## East Jordan Rotary

There were five visitors at Rotary Tuesday, one from Piqua, Ohio; three from Boyne City, one from Cheboygan and Detroit.

The program was in charge of Vice-President Alex Sinclair, and was in the nature of a work shop, with reports from various committee chairmen relative to program and projects for the coming year.

The Rotary Club is a Service Club, and as such, has a definite responsibility in the community, and their objective is divided into four principal divisions—namely, Community Service, International Service, Vocational Service and Club Service. The names of these four committees show very conclusively that three-fourths of a Rotary Club's activity is service. These four divisions are subdivided into twenty sub-committees with definite tasks to perform. The completion of these tasks means that three-fourths of the work of the Club is service to the community.

The Club doesn't spend much money—they don't have it to spend. It isn't a money making organization. The Club very sincerely hopes that when such projects as the Halloween Party, the Sports Banquet, the Calif Scramble, public meetings for the discussion of international affairs, etc., that the community will assist and support the programs the Rotary Club intends to sponsor.

## Insulation Cuts House Heat Loss

If you want to cut down on heat loss this winter, insulate that farm home of yours, say Michigan State College agr'l engineers.

Insulating and weatherproofing have numerous advantages. The main reason for keeping in the heat is to save fuel. However, by keeping in the heat, you make the home much more livable.

Other advantages of weatherproofing are increasing the re-sale value, sometimes helping fire prevention, and extending the life of the house.

Should our police and prosecutors clear the innocent or only convict the guilty? In The American Weekly with Sunday's Chicago Herald-American read "Vindicated—After 15 Years," the dramatic story of two innocent people who had to clear themselves. Don't miss this true-life story Sunday in The Chicago Herald-American's great color magazine.

## Was Among Our Pioneers

MRS. THOS. BARTHOLOMEW DIES AT HOME OF DAUGHTER IN GRAND RAPIDS

Ida Adell King, affectionately known as "Dell" among her close friends, was born January 7, 1876, in Chicasaw County, Iowa, and passed away at the home of her daughter Mrs. Maude W. Mackey, in Grand Rapids, Sept. 23, 1950, at the age of 83.

She was the daughter and second child of Amos and Mary King. There were three other daughters and one son. When Dell was a small child, the family traveled to Michigan in a covered wagon and settled at Intermedite Lake in Charlevoix Co., South Arm Twp. Here she spent her younger days.

June 26, 1886, she married Thomas Jesse Bartholomew, second son of Joshua Franklin and Mary Bartholomew, and moved to Antrim County near East Jordan, where they homesteaded near the Jordan River. They built a single room frame log cabin and then set about clearing the land for farming, by cutting timber, floating it down to the East Jordan mills and selling it. Here they lived, contented and happy for 52 years, until the death of her husband, May 20, 1938, when a year later she came to Grand Rapids and made her home with her daughter, Dell Bartholomew was a good wife and mother and a sympathetic neighbor—always standing ready to lend a hand whenever necessary.

In Grand Rapids, when her years made it more difficult for her to get around, she kept active in aiding the Santa Claus girls in a field she knew exceptionally well—that of knitting, one year turning over 45 pairs of mittens for the benefit of the needy in the community.

Besides her daughter, she leaves a grandson, Robert B. Mackey; a granddaughter, Marjorie M. TenHoor, and three grandchildren all of Grand Rapids. Also many friends and neighbors.

Funeral services were held Monday, Sept. 25th, at 2:00 p. m. from Watson Funeral Home in East Jordan conducted by Rev. Scott Bartholomew. Bearers were: Denzil Wilson, Merle Thompson, Elmer Murray, Clarence Murray, Ralph Walker, Clarence Walker, and Carol Bartholomew. Interment at Sunset Hill, East Jordan.

Those from away attending the funeral were Mr. and Mrs. Robert Mackey, Mrs. Marjorie TenHoor, Mrs. Johnson, Anna and Mary Shedin, all of Grand Rapids; Mr. and Mrs. Ed Constantine, Washington, Mich.; Maurice Walker and family, Detroit; Mrs. Milton Richardson, Norwood.

## East Jordan Tourist Park

IT TAKES A HEAP O' LIVIN' with apologies to Edgar A. Guest

It takes a heap o' livin' in a trailer to make it home,  
A heap of love and courage  
And you sometimes have to roam,  
Before you find a trailer park that suits you to a T.  
With lawns and baths and patios  
And now and then a tree.  
And after you have settled down  
You're sometimes sad and lone,  
But not for long, it doesn't take calls,  
A week before some neighbor  
"Come on, we have some fresh cake."  
Your children run and yell and shout.  
And get in trouble round about.  
But let one get sick or hurt himself  
And everyone is there,  
To help in any way he can  
And do more than his share.  
Oh, it takes a heap o' livin' in a trailer to make it home,  
A heap of tact and patience,  
And though you'd like to groan  
When you bump into each other many times a day,  
And the table isn't big enough  
And the dog gets in the way.  
It takes a sense of humor  
When on the door you bang your head,  
And then in the rain come home to find  
The vent open—above the bed.  
But with your life time pal along  
Wherever you may roam,  
You'll find the nicest life of all,  
Is making a trailer a home.

## Auxiliary Installs Officers

The American Legion Rebeck Sweet Post Unit 227 Auxiliary, East Jordan, held a joint installation of officers Sept. 21 in the Legion Home. Hilda Bathke Past District President acted as installing officers, assisted by the District Installation Team which is made up of members of unit 227. After the East Jordan officers were installed, Ellsworth Unit 488, Charlevoix Unit 226 and Boyne City Unit 227 officers were in turn installed. Hilda presented the President of the Boyne City Unit 228, Neva Kirby, a Past Presidents pin, a gift from the members of her Unit in appreciation of her fine work the past year. A short meeting was held preceding the installation.

Mary Hayes gave a short report on the concessions at the Fair. A committee was appointed to meet with the Legion to make plans for joint Pinochle Parties to be held during the winter months. Lillian Bennett and Eldeva Gokee volunteered to work on this committee. Hilda Bathke, Thora Kotowich and Reva Walton were also appointed as a committee of three to meet with the Legion to make plans for a masked Halloween Party Oct. 28th.

A nice lunch was served following the installation, of canapes, sandwiches, pickles, cupcakes, tea and coffee. The tables were laid buffet style and decorated with attractive arrangements of fall flowers. A fine time was had by all renewing old acquaintances with members of visiting Units and making new friends.

The average American hen lays 137 eggs a year.

## Christianity Is Dear Commodity

"BIBLE SPEAKS" FEATURE IS A SALESMAN FOR IT

Christianity, as it is expressed in churches, the Bible and the lives of Christian persons, is the most precious, and one that cannot have too many salesmen.

Basically, that is the reason why The Charlevoix County Herald carries the feature, "The Bible Speaks," every issue. Another reason is that, sermons aside, it's just plain interesting reading for everyone.

Weekly subject matter of "The Bible Speaks," written by Dr. Kenneth J. Foreman, Biblical scholar, teacher and author, is based upon the Uniform International Sunday School Lesson Guide and is fully endorsed by the International Council of Religious Education.

Eighty church denominations in the United States prepare their regular uniform Sunday School lessons from the same outline used by Dr. Foreman in "The Bible Speaks". The Charlevoix County Herald is proud, therefore, to offer this feature as a fully authenticated, completely reliable religious document.

A graduate of Davidson College, Princeton Seminary and University and Yale University, where he received Ph.D. and D. D. degrees, Dr. Foreman currently is serving as professor of doctrinal theology at the Louisville, Ky., Presbyterian Seminary. He has achieved stature as one of the nation's leading religious educators.

"The Bible Speaks" constitutes a full realization of The Charlevoix County Herald's ambition to add the richness and eloquence of the Good Book to its weekly pages. There is good, spiritual food in this column for all who read it. Why not turn to it now?

## Check Poultry Flock In Fall

A job poultry raiser should tackle this time of year to round up all hens and close them in the house, preferably before the first frost, Michigan State College specialists advise.

Two principal reasons make this a good practice. One is to select and cull hens, which have ceased laying and the other reason is to select and cull pullets, which are beginning production. Old hens which have stopped producing should be marketed.

Because it is easy to mistake a non-laying old hen for a young pullet which has not started laying, it is wise to keep birds of different ages in separate flocks.

In the event this is not possible, birds should be marked. A hen which has a complete new set of feathers and deep orange-colored shanks has been out of production for six to eight weeks at least.

Wool fleece may come from such animals as the camel, vicuna, alpaca and the llama. Wool made from the fleece, or the hair, of these animals is more difficult to obtain and is somewhat different in characteristics from sheep's wool.

## Red & Black Defeat Harbor Springs H. S., 33-0

### JORDANITES HELD UPPER HAND ALL THE WAY

East Jordan High School's "Red & Black" grid machine chalked up its second win of the season here last Friday afternoon with an impressive 33-0 win over an aggressive, hard-fighting, Harbor Spring High School eleven.

The more experienced Jordanites held the upper hand all the way as they compiled 11 first downs to 3 for the Kulkman coached aggregation. The game was far from being lopsided as the score might indicate. Frequent fumblebacks on the part of the Harbor backs kept the visitors with their backs to the wall throughout the contest. The alert Jordanites scored no less than 3 times as a direct result of Harbor fumbles.

The Red Devils jumped into the lead during the first period and were never threatened. Max Sommerville hit pay dirt just before the close of the first stanza as he went over standing up from the 12 yd. line on an off tackle play. Whiteford's kick was good and East Jordan led 7-0. The locals tallied twice more in the second period on another touchdown by Sommerville and one by Boring. Whiteford made good one of the two attempts for the extra point and East Jordan held a comfortable 20-0 halftime lead.

East Jordan took the kickoff on their own 30 as the second half began and in 10 plays Sommerville again went over, this time from the 12. Whiteford's kick for the extra point was no good on a had pass from center and East Jordan led 20-0 with the second half scarcely under way. Coach Saxton substituted frequently from here on in and it wasn't until the closing minutes of the final stanza that the Jordanites were able to score again as Whiteford went off tackle 35 yds. to score. Whiteford added his third extra point in five attempts and East Jordan led 33-0 as the game came to a close.

East Jordan's backfield of Boring, Sommerville, Whiteford and E. Evans showed improvement over a week ago. The line composed of Milstein, R. Thomas, D. Thomas, G. Danforth, K. Evans, Maxwell and Sheppard again turned in an outstanding job on defense.

This week, Friday, the Red and Black will travel to Pellston to take on the Brown and Gold there at 3:00 p. m. Pellston has one of its best elevens this year and is expected to be a severe test for the lighter Jordanites. Pellston holds a 7 to 6 triumph over Grayling in their season's opener and gave Boyne City a whale of a battle at Boyne City last Friday night before losing 26-13.

## Car Runs Wild On Ironton Ferry Injuring Two

A retired Presbyterian minister and his wife were seriously injured Sunday when the minister suffered a stroke and his car crashed into the pilot house of the Ironton ferry, according to Sheriff Floyd Ikens.

Rev. Guy W. Simon, 74, and his wife, Edna, 65, summer residents on Lake Charlevoix for the last 25 years, were driving to Ironton Congregational church where Mr. Simon was to fill in for the regular pastor, when Mr. Simon suffered a stroke as he was driving his car on the ferry and the car went out of control and smashed into the steel pilot house of the ferry, according to Ikens.

The two were taken to Charlevoix hospital where both were in serious condition, according to Dr. Isaac Terr, who said Mrs. Simon suffered a back fracture, arm fracture and shock and her husband lacerations, a possible chest injury and shock as well as the stroke.

Walter Jarvis, o Charlevoix, operator of the ferry, narrowly missed injury when the car hit the pilot house.

The couple's home is in Findlay, Ohio.

## Marriages Saganeck — Hammond

Miss Dorothy Saganeck, daughter of Mr. and Mrs. John Saganeck, and Harry G. (Pete) Hammond, son of Mr. and Mrs. Gaius M. Hammond exchanged their wedding vows, Friday, Sept. 16th, at the Presbyterian parsonage at Potoskey. The Rev. E. P. Linnell read the single ring ceremony. Their only attendants were Mr. and Mrs. Harold Miller, sister and brother-in-law of the bride.

The bride wore a black and white checked suit and her corsage was of red roses.

Mr. and Mrs. Hammond are making their home in Mrs. Jennie Evans' cottage on the Boyne City road.

The bride-elect was honored with a pre-nuptial shower, given by Mrs. Thelma Evans and Mrs. Max Kamradt, at the former's home, Sept. 7th. The evening was spent visiting and playing games. Dainty refreshments were served. The honored guest received many lovely gifts.

### GIVES HIGHLIGHTS OF FALL FASHIONS

For the "costume look" of high fall fashion many wool fleeces will appear in many new colors and weights combined with fabrics such as tweeds, flannels and fine worsteds.

Fleeces used in short or three-quarter length toppers will be worn over suits of duvetyne and velour type fabrics, reports Florence Rann, extension clothing specialist at Michigan State College. The new fleeces have a luxurious texture and many have been sheared down to a soft velour-like bloom.

Designs range from clean-cut windowpanes and double-checks to colorful plaids worked out in brilliant colors. Many of these are keyed to contrast or match yarn-dyed or piece-dyed plain fabrics or monotone tweeds. Some of the smartest pattern fleeces for fall's ensembles use a blackish oxford color with brilliantly colored plaids or checks.

Brand new colors in the wool fleeces include sharp blues and jade greens. Top favorites returning are vivid reds, neutrals, grayed blues and blondish tones.

You may find these wool fleeces in a widely varied price range. Miss Rann explains the reason for these variations although the materials may all be 100 percent wool fleece. Four factors influence the price. They are: the skill of the mill making the fabric; the number of finishing processes or difficulty of steps required in manufacturing it; the skill of the apparel designer; and most important, the raw material used in the wool fleece.

Wool fleece may come from such animals as the camel, vicuna, alpaca and the llama. Wool made from the fleece, or the hair, of these animals is more difficult to obtain and is somewhat different in characteristics from sheep's wool.

## PENINSULA....

(Edited by Mrs. Emma Hayden)

Only nine present at Star Sunday School.

Lightning did considerable damage on the Peninsula last Monday evening.

Mr. and Mrs. Walter Youngedyk of Sumas, Washington, left Thursday p. m. for home through the northern pass. They have spent over six weeks here visiting relatives and old friends. ## Christian Living

Lesson for October 1, 1950

READER, do you have your New Testament handy? Get it down and let us go over a few paragraphs of it together. What we are looking for is an answer to this question: Is there anything special, anything different, noticeable, about the Christian way of life?

### Act on the Word

FIRST, look at James 1:22-27. "Be ye doers of the Word," he says, "not hearers only." Moffat's modern-English translation says: "Act on the Word instead of merely listening to it." At the end of this section James offers the only definition of religion given in the entire Bible. Note that it is altogether in terms of action, behavior, life both inward and outward.

Dr. Foreman

"Act on the Word"—he means the Word of God, of course. In verse 21 he has already told us the Word is like a seed sown in our lives, a seed expected to grow. Now look at Phil. 1:27-30. If you have the King James version, which is over 300 years old, that word "conversation" in verse 27 will mislead you.

What Paul wrote (in Greek, of course) was not conversation, but a word meaning manner of living. Moffat brings out the meaning more pointedly: "Do lead a life worthy of the Gospel of Christ." What God wants us to do as Christians is to live like the best sermons we hear. Live lives that match the story of Jesus.

### Life of Grace

NOW turn to the story of Barnabas in Acts 11:19-26. Barnabas was commissioned by the mother-church to inspect and report on the new congregation at Antioch. Were they Christians or not? Barnabas saw two things about those people, and he was glad: it was a congregation of believers, and he saw also the grace of God.

Christian living is a life of faith and a life of grace. It is a life tied with God, blessed by the grace of God. Now this is not automatic. It is not something that happens whether we wish it or not. Observe what Barnabas told those new Christians at Antioch: "Remain faithful to the Lord with steadfast purpose" (v 23, Revised Standard Version). The Christian life is one of devotion, a life of steady purpose; it is no drifting, sinking life, it sails by the Star of God.

### World Not Christian's Orange

NOW turn to a group of passages too full, as all of these are, to be gone over here in detail. You will have to take time yourself to read and think seriously about them: Matt. 5:1-20; 18:21-35; Romans 12:9-21. The theme running through all these is the same: The Christian's life is marked by a special kind of attitude toward other persons.

There are different ways in which people regard others. The criminal looks on all men as his enemies. He is out to beat them down. "Git or git go!" is his motto. The "average citizen" who is no Christian, and even some who claim to be Christians but never got the hang of it, are not so brutal as the criminal, but their main idea about other people is much the same, though they are more polite about it.

As one of these has said: "The world is your orange—squeeze it!" What can I make, what is my cut, what will you give me, where do I come in, how can I use you? But the Christian's attitude to other people is totally different. What it is—well, read these passages from Jesus and Paul, and find out.

### Without Ceasing

THERE is one more point about the Christian life. It keeps on. It grows. Look up I Thessalonians 5:15-25. Listen to the note of perseverance singing through it all. There is a preacher who sometimes says: "You cannot be a Christian today. You can begin today, because that takes only an instant. But you cannot be a Christian today. That takes a lifetime."

The phrases of Paul—"ever follow . . . evermore . . . without ceasing . . . hold fast . . ." were not mere phrases. He had lived them.

Holy Communion will be celebrated in both churches on Sunday, Oct. 1st.

## Methodist Church

Rev. R. H. Moore, Pastor  
Telephone 20

Topic for last Sunday's sermon was "Love Versus Fear." If you love God and don't fear Him, sin means nothing to us. Keep the spirit of the Lord growing by doing things. Serve Him every way possible.

There will be a district meeting at Central Methodist Church, Traverse City, Sept. 28, beginning at 10 a. m. Officers of missions and of Men's Dept. are especially requested to attend. For further information call Rev. Moore.

World Wide Communion is next Sunday, Oct. 1st. All baptized people are urged to attend the church of your choice. Every Christian is urged to turn his mind toward World Wide Communion Sunday, Oct. 1. It is stirring to recall that millions of Christians will renew their pledge of love and loyalty to the Holy Communion. Some of these millions will be Methodists living in the East Jordan area. The sense of comradeship and union will be enhanced. In the quiet of the Communion Hour one is assured that—"He that dwelleth in the secret place of the most high shall abide under the shadow of the Almighty." The World Wide Christian Service with its accompanying sacrificial offering may help our church and each member touch—

"the hem of His garments"—and anew. If you haven't any church affiliation and are a Christian, please join with us on this sacred day when all democratic minded Christians will kneel as brothers at the altar rail.

The choir composed of Mr. and Mrs. Drapeau, George Klooster, Nanette Drapeau, and Margaret Lord sang a special number, accompanied by the pianist, Mrs. Mildred Karr.

The Junior Choir is meeting on Tuesdays after school at the church with Mrs. Richard Schroeder as leader. Mothers will please remember each Tuesday and remind your child. The youngsters are sure to enjoy this part of their worship as singing missionaries and Mrs. Schroeder will appreciate the cooperation of the parents in the prompt regular attendance.

Senior choir members or those who would like to help with this work contact Mrs. Drapeau for rehearsal time.

The Evening WSCS Circle met at the home of Mrs. Edna Cook, Tuesday evening. Mrs. Betty Robertson spoke on "National and local Health."

Don't forget the General WSCS meeting Oct. 3rd with Mrs. Esther Persons. Mrs. Edd Bowerman will lead the worship service and Mrs. Leatha Whitlow will give the program. Subject for the evening, "That Healing Gift He Lends." Mrs. Winston and Mrs. Palmiter are co-hostesses. This is an important meeting and all members are asked to attend.

An Educational Seminar was held at the Alba Methodist church last Wednesday with about seven-ty-five attending. The Seminar theme was, "Thy Saving Health Among All Nations." Programs

for the year were reviewed and the approved study courses were discussed. Rev. Leona Winegard of Elk Rapids opened the meeting with her talk on, "We Seek Him Together." She also spoke on "Sharing Ideas for Special Day Programs." This was an all day meeting with a paper sack lunch at noon. The following attended: Mrs. Eleanor Scott, Eleanor Moore, Agnes Darbee, Rhea Thomas and Ruth Vance.

About 75 members and friends enjoyed the Family Night pot luck supper honoring the new pastor and family. In the absence of Edith Swafford, Mrs. Eleanor Scott was chairman, assisted by Mrs. Moore. Mr. Vance gave the address of welcome, in the absence of Howard Darbee. Rev. Moore gave the response which, sitting it mildly, was immensely enjoyed by everyone. We all enjoy, especially the children, Geo. Klooster's music from his magic box. He usually winds up playing for the group singing of the good old hymns enjoyed at these gatherings. Mr. and Mrs. Sam Rogers showed pictures of their European trip which was the highlight of the evening's entertainment. A generous purse was presented to the minister. Watch for the date of the October supper.

The parsonage family is enjoying the convenience of the new cupboards which have been recently installed in the kitchen.

## MYF NEWS

The committee of four who had charge of the entire meeting last Sunday evening were Kay Klooster, Margaret Simmons, Dan Thomas and Earl Morrison. At the Fellowship next Sunday evening a pot luck supper will follow the meeting. Marion, Marjorie and

Dickie accompanied Rev. Moore to a special MYF meeting at Charlevoix Tuesday evening.

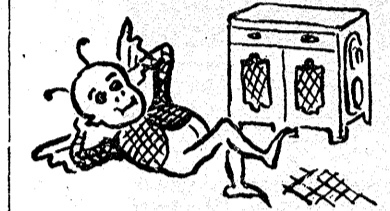

The Junior Class, Mrs. Howard, assistant teacher, will have a pot luck and party beginning at 4:00 this Sunday afternoon. Mrs. Geo. Klooster will assist.

## Homemakers' Hints

by Pat Morley

Today, a surprising number of homemakers are finding the way to have comfortable, really attractive homes at lower cost. The answer? The roomy old farmhouses just outside of town . . . the cottages at nearby lakes that can be bought for very little. A little ingenuity

—a wall knocked out here, new paint there—turns these bargains into beautiful year-round homes.

First consideration, however, should be the right working equipment for the home—a convenient kitchen and bathroom, electricity, of course—and the right heating equipment. Many homemakers are discovering a new fuel oil heater that may be placed right in the living room—matching other furniture designs—and heating the entire home inexpensively and very efficiently.

The heater is called Duo-Therm . . . giving thrifty, clean and work-saving oil heat in homes without basements or central heating plants. It has a Power-Air Blower which circulates heat throughout the rooms and a thermostat control for heat regulation.

One reason why this efficient heater is so popular is that it's designed just like fine furniture. There are Sheraton and Hepplewhite and Chippendale Models for traditional rooms . . . and smart blond designs for modern rooms, each of them actually resembling a smart looking console.

There are styles for every purpose—for warm heating comfort in a trailer or a six-room house. No wonder so many homemakers—both in the city and in the country—are depending upon this economical, really thrifty way to warm homes in winter!

### New Use For Old Windmills

If it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

## HOMEMAKING HINTS

New plastic materials are available in weights from paper thin to very heavy leather-like fabrics used for upholstery. They require no washing or ironing and can be wiped off with a damp cloth, report Michigan State College home economists.

When purchasing a new refrigerator, remember that the minimum size recommended is six cubic feet for two people, with an extra cubic foot for each additional person. However, this minimum size is easily outgrown and often it would be better to buy a larger one in the first place. The difference in initial price often pays for itself in a short time, advise Michigan State College home economists.

A real Oriental rug may be recognized by the hand-tied knots at the base of the pile, and by the fact that the tufts cannot be pulled out. Rugs are often sold by door to door salesmen with Oriental design but without real Oriental craftsmanship and value.

In choosing floor coverings, remember that your room has three parts—floor, walls and furnishings. Your room will look better if only one of these has a prominent pattern and the other two are plain or inconspicuous.

## FARM FILLERS

Work methods on farms can often be improved. Studies at Michigan State College have shown that more time can be cut as much as one-fourth by improving work methods. Sometimes only a small change in buildings or equipment is needed.

Butchering should be postponed until you're sure near-freezing weather is here to stay. It requires near-freezing temperatures to cool down the 100 degree meat of a freshly slaughtered carcass to below 40 degrees in 24 hours.

Monday morning we could see that flowers drink water, for we

had placed white sweet clover and white asters in glasses of colored water and they had changed colors.

We are making plans for a get-acquainted party for our mothers this Friday afternoon. On Thursday we will make the refreshments for our party. We hope that many mothers will be able to spend the afternoon with us.

We have a cage now so we can keep the caterpillars we find. We feed them whatever kind of leaves they are on. We hope they will make cocoons for us.
