## Dies Suddenly In Accident

### JAMES GIDLEY WAS EN-ROUTE TO FLORIDA ON VACATION

This community was shocked Sunday evening when news came that James Gidley was instantly killed in an auto crash at Lebanon, Tenn. Mrs. Gidley and sister-in-law, Mrs. Chas. Gidley, of Lansing, were in a hospital there with shock and minor injuries.

Mr. and Mrs. Gidley left East Jordan Thursday for Florida to spend the balance of the winter. They stayed in Lansing until Saturday, their sister-in-law accompanying them.

Mr. Gidley came to East Jordan when a young man and has operated a drug store in the city for the past fifty years. He was a life member of the East Jordan Masonic Lodge, No. 379, F. & A. M., a charter member of the East Jordan Rotary Club and a member of the Presbyterian Church.

Mr. Gidley was born Feb. 22, 1881, at Sand Creek, Neb. On Dec. 31, 1908, he was united in marriage to Miss Myrtle Grigsby of East Jordan.

He ended with a 217 game as did Joe Wilkins, the lead off man for Chris's. Following behind these two scores was Leo Somerville's 210, Chris Taylor's 142 and Greg Boswell's 180 giving them a finishing game of 966, yet they were only able to win the game by 34 pins. The Recreation had 934 as Bud Hite and Barney Adair came up with 222 and 223 for the Recreation. The Legionnaires dropped the first game to Brock's Turkey Farm, then came back to win the last two games by sufficient to give them 3 points with a total margin of only 5 pins. ## Retailers Push Egg Sales To Aid Farmers

Retail and chain store grocers in Michigan have joined poultrymen in pushing eggs and poultry products during the current surplus, according to J. M. Moore, poultry extension specialist at Michigan State College.

"Many grocers are giving special attention to eggs, pointing out with advertising and sales promotion that they offer a fine opportunity to balance both the budget and the diet," Moore said.

One large chain grocery firm reports they are featuring eggs "and will continue to do so as long as they are causing a surplus problem."

Moore said the current surplus is causing the industry great concern as orders are being placed or delivery is being taken now for chicks that will produce next winter's eggs. "If too many producers become discouraged, flock numbers will go down and consumers will find the price situation on eggs next winter just the reverse," the poultry specialist predicted.

In the Ladies League, Metal Products' lead was pared to five points as the Central Lake Torch girls defeated the leaders 3-1, with Harriet Moore doing the honors on games of 155-198-147-500. Her middle game of 198 was tops for the leagues and her series of 500 also was high in that department. The State Bank split with Cal's Tavern to hold second place 1 point ahead of Bachmann's, who dropped St. Joseph 3-1. The Dress & Gift Shop continued their winning ways and moved into 4th place ahead of Quality Food who took all four points from Home Modernizing. ## Red Devils Fight to Victory Over Gaylord

### WIN BY SCORE OF 36-30. HARBOR HERE, FRIDAY

Last Friday when our boys traveled to Gaylord to have a game between the "Devils" our Red Devils defeated their Blue Devils. It was a very good game, and when, in the first quarter, the Blue Devils scored 13 points to our 4, some fans were a little perplexed. Gaylord has had a very good ball-club all through the conference tilts and has given some of the more outstanding teams stiff competition. At the half, Gaylord was still in the lead, but our Red Devils were now on the ball and scored 10 points to the Blue Devil's 3 points. This left the score at the half 16-14 in Gaylord's favor.

Coach must have given the boys a real pep talk during the half, because when the third quarter started, our boys were really "hot" and set up a very good defense and showed some excellent offensive plays. During this quarter Don Whiteford, our left forward, scored 9 points. At the end of the third quarter, our boys racked up a score of 27, while Gaylord had only 20. During the last quarter, which seemed an hour long, both teams were fighting for all they were worth, and the crowd went wild. Both teams were scoring, and during the last few minutes of the game, while the Red Devils were trying to hold out, Gaylord stole the ball twice and scored. The final score was 36-30 in East Jordan's favor. Our high point man was Don Whiteford with 16 points to his credit. Kuras had 8 points as high point man for Gaylord. Both teams played a swell game, and credit must be given to all the boys on the team for the swell job they did.

The second team won its game, too, by a score of 37-32. Both coaches played their freshmen groups, and it was a nice game to watch. "Lefty" Vermillion did a very good job of ball handling and Bill Addis was high point man with 9 to his credit.

Tuesday the Red Devils meet Kalkaska, there, for a non-conference game, and Friday we play Harbor Springs on our own floor.

## MICHIGAN MIRROR

Michigan's state government received \$506.4 million in its various operating funds in 1948-49 to finance the various programs which the state undertakes, according to a study just completed by the Bureau of Governmental Research, Detroit.

Such receipts were 67 percent greater than those the state received in 1945-46.

Seventy-two percent of the state's revenues this fiscal year came from taxes—such as the sales tax, cigarette tax, corporation tax, gasoline tax, weight tax, intangibles tax and many others.

Revenue from state enterprises, regulatory services, patients and convicts and miscellaneous sources accounted for 14 percent of the total.

The remaining 14 percent came from Washington in the form of "grants-in-aid" to help finance those programs which Congress has decided at one time or another that the state or local units should undertake.

With the exception of the charges that the state makes for certain services, all its revenues come from taxes—direct or indirect—levied upon all of us as

individuals, consumers or businesses. In most instances the tax money goes to Lansing.

But \$73.1 million comes to Lansing via Washington. That money, nevertheless, is from the pockets of Michigan taxpayers.

Michigan state government paid to its local units of government 61.2 percent of its total revenues in 1948-49. Most of this "aid" came direct from Lansing—having been raised by state-wide taxes. But a portion of such aid was funneled through Lansing from Washington to the local units of government. During the past four years well over one-half of the state's revenues are distributed back to local units.

Local units of government—cities, villages, townships, school districts, counties and other special districts—and many citizens sometimes forget that this money which is "given" them by the state can come from only one source—TAXES.

TAXES regardless of what government collect them or which one in the final analysis receives them to expend are paid by all of us who receive an income.

Every dollar spent by government is a dollar the citizen does not have to spend for himself at his own choice.

SCRIPTURE: Acts 13:2-14:28. DEVOTIONAL READING: Isaiah 49:9-13.

**Gospel Goes West**

Lesson for February 12, 1950

**SO YOU DON'T BELIEVE** in foreign missions? Then you can't read the New Testament with any comfort. Every book in it was written either by a missionary, or about missionaries, or to missionaries, or to be used in mission work. Chapters 13 and 14 of Acts tell us about the first organized foreign mission project in the history of the Christian church. It is the story of how the Gospel was taken out of the narrow strip of coastland along the eastern shore of the Mediterranean, where it was born, out into the western world.

Dr. Foreman

**The Best They Had**

**THE FIRST** missionary party were not raw untried men. They were Barnabas and Saul, the top leaders of Antioch. These men had done a great work in Antioch; their usefulness there was not at an end by any means. But the church sent them away to win souls elsewhere. It is a mistake to suppose that just anybody will do as a missionary.

Ignorant people who suppose that missionaries are only the "culls" of the church don't know the facts. A few years ago a scientist, Ellsworth Huntington, made a study of the graduates of Yale and Harvard who were successful enough to be written up in "Who's Who in America." He found that missionaries' sons furnished the largest proportion of those successful men.

The reason for this, he believed, is that only in missionary families do you find that both parents, and not just one, have to go through a rigid sifting process. Only the best—mentally, morally, physically—are accepted by the church today as missionaries.

**Strategic Centers**

**SAUL**, or Paul, who came rapidly to the front in the missionary team, was all for efficiency. He never did a thing the hard way if an easier way would save his energy. So we find him heading for the great centers of population.

In the synagogues he would find the most religious people in the city, people who already believed in the One God and who took seriously the Law and the Prophets.

Barnabas and Saul stuck to cities for another reason also. Not that they despised small-town folk, but they knew that cities are where the crowds are. For every dozen people they could reach in a village, there were hundreds to be reached in the cities. So today, mission work has generally concentrated first in the most heavily settled regions.

**The Follow-Up**

**SAUL AND BARNABAS** also set the example for later generations in their use of the "follow-up." They did not suppose that simply converting people was enough. There had to be second visits. Some churches Paul visited as many as five times. They would appoint officers in every church. They knew that organized religion is more likely to last than disorganized religion.

They were not fly-by-night evangelists, leaving behind them only an ebbing wave of emotional excitement. Every rose grower knows that it is better to put a 10-cent rose in a 50-cent hole than to put a 50-cent rose into a 10-cent hole.

So Paul did not stick little seedlings of new Christians into barren ground at random; he took pains to see that they were solidly planted in good rose-beds.

**The Holy Spirit**

**THERE IS ANOTHER**, and most important, way in which this first missionary effort has set the pace for all since: From beginning to end, they depended on the Holy Spirit. It was the Spirit who first suggested the idea; it was the Spirit who gave the power, and furnished the guidance. Not that the Spirit was or is a substitute for human effort.

But to this very day, if you want to find persons who know about the Holy Spirit at first hand, who know what it means to depend on the Spirit and to be used by Him, then get acquainted with your church's missionaries.

What to so many of us churchgoers is only a name, to them is the deepest reality by which they live.

A meeting for all folks who are interested in the production of vegetables such as carrots, red beets, string beans, cucumbers, sweet corn and so forth has been scheduled for this Thursday evening Feb. 9, in the Band room of the East Jordan High School starting promptly at 8:30 p. m. Art Isbit, extension specialist from Michigan State College will be present at this meeting to discuss various problems in the growing of vegetable crops.

**PROBLEM IN BARN VENTILATION**

Proper ventilation of the dairy barn to prevent moisture condensation in winter sometimes is tricky business. Take the case of one fellow who installed a new electric system in his barn and found out the corner where the calf pens were located still had a wet ceiling. He wrote to Art Bell, extension agricultural engineer for Michigan State College, and here's Art's answer:

It's natural to think that another exhaust fan in the wet corner would be the answer. However, the answer is just the opposite. Install an intake fan in the wet corner. Here's why: If you put in an

exhaust fan, warm air from the other part of the barn would be drawn to this corner, which is colder because the calves do not give off as much heat. The warm air hitting the colder corner would condense moisture. If you put an intake fan in this corner, the cold air from outside would be pulled in. As it warmed up it would pick up the moisture and the exhaust fans in other parts of the barn would draw it to still warmer areas where it would hold water instead of condensing. Ed. Rebmam

See where a bank in Denver is putting in left-handed checkbooks. They figure their southpaw depositors deserve just as much consideration as the right handers.

Time was when it was believed that left-handed people had no right to exist at all. If a youngster showed signs of using his left hand, his parents were supposed to break him of the habit—to force him to use his right.

But today most doctors will tell you that changing a child's natural left-handed tendency usually causes more harm than good.

Stammering and other nervous disorders often get their start that way with children.

From where I sit, if a man wants to use his left hand—that's his business. It's not such a good idea to make anyone do things our way just because we think it's right. Personally, I think a mellow glass of beer is the finest beverage on earth. If you happen to prefer a Coke—why, go to it! Only leave me the same freedom of choice, won't you?

# The Third Time The Anti-Trust Lawyers Were Wrong!

Is it a crime to give people more good food for their money?

For 90 years A&P has devoted all its energies to this end.

For many months now the anti-trust lawyers from Washington have been giving stories to the newspapers, making speeches and talking over the radio about this company.

They have been making serious and damaging allegations about the methods that enable A&P to give its customers better food values.

We have already told you about other times the anti-trust lawyers made charges against us that were proved utterly false in court.

In the left-hand column on this page you can read what the federal judges had to say about those two cases.

Now we are going to tell you about the third time a federal judge decided against the anti-trust lawyers.

## What Has Gone Before

Today's ad is the third in a series telling about times the anti-trust lawyers made serious and damaging charges against A&P that the courts decided were not true.

In the first ad in this series we told you about the time the anti-trust lawyers charged that A&P, and other good American citizens, conspired to fix the price of bread in Washington. These charges were false.

That was the time Federal Judge T. Alan Goldsborough instructed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

*"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."*

*"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."*

But that was not the only time the anti-trust lawyers made such serious "allegations" against A&P which were false.

In our second ad we told you about the time in Wilson, North Carolina, they charged A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, with conspiring to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Here again, as in the Washington bread case, the charges were false.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

*"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes."*

*"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case."*

*"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."*

So here were two cases in which the anti-trust lawyers made seriously damaging charges against A&P, in which the judge decided that there were no facts to support those charges.

Today, we want to tell you about the third time—this time in Dallas, Texas—the court decided against the anti-trust lawyers.

## The Dallas Anti-Trust Suit

In 1942 the anti-trust lawyers went out to Dallas, Texas, 1,400 miles from the homes of most of the defendants, and instigated criminal charges against A&P.

About this case one thing was sure.

Their previous experience did not deter the anti-trust lawyers from making more inflammatory and damaging allegations, just as they had done before.

They made practically the same allegations they are making today.

Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

Judge Atwell said to the anti-trust lawyers:

*"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."*

Judge Atwell also said to the anti-trust lawyers:

*"If the indictment is not good then it is better to find out before an expensive trial than it is after an expensive trial. I do not think it is good, and thinking that, it is my duty to sustain the demurrers and motion to quash."*

In short, Federal Judge Atwell threw the anti-trust lawyers and their case right out of his court.

So that makes three times that the anti-trust lawyers made damaging allegations against A&P. In two of these cases federal judges said they were all wrong. In the third case a federal judge said that the indictment was inflammatory and he would not even permit the case to be tried.

The anti-trust lawyers were not satisfied with the Dallas decision.

Neither were they satisfied with the two other decisions in which federal courts administered stinging rebukes to them.

They were still determined to destroy A&P.

In our next ad we will tell you how they continued their campaign in this case in the Circuit Court of Appeals and subsequent proceedings.

We will show you how, once again, they disagreed with the courts.

Everything that has happened since this suit was filed proves that the American people don't want A&P destroyed.

A deluge of letters from people in all walks of life and thousands of editorials in newspapers and magazines convince us that the public has faith in A&P.

The housewives of this nation, whose patronage has made this company big, are buying from us in increasing numbers and increasing volume.

Our suppliers, whom the anti-trust lawyers allege we have exploited, are rushing to our support.

Labor leaders, mindful of the fact that A&P employees enjoy the best wages, hours and working conditions, are taking a stand against the suit.

Even many of our good competitors, who the anti-trust lawyers allege are hurt by our competition, have taken ads to tell the public that they don't like this attack on A&P.

All this indicates that the American people realize that the suit to destroy A&P is really a suit against efficiency, against low prices and against real competition.

Apparently most Americans do not want to let the anti-trust lawyers in Washington blow the whistle on any businessman who does a better and more efficient job and grows big in the process.

No one can make them believe it is a crime to try to sell the best quality food at the lowest possible price.

STATE OF MICHIGAN

In the Circuit Court for the County of Charlevoix in Chancery.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Charlevoix, in Chancery:

Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court: 1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and then held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four percent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

## WEEKLY NEWS ANALYSIS

### U. S. Deficit Worries Economists; Acheson Favors Token Formosa Aid; 75-Cent Wage Floor Now Effective

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

#### BIG DEFICIT: Some Are Worried

The two-year, 10-billion-dollar deficit looming as inevitable for the United States had some economic experts in a state of apprehension.

Among these was Dr. Edwin G. Nourse, former chairman of the President's council of economic advisers. The deficit, Dr. Nourse indicated, has stirred fears of inflation and possibly a "rising uncertainty as to the stability of the dollar itself."

DR. NOURSE, who recently resigned his chairmanship on the economic council, called for a "specific and hard-headed plan for getting back to the black ink."

He declared the federal budget could be balanced in a year or two, but only if the government practices economy and reduces or defers many of President Truman's programs "in the development and welfare areas."

To objective observers, Dr. Nourse was another voice crying in the wilderness—for, on the basis of political results in the past 16 years, practice or support of economy didn't bring many votes when the chips were down.

THE SENSATIONAL SUCCESS of the late Mr. Roosevelt, also a great spender of public money—a program which helped give him four presidential election victories—was bound to loom as a vital lesson in practical politics.

On the record, the American taxpayer cares less about his government's saving money than he does about its being spent.

#### FORMOSA: Token Aid?

According to reliable reports, U. S. State Secretary Dean Acheson was in favor of a congressional move to send about 28 million dollars in economic aid to the Chinese Nationalists in Formosa.

THE QUESTION which immediately arose was: Why?

Was it another money-down-a-rat-hole action? Another token appeasement of those who were demanding more and actual aid to Formosa?

Those were legitimate questions in any attempt to penetrate the maze of the intricate foreign policy being practiced by the United States. Acheson had let it be known most clearly that he feels the Nationalist cause is lost in China, and there were many who contended that it wouldn't be long until the state secretary advocated U. S. recognition of the Chinese Communist regime.

If those things were true, why send 28 million good American dollars rolling helplessly into the path of a Red juggernaut already conceded as sure to roll over all China?

ACHESON, it seemed to most, was laying himself open to charges of inconsistency, or, perhaps even more important, willing to play fast and loose with American money for more time to juggle his highly involved and puzzling diplomatic concepts.

At the risk of over-simplification, it could be contended that there was still hope to stop the Communist surge in China, or there was not. If not, then there seemed little point in wasting further U. S. resources in a futile attempt otherwise. If so, then applying 28 million dollars to the effort would appear as simply a puerile gesture.

#### TAXATION: One Billion More

Just as nearly everyone expected, Mr. Truman's tax recommendations were well below what he had stated a year ago he would ask for when congress convened. The first figure was 12 billions. What Mr. Truman asked for, instead, was one billion.

MR. TRUMAN'S proposal included both tax cuts and tax increases, but, overall, it would hike the nation's tax bill by a billion dollars. Even so, there was no ready assurance the President would get that much.

That he trimmed his tax proposals at all was due to mounting sentiment within his own administration ranks that appreciable tax increases would be unwise at this time, and that the effort should be toward stimulating business as much as possible, rather than retard or discourage it by added tax burdens.

THE PRESIDENT recommended a cut in excise taxes—as it had been generally believed he would. These would include levies on travel, telephone and telegraph bills, luggage, women's pocket-books, furs, jewels, cosmetics, etc.

This would be done provided "loopholes" in other taxes were closed.

Mr. Truman also proposed a billion dollar increase in the taxes on corporations, big estates and gifts.

As it stood, the proposal added up to bad news for big business, good news for small business and some cheer for wage-earners.

#### Recall Asked

Donald R. Heath, U. S. minister to Bulgaria, has been termed "persona non grata" by the Bulgarian government which has asked that he be recalled. The Bulgarians charge Heath received secret government information from Traicho Kostov, former deputy premier of Bulgaria who was executed on a charge of treason.

#### WAGES: 75-Cent Floor

The nation's new 75 cents an hour wage law is now in effect.

That means that all workers employed in interstate commerce, or in production of goods for interstate commerce, must be paid a minimum of 75 cents an hour.

PRESIDENT TRUMAN hailed the new law as being "dictated by social justice" and a step that will bring "great and lasting benefits."

Significant, however, was an almost immediate call by certain CIO union leaders for effort to boost the minimum wage to a flat dollar an hour, and broadened coverage under the law.

IT WAS PERHAPS with these new union demands in mind that President Truman said he had asked labor secretary Tobin to "keep me informed on the operation of the new law."

Most workers are now making more than 75 cents an hour. But it has been estimated that the new minimum will mean wage increases to about 1.5 million persons, more than half of whom are in the South. This is expected to cost employers about 300 million dollars annually.

#### NEWS:

##### No Monopoly

Since the early days when Reuter's news agency and the Associated Press were pioneering in the gathering and dissemination of news, there have been frequent legal tangles over the ownership of news and rights of its distribution.

NOW THAT RADIO has invaded the news field, it was inevitable that the same sort of argument would arise over the ownership of radio news and whether one station or a chain of stations can create a monopoly in broadcasting the news.

The federal communications commission ruled that such cannot be done, and a United States court of appeals has upheld the FCC. The court ruled that the FCC may deny a license to a radio station applicant if it finds that approval would tend to create a news monopoly.

The court said: "Monopoly in the mass communication of news and advertising is contrary to the public interest, even if not in terms prescribed by the antitrust laws."

THE RULING was in connection with the case of the Mansfield (Ohio) Journal and the Lorain (Ohio) Journal whose applications for radio station licenses were turned down by the FCC. In rejecting the applications, the commission ruled the Mansfield Journal used its position in the community "to coerce its advertisers to enter into exclusive advertising contracts with the newspaper."

The commission added that since both newspapers were owned and controlled by Samuel A. Horvitz and Isadore Horvitz, it took the view that what happened in Mansfield "was indicative of what might occur under similar circumstances in Lorain."

In appealing to the court, the newspapers contended the FCC had gone outside its province and had acted under antitrust laws.

#### FEPC Stalled

In the first test of the fair employment practices commission bill in the current congress, President Truman ran afoul of southern-led filibuster tactics, with his good friend, Sam Rayburn, leading them.

Rayburn, the administration's own leader in the house, twice was able to bar consideration of the FEPC bill by giving priority to measures aimed at statehood for Alaska and Hawaii.

While returning home from East Jordan Friday afternoon at 3:30 p. m. Henry Eggersdorf nearly lost his life when the car he was driving skidded on the icy road between the Carl Knop and Leo Lick farms, hitting a tree with such force that the car was a total wreck. His brother-in-law, Carl Knop was getting a load of wood for Mrs. Karl Knop when they heard the crash and ran to his assistance. Mrs. Kolker, Bill Vrondran, Sr., and Carl Knop got him into Kolker's car and took

him home. His son-in-law and Mrs. Kolker drove him to Dr. Savory who ordered him to be taken at once to Little Traverse hospital in Petoskey. After x-rays were taken that night it was found both legs were badly bruised and the right leg was broken just above the ankle. This is the third time the patient has suffered a broken leg.

Mr. and Mrs. Ralph Kitson, Jr., and Bob Kitson were home over the week end from Detroit where the boys are working. Ralph and family spent Saturday night at her mother's, Mrs. Vervle Bishaw, in Boyne City, spending Sunday at the Ralph Kitson home.

She: "You deceived me before our marriage. You told me you were well off."

He: "I was, but I didn't know it."

gins at 9:45 a. m. Last Sunday we began a new department, the Young Adult Group. The next move in our religious education will be Adult Education. With our Curriculum well-established now in which the home becomes a partner with the Church in training the children, we can see how important such a group as this can be. All young adults of the church are invited and urged to join in this new department.

The Church Worship Service begins promptly at 11:00 a. m. Amid all of the bewilderment and frustration of this generation there is a groping for something better in our lives. It is a pertinent question that Jesus asked another person generations ago, "Wilt Thou Be Made Whole?" The Service of Worship is one of meditation and inspiration to those who come and worship God.

The W. Y. F. meets at 6:30 p. m. This weeks service will be in charge of the Stewardship Commission.

The Bible Study Class meets at 8:00 Sunday evening.  
The Young Adults will meet in the church Thursday evening at 8:00 for their social evening together.

**Methodist Church**  
Howard G. Moore, Pastor

Thirteen members of the Methodist Youth Fellowship group went to the sub-district rally at Harbor Springs last Sunday night. Mrs. Helen Klooster, L. B. Karr and Sam Rogers furnished the transportation. After the pot luck supper the program was given by the Harbor Springs members entitled, "Worship and Evangelism."

The Afternoon Circle of the WSCS met at the home of Mrs. Edith Barnett for the regular Feb. meeting. Mrs. Ina Rusnell gave the devotions and Mrs. Edith Swafford the program. Nineteen members and one visitor attended. Mrs. Grace Vogel and Mrs. Ethel Neumann were co-hostesses. The March meeting will be with Mrs. Velma Sweet with a pot luck dinner at noon. Mrs. Agnes Darbee will have the program, the topic being Japan. She plans on an exhibit from that country and also hopes to have some of the children from the Added Sessions missionary class held. Mrs. Mary Hitchcock has the devotions. At this meeting the secret sisters will be revealed.

Twenty-seven ladies attended the general meeting of the WSCS at the parsonage with Mrs. Moore as hostess. Mrs. Agnes Darbee presided and Mrs. Marguerite Stokes acted as sec'y pro tem. The program and "Oriental Lunch" was furnished by the evening group.

Mrs. Helen Klooster, assisted by her daughter, Marilyn, was in charge of the Nursery Church last Sunday, nine children attended.

Mrs. Jane Bowen, Mrs. Maggie Rogers and Mrs. Schroeder gave reports last Sunday evening on "Women of Scripture". Mrs. Vance lectured on the third chapter, "Career and Business Women." Mrs. A. Darbee arranged the worship center and gave the devotions.

Two new children attended the Added Sessions Class Monday afternoon, Joanne Bader and Lee Thomas. The subject was, "Christian Schools in Japan." Don't forget to bring your drawing next Monday.

District Supt. Russell King will give the sermon next Sunday. This will be the first time he has spoken in the local church and it is hoped many will be present to hear him. Special music will be given.

Friday, Feb. 24, is World Day of Prayer. Mrs. Vernon Vance and her committee is meeting this week on Wednesday at the Howard Darbee home to complete the plans.

We are to have Dr. Edwin T. Inglehart an outstanding Christian Educator who has spent more than thirty years in missionary-educational services in Japan, with us on the circuit Thursday, Feb. 16.

The Junior Class with Mrs. Adeline Bowerman as teacher has organized. They elected the following officers: Pres., Thurlan Meredith; Vice Pres., Kay Klooster; Sec'y, Carl Darbee; Treas., Ralph Shepard. The following Juniors were appointed: Worship Sec'y, Sonja Olson; Song Leader, Jimmie Barnett; Librarian, Carol Klooster; Room Caretakers, Billie Lee, Janet Malone and Martha Lord. The class has had a very interesting study of Japan with many things of interest being brought in and reported on.

## KINDERGARTEN — Isabel Sidebotham

Jerry Moore and Raymond Fisher were absent last week because of illness.  
Mrs. Combest, with Linda and Ruth, visited us Monday morning. We enjoyed having them with us.  
Dorthea Eggert is one of our kindergarteners now. She is a nice helper.

We are making lots of Valentines and are looking forward to a special time on Valentine's Day. We have learned two Valentine songs.

## SECOND Grade — Cora Seiler

We are enjoying the stories Mrs. Seiler is reading, about the boyhood of Abraham Lincoln.

For construction work we made little log cabins like the one in which Lincoln was born.

Jean Wheaton made a pretty pillow cover out of bright colored clothes pieced together.

These people have all received stars for being good spellers. Theora Evans, Judy Nemeck, James Lilak, Bruce Brintnall, Lyndell Ingalls, Raymond Prebble and Patty Nachazel.

When we went to gym last Thursday we asked Patty's brother, David Nachazel, and Lyndell's brother, Jack Ingalls, both from the fifth grade, to teach our boys how to play basketball. The boys brought their basketballs for the second graders to use.

## SECOND Grade — Agnes Johnston

During one of our Language periods last week we listed the new things we have in our room. They were: New room helpers, new weekly readers, new books to read, new calendar, new room decorations for February, new words to spell, new pictures of George Washington and Abraham Lincoln.

On our new calendar we marked the important days in February. We found, besides Washington's and Lincoln's birthdays, we had St. Valentine's Day, and Duwayne Dougherty, Lorna Kent and Suzanne Boswell have February birthdays.

We are busy planning a valentine for mother and father. We will cut one free hand.

We are preparing to sing a song for the assembly this Friday. The song is about the story of the gingerbread boy. We like to sing the part that tells us the little gingerbread boy ran home to the little old lady.

Last week Jolly Jingo suggested that we take care of our toys at home instead of leaving them for mother to do for us. We like his suggestion.

The girls won over the boys this last marking period in getting their report cards signed and returned.

James Gidley and Ann Whitmore brought several records of nursery rhymes and one of Pinocchio.

New books to read were brought to school by Suzanne Boswell, Yvonne Elzinga and Duwayne Heinzelman.

Mrs. Whitmore, Ann's mother, visited our room last Wednesday afternoon.

## SECOND AND THIRD Grade — Adeline Bowerman

We brought the narcissus bulbs which we started last Fall out of their dark room and now we are observing how the yellow leaves are turning green in the sunlight. Our pot of tulips will be ready to bring up in another week.

We had so much fun with our postoffice last year that we want to make another one. This year will each have box and the valentines will be placed in the private boxes. The boys and girls who live on the West Side are going to furnish the refreshments for our Valentine party.

## THIRD Grade — Marie Hughes

We went for a walk Monday and visited different places of business around town. David Damoth, Karen Jackson, Barbara Agger, and Mary Porter each wrote a story about the places we stopped.

## FOURTH Grade — L. Snyder

After hearing the original poems read by Miss Dhaseleer's fifth grade, Judy Taylor and Nickey Myers each wrote a poem.

We watched very carefully last Thursday to see if Mr. Groundhog would see his shadow. He did.

Our room now has pictures of Lincoln and Washington up for the month of Feb. Ernest Hayden has a birthday on Feb. 10th, and Etta Prevost's is Feb. 23rd.

We voted to have a Valentine's party and elected a committee of two boys and two girls to make the plans. Judy Taylor has offered to bring her new record player and records which she got for Christmas.

During our Gym period on Friday we played Mrs. Galmore's room in basketball. The first team tied but our second team won by four to two. That evens the games won as our boys lost to the week before.

last week. For review we were invited to Mrs. Galmore's room and each one told something about Egypt. Then Mrs. Galmore's room told us many interesting things about the Eskimos. We decided we want to take a trip to the Far North in our next social studies unit.

After reading about the care of the skin, nails and hair in our health books we have been trying to remember to clean our fingernails and keep them trimmed.

Each morning an inspector in each row checks the nails and hands to see if they are clean before we begin the day's work.

## FOURTH Grade — Mrs. Galmore

Several interesting things were brought to school last week. Betty McRoberts brought a box of K rations and explained how the different articles of food were prepared for eating. Clare Crawford brought a hand grenade and demonstrated how it was to have been used.

Gerald Green's book, "Animals of the World", has been constantly in use since he brought it. Pictures of animals of South America, the Arctic Region and Australia have helped in our study of those regions.

Friday we invited Mrs. Snyder's room in for Social Studies class. They told us some interesting things about Egypt and we told them about the Eskimos.

Glendara Cihak brought a pigeon to school for Rhea Zitka. She caught it down at the Grist Mill. It is dark and light gray and black and white.—Rhea Zitka.

## SIXTH Grade — Alma Larsen

A week ago last Wednesday we beat Miss Dhaseleer's room at basketball 8-2. Philip Raymond was high point man with 4 points. Jon Jankoviak and Dick Johnson each followed up with 2 points.

Then last week we beat Mr. Malone's room 4-0. Jon Jankoviak and Philip Raymond each made 2 points. Our room is yet undefeated in basketball this year.—Thurlan Meredith.

For our Valentine's party we are going to have cookies, cup cakes and Sherbos. Martha Galmore and Patty Cihak are going to make the room's Valentine box.—Bob Prebble.

We have just made a Science notebook. We have seven or more pages. I have eight pages in my notebook.—Billy Pardee.

The assembly last time turned out wonderful. Mrs. Stokes' room gave a play called "Billy Goats Gruff". Mrs. Bowerman's room had a shadow play of the nursery rhymes. Mrs. Larsen's room sang "The Caisson Song", the girls sang "Fair as the Morning", the boys sang "Dear Evelina", Patty Cihak and Martha Galmore sang "My Grandfather's Clock", Kay Klooster sang "Lavender Blue", and Marilyn Looze played "The Hawaiian Love Song".—Deanna Lehrbass.

Manday, Feb. 6th, we got letters from Detroit. They wrote nice letters and we enjoyed them very much. We are going to write back to them.—Jon Jankoviak.

All of the people in our sixth grade got a letter from sixth grade students in Detroit. They mostly tell how big Detroit is and how much fun you would have if you were in Detroit. You could go skating and sliding in the winter and in the summer you could go to the Zoo, to Belle Isle, to Bob-Lo and many other places.—Fred Clark.

In Penmanship we are practicing small o's and capital O's. We are also practicing a's so that the o's won't look like a's and a's won't look like o's.—Marilyn Looze.

Monday we had our Club meeting and election of officers. Our new officers are: Pres., Ruth Kratochvil; Vice-Pres., Jean Ann Sherman; Sec'y, Marilyn Looze.

We also decided on our Valentine's party.—Patty Cihak.

We are going to have a display of the things we made for 4-H. Some of the articles are airplanes, hot plate mats, jewelry boxes and candle stick holders.—Frank Russell.

In English we are studying nouns, pronouns, adjectives and adverbs. We are trying to tell the difference between an adjective and an adverb. What an adjective modifies and what an adjective modifies. Most of the adverbs end in "ly", and adverbs usually modify verbs. Adverbs can modify adjectives or other adverbs.—Wanda Chapman.

We are studying nouns, pronouns, adjectives and adverbs for English. Earlier in the year we studied nouns and pronouns but we are reviewing them now. Mrs. Larsen is making a game out of them. She is going to have a contest.—Peggy Walton.

In spelling we are writing sentences. We get points for spelling words correctly, using capital letters, periods and question marks where they should be used. Last week we had 13 A's, 9 B's, 4 C's, 3 D's, and 1 E.—Gary Bartlett.

In History we are studying about the Babylonians and what

they taught us. We are making maps as we go along.—Jane Jackson.

We have quartets in our room who are going to sing for assembly Friday. The girls are: Martha Galmore, Patty Cihak, Deanna Lehrbass and Jean Ann Sherman. The boys are: Fred Clark, Dick Johnson, Jon Jankoviak and Walter Murphy.—Jean Ann Sherman.

In health we are studying safety and we are going to make safety posters. We will get some information from our book called "Playing Safe with Safety Sam." We are studying Unit 10. It tells us how to make our school days safety days and about safety in walking, bicycle and car riding.—
