Big Summer Recreation Camp at Ocqueoc Lake

MEETING OF RECREATION DIRECTORS FROM TOWNS NEARBY AT PETOSKEY

At a meeting of Recreation Directors from East Jordan, Petoskey, Boyne City and Pellston last week in Petoskey, it was decided to arrange a joint recreation camp for youngsters from the four towns. All boys 8-15 are eligible to attend. The program will consist of swimming instruction, life-saving, athletics, nature study, hikes, fishing, crafts, citizenship and campfire programs. A registration blank may be obtained from Coach Dan Devine. The cost for the week beginning July 26 is \$8.00. If anyone wishes to sponsor a youngster there are numerous boys who wish to attend. Acting as director of the camp will be Dan Devine, East Jordan; Art Gillespie, Boyne City; Mike Cogan, Bob Woodruff and Cliff Buckmaster, Petoskey; and Bernard Wilson, Pellston.

Softball Meeting

There will be a meeting of all managers and men interested in playing in the East Jordan Softball League this summer at 8:00 o'clock, Thursday, in the East Jordan High School Commercial Room.

The purpose of this meeting, according to Coach Dan Devine, is to draw up a Constitution for the league and to make plans for the summer play. Last year approximately eighty men from 14-60 participated and it is hoped to get even more this year.

East Jordan Tourist Park

The East Jordan Tourist Park is indeed lucky and happy to welcome Mr. and Mrs. Jas. Meredith back again as caretakers for another year.

George Frie of Elkart, Indiana, spent a week in the park recently, and did a considerable lot of fishing while here.

A former resident of East Jordan, Frank Kaake of Kalamazoo, has moved his trailer into our park and plans to spend about a month visiting friends and relatives. He is a brother of Mrs. Guy LaValley and George Kaake of East Jordan.

We are glad to know that work has been started to improve the beach at the park. The old diving dock has been torn down and preparations are being made for a new one. Other projects are also being planned in the future.

Mrs. Luella Ruff of Wayne, Mich., sister of Mrs. Meredith, is making her home with Mr. and Mrs. Meredith indefinitely.

Supt. of Schools Mr. and Mrs. Carl E. DeMerit and son of Gaylord have moved their trailer here and are spending week ends in the park until school is out, then they will stay for at least part of the summer.

Mr. and Mrs. Meredith were very pleasantly surprised this week when Mrs. Meredith's and Mrs. Ruff's brother, J. M. (Manny) Townsend of Oakland Calif., his son and wife, Mr. and Mrs. Carole Townsend, and his daughter, Mrs. Amy LaTarte, of Redwood City, arrived for a visit. Mr. Townsend was born in 1870 on the old Jacob Kellar homestead, Mr. Townsend's grandfather, which is now the present Sunset Hill Cemetery. He left East Jordan over fifty years ago to make his home in Calif. He gets much enjoyment out of smoking his favorite pipe which belonged to Bing Crosby.

An enjoyable evening was spent Tuesday when members and families of the Christain Miss. Alliance Church gathered in the recreation building for a co-operative dinner.

On Tuesday evening a school bus from the Banks Twp. school of Ellsworth brought a bus load of pupils from that school to enjoy a weiner roast. After the roast the shuffleboards were kept busy for the remainder of their stay.

Mr. and Mrs. Jess Robinson are back in East Jordan enjoying their stay in the park for the summer.

W. J. McKay of Charlevoix is making his home for awhile in his trailer home and it doing repairs on it while here.

Congressmen wouldn't have so dern many political fences to mend when they get back home, if they hadn't done so much straddling.

Arthur C. Stewart Aged 67 Years Dies at Flint

Arthur C. Stewart, age 67, passed away at his residence, 1021 Patrick St., Flint, Mich., Monday morning, May 15, 1950, after an illness of many years. He was born in Nankin, Wayne Co., Mich. on Dec. 13, 1882, son of Charles and Matilda Stewart. About 1900 the family moved to East Jordan. In 1910 he was united in marriage to Laura M. Mayville and lived on their farm until 1923, then moving to Flint where he was employed at the E. I. Dupont Co. for many years.

On account of failing health he retired in 1936 and was confined to his home until his death. Mr. Stewart became a member of the First Presbyterian Church soon after moving to Flint.

Survivors are his wife, Laura; a brother, Sinclair, of Bedford, Va.; four nieces and three nephews, and a host of friends who mourn their loss.

Legion and Auxiliary To Hold Memorial Services at ME Church

The Rebec-Sweet Post and Auxiliary Unit 227 of the American Legion are to attend services at the East Jordan Methodist Church Sunday, May 28. Rev. Howard Moore will conduct Memorial services. All Legion and Auxiliary members are to meet in the Legion Home at 9:30 a. m. and then proceed to the Church in a body, wishing to march in the parade.

It was also announced that all members wishing to march in the Memorial Day services at the bridge will meet at the Legion Home May 30, 10:00 a. m. where the line of march will form and go to the bridge. Be sure and bring flowers for these services if possible.

The ladies of the Auxiliary will serve hot coffee to the Legion Color Guard, Firing Squad and Escort at 7:00 a. m. at their return from early morning Memorial Services at the Cemetery. We hope that all members who can will attend these two important ceremonies in honor of the War Dead.

State Police To Step Up Patrols Over Week End

State Police patrols will be on the highways in increased numbers to handle the unusually heavy traffic expected over the Memorial Day week-end.

In connection, Commissioner Donald S. Leonard issued an urgent plea to drivers to be especially careful.

"Although the traffic death rate has shown a decrease in Michigan," he said, "there has been a substantial increase in the number of accidents and persons injured. Drivers are the ones who must be depended upon to reduce these figures.

"There were 14 persons killed on Michigan highways during the Memorial holiday period last year. This was five less than the 1948 total of 19, but nine more than the low record of five in 1944. We should aim at an even lower record than that of 1944.

"Persons taking trips should plan to start early so that they will have plenty of time to reach their destination. The same should be true of their return home.

"Make sure your car is in good operating condition, drive with the normal flow of traffic, observe all signs and signals and be alert at all times. In short, be doubly careful and enjoy a safe holiday week-end."

State Police patrols will be intensified during peak traffic periods as they occur in various sections of the state. Traffic is expected to be heavy Saturday and Sunday, slack off on Monday, and again reach a peak on Tuesday, Memorial Day.

4-H Fish Fry

About 40 4-H Club members gathered in the sugar bush on the R. V. Liskum farm for a fish fry on Friday, May 19th, after school.

Audrey Elsworth served very capably as chairman of the committee to plan and prepare the meal.

Joe Smith and Jack Zoulek did themselves proud in the fine art of frying fish over an open fire.

Leaders who were present to chaperone and assist with the meal were Mr. and Mrs. Carl Elsworth, Mrs. Wm. DeWitt and Mrs. R. V. Liskum, who is leader for this project. Mr. and Mrs. Carl Wagner were present with their camera and took pictures of the club in action.

After the meal most of the members went out to the South Arm Grange Hall for an evening of roller skating.

Car Drivers Being Cited

KEEP CAR IN GOOD, SAFE REPAIR IS WATCHWORD OF CHIEF SIMMONS

Cars being driven on the streets of East Jordan in unsafe mechanical condition were cited today by Chief Harry Simmons as the target of the State Safety Commission's May program of traffic safety education.

"Keeping your car in good, safe repair," the Chief said, "is very similar to keeping your teeth in good condition. Everyone agrees that it is important, but when it comes to having a check-up it is far too easy to delay the inspection until it 'feels like there might be something wrong.'"

That "something" when it comes down to the maintenance of your car, according to Chief Harry Simmons, may result in a brake, light, or steering failure that could send you to the hospital—or worse.

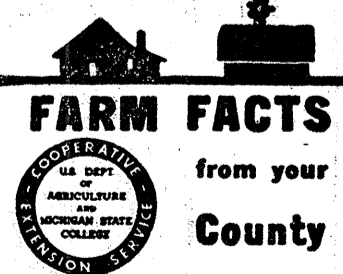

"Of the 28,500 accidents that resulted in one or more deaths in 1948," Chief Harry Simmons said, "an unsafe vehicle was involved in about 3,700 of them. That amounts to about 13 per cent of the total fatal accidents."

The State Safety Commission has as its slogan during this May program of traffic safety education, "Police Are Checking Brakes". The project is sponsored on a national scale by the National Safety Council and the activities of the program in East Jordan are being coordinated by Harry Simmons Police Department.

"Unsafe car condition," Chief Harry Simmons said, "is extremely dangerous even when no other factor is involved. Couple bad brakes or an out-of-alignment steering mechanism with speed too fast for conditions and you will have all the ingredients of an accident—a bad one!"

"Check today for such weaknesses as: brakes that are not equalized, fail to hold, or that must be jamed to the floor board; headlights that are aimed too high, too low, or are cockeyed; and for tires with cuts and fabric breaks that might blow out at any time.

As the State Safety Commission and the National Safety Council put it: "The safer your car—the safer YOU are!"

Memorial Day In East Jordan

EAST JORDAN CITIZENS TO TURN OUT TO HONOR THEIR DEAD

East Jordan citizens will again turn out to honor their dead on Memorial Day, Tuesday, May 30. Services will commence at 7 a. m. at Calvary cemetery, with firing of salutes and sounding of taps, and end around noon with raising of the flag in Memorial Park.

Arrangements for the day's activities are being made by Rebec-Sweet Post American Legion. Cyril Dolezel, Commander, urges all World War I and II veterans to be on hand, in uniform if possible, for this tribute to comrades who have made the supreme sacrifice.

The Schedule for Tuesday morning is as follows:
6:45 — Meet at Legion Hall
7:00 — Calvary Cemetery
7:30 — Pesek Cemetery
8:00 — Bohemian Settlement Cemetery
8:45 — Dunsmore Cemetery
10:00 — Sunset Hill Cemetery
11:00 — Parade forms at the Schoolhouse
11:30 — Services at Memorial Park

As in previous years, the parade will travel west on Garfield St. to Main St., south on Main St. to Mill St., then to Memorial Park where a short program will be held.

Participants in the parade will include color bearers, firing squad, the new Legion band, veterans, Gold Star Mothers and auxiliary members. They will be followed by the High School Band and school children.

Auxiliary members will serve coffee and doughnuts in the Legion home at 6:45 and 9:00 a. m. Jeeps and cars will be provided at the schoolhouse for those unable to march.

A practice will be held at the West Side Ball Park, Friday, May 26, at 7:30 p. m. for all veterans and members of the American Legion Band.

Charlevoix County State Bank, Charlevoix State Savings Bank, State Bank of East Jordan and their Boyne City Branch are each offering a scholarship as a recognition to the outstanding young farm men and women in their community.

The General Agriculture Short Course at Michigan State College offers a practical training in all phases of farming in addition to opportunities for leadership development. The girls receive a very practical training in Home Economics. These courses of eight weeks each term begin October 23 and January 8. The total cost of room and board, fees and books is approximately \$125.00 per term.

Those young men or women wishing to apply for one of these local scholarships may obtain the application blanks from Ed Reberman, your county agricultural agent, your high school agricultural instructor, or your local banker. Applications should be submitted to your agricultural extension office in Boyne City by July 1.

MARY BRICKER TO COMPETE FOR STATE DAIRY QUEEN

Mary Bricker of East Jordan will attend the State Dairy Queen contest at Lansing this Friday, May 26, to compete for honors with seven other contestants. Mary Bricker represents the Gaylord district which includes the counties of Charlevoix, Antrim, Otsego, Montmorency, Alpena, Crawford, Presque Isle, Cheboygan, Emmet and Kalkaska. Ed Reberman, county agr'l agent, and Mrs. Bricker will attend the program with Mary Bricker.

The judging for choosing the queen will be held from 10:00 until 12:00 in the morning. At noon the program will be held over station WKAR, East Lansing. L. W. Morley from the Michigan Milk Producers Association will discuss "What is June Dairy Month?". Doctor Weaver, head of the dairy department of Michigan State College will announce the winner of the queen contest. Dr. Ernest Anthony, dean of the school of agriculture of Michigan State College will crown the dairy queen.

RED DANE FARMERS TO MEET

A meeting of red dane farmers in Antrim and Charlevoix counties will be held next Wednesday evening, May 31, according to Ed Reberman, county agr'l agent. The place of the meeting has not as

We draped our Charter for Sister Delia Prough who passed away Monday, May 8th.

Sister Ben Kopkau was chairman of the refreshment committee. We thank that committee for the lovely lunch and beautiful floral decorations.

Sister Hill very gracefully answered our many questions.

We were happy to have Sister Meta Robinson back with us. Several Sisters attended the Grand Encampment ceremony at Petoskey Friday night. Brother Archie Rounds was installed as Grand Patriarch. Many stayed for the Ball.

Don't forget Central Lake Lodge will have a District Visitation Night on June 6th, from 7:30 to 8:00. Each member attending is to bring a dish to pass and their own table service. Those who are going please let our Noble Grand know.

yet been set. Anyone who is interested can find out by contacting Burr Blanchard, president; Robert Straw, secretary; or your county agr'l agent.

A. C. Baltzer, dairy extension specialist of Michigan State College will be present to complete the formal organization of the association. All members should attend this meeting as the testing program will be discussed which all members must follow. There have been some changes in the rules by the state board of directors so all members are urged to attend the meeting.

GRASS DAY PROGRAM

The grass day for this area will be held June 23 at the Thomas Milbrocker farm, 2 miles south from Johannesburg in Otsego county. With more and more emphasis being placed on a grass program for northern Michigan, all farmers are urged by Ed Reberman, county agr'l agent, to make plans to attend this meeting. Demonstration plots of legume and grass seed, hay making and other demonstrations will be held during the day.

MILKING SHORTHORN COW PRODUCES 74 POUNDS OF BUTTERFAT

A milking shorthorn cow owned by August Postmus produced 74.4 pounds of butterfat during April according to Don Graham, testor for the Charlevoix-Antrim Dairy Herd Improvement Association. A Guernsey cow owned by Carl Conant was second highest with 71.3 pounds of butterfat. Arnold Smith of East Jordan owned the herd of 7 mixed cows that averaged highest for the month by producing 38.4 pounds of butterfat per cow. Sam Straw of Charlevoix, owned the herd of cows that were second highest by producing 37.2 pounds of butterfat for the month.

The association tested during April, 33 herds totaling 386 cows with 71 dry cows. The average milk produced was 706 pounds of milk and 26.3 pounds of butterfat per cow, including dry cows. The average test for the association was 3.73 percent.

GRAIN ON PASTURE

A question that often comes up in regard to feeding dairy cows concerns the amount of grain the cows should get on pasture. It's hard to lay down accurate grain-feeding rules because pasture varies so much throughout the season. Excellent pasture calls for little if any grain. Poore pasture needs considerable help in the way of hay or silage and grain.

The dairy specialists at the college have worked out a table for the amount of grain that should be fed if your cows are on good pasture. For instance, this table recommends that Ayrshires, Holsteins, and Brown Swiss on good pasture be fed anywhere from no grain for those producing five pounds of milk per milking to eight pounds of grain for those producing 30 pounds per milking. If you'd like to have a copy of this table it's contained in a mimeographed sheet, "Pasture Pointers for Dairy Farmers", available from your county agent.

SOLUBLE FERTILIZER

People have been asking about the use of some of the completely soluble fertilizers that can be applied to lawns through a hose equipped proportioner. First of all, the soluble fertilizer, when compared pound for pound of plant food to ordinary fertilizers, has the same value. Their claims to a place in the fertilizer world is complete solubility for application in solution. However, their cost when compared to the common fertilizers is high. Sometimes when sold for lawn purposes the price on them is as much as \$1,500 per ton.

If you want to use liquid fertilizers you can apply superphosphate once a year in the dry form and then mix ammonium sulfate and muriate of potash and spray this mixture through the irrigation water.

Charlevoix 4-H Leaders To Be Honored

William Parsons of Route 1, Charlevoix, will have the honor of appearing on radio station WKAR, East Lansing on May 27. He will be presented by Marshall Wells on the radio of the month program. Mr. Parsons has led clubs in Charlevoix county for 17 years. The clubs he had led have been in the Norwood and Barnard vicinity. He has trained his members in handcraft, crops, dairy and tractor maintenance work.

Mr. Parsons expects to arrive at the Hotel Olds on May 26. That same evening he will be the guest of the state club officer at an informal dinner in the Union Building of Michigan State College.

In the interview with Mr. Wells on Saturday morning, Mr. Parsons will tell of his experiences in training boys and girls in their project work.

Mr. Parsons was the recipient of the Pearl 4-H Clover Award presented to him at Michigan State College in the fall of 1948. Mrs. Clyde Warner has also led clubs for 17 years. This past winter she worked with a club at Ellsworth where she is a teacher. She, too, received her Pearl 4-H Clover in the fall of 1948. The award of the Pearl Clover is made after 15 years of leadership.

Mr. Parsons has recently been named Charlevoix's official delegate to the Gaylord district 4-H Club advisory board. Serving with him on this board is Mrs. R. V. Liskum of East Jordan.

WALL PAPER CAN BE CLEANED WITH SUCCESS

Winter's accumulation of soot and dust on your papered walls probably has caused you some concern about the best way to remove it. Prevention is always best and regular dusting of walls often will prevent excessively soiled paper.

Suggestions for wall paper care are given by Olevia Meyer, extension specialist in home management at Michigan State College. First, to make sure your wall paper can be cleaned and even washed, choose a washable paper. It won't cost more than many of the non-washable kind. Remove dust and lint each week by going over the surface with a vacuum cleaner attachment, soft bristle wall brush, lambs wool brush, or a broom covered with a soft, clean cloth. The best method is to brush lightly upward. This lifts off the dust, cobwebs and lint, rather than rubbing them into the paper causing streaks and heavily soiled areas.

Remove spots as they appear. Pencil marks can be removed by rubbing the mark with an art gum eraser. Wax and gum can be removed by scraping the area with a thin knife blade, then applying carbon tetrachloride or a non-flammable cleaner to a cloth and gently stroking the spot.

Oil or grease can be removed by placing a cloth saturated with a cleaner over the spot and patting gently. Finger marks may be removed by making a paste of cleaning fluid and whitening, or cornstarch. Apply it to the soil and after it has dried, brush it off.

Seasonal cleaning with wall-paper cleaner or washing adds to the life and beauty of the paper.

Sue: "I'm through with those college boys."

Mae: "Me too, they start by holding your hand and pretty soon their trying to shuffle the whole deck."

REDUCE SMALL GRAIN WEEDS WITH SPRAY

Heavy infestations of ragweed and wild mustard should not be tolerated in small grain fields any longer, says B. R. Churchill, farm crops research scientist at the Michigan Agricultural Experiment Station.

Chemical weed killers can eradicate both of these pests. If there is no legume seeding in the small grain, 2,4-D at the rate of one-quarter to one-half pound acid equivalent per acre can be used. If the ester form is used, the lower rate is advised. The best time to spray the field is when grain is about 6 to 8 inches high. This applies to both winter and spring grains. Winter grains should not be full sprayed.

Mustard and ragweed plants will have four to six leaves at this time and are very susceptible to the spray. The 2,4-D can be applied in water, using about 5 gallons of water an acre. Spraying small grains with 2, 4-D is very risky if a legume seeding is present.

If seedings are made, it is safer to use a dinitro spray, carefully following manufacturer's instructions. Spraying should be done when the small grain is 6 to 8 inches high. Spraying at the proper time is important. Alfalfa tolerates this chemical better than true clovers, but when sprayed at the proper time, stands of red, alsike and white clover are not seriously hurt.

Sweet clover should not be sprayed with 2, 4-D or dinitro sprays unless you are willing to sacrifice the seeding, he states.

Fields of grain over-run with bindweed can be sprayed with 2, 4-D when the grain is about knee-high, using one-half pound acid equivalent per acre. Some grain injury should be expected and legume seedings will be seriously injured.

TCA is more expensive but can be used as a spot spray to keep quack grass from spreading. Directions should be followed closely.

Ed Rebman,
Co. Agr'l Agent.

A. G. Kettunen Builds One of the Most Effective 4-H Club Programs

For building one of the most effective state 4-H Club programs in the nation, A. G. Kettunen, state 4-H Club leader at Michigan State College, received national recognition today (May 25) in Washington, D. C.

In special ceremonies at the Sylvan Theater on the Washington Monument Grounds, Kettunen was presented the Superior Service Award by Charles F. Brannan, Secretary of Agriculture. The award is given by the United States Department of Agriculture to outstanding workers in the department who are selected for the honor by a special committee.

Unanimously recommended for the award by a Michigan commit-

tee appointed by C. V. Ballard, director of the Cooperation Extension Service, Kettunen was cited as state 4-H Club leader for 25 years and member of the 4-H Club staff for 33 years.

Among "Kett's" more outstanding achievements cited were the establishment of county 4-H councils, securing of a state 4-H Club allocation fund through the state department of agriculture and legislature, building of state and county 4-H Club camps and inauguration of one of the nation's outstanding 4-H Club shows.

Kettunen joined the Michigan extension staff as an assistant state leader following graduation from Michigan State College in 1917 and was soon placed in charge of 4-H Club work in the upper peninsula. He became state 4-H Club leader in 1925 and has headed the program that has reached nearly two million youth since that time.

MSC Issues Frozen Food Publication

"Freezing Foods for Michigan Homes" is a popular money-saving practice these days and it's also the name of a new circular bulletin issued by the Michigan Agricultural Experiment Station at East Lansing.

Authored by Michigan State College home economists and agricultural specialists, the publication sets forth the considerations needed in buying and operating a home freezer. Points to be considered in selecting a freezer for freezing fruits and vegetables. A discussion of wrapping materials aids in choosing packaging materials.

County extension offices can supply the bulletin to interested persons or it may be obtained by writing to the Bulletin Office, Department of Public Relations, Michigan State College, East Lansing, Michigan.

The old fashioned girl darned her husband's socks. Her daughter socks her darned husband.

Michigan's tourist industry, second only to California and New York, is headed for an excellent season in 1950.

Such is the forecast of Robert Furlong, secretary of the Michigan Tourist Council, Lansing.

But Furlong does attach a big "if": Michigan will have plenty of competition for tourist dollars, both from other states in this country and from countries abroad. If Michigan is to get its traditional big slice of the 1950 tourist dollars, owners of resorts, motels, cottages, amusement centers and others in the industry must upgrade their facilities in every possible way.

Put into specific illustrations, this calls for installation of running water in cabins, for example; greater emphasis on hospitality—entertainment for the family.

Frank Davis, secretary of the East Michigan Tourist Association, Bay City, recently completed a survey of 550 resort operators in eastern and central Michigan.

He reports that a Michigan vacation in 1950 will cost about the same as a year ago. The average housekeeping cottage rents for \$35 a week with a range from \$20 to \$125 a week, depending on location and facilities. The American plan resorts average about \$8 to \$9 a day with a range from \$6 to \$25.

The EHTA's new 1950 tourist booklet, "It's Playtime", is jam-packed with happy ideas for thrift vacations in eastern and central

tributed to the tourist trade. This edition offers a detailed map of each county in Michigan's north country, beyond the Straits of Mackinac. Michigan citizens who have never visited the Soo Locks have a thrill coming. And that goes, too, for the remainder of this once-called "wilderness" area, now accessible by air as well as highway. The Copper Country and its Keweenaw peninsula and Porcupine Mountain State Park offer grandeur on a scale that surprises every traveler.

Verily, Michigan has much, much to offer its own citizens with recreational attractions. For a beautiful peninsula, look about you!

A. C. Elber, state park chief, reports that all 60 state parks and recreational areas will offer some combination of picnicking, fishing, swimming, camping, boating, hiking riding stables, nature study and playgrounds. Campers will pay a daily fee of 50 cents beginning June 15. This fee is already charged in national parks.

Last year's park attendance was a record 13,000,000. More than 5,000,000 visitors concentrated in four parks—largely a mat-

ter of habit. Get a copy of the official state highway map. It contains the location of all parks and recreational areas and the highways leading there.

Michigan is a grand place for outdoor enjoyment. As the song-writer says, "Enjoy yourself! It's later than you think."

Rural Tele-news

THE FEWER THE BETTER—No more than 8 parties on all rural lines is Michigan Bell's goal. But to reach it will require lots more equipment and facilities. Money to pay for those facilities must come from investors, who will put their savings in the telephone business only when it's earning a reasonable profit. So, it's a good thing for rural telephone customers to have Michigan Bell make a fair profit.

THERE'S COMFORT IN CALLING—The daughter of an Upper Peninsula farmer, attending a Michigan college, was taken ill and ordered to the hospital. Her roommate notified her family. The farmer and his wife, naturally, were worried. But they solved the problem by having the roommate call them Long Distance "collect" each evening. That way, they kept tabs on their daughter's condition until she was well again. Freedom from worry is worth many times what a Long Distance call costs.

Woman's Society of Christian Service. In behalf of the local society, Mrs. Edwards presented Mrs. Vernon Vance, district literature and life publications secretary, with a WSCS pin. The ever impressive candle lighting service was used in the installation. As Mrs. Edwards gave a digest of the duties of each officer, Mrs. Vance lighted a miniature candle, as a symbol of spiritual strength, from the Representative Candle, and gave one to each woman. Mrs. Howard Darbee, president of the WSCS, presented a gift to Mrs. Edwards as a token of appreciation for her inspiration and help at this service.

George Klooster's Sunday School Class enjoyed a skating party and lunch last Friday evening.

The Sunday evening classes have been postponed for three weeks.

Twenty-three ladies of the Mary Martha Society met at the home of Mrs. Wm. Montroy for the May pot luck supper last Friday evening. Mrs. Ida Kinsey's birthday was celebrated with a card shower. Mrs. Swafford baked a delicious angel food cake with a unique flower decoration and surprised Mrs. Kinsey. The June meeting will be at the home of Mrs. Rebecca Smith.

WSCS general aid will meet with Mrs. Percy Penfold June 6th at 8 o'clock. The Afternoon Circle will be entertained at the home of Mrs. Sherman Conway June 7th.

Plants In The Home
(By Vaun Ogden)

The geranium is the Memorial Day plant. It is perfect for urns, baskets, plant boxes, beds and borders. Nearly every farm kitchen has a geranium or two to satisfy the need for a growing plant on the window ledge.

However, there are other geraniums which are not so common, but are also easy to grow. The Martha Washington, or pansy-faced geranium makes an excellent pot plant.

The ivy geranium serves two purposes. Its blossoms are even prettier than those of the ordinary type. It serves, too, as a vine, since the ivy-like stems droop over the window box.

Then there are the lesser known oddities among the geraniums. Some have scented leaves—lemon, cinnamon and many other flavors.

There are also the variety types, like the rose bud geranium, ap-

From where I sit... by Joe Marsh

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Sorry this came up, Moose. We were thinking of asking you to umpire—what with your professional experience and all." (Moose used to play a little semi-pro ball.)

That did it! Next day Moose put up a stile over his fence. In return, the kids promised not to cause any damage. From where I sit, when you try to understand the other fellow's point of view—like his personal preference for beer or coffee—and then take into consideration the will of the majority, why, things seem to go better all around.

BEER
AMERICA'S
BEVERAGE
OF
MODERATION

The American Way

The words "Michigan" and "fishing" are practically synonymous at this time of the year. And after an exciting day's fishing, it's the "American Way" to enjoy a glass of cool, refreshing Michigan brewed beer to top off the day.
For beer is the kind of beverage Americans like. It belongs... to pleasant living, to good fellowship, to sensible moderation. And our right to enjoy it, this too, belongs... to our own American heritage of personal freedom. *Beer Belongs... Enjoy It*

WITH THE ANTRIM COUNTY AGR'L AGENT W. G. Kirkpatrick Extension Agent

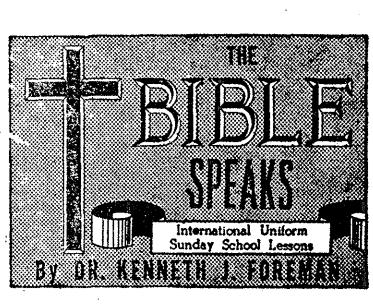

ANTRIM HOME EXTENSION ACHIEVEMENT WAS WELL ATTENDED

About 125 Home Extension members and friends attended the Achievement Day on May 17th, at the Bellaire Community Hall. The ladies renewed acquaintances and played games during the morning. Mrs. Ruby Chisholm of Central Lake was in charge of the recreation period. The leaders and Council members met with Mrs. Vance to discuss the program for the coming year.

Exhibits of the past year's work included cotton dresses, refinished furniture, rugs, finishes for children's clothing, reupholstered chair seats, seasonal salads, articles from the Xmas Workshop. The exhibits were very interesting and especially attractive.

A delicious pot-luck dinner was served at noon. The Happy Hour group was responsible for the table decorations, and lapel tags, which each one received.

The afternoon program began with group singing directed by Rev. L. J. Hoover, from Mancelona, followed by Walter G. Kirkpatrick, County Agr'l Agent. Greetings from Michigan State College were extended by Miss Lucille Ketchum, Extension Specialist in Home Management, who attended the days event. Rev. Hoover then favored the group with a song, "Drink to me Only with Thine Eyes", accompanied by Mrs. Robert Hubbell, of Kewadin. Mrs. Harold Stael, County Chairman of the Home Extension Groups and Chairman of the afternoon program, discussed the Annual Homemakers' Conference which is to be held at Michigan State College in July. A number of Antrim Groups are planning to send delegates. Mrs. Norton Pearl of Eastport was then introduced and gave a very interesting talk on, "Foreign Travel Experiences and Conditions". A monologue by Mrs. Ella Galyan, of the Tip Top group in Mancelona was next given, being followed by a summary of the year's extension work in the County by Mrs. Virginia Vance, Home Demonstration Agent. The concluding event of the afternoon was a Dress Revue of the various cotton dresses made by members of the various circles throughout the County: Tip Top, East Star, Atwood, Creswell, Busy Bees, Ellsworth, Happy Hour, and Mapleville, Home Extension Groups.

God Has a Plan

Lesson for May 28, 1950

GOD HANDS DOWN no blue-prints. He never yet has been willing to save any man the trouble of thinking. The Bible is God's guidebook, and in it is revealed God's will. But it is not a guidebook of such a sort that you can take it from the shelf and look up in it the answer to every one of your problems in detail. Nevertheless the Bible is a guide, "the inflexible rule of faith and practice" as some churches express it.

Dr. Foreman

God's will is shown there plainly enough so that we can know whether we are building on the right foundation or not.

Sins Into The Sea
NOW THE PLAN of God is so simple, that is, it can be so simply expressed, that one is almost tempted to say, "Oh, that!" as if it were something we knew already. Well, we do know it. But the thing is, we don't do it.

Part of God's plan for mankind, a very important part, in fact indispensable—something the Bible talks about from the beginning to end—is this: The forgiveness and the destruction of sins. (Micah 7:18-20.) Now everybody can see others' sins.

The Romans used to say that every man carries others' sins in a bag in front of him where he can see them very well, but his own sins he carries in a bag hanging down his back where he cannot see them.

We are all in favor of other people's forsaking their sins. But how about you? The world does need to confess its sin; but you need to confess your own. No sins walk by themselves; sins exist only in sinners. Sin does not commit itself. Sin is something a sinner does. We shall never get rid of sins by exhorting other people. We get rid of them by repenting in the presence of God and receiving his forgiveness.

It is always so easy to think: If we only had a good society we could have better people. That is backing into an idea the wrong way. The right idea is: If we have better people we shall be on the way to the good society.

If Not Peace, Then What?
WE ALSO KNOW something about God's plan for society at large. The Bible does not leave us in the dark. One thing that Micah brings out is the ideal of peace. (Micah 4:1-5.)

So long as we are making war, preparing for and expecting war, doing or saying things that make war inevitable or even likely, we are out of line with the will of God. Conversely, whatever we do to foster peace is in line with the plan of God. War was bad enough in the days of Micah; it is incalculably worse today.

War always was the effect and cause of hate, it always brought suffering and death, war seldom settled anything. But this is the atomic age. Dean Rusk of the U. S. state department has said that in all present-day discussions we have to remember one solemn fact: The human race now has in its hands the means of its own total destruction.

Any war nowadays is a war against the whole human race, for any large-scale war with atomic weapons may well make the entire globe uninhabitable by man. A voice for war is a voice for universal death.

Christ The King
SINLESS MAN in a warless world: such is God's plan. Is this possible? Only on one condition: that Christ shall be king. (Micah 5:2-4.) This has two meanings, one far-off and one near; one complete and one partial. The far-off, completed meaning (which may be nearer than we think) is that after the history of this planet is over and done with, in the "new heavens and the new earth" the final destiny of God's people is to live under the Lord Christ as leader and king.

The nearer, here - and - now meaning of Christ's kingship is this: Wherever, in the plans of men, the spirit of Christ, his way and his ideal, are being trampled on or ignored, there God's plan is forgotten and there disaster is certain.

But wherever the spirit of Christ is in control, there God's plan is being carried out and there the Kingdom of God is coming nearer.

WEEKLY NEWS ANALYSIS

Senator Pepper Is Defeated; Savings Bond Drive Underway; Loyalty Files Opened to Probe

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

POLITICS: A New Trend?

Political observers were face to face with the question: is there a new political trend in the wind? In Florida 36-year-old George Smathers defeated Sen. Claude Pepper, one-time new dealer, by well over 65,000 in the democratic primary. Critics of the Fair Deal, especially the revolting southerners, called it a victory over alarming "creeping socialism," big government, unbalanced budgets and the welfare state.

The winner, however, told Republicans to take no comfort from his victory. He said: "The people of Florida in this election proved they were unwilling to depart from the well-established and basic principles of the Democratic party. They do not wish to venture off down the side roads of extremism or dangerous experimentation."

"Nor are they interested in turning the clock back to isolationism and the do-nothing attitude of the Republican party."

Meanwhile, the people of Texas elected the first Republican congressman in 24 years when Ben H. Guill, 40-year-old Pampa broker and former schoolteacher, defeated 10 Democrats. It was a sudden-death election to fill the unexpired term of Gene Worley who had resigned to become a federal judge.

Guill said he was going to Washington as one small protest and added: "If I go up there as one small protest, maybe the powers that be won't think they have the whole country in the bag. Maybe some of those big shots will take a look at this little segment of Texas and take warning."

SPY HUNT: Files Available

The Communist spy hunt, called by many a witch hunt and a mudslinging campaign against administration big shots, took a new turn when President Truman agreed to give investigators the complete state department loyalty files on the 81 cases cited by Senator McCarthy.

Although Truman's approval did not cover F.B.I. files, a great amount of F.B.I. material is included in the reports.

It now comes to light that the 81 persons named by McCarthy have been investigated by four other congressional committees.

Senator Tydings, chairman of the subcommittee which has been looking into McCarthy's allegations, said: "No adverse report concerning these employees came to the floor of the house or the floor of the senate and none was sent to the state department after the other investigations."

Some sources are saying public opinion is beginning to blow the lid off the scandals of the Truman administration. But others believe too much time and money are being wasted in an effort to create Communist hysteria for political reasons.

The public, meanwhile, was becoming a little bored and skeptical of explanations from either side. Some logical explanation of what has been going on had better be made and soon, the voter was saying.

BOND DRIVE: Save for Independence

With a gentle tap on the Liberty Bell, Secretary of the Treasury John W. Snyder on May 15 opened the greatest savings bond drive in the peacetime history of the country. The drive continues through July 4.

The bell is the symbol of the 1950 drive. The theme: "Save for your independence—buy U.S. savings bonds."

Fifty-two replicas of the historic relic are on tour of the 48 states, District of Columbia, Alaska, Hawaii, and Puerto Rico. They will visit over 2,000 communities and will be viewed by millions of people.

The bells were made at the foundry of the Sons of Georges Paccard at Ancey-le-Vieux in France and are said to produce the exact tone of the Liberty Bell before it was cracked in 1835.

The treasury department has one objective—to promote the sale of savings bonds in order to encourage thrift. An attempt will be made to contact every potential buyer of savings bonds in the nation.

At the conclusion of the drive, Snyder said a bell will go to each state and territory for permanent exhibit.

INDOCHINA: To Get Aid

Secretary of State Acheson announced in Paris that Indochina would get immediate American aid in the form of military equipment in an effort to rid the country of the guerrilla war which has been going on for four years.

He announced the bulk of \$75,000,000 already appropriated to combat communism in the Far East will go to the French backed Vietnamese of ex-Emperor Bao Dai and the associated states of Cambodia and Laos to fight Moscow backed Ho Chi Minh.

Many observers felt the move was an important one in the battle against communism in that section of the world. Some believed the Communists may have made too many gains and the aid will be "too little and too late."

Acheson indicated the United States would expect a greater degree of self-government for the three Indochina states under the French.

He added, "The United States considers the situation to be such as to warrant its according economic aid and military equipment to the associated states of Indochina and to France in order to assist peaceful and democratic development."

KING: Crowns Self

Boston-born Phumiphon Aduldet, who has been on the front pages of American newspapers a great deal recently because of his marriage and the announcement that he had written music for a Broadway production, lifted a nine-tiered crown on his head and became Rama IX, king of Thailand.

The coronation was performed with all the mystic pomp and ceremony of the Chakri dynasty.

The Winner!

George Smathers, 36, casts his vote in his race against Senator Claude Pepper for the U.S. senate. Smathers defeated Pepper by well over 65,000 votes. Pepper had been a member of the upper house for 14 years. His defeat is considered a blow against President Truman.

TRUMAN: On Tour

President Truman began his western tour with four speeches in behalf of the Brannan agricultural program, but took time also to preach the gospel against isolationism.

And it was a new Truman, using gentle ridicule against his political enemies instead of the free-swinging, sledgehammer blows he used on a similar trip two years ago. That in itself was enough to make many a politician raise his eyebrows.

The President shoved his needle of ridicule deep when he touched on isolationism. He said: "Now isolationism would be a cheap policy to follow. It would be easy and cheap to stop spending money on our army and navy and air force and to stop sending supplies to other countries who survived the great war. We can stop these things today."

"Isolationism would be mighty cheap for today and tomorrow and maybe next week. You remember how cheap isolationism was in the 1920's. Taxes were cut, at least for the big fellows, but look at the terrible price we have paid for isolationism in the second world war."

"Today exactly the same issue faces us. There are still some men who keep telling you that we can economize by following an isolationist policy. These men can't see beyond the end of their noses."

"They don't see that isolationism would let the rest of the world be swallowed up by communism. That would certainly bring on a new world war just as it did in 1939. We reneged in 1921, just as Russia today is doing with the help of our own isolationists."

Beauty Married

Beautiful Elizabeth Taylor and Conrad (Nick) Hilton, Jr., son of the hotel magnate, were married in what was publicized as the Hollywood wedding of the year. At the license bureau the clerk told Hilton he didn't look old enough. Hilton went home to get his birth certificate.

GERMANY: Greater Freedom

Two important announcements concerning Germany, one from Russia and one from the western powers, were in the news.

1. The Russians have agreed, it is reported, to city-wide elections in divided Berlin. But with conditions, of course.

2. The western powers are near agreement to give the Bonn republic virtually complete leeway in its political and economic affairs.

Beauty

Elizabeth Taylor, generally known as one of the most beautiful women in the movie world, was married in what has been publicized as the movie capital's wedding of the year.

The groom is Conrad (Nick) Hilton, son of the hotel family.

Seven hundred guests were invited to the wedding and about 200 to a reception at the Bel-Air country club.

LABOR: Strike Settled

The 100-day-old Chrysler strike, the second longest and costliest in the history of the automobile industry, has been settled.

The union claimed it won the "10 cents an hour package" in pensions and hospital and medical benefits for which the strike was called.

To put the strike above the mercenary level, UAW president Walter P. Reuther said, "The Chrysler strike was a part of a great human crusade to build a better tomorrow and a better world."

But labor observers said the strike was too long and too costly for anyone to benefit. About 89,000 Chrysler workers in 25 plants and 50,000 in supplier plants had been idle.

Also on the labor front, John L. Lewis announced that the UMW welfare fund would resume payment of benefits next month. Benefits were suspended for almost a year during the UMW's drawn out strikes and restricted work weeks.

Another important move in the labor world was the announcement of William Green of the AFL that his union is willing to meet with the CIO to form a united organization "of all forces and groupings of organized labor."

In a letter to Philip Murray, Green proposed:

1. To co-ordinate work on economic, legislative and political problems.
2. To achieve organic unity.

T-H LAW: Non-Red Oath

Labor unions, bitter enemies of the Taft-Hartley act since the day it was enacted, found themselves confronted again with one of the most disliked provisions of the law.

The U.S. supreme court upheld the provision that requires union officials to file non-Communist oaths if their unions are to use machinery of the national labor relations board.

Both national and local officers of most unions have filed such affidavits, although a few holdouts remain.

Chief Justice Vinson said in his 21-page opinion, "Those who, so Congress has found, would subvert the public interest cannot escape all regulations because, at the same time, they carry on legitimate political activities. To encourage unions to displace them from positions of great power over the national economy while at the same time leaving free the outlets by which they may pursue legitimate political activities of persuasion and advocacy, does not seem to us to contravene the purposes of the first amendment."

DERBY: Near Record Bet

A Texas colt and a Texas boy won the greatest sport event on the American scene—the 76th running of the Kentucky derby. The colt was Middleground. The boy was Bill Boland of Corpus Christi.

There was another news story in the event, however. Those who keep an eagle eye on the nation's purse were startled that wagering on the race was only \$5,016 short of the record.

A total of \$1,248,028 was bet. The record handle of \$1,253,042 was set in 1947.

For the full nine-race derby day card, the handle was the third highest in history. A total of \$3,559,382 was wagered. The 1947 record was \$3,636,403. The handle in 1946, second highest in history, was \$3,603,208.

If betting is any indication of the economic trend, the prospect for the rest of 1950 would seem excellent. Observers point out that people don't wager when times are hard.

Beauty Married

Beautiful Elizabeth Taylor and Conrad (Nick) Hilton, Jr., son of the hotel magnate, were married in what was publicized as the Hollywood wedding of the year. At the license bureau the clerk told Hilton he didn't look old enough. Hilton went home to get his birth certificate.

GERMANY: Greater Freedom

Two important announcements concerning Germany, one from Russia and one from the western powers, were in the news.

1. The Russians have agreed, it is reported, to city-wide elections in divided Berlin. But with conditions, of course.

2. The western powers are near agreement to give the Bonn republic virtually complete leeway in its political and economic affairs.

The School Bell...

KINDERGARTEN—H. Severance

We have been very busy this past week. We have many things to finish before school is out. We have had several visitors lately, who will be in Kindergarten next year. It is fun to sing our songs for them and tell them about what we have learned this year.

We went for a walk the other day and saw many flowers. There were tulips, dandelions, daffodils, grape hyacinths and narcissus. We saw many sparrows, robins and blackbirds.

Our "Before We Read" books are almost finished and we will take them home this week. We are eager to show our mothers and fathers that we are ready to read.

KINDERGARTEN — Isabel Sidebotham

We started in school on Monday with more than half of our Kindergarten boys and girls absent. We learned that a number of them have measles and we are sorry they are sick.

We finished our books "Before We Read" and those who were here took them home today.

We finished our bird books. We thought they looked nice.

Mrs. Stokes invited some of us to visit her first grade last Friday. It was really fun to sit with the class in reading and learn a word. Mrs. Stokes is going to ask the rest of us before our school year is over.

FIRST Grade — Mrs. Brooks

Cathy brought a Jack-in-the-Pulpit to school. We have a song about him.

Many from our room are absent on account of sickness.

We made a border for the black-board. It is pretty, with grass, frogs, brown-eyed susans and honey bees.

We will have a picnic on Wednesday, May 31.

We have finished our word book. It has 144 words in it. It is fun to spell and write them.

Are we ready for second grade? Just listen to us read and you will know that we are!

SECOND Grade—Agnes Johnston

We have been making plans for our picnic on Wednesday of next week. We have chosen our committees to plan the activities for the entire day. We hope it will be a nice day.

Albert Peters won the bicycle at the Merchant's drawing last Wednesday. We were glad Albert won because he didn't have a bike. Have a good time riding it this summer, Albert!

During language periods, we have been talking about summer safety when going fishing, swim-

THIRD Grade — Marie Hughes

The children in our room are planning a spell-down with the children in Mrs. Bowerman's room Friday.

We are looking forward to a picnic on the Russell Hughes farm on Wednesday, May 31. We plan to bring our own sandwiches and a plate to pass; either potato salad, beans, weiners, fruit salad, cake, cookies or fruit. Each child should bring a nickel for pop.

The children will gather at the school Wednesday morning as usual. They will leave the school by bus for the farm. The bus will pick us up again about three o'clock and bring us back to school to meet our regular busses.

THIRD Grade — Jessie Hager

We are having fun reading a story about the "Pet Show" at the "Fair". To make it more interesting, Allen Shepard brought his pet rabbit: A nice tame, white rabbit that liked to be petted.

The following people had 100 percent in numbers last week: Paul Bowen, Gary Cihak, Jack Gee, Barbara Jeffery, Earl Parks, Alice Sumner, Loren Wycoff and Paul Hibbard.

From our School Library we have used 572 books this past school year.

FOURTH Grade — Mrs. Snyder

Everybody seems to have the number of days of school left counted, and a few are already

day-dreaming about the fishing, biking, swimming and all the other summer activities, but we are trying hard to keep our minds on lessons and to finish our books and other things we have started.

This week we are finishing our study of Australia. It is the last trip we will take in our geography books this year. We have had some interesting journeys to different parts of the world.

For our review in spelling we have invited Mrs. Galmore's fourth grade in for a spell-down this Friday. All year we kept track of the number of people who got all the words right on the Friday test. We were divided into two teams. The final scores were: Tigers, 242, and Reindeer, 234.

This week we are making covers for our bird books. We are going to tie them with colored yarn or ribbon. Last Friday we took a hike to see how many birds we could identify. The birds kept pretty well hidden but we did see leaf buds, tree flowers and wild flowers.

We have been invited out to Linda Bustard's farm for our picnic next Wednesday. We hope it will be a nice day.

SECOND AND THIRD Grades — Adeline Bowerman

Carolyn Richardson treated her classmates with pressed cookies in honor of her eighth birthday.

We are sorry that Earl Gee is in the hospital where he was operated on for appendicitis. We wrote letters to Earl in our language class on Tuesday.

The third grade has been invited to have a spell down with Mrs. Hughes' room so we are spending spare time reviewing the 359 words we have had this year.

We took a walk Tuesday afternoon to see Tony Martinek's new baby goat.

THIRD Grade — Marie Hughes

Tuesday afternoon our room went on a hike. We went first to Mary Martinek's home and saw their baby goat.—Diane Taylor.

It was Rhea Zitka's and Mary Martinek's birthday Tuesday. — Beverly Kent.

Mrs. Shepard was fishing through a crack in the dock and got a fish. On the side of the fish was an eel as large as a crappie.—Stanley Scott.

Our room has become very much interested in birds. Many different ones have been seen, such as the kingbird, oriole, flicker, indigo bunting, goldfinch, bluejay, meadowlark, rose-breasted grosbeak, swallow and crane.

FIFTH Grade — Mrs. Liskum

Fifteen mothers visited our room last Friday. We gave a choral reading "Western Wagons" which we used in an assembly program last winter. We also read our two spring poems, "The Daffodils", by Wordsworth, and "Robert of Lincoln", by Bryant. After recess the boys stayed out doors and played ball. The girls and mothers worked at clothing judging using 4-H standards. Tea was served. Several mothers brought cupcakes and sandwiches.

We have a contest between the Ring Eyes and Red Socks. Every problem worked correctly, every word learned, makes a point or one's side. At noon Tuesday the score was: Ring Eyes, 3784; Red Socks, 3919.
