Mancelona's Iron Men Downed by Red Devils 12 to 7

UNBEATEN MANCELONA HIGH HAVE LOSS OF GAME, HERE LAST FRIDAY GAYLORD THIS FRIDAY

East Jordan High School's "Red Devils" edged out previously unbeaten Mancelona High School football squad 12 to 7 here last Friday afternoon.

In a defensive struggle throughout the contest, Coach Saxton's crew tallied first midway in the second period on an off-tackle slant by fullback Don Whiteford. Whiteford's kick from placement on an attempt to add the extra point was blocked and East Jordan led 6 to 0 at half-time. Whiteford bulled over from the 6 yd. line in the third stanza but again his kick was blocked and East Jordan led 12 to 0 at the three quarter marker.

Mancelona's offense made an all out effort in the final frame with Ayers, a former East Jordan lad, turning in the afternoons' most spectacular run. With Mancelona in possession of the ball on their own 40 yd. stripe, Ayers started wide to his right, was trapped, reversed his field and went 60 yards with local tacklers taking shots at him from time to time. Ayers added the extra point and that was all the scoring for the afternoon.

Gaylord High School's "Blue Devils" will come here tomorrow afternoon (Friday) fresh from 18 to 6 triumph over the Boyne City "Ramblers". It will mark the season's final home game for the Jordanites. The tilt is scheduled to get under way at 3:00 p.m. at the West Side Athletic Field.

Time Magazine Lauds Dr. Buttrick

About half of the Religion section of the Oct. 22 issue of Time Magazine is devoted to a new biblical commentary entitled "The Interpreter's Bible" prepared under the general editorial direction of Dr. George Buttrick, of the Madison Avenue Presbyterian Church in New York.

The first of twelve volumes of the commentary has just come off the press, and the Time review called it a "landmark of biblical scholarship". The last volume will not be ready for six years more.

Dr. Buttrick has many friends in East Jordan who have great admiration for his work. He has preached a number of sermons at the Presbyterian Church in East Jordan while vacationing near here during the summer, and he also delivered the Baccalaureate address to the high school graduating class of 1938.

Mrs. Ellen Raymond, Aged 80 Years, Passes Away

Hospital Building Fund

SLOWLY NEARING ITS MARK BY NOV. 2nd.

\$1681, representing 15 three-year pledges, were received this week in the campaign to raise funds for a new area hospital in Charlevoix. \$212,801 it was reported at campaign headquarters has been received to date. This leaves \$12,198 more that must be obtained by November 2 if the present priority on government funds of \$275,000 is to be taken up.

In East Jordan, Bruce Malpass pledged \$26.52 and William Walden pledged \$25. Mr. and Mrs. Clyde Warner of Norwood Township pledged \$150, designating it toward the Memorial room that will be selected by the Pomona Grange of Charlevoix County, with the exception of Rock Elm Grange, which has asked its members to allocate their pledges to a Rock Elm Grange Memorial room.

Ellsworth and Banks Townships, which reported nine pledges for \$950 in all, led the first week of the campaign's Public phase. Pledges made were by Ed Denny, \$50; Earl Denny, \$50; Alice M. Klooster, \$50; Herbert J. Peebles, \$50; Julius Essenberg, \$150; Herman Heeres, \$150; Kenneth Peebles, \$150; Walter Rood, \$150; and Henry J. \$150.

In Charlevoix, Mr. and Mrs. E. Edwards increased their previous pledge of \$100 by 200 more, designating it toward the Knights of Pythias Memorial, Private Room No. 46. Other three-year pledges of \$150 each were made by Sam E. King and Mrs. Robert Withers.

"A fireproof hospital, saving even a single life, will justify the sacrifices we must make in this area, now, for this effort to succeed in the short time remaining," said Mrs. Amanda Evers of Hayes Township and Dean Davenport of Charlevoix, Co-Chairmen of the Public phase of the drive. "Other districts in the state are ready and willing to take advantage of this opportunity to build or their hospital needs if we surrender our chance. We urge that all who wish to make their pledges telephone campaign headquarters, Charlevoix 847. They may be assured that members of our committees in each village and township served by the hospital will call upon them. It appears that many do, in fact, wish to do their part. We regard it as a privilege to cooperate."

Members of the East Jordan Public Committee, headed by Richard W. Malpass of this city, are: Mr. and Mrs. Louis Bathke, Mr. and Mrs. Ely Brinnett, Rev. Edward O. DeHaven, Mr. and Mrs. John C. Isaman, Mrs. Marion Jackson, L. B. Karr, Theodore Malpass, Mr. and Mrs. Vaun L. Ogden, Raleigh Russell, Donald Shepard, Mr. and Mrs. Alex Sinclair, and Merle Thompson.

Theodore H. Malpass of East Jordan is a General Co-Chairman of the campaign. Members of the Advance Committees in East Jordan are Bruce Malpass, John J. Porter, Edward Portz, Dr. John H. Savory, John P. Seiler, and William Walden.

John J. Porter, who is a member of the Hospital Board and the campaign Planning Committee, said, "At the end of last August, this drive was at a standstill with but \$110,000 raised. It was reorganized and in four weeks the summer residents of Charlevoix contributed \$60,000, making their total gifts to the drive \$150,000, as they had previously given \$45,000. Therefore, the share of all who live in the (continued on the local page)

Parent Teachers Open House

HELD WEDNESDAY, OCT. 17, BRING LARGE CROWD

Two hundred parents and teachers discussed their problems and viewed our school building together at the Parent Teachers' Club Open House on Wednesday, October 17, held after the business meeting during which a committee was appointed to plan a bake sale to aid the Community Service.

All the rooms of the school were open for inspection with guides to help the parents as they went from room to room. The parents were able to visit with the teachers to discuss any problems concerning their children.

A business meeting was held first. A talk was given on why it is the P.T.C., rather than the P.T.A.

Mr. J. S. Downing, the representative to the reactivated Community Service, spoke for an active program to sponsor money gifts to the Community Service. Mr. Morris Hartung, P. T. C. president, appointed a committee composed of the PTC officers and Mr. Downing to plan the program. The result was the bake sale to be held Saturday, November 3.

Doughnuts and cider were served as refreshments later in the evening.

The free will contribution held as the club members left brought in \$21.00.

Ray Williams, Born at Cedar City, Dies in Boyne City

Ray Williams was born at Cedar City, Sept. 25, 1901, and passed away, suddenly, from a heart attack, at his home, 326 Spring St., Boyne City, Friday morning, Oct. 19, 1951. He had been ill since in July but not confined to his home any of the time.

He was the son of the late M. J. and Matilda Williams and came with his parents to East Jordan in 1905. By attended the East Jordan School.

On June 9, 1922, he was united in marriage to Miss Helen Etcher of East Jordan, at Charlevoix.

Mr. Williams was employed by the Michigan Public Service as head lineman on Construction from 1934 to 1945, then went into the Painting and Decorating business for himself.

He and family moved to Boyne City in 1940. He was a member of the Boyne City Eagles.

Surviving, besides his wife, are two daughters: Jackie Colley of Flint, and Joan Price of Boyne City, and three grandchildren.

Funeral services were held Monday, Oct. 22, at the East Jordan Methodist Church conducted by Rev. Robt. H. Moore. Bearers were, Reuben Winstone, Manuel Bartholomew and Merle Crowell of East Jordan; Ed Hartnell, Keith Stanley, and Peter Doroz of Boyne City. Interment in Sunset Hill.

Relatives from a distance who attended the funeral were: Mr. and Mrs. Tom Kiser of Cheboygan; Tom Kiser, Jr., of Petoskey; Mr. and Mrs. Guy Colley and children of Flint; Mr. and Mrs. McKinley Ostrander of Boyne City; and a large number of friends from Boyne City.

Give Your Share To The E. J. Red Feather Drive

Our drive starts Next Monday and we have \$5,500 to raise. If each one gives his share will reach our goal easily. If you earn \$3,000 a year your share is \$15.00; if you earn \$5,000 your share is \$40.00; if you are working by the hour you should give one hour's pay per month for a year. The logical way to give is to pledge—to pay four times, because the money is used all during the year.

The money raised in this campaign goes where it will do the most good. \$4,475 of it stays here, marked East Jordan Community Chest to be used anyway it is needed most. Money raised for USO follows the boys. Money raised for state and national agencies, for research and service programs, goes where the brains and the tools exist, and come back to us in the form of new techniques, procedures and advances in learnings.

If you give your share we can continue having summer playground directors and we hope to add a camp for girls as well as boys. Your money goes to help with a school nurse who serves this community. We need help to give milk to the little kids who come to school for the first time and supply clothing for needy children. The Boy Scouts are asking for help and next year we hope to start girl scouts.

When you give to this drive you also support ten national health agencies. They are Heart, Arthritis, Polio (Sister Kenny), Cerebral Palsy, Mental Illness, Multiple Sclerosis, Blindness, Deafness, Epilepsy, Cancer (Research). When they have national drives later in the year, you will be pleased that you have already given your share. Our Slogan is "Building Better Citizens". Give your share the first time you are asked and help the volunteer worker who calls on you.

College Argeement Plan

The East Jordan High School will change from the traditional College Preparatory and Vocational Plan to the Michigan College Agreement Plan. This plan is an agreement between Secondary Schools, Colleges and Universities whereby the graduates of the High School are admitted to college without regard for major and minor sequences in academic curriculums.

Any graduate may be admitted to college provided he is among the better students of his class and has the recommendation of his principal. In order to become a member of the agreement, the school must subscribe to a four-fold program, which includes an adequate testing program, guidance and counseling programs, adequate system of records, placement and follow-up program.

Jassamine Rebekah Lodge

Jassamine Rebekah Lodge met in their hall Wednesday evening, Oct. 17, at 8:00 p.m., with our noble Grand, Effie Weldy in the Chair. Due to the Open house P. T. A. held that evening only 19 were present at Lodge.

The Annual Halloween Masquerade party will be held in the hall, Oct. 30th. Admission will be 25c each. Each member has the privilege of bringing a lady friend with them. This is always an occasion that we all look forward to.

Our lodge visitation will be held here, Nov. 7. We were invited to attend the visitation at Charlevoix, Nov. 25, and to Petoskey, Nov. 27. The program for our visitation will be pictures of the camp at Big Star Lake near Baldwin sponsored by the Rebekah's of which several of our East Jordan girls attended and enjoyed.

Saturday, Nov. 10th. Annual Meeting Gaylord Production Credit Ass'n

The Board of Directors of the Gaylord Production Credit Association has selected Saturday, November 10th as the date for the Annual Stockholders meeting. At the meeting the association, the local cooperative credit association serving farmers in Alpena, Antrim, Charlevoix, Cheboygan, Crawford, Emmet, Montmorency, Oscoda, Otsego and Presque Isle counties, will feature the progress it has made since it became member-owned. Back in 1933-34, the Federal government helped the production credit associations of the Nation, including those in the four states of this district — Michigan, Wisconsin, Minnesota, and North Dakota — to get started by providing most of the capital. The Balance of the capital was obtained from the farmers themselves who invested in the capital stock of their local cooperative credit association when they borrowed money to finance their production and operating costs. The production credit association were organized to provide farmers with a source of credit adapted to their special needs. They are not solely dependent upon local funds. Most of the money is obtained from private investors, the sale of debentures by the nationwide system of Federal Intermediate Credit Banks. As the Production Credit Associations grew, the farmer-owned capital and earned reserves accumulated, and the PAC's gradually began to retire the money advanced by the government.

Today, 25 of the 54 production credit associations in the 7th district have entirely repaid the government and are solely owned by the farmer-members. This fall, all of the remaining associations will follow suit.

"The Gaylord PCA is already member-owned, and the board of directors, members, and office personnel are proud of its 18-year record of serving farmers in the community. At its annual meeting to be held in the V.F.W. Hall at Gaylord, reports of last year's achievements will be given. The public is cordially invited," said Secretary Townsend. On Sept. 30, the Gaylord PCA had 896 members and the amount of loans outstanding was \$479,000.

This housewife had hired a handyman on an hourly basis to paint the upstairs. After an initial period of some banging around it was quiet in the upper regions of the house. Concerned that her painter was loafing on the job, the housewife called up the stairs: "Are you painting, now?" "Yes'm" came the reply. "I was wondering, because I hadn't heard any noise" she called back. "Sorry, lady," he reported irritably, "but I ain't putting it on with a hammer."

This system of ours—free enterprise—gives everybody a chance to get to the top. Some fellas though, depend too much on the free and not enough on the enterprise.

East Jordan Lodge 879, F. & A. M. will hold a Special Communication on Tuesday, October 30, 1951. There will be work in the Master Mason Degree. Lodge will open at 7:00 p.m. A perch dinner will be served so come and bring your brother Masons and your best appetites.

(Continued from page 1)

hospital's area of service, included we who reside in East Jordan, was a total of \$120,000 if the minimum goal of \$225,000 was to be achieved in time.

"Since East Jordan residents accounted for 14.3% of all patients in the hospital last year, being 162 out of 1130 admitted, it is only fair that we shall contribute 14.3% of the funds necessary. 14.3% of \$120,000 is \$17,160 and should be the goal we strive for.

"We had, in East Jordan, contributed 36 subscriptions for a total of 11,085 by last Labor Day. Only 73 prospective contributors were solicited. Therefore, most of our population were given no opportunity to participate.

"In the Advance phase of the reorganized campaign, four contributors in East Jordan raised their gifts and three others pledged for the first time, to add \$2301.62 to the monies already subscribed from East Jordan.

"To date, 39 pledges totalling \$13,386.52 therefore have been made by residents of East Jordan toward the building of the new area hospital. To be honest with ourselves and fair with our neighbors, we must put in \$4,629 more by November 2. Those whose old pledges are not fair and equitable and in production to their means, should come forward now and raise their gifts to the proper amount. Others who have never had the opportunity to subscribe are welcome to call Campaign Headquarters, Charlevoix 347, and ask that our committee in East Jordan call to discuss their gifts. In the meantime, our local committee will be making calls.

"If we subscribe to the American Way of Life, we cannot fail to subscribe to this urgent need. The new area hospital will save lives in our time and for our children's children, as well."

Pledges received to date from residents of East Jordan since the inauguration of the campaign nearly two years ago, are as follows:

Bowling News

After seven weeks of bowling the East Jordan Merchants League has settled down to a grim contest, with only 8 points separating the high and low teams. The lead has been changing constantly among the twelve teams entered, and this week finds Monarch team from Ellsworth in the top spot, with 18 wins and 10 losses.

Weekly prizes given by some of the merchants have added a little extra spirit to the bowling this year, and some of the bowlers have even found it profitable to have a bad game now and then. This week list of prize winners are: Spin Cihak, for high actual game of 232, 1 lb. of hamburger Somervilles Grocery; Spin Cihak, for high actual series of 614, 1 pr. of sweat socks from Bradshaw's Dry Goods; Les Arndt, for low actual game of 105, 1 lb. of Epsom Salts from Hite Drug Co.; Wirt Bates, for low actual series 354, a clean and press job from the East Jordan Cleaners; Tony Shooks, for high single game over average 63 pins, one Arrow shirt from Chris's Mepps Wear and canned goods from Monarch Foods of Ellsworth; Greg Boswell, for high series over average 77 pins, 1/2 gal. ice cream from Taylors Grocery and \$2.00 in trade in at Lilaks Grocery.

Standings of the teams to date are:

| | W | L |
|----------------------|----|----|
| Monarch Foods | 18 | 10 |
| Dip's Tavern | 17 | 11 |
| Anchorage | 17 | 11 |
| State Farm Insurance | 16 | 12 |

| Somervilles Grocery | 10 | 18 |

Next Monday's schedule is as follows:

| | |
|--------------|--------------------------------|
| At 7:00 p.m. | State Bank vs. Cal's Tavern |
| | Anchorage vs. Recreation |
| | Somervilles vs. Canning Co. |
| At 9:00 p.m. | Dip's Tavern vs. Monarch Foods |
| | Ellsworth Elec. vs. State Farm |
| | Am. Legion vs. St. Joseph's |

In the Ladies League there are 16 teams participating this year on Thursday and Friday nights. After six weeks of bowling, the Dress and Gift Shoppe holds the lead with 21 wins and only three

losses. The Sinclair Sales team is their closest threat with 18 wins and 6 losses.

Last Weeks honors for high single game went to F. Dulock with 177, high, single series to Mable Hudkins with 461. In the team events the Dress and Gift Shoppe again showed up best with a high game of 735 and a high series of 2077. The standings to date are:

Reds Explode Second Atomic Bomb; American Harvest Is Satisfactory

THE RUSSIAN BOMB—The question of what the Russians have been doing about the atomic bomb since the first explosion was announced in September, 1949, was answered last week with a White House announcement that another bomb had been exploded.

A few days later Stalin made the announcement in Russia. It was the first time the Russian people had been given any information concerning that country's atomic bomb progress.

The announcement was received in the home towns of the nation much more calmly than the report of the first explosion. The White House statement which said the new explosion was an atomic bomb, belies Communist propaganda that Russia's atomic energy development is strictly for peaceful purposes and not the manufacture of weapons.

The White House announcement said, in part: "In spite of Soviet pretensions that their atomic energy program is being directed exclusively toward peaceful purposes, this event confirms again that the Soviet Union is continuing to make atomic weapons."

Shortly after the new explosion was announced, a British source said the Russians probably now have a stockpile of 50 atomic bombs.

Although the Russians have many able scientists, much of their rapid progress in atomic development is due to secrets learned by such men as Klaus Fuchs and Bruno Pontecorvo.

IDENTIFICATION TAGS—The Federal Civil Defense Administration has recommended that every civilian in the United States and its territories wear an identification tag bearing his name and address, blood type, religion, and the name and address of a person to be notified in case of injury or death.

The procurement and distribution of such an identification device, and the establishment of rules for wearing it, will be the responsibility of state civil defense agencies.

THE WHITE HOUSE—Senators, ever conscious of gross roots democracy and its lack of pretentiousness, asked a few pointed questions last week concerning the White House which has been undergoing remodeling since December 7, 1949.

The senators were told, "there is no royal elegance in the building. It is in keeping with dignity, but there is nothing of elegance in this building that is not equalled in many, many a private home throughout the country. It is dignified and fine, but not too fine."

All this was told behind closed doors to the senate appropriations committee before it recommended spending another \$261,000 on the reconstruction of the building. Reconstruction is expected to be complete early next year.

The need for additional funds (\$5,500,000 has already been spent) was attributed to increased costs of materials and unexpected delays. The building which had been on the verge of collapse has been reinforced with steel, a basement added, and new quarters made in what was formerly the attic.

AMERICAN HARVEST—Americans will eat well this coming year and, at the same time, will be able to fill its world food commitments, according to the Department of Agriculture's report of the 1951 crop situation.

It has been a trying year due to the Kansas-Missouri flood area and drought damage in a number of other sections. But the 1951 harvest is described as satisfactory.

The corn crops will be in excess of 3,000,000,000 bushels. The Agriculture department had asked for 3,500,000,000 bushels. The winter wheat harvest is expected to total 1,000,000,000 bushels, a little less than the department asked, but not dangerously low.

Generally other crops followed the wheat-corn pattern.

NEW TRUCE TALKS—Gen. Matthew B. Ridgway has agreed to the Panmunjom area as a site for new Korean cease-fire talks. The village is located six miles east of Kaesong and 12 road miles northwest of Munsan.

The agreement on a site for the talks does not mean, however, that the talks will actually take place. There remains to be settled a number of technical questions concerning neutrality and policing of the area that could disrupt the best made plans.

Meanwhile, savage battles were being fought in west Korea with the Reds using artillery at a rate unknown to the Communists since the start of the war. But the Allied fall offensive continues to grind out small, hard-won gains at tremendous cost to the enemy.

American infantrymen fire a 75-MM recoilless rifle during front line action in Korea. Fighting in Korea has increased in recent weeks.

DRAFT CALL—Home town draft boards have begun reclassifying 500,000 married non-fathers. Maj. Gen. Lewis B. Hersey, selective service director, said the men would be inducted into the armed forces as rapidly as they can be reclassified and processed, but estimated that fewer than 200,000 of the 500,000 would be reclassified 1-A.

Hersey urged men who have failed to notify their local draft boards that they have become fathers to do so immediately. He also reminded draft eligible men that the selective service law places upon the registrant the responsibility to notify his board of a change of status. Once the order to report for induction has been issued it is too late to reopen the case.

THE SERIES—Americans in every part of the nation last week forgot their worries long enough to listen to the world series. Wherever there was a radio, at home, in the grocery stores, filling station, poolrooms or fire stations, baseball fans listened to the Giants and Yankees battle for the championship. And it was the Yankees, playing ball like the Yankees of old, making 10 double plays during the series, who were crowned champs, taking the final game from the Giants 4-3.

DEFENSE BOND DRIVE

Americans Are Hanging on to Bonds—The Treasury department reported last week that more Americans are hanging on to more defense bonds than ever before. The Treasury said a new peak of \$34,588,000,000 in defense bonds outstanding was reached October 1. The previous high was \$34,843,000,000 in June, 1950.

The defense bond drive which began September 3 and ends October 22 is proving to be a big success. In addition, fewer bonds were cashed last month than at any time in the past 17 months.

THE BIBLE SPEAKS... INTERNATIONAL UNION... BY DR. KENNETH J. FOREMAN... SCRIPTURE: Genesis 27: 29; 41-47... DEVOTIONAL READING: Psalm 108: 12-24.

When Life Gets Hard... Lesson for October 26, 1951

IN an army training center there is plenty to gripe about. Time was, when sundown came, every one was off duty. Now night only begins the trouble. Night marching, "village fighting," night everything else, in snow and ice, and mud all the same, and never with enough sleep. But the army keeps on rubbing those poor boys' heads in the dirt.

Of course the army knows what it is doing. When the boys get through with camp, most of them will be sent to where some real fighting is going on. The enemy, unfortunately, does not confine his activities to the daytime. He fights at night, in the rain, in zero weather, even on your birthday. He picks some very rough hills to fight on. In the roaring confusion of shifting battle lines the soldier does not always get his show on time, and the nearest hospital may be too far to reach. He is out where he has to be tough.

It is not only in the army that a toughening-up course is just what the doctor ordered. In real life it happens over and over again. It is not the boys who had the earliest childhood who rise most often to the top. It is the boys who worked, who had to work somehow for a living, who develop the toughness in mind and muscle to carry them through life's long struggle.

When Life Gets Hard... IT is sometimes thought that God should arrange things differently. What most of us want (lazy as we are) is a soft life, something pleasant, big pay and no work if we can help it. When life is easy for us we think, if we are religiously inclined, that God has blessed us; but if life gets hard, we think God must have forgotten us. Quite the contrary.

There is an almost forgotten verse in the New Testament: "The Lord disciplines the man he loves, and scourges every son whom he receives." (Heb. 12:6, Moffatt's translation.)

The man who is undisciplined never grows up, he is a perpetual boy. For the same reasons, no one ever becomes God's man except through God's discipline.

Forge For A Sword... THIS is as true of nations as of individuals. The story of the Hebrews in Egypt is one case in point. They had it hard, about as hard as any people who ever lived. They became slaves, and remained slaves for hundreds of years.

Humanly speaking, God's total plan would not have succeeded unless the Hebrews had gone through that "turn of affliction." If Jacob and his family had stayed on in Palestine, there never would have been any Hebrew nation any more than there was an Ishmaelite nation.

Somewhere, some time, those Israelites had to be forged into tempered steel, a sword for God. And the slavery in Egypt was the first stage of the forging. It was a hard life; no doubt many died under the lash. But the hardy ones lived.

If Moses, when the time came, had had to take out into the wilderness a caravan of luxury-loving Egyptians, they would have wilted on his hands. It was because the Hebrews had lived hard in the slave-pens of Goshen that they could live hard in the wilderness when they were free.

Life Goes On... THIS is not the whole story, of course. Life, even the hardest kind of life, is not merely a preparation for battles to come. It can be worth living for its own sake.

The trainees may find friends and happiness even in a very tough camp. And down in Egypt, in all the years of Hebrew hardship, life went on. People fell in love and were married, children were born, were brought up somehow, were taught the difference between right and wrong, were taught about the true God.

People nowadays are sometimes jittery about the prospect of "life as we know it" being destroyed. Well, maybe it will be; who can deny that we have it coming to us?

But life will not be destroyed. Under the harshest of circumstances, life will go on, and those who will accept life's troubles as the sending of God will find a blessing even in what at the moment hurts the most.

Looking Backward...

OCTOBER 21, 1911 Nelson Muma and Horace Hipp left first of the week for the Upper Peninsula where they are building a hunting camp on the shore of Tahquamenon Lake. On Thursday Messers John Mollard, Dr. Dicken, A. Cammeron, George G. Glenn and Archie Craig left for the above place. Dr Sweet and Jos Cummins leave Monday.

Miss Vera Ames, who has spent the last two weeks with Mr. and Mrs. Lon Sheldon has returned to her home in Bay City.

Mrs. John Williams is suffering with inflammatory rheumatism. She has gone to Petoskey for treatment.

Morgan Lewis and sister, Miss Eva are home from Chicago where Mr. Lewis underwent a successful operation for the removal of a fragment of steel from one of his eyes.

Mr. and Mrs. Will McGill have moved to the East Side, they now occupy the Chatterton home.

East Jordan's new theatre, the pride of all our citizens, was formally opened, Tuesday night with Madame Sherry, the finest musical comedy that our city has ever seen and heard. This theatre is one of the best appointed in Michigan, and what is of most importance, there isn't a poor seat in the house. Contractor H. S. Price of our city and B. H. Christian of Grand Rapids, who were main factors in the organization of the East Jordan Realty Co. as well as several stock-holders, are to be congratulated on their efforts to provide a suitable amusement house. Eugene Adams and C. V. Miles have leased the house for a term of years and plan to give our citizens the best in Vaudeville and theatre attractions.

OCTOBER 21, 1921 John Henning, 73, passed away at the home of his daughter, Mrs. Pete LaLonde, Oct. 16th. Surviving besides the wife are the following sons and daughters, Will Henning, Mrs. Edward Heben of Echo townships; Mrs. W. Hickox, Bellaire; Mrs. Pete LaLonde, East Jordan; Mrs. Cleve Isaman, Ontario, Calif.; Mrs. J. Benser, Boyne City, and Mrs. Elmer Murray, Echo township. Funeral service were held from the LaLonde residence Wednesday, conducted by Rev. Marshall. Interment at the Densmore Cemetery.

Miss Ruth G. Malpass was united in marriage to Linus C. Palmer at Rockford, Ill., Oct. 18, at four o'clock at the parsonage of Trinity Lutheran Church. Rev. H. M. Bannen officiated. Mr. Palmer is a graduate of Rockford high school, and Michigan Agricultural College, East Lansing. He is now a forester for the Kent County road commission.

John LaLonde has opened a Garage and Auto Repair Shop on State street opposite the Zitka block and solicits your auto repair work. Emil Steinback, is employed by Mr. LaLonde.

Mr. and Mrs. Vern Bamber and Mrs. A. K. Hill were at Saginaw by auto last week attending the State Convention of the Eastern Star. Mrs. Hill was delegate from the local lodge.

Born to Mr. and Mrs. Wiley Amberg, a son, Buford, Oct. 9th. Born to Mr. and Mrs. Albert Lenosky of Wilson township, a daughter, Frances Jean, Oct. 13th. At the October meeting of the Supts. of Poor, Clauq Beals and wife were appointed keeper and Matron of the Charlevoix County Poor Farm located north of East Jordan.

A farewell party was given Saturday evening at the Rock Elm Grange Hall for Mr. and Mrs. Vern Payton who expect to go to California in the near future.

Mr. and Mrs. I. E. Mills arrived Wednesday from Alma, to spend the winter here. Their daughter, Mrs. Hattie Wyatt is teaching in our public schools.

Mrs. G. L. Pagnette of Phelps, Wis., is here for a visit with her sister, Mrs. H. H. Cummings, and other relatives.

Mrs. Wm. Vance and son returned to Grand Rapids, Wednesday, after a visit at the home of Mr. and Mrs. Geo. Vance.

Mrs. Albert Anderson and daughter of Gladstone, who have been guests at the home of her sister, Mrs. Albert Arntson the past two weeks, went to Mancelona Thursday for a visit.

OCTOBER 23, 1931 Mrs. George A. Bell, 66, passed away at the Lockwood Hospital, Oct. 19, 1931, following a second operation. This news came as a distinct shock to her neighbors and many friends in East Jordan. She had been ill for some time but kept the knowledge of it from her friends until compelled to undergo an operation. On Oct. 28, 1885 she was married to George A. Bell at Marshall. They came to East Jordan 24 yrs. ago, where Mr. Bell was engaged in the grocery business for many years. She is survived by her husband, a daughter, Mrs. Marjorie Miller, and a grandson, Joe Boyd. Funeral was held at the home conducted by Rev. C. W. Sidebotham. Interment at Sunset Hill.

William St. Charles, 61, passed away at Charlevoix Hospital Oct. 15. He was a member of St. Joseph's Church and the Knights of Columbus. Funeral services were held from St. Joseph's Catholic Church, Oct. 17th, conducted by Fr. Liebek. Interment at Calvary Cemetery.

Dr. and Mrs. E. J. Brenner now occupy the residence of Mrs. James Howard.

Mrs. Martin Ruhling suffered another stroke, Tuesday, and is in a serious condition.

Mrs. Fred Vogel returned Thursday from Lockwood Hospital, where she underwent a minor operation, Monday.

Last Sunday, Oct. 18th was the Golden Wedding Anniversary of Mr. and Mrs. W. P. Porter. On Saturday evening a family dinner was served at "Elm Point" the summer home of Mr. and Mrs. John Porter. On Sunday, the anniversary day, all of their six children, and eleven of their twelve grandchildren were with them in East Jordan. The children all grew up in East Jordan and are well known here. They are Mary (Mrs. Rollin Bisbee) of Jackson, John Jamison and Howard Park of East Jordan, Flora (Mrs. Morgn Lewis) of East Jordan; Esther (Mrs. Eather Bliss) Buffalo, N.Y. and Donald, of Grand Rapids.

Interested in the following tips from Ed Rebman, county agricultural agent. The largest single cause of corn harvest accidents, according to Rebman, is use of unsafe methods. He has set up a list of safety rules which he urges everyone to adopt. 1. Always stop the snapping and husking rolls to clean them. Train new operators in proper operation of the machine. 2. Be especially cautious during mid-morning and mid-afternoon. Always keep the power take-off shields in place. 5. Wear snug-fitting clothes. 6. Never adjust or lubricate the picker while the machine is running. Never use a stick or cornstalk to push clogs while the machine is running. 8. Never take a chance, especially when working late.

FARM FACTS from your County Agricultural Agent Ed. Rebman, Co. Agr'l Agent LIGHT YOUR HENS: Hens should get enough light to put in a 13 to 14 hour working day. They don't object to putting in the longer hours but you'll have to add some extra light now that the days are getting shorter. Ed Rebman, county agricultural agent, says that the days are getting enough shorter that it's time to turn on the lights in the laying house. It doesn't make any difference whether the lights are turned on in the morning or in the evening. The important thing is to be sure they are turned on at the same time every day so the hens become used to the schedule you set up for them. As to the amount of light necessary, county agent Rebman suggests one 40-watt light bulb in cone-shaped reflector if the laying house is about 200 square feet in size. If the laying house is larger, put one 40-watt bulb for every 200 square feet of floor space. The county agricultural agent points out that the hens may not respond to the light right away—it usually takes from 2 to 4 weeks before you can see a boost in production. It's the average or below average birds respond best to the artificial light. High producers usually lay well during the winter without the extra urging.

Undercover Drive

SEN. Owen Brewster of Maine is leading an undercover drive to depose GOP national chairman Guy Gabrielson — because Gabrielson won't join the covert anti-Eisenhower campaign.

This is what was back of the slambang attack on Gabrielson by isolationist Republican Senators Dirksen of Illinois, Walker of Idaho and Jenner of Indiana, all faithful friends of Brewster's.

For some time there has been bad blood between the amiable, conservative Gabrielson—who feels he must be neutral as to all GOP candidates—and Brewster, who is both the strategist for extreme rightwing forces in the senate and likewise Taft's campaign adviser. Gabrielson is privately pro-Taft, but he refused to go along on the anti-Eisenhower smear campaign recently distributed in Maine.

In fact, Gabrielson told a senate elections subcommittee he was "surprised and shocked" at the circulation of the "Partisan Republicans" pamphlet linking Eisenhower with the Communists.

Therefore when conscientious Republican Senator Williams of Delaware criticized Gabrielson's connection with RFC loans to Carthage Hydrocol, Brewster saw his chance. He called in other Republican senators, asked them to join Williams "for the good of the party."

Canon, who has had a tough time getting appropriations okayed in his committee, dropped into Rayburn's office to ask for a fourth 30-day extension to permit the government to operate another month while waiting for its appropriation bills to pass congress. The bills were supposed to pass by the end of the fiscal year, June 30, and ever since that date, the government has been operating on a month-to-month piece-meal basis.

The speaker listened to Canon's request and then hit the ceiling. He told the startled Missourian that this is the first time in history that congress has had to give four extensions on appropriations bills.

They also point out that the royalties paid by the British are so niggardly that the Iranians were bound to kick over the traces.

In Indonesia, American companies pay 60 per cent royalty to the Indonesian government, keep 40 per cent. In Arabia the split is fifty-fifty. But in Iran, Britain officially pays only 25 per cent to Iran, though unofficially a and through secret bookkeeping the split is reported nearer 12 per cent for Iran; 88 per cent for Britain.

Too Late in Iran

Sorest people against the British in the Iranian oil dispute are other oil men in the middle east. They point out that the British oil concession in Iran was obtained by corruption, that Britain kept certain members of the Iranian parliament on its payroll for years, and that everyone in Teheran knows this.

In Indonesia, American companies pay 60 per cent royalty to the Indonesian government, keep 40 per cent. In Arabia the split is fifty-fifty. But in Iran, Britain officially pays only 25 per cent to Iran, though unofficially a and through secret bookkeeping the split is reported nearer 12 per cent for Iran; 88 per cent for Britain.

Justice Douglas Warned

In recent months the state department has been on the ball, but this was far too late. In 1949, for instance, Justice William O. Douglas came back from Iran to warn the state department what was a bound to happen. On January 30, this column also warned: "Moscow is waging an extremely effective campaign to take over Iran by friendly infiltration. Simultaneously, the United States has so bungled its diplomacy that Iran is on the verge of tossing a side its traditional friendship with the U.S.A. . . . Iran has cut the Voice of America, given free play to the Moscow radio, has negotiated a new trade treaty with Russia . . ."

For months, however, U.S. ambassadors in Teheran had instructions not to discuss the British oil problem. This was Britain's baby, they were advised, and we should keep hands off.

Now, however, the entire middle east is on the verge of a crisis—and possible war—because of this bungling.

A-Bomb Report

The atomic energy commission has sent President Truman an extremely encouraging report on the atomic race with Russia. This is the inside reason behind the enthusiastic statements recently about our fantastic A-bomb progress.

The report to the President says flatly that the United States has now regained the tremendous atomic superiority it had over Russia in August of 1949 when the first Soviet atomic bomb was exploded.

Corruption of a Small Town: Case Study

So far in this series, the pattern suggested is that crime and contempt for the law is a big city operation. This is not necessarily so. The smaller cities and towns have it, too.

Sometimes, as our senate committee was to learn, crime in smaller places was conducted as a suburban, or branch, operation of the nearest big city gang. This was particularly true in the Chicago and New York areas. On the other hand, there also is the phenomenon of the wide-open small-town, free from big city gang influence and where the local operator—usually a single "string man"—is able to operate without paying any particular tribute to the law.

The small cities and towns, as often has been said, are the backbone of America. If corruption threatens to take them over, it is important that we find out about it and turn the spotlight of exposure upon it, so an aroused public opinion can get to work on cleaning up conditions.

In many big cities, young people come into maturity with an attitude of contempt for the law, because they see and hear almost daily, that criminals, through alliances with conniving politicians and crooked law enforcement officers, are bigger than the law. It would be a frightful thing if this same disillusionment should spread to the small-town youngsters of America.

The committee touched briefly on one such case study in its questioning, both privately and in public hearings in Chicago, of a man named Thomas J. Cawley.

In a way, Cawley, a stocky, unabashed, monosyllabic witness, was a refreshing change from the procession of hoodlum witnesses who carefully rehearsed refrain, "I refuse to answer on the ground it might tend to incriminate me," became so grating to our ears. He, at least, made no bones of the fact that Thomas J. Cawley was the undisputed gambling king of two small Illinois towns—LaSalle, population, 12,023, and Streator, population, 16,442. The two towns, both in LaSalle county, are about 27 miles apart.

I should like to quote simple and unadorned excerpts from the official record of the examination of this small-town gambler.

Cawley's first appearance was in executive (closed) session, October 18, 1950, at the U.S. Court house in Chicago.

Q. What is your business, Mr. Cawley? A. A cigar store operator.

Q. What other business do you have? A. I operate a farm and a book.

Q. Where do you operate your book? A. 621 First st., LaSalle, Ill.

Q. Is that the only book you operate? A. I operate one in Streator, Ill.

Q. Is it (the Streator operation) solely a book? A. Well, it is a gambling room, is what it is. We have dice.

Q. You also have gambling equipment? A. Yes.

Q. What type of games do you run? A. Dice.

Q. Roulette? A. Roulette, LaSalle, and that is all.

Cawley went on to say that he employs about 65 to 70 persons in LaSalle; this includes his restaurant, bar and cigar store employees, in addition to the gambling help.

Q. How long have you operated the book there? A. I imagine . . . around 15 years.

Q. Is that in LaSalle? A. In LaSalle; at Streator, I would say 10 years.

Q. Who is sheriff of that county? A. The sheriff now is Ryan.

From where I sit... by Joe Marsh

Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notch. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home.

Traffic makes me mighty impatient. When I came to a side road that seemed to point toward the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end.

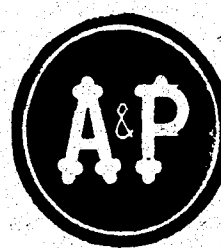

So, I turned around and darned if there weren't twenty cars behind me! One driver had followed

—figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

First Grade — Mrs. Brooks
Twenty-two parents registered in our room on "Open House" night. We were glad to meet each one and hope that you will come again.

Peter Houpek was six years old Saturday, but we celebrated his birthday on Friday.

The turtle eggs which the science class sent to us did not hatch yet. Those with perfect attendance for the six week period are: Charlene Arnott, Lyle Bennett, Carol Bowen, Judy Chahk, Dale Cutler, Carol Fales, Harry Howard, Jim McWaters, Billy Olstrom, Merle Russell, Jean Slough, Char-

lene Sweek and Nancy Steuer. We are all very much pleased with our pictures which came today.

Second Grade — Mrs. Johnston
Those who were neither absent nor tardy during the first six weeks of school are: Patsy Cutler, Billy Dagenzy, Robert Goebel, Charlene Hitchcock, Darlene McClanathan, Michael McWaters, Raymond Richards, Steve Sutton and Linda Winkler.

We were pleased to see the names of many of our parents in our room register following Open House last Wednesday evening.

Mrs. Clark, Donna's mother, visited our room Friday afternoon.

Wednesday we took home our first spelling booklet. Some of us had six perfect lessons.

We are having mother help us fill out an interest inventory of things we like to do.

We are making plans for our first party of the year, which will be on Halloween, after our afternoon dress-up parade. The children who will work on this party are: Donna Clark, Billy Werenzy, Beth Galmore, Charlene Hitchcock, Michael McWaters, David Pienta, Steve Sutton and Charles Gardner.

Janice Kolker has moved to Muskegon. We hope Janice will like her new home and school.

Second Grade — Mrs. Bowerman
Eddie Thompson is our student teacher this week and Richard Annear is taking care of the library.

Seventeen of the twenty-eight boys and girls in our room were not absent during the first marking period.

We had some very nice things brought in for our Indian contest. Chris Schroeder won the first prize for his Indian village, Richard Annear's tom-tom won second prize and Eddie Thompson won third prize for his felt-arm-guards. For the girls, Dawn Moore's birch bark candle and papoose won first prize, Nancy Lehrhass won second prize for a doll she had dressed in Indian costume and had a papoose strapped to the mother's back. Mary Boring won the third prize for her Indian head-dress. Besides the articles named, we had clay dishes, cranoe boards, peace pipes, birch canoes and a chief's headdress made.

This week we are bringing our

Indian project to a close with a party for our mothers.

Second Grade — Cora Seiler
A High School boy brought us some turtle eggs to keep in our room. One turtle had his head out and the other was still in the shell. New one of them is quite lively.

Ila Mae Ingalls brought a queer lizard to school. Leon Zitka moved to Traverse City last week. We are sorry to lose Leon and hope he will like school in Traverse City.

The Jolly Workers class wrote a story about themselves. It was called "My Story".

We have three large goldfish in our room. We named them Tom, Dick and Harry. A few weeks ago we had our pictures taken. The finished pictures came this week and we like them so much.

Ruth Ann Greenier and Ila Mae Ingalls are our housekeepers this week.

Several parents visited our room the night we had P.T.A. It was so pleasant to meet the visitors and talk with them about our second Grade work.

Fourth Grade — Mrs. Strehl
Last week we celebrated two birthdays in our room. Bruce Ogden was the first and Diane Dougherty the second. We sang to them and gave them birthday wishes.

We now have our new spelling books. The boys and girls are going to work hard to do good work. They are red and white.

Monday, the children were entertained by the Shooting Mansfields. We enjoyed watching the man and his guns. We talked about safety with guns. The boys liked Mrs. Mansfield's act with her knives.

We were happy to have so many parents visit our room on Open House. We hope you can come and visit us again.

The new captains in our room this week are Douglas Lick, Mary Leatherman, Marie Knudsen, Yvonne Elzinga and Bruce Ogden. Mike Kowalske went to Castle Rock on Sunday. He had fun and brought back some pictures of his trip.

Lyndel Ingalls brought us a live lizard to school. We now have a snake, 5 crabs, a lizard and a goldfish.

Bobby Sherman went to Niagara Falls, Canada and New York State last week. On his trip he saw the car the princess and Duke of Windsor rode in and the stand where they talked to their friends. He did not see them in prison.

News reporter this week is Bobby Sherman.

Fifth Grade — Mrs. Liskum
We have a science corner in our room. We have a shelf of plants which the children brought from home. We have made a kind of terrarium with a bowl sunk in the middle. There are fish, snails, plants, and small turtle in the bowl.

We are very glad that Bill Rogers brought us the partialay hatched turtle last week. We buried the shell and kept it very damp. By Tuesday morning the turtle was out crawling around.

We are enjoying our social science very much. How hard the colonists worked to give us a free country!

We have only two children who have spelled every word correctly on the weekly tests, Mary Anne Lehrhass and Elenore Meyers.

We were happy to have been invited to the High School Assembly. For English that day we discussed safety with guns. Then we wrote safety rules in the use of firearms. Bruce Healey listed 15 rules to follow in hunting or using guns; and Tommy Eichler was second, with 14 rules to remember.

"Tain't enough that you just hatch ideas—you got to hitch'em, too."

The Servicemen's Letter

Hi Fellas:
Last week I was late with my copy for the paper and my address box was full. This week the bottom jumped right up at me when I opened the lid. Anyway, I now know how Mother Hubbard felt about it.

This is the 21st letter I've typed to you men and let me tell you it has surely been a privilege and honor for me to be able to write to so many of you and to get your answers back from so many parts of the world. We started out with about thirty addresses and we now have eighty-three servicemen and women to whom we are sending this paper and also to whom we will be sending other things as time passes. Our membership is stretched out away from Korea on the West to Germany and the Mediterranean on the East of us. This so-called Police action that we are all involved in is a pretty big affair. Already it has scattered our friends and neighbors to the four winds. Who knows how many of us may be called and scattered within the next year.

There is one thing you can depend upon. The folks at home have not forgotten you. They may seem indifferent to you at times but since this job of writing this letter came my way it has been made clear to me just how much the people here at home are thinking all of you out there. And they all want to help — if the only knew just what they could do.

Now don't think that was just a lot of newspaper hot air, because it isn't. There's just one thing that proves that. Your area from a small town. Some people would say that was a disadvantage but it is not so. A small town like ours has a feeling of friendliness in it that cannot be matched any other place in the world. When you walk down the street in our town the people you meet don't just look a hole right through you and pass on; They speak, and often stop and pass the time of day. The weather is a big conversational item here.

Last week your Community Service Club decided to sponsor the construction of a new Honor Roll which is to contain the names of all Service Men and Women who are in the Armed Forces at this time. It is proposed that the board containing the names of the servicemen and women of World War II be taken down as it is a sad state of deterioration. A record will be made of all names on the WW II board and if when this present emergency will be placed on a permanent honor roll, the size and place of erection to be decided at that time.

As I wrote before, the news of and about the servicemen is very scarce here. Gloria Meredith (Mrs. Jim) took off last week for Newport, Rhode Island and after she got there she found out that Jim wouldn't be there for another week yet. This life in the service is so sure.

Louis Addis was home this week. He arrived here enroute to a new base in Florida. That is surely from one extreme to another. Maybe they thought he needed some of those Florida sunshine vitamins. It's a good time of the year to make the move, however. Just like resorting.

This will be the last paper going over to Chuck Gostrow in Germany for a while. Chuck is due to leave for the States around December 1st, and he sent word to stop his paper after the October issues.

We have seen quite a lot of Pete Carney around town lately. He is out of the service now and is a member of the regular army reserves. Pete is just hoping that nothing big breaks or he will be right back there again.

Well, guess that's about all news and extemporaneous viewpoints I can scrape up for this week. See you next week.

CLEAN LAST YEAR'S HAT FOR ANOTHER SEASON'S SERVICE

If last winter's hat is going to face another season's wear give it a cleaning and freshening job that'll make it look like new, advise MSC extension clothing specialists.

They say that you can do a lot to make the hat look fresh again, but recommend that you leave the complete remodeling jobs for the milliner.

First step in a home cleaning job is to remove the dusty and wilted trimmings, and inside head bands. Then brush the hat thoroughly. If it is felt or fabric, sponge it will dry cleaning fluid. If it's straw, sponge it with a cloth wrung out of warm water. You will be amazed at the brightened color, the home economists predict.

Wash the inside head band in soap and water, then press it into a curve while damp. Dry clean the trimming ribbons or replace them. If you replace them be sure to buy belting ribbon rather than grosgrain for best results because the former can be shaped with an iron.

Handle the hat band and bow in two separate pieces. Fit the band around the hat crown tightly. Then tie the bow in a single knot over the joining seam of the band. This gives you firm support against which to tie the bow.

There are some don'ts to remember too. Don't attempt to press a hat unless you have it pinned down tightly to a block, the MSC specialists warn. A quick pressing on a board usually does more harm than good. And don't try to change the shape of a hat unless you have skill, experience and real or improvised blocks.

SOUTH ARM

(Edited by Mrs. Arnold Smith)

Mr. and Mrs. Avery Cook and Mr. and Mrs. Paul Yeger of Roger City and Mrs. Martha Dean of Brown City were Sunday guests of Mr. and Mrs. Glen Campau and family.

Mrs. Don Hott spent Friday afternoon with Mrs. Harold Goebel and children.

Helen Campau, Irene Lehrbass, Beatrice Graham, Shirley Schumacher, Grace Redmere, Georgia Murphy and Natie and Irene Crawford and Mrs. Cloyd Goodman all attended the district meeting of the Extension Clubs at Gaylord Tuesday.

Mr. and Mrs. Harry Pearsall and Mr. and Mrs. Freddy Eichler attended the Turkey Shoot at Ellsworth, Sunday afternoon. Freddy won a chicken.

Mr. and Mrs. Mike Eaton made a business trip to Howell, Wednesday then visited relatives there and at Ann Arbor and Lansing. Anna Craft stayed with the children while they were gone.

If there's something missing in the American home it must be something that can't be brought on time payments.

Burning Leaves Is Burning Money

DIG A COMPOST PIT AND LIVE HAPPY

Leaves you rake up this fall can go to work for you in your garden producing stronger plants or bigger vegetables next year — savink fertilizer money and getting more from your gardening efforts.

A compost pile of decayed leaves is recommended by Professor Harlow O. Whittemore, chairman of the University of Michigan Department of Landscape Architecture, as an ideal mulch.

Wire screen can be set up to hold the leaves or, if you prefer a digging chore, a pit about four or five feet deep will serve, Professor Whittemore said. The enclosure or pit should be six to eight feet in diameter for large gardens and for small ones five to six feet across.

File the leaves about a foot deep in the enclosure. Scatter an inch of black soil over the leaves mixing them a little. The Michigan professor explained that the soil contains bacteria — the bugs that will work on the leaves and speed decay.

Next cover the leaves with a generous application of chemical fertilizer, use about 25 pounds for this layer. Then over this a thinner layer of finely ground limestone or sifted coal ashes. Eight to ten pounds of lime or ashes will be enough for each layer of leaves.

Repeat these layers until the pile is about four feet high. Dampen it down, but don't soak it too much. Professor Whittemore cautioned. After his wetting down the rains will keep it moist.

Corn cobs, twigs and small branches, vegetable garbage that is not greasy, and weeds can be thrown into the mixture.

"Don't worry about the weed seeds if this fertilizer, the weeds will come up in the garden anyway," he said.

In the spring dig or plow the compost into the ground. Use this about two inches thick, he reported. It can be used on top of the ground in summer around shrubs and trees to save watering and cultivating, then dig it into the ground in the fall for fertilizer.

By repeating the process every year the soil will be built up enormously, Professor Whittemore said.

Overtaxing The Heart More Dangerous Than Gunfire

Overtaxing the heart is a much greater danger to the average Michigan hunter than either gunfire, heavy traffic or getting lost, the Michigan Department of Health said today.

Overexertion is the nimrod's number one hazard, according to Dr. F. N. Leeder, Director of the Division of Disease Control, Records and Statistics.

Tramping two or three miles through woods or a swamp, or helping to drag a deer puts quite a strain on the fatty heart of men who usually walk only from his house to his car, and from the elevator to his office.

"Take it easy and enjoy yourself! the doctor said. You might better never get a bird, a rabbit or a deer than to put yourself in bed for six months or not get home from your hunting trip.

For your health's sake, too, choose a clean eating place. Look for a "sanitation approved" sign. Order those foods which must be freshly prepared.

Be sure the water you drink is safe. The Michigan Department of Health marks safe roadside water supplies. If you are in doubt about the camp supply, you can make sure of your drinking water by adding three drops of laundry bleach for each gallon of water and letting it stand a half hour. Don't drink from streams.

If you are not sure you can get pasteurized milk take along a canned supply.

Wear clothing to suit the weather and the type of hunting you will do. Take along a change so you won't have to hunt or ride in rain-drenched or perspiration-dampened clothing. Have a good time and get some game, but — more important — get back, under your own power, the doctor said.

Freak Deer Collision

Freak deer collisions are not limited to automobile drivers.

Glen Starkey, Beulah, was on his way to work on his motorcycle when a doe and fawn spurted across U.S. 31 near Beulah. He told conservation fire officer Gwendol Lockman the doe jumped over the motorcycle but the fawn did not make it, breaking three legs in the fatal leap.

Fawn was taken to the county farm at Benzonia.

Your child's fear of the dark may vanish if you paint a miniature candle with luminescent paint on his bedside lamp. That will remind him the light is there when he wants to use it.

Old Don't Push Me Around

Michigan has mixed feelings over Senator Robert Taft's candidacy for the G.O.P. nomination as president. "Mr. Republican" trooped into the state like Alexander the Great and exuded cordiality quite unlike the asperity which usually surrounds him. That was the first hint of the impending announcement.

The revelation was made in Detroit. Outstate, there was a great deal of silence. One county Republican leader made a remark echoed in many rural areas, "Well, mebbe, but I don't see any star in the sky yet."

That from the rural area, Taft's chance of getting Michigan's backing are considered relatively slim in the first place because of the strong labor faction.

Some Republican peers agree that for honesty and political integrity, Taft cannot be beat, and as a thinker there is none sounder. But — and this is the big question — is he strong enough to carry the nation?

All in all, the Detroit announcement was received quietly. It was barely heard in Detroit over the clatter of the arrival of Princess Elizabeth.

More than 37,000 migrant laborers swarmed into Michigan again this summer. Always a problem, particularly in the fruit belt and the onion and sugar beet areas, the migrant problems increase yearly. Crime swoops upward in those areas and "Saturday night in town" is one big round of arrests.

But without these workers the crops would rot on the ground and in the trees. Michigan doesn't help itself too much. Housing provided the transient worker is usually miserable. Pay is low. The work very hard. What can we expect, skilled labor?

Michigan's Little Hoover commended the abolition of the social welfare commission. It suggests the appointment of a director by the governor, if a four-year gubernatorial term is decided upon, and that the director be appointed by a welfare council of six members if the present two-year term is retained.

Fred M. Alger's move to check the C.I.O.'s gasoline tax referendum petitions was a good one. He says the spot check showed 37.5 percent invalid signatures. He immediately ordered the state board of canvassers to check all the signatures.

It has been a bumper year for hunters. This has been the best pheasant and partridge season since 1943, conservation officials

employed Detroit automobile workers has followed announcements of new and drastic cut in passenger car production in the first three months of 1952.

At the same time, pirating of scarce technicians by war contractors in Detroit and elsewhere has developed to such a point as to alert defense chiefs for possible crackdowns. The wage stabilization board is considering a plan to halt the shanghaiing of men from one employer to another.

A marriage license is like a hunting license—it entitles you to one DEAR and no more.

Scientists attack
peach blossom blight

Michigan ranks among the top three states in peach production. To protect this important industry, scientists at Michigan State College's Agricultural Experiment Station are experimenting with methods of controlling blossom blight. Recent experiments tested sprays of wettable sulphur, liquid lime-sulphur, and various new organic fungicides. Though not conclusive, results of these tests have been encouraging. For additional information on this continuing fight against peach blossom blight, call, write or visit your County Agricultural Agent.

Electrical detective tracks down telephone trouble

In a large Michigan Bell dial telephone office, about 2,000,000 switch contacts are "on duty" to carry your calls. 10,000 of them may be needed to clear a path for a single call. So "faults," though infrequent, must be detected quickly. A new automatic detector has been designed for the job. It finds "faults"—a broken wire, specks of dirt causing high resistance — and detours calls around them. Then it automatically punches out a report on the trouble. Maintenance men check these reports regularly, learn what needs attention, see that service flows smoothly. Telephone efficiency like this keeps quality of service high, keeps costs as low as possible.
