MARRIAGES

Staudenmeyer — Best

Fern Staudenmeyer, daughter of Mr. and Mrs. R. W. Staudenmeyer, East Jordan, became the bride of Bernard Best, son of Mr. and Mrs. Marion Best, Ellsworth, Saturday afternoon at the Evangelical Lutheran Church. Rev. Philip Fretheim officiated before an altar decorated with candelabra and baskets of flowers.

Mrs. Ludwig Larsen, organist, accompanied Jason Snyder and Albert Omland, who sang, "O Promise Me", "I Love You Truly", and "Because". The traditional wedding marches were used.

Escorted to the altar by her father, the bride wore a gown fashioned from white slipper satin. Her only jewelry was a single strand of pearls. She carried a white prayer book topped with white roses and orchids.

A friend of the bride, Mabel Nerdahl was bridesmaid. Her gown was of powder blue marquisette fashioned with a shirred skirt. She wore a picture hat matching the dress and carried a bouquet of pink gladioli.

Vera Posch, a flower girl, wore a pink taffeta frock and carried a pink basket with carnations and rose petals.

Howard Best assisted his brother as best man, and the bride's brother, Roy Staudenmeyer, was usher.

Mrs. Staudenmeyer chose a light blue gown with navy accessories and Mrs. Best wore an aqua dress with brown accessories. Both had corsages of pink carnations.

A six o'clock dinner was served for the wedding party and members of the immediate family at the home of the bride's parents.

The reception was held at the American Legion Home in Ellsworth. A three tiered wedding cake formed the center piece of the serving table.

After a short wedding trip the couple will reside at their country home near Ellsworth.

Those from away to attend the funeral included Rev. and Mrs. Philip Fretheim, Suttons Bay; Mr. and Mrs. George Schmidt and son, Melvin, Chicago; Miss Mabel Nerdahl, Evanston, Ill.; Mr. and Mrs. Michael Posch, Boyne City; and Mrs. Ernest Barth, Omena.

Must Have Funds For Mentally Ill

JUDGES OF PROBATE STRONGLY URGE NO CUT IN FACILITIES

We, the undersigned, Judges of Probate, are alarmed at the constantly decreasing facilities of the State of Michigan for the care of the mentally ill, the feeble minded and the epileptic. We feel that these individuals have first call on the officials of the State of Michigan, its citizens and their resources.

It seems incredible that the state government should contemplate a lessened service to those most unfortunate people who cannot help themselves. We understand by the press and talks among ourselves and others that a considerable cut is proposed in funds allocated to the institutions serving these people.

Now, therefore, be it resolved that the undersigned do hereby protest any cut in the current levels of appropriations for state institutions serving the mentally ill, the feeble minded and the epileptic. Such diminution in funds would cast many of these unfortunatest back upon the counties, their relatives, if any they have, neither of which have any facilities to care for them when refused by the institutions designed for their treatment and care because of lack of funds.

It was moved by Judge Johnson, Osceola County, seconded by Judge Geoghan, Muskegon, that the above resolution be adopted. The motion was carried unanimously.

Annual Report Com. Chest

HELD ANNUAL MEETING WITH ELECTION AND REPORTS

The annual meeting of the East Jordan Community Chest was held at the City Building, Tuesday, April 25th. Besides the election of three directors, the annual reports were read by committee chairmen and officers. Mrs. John Porter, Mrs. Frank Strehl and Bill Grauel were elected to the board for a term of three years. The report of the president follows and other reports will appear in this paper later.

Although the East Jordan Com. Chest was organized in December, 1948, our year begins in May according to the Constitution and By-Laws. Therefore we are meeting to register for our first annual meeting following our first full year of organization.

The present officers were elected last June and they are besides your presiding officer:—Vice-Pres., Burl Braman; Sec'y, Tom Galmore; Treas., Roy Jenkins. Your board of directors have met each month except in March and have faithfully tried to plan and execute a social service program for East Jordan which includes any appeals from state, national or international relief or service organizations. This is the object for which the East Jordan Community Chest was organized and incorporated and is so stated in our Constitution and By-Laws.

In order to carry out such a program we have had volunteer workers, but have also employed Elizabeth Robertson as Health Director, and Dan Devine as Recreation Director. These two carry out their work through the help and direction of our Health and Recreation Committees, each composed of six members, three of

Legion Auxiliary Announce May 25, 26, 27 As Poppy Days

American Legion Auxiliary Unit 227 held a semi-social meeting, Tuesday, April 25th, in the Legion home with a fine attendance of members.

The Rehabilitation Committee is still carrying on their good work and some material has been purchased by them for Josephine Justice, who is still at the Grandview Hospital, to be used by her to make children's scrapbooks.

District President Hilda Bathke gave a nice talk on the Veteran Gift Shop, and several gifts were pledged to her for the display the Lower 11th District will have in regards to this program at the state convention in July. Unit 227 hopes to make a good contribution to this project and now is the time to be preparing for it. Articles which are appropriate for family gifts are made by Auxiliary members and sent to Veterans hospitals and the Vets are allowed to select whatever gifts they wish or need to send to their loved ones at home, at no cost to them. This is a fine program and should be well supported.

Plans are being made by Florence Stucker for the sale of poppies in East Jordan which will be May 25, 26 and 27. Several Auxiliary members have volunteered to work with her on this committee. The wives, mothers, sisters and daughters of our war time heroes, living and dead, will be greeting you these days with bright red poppies in their outstretched hands. Take one. Wear it proudly. It's a sign that you, too, remember.

It was voted that the Auxiliary make a contribution to both the American Red Cross and the Cancer Society. A nice lunch was served after the meeting. Next meeting to be May 9, at the Legion home.

whom must be members of the board of directors.

The Health Committee members are Jason Snyder, Mrs. Hugh Gidley, Tom Galmore, Dave Pray, Mrs. Chas. Strehl, Jr., and Mrs. Albert Sinclair.

The Recreation Committee is composed of Alex Sinclair, Roy Jenkins, Burl Braman, John Porter, Leo Sommerville and Sadie Liskum.

Mrs. Robertson's salary and expenses as Community Nurse are paid by the Community Chest, the Board of Education and the Co. Health Unit. She has done a beautiful job, organizing our health program and has worked untiringly to put it across. We have had a dental clinic at school for the first time in ten years. The milk program in school has already shown results, but she will tell you about this in her report. We members of this community, as well as the board are indebted to Elizabeth Robertson for a good job excellently done.

Dan Devine's work on the playground last summer was a great pleasure to the adults as well as the children. If we are counting our many blessings our summer visitors have also enjoyed better living in and near East Jordan because of his enthusiasm for recreation. We regret he is leaving us at the end of the summer.

Our first campaign in '48 was so successful we became optimistic and last fall increased our budget by about \$1,000, making a total of \$4528.25. We raised 87% of this which wasn't too discouraging.

Thinking you might be interested in how your money was spent if you gave to the Charlevoix Co. United Fund campaign last fall, I have figured out approximately how ten dollars was used. The E.

Annual Report Com. Chest

HELD ANNUAL MEETING WITH ELECTION AND REPORTS

(Continued from preceding page)
 J. Community Chest received
 \$8.21 of your ten dollars; the
 Charlevoix hospital, 27 cents, and
 the Michigan Children's Aid So-
 ciety, 16 cents. To nine other
 agencies you gave varying
 amounts. To Arthritis and Rheu-
 matism went the largest sum of
 17 cents, to American Heart As-
 sociation 15 cents, and the small-
 est sum of two cents went to the
 Leader Dog for the Blind.

There were also thirteen other
 agencies asking for very small
 amounts. They were Traveler's
 Aid, the Urban League, the Child
 Welfare League, etc. They each
 received from your ten dollars
 about 1/2 of one cent.

As before stated, we members
 of this Board of Directors have
 done our very best. We trust
 what we have done with their
 money pleases the people who
 have given it. We welcome sug-
 gestions and have tried hard to
 carry out the wish of the major-
 ity.

Respectfully submitted,
 Eva R. Porter, president.

Flants in The Home

(By Vaun Ogden)

A lady called up the other day
 to ask what to do with her Calce-
 olearia after it was through blo-
 ssoming. The answer is to throw it
 away. I imagine you might be able
 to keep over the shrubby type, but
 the common kind wouldn't come
 back ordinarily.

Often associated with Mother's
 Day, the Calceolaria has yellow,
 red and brown mottled flowers
 they resemble an inflated pouch or
 slipper toe. They are very hard to
 raise so it would be better to buy
 them already in blossom. And
 then be sure they are free of the
 green plant lice. If you do get
 plant lice on them, or on other
 plants, spray every week or so
 with Black leaf 40, according to
 instructions on the bottle. I add a
 little D-reft also, for a spreader.
 Try not to hit the flowers.

Another new bug eradicator is
 sodium selenate. It is put in the
 water that you water the plants
 with. Absorbed right into the
 plant, the bugs that suck juices
 out of the plant, get some of the
 poison and die. It is far too touchy
 a method to be used on plants in
 the home.

Hot sun wilts the flowers of
 Calceolarias, and a cold draft is
 also injurious to the plants. In
 the ordinary home they should last
 quite a few weeks, however. They
 will put on a real show. They are
 very unusual and will always at-
 tract a lot of attention. Oh, yes,
 it is pronounced kal-se-oh-lyah.

Minutes of the last meeting
 were read and approved.

Bills were presented for pay-
 ment:

WEEKLY NEWS ANALYSIS

Plane Incident Heats Up Cold War; German Rearmament Pleas Spread; Court Upholds Georgia Vote System

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

COLD WAR:

Heating Up

Russia had heated up the Cold War. A United States air force navy Privateer had disappeared after a flight in which it was reported to have flown over Russian territory. The Russians claimed the plane had fired upon a Russian aircraft, and then had disappeared over the Baltic sea.

A WIDESPREAD HUNT by American officials was launched for the missing plane. Erroneous reports had it that life rafts from the plane had been found. The first reported rafts turned out to be only fishing boxes.

But later, a life raft was picked up and air force officials indicated a conviction it came from the missing plane, which had 10 crew members aboard. A British ship under command of Captain J. Henderson reported finding the raft and said it was partly collapsed. The air-supply bottle was exhausted and supply pockets were open and empty.

There were no signs of life and no messages were found.

Had the Soviets shot down the plane, or so crippled it by gunfire that it crashed in the Baltic? That was the big question. Bigger yet was the question: "What would the United States do if it were developed that the plane was a victim of Russian gunfire?"

THOSE were questions that would have to wait, however, until the answer to what had actually happened to the plane had been cleared up—if it ever could be cleared up.

Meanwhile, American temper grew a little shorter with Russian tactics and there was no denying that the Cold War had taken on a degree or so more heat.

GEORGIA:

Unit Vote Stays

The county-unit vote determination system is unique in the United States because only two states use it. It is unique, too, in that it is found acceptable by city populations in these states, when its use gives votes in some rural counties up to 122 times more weight than those in city areas.

But, the U.S. supreme court has said the system is all right. In a 7 to 2 decision it refused to strike down the county-unit vote in Georgia. Maryland is the only other state employing this system.

JUSTICE BLACK and Douglas protested bitterly against the majority opinion, which was brief and unsigned. These two members of the court declared the action failed to plug what they called the last loopholes in the court's decision which gives Negroes the right to vote.

The majority opinion said that federal courts have no right to interfere with the way a state geographically apportions voting strength. It made no mention of any racial issue the dissenters saw in the case.

Two Georgia voters attacked the existing law. Under the system, each of Georgia's 159 counties is allotted a number of unit votes, ranging from six for the eight most-populous counties down to two for most of the counties.

THE CANDIDATE who receives the most popular votes in a county is awarded all its unit votes. The system, in that respect, works something like the electoral college.

ROYALTY:

Tough Going

Everyone has known for a long time that with the exception of England, royalty has been having a tough time. With the changing times have gone royal privilege and pomp but, chiefly regretful to royalty, the cash too, has gone.

LATEST to join the ranks of impoverished noblemen was a German duke, Ernst August, of Cumberland and Brunswick, father of a queen and cousin of a king.

Duke Ernst was really up against it. He was so badly off, financially, that he had to sell treasured antiques just to pay his grocery bills. Rare old relics of his family's medieval splendor were to go under the auctioneer's hammer.

Said the duke, philosophically, "Of course, I'm sorry to part with these things, but it just can't be helped." The duke was down to his last two castles—and one of them is a war ruin.

TV FOOTBALL:

One Show Over

Football fans who have been following Big Ten football via television screen, will find that this fall the show's over. They'll have to go out to the stadium now, instead of sitting cozily at home and following the play.

Big Ten athletic directors, meeting in Chicago, voted to ban live television of their schools' football games for this season. The action may cost the conference \$200,000.

Starts Sixth Year

Harry S. Truman, looking trim and fit, has started his sixth year as President of the United States. The Chief Executive, 66 on May 8th, rounded out his fifth year with a renewed determination to win the "cold war" with Soviet Russia.

GERMANY:

A Repetition?

Any mention of rearming Germany makes cold chills run down the backs of those who remember how a beaten, dismantled Reich was permitted to come back and plunge the world into the most devastating conflict it had ever known.

THREE TIMES in the past 80 years, German war machines have struck swiftly and ruthlessly at the peace of the world. Had the Germanic hordes ever won a world conflict, something of what the vanquished might have expected is provided in the terms laid down by these conquerors of the French in 1870, when German troops stayed on French soil until every penny of reparations demanded was paid.

How the individual may have fared under the Teuton heel was revoltingly demonstrated by Hitler and his sadistic Nazis.

Now, all the great talk, the board planning, the global thinking is merging into one resounding chorus: "Rearm Germany!" Joining this chorus was General Jacob L. Devers, retired chief of U.S. army field forces, who said in an address in Louisville, Ky., that western Germans "Would like to fight for us, under American officers, against the Russians," if war should come, and he added "They can fight like Hell!"

NO ONE disputes that. But recent history is too grim for such proposals to be received with general equanimity. Too many people of the world will remember that it was that very fear of possible Russian attack which led France and England to sit by with folded hands while Hitler flouted the Versailles treaty and served notice on the world that he was going to rearm Germany. "Let him go," seemed to be the whispered desire, "he'll serve as an excellent buffer against the Russians."

So Chamberlain went to Berchtesgaden with his folded umbrella and came back hugging to his breast the miserable pledge of the Austrian madman of "peace in our time."

The world had a horrible taste of that kind of "peace." To rearm Germany creates a fearful possibility that the dose may be repeated.

STRIKE THREAT:

Old Issue Flares

Two big railway unions were ready to "review the whole case" of their Diesel-engine dispute with the nation's railroads. If the results weren't satisfactory to the brotherhoods, the country faced a major strike threat.

The argument was two years old and was easy to state. The unions felt that the adoption of Diesel-powered locomotives discriminated against manpower and insisted that an extra man be put on these locomotives, whether there was any need for him or not.

The railroads, on the other hand, have refused to do this. Union leaders refused to discuss just how imminent a strike might be or when and in what matter it might be called. Instead, they indicated a review of the situation.

The union was in a highly strategic position. It was free to strike at any time, inasmuch as all "cooling off" provisions of the railway labor act have been exhausted.

Thunderjet

The air force's Republic "Thunderjet" was reaching out farther and farther to deal death and confusion to any potential U.S. enemy. The air force reported that the F-84's range has been increased to where it can carry out most types of missions more than 1,000 miles from base. The increased operation radius is available for straffing missions, bomber escort and hunting enemy fighters.

CHINA:

Cry for Help

As has been the case since the dawn of history, it is the innocents who seem to suffer most in internecine strife. China is no exception. In that country of vast population and so frequently too little food, many Chinese are starving. A naturally difficult struggle for existence has been intensified by China's civil war in which the Communists emerged victorious.

NOW there is a cry for help. A Chinese Nationalist group has appealed to American labor, as an organization, to help combat famine in Communist China. But with their usual skill in that department, the Reds have managed to confuse world opinion on the situation.

The Communist regime has done a good job of beclouding what almost all non-Communist sources say is one of the worst famines in China's history. The Reds have admitted that the situation is critical, saying some 16 million people were affected. Private letters filtering from Red-held China indicated the number was 53 million.

The Chinese Nationalists and western relief agencies and religious organizations have been seeking some means to help the starving, hence the appeal to American labor for help.

AN EASILY understandable obstacle, of course, was the uncertainty as to final disposition of any aid that might be forthcoming. Some assurances would have to be made that relief goods went to those for whom supplies were intended. Who could give that assurance? The Chinese Communists?

Yes, there was a way. If the Reds would agree to give safe conduct to relief missions into the area, perhaps the job of starving off starvation by death for thousands might be successfully completed. But, barring some such procedure, the outlook was dim indeed.

GAMBLING:

Up to Congress

Congress itself may hold the key to solution of the nation's gambling problem and existence of the gambling "syndicates." That, at least, is the opinion of Senator Edwin C. Johnson, Colorado Democrat, who has urged congress to pass an anti-slot-machine bill immediately. Johnson believes that should be done before beginning a nation-wide crime investigation.

THE SENATOR happens to be on good solid ground, because it is partly through federal winking at slot-machines that the individual states have so much trouble coping with the "one-armed bandits."

The federal government licenses slot-machines, despite the fact that in the vast majority of states their use and operation are illegal. If the federal government slapped a ban on the machines, as it has on narcotics, white-slave traffic and other morals offenses, the state would find it far easier to deal with the slot-machine problem.

THE BILL envisioned by Johnson would outlaw manufacture of gaming devices in states where they are prohibited and forbid their shipment into such states. It would not apply, however, to states where slot-machine operation has been made legal by legislative act.

Johnson explained his ideas on the subject as indications pointed to a fight on the senate floor on the question of who would get the job of inquiring into the nation's crime.

Johnson's bill already is through the commerce committee, where it was approved without hearings. Whether it would win congress approval might rest on the politics involved.

Free Man

Barnard J. Smith, Jr., 24, of Fair Haven, Vt., thumps his chest and takes a deep breath of snow-filled air upon his release from jail after taking the poor-debtor's oath. His case attracted national attention because of the prevalent but obviously erroneous opinion that no one can be jailed for debt in this country. Smith was jailed for failure to satisfy a \$2,500 judgment.

CENSUS:

40 in 1,000

If one should have a friend or acquaintance with whom he is out of contact, and whose whereabouts are unknown, the odds are one-in-25 that he, or she, is on some kind of public payroll. That's what the U.S. census bureau reports. Federal, state and local governments, the report stated, has a total of 6,204,000 workers drawing a record-high monthly total of one billion, 406 million dollars.

Church 10:00. Sunday School 11:15.

Details of the May Morning Breakfast will be given next week. Many paused to admire the Easter pictures of the choirs posted on the bulletin board in the vestibule of the church last Sunday morning. Many of us were partial to the Cherubim Choir—"Thirteen Cherubims".

Special music was a solo by Mrs. Adolph Drapeau, "Take My Life and Let It Be", accompanied by Mrs. Howard Moore at the pi-

ano. For the hymn-sing preceding the sermon last Sunday the following songs were chosen: I Am Praying For You; Jesus, Lover Of My Soul; Precious Name; Take My Life And Let It Be; Love Divine and Holy Holy Holy.

Thursday, May 11th, is family night with a pot luck supper. We are honoring the graduates who are members and friends of the church. Rev. Wood of Charlevoix will be the guest speaker. This has been a special event in the church for several years. Don't forget May 11th.

Miss Marilyn Klooster was leader of the Youth Fellowship last

week. Topic was, "Modern Productions", which was followed by discussion.

Monday, right after school, Membership training class for boys and girls between the ages of ten to thirteen is being given by Rev. Moore. The "Upper Rooms" for May and June are ready.

"No, son. God made the first one. All Edison did was invent one you could shut off."

SCRIPTURE: Hosea, (especially chapters 1-3.)
DEVOTIONAL READING: Psalm 121: 1-8.

Tragedy to Truth

Lesson for May 7, 1950

GOOD PREACHERS are not all of one kind. In listening to some of them, you have the impression that what this man says would be just as true if another man said it; that he is uttering a universal truth that might as well have been written on the sky; he is a voice, only a voice. In listening to other good preachers you have the impression that no other man could have said this as well as he; what he says is distilled from his own experience; he is not only a voice, he is a heart, and you hear the man's heart-beats all through his words. Now Hosea was this kind of prophet. You might say that his experience was the text of all his sermons.

Dr. Foreman

And so They Were Married
THE STORY of Hosea is in chapters 1-3. (Experts in Old Testament study have never quite agreed as to the meaning of the story. However, the interpretation which is offered here is the one now held by the majority of scholars.) It is the story of Hosea's marriage to a girl named Gomer. If it was a normal marriage, he loved her with all his heart, and his hopes for the future were as bright as any young bridegroom's could be. In time they had a little boy named Jezreel.

Then came the second child, a girl named Lo-Ruhamah. In Hebrew, that name means "No Mercy." What a name for a little girl! But is it possible that Hosea named her for her mother—not for her mother's name but for her mother's character? At all events, things were not well in that home; indeed, it soon ceased to be a home. For when the third child was born, Hosea gave the boy the dreadful name of Lo-Ammi, No-Child-of-Mine.

There was no use in pretending any more. The home had collapsed, happiness had fled. No experience a man can have is more bitter than this, to know that the one great love of his life has been given to the wrong woman. But Gomer vanished, leaving Hosea, as such a woman would, to care for the three motherless children.

Home Again
HOW MANY MONTHS or years later it was we do not know. But one day, in the slave market, Hosea saw a woman for sale. The price was low (as slaves went in those days); evidently few buyers were expected. A half-price slave would not attract attention from most men, but Hosea looked twice. Yes, it was his Gomer! Where she had been, who had abused her, made her a slave, how many times she had been sold and resold, no one knows. But there she was.

Hosea might easily have stood and laughed bitterly in her bedraggled face. It serves her right, he might have thought. The way of the transgressor is hard, she made her bed and now she can lie in it. Justice has been done, I am avenged. And with a parting curse he might have gone his way.

Somehow beneath all the shame and disillusionment, beneath the bitterness and the pain, still the old love was burning bright. Paying the small price asked, he took Gomer home again. Love had conquered evil.

Long before Christianity, Hosea did that rarely Christian thing, he did good to one who had done him harm. Gomer was unloving, unlovable; yet he loved her in spite of all.

Sermons From the Heart
THIS BITTER EXPERIENCE God turned into a blessing, for Hosea and for his nation and for us. In our study next week we shall see more of what God taught Hosea through these experiences.

But the first thing Hosea learned was that the experience was a lesson, God's lesson. He could even look back on the tragedy of his marriage and see that God was leading him all along, from the very first. God knew what sort of woman Gomer was and would be, yet he wished Hosea to marry her. God intended that he should go through just those years.

Without the tragedy, he could not have arrived at the truth. His sermons thenceforth came from the depths of his heart. Hosea, like all the prophets, denounced sin; like all the prophets, he could see the fatal effects of sin on his nation.

Remove Hazards To Prevent Fire

MICHIGAN MIRROR

Republican leaders are headed for a showdown with Governor Williams on the latter's assertion that the proposed state corporation profits levy is not a "consumer's tax".

Owen J. Ceary, Republican state central committee chairman, has attacked the \$112,316,000-tax raising levy as mere ground-work for "new deal socialism".

The average Michigan citizen, Ceary said recently, "is tax-ridden almost to the point of desperation now, and resents being hoodwinked by a governor who tells him there is such a thing as a tax he doesn't pay."

In the meantime, Governor Williams hammers away at every opportunity on the theme that Michigan corporations should share some of their swollen post-war profits with the consumer.

If corporations decline to reduce prices, which seems to be the contention of the governor's staff, then the government should step in and give the poor consumer a break by financing public services.

It is another way of sharing the wealth—all at the other person's expense.

In a recent Michigan Mirror column we quoted Don Weeks, acting director of the state department of economic development. This department is seeking to raise \$250,000 in contributions to keep Michigan industry in Michigan and to attract new business to our confines.

Migration of industry from Michigan is not a supposition; it is a fact. After reviewing the names of corporations which had decided to pull stakes and go elsewhere, the Michigan Mirror raises a pertinent question: What were the conditions here that prompted manufacturers to close doors and move away?

We wondered whether the state corporation profits tax was a contributing factor. Certainly, the issue should be met squarely; an answer should be found, if possible.

Of the 19 industries listed by Weeks and cited in our column, the governor's staff reports that 12 left the state prior to the time when Governor Williams first advocated the profits levy.

Furthermore, 10 of the 19 industries moved to states which already had corporation profits taxes ranging from 4 to 7 percent, so we are told.

All of the others moved to states already having a higher total of business taxes than are paid in Michigan. Three nearby states have no corporation profits tax: Illinois, Indiana and Ohio. States with corporation profit levies total 32.

Weeks was prodded by the governor's staff to compile a list of reasons why some Michigan industries had left. His report to Governor Williams is illuminating. Whereas none of the corporations gave the proposed profits levy as a specific reason for abandoning Michigan as a location, many corporations were motivated by an undesirable "labor situation" and a desire to "retrench" from high operating costs.

Fruehauf Trailer Company, for example, left Detroit for near Cleveland "in apparent resentment over some labor situation and in dissatisfaction with its local tax assessment."

Likewise, the Detroit Pneumatic Tool Company left Detroit for Utica, New York "to escape wage pressures of the automobile industry" and to consolidate its Cleveland and Detroit operations at the new Utica plant.

Business Week on April 8 said Michigan manufacturers were concerned over the prospect of rising taxes, state and local, and over the pressure of high labor costs as set by automobile makers in contracts with the UAW-CIO. Non-automotive manufacturers are at a cost disadvantage, said Business Week.

Personal comment: The long costly strike of the UAW-CIO against the Chrysler Corporation is no advertisement for Michigan as an ideal manufacturing state. If automobile costs are increased further through pension agreements and other benefits, will still higher costs serve to attract new industry to Michigan? Or will the costs tend to encourage Michigan industry to leave?

Governor Williams contends that corporations will pay his proposed \$112,000,000 increase in government spending out of their profits. The consumer will not have to pay. The levy would be an added cost absorbed by business.

Bowling News

Norm's Tavern men's bowling team came from behind Sunday in the N. W. Michigan traveling league to take the championship by a single point from Evert Merchants, who had a 3 point lead after the first match at Ludington. Norm's won the first point of the afternoon match, but Evert came on to win the last two games and total pins, aided by the heavy shooting of their young bowler, Wayne Bingham, who had 636, including a 245 game. Needing all four points to win the second successive championship, Norm's proceeded to win the first game of the evening match by 102 pins, when Spin Cihak rolled a 216 game. With the chips down, both teams put on a strike spree which was won by Norm's, 915-866. At this point the teams were tied up with the last game of the season remaining. Evert took an early lead and never relinquished it until the tenth frame when Spin Cihak, who had added a 233 game to his first effort, finally found the pocket for a double. His 622 series was high for the match. The lead then changed hands for the first time, but that was short lived, as Evert bowlers continued to get strikes, but Wayne Bingham, who had won the first series, missed an easy snare to give Norm's a slight chance. Barney Adair put the clinching 3 strikes in the pocket to give the local team the game 914 to 903, marking the second year that the championship has been decided by 1 point and each time East Jordan has won out. The Recreation travelers did not fare so well in their doubleheader with Cadillac, as Cadillac took revenge for some of the beatings that the Recreation had given them, and won 7 of the 8 points.

Two of the three remaining league championships were decided in the past week when Hillman's Insurance in the Merchant's league won 1 point while Thorsen's Lumber Co. dropped all 4 points to the State Bank. Hillman's now have a 5 point lead with but one week remaining. In the Inter-City league the Recreation clinched the championship when they won 1 out of 3 points from Wolf's Refrigeration, while Chris's Men's Wear were losing 2 points to Ray's Barbers. In the Ladies league, the Dress & Gift Shop moved 4 points out in front as they took all 4 points from Metal Products, who had been in first place for many months. Two more nights remain in the ladies league and the Dress Shop must continue to win at least 5 of the remaining 8 points to lock up the championship.

Other matches in the Merchant's league saw Cal's Tavern win 3 points from last year's champions, St. Joseph; the Recreation take 3 points from the Canning Co.; Ellsworth Electric win over the Legion, 3-1; and Monarch Finer Foods take a 3-1 win from Brock's Turkey Farm. Leading scores for the night were rolled by Andy Anderson and Bill Bennett of Thorsen's, Andy getting 579 and Bill, 569. Bob Campbell was tops for the Bankers on 578 which included two 200 games. Rev. J. J. Malinowski led the Saints with 532 while Gene Tiechman had 564 for Cal's. Burl Braman had a 221 middle game for 507, tops for the Cannors, while Barney Adair added 172-174 to his 239 started for 585. Leo Somerville led his team with 209 in 557, and Don Clark sparked the new Champs, Hillman's Insurance, with 539. Young Brock Peacock finished with 202 to get 561, tops for the Turkey Growers, while the best effort on Monarch's was Ike Rood's 482. Dave Pray topped the 500 mark by 24 pins to be high for the Legion, while Pat Bartsch had 568 for the Electric's including a 213 middle game.

High scoring honors in the Ladies league went to Minnie Desjardins who had 499, just two pins better than Mickey Hamerski, but Betty Huntley of Central Lake Torch took high single game for the second week when she added her name to the 200 club on 204. Other matches in the Ladies league were decided as follows: State Bank 2, Norm's Tavern 2; St. Joseph 2, Central Lake Torch 2; Bachmann's 3, Home Modernizing 1; Rainbow Bar 3, Cal's Tavern 1. We are working hard on decimals. Last week we added and subtracted, and this week we are multiplying and dividing, too. About a month ago we wrote to Laura Ingalls Wilder. She sent just one letter to the whole room, and one to Mrs. Liskum. This is her letter to us: "Dear Children, I am so glad you like my stories and hope the last ones of the series will please you, too. It is fun to have pets like cats and dogs and they will be such good friends if you train them that way. Just now I have only a cat. I am sure you will be sorry to learn that Almanzo died last October, of a heart attack. He was 93 years old. Your letters would have pleased him and I thank you for writing for him as well as me. Love to all, your friend, Laura Ingalls Wilder." You may see this letter in the Public Library. Since we have South American songs in our Spring Festival, we have studied that continent quite thoroughly. We were surprised to learn that there were large cities with beautiful palaces and universities over a hundred years before the Pilgrims came to our country. SIXTH Grade — Alma Larsen

Honor awards were then presented by Miss Vassold and Mr. Ousterhout, assistant state club leaders. Crafts: Margaret Murray, Kay Klooster, John Brock, Philip Ray-
