Farmer's Day at Charlevoix Next Week, Thursday

GOOD SPEAKERS ENGAGED FOR THE DAY. MANY WILL ATTEND FROM HERE

The second annual Farmers Day program will be held next week Thursday at the High School auditorium at Charlevoix. A very exceptional and outstanding program has been planned by the Veterans Institute and the Charlevoix County Extension Service. The program will start in the morning at 10:00 a.m. with the movie "Waves of Green". At 10:00 the group will adjourn for lunch. At 1:00 p.m. music will be furnished by the Charlevoix High School students and the program is to close promptly at 4:00 p.m. Floyd Ayres is to be chairman for the day.

Several outstanding speakers have been secured for this program. First on the program will be Jim Hayes, extension dairy-

men from Michigan State College. Mr. Hayes has been connected with the dairy department for a long time and has many friends in this area. Next on the program will be Milo B. Tesser from the farm crops department at Michigan State College. Also on the program will be Art Mauch, extension specialist in agricultural economics who will discuss the question "How much does freedom cost?"

Jim Hayes, "Dairy mistakes the neighbor makes". You like to laugh at the neighbors? Who doesn't! Then come to the Farmers' Day Program at the Charlevoix High School auditorium on Thursday, March 8. Extension dairyman Jim Hayes from Michigan State College has agreed to help the guffing. He thinks we can all even learn from the mistakes that the neighbor makes! Just take the kind of cows the guy keeps that lives a couple miles from you. That's a safe laughing distance. There are ways that he ought to wise up to, ways to cull his herd, get more per bossy. Have 'em easier to look at. Can you imagine a neighbor in the next county that's tight with water and air for cows, that it won't be a laughing matter... is? Maybe we can help the fellow. not all of it... when the story is unfolded. There may be a gain or two of sense in the chaff.

"Taint' funny McGee"—says Molley to Fibber. But we laugh just the same. Jim Hayes has observed many dairy mistakes made by folks. Says he has made plenty himself. He's billing to tell us about some of the most common blots that our dairy neighbors find it easy to perpetrate. Every-time a cowman starts down the feed alley he's apt to be tripped up by a mistake. Or when he hearkens to a glib-tongued purveyor of "something special" for the bossies' welfare - which she probably is better without! It doesn't pay to be a smart-alek anytime - doesn't pay to be outwrestled by mistakes, either, if you are a dairyman.

Milo B. Tesser, Grassland Farming. Everyone will have an opportunity to hear a talk on alfalfa brome, ladino pastures by Milo B. Tesser, who is research assistant in farm crops, at the Farmer's Day program Thursday March 8 at the Charlevoix High School auditorium. "Mike" Tesser has been doing considerable amount of research in regards to getting stands of alfalfa brome and other legumes on the different soils in Michigan. You will also find an article on the suggestion of grassland farming in the special edition that will be printed.

Bowling News

In the Merchant's league St. Joseph's bowling team held the first place Sommerville's Grocery team to two points as they split, with St. Joseph winning the last two games and dropping total pins by two. Rev. J. J. Malinowski topped the Saints when he sandwiched 210 between 160 and 190 for 560. Spin Cihak was high for the Grocers on 575. Spin got off to a real start with 225 and 213, but lost the range in the third game when he simmered down to 137.

The American Legion five won 3 points from the State Bank, while the Anchorage dropped 3 points to Dip's Tavern, and as a result the Legionnaires moved in to a first place tie with Sommerville's, while the Anchorage dropped to a second place tie with the Recreation, who won all 4 points from Ellsworth Electric. Al Dougherty led the Legion team with 547 and Greg Boswell topped the Bankers with 544. Dick Hamerski's 549 was high for the Anchorage, while Leo Dipzinski led his team on 514. Barney Adair topped the Recreation bowlers in their match with Ellsworth Electric when he wired 215-182-184 together for 581. Don Campbell, lead-off man for the Electrics, bowled one of the highest series he has bowled when he toppled

ARTHUR MAUCH

Art Mauch will discuss at the Farmers' Day Program at Charlevoix High School on Thursday, March 8.

Here in the United States we enjoy the highest standard of living in the world. With one-fifth of the world's population we produce and consume one-third of the world's goods. We drive 75 percent of the world's automobiles over 80 percent of the world's highways. We have half of the radio, 35 percent of the railroad mileage, and 60 percent of the telephone and telegraph facilities. Three-fourths of our homes have electricity... nearly half have mechanical refrigerators and washing machines.

Professor March will discuss why America is great, wherein she is not perfect, and the price we will have to pay to preserve our system and make it better.

Local Standard Oil Agent Feted in Grand Rapids

Our local Standard Oil Agent, J. K. Bader, was in Grand Rapids February 20th at the Rowe Hotel as an Honored Guest of the Standard Oil Company of Grand Rapids. Mr. Bader was a winner in a Sales Contest and was invited to a "Dinner of Champions" in the main ball room of the Rowe Hotel. Amid a colorful display of Standard Oil Products the "Champions" were feted to the dinner music of Connie Duin and her Musical Ensemble.

After the Banquet the guests were transported by chartered bus to the famous Grand Rapids Stadium where from a specially reserved section they attended the "Spike Jones Musical Depreciation Review of 1951." The show over, the guests were returned to the Rowe Hotel after a pleasant evening of associations with other Champions.

the maples for scores of 192-216-155-563. Not bad for a 148 average bowler. Monarch Finer Foods led by the continued high scores of Tony Shooks, dropped their first game to the local Cannery, but won the last two games by 100 pins even, to take 3 points. Tony's scores were 178-194-194-566. John Atkinson was high for the E. J. Cannery with 518. Andy Anderson rolled 522 for Thorsen's as they won 3 points from the State Farm Insurance. Don Clark was high for the losers with 491.

Of the 6 matches bowled in the Ladies League, 5 of them were won by a 4 to 0 victory. The one between State Bank and Bachman's was 3 to 1 in favor of the State Bank team. Several good games and series were bowled. Marge Gee had high single game for the week with 196. Betty Jo Strehl had high series with 520. Shirley Rebec of the Recreation Jrs. was second high in game and series with 194 and 518.

Dip's Tavern remains in first place after winning 4 points from Dress Shop. Marge Gee was top bowler for Dip's with 466, while Datha Peacock was high for the Dress Shop with 437. Dip's also had high team series with 2137. E. J. Canning Co. won 4 from Home Modernizing. The Cannery had team high single game with 761. Michigan Cleaners had a 4 point win from Thorsen's Lumber Co. Marilyn Swanson was high for the Cleaners with 447 and Betty Boswell had 480 for the Lumber Jeans. Recreation won 4 from their opponents, the Rainbow Bar. Shirley Taylor had high series for the Recreation with 476, while Peg Sweet topped the Rainbow Bar with 415. Club 131 lost 4 to Recreation Jrs. Maxine Ouvry with consistent games of 156-153-156 for 465 was high for the Club, while Shirley Rebec's 164-160-194 for 518 was tops for the Juniors.

At the meeting held last week of the Top O'Michigan Ladies Association, it was decided to hold this year's tournament on April 13, 14 and 15th. It will be bowled in East Jordan. Thora Kotowich, Association Secretary, will soon have entry blanks which bowlers may obtain for reservations in the tournament.

Don't Like Dumping Garbage Along Farmers' Roadways

The Charlevoix County Herald East Jordan, Michigan Mr. Editor:
I would like to voice my opinion on a matter that I believe to be one of the most uncivic-minded practices which city dwellers have a habit of doing each spring, and summer as well. That is of dumping cans, trash and what-not along our public highways.

Those of us who own land in the near proximity of a town are the more unfortunate and if we have any pride at all must clean up the mess which some unthinking, careless individuals dump upon us. Surely no self respecting farmer takes his empty cans and deposits them in some city resident's front yard! The reverse which is exactly what happens each spring.

4-H News

The South Arm Community 4-H Club will have a recreation night March 10th. All the 4-H Club members are to invite their families to attend. Mr. and Mrs. Harry Pearsall and Mrs. G. Campau are busy planning games.

Rose Marie Lehrbass, Barbara Fisher and Sandina Liskum were appointed to serve on the refreshment committee. They are planning to serve ice cream and cake. The 4-H projects are well under way. Roy Elsworth is the first member of Mrs. Murphy's Knitting Club to have a project finished.
A group of 4-H leaders are planning to arrange a display in Bradshaw's window for National 4-H Club Week March 3rd. At our last meeting we voted to buy some square dance records to use in our club recreation.

E. J. Downs Harbor Springs In Last Game of Season

BY 63-26 SCORE. SECOND TEAM ALSO WINS

(By Roger Benson)
East Jordan downed Harbor Springs last Friday night 63-26 in the last game of the season. The Red Devils got off to a good start and held a first quarter lead of 24-7. At the half-time the score was 38-11 with East Jordan still going strong. In the third stanza the Jordanites racked up 14 more points putting the tally at 52-16.

Sommerville was high point man for East Jordan with 16 points. Whiteford was next with 15, followed by Boring with 14. For Harbor Snively was high with 13 points.

The second team took a very close game as they won it in the last minute of the contest, 20-19. Thursday night, March 1, East Jordan will play Boyne City in the first game of the tournament which is to be held at East Jordan March 1, 2 and 3.

South Arm Farm Bureau

The South Arm Farm Bureau met Feb. 20 at the home of Mr. and Mrs. George Klooster. There were twelve members present. Mrs. Floyd French, chairman, reported on the Life Insurance that the Farm Bureau is trying to get under way. If enough members are interested it is hoped to have it started in about six months.

Car Owners Please Notice

With sloppy weather prevailing, owners of cars in the City of East Jordan are requested to drive carefully and not splatter pedestrians unnecessarily.
Pedestrians are likewise warned, while crossing streets, to beware of cars approaching.
Harry Simmons
Chief of Police

Dog Tax Notice

Dog tax will be collected until March 1st. When returned to Charlevoix tax will be doubled.
G. E. Freiberg,
City Treasurer.

Attention Skiers

Even though the streets in town look muddy and uninviting there is still plenty of snow on Winter's Hill. The ski tow will be running this Saturday and Sunday as usual. Come on up and see what we've got to offer you. There is no charge for use of the tow. Everyone is welcome.

Our Ski Club Membership Drive is progressing as well as can be expected at this time of the year. Anyone who would like to join with us in promoting Winter Sports can secure membership by contacting one of the Board of Directors. All receipts from sale of memberships this year are being used for purchase of new equipment.

Candidates for the office of Mayor, Alderman, and Justice of the Peace (to fill vacancy) of the City of East Jordan, Michigan, must have their Nominating petitions in the hands of the City Clerk not later than 5:00 p. m., Wednesday, March 7, 1951.
Thelma M. Hegerberg,
City Clerk.

The Bears have begun, "Our New Friends" and have a new workbook to go with it.
Bobby Goebel returned to school after a week's visit in Detroit.

Our new folder says "Spring is Coming" and we are drawing and collecting signs of spring.
We thank Mr. Sanderson for the little Narcissus which he sent to our room. He dug it from the snow. It was yellow. We set it in the light and soon it turned green. Now it has a big bud which is going to pop open almost any day.

Robin Clark brought several twigs of pussywillows for our room.
Mary Lou Murray had a birthday Sunday. She was seven years old.
Kathryn Petrie has a new baby sister.

FIRST Grade — Mrs. Bowerman
We have had so much fun with our grocery store. We named it "The Friendly Grocery." We have learned the value of the coins and know the dollar sign so we can read dollars and cents.
We made a screen so we can use it for shadow plays. We like to dramatize the stories from our reading books by letting our shadows tell the story. We like to play "Guess Who or Guess What."

Louise Bader celebrated her seventh birthday by spending the week end with her grandparents, Mr. and Mrs. Frank Shepard.

FOURTH Grade — Lois Snyder
March is here and we talked about the things that happen during this month. We planned our bulletin board around the activities in which people usually engage with the coming of spring.
On one end of our scene we have boys and girls gathering pussy willows. Next is a sugar bush with men tapping trees and gathering sap. Boys and girls are flying kites, playing marbles, roller skating, jumping rope and riding bicycles. We hope the snow goes away so we can do these things, too.

Robert Detlaff brought us a nice bunch of pussy willows. We tinted them with colored chalk. They look very pretty.
Today we saw a movie on "Majestic Norway." We compared it with Switzerland which we are now studying.

We were weighed and measured in Betty's office this week. It is fun to see how much we have grown.

FIFTH Grade — Mrs. Liskum
Last week we drew pictures of laundry blowing on a clothesline. This week we are making three-dimensional flower pictures to decorate the room.
We enjoy our free-reading period very much. We have reading charts on which we sign our names when we finish a particular book.
We are studying the western States in Social Science. Monday we saw two film strips on the Pacific Slopes. We are also studying winds and rainfall.
We are enjoying the Laura Ingalls Wilder stories very much. The little town finally survived the long winter, burning hay for fuel, grinding wheat in a coffee mill for two small loaves per family a day, and using axle grease in a "button lamp" for light. How thankful they were when the train came through bringing white flour, lard, sugar, salt pork, dried apples—"everything anyone could wish for." Then the Christmas barrel arrived and how the Ingalls family enjoyed "Christmas in May."

FIFTH Grade — Miss Dhaseler
Mr. Wade brought us ten new geography books the other day. They are new editions of our old basic text and we find they are much improved. We are taking turns using them.
This week we are beginning our study of the Pacific States. We find they have a very interesting history and that there are many beautiful spots there.
Many people have commented on our new blackboard picture drawn by Betty McRoberts and

Judy Shedina. It gives a touch of spring to the room as do the pussy willows brought by Mary Detlaff.
Our attendance has improved lately as many are back after having the flu.
We are planning to sing two songs and to do a folk dance for assembly Friday.

SIXTH Grade — Mr. Malone
There will be two birthdays in our room this week. Evelyn Crawford's is February 27th and David Nachazel's will be March 1st.
The fifth grade basketball team will play the sixth grade team on Tuesday.
Lee Thomas is now out of school with strep throat.
Ralph Shepard, reporter.

SIXTH Grade — Alma Larsen
In reading we are writing a paragraph about one character in the story. We do this because we are stressing writing good paragraphs and also good penmanship.— Sharon Hayes.
In science we have been studying sounds. Some of the important things we found out were that sound travels through the air by sound waves, sound travels through solids better than soft materials and all sounds are caused by vibration. We did several demonstrations in class. — Marian Donaldson.
In our room we have Weekly Readers and in them there are pictures of important people so we pin these pictures on the black board. We call this space the "Who's Who Corner." — Sonjia Olson.
We have a new pupil in our room. Her name is Jackqueline Bowen. She came from Boscawen, New Hampshire, to live with her grandmother. We enjoy having her with us. — JoAnn Bader.
Miss Scott brought us down some books on Italy. The stories are very interesting. — Sharon Hayes.
Monday we saw a movie on Norway. It showed a statute that was eight-one feet high. We also saw a Norwegian wedding, steep mountain roads and water falls. — Patsy VonSoosten.
Terry Myers has been out of school for six weeks with rheumatic fever and won't be back again for at least four more weeks. We sent her letters, cards and valentines. The children in our room all gave nickels and bought her a box of candy, handkerchief and a card. We are missing her very much and hope she will be well soon. — Sonjia Olson.
In arithmetic we have learned the table of measure. We have also learned what "perimeter" means and how to find it. Now we are finding the area. We are going to learn the square measure. We have also learned the difference between squares, rectangles and triangles. — Sharon Whitmore.
We played Boyne City last Friday night. The score was 42-57. We are going to play Boyne City a week from today, Thursday, March 1, at 8:00 p. m. — Glenn Bennett.
For singing this week we have been singing action songs. We sing "She'll be coming around the mountain"; "How Well I Remember"; "Just Ten More Days Till June"; John Brown's Baby Had a Cold Upon His Chest"; and "John Brown's Car Has a Hole in Its Tire". We are also singing a "Swiss Yodel." We are going to try to think up some more. — Sandra Boswell.
For Valentine's Day this month we had a party. We made a valentine box for each row. To eat we had cupcakes, fudge candy and peanuts. Mrs. Larsen brought all of us a pop-sicle of some kind. Larry Ingalls brought a big cookie (heart-shaped) for Terry Myers who is sick in bed with rheumatic fever. — Sandra Boswell.
We had a club meeting Tuesday, Feb. 27. Officers elected were: President, Milton Budman; Vice-Pres., Harold Stanton; Sec'y, Howard Donaldson; Engineer, Bobby Soles; Lights, Donald Peters; Shades, Jimmy Barnett; Pencil Sharpener, Billy Farmer; Housekeeper, Judy Lick; Blackboards, Martha Lord and Sharon Hayes; Dusting, Jacklyn Bowen and Sandra Boswell; Erasers, Jo Ann Bader and Lucille Eggers; News reporter, Neal Evans; Dismissal, Cal Darbee; Hais, Sonjia Olson; Door, Glenn Bennett; Inspector for lunch room, Marianne Donaldson; Inspector, Jimmy Barnett; Games, Sandra Boswell; Librarian, Deanna Derenzny. — Sandra Boswell.
Last Thursday the 6th grade girls played the 5th grade girls in girls' basketball. We tied with them 6-6. The players were:
Fifth Grade — Betty McRoberts, Linda Raymond, Rhea Zitka, Mary Pardee, Beverly Kent.
Sixth Grade — Martha Lord, Sandra Boswell, JoAnn Bader, Judy Lick, Pat Alden, Sonjia Olson. — Jo Ann Bader.
We are studying Italy. Mrs. Larsen puts reports on the blackboard. Most of us have reports. They are: Naples — Sonjia Olson; Italy is like a Boot — Jimmy Barnett; Italy's Problems — Sharon

This month we think of Easter. "We also should walk in newness of life," is one of the finest expressions ever written. "Newness" is an expression of adventure. Something unusual, untried, fresh — which leads one in the spirit of expectancy and eagerness to press on, to reach the goals of an unfolding vision. New life with Christ erases the disappointments and mistakes of the past in a desire to walk in the Newness of the future.
"Therefore, we are buried with Him by baptism into death; that like as Christ was raised up from the dead by the glory of the Father, even so we should walk in Newness of Life. Rom. 6:4.

Marriages

Monett — Gibbard
Miss Helen Monett of Lake Linden and Leslie Rex Gibbard, son of Leslie Gibbard of East Jordan, were united in marriage at St. Joseph's parsonage at Lake Linden, Friday, February 2nd, 1951, at 7:30 o'clock.
Fr. Myrand officiated at a single ring ceremony. They were attended by Mr. and Mrs. Robert Mukka brother-in-law and sister of the bride. Following the ceremony a reception was held for the immediate family.
The bride wore a navy blue suit with white accessories and a corsage of white carnations.
They took a short wedding trip through Michigan and Wisconsin. Mr. and Mrs. Gibbard are making their home in East Jordan.

McKenzie — Urban, Jr.
The marriage vows of Dorothy Constance McKenzie and Wilfred Adam Urban, Jr., were exchanged in the chapel of St. John's Episcopal Cathedral, of Denver, Colo., Feb. 17, with Dean Roberts officiating.
Dorothy's wedding gown was fashioned from white silk eyelet brought from Japan by her father. She carried a bouquet of white stephanotis centered with two white orchids. Mrs. Walter Midenor of Detroit was her sister's only attendant and wore a gown of mauve satin or organza.
Donald Urban of Denver was his brother's best man, and Ralph Nelson, brother-in-law of the groom, assisted as usher.
Mr. and Mrs. Wilfred Urban, Sr., of Sinclair, Wyoming, and Mrs. Walter McKenzie of Detroit, parents of the couple, were in the city for the wedding.
After a family dinner at The Blue Parrot Restaurant, the newly-weds left for a honeymoon at Broadmore Hotel in Colorado Springs. They will make their home in Denver.

Gay Nineties Party Celebrated By East Jordan Study Club
The East Jordan Study Club met Tuesday evening at 6:30 with Phyllis Malpass for the Gay Nineties party, preceded with a co-operative supper, after which the president, Ethel Clark, called the group to order. Eighteen members and two visitors were present. The program in charge of Ethel Crowell, Pearl McHale and Ethel Clark was in keeping with the time. Several ladies wore gay 90's costumes. Ethel Clark told a story of long ago about a political meeting held at the old town hall. Phyllis Malpass played the "Sweetest Story Ever Told" on the organ. Group singing "My Sweetheart", "Daisy, Daisy", "I Don't Want To Play In Your Yard", and "You Had A Dream Dear", Phyllis and Agnes Hegerberg sang "Viensse Refrain" and "When You Were A Tulip," with Gladys Bechtold accompanist. Ethel Crowell gave a resume of the Society in the 90's. Mattie Palmiter, "Saturday night ball."
The next meeting will be held Monday evening, March, 12, with Mrs. Edna Strehl. Note the change in date.

Good Quality Hay Cuts Cost of Dairy Feed
Michigan dairymen can reduce feed costs as much as \$24 per cow during the barn feeding good, rather than poor quality hay, says C. R. Hoglund, Michigan State College agricultural economist. It would figure out to a saving of over 26 cents per 100 pounds of milk for a cow producing 9,000 pounds.
Writing in the February issue of Michigan Farm Economics, cooperative extension service publication, Hoglund said that early-cut roughages are high in protein and usually contain the same milk producing power as grain.
He defined good quality hay as "hay having a high proportion of legumes and harvested in the early bloom stage."
The MSC economist added, however, that under Michigan climatic conditions it is extremely difficult to harvest good quality roughages unless a mow dryer is used or the roughage is stored as grass silage.
The dairyman who has good quality roughage can reduce grain feeding by at least 250 pounds per cow and maintain the same production level as the man who feeds poor quality hay, he said.
Hoglund cited results of a recent feeding study which showed that the most efficient dairymen can produce 10,000 pounds of milk per cow with only a ton of grain fed. Some of the least efficient dairymen feed two tons of grain to attain that production level.

Interruptions

Lesson for March 4, 1951

PEOPLE KEEP making your life shorter every day. For time is the stuff of which life is made, and you never do have a full 24 hours a day. After taking out what has to be spent in sleep, eating and so on, and taking out what has to be spent on your job, whatever it is, there still ought to be a few hours to call your own. But if you are like most people, you live from one interruption to another. If it isn't the telephone it's the door-bell. The more important you are, the more you are likely to be interrupted. Once there was a teacher who became president of the college where he had taught. In later years he mourned the change. "It seems to me," he said, "I never get a consecutive half-hour any more to think about anything. No day is ever what I planned. Life has become one long series of interruptions."

Dr. Foreman

Unscheduled Stops

THE LIFE of the Master himself, to judge from what we read in the Gospels, was a long series of interruptions. The tenth chapter of Mark is a good example. Jesus himself at this time had one great thing in mind: the Cross. He was going up to Jerusalem not to talk to beggars or to listen to lawyers' arguments or to hold interviews with puzzled young people. He was going to die.

A man on his death-road might be spared interruptions. He could not be blamed if he said to interrupters one and all: "Sorry, I can't be bothered. See my assistants if there is anything you want done."

But Jesus did not say anything of the kind. He did not fume over the unscheduled stops on his life's highway. He took time to clear up misunderstandings; he took time for little children when even his best friends thought he ought not to be disturbed; he took time to answer the question of the rich young man; he did not brush off James and John when they came to him with their ill-considered petition; he even took time to take care of a beggar's need.

Ministries by the Wayside

JESUS DID not always take the initiative in every situation, though indeed he controlled every situation. When the Pharisees asked him about marriage he did not say, "Let's not talk about marriage; let me suggest the topic of salvation instead." When the young man ran up to him, Jesus did not ask: "Did you have an appointment for an interview?" Jesus not only did not resent other people's initiative. He never seems to have resented an interruption in his life.

Does this example of Jesus mean that we ought not to plan our days ahead of time, or that we ought never to try to "budget" our time? Must we never plan any project, but always wait till other people suggest what we are to do?

Not at all. The example of Jesus means that if and when interruptions occur, if we share his spirit we shall not be irritated by them or resent them. For what Jesus did, always, was to make use of the interruption. Each one was turned into a "Wayside Ministry." Indeed, a large part—some would say the larger part—of Jesus' life was made up of just such by-the-way ministries.

Life's By-the-Ways

HOW MANY of Jesus' teachings we would never have had, if no one had interrupted him or asked him questions! How many of his miracles would never have been done if he had refused to perform any but those he planned and scheduled himself! It is what we do "by the way" that makes up life's service, for the most part.

In Jesus' story of the Good Samaritan (no doubt an incident from real life) we are not told what were the original errands of the priest, the Levite and the Samaritan. Very likely the first two were on time for their appointments.

But the priest and the Levite missed a wonderful chance, just because the poor beaten traveler was not, so to speak, on their agenda. The Samaritan was delayed, and maybe bothered, by what he did for the man in trouble. But what he was willing to do by the way, something he had not planned for at all, won him the immortality of the Master's praise.

WEEKLY NEWS ANALYSIS

Gov. Dewey Breaks With Top GOP Leaders on Arms Aid to Europe; Farm Aid Needed to Kill Rackets

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

DEWEY:

Breaks With Top Men

The hints at a serious rift in policy within the Republican party during the past few months took on definite form when Gov. Thomas E. Dewey took sharp issue with such top G.O.P. leaders as Taft of Ohio, Wherry of Nebraska, and former president Herbert Hoover over the defense of Europe.

In one of the bluntest statements ever made by Dewey, the New York governor said it would be "utmost of folly" to depend upon sea and air power to protect the U.S. against Communist aggression. He added, "Anyone who thinks you can defend the United States or any substantial part of the world with any two out of three branches of the armed forces, is ignoring every lesson of history."

He then urged faster mobilization and sending more American troops to Europe immediately. He said he felt the deployment of troops was no business of Congress.

This viewpoint is the exact opposite of Taft, Wherry and Hoover who have repeatedly demanded no more American troops be sent to Europe without prior approval of congress. They have also urged placing our faith in defense on overwhelming sea and air power.

Thus develops the serious rift within the Republican party that could have far-reaching results within the coming year. Politically it could mean that Dewey is dead as a possible G.O.P. standard bearer in 1952.

On the other hand, if Dewey's thinking is the expression of the majority of the Republican party, it could mean Taft, Wherry and Hoover will be stamped isolationists and doomed to ultimate oblivion.

In this connection, it was interesting to note that Dewey said, "Any isolationist speech is an aid to Stalin."

FARMERS:

Must Help Curb Rackets

With the government's order limiting the number of slaughterhouses that will be permitted to operate and the amount of livestock they can butcher, it became apparent it is going to take patriotism down on the farm to keep meat off the black market.

While big and middle-size slaughterers who provide most of the steaks and chops for the dinner table will be licensed, several hundred thousand farmers who usually butcher a few hogs, sheep, for their own consumption or for local sale are exempt.

While these farmers right now don't account for much of the meat eaten in the United States, they are a potential headache for price controllers. During World War II many farmers sat up their own barnyard slaughterhouses with no more equipment than a tree, a rope, an ax, and a butcher knife.

It wasn't very sanitary, but plenty of racketeers were willing to buy the meat at fancy prices and truck it into the cities for sale at even fancier black market prices.

Price control officials are afraid that some farmers exempted from the slaughtering regulation might be lured into illicit butchering by the prospect of easy money. The job of keeping check on the farmers would require an army of enforcement agents, and is impossible under present conditions. For that reason it will take a lot of patriotism down on the farm if present slaughter regulations are to be enforced.

HOLLYWOOD:

Unpleasant Publicity

Hollywood, that land of make-believe so often in the headlines, appeared in line for considerable more publicity, but of an unpleasant nature.

The new avalanche began to roll when the house un-American activities committee announced plans to investigate certain Hollywood actors that would "inevitably" lead to a revival of the communism-in-Hollywood case.

In 1947 the committee investigated Communist influences in the movie capital in long and sensational hearings with the result that 10 writers and directors were convicted of contempt of congress for refusing to say whether they had ever been Communists. All went to jail.

The new hearings may do considerable good, but as in all such investigations, some innocent people can expect to be hurt.

EDUCATION

College Enrollment Drop Is Expected

Mobilization is having a drastic effect on colleges throughout the nation. A recent survey of American universities and colleges revealed that most institutions predict they will lose 25 to 50 per cent of their students before the end of this year.

Hitch-Hiker

William J. Newton, Jr., who first made headlines last August when he landed a seaplane at sea beside the "iron curtain" liner Batory and got into trouble with the FBI, is shown (left) as he was interviewed by correspondent Frank Conniff, after he turned up in Korea. Newton said he had hitch-hiked 12,000 miles to "kill some Communists" to clear his name of the taint of communism. The 8th army gave him a physical, turned him down as unfit.

PRICES:

Reach Record Level

The American public found itself in a strange position, one which it did not entirely understand and which presented frightening possibilities for the future.

The situation began to develop some weeks ago with the enactment of price-wage controls, which most people believed would halt the cost of living spiral. Shortly after the "freeze" went into force, numerous loopholes in the plan were made known by which many foods could jump from 5 to 200 per cent.

Later the gullible public was told by the bureau of labor statistics that wholesale prices reached a new record high despite the "price freeze".

The main increases were in prices of food and farm products.

This, of course, caused immediate rumblings in labor's ranks. In turn, Secretary of Agriculture Brannan defended farmers against the charges that farm prices were "unreasonably high".

Economic stabilization administrator Eric Johnston, who has the most thankless job in the United States today, issued a statement saying that prices may advance a few more months and finally level off in midsummer.

The average American had no desire to see any one group of the nation's economy—farmers, laborers, manufacturers—unjustly bear the greatest burden of price and wage controls. But the average American was worried about how far he could stretch his pay check without drastically lowering his standard of living. He wanted to know if he could stand it until the midsummer leveling-off took place?

KOREA:

Reds Counterattack

With stunning force and typical blood-curdling methods, complete with suicidal charges, bugle-blowing, bell ringing, whistle-tooting, and drum-beating, Chinese Communists launched a counterdrive against U.N. forces in central Korea.

The counterattack stalled the U.N. advance that began late in January and which had approached Seoul.

Eighth army officers reported elements of nine Chinese divisions and six Korean divisions were used in the counterattack.

At full strength this would mean as many as 150,000 to 200,000 men. However, heavy casualties had been inflicted on the Communists since the U.N. offensive began. Officials claimed Red casualties, by ground action alone, totaled 80,121.

Some military observers believed Communist armies in Korea had been hurt so seriously in recent weeks they could not continue an offensive for a long period of time. Others, however, were cautious with their predictions, remembering the overwhelming manpower available to the Communist cause.

Morale was reported high among U.N. troops during recent weeks as they pushed slowly toward the 38th parallel.

Robot Stops Cars in Test

Improvement in Chevrolet brakes is illustrated by this picture showing the difference in stopping distances between a 1950 and a 1951 car using exactly the same brake pressure. To eliminate the human element, engineers used a mechanical pedal pressure applicator (inset) on both cars. When the foot lever (1) is tripped the piston exerts a constant pressure on the brake (2).

In planning a new farm home, be sure to locate the kitchen so you can see the other farm buildings and the drive from the window.

Studies show 40 percent of American families need more calcium in the diet.

"Scare" buying increases demand and brings about higher prices for food and household needs, Michigan State College home economists advise.

There's a difference between "water-proof" and "water-repellent." When buying a raincoat, Michigan State College home economists suggest you note the label. Some water-repellent coats must have the finish replaced after the garment is dry-cleaned.
