## Marriages

### Penfold — Scales

The East Jordan Methodist Church was the scene of a pretty wedding, Saturday evening, June 17th, at 8:00 o'clock, when Miss Elizabeth A. Penfold, daughter of Mr. and Mrs. Percy P. Penfold of East Jordan, and Charlie Scales, III, of Detroit, son of Mr. and Mrs. Charlie Scales of Decatur, Alabama, exchanged their vows at a candle light ceremony before an altar decorated with candelabra and tall white baskets with white gladioli, white snapdragons, and white peonies.

Rev. Howard Moore read the single ring ceremony in the presence of a large number of relatives and friends.

As the guests assembled, a prelude of bridal music was given by Robert Benson at the organ. Mrs. Alta Drapeau sang, "I Love Thee" by Greig and "Through The Years" by Youmans.

Escorted to the altar by her father, the bride wore an ivory satin gown fashioned with round neckline, inset of illusion beaded on either side with seed pearls, with victorian shoulders, tight fitted bodice buttoned in the back with self covered buttons, fitted sleeves ending in a point at the wrists, the full skirt ending with a Cathedral train, full length veil of illusion held by a crown of seed pearls, and carried a cascade bouquet of shattered carnations, snapdragons and a detachable white orchid.

Miss Gloria Gray of Detroit was maid of honor and wore a pastel blue marquisette over taffeta floor length gown, tucks on the bodice and skirt and matching gloves; a hat of white straw trimmed with blue flowers entwined with blue maline. The bridesmaids were Mrs. Martha Manley, Miss Marian Thomas and Miss Muriel Young, all of Detroit, their gowns were identical to the maid of honor's, and wore hats of white straw cloth trimmed with a border of blue maline and blue marquisette gloves and carried cascade bouquets of red roses and mixed shades of sweet peas.

The bride's niece, Kathlene Penfold, was flower girl, dressed in a blue floor length dress with blue satin ribbon in her hair. She carried a blue basket of sweet peas and red roses.

William Manley of Birmingham, Ala., brother-in-law of the groom, attended as best man. Ushers were Alston Penfold, N. Gillis Cammack, Richard Blakely and William Ormiston, all of Detroit.

The bride's mother chose for her daughter's wedding a floor length toast alencon lace over taffeta. Her headdress was of dusty rose tulle and her corsage was of roses.

The grooms mother wore a powder blue floor length dress of marquisette over taffeta, the bodice was of lace and corsage of red rose buds.

Following the ceremony a reception was held at the Jordan Inn for 150 guests. A three tiered wedding cake topped with a miniature bride and groom centered the serving table. The room was decorated with baskets and bouquets of white gladioli, white snapdragons and white peonies. Punch, ice cream and wedding cake was served. Mrs. Finley Collins and Mrs. Albert Trojanek served the cake and Sylvia, Sandra and Helen Collins served the punch.

## County Leader's Meeting

The next regular meeting of the County 4-H Club Leaders' Organization will be held at the Church of God Camp Grounds on June 30th, with a picnic dinner.

The principal business of the day will be cleaning the camp in preparation for the 4-H Club Week.

Not only leaders, but all parents of 4-H Club members are urged to attend. Bring your lunch and any cleaning equipment you care to. See your local Club leader for details.

Sadie Liskum, Chairman.

## Clinic Open To All Children Needing Medical Attention, June 27th

Dr. Mark Osterlin, Pediatrician from Central Michigan Children's Clinic, Traverse City, will hold a Clinic in East Jordan, June 27th.

The Clinic will be open to all children who need medical attention and are not under a physician's care or, if you wish, Dr. Osterlin will gladly consult with your family doctor.

The Clinic will open at 1:30 p. m. Tuesday, June 27th, at the office of Betty Robertson, R. N., East Jordan Community Nurse in the East Jordan Grade School building.

Please contact Mrs. Robertson at her office, phone 297, or call 140 after six p. m. for an appointment for this clinic.

Please feel free to call and ask any questions you may have about this clinic.

Mr. and Mrs. John Porter were master and mistress of ceremony.

For going away the bride wore a zircon blue suit with white accessories and the orchid from her bridal bouquet. After a wedding trip through Canada Mr. and Mrs. Scales will make their home in Detroit where Mr. Scales has a position as engineer with the Chrysler Corp.

Mrs. Scales, a graduate from East Jordan High School in 1944 and from Michigan State College in 1948, is employed as Laboratory technician at Women's Hospital, Detroit.

Out of town guests include:— Mr. and Mrs. Richard Roney, Sr., Mr. and Mrs. Richard Roney, Jr., Dr. and Mrs. Donald C. Beaver, Connie Hindman, Katherine O'Brien, Mary O'Brien, Mary Roney, John Coombs, Evelyn Rink, Donald Forman, June Luttrell, Mrs. Gillis Cammack, Alston Penfold and daughter, Kathlene and Mr. and Mrs. Ralph Doty, all of Detroit; Mr. and Mrs. Harry Golden, sister of Mrs. Percy Penfold, Lansing; Mr. and Mrs. Charles Scales, Decatur, Ala.; Mr. and Mrs. William Manley, Birmingham, Ala.; Mrs. Fred Dye, Detroit; Mr. and Mrs. William Howland, East Lansing; DuWayne Penfold, ElCentro, Calif.; J. R. Johnson, Mrs. R. T. Young, Flint; Mr. and Mrs. Darwin Penfold, Atwood; Miss Amy Hartwell, Charlevoix; Mrs. Charles Miller, Eaton Rapids; Mr. and Mrs. Otto Miller, Boyne City; Mr. and Mrs. Finley Collins and family, East Lansing; Mrs. Herman Schepperly, Mancelona.

The bride was honored with a miscellaneous shower Tuesday evening, June 13th, at the Methodist Church sponsored by the Suzanne Westley Circle of the W. S. C. S.

## Leave By Bus For Summer Recreation Camp

THIRTY EAST JORDAN BOYS GOING TO SUMMER CAMP

Over thirty East Jordan boys will leave by bus early Monday morning for the summer camp at Ocqueoc Lake sponsored by the East Jordan, Boyne City, Petoskey and Pellston recreation departments. The East Jordan boys will be accompanied by Dan Devine and John Downing and will be joined by coaches of the other towns to administer the camp. The program will consist of swimming instruction, life-saving, athletics, nature study, hikes, fishing, and campfire programs. The low cost of this camp and the generosity of individuals and industries of the town has made it possible for so many to attend.

## PEANUT LEAGUE BASEBALL

The East Jordan Peanut (age 8-12) baseball team opens its season Friday at 2:00 p. m. when they meet the Boyne City Peanut team. The Junior team will meet Mancelona this week also. Drop over to the ball park Friday afternoon and see the Peanut League game if you enjoy seeing youngsters play good baseball.

## GIRLS SOFTBALL

Mrs. Devine will take charge of the girls softball Wednesday and Friday at 1:00 p. m. next week.

## Saxton Gets Scot's Tryhuk Memorial Award

In the first presentation of the Albert Tryhuk Memorial Trophy at Alma College to the "most outstanding athlete", Chuck Saxton, East Jordan junior, was awarded the trophy for his stand-out athletic work during the 1949-50 season.

The trophy is named after Tryhuk, a Hamtramck youth, who met death suddenly in January, 1949, while practicing with his fraternity basketball team at Memorial Gymnasium at the college. An artery snapped in his neck while playing and he died instantly. He was a member of the 1950 class, entering Alma in September, 1946, after service with the Army Air Forces in the war.

Saxton is a three-sport star at Alma, participating in football, basketball and baseball. He has quarterbacked the football team for the past three seasons, sparking it to the MIAA championship and an undefeated season in 1948.

He has been leading scorer on the cage team for three seasons and was chosen as its most valuable player last season.

He hurled four victories against one loss for the baseball team this past season and has been one of its leading hitters for three seasons. — From the Saginaw News of last week.

## Charlevoix County Pomona Grange Met With Deer Lake

At the Charlevoix Pomona Grange meeting at Deer Lake Thursday, the Michigan State Grange Loyalty Fund was explained by Anna Warner, Deputy.

The fund of \$200,000 is being sought for a three-fold purpose, a scholarship fund for grange youth, a grange youth center, and a State Grange Home at Lansing.

At present the state grange headquarters is located at Niles, Michigan, where state Master W. G. Armstrong lives. By creating a grange office building in Lansing, it is hoped to have a permanent home near the legislature and center of grange activities.

Each local grange is planning to put on one of the dinners for which granges are famous and send the proceeds to the state grange. In addition to this loyal grange families are donating \$50 which makes them members of the Founders Club.

Gerald Rodger of Deer Lake was appointed Lecturer of Pomona to fill that office which was formerly held by Howard Brumm. Next meeting will be with Maple Grove.

Rock Elm Grange has organized a baseball team and is asking all other granges to have a team so we can have a county league.

They are serving one of those family style turkey dinners Thursday evening. Yum! Yum!

## Will Provide Medical and Financial Aid Needed When Polio Strikes

The Charlevoix County Chapter of the National Foundation for Infantile Paralysis reminds people of this county that it is ready to provide all the medical and financial assistance needed when polio strikes in any family. Families needing financial aid to meet polio patient costs are asked to contact Mrs. Walter Davis, Chairman, 307 Second St., East Jordan, Mich.

## Bids Wanted

Bids will be received at the Office of the City Clerk until 5:00 p. m., EST, Friday, the 30th day of June, 1950, for extending a ditch, located on West Division Street, from the West line of city property in a South Westerly direction to a point across the railroad bed, said ditch to be four feet in depth, and six feet in width.

The right to reject any or all proposals, is reserved. Thelma Hegerberg, City Clerk. adv. 25-2

## Softball League Opens With A "Thriller"

DON CUTLER FOR CO-OPS BANGS OUT A HOMERUN WITH BASES LOADED IN THE NINTH FRAME

The East Jordan Softball League, sponsored by the Community Chest, opened its regular season Monday night with the East Jordan Iron Works defeating the Co-ops, 16-10, in a very interesting game that was witnessed by a large crowd. According to recreational director, Dan Devine, games will be played every Monday and Friday night until the completion of the new softball field which will allow scheduling of more games. Pitching for the Foundry Monday night was Monk Cihak and catching was Charlie Hitchcock. Don Karr pitched for the Co-ops and Ken Richards caught. Don Cutler hit a home run with the bases loaded in the last inning for the Co-ops which was the big blow of the game. Friday night the East Jordan Merchants meet the Canning Co. Following is the first round schedule.

### SOFTBALL SCHEDULE

### ANTRIM CHERRY PRODUCERS TO MEET FRIDAY AT KEWADIN

Antrim cherry producers will meet Friday evening, 8:30, June 23, at the Milton Town Hall, according to Walter G. Kirkpatrick, County Agricultural Agent.

Crop estimate, orchard management, labor and price prospects will be discussed. Pictures of orchard management practices will be shown by Carl Hemstreet, District Horticultural Agent.

### JESSE JAMES AND THE BABY

When a baby's cry annoyed Quantrell, cruel outlaw, Jesse James saved its life, proving he could be as gentle as a woman in soothing a child. Read "Jesse James and the Baby", by Homer Croy and E. L. Loston, in The American Weekly, with this Sunday's (June 25) issue of The Detroit Sunday Times.

## Rebekah's & Oddfellows

Numbering forty-eight listened to a very impressive service at the Methodist Church on June 18. After church they decorated the graves of their deceased members buried at Sunset Hill. Our official memorial date given us by Grand Lodge is June 25th.

## May and June Dry

The precipitation during May and June has been very short of average. Rain for May totaled only 1.41 inches, although the 25 year average for East Jordan is 3.24 inches.

To date, June totaled only .76 inch, the average being 2.96 in.

Do you remember May 1947 when we had 7.92 inches of rain, which would be a plus 4.68 inches?

## Christ Lutheran Church

Boyer City — Wilson Twp. Rev. F. J. Sattelmeyer, pastor

Wilson Twp. — Sunday: 9:30 a. m. Church Service. 10:30 a. m. Sunday School.

Boyer City — Sunday: 10:00 a. m. Sunday School. 11:00 a. m. Church Service.

The Wilson Church will have a chicken dinner next Sunday on the premises of Harry Behling's farm at 1:00 p. m., sponsored by the Ladies Aid Society. Mrs. Norval Korthase and Mrs. Sattelmeyer are the committee.

## First Presbyterian Church

Edward O. DeHaven, Pastor

This coming Sunday morning, June 25th there will be special services in our church. This will mark the observance of Children's Day in which the services will be conducted in the most part by the children in our Sunday Church School. The service will be designed to portray the Church's concern for its children and homes and as such it will be important. The theme of the program will be, "My Witness". The purpose of the church ought ever to be the training of witnesses for Jesus Christ. As a part of this program, the sacrament of Infant Baptism will be administered. Parents desiring to have their children baptized should contact your pastor before Sunday.

Of special note to all, and please notice, the SERVICE WILL BEGIN AT 10:30 and there will be only the one service for this Sunday.

We also call your attention to the Vacation Church School being sponsored by the churches of this community beginning on July 10. There will be further particulars concerning this worthwhile venture next week.

The Young Adult Group will meet in the home of Mr. and Mrs. Ted Malpass June 29th for a pot luck supper. This will be in their summer cottage on the lake. The children are invited too.

Your pastor and family are back from a few days of rest and vacation. We feel refreshed and ready to go to work again.

**PARENTS HELP CHILDREN BY LIMITING BEHAVIOR**

Parents may have the idea that they should let a child do just what pleases and when he pleases and should trust the child's judgement. They feel he will grow in spite of his parents.

This lack of parental restraint is not one of the best ways to give a young child a feeling of security, certainty and therefore self-reliance, reports Jean Foulkrod, child development instructor at Michigan State College.

A mother who can love her child but at the same time see the need for "putting the brakes" on his behavior at times, is really helping the child grow, according to Miss Foulkrod. For example, a child may want to hit or kick you when you stop him from writing with crayon on the wallpaper. Then you need to tell the child of two "limits" at one time. He may not hurt people—or wallpaper.

The child specialist thinks he may not like you for limiting these activities at the time but now he knows he is not to kick you and that writing paper is better for crayons than wallpaper. He will wonder no longer whether he can get away with these things and you have made him more secure by removing that many uncertainties. He is sure of a few things and knows that someone is helping him make up his mind about things which are a little too big for him.

"Young children need the firm reassuring guidance of parents. They need certain limits they cannot go beyond. It gives them a feeling of security and children need that," Miss Foulkrod reports.

**Library Notes**

**Gifts:**  
A check from State Aid to Public Libraries Fund for \$96.10. This is the second and final payment for the fiscal year 1949-50. Eleven Juvenile books from Connie and Sally Swafford. These are in excellent condition and will add some popular books to the reading list.

Several surveys were made by Members of a class under the supervision of Dr. Walter Ryder, C. M. C. E. With Dr. Ryder's permission the following have been presented to our library by the authors:

- Churches of East Jordan — Mildred Karr.
- East Jordan Public Library — Isabel Sidebotham.
- Norwegian Element in the East Jordan Community — Emma Marie Hughes.
- Vocational Choices of Two Generations of High School Graduates — Marguerite Stokes.
- Changing Industries of East Jordan and their effect on the schools — Alma and Leatha Larsen.
- East Jordan Study Club — Marion Brooks.
- Music as a Community Factor — Helen Severance.
- History of Consolidation of E. J. Schools — Alta Drapeau.
- Pioneers of East Jordan — Grace E. Galmore.

**New Adult Books:**

The Town — Conrad Richter. Author of "The Trees" and "The Fields". Story of frontier life.

The Bride of Newgate — Carr: This mystery writer has now written a historical novel which contains a detective story also.

He to the Hunters — Stuart: A tale of the Kentucky hill country by the author of "Private Tussie".

Interrupted Melody — Lawrence: A true story of courage and accomplishment. Marjorie Lawrence, after a long struggle, became an opera singer. Some critics called her the greatest soprano of all times. At the height of her success she was stricken with polio and few people thought she would ever sing again. How she overcame her handicap should be an inspiration to anyone.

Jubilee Trail — Bristow: In 1844 a young lady of New York who was living a very social life decided she wanted more adventure than she would have by staying in the settled part of the country. She married a man who made a trek to California every year and decided to make the trip with him.

Jubilee Trail is a story of California when it was still under Mexican rule, and also of the mule-train crossing of deserts and mountains.

I Leap Over the Wall — Monica Baldwin: This title is taken from the Baldwin Family Motto. The story is the life of one who returned to the world after 28 years in a convent. Her impressions after knowing nothing of the outside world for this long time and her difficulty in learning to understand conditions as they were make interesting reading and are instructive.

Raising a Riot — Toombs: A true account of a father who took over the children, the house and the kitchen for 18 months. Some find this book even more enjoyable than "Cheaper by the Dozen".

**For the Younger Readers:**  
The Catcher From Double-A — Decker: A good baseball story. Amos Fortune, Free Man — Yates: Born free in Africa, sold into slavery in America, he later purchased his own freedom and that of several others. He lived from 1710 to 1801.

The Island Stallion — Farley: One of the popular series of horse stories.

Leave It To Beany! — Welver: Beany liked to manage things but found it hard to manage Shelma, her orphaned Irish cousin. A book older girls will enjoy.

**Your Charlevoix Soil Conservation District**

What is the part of your farm planner in the operation of your Charlevoix Soil Conservation District? It is his duty to hold the group meetings to discuss the basis of the soil conservation work, and to assist you right on the farm in carrying out the practices adapted to your farm.

A soil survey is made of your farm by the Soil Scientist of the Soil Conservation Service. This soil survey shows the types of soil, degree of slope and the degree of erosion that has taken place. The proper land use for all the different soils on your farm can be determined from this survey and field observations, by placing each soil in one of eight classes of land determined by the soil, degree of slope and degree of erosion.

No two farms have the same problems, so it will be necessary for you to walk over the farm with the planner and determine the proper use and the conservation practices needed on your

**The Better Business Bureau's**

advice is this:  
"In an apparent effort to retain merchandising profits previously realized through 'kickbacks', some doctors have recently changed their methods of operation. They now have the patient pay for his glasses at the doctor's office—instead of the optical supply house as was heretofore the custom.

"This switch facilitates the continuance of price padding and if you find that your doctor has made such a change, by all means shop for your glasses just as you would for any other merchandise which sells at widely varying prices!"

"Don't accept a 'lump sum' quotation, but ask for a breakdown giving you the separate cost of your examination, and fitting service fee, and the price of the glasses themselves. Having paid for your examination, the prescription is yours and you are free to take it where you choose and where you can buy the glasses you want to the best advantage."

**Eye doctors who accept hidden rebates or kickbacks from optical houses are called "parasites" by the American Medical Association.**

The AMA through state medical societies is waging a vigorous fight against socialized medicine whereby the cost of medical service would be paid ostensibly by the government—but actually by the consumer in the form of withholding taxes. The so-called "high cost" of eye glasses, due to the secret kickback, thus has become a matter of national concern to practicing physicians and surgeons.

The Michigan State Medical Society has organized a "good citizenship campaign" among its members. This program is aimed at "getting out the vote" at the 1950 November election—and specifically getting out votes to defeat any candidate, regardless of party, who favors socialized medicine.

To bring the message of voluntary medicine to the American people, the AMA recently engaged Clem Whitaker to serve as its director for a nation-wide program. Whitaker appeared before newspaper editors in Chicago last November at a conference sponsored by the National Editorial Association.

"The American press, in its vigilant crusade to prevent Government seizure of unwarranted power over the people, has been the Nation's strongest defense against State Socialism," Whitaker declared.

"The citizens of our country will be a captive people, held captive by their own Government, within another five years, if the trend toward concentration of power in Washington is not halted. The American press, standing alone, cannot long prevent that disaster."

Among some practitioners it has been customary to accept a hidden profit in the consumer price of eye glasses. In other words, the difference between the wholesale cost and retail cost was pocketed by the doctor as part of his professional revenue.

The Wayne County Medical Association denounces this practice as "just as unethical as the splitting of fees" since the consumer was not aware of the kickback payment from the optical house to the eye doctor.

"Before you buy eye glasses, shop around; get comparative prices."

Such is the recommendation of the Better Business Bureau of Detroit.

You will then need help in establishing the practices and in developing your conservation farm plan. The farm planner will help you establish contour lines, mark in strip boundaries or other practices you may need help with to get established. All but very few conservation practices can be established with the equipment you have on the farm.

You probably won't have all practices established for two or three years depending on your program. After deciding on a rotation and the kind of livestock or program wanted, the plan starts taking form and can then be written up. The plan is made by the farmer with the assistance of the planner, not by the farm planner.

The farm planner is paid by the Soil Conservation Service. His help is made available by the Soil Conservation District at no direct cost to the farmer.

The conservation farm plan, its value and content will be explained next week.

**Lookout For Checks Stolen From M. U. C. C. Offices in Detroit**

More than 2,000 Michigan Unemployment Compensation Commission blank benefit checks are in the hands of safe robbers who have twice in recent weeks raided outlying Detroit branch offices of the M. U. C. C. Efforts to cash these checks may be expected anywhere in Michigan within the next few days, Max M. Horton, Assistant Executive Director, said recently.

The checks included both state industrial checks and G. I. checks, Horton said. In an effort to protect merchants, small businessmen, banks and other business establishments from cashing these forged benefit checks under the impression that they are valid checks, the Commission this week issued a warning to banks, merchants, gasoline stations, grocers, and others to be on the lookout for checks bearing the following serial numbers recently stolen from the Commission's Branch Offices.

Industrial checks on the Detroit Bank are B929,972 through 930,800, B-808,427 through B808,600 and B891,301 through B892,100. G. I. checks in the Industrial National Bank are A541,994 through A542,100, and A540,616 through A540,900.

"These checks are forgeries", Horton said. "Therefore, the people who cash them will have to stand the loss themselves."

"In order to protect the small merchants from this type of depredation, the Commission asks them to keep this list of serial numbers and consult it every time he is requested to cash an unemployment benefit check."

"Should any check bearing any of the above serial numbers turn up, the Commission desires the merchant who is asked to cash it to immediately call the nearest police department."

"A primary rule to observe in cashing checks of any type, is to know the person for whom you cash it," Horton said.

SCRIPTURE: The Book of Jonah.  
DEVOTIONAL READING: Ephesians 3:14-21.

**Peevish Prophet**

Lesson for June 25, 1950.

**JONAH THOUGHT** he knew better than God. When men said, "Be a prophet," Jonah decided to take a long vacation. He took a ship for a far place so far away he thought even God could not follow. When God said, "Preach to Nineveh," Jonah decided that was the very thing he did not want to do. When God said, in effect, "Be a missionary," Jonah thought he would rather be a tourist. Of all the prophets on record, Jonah was the peevish one.

The remarkable and unique little book of Jonah is perhaps the most misunderstood book in the Bible. Nobody knows how much ink has been wasted on the whale (which, incidentally, was not a whale but a fish!), whereas the real message of Jonah is not about whales at all. It is about taking the message of God to the most unlikely places in the world; it is the story of how the very people who ought to be doing it, sometimes won't do it.

**Does God Care?**  
CONSIDER the good reasons Jonah might have given for not going to Nineveh. They are like the reasons people give nowadays for not believing in foreign missions. (A mission to Nineveh was about as foreign a mission as any one could have thought of, in those days.)

Reason number one: The Ninevites were mean people. So they were. Assyria, of which Nineveh was the capital city, had done, and would do Israel more harm than any other enemy she had.

The Ninevites were an unscrupulous, greedy people. They knew no law but force. They spread by violence into many a country. They were the nation nobody loved.

Should the message of God be given to such a city? Jonah thought not; God said it should.

And of course God was right. If the message of God had been sent only to peoples and nations that "deserved" such a favor, God's messengers would all have stayed at home.

**Too Far From God**  
REASON number two: Nineveh is a long way off. Indeed it was. To reach Nineveh, Jonah would have to pass through at least a dozen other cities, all of which no doubt needed preachers. Were there not enough people at home who needed preaching? Of course there were. Only Jonah did not preach to them. He had a wonderful missionary opportunity there on the ship. Every man of the crew was a heathen. But Jonah was fast asleep.

This is often too true. People will protest about foreign missions: why send preachers and doctors and teachers and money so far away? Aren't there plenty of heathen right at home? Of course; but you won't often find the objector to foreign missions doing much about it. Any church that is awake and active in supporting foreign missions will be found to be just as alive and intelligent in meeting the problems of the neighborhood.

**Judge The World**  
REASON number three: (This sounds like a silly reason, but Jonah actually put it forward—Jonah 4:2.) God is too good! What was the use of preaching to Nineveh, Jonah wanted to know, if God was going to be gracious and not destroy the city with fire from the sky?

If God is good and merciful, why should we bother about sending missionaries anywhere? Won't he save every one anyhow? Isn't God too good to judge the world?

Jonah overlooked the fact that God had mercy on the Ninevites because they repented. Nowhere in the Bible is there any encouragement to believe that God has mercy on the unrepentant. To all who turn to him, God is gracious; and the job of the missionary, whatever else he does, is to persuade people to turn to God. "Be ye reconciled to God," said Paul, the great Christian missionary. If rebels will not lay down their arms, how can there be an amnesty?

The great tragedy of Judaism is the tragedy of Jonah: God wanted his people to win the world; but they became ingrown, they ceased even to wish to be a missionary faith. Shall the same tragedy overtake Christianity?

**ONE FOR THE BOOK**—Telephone directories go with telephones just like ham goes with eggs. And last year Michigan Bell published more than 3,500,000 directories. Over 9,650,000 pounds of paper were purchased through Western Electric Company, the Bell System's supply division. Printing the directories took 124,000 pounds of ink and 65,000 pounds of glue were used for binding. It takes a lot of everything to provide telephone service.

**AS SIMPLE AS A-B-C**—Money for new construction needed to provide more and better rural telephone service has to come from investors. And investors only put their money in businesses that show a fair profit. So, no fair profit for Michigan Bell, no investors. No investors, no money for new construction. That's why it's important for you to have Michigan Bell financially healthy.

**A TRIP SAVED**—During planting this Spring, a Michigan farmer's tractor broke down. He was about to drive into town to get a spare part from the dealer there. But fortunately, he thought to telephone first. The dealer didn't have the right part. So he called the dealer in another nearby town and located the needed part. Saving needless trips and wasted hours is but one great value of the telephone.

WEEKLY NEWS ANALYSIS

**Japan Outlaws Communist Party; Europe Coal-Steel Pact Signed; U. S. Construction at New High**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

**JAPAN: Outlaws Reds**

The Japanese Communist party received a serious setback with that government's announcement that the party would be outlawed in Japan.

Observers did not find the move surprising since such action had been hinted and only waited the outcome of the general election which was carried by Japan's Liberal party. The liberals alone stuck to a pro-United States policy in a highly nationalistic campaign.

Prime Minister Shigeru Yoshida had announced the action would be taken if there were further acts of violence by Communists. He referred to the attack on five U. S. soldiers at a Communist rally on Memorial Day.

As expected, the Communists tried to blame the action on the American occupation, but Yoshida quickly denied it.

Meanwhile, the Liberal party seemed assured of victory in the election. Despite rains throughout the country, the voting was heavier than expected. Officially said 31,400,000 voted, or 70 percent of those eligible. About 60 per cent had been expected.

Yoshida's strong showing had been expected after his government firmly squelched projected Communist anti-American rallies at a so-called general strike called for election day.

**COAL-STEEL PLAN: Unites Six Nations**

Britain's labor government has been caught short by the announcement that six European countries have formed a coal-steel alliance.

The United States gave the six countries—France, Holland, Belgium, Luxembourg, Western Germany, and Italy—its blessing, with observers pointing out, an eye on the heavy gamble for postwar economic reconstruction of Europe as a means of further winning the cold war.

Under the plan, proposed by Robert Schuman, French foreign minister, the six nations have united to produce the sinews of heavy industry in peace.

Observers said it was fairly clear that Britain, struggling to win back a high place in world trade, was caught by surprise at the move.

The Schuman plan represents a historic surrender of national sovereignty of all the six countries in their economy. The pooled coal and steel industries will be directed by an independent international high authority.

Neutral observers were especially happy over the alliance. It is the first time in history that countries whose differences have caused numerous wars have gotten together to create a community of interests. This, observers contend, should eliminate the cause of wars.

Increased production is also expected from the merger. The total joint production could be far greater than the sum of their separate competitive efforts. It was pointed out, for example, the industrial Ruhr needs French coal and France needs the Ruhr steel but each put a premium on the materials they exchanged with each other.

Although the British have not joined the alliance or made any commitment on the plan, the way has been left open. Observers said it would certainly give the labor government something to think about.

**BALTIC PLANE: Evidence Damning**

The United States produced new evidence that the navy patrol plane recently lost in the Baltic was shot down, although the Russians reported they only drove it out to sea.

State department officials said a recovered landing wheel indicated the plane had exploded in mid-air, and had possibly lost a wing before it spun into the sea.

The wheel floated because its tire was inflated with air. It was found by a Swedish fishing captain 48 miles off the Coast of Latvia.

A navy expert, Lt. Comdr. M. W. Cagle, exhibited the plane's front landing wheel, and pointed to a lever in a position showing that the wheel was retracted when the plane crashed.

**MAUNA LOA: Brilliant Fireworks**

Mauna Loa, the 13,680-foot volcano on the island of Hawaii, turned on a brilliant display of fireworks for island tourists with the greatest eruption in history.

Fortunately, no lives were lost in the eruption that sent streams of molten lava across the island and into the sea. At some points where the lava entered the ocean, the water was reported near boiling far from shore.

**Japs Riot**

Japanese Communists staged a rally in the shadow of the imperial palace and for the second time violence broke out between the Reds and U. S. soldiers. U. S. MP's (above) are shown breaking up the riot and taking a Jap Communist into custody.

**CONSTRUCTION: At New High**

Construction in the United States has reached a new high, according to reports by the department of labor.

According to department statistics, construction valued at nearly \$2,000,000,000 was put in place in May. This was ahead of the 1948 and 1949 seasonal peaks.

Home construction accounted for much of the advance, although building costs have risen sharply.

Private construction in May amounted to \$1,400,000,000, an increase of 12 per cent over April and 27 per cent over May of last year. The home building part of that was estimated at \$825,000,000, an increase of 15 per cent over the month and 56 per cent from a year ago.

In the first five months of 1950, the total value of all types of new construction was nearly \$8,100,000,000, an increase of 21 per cent from the corresponding period of 1949, the labor department announced.

**HARRY GOLD: Patriotic Spy**

Like the little boy who pinched off the icing on his mother's cake, Harry Gold, the American who turned against his own country to spy for Russia, wanted the sweet but didn't mean to spoil the cake.

Explained the Philadelphia biochemist, no doubt for a gullible American public, he delivered atom bomb secrets to Russia, but "I had no intention of hurting my country."

Such an explanation would not appease the intelligence of the six-year-old who pinched the icing. How can anyone give away the secrets of his country and not expect to hurt it, observers asked?

The Judy Coplon case and now the Gold affair have shocked the American public. Many Americans are remembering stern measures employed by founders of the nation in handling spies.

The business of espionage, under any circumstances, is a nasty thing. One is not inclined to be angry with a spy such as the Russian agent Gubitchev who was acting under orders. But to turn against your native land and give or sell its secrets is an entirely different matter.

Now an admitted spy asks the court to appoint him counsel, which he insists be counsel whose patriotism is unimpeachable, with the respect of the court, the public, and the bar. Further, he insists upon the right to cooperate with the F.B.I.

**SEARS, ROEBUCK: Sharp Price Cuts**

Sears, Roebuck and company, the world's largest retail merchandise business, has announced price reduction of up to 52 percent of 4,000 items in its midsummer sale catalogue.

The merchandising world was startled by the announcement of price cuts that averaged 7 per cent on the items. Seasonal wearing apparel was cut as much as 41 per cent.

More than twice as big as its nearest competitor, Sears, Roebuck and company was founded in 1886 and drew its greatest support from the farm population.

Although today Sears sells in the big cities, it still keeps its rural touch with all sorts of farm products.

**Employment**

Employment in the United States reached its highest peak in May since last August, the census bureau announced in an optimistic report.

The number of jobless dropped from 3,515,000 in April to the May figure of 3,057,000. Employment jumped from 58,668,000 in April to 59,731,000 in May, a gain of 1,063,000. In May, 1949, there were 58,694,000 employed.

**SUPREME COURT: Three Decisions**

The U. S. supreme court has handed down three decisions in the current civil rights controversy which will have far-reaching reactions.

The court held that segregation of Negroes in railroad dining cars violates the Interstate Commerce Act, that Negro students must be admitted to the University of Texas law school because the state does not afford them facilities equal to those for whites, and that Oklahoma had been discriminating against Negro students at its state university law school by segregating them in classrooms and elsewhere on the campus.

The court, however, did not go into the cases as deeply as the justice department desired.

For instance, the justice department argued there can be no such thing as "separate but equal" facilities and treatment. It contended the mere fact a Negro has to use a separate public facility prevents him from having an equal facility. It is just as sensible, the department argued, to say that a thing can be "black but white" as to insist it can be "separate and equal."

Observers point out that had the court gone into the matter as deeply as the department asked and ruled in its favor, there would have been practically nothing left of segregation laws.

Some students of government believe such a ruling would have been a great deal more far-reaching than the passage by Congress of the much debated F. E. P. C.

The court, however, adhered to its long established practice of not determining constitutional issues if other grounds for decisions exist.

**IOWA ELECTION: Brannan Plan Test**

The nation watched with interest the final outcome of the primary election in Iowa. And the outcome was what seasoned political observers expected—a final campaign between Albert J. Loveland and Sen. Burke B. Hickenlooper.

There was more to it, however, than just the outcome of a primary election to determine the Democratic and Republican senatorial candidates this fall.

Loveland, former undersecretary of agriculture, campaigned against five other Democrats using the Brannan farm plan as his main weapon.

On the other hand, Senator Hickenlooper is a strong opponent of the plan. He won the Republican nomination easily over two opponents.

Thus, the fall campaign takes shape. Political observers see Loveland campaigning with the Brannan plan as the main plank in his platform, while on the other hand, Hickenlooper will take his stand against it. Political observers are looking forward to this final test on the much debated plan in the heart of America's farm belt.

Political observers also pointed out that it is almost a sure bet now that President Truman and Secretary of Agriculture Brannan will campaign in Iowa for Loveland.

**ECONOMY: Budget Cut Hinted**

Observers are predicting another battle in congress in an attempt to cut President Truman's budget for the coming years.

According to some reports, Republicans are backing a move for a new cut of the budget which the house last month trimmed \$2,068,590,504.

Some senators would like a flat cut across the boards. But others want to exempt the military establishment, the Federal Bureau of Investigation, and defense spending. A means of making the cuts on the Senate floor is being sought if the trimming is not done first by the Senate appropriations committee.

**Gold Attorney**

John D. M. Hamilton, (right) former chairman of the Republican national committee, is shown with Federal Judge James P. McGranery, (left) after the latter appointed Hamilton counsel for Harry Gold, 39-accused atomic espionage agent.

**BELGIUM: Wants a King**

While the rest of the world has worried about rebuilding and securing a permanent peace since World War II, Belgium has been the scene of one election after another on the question of bringing King Leopold III back from exile.

The latest of the four elections gives the Social Christian party another victory and would seem to guarantee the return of Leopold to the throne.

**4-H CLUB MEMBERS REPRESENT MICHIGAN**

Michigan's four representatives at the National 4-H Club Camp in Washington, D. C., June 14-21, will be: (left to right) Carol Schatz, 18, Garden City; Arden Peterson, 19, Ionia; Raymond Borton, 18, Lansing; and Lillian McVannel, 18, Merrill. The 20th annual camp is sponsored by the Extension Service of the U. S. Department of Agriculture and the land grant colleges of the nation. A. G. Kuntzen, state 4-H club leader at Michigan State College, will accompany the group.

Whether it was courage or foolhardiness, Governor Williams' veto of General Kungzig's salary from the legislative budget has had the practical effect of grabbing on to an angry bull by the tail.

It remains to be seen whether the governor will throw the bull, or the bull will throw him. (No pun intended!)

Civil service is a cherished principle of good government with many partisans, Republican and Democrat. The people's verdict in placing the civil service amendment into the state constitution was the result of a popular crusade to ake political patronage out of state government. It was championed by Governor Frank Murphy.

And so when the Democratic majority on the state liquor control commission fired Brig. General Louis A. Kungzig as its business manager, they flaunted the power of the civil service commission.

A suit was filed with the Michigan Supreme court to test the liquor commission's right to abolish Kungzig's position. The Supreme court ruled that the commission erred; it ordered the commission to restore Kungzig to his job.

With such a Supreme court mandate, you would assume the liquor control commission would give up the fight and put Kungzig back to work.

Actually, Kungzig was restored to the payroll, but the commission

aloofly declined to assign him any duties.

One way out of the dilemma would be for Governor Williams to go to the commission's rescue: Wipe out the general's salary from the legislative budget. Such was within the governor's power as the state's chief executive.

But to do this would be the governor technically in a position of nullifying the intent of the State Supreme court. A good many persons did not think the governor would deliberately choose to put himself on the spot.

Governor Williams, either through courage or foolhardiness, choose to veto the Supreme court decision for all practical purposes. We list the two alternatives for it now appears that the governor's move was a political mistake of first magnitude. The Republicans have a brand new issue. The governor is on the defensive—something he has astutely tried to avoid.

Robert H. Dunn, legal adviser to the civil service commission, has

announced a suit would be filed in the State Supreme court to restore full duties to the ousted business manager. He denounced the governor's veto as "illegal"—interference with the Supreme court's decision. The word was strong, as if the governor was about to defend himself in an impeachment proceeding.

Williams countered with a declaration that Owen J. Cleary, former chairman of the liquor control commission and now Republican state chairman, had recommended dismissal of General Kungzig. Cleary politely said the governor had lied; he had done no such thing.

John Kozaren, the present Democratic chairman of the commission, was a Hamtramck precinct worker when he was picked by Williams to head the liquor control setup.

General Kungzig, classmate to General Douglas MasArthur, was selected by former Governor Harry F. Kelly to become business manager of the commission, after a series of liquor scandals had made the liquor control setup a "hot spot" for any appointee. (The controversy now puts Kelly into a limelight in a big way.)

Kunzig met all civil service requirements for manager of a business in which purchases of liquor amount to \$140,000,000 in one year. If there has been any scandal recently in the state's liquor control business, we have yet to hear of it. The governor defended his veto as "economy"—saving the taxpayers \$10,000 a year for a needless job at Lansing. Williams and economy have not been synonymous.

From all present indications the final decision will be made by the State Supreme court—whether the governor has the right to invalidate, in a practical way the mandate of the court and the state civil service commission.

That is why we characterized the governor's position in the controversy as "grabbing on to a bull by the tail."

By doing this, the governor put himself on the defensive with a new issue, sacred to the cause of good government in Michigan.

He finds himself in a position of attacking the principle of civil service—something which his Democratic sponsor, the late Frank Murphy, would never have done. Murphy, a governor, championed the cause.

### FARM FACTS

from your  
**County**

### Agricultural Agent

(Ed Rebman, Co. Agr'l Agent)

**WARNING — CHERRY FRUIT FLY**  
All cherry fruit growers are warned by Ed. Rebman, county agr'l agent, that the adult cherry fruit fly has been found in Charlevoix County. Vaun Ogdin, inspector for the department of agriculture, stated that the fly emerged this past week.

The spraying program to control the cherry fruit fly and the resulting maggot is to spray as soon as possible with 2 pounds of lead arsenate and 100 gallons of water if you have not already been spraying with lead arsenate. Also follow in 7 to 10 days with another spray. Some growers have been using this poison in every spray following petal fall to make sure that they will have no cherry maggots.

Fruit growers are warned that they should make very sure to get complete coverage. It is better to put on extra spray material on your trees than not enough. If a rain occurs after you apply the spray material and you are in doubt, spray again. If your orchard is close to the woods, it is a good idea to spray the forest trees, especially the pin cherries and choke cherries. Copies of the 1950 spray calendar and supplement may be obtained from your county agricultural agent's office.

**IDENTICAL TWIN HEIFER CALVES**  
Dr. C. F. Huffman of the Michigan State College dairy department is looking for some identical twin heifer calves. The calves would be used in nutrition experiments at the college.

So if any of you folks have a set of identical twin heifer calves, do one of two things—get in touch with Ed Rebman, your county agent, or write directly to Dr. C. F. Huffman, Dairy Department, Michigan State College, East Lansing.

Dr. Huffman, one of the nation's outstanding scientists in the field of dairy nutrition says that one set of identical twin heifer calves is worth more for experimental work than twenty pairs of non-identical calves.

**WISCONSIN DAIRY AND FRUIT TOUR PLANNED**  
A trip through the northern part of Wisconsin from June 26 to July 1 has been planned by Bob Reidel, Boyne City; Floyd Ayres, Veterans Instructor, Charlevoix; and Ed Rebman, county agricultural agent, Boyne City. This tour has been the result of three months of planning and will visit four different counties in northern Wisconsin.

The group will leave on Monday and arrive in Wisconsin late that evening. On Tuesday, they will visit with Charles Krumm, county agr'l agent at Shawano.

Mr. Krumm will show the group through the Badger Artificial Breeders Cooperative there and also some outstanding dairy farmers. On Wednesday, the group will go up the Door Peninsula and visit with Mr. Mullenore, county agr'l agent. Mr. Mullenore will entertain the group by taking them on a tour of the dairy farms and also cherry growers in that area. The next day will be spent at Manitowoc with Wesley Kron, county dairy agent, and Mr. Kron will show the group through the White House Condensary and a cooperative dairy plant. The following day, Friday, will be spent in Dunn county with Archie Johnson taking the group on a tour of their cattle sale auction. The group plans to return late Saturday evening.

**Dangerous Dance**

**Calculating Pedestrian**

**The Mighty Pen**  
By Will Bernard, LL.B.

State laws vary. For personal guidance, see your local attorney.

**If a Girl Gets Hurt Jitterbugging, May She Collect Damages?**

The members of a country club decided to give a dance for a group of soldiers stationed nearby, and a number of girls were invited to act as hostesses. During the party, one of the soldiers asked a girl to dance and she accepted—little realizing what was coming. The soldier happened to be a rabid jitterbug, and immediately began flinging his partner around with reckless abandon. The girl was terrified and

screamed for help, but no one came to her rescue. By the time the dance was over, she had suffered an injury to her sacroiliac! Later she decided to sue the club for damages. The club officials argued that the girl took her own chances in accepting the dance, but the court disagreed and granted her claim. The judge said that an organization sponsoring a public affair of this kind must at least try to protect the hostesses from disorderly guests.

**Is a Pedestrian Supposed To Guess the Speed of An Oncoming Car?**

A businessman decided to walk across the street from his office for a cup of coffee. He noticed a car approaching at a distance, but figured that he still had plenty of time to cross. He was wrong. The car, which was exceeding the speed limit, knocked him down. Injured, the man sued for damages. At the trial, the motorist tried to shift the blame onto the pedestrian "for starting across the street when he could see how fast I was coming." But the court held the motorist solely responsible for the accident. The judge said that, while a pedestrian must use due care, he needn't make "mathematical calculations to see if he will beat an oncoming car."

**What Is the Most Important Part of a Contract—The Writing Or the Printing?**

A wealthy widow, temporarily short of funds, borrowed \$5,000 from a woman friend. As security, she signed a note—on which the friend wrote the words: "without interest." But when the due date arrived, the friend demanded 6% interest on her money. It seems that there was an interest clause in the printed part of the paper, which the widow hadn't noticed! Friends no longer, the two women fought the case to the state supreme court—which finally ruled in the widow's favor. The judges said that, when the printed and written parts of a contract disagree, the written words are stronger.

**If a Person Confesses A Crime in His Sleep, May He be Convicted?**

A prominent club woman was slain one night, in a crime that baffled the city's best detectives. A few days later, a young man walked into police headquarters and said: "My roommate killed that woman."

He said so, very plainly, in his sleep last night." The roommate was arrested and brought to trial on charges of murder—mainly on the basis of his nocturnal "confession." However, the court ordered him freed. The judge said that his so-called confession would not stand up in court, because it wasn't made "of his own free will."

A certain town passed a law subjecting all barbers to periodic physical examinations by the health department. A group of barbers felt insulted and carried a test case to court, claiming that the law invaded their personal liberty. However, the court held the law valid. The judge said: "The interests of the individual must give way when necessary to protect the health of the people—the most valuable economic asset and greatest social blessing that any government can have."

**Looking Backward...**

JUNE 18, 1910

The entire front page of this issue carried a report of the graduation of the East Jordan High School class of 1910. **Plants In The Home**  
(By Vaun Ogden)

Tuberous rooted begonias are wonderful house plants or will do well in a window box or even in a bed out doors. They don't do so well in the direct sun, but are easy to grow in the east window.

Bulbs or tubers can be bought during the winter. Lay the bulbs, hollow side up in damp moss, peat or sand. Keep moist until growth starts. They put up the bulbs being careful not to break off the tender sprouts. Use good black dirt and be sure to have plenty of drainage material in the bottom.

With a little care you can soon have a plant full of blossoms. The colors run from white, through pink, orange, red, yellow and maroon. The blossoms are single, frilled, crested carnation type or just plain double.

They will bloom, in semi-shade, all summer. Then store the bulbs in the pots by simply turning the pot on its side in a cool cellar. Water just enough to keep the bulb from completely drying out. Next year you can start the bulb all over again.

**Methodist Church**  
Howard G. Moore, Pastor

Church 10:00. Sunday School 11:15.

Over one hundred members and friends gathered last Thursday evening for a Family Night supper honoring Rev. and Mrs. Moore and David who are leaving this charge. Our church has prospered during the seven years they have been with us, and it is with a feeling of regret we see them leave. A very informal program was introduced by Mrs. Edith Swafford. Rev. Moore gave appropriate remarks, Mrs. Meta Robinson three readings, George Klooster played several hymns upon his accordion. Rev. and Mrs. Moore accompanied by Margaret Blossie sang duets. Mr. Drapeau's Men's Chorus sang, Bobby Healey sang, "The Boy, Jesus", and gave a piano number. Donelda Scott a piano solo, and Mrs. Moore closing remarks. A sum o money was given the Moore's and our best wishes with them always.

In the absence of Rev. King who was scheduled to fill the pulpit last Sunday, Rev. Frank Jewell, retired minister of Alberta, gave the sermon. Rev. Jewell who is past eighty-two preached what he termed an "old-fashioned sermon". The need of many of our churches today is an old-fashioned service. Thank you Rev. Jewell. Accompanying Rev. Jewell was his son, Rev. Howard Jewell, nationally known singing evangelist and song leader. He sang several hymns, accompanied by a Consonette electric organ played by Margaret Blossie.
