Closes Its Third Highly Successful Football Season

LOCALS WIN OVER GAYLORD, 52-7 IN CONTEST AT BOYNE CITY UNDER LIGHTS

East Jordan High School brought to a close its third highly successful football season in a row last Friday night by running roughshod over the Gaylord High School "Blue Devils" 52 to 7 in a game played under the lights of Boyne City's Brotherton Field.

It was the seventh triumph of the season for the Jordanites, who were really in high gear against the hapless Gaylord eleven.

The Red and Black tallied first as E. Evans drove over from the 1 yd. stripe climaxing a 42 yd. drive. Whiteford's kick for the extra point was blocked and East Jordan led 6 to 0 with the game only 4 minutes old. Max Sommerville set up the second local tally late in the opening quarter on a 35 yd. sprint off tackle that brought the ball to the Gaylord 10. Three plays later, big Don Whiteford hit center from the 1 yd. line to score. Looze failed to add the extra point and East Jordan led 12 to 0 as the first period came to a close. Gaylord took the next kickoff to the local 1 yd. line after a series of pass plays before the Jordanites were able to hold them and take over on downs. E. Evans brought the ball out of danger on a 26 yd. off tackle play and on the very next play Max Sommerville hit the left side of his own line, broke into the clear and sprinted 73 yards to pay dirt. Whiteford ran wide to right on a fake place kick adding the extra point and East Jordan moved out in front 19 to 0.

After picking up an East Jordan fumble late in the second frame and taking it to the East Jordan 33 yd. line, Gaylord managed to score just as the half closed on a series of pass plays. Fleming to Scheur. Fleming kicked the extra point and as the teams left the playing field at the intermission East Jordan was out in front 19 to 7.

The second half was all East Jordan as they set up a parade of touchdowns chiefly through pass interceptions. E. Evans, Max Sommerville, Don Whiteford and Bryan Boring had a hand in the second half scoring. Sommerville, Whiteford and Boring snared Gaylord passes and ran them back for touchdowns. Evans scored twice, both times on beautifully executed off tackle plays. Bartlett broke into the scoring column as he added one of the extra points. Sommerville added the other and the final read East Jordan 52-Gaylord 7.

Seniors winding up their football careers Friday night were: Bryan Boring, Max Sommerville, Ellwin Evans, James Milstein, Donald Danforth, Larry Huckle and John Looze.

The local backfield as a unit performed brilliantly in the Gaylord triumph. Linemen Danny Thomas, Keith Evans and Donald Maxwell were outstanding defensively.

Charlevoix copped the Northern Michigan Class C Conference title with a 32 to 0 win over Mancelona Friday afternoon to bring to 41 the number of games they have won in a row without tasting defeat. The Jordanites conference record of 6 wins and a single loss put the locals in the runner-up spot in the final standings.

East Jordans record for the season showed 7 wins and 1 loss; a record they can justly be proud of.

Can You Beat This For Oldest Fisherman in the State

Apparently no "lad" in his nineties will be able to claim the honor of being the oldest active fisherman in Michigan.

William "Pop" Eddington, 101 years of age, still is such a fishing fan that he lives the year around at Long Lake in Kalamazoo county. He says he fishes regularly during the summer and quite frequently through the ice in the winter.

The conservation department recently invited anglers in the 90-year bracket to compete. It stands corrected.

Funeral Services For Eugene Raymond

Funeral services for Eugene Raymond who passed away Tuesday, will be held 2:30 p. m. Friday, from the Light House Mission.

Jessamine Rebekah Lodge

Met on Nov. 1st. At this meeting our Representative to the Assembly in Grand Rapids, Sister Irene Kiser, gave a most interesting report. Sister Scott also gave us a few comments on her trip there as second representative.

Our new District Deputy is Mary Hitchcock. At this meeting she read us her commission.

The next District Visitation night will be in Petoskey on Nov. 14. Each one is to bring a dish to pass. All members wishing to go please contact these drivers: E. Sommerville, Kay Braman or D. Scott.

All members are to bring their Rebekah By-Laws to lodge next meeting. Don't forget.

Dorothy Sommerville, Mary Hitchcock and Irene Wright attended the Past Noble Grand's Tri-County meeting at Central Lake Nov. 2nd. A more complete report on officers' elections will be given at a later date.

Gaylord Production Credit Association Now Entirely Member-Owned

At its sixteenth annual meeting of stockholders on November 10th the Gaylord Production Credit Association of Gaylord will celebrate the fact that it has become entirely member-owned. The meeting place for this gala affair will be the V. F. W. Hall in Gaylord, starting at 11:00 a. m. and adjourning on or before 4:00 p. m.

Mr. George Susens, President of the Production Credit Corporation of St. Paul will be the principal speaker at the meeting and will present the certificate of ownership in the ceremony commemorating this occasion.

Another important transaction of the day will be the election of one director for a term of three years. The term of Sheridan Rhoads of Comins expires at this meeting and the Nominating Committee, composed of Clifford Shantz of Fairview, Joe Walker of Hillman and E. H. Gillis of Comins has nominated Sheridan Rhoads and Raymond Shaver of Hillman as candidates for this office. In addition to these candidates, nominations may be made from the floor at the meeting.

In addition to this, there will be business reports, some entertainment, a free lunch at noon, and drawings for door and other prizes.

All stockholders are urged to be present.

Reorganized Church of Latter Day Saints

Our Church School with graded lessons for all ages meets at 10:00 a. m. each Sunday. As a prelude to our class work a fine worship service with many of our children and youth participating is shared by all. Clifford Bradshaw is in charge of the Church School and welcomes all members and friends to this fine opportunity for fellowship and study.

"The Purpose of Life", will be the theme for the sermon by District President Harry L. Doty of Traverse City, at the 11:00 a. m. Morning Worship Hour. This hour of inspirational music, the written Word, and the sermon offers a fine opportunity for sharing in a rich worship experience.

Bishop T. A. Beck of Lansing is making a visit to this city on Tuesday, Nov. 14. He will explore the needs relative to church property and building as well as give personal ministry to all members requesting aid for complying with the Law of Stewardships. All members desiring this aid are asked to contact Vern Whiteford, Branch Solicitor.

A Family Night will be held at the church on Thursday night, Nov. 16. Pot luck supper will be served at 7:00 p. m. after which a program will be given. Beautiful colored slides of some of the beauties in Michigan will be shown and narrated by Harry L. Doty. All friends are invited to share in the many church experiences held each week.

Post Office Closed Saturday, Nov. 11th.

Postmaster T. St. Charles announces that there will be no window service or Rural Route delivery made on Armistice Day, Saturday, Nov. 11th.

There will be no change in the outgoing and incoming mail schedule.

Donald Kowalske Has Close Call With the Grim Reaper

The Fire Department was called out at 5:20 p. m. Friday to help rescue Donald Kowalske, 18, when he was buried by collapsing walls of a ditch in which he was working back of Mrs. Mary Dolezel's residence on Prospect St., placing sewer pipes. Fellow workmen and the firemen succeeded in extracting him safely. Don's only complaint was stiffened legs from the weight of 5 ft. of sand.

He was working on hands and knees in the bottom of a 10 foot ditch when the sides caved in, covering him completely over. Bohemial Cihak scratched the dirt away with his hands until his head was uncovered and could get air and with the firemen completed the rescue.

Deer Rifles Begin Barking

NOV. 15th. HERALDING 16 DAYS ACTION ON STATE'S BIG GAME FRONT

Deer rifles begin barking Nov. 15, heralding 16 days of action on the state's big game front which the conservation department does not anticipate will be significantly different from last season.

Department deer expert, I. H. Bartlett, says there might be a few more hunter than the 380,000 out last year but the total kill will vary little from the 115,000 bucks shot in 1949. Last season's harvest ended a two-year period of declining kill.

Deer starvation was relatively light last winter, causing no apparent change in the size of the herd estimated at around 1,000,000 deer. Judging from the physical condition of those deer taken by bow hunters, most of the animals are fat and in good shape.

In the 16-day general deer season sportsmen may use firearms or bow and arrows to get their customary bag limit of one buck, except in southern Michigan where the use of firearms is restricted to shotguns with buckshot, ball or slug loads. The game law digest, which the hunters may secure when they buy their deer license, describes the area in which this firearm restriction is in effect.

Resident deer and bear license is \$3.50, nonresident fee is \$35 and a camp permit for deer is \$3.50. Not less than four persons must comprise a hunter-camping group in order to take a buck for camp purposes.

Those who hunted in the bow and arrow season, but failed to get a deer, may hunt with bow and arrow or gun in the general season providing they purchase a general season license.

Hunters who want to set up a camp on state-owned land must obtain a camp registration card from a hunting license agent, a conservation department officer, or a conservation officer.

Those hunting away from home and who have bagged their deer, may avoid spoilage in the event of warm weather by obtaining a special permit from conservation district officers, authorizing them to have deer processed and stored at locker plants for later transportation home.

Deer hunters again may register at any state police post or conservation headquarters so they might be contacted in case of an emergency. Those planning to register, should be sure to advise those at home at which post or headquarters they will be registered.

The department points out that the biggest deer ever taken was reported to have been a 354-pound one (dressed weight) shot by Albert Tippet in 1919 near Trout lake in Chippewa county. George A. Newett, editor of Iron Ore, and W. B. Mershon, well known Saginaw county sportsman both vouched for the record buck.

Hunting success ratio, based on last year's hunter kill reports, was about one deer to two and one-half hunters in the upper peninsula, one to four in the northern lower peninsula, and one to fourteen in the southern lower peninsula.

Kelly Wins Close State Race

RECOUNT SEEN LIKELY FOR GOVERNORSHIP

Republican ex-Gov. Harry F. Kelly won a torrid battle of the ballots for Michigan's governorship, but it may take a recount to prove it.

But the young liberal Democrat refused to concede the election although all but six of the unreported precincts were in the rural areas which normally are Republican.

It was the hottest election in Michigan history and took the national spotlight as most other gubernatorial, Senate and House races were nearly decided.

Earlier Republicans had swept to victory in other state office races, unseating Democratic incumbents Lt. Gov. John W. Connelly and Attorney General Stephen J. Roth.

Sheriff Ikens Succeeds Self

Sheriff Floyd Ikens was re-elected in a hard-fought contest with Henry M. Lamb.

The final results were: Ikens 2,609; Lamb, 2,002.

With all of 25 precincts reported, Charlevoix county had cast 2,754 votes for Harry Kelly for governor and 1,852 for G. Mennen Williams.

In the congressional race, the vote for 25 precincts was: Congressman Charles E. Potter, 3,008; Fred Hanscom 1,407. In the state senatorial race Charlevoix county gave Frank Andrews 2,359 and David Lees 1,530.

There were no contests in other county offices. Elected without opposition were: Fenton R. Bulow, county clerk; Lillis Flanders, county treasurer; Rex Davis, register of deeds; Karl Erber, county road commissioner; Mary Feindt, county surveyor; and C. Meredith Bice, prosecuting attorney.

Louis Anderson, state representative for the Charlevoix-Leelanau district, was not opposing.

Results for the proposals in 20 of 25 precincts were:	Yes	No
No. 1	1,659	860
No. 2	2,296	672
No. 3	1,509	937
No. 4	1,748	1,458

How the Rotary Rotated This Week

There were four visitors at Rotary: Mr. Wilber Buhl of Roscommon, Mr. Russell Porter of Harbor Springs, Bill Grauel and Jason Snyder.

Jason and Bill gave reports on the progress of the Community Chest Drive, and also explained some of the items of expense financed by the Community Chest.

Secretary Jenkins reported that the attendance last week was 100 percent.

The program was in charge of Adam Sinclair, who had as speaker Mr. Russell Porter, who is District Executive of the Boy Scout organization in these northern counties.

Mr. Porter cited the necessary factors involved in forming and maintaining a successful Scout organization, chief of which is leadership on the part of the Scout Master. Which job requires ability, time and inclination. He brought out the point that a scout troop need not be heavily financed, that the boys get more benefit from scouting if they make or earn most of their equipment. A committee of Rotarians is working on the prospect of organizing a Scout Troop in East Jordan.

The efforts of the Rotary Club and other organizations about town to get the voters out to the election this week got results, as 623 people voted on Tuesday. Which is a very good percentage of the voters registered, and a very representative vote for a non-presidential year.

Notice to Public

Owing to the general rise in prices, we, the Barbers of East Jordan, find it necessary to increase the price of our services.

Blank Applications Should Be Returned to Conservation Dept.

The Conservation Department advises that some of the applicants for the special December deer season have received blank notification cards. In some instances two cards stuck together during the printing operation. The blank cards cannot be honored. Conservation Officer Julius O'Brien advises that those who have received blank notification cards should return them immediately to the General Operations Division, Department of Conservation, Lansing. They will then be notified whether or not they were among the 21,800 successful applicants.

Chest Drive Nearing Goal

EAST JORDAN NEAR THE LARGEST BUDGET EVER RAISED

The Community Chest drive is nearly finished and we have almost reached the goal. The amount raised when this paper went to press was \$4,700.

This is the largest budget ever raised in East Jordan and the community owes a debt of gratitude to the many volunteer workers who took hours and hours of time to make it a success. Bill Grauel as campaign chairman and Jason Snyder, assistant, have worked for weeks organizing and directing this great undertaking.

To the State Bank of East Jordan which helped with advertising and the Charlevoix Co. Herald are due special thanks as well as our many business firms and professional men who donated most generously. Many individual donors do not seem to understand that they are giving money for many purposes for an entire year.

Ordinarily there would be many more drives conducted in East Jordan to raise funds for: Associated Services for the Armed Forces, the American Heart Association, Arthritis and Rheumatism Foundation, Michigan Children's Aid Society, etc. The only way most people can give for a whole year is to make a pledge to give at different times during the year.

Have you given as much as you would if someone were to solicit you for many drives which you feel sympathetic towards? You can still pledge to give something next spring if you want to put a slip of paper saying so in any red feather can in the stores. It is just the same as cash as far as raising our budget is concerned.

Maybe we can still reach the top.

South Arm Closing Dancing Season After This Saturday.

The South Arm Farmers Union met at the Grange Hall last Monday evening, Nov. 6th, with fourteen members present. The usual order of business took place. A letter from the State Sec'y thanking us for the donation we sent them this last summer was read.

A Hunt Supper was discussed, and we decided to have it some time in Dec., after the deer season. It was voted to make this Saturday night our last dance for the season. With deer hunting coming up no one wanted to work on committees. We expect to start up again next spring after the roads become passable. We take this opportunity to thank each and everyone who helped to make our dances a success. Also Clem Kenney for his faithful orchestra.

Nominations were in order for new officers. There will also be more nominations next meeting, Dec. 4th. Also election of officers will take place, so let's all put forth an effort to be out.

Several articles were handed out that were ordered through the buyers club. You may also purchase your Christmas cards now as they are in stock. See Mrs. Archie Murphy about them. Also about Hospital Insurance. We have the American Hospital and Accident Insurance.

Building Up Soil Reserves a "Must" at this Time

P. M. A. CHAIRMAN ANNOUNCES AGRICULTURAL CONSERVATION SIGN-UP CAMPAIGN

Stockpiling soil reserves instead of depleting soil in unneeded production is still our best bet, said chairman of the Charlevoix County PMA Committee, in announcing the 1951 Agricultural Conservation Program sign-up campaign.

He said that with supplies of major foods ample for all foreseeable needs, "farmers would be serving themselves and the Nation best by using this opportunity to build up production reserves in the soil. Should the need arise for an expanded production a few years from now our farms will be ready."

The Agricultural Conservation Program, he advises, is open to all farmers in our county and in 1951 will continue to encourage and assist farmers in stockpiling plant food reserves in the soil. Practices to be stressed in 1951 are those which build resistance to erosion and depletion into the soil protecting the land from washing and blowing away, and also building up the land for continued production.

In signing up in the 1951 Agricultural Conservation Program, the chairman explains that the farmer signifies his intentions to cooperate in a national program of defense against forces which weaken our farm production. In so doing he joins the other farmers of the Nation in stockpiling of production reserves for the future.

In the chairman's words, "when the farmer carries out conservation practices under this program, he is cooperating with farmers throughout the Nation. The cost of the practices is shared. The practices are not regular farming operations but instead are essential conservation measures which require additional effort and capital to be carried out. Because they are vital, the Nation—through the Government—shares with the farmer the cost of carrying them out."

"The practices for Michigan have been carefully selected by farmers with the help of agronomists, soil specialists and farm leaders. Before they are eligible for assistance they must be completed in accordance with approved standards and specifications."

Under the 1951 Agricultural Conservation Program the following practices have been selected and approved for Charlevoix Co. Liming Materials.

Fertilizer used without a nurse crop.

Green Manure.

Cover Crops.

Mulching Materials.

Establishing a cover of perennial grasses and etc.

Establishing permanent pastures on non-crop land.

Increasing the total farm acreage of biennial and perennial legumes and etc.

Clearing land for permanent pasture.

Controlling perennial weeds as a necessary step in soil or water conservation.

Terracing.

Constructing Diversion Ditches.

Establishing permanent sod waterways.

Establishing contour strip cropping.

Removing stone walls and hedgerows to permit terracing or contour farming.

Contour farming row crops.

Contour farming drilled or close sown crops.

Establishing cross-slope strip-cropping.

Cross-slope farming row crops.

Cross-slope farming drilled or close-sown crops.

Field strip cropping to protect the soil from wind and water erosion.

Tree planting for reforestation, gully control, and wind breaks.

Permanent open farm drainage ditches.

Tile drainage.

Friendly Circle Extension Club

The November meeting of the Friendly Circle Extension Club was held Friday the 3rd, at the home of Mrs. Gladys Bechtold. Twelve members were present. Plans were made for hostesses for the next nine meetings. It was suggested that those who want to will bring material to make some wreaths at the next meeting.

Leaders Lorene Wade and Otis Jenkins continued their lesson on legal phases, taking up contracts, leases, partnerships and corporations. A test was given at the completion of the lesson to see how much we listened or forgot.

The hostess served delicious refreshments. The next meeting will be at the home of Mrs. Edith Swafford, Dec. 1st.

Practice Shooting For Your Buck

Jordan River Sportsmen are going to operate their running deer targets at the rifle range, Sunday, Nov. 12, starting at one o'clock.

Everyone is invited to participate. There will be bouncing bunny targets for 22 rifles.

Turkeys and chickens will be given for the best shooting in each bracket. 25c for the brackets that chickens are given in, and 75c in the turkey brackets. Ten sportsmen in each bracket.

The Rifle Range is located 3 1/2 miles from East Jordan on the Boyne City Road.

Alex LaPeer, 76, Laid to Rest Last Saturday

Funeral services for Alexander LaPeer, 76, who died Thursday, Nov. 2, at the Charlevoix Hospital after a two week's illness, were held Saturday, Nov. 4, at St. Joseph's Catholic Church, conducted by Fr. Joseph Malinowski. Bearers were: Victor, Vernil and Donald LaPeer, Frank and Roland Woodcock and Orvel Davis. Burial at Calvary Cemetery in East Jordan.

Mr. LaPeer was born August 10, 1874 in Cheboygan, moving to Afton at the age of 12 where he lived until 1906.

On Feb. 28, 1906, he was married to Della Laviolette Poulson at Indian River. After his marriage he lived in Afton and Central Lake before locating in East Jordan where he has made his home the past 40 years.

He worked in the East Jordan saw mills until they closed, then was employed by the Jordan Valley Creamery and the last several years was employed by the city of East Jordan.

Surviving is the widow, two daughters, Mrs. Marie Woodcock, East Jordan, and Mrs. Genevieve Davis, Flint; three sons: Victor, East Chicago; Vernil, Ludington; Donald, East Jordan; five sisters: Nellie Passins, Rockford; Helen Sangster, Detroit; Hattie Mercure, Marquette; Josephine Tatro, Afton; and Ida Martin, Calif. Five brothers: Arthur, Gaylord; Henry, Boyne City; Norman, Afton; Sherman and Clyde, East Jordan. Fifteen grandchildren and three great grandchildren.

Those from away to attend the funeral were: Victor LaPeer, East Chicago, Ind.; Vernil LaPeer, Ludington; Mr. and Mrs. Orvel Davis and son, Mike, Flint; Mrs. Eugene Austin, Mr. and Mrs. Harold Austin, Midland; Mr. and Mrs. Harvey Yoder, Freeland; Mr. and Mrs. Arthur LaPeer, Gaylord; Mr. and Mrs. George Griffare, Mancelona.

Auxiliary Starts Drive for Toys

The time is getting very short before the Christmas season will be here so the American Legion Auxiliary Unit 227 are asking that anyone who has toys that can be repaired to turn them in at once so that the Jr. Auxiliary and Legionnaires can start getting them in shape for the Community Christmas project. Some toy your child has discarded or out-grown may make some other child very happy this Christmas. A new coat of paint to a tack or screw here and there will make some toy as good as new. These toys may be taken to the Legion Home or to the Community Service Room in the City Building any Wednesday or Friday between 1:00 and 5:00 p. m.

New dolls, toys or cash donations to help this program will be greatly appreciated.

(Edited by Mrs. Wm. Gaunt)

Dan S. Kitson from Riding
Mountain, Manitoba, Canada, a
half-brother of the late Mary
Ann Clark, who is visiting around
here at present, left this part of
the country in 1914, some 36
years ago.

Wednesday Mr. Kitson and wife
with their son and a man friend,
drove in to Lawrence Jensen's of
the Rock Elm District. The follow-
ing morning all but Mr. Kitson
drove on to Detroit to visit with
other relatives.

Saturday afternoon and old
friend, Mrs. Dan Swanson, called
up the Robt. Myers to come down
and get him. So he stayed at the
Myers Saturday evening, visiting
Sunday with Wm. Gaunt, Sr., and
Sam McClure. Also Anna John-
ston who was spending a week at
Boyne City with her grandson
and family, Basil Moore, took
dinner with the Myers. Sunday
evening Mr. Kitson stayed with the
Gaunts. Monday afternoon Mrs.
Myers, Mr. and Mrs. Wm. Gaunt,
Sam McClure and Mr. Kitson took
a drive to Charlevoix calling on
Mrs. Clara Martin, Mrs. Lena
Weaver and James Earl, all coun-
sins of the family. Mr. Kitson
wanted to see some of his old
friends so we stopped at Mrs.
Katie Coopers and she was sur-
prised to hear a voice of someone
she never expected to hear again.
He called at the two cemeteries
to look over the tombstones of the
friends and relatives. Mr. Kitson's
father, George, lived where the
Bunkers live now in Rock Elm
district. The above party was
born July 29, 1869, on the old
Second place near the Monroe
Creek.

Mr. and Mrs. Clarence Staley
and two children left Friday by
bus for a visit at Detroit with her
parents and family.

Fred Crowell is helping George
Staley with the chores while his
son and family are away.

Mr. and Mrs. Alfred Crowell
and two children took dinner Sun-
day with their parents, Mr. and Mrs.
Fred Crowell. In the afternoon
they took a ride around Lake
Charlevoix and South Arm, enjoy-
ing the fall scenery.

Norman Howard was home from
Flint over the week end visiting
his parents, Mr. and Mrs. Henry
Howard.

Mr. and Mrs. Robt. Myers and
daughter, Eleanor, spent Sunday
with their cousins, Mr and Mrs.
Howard Peters at Boyne City.

Mr. and Mrs. Fred Crowell re-
turned home Thursday from their
trip through the southern part of
the state.

Mr. and Mrs. Elmer Faust have
moved to East Jordan for the
winter. They are living in part of
the Jack Craig home.

Robt. Williamson and father-in-
law, Edwin Phillips, of the Rus-
ton, and three men from Petos-
key drove to Wilderness Park
Sunday morning looking for ducks
and geese but returned home in
the evening with poor luck.

Sam McClure, who has been
visiting at Muskegon for some
time, returned to his daughter's
home, Mr. and Mrs. Wm. Gaunt,
Sr., Saturday afternoon. He was
accompanied by his oldest daugh-
ter and husband, Mr. and Mrs. R.
P. Jewett, and their son, Arthur,
and his girl friend. They expect to
stay a few days and do some fish-
ing.

Auxiliary Begins Work On Community Christmas Plans

The American Legion Auxiliary
Unit 227 held their regular busi-
ness meeting of the month Thurs-
day, Nov. 2, in the Legion home.
Several committee chairmen gave
reports on the activities of their
respective work. Jean Peterson,
Membership Chairman, reported
that we have 41 paid members to
date and as a reminder to all mem-
bers, also those who are eligible
for membership in the Auxiliary
and wish to join, this is the time
to get in your 1951 dues. Marah
Leigh Clark, Jr. Activities Chair-
man, gave a good report on her
work with the Jr. group. Eldeva
Gokey, Child Welfare Chairman,
said her committee is at present
helping a family and named Thora
Kotowich as co-chairman. Anyone
reporting a Vet's family who are
in need can contact either one of
them and they will see that some
action will be taken. At our next
meeting all members are to bring
some toy suitable for a child up
to the age of 10 years as well as
a cash donation of 25c. This will
be used to make up boxes to go to
the children in our community
who are suffering from polio.

Reva Walton, Rehabilitation
Chairman, is busy getting gifts to-
gether to be sent to the Vet's Gift
Shop. These gifts must be sent in
at once and this is a very worth-
while project. Mary Lou Breakey,
Community Service Chairman,
announced that the Community
Service Room in the basement of
the City Building will be open
each Wednesday and Friday af-
ternoon from 1:00 till 5:00 and
all members will be asked to give
some of their time on this project
throughout the year. It was also
decided to purchase the dolls to be
dressed for the Community
Christmas Program at once. A be-
autiful doll will be raffled off
Dec. 16 to raise funds for this
program. The doll will be display-
ed in various show windows in
town. Janice Kotowich, Marge
Reed and Daisy Ford will have
charge of making the tickets for the
raffle.

Hilda Bathke gave a short re-
port on the meeting held in Wol-
verine Tuesday, Nov. 1st, for the
Dept. Presidents Tour. Seven
members from Unit 227 attended
this meeting and received many
fine pointers on the work being
done in the Dept. and also came
back with a better understanding
of the duties of their officers and
committees.

President Edna Wilkins asked
that special thanks be given Marge
Reed and Janice Kotowich for the
fine job they did recently in
cleaning the kitchen at the Legion
Home. Thanks girls.

Don't forget the Veteran's Fam-
ily Supper in honor of Armistice
Day, Nov. 11, 7:00 p. m. sharp.
This is a pot luck supper and all
Vets and their families are invit-
ed to attend, bring a dish to pass
and sandwiches for your own fam-
ily. A fine program is planned and
we all hope to make this an out-
standing get-together.

Your Auxiliary meets the first
and third Thursday of each month
and the next meeting will be Nov.
16 at which time all members with
birthdays in Nov. will be honored.
Martha Kamradt will bake the
birthday cake. There is to be a
coin in the cake and whoever gets
it will furnish the cake for the
next birthday party. Everyone is
to bring an inexpensive gift meant
to create a little fun. Be sure and
be on hand.

PMA Committeemen Elections Near

Nomination meetings to select
candidates for PMA Community
Committees will continue in Char-
levoix County, this week and the
first of next week.

From November 16 to 24, mim-
ographed ballots will be prepar-
ed listing the names of the candi-
dates selected and will be mailed
to all eligible voters in the 9
communities in Charlevoix Coun-
ty. By marking these ballots and
returning them to the county
PMA office, the farmers them-
selves will register their choice for
the community committeemen
who will make many important
decisions for them in 1951.

"Grass-roots administration" of
PMA farm program is provided
and Mr. Hardy points out "Farm-
ers have other things to do, but I
doubt that there will be anything
more important than voting for
the committeemen who will ad-
minister our farm programs in
1951."

Compulsory medical care and
the welfare state.

The Afternoon Circle of the
Woman's Society of Christian
Service will meet Tuesday after-
noon at 2 o'clock with Mrs. M. B.
Palmiter. Mrs. Robert Moore is
leader of the program. Co-hostesses
are Helen Klooster and Elsie
Gothro.

Mrs. Edith Swafford has been
appointed Promotion Secretary
for the Grand Traverse District
for the remainder of the year.
This is a great honor to come to
our society.

This is the season of anniver-
sary parties for the Woman's So-
ciety of Christian Service. Last
Thursday Mesdames Maggie Rog-
ers, Sue Penfold, Ruth Vance, El-
eanor Scott, Ida Kinsey, Alice
Blossie, Mabel Winstone, Tillie
Conway, Agnes Darbee and Elsie
Gothro attended a birthday party
guests of the Charlevoix group.
Mrs. Agnes Darbee baked the
cake—pretty and festive with its
pink and white colors and eleven
candles. It was placed upon a
large lace covered table in the
center of the room between bou-
quets of baby mums of pink and
white. A huge bouquet of fall
mums graced the worship area.
The candles were lighted by Mrs.
Arthur Edwards, each lighted
candle representing an accom-
plished goal during the past year
for Charlevoix. Some thirty wom-
en sang the birthday song. A
well given program was enjoyed,
a skit concerning Health in the
Rural Areas by two members.
Mrs. Belding gave a talk on the
amendments and reminding us to
vote. All felt this was a worth-
while meeting and we are looking
forward to the next one.

Eleven officers of the Petoskey
society were entertained in the
church parlors Tuesday evening
with a birthday party observing
the tenth anniversary of the
change-over from the Ladies Aid
to the now familiar Women's So-
ciety of Christian Service or the
WSCS. Petoskey brought the be-
autiful white cake with its pink
and blue candles. Mrs. Agnes Dar-
bee, president of the local society,
lighted their candles. As she light-
ed each candle a member read a
verse significant for each. We
were able to light eight candles
with one to grow on. White can-
dles and Michigan holly decorated
the room. Mrs. Adeline Bower-
man gave the devotions and Mrs.
Alice Blossie had the program.
This entertainment was our regu-
lar course of study for the gener-
al meeting. Mrs. Edith Swafford
gave a brief history of the last
ten years regarding the growth of
the WSCS in our group. Nannette
Drapeau, accompanied by Mrs.
Mildred Karr, sang, "Bless This
House." Refreshments consisted
of birthday cake, cup cakes, gela-
tin salad, wafers, tea and coffee.
Over forty members were present.
Mrs. Harvey Cook and Mrs. Max-
ine Griffin were hostesses.

WEEKLY NEWS ANALYSIS

Truman Tells U. N. This Country Committed to Armament Program; Costs of Living Near Record High

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

TRUMAN:

Armament for Peace

President Truman, speaking before the United Nations general assembly on United Nations' Day, told members of the world organization that the United States would prefer universal disarmament, but that this nation is committed to rearmament because it is the only way to stop aggression.

The President used Korea as an example of what united effort by U. N. members can accomplish in stopping aggression. He termed the invasion of South Korea by Communist forces a direct challenge to the world organization.

As for disarmament and the solution to world problems, Mr. Truman said the U. S. was willing to enter negotiation, but only if all nations proved their good intentions. Such negotiation could only be carried on if there was concrete evidence of good intention and the open and free exchange of ideas between nations.

The chief executive said few acts in our time have met with such universal approval as the intervention of the United Nations in the Korea conflict.

It was significant that the President did not mention Russia at all during his speech as the chief threat to world peace. It was clear, however, to what world power he referred when he said the freedom loving nations of the world will continue to build up their armed strength, because they have no other choice.

LIVING COSTS:

Nears Record High

The latest government consumer price index reported the cost of living continued to move upward. The gain was 1/2 per cent from the previous month. The index stood 173.9, meaning 73.8 per cent above the 1925-39 average.

The government, however, was only putting into figures what that American housewife has known for some time. Low and fixed income families felt the pinch shortly after the Korean war began. The latest index figure was only 1/4 of a per cent short of the 174.5 high reached in August and September, 1948.

Even with the publication of these figures there seemed little possibility that the government planned any immediate action to stop the rising cost of living. In the average American city the housewife now pays \$21.70 for a food basket costing \$10 at the outbreak of World War II.

During August and September of this year housewives were paying 3.5 per cent more for meats, poultry, and fish, including 10.6 per cent for pork chops, 7.5 per cent for fish, and 4.4 per cent for eggs, 1.4 per cent for canned fruits and vegetables, and 2.6 per cent for beverages.

The government's price index is taking on increasing importance in American business economics as more and more contracts between unions and employers allow for wage changes as the index rises or drops.

However, this does not help old people or white collar workers living on fixed incomes.

Ike Says 'No'

Gen. Dwight D. Eisenhower, president of Columbia university, is shown with Dean Philip Young of Columbia, as they announced the establishment of the "American Assembly" at the university, a convocation of representatives of business, labor, the professions, government and the university, to work out answer to critical problems facing the country. Ike repeated his "no" about running for President.

FREEDOM BELL

Symbol of Freedom Rings in Berlin

The 20,000-pound freedom bell, symbol of the hopes of free men, arrived safely in Berlin after a night run through Communist dominated territory where Red agents reportedly had orders to delay it. The following day it was raised to the belfry of Berlin city hall.

Two days later millions of radio listeners throughout the world heard Gen. Lucius D. Clay, former mili-

Headliners

Leon H. Keyserling, chairman of President Truman's council of economic advisers, speaking on the country economic problems, said: "We do not need as many or as tough controls as in 1944 because the transition of military activity is not nearly so rapid or so great."

Stuart Symington, economic-mobilization coordinator, also had something to say on the same question: "It begins to look as if everybody wants controls so long as the controls don't affect them."

Gen. Dwight D. Eisenhower speaking on the Founder's Day program at Carnegie Institute said: "Possibly my hatred of war blinds me so that I cannot comprehend the arguments they advance. But in my opinion there is no such thing as a preventive war."

PRAGUE:

Scene of New Plot

The foreign minister of Russia and the representatives of seven satellite states met in Prague to plot the next Communist move since the gamble in Korea must be written off as a complete loss.

From that meeting came four demands to the western powers, but the free nations were more interested in what the Communists did not say than in the new demands.

This is what the Communist asked:

(1) That the governments of the United States, Britain, France and Russia should publish a declaration saying they will not allow the re-militarization of Germany, they will not allow Germany to become "involved in any plans of aggression," and will try to carry out the Potsdam agreement to "build a democratic, peace-loving Germany."

(2) That all restrictions hindering the development of Germany's "peace economy" be removed while a revival of German war potential should not be allowed.

(3) That there should be concluded "without delay" a treaty of peace with Germany which would renew the unity of the German state in harmony with the Potsdam agreement; that all occupation forces of the great powers be withdrawn from Germany within one year after a peace treaty is concluded.

(4) That on a basis of parity, representatives from east and west Germany should form a "Constitutional Council" for all of Germany to prepare "the formation of a democratic sovereign government" for all Germany.

The West was not naive enough to believe that any agreement could be reached on Germany. Plans for rebuilding a strong western Germany and an European army continued in full force.

Western diplomats were asking themselves what new acts of aggression did Russia and her satellites cook up?

STASSEN:

Pravda Calls Him Silly

Harold E. Stassen, former governor of Minnesota, created a lot of interest with his letter to Joseph Stalin asking for a face to face meeting of Americans and Russians in an effort to "stop the drift toward war."

Stassen did not receive a reply from Stalin, but the official voice of Communist propaganda, Pravda, published an article calling him silly, crude, and ridiculous, among other things.

The article was, in fact, a flat rejection of the Stassen proposal. The writer made it plain that the Soviet government does not consider Stassen's letter worth a formal answer.

The article said in part: "Stassen demands no more, no less than a change by the Soviet Union of its policy. It is not difficult to see that Stassen is not only crude but also ridiculous in advancing this wild demand which excludes all possibility of a serious view of any degree of 'document' worked out by the president of Pennsylvania university in cooperation with veteran warmongers Eisenhower and Dulles."

The former aspirant for the Republican presidential nomination had little to say about the article. He indicated he would wait for a direct reply from Stalin.

KOREA:

Now Rehabilitation

Except for isolated guerrilla action, the war in Korea was over. The end was hastened by spectacular parachute drops of U. S. troops between Pyongyang and the Manchurian border to block escape of North Korea troops.

As the end came, however, the world was horrified by reports of new atrocities against U. N. troops in Communist hands. Red captives had long since escaped into Manchuria, most of them fleeing when U. N. troops crossed the 38th parallel.

Now the United Nations is faced with the rehabilitation of Korea, estimated by a U. S. survey at \$200,000,000. The figure was described as a rough estimate and many observers believed comparable sums would have to be furnished annually for at least two or three years to put Korea back on its feet.

The rehabilitation of Korea was one of the big issues discussed by President Truman and General MacArthur during their recent meeting at Wake island.

An indication of the job ahead was given when Reginald H. R. Parmenter, special adviser to the U. N. on Korean affairs, told the assembly committee working on rehabilitation that over \$36 million in relief supplies already had been received.

Members of the U. N. have offered supplies and cash totaling from \$12,000,000 to \$13,000,000. Another \$5,000,000 was expected.

U.S. EMPLOYEES

Total at New High

Salaries of government employees will cost the average U. S. family about \$402 for the year 1950, compared to \$155 in 1929, the family economics bureau of Northwestern National Life reports.

Because the grand total of federal, state and local government civilian employees has approximately doubled in the 21 years since 1929, while the U. S. population has increased by only about a fourth, each average American family must now pay one government worker's salary for eight weeks out of each year, compared with five and a half weeks' salary borne by each family in 1929.

Salaries of federal, state and local civilian employees totalled \$4,650,000,000 for 1929, were approximately \$16,000,000,000 for 1949, and are estimated at about \$16,500,000,000 for 1950.

The number of persons on public payrolls fluctuates from month to month, but the roster of civilian government workers will average in the neighborhood of 6,050,000 for the 12 months of 1950.

RUSSIA:

Internal Troubles?

Perhaps it is wishful thinking upon the part of the western powers, but rumors persist that Russia and certain of her satellite states are having renewed trouble with discontented elements of their own subjects.

Nothing in the nature of mass uprisings had been reported. Rumored incidents in the Ukraine, Czechoslovakia and Romania appeared to be on an isolated scale. Nevertheless, the reported incidents, if true, indicate increasing bold resistance to Communist domination behind the iron curtain.

One report told of widespread riots and sabotage in Slovakia where the Communists have experienced trouble since they seized control of Czechoslovakia in the spring of 1948.

Other reports told of renewed resistance to the Communist regime in the Ukraine. Some 2,000 persons were reported arrested in the Kiev area.

Reports persist that the overwhelming majority of the people in the satellite states remain opposed to Soviet domination. This certainly would seem wishful thinking upon the part of western diplomats.

U.S. DEBT:

\$218,600 Million

The commerce department reported that the federal government went deeper in debt this year than all the private firms and individuals put together. The total net debt was put at \$218,600 million.

The total owed by private firms and individuals was reported at \$95,500 million. State and local governments owed another \$18,100 million. The government's debt increased \$2,100 million in 1949.

Now that the Nov. 7 election is over, it takes no crystal ball to foresee clearly the A-1 problem before the State Legislature in 1951.

Here is a timely illustration. The Michigan Tourist Council, a clearing house for four regional tourist associations and for all-Michigan promotion, is dissatisfied with its state advertising appropriation. The Council wants more money—more state tax dollars—and the reasons are almost "no-proof".

When the Council was created by the legislature in 1945, the first year's appropriation was \$250,000. This amount was repeated for the following three years. Last spring the legislature sliced all appropriations 10 per cent in an attempt to balance the budget. The Council's budget dropped to \$225,000 for the fiscal

year July 1, 1950-51.

On the dollar basis this treatment sounds reasonable enough. Only a 10 per cent reduction, you say. But the law of economics, working between 1945 and 1950, actually forced a reduction of 35 per cent! With a 10 per cent cut in dollars, the Council had less than that to buy advertising promotion for the No. 2 industry in Michigan today.

That is why the Council, employing cold logic of economics, had an almost "no-proof" argument to back up its request for \$297,495 in 1951-52 and \$333,210 in 1952-53. More dollars are needed in 1951 to get the same benefits in 1945.

How did all this take place? Inflation is like a thief. It robs everyone of money, and money is needed to buy goods and services.

Our post-war inflation has made fixed state appropriations hopelessly inadequate. We feel the tourist industry has a better chance of getting more state funds than perhaps the average good cause—education, for example. Tourist advertising brings many new, fresh dollars INTO Michigan. Advertising is not a cash expense; it is an investment that earns cash dividends. Educations cause, outstanding as it is, has this distinction: Its dividends are intangible, such as the building of good citizenship.

The growing inflation of 1950-

51, spurred by rearmament orders and continued deficit spending by the federal government, is going to affect ALL state appropriations. There can be no escape.

This column has pulled no punches in pointing out, many times in past years, the dilemma of the State of Michigan caused by diversion of 78 per cent of state sales tax dollars back to home governments. The voters have reaffirmed, by substantial majorities, their desire to have the State of Michigan serve as a taxcollector to help finance home government services such as their public schools.

Even with a 10 per cent cut in state appropriations — and the legislature's control is greatly limited by constitutional amendments—your state government is now running in the red every week of the year.

So the diversion of sales tax revenue, further "cut" by new inflation, presents a formidable nut to crack for 1951 members of the state legislature. Something has to give—either more taxes to pay for the same services available from the 1945-dollar, or fewer public services both at Lansing and at home.

The inflated dollar is the same dollar you have when you buy food at the grocery or anything else for your family.

Government is no different than the people it serves.

Getting something for nothing,

just because the money comes from Lansing or Washington, is a myth.

If getting something for "nothing" means inflation of the currency, such as we have today and such as Europe and the Orient have had for years, then you are still going to pay. The price will be a continual loss of your dollars. Inflation quietly sneaks into your home, like a thief in the night, taking away from you the hard-earned savings of your daily toil.

Which do you prefer—to pay for what you want, including your freedom and your security, or to have the government take away your savings through inflated dollars?

Frankly, we can't see much difference in the end results. One way is above board; it is honest. The other is hidden; and it is dishonest. — G. A.

PRIEST WARNS AGAINST INTOLERANCE & BIGOTRY

The Rev. John A. O'Brien, University of Notre Dame, says: "In its ceaseless war against the United States, Communist Russia has no more powerful ally than the weapon of racial intolerance and religious bigotry." Read "Bread Upon the Water", in this week's (Nov. 12) issue of The American Weekly, Exclusively with Detroit Sunday Times.

Interflowing Life
Lesson for November 12, 1950

AN AUSTRALIAN minister once remarked: "If ever a church could be found whose members treated one another better than people treat one another on the outside, the world would flock to its doors." In that exaggerated remark there is a pointed truth. As a matter of fact, that was the case in the early church and the world did flock to its doors. From six score people that church grew to 5,000 in no time, and in less than three centuries it was the religion of a world-empire.

Dr. Foreman said that church grew to 5,000 in no time, and in less than three centuries it was the religion of a world-empire.

This Scrambling World

ON THE "outside" what is the rule? David Harum put it in a nutshell: "Do unto your neighbor what he would like to do to you." "Every man for himself and the devil take the hindmost." "Every man has his price." "Look out for Number 1." "Blessed is he that tooteth his own horn, for he that tooteth his own horn, the same shall not be tooted."

People get tired of living in a world like that. Something tells them that the everlasting scramble is not the way to live, there must be a better way. Suppose they could look down the street and see that better way actually being put into practice by a little community of people?

They ought to be able to see it wherever there is a Christian church. But—is the average church that kind of community? Do the members treat one another (on Mondays, that is) with more understanding, consideration and affection than the local atheists or Non-Christians show toward one another? Indeed, is there anything whatever that seems to link these First What-is Church people together with a common bond?

Making Fellowship Real

IN A large city there will be a page or more of Smiths in the telephone directory. These all have the same name, but most of them don't know one another and don't care. Too often it is this way with Christians even in the same congregation. They all bear the same name, but that is about all.

What they ought to have is fellowship. This is not a mere word. It can be a real thing. It is like a two-way blood transfusion, in the realm of personality. It is interflow of life. It can be the source of the Christian's finest growth and service. Musicians develop musically through sharing with other musicians. Every "Future Farmer of America" is going to be a better and more enthusiastic farmer through his associations with the F.F.A.

So our Christian faith and life are kept glowing and growing through the fellowship of like-minded persons. One thing your Sunday school class, and indeed the whole congregation, may well consider seriously, even adopting it as your Project for the Year is this: What can we do to make fellowship more real in our church?

Wider Horizons

CHRISTIAN fellowship needs not only to be enriched; it needs to be enlarged. In a town or section where denominational lines run sharply across the population, there is too much cross-fire. Such a community has a hard time being a community. Many a denomination has been afflicted with the disease of pride. Loyalty to one's own denomination too easily replaces loyalty to the kingdom of God.

Whatever be your own church connection, there are unnumbered true Christians outside the bounds of your church. Do you know them? Do you worship with them from time to time? Do you encourage visitors from other churches? Not only in other denominations but across lines of race and color you can find a thrill in coming close to Christians who may even be much better Christians than yourself.

Young people in your church may be interested in a new organization which is interested in bringing together the thinking of young people in every land. Young Christians can bring to such a project the insight and the spirit of Christian Faith, and learn to know young Christians in other lands than ours. "Youth of All Nations" at 16 St. Luke's Place, New York 14, N. Y. serves as a clearing-house for the exchange of letters and will be glad to hear from you.

The Sunday Church School meets at 9:45 a. m. We started moving back up the scale again last Sunday, but we didn't move quite far enough. Let's really move this next Sunday.

The Church Worship Service begins at 11:00 a. m. These are moments of inspiration and help and each of us needs these in our life. Plan to attend this next Sunday.

The W. Y. F. meets at 6:30 p. m.

The Trustees will meet Tuesday evening in the Church at 7:30 p. m.

The Friday Afternoon Circle has changed the date of their meeting to Thursday afternoon, Nov. 10. This meeting will be held at the home of Mrs. Al Freiberg. She will be assisted by Mrs. Eva Pray and Mrs. Lulu Clark. Rev. DeHaven will review the book of "Amos" for the group at this meeting.

Bowling News

Andy Anderson led the bowlers in the Merchant's League with a 611 series which featured his last game, a big 259, high single game for the year. After rolling 138, Andy came through with a 214, then started his last game with seven strikes, his eighth ball was a solid pocket hit, but the ten pin, which seemed to give all the bowlers a bad time, was still there after all the rest of the pins were clear of the alley. The big game enabled Thorsen's to win the last game from Dip's Tavern as Dip's won the match 3 to 1. Ed Nemecek was high for the Tavern Team with 506.

Dick Hamerski found the range in his first 2 games for scores of 212 and 232, but his last game of 150 held his score for the night to 595, as the Anchorage team vacated last place with a 4 point win over Ellsworth Electric. Monarch Finer Foods topped St. Joseph in their last two games to split points and put St. Joseph in last place. Rev. J. J. Malinowski was high for the Saints with 531, while Tony Shooks had 474 for the Monarch team. The American Legion bowlers edged Sommerville's Grocery in all three games to win four points and put them close to the E. J. Canning Co. who still holds first place in spite of their three point loss to the Bankers. Cy Dolezel had 533 for the Legionnaires and Spin Cihak 533 for the Grocers. Greg Boswell was high for the Bank with 513 and Burl Braman was high for the Cannery with 514. The Recreation and State Farm Insurance had a missing contest which was won by State Farm bowlers as the Recreation won all four points with a 2295 series. Barney Adair had the only series over 500, which was 563.

Standings:

E. J. Canning Co.	24	12
Dip's Tavern	22	14
American Legion	21	15
State Bank	20	16

Bowling in the Merchant's League will be suspended for two weeks because of deer season, but the men and ladies will be rolling for turkeys in an over-average tournament next Monday night. The first squad will start at 7:00 p. m. This is the first time the ladies and men will compete in an individual tournament.

The Top of Michigan Masonic Bowling league will bowl again this Sunday, Nov. 12th, with 4 of the 8 teams bowling at East Jordan Recreation at 1:00 p. m. and 4:00 p. m. The local team will bowl Lewiston and Boyne City. Both of the visiting teams will be out to beat East Jordan who have won 15 out of 16 points.

In the Ladies League Betty Boswell took the honors for high game of 184 and high series of 471. The high game of the evening was bowled by the E. J. Canning Co. when they scored 752 actual pins. The Dress and Gift Shop took high team series with 2048.

Bachman's of Central Lake and Dress Shop won 4 points from Recreation Jrs. and Art Cleaners. Thorsen's Lumber and State Bank took 3 points from Home Modernizing and Rainbow Bar. After a play-off of a tie of total pins between Dip's Tavern and Recreation they split 2 and 2. Recreation won the tie. E. J. Canning Co. and Club 131 also split 2 and 2.

Team Standings:

CHEVROLET TRUCKS

with Chevrolet's Hypoid Rear Axle

Chevrolet trucks are engineered to "take it," in every way. Chevrolet's heavy-duty hypoid rear axles offer maximum strength . . . with single-unit housings formed into tubular steel beams, and splined axle-to-hub connections that deliver power more evenly. Gears last longer, too . . . pinion gear is ball-bearing supported at each end, with adjustable thrust pad to prevent distortion on extra heavy pulls. Add these advantages to powerful Valve-in-Head engines, Synchro-Mesh transmissions, and channel-type frames. Then you'll know why Chevrolet is the most popular truck in America. 19,014,000 American Vets Still Alive, VA Reports
WASHINGTON—The Veterans Administration reports 19,014,000 American war veterans are still alive. 14,000,000 of them from World War II.
The administration's figures reveal the surviving veterans:
Grand army of the republic—15.
Indian wars—580.
Spanish-American war—19,000.
Total battle casualties for all American wars were estimated at 935,300 of the 25,030,000 who took part in them, including the revolution. There are 2,308,700 disabled men.
The V. A. carries 384,000 veterans' widows on its books, plus 278,300 minor children.

Frenchmen Climb 26,496 Foot Peak in Himalayas

PARIS—Five Frenchmen have returned from the Himalayas with claims of mastering the Annapurna Peak, 26,496 feet high. But the cold almost got them.

Maurice Herzog, the 41-year-old leader of the expedition, was a stretcher patient on his arrival by plane in Paris. A frostbite victim, he lost all his toes and all his fingers up to the first joints. Louis Lachenal lost all his toes. The others were battered and physically exhausted from climbing Annapurna, in the Everest group. Men have climbed higher before, close to 28,000 feet on Everest and K-2, Mt. Godwin Austen, but had to turn back before achieving the crests. Everest ranges up 29,002 feet in the Nepal-Tibet frontier area. K-2 rises 28,250 feet in India.

The Frenchmen had hoped to get up Mount Dhaulagiri, a rugged 28,810-foot peak in Nepal, 200 miles west of Everest, but had to abandon the plan because of what they called "insuperable difficulties."

The French government financed a third of the expedition's cost. The rest was paid by private backers and the Alpine Club of France.

Age Has Limitations Judge Tells 76-Year-Old Romeo

BOSTON—Judge Elijah Adlow told 76-year-old Joseph Mellea to stay home and stay away from the girls—after all, age has limitations. Mellea, barely five feet tall and with a small white mustache, was in court charged with threatening, with a pistol, the boy friend of pretty Carmella Lisi, 18, a neighbor of Mellea.

Police said Mellea apparently was jealous, which led Judge Adlow to inform the old man:

"Don't talk to girls. I never yet knew of a man who talked to girls who didn't get in trouble. Leave it to the young fellows—there is a limit to what a 76-year-old man can do."

The judge then filed the case with an admonition to Mellea to have his daughter keep him away from the young ladies.

Forest So Dry in West Fire Starts in River

PORTLAND, Ore.—The forests of the west are so dry a fire started in a river.

It's a fact, a Mount Hood National Forest crew reported. They said a fisherman, apparently assuming he was in a fireproof spot, dropped a cigarette into a log jam in Salmon river.

Despite the water running underneath and on either side, fire jumped up, leaped ashore, and began running up a canyon wall before the crew arrived to put it out with hand pumps.

SHORT STORY
"Doing Better"

By Richard Hill Wilkinson

Laurie, Sam Edgewater's pretty daughter, brought in the news. "There's a nester squatting in our lower range," she said. "He's building himself a home, and when I told him to pack up and get out he laughed at me. More than that he was rude and insulting!"

Sam Edgewater took one look into his daughter's angry eyes and sent for Tex Tremont and Chuck Wellington. Tex and Chuck had worked for him for 20 years.

Sam explained briefly what Laurie had said, and added: "We'll ride down and warn him off. No violence this first trip. But we'll make it clear he ain't going to be allowed to stay. This here's my land by right of settlin' it."

En route to the lower range Sam fell to wondering how it was that the nester had proved insulting. A young man was hewing logs in a clearing when the trio rode up. He drove his axe into a tree trunk and looked up at them, smiling pleasantly.

"Howdy gents," he said. "Climb down and squat awhile."

"Never mind the formalities, mister. I'm Sam Edgewater and I own this property. We don't tolerate nesters."

"They told me I could come down here and pick myself a home. I'd be mine if I improved it some. And I aim to improve it."

"This here's been my property for 20 years. It's mine by right of conquest," Sam roared.

The redhead grinned. "Well, if you got papers to prove it's yours, I suppose I'll have to get off. Otherwise, I'm staying."

Sam's face grew purple. He turned to Chuck and Tex. "Boys, you forget what I said about warnin' this jigger. We're gonna have a show-down right now. Kick him out!"

None of them saw the redhead move, but suddenly he had a gun in his hand. It exploded and Tex was staring down at his shattered wrist.

The redhead wasn't grinning. He looked at Chuck. "Well, mister, I guess you're Edgewater's hired gunman too. How about it, want to try earnin' your pay?"

Chuck looked mad but helpless. He wasn't a fool. Sam recovered after a moment from the shock of what had happened. He ordered his men back on their horses. "O. K.," he said. "You win this play. Red, but we'll be back."

"Yeah," jeered the redhead. "Next time bring a dozen with you. EIGHT DAYS later Sam rode down to the lower range at the head of seven grim-faced punchers.

"Son," said Sam Edgewater. "we don't want to hurt you none, but we

The redhead wasn't grinning. None of them saw him move but suddenly he had a gun in his hand.

aim to kick you off this land. You must have sense enough to realize you ain't got a chance, playing a lone hand."

The redhead grinned. "The government," he said, "allowed I could have this here land. However, you look to me like a square shooter, so I'll make you a square proposition. I'll take on any three of your heroes single handed—and agree not to marry your daughter if they beat me."

"Agree not to what?" Sam belted.

The redhead looked surprised. "Shucks," he said, "I thought Laurie had told you we were fixin' to get married. You see, I kissed her the first day she come down here and that sort of settled things."

"Laurie! Is what this young whippersnapper says, true? Is it?" Laurie looked at the young whippersnapper, then at her father. "He did kiss me that first day I came down," she said.

Sam stared at her and swore under his breath. After a moment he turned his horse and galloped away, and the punchers galloped after him. Laurie confronted the redhead and her eyes were angry.

"That," she said, "was about the most—the most—" Her expression softened, because Red was grinning. The most unromantic way of proposing," she finished.

"I can do better," said Red. "Want me to?" Laurie didn't answer. She didn't have to.

Along with the posters went 29,000 safety lesson sheets which teachers will use in classroom discussions of pedestrian safety.

SIGNS

This is the time of year when the signery is at its very best. To wit:

Up in the mountains there's an electrical repair shop operated by a fellow named Moore who advises:

Why get less when you can get Moore.
And a tourist court in the Mammoth Cave area claims:

We do everything but rock you to sleep.
This sign is hanging on the wall of a California taxi dance dive:

The management reserves the right to eject any person they deem proper.
This sign was noted at the National zoological garden in Washington:

Lost children will be taken to the Lion House.
Wasn't Fooling

Two fishermen were driving along the highway. After some distance, they came to a side road with a "closed" sign blocking it. However, they noted that fresh tire tracks led around the sign.

So they followed the tire marks and ignored the sign. But they had gone no more than a half mile when the road really did end. Only things to do was turn around and come back.

On passing the road block again, they found this inscription written on the reverse side:
"It really was closed, wasn't it."

Bad Company
Down south, a colored man with a badly slashed face entered a doctor's office.

"Hello, Tom," the doctor greeted him. "Got cut up again?"
"Yassuh, I done got carved with a razor."

"Why don't you keep out of bad company, Tom?"
"I'd like to Doc," the victim complained, "but I ain't got enough money to get me a divorce."

Not Difficult
London Waiter — How did you find your steak, sir?
Shelter Diner — I just pushed aside my two peas and there it was.

Blue Print
The average man: 42 around the chest, 42 around the waist, 96 around the course, and a nuisance around the house.

Big Mouth

Two ladies who had not seen each other for a long time met on the street.

"Oh, Mary," Blanche excitedly exclaimed, "I've had a lot to happen to me since I saw you last. I had my teeth out and an electric stove and refrigerator put in."

Should Rest
"Yes, he's a year old now, and he's been walking since he was eight months."
"Really? He must be awfully tired!"

Disgraceful!
The little girl was attending church for the first time. She was amazed to see all the people suddenly kneel.

"Why are they kneeling, mommy?" she asked.
"Hush," replied her mother, "they are going to say their prayers."

"What! With all their clothes on?" the little girl asked.

Anytime You Venture Into the Street You're Only 2 Feet From Death

"You're only two feet from death," Chief Harry Simmons told newsmen today, "anytime you venture into the street!"

His remark was made in connection with the State Safety Commission's November program of traffic safety education, which he heads in this area.

"419 persons in Michigan walked to their death in 1949," he said, "and the toll of injured pedestrians ran into 4 figures." The danger to those who walk in—cross—streets is ever-present. They are, in reality, just two feet from death.

November's program has pedestrian safety as its theme and is being coordinated by the State Safety Commission in cooperation with the National Safety Council.

"At this time of year," Chief Harry Simmons said, "pedestrian deaths begin their dizzy climb to the monthly average for the rest of the year. In cities, particularly, the toll of walkers is staggering during October, November, and December. In November we can predict that pedestrian deaths will run almost twice as many as during a summer month."

The additional dangers of reduced visibility and inclement weather during these months make carelessness and disregard for traffic rules on the part of pedestrians doubly foolhardy, according to Chief Harry Simmons.

"To emphasize these dangers to pedestrians this month the slogan—'Beware of the Careless Walker'—is being displayed on posters, leaflets and motion picture screens and carried over the air by radio stations," he said. "Our immediate goal," Chief Simmons said, "is to utilize every

means possible to bring home to all walkers three important factors involved in pedestrian accidents. Pedestrians should keep in mind that:

"1. In any dispute involving a pedestrian and a car, the car is sure to win. The average automobile outweighs the walker by 10 to 20 times. This is one good reason why it is ridiculous for a pedestrian to take chances. He can't win.

"2. Rules and regulations designed to control and protect pedestrians are not based on whims. Surveys made by some cities and states have indicated that from three out of four to eight out of ten pedestrians in fatal accidents were walking in violation of some traffic rule at the time.

"3. Blind obedience to traffic rules and regulations is no fool-proof means of escaping death or injury. Alertness is too often discarded when the pedestrian feels that he has the right of way. He should always expect the unexpected."

Definite, tangible reductions in East Jordan's pedestrian death and injury rate this winter are not only possible, the State Safety Commission feels, but inevitable.

"Inevitable, that is, if the pedestrians themselves want it that way!" Chief Harry Simmons said, grimly. "Inevitable, that is, if they remember that everytime they step from a curb, from a streetcar, or from a safety island that they are just two feet from death!"

Ed. Rebman, Co. Agr'l Agent
FAIR BOARD ELECTS;
SETS DATES

The new board of directors of the Charlevoix County Fair met and elected their new officers for 1951.

Claude Pearsall was re-elected president, Dan Bennett and Jess Smith were re-elected vice-presidents, Ed Rebman, county agr'l agent, was re-elected secretary and George Ferris is the new treasurer.

The board held considerable discussion in regards to the dates for the 1951 fair. The date should be late enough that there would be plenty of agricultural produce to exhibit and still should be early enough so that the school children could attend and the weather not be too cold. After a discussion it was tentatively decided that the dates would be September 4 through 8 which is the week of Labor Day.

CHEESE PLANT ORGANIZE THURSDAY

The meeting to organize the proposed cheese plant at Charlevoix will be held this Thursday evening, Nov. 9, at 8:30 p. m. in the Charlevoix high school. The committee of cooperators have met and they have drawn up a tentative set of by-laws and Articles of Incorporation and will have them to present at the meeting. All farmers who are interested in milk production are urged by Ed Rebman, county agr'l agent, to attend this meeting. Rebman states that the success of this plant will depend entirely on the volume of milk that can be delivered to the plant.

FFA AND 4-H HELPS YOUNG FARMERS

How do I get started in farming? This perplexing question frequently comes to county agricultural agent Ed Rebman.

As an aid to young men who may be faced with this problem, the agent cites some recent research by Don Shepard of the Michigan State College department of short courses, covering 90 young Michigan farmers.

The study shows that many of the more successful young farmers have come up through having their fathers start them in 4-H Club work just as soon as they were old enough. In other words, the sons started early to secure experience and to earn money.

Many of the sons enrolled in the FFA program when they entered high school. They continued to expand their earnings and gained experience. They gained additional experience or education under the direction of the father, agriculture teacher, or 4-H Club agent, or perhaps all three.

Shepard points out that these factors are usually most important:

1. The prospective young farmer needs to be really interested and must like to farm.
2. The prospective young farmer needs all the farm experience and education he can secure.
3. It is important that the prospective farmer accumulate capital at an early age. The study showed that the young man who accumulated around \$1,000 early in life and then invested it wisely in farm property made the most rapid progress.
4. If the young farmer has a father who has helped him do all of this, he is well on the road to becoming a farmer. If the necessary conditions for a partnership are present, he is a fortunate young man.

LIGHT THOSE HENS NOW

Now that the days are getting shorter it's time to turn on the lights in the hen house, says Ed Rebman, county agr'l agent.

Michigan State College poultry specialists have supplied the extension office with some facts about lights for the laying house. Agent Rebman believes all farmers should know about lights for poultry.

Hens should be provided with sufficient light to assure a 13 to 14 hour working day. Whether the lights are turned on in the morning or evening makes no difference, though the poultrymen say lights should be on every day at the same time.

One 40-watt light bulb in a cone-shaped reflector provides enough light for a 200 foot square hen house. In larger houses, one 40-watt bulb should be used for every 200 square feet of floor space.

The agent advises that hens are not likely to respond to the light right away—it usually takes from two to four weeks before you can detect a boost in production. Hens of average or below average production respond best to artificial light. The high producers usually lay well during the winter without the extra stimulus.

Charlevoix Co. Chapter American Red Cross Held Annual Meeting

The Charlevoix county chapter of the American Red Cross held its annual meeting and election of officers at the courthouse in Charlevoix Thursday evening.

Frances Martin of Charlevoix was named chapter chairman for a one year term and will be assisted by Ralph S. Hamilton and the Rev. W. D. Wood, both of Charlevoix, who will serve as vice chairmen. Other officers are: secretary, Mrs. Jessie Haig of Boyne City; treasurer, Miss Ethel Crowell of East Jordan; and executive secretary, Mrs. Minnie Friedley of Boyne City.

Directors named were: Mrs. Elsie Bennett of Charlevoix, Mrs. Ethel Clark of East Jordan, Gilbert Lindsay of Boyne City, and Mrs. Hilda Alexander of Ironton.

Miss Isabel Auld, area field representative, was present and outlined the need for expanding some services offered by the county chapter and curtailing others. She suggested the chapter plan for an increase in home service activities due to the increased number of men in the armed forces and an expanded blood program whereby the Red Cross will be expected to stockpile one million units of blood and plasma by July 1 for military and civilian defense needs.

A communication asking the Charlevoix county chapter to supply 25 Christmas gift packages for the Christmas on the high seas program was read and adopted by the chapter. The boxes will be distributed among troops enroute to overseas stations during the holidays.

Reports by the various departments were read and accepted and a tentative budget for 1951 adopted.

NOTICE OF SPECIAL TOWNSHIP MEETING AND ELECTION AND OF REGISTRATION OF VOTERS

WHEREAS, at a meeting of the Township Board of the Township of Eveline, Charlevoix County, Michigan, held on the 6 day of Nov., 1950, a franchise ordinance was adopted, entitled as follows:

AN ORDINANCE, granting to CONSUMERS POWER COMPANY, its successors and assigns the right, power and authority to construct, maintain and commercially use electric lines consisting of towers, masts, poles, cross-arms, guys, braces, wires, transformers and other electrical appliances on, along and across the public highways, streets, alleys, bridges and other public places, and to do a local electric business in the TOWNSHIP OF EVELINE, CHARLEVOIX COUNTY, MICHIGAN, for a period of thirty years.

WHEREAS, said Consumers Power Company has heretofore filed its written acceptance of said franchise, and has requested that the question of confirming the grant thereof be submitted to the qualified electors of the Township, at a special election to be held for that purpose, and has also paid to the Township Board the estimated expense of holding such special election; and,

WHEREAS, there has been heretofore filed with said Board, a petition signed by at least twelve electors, requesting that a special township meeting and election be called for such purpose;

NOW, THEREFORE, pursuant to resolutions adopted by said Board, notice is hereby given that a special meeting and election will be held in said Township at Township Hall, on Monday, the 18th day of Dec., 1950, for the purpose of voting on the confirmation of the action of said Township Board in granting such franchise.

The polls of said election will be opened at 7 o'clock in the forenoon, or as soon thereafter as may be, and will be held open until 8 o'clock P. M., Eastern Standard Time. The Township Clerk will be in his office on the 28th day of Nov., 1950, said date being the twentieth day, as determined by statute, preceding the date of said election, for the purpose of reviewing the registration, and registering such of the qualified electors of the Township as shall appear and apply therefore, which registration may be made on said date between the hours of 8 o'clock A. M. and 8 o'clock P. M., Eastern Standard Time.

Said franchise as granted by said Board is on file with the undersigned Township Clerk for the purpose of inspection by the qualified electors.
BY ORDER OF THE TOWNSHIP BOARD.
RALPH PRICE,
Township Clerk.

MSC Seeks Antique Farm Tools

The sheep pictured above isn't in a barber chair—it's an old-time sheep shearing device unearthed to take its place in the new agricultural museum at Michigan State College.

J. W. Stack, (left) director of the MSC museum, is getting some pointers on use of the antique farm tool from George Brown, retired head of the MSC animal husbandry department.

Stack has made an appeal to rural and city people, extension staff, and college alumni to be on the lookout for old farming and homemaking implements. Some of the items already contributed include a dog treadmill used to churn butter, a spinning wheel, grain cradles, and old lumbering and maple syrup making equipment.

The museum director hopes that old farm and home tools, gathering dust in the attic or barn, will be contributed to the new museum project.

Persons with items to contribute may contact their county agricultural agent, located at the county seat, or may write to the Michigan State College museum, East Lansing.

BUY UNFINISHED PIECES TO SAVE FURNITURE MONEY

Buying unfinished pieces can be a real help to your furniture budget and very satisfactory for your home if you finish them correctly.

You can paint or stain or leave them in their natural color advises Dorothy Washburn, Michigan State College home economist. First, be sure the furniture is clean and remove any stains or finger marks with No. 00 sandpaper.

Fill in nail hole indentations with plastic wood. Let dry and sand until smooth. In case-goods remove the drawers and paint them separately. Do not paint the drawer runners. When painting tables, set them upside down and paint the legs first. Don't paint furniture out-of-doors and avoid wearing clothing that sheds lint.

For a painted finish use one coat of undercoat and two coats of quick drying paint. Sandpaper between each coat. If flat paint is used, finish by waxing.

To stain the finish, use any penetrating oil stain. Wipe off surplus stain as you brush it on. Finish with two coats of shellac and a coat of wax.

We were glad to have Mrs. Arnot and Mrs. Peters visit our room.

Each reading group has finished a book and started on a new one.

We enjoy our story problems in arithmetic. Our new books have so many pictures to help us with our number concept.

The following members have perfect attendance the first six weeks: Glenn Arnot, Joanne Clark, Dale Cosier, Wayne Dougherty, Yvonne Elzinga, Jeanette Fisher, Earl Gee, Sandra Gibbard, Walter Goebel, Kay Kamradt, Lorna Kent, Marie Knudsen, James Kolker, Mike Kowalske, Douglas Lick, Duane Moore, Alfred Nelson, Louis Raymond, Martin Ruhling and Kenneth Touchstone.

We were sorry to have Billy Johnson leave us. He will attend school in Flint. We now have 37 members.

FOURTH Grade — Lois Snyder

We are now making plans for decorating our room for Thanksgiving.

In oral language today we talked about Armistice Day, voting on Tuesday, and some of the other features of our Democracy.

Last Thursday we invited Mrs. Galmore's fourth grade in to see film strips of "Our National Parks" and "Brazil". This was a good introduction to our study of the Amazon. We also wrote an outline for the study of a region.

We listed the things we would like to know about the countries and people we are going to study. Now we are reading to find answers.

Eight people were absent from school Friday.

Mary Carol Hastie is visiting with her grandparents at Wildwood for two weeks.

FOURTH Grade — Alma Larsen

On Tuesday, Nov. 7, we voted in our room just like grownups do. Sonja Olson brought a refrigerator carton for us to use as a voting booth. We made our own ballots. We also had an election board. It included Sharon Hayes, Buddy Knop and JoAnn Bader.

The tally was: Harry Kelly, 21; G. Mennen Williams, 12; Proposal No. 4 on colored oleo lost 32-2 against coloring. Proposal No. 2 for hospitals was 32 yes, 1 no.

The pupils of our class are interested in knitting. Some of them are practicing and others have started making headbands. JoAnn Bader is making a soaker. Eight of the girls and one boy are making headbands. — Mariann Donaldson.

Jean Ann Partee left for Detroit Sunday. We were sorry to have her leave. — Sharon Hayes.

We are making a poster on Thanksgiving. We have been making pictures to make our room look nice. They are about the Pilgrims. — Patsy VonSoosten.

In our arithmetic class we are starting our tests. Every day before arithmetic we have a test on our tables. Most of the children know them pretty well now. — Judy Lick.

Last Friday morning Mrs. Larsen showed us some slides on Brazil in our room. They were very interesting and I think that all the children in the room enjoyed them. Mrs. Larsen said maybe we could start having them more often. — Sonja Olson.

SIXTH Grade — Mr. Malone

In our room we are making paper plates. First we made a design on the plate with crayons. Then we painted over it with black paint and shellaced it. They look very pretty.

Vera Judy came back from Sacramento, Calif., where she went on a trip. She told us about her trip. It was very interesting.

Last week we made cartoons. They were supposed to tell something. There are 26 cartoons. — Judy Dressel.

HALLOWEEN PARTY

Results of the Halloween Party, sponsored by the East Jordan Rotary Club Oct. 31, for the East Jordan High School were:

masquerade contest was held in which the eighth grade shared honors with the seventh grade. After the games cider and doughnuts were served by the Rotarians.
