have even more. We will be looking for you at the Ranney Schoolhouse, Saturday night.

Change Date and Place of East Jordan Study Club

The East Jordan Study Club will meet at the home of Mrs. Howard Taft on Tuesday, Nov. 22. The date has been changed from Nov. 29th because of the P.-T. A. Open House at School. The program, which should be of much interest to everyone, is a discussion of Socialized Medicine by Mrs. George Sherman. Co-hostesses are Mrs. Wm. Shepard and Mrs. George Bechtold.

TB Christmas Seals "Wing Their Way" Into Our Homes

Life-saving TB Christmas Seals will virtually "wing their way" into homes of East Jordan and Charlevoix County on November 21 as the Michigan Tuberculosis Association opens the 1949 Christmas Seal Sale.

The new seal, drawn by the youthful refugee artist, Herbert Meyers, pictures a "dove of hope" carrying a sprig of holly. Of the funds raised, 95 percent remains in Michigan for community TB control programs. The National Tuberculosis Association in New

York, headquarters for TB research projects, receives the other 5 percent.

"Since 1908, tuberculosis Christmas Seal funds have helped reduce Michigan's death toll by 75 percent," Judge Herman Dehnke, president of the Michigan Tuberculosis Association declared. "In this saving of lives, we can see thousands of Michigan homes spared the shattering loss of a member from the family circle; we can see healthy children, protected from the blight that once numbered their days and we can see hundreds of people who have been rescued from this insidious disease against what once seemed to be impossible odds."

"But today, tuberculosis still remains the most deadly 'catching' disease in the state of Michigan, killing 1,561 people last year—more than all other communicable diseases combined," he declared.

"And new cases of tuberculosis, more than 6,000 in 1948, are not showing a downward trend."

"The people of Michigan, the people of East Jordan and Charlevoix County can make possible continued advance against this disease through a generous purchase of tuberculosis Christmas Seals. It is one generosity of the Christmas season, one 'Merry Christmas', that helps insure healthier communities and growing protection for our children and ourselves against TB". BUY CHRISTMAS SEALS!

Bowling News

The Merchants bowling league takes the night off to go hunting deer, so we'll take this opportunity to review the records for the season. Holders of the season high games and series is the American Legion five with 979 for single game and 2807 for the series. Second high was bowled by Somerville's Grocery and their record also holds good for both seasons, having 972 for high games and 2783 for the series. The State Bank holds both third positions, having a single game of 938 with their top series being 2750. High individual series records are held by Spin Cihak, 671; Greg Boswell, 628; and Monk Cihak, 616, while high single games are recorded as follows: Spin Cihak, 256; Gene Tiechman, 244; Barney Adair, 244; and Al Dougherty, 244.

Twelve bowlers top the 170 mark in averages with Spin Cihak leading the way with 187 average followed by Pat Bartsch, 186; Greg Boswell, 184; Barney Adair, 179; Chris Taylor, 178; Monk Cihak, 177; Bob Campbell, 174; Ed Reuling, 174; Joe Wilkins, 173; Rev. J. J. Malinowski, 172; Dick Hamerski, 172; and Gene Tiechman, 170. Abe Cole leads the subs with 175 average for 6 games. In addition to the above list 17 bowlers hold averages of 160 or better.

Abe Cole who bowls regularly in the Inter City League picked up the impossible 7-10 split bouncing the ten pin off the kick backs to knock the seven pin forward.

In the Ladies League Rainbow Bar and Central Lake Torch scored four point wins over Cal's Tavern and St. Joseph's, while Bachmann's of Central Lake and Metal Products of Mancelona took three each from the Home Modernizing and the Dress & Gift Shop, Norm's and State Bank split two points, and Quality Food and Art Cleaners of Charlevoix postponed. As a result of the outcome of the above matches the standings in the Ladies League are as follows:

	W	L	Ave.
State Bank	22	14	662
Cal's Tavern	22	14	639
Rainbow Bar	22	14	571
Metal Products	21	15	628
Dress & Gift Shop	20	16	679
Quality Food	20	12	664
Central Lake Torch	20	16	651
Bachmann's	19	17	624
Norm's Tavern	19	17	620
St. Joseph's	18	23	618
Art Cleaner's	10	22	546
Home Modernizing	4	32	492

High series and individual game for the week went to Fay Marks who had 186 sandwiched between games of 120 and 148 for 454. In a recent series Peggy Sweet had triplicate scores of 131.

Sherman's Hardware Part of National Shelvador "Giveaway"

A revolutionary new design and the latest in features are incorporated in the new 1950 Shelvador refrigerator to be awarded locally by Sherman's Firestone, East Jordan, as part of the giant national \$2,000,000 "giveaway" being conducted by the Crosley Division, Avco Manufacturing Corporation and its dealers.

"The new Shelvador," Mr. Sherman said, "provides up to 23 percent additional storage capacity in the same size exterior cabinet. This new design provides close to two cubic feet of "plus" storage space at the "convenience level," where foods are easy to reach without bending or stooping," he pointed out.

Gaylord PCA Stockholders Elect Two Directors

The stockholders of the Gaylord Production Credit Association held their fifteenth annual meeting on November 7th, at the VFW Hall, Gaylord, Michigan, members from the ten northern counties attending.

The most important event of the meeting was the election of 2 directors for a three year term. Each. Arnold W. Ostrander of Afton was re-elected and Joseph Martinczek of Charlevoix was elected to succeed Charles Shepard of Boyne City. Mr. Shepard has been a director since the association was organized in 1933 and felt that he should not be a candidate for re-election.

Other business consisted of reports by the President, Arnold W. Ostrander, and A. J. Townsend, Secretary-Treasurer. These reports showed an increase in the amount of money loaned and number of members. Reports also showed that the government investment in the association has been reduced to \$5,000 and that it will not be long before the association will be entirely farm owned.

Mr. D. E. Varner, Extension Specialist of the Agricultural Economics Department of Michigan State College, was the guest speaker. He gave a very interesting talk on "Farm Policy".

Legion Auxiliary Armistice Day Supper

The American Legion Rebec-Sweet Post 22 and Auxiliary observed the 31st Anniversary of the Armistice with a family pot luck supper in the Legion clubroom, Friday, Nov. 11. Color Bearers Joe Wheaton and Peggy Thomas advanced the colors. The Pledge to the Flag was then given. God Bless America was sung with Floy Taylor playing accompaniment. Martha Kamradt, Auxiliary Chaplain invoked the Blessing. Supper was then served buffet style. After all had their fill of the many tasty dishes furnished by the ladies, Auxiliary President Edna Wilkins introduced Frank Stucker who is District Child Welfare Chairman also Post Americanism Chairman. Frank then acted as Master of Ceremonies and introduced Hilda Bathke Auxiliary District President. Hilda gave a fine talk on Americanism and Jr. Act-

PROBATE ORDER

Hearing of Claims
State of Michigan, The Probate Court for the County of Charlevoix.

In the Matter of the Estate of Robert W. Allen, Deceased.

At a session of said Court, held in the Probate Office in the City of Charlevoix, in said County, on the 8th day of November, 1949. Present: Floyd A. Supp, Probate Judge.

The above estate having been admitted to probate and Augustine F. Allen having been appointed Administrator with Will annexed.

It is Ordered, That 2 months from this date be allowed for creditors to present their claims against said estate for examination and adjustment, and that all creditors of said deceased, are required to present their claims to said Court, at the Probate Office in the City of Charlevoix, on or before the 17th day of January, 1950, at two o'clock in the afternoon, at which time claims will be heard.

It is Further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the Charlevoix County Herald, a newspaper printed and circulated in said county.

ivities. Edna Wilkins was then called on and gave a summary of last years' Christmas project. She also gave a brief outline of the Unit's program for this Christmas. Edna then told of the plans for the Hospital work she has outlined and made an appeal for help in carrying out the program. Frank Stucker, main speaker of the evening, gave a fine talk on Americanism and Child Welfare. He told of the splendid work the Legion has done along these lines since its organization. He especially emphasized the importance of all the people in the Community in supporting the school and Jr. Athletic Programs, at all times, as a fine means of building American principles and good citizenship not only when they are winning teams but losing as well. He concluded his speech by reading a stirring Memorial Address made by Father Frank L. Harrington, American Legion National Chaplain at the 1948 National Convention in Miami, Fla.

The program was then turned over to Joe Wilkins for a little fun. Joe led everyone in singing some old favorite songs. He called on several of the Vets of World War I to tell of what they were doing on the first Armistice Day 31 years ago. A cake baked by Mary Hayes and beautifully decorated in the colors and emblem of the Auxiliary was then raffled off and won by Betty Jo Strehl who in turn donated it for auction. The proceeds were all turned over to the Auxiliary Kitchen Fund, Mary credited with \$10 and Betty Jo with \$1.05. The Chrome Cook Ware was raffled off with Ed Kamradt and Joe Bugai conducting the drawing. The third and lucky ticket was held by Frank Stucker who was very surprised and happy to be the winner. The Colors were retired and another successful Legion party was concluded.

Although Armistice Day has become a time for social get-togethers everyone was well aware of

the great sacrifices the Armed Forces of the First World War made as well as the boys of the late War and in their hearts again made the promise that these brave heroes of two great wars "Shall not have died in vain", that we as American Legion families will do all in our power to make sure the world shall be safe for Democracy.

Red Cross Recreation Program Helps Hospitalized Servicemen

Providing recreation and entertainment for hospitalized and convalescent servicemen is an important Red Cross job at military hospitals. These Red Cross hospital recreation workers take a group of patients for a tour of Mammoth Cave, Ky., during an outing sponsored by a community service organization.

Any woman will tell you she'd rather nurse five sick children than one sick man. Doctors and nurses are inclined to agree with her. A man resents being helpless and is often beset by fears for himself and his family.

The sick soldier is little different from the civilian, except that treating the sick serviceman presents additional problems.

Unlike the patient in the civilian hospital, who undergoes his convalescence at home, the soldier remains in the hospital until he is completely fit for duty. After the acute phase of the serviceman's illness is past, he is sent to a "reconditioning ward," where he remains until he is able to take up his regular military job. Sometimes he remains there for weeks. An usually he is far from home.

For recreation and simple, pleasurable activities to fill those long hours of convalescence, military physicians in post hospitals look to the American Red Cross and its corps of specially trained recre-

ation workers. Recreational programs are adapted to the needs of both the man confined to his ward and the convalescent. They range from teaching a bedridden man to play solitaire to dances and bingo games for the man on the road to recovery.

There are motion pictures for both ward patients and the convalescent, and for the ambulatory patients there are tickets and transportation to nearby ball parks and theaters.

There are also the special services provided by volunteer workers. Gray Ladies run errands and write letters, Motor Service provides transportation. Volunteer Services, working with other community agencies, help bring into the hospitals boys and girls of the same age group as the hospitalized serviceman.

Red Cross provides the "home touch" which, added to medical and nursing care, helps restore the sick man to good health.

WEEKLY NEWS ANALYSIS

Bethlehem Steel Signs With Union; Confusion Shrouds Defense Policy; Industry Profits Reflect Up-Trend

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

BIG STEEL:

The Break Comes

The break had come in the steel strike. The United Steelworkers had signed an agreement with the Bethlehem steel corporation ending the strike for that company's 80,000 workers and breaking the otherwise solid front that had been maintained by big steel in the strike issue.

IT WAS A TRIUMPH for CIO's President Philip Murray who announced that the agreement called for Bethlehem to pay the full cost of minimum \$100-a-month pensions for all employees 65 or over with 25 years of service. A social insurance plan also was included in the agreement.

Bethlehem, the industry's second largest producer, was the first unit of big steel to capitulate to union demands for a company-financed pension and welfare plan.

No one could say just how much the pension program would cost the steel company per hour for each employee once it begins operating. It was expected the pension plan would start to function in January and the social insurance program would get underway at about the same time.

Murray told newsmen that a "very conservative" estimate of the pension cost to the company would be about 10 cents an hour, but added actuarial studies would have to be made before the cost could be determined definitely.

THE CIO LEADER said the Bethlehem action would set a pattern for the steel industry, but declined to say what companies he was talking to privately.

"Big Steel," speaking through U.S. Steel corporation President Benjamin F. Fairless said:

"We renew our earlier proposals to sit down with the steelworkers union in an endeavor to negotiate a mutually satisfactory program . . . of course we will study the Bethlehem settlement."

The question was: How long would the remainder of "big steel" hold out? The Bethlehem pact was a forceful argument for the unions for, they could argue, if Bethlehem can do it, so can you.

STETTINIUS:

Was Hard Worker

With the death of Edward R. Stettinius, another major figure of the Roosevelt era passed from the American scene. The former secretary of state died of a heart attack at the age of 49.

STETTINIUS' contributions to his government were many and valuable. A rich man's son, he scorned a life of leisure and, instead, determined to make his own way, which he did rather well. He was chairman of the U.S. steel corporation at the age of 37. At 44, he was U.S. secretary of state, the top cabinet post. He was lend-lease administrator, taking over that post in 1941, a job in which he directed the 60-billion-dollar flow of supplies that played a major role in defeat of the axis powers.

Youngest secretary of state since the administration of George Washington, Stettinius held the post only 11 months. He resigned to become the first U.S. delegate to the United Nations general assembly. He was one of Roosevelt's advisers at the Yalta conference with Winston Churchill and Joseph Stalin.

ALBANIA:

New 'Strong Man'

The Communists were beginning to throw their weight around in Albania. A new Communist "strong man," Lt. Gen. Mehmet Shehu, Moscow-trained army chief of staff, was reported gradually taking over control from Premier Hoxha.

ACCORDING to reports reaching western diplomats, Shehu appears to be the actual ruler of the country. Hoxha, Albanian leader for five years, was reported to have been shoved into the background although he retains the title of premier.

The "strong man" is only 38 and he not only is the boss of the army, but also chief of the secret police, interior minister and vice-premier. He is described as the most ruthless Communist in Albania. He gained considerable fame in Albania during the war by leading the first Albanian partisan division in many deadly raids against Germans and Italians.

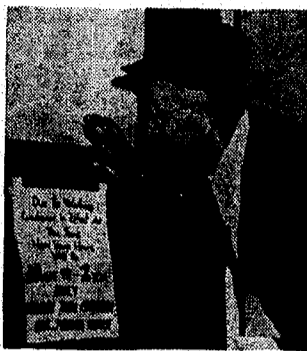

NICKEL CUT:

Howl of Protest

The Eatonton, Ga., city council recently devaluated the nickel and right away got a taste of the trouble Britain is having with the pound sterling.

The value of the nickel went down when the council raised the price of soft drinks by levying a penny tax. The bottling business immediately went to pot. Some stores quit selling soda pop altogether to escape the customer ire.

Slowing Down

Indicative of the general slowing down in industry and field affected by it as a result of the coal strike is this photo of a store of the Westland mine of the Pittsburgh coal company. Because sales dropped so much with miners out of work, the store cut its operating hours from 9 each day to 4.

DEFENSE:

Some Confusion

It was difficult to reconcile Mr. Truman's constant emphasis on the grave defense problem, that he slanders the nation, with his slashing of the air force budget which limited the groups to 58, and the more recent decision of the navy to cut 31 warships from the active fleet.

THESE ACTIONS served only to intensify the average citizen's confusion and puzzlement as to what actually is the status of the country's defense needs.

The navy's top admiral had been ousted because he contended present defense policies would destroy navy value and effectiveness. Other navy officials were facing probable punishment for speaking out. Unification and harmony were urged on all sides as a desperate need if this nation is to protect itself in the world of today.

Despite all that, the air force was to be less than its generals declared it should be and the navy was being deprived of much of its strength. This left still hanging the question of who was right in the row over armed service unification and the proper defense setup.

THE NAVY was taking 77 ships out of active service—cutting the operating fleet by 31 warships in line with fund reductions. The fleet by mid-1950 will be made up of 237 combat vessels, instead of the 287 it had on September 1. Most of the cut was to be in the Atlantic force.

It was also reported that 54,891 men will be whittled from the navy and marine corps by next July to correspond with the reduction in ships.

INDUSTRY:

Profits Climb

The first upward trend in U.S. industry profits since the peak of earnings was reached in the third quarter of 1948 was reported in New York.

Profits turned around and headed upward in the third quarter of 1949, the report said, and pointed out that 1948 was a banner year that surpassed even the fabulous 1929. Thus it appeared that industry earnings were at a record peak.

BUT THE PICTURE was not quite as bright as it may have appeared. Washington had a different report. Commerce Secretary Sawyer reported that the coal and steel strikes had increased the number of jobless by 225,000 in the week ending October 8, as compared with early September. It was quite possible that the strike effect had not been felt strongly enough as yet to influence the rosy report concerning earnings in industry.

The future was uncertain. As strikes continued, so would purchasing power dwindle, and with that fall-off would come an inevitable decline in industry earnings. HE EMPHASIZED that the figures released do not show the full effects of the strikes because they were compiled while the walkouts were in their early stages.

As for industry profit, a compilation by the Associated Press showed net profits of 314 companies amounted to one billion, three million, 644,061 dollars in the third quarter of this year—an increase of 4.3 per cent over earnings of 962 million, 102,819 dollars in the second quarter of 1949.

Bethlehem Appeal

Protestant churches during the Christmas holiday season will seek funds to provide clothing, education, recreation and spiritual leadership for refugees in the Near East.

Church World Service, Inc., overseas relief agency for 23 Protestant and Orthodox denominations, said a special Bethlehem Appeal committee would seek gifts to aid refugees stranded in Bethlehem and other Near East areas.

RELIGION:

New Concept Urged

When man finds himself unable to cope with the myriad problems that beset him, when there seems to be no avenue toward solution within himself, he is wont to turn to the concept of Divine aid for the help he needs.

AS THIS IS TRUE of most individuals, it is essentially true of this nation, as evidenced by the motto on its coins, the frequent allusions to the Divinity in its constitution and laws.

But, it seemed, a new concept, a new dedication to religion was needed. President Harry Truman himself went on the air to emphasize that need. His broadcast was part of the program, "Religion in American Life," sponsored by the Federal Council of Churches, the Synagogue Council of America, and 18 other religious bodies.

The President urged every American to take an active part in the religious life of his community and give generous support to religious institutions.

Turning to the perplexed world situation of today, he declared that every problem in the world could be solved "if men would live by the principles of the ancient prophets and the Sermon on the Mount."

BUT he added, that religion is like freedom—"we cannot take it for granted."

"Man to be free," the President said, "must work at it. And man—to be truly religious—must work at that, too. Unless men live by their faith and practice their faith in their daily lives, religion cannot be a living force in the world today."

BARKLEY:

He Made It

He said he had no way of knowing whether he'd "make the grade," but he made it. On Halloween eve, Vice-President Alben W. Barkley's plans to marry his Missouri sweetheart, Mrs. Carleton Hadley, were announced. With the wedding would culminate a romance that had the entire nation looking on with eager and excited interest.

THE VICE-PRESIDENT is 71 and a widower. Mrs. Hadley is 38 and a widow. Mr. Barkley's age, however, was no apparent obstacle to his courtship, just as it hasn't been to his political and governmental accomplishments. An ardent and active suitor, he squired Mrs. Hadley to numerous social affairs, almost commuted to Missouri from Washington as the courtship progressed.

Mrs. Estell Rucker, mother of Mrs. Hadley, was all smiles when she was told of the proposed nuptials. "I've been sitting on a volcano," she said. "It suddenly blew up. All this excitement!"

The Hadley-Barkley romance began last spring at Washington when the two met at a party in her honor by Clark Gifford, presidential adviser.

PRESIDENT TRUMAN was duly notified of the event and, it was said, would be present at the wedding.

GYPSIES:

Free as Ever

In Belfast, Ireland, there was sounded a new and lighter note in the dismal refrain of world confusion.

Gypsies, with freedom of movement since time immemorial, were supported by the minister of home affairs when efforts were made to crack down on them and other itinerants in northern Ireland.

THE MINISTER of home affairs took the view that proposed legislation was "rather too drastic to meet a situation which is more of an annoyance to individuals than a threat to community well-being."

One complaint, issued to bolster the proposed legislation, was that the gypsies tramped down crops.

Missing

Stuart Benson, 72, internationally known sculptor, was reported missing when the Polish liner "Sobieski," on which he was a passenger, docked in New York. The ship's master said the ship was searched for 24 hours but no trace of Benson was found.

ASIA:

How Much?

Top policy makers in the U. S. government were beginning to talk about a "little Marshall plan" for Asia, hoping that congress will appropriate approximately a billion dollars to "start off" the program designed to stop the spread of communism in Asiatic countries.

The news was in line with announcement of a meeting early next year to set up a non-Communist union of southeast Asian countries.

Customers' Corner
Why will food prices go up if the anti-trust lawyers win their suit to put A&P out of business?
Here is just one of a number of reasons:
We manufacture many of the quality foods we sell in our stores, such as Bokar, Red Circle and Eight O'Clock Coffees, Ann Page Foods, White House Milk and many others.
Because this saves us money we are able to pass along these savings to our customers in the form of lower prices.
The anti-trust lawyers have asked the court to order us to get rid of our manufacturing facilities, which would put an end to all these savings.
Make no mistake about it. If the anti-trust lawyers succeed in putting A&P out of business, you will find your food bill is higher.

Rural Tele-news

GOOD NEIGHBORS—In Michigan Bell territory there are more than 450 "roadway telephone companies"—small organizations whose farmer-members own and maintain some 6,000 telephones and 640 lines which connect with Michigan Bell switchboards. Michigan Bell charges the roadways only for switching and Long Distance calls, but as good neighbors, the company's technicians are available for assistance. They inspect the lines, demonstrate proper construction methods, help the roadways to obtain materials, and loan them special telephone tools. This helps to assure better rural telephone service for everyone.

TINY TUBE—A new electron tube, developed by Bell Telephone Laboratories, is so small that it must be assembled under a microscope. It is six times more sensitive than present tubes used in radio relay Long Distance circuits and mobile telephone service. It will save space and save power and have a longer life. It's another step in the parade of telephone progress.

HOW LONG IS A LONG DISTANCE? It may be across several counties, across the state or across the nation. But actually today, distance doesn't matter when you want to talk to someone. Your telephone will take you anywhere in a few minutes. If it's a buyer of farm products or a supplier of farm equipment you want to reach, one Long Distance call may make or save you many dollars. Service is friendly and courteous. And it costs surprisingly little.

SCRIPTURE: Isaiah 55: 1-4
DEVOTIONAL READING: Romans 10: 1-13

God's Open House
Lesson for November 20, 1949

IT IS A WARM chapter, this 55th of Isaiah. Some false ideas about God melt away fast when they are brought close to it. Let us take a look at some of these notions and see how they will in the light of God's word. Sometimes these notions are held sincerely, sometimes they are mere excuses to keep from facing God. One of these mistaken notions is the idea that God has two lists; one is a list of people on whom he intends to have mercy, and will save; the other list being a private one, of those on whom he intends to have no mercy and will not save.

If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix; for if God is not going to help you, who can?

This is a terribly wrong notion. It ceases the true God with some sort of sultan in the sky who has a "social register" of persons he will admit to his palace. "Use this invitation as your card of admittance." No, it is not at all like that.

If you really think that admission to heaven is by card only, then cut out Isaiah 55 and present it at the gate. Cut out any verse in the Bible that says "Whosoever,"—John 3:18 for example—and present that. God keeps open house, he does not employ butlers or strong-arm men to keep out the crowds, he wants all to come who will. Do you want God? Then come. Are you thirsty for the living water? Then drink. It is as simple as that.

No Waiting
THERE IS ANOTHER notion that keeps people away from God. It is a kind of shyness. It is the feeling that maybe it isn't any use hunting for God. It is the feeling a boy has when he is lost in the woods and has about made up his mind that there is no use in walking any more, he will just sit down and wait till somebody finds him.

It is the feeling that God may be sensitive and doesn't want people coming bothering him. It is the notion that if God wants me, he will knock me down and drag me where he wants me to be. A man with a notion like that, of course, isn't likely to meet with God. He spends his life paying God no attention whatever, not even thinking about him, perhaps. He may even go as far as he can from the Father's house, believing that God's long arm, like the long arm of the F.B.I. or the Mounties, will reach after him and get him in case God ever wants him.

Now this is a ridiculous idea and a bad one too. Isaiah would not think it true for a minute. "Seek ye the Lord," he says. "Call on God . . . return to the Lord." "Incline your ear and come!" This means you—if you will. But if you won't, God will not force you. He forces no man. He wants willing obedience, loving service, not slavery. God will have no chain on you but the chain of love. God keeps an open house, not a prison farm.

No House Of Horrors
ANOTHER WRONG NOTION, for which, alas, many a church member is partly responsible, is the notion that the nearer we get to God, the gloomier we shall be.

All the talk about sacrifice and suffering for others, such as we were thinking of last week, all the emphasis in the church on the death of Christ, all the solemnity of most church services, make people think: "God may be all right for solemn people, but not for me: I like life with a smile."

Now that is just another mistaken notion. The very persons who know the deeper meanings of sacrifice are just the persons who don't like to use that word about themselves.

In fact, it could be said that in general it is only Christians who have a right to be gay. Jesus himself, on the same night in which he was betrayed, spoke to his friends about sharing his joy to the full. Isaiah 55 is certainly no invitation to gloom. Joy, peace, the clapping of hands are there. But how do we know Isaiah was right? There is only one way, and that is not to sit arguing about it. You never know what a party is like by staying at home.

Do you really want to find out what goes on there? Don't be content to hear others say, "It's wonderful!" God's door stands open.

Looking Backward . . .

NOVEMBER 13, 1909

The wrecking tug Ottawa went to the assistance of the steam barge Falcon which grounded on South Fox Island Sunday night, but up to the present has been unable to give any assistance. The Falcon, bound from Escanaba to East Jordan with 1,050 tons of iron struck South Fox about 9 o'clock Sunday night in a storm, going on four miles north of the lighthouse about half way between the light and northwest point. She went on about half her length. Probably half her cargo was shoveled overboard by the crew in an effort to free her and she was getting off under her own power when a gale came up out of the northwest driving her on so hard that Captain R. J. Ried and the crew of 13 men were forced to abandon her. The boat was in bad shape, having been severely pounded by heavy seas and the captain and crew had not left until it was apparent that there was grave danger of her breaking up. Capt. Reid and crew, which included Harry Simmons of this city, were brought to Northport, Tuesday by a gasoline boat and Wednesday went to Charlevoix.

Township ballots containing the names of candidates for election as PMA (formerly AAA) community committeemen and as delegates to the county PMA convention are now being mailed to all eligible farmer-voters in Charlevoix County, according to LeRoy Hardy, chairman of the present Charlevoix County PMA Committee.

The mailing is expected to be completed prior to November 24 and farmers who receive ballots will have until Dec. 22 in which to mark their ballots and return them, either by mail or in person, to the county PMA office.

All ballots received in the county PMA office through Dec. 22 will be counted on Dec. 23 by an impartial 3-man election board.

The names of nominees for the following positions will appear on the official ballots; chairman of community PMA committee; first and second alternates to community PMA committee; delegate and alternate delegate to the county PMA convention.

Persons elected on the community PMA committees will take office on Jan. 1, 1950, and will serve throughout the ensuing year.

Elected delegates to the county PMA convention will meet in the county PMA office on Dec. 30 for the purpose of nominating and electing a county PMA committee of three members and two alternates to serve during 1950.

Any farmer will be eligible to vote in the community PMA committee elections who has an interest in a farm either as owner, operator, or tenant if a payment or agricultural conservation program for 1949, or if such a payment or grant was made to the farm under the program during any one of the preceding three years and there is being carried out on the farm now an authorized conservation practice, or if such farmer is eligible for a price support loan or purchase agreement or other price support measure; or if such farmer is eligible for a payment under the Sugar Act program; or if such farmer now has a contract with the federal crop insurance program.

Any farmer who does not receive a ballot through the mail and believes he is eligible to vote should call or contact the county PMA office for clarification of his status.

TAKE YOUR CHOICE FOR THANKSGIVING

RECIPE OF THE WEEK

by Mary Lee Taylor

Mince-meat Cup Cakes

1 1/2 cups sifted all-purpose flour
2 teaspoons baking powder
1/2 cup sugar
1 teaspoon salt
1/2 cup soft shortening
1 beaten egg
1 teaspoon vanilla
1 cup moist mince-meat
1/2 cup fat milk
1/2 cup water

Turn on oven; set at moderately slow (350° F.). Grease well twelve 2 1/2-in. muffin cups each holding about 1/2 cup. Sift together into bowl flour, baking powder, sugar and salt. Add rest of ingredients all at once. Beat vigorously 2 min. with spoon or electric beater at medium speed. Fill muffin cups only 3/4 full. Bake on oven shelf slightly above center 30 min., or until cakes shrink from sides of cups.

THE PILGRIMS KNEW HOW TO EAT!
Believe it or not, it took the Pilgrims a whole week to eat their first Thanksgiving dinner, even with the help of the Indians! For interesting facts, read "Here's How!" entertaining quiz show, in Pictorial Review, all-star magazine with this Sunday's (November 20) issue of The Detroit Sunday Times.

The School Bell...

(Continued from page 1)
 Judy Malpass has measles—three day ones, we hope.
 Thanksgiving is coming soon. We are learning songs for Thanksgiving. We will sing them in Assembly on Wednesday, Nov. 23.
 We have a new number chart. Little Beaver is on pages 1 and 2. He cannot count.
 We are learning our ABC's.

SECOND Grade — Mrs. Johnston
 This week is Book Week. Each one of us brought a book of his own to school to share with each other. We found out there were many different stories we could read and enjoy together.

Mrs. Johnston told us the story about "The First Thanksgiving". It was interesting to learn that this event took place many years ago. We are happy and thankful we live in America and can spend our Thanksgiving the way we choose.

Last week George Savory had a birthday. He treated the class to delicious cookies and suckers. We were happy to help George celebrate his own day.

We were pleased to receive from Mr. Cunningham a beautiful moss garden which he made for our room. He told us how it was made and what we should do in caring for the garden. It helps to make our room look attractive.

We contributed \$2.15 to the Junior Red Cross drive which ended last Friday. Most of us received pins to wear.

Jolly Jingo reminded us this week that we should all work together and get our work done on time. Then we'll have more time for play.

SECOND and Third Grades — Adeline Bowerman

Gary Redmer left our third grade group and will attend school at Lake Orion.

In social studies and tying in with the Thanksgiving story, we are learning about the early colonial people. We are looking for books and pictures which tell us something of the Pilgrims, their homes, clothes, food and customs. In knowing of the hardships which our forefathers had to endure, we should appreciate more the things which we have. We are going to try making candles by the hand dipping method and by a mold.

For memory work we are learning Ralph Waldo Emerson's "Father, We Thank Thee". We have illustrated the poem by pictures for our bulletin board.

For Children's Week, we added a new version to "There Was An Old Woman" by illustrating in a sandbox scene that "She gave them each a book to read, then her troubles were through." The third grade boys fixed the "shoe house" and picket fence and the girls arranged the doll "children" with books. This was their first experience at setting up a sandbox scene so they are pretty proud of their efforts.

THIRD Grade — Mrs. Hughes

We are preparing a part for assembly this week, taken from our language work and our music period.

Kay Robinson left our room to go to the Flint schools. Her family has moved to Flint. We all miss Kaye.

Pat Porter, Carolyn Stokes, Jack Collins, Carolyn Malpass were on the sick list and absent from school last week.

FOURTH Grade — Mrs. Galmore

The first reading group is enjoying its book, "Let's Look Around", as it tells so many stories of the early pioneers. They were especially interested in how ink and soap were made.

We are working on Thanksgiving songs, both new and old, for the Assembly Program Friday.

We are making a Thanksgiving scene on our bulletin board. There are Indians and Pilgrims coming

to the feast. They are bringing things to eat and the women are cooking for the feast.—Rhea Zitka.

We are making puppets in school. We are going to have a puppet show and put it on for Mrs. Snyder's room.—Gene Richards.

Judy Shedina had a birthday on Friday. She got a lot of presents. She got a pen, a raincoat, some storybooks, and two funny books.—Georgia Derenzy.

George Kotolik came home from the hospital. He says it is hot fun.—Betty McRoberts.

FOURTH Grade — Mrs. Snyder

Miss Betty Brooks is learning to be a good teacher so she is helping us this week. She was graduated from East Jordan High School in 1948 and has been attending Central Michigan College of Education. We hope she will enjoy studying with us.

We are making pictures for Thanksgiving to decorate our room. We want it to look nice for the teachers who are going to visit us from Charlevoix County on Wednesday night.

Wanda Gikerson, and Gloria Schlika have birthdays this week and Nickolyn Myers has one on Sunday, Nov. 20. We hope they will have very nice birthdays.

We have been studying foods in our "Food Trails" books. We have learned a lot about food. We are keeping a food chart. We learned that corn is more valuable than all the gold and silver in the world. We also learned that we should eat something each day from the seven basic food groups.

We have just finished a trip across the United States on the Lincoln Highway in our geography books, from New York to San Francisco. We took a trip to Yellowstone National Park on our way across. We also took a side trip to Chicago. We went through many states. We found that New York City is the biggest city in the United States. We drew a map of the Lincoln Highway. We took a train back to New York City from San Francisco.

We made pictures for the bulletin board where Columbus sailed to America. We made the sea and the land where the Indians were.

FIFTH Grade — Mrs. Liskum

We have our reading tables made and painted. They look very bright and pretty and we find them very useful.

We chose sides for a race in learning tables. Deanna is captain of the Tigers and Janet is captain of the Lions. The Lions are in the lead but the Tigers are working hard to catch up.

Mr. VanderVenter visited our room Thursday.

Last week we studied about the Spanish explorers in the New World, and this week we are learning about the French in America.

FIFTH Grade — Elizabeth Dhaseleer

Jack Ingalls is absent for the first time in five years. We are very sorry that he broke his record.—Tod Reuling.

We are studying about food crops in the United States. We are

finding where they are grown and why they are grown there. We also are learning how they are marketed. Some of these crops are: citrus fruits, apples, sugar cane and sugar beets, potatoes, sweet potatoes and peanuts.—Steve Brennan.

Betty Detlaff has been absent for five days because of an ear infection.—Margaret Gifford.

My father is going hunting Tuesday. We have apple trees in our yard and the deer come up there almost every morning.—Betty Fisher.

Karen Bradshaw was out of

school a whole week on account of tonsillitis. She is with us again today. We are happy to have her back.—Vera Judy.

We are drawing pictures showing the lives of the Pilgrims at Plymouth from the coming of the Mayflower until the first Thanksgiving.—Richard Bayliss.

Payth Redmer has moved to Detroit because her father works there and now he won't have to come up here to be with his family.—Evelyn Crawford.

Saturday afternoon at 2 o'clock the 4-H girls in Mrs. Larsen's and our rooms had the installation of

officers. This was done by the Peninsula Sewing Club. The ceremony was pretty. One candle was lighted to stand for the spirit of the new club, and four others to stand for the four H's which mean head, heart, hands and health. Sandwiches, cookies and grape juice were served for refreshments.—Mariann Donaldson.

SIXTH Grade — Alma Larsen
 Mrs. Seiler loaned us some articles from India. There was a picture of John Seiler and his Cricket Club, a pair of shoes and a cloak that he wore. There was

also a miniature dinner pail, a pair of drapes, book ends, pillow case, and a hand made basket. We really appreciated seeing these things. Thank you Mrs. Seiler.—Ruth Ann Kratochvil.

We are going to have assembly Friday at one o'clock in the Gym. Our room is going to put on a play called "In the Land of No Reading". We are studying India in geography.—Philip Raymond.

There is no school Tuesday the 15th because it's the first day of deer season. Some of the boys and girls are making hot pads for 4-H.—Jerry O'Brien.
