East Jordan Takes Second Conference Tilt

DOWN PELLSTON 62-50, ON LOCAL COURT TUESDAY, DEC. 12

East Jordan takes its second conference tilt by downing Pellston 62-50.

It was a close and hard fought battle as the scores by quarters show: first quarter, Pellston 14, East Jordan 11; half time, East Jordan 27, Pellston 23; third quarter, East Jordan 42, Pellston 34; and final score, East Jordan 62, Pellston 50.

Whiteford was high point man for the Red Devils with 22, while Emerson was high for Pellston with 27.

The second team had a much harder time winning their game. It was played overtime with East Jordan coming out on top 29-27.

Friday, Dec. 15, East Jordan will travel to Charlevoix to play the Red Raydars.

Legion Auxiliary Hold Regular Meeting

American Legion Rebec-Sweet Post Auxiliary Unit 227 held their regular business meeting of the month, Thursday, Dec. 7, at the Legion Home with a fine attendance of members, President Edna Wilkins presiding. Several committee chairmen gave reports on the activities of their respective committees. All are working hard and making fine progress.

The highlight of the meeting was a report read by Hilda Bathke, Past District President, and now Department Community Service-chairman. The report was the one Hilda read at the mid-winter Conference held recently at Grand Rapids and dealt with the responsibilities of the Community Service Program and its opportunity for betterment in each individual community. This particular program has the largest scope in which to impress the importance of the American Legion and Auxiliary to you and your community. Unit 227 is very proud to have a member of our Unit hold such an important position in the Department. Good luck to you Hilda in your new work.

Mary Lou Breakey, Unit Community Service Chairman, is still in need of helpers in the room on Wednesday and Friday afternoons from 1 to 5 p. m. With the Christmas program in full swing there is plenty for each member to do so if you can, please give Mary Lou a hand. Clothes racks are now being made at the Foundry for the room and will be a great aid in taking care of the clothes we have. Dolls for Christmas baskets have been purchased and are being dressed by Extension Groups around town as their contribution to the Community Christmas. Their help is greatly appreciated. A display of the dressed dolls will appear in some show window in town. We are still in need of toys so if you have any discarded toys on hand get them in at once.

At our next meeting we will combine the December Birthday Party with a Christmas party and exchange gifts. If you plan to attend bring a birthday present as well as a Christmas gift valued at 50c. Reva Walton, Rehabilitation Chairman, is to have charge of the party.

As a reminder, now is the time to start on the handkerchiefs for the Mother's Day gift program. These handkerchiefs are to be valued at not less than 50c or more than \$1.50. Let's see if our Unit can make a fine contribution this year to this worthwhile program.

The Junior Auxiliary will meet at the home of Marlene Brown, Saturday, Dec. 16 at 2:00. All Juniors be sure and attend as plans will be made for the Christmas party at this meeting.

Early Michigan loggers occasionally reported white pine trees of from 150 to 200 feet in height and seven feet in diameter.

Notice Rebekahs

Next meeting, Dec. 20th, will be our initiatory. All members please try and come. Give this lovely class of candidates your support. Bring your own table service.

Telephone Girls Have Christmas Party

The telephone girls and close friends enjoyed a lovely Christmas party in the apartment of their chief operator, Miss Pollak, Tuesday evening, December 12, with a pot luck dinner and exchanging gifts with the name they drew earlier.

Following the Christmas gifts Miss Polly Stark was pleasantly surprised with a bridal shower where she received many beautiful and useful gifts.

Jasmine Rebekah Lodge

Jasmine Rebekahs, 40 in number, celebrated their Christmas party on Dec. 6th.

We missed our Noble Grand, Gladys Holland, who is leaving us to live in the town of Holt, near Lansing.

Our Vice-Grand Effie Weldy very ably presided.

Five officers were elected at this time:

N. G. — Effie Weldy
V. G. — Kay Braman
Rec. Sec. — Ruth Looze
Fin. Sec. — Dessie Montroy
Treas. — Carmen Crawford

The complete list of officers for installation will be given in Jan.

The meeting was later turned over to Sister Adeline Bowerman. We played games and enjoyed the nicely set card tables loaded with Xmas treats. Our tree was beautiful and at the base we had a large box of toys. Each member drew one out and all had a fine time.

We were presented with two lovely plastic card table covers from Gladys, our dept. N. G.

The Christmas Season is near now and with it all the attendant pagentry which has clustered about it in time and place. There are always those who question why this is so or that is so about the Christmas Season. One is always amazed at the increased tempo of life that is so noticeable at this time of year. One is also amazed at the recall of names and places that have been half-forgotten until now. Men, women and children work harder now, that they may not be counted neglectful of showing the love they feel for those they love.

Back of it all is that conviction of Another's love for all mankind which has instilled into the hearts and lives of men this great moving spirit that annually sweeps the world. God's love for man, His care for nameless people and places, His concern that men shall know Him in all His beauty and majesty. The Christmas Season is always His Invitation to men to come and behold Him that life may be lived anew. The churches of our community extend this invitation through their various activities to all people in this community. Come, and Behold Him.

Sunday Church School begins at 9:45. Church Worship Service begins at 11:00 a. m. The sermon title for this Sunday will be "Ye Shall Find Him."

Westminster Youth Fellowship meets at 6:30 p. m. There will be activities in the Church most of next week, for the various groups.

Through the fine co-operation of the children and parents in our Sunday School a nice Christmas box of gifts has been sent to one of our National Mission Stations in Kentucky. This is a fine spirit of sharing and of love and we are sure that all who have participated will have real joy in the knowledge of helping in this way.

MAYBE THIS IS WHY YOU'RE TIRED
If you feel weak and depressed or have an urge to eat frequently and still feel hungry, it is possible you have too much insulin in your blood. Learn how a simple test will reveal this condition and how a balanced diet may correct it. Read "Maybe This is Why You're Tired", in The American Weekly with Dec. 17 issue Detroit Sunday Times.

Immunization Clinic Tuesday, Dec. 19th

There will be an Infant and Pre-School Immunization Clinic, Tuesday, Dec. 19th, 9:30 to 11:30 at the office of Betty Robertson, R. N., Community Nurse. Dr. A. F. Litzemberger, Director of Charlevoix County Health Dept., will be in charge. Mothers who have children that have not received their immunization shots are urged to bring them to the clinic on Tuesday, Dec. 19th.

Christmas and New Years are near at hand with all the family coming home. Groups are going to gather for all holiday fun. Without knowing it we sometimes come in contact with one or more of the common communicable diseases. Don't take a chance with your child's health when it is so easy to protect it.

The afternoon clinic which in the past has been held in the Latter Day Saint Church on the West Side will be held in the office of Mrs. Robertson at the Grade School Building, 1:30 to 3:00 p. m., Dec. 19th.

CHRISTMAS DANCE

The F. H. A. is sponsoring a semi-formal Christmas Dance on Wednesday, December 20th, at 8:30 p. m. in the East Jordan High School Gym. The price of admission is \$1.00 per couple and 55c stag. The music will be by Kenny's Orchestra. The public is invited to attend. 50-1

Added Compensation Given A&P Employees

New York, Dec. 13 — Additional compensation totaling \$2,500,000 will be distributed among employees of The Great Atlantic & Pacific Tea Company Saturday, it was announced here today by John A. Hartford, chairman of the board.

All employees throughout the country with six months or more service will participate in the pre-holiday cash distribution. Last year the company voted \$2,250,000 additional compensation.

Simple Changes Can Cut Chore Work Time

Did you know the average dairy farmer can cut up to 120 miles of walking a year from his chore work and still get the necessary jobs done?

That same dairyman is going to spend six hours a day for the next six or seven months doing chore work, too.

Much of this work can be cut down by a little planning, according to Byron R. Bookhout, Michigan State College agricultural economist.

Perhaps the best way to find where to cut is to break the chore work into separate jobs, he says. The work can be divided into feeding grain, feeding hay, feeding silage, milking, caring for the milk and utensils, and cleaning the stables.

A few possible changes which Bookhout suggests are:

(1) Use a feed cart to reduce walking. (2) Use a silage cart which may cut walking 40 percent. (3) Feeding hay and silage once a day may possibly cut one-third of the work without affecting the herd. (4) Youngstock can be kept in a pen where hay can be self fed and silage fed once a day. (5) Cleaning milkers with new washing compounds and disinfectants frequently cuts work and saves time. (6) Improve milking routine by milking cows in order, keeping the units together, cutting out hand stripping, and not leaving the units on the cows too long.

Ideas for cutting time and work are frequently picked up by looking over neighboring farms, and talking with county agents. If you see an idea which looks promising, try it to see if it is worth putting into permanent use, Bookhout advises.

United Missionary Church C. W. Thompson, Pastor

The Community is cordially invited to attend the Christmas exercises which will be held at the East Jordan United Missionary Church Sunday evening, Dec. 17, at 7:30 p. m.

Charlevoix Extension Clubs Met Tuesday December 5th

The Charlevoix Extension clubs met at Charlevoix, Tuesday, Dec. 5, for their annual Christmas party and election of officers. Sixty-five members attended.

The Charlevoix group was host at the Christmas tea which followed a lesson on "Hats" given by Miss Emma Fero. The tea table was decorated in a Christmas motif, featuring Radolph, the red-nosed reindeer, and a small sleigh filled with green and red tapers.

The officers elected are: Chairman — Rose Adair; Vice-Chairman — Agnes Hegerberg

Both members of City Extension Group No. 1, East Jordan. Secretary/Treas. — Mrs. Helen Melin, Boyne City

Recreation Leader — Mrs. Helen Sneathen of the Burgess group.

HOMEMAKERS HINTS
When buying Christmas toys for children, choose those of the "do with" type. Shovels, wheelbarrows, or other wheel toys with hauling space are good year-around toys for outdoor play. Trucks with dump boxes or large racks and blocks are good inside toys.

The female opossum possesses a pouch in which the young are carried and nursed during infancy.

Santa at South Arm Grange, this Saturday

Santa will be present at South Arm Grange this Saturday evening, Dec. 16th.

The South Arm Grange is sponsoring their usual Community Christmas party this Saturday, Dec. 16th. There will be group singing of Christmas carols and a full evening of entertainment. Each person coming is to bring gifts for exchange. Men bring gifts for men and ladies gifts for ladies, with a value of 25c. Also exchange of gifts for children with a 15c value. There will not be the usual pot luck lunch afterwards.

The Lecturer has heard from Santa that he will be here but might be a little late as he has a big territory to cover that night. We will start the program around 8:30 so to be sure we are ready when he gets to the hall. So remember, boys and girls, if you have been good Santa always has something for you.

Mince-Meat Pies For Christmas

WEALTH OF TRADITION IS COVERED BY ITS CRUST

A wealth of tradition is covered by the crust of the Yuletide mince-meat pie.

Although few people today know it, the pie represents the cradle of the Christ Child surrounded by the gifts of the Magi. It was made originally in oval form, to symbolize the cradle, and the varied ingredients were the gifts.

At one time mince-meat pie was banned, and at still another time in its history, it was the cause of Christmas itself being abolished for a brief period.

For many years in England during the time of Oliver Cromwell, the custom of feasting and drinking at Christmas was regarded as worldly and sensual, and the more strict Puritans refused to eat mince-pie during the holiday season. The prejudice was finally overcome after the Restoration.

In the New World, during the first half century after the Pilgrims' arrival at Plymouth, similar troubles caused the banning of mince-meat pies and Christmas. In 1659, and for several years thereafter, there was no Christmas in New England as a result of an argument over the shape and meaning of mince-meat pies. Eventually the indignation spent itself, and the ban was lifted.

A pie which no other can approach in the intricacies of its creation, mince-meat pies originally were made almost entirely of meat seasoned with spices. Fruit, chiefly currants, was added, and probably because the dish was regarded as a sweet, the fruit content was gradually increased until mince-meat became a mixture of fruit and spices, with or without the addition of meat.

The whole world has a part in the making of a mince-meat pie, according to the American Bakers Association. There are lemons, citrons, and oranges from Florida and California; apples from a half a dozen states; currants from Greece; raisins from the Pacific Coast; sugar and syrups from Louisiana and Cuba; suet from the Middle West; spices from far-away Ceylon; and other ingredients from far and near.

By and large, mince-meat pies have not changed noticeably since those early days when New England cooks began making preparations for making the mince-meat weeks in advance of the actual pit baking.

The greatest difference occurs not in the ingredients, but in the preparation. The American housewife now depends on the baker to perform all the labor of preparation. The American Bakers Association says that American bakers use tons of the same high quality ingredients as are used in the home in taking care of the demand for this traditional part of the Christmas dinner.

History, tradition, and its own merits have made mince-meat pie one of the most interesting foods of all food products—rightfully occupying its place of honor at the Yuletide feast.

As Samuel Pepys stated in his famous diary about his 1662 Christmas dinner: "We had, besides a good chine of beef and other good cheer, eighteen mince-meat pies."

TO THE TAXPAYERS OF SOUTH ARM TOWNSHIP

All For Christ Youth Rally at Finkton Community Building

A special Christmas Youth Rally will be held at the Finkton community building (schoolhouse) Saturday night, Dec. 16th, at 8:00 p. m.

We invite you to come and help us enter this Christmas in the true Christmas spirit.

A program of special music has been planned. This will be followed by a Chalk Drawing of "Silent Night", by Mrs. Walter Buck of Petoskey.

Closing the program Missionary Walter Buck will show a film on the "Birth of Christ".

Friendly Circle Christmas Party

The Friendly Circle Extension Club had their Christmas party at the home of Mrs. Laura Malpass, Friday, Dec. 8th, at 6:30 p. m. An elaborate dinner prepared and supervised by Mrs. Otis Jenkins and Mrs. Augusta Trojanek was served to fourteen members and two guests.

The tables were attractively decorated with a miniature church and setting made by Francis Trojanek. Individual Christmas trees marked each place. The rooms were festively decorated with Christmas greens, a group of singing angels, Santa Claus, and the traditional tree.

The evening was spent listening to Christmas records. Mrs. Helen Watson read a poem, "Just 'Fore Christmas". Interesting gifts were exchanged by the members. The hostess was presented with a lovely wreath made by several members of the group.

Bulletin Offers Income Tax Help

Income tax time is here again, reminds E. M. Elwood, Michigan State College agricultural economist. Valuable help in the job of preparing a return is offered by a newly revised bulletin, "Farmers' 1950 Income Tax."

Prepared by a bulletin representing several mid-west Land Grant colleges, the bulletin offers a review of important points of the income tax law. Elwood represented Michigan in preparation of the bulletin.

The publication, extension bulletin 257, "Farmers' 1950 Income Tax" can be secured from county extension offices, or by writing to the Bulletin Office, Michigan State College, East Lansing.

Civil Aeronautics Ass'n To Demonstrate Flight Assistance Service

Through special arrangements made with the Civil Aeronautics Administration, Pellston Team, by the East Jordan High School and the Rotary Club, two demonstrations depicting the use of Civil Aeronautics Administration navigational facilities will be made in the high school gymnasium at 10:15 a. m. and 1:00 p. m. on Tuesday, December 19th.

The purpose of the demonstration is to encourage the use of two-way facilities as normally installed in the average light aircraft. Through the use of a mock-up and certain mechanical devices, a simulated cross-country flight in all of its phases will be shown.

The original idea was conceived through recognition of either a lack of knowledge of the average personal aircraft owner and private pilot in the use of his two-way radio, or by a recognized inherent fear of some pilots to use the CAA facilities provided for their purpose.

In the showing to be staged, the demonstration team will jointly portray the roles of pilot, weatherman, aircraft communicator and tower operator. In a planned flight between two distant points, the complete use of two-radio facilities, as normally installed in the average light aircraft, will be demonstrated. During the flight an amendment to the original plan is necessitated by inclement weather, and requires the use of an alternate destination.

As a sequel, another flight will be depicted, in which an over-confident pilot takes off without a plan, flies into darkness and becomes lost. The orientation method in utilizing the lost plane procedure is fully depicted in this phase of the demonstration.

This demonstration has been very well received throughout this area and will be open to the public. The public is invited to attend either the 10:15 showing or the 1:00 p. m. showing.

Marriages

Skrocki — Stardevant

Mr. and Mrs. Adam Skrocki announce the marriage of their daughter, Bernice, to Carl Stardevant, son of Mrs. Fritz Stardevant of Lansing. The marriage took place over the Thanksgiving holiday.

Saeniskie — Derenzy

Vera Saeniskie, daughter of Mr. and Mrs. George Stanek, and Archie Derenzy, son of Mr. and Mrs. William Derenzy, both of East Jordan, were married Nov. 30 in Elmira at the St. Thomas Catholic Church Rectory. Father Skydowski performed the ceremony. They were attended by Howard Stanek and Elizabeth Saeniskie.

Dr. Litzemberger Urges Active Support of 44th Annual Xmas Seal Sale

Spotlighting the campaign against tuberculosis, A. F. Litzemberger, M. D., Director, District Health Department Number 3, this week urged "Active support" of the 44th annual tuberculosis Christmas Seal Sale. "As Michigan's most costly public health problem, tuberculosis should be the concern of every resident of this county," Dr. Litzemberger said.

Killing more Michigan people than all other infectious and parasitic diseases combined, tuberculosis is a "chronic, communicable disease that has no obvious symptoms in early stages," the health officer declared. "Even one case of tuberculosis in the community may be a possible danger to others in the area."

Through year-around programs of education, case-finding, rehabilitation of the tuberculous and research, Dr. Litzemberger said the Michigan Tuberculosis Association is a "partner of the health department in efforts to control this deadly disease."

The doctor emphasized the importance of tuberculosis educational programs. "Although this disease may strike anywhere, any time, we know that forewarned is forearmed," he declared. "People who know how to protect themselves against tuberculosis are less likely to get the disease. Continuing the widespread educational efforts of tuberculosis Christmas Seals will help prevent the spread of tuberculosis and lower the death toll from this disease."

Dr. Litzemberger added that tuberculosis claimed 1,400 Michigan lives in 1949, with about 6,000 new cases reported in the year.

Termining tuberculosis Christmas Seal dollars, "ammunition against this dangerous disease enemy in 1951," the health officer urged area residents to "buy and use tuberculosis Christmas Seals this year."

Homemakers' Corner by Home Economics Specialists Michigan State College

WATER IS BEST FOR TREATING XMAS TREES

Keep your Christmas tree in water to keep it fresh, green, fire-resistant, and to prevent the needles from falling, advises Dorothy Greey, Michigan State College home economist.

Cut trees, like cut flowers, must have water to stay moist and fresh. Foresters advise buying a tree that has been cut as recently as possible, putting it in water promptly, and keeping it in a cool place until put up for decorating.

As soon as you bring the tree home, cut off the end of the trunk diagonally at least an inch above the original cut. Stand it in a container of water and keep water level above the cut surface as long as the tree is in use. A cross-wise brace of wood across the water container can be attractively disguised by covering with the metal foil now sold for kitchen and florists' use.

Buying freshly cut trees and then keeping them in water pays. If the tree stands and dries after cutting, it gradually loses its ability to draw up water. To tell whether the tree is fresh before buying, break off a small branch and see whether the wood under the bark is moist.

Fortunately, the water treatment is the simplest as well as the best way to make the Yuletide tree fire-resistant.

Church 10:00. Church School 11:15.

Mrs. Alice Shepard was hostess to the Good Will class last Sunday. A turkey dinner was enjoyed by Mesdames Anna Keat, Mary Hitchcock, Mary Larson, Anna Carr, Agnes Carson and Mabel Kowalske. Mrs. Viola Shaw was also a guest.

The Budget Raising Pot Luck Supper served by the Men's Club last Thursday night was a huge success. The chicken pie, "cooked and served" by the men, was enjoyed by all. The special musical program was planned by George Klooster. Howard Darbee gave the talk. Carlton Bowen was recording secretary. Richard Schroeder had charge of the kitchen and L. B. Karr was in charge of the dining room. A large crowd attended.

Last Thursday the Cherubim Choir met with their leader, Mrs.

Richard Schroeder, for a supper, games and an exchange of gifts. One of the outstanding meetings of the WSCS was held in the parsonage last Tuesday evening, Dec. 5th. Soft music, characteristic of the season and a symbolic worship center were the background for the devotions given by Mrs. Moore. Mesdames Eleanor Scott and Dessie Montroy were cohostesses. Mrs. Ruth Moore from Bellaire was a guest. The church services next Sunday will be a short sermon by the pastor. There will be special music by the three choirs. The MYF will meet next Sunday night for their Christmas party. There will be a period of devotion and business meeting, followed by a pot luck supper, exchange of gifts and caroling. Mrs. Mildred Karr and Mrs. Alta Drapeau, assisted by Mrs. Effie Weldy, entertained sixteen members of the Junior Choir with a Christmas dinner and party at the Karr home last week. Mrs. Lillian Damoth has charge of the Nursery School this month. Mrs. Barbara Shepard served in November.

WEEKLY NEWS ANALYSIS

Chinese Delegation Charges U. S. With Aggression in Korea, China; U. N. Forces Face Defeat in Korea

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

The "big-win-the-war" push got underway (1) in Korea with the 24th division driving on Chongju. Other UN forces aimed toward Taechon. The big offensive was touched off by a frontline visit of Gen. Douglas MacArthur, who flew from Tokyo to Sinuiju (2). He also flew over Sinuiju (3) the Suho dam (4), Hyesanjin (5), and over the Changjin reservoir area (6). Superforts bombed Manjojin (7) in one of the war's big raids.

UNITED NATIONS: Is It War or Peace?

Fear gripped the United Nations security council when U.S. delegate Warren R. Austin asked Red China's delegate Wu Hsiu-Chuan, "Will there be war or peace in the Far East?"

It was with these words that the United States charged Red China with aggression in Korea; it was these words that created a feeling of fear never before felt in the United Nations. As one diplomat explained, it created such a great fear that those seated in the security council were afraid to speak lest the wrong words plunge the world into World War III.

Communist China had been invited to the council to debate the charge that the U.S. had committed aggression against Formosa. Instead the Chinese delegate charged the security of his country was endangered by U.S. aggression against Korea, and he asserted he was alarmed by the spread toward China of the "flames" of the U.S. "war of aggression." He demanded the withdrawal of United Nations troops from Korea and a seat in the United Nations for his country.

The American delegate charged China with aggression after General MacArthur reported there were 200,000 Chinese Communist soldiers in Korea and that the U.N. forces faced an entirely new war.

Red China replied that the Chinese troops in Korea were volunteers and that Peking will not stop their departure for the battle front.

Austin asked the Chinese delegate 20 direct questions which, in sum, boiled down to: Why had China thrown 200,000 troops into Korea against United Nations forces and what do you want? The Red delegate did not even answer Austin.

Observers who heard the exchange of charges were agreed that the world was closer to World War III than ever before. It was also evident that China had no intention of calling off its troops in Korea until U.N. forces had been defeated.

But more than this, the future of Asia seemed at stake. China's delegate charged the U.S. with aggression in the Philippines and other Asian countries. This would indicate, most observers felt, that China had mapped a program for the domination of the Far East comparable to that one championed by Japan.

And as the diplomats talked and hurled charges and countercharges, the position of U.N. forces in Korea became more desperate. Their defeat would mean a blow to the United Nations from which that world organization may never recover.

The tone of Wu's security council speech was not new to U.N. delegates. It could have been written by the Russians. At one point Wu threatened the countries backing the United States not to "pull the chestnuts out of the fire for the United States—because if you support United States aggression you must bear the consequences of your actions."

AMERICAN COMMUNISTS

Jury Indicts Six Top U. S. Communists

A federal grand jury ordered contempt of congress prosecution against former Communist boss Earl Browder and Frederick Vanderbilt Field, New York millionaire and alleged "angel" of Red causes. The jury also indicted Philip Jacob Jaffe, former editor of the defunct Amerasia magazine and a key figure in the 1945 "stolen secrets" case.

Also indicted for contempt were Joseph P. Kamp, executive vice-chairman of the constitutional educational league; Edward A. Rumlly, executive secretary of the committee for constitutional government; and William L. Patterson, executive secretary of the civil rights congress. All face heavy fines and prison sentences if convicted on contempt charges.

Chinese Reds

Jacob Malik (left), chief of the Soviet delegation to the U. N. and Julius Katz-Suchy (center), Polish delegate, are on hand to welcome the nine-member Chinese Communist delegation which appeared before the United Nations. Malik is shown shaking hands with Gen. Wu Hsiu Chuan, head of the Chinese group.

KOREA: Chinese Attack

With Gen. Douglas MacArthur personally directing the start, U.N. forces in North Korea launched what was called the "big-win-the-war-punch." Initial successes were reported by U.N. commanders, but Chinese Communists counterattacks stalled the drive and broke through the U.N. front at a number of points.

As many as 200,000 Chinese Communists were reported in North Korea, overrunning U.N. positions and threatening the entire army. The Reds were swiftly exploiting their breakthrough. They were reported swarming along "every road, gulley and ridge line." As many as 21 divisions were reported to be in action.

The situation in Korea was so serious that General MacArthur told the non-Communist powers that they must decide quickly what to do about the grim prospect of "an entirely new war" against Red China. He went so far as to suggest that World War III had actually begun and could be stopped only by a last-minute political solution.

Overnight the military situation in Korea became desperate. MacArthur said Chinese Communists had already thrown "a major segment" of their armies into Korea. They have shown "the obvious intent and preparation" to reinforce this spearhead with perhaps 300,000 more men now on the move in Manchuria, he added.

Observers said that total defeat in Korea was not unlikely if some last minute action is not taken by the United Nations. It was no secret that military commanders wanted the authority to bomb supply centers and concentration points in Manchuria where the Communists have organized for the attack.

CONGRESS: The Politicians Fight

President Truman put several questions to the lame-duck session of congress on the opening day and immediately the politicians began their wrangling. To the American listening to the depressing news from Korea and screams of a troubled world, the gentlemen in the senate and house appeared somewhat ridiculous, to put it mildly.

The administration asked for extension of rent controls, statehood for Alaska and Hawaii, increased taxation to meet budget requirements, and increased defense appropriations.

Most observers believe the rent control extension measure is doomed to defeat. Republican senators said it could wait. What the delay is for no one knows, unless it is to tighten the squeeze on the little man.

A bitter and possibly long fight was indicated in both houses over the administration's call for an excess-profits tax. Even the proposed legislation granting statehood to Alaska and Hawaii seemed in for a knock down and drag out fight.

Republican leaders, buoyed by election victories, seemed determined to have a greater say in the nation's foreign policy. Many observers believe if they could collect Secretary of State Acheson's scalp they would be satisfied.

This wrangling of the politicians is getting results in one way, however. The American public is on the verge of screaming fits. More than anything else the average American would like to see some degree of unity in congress at a time when the nation faces a serious crisis.

ATOMIC POWER: To Reveal Secrets

The announcement that the United States, Great Britain and Canada had agreed to release data relating to "low-power" nuclear reactors was greeted by most observers as one of the most important decisions in regard to the question of atomic secrecy to be made by the three powers.

The agreement permits the publication of information necessary to the design, construction, and operation of four U.S. low-power reactors as a means of stimulating atomic-energy development in the countries, particularly for peace-time application.

The atomic energy commission said the three governments agreed that the release of the information under the revised guide will speed the training of nuclear-reactor engineers and technicians and will hasten atomic-energy development in these countries, particularly for peace-time applications.

Before such a reactor can be built by a private institution, however, the permission of the government to use the necessary fissionable materials is required.

SECURITY LAW: Wheels Begin to Turn

The first step against the Communist party under the subversive control act, passed by the last session of congress, was taken when the justice department filed a petition with the subversive activities control board to force Communists in this country to register.

Thus the wheels of law begin to grind under an act that has been criticized as unworkable.

The 4,800 word petition, signed by Attorney General J. Howard McGrath, charged the Communist party of the United States with being run by the government of Soviet Russia.

The Communist party refused to register voluntarily under the internal security law and is expected to fight the petition.

Seth Richardson, chairman of the control board, said the hearings on the petition might be expected to run for months.

Tragedy

Two trains on the Long Island railroad smashed into each other in one of the bloodiest wrecks in the nation's history. Seventy-seven dead and 832 injured were removed from the wreck which has touched off an investigation of the railroad on which another crash a few months earlier took a toll of 33 dead and 135 injured.

A-BOMB: Use Is Vetoed

American military leaders considered, but voted against using the atom bomb on massed Communist troops early in the Korean war.

Authoritative sources said the proposal had been advanced simultaneously but independently by army and air force officers when the bulk of the North Korean army was concentrated in a small area near the town of Suwon. Moral reasons entered into the decision.

Reorganized Church of Latter Day Saints

Church School with classes for all ages will meet at the regular 10:00 a. m. hour under the direction of Clifford Bradshaw. This school offers an opportunity for study, discussion and worship in the basic teachings of the church.

Harry Doty of Traverse City will be the speaker at the regular 11:00 a. m. hour.

From Independence, Missouri, home town of President Harry S. Truman, the 34th annual Christmas performance of Handel's "Messiah" by the Messiah Choir of the Reorganized Church of Jesus Christ of Latter Day Saints whose headquarters are located in Independence, will be heard over the Columbia Broadcasting System, Sunday night, Dec. 17, from 11:30 to 1:00 a. m. Eastern Standard Time. The program will be heard locally over station WJR.

This will be the twelfth CBS network broadcast of the beloved Oratorio by this well-known choir of 280 voices. The choir includes a number of members who have appeared in every performance since the year 1916 and many of its singers know the music by heart as a result of many years of performance.

Accompanied by 42 selected musicians from the Kansas City Philharmonic Orchestra, the entire performance will be under the direction of Franklin S. Weddle, director of music and of radio for the church. Soloists will be Josephine Crinklaw Mader, Kansas City, Mo., soprano; Virginia McClelland Ehwa, Kansas City, Mo., contralto; Garland E. Tickemyer, Los Angeles, Calif., tenor; and Maurice Nord, Springfield, Ill., bass. KMBC of Kansas City will originate the broadcast for the network, with chorus and orchestra performing in the ballroom of Kansas City's Hotel Muehlbach.

The East Jordan branch of the Reorganized Church of Jesus Christ of Latter Day Saints awaits this broadcast with special interest and expectation and annually sponsors special listening parties for its members.

Bowling News

News comes from Muskegon where the Central States tournament has but one more week end to go, that Chris Taylor is still leading in the Class B singles. Several changes were made in that division but none affected the standings of Chris's 649.

The East Jordan Masons continue to lead in the Top of Michigan Masonic League as they continued their winning ways in Boyne City Sunday, taking Grayling and Boyne City 3-1. In addition to leading the league, East Jordan has also copped the team honors for single game of 1105 and 3050 for high three games. Barney Adair rolled games of 209-224-266-699 to take over the high individual honors for series and single game in the league.

In the Merchants league Sommerville's Grocery took 3 points from the E. J. Canning Co., while Dip's Tavern scored a shut-out over Ellsworth Electric and came within 1 point of first place, still

held by the local Cannors.

John Atkinson came within 1 pin of scoring triplicate games as he had 174-174-173 for a 521 series, tops for the Canning Co. Chris Taylor topped the Grocers with 522.

Ed Nemecek led the Tavern team and the league when he wired games of 183-225-159 together for 567. His 225 middle game was also tops for single game in the league. The best effort on the part of Ellsworth Electric was Herb Peebles' 467.

St. Joseph vacated last place when they took 3 points from the American Legion, while State Farm Insurance lost 3 points to the Anchorage. Jim Lilak had high for the Saints with 548, while Abe Cole topped the legionnaires with 536. Gene Tiechman led the Anchorage five with 548, and John DeYoung had high for State Farm Insurance with 494.

The State Bank and Monarch Finer Foods split points after the Bank had won the first two games. Monarch scored an 897 game to win total pins and the last game. Greg Boswell had 660 for the Bankers, while Mary Elzinga with a 222 finisher, topped the Monarchs with 499.

The Recreation scored a 4 point win over Thorsen's Lumber, Barney had high for the Recreation with 543, while Ole Hegerberg, subbing for the Lumber Jacks, had 483, high for Thorsen's.

Only six of the twelve teams bowled in the Ladies League. The Dress and Gift Shop scored a shut out over Bachmann's from Central Lake. Club 131 won 3-1 over Dip's Tavern, and the State Bank and Thorsen's Lumber Jeans split 2-2. Betty Boswell's 191 game was high for single game and her 517 was high three for the night.

Most of the postponed matches will be bowled before next Tuesday and a complete Standings of the teams will be printed next week.

Next Tuesday the Dress & Gift Shop and the E. J. Canning Co. ladies will bowl at 9:15 p. m. and everyone will be watching the outcome as the winner of this match could easily be the champs for the first half of the season.

Rural Tele-news

MAKES HOURS OUT OF MINUTE—The Fastax camera can take so many pictures that one minute's action, slowed down on a movie screen would make an eight-hour movie. Developed by Bell Telephone Laboratories, the camera is used to study the rapid motions of phone switching equipment as well as the action of human cords. Research aids such as Fastax help to improve telephone service.

THE RINGS YOU CAN'T HEAR—It wasn't too many years ago that nearly every rural-line customer served by Michigan Bell could hear the rings of all other parties on the line. Today, thanks to technical improvements, nine out of every ten hear the rings of no more than half the parties on their line. This is but one of many ways Michigan Bell is providing steadily better rural service.

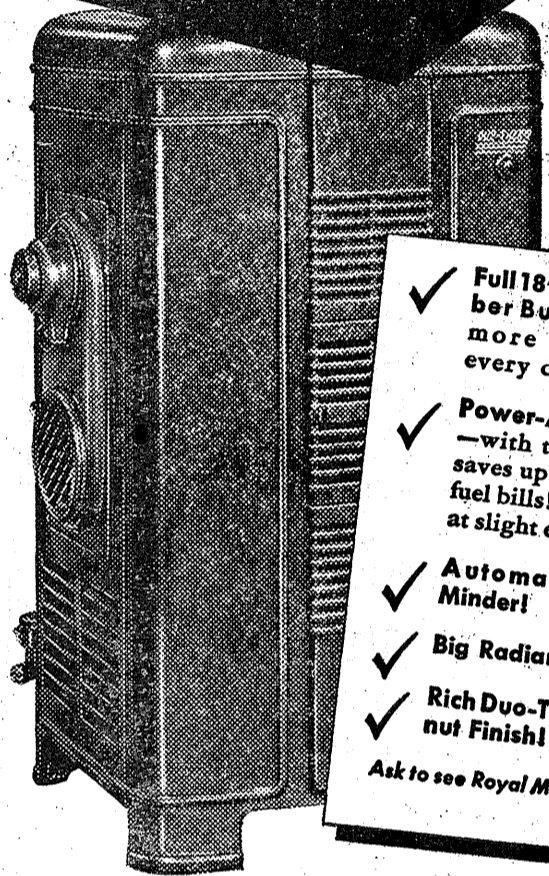

HOW DO THEY SOUND TO YOU? In recent months many Michigan operators have been attending meetings to find ways to give you better service. They listened to their own voices on wire recorders... and analyzed many other phases of their work and they're putting their findings into practice. They hope you'll notice the improvement.

The down town section of the city is very attractive with its holiday trimmings. A very pretty decorated tree stands at the foot of Man St., several strings of lights and stars are strung across the street, the light posts are covered with evergreens as well as the attractively decorated windows of the business places. "Oh, isn't it pretty," is voiced by all who see it.

Sunshine Extension Club met at the home of Dessie Montroy on Monday evening, Dec. 4. A discussion of frozen foods followed the business meeting and we also had a lesson on "Tying Christmas Packages" and "Making Christmas Wreaths." Recreation leader, Irene Kiser, provided us with a game and our hostess served dainty refreshments. We adjourned to meet Dec. 15 with Vivian Atkinson for a Christmas party.

It takes a forger to give a check a bad name.

Michigan, fretting anxiously over the possibility of a third world war within a third of a century, yawns widely when the recount is mentioned. Opinion seems to be, "we voted as per our duty. Let the bigwigs fight it out now."

Biggest jolt to Republicans was the early Wayne recount. While the G. O. P. board of canvassers looked with jaundiced eyes on that area and its previously bad ballot counting record and hinted broadly at collusion, the recount found the errors—all normal mistakes—favoring Williams, fair haired boy of the county. However, time will tell, as other Wayne county precincts are yet to be checked.

Politically speaking, Michigan eyes are now beginning to focus on the legislature. Despite a legislative cut in state appropriations, the state is spending more money daily than it receives. The specter of more taxes is stalking the quiet chambers of the lawmakers. Pressure groups already are being alerted to combat such a move. Many state agencies will ask an increase in appropriations, citing rising prices due to inflation. The legislators? They'll talk only "off the record"—and then not much. Can you blame them?

Speaking of taxes, a well-known Michigan name popped up recently in Congress. A. F. L. consultant Arthur Elder took up the old cry of more corporation taxes. He told the ways and means committee corporations could stand from five to six thousand millions of dollars more taxes. Elder, ex-head of Michigan Federation of Teachers and director of the U. of M. workers' educational services, was under fire in 1948 on charges that "Marxist ideas" were being taught.

State workers now are forming an affiliated union. Its aim: Strengthening of civil service; more effective service to the public; better working conditions, and salaries on a par with private industry. The civil service commission recently granted a pay boost

to state employees.

Average weekly earnings in Michigan manufacturing rose to \$74.60 in October with some counties going even higher. Meanwhile industry is bidding high for technicians. M. S. C. officials say they won't be able to supply manpower for one-fourth the jobs available this spring.

Unemployment in Michigan is on the rise, and many workers in automobile plants face layoffs by spring. Cutbacks in use of steel, aluminum and copper—to mention a few commodities—are due January 1. Credit restrictions are already here, car prices are going up again, and war orders are lagging.

Despite all the talk about the inflated savings bond, Michigan citizens have bought \$175,000,000 worth thus far this year—more than any other period since 1945.

The army claims its 33 percent rejection rate is better than that of World War II. Selective service says, "yes, but in World War II they were taking men from 18 to 38. Now it is 18 to 26." The 33 percent does not include the obviously crippled.

The battered liquor control commission has been tagged "sloppy". Senator Carlton H. Morris (R-Kalamazoo) says "Kozaren (chairman) doesn't have a full grasp of the business. . ."

David M. Martin, Flint Democrat who recently made himself unpopular with brother party members by voting to reinstate former general Kunzig as executive director of the LCC, has been reappointed to the commission by a 20-0 Republican senate vote.

Governor Williams urges a \$25,000,000 building program during the next fiscal year on the mental health expansion program. The mental health commission says it can award only 15 or 16 millions in contracts in that period.

Prices will be eight to 20 percent higher in the Grand Rapids furniture market after the first of the year. But spokesmen expect brisk buying. New designs will be limited by the backlog of orders which makes speed imperative.

The 1,100,000 1951 fishing licenses are rolling off the presses already. And Michigan holds its position as top fishing state in the country—at least in the number of anglers.

Charles M. Ziegler, state highway commissioner, opposes any toll turnpike for a main traffic route in Michigan. In a letter to a newspaper, Ziegler declares the Pennsylvania toll highway is in a "critical financial situation" and that a similar project is not needed here.

MASTITIS — BE ON GUARD
How do I fight mastitis in my herd? This question is frequently asked of county agr'l agent, Ed Rebman.

Some recent information from J. G. Hays, extension dairyman at Michigan State College, says there are two ways: an everyday alertness against the attack of mastitis germs, and fast treatment with drugs when mastitis is present.

Hays says that many dairy cows in Michigan harbor mastitis bacteria in their udders and nobody suspects it. No swollen quarters. No abnormal milk. But the sly invaders are there just the same—waiting for their chance to attack the host cow or to tackle a neighboring cow.

Being on guard consists of protecting the delicate udder by proper bedding, by preventing drafts, by not letting the milking machine tug away too long or to operate at too high a vacuum.

A good way to discover mastitis is the strip-cup. Routine checking of the first milk from each quar-

ter will spot the presence of mastitis.

Immersing teat cups in chlorine solution is also important, Hays says. To make best use of this practice, many dairymen use an extra head for their machine units (as three heads for two units), thus assuring several minutes immersion in the killing chlorine solution.

Even with the most alert dairy care, mastitis sometimes occurs in the delicate udder tissue. A number of drugs are now available for treatment. A veterinarian can help with their selection and use. Hays sums up the recipe for mastitis control as this: constant care and quick treatment.

EGGS NEED WATER
Laying hens need plenty of water—but not ice, says Ed Rebman, county agr'l agent.

He advises farmers to inspect their poultry house watering system. Much needless work can be eliminated by a few simple changes.

The agent recommends an insulated water pail for farmers who have to carry water. This is simply a box large enough to contain a pail. The box is large enough to allow straw, saw dust or some other insulation to be put around the pail. Some kind of top should be provided to keep water out of the insulation when birds drink. A perch or running board, from which hens can drink, is nailed to the box and a cover with holes through which birds can drink completes the insulated pail.

A fully automatic system can be made with drain pipes, float valves and heating cable. Poultry raisers can save themselves trouble, time and money if they observe these points when they ice-proof an automatic system:

Use flexible heating cable of high resistance and with waterproof covering.

Use enough cable and tape it to the water pipe. Length of cable will depend upon the length of pipe, number of lateral connections, number of birds housed, and minimum outdoor temperatures.

Use a thermostatic switch to automatically turn on electricity when temperatures fall to near freezing.

Almost any poultry water system can be made "ice proof", the agent advises. A little study and time taken to do the job will pay off in better production and higher profits.

KINDERGARTEN — Helen Severance

We are so glad to have almost all our Kindergarten back in school.

Shary Sinclair was six years old Monday.

We are very busy being Santa's helpers and working on Christmas presents.

David Rice enrolled in our second grade Monday. David comes from Rochester, Michigan. We are selling Christmas seals.

SECOND Grade — Cora Seiler
The children are happy making Christmas gifts and cards. We are trimming our tree this week.

Every day we practice our songs for the Christmas program.

Mr. Archie Murphy brought us a very nice Christmas tree.

The ones in our room who were chosen to be in the play are Linda Murphy, Gerald Peters, Louis Kraemer, Connie Bennett and Annette Reed. They will be Roman children. The rest of the children are in the chorus.

Annette Reed's mother visited us last week.

Mrs. Frank Hayden brought a beautiful wreath she had made. We have it on our door.

The children are helping to sell Christmas seals so we can help those who have TB.

THIRD Grade — Mrs. Hughes
We thank Mrs. Stokes, Mr. Combest and Mr. Jensen for our Christmas tree. We decorated it with trimmings we made ourselves. We are so glad to have it.

Mrs. Frank Hayden made and gave us a beautiful wreath for our door. We wrote a letter to

each of these people who helped to make our Christmas at school so merry.

We are all working hard to learn our songs for the Christmas program.

Our children have sold 600 Christmas seals in two days.

Jeanette Fisher brought fudge as a treat for the children on her birthday. Diane Dougherty treated with cupcakes to celebrate her birthday. Sandra Gibbard and Joanne Clark also had birthdays in December.

Our children drink their milk better than even since they have learned that milk makes strong muscles, strong bones and strong teeth. Our class has studied foods in health class. We made big charts showing fruits, vegetables, meats and seven basic foods.

In history we are studying colonial times.

FIFTH Grade — Mrs. Liskum
Our room is very beautiful for the Christmas season. Ernie Hayden brought us many green boughs, some Michigan holly and some painted cones. James Raveau gave us a fine balsam tree. Gloria Schlicka set up a creche her mother let her bring from home.

We like our new arithmetic books very much. We are multiplying with three figures in the
