VOLUME 55 EAST JORDAN, MICHIGAN, FRIDAY, JULY 27, 1951 NUMBER 30

Save Our School Every Citizen Can Help

MUST RAISE ONE MILL BEFORE WE RECEIVE STATE AID

As a follow-up of last week's discussion concerning the critical situation in which we find our schools, we wish to further explain the great need for a clear understanding of this issue.

In order for East Jordan school to receive state aid, it is necessary that we raise one mill to bring the millage to the necessary 5 mills. In his way we will comply with the requirements as set forth in House Bill 407 passed recently by our state legislature. Please bear in mind that one mill is for one year only.

We must hold an election in the very near future for the purpose of raising this tax limitation. In the event that the state tax commission should grant the one mill upon an appeal which has already been made, then the board of education will not need to levy this extra mill.

You will recall that our high school was constructed in 1941, the people levied and raised a 14 mill tax to pay for it, over a period of 5 years. The board of education could have used only 6 of the 14 mills and did not take the other 8 mills. Now, if the one mill is levied, the board of education will receive approximately an additional \$2500.00, a small amount to save in the neighborhood of \$100,000.00.

We make an appeal to every citizen interested in good schools for East Jordan to understand the situation and to give it his whole hearted support.

To Speak At Walloon Lake Country Club, Monday, July 30th.

Mrs. Marcelline Hemingway Sanford of Grosse Pointe and Walloon Lake will bring the spirit of the American theater to her audience on Monday, July 30, when she will give an informal talk on "Broadway 1951" at the Walloon Lake Country Club. She is being sponsored by the Northern Michigan Medical Auxiliary, who are using this means of raising money for their project to help with the Petoskey Child Guidance Clinic equipment fund. The presentation is scheduled for 2 p.m., with Mrs. A. F. Litzemberger of Boyne City as chairman.

Mrs. Sanford is widely known as a delightful and humorous lecturer. In the past year she has spoken in New York City, Philadelphia, Chicago, Indianapolis, Grand Rapids, Jackson, Ann Arbor and Albion. Next fall she will appear before the Women's City Club of Detroit for the fourth successive season, and will give a special university lecture for the combined student faculty group of the U. of Mich. speech departments. She recently finished writing, producing and costuming a pageant depicting the last 50 years in DAH for the Michigan Daughters of the American Revolution. Although she and Mr. Sanford and their three children have summered many years at Walloon Lake, this will mark her first appearance before a Northern Michigan audience.

Pomona Grange At South Arm, July 28.

Charlevoix County Pomona Grange meets at South Arm Grange this Saturday evening, July 28th, 9:00 p.m. with pot luck lunch at close of meeting. Plans for the mystery ride which will be made at this meeting so lets plan on attending Pomona to help make the mystery ride a bigger and better program. Everyone attending last year had a wonderful time.

IS THIS YOU?

Are you a farm accident just waiting for a place to happen?

You are if— You try to fix machinery while it is running.

Use kerosene to start fires—or pour it in a closed shed.

Handle your tractor like Barney Oldfield.

Neglect repairs around the barn and house such as weak steps, weak ladders and weak floors.

If you check up on farm safety practices during National Farm Safety week, then observe them 51 more weeks out of the year you are a safe farmer and a smart farmer, Michigan State College rural safety specialists contend.

Attention Mason and Eastern Star Members

Members of the East Jordan Masonic Lodge and members of Mark Chapter, O.E.S. and families will hold a pot luck picnic Sunday, July 29th, at 1:15 p.m. at the East Jordan Tourist Park. Bring a dish to pass and your own table service. Any one needing transportation contact Mrs. Marion Jackson or Orrin Parks.

Mae Evans Gives Girl's State Report At Aux. Meeting

The American Legion Rebecca Sweet Post Aux. Unit #227 held a semi-social meeting in the Legion Home Thursday, July 19, after a short business meeting was turned over to Lillian Bennett, Girls' State Chairman, who introduced the guest of the evening Mae Evans, the East Jordan representative to 1951 Wolverine Girls' State held at the University of Michigan in Ann Arbor. Mae first thanked the Unit for giving her the privilege of attending Girls' State. Mae read her schedule of activities, lectures, etc. and described them, she also gave a vivid description of the beauties of the grounds surrounding the campus. The roses and peonies were in full bloom while she was there. All lectures on the various careers for women of today were equally divided between men and women speakers who are experts in their respective vocations. Mae said she felt what she learned there would be a great aid in choosing what she will do after leaving school; she also said she learned many things regarding government, etc. that school textbooks did not thoroughly cover and she brought home helpful pamphlets on various subjects.

Mae also told of the gay side of life at Girls' State, the girls' groups are divided in what is called Cities, Mae being in the City of Smith, she said her city won the award for good citizenship which is a high honor also an award of merit for the most original skit given in which Mae took part. One of the high lights of her stay was a tour of the University Hospital which was very interesting and educational. Mae said she saw girls of nearly every nationality in the world while at the University and marveled at the ability of girls from so many different walks of life to get along with perfect harmony while living, studying and playing together, girls of all races, nationalities and creeds are represented at Girls' State each girl being chosen by her individual merits. Mae again thanked the Aux. for giving her the honor of representing East Jordan at such a worth while institution and felt she had gained a great deal of knowledge that she could have never gotten anywhere else.

The Aux. are happy that they are able to send a girl to Girls' State from our town giving her this opportunity in helping her to choose a vocation and teaching her leadership so she may be prepared to take her place in later life as a leader and teaching her good citizenship.

The July birthday party was held after the meeting three members being honored, Eldeve Gokee, Bea Kopkau and Mildred St. Charles, each receiving many nice presents. A nice birthday cake baked by Peg Thomas was served, jello and coffee completing the lunch. A fine time was had by all.

The next Aux. meeting will be Thursday, Aug 2 and the last meeting of the month of Aug. 16 will be election of officers which is very important so be sure and attend. The delegates to the Department Convention at Detroit will also be present with their reports at this meeting.

NOTICE TO CUSTOMERS For the convenience of our customers that cannot shop days we will be open Wednesday and Saturday evenings until further notice.

THE DRESS AND GIFT SHOPPE 80-1

IN MEMORIAM In loving memory of our husband and father, Orrie Boring, who passed away four years ago, July 19th. He is greatly missed by his family.

Mrs. Boring, Bryan Barbara, and Mary Ellen

Rotary at East Jordan

There was a very welcome group of visitors at Rotary Tuesday, some new friends, and several old friends, who have in past years attended when on their vacations in this area. Tuesday there were visitors from Detroit, Climax, Battle Creek, Grosse Pointe, Sparta and East Jordan, Mich.; and from Evansville, Ind.; Macomb, Ill.; Washington, D.C.; and El Paso, Texas.

It was Dave Pray's day for a program, and Dave came up with a most excellent program. George Bettes, of Sparta, one of our summer visitors at the Tourist Park, showed movies taken on Hudson Bay, accompanied by most interesting comments on the life of the people, the country, their history, etc. There pictures and the lectures are very interesting and instructive, and will be repeated Friday evening this week at the Tourist Park starting at 8:30 p.m. The public is invited and there is no admission. The Rotary Club, and the people who will be at the Park Friday evening, are indebted to Mr. Bettes for this excellent entertainment. Its a program that other communities have paid real money to enjoy. He has with him a trained Siberian husky sled dog that is sure a beauty, and numerous trophies consisting of articles of clothing, etc.

4-H Holds First Talent Festival

Charlevoix county cooperating with the National 4-H Home Talent program held its first show at the East Jordan high school gym, Tuesday evening, July 17. Approximately 200 persons attended the show. Performers were 4-H club members who were competing for the honor of representing their county at the district contest July 26. Six acts were given by the members. First place was awarded to the square dance team trained by Harry Pearshall of South Arm community, Martha Ford called the dance. Dancers were Deanna and Mary Ann Lehrbass, Jack and Margaret Zoulek, Margaret Lord, Joe Smith, Lavern Hart and Dick Baily. The group danced with remarkable precision. The alternate award went to a trio from East Jordan composed of Nan Drapeau and Martha and Marg Lord. All 6 acts given at the show placed in the blue ribbon group. Judges found competition very close. Others in the blue ribbon group were Nancy Erber, Boyne City who played a piano solo. Linda Bricker, Boyne City gave a vocal solo, Ann Spencer, Boyne City a vocal solo, and Ivan Parsons, Charlevoix numbers on the harmonica. Judges for the event were John Hodges, East Jordan, Mrs. Lottie Clyde, Bellaire and Bruce Blanchard, Petoskey. In addition to the talent numbers by the 4-H members of film entitled "Share the Fun" showed the top 4-H talent of the nation as photographed at the U. S. Rubber Company Share the Fun Breakfast was shown by Ed Reban, county agent. K. C. Festerling, district 4-H club agent acted as master of ceremonies.

Forty-two talent shows have been held through the state. District elimination will determine which performers will give their numbers at the State 4-H Show in East Lansing. Here state winners will be selected, these winners will have the privilege of attending the Share and Fun Breakfast at the National 4-H Club Congress next December.

The committee in charge of the county show was Mrs. Henry Erber of Boyne City, Mrs. R. V. Liskum, East Jordan, Mrs. Floyd McCracken of Charlevoix and K. C. Festerling, district 4-H Club agent, Boyne City.

Before using your pressure saucepan for canning make sure it is the kind that can be held at 10 pounds pressure. Some pressure pans are not made to do this. Michigan State College home economists advise you to check also to see if it is tall enough to allow some space over the tops of pint jars.

Nine ways to avoid heat fever in children! Sunday in The American Weekly, the great color magazine distributed with The Chicago Herald-American, read an authoritative report on the symptoms and treatment of heat fever, which doctors say may result from indoor heat as well as too much sun. For your child's protection read the rules for avoiding heat fever, Sunday in The Chicago Herald-American's great color magazine!

Recreation Calendar

TRAIN EXCURSION'S LEAD RECREATION PROGRAM

Two train excursions sponsored by the East Jordan Community Chest left East Jordan on Friday July 20 and Monday July 23. Eighty-five youngsters enjoyed a new thrill by riding on two trains and returning home on the bus. The children left East Jordan on the E.J.S. arriving in Bellaire in time to transfer to the Chesapeake and Ohio streamliner. After arrival in Ellsworth the children enjoyed a picnic lunch and returned home by bus. Much interest and enthusiasm was shown as the children explored their adventurous ride on the trains. Mrs. Wilbur Robinson, Mrs. Mason Clark and Mrs. Robert Strehl accompanied the children on the train excursions.

Children leaving on the first excursion were: Jim and Sally Gidley, Judy and Billy Taylor, Sharon Roland, Harold and Mary Lou Murray, Alice Ann Summer, Marsh Towns, Sandra and Clayton Gibbard, Don Russell, Kenneth Sikkenga, Linda, Tommy and Bruce Healey, Betty and Bobby Healey, Mike and David Damoth, Lorene Persons, Jim and Bonnie Barnett, Russ Thomas, Tommy, Beth and Jim Gahmore, Bruce Odgen, Judy Jankovick, Paul and Carol Bowen, Floyd, Deith Holley, Bobby Sherman, Pat Nachazel, Butch Cole, Sue and Sandy Boswell and Karen Bradshaw.

Second excursion leaving on Monday included Gary St. Charles; Butch Morgan; Mary Ann Mobio; Kay and Kathryn Kamradt; Bobby Palmer; Gloria Rogers; Brian, Suzy Thacker; Bobby and Donnie Johnson; Roger Sloop; Barbara; Larry Gee; Buddy Gee; Richard Bayliss; Linda Skop; Barbara, Darlene and Connie Simmons; Richard and Florence Hayes; George Savory; Carolyn Malpass; Pat; and Mary Porter; Norma and Carolyn Gee; Larry Schumaker; Faye, Gary, Yvonne and Neil Redmur; David Bartholmew; Carol Moore; Carolyn Stokes; John Wilson; Reva Mayhew and Pat Egar.

Recreation Calendar

MONDAY, JULY 30 9:30-11:30 a.m. Playground Supervision, E. J. Tourist Park. 2:00-4:30 a.m. Playground Supervision, E. J. Tourist Park. TUESDAY, JULY 31 9:30-11:30 a.m. Playground Supervision, E. J. Tourist Park. 9:30-11:30 a.m. Tennis 2:00-4:30 a.m. Playground Supervision, E. J. Tourist Park. WEDNESDAY, AUG 1 Day Camp for girls at Young State Park. THURSDAY, AUG 2 9:30-11:30 a.m. Playground Supervision, E. J. Tourist Park. 2:00-4:30 a.m. Playground Supervision, E. J. Tourist Park. 8:30-11:00 p.m. Square Dancing, E. J. Tourist Park. FRIDAY, AUG 3 9:30-11:30 a.m. Playground Supervision, E. J. Tourist Park. 2:00-4:30 a.m. Playground Supervision, E. J. Tourist Park.

Day Camp Success

July 17th was the second Day Camp scheduled for the girls between 8 and 15 years in our city. The girls have shown fine interest in our new camping program and have participated in many new activities. Day camp is for all girls in this community. If you have not spent a day at camp with us let's see you on our next trip. Everyone is welcome to enjoy a day at camp with us.

At Somerville, life guard at the East Jordan Tourist Park, gave swimming instructions at Day Camp last week. Day Camp offers a full day of out-of-door activities with new friends. Last week 40 girls participated in our Day Camp program.

The next Day Camp will be Wednesday August 1. All those wishing to attend please contact Mrs. Robert Strehl.

Playground

The past week we have been happy to see new faces at our playgrounds. Children have been enjoying the many free activities offered at both the East Jordan high school playground and Tourist Park. Tennis swimming, badminton, soft ball, croquet, volley ball, newcomb and games for all ages are offered daily at your playgrounds are daily supervised under the directions of Mrs. Robert Strehl. A shuffle board tournament is being scheduled for next week's activities.

Because of the greater numbers of children participating and more facilities available at the Tourist Park both morning and afternoon playground activities will be supervised at Park until later notice.

Charlevoix County 4-Hers at Gaylord Camp

Nine Charlevoix county 4-H members are in attendance this week at the 26th annual 4-H encampment at Gaylord. The members have a full program which, in addition to plenty of recreation, includes special demonstrations such as an archery demonstration by Frank Scott of the Bear Archery Company, freezing demonstrations by the International Harvester Company, pistol shooting demonstration by Sergeant Coykandall of the Mich. State Police, Thursday night, July 26 is parents night; the public is invited to attend a full evening program. There will be the district dress revue with Charlevoix county delegate Mary Lou Price attending, following this will be the performance of the top talent numbers of the district and then the traditional candle lighting service after dark. Refreshments follow the candle lighting service. The square dance team of South Arm under the direction of Harry Pearshall will try for district honors Thursday morning as will the trio composed of three East Jordan girls. A demonstration team composed of Rose Marie Lehrbass and Margaret Zoulek will attend one day to give their clothing demonstration entitled, "Six Seam Finishes for Cotton Dresses". Those in attendance for the entire week are Marie Nielsen, East Jordan, Martha Lord, East Jordan, Emily Gibbard, East Jordan; Margaret Lord, East Jordan; Jack Zoulek, East Jordan; Joe Smith, East Jordan; Eldeve Craft, East Jordan; Edward Shank, East Jordan; and Ruth Hart, East Jordan. They left Monday, July 23 by school bus and will arrive home before dinner on Friday, July 27.

Cherry Fruit Fly Traveling Laboratory Coming To East Jordan

Each year the Michigan Department of Agriculture at the beginning of the cherry harvest time sends a Mobile Laboratory to the various cherry producing areas of the state. Samples of the fruit are there analyzed to determine the prevalence of the Cherry Fruit Fly.

C. A. Boyer, Chief of the Bureau of Plant Industry, states that A. H. Beyer will be in charge of the samples gathered from each orchard, especially those sending their crop to the various canning factories.

The following schedule in part covers the tentative route of the Laboratory: East Jordan Canning Company-East Jordan, July 30-31; and Cherry Growers, Inc.-Traverse City, August 1-10. This is one of the many ways in which the Department checks on food products to assure the consuming public a quality food product.

Ulcers Plague Sea Lions, According to Scientist

LA JOLLA, Calif.—The boss who marls at his help and a sluggish sea lion are probably suffering from the same trouble—gastric ulcers. So says Dr. Arthur Louis Kelly, veterinarian of the San Diego Zoo, who is presently working for an advanced degree at the University of California's Scripps Institution of Oceanography.

"The technical literature carries several references to the presence of gastric ulcers in sea lions," says Dr. Kelly, adding that in his work at the zoo he has often found sea lions so afflicted.

In the sea lion, gastric ulcers are thought to be traceable to the activities of parasites ingested with the animal's food. There is no evidence that the ulcers are of psychosomatic origin, as is common among humans.

Working in the division of biochemistry under Dr. Denis L. Fox, Dr. Kelly is studying the chemical changes that take place in the bodies of marine mammals in accordance with residence in fresh water versus sea water, that is, under varying osmotic conditions. A facet of this investigation is an attempt to determine where the sea lion gets the water its system requires. One hypothesis is that it may come from the body fluids of the fish the mammal eats.

The transfer of sea lions from the salt water of the ocean to the fresh water of the zoo benefits them immediately in one way, Dr. Kelly says. They soon lose the external parasites (lice, etc.) with which they are afflicted in the open ocean.

Mr. and Mrs. B. H. Putnam spent Sunday with the Frank Malone family at Torch Lake.

Sparta is a very popular and generous little city to loan us so many nice folks for the summer. At present we have seven families represented in the park. Last Sunday some of them attended the Methodist Church in Boyne City as the pastor Rev. Henry Alexander is a former Sparta resident, he graduated from high school at the time Mr. O. Balyeat (a park resident) was Supt. of schools there.

Mr. and Mrs. Jess Robinson, spent the weekend visiting the latter's father at West Branch and their son, Mr. and Mrs. Bruce Robinson and daughter, Mr. and Mrs. Carl Stephen and son, David of Flint and son, Mr. and Mrs. Ward Robinson and Ronnie, and son Alan of Mt. Morris.

Mr. Marshall Kooztz and Mr. Moose are attending the Tin-Can Tourist Convention in Traverse City to demonstrate Mr. Kooztz' new trailer weight distributing hitch he invented recently.

Mr. and Mrs. Russell Meridith visited at the home of his parents, Mr. and Mrs. Jos. Meridith.

Mr. and Mrs. M. D. Culver and Chas. Smeader spent Sunday at Bower Harbor visiting at the Albert Koupa home.

Mr. and Mrs. W. Keath Carstens visited the Humphry Jackson, Dewey Kalember and M. D. Ball families at Omena, all four families re from Grosse Pointe.

Mr. and Mrs. Wm Camp, and Larene Rooker, inspectors at the E. J. Canning factory attended the Indian festival at Harbor come.

At East Jordan Tourist Park

The park at present is about as full as accommodations will permit, due to so much low ground between the lake and parking spaces, some of the connections cannot be used to park would-be tenants. At present we have nineteen trailers and several tents. With the shops in the city closing down next week for awhile it is expected this number will be greatly increased.

We are glad our park is plainly marked by a new black and white sign at the entrance which reads "East Jordan Tourist and Trailer Park."

New vacationers who have come in during the past week are: Mr. and Mrs. Mouble and family of Walled Lake, Mich.; Mr. and Mrs. W. F. Johnson of Charleston, South Carolina; Mr. and Mrs. Wm Camp, Marshall, Mich.; Mr. and Mrs. W. Keath Carstens, Grosse Pointe, Mich.; Mr. and Mrs. M. D. Culver of Sparta and Mrs. Culver's sister, Mrs. Charles Smeader of Port Austin, Mich.; Mr. and Mrs. D. S. Edward of Newago, Mich.; and Bradenton, Fla.; Mr. and Mrs. O. E. Balyeat of Sparta; Mr. and Mrs. Earl E. Horton of Grand Rapids; Mr. and Mrs. Raymond Horton, Jr., and five children also of Grand Rapids; Hazle Crofoot, (a former Home-Ec teacher at our local school) and friend Harriet Franklin both of Albion; Mr. and Mrs. Herbert Rogers and son Gene of Flint; Mr. and Mrs. D. W. Myers Howell; Leslie Selman of South Branch; Mr. and Mrs. Barney Norman of Grand Rapids; and G. H. Hornsby and wife of Flint.

The Presbyterian Sunday School held their picnic in the park last Tuesday. Lots of activity both on the water and land furnished entertainment for all ages. We all enjoyed watching the canoe tilting and children's games.

A new raft has been added for the enjoyment of the smaller (and larger) children, the old one has become abandoned at times, seems like everyone likes to try out the new one. The beach has been a regular bee-hive with a happy, laughing bunch of brothers.

Thursday Eve, the first park pot-luck gathering was held in the dining hall everyone seemed to have an exceptionally good time, 34 sat down to a colorful well laden table; flowers were gathered by the park children a program followed the dinner, a parody to suit the occasion was sung by all, followed next by several numbers on the piano accordian by Mrs. Dorothy Kooztz, her first number was dedicated to Mr. and Mrs. D. S. Edwards who were celebrating their 54th wedding anniversary. Mr. Kooztz then joined his wife and favored us with a duet, Gary Whitford did a fine job of whistling "On Top of Old Smokey" and Mrs. Robinson gave a couple of readings. We are looking forward to more of these get togethers.

Mr. and Mrs. B. H. Putnam spent Sunday with the Frank Malone family at Torch Lake.

Sparta is a very popular and generous little city to loan us so many nice folks for the summer. At present we have seven families represented in the park. Last Sunday some of them attended the Methodist Church in Boyne City as the pastor Rev. Henry Alexander is a former Sparta resident, he graduated from high school at the time Mr. O. Mr. Marshall Kooztz and Mr. Moose are attending the Tin-Can Tourist Convention in Traverse City to demonstrate Mr. Kooztz' new trailer weight distributing hitch he invented recently.

Mr. and Mrs. Russell Meridith visited at the home of his parents, Mr. and Mrs. Jos. Meridith.

Mr. and Mrs. M. D. Culver and Chas. Smeader spent Sunday at Bower Harbor visiting at the Albert Koupa home.

Mr. and Mrs. W. Keath Carstens visited the Humphry Jackson, Dewey Kalember and M. D. Ball families at Omena, all four families re from Grosse Pointe.

Mr. and Mrs. Wm Camp, and Larene Rooker, inspectors at the E. J. Canning factory attended the Indian festival at Harbor come.

Homemakers' Corner

Home Economics Specialist Michigan State College

STORE CAREFULLY TO PROTECT FOODS AGAINST SPOILAGE

Good storage space for canned foods in cool, dark and dry, according to Roberta Hershey, extension foods and nutrition specialist at Michigan State College.

The place where you store jars of fruit and vegetables also should be well ventilated and insulated if necessary to keep the storage space cool in hot weather and protect against freezing in cold weather.

Whether you decide to use a cabinet or storage room will depend on the amount and kind of food you have to store and the amount of space available. But you need to protect your investment of work and material from being ruined by spoilage.

Locating your food storage space near the canning center will save time and work in carrying, the MSC specialist said.

If you are planning to make or buy a cabinet remember that an inside depth of 12 inches is best and two rows of jars can be placed on each shelf. A cabinet with inside depth of 6 inches will take care of only one row of fruit jars.

Storage rooms usually are best for use in the basement. You should allow at least 2 square feet of floor space so you can have room to enter and set cans on the shelves or remove them.

In short, allow 1 foot of 12 inch shelf space for each five cans of any size. Or allow 20 feet of shelf space for 100 cans. Top shelves should not be more than 72 inches from the floor.

If the shelves are more than 3 or 4 feet long they should be supported at 32-inch intervals. Put canned meats on the lower shelves, vegetables, next, and fruits near the top, the home economist advises.

Proper tossing, not mixing, is important to the success of your summer salads, MSC food experts advise. Don't stir it as you would a cake—toss it lightly with two forks or a fork and spoon.

Springs Saturday. Hazle Crofoot and Harriet Franklin were also visitors of the Indian festival at Harbor Springs.

Several Hya-went-a camp boys have visited our park all through the summer. At present 15 senior girls and three counselors of 4-way Camp on Torch Lake are guests of the park.

Mr. and Mrs. W. Keath Carstens were invited to the home of Howard Poe on Six Mile Lake for dinner Saturday Evening.

Guests at the O. L. Adams trailer over the week end were their daughter and husband and family, Mr. and Mrs. Karl Smith of Flint. They brought their daughter, Margaret Smith, and nieces, Carolyn Adams and Susan and Sally Garrison to spend some time with their grandparents, taking their son Karl and nephew, Richard Adams home; who spent 10 days with their grandparents.

Morris Vance of Flint was a visitor in the park one day calling on the Charles Richard family. Mr. Vance is the Richard's milk man.

Several tenants have been happy about the catches of fish being made here, some very nice catches have been reported.

Fifty-three were present at the reunion of the James Drake and John Bradley families, held Sunday in the recreation building at the park. Those attending were Roger Drake of Monroe; Jane Deuis of Detroit; Mr. and Mrs. Norbert Wegman and family, Elk Rapids; Mrs. George Heim and Mrs. Case of Williamsburg; Mr. and Mrs. John Bradley and Ernal, Mr. and Mrs. Fayne Doerr and family, Mr. and Mrs. Freeman Bradley and family all of Manacelon; Mr. and Mrs. Luke Bradley and family, Mr. and Mrs. Gerald Drake and family of Grand Rapids; Mr. and Mrs. James Drake, Mr. and Mrs. Gerald Wilson and family of Central Lake; Mr. and Mrs. Wilbur Berg and family of Bellaire; Mr. and Mrs. Eldon Drake and son of Spokane, Wash.; and Mr. and Mrs. Happy Wilson and family of Pleasant Valley.

Have you seen the little English built Singer convertible around town lately? Well that's Mr. and Mrs. Geo. Bettes, teantes in our park, they are the ones who are going to treat the public to a lecture and colored films of the North lands this Friday eve, at the Rec. bldg. Their husky dog will also be with them. Be sure to see it.

WEST PENINSULA. . .

(Edited by Mrs. Wm. Gaunt)

The South Arm and Star Soft Ball Team played at the fair grounds Sunday with South Arm getting the game.

Mr. and Mrs. V. K. Knapp with grandson and daughter spent Sunday with Mr. and Mrs. Wm Gaunt Sr., also getting several lugs of cherries to take home.

Mr. and Mrs. Fred Earl of Detroit spent a few days visiting with his brother and wife, Mr. and Mrs. James Earl of Charlevoix also calling on several cousins on the peninsula. They returned to Detroit again Tuesday.

Mr. and Mrs. Clare Townsend of North Star spent over the week end with the Gaunts also doing some work on his cucumber field. They left for home again Monday p.m. also getting several lugs of cherries.

Mr. and Mrs. Edward Unruh of Flint spent several days with their niece and nephew at the lake, Mr. and Mrs. Harry Forentz.

Mrs. Albert Chanda and three children Albert Jr., Linda and Richard spent a few days last week at Dayton Plains visiting with Mrs. Chanda's sister and husband, Mr. and Mrs. Fred Tol-free.

Mrs. Mae Dougherty of Lansing is visiting with her niece and family, Mr. and Mrs. Lyle Peters.

Mr. and Mrs. August Johncheck and family of Charlevoix R.F.D. spent Sunday at the Robt. Myers home.

Mr. and Mrs. David Johnston and daughter drove up from Cadillac Saturday to get their mother, Mrs. Anna Johnston, who has been visiting with her sister and family the Robt. Myers.

The party at the Grange Hall was well attended as the Peninsula 4-Hers invited the Star 4-Hers over to have a get together. They danced after their meeting with Grandpa McClure playing his violin.

Miles District

By Mrs. Claud Gilkerson
Mr. and Mrs. Norval Korhase were Sunday dinner guests of her parents, Mr. and Mrs. John McCullum.

Mr. and Mrs. Walter Crossman and daughter, Constance Sutton and friend, Gene White of Flint were supper guests of Mr. and Mrs. Elmer Hott Saturday.

Mr. and Mrs. Sam Kamradt of Traverse City called on Mr. and Mrs. August Bulmann Monday.

Mr. and Mrs. Roy Huston of Detroit are spending the week with her brother-in-law and sister, Mr. and Mrs. Fred Bancroft.

Mr. and Mrs. Russell Brown and sons, Jr., and Bruce are spending two weeks with their parents, Mr. and Mrs. Frank Brown of Atwood and Mr. and Mrs. Claud Gilkerson.

Mr. and Mrs. Howard Donaldson called on his sister, Mrs. Fred Wormell at Petoskey Sunday.

day. Mr. and Mrs. Stolfa (Matilda Knop) and son Phillip of Brookfield, Ill., spent Monday with Mr. and Mrs. August Bulmann. Mr. and Mrs. Stolfa are spending the week with her sister, Mrs. Charles Reidel of Deer Lake and visiting other relatives and friends.

The Harmony Extension Club meets Wednesday evening at the home of Mary Donaldson in East Jordan.

Mr. and Mrs. Jay Boss of Jemison and his mother, Mrs. John Boss, Sr., of Charlevoix visited Mr. and Mrs. William Boss Saturday evening.

Mr. and Mrs. Douglas Gilkerson accompanied Mr. and Mrs. Kenneth Slough on a picnic at "Hartwick Pines" near Gaylord Sunday.

Mr. and Mrs. William Boss went to a birthday supper in East Jordan Monday evening, honoring Mrs. Art DeVries, Mrs. Minnie Veestra and Linda Aardema, daughter of Mr. and Mrs. Jerry Aardema.

Miss Karen Petre spent Friday night with her sister, Jean Gilkerson.

Mr. and Mrs. Howard Donaldson called on Jackie Donaldson at the Charlevoix Hospital Saturday evening and found him much improved.

Victims of the car accident which happened last week on the county road north of Miles corner are all improving.

Mr. and Mrs. Claude Gilkerson and family took a pleasant trip to Harbor Springs, Cross Village, and Mackinaw City Sunday.

Mr. and Mrs. J. M. Ingalls and son called on Mr. and Mrs. Lloyd Himebauch Sunday.

Dairy Cow Negelect

Dairy cows should not be neglected during the rush of spring and summer field work, says George Parsons, Michigan State College extension dairyman.

Breeding troubles are likely to occur if cows are not closely watched. Many times busy farmers do not see the cow when she comes in heat, or may notice her and are too busy to call the inseminator-manager.

Parsons advises getting a breeding calendar to be placed in a conspicuous place in the farm. Keep the records on this breeding chart up to date. Don't wait until next week or when it rains to fill out the record.

A good practice is to spend some time observing the cattle in the morning when they are turned out. More than half of the cows will be noticed in heat at this time of day. It is a good time to observe the condition of the herd.

Parsons advises that farmers wait 60 days after calving before breeding for the next gestation.

Keep the heifers growing steadily and breed to freshen about 24 to 26 months of age.

Make use of the breeding record by watching the chart. It is very easy to determine the next heat period if you know the date of the last one. This chart will tell you within one day, on all normal heat periods, when to be a little more observant. With a lot of summer work, it is much easier to detect the heat period and determine the correct breeding time if you are forewarned.

Planning on the part of the farmer and a desire to see the

breeding plan work will eliminate many breeding troubles due to management, Parsons believes.

Remember that odor is the best guide in buying melons. Color, plumpness, and freedom from bruises also should be considered in buying all fruits. Size may not always affect its eating quality.

Evangelical Lutheran Church

Phillip Fretheim — Pastor
Service Sunday July 29, 8:00 p.m. Sunday School every Sunday at 11:00 a.m.

of Main Street and the World

"Cease-Fire" Talks Should Follow Unusual Pattern of Korean Events

PEACE—LIKE THE WAR—PUZZLING—With the confusing Korean conflict little more than a year old, the prospects for peace suddenly became brighter than ever. For the average citizen on the Main streets of America, however, the promise and the possibilities of an end to hostilities seemed just about as puzzling as ever.

American government and military leaders at first took a dim view of the "feelers" for cease-fire negotiations. With understandable caution, they mistrusted the sincerity and purpose of Red China and those pulling the strings of the puppet from behind. But UN and American leaders would not miss a chance for a just peace. Truman sounded the keynote: "We are ready (to negotiate), as we have always been."

As America, and then the world, watched with abated breath, the peace campaign followed the pattern of war—aggressiveness and then reticence on both sides. Appropriately enough, thin-lipped Jacob Malik made the first overture—suggesting a cease-fire and withdrawal behind the famed 38th parallel as the "first step." After some half-silent political parrying, negotiations began through normal diplomatic channels in Washington and Moscow. Then wires hummed between Tokyo, Peiping and Pyongyang.

Anxious to save lives, Ridgway declared himself ready to talk to the Reds as early as July 5th. They, however, wanted a preliminary meeting on the 8th and a meeting of the top brass later. Ridgway concurred, and the first meeting was held in a once-rich home in the "no-man's-land" of Kaesong. The UN sent three colonels, one a South Korean. The Reds dispatched a like number, but included "receptive personnel."

The first meeting, merely a preparing for the real negotiations, was tense, and held in utmost secrecy. American officers returned tight-lipped to their stations, but said the meeting had been "harmonious."

Tuesday the top brass began to get at the core of things. As they did, American officials pointed out to the folks at home that a cease-fire order would not be an assurance of peace, and that the approach to this one seemed fraught with trickery. The statement, intended, no doubt, to ward off optimism, was not necessary.

Generally, the American belief was that the Communists wanted to quieten the Korean scene in advance of a new outbreak somewhere else. The only optimists were those who thought the quest for a cease-fire meant the Russians were desirous of shifting main efforts to the diplomatic fronts in view of the disastrous failures in Korea. Some so-called "reliable" sources also said that Stalin was ailing, that there was a general internal struggle in Moscow to get in line for his job, and so the Reds needed more time to devote to the home front. One of the most logical ideas was that Red China wanted out while it still could "save face" and say it had not lost the war. Factually there was less truth than speculation everywhere. Only the Reds knew why the peace movement originated.

Keener U.S. observers marked the week the beginning of peace in Korea. Yet, they were quick to point out that, if peace comes, the hypochondriac world would be rid of one headache, and then could turn attention to many other ailments. A peace in Korea might be fuel for a colder war.

Joy That Is Real, If Premature

Patients at a hospital in Korea let their spirits rise after word of the possible "cease-fire" negotiations reached them, hoist nurse upon their shoulders. For most of them, the war is already over—their joy is for comrades on the front lines.

SHIFT INTO REVERSE—As the anxious world watched the move for peace in Korea, the business world reluctantly checked reverse gears to see if it was in working order.

Business analysts knew that cessation of hostilities would lessen the feeling of urgency and military spending would fall short of projected plans. Once the last shot had echoed in Korea, business could expect two things. First, the government would drastically cut down on quantities ordered. World War II stockpiles taught Washington a lesson. Second, delivery dates would be strung out over longer periods, with a few "rush" orders.

Future policy of business: to cease producing all-out and still remain ready for all-out production.

INFLATION PROFILE—During the year of Korean war, wholesale prices increased 20 per cent; retail prices about 10 per cent. Although restrictive measures had curbed the rise, and even dropped a few items down, defense spending and cutbacks in civilian production point to a strong inflationary trend, unless strong controls are applied.

Price director Michael Di Salle faced newsmen with these words, "We will need every bit of price control we have had" to combat inflation. He pledged to keep up the fight for more and stronger controls, said the public was beginning to get on the controls bandwagon.

IN THIS CORNER—While Di Salle spoke to the newsmen, congressmen on the hill were getting squared away for their own battle royal over prices and controls.

The administration was fighting gamely uphill, with two major sore spots: (1) An amendment sponsored by the agriculture committee to prohibit all price rollbacks on farm products, rescinding even the live beef cut of 10 per cent already in effect. (2) A proposal by the labor committee to revise the makeup of the wage stabilization board so as to give public members control and to take away WSB's authority to handle labor disputes.

UNDAUNTED DEFENSE—The President's trouble-shooter, W. Averell Harriman, spoke in support of the President's 8.5 billion dollar foreign aid program, warned congress that any relaxation now in the defense program "can lead only to disaster."

THE OTHER WAR—As the world watched for peace in Korea, President Truman called on congress to end the state of war with Germany, now nine-and-one-half years old. As he made the request, Britain, Australia and New Zealand ended their state of war with the Germans, and Canada and France were expected to follow suit shortly. India had done so on the first day of the year.

The moves were a definite attempt to bring the German people back into membership among the nations of the free world. Coming at such a time, however, the action seemed part of the jig saw puzzle that is our world of today. Wars, peace, and rumors of both.

LEST WE FORGET—And still another sign of the times came from Washington with the announcement that the U.S., Australia, and New Zealand have worked out a defense treaty. Uncle Sam is not forgetting the Pacific area.

The treaty, which will go unsigned until the Japanese peace treaty in San Francisco two months hence, is expected to state that the United States will consider an attack on Australia and New Zealand from any quarter dangerous to the peace and security of this country. The treaty might well be the nucleus of a future pact embracing all of the Pacific area.

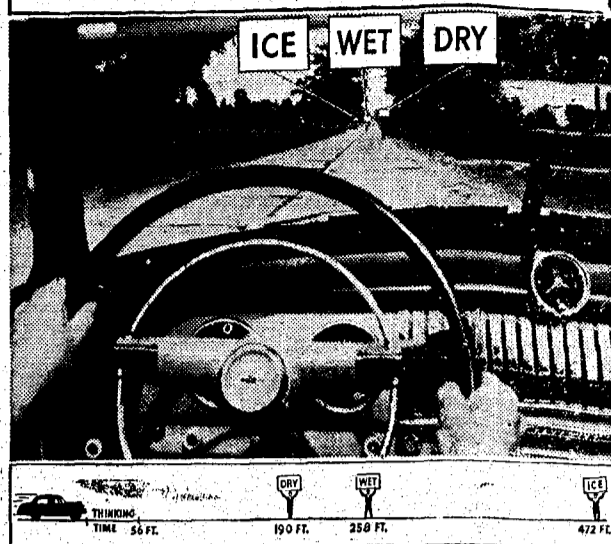

DOWN ON THE FARM

Belief That Truce Not a Cure-All

Speaking at Louisville, Allan B. Kline, president of the American Farm Bureau Federation, said that truce in Korea would not be an immediate cure for all problems. Kline told a general session of the Southern Farm Bureau Training School that the country had two main objectives—to avoid a third world war and preserve the American way of life.

The farm chief said that the American way is based on "individual initiative with appropriate restraints." "Inflation has yet to be controlled," he said, "if our way is to be preserved. Even if there is a third world war, we might lose it if we devise a program we can't pay for." He said the bureau favors pay-as-go taxation.

Safe Braking Margin Varies

Importance of driving in accordance with highway conditions is illustrated by this diagrammatic view prepared by Chevrolet in the interest of traffic safety. Standard braking tables reveal 190 feet is required for a stop at 50 miles an hour, allowing three-quarters of a second for a driver's reaction to an emergency. When the pavement is wet, however, the distance increases to 258 feet. On icy pavement 472 feet will be covered before a car brakes to a complete stop.

A split vote for the Republican nomination of United States senator is indicated at the moment for November, 1952.

Owen J. Cleary, Republican state chairman, is said to be mulling his chances. Another prospective candidate is ex-Gov. Harry F. Kelly who lists his third term bid for the governorship last fall.

Kit Clardy, Lansing attorney who last year opposed William W. Blackney for the sixth district G.O.P. nomination as representative, has hinted to friends in Washington that it wouldn't take much persuading to get him into the senate scramble.

The only announced candidate so far is a Republican from Grand Rapids — John B. Martin Jr., now state auditor general. Arthur Vandenberg Jr., also of Grand Rapids, has been mentioned as a possible contender. Young Vandenberg hasn't revealed his intentions.

Speaker of the House Victor A. Knox (R-Sault Ste. Marie) long has cherished the job of secretary of state. Also eyeing the position is Rep. Robert M. Montgomery (R-Lansing) who is speaker pro-tem. Fred M. Alger Jr., who holds the position now, has announced his candidacy for nomination as governor.

Armed with additional funds from the legislature, Dr. Lee M. Thurston, superintendent of public instruction, quietly is investigating several more school districts. They are suspected of padding enrollment list to gain more state aid funds.

Michigan is short 3,000 nurses for training, all of whom could be employed immediately upon completion of training.

Michigan's city officials criticize the federal government for lack of leadership in the civil defense effort. John Witherspoon, Detroit controller, says Detroit is about as well organized as any city in the nation—but "we are not as secure in our feeling about attack as the federal government seems to be."

Michigan's fruit crop, except for apples and pears, will be below the 1950 harvest, if federal-state crop reporting services' estimates are correct. Reason given for the predicted drop was a severe freeze last November.

A legislative committee, mapping a revision of Michigan election laws, has invited suggestions from anyone interested. Sen. Creighton R. Coleman (R-Battle Creek) chairman of the committee, says his group plans to draft a re-codification of election statutes and submit it to the 1952 legislature. He will listen to all comers.

It's the polio season again, some 88 cases were reported in the first half of 1951. Last year the peak load was 2909 cases. Dr. F. S. Leader of the state health department says there is "nothing unusual" about the case incidence this year.

Jackson Republicans are trying to promote a shine in their city to commemorate the founding of the party there 97 years ago. Financial support is the stickler.

The use of fluoride, a tooth decay preventative by leaps and bounds in Michigan. Already 10 cities are adding the chemical to their water and 12 others have applied for necessary installations.

A survey in Grand Rapids after six years of using fluoride show a 60 percent decrease in decay of children's teeth.

U. S. Sen. Homer Ferguson, now Michigan's senator, has started his own radio program. He is making a weekly report to the people through more than 30 radio stations.

In Michigan, one out of every four persons killed at work is a farmer.

Manistee and Benzie counties this year sent more than 2,000,000 pounds of strawberries to market, grossing growers \$350,000. It was the largest crop ever recorded in the two counties.

Hunters can expect more pheasants this year. Conservation department survey finds a 20 percent increase in ringneck roosters.

The "Michigan Realtor", official organ of the Michigan Real Estate association, revives an old—and touchy subject. Says the bulletin of the "El Single" apartment project rumpus of 1950, "not only did the state suffer no loss—but is showing a return on its investment—in private business the move would have been considered a stroke of financial genius—D. Hale Brake (state treasurer) will remain the unsung hero wizard".

Administration at the time made loud noises about a poor investment of state funds (VA monies) in the Arizona project.

Hens Need Plenty Of Water And Air

Poultrymen report that extra precautions need to be taken to maintain high egg production when the thermometer climbs.

These ideas are passed along to other farmers by Michigan State College extension poultry specialists. One is to keep plenty of water before the laying flock at all times.

High egg production increases the need for water since eggs have a high water content. Poultrymen advise running water where possible to save labor. Several types of fountains and watering devices are on the market to help assure a steady water supply or the farmer who's handy with tools can make his own.

Another important factor in maintaining top egg production is good ventilation. Every window, door and slot in the laying house should be opened wide, and shade provided for feeding and drinking areas, the MSC poultry specialists say.

Collecting eggs frequently in hot weather is the important job in maintaining quality. Quality is rapidly lost unless eggs are gathered and placed where they will cool. Frequent marketing also will help in making sure the consumer gets a quality product.

One of the best ways to increase production per acre is to grow grasses and legumes in rotation with other crops.

Did you know accidents cost more than 17 million man-days of work on American farms last year? Adopting safe practices will keep this menace from spreading to your farm. Handle your tractor with respect. It can do the work 50 horses, but if improperly handled it can become a killer.

9 WAYS TO AVOID HEAT FEVER
Doctors recently discovered heat fever in children may result from indoor heat as well as from the sun. Learn the symptoms and treatment of heat fever. Read "Heat Fever" in The American Weekly, famous magazine with this Sunday's (July 29) issue of The Detroit Sunday Times.

Feeding with antibiotics speeds growth of baby chicks

Aureomycin, a recent antibiotic development, promotes rapid growth in baby chicks, say poultry researchers at Michigan State College Agricultural Experiment Station. Believing that this drug acts on bacteria in the intestine of the baby chick, they fed Aureomycin to one group of chicks, then inoculated another group. They found that while Aureomycin injections had no beneficial effect on growth, including the drug in normal feeding practices substantially improved growth. More recent experiments have added Penicillin, Terramycin and Bacitracin to the list of antibiotics stimulating growth. For further information on the possibilities of antibiotic feedings for your poultry, call, write or visit your County Agricultural Agent.

Operators' atlas places calls promptly
In each of Michigan Bell's 75 toll centers, long distance operators use a complete world communication atlas to speed calls along the highways of speech. The atlas lists 71,000 localities within the U. S. proper (2,214 of them here in Michigan); 16,000 in Canada, Cuba and Mexico; 17,000 vessels; and 330 airplanes. It includes 10,000 cars and trucks equipped with telephones; and 85 overseas countries and territories to which telephone service is available. The atlas is revised from day to day, keeping all these points at your operator's finger tips. It's another example of telephone efficiency working for you.

Alken Attacks Byrd

SEN. George Alken was once governor of the rock-ribbed Republican state of Vermont, one of only two states voting for Alf Landon in 1936. Alken is a frugal gentleman as are most Vermonters, but he writhed as he sat listening to Senator Byrd of Virginia lead a drive to cut appropriations for school lunches, juvenile delinquency, The Women's Bureau and The Children's Bureau.

Finally Alken could stand it no more. "An \$80,000,000 ship is being built at Newport News, Virginia," he told Senator Byrd, who used to be governor of Virginia. "It will be turned over to one of the shipping lines for \$28,000,000 or a gift by Uncle Sam of \$50,000,000. That gift is 50 per cent more money than we plan to appropriate for maternal and child welfare work in this country under the budget cuts."

"Does a five-year-old child have any cash value?" continued the usually mild-mannered Vermont senator. "What is it worth to restore a crippled person to a place where he is self supporting? What is the cash value of a healthy mother, as compared to a sick one? Are we to determine this in terms of dollars and cents, and decide the fewer the cents the better off the country will be?"

"To hear the talk this afternoon," Alken added bitterly, "one might assume that we ought to drown all our children and mothers and get them out of the way. Then they wouldn't cost us anything."

A Reason for Peace

Unquestionably one reason for Moscow's peace feelers is the effectiveness of a little-known U.S. weapon in Korea. For some reason never explained at the MacArthur hearings, General MacArthur failed to use this weapon in the early stages of the Korean war. More recently, however, it has caused terrific Chinese casualties.

The weapon is the radar-controlled proximity fuse, now no longer secret. This amazing device explodes artillery shells just as they hit the target, giving them a devastating effect. Previously shells exploded as they buried themselves in the ground, which detracted from their effect.

The proximity fuse was used during the end of World War II, but it has been a major mystery why MacArthur failed to use it in the early stages of the Korean war. If he had done so, the back of the Communist offensive might have been broken early with countless saving of American lives.

To solve the mystery of MacArthur's failure to use the proximity fuse, the Pentagon finally sent ordnance expert Col. C. H. Roberts to Korea. He came back with the explanation that MacArthur had failed to train artillery crews in the use of the fuse.

Under Gen. Ridgeway, however, the proximity fuse has become the key to American firepower, and the chief reason the Chinese have suffered such devastating casualties. Undoubtedly also it is one reason why Malik has thrown out overtures for peace.

Note.—Illustrative of the Army's present policy of admitting and correcting mistakes, Maj. Gen. Floyd Parks' press branch in Washington was willing to make public the facts regarding the proximity fuse error. However, the Far Eastern Command overruled Parks.

Peace Overtures

It is no longer a secret that U.S. delegates to the United Nations have been working with other U.N. members for some time on a Korean truce proposal and that Comrade Malik jumped the gun on them.

The most important issue in these discussions, however, has not leaked out—namely, the differences of opinion regarding two highly controversial points: 1. Disposition of Formosa; and 2. Seating the Chinese Reds in the United Nations.

The U.S. proposal, discussed with 15 other U.N. nations by U.S. Ambassador Ernest Gross, was to postpone any consideration of Formosa or seating the Reds until after all other conditions had been ironed out. The State Department was completely adamant on this, and maintained that we would not discuss these two points even until 1. The whole Korean question had been settled, and 2 All troops had been withdrawn.

This was the chief stumbling block between ourselves and some other U.N. members.

The above terms were somewhat similar to those which President Truman sent to General MacArthur for his perusal just before Easter and which MacArthur subsequently issued as his own. MacArthur's jumping the gun was one fact which contributed to his ouster. The President, however, is in no position to oust Comrade Malik for likewise jumping the gun when he heard that the U.N. and the U.S.A. were working on a truce.

Magic Material, Jack-of-Trades Is Little Known

What is it that fire-protects the home, was used in the construction of the pyramids of ancient Egypt, helped keep Roman contractors out of jail, makes your glass of beer more enjoyable, is important in the manufacture of aircraft, has its part in the sale of women's wearing apparel, greets you every morning in your toothpaste and has a thousand other uses?

What is this substance that stares at you from the walls of your home and office, helps you recover from a broken leg and is used by farmers to condition the soil?

What is this magic material that was putty in the hands of Michelangelo, that has its own sprinkler system and helps make American dentistry the best in the world? No, it's not the "Thing."

It's just common, ordinary CaSO₄·2H₂O; or, to put that in English: it's hydrous calcium sulphate.

Simple Definition
Of course, we could come down to earth and tell you it is just plain "gypsum," but it's an amazing thing line out of ten men and women on the street will come back with the question, "What's gypsum?" despite the fact that practically everyone comes in contact with gypsum in some form or another throughout the day.

Gypsum is a mineral; it's a rock. It is one of the earth's most plentiful natural resources. In its natural state it is about one-fifth water by weight. This is not free water, rather, it is water in chemical combination.

It is the water-chemical content that makes gypsum one of nature's most amazing substances. The gypsum rock, which is mined and/or quarried, releases about three-quarters of its water content when it is calcined, or heated. The residue is a powdery, white substance, which has a great affinity for water.

It is, in effect, plaster powder. When water is added and mixed into the plaster powder, a plastic substance results, which substance can be worked into any shape desired—into a statue, a dental cast, a mannequin for a store window, precision molds for airplane engine parts, a cast for a fractured limb or a wall for a room.

When the plaster powder, plus water, sets, the substance again becomes rock gypsum—the same material that was taken from the earth. But now it is in the shape to which it was molded in its plastic state.

Nothing New
Builders, sculptors and surgeons have known about gypsum for years and years. The latter call gypsum, processed for their purposes, "Plaster of Paris." The name derives from the fact that the city of Paris, in France, is built over gypsum deposits.

Historians report that the Assyrians, 6,000 years ago, used gypsum as a fire protection. They recall that the body of King Tut was encased in gypsum plaster. Minoan, semi-legendary king of ancient Crete, is said to have had a throne of pure white gypsum. Egyptian building genius which conceived the Great Pyramids also employed gypsum mortar to bed the blocks and gypsum plaster to cover the interior. Today, after more than forty-five centuries the plaster is still evident.

The Bible, in the book of Leviticus, tells of a law which required that all houses where leprosy existed be completely replastered with gypsum. Roman legislation, at the height of the Empire's glory, insisted that the magic mineral be employed in the fire-proofing of dwellings. Contractors who failed in the requirement were liable for fine, imprisonment or the death penalty, depending on the fire damage to life and property.

Army Water Supply Units Keep Troop Supply Fresh
The water supply units of the United States Army's Eighth Engineer Battalion in Korea, have purified nearly 60,000,000 gallons of water. The units convert contaminated Korean river water into safe drinking water for use by 1st Cavalry Division combatants.

Before the units can begin to function, small reconnaissance patrols locate suitable riverside pumping points; usually about 3,000 yards from the frontlines. The points selected must be protected from enemy, artillery fire and accessible to regimental water trucks using the main roads.

It takes approximately 45 minutes to process one cycle of water after the unit is put into operation. The processing, which includes filtering, cleansing, and purification involves the use of assorted chemicals and three separate water tanks in which water is pumped from the river. Thus far, there has been no evidence that the enemy is poisoning water but, as an added precaution, water points are placed at flowing streams because such water is less likely to be affected by pollution.

The fifteen 3,000 gallon tanks used in the operation could theoretically burn out 60,000 gallons of water in one 20-hour period.

Looking Backward . . .

July 22, 1911

The East Jordan Band gave its weekly concert last Friday evening. The young men deserve much credit for the fine grade of music they handle and show considerable progress under the excellent leadership of Otto Moyer.

W. T. Gribbsy of Hastings who has been spending a week with his parents left Wednesday for Cheboygan to visit his brother Allen and wife.

Mr. John Benford of Mt. Pleasant spent several days visiting at the home of A. E. Cross last week.

Mrs. A. Hilliard and daughter Helen returned Friday from a visit of three weeks at Cadillac.

Mrs. Leonard Swafford and Miss Maud Crowell were Petoskey visitors Wednesday.

July 22, 1921

A downpour or rain accompanied by rapid fire lightning and a heavy wind struck East Jordan and vicinity about one o'clock Monday afternoon, causing considerable property damage. At the James Lisk farm in Jordan township, the main barn was struck by lightning and burned.

The barn was filled with hay together with a lot of farm implements. On the John Carson farm in South Arm, one silo was blown over and the roof of another thrown a considerable distance. The Frank Lenosky barn was shifted a foot on its foundation. At the Marin Ruhling farm just north of the city, a herd of five cattle were killed by lightning and another was stunned. In the herd were two blooded Shorthorns and the loss to Mr. Ruhling was considerable. The cattle were under a tree when struck, and the tree itself shows no trace of the bolt of lightning. In the heavy down pour of rain highways were washed out in places and orchards and other trees were badly injured by the high winds.

Thomas Crothers, 72, passed away at his home near Monroe Creek, July 20th at 8:15 a.m. Mrs. Jane Kingston, a sister of Mrs. Crothers, who came here about a month ago passed away at 3:00 p.m. from Bright's disease. Funeral services will be held from the home this Friday afternoon at 2 o'clock conducted by Rev. Thomas Marshall. Mr. Crothers will be laid to rest in Sunset Hill. The remains of Mrs. Kingston will be taken to her former home in the Upper Peninsula for interment.

Mrs. Frank Phillips received word last week of the death of her sister, Mrs. William Spencer, at Seattle, Wash. Deceased was formerly Miss Myrtle Bissett and was well known among our older citizens. Funeral Services at Seattle, Saturday.

South Arm Farm Bureau
South Arm Farm Bureau met July 17th at the home of Mr. and Mrs. T. Floyd French. Ten members were present. It was voted to hold a picnic at East Jordan Park on Aug 18th, in place of the regular meeting.

An item taken from the Michigan Klooster. In 1901, it took 62 minutes of work to buy the average pound of meat. In 1926 it was 37 minutes. At present it's only 32 minutes. That means the cost of meat is nearly 40% lower than it was 50 year ago. Further, the meat is of better quality and available every day.

The discussion topic was—Are Are over load Fines Effective? The conclusion was that we should have heavier fines. An owner should be fined according to the over load. That money should be used to repair the roads instead of being used for county libraries and county law libraries. After the first offense his truck should be impounded for 30 days. Door prizes were won by Mrs. I. M. Ingalls and George Klooster. Pot luck lunch was enjoyed by all.

Mrs. Ivan Coolman, Sec'y

Mrs. Ena Ruth, wife of Hiram McPherson, passed away very suddenly, July 14th, at their home in Eveline township. She was 26 years of age and daughter of Mr. and Mrs. George Hosler.

Mr. and Mrs. Cecil Blair and children of Detroit are here for a visit at the homes of Mr. and Mrs. S. Ulvund and Mr. and Mrs. George Palmer.

Miss Ada Ostrander and Clarence Knapp both of this city were united in marriage, July 12th by Justice of the Peace, H. C. Blount.

July 24, 1931

A sad ending of a happy afternoon took place Sunday, July 19th about 4:00 o'clock at La Londe's Point when Roy Hammond and his son Jack got out of shallow water and over the channel bank and were drowned. A daughter Minnie was with them but waded a shore. Roy was born in East Jordan, Feb'y 23, 1887, his parents being Mr. and Mrs. Elias Hammond. Nev. 23, 1912 he married Irene Wilson at East Jordan. He was a carpenter by trade. Surviving the wife, five children, his mother, Mrs. Rosella Hammond a sister Nina Bowen, East Jordan; three brothers, Herman and Gaius, East Jordan and Clifford, Port Huron. The son Jack was born, Jan 3rd, 1925. Funeral services were held at the Methodist Church, Wednesday, conducted by Rev. James Leitch. Interment at Sunset Hill.

Wilbur Harrison Fuller, 64, passed away at the home of his daughter, Mrs. Hazel G. Fuller of Flint, the latter a daughter by a former marriage. The City, July 17, 1931 following an illness from Tuberculosis. He came to East Jordan in 1890 and for some 40 years was engaged in the business of painter and decorator. On Oct. 30th, 1895, he married Laura E. Ruddock at East Jordan. Surviving are the wife, a son Ralph of Traverse City and two daughters, Mrs. Thomas Dick-

son of Detroit and Hazel G. Fuller of Flint, the latter a daughter by a former marriage. The remains were brought to East Jordan and funeral services held July 20 from his late home. Conducted by Rev. James Leitch. Interment at Sunset Hill.

Miss Doris Hayden of Detroit he accompanied by Mrs. Clyde Bickel East Jordan. Surviving are the wife, a son Ralph of Traverse City and two daughters, Mrs. Thomas Dick-

From where I sit... by Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this sad conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of

us? If a man gets a kick out of a joke that proves it was funny to him—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "wise-cracks" if you prefer tea.

Joe Marsh

Double Your Money Back If You Don't Agree That . . .
No Other Bread Among America's 10
Leading Brands Is Fresher, More
Nutritious and a Better
Value Than Extra Fine
Jane Parker Bread

20-oz. Loaf 16c

Today's bread—made from top-quality flour—is one of the best and least expensive sources of food energy. But all breads are not the same. Extra Fine Jane Parker Bread, for instance, contains more of the finest ingredients obtainable . . . more milk nutrients, more sugar, more shortening . . . more of the important ingredients that make for unsurpassed flavor, unexcelled nourishment and better value. So reach for Extra Fine Jane Parker Bread! It's so good not one of America's 10 leading brands tops it—or double your money back!

Customers' Corner

During the past year, we received more than 4,000 complimentary comments about the men and women who serve you daily in our stores — almost three times as many favorable comments about our employees as there were the year before.

That, of course, makes all of us at A&P very happy indeed, for it indicates that we're giving you the kind of service you want.

If you have any ideas as to how we can make your shopping ever more satisfying, our loyal employees would like to have them. Please write:

LOCAL NEWS

Russell Merdith was up from Detroit the past week visiting his family.

Meryl Jones of Detroit is visiting his mother, Mrs. Etta Jones, this week.

Wm. McCalmon from Winnetka, Ill. was renewing acquaintances in the city, Wednesday.

For Sale — beautiful lots on Lake Charlevoix. Terms. Clarence Healey adv. 30tf.

Alvin Ward spent the week end visiting his mother, Mrs. Mae Ward, and Barney Milstein and family.

Fridays guests of Mrs. Elva Barrie were Mr. and Mrs. Ed Leutwich and two sons, Jim and Douglas of Flint.

Mr. and Mrs. Harold Clark and sons of Midland were guests of his parents, Mr. and Mrs. Earl Clark, Friday to Sunday.

Mrs. John Saganek was dismissed to her home from Charlevoix hospital Tuesday after undergoing major surgery.

Mr. and Mrs. Robert Lisk with son, were guests of the former's cousin, Mr. and Mrs. Paul Lisk, from Friday to Sunday. Also their uncle, Mr. and Mrs. G. A. Lisk.

Mrs. Eva Votruba and Mrs. Mary Kenny Sr., spent the week end guest of the former's brother, John Zeitler and family at Charlevoix.

Mr. and Mrs. Edwin Bernard returned to Sandwich, Ill., Wednesday after a visit at the home of Rev. and Mrs. Edward DeHaven and family.

Mr. and Mrs. Robert Sidebotham of Union Mills, Indiana, formerly of 9ast Jordan, are vacationing at Healeys cottage on Lake Charlevoix.

Mr. and Mrs. Glen Mason and son Irwin of Detroit were guests of her sister and brother-in-law, Mr. and Mrs. Thomas St. Charles and son Garry, over the week end.

Mrs. Wm. Lake, who has been visiting her mother, Mrs. Mabel Secord the past two weeks, returned to her home in Jackson, Tuesday.

Mrs. Virginia Howe returned to Detroit, Saturday, after a two weeks visit with her mother, Mrs. Eva Pray, and brother, David Pray and family.

Mr. and Mrs. Archie Nemecek and children were guests of Mr. and Mrs. Leo Nemecek and Mr. and Mrs. Irlando Blair in Detroit over the week end.

Mr. and Mrs. Don Phillips returned to Washington, D. C., Wednesday after a week as guests of their brother-in-law and sister, Dr. and Mrs. David Pray.

Mrs. C. L. Smith (Esther Bliss) and Miss Anna Jamison have returned to their home in Buffalo, N.Y., after spending a two weeks vacation at their cottage at Innton.

Week end guests of Mrs. A. Kenny were Mrs. Fredrick Kenny and sons Frederick and Larry, Miss Camilla DePres and Mrs. Katherine Cowan all from Muskegon.

Mr. and Mrs. Lewis J. Barnard and sons of Waterloo, Iowa, are visiting at the home of her parents, Mr. and Mrs. Clarence Healey and Mr. and Mrs. Gabriel Thomas.

Miss Nell Schar of Naperville, Ill., who has been visiting at the home of Jake Waagbo and daughters Anna, Olga, and Martha, left Tuesday to visit friends at Bellaire.

Claudia Kamradt and Shirley Barnett, employed in Lansing, are spending a week's vacation with their parents, Mr. and Mrs. Herman Kamradt and Mr. and Mrs. Russell Barnett.

Guests Monday to Thursday of Mr. and Mrs. Sid Sedgman were Mrs. Nettie Baldwin, Mrs. Fred Pawland, Mrs. Henry Lamerson of Newberry. Mrs. Baldwin remained for a longer visit.

Mr. and Mrs. Russell Barnett entertained the latter's sister, Mrs. Wm Looman of Grand Rapids, over the week end. Mr. and Mrs. Barnett took her to Baldwin Sunday to meet her husband.

Mr. and Mrs. Fred Lewis and family returned to their home at Grosse Pointe after spending a ten-day vacation at the Howard Porter cottage on Lake Charlevoix and visiting his mother, Mrs. F. M. Lewis.

Cherie Dresen returned to her home in Muskegon Sunday after visiting her uncle and aunt, Mr. and Mrs. Ole Hegerberg, the past 10 days. Mr. and Mrs. Hegerberg accompanied her as far as Baldwin where her parents met her.

Mrs. Lulu Clark and daughter, Cora Lou are up from Grand Rapids visiting friends.

Mr. and Mrs. Keith Stinchcomb and family now occupy the Waybrant residence on Boyne Road.

Games were played and refreshments were served to 26 friends. She received many beautiful gifts. Hostesses were:— Bea Kapokau, Helen Klooster, Emmeline Bader.

The Servicemen's Letter

Fellas:
That dreaded week is here. I'm faced with the prospect of writing without a single change of address to report and with very little other copy in sight. However, bear with me and I'll see what I can pull out of the hat.

Herb Griffin down in Fort Campbell, Kentucky had a piece of bad luck the past week. He got a bunch of those needles a short time ago and they reacted. Consequently, when the rest of his outfit was ready to go out on maneuvers, here was Herby down on his back with a case of blood poisoning resulting from a smallpox shot. Bear up Herby, there'll be plenty of other hikes.

Here is a bit of news that is, well, perhaps not along the big main army, navy, marine line but it is cute so here goes. It seems that Dale Gee has quite an ambitious daughter. Anyway, she got busy a short time back and showed off a fancy dress in a contest over there in England and what do you know? She got first prize! Of course her mother had something to do with the event. You see, Barbara Ann is just two years old. Do you suppose the old man can claim any of the credit in an affair of this kind?

Howard Summer, who is stationed up in the land of the midnight sun, wrote his mother and mentioned that he enjoys this servicemen's letter. Well, if you can stand to read it, Howard, guess I'll have to do my darndest to keep it coming. Is there any snow left up there, Howard?

Thomas W. Leu, Second Lieutenant, US Air Force Reserve, has been designated as Distinguished Military Graduate of the Michigan College of Mining and Technology at Houghton. The designation was made by Air Force Officials on July 13 and is retroactive to June 11. Tom was graduated from Michigan Tech in June with the degree of bachelor of science in electrical engineering. Leu is presently on orders to report for active duty with the 5th research and development command at Wright-Patterson Air Force Base in Ohio. He will report for duty on August 4th. The air research and development command is one of the most recently established major commands in the U. S. Air Force. Will someone see that I get Toms address as soon as he reports for duty?

I wonder how many men and woman we have in the service from East Jordan and vicinity at

Mr. and Mrs. Louis Gottliet and son Charles from Detroit are visiting Mr. and Mrs. Edward Portz.

Faith Gidley of Detroit is spending this week with her mother, Mrs. Myrtle Gidley, at her cottage on Lake Charlevoix.

If you have property for sale see Clarence Healey. Phone 259-F11, Salesman, East Jordan Real Estate Co. adv. 30 tf.

Mrs. Clarence Healey, Jr., of Saginaw and daughter Janet spent last week visiting relatives. Mr. Healey came for the week end. They returned home Sunday.

Mr. and Mrs. Clarence Healey Jr., returned first of last week from a visit with her sister, Mrs. Robt. Dye and family, at Charleston, S.C. Their daughter, Janet, stayed with her uncle and aunt, Mr. and Mrs. Gabriel Thomas.

Mr. and Mrs. Ed. Storms of Dunedin, Fla., were last midweek guests of Mrs. Myrtle Gidley at her cottage on Lake Charlevoix. Mr. and Mrs. Storms were on their wedding trip enroute to visit relatives at Mullet Lake.

The Past Matron of Mark Chapter who attended the Tri City Past Matrons Club meeting held with Mrs. Ella Potchman at Charlevoix, Thursday, July 19, included Ananda Shepard, 5dth Swafford, Agnes Darbee, Glays Rectild, Lorene Wade and Ida Kinsey. The next meeting will be held at 9ast Jordan in the fall.

Mr. and Mrs. Harold Thomas were guests at a family dinner held at the home of his brother and sister-in-law, Mr. and Mrs. Sherman Thomas, Sunday, July 22. The occasion was their twenty-fifth wedding anniversary. Sixteen relatives enjoyed a delightful dinner. The honored guests received some lovely gifts.

Mr. and Mrs. Charles Quick and children Judy, Marlene, and Keith left Monday for their home at Worcester, Mass. Mrs. Quick and two children had spent the past three weeks, guests of her parents, Mr. and Mrs. L. C. Swafford. Mr. Quick was here a week and Marleen was with her grandparents three months.

Mrs. Mary Gould, and daughter Mrs. Forrest Merrill, and Mrs. Albert Merrill of Lansing, vacationing at Six Mile Lake, were Tuesday guests of the former's brother-in-law and sister, Mr. and Mrs. John Cornell. Mrs. Gould will remain for the summer at the home of Mr. and Mrs. Cornell, the others returned home Sunday.

Let's see, here we are; I have seventy-three addresses. These addresses are divided as follows: Army, 40; Navy, 16; Marines, 2; Air Force, 12; Coast Guard, 3; Veterans Hospital, 1. These are scattered all the way from Korea to Germany. When you think of how far apart a few people from a small town like ours can be scattered by a war it gives you a awed feeling at the immensity of the whole thing. This business of making war in these time is quite staggering to behold.

Our two lone girls members have chosen the association of the air minded. Fern is a Wave in a Naval Air Station away down in Memphis and Frances is a Nurse at Hamilton Air Force Base in California. I wouldn't imagine that either one of them get too far off the ground, though. I just imagine there are plenty of ground duties in connection with keeping the air boys flying, Army or Navy.

I've been intending for some weeks now to look back and see which men I've written to and about and who I've been neglecting. It seems like this would be a good time here goes.

There, that took me about fifteen minutes to check that off. I have twenty cards here with addresses of men whose names have never appeared in this letter. Ta start off with there is Pfc. William Antoine, AF 16, 263, officiating. Internest, Forest 456; 160 Air Inst Sqd., Westover

Drop me a card Bill, and tell me what you are doing.

Pfc. John I. Bennett, RA 16-320 634, Wire Co., 304 Sig Opn Bn, APO 301, c/o PM, San Francisco, California was in Korea the last we knew of him. John, will you write and tell me your stories. From your address I gather that you're a communications man. Must have a lot of the inside dope.

Bruce Bolser, USS James C. Owens, DD 776, c/o FPO, New York, N. Y. Hello Bruce. Are you on sea or on land now? Where have you been? Sure would like to hear from you, fellow.

Donald E. Braman, SA - RM School, Cls 23-51, R/S, Norfolk, Va. I haven't heard from you yet Don. I'll bet you could write an interesting letter about what you are learning in that school.

Doggone, can't keep these eyes open much longer.

So Long
"Jake" Snyder

James L. Hackett Dies at Vancouver, B.C.

Word has been received telling of the death of James Lawrey Hackett Vancouver, B. C. June 30, 1951.

Mr. Hackett was born in East Jordan, Aug. 18, 1879.

Funeral Services were held Thursday, July 5, 1951, at 1 p.m. from the Chapel of Chimes, Har-ron Bros. Ltd., 55 East 10th Ave., Vancouver, B. C. Rev. Wm. Deans, officiating. Internest, Forest Lawn Memorial Park.

Compared to Premium-priced Gasolines

You get more miles per dollar... a saving on every tankful with HIGH-TEST BLUE SUNOCO

MORE MILES PER DOLLAR

Automotive Engineers know that the weight of a gallon of gasoline determines energy content... mileage. Official surveys show that the weight per gallon of high-test Blue Sunoco matches the average of all leading premium-priced gasolines. In short, high-test Blue Sunoco gives you equal energy, equal mileage at lower cost... gives you more miles per dollar.

2¢ SAVING PER GALLON

High-test Blue Sunoco sells at regular gas price, which is usually 2 cents a gallon below premium-priced gasolines. In spite of its low price, in many ways Blue Sunoco gives you more value because of its outstanding balance of such qualities as anti-rust, quick-starting, anti-stalling, clean burning, long mileage and high-test action.

HERE'S WHAT BLUE SUNOCO USERS SAY:

CADILLAC... "I get the high-test action I like from my car with Blue Sunoco. And for miles per gallon, it's tops, too."—W. Miles Carey, Jr., New York, N. Y.

BUICK... "Why should I pay 2¢ more for premium-priced gasoline? I find Blue Sunoco is my best buy for mileage and performance."—M. Taylor, Philadelphia, Pa.

THE FIRST 10 GALLONS WILL CONVINCE YOU

Presbyterian Picnic Well Attended

All agreed that the Annual Presbyterian Picnic this year was one of the best. Activities got off to a good start with a spirited three inning softball games after which the games for all ages were staged on the grounds at the park. The games were very competitive giving both participants and spectators a lot of enjoyment. Appropriate prizes were given to the winners of each contest. Prizes were won by the following:

Lollipop race — 5 and under, 1st place, Freddie Malpass; 2nd place, Marlyn Hughes.

Peanut race — 8 and under 1st place, Mary Porter; 2nd place Larry Schumaker.

Canoe Tilt — Open, 1st place John Malpass, Dickie Johnson; 2nd place, Philip Malpass, Butch Chamberlain.

Swimming race — 13 and under, 1st place, Dickie Johnson; 2nd place, Fred DeHaven.

Swimming race — 13 and over, 1st place, Duane Schultz; 2nd place, Bud Simonson.

Potato race — 10 and under, 1st place, Jimmie Galmore; 2nd place, Pat Porter.

Sack race — Open, 1st place Marvin Archer; 2nd place, Billy Taylor.

Three legged race — Open, 1st place, Joyce Nyland, Judy Malpass; 2nd place, Denny Wilson, Fred DeHaven.

Running race — 10 and under, 1st place Jimmie Galmore, 2nd place, Dennis Archer.

Running race — girls, 1st place, Judy Taylor; 2nd place, Dianne Taylor.

Kiddie Car race — 14 and under, 1st place, Jimmie Galmore; 2nd place, Judy Taylor.

Kiddie Car Race — Adults 1st place, Ten Malpass; 2nd place, Teddy Malpass.

Balloon Race — Open, 1st place, Bob Snyder, Fred DeHaven; 2nd place, Pat Porter, Bonnie Snyder.

After having enjoyed watching and participating in the games 127 people sat down to a pot luck supper served in the big log building. Ice Cream, punch and coffee were served "on the house". Every one ate 'til they could hold no more and departed leisurely.

What They Brought To State Parks.

It had to happen. Sleeper state park has a camper who has bought along television set. The Camper expressed his disappointment over the poor reception to park manager Edward Griglak.

Last year about this time at Ludington state park, a trailer squeezed in a piano.

ANGLING ANGLES by old Hi

At this season, with the water warm and the fish inclined to be logy, you may have trouble connecting with those cagey walleyes. They'll be in deep water, and move in schools to where the temperature is favorable and sufficient food is available. This means you've got to hunt for them. The use of a lake thermometer, to discover where the temperature is around 55 degrees, is very helpful. But if you lack one, then observe where streams enter the lake, decide where minnows are likely to gather, or search for submerged rocky bottoms by sounding with a heavy sinker.

These are tricks that aid in locating the walleyes, but there are also other ways of meeting with success. One of the best is to "drift fish"—let your boat slowly drift as you still fish with a live minnow (a great favorite of walleyes), or jig a bright nickel spinner as you move along. When a strike occurs, you drop anchor and stay there until no more fish will grab hold.

In this manner you find out in the quickest time where, and at what depth, the walleyes are feeding. And this may be at a place in the lake where previously you had taken none. An effective plan is to have two lines out as you drift, one with live bait and the other with a Winchester Bait or Beetle Bug lure. These should be at different levels so that you come within the vision of the walleye schools.

This system often brings good results when the regular methods of trolling and still fishing fail. In late evening, though, when the walleyes are close inshore, you'll have more action with the bait casting rod and shallow-running plugs. The Schmo plug appeals to these fish at the time. Let the illustrated booklet "Fishing For The Millions" give you some additional tips on searching for walleyes. Send for your free copy today, by addressing a penny postcard request to Old Hi, in care of this newspaper.

At the same time, if you plan to try the marvelous fishing to be enjoyed along our seacoast, ask for your free copies of Old Hi's other illustrated booklets entitled "Salt Water Sports Fishing" and "Pacific Coastal Fishing". These will tell you what tackle and methods will coax the many species of inshore and deep water ocean fish to your net or gaff.

For instance, shad afford fine sport to large numbers of anglers, and are one of the most popular of food fishes. They put up lively scraps on a 3-piece tubular glass "Ranger" size single action fly reel and 30 yards of size HDH tapered Dry Flite nylon line.

To be safe, your Dry Flite line should have a backing on the reel of 50 yards of 6 thread cuttyhunk line, or 12 pound test braided nylon casting line, to accommodate the long runs of these energetic fish.

"Gad, I feel stupid," said one glow worm to another. "I've been talking to a cigarette butt for the last ten minutes."

LEGAL

PROBATE ORDER

Notice of Hearing Claims State of Michigan, Probate Court for the County of Charlevoix.

In the Matter of the Estate of Frank D. Russell, Deceased. At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, July 23rd, 1951.

Present: Hon. Floyd A. Supp, Judge of Probate.

The above estate having been admitted to probate and Kenneth J. Russell, of Route 2, East Jordan, Michigan, appointed Administrator thereof;

It is Ordered, That two months from this date be allowed for filing claims against said estate; and that all creditors of said deceased are required to prove their claims to said Court at the hearing on claims to be held at the Probate Office in the said City of Charlevoix, on October 1st, at ten o'clock in the fore noon;

It is Further Ordered, That public notice thereof be given by publication of this order for three successive weeks previous to said day of hearing in the Charlevoix County Herald, a newspaper printed and circulated in said County.

FARM FACTS from your County Agricultural Agent

Ed. Rebman, Co. Agr'l Agent

MAYBE YOU'D LIKE A TRENCH SILO:

There's an interesting interest in trench silos around Michigan, and maybe you're one of the folks who thinks it might do a job on your farm. With the increasing number of farms putting in hay crop silage and with this year's heavy hay crop, farmers are looking for more silage space. So let's here from Art Bell, Michigan State College extension agricultural engineer, on the subject. Here are some of the things you should know before building a trench silo:

It's necessary to line them with something for here in Michigan we get spoilage in unlined trench silos. Concrete is probably best, but treated plank, stone, or other material will do.

Figure out what size you need to meet your requirements. A Michigan State College bulletin gives the size feed for herds of various sizes. This bulletin is available from Ed Rebman, County Agricultural Agent. It is Extension Bulletin 251, the name is "Crib and Trench Silos."

As to location it is desirable to have a bank at least eight feet deep, but can put them in entirely below ground, partly below and partly above ground, or entirely above ground.

Slope the walls but not too much. If the walls are straight up and down, the ensilages away from the wall and lets the air enter. Too much slope hinders settling. About one foot difference between top and bottom width seems best.

The manner of covering to prevent spoilage is important. One of the best ways is to cover the top with a good grade of building paper or one of the asphalted papers will do. Then put six to eight inches of sawdust, chopped hay, or straw over the paper. Even some of the dirt thrown out of the hole could be used. However, it's apt to be mixed with the silage. Whatever covering you use, soak it thoroughly with water. Remember the extension bulletin in 251, which gives details on the subject.

POTATO SPRAYING TIPS:

Spraying plants with DDT improves potato quality and increases production, Ed Rebman, county agricultural agent, reminded potato raisers this week.

Thefts at Michigan State College have shown that DDT spraying increased production from 60 to 100 bushels per acre. Now is the time to get spraying operations underway if they haven't begun already.

Flea beetles and potato leaf hoppers can be controlled by DDT. The hopper often causes severe damages after hay is cut when it leaves the hay fields and in-

vades the potato fields, Ed Rebman said.

Spraying with DDT is most effective when mixed with Bordeaux mixture or a fixed copper solution. Either of the latter two will control blight. In mixing sprays, the DDT should be added last. The solution should be sprayed as heavily as 125 gallons to the acre.

The county agricultural agent pointed out that first spraying should be done when plants are 4 to 5 inches high. If they have gone beyond this size and haven't been sprayed it's important to start immediately.

Frequent spraying is important for best results, too—about every 7 to 10 days is recommended. Some potato growers stop spraying too soon. Even if plants are large it will pay to continue spraying.

Special spraying directions for this area recommended by agent Rebman are to protect the plants from late blight. Late blight has been discovered in the county. Keep those sprays on from now until harvest. Clean up those throw out piles of potatoes.

Parental Read "Appendicitis in children", Sunday in The American Weekly, the great color magazine, distributed with The Chicago Herald-American, learn that in 100 appendix operation, it was found that 62 patients had been operated on unnecessarily. Find out the symptoms of appendicitis and why it is difficult to diagnose. Don't miss this informative story Sunday in The Chicago Herald-American, color magazine!
