NUMBER 20

Mayor Proclaims Poppy Day This Saturday

Saturday, May 27, was set aside as Poppy Day in the city of East Jordan in a proclamation issued today by Mayor W. E. Malpass. The proclamation urged all citizens to observe the day by wearing memorial poppies in honor of those who gave their lives in the two world wars. It stated:

"Whereas, the City of East Jordan, in 1917 and 1918, and again in 1941 to 1945, sent many of its finest young men and women to serve in the defense of our country; and

"Whereas, many of these made the supreme sacrifice in that service; and

"Whereas, the memory of their service and sacrifice should be forever kept bright for the inspiration of our own and future generations; and

"Whereas, the wearing of memorial poppies on the Saturday before Memorial Day brings to our minds and hearts the memory of these gallant dead;

"Now, therefore, I, W. E. Malpass, Mayor of the City of East Jordan, do hereby proclaim Saturday May 27 to be Poppy Day in the City of East Jordan, and I urge that all citizens observe the day by wearing the memorial poppy throughout the day."

Memorial poppies will be distributed on the streets on Saturday by volunteer workers of the American Legion Auxiliary, who will receive contributions for the Legion and Auxiliary activities in behalf of the disabled war veterans and needy children of veterans.

W. E. MALPASS, Mayor.

Miss Josephine Justice, Long A Rheumatic Fever Victim, Laid to Rest

Josephine Alma Justice was born Sept. 22, 1929, at Ellsworth, and passed away at Grandvue Hospital, East Jordan, May 9th, 1950, after an illness of eight years from rheumatic fever.

She came with her parents to East Jordan, then to Detroit. Attended the East Jordan Public School, and Craft School and Condon Intermediate School at Detroit.

She was stricken with rheumatic fever at the age of 14.

For more than two years Josephine was a patient at Lockwood General Hospital. In the summer of 1948 doctors gave her thirty days to live, but under the care of doctors and nursing she continued to show some gain. She was removed to Grandvue hospital in September.

She was a member of St. Joseph Catholic Church and American Legion Auxiliary.

Surviving are her mother and step-father, Mr. and Mrs. Paul Loveland; two brothers: Charles and Perry Justice, Detroit; and two sisters: Mrs. Velma Spence, White Cloud; and Mrs. Katherine Barker, Detroit.

Funeral services were held May 12 from St. Joseph Catholic Church, conducted by Rev. Fr. J. J. Mainowski. Bearers were Carl Humphrey, Roy Spence, Richard Freeman and Leonard McRoberts. Interment at Sunset Hill, East Jordan.

Relatives and friends from away to attend the funeral were: Mr. and Mrs. Paul Loveland, Mr. and Mrs. Harold Barker, Detroit; Mr. and Mrs. Robert Spence, White Cloud; Mr. and Mrs. Charles Just-

ice and Perry Justice, Detroit; Miss Dorothy Seckle and Miss Shirley Petrush, Detroit; Mr. and Mrs. G. Wilson, Petoskey; Mr. and Mrs. Geo. Spence, Mr. and Mrs. J. Gibbard, Central Lake; Mr. and Mrs. H. Hill, Mr. and Mrs. B. Sutton, Mr. and Mrs. O. Sutton, Mr. and Mrs. Wm. Hennings, Chestonia.

Legion Auxiliary Met May 9th

The American Legion Auxiliary Unit 22 met in the Legion Home May 9. There was a fine attendance of members present. President Edna Wilkins presided. Various committee chairmen gave reports on the activities of their committees. It was announced that a beautiful hooked rug donated to the Auxiliary by Floy Taylor would be raffled off in the near future. Mary Lou Breakey was appointed chairman of the bingo committee to set suitable dates of future games. Florence Stucker, Poppy Chairman, named the captains of teams to distribute poppies on May 25-26-27, in East Jordan. Those names were Thelma Evans, Helen King, Sue Nemecek, Lillian Bennett, LaVera Ingalls and Ann Kamradt. Each captain is to pick her own team to call from door to door and also to sell poppies on the street.

The next meeting will be Tuesday, May 23, at the Legion Home, at which time members will hem dish towels which have been purchased for the kitchen.

Use time and temperature charts in baking. It saves opening the oven door and wasting fuel. Use as much stored heat as you can, to warm over and crisp up foods.

Committee Appointments

C. F. Winkler, President of the County Road Association of Michigan, has released his committee appointments. Members will serve from April 1, 1950, to March 31, 1951.

T. B. Reynolds of Boyne City, Engineering - Superintendent of the Charlevoix County Road Commission, has been appointed to the Engineering Committee.

R. S. Hamilton of Charlevoix, Clerk of the Charlevoix County Road Commission, has been appointed to the Accounting Committee of the Association.

Have You Been Counted?

"The Census is nearing completion. If you have not been counted, please send a post card or letter to the Bureau of the Census, 112 S. Park St., Boyne City, Mich. Be sure to give your full name and complete address. The Census Bureau will send you the proper confidential forms which you may fill out and return to the above address."

Pre-School Round-Up

MAY 22nd AT E. J. GRADE SCHOOL. GET YOUR CHILD READY FOR KINDERGARTEN

Is your child ready for Kindergarten?

There will be a pre-school round-up May 22nd at the East Jordan grade school. All children who are five or will be five before Dec. 15th, 1950, and will start to school this fall are invited to attend this clinic.

Your child should be in the best possible health to start going to school. If he needs special medical care the summer will allow time for it.

The school brings together many children and therefore increases his danger of exposure to communicable diseases. He should have his pre-school booster shots for whooping cough, diphtheria, tetanus and another vaccination against small-pox at this time.

Help your child help himself. School will be much easier for him if he can put on and take off his coat and rubbers, go to the toilet alone, take care of his personal belongings, play with other children and tell his own name.

Bring him to school, Monday May 22nd, in the afternoon 1:30 to 3:00. Show him the safest route to school. Make sure he knows how to cross the street.

Dr. Litzbenburger, Health Director of the District Health Department No. 3, will be in attendance. Children will be given physical examinations and booster shots if the parents wish.

If your child has not had his immunization they will be started, so the course will be over before school starts in the fall. He will have a chance to play in the kindergarten room so it will not be entirely strange when his school life starts in September.

The regular monthly Infant and Pre-School clinic will be held in the morning of May 22nd, from 9:30 to 11:30. If it is impossible to come in the morning please feel free to come in the afternoon. Please remember there will NOT be a Clinic this month on the West Side. The date is May 22; Place is East Jordan Grade School and the time is 9:30 to 11:30 a. m. and 1:30 to 3:00 p. m.

Charles E. Sandel Age 71 Years Dies at Detroit

Charles Edward Sandel was born Nov. 25, 1879, at Lancaster, N. Y., and passed away in a Merchant Marine Veterans Hospital in Detroit, Tuesday, May 9th, after an illness of two years.

When a small child he came with his parents, the late Lew and Mary Sandel, to Eveline Twp. He attended Three Bell School. On May 30, 1912, he was united in marriage to Miss Signa Sorenson at East Jordan, who preceded him in death about 35 years ago.

They resided in East Jordan until after the death of his wife, when he began sailing with the Merchant Marines until illness forced him to retire, making his headquarters at Toledo, Ohio.

Surviving is a sister, Mrs. Julia Lane, Grand Rapids; four brothers—Albert, Marquette; Ernie, Grand Haven; Wilbert, Grand Rapids; and Clifton, Boyne City. Funeral services were held Saturday, May 13th, at Watson's Funeral Home, conducted by Rev.

Ransom Jones Passes at 74 Yrs.

BORN AND LIVED IN THIS VICINITY NEARLY ALL HIS LIFE

Ransom Amos Jones, 74, passed away in his sleep from a heart ailment at his home in East Jordan, Sunday morning, May 14, 1950, after an illness of one and one-half years.

He was born April 24, 1876, in South Arm Twp. With the exception of a few years spent at Pontiac and several winters spent at Fort Lauderdale, Fla., his life was spent at East Jordan.

Mr. Jones was a carpenter by trade which he followed throughout his entire life until failing health forced him to retire.

He was an active member of the I. O. O. F. lodge at Pontiac. Surviving is a foster daughter, Mrs. Dorothy McKinnon, 1500 Riblet Rd., Muskegon; four grand children; a sister, Mrs. Ethel Matthews, Central Lake; and a brother, Harry Jones, Muskegon; and several nieces and nephews.

Funeral services were held Wednesday, May 17, from Watson's Funeral Home. Bearers were Merritt Shaw, Milton Meredith, Thomas Bussler, Leonard Whiteford, Howard Ranney and Ivan Ranney. Interment at Jones Cemetery, South Arm Twp.

Charlevoix County C. of C. Elect Officers For Ensuing Year

The Charlevoix County Chamber of Commerce met at the Jordan Inn, Thursday evening, May 11th, for their annual meeting.

Representatives were present from Charlevoix, Boyne City and East Jordan. The following officers were elected:

President — Kit Carson, Charlevoix.

Secretary — Bud Hite, East Jordan.

Directors — Arthur Bergen, Charlevoix; Geo. Zipp, Boyne City; and David Pray, East Jordan. Directors for other Chambers will be appointed.

Police Are Checking Brakes. Are Yours Safe?

At the end of the first week of the Vehicle Safety Program, Chief Harry Simmons announced that the department had checked the brakes of 12 passenger and that 3 were found to be in illegal and dangerous condition.

The Chief emphasized the fact that cars which fail to pass the "one-inch-break-block-check" have breakers which are extremely dangerous and that it will take such cars at least double the legal stopping distance in which to stop. This means, for example, that a car traveling at 25 miles an hour, the legal speed in business and residential areas, should be able to stop in the legal distance of 46.9 feet but instead it will take 93.8 feet or more than the legal distance for a speed of 35 miles per hour. Thus, a motorist driving at the legal speed limit of 25 miles per hour in a car with dangerous brakes is endangering the public as much as if he were driving 35 miles per hour with good brakes.

The Chief again called upon all motorists to cooperate and have their cars checked by their regular service stations and not place the law enforcement agencies in the unpleasant position of having to take official action against them in the interests of public safety.

Some of my days consist of bathing, shaving, dressing, eating, riding streetcars, getting my hair cut, shoes shined, washing my hands and sulking.

Planned freezing offers a great variety of foods all the year around. Fruits, vegetables, meats and precooked or prepared foods can be frozen satisfactorily.

Howard Moore. Bearers were Clifton, Wilbert, Ernie and Curtis Sandel. Interment at Sunset Hill.

Relatives from away here to attend the funeral were:— Ernie Sandel and son, Curtis, Grand Haven; Albert Sandel and son, Claire, Marquette; Wilbert Sandel, Glen Lane, Mrs. Arthur Sandel, Grand Rapids; Mr. and Mrs. Clifton Sandel, Boyne City; Mr. and Mrs. Floyd Dickerson, Flint; Mr. and Mrs. Lyle Sandel, Detroit; Mr. and Mrs. D. G. Born, Kalamazoo.

South Arm Grange

South Arm Grange met last Saturday evening for their regular meeting with 12 members present. It was voted to let the Farmers Union put on dances every Saturday night for a while. It was also voted to change the Grange meetings to Thursday evening so our next meeting will be held on Thursday evening, May 25th, at 9:00 p. m. Pot luck lunch will be served at the close of the meeting.

New Mail Schedule In Effect Monday, May 22nd

A new mail schedule will go into effect Monday, May 22, 1950. Mail dispatched to the C & O RR at Ellsworth will close at 12:00 Noon. Incoming mail of all classes will arrive at this office at 1:45 p. m. Schedules of all other dispatches and receipts of mails will remain the same.

THOMAS ST. CHARLES, Postmaster.

A Substantial Check Received

FOR INFANTILE PARALYSIS SUFFERERS IN CHARLEVOIX COUNTY. \$2,775

According to the U. S. Public Health Service, there have been 1,388 cases of infantile paralysis reported this year up through the week ending April 15, compared with 1,092 cases reported during the similar period last year. During that time in 1949, Michigan had 23 reported cases and this year in that same period, 62 cases have been reported.

The National Foundation is endeavoring to put educational material before the public, so all are aware of the importance of precautionary methods to help fight this disease.

On May 15, the Charlevoix Co. Chapter of the National Foundation for Infantile Paralysis, received a check from the National Headquarters for the amount of \$2,775. This is the fourth check we have had since Sept. 1949. The total already used for our Polio cases has amounted to \$1,500.00.

Last year the U. S. had the worst epidemic in history, but the National Foundation kept its pledge to the American people—that no Polio victim should go without the best possible care. This was made possible because YOU answered the call of the March of Dimes.

Mrs. Walter Davis, County Chairman.

All Sports Banquet at E. J. H. S. Gym Friday, May 26th

The third annual All Sports Banquet will be held Friday, May 26, at 6:30 p. m. in the high school gymnasium. The banquet is sponsored by the East Jordan Rotary Club and is in recognition of the efforts of all boys who participated in school sports.

The speaker of the evening is Lyall Smith, sports editor of the Detroit Free Press. Mr. Smith's daily column, "As of Today", is well known to those who read the Sports pages.

Tickets may be purchased from any member of the Rotary Club. A large attendance is expected, consequently, an early reservation is advised.

All For Christ Youth Rally at Ranney Schoolhouse

Saturday, May 20th, at 8:00 p. m. at the Ranney Schoolhouse will be the meeting time for this month's Youth Rally.

Last month we met at the Green River Schoolhouse. Very fine attendance. We were so happy to see so many young people out. So we are looking forward to another fine rally this Saturday night.

As usual there will be group singing. Special music by various groups present.

To close the rally Miss Jean Thornell, home missionary worker under the Rural Home Missionary Assoc., will bring a message from God's Word.

To hear some roosters crow you'd think the sun was rising especially for them.

Replace frayed electric cords and have defective electrical equipment replaced or repaired by a competent electrician.

Disabled Veterans Make Memorial Poppies

POPPY DAYS IN EAST JORDAN MAY 25, 26, AND 27th

Making memorial poppies to be worn in honor of the war dead on Poppy Day, May 27, is providing employment for thousands of disabled veterans in hospitals throughout the country, according to Mrs. Frank Stucker, Poppy Chairman of Rebec-Sweet Post Auxiliary Unit 227 of the American Legion. The work not only enables the veterans to earn much needed money, but also is valuable as occupational therapy.

Poppies which will be worn here are being made by patients in the various Veterans hospitals under the direction of the Rehabilitation Department of the Auxiliary. They will be distributed from door to door May 25th and 26th and also on the streets on Poppy Day, May 27th, by volunteer workers from the Auxiliary and Jr. Auxiliary. Contribution received for the little red memorial flowers will go entirely into the rehabilitation and child welfare funds of the Auxiliary.

The flowers are made of crepe paper with wire stems and are accurate replicas of the wild poppies of France and Belgium, which grew in such profusion on the battlefields of both world wars. This "Flanders Fields" poppy has been the memorial flower of all English speaking countries ever since the first World War. Millions are worn throughout the world each year and, in addition to keeping bright the memory of the war dead, they are an important source of funds for the welfare of the disabled veteran and needy children of veterans.

The veterans work on the flowers in their hospital beds, wheel chairs, or in the hospital hobby shops. In some states, special work rooms are maintained by the Auxiliary where disabled men outside the hospitals are employed. The veterans develop great skill and speed in shaping the flowers and are able to earn substantial amounts without overtaxing their strength. For them the poppy fills empty hospital hours with interesting, profitable employment.

Jr. Play, "The Boarding House Reach" presented Again, May 23, 8:15 p. m.

Due to repeated requests and the fact that so many folks were unable to attend the first performance of "The Boarding House Reach", it is being presented again on Tuesday evening of next week.

This high school play was acclaimed by many as the funniest and most uproarious ever presented here.

When asked if they would like to present the play again there was not one "no" from the entire cast. The fine credit for the play goes to all the cast listed below:

Elwin "Red" Evans — Wilbur Maxwell.

Roger Benson — Hercules Nelson, Wilbur's pal.

Ray "Pap" Hughes — Mr. Maxwell.

Gloria Rogers — Mrs. Maxwell.

Marianne DeForest — Betty Lou Maxwell.

Peggy Nemecek — Connie Maxwell.

Sharleen Brock — Bernadine Smith, Betty Lou's pal.

Kay Sinclair — A gun moll, Nora McGuire.

James Milstein — "Limpy" McGuire.

Alice Gibbard — Rough-house Ruby, the wrestling wife of

Max Sommerville — Herman Ninety-volt Jones, a beat-up pug.

Janet Richards — Lucy Burns, a walking Encyclopedia.

Leatha Bussing — Mrs. Mott, who says nothing throughout the play.

Edward Drapeau — "Connelly" a detective.

Linda Petrie — Aunty Mary.

Additional credit also goes to the stage crew, headed by Bill Addis, Mike Brennan, Jerry Olson and Larry Huckle.

For this repeat performance, tickets will be sold only at the door. We hope that all of you who missed seeing the play the first time will find it convenient to attend. The gym will be opened at 7:30 p. m. Mrs. Drapeau and the Boys' Glee Club and the Girls' Trio will entertain between acts. The Junior class welcomes your attendance.

IN FLANDED'S FIELDS By Colonel John McCrae

In Flanders' fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below.

We are the dead.
Short days ago we lived,
Felt dawn, saw sunset glow,
Loved and were loved and now we lie
In Flanders' fields.

Take up our quarrel with the foe,
To you from falling hands we throw
The Torch be yours to hold it high;
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders' Fields.

"The Story of the Life of Jesus Christ" at E. J. H. S. This Friday

The famous Hollywood pilgrimage play, "The Story of the Life of Jesus Christ", to be shown Sunday evening in the Boyne City High School, Saturday evening in the Boyne Falls High School, and Friday evening in the East Jordan High School, and Thursday evening in the Charlevoix High School. This all color and sound moving picture was produced by a cast of top ranking actors and actresses with the best that Hollywood has to offer. Here is a brief biographical sketch of just three of the 110 professional actors whose inspiring performances make the Pilgrimage Play truly a memorable screen experience.

Nelson Leigh (Jesus of Nazareth), a veteran of the stage and screen. Of all the actors who have performed this exciting role, none has been as unanimously acclaimed as has Mr. Leigh's portrayal. He brings to the part a sincerity born of deep personal religious conviction.

Leonard Uenn (Judas Iscariot) has had years of experience in portraying characterizations. Educated in New England and Columbia University, he writes music and is a student of the Bible.

Stephen Chase (Simon called Peter) has been in many well-known productions including "Les Miserables", "The Little Colonel", "All the King's Men", Radio Cavalcade of America". His wife and three children, Aileen, Sally and Warren, also have roles in the picture.

The masterful portrayal of the life of our blessed Lord Himself—as He goes up and down the Palestinian countryside proclaiming His Gospel and performing His wondrous miracles—is an experience that no one should fail to see.

The sum of no man's generosity ever equalled the recipient's notion of what he could spare.

Businessmen You Know

Frederick J. Vogel

Frederick Joseph Vogel was born July 11, 1894, on a farm near Ada, Mich. When he was a year-old, his parents, Ferdinand and Josephine Vogel, purchased a farm 2 1/2 miles north of East Jordan and moved their family here. This was their home until after his father's death in 1922. This farm is now owned and operated by the Alfred Crowell family.

Fred attended the Chaddock District school 1/2 mile east of

their home.

He has two brothers, Ed at Ravenna and Will at Muskegon; and two sisters, Mrs. Lena Reid, Muskegon, and Mrs. Agnes Aucough of Eagle.

On April 21, 1914, he was married to Miss Grace E. Shepard and since then Mr. and Mrs. Vogel have made East Jordan their home. Fred worked for John F. Kenny in the draying and coal business a few years, then drove team for the East Jordan Lumber Co. at their saw mills and was delivery man for the East Jordan Lumber Co's general store at the time they changed from the horse drawn delivery wagon to the motor truck for delivery service.

In August, 1923, he started working for the Standard Oil Co., at the same location where he is now in business for himself, having purchased the service station and remodelled it in 1940.

Mr. and Mrs. Vogel have one son, John T. Vogel of Long Island, New York, and a daughter, (Betty) Mrs. Ernest Slade of Grand Rapids. Also three grandchildren.

They own their home on Second St.

Fred is a member of the East Jordan Lodge No. 379, F. & A. M., and for recreation likes bowling and raises a fine vegetable garden each summer.

East Jordan Auxiliary Chooses Girl To Attend Girls' State

The East Jordan High School Junior selected as a representative to attend Wolverine Girls' State at Ann Arbor, Mich., June 20 to June 27th, has been announced by LaVera Ingalls, Girls' State Chairman. Marcella Olstrom has been given the honor of representing East Jordan Unit 227, with Linda Petrie as alternate.

To be eligible to attend Girls' State a girl must have reached her fifteenth birthday by June 1, 1950, and has completed her junior year in high school. She must have especially marked qualities of potential leadership as well as good moral, intellectual qualifications, good scholarship, athletic abilities, and be in good health.

Wolverine Girls' State was established by the American Legion Auxiliary in 1941. The program is dedicated to the training of girls who possess inherent qualities of leadership. Girls' State will present to those in attendance vocational guidance and political science.

The primary object of Girls' State is to stimulate girls to take a deep interest in the development of home and community life. Since women's place in the home is of national as well as local importance, it is important that young girls be exposed to the actual problems which confront them and become acquainted with the opportunities which are available to them in everyday life. The members of the American Legion Auxiliary hope that Girls' State will inspire the girls of today so as to encourage them to become better citizens and home builders for the nation of tomorrow.

Girls' State is held at the University of Michigan in Ann Arbor. The girls will be able to enjoy many of the privileges and facilities of the University. Regular members of their large and well trained staff will offer guidance, instruction and demonstration in household arts, home economics, hospital work, dramatics, fine arts, physical education, dietetics and actual experience in governmental procedure and its functions. The vast recreational and athletic resources of the University will be at the girls disposal so that the serious phases of the program can be interspersed with games and sports. This opportunity should be of enduring value to those who are chosen to attend.

Bowling News

Although the regular season is history, records still fall as the bowlers continue their efforts to compete the annual City tournament. Leaders in the various events include, "Bun" Brennan in the singles with 679, followed by Chris Taylor with 674. Earl Denny and Don Campbell in the doubles with an all time record of 1338. Ellsworth Electric tops the teams with another record score of 3126, and Earl Denny's 1971 count in the all events for still another record. The Ellsworth Electric team tied for last place in the regular season but came back with a vengeance to score games of 998-1093-1035, while second place Thorsen's Lumber five hold 2nd place with a 3023 count and the E. J. Canning Co. follows with 3000. Shooting in the tournament will continue through most of the current week.

The E. J. Ladies league crowned a new champion when the Dress & Gift Shop eeked out a 1 point win over Bachmann's, while the State Bank was winning 4 points from Metal Products. The win enabled the Bank team to move into 2nd place, only 1 point off the top.

Mickey Hamerski topped the league in single game and series when she scored a 201 game to total 506.

Record scores in the league were bowled by Inez Henderson with 233 for high single game. Minnie DesJardins topped the league for high series on 544, while Metal Products had high single game for the teams, 827, and Dress & Gift Shop topped the league with a 2291 series.

Mickey Hamerski led the league in individual averages with 156, followed by Datha Peacock who averaged 150.

The first annual 4-game ladies tournament closed with Quality Food taking the honors with a 3575 count for the four games. Dress & Gift Shop rolled into 2nd place and Rockwell's of Grayling held 3rd place, while Bachmann's of Central Lake came in fourth. Betty Boswell's 781 was tops in the individual.

A hard-hitting campaign is in prospect for 1950, according to spring trends in Michigan.

Governor G. Mennen Williams caused no raising of eyebrows among Republican legislators when he accused them in a speech before the Michigan CIO Council of being controlled by "big business."

The heir to the Mennen soap millions declared that "special interests have been served and the people's interests neglected" by Republican domination at Lansing. The "do-nothing" record of the legislature, he said, included inaction on a fair employment law, failure to remedy "outrageously unfair" disqualifications in unemployment compensation law, hostility to public housing needs and wowing of private utilities by granting them higher rates.

It has been the consistent contention of the Democratic government that \$112 more millions in government spending should be raised solely by a tax on business profits.

Williams has persisted in the socialistic belief that corporations should be made to dole out post-war profits for public benefits. In fact, corporations would readily absorb the cost, he added. The cost would not be transferred to the consumer in the form of higher prices. It would be added expense of doing business in Michigan.

This "no consumer tax" plank in the Williams platform was unveiled one year ago. Republican legislators were not impressed. The reply was "socialism" for personal political propaganda.

And so when the Governor called a special session of the legislature in 1950, recommending \$112 more millions to be set by governments, the stage was obviously set for a ready-made campaign issue. The Republicans would be counted on to oppose a business profit tax. They did just that.

Williams neatly created a situation whereby the G. O. P. could be attacked for "reactionary" negligence of the people's interests.

Actually, as his critics see it, the special session was about 90 percent window dressing for Williams' campaign of re-election.

With the session about ready to adjourn, the governor appears to have his issue: Republicans are subservient to "big business".

August Scholle, president of the Michigan CIO Council criticized the newspapers of Michigan of being "controlled" by big advertisers. The press is in the dog house, too.

And so the stage is being set

WEEKLY NEWS ANALYSIS

**May Day Disappoints Communists;
New York Students Stage Riots;
Gambler Admits Making \$100,000**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**MAY DAY:
Disappointing**

Outside Russia, May Day proved a great disappointment to the Communists.

In Berlin, for instance, where the Reds had hoped for strife, a half million people, drawn from both halves of the divided city, roared defiance to the Soviet Union and German communism and pledged allegiance to freedom.

At least 500,000 staged a spectacular demonstration in the British zone, dwarfing the well-organized parade only a few blocks away. The Reds claimed that 800,000 participated, but east-sector police on the spot volunteered that the crowd was no more than 250,000.

And, although the meetings were next door to each other, there was no outstanding violence. A flurry of stone-throwing and a few fist fights was the extent of battle.

Of the speakers, aging Mayor Ernest Reuter of Berlin was the most popular. The crowd applauded and cheered when he said, "We Berliners are not afraid of anything."

In New York, the annual May Day parade was held to the tune of jeers from spectators and a few fist fights. About 13,000 persons attended the rally, the smallest number in years.

Also on the home front, the little town of Mosinee, Wis., experimented with communism for the day and a strong-armed "guerrilla" band ground 2,000 residents under the heel of a mock Communist boot.

The mayor was forced to surrender the town, the police chief was executed, a concentration camp was filled with hymn singers, churches were closed and food rationed. The residents of the little town felt it was well worth while.

All in all, the day outside Russia proved a great disappointment to the Communists. It was evident also, that the so-called "witch-hunt" underway in congress is making a great many Communists depart the company of fellow organizers.

**GAMBLING:
Probe Continued**

The battle against gambling syndicates conducted by cities throughout the nation and many states for years, and recently picked up by the senate, seemed to have reached the right road and moved along rapidly.

The senators, considering a proposal to bar the interstate transmission of information about gambling, hope to curb what some lawmakers say is a nation-wide crime syndicate founded on illegal bookmaking and slot machines.

The senate subcommittee in its investigation gained two admissions from Frank Erickson, called one of the nation's biggest gamblers:

1. He broke the law in running up a \$100,000 a year net income from taking bets which ranged from \$20,000 to \$40,000 a day.
 2. His interstate operations would be stopped if the government prevented the transmission of gambling information across state lines.
- At one point in the investigation Erickson admitted that he was often "ashamed" of his activities.

**LABOR PARTY:
Stands Test**

Bulletins on the physical condition of ailing members of the house of commons have become a part of British humor recently.

Members of the labor party, however, are not finding them very funny, especially since the one-vote victory on a minor issue. By just one vote the government escaped an embarrassing defeat and a serious blow to its prestige.

The issue, a token cut to the transportation appropriation amounting to only 1,000 pounds, tied 278 to 278. The chairman of the house, Laborite James Milner, cast the deciding vote on the government's side.

As a result of the narrow escape, English political observers said they expected Prime Minister Attlee to enforce even stronger discipline on attendance of Labor members of the house. Observers said that the vote also gave a true picture as to just how narrow the balance of power in the British government has become.

**BELGIUM:
Crisis Again**

For the third time within a year the Belgians will vote on the question of the exiled monarch's future.

The new election was ordered after the collapse of a final effort to constitute a new coalition government of social christians and liberals for the recall of King Leopold III.

Observers predicted that the next election would be as indecisive as the recent referendum.

Students Riot

Holding a boy firmly by the collar, a New York mounted policeman is shown taking into custody one of the thousands of high school students who demonstrated and rioted in Foley Square as a follow-up of their support of teachers' salary and other demands.

**STUDENTS:
Stage Riots**

Thousands of New York high school students staged repeated demonstrations—some outright riots—demanding higher pay for teachers and protesting a virtual halt in after-school activities.

As many as 5,000 students repeatedly rushed city offices and clashed with police. They shouted and shoved, threw stones, stuck pins in police horses, set off firecrackers, and made trouble in general.

New York's school problems can be traced directly to the teachers who have demanded more money. As a result, \$13,000,000 was added to the school budget, but Mayor O'Dwyer cut this figure to \$7,000,000. The teachers then called a modified strike, keeping classes but refusing to supervise "extra-curricular" activities such as commencement exercises, senior dances, plays, proms and class days.

As a result, the students staged demonstrations which at first were taken lightly, but soon gave evidence of brilliant organization and direction.

The picture became more confused when the Communist Daily Worker praised the demonstrators and accused the New York police of invoking "terror" methods against them.

Said Federal Judge John C. Knox of southern New York district court: The photographs of jostling mobs "will bring joy to the inmates of the Kremlin"; the riots are "daring and disgraceful."

**GERMANY:
People's Police**

Two Communist storm troopers, who wandered into West Berlin, confirmed long-standing British and American suspicions that the Soviet Union was rearming East Germany.

The two strays, armed to the teeth, pleaded guilty in a U.S. court of entering the section in para-military uniform. Weapons included army pistols, machine guns and assault rifles.

The men said they were members of the Soviet zone "People's Police" but that it is in reality an army. Members of the organization get short training as policemen, including law courses, then go in for tanks, armored cars, light and heavy machine guns, grenades and assault rifles.

On top of that, daily classes in "political education" under Communist commissars are given the 36 units of 1,000 men each.

As if in answer to Communist plan, the United States defense department answered the following day that 146,500 army troops are maintained by this country in west Germany.

The department said nearly 600,000 men, more than 40 per cent of the country's total all-service armed strength, are on duty outside the United States.

Of the troops in Germany, an army spokesman said, 85,000 are concentrated in Berlin. The defense department has long operated on the theory that Russia would like nothing better than a chance to take over Berlin.

**WAR:
Not Imminent**

The world was glad to hear the words of Chairman Connally, of the senate foreign relations committee, that there seems to be no immediate danger of war with Russia.

The Texan said in an interview: (1) Communist pressure would force the United States to abandon South Korea; (2) the Baltic plane incident has not hastened war between this country and Russia.

TAXES:

Votes Cut

The all-important house ways and means committee has voted a 20 per cent slash of the federal admission tax on film, stage and sport tickets.

The action, were it to become law, would mean an annual loss estimated at \$242,000,000, bringing the total cuts and exemptions approved thus far to \$575,000,000.

Political observers agreed that the cut would be a popular vote-catching move, but at the same time, were beginning to wonder if there are enough "loopholes" in existing tax laws to make up the deficit that appears likely.

President Truman was of the opinion that by tightening certain tax laws, funds will be available for government operations the next fiscal year.

In fact, the President threatened to veto any bill that fails to offset the losses by provision of new revenue from other sources. He asked that the excise cuts be held to \$655,000,000.

At this point another problem appears. The committee had not yet voted on two of the most important of wartime excises—communications and transportation.

Some members predict that another \$500,000,000 cut would be approved in these fields. If that should be the case, the total reduction would climb to more than \$1,000,000,000.

What happens next? If Mr. Truman kept his word he would veto any bill that did not take up the slack from another quarter. Add to that, the cut is 345 billion above what the President recommended.

It seemed that a battle was shaping up for the future. It was an interesting situation, to say the least.

**EMPLOYMENT:
Almost Peak**

The census bureau reported that employment was within a stone's throw of 60 million jobs, a pickup of 1,117,000 over the bureau's previous report.

Included in the report was the good news that the 1950 number of unemployed sank to 3,515,000—a new low for the year.

Secretary of Commerce Charles Sawyer said the gains were "probably greater than was generally anticipated." He cautioned, however, that the gains were at least partly seasonal.

Commerce officials had hopes that the high employment rate might be maintained through the summer. The reason: factory production and sales both at the highest levels in more than a year, new orders placed with manufacturers reached a postwar peak, and "unfilled" orders continue to accumulate.

Farming was the only branch not reflecting increases, however. Despite the seasonal rise in jobs, the total number in farm work continued below the level a year ago by about 625,000.

**CORPORATION:
Capital Up**

The securities and exchange commission reports the net working capital of United States corporations rose 2.9 billions last year to 64.7 billion dollars.

The business world took immediate notice of one item in the report. Corporate working capital at the end of 1949 was more liquid than at any time since the early part of 1947.

This increased liquidity last year resulted from a 2-billion-dollar rise in holding of cash and United States government securities, and a 5.5 billion decline in current liabilities.

In all, the outlook was good most observers agreed.

'Big Time'

Frank Erickson, big-time gambler, admitted to the senate committee investigating gambling that he made \$100,000 a year from taking bets from "anybody who wants to bet." The senate group is studying legislation to bar interstate transmission of gambling information.

Rich Nizam

One of the richest men in the world, the Nizam of Hyderabad, India, who keeps silver, gold, jewels and bank notes valued at about \$130,000,000 in air-conditioned vaults into which he alone may enter, patches and darns his worn garments himself.

Although he uses a large uncut diamond as a paperweight, he doesn't throw money around.

Raisins Bring Her 10,000 'Iron Men'

Her family's liking for raisin bread brings Mrs. Fred Palliaer of Boyne City, Mich., a check for \$10,000. She is pictured receiving from William Doty the grand award in a national "Why I Like Raisin Bread" contest sponsored by the California Raisin Advisory Board. Arnold Matthews, Boyne City A&P store manager, was awarded \$100 for his part in selling the bread and supplying his customer with an entry blank. Mrs. Palliaer, wife of a brick mason and mother of two children, moved north from Detroit several months ago.

Customers' Corner

Since the anti-trust lawyers filed their suit to put A&P out of business, three interesting things have happened:

1. Many thousands of our customers have written letters expressing their opposition to this suit.
2. Public opinion polls reveal that most Americans are on our side.
3. Our business has increased. More people are shopping at A&P than ever before.

All these things indicate that our customers have confidence in the policies of fair, honest dealing which have guided this company for the past 90 years.

We want to do everything we can to merit your continued support.

God and Our Rights
Lesson for May 21, 1950

CIVIL RIGHTS are now a political football in the United States. Every legislator likes to be known as favoring them. Everybody seems to be all out for rights for everybody. Then why isn't everybody satisfied? The truth is, a lot of us just talk. When it comes down to political facts, the people who get their "rights" recognized first are the people with the most votes. The little people, especially if they haven't too many votes, are likely to be stepped on.

Dr. Foreman

Cannibal Country
THIS IS NOT a new problem. Long ago the prophet Micah faced it, said some brave words about it. He was a small-town man living in a village near the Judah-Philistine border line. Judah was at that time mostly rural. The villages were made up of farmers, who did not live on their farms as we do but lived all together for protection, going out into the country by day to work their farms, coming back to the village at night. None of them owned very much land, and few indeed were rich.

There was just one big city in Judah, Jerusalem the capital. Compared with the rest of the country it was immense and enormously rich. Now it does not take two guesses to know how Judah, as a nation, was run. Jerusalem ran it. The big city was growing richer and richer while the country grew poorer and poorer. The small farmers were losing their lands and becoming tenants or hired men (2:1-2). Micah even talks of the princes of Israel, the aristocracy, as cannibals, eating the flesh of the people.

Half Slave, Half Free
NO COUNTRY is a good country, no country is in a healthy condition, if one part of it is tearing the other part down. If the strong are living off the weak, the whole nation grows weak. Micah saw that exactly; indeed, he predicted that because of the kind of country it was, half oppressed and half oppressing, it would be destroyed. No enemy of his country, he did not enjoy forecasting its downfall. But he loved people; he loved his country neighbors; he could see what was happening to people who were being crushed down into the dirt, he knew that could not go on and on without a smash. (And it came!)

This has been the story over and over again in the history of nations. When the few grow strong at the expense of the many, when wealth is concentrated in a few cities, or in a few individuals or families, look out! When this goes on for a long time and becomes a sort of national habit, the nation may not fall at once but becomes a pushover for anybody who wants to take it. Why, for instance, was the downfall of the "Nationalists" in China so swift? It was because the Chinese people had become convinced that the political leaders and their wealthy backers were in it for what they could get out of it. Why did so many Nationalist troops fail to fight, why did they surrender repeatedly without striking a blow? Because armies are made of common men, and the common man has been taking a beating too long. There is very little patriotism in a beaten man.

We Have Our Own Problems
WE ARE FORTUNATE in that we live in more democratic times and lands. It should never be forgotten that democracy is a fruit of the Jewish-Christian tradition which the prophet Micah helped to form. It was the prophets who plowed deeply the soil out of which democracy has grown. Many of the laws of our land are intended to keep the strong from eating up the weak. The farmer, the man out of work, the man with the small job, the man with the small business—they are protected under our government, whether in Canada or in the United States, as they never were in ancient Judah. To test whether we are treating others right, especially those who are weaker than ourselves, we need first to ask these basic questions: Do these people get their share of justice, and are we helping them get it? Do we treat them with mercy or do we only "use" them for our own benefit?

Should Statements Under Oath Be Taken With a Grain of Salt?

A man went bankrupt, and was haled into court by his creditors. At the hearing, he admitted that he had had \$5,000 in cash just a few days before—but claimed he had lost it all. "I was walking down the street," he related, "carrying this money in a satchel. While waiting for a street car, I happened to look down and I noticed that the bag had

fallen off—and I was holding only the handle! Since the bag was nowhere to be seen, I threw away the handle and went home." Though there was no way to disprove the story, the judge decided he just didn't believe it—and ordered the man to "find" the \$5,000 somehow. The judge figured that, although the story was told under oath, it was too incredible to be taken with a grain of salt.

Does the Law Recognize The Principle of "Cause and Effect?"

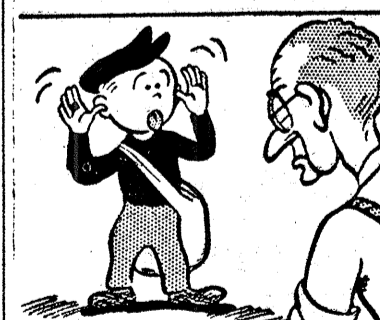

This famous case, which arose in the year 1770, laid down a doctrine that is still considered basic in our legal system. Mr. A, bent on mischief, threw a giant firecracker—lighted—into a crowded market place. It landed at the feet of Mr. B, who snatched it and frantically flung it away. This time the sputtering thing landed near Mr. C, who also threw it away to save himself. The firecracker then fell beside Mr. D, and exploded. Mr. D was injured, and sued Mr. A for damages. Mr. A protested that he had thrown the firecracker at Mr. B, not at Mr. D. But the court held him responsible anyhow. The judge said that Mr. A had set off an involuntary chain reaction—and thus was responsible for the consequences.

Is a Theater Responsible If a Volunteer From the Audience Gets Hurt in a Vaudeville Stunt?

A 14-year old boy went to a vaudeville matinee, and was invited onto the stage by the master of ceremonies. There he was stationed on a sort of treadmill, and was told to start trotting. The faster the boy trotted, the faster the treadmill whirled. At the climax of the stunt, he was supposed to be thrown from the machine into the waiting arms of an attendant. Unfortunately, the attendant missed—and the boy dropped onto the stage floor. Painfully bruised, he later sued the theater owner for damages. The latter protested that the stunt was "all in fun," but the court was not amused. The judge said that, in staging an act as risky as this one, the theater owner takes the responsibility for his patrons' safety.

May You Strike Somebody For "Sassing" You?

A newsboy took a lively dislike to a storekeeper, and on several occasions he made faces at the man. One day the boy tried his stunt just once too often. The merchant seized an umbrella that was handy and

smacked his tormentor on the head. Arrested on a charge of assault and battery, the man insisted that his action was justified by the boy's constant "sassing." However, the court disagreed and found him guilty as charged. The judge said it takes more than "dirty looks" to justify an attack of this kind.

A certain town set up a public dance hall in a residential district. The music, which played until 1 A.M. every night, was heavenly to dancers—but hellish to the neighbors! Soon the matter was taken to court, where the judge listened patiently to the pleas of both sides. He finally decided that the music could continue—but only until 11 P.M. In explaining how the law must make compromises, he said: "My freedom to swing my arm ends where the other fellow's nose begins!"

BIG SUPPLY MAKES BEANS A "NATURAL" FOR THRIFTY MEALS

Boston made the bean famous, but Michigan grows the beans. Let's take a tip from the frugal New Englanders and make the most of the more-than-abundant supply of dry beans, suggests Mary Bodwell, food economist at Michigan State College.

In fact, so many beans were produced last year that a National Bean Week is now being observed to call attention to the merits of this food in our diets.

Here are a few tips about dry beans that homemakers should find helpful in weeks ahead: You'll find the pork and bean combination practically unbeatable. It's one of those "natural" food combinations alert homemakers seek, to please the family and make the food budget money go farther.

Make each of your low-cost bean dishes a taste treat by generous use of seasonings which blend well with beans. Try tomatoes, onions, molasses, brown sugar, ketchup or spices and meat flavors in the combinations.

To further insure satisfaction at the table, observe these basic bean-cooking rules. Wash in cold water, allow plenty of time for soaking, and soak in soft water if you can. Hard water toughens the skin. Keep heat low when cooking beans, watch the pot carefully—dry beans soak up a lot of water.

As far as dried bean quality is concerned, you have little to worry about, Miss Bodwell says. You are likely to be buying a Michigan product, and all beans packed in the state are carefully graded by processors. Michigan grows more than one-fourth of the nation's beans, and more than nine-tenths of the popular Navy or Pea bean varieties.

HOMEMAKER JOTTINGS

The secret of cooking fish is to use low heat and never over-cook it. Fat fish may be broiled or baked. Leaner fish is best basted with a sauce or cooked with fat to prevent dryness advise Michigan State College home economists.

MICHIGAN WOMEN ADOPTING MANY NEW HOMEMAKING IDEAS

Homemaking in Michigan improved last year by leaps and bounds. More than 38,500 members of home demonstration groups improved their homemaking by adopting more than 80,000 new and better methods.

Does this mean money saved and new skills learned? Indeed it does, states Margaret Harris, acting state home demonstration leader at Michigan State College. But she believes the skills developed and the satisfaction gained are much more important than the money saved, for the skills will save money for the homemaker for years to come. And who can estimate the value of satisfaction gained in doing the important job of homemaking well?

Money saved was not a trifling amount. Jessie Marion, extension home furnishings specialist, reports more than \$40,000 saved in home furnishings projects. Not only money but health saved was the goal in foods and nutrition projects, advises Roberta Hershey, project leader. Food habits of young and old were checked with simple and interesting charts. Methods of cooking more nutritious and tasty meals for less money were taught and adopted. Many of the members have young children, so lessons were included on feeding them. Most of them preserve food and a great deal of emphasis was put on preparing food for freezing. To answer the ever-present problem of bringing up children and creating a happy home life, Mrs. Lennah Backus, extension specialist in parent education and child development, worked with groups in 40 counties.

Need Iodized Salt In Michigan Diets

Use iodized salt for all eating and cooking purposes, to prevent simple goiter, and to improve your nutrition, your physical health and mental alertness, the Michigan Department of Health said today in pointing out some new facts on the need for iodine in Michigan diets.

Without iodized salt, the diets of most Michigan people are deficient in iodine, the Department said. Michigan is in a geographical belt where the soil, the food and the water from it do not provide enough iodine for human health.

Iodine in proper amount, like iron, copper and calcium and certain other chemical elements, is essential throughout life. Not only will an adequate amount of iodine prevent simple goiter, but it is necessary to normal physical and mental health. A long-continued iodine deficiency may result in a chronic state of borderline nutrition or in serious illness.

Recent nutrition studies show that it is as important to get your iodine as it is to get your vitamins, the Department said.

Iodized salt was made available for Michigan people 26 years ago through the cooperation of the salt manufacturers of this state, the Michigan State Medical Society and the Michigan Department of Health. Iodized salt contains sufficient added iodine to supply the human needs.

All that is required to assure the family of adequate iodine in the diet is for the housewife to insist on iodized salt at the grocery and to use no other salt for cooking or table purposes, the Department pointed out.

FARM FACTS
from your
County
Agricultural Agent

(Ed Rebman, Co. Agr'l Agent)

GRAB TESTS FOR GRASS SILAGE

Farm management specialists at Michigan State College are advocating a "grab" test for determining when the moisture content is right for putting up grass silage. It works like this:

Grab a handful of the crop as it is being cut by the ensilage cutter or field chopper and squeeze it. If you can squeeze out moisture from this handful the crop is too wet and butyric acid would develop. If you can't squeeze the handful together at all then the crop is too dry. It would mould. The solution would be to mix in home fresher cut roughage. If you can squeeze it into a ball that slowly falls apart, it's just right and should preserve well. No material like molasses or ground corn need be added.

MAKING GRASS GROW UNDER SHADE TREES

One of the tough problems in many a lawn is keeping a good stand of grass under shade trees. One of the reasons is that the grass is in competition with the tree for fertilizer and moisture. To solve the fertilizer situation, make an application two weeks during the growing season.

There are several kinds of fertilizers that you could use. If you use 10-6-4 or 10-10-10 put on 5 pounds per thousand square feet at each application. Use ammonium sulphate at the rate of 2 lbs. per one thousand square feet; ammonium nitrate at a one thousand per rate and milorganite at 10 pounds per thousand square feet.

HANDLE PARATHION WITH CARE

Parathion is a poison that should be used with care. Rules for its safe use are found on the package. If there are no instructions for the use of this insecticide on the label, return the material and demand parathion with the instructions and precautions printed on the label. If it is impossible for you to use parathion according to the instructions, do not buy it.

Avoid breathing wettable powder, dust or fumes while handling parathion. Avoid dust or spray while putting it on crops. A suitable mask should be worn at all times when there is any chance of breathing it. Suggestions as to the kind of mask can be obtained from the county extension office.

If wettable powder must be handled with the hands use only natural rubber gloves — never cloth, leather or synthetic gloves. If it is impossible to keep out of spray or dust drift, wear protective clothing such as plastic raincoats or cellophane sheets. Wear a plastic or washable rain hat. Hands, arms and face should be washed before eating and smoking.

You should stop using parathion and go to a doctor the moment one or more of the following symptoms are felt while using this chemical: headache, blurred vision, weakness, nausea, cramps, diarrhea, or discomfort of the chest. Notify your doctor in advance that you intend using parathion. He can give you an antidote for parathion poisoning. Additional information in regards to this spray material can be obtained from your county extension office.

Remember, parathion is safe when properly handled and used.

MRS. STOKES IS HONORED
Marguerite Stokes, first grade teacher, was the honored guest at "coffeetime" in Mrs. Galmore's room on Friday afternoon in recognition of her completion of courses to earn her bachelor of science degree. Coffee and delicious ice cream-filled cream puffs were served by Mrs. Galmore.

SECOND and THIRD Grades — Adeline Bowerman

Our Mother's Day party was very successful. We had 22 of a possible 27 mothers, 12 brothers and sisters and 2 aunts in attendance. Our 10 third grader's mothers were all present. Each mother was given a corsage and a gift. During the recess period a short parent-teacher discussion was held including topics of immunization cards, kindergarten Round-up, summertime Weekly Readers, library cards and summer activities.

After recess, a program including songs, recitations, an exercise and piano solos was given. Ice cream and cake were served. Hope Pardee has moved to Elsworth.

In language class on Monday we wrote letters to Jane Campau who has been absent because of a tonsilectomy.

On Tuesday we went for a Nature Study hike to observe tree flowers, signs of Spring and to look for birds and their protective coloration.

THIRD Grade — Jessie Hager

Mrs. Sloop, Richard's mother, and his sister-in-law, Mrs. Robt. Sloop, from Boyne City, visited our room Friday afternoon.

The following people had "A" in Arithmetic last week: Rex Bennett, Alice Sumner, Loren Wycoff, Paul Bowen, Gary Cihak, Kenny Crawford, Bobby Murray, Anita Petrie.

FOURTH Grade—Grace Galmore

We are having an epidemic of measles in our room. Several children had to be taken home because they had a fever in school. We think it might be wise for the parents to keep the children out a week after breaking out as some have come back after two or three days and have been too sick to work.

Albert Hayes is back after having been out two weeks with measles and a bad cold which followed. We are glad he waited until he was well.

Suzanne Seaman is back from Detroit. She came to school Monday. We are all glad she had measles before she came back so she wouldn't be out again.—Beverly Kent.

Monday I saw a partridge nest in the woods. It had eleven eggs in it.—Albert Hayes.

My grandmother, my brother and I went mushrooming Saturday. We got a sack full.—Neil Misener.

We have two farm, one of which is vacant. The one that is vacant has a hill behind the house. My mother and I rode over in the car to the vacant farm. On the hill were seven deer. Two were fawns and the rest were grown deer.—Rhea Jean Zitka.

Armand Drapeau saw a blue crane out by his place. He said it was very tall.—Stanley Scott.

Monday I went to Petoskey. On the way near the East Jordan bridge I saw a Caspian tern, diving for fish. It went straight down and almost straight up with a fish in its bill. When we were coming near Charlevoix we saw a marsh hawk.—Keith Ogden.

My dad saw a bear when he was going to Traverse City last week.—Clare Crawford.

We were out to my grandmother's when my father came in and said, "I saw a kingbird. That means we're going to have warm weather".—Glendara Cihak.

Sterile Heifer Gives Milk In MSC Test

Each year, Michigan dairy farmers must discard potentially valuable dairy heifers because of their failure to breed. Now scientists at the Michigan Agricultural Experiment Station, have found that hormones will develop udder growth and milk production. Sterile heifers and cows can be made to produce milk.

This 4-year-old sterile Guernsey heifer is currently producing more than 24 pounds of milk daily at Michigan State College as a result of hormone treatment, though she has never had a calf.

Dr. Joseph Meites and Dr. E.

P. Reineke, of the Michigan State College department of physiology and pharmacology, and Dr. C. F. Huffman of the MSC dairy department, conducted the study. They have revealed that two hormones—progesterone and diethylstilbestrol—have caused sterile heifers to come in milk without calving and to produce amounts that compare favorably with normal cows.

Shown here watching an MSC herdsman as he milks the cow are Dr. E. P. Reineke, (center) and Dr. Joseph Meites, (right) college physiologist, who conducted the tests with Dr. C. F. Huff-

man of the MSC dairy department. Previous tests elsewhere have shown that cows could be brought into milk with diethylstilbestrol alone, but undesirable effects often followed. The use of the second hormone, progesterone, seems to have overcome the limitations of diethylstilbestrol treatment. The scientists report that a number of problems are yet to be solved before sterile heifers can be made productive milkers through hormone treatment on a practical farm basis. Studies are continuing to find the best methods of treatment.

President Roosevelt's Board said—**NO!**
President Truman's Board said—**NO!**
Still the leaders of the Railroad Firemen's Union say—**"STRIKE!"**

This ridiculous strike is an affront to every citizen of the nation. It's not for more money. It's not because of hours. It's only for soft feather-bedding spots for additional unnecessary firemen to go along in diesel locomotives just for the ride. A leading liberal newspaper calls the demands of the union leaders "horse-feathers!"

The reckless leaders of the firemen's union want to force down the throats of the railroads and the public a ridiculous "make-work" proposal which has been twice ruled out by Presidential Fact Finding Boards duly appointed under the provisions of the Railway Labor Act. This demand of union leaders for additional and unnecessary firemen to ride in diesel locomotives was rejected after months of hearings by a Board appointed by President Roosevelt in 1943. It was again rejected in 1949 by a Board appointed by President Truman. Recent meetings with the National Mediation Board have brought no change in the attitude of the union dictators.

Union Leaders Defy Intent of Law
The union leaders helped write the Railway Labor Act. Yet in an attempt to jam through this scheme of pure

"feather-bedding" by leading the members of their union out on strike and threatening paralysis to large areas of the nation, they are defying the spirit and intent of the very law which they helped to create.

This strike is not for higher wages. It is a strike to force the railroads to employ many more thousands of firemen who are not needed! It would be indefensible waste. The railroads have refused to place this additional and unnecessary burden on the public.

But more important than any other consideration, is the action of these few irresponsible union leaders in seeking to force a crippling strike upon the

This strike is one of the silliest strikes in history!

What are these reckless union leaders trying to do? They seek to cause thousands of their members to strike, and throw hundreds of thousands of other employes on and off the railroads out of employment, with loss of pay to them and their families, plus a severe blow to industry and the citizens of the nation.

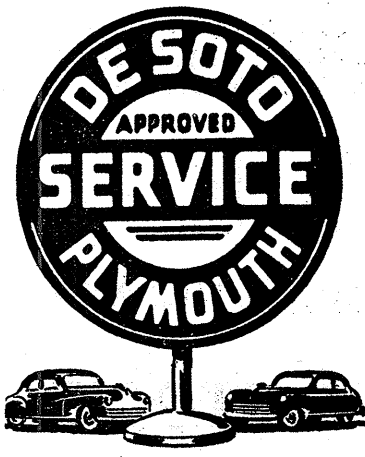

What's the strike all about? If the union has its way—what happens? The present members of the union won't get one cent more pay. They will merely have been assessed for a costly and indefensible drive in an attempt to provide more dues-paying members for the union by creating "feather-bedding" jobs for additional and unnecessary firemen. This is certainly one of the silliest strikes in history!

nation for their own selfish purposes. **There is no other possible answer to such a demand but "No!"**

The railroads in making such a reply believe they have the whole-hearted support of the people in whose interest they are willing to fight this out, despite the loss and inconvenience that all will suffer.

It is time to put an end to such un-American demands.
