Not Charity, But Service of the Community

The East Jordan Community Christmas program was again carried through in a fine manner. It is the object of this project to see that no family in need in this community is forgotten at Christmas and that no child is without some toy and special treat.

The boxes were generously filled with groceries and under the supervision of the American Legion Rebeck-Sweet Post Auxiliary Unit 227 were distributed to people in need of them.

Mary Lou Breakey, Community Service Chairman of the Auxiliary had charge of the program and she wants to thank the school and other organizations who contributed through donations of food and money.

Individuals who so generously gave to this worthwhile cause. Without the help and wholehearted support of the whole town as well as the time and effort by the people who gave their service on the committee, this fine project could not be carried out and a lot of credit and thanks is due to each and everyone.

We are proud to feel that East Jordan tries to take care of its people who need a little help.

The Community Service Room in the City Building is well supplied with clothes and the committee would like to urge anyone who is in need of its service to feel free to use it.

In these times when living costs are so high it is hard to always provide all that is needed. This is not charity but for the service of the community and it is not necessary for anyone to be cold or without clothing if the room can meet their needs.

We want everyone to feel free to use this service. The room is open on Wednesday and Friday afternoons from 2:00 till 4:30. Someone is always there to assist anyone who needs clothing.

Closing the day the Luybens will have complete charge of the evening service. They have very fine motion pictures of the work that they will show during the evening service.

It is the story of the Church's impact upon the World. The story of the church moving into history and transforming the history of the past twenty centuries. No historian can truly relate the facts of history without coming to grips with the mighty impact of the Church upon History. Parents are urged to avail themselves of this opportunity to learn of this great story of God's Spirit moving through His church and also to make sure that their children become aware of it too. There is help for both parents and children in our new materials.

The Church Worship Service begins at 11:00 a. m. This is a service of Meditation, Worship and Instruction. With the confusion so rampant in the world today, God's truth needs to be learned anew. Auxiliary Held First Meeting in 1951

The American Legion Rebeck-Sweet Post Auxiliary Unit 227 held their first meeting of the year, Thursday, Jan. 4, at the Legion Home with a good attendance of members. President Edna Wilkins called on several Committee Chairmen for reports. Mary Lou Breakey, community service chairman, reported on the supper recently served to the Rotary Club. She said it was a grand success and the Auxiliary received many fine compliments from the Rotarians. She also gave a report on the Community Christmas. Reva Walton, rehabilitation chairman, said that Christmas gifts were given to Maurice Murphy and Everett Vermillion. Both are servicemen from East Jordan who were wounded while serving in Korea and who have been spending Christmas with their families. Eldeva Gokee, child welfare chairman, reported the children who were victims of polio this past year were also remembered at Christmas with a toy. Jean Peterson, membership chairman, reported we now have 88 members and anyone who has not yet paid their dues should have them in by the end of this month. Martha Kamradt was appointed to act as chaplain while Agnes Woodcock is unable to serve in that office. We all hope Agnes will soon be feeling better and able to attend meetings again. Bernadine Brown was appointed Jr. Activities Co-Chairman.

The next meeting will be semi-social and in honor of members whose birthdays are in January, so don't forget to bring a birthday gift. Agnes Sulak is to furnish the birthday cake. If you have not been attending these parties you are missing a lot of fun. Gifts are not to be costly but more in the line of a joke to create fun. Shirley Isaman and Hilda Bathke will have charge of entertainment for the evening. Date: Thursday, Jan. 18, Legion Home, 8:00 p. m.

East Jordan '51 Polio Drive Now Ready To Start

IF POSSIBLE, GIVE DOLLARS INSTEAD OF DIMES

East Jordan again is organized for the annual campaign of the March of Dimes and will join with the rest of the Nation in firing its opening guns at the dread scourge of polio on Jan. 15th.

Our local chairman, Hollis Drew, particularly invites the active help and support of all our social, fraternal, civic and agricultural organizations in this very important effort. The county's 1950 record of 12 infantile paralysis cases stresses the necessity of an all-out cooperation extending through the community down to each and every individual.

It is our collective responsibility — be certain we will not fail.

Again it comes time to commend the Local Chapter, in cooperation with The National Foundation for Infantile Paralysis, for its work in Charlevoix County during 1950.

After checking the records we find that there were two cases of polio from Boyne City, five from East Jordan, and five from Charlevoix, making a total of twelve cases in the county.

Because of the nature of the disease the cost of caring for a patient is terrific. Both cases from Boyne City required special nurses, and one of the cases from Charlevoix was in an iron lung for approximately a month and a half. Needless to say, an ordinary family could not begin to pay for such care. We are fortunate in having an organization which does provide the needed care, and it is up to us to support it 100 percent. Over \$12,000.00 was spent in 1950. Of this amount \$9,600.00 was advanced from the National Foundation. Our share of the 1950 March of Dimes was \$2,484.15, which fell short of our actual expenses by about 80 percent. We can't expect the rest of the county to support us, although the willingness is there, and thus far the National Foundation has been able to advance the money for care. However, in order for it to continue to do so the general public must get behind it 100 percent.

Be glad that you were one of the fortunate ones in 1950 and give generously, secure in the knowledge that should you be struck by the disease at some future date your Local Chapter and the National Foundation will be willing and ready to aid you. The Local Chapter is depending on the March of Dimes to meet current bills, as well as trying to build up a reserve for future emergencies.

If possible, give dollars instead of dimes.

A. F. Litzbenburger, M. D.

FOURTH Grade — Lois Snyder
We are very glad to welcome Karen Jackson back to school. She has been absent since Thanksgiving and says she is anxious to get caught up on the work she has missed. Everyone is going to be careful not to bump her so that she will injure her operation.

Yesterday we drew pictures of life in the jungle. There are Fygmny huts, elephants, river scenes, and many others. We will soon go on to the study of Egypt, an oasis in the desert.

We enjoyed a film strip yesterday on the constellations. Mrs. Galmore's 4th grade came in our room while we showed it. We learned the interesting legends about the star patterns in the sky. (continued on page 4)

All who are interested in welding and thinking about purchasing a welding outfit should also plan on attending this meeting.

State Bank stayed in the race for first place in the first half of the season when they split two points with Thorsen's Lumber Co. Twenty 200 or better games were rolled as an equal number had 500 or better for their night's effort.

We Like Horses, Too, Sonny...

But We Have to Use Machines to Keep You Eating

There's nothing quite like riding and working with horses. You'd think a farmer would do a lot of both. But times have changed, and farmers have changed with them. You see, at one time, we used a lot of horses to grow your food and the fiber for your clothes. But there weren't so many of you then. Now we have to use machines to keep up our farm production... so we can clothe and feed you. Tractors have replaced the horse in many of our operations.

Likewise, we've had to develop farmer cooperative associations to purchase and manufacture the supplies we need in producing your food and fiber. Also, we have our farmer cooperative marketing associations to help us get better food and fiber to you at lower cost. That makes you a better customer of ours and it makes us a better customer of those who make the things we buy for our farms.

Yes, Sonny, it takes a lot of farm machinery these days to keep folks eating and clothed, and our farmer cooperative organization is one of those machines.

Michigan Bell ordered more than 350,000 copies of the fact-filled book which is given out free of charge each year.

Life of Action

Lesson for January 14, 1951

SCRIPTURE: Mark 1:21-30. DEVOTIONAL READING: Psalms 145:10-21.

THEY say that in four regions of the United States there are four different questions which are asked of newcomers. In the New England states they ask a stranger "How much do you know?" In the wealthy northern states they ask, "How much have you got?" In the South where pedegrees are so much treasured, they ask, "Who was your grandfather?" But out in the wide-open west they have only one question: "What can you do?"

Action in Religion
It is a fair question. If the answer is "Nothing," then it does not make any difference at all what a man can answer to the other three questions.

To be sure, they look at this differently in the Orient. According to the ancient philosophy of the East, it is only the inferior man who rushes around doing things. The superior man sits and thinks. The West's admiration for action, and the Orient's admiration for contemplation, enter into religion itself. The typical Oriental "saint" may be a man who never turned his hand to a piece of work in all his life. The typical western "saint" is likely to be a very busy and active sort of person. It is all the more interesting that Jesus combined both the western and the eastern ideas of religion. He was a man of prayer and meditation, yet a man of strenuous life too.

Life of Action

THE Gospel by Mark, reliable tradition claims, actually comes from Simon Peter. During Peter's missionary travels he used to speak often about the life and work of Jesus, and young John Mark would take down notes of what he said. Then later Mark worked up into a connected "gospel" many of those story-sermons. It is easy to believe, the tradition, because this gospel sounds so much like what would appeal to Peter, a man of action.

At any rate, in Mark we have very little said about Jesus' teaching, a great deal said about what he did. Jesus does not have a spare minute, not a day off.

What about the rest of us? Suppose some biographer were to write up you who read these lines. Suppose he could use in his story only your actions, not your words or ideas. Would there be enough material for him to write a book?

Words of Power

WHILE Mark almost never tells us what Jesus taught, he does tell us that Jesus was a teacher. In describing the synagogue-service in Capernaum Mark tells us the people were astonished, and even two demon-ridden men were struck down with terror.

What Jesus said that astonished the people and alarmed the demons we do not know. Possibly Peter, who was there, may have been too busy watching people's faces to hear what Jesus was saying. However that may be, Jesus is here introduced to us not only as a doer but as a thinker and teacher.

Life is not all action; it is also thought. Jesus' acts were full of power; so and not less so were his ideas, words, teachings. Look at the rest of us again: We may be full of talk, but how much power is there in our ideas?

Straightway

ONE word is found many times in Mark's stories of Jesus: "Straightway" as the older versions have it—that is, immediately. It is not just Mark's style. It is his way of bringing out something important about Jesus' life and habits.

There were no blank spaces, no pages unwritten, no empty gaps, no waiting-around, in Jesus' life. In his life one activity followed on the heels of another. He had no time to waste, and he wasted none.

Let the honest reader try to make a realistic budget of his time. At the beginning of a week let him draw up a kind of chart showing how he expects to spend his 16 waking hours each day,—so much for work, recreation, study and so forth. Then at the end of the week let him ask himself: Where did my time go? He will often have to admit that he did not really live the whole day, any day,—only parts of it. Living as a Christian means living one's full time, living one of those 16 hours a day.

WEEKLY NEWS ANALYSIS

Truman Rejects Hoover Demand For a New U. S. Foreign Policy; Allies Approve Army of 750,000

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Here is another view of a section of the city corridor through which the first marines fought their way to the Hamburg beach-head. Weary leathernecks used every pause to catch a nap, even on the frozen ground. Over 11,000 of them were killed or wounded.

HOOVER:

A New Foreign Policy

Herbert Hoover demanded a new foreign policy for the United States in a major radio-television speech. He urged the U. S. to concentrate on holding the Atlantic and Pacific oceans with the island outposts of Britain, Japan, Formosa and the Philippines. He then warned against sending more men, and money to Europe.

The former president's speech created a buzz of controversy in Washington. Democratic officials called it "rank isolationism" and even some top G. O. P. policy makers, including Sen. Robert Taft of Ohio, did not agree in all respects with Mr. Hoover.

This is how Mr. Hoover saw the situation:

"It is clear continental Europe has not in three years of our aid developed a unity of purpose and that will power necessary for its own defense.

"It is clear that our British friends are flirting with appeasement of Communist China.

"It is clear that the U. N. is in a fog of debate and indecision on whether to appease or not to appease."

He then went on to outline his seven "principles and action" for American policy:

1. Preserve "this western hemisphere Gibraltar."
2. Hold the Atlantic and Pacific oceans, seeking the cooperation of Great Britain.
3. Arm our air and naval forces "to the teeth," free Japan and help her rearm, and stiffen the defenses of Formosa and the Philippines.
4. Reduce other expenses, balance the budget, and roll back inflation.
5. Aid other nations that show "spirit and strength" in defending themselves against the Communists.
6. No appeasement anywhere, "no more Tehrans and Yaltas."
7. Watchful waiting in Europe pending its own development of "unity and will" to resist aggression.

Much of the criticism against Mr. Hoover's proposals centered around the belief that the Pacific and Atlantic oceans can be made a defense line. Some critics pointed out that failure to continue aid to our friends and allies would isolate us and eventually we would find ourselves without any friends in the world.

President Truman issued a statement shortly after Hoover's speech which amounted to a firm rejection of the former president's demand that troops and money be withheld from Europe.

The President said the Atlantic pact nations had shown they "mean business" about settling up a common defense and asserted the protection of western Europe was vital to United States security.

"Let there be no mistake," Truman said. "The unity of the nations of western Europe and the North Atlantic area is vital to their security and ours."

He then announced that soldiers of pact nations—presumably including U. S. troops—will be training together "within the next few weeks."

CIVIL DEFENSE

House Votes Plan to Build Shelters

The house voted 247 to 1 a civil-defense plan that would cost an estimated \$3,100,000. More than two thirds of the total amount would go for bomb shelters, with the federal government paying half of their cost and local and state governments putting up the rest.

The plan was sent to the senate and quick approval was expected. A somewhat similar program had been approved unanimously by the senate's armed-services committee.

One member of the congressional atomic committee, said it was estimated that first-rate civil defense measures, plus 12 minutes' advance warning of possible attack, might reduce casualties in an atomic attack by as much as 50 per cent. For this reason an adequate defense was imperative.

CHRISTMAS:

A False Gaiety

The world—that part which still celebrates the Birth of Christ—went all-out for Christmas 1950, but it was a false gaiety. Those parts of the world where there was no strife could not forget that men still died believing in the dignity of man and the principle of freedom.

But people tried to make it a merry Christmas in many lands. In the United States department stores recorded near record sales. Frenchmen, even while many of them feared it might be the last Christmas before World War III, sent sales records to new heights in the stores, buying for feasting and giving which would hide from their children the frayed nerves of their elders.

Britain, too, was determined to put the best face on matters and enjoy the holiday. Brussels set the tone for Belgium. The city was gaily festooned for the holiday, the mood of worry successfully hidden and the celebration testifying to Belgium's renewed economic strength.

West Germany tried to forget that she was the object of a tug of war between Communism and non-Communism. Christmas sales hit a post-war peak.

In East Germany there was no observance. There were no displays in the stores and no decorations anywhere except for a few forlorn wreaths here and there, hung up by the less timid householders.

That was the world on Christmas day—divided into two parts, one trying to be happy with a false gaiety, the other grim and foreboding.

KINDERGARTEN

Isabel Sidebotham
We were glad to have Billy Darbee visit our kindergarten on Tuesday. Come again, Billy.

Monday morning we went to the gym for half an hour. We played games. It is a nice place to play.

We like to sing "The Three Little Kittens." We played it once and drew a picture about it.

"Corky" Sweet has a new cowboy suit. He says it's "The Lone Ranger."

Mrs. Severance's kindergarten boys and girls brought their Christmas dolls and trucks in to show us. They had a nice parade. We liked it.

FIRST Grade — M. Stokes

OUR DOLL PARTY
The girls brought their dolls to school on Friday. The boys brought trucks, guns or other toys. We brought them for a doll and toy party. We had fun with our dolls and toys. We played with them. We showed them to other rooms. We ate peanuts, crackers, twisties and candy. We drank our milk.

We are reading "Fun with Dick and Jane." We have two new work books. One is about Dick and Jane. It is a reading work book. One is about monkeys. It is a number book.

Roger Clark's sister, Patty, visited us on Thursday. Jean Combest's sister, Ruth, visited us on Friday. They played with dolls with us.

FIRST Grade — Mrs. Bowerman

Ward Cole and Jimmie Kidder returned this week after having

chicken pox. Keith Holley and David Pienta each had their seventh birthday this week.

We have been enjoying so many nice books brought by the children. We are much more interested in books now that we can find many words that we know in them.

Our Clowns-reading group is having fun making a farm scene on one of our tables. This correlates with the stories we are reading.

SECOND Grade—Agnes Johnston

In numbers we are learning to subtract. We think this is fun. We have begun a study of the different signs of winter. We are going to keep a record of the outdoor temperature for one week.

Our gym period, during the winter months, comes on Thursday from 9:00 to 9:30. Some of our time during these periods will be devoted to organized play, the rest will be free play.

In our music classes last week Mrs. Drapeau taught us the song, "Frosty, the Snow Man". We all drew a picture of Frosty and many of these pictures are up on

the front bulletin board. Six children in our room have January birthdays. They are David Bartholomew, Virginia Donaldson, Thomas Healey, Catherine Kamradt, Donelda Scott and Suzie Stinchcomb. Monday, Mrs. Scott, Donelda's mother, sent a birthday treat to all the children. Each of us drew a January picture for Donelda and sang the birthday song to her.

New room helpers were chosen Tuesday.

SECOND Grade — Cora Seiler

Linda Murphy is back in school this week after having been absent with chicken pox.

We have a gym period and we enjoy trying for baskets and playing singing games.

Duane Raymond, Dick Hayes, Don Johnson, Gerald Peters and Ronald Sulak all brought their basketballs to school for our gym period Tuesday.

THIRD Grade — Marie Hughes

All of our children are back in school except Martin Ruhling. We have made eating charts for the month of January which we check each day to see if we have eaten something from each group of the basic seven every day. Later we hope to be weighed again and measured to see if we all

From where I sit... by Joe Marsh

Friendship—Four Thousand Miles Apart

Never quite got the hang of how to play chess myself, but I'll say this for the game—it started one of the strongest friendships I know of: between Dad Wilson in our town and a fellow in Sudbury, England.

The two of them have never met or seen each other—but for eight or nine years they've been playing chess by mail together. Dad puzzles over the Englishman's latest letter, takes a couple of days to think it over, and then airmails a chart of his next move.

Dad always thinks best with a mellow glass of beer beside his chessboard. And the fellow in England writes that he does the same. "Almost as if we were in the same room," says Dad contentedly.

From where I sit, you can talk about diplomacy and foreign policy, but it's often little friendly things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of different nations, between folks here at home!

gained in growth and health. We wish to express appreciation to Mr. and Mrs. A. Nelson for the Yule log they brought for use in our Christmas play. We are trying to encourage reading for fun by including a period when the children can read what they wish instead of what is necessary, hoping this will give added incentive to better reading. We have a new pupil, Jack Collins, who has come to us from North Carolina.
