EAST JORDAN, MICHIGAN, FRIDAY, JUNE 13, 1952

NUMBER 24

## RECREATIONAL PROGRAM NOW IN FULL SWING

### PLAYGROUNDS UNDER WAY UNDER SUPERVISION

East Jordan's summer recreational program got into full swing on Monday of this week with the opening of the playgrounds at the High School and the Tourist Park under the supervision of Mrs. Robert Strehl. The high school playground is supervised Monday through Friday from 9:30 to 11:30 a. m. Playground activities move to the Tourist Park in the afternoon each day from 2:00 to 4:30 p. m.

**Camp Ocqueoc**  
Seventeen boys left the high school by bus Monday morning at 9:00 a. m. for a week's stay at Camp Ocqueoc on Ocqueoc Lake near Rogers City. Over a hundred youths from nearby Pellston, Boyne City, and Petoskey were also in the Group I contingent.

The following boys made the trip from East Jordan: Billy Malpass, David Lisk, Paul Bowen, George Savary, Dennis Wilson, John Wilson, Robert Sherman, Robert Bulow, Gary Chihak, Jerry O'Brien, Glen Kowalski, Jimmie Lisk, Jimmie Chihak, Russell Thomas, Louis Chihak Jr., Mike MacDonald, and James Weisler. They were accompanied by Coach Gayle Saxton and Parker Seiler.

They will return at 5:30 p. m. Saturday. Group 2 will depart from the High School at 9:00 a. m. Monday, June 16th.

**Softball**  
An organizational softball meeting is being held tonight (Thursday) at 7:00 p. m., with Alex Sinclair as chairman. Howard Somerville, Vale Gee, Stu Atkinson, Richard Dipsinski, and Al Chanda have been asked to attend the meeting and help organize the Rainbow City Softball League. This year's league will more than likely consist of four teams with play getting underway Tuesday evening, June 24th at the West Side Ball Park. Parker Seiler, local recreational leader will supervise softball play.

**Soap Box Derby**  
East Jordan will again sponsor a Soap Box Derby on the 4th of July. Boys 14 yrs. of age and under are invited to take part. Last year's spectacle highlighted East Jordan's summer recreational program and was won by Jerry O'Brien, who will defend his championship again this year. More than a thousand spectators witnessed the event last summer. Sixteen boys entered cars. Races will be held on the Division Street Hill.

Parker Seiler, East Jordan recreation leader, will handle the arrangements and entry blanks are expected to be out sometime next week.

Regulations for competition are few. A boy must be fourteen years of age or younger and must have the written consent of his parents in order to race. The wheels must be no larger than 12 inches in diameter. Each car must be equipped with a hand brake and possess a front wheel steering mechanism. Applications must be in not later than Saturday, June 28th.

It is hoped that this year's event will draw at least thirty contestants who will compete for valuable prizes. Boys from Boyne City, Charlevoix, and other Northern Michigan communities are invited to participate so as to make this event truly a Northern Michigan championship. For additional information you are asked to contact Parker Seiler of East Jordan.

### Moose on Dummond Island

First moose sighted in the eastern upper peninsula area in some time has been observed on Dummond island by conservation department supervisors Ernest Ruecker and Alex MacLean.

An excellent swimmer, the huge animal may have been on the island for quite a while of recently migrated from nearby St. Joseph or Cockburn, Canadian islands. Retreating water of civilization's advance, the giant of the antlered world rarely is observed on the Michigan mainland but is found in numbers in Isle Royal national park in Lake Superior.

**NOTICE**  
All persons having property of The American Legion please return for inventory by June 14.

## Class of 1902 Enjoy Picnic Dinner

### Members of the Class of 1902 of the East Jordan High School held their fiftieth year reunion, Saturday, June 7th. The class of six members included, Blanche Hobler, Emma (Zoulek) Monk, Lela Clink, LaVerne (Crossman) McFarland, Fred Whittington and Burton Nicholas.

Three of the class were absent — Emma Monk, Chicago, Ill.; LaVern McFarland, Grand Rapids, unable to be present; and Blanche Hobler, deceased.

A picnic dinner was served at the H. P. Porter cottage on Lake Charlevoix Saturday evening. Those present were, Miss Lela Clink, Mr. and Mrs. Fred Whittington of Toledo, Ohio and sister Mrs. Mabel Loucks of Jackson, and their daughter, Mrs. J. S. Olms with three children of Perrysburg, Ohio; Burton Nicholas, New Orleans, La., and sister Mrs. Fay Weed of Grand Rapids; and Mr. and Mrs. Howard Porter. The evening was spent visiting, reminiscing and looking over old pictures.

## Blood Donors Wanted

### CHARLEVOIX COUNTY NEEDS 220 DONORS

Wanted: 220 registered blood donors for June 24 and 25.

That is the request that has gone out from the Charlevoix county chapter of the American Red Cross which is cooperating with the Michigan Department of Health in the annual blood procurement program.

The middle bloods unit with its entire staff will be at the high school in East Jordan, June 24 from 8 to 9 p. m. and the following day, Wednesday, June 25, will be at the high school in Charlevoix at the same hours.

The goal for the county has been set at 200 pints.

A part of the blood donated will be sent directly to the armed forces while the remainder will be processed into blood plasma and fractions for use by residents of Charlevoix county.

That blood plasma is a necessity in the treatment of illnesses and injuries today is shown by the amount used by county residents during the past year.

At the Charlevoix hospital alone 65 pints of plasma have been used in the past year while an additional 62 pints have been administered to patients hospitalized at four other hospitals outside the county.

There is no immediate record of whom received the plasma at the Charlevoix hospital but among those receiving plasma in hospitals outside the county were 17 Boyne City residents, 18 Charlevoix residents, six each from East Jordan and Wallon Lake, four from Bever Island and one from Boyne Falls.

Charlevoix county's last blood procurement was held in Boyne City in February 1951 and at that time only 99 pints of blood were collected and a percentage of that was sent to the armed forces.

This should give everyone a true picture of the situation and show the immediate need for blood and blood plasma.

There's no way of telling when someone you know in the armed forces may need a transfusion of whole blood to save his life—so sign up as soon as possible for the clinics in East Jordan and Charlevoix—June 24 and 25.

In East Jordan Mrs. Ted Malpass is chairman, in Charlevoix Mrs. Robert Weststaff, in Boyne City, Mrs. H. W. Patrick or Mrs. Don Haig; Mrs. E. G. Bennett of Charlevoix is Charlevoix county blood chairman. To register call LE 4-2645 for East Jordan.

**AN APPRECIATION**  
The American Legion, Rebecca Sweet Post 227, would like to extend their appreciation for cooperation and consideration shown by citizens and individuals who participated in the Memorial Day program.

Jack Isaman, Adjutant  
Wife: "It says here that girls' swim suits are to be made of spun glass."  
Husband: "Well, that should be worth looking into."

## Marriages

### Walden — Murray

Alice Marie Walden and Howard Murray both of East Jordan, exchanged their marriage vows, Saturday, June 7th, at 10:00 a. m., at Petoskey.

The bride is the daughter of Mr. and Mrs. Chester Walden and the groom is the son of Mr. and Mrs. Richard Murray of East Jordan.

They were attended by the groom's brother and sister-in-law, Mr. and Mrs. Fred Murray, of Muskegon.

For her wedding, the bride chose an aqua rayon ninon street length dress with white accessories and her corsage was of red roses. The bridesmaid wore a light pink rayon ninon dress with white accessories her corsage was of white carnations.

A wedding dinner for the immediate families was served at the Rowe Inn.

The young couple are on a wedding trip, after which they will make their home in the city. The bride is a member of the graduating class of '48 and is employed doing secretarial work at the Jordan Valley Creamery. The groom is managing an Auto repair garage on the West Side.

### Cihak — Chaye

Mrs. Vesta Cihak of this city and Joseph D. Chaye of Pontiac were united in marriage, Saturday, June 7th at Napoleon, Ohio. They will make their home in Pontiac.

### Immunization Clinic Tuesday, June 17th.

There will be an Immunization Clinic, Tuesday, June 17th at the office of the Community Nurse in the Grade School building, Dr. Litzemberger, Director of the Charlevoix County Health Dept. will be in attendance. Hours for the clinic will be 1:30 to 3:00 p. m. Please note there will not be hours in the morning.

### Wm. G. Murphy Former E. J. Resident Dies in Kansas.

Wm. G. Murphy former East Jordan resident passed away at the Veterans hospital at Wadsworth, Kansas, June 8rd, 1952.

He was born in South Arm Township, June 8, 1892, and was a resident of this area until 1934. He served in United States Army in the first world army. He was for many years a member of Rebecca Sweet Post of the American Legion and was at one time commander. He was a member of South Arm Grange.

He was married in 1929 to Pearl Stark Engel at East Jordan. They made their home here until 1934 and then moved to Springfield, Missouri. He engaged in farming for a time, later worked at construction work and for the past eight years has operated a grocery and meat market.

He was a member of the Latter Day Saints Church while in East Jordan and later at Springfield, Mo.

The funeral was held at the Latter Day Saint church in Springfield with interment in the East Side Cemetery.

He is survived by the widow; one son, Wm. Jr.; three step children, Arthur Engel of Texas, Jack of Springfield, Mo., and Arlene, with her soldier husband in Trieste, Italy. Also five brothers, Charles and Archie of East Jordan, Keith of Spokane, Wash; John of Norton, Kansas; and Irwin, of Eugene, Oregon.

### Attention All East Jordan Boosters!

Those men who showed up for the first clean-up session at the future community center last Monday night report the job is about one-third completed.

A good crew can finish the job in a hurry. Plan now to lend a helping hand next Monday night. Bring crowbars, narrow shovels, or heavy brooms. E. J. Boosters will start work at 8:30 p. m. and if you can't be there, send someone to do your work!

The women promise to serve free coffee. Be an East Jordan Booster — Be on the job, Monday night.

## Recreation Calendar

Monday, June 16th 10:00 a. m. Excursion to St. Ignace Tuesday, June 17th 9:30-11:30 — Playground Supervision, E. J. High School. 10:00-11:00 — Tennis Instruction, E. J. High School 2:00-4:30 — Playground Supervision, Tourists Park. Wednesday, June 18th. 2:30 — Girls Day Camp Whiting Park Thursday, June 19th. Girls Day Camp Whiting Park Friday, June 20th. 9:30-11:30 — Playground Supervision, E. J. High School 2:00-4:30 — Playground Supervision, E. J. Tourists Park.

### Playground Enthusiasm Continues

East Jordan's summer recreation program started June 9, with many eager youngsters ready for activity. Both playgrounds showed enthusiastic participation in last week's events. The playgrounds are supervised daily except Saturdays and Sundays from 9:30-11:30 at the high school playground and at the Tourists Park from 2:00-4:30.

Wednesday, June 11, a mixed group of boys and girls left the high school playground for a bicycle excursion. The children enjoyed their sack lunches in the out of doors and seeing many new sights of their own beautiful city.

New equipment is being added each week for your youngsters enjoyment. This week a new croquet set, tennis rackets and balls were added to help your child have a better time. Remember the playgrounds are open to you and all your friends.

### Excursion Trip

Monday June 16th will be the first excursion of the season planned for you by East Jordan's Recreation program. An excursion to Mackinaw City and a boat ride on the New Vacationland Ferry to St. Ignace will leave East Jordan's high school playground at 10:00 a. m. and return the same evening at 5:30.

All boys and girls between the ages of 9-14 are invited to make the trip. Please contact Mrs. Mary Malpass or Mrs. Jean Strehl at the playgrounds on Friday for future information. This trip is planned for your summer recreation—so let's see you on the bus.

### Girls' Day Camp

The first Girls' Day Camp outing of the season will be an overnight trip to Whiting Park, June 18th and 19th are the dates for this event that all the girls have been waiting for. All girls between the ages of 9 and 14 are eligible to attend this Day Camp Outing.

The bus to Day Camp will leave the high school playground at 2:30 p. m. and return the following day at 11:00 a. m. There will be a fee of \$1.00 to cover the cost of food for this camp outing.

All girls interested please contact Mrs. Mary Malpass or Mrs. Jean Strehl on the playgrounds daily except Saturday and Sunday for further information. Each girl planning to attend must have signed permission from her parents.

Remember girls there is a limit on the number of girls that will attend so let's not be left behind. Activities throughout the camp outing will include craft classes, nature study, trail blazing, cookouts, firebuilding, games and group singing.

### Coming Events

Beginning June 22 and running through until the end of the summer program (excepting the scheduled excursion days), there will be supervised swimming lessons. The schedule will be as follows:

Monday 3-4 Beginning girls and boys classes.  
Tuesday 3-4 Advanced girls and boys lessons.  
Wednesday 3-4 Beginning girls and boys classes.  
Thursday 3-4 Advanced girls and boys lessons.  
Friday 3-4 Free swim.

On June 22 at 2:00 there will be tests held to determine the class to which the child shall be assigned. If you are interested in learning to swim this summer, try to be there at that time. If enough children are interested, we will try to have a Water Show in July. At that time will be demonstrated the children's various skills acquired during the summer.

## Hundred of Prices Below OPS Ceilings A&P Report Reveals

Hundreds of food items are selling below OPS ceiling prices in A & P Food Stores in this area, it was revealed today.

Byron Jay, A&P sales director for the area, stated that the below-ceiling prices prevail on a wide variety of items, including meat, poultry, dairy products, baby foods, cereals, canned fruits, canned vegetables, bakery products, jams and jellies and other groceries.

At the outbreak of hostilities in Korea, A & P pledge all of its resources in the fight to keep food prices down," Jay said. "As a result of our efforts to work harder and do a better job, we have been able to sell many items at less than ceiling prices.

"OPS ceilings represent the highest prices grocers can charge for food. But it has always been A & P's policy to charge the lowest possible prices to consumers based on the cost of food to us."

The food chain executive pointed to typical items and prices currently in effect in the company's stores in this area as examples of the hundreds of below-ceiling prices.

In meats, he cited blade cut of choice grade chuck roast at .79 cents a pound against a ceiling of 90 cents. Other examples of lower than ceiling prices he mentioned were: fryers 49 cents a pound against a 61 cent ceiling; canned whole chicken at \$1.39, ceiling \$1.69; canned salmon 49 cents, ceiling 55 cents; canned peaches 25 cents, ceiling 30 cents; large Grade A eggs 53 cents a dozen, ceiling 75 cents; cherry pie 49 cents, ceiling 62 cents.

Jay stated that not only are hundreds of items selling at less than ceiling prices but many of them are currently selling well below prices prevailing a year ago.

## Increased Phone Rates

### NEW RATE IS FAIRLY SMALL TO USERS

The increase in telephone rates granted the Michigan Bell Telephone Company last week by the Michigan Public Service Commission will amount to less than two cents per day for most residence users here.

The monthly increase in rates for one-party and four-party line subscribers in the local exchange will amount to 25 cents, while the increase on two-party and rural service will be 50 cents.

Under the rate revision order, local calls from pay stations will be 10 cents. It is expected that about 30 days will be required to convert all of the company's dial coin box telephones to 10-cent operation in the outstate area.

One-party and two-party business telephones here will be increased 75 cents a month, and rural business service 50 cents. Private branch exchange trunk lines will be increased \$1.00.

Commenting on the increase in rates granted the company, W. Calvin Paterson, vice president of Michigan Bell, said:

"Not only is the increase inadequate to assure good telephone service in the future, but the delay is getting it has denied the owners of the business a return on their investment that cannot be recovered." Paterson pointed out that less than half the ordered rate increase will remain with the company. More than half of it, he said, will go to the Federal Government in taxes.

Referring to a recent \$7,000,000 wage boost to employees, and an increase in state and Federal taxes 3 1/2 times what they were in 1940, Paterson stated: "The price of most everything else has gone up much oftener and much more than the price of telephone service. Including the increase granted last week, Michigan Bell revenues will have risen only 27 per cent from rate increases since 1940 while the overall cost of living has gone up 89 per cent."

### AN APPRECIATION

I wish to thank everyone who remembered me with flowers, gifts, letters and cards while at the hospital.

Minnie DesJardins  
Doctor: "There goes the only woman I ever loved."  
Nurse: "Why don't you marry her?"  
Doctor: "I can't afford to. She's my best patient."

## COMMUNITY CENTER COMMITTEE MEETINGS

### HELD MAY 23 AND JUNE 6th

**FRIDAY, JUNE 6th**  
The first Work Bee was announced for Monday evening, June 9. The dirt which was placed between the sleepers to permit driving over them is to be removed.

Temporary lighting will be taken care of by Lou Gardner. The lighting will be of such a nature that it will serve to skate by as soon as enough floor is laid to permit the use of the building.

The executive board of the committee was authorized to spend in amounts up to fifty dollars without a vote of the committee. Amounts over fifty dollars will have to be voted on by the committee.

The date of the drive for funds will be sometime in July.

There seems to be a good deal of enthusiasm for getting the Community Center into operation. Watch for notices of further work bees and come out and help!

### MAY 23, 1952

Glenda Maxwell reported Tag Dag receipts of \$77.52. Bill for printed receipt books \$10.52. Maurice Hartung reported that sleepers in Community Center Building were in good condition and suitable for flooring to be nailed to them. Kenneth Biller reported that funds would be raised by an all over drive. The drive is to be opened when the finance committee feels that the time is right for it.

The use to which the Community Center is to be put was thoroughly discussed. The outcome of the discussion seemed to be:

A. — The recreation center is pointed primarily toward teen-aged patronage.  
B. — There will be set days for roller skating probably three days a week.  
C. — The principal program planning work shall be left until the building is usable.  
D. — Changes can be made as the need arises.

To settle some unwarranted rumors floating around town, the Community Center Committee wishes to go on record as being opposed to Senior Class Trips.

Sadie M. Liskum, Sec'y

## County Extension Group Concludes Year's Activities

The Charlevoix county Extension group concluded its year's activities with an achievement program and social gathering at the Community Church of God Fellowship hall Thursday evening.

Mrs. Emma Reinbold, district home demonstration agent, greeted the members from throughout the county and their families numbering more than 125 who had gathered for the event.

Ed Rehman, Charlevoix county agricultural agent, spoke briefly and commended the members on the work accomplished during the current program.

George Johnson, Cheboygan county agricultural agent, who studied in Sweden following World War II, showed movies taken in that country while he was there and gave an interesting commentary on them.

Mrs. William Boss of Ellsworth, program chairman presented an entertaining program which included vocal and piano selections by Jean, Jane and Jean Slough and Lois Boss of Ellsworth, a reading by Mrs. James D. Frost of East Jordan and a play, Glamour on the farm with a cast made up of Mrs. Milton Donaldson of East Jordan, Mrs. Roy Studenmier and Mrs. August Bullman of Ellsworth.

A cake walk and a pot luck lunch concluded the activities. On exhibit were lamps, lamp shades, rugs and other items completed during the year. The county has 15 clubs with a membership of 400.

**AN APPRECIATION**  
The American Legion Auxiliary Unit 227, would like to thank the merchants of East Jordan for their fine cooperation on our Poppy Day Program. To our many friends and neighbors, thanks for their purchase of poppies, and poppy corsages. We appreciate the grand response shown the Poppy corsages, as they were our own original idea.

Edna Wilkins  
Poppy Chairman

## Legion Auxiliary Meeting Held

The regular business meeting of the American Legion Auxiliary Unit 227, was held June 9th. at the Legion Home, and opened in regular form.

The two banquets given in May for the Bowlers and Teachers were a huge success and seemed to be enjoyed by all.

The coops have asked the Auxiliary to put on a banquet for them June 25th. and a banquet for the class of '35" will also be given—July 5th.

A miscellaneous wedding shower will be held for Vesta Chihak-Chaye at the Legion Home, Friday the 13th, at 8 p. m. and an invitation is extended to all Auxiliary members.

At our next meeting which will be a Semi-social meeting June 24th, we will have as our guest Cora Hunt of Boyne City who will give a "Better Brush Demonstration."

The next District Convention will be held at Boyne City June 29th, at 1 p. m. This is the final district meeting before the Department Convention and election of officers for the District and Zone will be held. Hilda Bathke of East Jordan will be endorsed for Zone President of the Lower 11th District, so all members that can please try to attend this meeting.

## Foster Boat Co. Canvas Division in New Factory at Ironton

The Foster Boat Company announces removal of its Canvas Division to a new factory location in Ironton, Mich. Formerly operated in the company's Charlevoix plant building, on Ferry Avenue, the Canvas Division has served Northern Michigan from Mackinaw Island to as far south as Traverse City with canvas specialties, including tarpaulins and awnings. The new location, company officials point out, will permit faster and more economical service to communities in this area.

The company employs both men and women in its cutting and sewing operations. It has processed numerous contracts for government agencies including rocket pistol holders for the Air Force, vehicle and tank covers for Army Ordnance, litter covers for Armed Services Medical Procurement Agency, portable water tanks for Army Quartermaster, and air-intake and exhaust covers for tanks produced at the Detroit Arsenal. Employment at various times has reached as high as 65 people.

In addition to its regular line of boat covers and outboard motor covers and carriers, the company will generally engage in the fabrication and repair of all items made of canvas and similar materials.

## A Fish Tale

A good sea monster yarn got deflated in a hurry when conservation department park manager Louis Haney explained to excited visitors here that the peculiar fish-staring off shore was an old, bubbling city well.

One person claimed he saw a fish move a couple hundred feet, while other visitors merely reported the presence of a big fish. Haney hopes this "story" quashes the tale for future park patrons.

## Star 4-H Club News

Star 4-H club held two meetings this week, one was June 2 and the other one was June 5 at 8:30 at Star School House. June 5 meeting, K. C. Festerling attended.

Lawrence Elzinga is manager of our softball team, and Steve Hayden is Captain of the team. Some of the Dairy members are planning to attend the Dairy tour June 9 near Charlevoix.

We are planning a cake walk July 5, 1952 at Star School House. The Vegetable Garden meeting will be held at Arnot's, June 9, at 8:30 p. m. There will be a Veg. Garden Tour, July 7 at Hayden's at 1:30 p. m. Also a canning meeting at Peters, June 10 at 8 p. m.

Michigan labor unions, CIO and AFL, believe they possess the key to more and more social benefits — all magically financed, without direct cost to the workingman, by a tax on profits.

Get control of the Legislature! How is this to be accomplished? It's simple, mister.

Just reapportionment the Legislature, such as the map shows would be done for the State Senate, by putting legislative representation strictly on a basis of population, not population and geographical needs as at present. Petitions are being circulated to place the plan before the voters at the November election.

The Michigan CIO plan, fronted under the name of the "Michigan Committee for Representative Government", would ask Michigan voters in November to approve 33 Senatorial districts for the entire state, all on a strictly population basis.

As the CIO reapportionment map shows, Wayne county (Detroit) would have 12 out of 33 Senators. Oakland county would have two; Flint and Grand Rapids, as cities, would each have one. By electing social-minded legislators to the Senate from a handful of urban counties, labor could dominate the legislative chamber.

Furthermore, the CIO reapportionment plan would give Wayne county (Detroit) probably 36 representatives out of a total of 99. Under the CIO plan, no district could have less than 85 percent nor more than 115 percent of the ratio resulting from dividing the total population by the number of seats. Wayne gets a real break!

The AFL reapportionment plan is being fronted by the "Committee to Enforce Constitutional Reapportionment". Population is again the sole basis for arranging Senate Districts. The present distribution of members of the House of Representatives, according to population, would be continued. Reapportionment of both the House and senate would be taken away from the Legislature and turned over to the Secretary of State.

Under the AFL plan the present "bedsheet ballot" would be continued in Wayne county whereby all Detroit representatives are elected at large. This burden on voter intelligence has led to "name" voting rather than selective judgement of candidates' merits.

Why are these reapportionment plans getting voter attention in 1952?

Here is some factual background information.

When the present state constitution was adopted in 1908, the charter provided that in 1913 and each tenth year thereafter the legislature shall rearrange the senatorial districts and apportion anew the representatives among

the counties. Thus, 1952 becomes a reapportionment year.

Since the beginning of the century Michigan has changed from a rural and agricultural state to an urban and industrial state. Population growth has been 163.2 per cent since 1900. The 1950 census shows that Wayne, Oakland and Genesee counties and the city of Saginaw had one-half of the 6,371,766 people residing in the state.

It is quite apparent that if both the house and senate were to be organized on a strict population basis, these urban centers could theoretically attain a near majority control over state legislation. From the viewpoint of the CIO and AFL labor union leaders, who seek constantly to improve the welfare of their dues-paying members, such control is most desirable.

The governor's office is already sympathetic to the cause of the workingman; Governor Williams constantly pleads the merits of financing public benefits by a tax on corporation profits. If the legislature would be responsive to popular needs, the combination would be perfect, so the argument goes.

It should not be a surprise to the reader of this column, in view of the above facts and the writer's own interpretations, to add that leaders of Michigan business, industry, professions and agriculture are alarmed about the AFL and CIO ballot plans.

These leaders obviously do not want to see control of the legislature go to the big cities.

Under the inspiration of the Michigan Industrial Conference, a group representing business, industry and agriculture, a third reapportionment plan has been advanced. Sponsors operate under the name of the "Michigan Committee for a Balanced Legislature." They also are circulating petitions to amend the constitution.

A "balanced" legislature, under the third plan, would be attained by apportioning the House of Representatives on a population basis, as at present, with what is known as the "moiety" clause retained and clarified.

Senate seats would be increased from 32 to 34. House seats would be increased from 100 to not more than 110. In Detroit where 21 representatives are now elected at large, the supervisors would create districts whereby not less than two nor more than three representatives would be chosen by voters in the district. Results: More intelligent and selective voting by smaller ballots. "Captive minorities" would elect representatives of their own party instead of being snowed under by the preponderant strength of one major party.

The "balanced" reapportionment plan would not upset the present geographical division of members of the Senate, as contrasted to the AFL and CIO plan. It would adopt the federal principle of representation at Washington whereby the House reflects needs of population, while the Senate preserves needs of individual states regardless of their size.

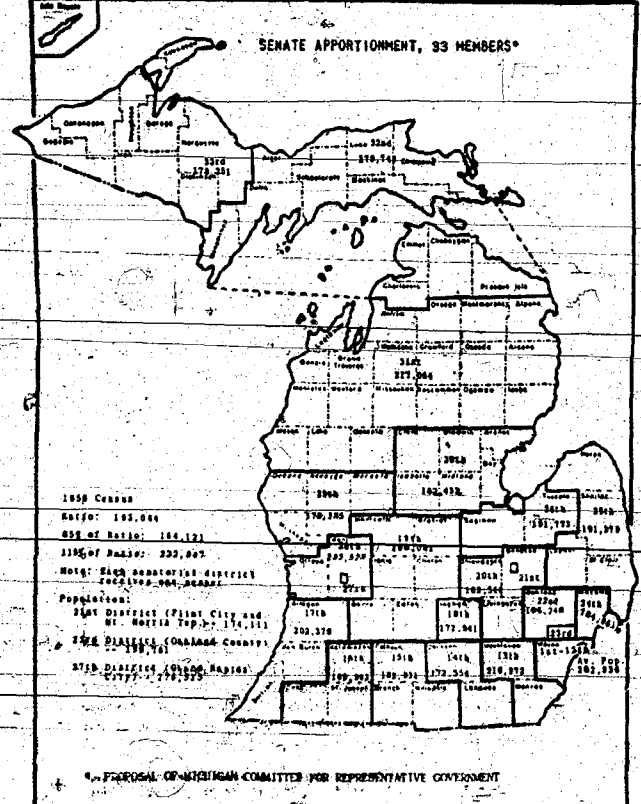

If the three committees are successful in getting their plans on the November ballot, Michigan voters will have a choice of three ways whereby reapportionment of the legislature may be effected in 1952. The voters' decision will be far-reaching.

How the Michigan CIO would get control of the State Senate at Lansing under a reapportionment amendment to the constitution is shown by the above map of Michigan. A handful of urban

counties, by electing a majority of senators, would dominate the chamber. The CIO plan is sponsored by the "Michigan Committee for Representative Government."

### Prisoner Works Two Years and Tunnels 70 Feet to Freedom

BALTIMORE — One of the most sensational escapes in American penal history was carried out successfully recently by Joseph Holmes, a Baltimore Negro serving 20 years for burglary in the Maryland state penitentiary.

During predawn darkness he crawled through a narrow, 70-foot tunnel that took him two years to dig.

Warden Edwin T. Swenson said, "It's the most fantastic escape I've ever heard of." He said it must have taken Holmes at least two years to burrow to freedom.

Swenson gave this version of the break:

Holmes loosened a piece of square slate, about two feet square, and bored through 10 inches of concrete before he reached dirt.

Then he burrowed at a downward angle for 10 feet, then leveled off under the massive stone wall and a dry moat, and then dug 30 feet up.

The tunnel emerged in a grassy plot with only a 7-foot fence between the opening and freedom. It was only a short stroll from there to his mother's home.

Near the middle of the tunnel was a small "room" about 3 feet wide and 6 feet high, formed by fresh water seeping into the small area. The sides were matted with odd pieces of clothing, apparently to prevent a cave-in.

Swenson estimated that Holmes clawed out the tons of dirt with bits of scrap iron, carried the dirt in his clothing back to his cell, then flushed it down the toilet.

Holmes, known as the "dinner-time burglar," was in his 10th year of the 20-year sentence. He had been in and out of prison since he was sixteen.

### Colorful San Francisco Hotel Celebrates Birthday

SAN FRANCISCO, Calif.—The Palace hotel, once the wonder of the western world with 800 rooms and 9,000 cuspidors, recently celebrated its 75th birthday.

Built at a cost of five million dollars in 1875, the famed hotel has a history of its own, as gaudy as the flamboyant era of the Barbary coast which once characterized San Francisco.

The first structure was destroyed in the San Francisco fire. It was rebuilt almost immediately.

The Palace now has 2,000 beds, 200 chefs in its kitchen and the same grand manner which attracted three generations of royalty and debutantes.

### British Jet Spans Atlantic in 4 Hours and 40 Minutes

GANDER, New Foundland—The fastest crossing of the Atlantic in history—4 hours and 40 minutes—was made recently by a British twin-jet bomber. But the bomber's time was slower than the sun.

Strong head winds slowed the bomber which has a speed rated at better than 600 miles an hour. The sun made the swing in 3 1/2 hours—600 miles an hour.

The first jet aircraft ever to fly the Atlantic without refueling, the plane beat the best previous west-east record by 30 minutes. It is a possible addition to the U.S. air force.

The pilot, A. E. Callard, said he flew at an altitude of eight miles or more part of the way and averaged around 530 miles an hour for the first hour and a half. Heavy winds then cut down his speed.

Named the Canberra, the plane is the world's first jet bomber, and will be exhaustively studied by U.S. air force experts as part of the exchange of military information among Britain, the United States, and Canada.

The plane is 65 1/2 feet long and has a wing span of 64 feet. It has a pressurized cabin for high-altitude flight. Its maximum speed and ceiling are military secrets.

### 'Germany's Patrick Henry' Rallies Both East and West

BERLIN, Germany—Germans on both sides—east and west—were stirred recently when Hermann Joseph Flade, 46, defied a Communist death sentence with Patrick Henry sentiments.

"I love my freedom more than my life," young Flade told a Communist court in Russian controlled Dresden.

Flade, a Catholic from Bavaria, was tried as an "enemy of the state" for distributing leaflets last fall urging votes against the Communist controlled "national front" ticket, the only slate permitted in the east zone election. While being arrested Flade knifed a policeman, now back on duty.

Communist faithful packed the courtroom and a public address system carried his words outside the building.

Flade admitted that he handed out anti-Communist pamphlets, asserting that he opposed the Communist system and that he thought his action was part of the democratic system. The chagrined prosecutor flipped off the loud-speakers and the court imposed the death sentence.

### Babson Discusses Savings

The man in the street has done as much this year to stop inflation and stabilize our currency as all the government regulations put together. I wonder if the average American realizes how much he has really helped to curb inflation through restraining his urge to spend and by voluntary saving? He has done a job that ought to make the front pages of every paper in the country. I say this because only through a program of natural, voluntary saving can America keep strong.

### POLITICIANS STEAL THE CREDIT

You can be sure that in this election year the politicians will be taking the credit for what you have done. They will tell you that inflation has been slowed to a standstill by their price and wage controls, their heavy tax program, and their tightening of consumer credit. No one of us is going to be stupid enough to deny that an aspirin or a Seltzer may help a headache. But unless we are very stupid indeed, we realize the aspirin is only a sedative, not a cure. A look at the record since the close of the war shows the politician to be a good hawk of patent cure-alls but a mighty poor diagnostician.

This is the big news in June for those who keep close watch of astronomical affairs, Hazel M. Losh, assistant professor of astronomy at the University of Michigan, reports.

The longest days of the year will be on the calendar around June 21, since the sun will have reached its most northerly point. From that date on, the sun will begin backtracking over the route it has been following since last December when it reached its most southerly point.

Just as in winter when colder weather comes several weeks after the winter solstice in December, the usual weather pattern brings the warmest temperatures in August, Professor Losh explains. This "lag of the seasons"

### THE REAL STORY ABOUT SAVINGS

Through voluntary savings our people more than doubled their 1951 savings over 1950, putting better than \$22 billion into the sock. At the same time, consumer debt held steady for 1951; only 34% of disposable income after taxes, and but 32% of savings. Yet, the same potential to spend was there.

More people are earning more money than in any previous post-war year; incomes are better for 25 million families. They could have gone on a spending spree, but they didn't. My guess is that they didn't because the average man has lost faith in the politician and his panaceas. He is wondering if he can keep afloat if prices go much higher. So he is beginning to put a little money aside for harder times. He is less and less inclined to mortgage his future for a TV set or a new car. People everywhere who have good wages ought to continue to save as much as they can while the going is good.

### HOW IS THE MONEY BEING SAVED?

Bank accounts and saving bonds are still the most popular places to save money. This last year the nation's 529 mutual savings banks reported an all-time high in new savings accounts, with 3 million more accounts. Despite this exceptionally good year for the banks, there is trend away from the banks, and a trend away from buying U. S. Savings Bonds. The number of families that have become interested in mutual investment trusts and other stocks has trebled in the last couple of years, while the number who have put their savings into real estate has increased about 80%.

### South Arm.... (Delayed)

Miss Barbara Ann Lehrbass became the bride of Robert Pearl Saturday afternoon at the Methodist Church with several friends, relatives and neighbors

I hope that small investors who are now buying stocks for the first time will not be disappointed. The high prices at which most popular stocks are now selling are danger signals. The small saver, especially, should know that at only one point in history (1929-30) were stocks selling higher than they are today, and he should remember well what happened then!

### IT'S TIME TO BE CAREFUL

I am not predicting a stock market crash. I am merely warning that the risk factor of buying stocks increases as the prices of stocks advance. This risk is further accentuated by unstable world conditions and the uncertainties of an election year. It, therefore, might be wise to take profits and put them into saving banks and government bonds. This would enable you to set aside a nest egg now so that it will be ready for use when prices drop. Whatever you do, save. The great need for strengthening our national economy today—and for keeping it strong for years to come—is voluntarily enforced savings. Join the parade of savers, today—even though the political outlook appears better.

occurs in the summer because the earth continues to receive more heat during the day than it loses by radiation at night. It takes until late August or early September before the earth begins to cool off.

# The Servicemen's Letter

Hi Fellas:

That yellow Oldsmobile flashed into town again this last weekend and when we saw it we knew Bob Nemecek was in town again. Bob drove up from Louisiana with some buddies from camp in about 21 hours. He has a 2 week fur-rough this time. And no emergency bivouacs either. He says if they send him a telegram to report back at once this time he will blow his top for sure. Bob is working on teletype now. They have converted all their equipment to teletype and instead of punching and reading a key he is pounding typewriter. He describes it as the equivalent of a grown up same as a typewriter key-board except that there are only caps and only three rows of keys. The numbers, etc., are all reached by shifting the same as we do for caps.

Norman Beal is down in Camp Chaffee, Arkansas with Jim Russell and Jim Pollitt. He's there for 16 weeks basic training and so far has not been assigned to a specific branch or told where he is going next. His address is: Pvt Norman D. Beal, Btry B, 95th AFA Bn, 5th Armd Div, Camp Chaffee, Ark. Norm — in case you want to look up the two Jims they are over in Company C of the 81st Med Tank Bn.

Here's another man out in Fort Riley. Pvt Robert Cutler is in the same company as Roger Benson. His address is: Pvt Robert Cutler, Co L, 87th Inf Regt, 10th Inf Division, Fort Riley, Kansas.

There's lots of news from Fort Riley this week. Here's a letter from Darwin Morris. "Well, I suppose you think something has happened to me. But I guess I'm just not a good letter writer. At least I don't get at it. We have been pretty busy the past seven weeks and have one more to go. Then we go to school. Our sixth week we were on bivouac. We haven't had to do much marching but what we have done they have found some nice hills to do it on. We put in pretty long hours most days. I am now accustomed to going to bed about twelve and getting up at four.

We looked up the other E. J. fellows. It is sure nice to all be in the same camp. This has been a long week-end. We had Friday, last night, and today off. Yesterday we received for the stakes test which we have tomorrow. I got my first pass this week-end. It sure seemed good to get out of camp for a few hours.

We get our mail in about two days from home."

Darwin — Rev. DeHaven showed me your letter to him in which you wrote that they were separating you two twins. Didn't they promise you when you went, in that you would stay together? And if they did so, how come they are separating you now. If you don't want to be separated I don't believe they can do it to you. Of course the Army can do anything but if you two really want to stay together I would advise you to get right up on you hind legs and say so. Anyway — we're splitting your paper up this week so that you will each have a copy — just in case.

Roger Bunson wrote his mother this past week that the following men got together out in Riley last week end. There were, besides Roger, the Morris twins, Leo Danforth, Earl Hart, and Dale Lavanway. They had quite a time. Roger wrote further, "We had Friday off, but before we could go anywhere we had to clean our rifles for Saturday inspection. They, because we did so good on our inspection Saturday morning we got the rest of Saturday morning off and all afternoon and night. Monday night we have a night problem which will last until about 12:00. We also start working with the B.A.R. rifle Monday."

Earl Morrison has left Lackland and moved up to Barksdale AFB in Louisiana. His new address is: A/3C Earl Morrison, 16 403 699, Hq, 301st ABG, Barksdale AFB, La. How about dropping me a line, Earl. I haven't heard from you since you went South.

Lawrence Wright has a new address is Lockport, New York. Quite evidently he has at least found quarters for his wife there. That living in a hotel as they were at first must have been pretty expensive. His new address is 14 Lock Street, Lockport, New York.

We have quite a disappointed Nurse among our number. Frances Lenoskey, out in Hamilton AFB, California just found out that she is not getting out in June as she at first supposed. This order covering the period of duty for military personnel does not cover Nurses with her experience at giving anesthesia. Needless to say — Frances is quite disappointed. Guess all of you men overseas are mad at me. I haven't had a word from any of you for over a month now.

Dave Wade is home this week. He has a ten day emergency furlough. His dad underwent a serious operation and Dave got home to give a helping hand around here. The Marines don't seem to be slimming Dave down much. Guess that's not fat but just muscle.

So Long, "Jake" Snyder

## FARM FACTS

from your County Agricultural Agent

Ed. Rebman, Co. Agr'l Agent

At present egg prices, farmers can't afford to pay room and board for loafing hens. So Ed Rebman, county agricultural agent, today advised a culling job to help bolster sagging profits.

Rebman said that bleaching in yellow-skinned hens is a good sign of how long they've been laying — however, it works only for the first six months of laying.

He explained that pigment from yellow corn and green feed ends up in the fat of a young chicken's skin. When laying begins, the pigment goes directly to the yolk. So long as "Biddy" keeps laying, her skin keeps on losing its yellow color until it is completely bleached.

You can estimate how long a bird has been laying by the color pattern, Rebman pointed out. The yellow color leaves the vent seven to ten days after a hen starts laying, the eye ring after two weeks, the earlobes in three weeks, the beak in six weeks, front of the shank in 18 weeks and heel of the shanks in 20 to 24 weeks. The yellow color leaves the backs of the hocks and tops of the toes last.

When laying stops, the color returns to various parts of the hen's skin in the same order in which it bleached — but much faster. If color is coming back, it means that the hen is loafing on the job and you're feeding her with no return.

Check your silo before you start putting in grassilage this summer if you want the material to have high feeding value, advises Ed Rebman, county agricultural agent. He has several suggestions for farmers who plan to use vertical silos. Upright silos need to be in good repair for top-quality silage. Concrete stave or cast-in-place concrete silos need to be resurfaced periodically. This job calls for a cement wash or cement plaster, depending upon the amount of etching in the silo.

Tile silos cannot be resurfaced on the inside, Rebman says, but replacement blocks or door frames are available for many of the tile silos.

If you are thinking of erecting a silo, take a look at the service qualities of various makes of silos in your area. That is a good indicator as to which would be the best investment. Wood plank silos can be erected at much more reasonable cost than concrete stave or tile. They are generally shorter lived, but very serviceable.

Temporary silos made from baled straw, or snow fence and reinforced paper work satisfactorily. Height of temporary silos is usually limited to about 16 feet, Rebman said.

## White Heron Returns After Absence of A Quarter Century

A stately white heron, the American egret, may be returning to Michigan marshes in force after being nearly absent during the first quarter of the century.

In the southern United States, between 1940 and the early 1900's the birds were slaughtered by the thousands for their vivid plumes.

Now protected, they are making a comeback and are a common visitor to Michigan during July, August, and early September.

There also are indications the birds may even be nesting in Michigan. Several recent reports placed the birds in Michigan marshes during May, generally the period of nesting. They recently have been seen at Fish Point of Schewang Bay, at Pte. Mouillee, Monroe county, and on the Shiawassee Flats in Saginaw county.

EAST JORDAN, MICHIGAN, FRIDAY, JUNE 13, 1952

NUMBER 24

## RECREATIONAL PROGRAM NOW IN FULL SWING

### PLAYGROUNDS UNDER WAY UNDER SUPERVISION

East Jordan's summer recreational program got into full swing on Monday of this week with the opening of the playgrounds at the High School and the Tourist Park under the supervision of Mrs. Robert Strehl. The high school playground is supervised Monday through Friday from 9:30 to 11:30 a.m. Playground activities move to the Tourist Park in the afternoon each day from 2:00 to 4:30 p.m.

**Camp Ocoquec**  
Seventeen boys left the high school by bus Monday morning at 9:00 a.m. for a week's stay at Camp Ocoquec on Ocoquec Lake near Rogers City. Over a hundred youths from nearby Pellston, Boyne City, and Petoskey were also in the group.

The following boys made the trip from East Jordan: Billy Malpass, David Lisk, Paul Bowen, George Savory, Dennis Wilson, Jon Wilson, Robert Sherman, Robert Bulow, Gary Cihak, Jerry O'Brien, Glen Kowalski, Jimmie Lillak, Jimmie Galmore, Russell Thomas, Louis Cihak Jr., Mike MacDonald, and James Weisler. They were accompanied by Coach Gayle Saxton and Parker Seiler.

They will return at 5:30 p.m. Saturday. Group 2 will depart from the High School at 9:00 a.m. Monday, June 16th.

### Softball

An organizational softball meeting is being held tonight (Thursday) at 7:00 p.m., with Alex Sinclair as chairman. Howard Somerville, Vale Gee, Stu Atkinson, Richard Dipzinski, and Al Chanda have been asked to attend the meeting and help organize the Rainbow City Softball League. This year's league will more than likely consist of four teams with play getting underway Tuesday evening, June 24th, at the West Side Ball Park. Parker Seiler, local recreational leader will supervise softball play.

**Soap Box Derby**  
East Jordan will again sponsor a Soap Box Derby on the 4th of July. Boys 14 yrs. of age and under are invited to take part. Last year's spectacle highlighted East Jordan's summer recreational program and was won by Jerry O'Brien, who will defend his championship again this year. More than a thousand spectators witnessed the event last summer. Sixteen boys entered cars. Races will be held on the Division Street Hill.

Parker Seiler, East Jordan recreation leader, will handle the arrangements and entry blanks are expected to be out sometime next week.

Regulations for competition are few. A boy must be fourteen years of age or younger and must have the written consent of his parents in order to race. The wheels must be no larger than 12 inches in diameter. Each car must be equipped with a hand brake and possess a front wheel steering mechanism. Applications must be in not later than Saturday, June 28th.

It is hoped that this year's event will draw at least thirty contestants who will compete for valuable prizes. Boys from Boyne City, Charlevoix, and other Northern Michigan communities are invited to participate so as to make this event truly a Northern Michigan championship. For additional information you are asked to contact Parker Seiler of East Jordan.

### Moose on Dummond Island

First moose sighted in the eastern upper peninsula area in some time has been observed on Dummond island by conservation department supervisors Ernest Ruecker and Alex MacLean.

An excellent swimmer, the huge animal may have been on the island for quite a while or recently migrated from nearby St. Joseph or Cockburn, Canadian islands. Retreating before civilization's advances, the giant of the antlered world rarely is observed on the Michigan mainland but is found in numbers in Isle Royal national park in Lake Superior.

## Class of 1902 Enjoy Picnic Dinner

Members of the Class of 1902 of the East Jordan High School held their fiftieth year reunion, Saturday, June 7th. The class of six members included, Blanche Hobler, Emma (Zoulek) Monk, Lela Clink, LaVerne (Crossman) McFarland, Fred Whittington and Burton Nicholas.

Three of the class were absent — Emma Monk, Chicago, Ill.; LaVerne McFarland, Grand Rapids, unable to be present; and Blanche Hobler, deceased.

A picnic dinner was served at the H. P. Porter cottage on Lake Charlevoix Saturday evening. Those present were, Miss Lela Clink, Mr. and Mrs. Fred Whittington of Toledo, Ohio and sister Mrs. Mabel Loucks of Jackson, and their daughter, Mrs. J. S. Olms with three children of Perryburg, Ohio; Burton Nicholas, New Orleans, La., and sister Mrs. Fay Weed of Grand Rapids; and Mr. and Mrs. Howard Porter. The evening was spent visiting, reminiscing and looking over old pictures.

## Blood Donors Wanted

### CHARLEVOIX COUNTY NEEDS 220 DONORS

Wanted: 220 registered blood donors for June 24 and 25.

That is the request that has gone out from the Charlevoix county chapter of the American Red Cross which is cooperating with the Michigan Department of Health in the annual blood procurement program.

The middle bloods unit with its entire staff will be at the high school in East Jordan, June 24 from 3 to 9 p.m. and the following day, Wednesday, June 25, will be at the high school in Charlevoix at the same hours.

The goal for the county has been set at 200 pints.

A part of the blood donated will be sent directly to the armed forces while the remainder will be processed into blood plasma and fractions for use by residents of Charlevoix county.

That blood plasma is a necessity in the treatment of illnesses and injuries today is shown by the amount used by county residents during the past year.

At the Charlevoix hospital alone 65 pints of plasma have been used in the past year while an additional 52 pints have been administered to patients hospitalized at four other hospitals outside the county.

There is no immediate record of whom received the plasma at the Charlevoix hospital but among those receiving plasma in hospitals outside the county were 17 Boyne City residents, 18 Charlevoix residents, six each from East Jordan and Wallow Lake, four from Bever Island and one from Boyne Falls.

Charlevoix county's last blood procurement was held in Boyne City in February 1951 and at that time only 99 pints of blood were collected and a percentage of that was sent to the armed forces.

This should give everyone a true picture of the situation and show the immediate need for blood and blood plasma.

There's no way of telling when someone you know in the armed forces may need a transfusion of whole blood to save his life—so sign up as soon as possible for the clinics in East Jordan and Charlevoix June 24 and 25.

In East Jordan Mrs. Ted Malpass is chairman, in Charlevoix Mrs. Robert Weststaff, in Boyne City, Mrs. H. W. Patrick or Mrs. Don Haig; Mrs. R. G. Bennett of Charlevoix is Charlevoix county blood chairman. To register call LE 6-2545 for East Jordan.

### AN APPRECIATION

The American Legion, Rebec Sweet Post 227, would like to extend their appreciation for cooperation and consideration shown by citizens and individuals who participated in the Memorial Day program.

Jack Isaman, Adjutant

Wife: "It says here that girls swim suits are to be made of spun glass."

## Marriages

### Walden — Murray

Alice Marie Walden and Howard Murray both of East Jordan, exchanged their marriage vows, Saturday June 7th, at 10:00 a.m., at Petoskey.

The bride is the daughter of Mr. and Mrs. Chester Walden and the groom is the son of Mr. and Mrs. Richard Murray of East Jordan.

They were attended by the grooms brother and sister-in-law, Mr. and Mrs. Fred Murray, of Muskegon.

For her wedding, the bride chose an aqua rayon ninon street length dress with white accessories and her corsage was of red roses. The bridesmaid wore a light pink rayon ninon dress with white accessories her corsage was of white carnations.

A wedding dinner for the immediate families was served at the Rowe Inn.

The young couple are on a wedding trip, after which they will make their home in the city. The bride is a member of the graduating class of '48 and is employed doing secretarial work at the Jordan Valley Creamery. The groom is managing an Auto repair garage on the West Side.

### Cihak — Chaye

Mrs. Vesta Cihak of this city and Joseph D. Chaye of Pontiac were united in marriage, Saturday, June 7th at Napoleon, Ohio. They will make their home in Pontiac.

## Immunization Clinic Tuesday, June 17th.

There will be an Immunization Clinic, Tuesday, June 17th at the office of the Community Nurse in the Grade School building. Dr. Litzenger, Director of the Charlevoix County Health Dept. will be in attendance. Hours for the clinic will be 1:30 to 3:00 p.m. Please note there will not be hours in the morning.

## Wm. G. Murphy Former E. J. Resident Dies in Kansas.

Wm. G. Murphy former East Jordan resident passed away at the Veterans hospital at Wadsworth, Kansas, June 3rd, 1952.

He was born in South Arm Township, June 8, 1892, and was a resident of this area until 1934. He served in United States Army in the first world army. He was for many years a member of Rebec-Sweet Post of the American Legion and was at one time commander. He was a member of South Arm Grange.

He was married in 1929 to Pearl Stark Engel at East Jordan. They made their home here until 1934 and then moved to Springfield, Missouri. He engaged in farming for a time, later worked at construction work and for the past eight years has operated a grocery and meat market.

He was a member of the Latter Day Saints Church while in East Jordan and later at Springfield, Mo.

The funeral was held at the Latter Day Saint church in Springfield with interment in the East Side Cemetery.

He is survived by the widow; one son, Wm. Jr.; three step children, Arthur Engel of Texas, Jack of Springfield, Mo., and Arlene, with her soldier husband in Trieste, Italy. Also five brothers Charles and Archie of East Jordan, Kebley of Spokane, Wash.; John of Norton, Kansas; and Irwin of Eugene, Oregon.

## Attention All East Jordan Boosters!

Those men who showed up for the first Clean-up session at the future community center last Monday night report the job is about one-third completed.

A good crew can finish the job in a hurry. Plan now to lend a helping hand next Monday night. Bring crowbars, narrow shovels or heavy brooms. E. J. Boosters will start work at 6:30 p.m. and if you can't be there, send someone to do your work!

The women promise to serve free coffee. Be an East Jordan Booster — Be on the job, Monday night.

2:00-4:30 — Playground Supervision, E. J. Tourista Park.

## Playground Enthusiasm Continues

East Jordan's summer recreation program started June 9, with many eager youngsters ready for activity. Both playgrounds showed enthusiastic participation in last week's events. The playgrounds are supervised daily except Saturdays and Sundays from 9:30-11:30 at the high school playground and at the Tourist's Park from 2:00-4:30.

Wednesday, June 11, a mixed group of boys and girls left the high school playground for a bicycle excursion. The children enjoyed their sack lunches in the out of doors and seeing many new sights of their own beautiful city.

New equipment is being added each week for your youngsters enjoyment. This week a new croquet set, tennis rackets and balls were added to help your child have a better time. Remember the playgrounds are open to you and all your friends.

## Excursion Trip

Monday June 16th will be the first excursion of the season planned for you by East Jordan's recreation program. An excursion to Mackinac Island and a boat ride on the New Vacationland Ferry to St. Ignace will leave East Jordan's high school playground at 10:00 a.m. and return the same evening at 5:30.

All boys and girls between the ages of 9-14 are invited to make the trip.

Please contact Mrs. Mary Malpass or Mrs. Jean Strehl at the playgrounds on Friday for further information. This trip is planned for your summer recreation so let's see you on the bus.

## Girls' Day Camp

The first Girls' Day Camp outing of the season will be a overnight trip to Whiting Park. June 18th and 19th are the dates for this event that all the girls have been waiting for. All girls between the ages of 9 and 14 are eligible to attend this Day Camp Outing.

The bus to Day Camp will leave the high school playground at 2:30 p.m. and return the following day at 11:00 a.m. There will be a fee of \$1.00 to cover the cost of food for this camp outing.

All girls interested please contact Mrs. Mary Malpass or Mrs. Jean Strehl on the playgrounds daily except Saturday and Sunday for further information. Each girl planning to attend must have signed permission from her parents.

Remember girls there is a limit on the number of girls that may attend so let's not be left behind. Activities throughout the camp outing will include craft classes, nature study, trail blazing, cooking, firebuilding, games and group singing.

## Coming Events

Beginning June 22 and running through until the end of the summer program (excepting the scheduled excursion days), there will be supervised swimming lessons. The schedule will be as follows:

Monday 3-4 Beginning girls and boys classes.  
Tuesday 3-4 Advanced girls and boys lessons.

Wednesday 3-4 Beginning girls and boys classes.  
Thursday 3-4 Advanced girls and boys lessons.

Friday 3-4 Free swim.  
On June 22 at 2:00 there will be tests held to determine the class to which the child shall be assigned. If you are interested in learning to swim this summer, try to be there at that time. If enough children are interested, we will try to have a Water Show in July. At that time will be demonstrated the children's various skills acquired during the summer.

## Hundred of Prices Below OPS Ceilings A&P Report Reveals

Hundreds of food items are selling below OPS ceiling prices in A & P Food Stores in this area, it was revealed today.

Byron Jay, A&P sales director for the area, stated that the below-ceiling prices prevail on a wide variety of items, including meat, poultry, dairy products, baby foods, cereals canned fruits, canned vegetables, bakery products, jams and jellies and other groceries.

At the outbreak of hostilities in Korea, A & P pledge all of its resources in the fight to keep food prices down," Jay said. "As a result of our efforts to work harder and do a better job, we have been able to sell many items at less than ceiling prices.

"OPS ceilings represent the highest prices grocers can charge for food. But it has always been A & P's policy to charge the lowest possible prices to consumers based on the cost of food to us."

The food chain executive pointed to typical items and prices currently in effect in the company's stores in this area as examples of the hundreds of below-ceiling prices.

In meats, he cited blade cut of choice grade chuck roast at 79 cents a pound against a ceiling of 90 cents. Other examples of lower than ceiling prices he mentioned were: fryers 49 cents a pound against a 61 cent ceiling; canned whole chicken at \$1.39, ceiling \$1.69; canned salmon 49 cents, ceiling 55 cents; canned peaches 25 cents, ceiling 30 cents; large Grade A eggs 53 cents a dozen, ceiling 75 cents; cherry pie 49 cents, ceiling 62 cents.

Jay stated that not only are hundreds of items selling at less than ceiling prices but many of them are currently selling well below prices prevailing a year ago.

## Increased Phone Rates

### NEW RATE IS FAIRLY SMALL TO USERS

The increase in telephone rates granted the Michigan Bell Telephone Company last week by the Michigan Public Service Commission will amount to less than two cents per day for most residence users here.

The monthly increase in rates for one-party and four-party line subscribers in the local exchange will amount to 25 cents, while the increase on two-party and rural service will be 60 cents.

Under the rate revision order, local calls from pay stations will be 10 cents. It is expected that about 30 days will be required to convert all of the company's dial coin box telephones to 10-cent operation in the outstate area.

One-party and two-party business telephones here will be increased 75 cents a month, and rural business service 50 cents. Private branch exchange trunk lines will be increased \$1.00.

Commenting on the increase in rates granted the company, W. Calvin Paterson, vice president of Michigan Bell, said:

"Not only is the increase inadequate to assure good telephone service in the future, but the delay in getting it has denied the owners of the business a return on their investment that cannot be recovered." Paterson pointed out that less than half the ordered rate increase will remain with the company. More than half of it, he said, will go to the Federal Government in taxes.

Referring to a recent \$7,000,000 wage boost to employees, and an increase in state and Federal taxes 3 1/2 times what they were in 1940, Paterson stated: "The price of most everything else has gone up much oftener and much more than the price of telephone service. Including the increase granted last week, Michigan Bell revenues will have risen only 27 per cent from rate increases since 1940 while the overall cost of living has gone up 89 per cent."

## AN APPRECIATION

## COMMUNITY CENTER COMMITTEE MEETINGS

### HELD MAY 23 AND JUNE 6th.

### FRIDAY, JUNE 6th

The first Work Bee was announced for Monday evening, June 9. The dirt which was placed between the sleepers to permit driving over them is to be removed.

Temporary lighting will be taken care of by Lou Gardner. The lighting will be of such a nature that it will serve to skate by as soon as enough floor is laid to permit the use of the building.

The executive board of the committee was authorized to spend in amounts up to fifty dollars without a vote of the committee. Amounts over fifty dollars will have to be voted on by the committee.

The date-of the drive for funds will be sometime in July.

There seems to be a good deal of enthusiasm for getting the Community Center into operation. Watch for notices of further work bees and come out and help!

### MAY 23, 1952

Glenda Maxwell reported Tag Day receipts of \$77.52. Bill for printed receipt books \$10.52. Maurice Hartung reported that sleepers in Community Center Building were in good condition and suitable for flooring to be nailed to them. Kenneth Diller reported that funds would be raised by an all over drive. The drive is to be opened when the finance committee feels that the time is right for it.

The use to which the Community Center is to be put was thoroughly discussed. The outcome of the discussion seemed to be:

A. — The recreation center is pointed primarily toward teenaged patronage.

B. — There will be set days for roller skating probably three days a week.

C. — The principal program planning work shall be left until the building is usable.

D. — Changes can be made as the need arises.

To settle some unwarranted rumors floating around town, the Community Center Committee wishes to go on record as not being opposed to Senior Class Trips. Sadie M. Liskum, Sec'y

## County Extension Group Concludes Year's Activities

The Charlevoix county Extension group concluded its year's activities with an achievement program and social gathering at the Community Church of God Fellowship hall Thursday evening.

Mrs. Emma Reinbold, district home demonstration agent, greeted the members from throughout the county and their families numbering more than 125 who had gathered for the event.

Ed Rebmam, Charlevoix county agricultural agent, spoke briefly and commended the members on the work accomplished during the current program.

George Johnson, Cheboygan county agricultural agent, who studied in Sweden following World War II, showed movies taken in that country while he was there and gave an interesting commentary on them.

Mrs. William Boss of Ellsworth, program chairman presented an entertaining program which included vocal and piano selections by Jean, Jane and Joan Slough and Lois Boss of Ellsworth, a reading by Mrs. James D. Frost of East Jordan and a play, Glamour on the farm with a cast made up of Mrs. Milton Donaldson of East Jordan, Mrs. Roy Studenmier and Mrs. August Bullman of Ellsworth.

A cake walk and a pot luck lunch concluded the activities. On exhibit were lamps, lamp shades, rugs and other items completed during the year.

The county has 15 clubs with a membership of 400.

## AN APPRECIATION

The American Legion Auxiliary Unit 227, would like to thank the merchants of East Jordan for their fine cooperation on our Poppy Day Program. To our many friends and neighbors, thanks for their purchase of poppies and poppy corsages. We appreciate the grand response shown the Poppy corsages, as they were our own original idea.

Edna Wilkins  
Poppy Chairman

## Legion Auxiliary Meeting Held

The regular business meeting of the American Legion Auxiliary Unit 227, was held June 9th. at the Legion Home, and opened in regular form.

The two banquets given in May for the Bowlers and Teachers were a huge success and seemed to be enjoyed by all.

The coops have asked the Auxiliary to put on a banquet for them June 25th; and a banquet for the class of '35" will also be given July 6th.

A miscellaneous wedding shower will be held for Vesta Cihak-Chaye at the Legion Home, Friday the 13th, at 8 p.m. and an invitation is extended to all Auxiliary members.

At our next meeting which will be a Semi-social meeting June 24th, we will have as our guest Cora Hunt of Boyne City who will give a "Better Brush Demonstration."

The next District Convention will be held at Boyne City June 29th, at 1 p.m. This is the final district meeting before the Department Convention and election of officers for the District and Zone will be held. Hilda Bathke of East Jordan will be endorsed for Zone President of the Lower 11th District, so all members that can please try to attend this meeting.

## Foster Boat Co. Canvas Division in New Factory at Ironton

The Foster Boat Company announces removal of its Canvas Division to a new factory location in Ironton, Mich. Formerly operated in the company's Charlevoix plant building, on Ferry Avenue, the Canvas Division has served Northern Michigan from Mackinac Island to as far south as Traverse City with canvas specialties, including tarpaulins and awnings.

The new location, company officials point out, will permit faster and more economical service to communities in this area.

The company employs both men and women in its cutting and sewing operations. It has processed numerous contracts for government agencies including rocket pistol holders for the Air Force, vehicle and tank covers for Army Ordnance, litter covers for Armed Services Medical Procurement Agency, portable water tanks for Army Quartermaster, and air-intake and exhaust covers for tanks produced at the Detroit Arsenal. Employment at various times has reached as high as 65 people.

In addition to its regular line of boat covers and outboard motor covers and carriers, the company will generally engage in the fabrication and repair of all items made of canvas and similar materials.

## A Fish Tale

A good sea monster yarn got deflated in a hurry when conservation department park manager Louis Haney explained to excited visitors here that the peculiar fish sturing off shore was an old, bubbling city well.

One person claimed he saw a fish move a couple hundred feet, while other visitors merely reported the presence of a big fish. Haney hopes this "story" quashes the tale for future park patrons.

## Star 4-H Club News

Star 4-H club held two meetings this week, one was June 2 and the other one was June 5 at 8:30 at Star School House. June 5 meeting, K. C. Festerling attended.

### Prisoner Works Two Years and Tunnels 70 Feet to Freedom

BALTIMORE — One of the most sensational escapes in American penal history was carried out successfully recently by Joseph Holmes, a Baltimore Negro serving 20 years for burglary in the Maryland state penitentiary.

During predawn darkness he crawled through a narrow, 70-foot tunnel that took him two years to dig.

Warden Edwin T. Swenson said, "It's the most fantastic escape I've ever heard of." He said it must have taken Holmes at least two years to burrow to freedom.

Swenson gave this version of the break: Holmes loosened a piece of square slate, about two feet square, and bored through 10 inches of concrete before he reached dirt.

Then he burrowed at a downward angle for 10 feet, then leveled off under the massive stone wall and a dry moat, and then dug 30 feet up.

The tunnel emerged in a grassy plot with only a 7-foot fence between the opening and freedom. It was only a short stroll from there to his mother's home.

Near the middle of the tunnel was a small "room" about 3 feet wide and 6 feet high, formed by fresh water seeping into the small area. The sides were matted with odd pieces of clothing, apparently to prevent a cave-in.

Swenson estimated that Holmes clawed out the tons of dirt with bits of scrap iron, carried the dirt in his clothing back to his cell, then flushed it down the toilet.

Holmes, known as the "dinner-time burglar," was in his 10th year of the 20-year sentence. He had been in and out of prison since he was sixteen.

### Babson Discusses Savings

The man in the street has done as much this year to stop inflation and stabilize our currency as all the government regulations put together. I wonder if the average American realizes how much he has really helped to curb inflation through restraining his urge to spend and by voluntary saving? He has done a job that ought to make the front pages of every paper in the country. I say this because only through a program of natural, voluntary saving can America keep strong.

### POLITICIANS STEAL THE CREDIT

You can be sure that in this election year the politicians will be taking the credit for what you have done. They will tell you that inflation has been slowed to a standstill by their price and wage controls, their heavy tax program, and their tightening of consumer credit. No one of us is going to be stupid enough to deny that an aspirin or a Seltzer may help a headache. But unless we are very stupid indeed, we realize the aspirin is only a sedative, not a cure. A look at the record since the close of the war shows the politician to be a good "hawk" of patent cure-alls but a mighty poor diagnostician. Sometimes, after awakening from an overdose of drugs, the hang-over which follows is worse than the pain one first endured. As a result, the American people have lost confidence in the politician's patent medicines and have decided to try an old-fashioned remedy—THRIFT. This old-fashioned remedy is producing some phenomenal results. It is actually causing a halt in the inflation epidemic.

### THE REAL STORY ABOUT SAVINGS

Through voluntary savings our people more than doubled their 1951 savings over 1950, putting better than \$22 billion into the sock. At the same time, consumer debt held steady for 1951; only 34% of disposable income after taxes, and but 32% of savings. Yet, the same potential to spend was there.

More people are earning more money than in any previous post-war year; incomes are better for 25 million families. They could have gone on a spending spree, but they didn't. My guess is that they didn't because the average man has lost faith in the politician and his panaceas. He is wondering if he can keep afloat if prices go much higher. So he is beginning to put a little money aside for harder times. He is less and less inclined to mortgage his future for a TV set or a new car. People everywhere who have good wages ought to continue to save as much as they can while the going is good.

### HOW IS THE MONEY BEING SAVED?

Bank accounts and saving bonds are still the most popular places to save money. This last year the nation's 529 mutual savings banks reported an all-time high in new savings accounts, with 3 million more accounts. Despite this exceptionally good year for the banks, there is trend away from the banks, and a trend away from buying U. S. Savings Bonds. The number of families that have become interested in mutual investment trusts and other stocks has tripled in the last couple of years, while the number who have put their savings into real estate has increased about 80%.

I hope that small investors who are now buying stocks for the first time will not be disappointed. The high prices at which most popular stocks are now selling are danger signals. The small saver, especially, should know that at only one point in history (1929-30) were stocks selling higher than they are today, and he should remember well what happened then!

### IT'S TIME TO BE CAREFUL

I am not predicting a stock market crash. I am merely warning that the risk factor of buying stocks advances as the prices of stocks advance. This risk is further accentuated by unstable world conditions and the uncertainties of an election year. It, therefore, might be wise to take profits and put them into saving banks and government bonds. This would enable you to set aside a nest egg now so that it will be ready for use when prices drop. Whatever you do, save. The great need for strengthening our national economy today—and for keeping it strong for years to come—is voluntarily enforced savings. Join the parade of savers, today—even though the political outlook appears better.

### Summers Here Saturday, June 21

### IT WILL ARRIVE ON SATURDAY MORNING

Summer arrives at 6:13 a.m. on Saturday, June 21.

This is the big news in June for those who keep close watch of astronomical affairs, Hazel M. Losh, assistant professor of astronomy at the University of Michigan, reports.

The longest days of the year will be on the calendar around June 21, since the sun will have reached its most northerly point. From that date on, the sun will begin backingtracking over the route it has been following since last December when it reached its most southerly point.

Just as in winter when colder weather comes several weeks after the winter solstice in December, the usual weather pattern brings the warmest temperatures in August, Professor Losh explains. This "lag of the seasons"

occurs in the summer because the earth continues to receive more heat during the day than it loses by radiation at night. It takes until late August or early September before the earth begins to cool off.

The reverse applies during the winter. Then it takes until early March before more heat is received during the day than is lost at night.

Among the planets, Saturn and Mars continue to be main attractions during June, she reports. June also brings the constellation of The Scorpion into view each night around sunset in the southeast sky. As this collection of bright stars appears at the time Orion, which dominates the heavens during the winter months, disappears in the west, Professor Losh recalls the old stories handed down in mythology.

"The Scorpion is supposed to have sprung out of the earth at the command of the goddest, Juno. She had become incensed at the conceit of Orion, the Mighty Hunter, who had boasted that he could conquer any creature on earth," the astronomer says. "The insignificant Scorpion stung the boastful hunter, causing his death, and now, by appearing in the sky, forever teaches the folly of vain boasting."

The Scorpion may be easily picked out, as it consists of a line of bright stars curved like a great fish-hook.

In the heart of the constellation is the bright red star, Antares. While its name means "a rival of Mars," Antares actually has a diameter 75,000 times that of the planet. Only its distance from the earth keeps it from outshining Mars.

Take a look in the southeast after sunset and you'll detect Mars with ease. Then find the big red star nearby. Give thought, too, to the fact that the light from Mars comes to you in four minutes, while light from Antares has been on its way for 250 years, Professor Losh suggests.

### SOUTH ARM...

(Edited by Mrs. Arnold Smith)  
(Delayed)

Miss Barbara Ann Lehrbass became the bride of Robert Pearl Saturday afternoon at the Methodist Church with several friends, relatives and neighbors

present. After the wedding a reception was held at the South Arm Hall. One hundred and one guests were served supper, everyone having a very good time and all they could eat. The couple received many lovely gifts and congratulations; they are spending a week honeymoon in the upper peninsula.

Supper guests at the Arnold Smith home Friday evening were Mr. and Mrs. Kenith King and son Billy of Traverse City and Miss Kathy Smith of Petoskey with two of her former teachers of the Elkhart Business University Mrs. Hildred Long and Mrs. Ruth Dobie who spent the holiday week end at Petoskey.

Mr. and Mrs. Allen Walton called on Mr. and Mrs. Arnold Smith and sons Tuesday evening.

Mr. and Mrs. Herman Freiedle and Mrs. Budnik of Detroit were week end guests of Mr. and Mrs. Ed Lehrbass and family. They were here to attend the wedding of their granddaughter, Barbara Ann Lehrbass.

Mrs. Diehm of Howell, Michigan, is spending a week with her daughter, Mrs. Mike Eaton and family.

Mr. and Mrs. Frank Davis and

Michigan labor unions, CIO and AFL, believe they possess the key to more and more social benefits — all magically financed, without direct cost to the workingman, by a tax on profits.

Get control of the Legislature! How is this to be accomplished? It's simple, mister.

Just reapportion the Legislature, such as the map shows would be done for the State Senate, by putting legislative representation strictly on a basis of population, not population and geographical needs as at present. Petitions are being circulated to place the plan before the voters at the November election.

The Michigan CIO plan, fronted under the name of the "Michigan Committee for Representative Government", would ask Michigan voters in November to approve 33 Senatorial districts for the entire state, all on a strictly population basis.

As the CIO reapportionment map shows, Wayne county (Detroit) would have 12 out of 33 Senators. Oakland county would have two; Flint and Grand Rapids, as cities, would each have one. By electing social-minded legislators to the Senate from a handful of urban counties, labor could dominate the legislative chamber.

Furthermore, the CIO reapportionment plan would give Wayne county (Detroit) probably 36 representatives out of a total of 99. Under the CIO plan, no district could have less than 85 percent nor more than 115 percent of the ratio resulting from dividing the total population by the number of seats. Wayne gets a real seat!

The AFL reapportionment plan is being fronted by the "Committee to Enforce Constitutional Reapportionment". Population is again the sole basis for arranging Senate districts. The present distribution of members of the House of Representatives, according to population, would be continued. Reapportionment of both the House and senate would be taken away from the Legislature and turned over to the Secretary of State.

Under the AFL plan the present "bedsheet ballot" would be continued in Wayne county whereby all Detroit representatives are elected at large. This burden on voter intelligence has led to "name" voting rather than selective judgement of candidates' merits.

Why are these reapportionment plans getting voter attention in 1952?

Here is some factual background information.

When the present state constitution was adopted in 1908, the charter provided that in 1913 and each tenth year thereafter the legislature shall rearrange the senatorial districts and apportion anew the representatives among

the counties. Thus, 1953 becomes a reapportionment year.

Since the beginning of the century Michigan has changed from a rural and agricultural state to an urban and industrial state. Population growth has been 183.2 per cent since 1900. The 1950 census shows that Wayne, Oakland and Genesee counties and the city of Saginaw had one-half of the 6,371,766 people residing in the state.

It is quite apparent that if both the house and senate were to be organized on a strict population basis, these urban centers could theoretically attain a near majority control over state legislation. From the viewpoint of the CIO and AFL labor union leaders, who seek constantly to improve the welfare of their dues-paying members, such control is most desirable.

The governor's office is already sympathetic to the cause of the workingman; Governor Williams constantly pleads the merits of financing public benefits by a tax on coporation profits. If the legislature would be responsive to popular needs, the combination would be perfect, so the argument goes.

It should not be a surprise to the reader of this column, in view of the above facts and the writer's own interpretations, to add that leaders of Michigan business, industry, professions and agriculture are alarmed about the AFL and CIO ballot plans.

These leaders obviously do not want to see control of the legislature go to the big cities.

Under the inspiration of the Michigan Industrial Conference, a group representing business, industry and agriculture, a third reapportionment plan has been advanced. Sponsors operate under the name of the "Michigan Committee for a Balanced Legislature." They also are circulating petitions to amend the constitution.

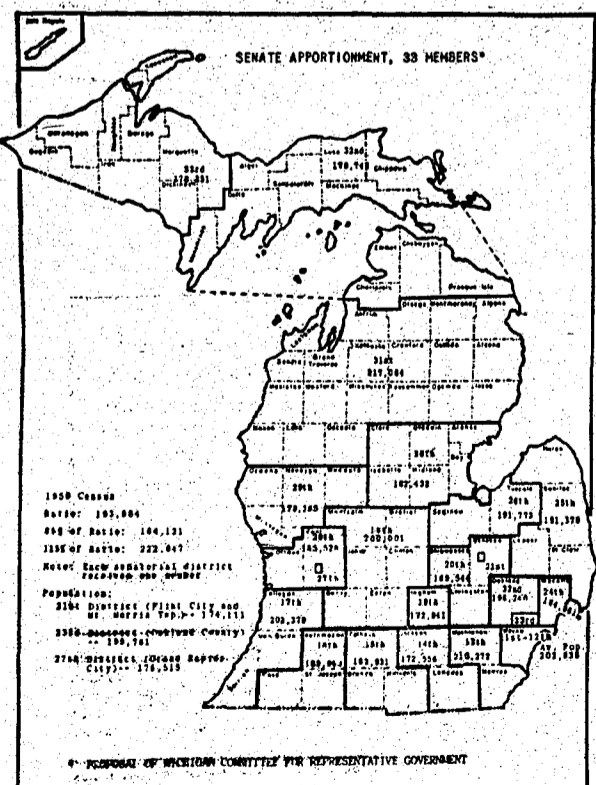

A "balanced" legislature, under the third plan, would be attained by apportioning the House of Representatives on a population basis, as at present, with what is known as the "moiety" clause retained and clarified.

Senate seats would be increased from 32 to 34. House seats would be increased from 100 to not more than 110. In Detroit where 21 representatives are now elected at large, the supervisors would create districts whereby not less than two nor more than three representatives would be chosen by voters in the district. Results: More intelligent and selective voting by smaller ballots. "Captive minorities" would elect representatives of their own party instead of being snowed under by the preponderant strength of one major party.

The "balanced" reapportionment plan would not upset the present geographical division of members of the Senate, as contrasted to the AFL and CIO plan. It would adopt the federal principle of representation at Washington whereby the House reflects needs of population, while the Senate preserves needs of individual states regardless of their size.

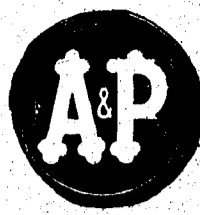

If the three committees are successful in getting their plans on the November ballot, Michigan voters will have a choice of three ways whereby reapportionment of the legislature may be effected in 1953.

The voters' decision will be far-reaching.

How the Michigan CIO would get control of the State Senate at Lansing under a reapportionment amendment to the constitution is shown by the above map of Michigan. A handful of urban

counties, by electing a majority of senators, would dominate the chamber. The CIO plan is sponsored by the "Michigan Committee for Representative Government."

From where I sit... by Joe Marsh

**"Good Neighbor Policy"**

Remember one time when I told about the old loose-stone wall that separated Easy Roberts' property from Handy Peterson's?

That was when they decided they really didn't need the wall between them in the first place—so they simply stopped repairing it.

Now I hear where a fellow, who bought the old Johnson place, wants to buy all those stones. It seems he figures a stone wall is just what's needed on his property.

From where I sit, if that fellow wants to build himself a stone wall, that's his business. But if it's not really serving any useful purpose he may sooner or later discover—just like Handy and Easy did—that he'd be just as well without one. Even some old-fashioned walls of prejudice are disappearing—like those that would deny a person's right to a friendly glass of beer now and then. Most Americans are learning that "walls" can get in the way of the persons inside as well as the persons outside.

## ANNOUNCEMENT

I hereby announce my candidacy for renomination on the Republican ticket for the office of Representative in the State Legislature from the Charlevoix District. My long experience and my assignment to important committees in the Legislature is something that I feel the District cannot afford to lose. I trust that I merit the confidence of the voters of the District in the Republican Primaries on August 5, 1952.

**BASS FISHING TOO GOOD**  
In more than one Michigan lake right now black bass are too willing to take just about anything tossed their way, and many sportsmen are considerably concerned about the situation. While the bass may be caught readily, they must be released inasmuch as the season is closed until June 21st. Yet fishing is permissible in all bass waters right now.

Some mortality is sure to result. It's pretty hard to remove gang hooks from any fish in many instances without inflicting severe injury, and bait fishing may be even worse, for a hook that's swallowed most often be cut away—an operation that frequently proves fatal.

**Bass Now Spawning**  
The fact that Michigan bass are spawning at this writing is the cause for most concern. And it's this same fact that makes the fish so easy to catch. Appetite isn't the big factor in making a black bass strike at anything from a tiny fly to a piece of cloth on a hook these days. They're smashing at an imaginary intruder near their spawning grounds. The male fish is the protector at such times, and he'll haunt the area near the nest until the young are hatched. Even then Papa Bass will often

cruise in wide circles around the school of fry, ready to ward off all enemies.

**Prized Game Fish**  
Probably no inland lake fish is more highly prized than the black bass—both large and small-mouth, so it is little wonder that many people fear the results of the early opening of our lakes to fishing. Few fish put on the spectacular performance of the bass, especially when hooked on light tackle. The plunging surge of a small-mouth, followed by a fine show of aerial acrobatics makes dreams come true for the average fisherman, and the fact that the meat is very tasty adds to the enjoyment of the catch.

**Fletcher Floodwaters Typical**  
Up near Hillman in the Fletcher Floodwaters you'll find a typical example of the situation. Would-be pike fishermen are having a hard time keeping bass off the hook—and with big pike lures many of the fish must be severely injured during the process of release. Fish biologists aren't worried however. They claim there's plenty of seed stock on hand to keep the population at par. But many sportsmen aren't too happy. You can't blame them. Who could be happy about tossing back a 5 pound bass just because the season doesn't open for a few days?

# The Servicemen's Letter

Hi Fellas:

That yellow Oldsmobile flashed into town again this last weekend and when we saw it we knew Bob Nemecek was in town again. Bob drove up from Louisiana with some buddies from camp in about 21 hours. He has a 2 week furlough this time. And no emergency bivouacs either. He says if they send him a telegram to report back at once this time he will blow his top for sure. Bob is working on teletype now. They have converted all their equipment to teletype and instead of punching and reading a key he is pounding typewriter. He describes it as the equivalent of a grown up same as a typewriter key-board except that there are only caps and only three rows of keys. The numbers, etc., are all reached by shifting the same as we do for caps.

Norman Beal is down in Camp Chaffee, Arkansas with Jim Russell and Jim Pollitt. He's there for 16 weeks basic training and so far has not been assigned to a specific branch or told where he is going next. His address is: Pvt Norman D. Beal, Btry B, 95th AFA Bn, 5th Armd Div, Camp Chaffee, Ark. Norm — in case you want to look up the two Jims they are over in Company C of the 81st Med Tank Bn.

Here's another man out in Fort Riley. Pvt Robert Cutler is in the same company as Roger Benson. His address is: Pvt Robert Cutler, Co L, 87th Inf Regt, 10th Inf. Division, Fort Riley, Kansas.

There's lots of news from Fort Riley this week. Here's a letter from Darwin Morris. "Well, I suppose you think something has happened to me. But I guess I'm just not a good letter writer. At least I don't get at it. We have been pretty busy the past seven weeks and have one more to go. Then we go to school. Our sixth week we were on bivouac. We haven't had to do much marching but what we have done they have found some nice hills to do it on. "We put in pretty long hours most days. I am now accustomed to going to bed about twelve and getting up at four. "We looked up the other E. J. fellows. It is sure nice to all be in the same camp. This has been a long week-end. We had Friday, last night, and today off, Yesterday we received for the stakes test which we have tomorrow. I got my first pass this week-end. It sure seemed good to get out of camp for a few hours. "We get our mail in about two days from home."

Darwin. — Rev. DeHaven showed me your letter to him in which you wrote that they were separating you two twins. Didn't they promise you when you went in that you would stay together? And if they did so, how come they are separating you now. If you don't want to be separated I don't believe they can do it to you. Of course the Army can do anything but if you two really want to stay together I would advise you to get right up on you hind legs and say so. Anyway — we're splitting your paper up this week so that you will each have a copy — just in case.

Roger Benson wrote his mother this past week that the following men got together out in Riley last week end. There were, besides Roger, the Morris twins, Leo Danforth, Earl Hart, and Dale Lavanway. They had quite a time. Roger wrote further, "We had Friday off, but before we could go anywhere we had to clean our rifles for Saturday inspection. They, because we did so good on our inspection Saturday morning we got the rest of Saturday morning off and all afternoon and night. Monday night we have a night problem which will last until about 12:00. We also start working with the B.A.R. rifle Monday."

Earl Morrison has left Lackland and moved up to Barksdale AFB in Louisiana. His new address is: A/3C Earl Morrison, 16 403 699, Hg, 301st ABG, Barksdale AFB, La. How about dropping me a line, Earl. I haven't heard from you since you went South.

Lawrence Wright has a new address is Lockport, New York. Quite evidently he has at least found quarters for his wife there. That living in a hotel as they were at first must have been pretty expensive. His new address is 14 Lock Street, Lockport, New York.

We have quite a disappointed Nurse among our number. Frances Lenoskey, out in Hamilton AFB, California just found out that she is not getting out in June as she at first supposed. This order covering the period of duty for military personnel does not cover Nurses with her experience at giving anesthesia. Needless to say — Frances is quite disappointed.

Guess all of you men overseas are mad at me. I haven't had a word from any of you for over a month now.

Dave Wade is home this week. He has a ten day emergency furlough. His dad underwent a serious operation and Dave got home to give a helping hand around here. The Marines don't seem to be slimming Dave down much. Guess that's not fat but just muscle.

So Long, "Jake" Snyder

## FARM FACTS

from your County Agricultural Agent

Ed. Reberman, Co. Agr'l Agent

At present egg prices, farmers can't afford to pay room and board for loafing hens. So Ed Reberman, county agricultural agent, today advised a culling job to help bolster sagging profits.

Reberman said that bleaching in yellow-skinned hens is a good sign of how long they've been laying—however, it works only for the first six months of laying. He explained that pigment from yellow corn and green feed ends up in the fat of a young chicken's skin. When laying begins, the pigment goes directly to the yolk. So long as "Biddy" keeps laying, her skin keeps on losing its yellow color until it is completely bleached.

You can estimate how long a bird has been laying by the color pattern, Reberman pointed out. The yellow color leaves the vent seven to ten days after a hen starts laying, the eye ring after two weeks, the earlobes in three weeks, the beak in six weeks, front of the shank in 18 weeks and heel of the shanks in 20 to 24 weeks. The yellow color leaves the backs of the hocks and tops of the toes last.

When laying stops, the color returns to various parts of the hen's skin in the same order in which it bleached — but much faster. If color is coming back, it means that the hen is loafing on the job and you're feeding her with no return.

Check your silo before you start putting in grass silage this summer if you want the material to have high feeding value, advises Ed Reberman, county agricultural agent. He has several suggestions for farmers who plan to use vertical silos. Upright silos need to be in good repair for top quality silage. Concrete stave or cast-in-place concrete silos need to be resurfaced periodically. This job calls for a cement wash or cement plaster, depending upon the amount of etching in the silo.

Tile silos cannot be resurfaced on the inside, Reberman says, but replacement blocks or door frames are available for many of the tile silos.

If you are thinking of erecting a silo, take a look at the service qualities of various makes of silos in your area. That is a good indicator as to which would be the best investment. Wood plank silos can be erected at much more reasonable cost than concrete stave or tile. They are generally shorter lived, but very serviceable.

Temporary silos made from baled straw, or snow fence and reinforced paper work satisfactorily. Height of temporary silos is usually limited to about 16 feet, Reberman said.

## White Heron Returns After Absence of A Quarter Century

A stately white heron, the American egret, may be returning to Michigan marshes in force after being nearly absent during the first quarter of the century.

In the southern United States, between 1940 and the early 1900's the birds were slaughtered by the thousands for their vivid plumes.

Now protected, they are making a comeback and are a common visitor to Michigan during July, August, and early September.

There also are indications the birds may even be nesting in Michigan. Several recent reports placed the birds in Michigan marshes during May, generally the period of nesting. They recently have been seen at Fish Point of Sebawaing Bay, at Pte. Mouillee, Monroe county, and on the Shiawassee Flats in Saginaw county.
