EAST JORDAN, MICHIGAN, FRIDAY, MARCH 24, 1950

NUMBER 12

## Vance Farm Barn Burned

TOGETHER WITH SOME LIVESTOCK AND FARM MACHINERY

The East Jordan Fire Department was called out at 1:30 a. m., Sunday for a fire that burned to the ground a barn and grainary on the farm of Mr. and Mrs. Vernon Vance and Mr. and Mrs. Bryce C. Vance. The lower part of the barn was used to house sheep and hogs and the upper part contained some hay. Ten sheep, two registered hogs, a litter of small pigs and the farm machinery were burned. The grainary contained 150 bushels of oats and other feed and two tons of fertilizer stored for spring use. A neighbor discovered the blaze, went to the Vance home and turned in the Alarm. The origin of the fire is undetermined. Estimated loss at \$10,000, partially covered by insurance.

## Businessmen You Know

George Jaquays

George Victor Jaquays was born May 7th, 1877, four miles southeast of East Jordan on the original homestead of his parents, William H. and Melissa Jaquays, which is now the Hodge Cherry orchard. Born in a log shanty with a split log floor, a shake roof and tallow candles for light. It was nothing unusual to see panther tracks and hear a lynx scream at night. Indians in war paint and feathers were common. He had five brothers and two sisters. Two brothers, besides himself, are still living:— Walter of Perrston and William of Detroit. George attended Mt. Bliss District School or District 3 Jordan Twp., a log schoolhouse which still stands almost as sound as the day it was built. Two of his teachers are still living in East Jordan, Mrs. Sam Colter and Ida Sweet Pinney. While still in school, at the age

## North Central School of Practical Nurse Education Opens New Class, May 2

A visitor to the North Central School for Practical Nurse Education expressed amazement in the variety of subjects covered by the Practical Nursing group, such as communicable diseases, child care and personal health. This was when she began to realize the importance of the new line of work in adult education for both men and women.

Michigan is a recognized leader in this field and so far has established 8 schools in the state. Traverse City is only one of the schools and recruits students from 28 counties in the North Central part of the state.

The next class will open on May 2, 1950, and anyone interested in further information is advised to contact Miss Elizabeth R. Vickers, R. N. Director, North Central School for Practical Nurse Education, Traverse City High School, Traverse City, Michigan, or telephone her at 2977.

## "Clear The Way" Is A Good Farm Plan

For more than a century, Michigan farmers have "cleared the way" to make farming operations easier and safer. David G. Steinicke, farm safety specialist at Michigan State College, thinks it's still a good idea.

He points out that some farmers removed stumps and stones from their fields before they started plowing. One even went over his field and killed the rattlesnakes. Asked if that wasn't dangerous, the farmer replied: "I reckon so, but if I don't kill them today when I'm looking, they're apt to get me tomorrow when I'm plowing and not looking for snakes."

Keeping eyes open for hazards and removing them when we see them will prevent some of those accidents that happen "when you're not looking," Steinicke concludes.

## Absent Voters Ballots

Applications for absent voters ballots must be in the hands of the City Clerk not later than 5:00 in the afternoon of the Saturday preceding the City Election. Thelma M. Hegerberg 12-2

## Names Omitted From March of Dimes Summary

In addition to those listed last week in the March of Dimes summary, the following were omitted. While their contributions were included in the total, the names of the organizations were not listed separately.

Eveline Farm Bureau, Eveline Helping Hand Group, Rock Elm Grange, Lutheran Ladies Aid, South Arm Farm Bureau.

## Mrs. C. A. Brabant Dies Suddenly at Charlevoix Hospital

Mrs. C. A. Brabant was suddenly stricken, Tuesday night, was taken to the Charlevoix hospital, and died shortly after admittance, about 11:30 p. m.

Funeral services will be held, Saturday, Mar. 25th, at 3 o'clock in the afternoon at the Watson Funeral Home.

## Soil District Discuss Raising Trees

The Board of Directors of the Charlevoix Soil Conservation District at their last regular meeting discussed the advisability of local folks in Charlevoix county raising their own trees. There is a shortage of trees that can be obtained for planting. It may be many years before enough trees will be made available.

The Board of Directors with the assistance of Ed Rebman, county agr'l agent and secretary of the Board, E. B. Watkins, farm planner and Guy Springer from the soil conservation service have been giving serious thought to this problem.

K. C. Festerling, 4-H Club Agent, and Richard Schroeder, Smith-Hughes teacher also met with the board at its last meeting. One of the products discussed was that 4-H and FFA members plant a 3 foot by 4 foot plot with seeds and raise some pine trees. If this project is decided upon, the Board of Directors of the Soil District will sponsor the program.

George Klooster and Clayton Healey were the two directors that attended a work shop meeting at Higgins Lake last week. Many important items such as carrying out an educational program, financing and doing a better job on soil and water conservation were stressed. The program for 1950 will be large as more than 125 applications have been received by the Secretary for assistance in this program.

## "Hilarity House"

The play "Hilarity House", produced by special arrangement with the Drama Guild of Boston, Mass., was presented by the Ellsworth American Legion and Auxiliary March 16th, at the East Jordan High School. The cast was made up of the members and was well acted. The play was under the sponsorship of the East Jordan dan Auxiliary Unit 227.

Extension Agent

## FINISHES FOR CHILDREN'S CLOTHING

A lesson on "Finishes for Children's Clothing", will be presented by Mrs. Virginia Vance, Home Demonstration Agent, to Home Extension leaders on Wednesday, March 29, at 1:00 p. m., at the Court House, Bellaire.

The lesson will include trimmings for girls and boys clothing and some of the more important steps in the construction of children's clothing.

Anyone who would like to attend this meeting may do so. Bring small pieces of cloth approximately six inches square, embroidery floss and crochet or tatting thread, pins, paper and pencil.

## BEEKEEPERS TO MEET THURSDAY, MARCH 30th

Antrim County Beekeepers will meet at the Court House, Bellaire, on Thursday, March 30th, says Walter G. Kirkpatrick, Antrim County Agr'l Agent.

An all day meeting is being scheduled beginning at ten o'clock in the morning. Mr. R. H. Keltz, Extension Apiculturist, Michigan State College, will be present, as will Mr. Don Barrett, in charge of Bee Inspection for the State Department of Agricultural.

All Beekeepers in Antrim Co. and others interested are urged to attend.

## FARM ACCOUNT SPECIALISTS TO VISIT COUNTY

Farm Account Specialists from Michigan State College will be in Antrim County next week Thursday, March 23, to visit Farm Account cooperators.

Notices have been sent to all cooperators concerning time and place for meeting.

A meeting will be held at 2:00 p. m. at the Court House, Bellaire, for farmers interested in the Farm Account Project.

## Red Devils Win Conference Championship

WITH 12 WINS AND TWO LOSSES IN BASKETBALL BASEBALL IS NEXT ON THE AGENDA

First Row — Coach Dan Devine, Bryan Boring, Don Whiteford, "Red" Evans, Max Sommerville. Second Row — Box Saxton, Jim Meredith, Don Karr, Joe Hammond, Don Cutler, Don Bowers.

East Jordan won the Conference Championship with a brilliant record of 12 wins and two losses. Given very little consideration at the beginning of the season as tie contenders, the Red Devils came up with a fast breaking offense and spectacular defense. Conference teams were able to average only 28 points in four-

teen games. No other conference team could match this defensive record. Only two teams in conference play could score 40 points against the Devils. Mancelona and Boyne City accomplished this when the Jordanites received their two defeats in a five day period. It is very probable East Jordan would have remained undefeated in Conference play if it

had not been for the pink eye epidemic that removed all-Conference forward, Bryan Boring, from play and severely handicapped several other boys during this five day period.

East Jordan was ousted from tournament play by regional champ, Boyne City, on Boyne's home floor. The Red Devils played a great fighting game even though they lost guard Don Karr and forward Don Whiteford in the second quarter. It is ironical that the two boys who developed into the

Devils leading scorers should be lost so soon. Scoring for the season was very evenly divided indicating a well balanced team.

The boys displayed the finest of sportsmanship throughout the season.

This is the second championship trophy won by East Jordan this year and it is rumored the boys are working for a grand slam by copping the baseball crown. Last year in baseball East Jordan won the Northern Division Championship with victories over Boyne City, Harbor Springs and Pellston.

## Registration Notice

March 25 is the last day to register for the Annual City Election to be held April 3, 1950. Qualifications are: Citizen of the United States, above the age of 21 years at the time of the next election, must reside in the city 20 days and in this state six months next preceding the election, foreign-born citizens must show citizenship papers. Thelma Hegerberg, City Clerk 12-1

## Farmers To Get Census Questionnaire In Mail

Between March 22nd and March 27th, copies of the 1950 Census of Agriculture questionnaire will be placed in the mailboxes of all farmers in Charlevoix County, Mr. Donald P. Watkins, Census District-Supervisor, said today. Farmers are requested by the Census Bureau, U. S. Department of Commerce, to fill in the questionnaires in time to have them ready to give the Census takers who will call on and after April 1 to take the Censuses of Population and Housing and to collect the Census of Agriculture reports.

Distribution of the Agriculture questionnaire is being made in advance of the Census enumerator's visit to afford farmers time to consult their records for information about their farms and farm production during the year 1949. Mr. Watkins said. This method, he pointed out, will save time for both the farm operator and the Census enumerator.

The system of self enumeration by farmers is being employed by the Census Bureau for use in 41 States. Self enumeration will not be employed in the seven southern states of Alabama, Georgia, Mississippi, North Carolina, South Carolina, Louisiana, and part of Arkansas, because of complexities presented by tenant and landlord farm operations in those States. All farmers in this county should receive the questionnaire by March 27, allowing them about a week in which to fill the answers to questions before Census takers start making their rounds on April 1st.

## District Vocal Festival

The vocal groups of East Jordan High School received "Excellent" and "Superior" ratings in the District Vocal Festival at Petoskey last Saturday.

The Mixed Chorus and Boys' Glee Club, organized this year, received "Excellent" and the Girls' Glee Club received "Superior".

A new feature of the District Festival was the evening concert. Petoskey, Traverse City, Boyne City and East Jordan choruses sang in a mass chorus. Choirs and small ensembles from these schools participated. The Girls' Trio and the Girls' Glee Club were chosen from East Jordan.

All groups and soloists receiving excellent or superior ratings may go to the State Vocal Festival at Mt. Pleasant on April 1 and 22.

## Charlevoix Table Top Shuffleboard League

Rainbow Gardens of Boyne Falls and the Argonne of Charlevoix scored impressive 11-1 victories in the Lake Charlevoix Table Top Shuffleboard league last week to keep in the running for the second half championship. The former trimmed Cal's Tavern of East Jordan and the latter whipped the Eagles of Boyne City.

Norm's Tavern of East Jordan remained three points ahead of Darcy's Bar of Vanderbilt by defeating the Town House, 8 to 4. This dropped the Town House, former leaders, to fifth place in the standings. Darcy's defeated Rainbow Bar of East Jordan gaining a 6-6 tie with Don's Tavern of Boyne City to climb out of the cellar.

The standings:  
Norm's, East Jordan .....43  
Darcy's, Vanderbilt .....40  
Rainbow Gardens, B. Falls .....36  
Argonne, Charlevoix .....36  
Town House, Charlevoix .....34  
The Spot, Boyne City .....28  
Don's, Boyne City .....24  
Cal's, East Jordan .....21 1/2  
Rainbow Bar, East Jordan .....19 1/2  
Eagles, Boyne City .....18  
Games next week: Don's vs. Rainbow Gardens; Town House vs. Cal's; Darcy's vs. The Argonne; Rainbow Bar vs. Eagles; Norm's vs. The Spot.

## Mrs. Harriet H. Crothers Passes Away In Her 87th Year

Mrs. Harriet H. Crothers was born at Ontonogan, Mich., June 11, 1863, daughter of Harriet and Thomas Dodge. Much of her early life was lived at Houghton where she spent part of her life collecting money for the Orphan's Home, called Good Will Farm, at Houghton. She used to go out to the lumber camps to make collections and that is where she met Thomas Crothers. They were married on Dec. 29, 1906, at Marquette.

In 1910 they came to South Arm Township on a farm near Monroe Creek, where they lived until after Mr. Crothers passed away.

Mrs. Crothers moved into town and for many years lived on Main St. in the second floor of the building north of the East Jordan Fire House which burned two years ago. Five years ago last Dec. 25th, she fell at her home and received a broken hip. Since then she has been a bed patient, a large part of the time in a hospital.

She passed away at Grandview hospital, Saturday, March 18th. Surviving is a niece, Mary Fitch, of Cleveland; two nephews, William and Frank Hooper, at Houghton; and a large circle of friends.

Funeral services were held, Tuesday, March 21st, at Watson Funeral Home, conducted by Rev. Edward O. DeHaven. Interment at Sunset Hill, East Jordan.

Friends from away attending the funeral were:— Mary Fitch, Mr. and Mrs. Frank Lee, Cleveland; and Mrs. Kit Carson, Charlevoix.

## Jasmine Rebekah Lodge

Met March 15th with 44 present to the birthday supper. The tables were decorated in pink and green. Tall candles centered the main table.

Noble Grand Gladys Holland was presented a birthday gift on behalf of her staff of officers. Effie Weldy made the presentation speech.

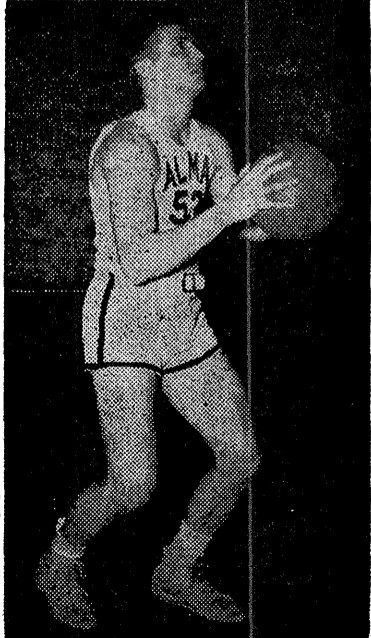

The raffle prize was won by Lorna Holland. The prize was a white satin nightgown.

## Chuck Saxton

Makes record showing at Alma College. From the Almanian of March 14, we glean:—

Charlie Saxton took double honors as the members of the Alma Scots Varsity basketball squad held their annual election and picked him as "Most Valuable" and honorary 1949-50 captain. This is the second time in three seasons that the East Jordan youth has gained this double honor. In 1947-48, his first year with the Scots, Saxton was also a unanimous choice for these same honors.

Charles was a mainstay of the Alma basketball squad again this season, as in the past two seasons, and took the varsity scoring crown with 185 points in 20 games.

es. A standout performer at a guard position, he has twice received honorable mention for all-conference honors.

Charlie Saxton walked off with the Alma College cage scoring crown as he nipped Bill Healey by one point in the final count. Saxton turned in 185 points in 20 games, one more than Healey in the same number of contests. Saxton finished sixth in the MIAA with a count of 101.

Special program next time to benefit sending two East Jordan youths to Big Starr Lake Camp.

## World-Wide Church

Lesson for March 26, 1950

**GOD WORKS** his purposes out in ways that not even the wisest of his servants can foresee. A beautiful example of this is the way Paul went to Rome. Long before he saw that city he wanted to preach there. All roads led to Rome, as they do to all world capitals, and people went there from everywhere.

### World Horizon

When Paul writes to his "pen-friends" at Rome (15:22-29) of a projected trip to Jerusalem and Spain, taking in Rome on the way, he was laying out a trip to the east and west ends of civilization, the jumping-off places. His plan was as ambitious as if a modern evangelist would write to some church in India: "I Dr. Foreman aim to visit Iceland and Japan, and call on you on the way out."

### Bond Voyage

PAUL EXPECTED to go to Rome a free man, his ticket (so to speak) reading on through Spain. Actually that was the end of his run. He went there under military guard, prisoner under sentence. The story is all there in Acts, how first he was jailed for protection from a blood-hungry mob, then kept in jail on general principles (which is to say, the governor kept hoping he would pay well for an acquittal), and finally appealed to Rome, the highest court of the empire. Appeals were expensive and slow, then as now.

But Paul must have come to look at his imprisonment, false as it was, as a heaven-sent opportunity to make that journey to Rome. It was a gilt-edged accident insurance. Free, he might never escape the plotters and reach Rome alive. Chained, the efficient Roman army would see that he arrived—and he did.

Four pairs of eyes were on him night and day. No plotter could stick him with a dagger or shove him overboard. So after some hair-breadth escapes to be sure he was delivered safe and sound in the very city of which he had been dreaming all these years.

### The Church at the Hub

**THERE IS NOTHING** at all in the New Testament to indicate that the church at Rome was considered, by Paul or any one else, as The Church, or the Mother Church. There is no claim that it was founded by St. Paul, still less by St. Peter.

It grew, as other churches grew, by infiltration. Christians who moved to the big city would get together, and there the church would be. Yet, of course, the Roman church was important.

It was important because it was at the hub of the civilized world. Paul did not seem to mind it in the least, that he could work only inside his prison, or "confined to quarters."

Writing from his jail cell to the Philippians, he mentions converts from the army and from the imperial slaves. ("Caesar's household" in Phil. 4:22 does not refer to the Emperor's family, but to the retinue of palace slaves.) We know from the letter to Philemon that Paul converted at least one "jailbird" named Onesimus.

### The True Church is A Marching Church

PAUL KNEW that a soul is a soul, sitting in the emperor's chair or waiting at the emperor's table. God is no respecter of persons. But he also knew that these Christian soldiers would not always stay in Rome; that even Christian slaves would be sold down the river; that the restless feet which brought their owners to Rome would take them away again. Great cities are like that.

Putting down Christianity in Rome was not like putting a single seed into a sheltered corner of the garden. It was like scattering a handful of it to the breeze, to be carried far and wide. Paul's vision is still the vision of the church at its best. The true church marches on, along the highroads and byroads of the world.

We shall never be content with a narrow, sheltered Christianity. We cannot be satisfied with half-world religion. Only world-Christianity matches the grandeur of the New Testament ideal.

## Looking Backward . . .

MARCH 19, 1910

Dr. J. A. MacGregor, having decided to leave East Jordan, is offering for sale all of his Real and Personal property for the next ten days.

Mrs. Henry Sheldon passed away at her home following her daughter, Susie, who passed away two weeks before. Funeral services were held at the Methodist Church, Sunday.

Ray I. Clink, son of Atty. and Mrs. E. N. Clink, was taken by death March 12. Practically all of his life was spent in East Jordan. He graduated from the East Jordan Normal School in 1905. He went to Michigan Normal College at Ypsilanti where he graduated in 1908. He planned to enter the U. of M. but broken health prevented. Services were held at the Presbyterian church, conducted by Rev. R. A. Grigsby, assisted by Rev. W. W. Lamport, Misses Irma Hurlbert and Marion Malpass, Roy Sherman and Harley Hammond, with Miss Grigsby as accompanist, furnished the music. The bearers were: John Porter, Homer Maddock, Fred Whittington, George Spencer, Wm. Muma and Ellis Malpass.

Dr. J. A. MacGregor has been appointed Medical Director of the Keeley Institute at Grand Rapids and will take up his new duties the latter part of this month. Jas. M. Cummins has sold his bowling alley to Jas. Routhier and the new proprietor has taken possession.

Mrs. James Howard and daughter, Gladys, returned recently from their winter visit with friends in Washington and Nebraska.

The Hotel Ericks was destroyed early Monday morning entailing a loss of between \$8,000 and \$9,000. The fire had gained such headway that occupants had to leave without saving their personal belongings. Landlord Taylor lost about \$100 which was in the cash register. The Kenyon and Potter Machine Shop, next door, was badly scorched and valuable machinery was ruined. The hotel was owned by Charles Ericks who figured his loss at \$6,000, with only \$2,000 insurance. Chris Taylor had only \$1,000 insurance on the furniture. At the rear of the hotel was a small building in which Stroebel Bros. had stored some dynamite. This was removed before the fire had gained much headway. Windows at the rear of Empey's block were shattered by the heat.

March 19, 1920

Charlevoix County Fair to be Sept. 13-17 inclusive and is to be the best Fair ever. Day and night entertainment program of merit.

Roscoe Mackey and family now occupy the former Cameron residence.

H. Rosenthal this week purchased the residence on Main St. occupied by A. J. Suffern.

Born to Mr. and Mrs. Francis Sonnabend, a daughter, Dorothy Violet, March 15th.

George Crawford with daughter, Miss Ursula, was called to Charlevoix first of the week by the illness of his daughter, Mrs. Lucius Ranney.

Mrs. R. G. Watson of Alma, who has been here visiting her husband, left Friday for a visit with her parents at Frankfort.

Peter Murray passed away at his home in Echo Township, March 15th, following an illness from cancer. Funeral services were held Thursday afternoon with interment at Densmore Cemetery.

Arthur Snyder and Miss Olive Mayhew, both of Jordan Twp., were united in marriage at the home of Charles Malpass, March 15th. Rev. M. E. Hoy officiated.

Arthur West, with son, Charles, were called to Muskegon, Tuesday, by the death of their daughter and sister, Mrs. R. C. Best, who died Sunday of influenza.

Mrs. Best was a former resident of this city.

MARCH 21, 1930

Mrs. James Moses passed away at Detroit March 15th. The remains were brought to East Jordan for funeral services held Wednesday afternoon, from the Methodist church, conducted by Rev. James Leitch. Interment at Sunset Hill. She was the sister of Alfred and Chester Walden of East Jordan.

Miss Carrie Spencer, sister of George and Will Spencer of Sumner, and Mrs. H. L. Winters of Kirkland, Wash., died at her home in Kirkland, Wash, Feb. 19.

Mrs. Louis Bathke and Mrs. Andrew Olson of Petoskey were East Jordan callers Thursday.

Miss Marie Kenny and Fred Fetterhoff of Muskegon were here over Sunday for a visit at the A. Kenny home.

Hector and Austin Taylor of Compton, Calif.; Herman, Cecil, Miss Sarah, and Mrs. Armour Taylor of Sault Ste. Marie were guests of Mrs. John Heller and at the Frank Cooks a few days first of the week.

Elmer Jensen returned home Thursday from the Upper Peninsula where he has been employed.

Mrs. A. G. Rogers entertained a number of friends at her home last Friday evening. "500" was the feature of the evening. Prizes were awarded to James Gidley, Mrs. Harry Simmons and Mr. and Mrs. Ben Reid. Following the games a very nice lunch was served.

Mr. and Mrs. Harry Santiman of Gaylord came here the past week and are residing at the J. F. Kenny home.

Mr. Santiman is to have charge of the Lakeside Garage this season for the Northern Finance Co. A number of friends surprised Mrs. Wm. Taylor at her home Wednesday evening it being her birthday anniversary. Cards and lunch were enjoyed.

The third Annual Mother and Daughter Banquet, sponsored by Jassamine Rebekah Lodge will be held at the High School Auditorium March 28th at 6:30.

About 25 friends surprised Mr. and Mrs. Joe Mayville at their home last Saturday evening celebrating their sixth wedding anniversary. The evening was enjoyed by all playing Bridge and Five Hundred, followed by a three course supper. Bridge prizes were awarded to Mrs. Joe Montroy, Mrs. Wm. Taylor, Tom Bussler and Ralph Ranney.

## MICHIGAN MIRROR

The Michigan State Legislature now in Special Session at Lansing has a hot political potato in its collective lap.

With present revenues in sight totaling \$230 million Governor Williams has proposed that the Legislature authorize expenditures of \$340 million for the coming fiscal year, 1950-51.

Simple arithmetic indicates that a deficit of \$110 millions would be inevitable unless the state Legislature was to turn to new taxation.

Here Governor Williams produces the figurative rabbit out of the hat by suggesting that the legislature reconsider the state corporations profits tax to be paid largely by industry.

From the Republican point of view, the Governor's message to the Legislature consisted 99 percent of "politics". Williams is running for re-election, and he seeks to put the Republican Legislature in a tactical position of producing a "do-nothing" record for the 1950 Special Session.

As the Republican leaders bottled up the Corporation Profit Tax in committee during the 1949 General Session, there is little likelihood that the Legislature will reverse its position in 1950 which is a political campaign year.

While Governor Williams may try to put the Republicans on the defensive by attacking the "reactionary" attitude with regard to expanding social needs, the legislative fireworks following the message fully indicated that the Governor himself would be under heavy fire for having proposed a 47.8 percent increase in state spending.

It is interesting to note that the Governor advocates an increase of only \$4.6 millions for operating state departments, of which \$2.5 would go to colleges, while he advocates new state aid to home governments in the sum of \$25 millions.

Of the \$340 million total in legislative appropriations, as recommended by the Governor, \$135 million would go to state agencies, including colleges, \$158.3 million to local governments, \$27.9 million for capital outlay, and \$18.7 million for construction for new roads.

Like the bag of Santa Claus on Christmas eve, the spending program of Governor Williams has something on tap for nearly everyone. Improvements of local airports is proposed whereby the state could qualify for federal aid and engage in a \$7 million airport improvement program. 36 airports in 24 communities would be benefited.

In the Governor's budget for \$25 additional millions for state aid to local governments, \$5 millions would go to public schools under the sales tax diversion amendment. Under the ruling of the Supreme Court, the state would contribute \$9 millions additionally to the public school employee's retirement system. Old age assistance and aid to dependent children would account for an additional \$8.7 millions.

Out of the net increase of \$4.6 millions for state agencies, \$2.5 millions would go to colleges to supplant declining revenue from GI students; \$929 thousand for mental health.

Declaring that Michigan had not kept pace with social needs as indicated by our expanding population, the Governor proposed \$27.9 millions to construct new buildings at institutions such as mental hospitals, Wayne University, University of Michigan, Michigan State College and Western Michigan College of Education. A 50-bed addition would be constructed to the Michigan Tuberculosis Sanatorium at Gaylord, and other construction undertaken for a total of \$650 thousand.

Declaring the "our whole economy is being hampered by the lack of adequate trunk highways", Governor Williams advocated that the Legislature spend \$18.6 additional millions for road repair and construction. These improvements would be financed from the general fund to be covered by the corporations profits tax along with other needs.

Governor Williams took the position that the corporations profits tax would not be paid indirectly by the consumers, despite assertions of Michigan automobile manufacturers that approximately 50 percent of the cost of a 1950-made automobile consists of direct and indirect taxes.

Within 60 days the issues of the 1950 campaign should be well crystallized.

Driving in a dense fog, a motorist followed the tail light ahead, free from worry. Suddenly the red beacon stopped and the cars collided.

"Hey, why don't you put out your hand when you're going to stop?"  
Came the casual reply: "Why should I? I'm in my own garage!"

WEEKLY NEWS ANALYSIS

**New Aids Asked for Farm Support; Coal Industry Seeks Strike Peace; Unemployment Surges to New Peaks**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**FARM SUPPORTS:**  
New Aids Asked

Charles Brannan, U.S. secretary of agriculture, was still plumping for adoption of his (Brannan plan) system for farm price supports, arguing that new price aids must be provided now.

Pointing out that there is trouble getting rid of 1948 farm surpluses even as 1949 surpluses are pouring in, Brannan said the disposal problem "points to the need of supplementary action on price supports, particularly with respect to more efficient methods than procedures for handling price supports of perishable commodities."

THE agriculture secretary may have had a point there, but the main question was: Would his plan of letting farm products find their own levels on the price market, with subsidies making up the difference—provide an adequate solution?

Up to this point, he had been unable to convince congress that it would. What luck he would have in the future was wholly problematical. But there was no arguing the point that something needed to be done to clear up the muddled farm price support program. As it was being operated, federal farm policy seemed to be getting worse the farther it went.

Brannan was eminently correct when he admitted that the present price support system programs "encourage over-production on one hand, and under-consumption on the other . . . and to find sufficiently new uses for the surpluses, or to divert them into non-commercial channels at anything comparable to the support price usually is impossible."

SUMMING UP, Brannan said: "Briefly, the outlook includes the likelihood of some further contraction in the total demands for U.S. farm products and points to the need for adjustment in production if a favorable price level is to be maintained."

The problem indeed was a grave one and made even more grave by the fact that the administration may be caught in a trap that has been long in the making—a trap created by the fact that having so long experienced the subsidy aid as is, farmers won't like any tampering with the program and might visit their ill will on anyone who may do so.

**LEWIS:**  
A Fine Largess

John L. Lewis, president of the United Mine Workers of America—a labor union which does not pay its members strike benefits and which subjects them to untold misery and hardship during strike periods—was offering a victory-flushed one-million-dollar loan to the C.I.O. United Automobile Workers union.

THE PURPOSE of the loan would be to help the UAW win new contracts from Chrysler and General Motors. Lewis wrote Walter Reuther, head of the giant auto workers union, that wage-welfare improvements in the coal industry were fought by money interests linked with "the financial group" which dominates car-making.

He added that this aid is needed so "your union may be assured beyond peradventure, of success in its present struggle." Reuther was in the midst of a long strike for pensions at Chrysler corporation. At the time of Lewis' offer, it was estimated UAW workers had lost 35 million dollars in pay and the company 250 million dollars.

Help for Reuther was authorized at a jubilant meeting of Lewis with his top union aides, where Lewis was said to have boasted that he had "licked" the strike-emergency injunction provision of the Taft-Hartley law, inasmuch as a federal court injunction issued under the law failed to halt the coal strike.

MOST of the big U.S. industrial concerns feared that Lewis' victory over the coal operators in the matter of wage increases and additional health and welfare benefits would touch off a series of strikes as other unions sought to do as well for themselves.

Coal was being mined again and industry's wheels were turning, but the immediate future appeared grim and uncertain. The question seemed to be: When and where will the next strike erupt? It seemed inevitable to even a casual observer that another round of wage-hike fights was in the making.

**FRENCH-SAAR:**  
U.S. Worried

United States high level diplomats had a new and aggravating problem on their hands: The suddenly critical French-German split over the Saar region.

The situation was complicated when France and the semi-independent government of the coal-rich Saar signed a pact under which France would take the Saar's coal for the next 50 years, which the German chancellor resented.

**Communist?**

A sensation was caused in British political circles when Lord Beaverbrook's conservative London Evening Standard named War Minister John Strachey (above) "an avowed Communist."

**COAL:**  
A Look Ahead

The most crippling coal strike in the nation's history had come to an end. Miners were pouring back into the pits and allied industries, faced with a threat of total shutdown, were reviving and calling men back to work.

John L. Lewis, United Mine Worker chieftain, apparently had won again. He had obtained a raise in pay for the miners along with additional health and welfare benefits.

But as the nation relaxed with a sigh of relief that the production threat had been removed, leaders in the coal industry began to look farther ahead—to examine methods by which a permanent coal peace might be won.

Leading mine operators stated they hoped to complete arrangements to have Harry W. Moses, head of the "captive" mine subsidiaries of the United States Steel corporation, to leave big steel and devote all his time to handling the coal industry's dealings with Lewis.

APPOINTMENT of Moses as a full-time representative of the soft coal industry in its relations with the UMW is designed as a move to end the chaotic conditions that have existed in the mine fields for years. The move has the support of virtually all the principal operators in the north and west and was expected to win strong favor among southern operators as well.

A lasting industry peace has long been the goal of operators and the public, which is beginning to tire of the almost annual war of nerves between the mine union boss and operators while the nation stands almost helpless without fuel.

**JOBLESS:**  
Hit New Peak

Again jobless numbers in the United States had catapulted to a new high, and again the federal commerce department appeared unperturbed about it.

Unemployment rose to 4,684,000 in February—the highest figure since 1941—when the total was 5,620,000.

DESPITE THE FACT that many industrial and economic leaders professed to see danger in the situation, the commerce department came up with the usual bland, unconcerned explanation as to the cause of the big jump in unemployment.

As was stated in January when jobless figures appeared alarming, commerce department boss said: "The slight rise in unemployment between January and February (204,000) appears to be due mainly to seasonal increase in the labor force and not to any cutbacks in employment."

But was that the case? Wasn't it logical to assume that an "increase in the labor force"—meaning unemployed but available labor—meant a corresponding lack of employment for that same force.

IT WAS SIGNIFICANT, many observers felt, that the figure as reported did not include striking workmen, a fact that meant the unemployment picture was not distorted in that sense.

Why was unemployment apparently steadily increasing? How would the "seasonal turnover" explanation hold water? If there were serious threat of widespread unemployment in the nation, it seemed the government should ascertain the fact.

**ARCTIC ARMY**

Large masses of men never could be pitted against each other in Alaska, or other Arctic wastes, as they were in the last war, according to military experts who led the recent mock warfare in the Alaska sub-Arctic; but they couldn't agree on why that is the case. One reason given was difficulty of transporting supplies, another was that there simply isn't enough room.

**U.N. COST:**  
One Dime Each

Each citizen of the United States pays less than a dime for his share of the basic United Nations annual budget.

At least three members of congress disagree on whether this is too much, too little, or about right, according to the first issue of a weekly wall newspaper in color, the UN GRAM.

APPEARING for the first time this week, the new publication reports that Sen. Herbert R. O'Connor of Maryland, chairman of the senate committee on expenditures in the executive departments which recently issued a report asking that the U.N. reduce its expenditures for the United Nations and its affiliates, thinks that a dime per capita is too much. Congresswoman Helen Gahagan Douglas, on the other hand, says it is too little; while Sen. Estes Kefauver is quoted as saying it is about right.

The U.N. Gram, which tells subscribers about the United Nations, in this issue objectively presents each of these three viewpoints.

Battressing Senator O'Connor's "too much" point, it states: "Internationalism, plus national defense, is a luxury. U.N.'s budget is just the start: each specialized agency asks more. How can the little nations pay?"

Supporting the "too little" approach of Congresswoman Douglas, it says: "New York City, U.N.'s permanent home, pays more for garbage disposal than U.N.'s annual cost; its subway deficit would run the U.N. for six months."

AND BACKING up Senator Kefauver's "just right" viewpoint, it argues: "Upping the U.N. budget, by forcing out poorer members, would make it a 'rich man's club.' If the U.S. paid the increase, still others might resign, charging that the U.N. was the 'creature' of the United States.

"Our aim," states publisher Wallace Thorsen, "is to get people thinking and talking about the United Nations and the job it is doing in building the world community."

"We try, in this and all subsequent issues, to present a simple, objective analysis of the problems faced by the world's only machinery for peace, to anyone with the time and inclination to pause before a bulletin board long enough to read the U.N. Gram—a matter of minutes."

**FARM UNION:**  
Asks Red 'Bargain'

From a surprising source came a plea for the United States to "strike a bargain" with Russia and to spend 150 billion dollars in the next 15 years on the undeveloped areas of the world.

THE SOURCE was James Patton, president of the National Farmers Union. Patton said, "Somehow, I believe we will be able to find a way to live in this world with peoples who differ in viewpoint as to type of economy and social systems."

"Let us try to strike a bargain with those whom we are fighting in the cold war along with peaceful lines," he went on, "so that all of us can lay down our arms."

"Let us lead out in America by placing at the disposal of the people of the world an annual credit of 10 billion dollars for the next 15 years for the purpose of building TVA's on the Danube and the Yangtze, and for building man's productivity in all of the undeveloped areas of the world."

PRESIDENT PATTON's proposal was magnanimous, generous, all-inclusive, but with mostly visionary. It would delight those who operate on the theory that America can buy peace and good will with its dollars.

They might even add that America must be the most hated nation in the world, inasmuch as it appears it has no friends except those who are won and kept with money.

**Another Shirley**

In Germany they are comparing six-year-old Dagmar Globig to America's Shirley Temple when the latter was rising to stardom as a child in Hollywood. Dagmar is the daughter of composer and conductor Eberhard Globig and has played in several German films.

**RUSSIA:**  
Parley Proposed

That there was at least a possibility of a Big Four meeting including Russia taking place was indicated by a report from Paris that the three western foreign ministers, meeting in London, would discuss the matter. French Foreign Minister Robert Schuman was the authority for the statement.

From another authoritative source came word that the Big Three would "study the problems."

The Sunday Church School begins at 9:45 a. m. We gained back last Sunday from the previous week and we hope that by this week end much of the flu will have passed and that all of us can be back in our classes for this coming Sunday morning. We are now approaching Easter and the important Easter lessons in our school should be a real inspiration for each one to be present.  
The Church Worship Service begins promptly at 11:00 a. m. The Sermon subject for this coming Sunday will be "Learning from Jesus the Discipline of Sacrifice". The Christain doctrine of sacrifice is the only corrective for selfishness whether it be individual or corporate. Beyond the value of that given is the discipline involved in the giving.  
The Junior Choir will sing at this service the 24th Psalm arranged antiphonally. Join us as we prepare our hearts for Easter.  
The W. Y. F. meets in the church at 6:30 p. m. A group will go to Harbor Springs to conduct the service their in the W. Y. F.  
The Young Adults will meet Thursday, March 30th, in the evening at the church for its regular monthly meeting.

**Burning of Fields Not Sound Practice**

Farmers who burn over fields, woodlots, marsh areas and fence row cover are really "playing with fire" according to Charles Shick of the Michigan Department of Conservation and the Cooperative Extension Service of Michigan State College.

Fires destroy humus which is vital to soil. In instances, fences are ruined and young seedlings in woodlots are killed. Burning also eliminates food and nesting cover which is necessary to ground nesting birds and animals.

"Under ordinary conditions a fire is an agricultural liability, but if fire must be used, burning should be carried on early in the spring before birds have started nesting," Shick warns. Some pheasants and quail start nesting shortly after the first of April.

**GRASS DAYS:**

Many folks in Charlevoix county are already asking the extension office about this year's grass days. Eight local communities working with county agr'l agents are making plans for Michigan's 1950 grass days. Continued interest in 4-H Club production, harvesting and utilization on the part of farmers caused these educational events to be planned for the third consecutive year.

The program for this year will be held in Otsego county at the Tom Milbocker farm, two miles south of Johannesburg on Friday, June 23. The general program will be somewhat similar to last years. Tours to demonstration areas will be held in the morning. A brief speaking program will be held after lunch to be followed by seeding and forage machinery demonstrations.

**HEATING MILKHOUSE WITH "HEAT PUMP":**

Several milkhouses in Michigan are being heated by using the "heat pump" principle. A lot of questions have been directed at Michigan State College Agr'l engineers on the subject.

Bob Maddex, extension engineer for the college, explains how it works. The basis is your refrigerated milk cooler. In the refrigeration cycle a liquid that will evaporate at low temperature is used. It is evaporated to a gas by absorbing the heat from inside the cooler and compressed into a liquid again. In this process it must give off the heat which it absorbed inside the cooler. So what it amounts to is that the refrigeration cycle absorbs heat inside the cooler, then gives it off outside the cooler to heat the milkhouse.

The heat this is released from cooling the milk is used. Then additional water from the farm well is run through the cooler. Heat is taken from this water too and discharged into the milkhouse. You might think well water would be so cold, especially in winter, that it wouldn't give off much heat. However, the average temperature of well water in Michigan is between 50 and 55 degrees. If it is cooled down to 38 degrees it will deliver a good many heat units to the milkhouse by way of the refrigeration cycle.

Maddex says that milk cooler doesn't have to work any harder in winter to handle the extra water and furnish heat to the milkhouse than it does in summer just to cool the milk. Very little equipment is needed to convert the cooler for heating. If you have an insulated milkhouse and don't want to keep the temperatures too high, you might consider this method of heating.

Ed Rebman, Co. Agr'l Agent.

**Open Annual \$6,000 Contest For Junior Vegetable Growers**

Opening of the 1950 production-marketing contest of the National Junior Vegetable Growers East Lansing today by Kenneth Ousterhout of Michigan State College, assistant state Club leader and state chairman for the NJVGA. The contest offers teen-age tillers of the soil more than 200 agricultural scholarships and awards for doing a superior job of growing and marketing vegetables.

In announcing the association's tenth annual contest, Ousterhout pointed out that all Wolverine State boys and girls from 12 through 21 are eligible to compete for the \$6,000 in awards A & P Food Stores provides for this project each year. Michigan youths won a sectional championship and four state awards in the 1949 contest.

Ousterhout explained that the contest is essentially an educational program designed to further the use of more modern, efficient and profitable methods of growing and selling vegetables.

"This project plays a vital part in spreading knowledge of scientific agricultural developments," he said, "and with a record 150,000,000 population eating about 15 percent more than in pre-war years, its importance cannot be over-emphasized."

Those junior growers interested in joining the NJVGA will find it easy to do so. Local 4-H Club leaders, county agents, instructors in vocational agriculture, extension workers of the USDA, and youth leaders of National Grange chapters are all cooperating with the association in enrolling members. Youth may also join by writing directly to Ousterhout at East Lansing.

**Best Season For Trapping Since 1945 Is Predicted**

With both upper and lower peninsulas open this spring, the conservation department expects trappers will have their best season since 1945 when a record 15,297 beaver and 349 otter were taken.

Below the Straits, trappers can get started again on March 20 while those above will have an open season, first time since 1946, beginning March 25. Seasons end March 31 in lower Michigan and April 9 in upper Michigan. Open and closing time in both cases is 12 noon, E. S. T.

A warmer weather combination which does not soften roads enough to make them impassable but at the same time favors trap setting, could mean a take approaching the 1945 record, allows D. H. Jenkins, mammalogist for the department's game division. Jenkins notes that the beaver population is up above the Straits where roughly 70 percent of the animals are caught. However, he says, the lower peninsula crop is somewhat smaller this year.

Division records show 4,126 beaver and 157 otter trapper in the lower peninsula last season.

Regulations prescribe a bag limit of two otter, above or below the Straits, but six beaver in the upper peninsula and three beaver in the lower peninsula. Licensees can use a maximum of 15 traps.

Closed to beaver and otter trappings are certain specified areas, wildlife refuges and sanctuaries, and other areas previously off limits. Also closed are lower peninsula counties Bay, Isabella, Lake, Mason, Mecosta, Midland, Muskegon, Newaygo and Oceana.

"How come you are always so busy?" the taxi driver was asked. "Well, it's like this! I leave the rear door open and an empty purse lying on the floor. You'd be surprised how many people hop in for short distances."

There's something feminine about a tree. It does a strip tease in the fall, goes with bare limbs all winter, gets a new outfit every spring and lives off the saps all summer.

These short bathing suits the girls are wearing on the beach this year: You need an imagination to keep your imagination from imagining what you shouldn't imagine.

**Vegetable Noodle Rarebit**

2 cups noodles  
6 cups boiling water  
1 1/2 teaspoons salt  
1/4 cup condensed cream of celery soup  
1/2 cup Pet Milk

3 tablespoons vegetable liquid  
few grains pepper  
2 cups grated American cheese  
No. 2 can asparagus, drained

Cook noodles until tender in boiling water and salt. Mix in saucepan the soup, milk, vegetable liquid and pepper. Add 1 cup cheese; stir over low heat until cheese melts. Drain noodles; put on heat-proof platter or into shallow baking dish. Pour rest of sauce over noodles. Arrange drained asparagus over noodles. Pour rest of sauce over asparagus. Sprinkle remaining cheese over top. Broil 6 inches from heat about 5 minutes, or until cheese is melted. Serve hot. Makes 4 servings.

We are all busy as bees making kites to enter the kite flying contest with Mrs. Bowerman's second grade. We hope to test our kites sometime next week. We hope the wind will help us keep them up in the air so that we can see many at one time.

We have been studying about the robin, one of the common birds around East Jordan. We learned that the robin is about ten inches long, has a black head and red breast. He makes his nest out of twigs, mud, leaves and grass. The robin has a very cheerful song and we are eagerly waiting to hear him sing, "Cheery-cherry-cherry-up."

During our physical education classes we have been learning to dance and sing some singing games. It is fun to play, "How do you do my partner", "I see you" and "The Muffin Man".

We enjoyed Mr. Lewis Hart's glass blowing show Tuesday morning. It was fun to see him make a duck out of glass.

Miss Scott brought some new library books down to our room. We are busy looking at the pictures and reading the interesting stories.

Billy Malpass is out of school with the flu.

## SECOND Grade — Cora Seiler

All of our absentees are back and seem to be feeling well again.

Keith Ogden, who is in Mrs. Galmore's room, came over and gave us a talk on birds. He showed us his collection of bird pictures and some he had made and colored himself.

We are studying bird habits and making pictures of the song birds. Keith's stories of the bird trips he has had made us all interested in watching the birds.

Last week we made crepe paper daffodils.

We hope to learn our spelling well and have a spell down with Mrs. Bowerman's room.

## SECOND & THIRD Grades

**Adeline Bowerman**  
We were all interested in the glassblowing demonstration which we saw Tuesday morning.

Nearly every day some article from Japan is brought to our room. We have had some nice

stories about Japan and now we are learning a Japanese Drill Song with paraisols and fans.

Several of our boys are preparing kites to enter in a kite flying contest. We have invited the other two second and two third grades to compete with us. We have set the date for March 30 if the weather and ground are favorable. We will have 2 classes which they may enter, one for those whose kites are entirely homemade, and one for those who buy the materials and assemble their kites.

Bobby Sherman had his eighth birthday on March 22. He and his neighbor, Larry Schumacher, who was seven on the same date, entertained several friends at the Sherman home.

## Auxiliary Past National President Guest at Legion Supper

The American Legion Rebec-Sweet Post 227 and Auxiliary celebrated the Legion's 31st birthday anniversary with a supper for Legionnaires, Auxiliary members and their families in the new Legion home, Tuesday, Mar. 14th. Merle Crowell acted as Toastmaster and called on Bob McMasters of Petoskey, Alternate Committeeman from the Lower 11th District, who gave a short talk on the District activities and announced the coming District Meeting to be held at Alpena, March 26th, and stressed the importance of attending these meetings. Ralph Brown, Petoskey, Zone Child Welfare Chairman, gave a spirited talk on the benefits for veterans and the families available in the state. George Malloy, Post Commander of Carl O. Weaver Post 194, Petoskey, was then called on. His subject was Boys State and Americanism. All the speakers mentioned the Jr. Baseball program and its benefits to the boys throughout the state. There will be several more teams in the League this coming season. The Master of Ceremonies recognized Cy Dolezel, Rebec-Sweet Post Commander; Frank Stucker, Dept. Child Welfare Committeeman; Hilda Bathke, Auxiliary Dist. President; and Edna Wilkins, President of Auxiliary Unit 227. Mr. Norton Pearl of Atwood was also introduced.

The guest speaker, Mrs. Norton Pearl of Atwood, who is Past National President of the Auxiliary and now National Committee Woman, was then called on. Dorothy Pearl, as she is best known in Auxiliary circles, has come up through the ranks to win the highest honor the Auxiliary offers as National President. She has traveled all through the United States and possessions of Alaska, Hawaii Islands, Puerto Rico and etc. Mrs. Pearl gave an inspiring address on the great strides the American Legion has made during their 31 years in regards to the rights and benefits for veterans and their families through Legislation and their untiring efforts to strengthen Americanism by combating Communism and subversive groups. She especially pointed out the benefits to the community and nation in sending young people to Boys and Girls State to prepare them for future leaders.

The East Jordan Post and Aux-

iliary feel they are highly honored to have had the privilege of having Mrs. Pearl as a guest and learning from her what an honor it is to be a member of an organization whose main concern is safeguarding the rights and interests of the men who have fought in the two world wars, to make this a better world to live in for all people, and the ever striving to preserve our American Heritage by ever promoting true Americanism.

The supper was planned and served by the boys of the Post. The speakers' table had a huge birthday cake decorated in the Legion colors of blue and gold. On each side of the cake were lighted tapers which matched the cake and table decorations in the Legion colors. The color bearers advanced the Flags and Legion and Auxiliary colors. The pledge was given. Frank Stucker, acting chaplain, rendered Grace and also gave the Benediction at the conclusion of the supper and the colors were retired.

Much credit is due the Legion Committee with Bill Bennett as chairman. Also the ladies of the Auxiliary who helped prepare the food and table appointments.

## Plants In The Home

(By Vaun Ogden)  
I don't know why primroses are not more popular as house plants, unless it is because one variety is poison to the sensitive skin of some people. Two varieties (Fairy Primrose and Chinese Primrose) do not seem to effect anyone, and they are even prettier than the one variety (Obconica) which does bother some people. It seems strange that primrose poisoning of the skin, even from the P. Obconica, is unknown in Europe where they are grown in profusion. The Garden Encyclopedia says that washing with alcohol, followed by soap and water, will relieve the irritation.

Plants can be started by seeds planted during the winter. Only fresh seed will germinate. It is generally better however, to buy a few growing plants from a florist in the fall. They must be kept cold, 50 to 55 degrees, and the air moist. They take lots of water and they like the shade, the sun wilts them. They also like rich soil.

You can usually keep a plant full of bloom for nine months of the year, with proper conditions, and it is not unusual to have a dozen flowering stalks with ten to twenty flowers on each stalk. Colors range from white through pink, red and blue. They make excellent cut flowers for dainty table arrangements, mixed with perhaps Cineraria and sprays of asparagus, and will remain fresh 8 to 10 days.

If the plant is still in blossom when hot weather comes, try putting it in a north side window box. I had a few that blossomed all last summer in such a box. Some people manage to keep the plants over for another winter, but is usually better to discard them when they are through blossoming.

I think you will like the Primrose because it will give you a long blossoming season and can be used in so many different ways.

## For A Bigger And Better Cherry Crop

During 1949 a total of 1,842,945 tart and sweet cherry trees were checked for cherry fruit fly and other insects and diseases in 20 leading cherry-producing counties by inspectors from Bureau of Plant Industry, Michigan Department of Agriculture, reports C. A. Boyer, Chief.

As part of the control program of cherry fruit fly, infested cherries are buried under emergence cages. In the spring these cages are closely observed to detect the exact time the white banded fly and dark bodied fly emerge. Emergence dates are immediately reported to the Entomology Department of Michigan State College, who in turn determines the spray dates for each area for control of the cherry fruit fly, and so notifies the county agricultural agent and fruit growers. Compilations indicate that last year the greatest range of cage emergence dates occurred in Kent County (June 6 to June 23) with a total emergence of 62 flies, while in Oceana County, 114 were detected between June 17 and June 24.

As the picking season approaches, the inspectors collect fruit from neglected cherry trees and orchards, and from orchards adjacent to neglected ones. This fruit is labeled and tested in the traveling laboratory to determine the presence of cherry fruit fly maggots. When infestation is found, the owner is notified and required to pick all the cherries and bury them after they have been covered with hydrated lime. In the 1949 season 139 infestations were located. These were mostly neglected trees in the urban areas of Berrien and Kent Counties. Light infestations were also detected near woodlots and fence rows where the wild pincherry acted as "host" from which

# Bowling News

Bowling in the Men's Merchant league was featured by the record breaking series of Monk Cihak, who rolled games of 204-243-225 for 672 top series for this season. Along with Monk's big series, brother Spin Cihak, tossed in a 255 finisher to give him a 599 series, and helped Sommerville's Grocery team to the high team series for the week, 2718 on games of 840-929-947. St. Joseph never had a chance against these scores and dropped all four points to the Grocers. The four point win enabled Sommerville's to move within 6 points of 1st place and 4 points out of second place as Thorsen's were dropping 3 points to Ellsworth and Brock's Turkey Farm were holding Hillman's to a 2-2 split.

In the other two matches for the night the American Legion team took 3 points from the State Bank while the Recreation took all 4 from Cal's Tavern. The postponed match between St. Joseph and the State Bank was bowled last Friday with the Bankers tak-

ing all 4 from the Saints. The E. J. Cannors and Monarch Finer Foods postponed their match because of sickness.

In addition to the high games bowled by Spin and Monk Cihak, Roland DesJardins rolled a 212 game for the Recreation, Cy Dolezel had 214 and 202, Abe Cole had 201, Norm Bartlett, 200; Greg Boswell, 211 and Barney Adair tied Spin for high single game of the night with 255.

In the Ladies League a new record was set for high team game as Cal's Tavern had an 813 game which was featured by Joanne Devine's 216 and Mickey Hamerski's 196. The 216 was tops for the night while Mickey added games of 169 and 138 to the 196 for top series of 503. Cal's won 3 points from Home Modernizing to move within 5 points of the lead, while Dress & Gift Shop won 4 points from Home Modernizing in their postponed match, and lost 4 points to Central Lake Torch in the regular schedule. Art Cleaners took the State Bank to the cleaners with a 4 point win and Rainbow Bar topped the leaders, Metal Products, 3-1; St. Joseph won all 4 from Norm's Tavern, while Quality Food and Bachmann's split 2-2.

In the Inter-City, League Ed Lundy, the Eastport flash, took the scoring honors for the week as he wired games of 219-200-180 together for 599, enabling his team to score a 3 point win over Wolf's Refrigerators of Charlevoix. The Recreation won 3 from Ray's Barbers, while Faas Foods, Central Lake, took all 4 points from Chris's Men's Wear.

Both the local teams had a successful trip to Beulah and Frankfort to bowl in the Traveling league as the Recreation Travelers took Beulah and Frankfort 4 points each, while Norm's Tavern won 3 at Frankfort and 4 at Beulah. Norm's Tavern had a 2791 series at Beulah on games of 943-938-910, with Jim Lilak getting 596 with 200-220-176. Feature of this match was Beulah's Ken Miner, who had an even 50

Directors at large who will serve with the executive committee of this organization were elected by the group. They are Peggy Greiner, Archie Murphy, R. 3, East Jordan; and William Parsons, R. 1, Charlevoix.

## 4-H Help For Finland

A minimum goal of two cents per member is being raised by Michigan 4-Hers to help their fellow 4-Hers in Finland. Hand Garden cultivators and sewing machines are to be given as awards to outstanding 4-H Clubs in Finland, in a national 4-H plan for helping Finland.

The Finnish government is determined to pay its indemnity to Russia by 1952, and to help do this has rationed her people to almost poverty. Each of her 63,000 4-H Club members is required to raise a garden, in a country-wide program to maintain health. A 2c donation from each of Michigan's 60,000 4-H members will amount to \$1200.

The Friends Society in America is paying all transportation and overhead charges, permitting every cent donated by 4-H Clubs to be spent on cultivators and sewing machines.

The donations from clubs in Charlevoix County will be taken in at Achievement Day, April 26, at Charlevoix.

Somewhat overwhelmed by a eulogistic introduction, praising his charm and ability as a speaker, he faced the audience, popped and smiling eagerly. "Ladies and gentlemen," he began, "I can hardly wait to hear what I'm going to say!"

The Michigan Department of Agriculture cooperated with the cherry growers in the cutting of neglected cherry trees in urban areas and removal of neglected orchards. In some cases pincherries were also removed to eliminate as much as possible, sources of infestation. In 1949 10,286 cherry trees were removed. Compilation over a 10-year period shows a total of 290,353 removed by the state and property owners.

In conjunction with the orchard inspection 236,306 individual trees were checked for cherry yellow virus. A study of the resultant data indicates cherry yellow infection ranged from 1.1 percent in the 1 to 5 year age group of trees, to 13.5 percent in the 21-year plus age group, with an average incidence of infection for all trees checked, of 7.7 percent.

# 4H CLUB NEWS

## Charlevoix 4-H Leaders Organize Club

Twenty-two 4-H Club leaders of Charlevoix county met Thursday, March 16 and formed the Charlevoix County Leaders Club. The meeting was held in the hot lunch room of the Charlevoix High School. The group plans to be active in promoting leaders education and the club progress in general.

Mrs. R. V. Liskum, R. 3, East Jordan, was elected chairman. K. C. Festerling, District Club Agent, vice-chairman and Mrs. Floyd McCracken, secretary. The group plans to meet monthly. The next meeting will be held on April 20 at Ironton.

The group discussed county, state and national contests, county 4-H camps, and Gaylord 4-H camps. A dress review committee was appointed by the chairman to take care of that part of the program on Achievement Day, Charlevoix, April 26. Mrs. Peggy Greiner, R. 2, Charlevoix; Mrs. Floyd McCracken, R. 2, Charlevoix; and Joan Brumm, Charlevoix, make this committee.

Directors at large who will serve with the executive committee of this organization were elected by the group. They are Peggy Greiner, Archie Murphy, R. 3, East Jordan; and William Parsons, R. 1, Charlevoix.
