EAST JORDAN, MICHIGAN, FRIDAY, MAY 12, 1950

NUMBER 19

## E. J. H. S. Base Ball Season Opens Fine

WIN FROM BOYNE CITY, LOSE CLOSE GAME AT TRAVERSE CITY

Giving pitcher "Red" Evans excellent season support, the East Jordan High School baseball team notched its second victory of the season at the expense of the Boyne City Ramblers, Thursday.

Boyne City drew first blood in the first inning, but the Red Devils came back in the last half of the inning to tie the game up and were never threatened again.

East Jordan combined seven hits with five stolen bases for their four runs, while the most Boyne could muster was two singles off the pitching of Evans.

### IN MEMORIAM

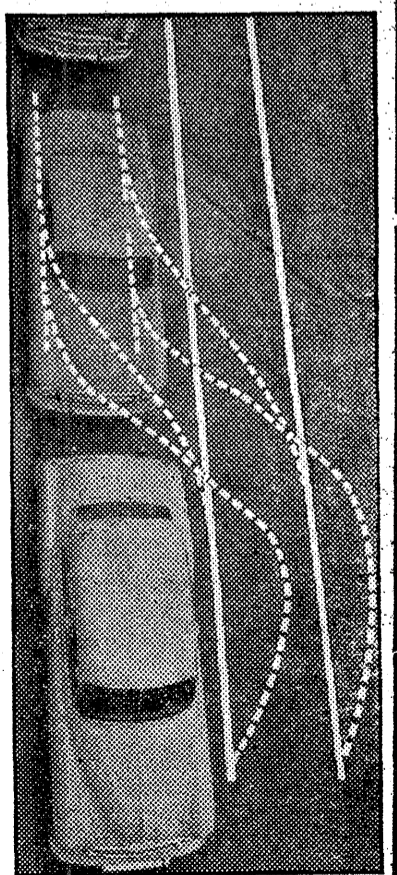

In loving memory of our mother, Mrs. Edith Sutton, who passed away 3 years ago, May 14th.

Was hard, so hard, that she must go.

God took her home to rest. Her cheerful words, Her loving smile, We miss her more each day.

19x1 Her children  
One Tax loophole remains—idleness.

## How to Park

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right, and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheels sharply left, backing slowly until alongside of curb.

## Prayer Service, Saturday

Prayer Service will be held at the Mt. Bliss Cemetery in Jordan Twp. on Saturday afternoon, May 13th, at 2:00 p. m. for Albert Joseph Swatosh.

## E. J. P.-T. A. Will Have Pot Luck Supper & Dance Thursday, May 18th

The East Jordan Parent-Teacher Asso. will have an old-fashioned Pot Luck Supper and Dance, Thursday evening, May 18th, at 7:00 p. m. Please note the change in date.

Put on your old clothes, bring the kids and have a good time. Don't forget to bring sandwiches for the family and a dish to pass. Let's see everyone there.

## 24th Annual Session of Rebekah Association at Elk Rapids, May 8

Sixty members of our local lodge attended the session. We returned with the silver attendance cup. We have had this cup 6 times out of 7 years. There were just under 300 at the meeting. Our lodge had 40.8 plus % of our total membership at this meeting. Our nearest competition was 36 percent.

Our staff was assigned the memorial and we are proud of the girls who took part.

The new officers for the coming year were introduced and installed as follows:

President — Gladys Burnett of Central Lake No. 341.

Vice-President — Verna E. Bussa of Elk Rapids No. 181.

Secretary — Alvie Alspaugh of Bellaire No. 247.

Treasurer — Irene H. Wright of Jassamine No. 365, E. Jordan.

This was a very instructive meeting and everyone enjoyed it. Our two delegates to the meeting were Gladys Holland and Effie Weldy.

The banquet was served by the Presbyterian and Methodist churches at 6:00 p. m. It was perfect.

## Mrs. Eliza Ann Zess Dies at the Age of Sixty-Six Years

Mrs. Eliza Ann Zess was born Eliza Ann Brooks, Dec. 30, 1883, at Montello, Wis., and passed away May 4th, 1950, at Grandview hospital, aged 66 years, after a three months illness from a heart ailment.

She lived with her parents at Milwaukee until 1900, then lived at Traverse City in 1901 and 1902. On Dec. 3, 1902, she married George Edgar at Traverse City. Six children were born to this union, five of whom survive.

Mr. Edgar was killed in October 1931. At that time they were living at Mancelona. A daughter, Agnes, died in 1936. In 1939 she secured a job at East Jordan and there met Robert H. Zess whom she married on Nov. 19th, 1940, who survives her. She was a member of the Maccabees at Mancelona.

Surviving, besides the husband, are two daughters: — Gertrude Edgar, East Jordan, and Mrs. Mary Manglos, Elmira; and three sons: — Tom Edgar, Lake Orion; Harvey Edgar, Ludington; and John Edgar, East Jordan. Seven grandchildren, one great-granddaughter, and two sisters: — Mrs. Eva Miller, Wanpun, Wis.; and Mrs. Frank Wright, East Jordan.

Funeral services were held Saturday, May 6, at Watson Funeral Home, conducted by Rev. F. I. Rouse. Bearers were Tom, Harvey and John Edgar and Bert Manglos. Interment at Sunset Hill, East Jordan.

## IN MEMORIAM

In loving memory of our dear daughter, Irene, who passed away six years ago, May 12, 1944:—

"In our lonely hours of thinking Thoughts of you are ever near; We who loved you sadly miss you

As it dawns another year."

19x1 Mr. & Mrs. Wm. F. Bashaw

## CARD OF THANKS

To those who expressed their sympathy in so many beautiful and practical ways during our recent bereavement, we extend our heartfelt thanks. We wish especially to thank the Oddfellows, Rebekahs and Peninsula Grange.

Mrs. Ira Lee and Family

## Northern Michigan Community Concerts Tickets Sold Out Entirely

Four musical events of varied nature will be presented during the 1950-51 season of the Northern Michigan Community Concert Association, according to Mrs. John Porter, who headed the membership drive in East Jordan.

Following completion of the campaign, are artists' selection committee picked the following numbers for the 1950-51 season: Philharmonic Piano Quartet; Dorothy Maynor, soprano; the Graudans, violoncello and piano recital; and the Men of Song, male quartet.

Mrs. Porter said East Jordan music lovers aided greatly in bringing the membership campaign to a successful close. The East Jordan workers signed up 63 members of the association, according to Mrs. Porter.

Tickets for the series will be mailed out next fall, Mrs. Porter said.

## Junior Prom This Saturday

ANNUAL H. S. SWING-OUT BY EAST JORDAN JUNIORS

The Junior Prom will be held in the East Jordan High School Gym, Saturday, May 13, starting at 9 p. m.

Admission: \$1.50 per couple.

## National Past President Am. Legion Auxiliary To Speak in East Jordan

Dorothy Pearl, Past National President of the American Legion Auxiliary will be the guest speaker at several meetings in East Jordan, Tuesday, May 16. The first on her schedule will be an address on the Memorial Poppy in the East Jordan High School Auditorium at 10:20 a. m. Everyone is invited to attend this assembly.

Mrs. Pearl will again speak at the Rotary Club meeting at 12:00 noon. The Rebec-Sweet Post Auxiliary Unit 227 Poppy Committee will have Mrs. Pearl as their speaker at a special meeting in the Legion Home at 2:00 p. m.

Dorothy Pearl is now a National Committee Woman for the American Legion Auxiliary. She was State Poppy Committee Chairman for several years and is well informed on the subject of the Memorial Poppy. East Jordan is privileged to hear such an eminent personage speak on a topic which is of such importance to the welfare of the disabled war veterans, and it should give everyone a better understanding of the good that is being accomplished with the money you give when you buy the "Little Red Poppy" emblematic of the great sacrifices made by our American Service Men in the two World Wars.

## Infant, Pre-School and Pre-School Round-up On May 22nd

There will not be an Infant and Pre-School Clinic on May 16, the regular date, but will be held on May 22nd. The clinic will be a combined Infant, Pre-School and a Pre-School round up.

Dr. Litzemberger will be at the school on May 16th in the morning only, to give booster shots to the school children. The cards will be sent home with all the children in the grades this week. Parents who desire their children to have a booster shot will sign the card and send it back to school.

We are very sorry not to be able to have a clinic on the west side this month but because of the pre-school round up it makes it impossible. We hope it will not inconvenience the mothers on the West Side too much. You can come to the clinic anytime during the morning or afternoon on May 22nd, hours 9:30 a. m. to 11:30 a. m. or 1:30 to 3:00 p. m.

Dr. Litzemberger urges every parent to see that their children have booster shots to help protect them during the summer months when our area is heavily populated with resorters.

## School Registration Notice

Notice is hereby given to the Qualified Electors of the Rural Agricultural School District No. 2, City of East Jordan, State of Michigan, that a regular Registration of the Qualified School Electors will be held in the following place:—

State Bank of East Jordan on all days previous to and including SATURDAY, JUNE 3, 1950 except Sunday and Legal Holidays.

Qualification of Electors — In all school elections every citizen of the United States of the age of twenty-one years, male or female, who owns property which is assessed for school taxes in the district or who is the parent or legal guardian of any child of school age included in the school census of said district, and who has resided in said district three months next preceding said election, shall be a qualified voter.

Qualified School Electors who are registered in the District need not re-register.

This Registration is in accordance with Act 319, Part II, Chapt. 7, Section 2, Public Acts of 1927, relatives to School Election.

Date: May 11th A. D. 1950.

W. G. Boswell, Secretary of Board of Education. adv. 19-3.

## E. J. Drops Close Game to Traverse City

After beating Boyne City on Thursday, the High School team traveled to Traverse City on Friday and dropped a 3-2 decision to Class B. Traverse.

Playing on Traverse City's beautiful new athletic field, the local boys held a 2-1 lead going into the last of the sixth. Traverse scored two runs in this inning with the aid of a wind blown fly that eluded 1/2ht-fielder Saxton. It was a good game despite the strong wind that swept across the field.

Glen Persons worked on the mound and Al Chanda did a good job of catching. Max Sommerville his four for four to lead in hitting. East Jordan had eight hits and Traverse City four.

## DEER MEETING SCHEDULED MAY 18, AT BELLAIRE

A meeting for the purpose of bringing to the public the information covering the 1949 Doe season, the 1950 deer damage farm survey report and the sampling of public opinion concerning 1950 season. The meeting has been arranged through the joint efforts of the Bellaire Conservation Club and the game Division of the Department of Conservation.

Simon Blake, President of the Bellaire Conservation Club, has received word that Ira Bartlett in charge of Deer Herd Research for the Department, and Harry Ruhl, Head of the Game Division, will both be here for the meeting.

## Mr. and Mrs. S. E. Rogers Are On Their Trip to Europe

Mr. and Mrs. S. E. Rogers go to Europe.

After raising six children and caring for their parents in their last years, Mr. and Mrs. Samuel E. Rogers, East Jordan, R. 3, who have made their home in Charlevoix County during all their lifetime, are realizing a lifelong desire to travel.

They are sailing for Europe on the SS Washington of American Lines, Thursday, May 11.

The trip is not entirely a happy pleasure jaunt. Chief point of interest to them is the grave of their son, Clare Keith, who rests in the American Military Cemetery at Margraten, Holland. Keith was killed in action in Germany, January 12, 1945, at the age of 22 years.

Also of major importance is their attending the W. C. T. U. International Convention at Hastings, England, June 3-10. Mrs. Rogers, a former president of the East Jordan W. C. T. U., will attend as a delegate at large from United States.

While on the continent Mr. and Mrs. Rogers will see the Passion Play at Oberammergau, Germany. Except for visiting Margraten they will be with a W. C. T. U. conducted tour.

Mr. and Mrs. Rogers are driving to New York. They left East Jordan, Saturday, May 6. They were accompanied by their daughter, Mrs. Marvel Glass, 926 West Shiawasee Street, Lansing and their niece, Mrs. Marvin Benson, East Jordan, who will bring the automobile back to Michigan.

They will dock at New York on the return trip July 7.

## Evangelical Lutheran Church

Services at 8:00 p. m., Sunday, May 14th. Everyone welcome.

## Notice

Dr. and Mrs. John C. Schmittiel will be attending Michigan Chiropractor Society Post Graduate Convention in Detroit from May 15th to May 20th. adv-1

## E. J. Community Health Program Report 1949-50

ELIZABETH ROBERTSON, COMMUNITY NURSE, MAKES YEARLY REPORT

1. Homes visited — 93.

2. Conferences with parents of school children — 64.

3. Seven first aid cases (school children) treated in office daily on average.

4. Children seen daily for Health, counsel — average 8.

5. Pre and Post natal calls made — 51. Clinics Held:

1. Infant and Preschool Immunization clinic third Tuesday of each month. Dr. Litzemberger, Health Director of Health District No. 3, in charge. Average attendance — 29.

2. Orthopedic clinic held in Petoskey, June 23rd. Dr. Carl Baggley, Ann Arbor; Dr. Jerome T. Jerome from Traverse City in attendance. Eighteen children from East Jordan attended this clinic.

3. Dr. Osterlin, Pediatrician from Children's Clinic, clinic June 27th. Eighteen children seen, eight referred to Traverse City Children's Clinic for further study.

4. Pre-School round-up in August. 34 children seen. Physical Examination and immunization shots given.

5. Ten children from East Jordan have been referred to the Rheumatic Fever Clinic at Traverse City.

6. Twenty East Jordan children are now receiving Orthopedic care at the Orthopedic Clinic, Traverse City under the care of Dr. Jerome. These children return regularly for check-ups, new shoes, braces and operations as needed.

7. We have made use of the Mental Health Clinic at the Traverse City Children's Clinic under the guidance of Miss Hazel Hardacre. Fifteen children have been referred and received help from this clinic.

8. The last Thursday of each month the Public Health Nurses of Charlevoix County, Social Workers and A. D. C. Workers meet with Judge Supp, Probate Judge for Charlevoix County, to discuss cases mutual to all agencies and consult each other in needs of the families. The aid and advice received from Judge Supp is very valuable to this group.

9. Dr. Wilbur Moore from Central Teachers College, Mt. Pleasant, on April 26th, held a Speech Clinic. Forty-one children were seen. Children were instructed on how they could correct defects. Recommendations\* were given to teachers, and some, we hope, to be able to send to a special speech course in Mt. Pleasant this summer.

It was very interesting to me to note that at the work shop I attended at St. Mary Lake, Battle Creek, Mich., in April that Charlevoix County was the only county represented that the Probate Judge offered this type of aid and service in the county. Most everyone stated that they have been trying for some time to have this sort of thing.

Milk Program at school Kindergarten and First grade:

1. 148 children receive milk.

2. From September to April we have used 17,750 1/2-pint bottles of milk.

3. On 10,819 bottles we were reimbursed two cents per bottle. Mr. Wade made it possible for us to receive this by applying this year for a Type C as well as Type A program. Type A is complete lunch and Type C is milk only.

That is any child who does not receive a bottle of milk in the lunch room at noon, we receive two cents for the bottle of milk he is given through this program.

4. 6,931 1/2-pint bottles of milk we have paid full amount for.

5. Each parent was asked at the opening of school in the fall to give one dollar per semester, two dollars for the school year, to help finance this program. If the parents were to pay the full amount for each school day the total cost would be \$6.60. This is cheap Health Insurance for the children.

Each child is given graham crackers to eat with his milk. We also furnish straws.

What the Health Fund has purchased with the money:

1. Toothbrushes for children who do not have one at home.

2. Shoes, clothing and medicine are also purchased for needy children.

3. Sixteen pairs of glasses have been purchased for children who need them. Part was paid for by the District Health Unit and part by the Community Chest.

## "The Story of the Life of Jesus Christ" to be Shown at H. S., May 19th

The famous Hollywood pilgrimage play, "The Story of the Life of Jesus Christ", produced in full color and sound will be shown locally. Here is a picture you will be talking about long after you have seen it! For emotional power, for dramatic sweep, for tender pathos, for crushing tragedy and majestic triumph—this portrayal of the life of the Savior is unexcelled.

Out of the pages of your Bible and onto the silver screen walk the flesh and blood characters of the greatest story ever told—Peter, James and John; Mary, the mother of Jesus; Mary of Bethany, Mary Magdalene, and all the familiar names of the sacred record. And they live and talk and walk as though the pages of your Bible had suddenly become alive!

Most impressive of all is the masterful portrayal of the life of the blessed Lord himself—as He goes up and down the Palestinian countryside proclaiming His Gospel and performing His wondrous miracles.

Seeing this picture is an ennobling experience. An experience you cannot afford to miss.

It will be shown in the East Jordan High School on May 19, in the Boyne Falls High School on May 20th, and in the Boyne City High School on May 21st, at 8:00 p. m.

## Plants in the Home

(By Vaun Ogden)

Schizanthus (sky-zan'-thus) is a standard Mother's Day plant. The flowers completely cover the plant and come in white, pink, lilac or blue. Other common names are Butterfly-flower and Poor Man's Orchid.

This plant is one of the few house plants that you can raise from seeds. Simply sow the seed in ordinary soil, in a box or flower pot. Keep soil moist. In about two weeks the seeds will sprout. Then keep the plants growing. Keep them out of direct sun. When they are a few inches tall, pinch out the center and transplant them in pots. In a few months they will be covered with hundreds of orchid shaped flowers. Either stake the plant for support, or place three in a larger pot and grow them bushy. It's easy. Way don't you try it?

I've been told that they do equally well in the summer right out in a partially shaded garden. I expect they would have to be protected from the wind. They are a lot easier (and cheaper) to raise than orchids and for poor men they make an excellent substitute.

## COUNTY ROADS BETTERMENT STATISTICS

Section 1: Marion Center Road: County Road No. 593 20' Non Skid Surface Treatment Prime and Triple Seal 0.75 miles starting at the S. 1/8 post on the N & S 1/4 line, Section 10, T-33-N, R-8-W, thence North 0.75 Mile. This replaced a section of 22' Aggregate Surface.

Section 2: Boyne Falls East Road: County Road No. 626 21' Aggregate Surface 2.6 miles starting at Sta. 13000; 140 Ft. E. of the 1/2 Cor. common to Sections 12 & 13, T-32-N, R-5-W, thence East and Northeasterly to Sta. 26700 2.6 Miles. This replaced 16' Aggregate Surface.

Starting in the Spring of 1949 the County Road Commission began a re-signing program of County Primary Roads. This was interrupted at intervals because of Construction which was deemed more necessary at the time. This program continues and will be completed it is hoped in 1950.

The County Primary Roads consists of 122.4 miles which is about evenly divided between Section 1 and Section 2.

# This Time The Anti-Trust Lawyers Won A Case Against A&P

As almost everyone now knows, the anti-trust lawyers in Washington have brought a civil suit to destroy A&P. They ask the courts to order the dissolution of this company.

They say that this suit is based on the fact that they won a suit against us at Danville, Illinois, in 1946.

They did. In that case, Federal Judge Walter C. Lindley made a decision against A&P.

Immediately thereafter, in a letter explaining his decision, Judge Lindley wrote:

**"I have not condemned the A&P system.  
I have not made a finding which could  
be the basis for a suit of dissolution."**

So, now we have the anti-trust lawyers saying that their suit to dissolve A&P is based on Judge Lindley's decision; while Judge Lindley himself says his decision could not be the basis for a suit of dissolution.

In previous ads we told you about the cases against A&P which the anti-trust lawyers lost. We promised to tell you about this case they won. Here is the story of the Danville case.

## What Judge Lindley Objected To

At Danville, the anti-trust lawyers made all of the charges which they are again making against A&P today. They were substantially the same charges they had made and dropped at Dallas, Texas, after four federal judges had objected to some of them as "inflammatory."

In his decision, Judge Lindley was critical of some of our activities. He threw some of the charges out of court. He did not make any decision on others.

He even took occasion to praise A&P for the efficient job of food distribution it had done.

Judge Lindley said:

*"To buy, sell and distribute to a substantial portion of 130,000,000 people, one and three-quarter billion dollars worth of food annually at a profit of 1½ cents on each dollar, is an achievement one may well be proud of.*

*"No place in the world I take it are people so well fed as in the United States. Nowhere else, I suppose, do food distributors accomplish efficient distribution at so low a margin of profit. In contrast, we are told in other nations the problem is not one of an adequate diet but one of no diet at all."*

But Judge Lindley did find us in violation of the Sherman Act. He based his ruling on the dual role played by our fresh fruit and vegetable buying subsidiary, the Atlantic Commission Company, whereby that organization acted both as buying agent for A&P and as selling agent for growers.

Judge Lindley said:

*"If I assume for the purpose of disposition of this case that in general the policy of A&P was to operate within the law and attribute to defendants a desire to comply with the law, there still remains the conscious, knowing adoption by all defendants of a plan of action by the Atlantic Commission Company affecting every department of A&P and every retail store which cannot be squared with the intent and purpose of the act."*

In his letter explaining the decision, Judge Lindley wrote: "I have condemned their practices through the Atlantic Commission Company."

Judge Lindley imposed fines totaling \$175,000. When his decision was upheld by the Circuit Court of Appeals in Chicago, we paid the fines. This ended the case—but we did not stop there.

## What We Did To Correct This

In the light of the decision, we immediately set about reviewing our activities to be sure that there could never again be any criticism of our operations.

First, the Atlantic Commission Company abandoned the dual role to which Judge Lindley objected and which he said was the basis of his decision against us.

We did this even though the Atlantic Commission Company had been licensed for many years by the United States Department of Agriculture to act as both a buyer and seller of fresh fruits and vegetables.

The Atlantic Commission Company now only buys for A&P. In other words, we stopped doing the thing which Judge Lindley said put us in violation of the Sherman Act.

We made additional changes in other methods of operation which Judge Lindley had questioned at Danville, even though he did not base his decision on them.

We did even more than this!

We went down to Washington and asked the anti-trust lawyers what else they thought we should do to conform to their new interpretation of the vague anti-trust laws.

The only answer we ever got was that we should break up this company!

Despite their claim that they were not opposed to A&P's size, they insisted that we destroy this size.

Despite their claim that they were not opposed to our manufacturing operations, they insisted that we get rid of our factories which produce many of the fine foods you buy at A&P.

Despite their claim that they were not opposed to our low prices, they insisted that we destroy many of the efficiencies that make these low prices possible.

In other words, they insisted upon the dissolution of A&P.

We were still trying to find out from the anti-trust lawyers what else they thought we should do to conform to the law when they filed the current suit to destroy A&P.

## Why, Then, Do They Want To Put A&P Out Of Business?

Ever since this suit was filed, the anti-trust lawyers have been making damaging statements that could seriously hurt our business if they were believed by the public.

They say that we were found guilty at Danville of all the charges they are making today.

*This is not true. Judge Lindley did not sustain all of the charges of the anti-trust lawyers.*

They say this suit is designed to enforce the law.

*But A&P has clearly demonstrated its sincere desire to abide by the spirit, as well as the letter of the law.*

They say they are seeking to "enjoin" A&P from engaging in certain "alleged" practices.

*Actually, the whole purpose of this suit is not to "enjoin" us, but to put us out of business.*

They say that this suit for dissolution is based on the decision handed down by Judge Lindley in Danville.

*But Judge Lindley has said of his decision: "I have not made a finding which could be the basis for a suit of dissolution."*

What, then, is the real reason why the anti-trust lawyers want to destroy this company, which for 90 years has pioneered the methods of distribution which have given the American people more good food for their money?

PACIFIC TEA COMPANY

## Wonder Drug Makes Pigs Gain Faster

Proof for the claims of the wonder drugs such as streptomycin and their value in swine feeding is shown in the picture above. These two litter-mates got identical rations in a 42-day feeding test at the Michigan Agricultural Experiment Station at East Lansing. Both weighed 25 pounds at the start. The pig getting vitamin B-12 plus one half of one percent streptomycin with the basic 18 percent protein ration of corn, soybean oil meal, B vitamins, and minerals gained 62 pounds in 42 days. The other, getting the basic ration alone, with no streptomycin, gained only 36 pounds in 42 days. Scientists at Michigan State College believe the streptomycin acts as an antibiotic, making favorable changes in the intestinal bacteria. Further tests will be made to determine practical ways farmers can use the method to get faster, more economical gains with swine and perhaps other livestock.

The jig-saw puzzle of putting together the state of Michigan budget for the coming year is just about completed.

Republican legislators have whittled Governor Williams' 343 million dollar budget to around \$260 million. An anticipated revenue will total \$235 million, a deficit of \$20 to \$25 million thus in sight.

Legislative leaders plan to recess the special session soon to a date after June 30, 1950, when the balance sheet for the present fiscal year will be available.

Governor Williams recommended to the legislature that government spending be increased approximately \$110 million for the coming fiscal year. Of this amount \$135 million would be used for state operations; \$158 million for payments benefiting local units of government; \$27.9 million for college and hospital building; and \$18.7 million for road improvements.

The role of the state as a tax collector for local governments was augmented by the constitutional sales tax diversion amendment. Under this amendment, twice approved by the voters, the state diverts 78 percent of the sales tax revenues to local governments.

The difficulty confronting the legislature in trimming state expenditures from an over-all total, as recommended by Governor Williams, of \$343 million to approximately \$260 million has been widely recognized. Republican leaders have used the device of the caucus agreement to hold legislatures in line. The strategy of Democrats will be to publicize the economy program of Republican legislators as a denial of needed public services and crippling of vital government functions.

Governor Williams has indicated that he disapproves financing, especially during good times. Thus the legislature will probably face a double attack of incurring deficit spending and, paradoxically, a charge of needless economy.

Resentment of Republican legislators over the legislative limitations imposed by the Governor is reflected by the current consideration of a proposed constitutional amendment calling for annual regular sessions of the legislature. If this resolution is approved by two-thirds of the House and Senate membership, voters of Michigan would be given an opportunity to vote on the proposal next November.

The annual session of the legislature would convene the second Wednesday in January annually, and sessions in even-numbered years would be required to adjourn on or before the second Friday.

Mr. and Mrs. Alfred Crowell and family spent Saturday night with their parents, Mr. and Mrs. Wm. Gaunt, Sr.

Grandma Barber spent Saturday night with her daughter and family, Mr. and Mrs. Charlie Ploughman. They drove her home Sunday.

Mr. and Mrs. Wayne Figg of Lansing spent Wednesday night with Mr. and Mrs. Loyal Barber. They went smelt fishing and got around a thousand.

Sunday was Loyal Barber's birthday so his sister and family, Mr. and Mrs. Lester Hardy, and Mr. and Mrs. Dick Hoquard took dinner with the Barbers. As it was his sister's birthday too they had a double party.

If the 1950 legislative session had been an annual session, as contrasted to the present special session, legislators would have been free to introduce and consider bills of any type. Thus a bill to increase the gasoline tax and weight tax, whereby road improvements could be financed, would probably have been adopted by the legislature and before the governor for his signature at this moment.

The State Administrative Board has approved a plan for a \$4 million state office building near the capitol. The building would be financed by bonds to be purchased by the State Employees Retirement Fund. Existing rentals of state departments would be replaced by rentals on the state building. Whereas departments now pay an average rental of \$1.15 a foot in private buildings, the state building rental calls for \$2.50 a foot.

The newest effort to reorganize Michigan government—state and local—is being made by a legislative committee headed by Senator James T. Milliken, Traverse City. A paid staff of fact-finders has been recruited by Loren B. Miller, director of the Bureau of Governmental Research at Detroit. Although the 1949 legislative committee has only \$5,000 in its budget, \$20,000 have been contributed by the Bureau and private foundations. Previous efforts of professional reformers have misfired. Senator Milliken is hopeful that the new movement, patterned after the successful "Hoover Commission", will find the answers.

 Mrs. Schroeder has charge of the Nursery Church during the month of May.  
 Methodist Church parlors were filled to capacity last Wednesday morning at nine o'clock for the First May Morning Breakfast given by the Afternoon Circle of the Woman's Society of Christian Service. When the programs were being planned for the year, Mrs. Whitlow suggested having a May morning breakfast. Some of us were skeptical of the success of the undertaking. She told us that in her Methodist Church in

Flint this was the most outstanding meeting of the WSCS or any other activity of that church and that this event was eagerly looked forward to and she urged the program committee to "just try it once". With invitations extended to near by Methodist Church women and to members of women's church societies in the city, over one hundred and ten women opened the meeting by singing grace, "Praise for Bread", led by Mrs. Moore. The menu, served family style, was tomato juice, scrambled eggs, bacon, muffins, butter, jelly, cookies, coffee and tea. The tables were pretty with spring decorations of pots of perky violets and many bright hued crocus accenting the ray of yellow paper which ran the entire length of each table. Each place was marked with a souvenir program. The program was as follows:  
 Solo, selected, — Mrs. Howard G. Moore.  
 Address — Rev. Leona Winegarden of Elk Rapids.  
 Doxology —  
 We are honoring our graduates this Thursday night, Family Night. Bring your own table service,

sandwiches and a dish to pass. All members and friends are welcome. Rev. Wm. Wood of Charlevoix will speak.  
 This Friday, May 12, beginning at 10 o'clock, the district meeting of the WSCS will be held in Traverse City. Call Mrs. Howard Darbee if you plan to attend.

## Looky, Looky, Looky...

"...here comes cookie!" "Cookie" is scarcely the term to apply to these glamorous little Coconut Marshmallow Treats—they deserve a much fancier one. However, there is nothing fancy about making them! They couldn't be simpler! The beverage you serve with them should be equally glamorous, so why not try tall, cool Mocha Floats. They are quick and easy to make, too, if you use the wonderful new 4 in 1 instant cocoa mix. What a treat—for a planned party or for the friend who drops in casually on an afternoon!

And, by the way, with this instant cocoa mix, you can meet daily dairy food requirements of growing bodies, as well as small fry demands for chocolate milk shakes, with no trouble at all. And for additional nourishment, you'd better keep the cookie jar well stocked with tempting Spicy Oatmeal Cookies that have in them sugar and spice and coconut nice!

### Coconut Marshmallow Treats

Cut marshmallows in halves. Dip cut-side in shredded coconut. Place, coconut up, on graham crackers. Bake in moderate oven (350° F.) about 10 minutes, or broil under medium heat until delicately browned.

### Mocha Float

1/2 cup cold Chocolate Sauce  
1/2 cup chilled milk  
Coffee ice cream  
Combine chocolate sauce and milk and blend well. Pour into tall glass. Add ice cream and serve at once. Makes 1 serving.  
Chocolate Sauce: Combine 1 cup instant sweet cocoa mix and a dash of salt in saucepan. Add 1 1/2 cups hot water. Place over medium heat, bring to a boil, and boil 4 minutes, stirring constantly. Remove from heat, add 2 tablespoons butter, and mix until smooth. Makes 1 1/2 cups sauce.

### Spicy Oatmeal Cookies

1/2 cups sifted flour  
1 teaspoon soda  
1 teaspoon salt  
1 teaspoon cinnamon  
1 teaspoon nutmeg  
1 cup sugar  
1 1/2 cups rolled oats  
1 cup shredded coconut  
2 eggs, well beaten  
1/2 cup melted butter or other shortening  
1/2 cup milk  
1 teaspoon vanilla  
Sift flour once, measure, add soda, salt, spices, and sugar, and sift again. Add rolled oats and coconut and mix well. Combine eggs, shortening, milk, and vanilla and add all at once to dry ingredients. For cookies with a rough appearance stir batter until ingredients are just blended. Or beat well for smoother, cake-like cookies. Drop from table-spoon on ungreased baking sheet 2 inches apart. Bake in moderate oven (350° F.) 15 to 18 minutes. Makes about 3 dozen large cookies.

**Forgiving Love**  
Lesson for May 14, 1950.

ALL RELIGIONS believe in God, but not all religions know the God who loves. Gods that rule, gods that threaten and punish, gods that sit on high and distant thrones—yes, the history of religions shows plenty of these. But it is not every religion that believes in a God capable of love. We Christians say that God is love, but already centuries before Christ the inspired Hebrew prophet Hosea was saying that the high God, the holy God, not only can but does love his creatures on earth.

**Love With an IF**  
BUT HOSEA goes further than this. Even the religions that teach the love of God do not always understand it. That there are "favorites of heaven" is an idea common to many religions, ancient and recent.

The notion that God loves those who love him, that his love is a reward for good behavior, that he loves good people but not bad people, in short that he loves only the lovable—this is believed by a great many, but it is not true. To put it in another way: Many religions, and even some persons in the Hebrew and Christian religions, suppose that God loves us with an IF.

Some of the more primitive religions think of God as loving only if he feels like it, if he happens to be in the right mood. There is no telling when he may love and when not; he is as unpredictable as spring weather. The higher religions know better: God is not capricious and impulsive like a child.

But still sometimes even in better religions God is thought of as loving with an IF. If you love me (he is thought of as saying) I will love you. If you are good enough to love, I will love you. If you earn my love, I will pay you by loving you.

**No IF in God's Heart**  
HOSEA HAD LEARNED a deep-er lesson from God. Through his own bitter experience (see last Sunday's lesson) he knew that his own love for his wife outlived all the shame she had brought to his heart and home. In himself he knew, as a living fact, love for an unloving and unlovable person. So—and so much more—God could, would and did love his unfaithful people Israel.

"God so loved Israel—," said the prophet. "God so loved the world," says the Gospel. God's love is not the bargaining kind. He does not wait till we are "good enough." His love has no IF in it.

**Suppose We Say No?**  
AT THIS POINT something must be said that would seem to go without saying, only there are so many persons who misunderstand the truth just here. God is love: we learned that in Sunday school when we were small, we have seen it in mottoes on the wall, we have grown used to the idea. But sometimes we twist this truth into something else.

We think, "If God is love then it doesn't matter much what we do. He is going to look after us and see that we come out all right. Nothing's going to hurt us because our loving Father is right here to protect us." This is a mistake.

Hosea teaches, and the Bible as a whole teaches, that God's love is not compulsive; that is, his love must be freely received because it is freely offered. We can say "No" if we insist.

And if we do turn our backs and run away, the consequences are terrible and not even God's love will keep us from them.

It is only the person who turns his heart to God who finds that love, like sunlight, casting out the fear and the evil from his mind and heart.

**The Cost of Love**  
THE DEEPEST TRUTH of all is one which Hosea partly sees, but is fully seen only in the New Testament. God's love for sinners is costly. It is not a light thing, easily given.

As Hosea's forgiving of Gomer cost him much, so the love of God for his wandering children costs him more. That this is true, Hosea realizes. But to know what the love of God really costs, we have to stand in the light of Calvary. Paul speaks of the church of God "which he purchased with his own blood." There can be no higher price than that.

**May You Collect Damages If a Dog Scares You But Doesn't Bite You?**

A coed lived next door to a man who owned a vicious dog. Several times the dog attacked people in the neighborhood—but the man refused to get rid of the animal. One day, while the girl was passing the neighbor's house, the dog rushed toward her. His teeth were bared and he was growling ominously.

The girl took one look, and promptly swooned! Luckily the dog didn't touch her—but she was so unnerved by the incident that she sued the neighbor for damages. He protested that the dog "didn't even lay a paw on her"—and blamed the girl for being so timid. But the judge said that, considering the dog's reputation and approach, the girl's reaction was only natural—and so he granted her claim.

**If a Doctor Gets Sick, Is He Relieved of Responsibility Toward His Patients?**

A sick woman went to a specialist, who sent her to a hospital for treatment. Soon afterwards, the specialist himself became sick and decided to go away for a rest. Before leaving, he notified a substitute to take over the woman's case. However, he didn't bother to tell the patient of the change or even that he was going away. Unfortunately the substitute was not as experienced a doctor, and his treatment delayed the woman's recovery unnecessarily. Later she sued the specialist for damages, charging him with shirking his responsibility toward her. The specialist defended himself on the ground of his own sickness, but the court said that was no excuse and held him liable. The judge said that, if a doctor can't take care of a patient, he should at least say so—and let the patient decide upon a substitute.

**Does the Law Say: "Once a Drunkard, Always a Drunkard?"**

A bookkeeper got into the habit of taking a few drinks every night before dinner. Gradually the habit became worse and worse, until his wife found it difficult to live with him. One day, after a particularly bad binge, the man solemnly vowed "never to take another drink." For six long months he kept his oath to the letter. But his wife lived in constant fear that he would backslide. Finally she filed suit for divorce charging her husband with "habitual intoxication." She said: "Once a drunkard, always a drunkard!" However, the court disagreed with this theory and refused to grant a divorce decree. The judge said that, since the man was making a sincere effort to overcome his weakness, his wife should stay and help him in his struggle.

**Does Whiskey Tend To Make a Man a Liar?**

A man was arrested on a charge of murdering his landlord, and readily confessed to the crime. However, at the trial he repudiated this confession. He explained that he had made the statement after having had a few drinks—and was therefore "inclined to exaggerate."

But the court disagreed and ruled that the confession was perfectly all right. The judge figured that a little whiskey, far from making a man a liar, often helps to bring out the truth! He quoted the Latin proverb: "In vino veritas"—which means: "In drink there is truth."

A girl went to a soda fountain and sat down on a stool—right next to a telephone booth. As she was happily sipping a milkshake, a man emerged hurriedly from the booth. The door swung around and knocked the girl right off her perch. Injured, she sued the owner of the store for locating the booth so close to the counter. The judge figured that the mishap, while unusual was just an unavoidable hazard of drug store traffic. So it was decided that the girl was simply out of luck.

The ideas of May are almost here, and the Michigan State Legislature is still in special session.

Since March 1 when legislators assembled at the Capitol a virtual tug-of-war has prevailed between the Republican dominated legislature and Governor G. Mennen Williams.

Using his constitutional right to limit legislation in a special session, Governor Williams has ruled that approximately \$112 million in additional government spending must be financed, if at all, by a state income tax on corporation profits. The Governor declined to permit the legislature to increase the gasoline and weight tax in 1951, as advocated by good road boosters, saying that this need, too, should be paid by business from its profits.

By and large the legislative program of the Governor seems to be an echo of the "fair deal" of President Truman, as applied to Michigan. The Governor is building a platform for reelection around the theme of "liberalism". The list of public benefits which would be financed by business out of its profits is long and imposing. Practically every form of economic activity in the state would be affected.

As we have pointed out before, there is not a chinaman's chance or even cough in a carload that the legislature will nod acquiescence to Williams' radical proposal for sharing the wealth. The legislators, especially those from rural areas, have been hostile to any idea for a new tax. They profess to hold to the belief that the average Michigan taxpayer is weary from taxes and would welcome a genuine movement to restore economy in government.

While Democrat leaders point to the Truman reelection as proof that economy is not popular, and by the contrast that government spending is here to stay, the Republican finance leaders in the legislature have put the party on pledge not to levy a new tax and not to increase government spending in 1950.

When the needs of an expanding population and the cries of special pressure groups are considered, it is more than apparent that the Republicans have undertaken to deliver a miracle. Already demands are pouring into the legislative halls to make an exception for this worthy cause and that public need. As there is

obvious merit to all needs, according to your individual viewpoint, is it more than obvious that the Republicans will have to hold the line rigorously, economizing on everyone, if they are to achieve the difficult objective.

Republican committee chairmen point out that considerable time has been consumed since March 1, when the legislature began its special session, in preparing a budget to fit anticipated revenues during the coming fiscal year (July 1, 1950-51). The original budget prepared for Governor Williams was approximately \$110 million in the red as based on an-

anticipated state income from existing taxes. This has been swollen to more than \$112 million by addition of new requests for further spending.

The general record of legislative bodies, whether congress or the state legislature has been to talk economy but to vote spending. At Washington congress has failed to prune expenditures. While the liberals are urging more and more appropriations to take care of raising unemployment and to finance new welfare benefits, the country is being told by Senator George, Democrat, that the joint committee on internal revenue of which he is chairman estimates the total deficit for the next two fiscal years at \$14 billions.

Pinched by the sales tax diversion amendment which is turning back 78 percent of sales tax revenue to home governments, the legislature has the disagreeable chore of balancing the budget or

incurring a deficit. The Williams strategy is in reality putting a squeeze on his opposition—pressure for more spending and no solution for additional income other than a tax on business profits.

WEEKLY NEWS ANALYSIS

# Chiang Loses Half of Nationalist China With Fall of Hainan Island; Editors Urged to Join Truth Drive

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

## NATIONALISTS: Half Remains

Any hope the western world may have had that the march of communism in the Far East had been checked vanished as Chiang Kai-shek ordered the evacuation of Hainan Island. Thus, one half of Nationalist China became Communist territory, and the West listened for the first rumors of the invasion of Formosa.

It was an embarrassing defeat for the Nationalists, who, having previously boasted of victories over the invaders, found it necessary to report in the next breath complete defeat.

Observers said the Nationalists simply "counted their chickens" before they hatched, and that the Hainan command deliberately put out false news to prevent panic and enable prominent leaders to flee the island.

Whatever the cause, General Chiang found himself minus five armies, totaling some 125,000 men, 13,500 square miles of territory, and rich deposits of iron ore, coal and petroleum.

MOST surprising angle in the Nationalist's defeat, in the eyes of western military men, was the comparatively small number of Communist invaders, estimated at 10,000 to 15,000 men. Chiang's armies outnumbered them almost 10 to 1.

Speculation was immediately rampant on possible exaggerated Formosa defenses. Further, in some quarters, the fall of Hainan was called the beginning of the end of Nationalist China.

## EDITORS: Truth Campaign

Editors of the nation—little and big—have been asked to join the greatest campaign in the world today—"campaign of truth."

President Truman, speaking before the American Society of Newspaper Editors, said we must make ourselves known as we really are—not as Communist propaganda pictures us. We must pool our efforts with those of the other free peoples in a sustained, intensified program to promote the cause of freedom against the propaganda of slavery.

Then the President told the editors something they already knew, but no doubt liked to hear:

"There is too much nonsense about striped trousers in foreign affairs. Far more influence is exerted by the baggy pants of the managing editor."

The editors, in general, were inclined to agree. Although the individual policy of their newspapers might or might not be pre-administration, it was high time the United States counteracted Communist propaganda with truth.

In a nutshell the President argued Soviet propaganda constantly reviles the United States. The big problem is to tell the peoples of the world exactly what Americans are like.

At home the editors are the all-important bridge between the American people and world affairs by informing them "well and completely," the President added.

## HOSPITALS: 16,000 Beds

The house of representatives voted \$279,000,000 for veterans' hospitals and \$1,000,000 coast guard reserve training project.

The vote was startling in two respects: (1) The house passed the bill with a record vote; and (2) the congressional "economy drive" which has prevailed in Washington during the past year got a sudden jolt which was not unexpected.

As passed by the house, the bill directs the Veterans' administration to proceed with construction of 16,000 additional hospital beds for war veterans.

With veterans of two world wars demanding and needing increasing hospital aid, congressmen agreed to the need, but shook their heads at the idea of tying a knot in the economy trend becoming more popular as a presidential election year nears.

It took longer, incidentally, to pass the million dollars for the coast guard than it did to enact the hospital bill. That, some observers point out, would indicate that perhaps the congressmen have not entirely forgotten their economy drive.

## HOUSING: Urge Rent Control

Undoubtedly the most unpopular move of the administration since World War II has been the continuation of rent controls. Now, several officials have urged extension of rent controls beyond their scheduled end June 30.

For all their yelping, and, although President Truman has called for a year's extension, there is a general feeling that this time the congress will let the law lapse.

## Secret Witness

Louis F. Budenz, admitted ex-Communist and sometimes called Sen. Joseph McCarthy's secret witness, testified before senate loyalists that Owen Lattimore, Far East expert, was a member of a "Communist cell" in the Institute of Pacific Relations. Next move is up to Mr. Lattimore.

## BOMBS AWAY: Russia Watches

The United States air force display of air power, punctuated with the explosion of heavy demolition bombs, jet planes, rockets and flaming oil bombs, was a big success for the 1,500 spectators, including prominent business and civic leaders and Harry S. Truman.

It was being watched in other quarters, too, and the administration made no secret of its hope that those quarters would be duly impressed. In fact, the government hoped the explosions at Fort Benning, Ga., would be heard across the Atlantic at the moment when Russian and American relations were at their lowest point.

U. S. State Secretary Dean Acheson, who recently has ceased pulling his punches, along with other high government officials, hoped the display would warn the Soviet Union that the United States was prepared.

To demonstrate his hope, he said a few days later: "... the country must be strong, with defenses organized wisely and prudently, and with all possible resources, for protecting the area in which this freedom abounds."

Of the bursting bombs and mighty guns Mr. Truman said nothing when asked what impressed him most.

## DECORATIONS: War or Peace

From action of the United States senate some wondered if this country was at war or peace as that high body decorated 10 airmen who lost their lives in the Baltic, presumably shot down by Russian fighters.

To spectators who gazed down upon the senate floor it was obvious the senators were in no mood to dally, but filled with a fury that had not been experienced since a declaration of war against Japan.

With such denunciations as "criminal" and "barbarous" and demands that steps be taken to prevent another such occurrence, the senators voted praise and decorations for the airmen.

Numerous foreign affairs experts took special note of the state department's protest to Russia, which said in part:

"The cause of peace is not furthered when the U.S.S.R. ostentatiously decorates Soviet airmen in a manner calculated to give the impression that they are being rewarded for shooting down a defenseless American plane."

All agreed that the prospects of a shooting war were not immediate.

## AIR FORCE: Chief Retires

The first Secretary of Air under President Truman's unification policy, W. Stuart Symington, has retired. And, as he departed, he said the Air Force fighting value has been cut.

He declared the Air Force combat effectiveness had declined in the last six months because of a reduction in number but its efficiency had increased.

"There is a tendency to mix up those two words—effectiveness and efficiency—and some misunderstanding has resulted," he added.

He had another view to express, also. He was convinced that a seventy-group Air Force was necessary. One could not overlook, however, the importance of economy "since the nation can be defeated by economic disaster as well as military disaster."

For that reason he had supported President Truman's forty-eight group program.

He had one parting observation on economy: He did not see how a balanced budget could be achieved with world conditions in the state they were now.

## POLITICS: Truman Tour

President Truman isn't giving his rivals a chance to cut down the Democratic majorities in both houses, most observers believed, as he planned what he called a "nonpolitical" swing through the West.

The "nonpolitical" tag that has been hung on the Truman tour has no one fooled. It is, no doubt, the official opening of this year's political campaign and will have a great bearing on the 1952 presidential election.

Observers are inclined to agree that five key objectives are in the back of the Democratic strategy:

1. In 1948 the Democrats swept to unexpected victory because of Truman's popularity. They don't want that popularity slowed down.
2. Visit and talk to the mid-Western farmers and thus extend the party's hold upon them.
3. Find candidates who, if elected, will back the Truman administration. This is felt necessary to offset the revolting Southerners.
4. Rescue and revenge enter into the tour in that an attempt will be made to save some party faithfuls and to punish a few enemies.
5. To bring about some discipline within the party itself in an effort to put on a united front.

## PALESTINE: Arabs Unite

Where there had once been strife among the Arabs of Palestine, now there is unity with the announcement that Arab Palestine and Trans-Jordan have united into a single kingdom.

The unity creates the Kingdom of Hashemite Jordan at the head reigns King Abdullah Ibn El Hussein on a basis of constitutional representative government, the announcement stated.

The unification notice was sent to the Arab states and was received in Israel without too much comment since Israel had an armistice agreement with the new kingdom.

However, Israel was not prepared to accept the annexation. Observers agreed that the move might prejudice future talks when all points concerning the ultimate peace are discussed.

## GREAT WRITINGS: Bible Not Included

Robert M. Hutchins of the University of Chicago announced the collection of the greatest writing of Western civilization in a 54-volume, \$1,750,000 work, but the Bible was not included.

At first readers were shocked that the greatest work of literature in the history of man was not included, but were quickly relieved by Hutchins' reason.

The Bible, he explained, was not included because it already is universally available and almost universally owned.

The collection includes 443 works by 74 authors and was said to include the works acclaimed "indispensable to the liberal education of a free man in the 20th Century."

The first limited printing of 1,000 sets had been scheduled for that many patrons at \$500 each.

## COINS: 7 Billion

On October 9, 1922, with an audience that read like the social register, the first coins in the United States Mint were struck.

Present at that historical moment were George and Martha Washington, Mr. and Mrs. Alexander Hamilton, and Thomas Jefferson. Since then seven billion have been minted.

Since that day 137 years ago, 31,141,346,843 pieces of money have been struck off, with a total value of \$7,131,813,414.41.

You wouldn't know it at first glance, but this is lovely Rosalie Bruce wearing the "lend-lease" head of hair provided by a Hollywood make-up artist. Rosalie's jealous husband, Edward L. Bruce, shaved off her waist-length tresses to keep other men from admiring her. She's a redhead.

Catholic circles continue to buzz with speculation caused by the sensation of Monsignor Franz Jachym refusing in front of the altar of Vienna's famous St. Stephen's church to be ordained as a Roman Catholic bishop.

He abruptly declined saying he felt himself "unworthy" of the office. Such a thing had never happened before in the history of the Catholic church.

# The School Bell...

**FIRST Grade — Mrs. Stokes**  
Several of us have been to see Dr. Charles O. Whitten, the Children's Fund dentist, across the hall. He and Mrs. Whitten, his assistant, have been here since March 1st. They are leaving us May 12. From here they go to Boyne City. They also work in Charlevoix, Bellaire, Mancelona, Pellston, Harbor Springs and Gaylord. Dr. Whitten gives service to about 66 children per week.

Mrs. Stokes is reading "The Burgess Bird Book for Children" by Thornton W. Burgess to us. We like Jenny Wren with her "Tut, tut, tut." We have bird pictures on the wall and we draw pictures of the birds.

**SECOND Grade—Agnes Johnston**  
Now that the spring music festival is over, we are all settling down and finishing our number work books.

We made May covers for our new spelling booklets. During our language periods we have been talking about the many ways to keep healthy. We all drew a picture of the kinds of food we should eat to help us keep a healthy body.

We are all going to try to subscribe for the summer Playtime Weekly Reader. A new character, "Hopper, A Rabbit", will appear in the summer editions. He will tell us every week interesting things we might do to keep us busy during the summer months. Spring flowers are everywhere in our room. We are glad to have them as they help make our room look cheerful. We thank Mrs. Seiler for the pretty daffodils. We are making a flower for mother for Mother's Day. We will give it to her this Sunday.

**SECOND and THIRD Grades — Adeline Bowerman**

Tony Martinek brought a piece of poplar with a four inch diameter which a beaver had cut to use in making a dam.

We are making plans for entertaining our mothers at a party on Friday afternoon. We made the invitations in Art Class on Monday. Several are learning poems and we will sing some songs. Janet DeHaven, Mary Carol Hastie and Bruce Ogden are taking piano lessons so they are preparing a selection for us.

Jane Campau is having her tonsils out at Little Traverse Hospital this week. We hope she gets along fine.

Bobby Sherman went to Grand Rapids on Tuesday so he could see television.

We are grateful to those who helped us get costumes and parasols for the Spring Music Festival and to Mrs. Howe who helped us make up to look like Japanese.

**THIRD Grade — Jessie Hager**  
Lois Ellsworth brought a nice bouquet of Mayflowers for the room, also a big pot of Daffodils that are just opening.

We miss Paul Bowen and we hope he will be back with us soon. The following people had 100 percent in spelling last week—Darlene Bennett, Keith Danforth, Lois Ellsworth, Earl Parks, Anita Petrie, Loren Wycoff, Dannie Bennett and Alice Sumner.

**FOURTH Grade — Lois Snyder**  
We were glad so many of our mothers were able to come to the music program last Friday. We had a good time doing our part of it and still enjoy singing the new songs we learned. Mrs. Taylor helped us by making the Dutch hats and we want to say thank-you to others who loaned us costumes. Some mothers made costumes especially for the program and it all helped to make it nice.

In geography we are studying China and have chosen a committee to plan the scenes for the Chinese mural. John Elzinga is the Chairman. We are making cards for Mother's Day next Sunday. Each one is designing his own card and writing an original message. We talked about the rules for picking wild flowers and why it is important to observe them. So many people are gathering the beautiful little blossoms that we hope they are careful to leave some in each bunch to make seeds. We are going to study the parts of flowers to learn how seeds are formed.

**FOURTH Grade—Grace Galmore**  
Linda Raymond first had the measles and now she has the whooping cough. We hope she will be back to school soon.—Rhea Jean Zitka. Monday, when I got out of the house I found out that the cat had killed a mouse. It was a very little one.—Georgia Derenzny. Our room let the High School boys borrow our bat and ball. At recess when we went to get the ball the cover was just about off. We went to Mr. Wade and he gave us a new ball. The next day our boys broke the bat and he gave us a new bat also. — Joe Leu.

Albert Hayes is out of school with the measles. His mother said he couldn't come to school this week. — Betty McRoberts. I was walking through the woods Sunday and I saw some green grass. I was going to walk in it but I saw a snake there. I just about stepped on it. I saw a weasel, too. He was watching me. Then I walked home and told my mother. — Luella Pinney.

**FIFTH Grade — Elizabeth Dhaseleer**  
We have divided into committees to study the countries of South America. Each committee is going to give the material it finds in the form of a broadcast or in some other way. We are using may geography books, library books, encyclopedias and have even found the Atlas to be helpful.

We recorded our voices on the wire recorder for English class today. We found that most of our voices are pleasing enough but that we don't sound so well when we stumble over words while reading. It is much better to find how they are pronounced ahead of time.

We have begun the study of graphs and each person made a bar graph today showing the number of birthdays in our room. There were none for December.

## Census Bureau's Population Survey May 14th to 20th

The Census Bureau's Current Population Survey, from which the official government figures on employment are obtained each month, will be conducted during the week of May 14 to 20, as was announced today by District Supervisor, Donald P. Watkins, from his office at Boyne City, Mich. In the Current Population Survey, the Census interviews each month a representative cross-section of 25,000 households throughout the country, including many in East Jordan area.

The survey of employment and unemployment has been conducted each month for the past 10 years, and has provided published figures within 3 to 4 weeks after the interviewing is finished. There is a tremendous interest in these up-to-date figures on the employment situation at the present time, and their timely publication is most useful to Government, Business, Industry and other users of this information.

Specially trained enumerators have been used in the Current Population Survey since the beginning and they, of course, carry proper identification in the same manner as the temporary enumerators hired for the Population Census. As in the Census, Supervisor Watkins emphasized that all individual information reported in the survey is held in absolute confidence and only statistical summaries are ever published.

A smart man is one who can stand on a windy corner and keep his hat on and his eyes open.

# Spring Fever? Here's The Remedy!

A PLATE of hot, home-made rolls and a potful of fresh, fragrant coffee—what could be better on a blue-and-gold afternoon in spring? Nothing, of course, unless it might be a friend or two to share them with you. One of the best of all remedies for spring fever is to call up several friends you haven't seen for a while and invite them to drop in for afternoon coffee. Then shine up the living room, get out your prettiest linen and china. Before your guests arrive, bake a pan of Brown Sugar Pinwheels, timing them so they will be warm from the oven for serving. And there you are—all set for a delightful afternoon. Timing the coffee is important, too. It should be as fresh and fragrant as a spring breeze. Make it at the last moment, serve it piping hot and be sure you make enough for plenty of extra cups to chat over!

**Brown Sugar Pinwheels**  
1 1/2 cups brown sugar  
1/2 cup butter or margarine  
1/2 cup raisins  
1/2 cup golden-blanched raisins  
2 cups biscuit mix

**Brown Sugar Mix\***  
1 lb. light brown sugar  
2 teaspoons cinnamon  
Combine brown sugar, cinnamon and allspice. Add butter or margarine broken in small pieces; cream with finger tips until well blended. Store in tightly covered jar in refrigerator. Yield: about 2 cups. Note: This mix is delightful crumbled over hot cereal or served on hot pancakes or waffles.

## Bowling News

The 12 team Merchants league ended the 1949-50 bowling season with four 600 series and 21 bowlers topping the 500 mark. Pat Bartsch led the league in single game effort with 244 and Barney Adair had top series on 629, as he wired games of 235-204-190 together. Sommerville's Grocery had high single team game and series with 972 in 2692 as they won 3 points from the Recreation. Spin Cihak, top average bowler in the league, led Sommerville's with 609, followed closely by Chris Taylor who dropped to 180 his last game to get 596. Both Bob Campbell and Greg Boswell topped the 600 mark to help the State Bank to a 3 point win over Hillman's Insurance. Bob had 606 and Greg 616. John DeYoung was tops for the Insurance five with 512. St. Joseph won 2 games and total pins by 5 to take three points from the Legion, as Jim Lilak shot 692 for the Saints, while Cy Dolezel had 521 for the Legion. Monarch Finer Foods won all 4 from Ellsworth Electric, as Ike Rood led the Canners with 533 and Pat Bartsch led the losers with 541. Eldon Richardson's 220 in 527 was high for Thorsen's Lumber Co. as they won 3 points from the E. J. Canning Co. John Atkinson was tops for the Canning Co. team on 490. Cal's Tavern took all 4 from Brock's Turkey Farm, as four out of the five bowlers all topped the 500 mark with Gene Tiechman getting high on 534. Wally Peacock was tops for the Turkey Growers on 511, although Brock

## Library Notes

**Gifts:**

A check for \$85.08 was received from the State Board of Libraries. Since this is approximately one-half of the total payment for the fiscal year of 1949-50, it means that we will receive about \$866.00 less than we did last year. The State Aid will be applied to our book budget.

The difference in the amount of State Aid received is due to a change in the State Aid law which became effective this year.

Mrs. Liskum presented to the Library two letters received from Laura Ingalls Wilder. One was to her personally and the other to the Fifth Grade pupils. These letters are very attractively framed and many are interested in them. They are of special interest to those who have enjoyed the pioneer stories written by Mrs. Wilder.

Roy Wilson brought us 2 books and 3 Pocket Books.

Mrs. James McLaughlin: Book by Mr. Bogue on Stammering. This should interest any adult who has this difficulty to overcome, and the parents of children who stammer should find this very helpful. The author has perhaps the largest library in any one collection on this subject and has cured himself of the affliction. He is one of the best informed men in the country as his study, helping himself and others, has given him a wide field of experience.

"Goodnight," she purred at the door, "It was fun 'Noing' you."

**Mud Lake Gets "Cleared Up"**

County officers got a notice from the government not long ago, asking them to change the name of Mud Lake. Seems it's a pond, not a lake, by government standards. Because it lies entirely inside our town limits, we asked to do the name-changing ourselves. Figured we'd think up a brand-new name. Mud Lake's really not very muddy—sort of pretty, in fact. County people said go ahead, so we held a Town Meeting. Everyone suggested something. Windy Taylor thought "Taylor Pond" would be nice, because his place borders it—for about 30 feet! But we finally decided to call it "Turtle Pond" in honor of the real owners. From where I sit, naming that pond wasn't the most important thing in the world—but the way we did it was. Everyone offered his opinion and then the majority vote decided it. That's the way it should be—whether it concerns naming a pond, or having the right to enjoy a friendly glass of beer or ale—if and when we choose.
