EAST JORDAN, MICHIGAN, FRIDAY, JULY 18, 1952

NUMBER 29

SUMMER PLAYGROUND ACTIVITIES at HEIGHTH

Hiking Part of Playground Fun

A penny hike that ended with a long walk down the East Side of the lake front, was the highlight of last week's recreation program. Thirty children left the playground at 1:00 and followed the coin from there to the lake front, and then followed the shore line for about a mile through brush and cedar trees. As the children wanted to go swimming, the coin throwing was a trifle stacked, for when the coin decided to go away from the water, the children would toss it until the direction indicated water.

The Beginners Swimming Class have all learned how to float and tread water. Some of the children have also swam the 25 yards necessary to pass the Beginners test. Beginners Cards will be given to those who tread water, 2 to float on the stomach and back, 3. Jump from a dock into water just over the head, 4. and then swim 25 yards.

Croquet and baseball seem to be the most popular sports on the playground. At anytime either one can be seen going on and the children have got quite good in both. One of the variations of croquet played by the children, is to still how fast and few strokes are needed to go through all nine arches. Almost like Miniature Golf. They also play a game they call Poison, which they seem to love for spirits run pretty high while they are trying to get away from the one they call poison.

Square Dances Get Under Way

Last Thursday the first Square Dance of the season was held at the Tourist Park. A large crowd enjoyed the three piece band and the calling of many of the old old favorite square dance numbers and several new ones. Both round and square dance numbers were played. The next square dance will be held July 17, with Mrs. Wilbur Roberson as hostess, and remember these dances are for both the young and the older people of the community. If you just listen to the call anyone can square dance, so remember to "grab your partner, listen to the call, and be ready to Grand Right and Left," next Thursday night.

Playground in Last Week

The East Jordan Playground is now in its last week of operation for the '52 season, and for that last week entertainment a train ride, and a big last day picnic are planned. It's been a wonderful season!

Recreation Program Host of Cycling Girls

On Wednesday the East Jordan Recreation Program was the host to 11 bicycling girls from the Jackson Recreation Program. The girls were met by Parker Seiler, Mrs. Glen Malpass, and Mr. and Mrs. Earl Clark. Overnight sleeping quarters were provided the girls at the Tourist Park and they were fed at the Anchorage. In the evening the girls were taken to the summer home of Mr. and Mrs. Richard Malpass and were guests at a swimming and marshmallow roast held in their honor by girls and boys from here about their same age.

The girls had come from the YWCA in Jackson to Cheboygan by car, and from there had been touring the North by bike. They were chaperoned by Miss Betty Disher the Youth Director of the Jackson YWCA, and Miss Shirley Allen a Dental Hygienist from Jackson. Before arriving here, the girls had been at Petoskey and had been guests at a square dance held there for them. From here the girls were going to Alden and then to Traverse City, where they would be met by truck to be taken back to Jackson. Although they were quite tired from all the pumping up the hills in this area, they were already talking about a Canadian bike trip for next year.

O'Brien Shines in Traverse City Derby

Last Friday the East Jordan Recreation Program sent its two best Soap Box Derby racers and their cars, to compete in the Traverse City Derby. Because of the 200 pounds weigh limit for cart drivers, Gary Bartlett 1952 East Jordan winner, was unable to enter his car. Jerry O'Brien 1951 East Jordan winner, was then the only entry

from here, but more than made up for it by capturing more prizes than any other entry. Jerry's sleek car won first prize, a wrist watch, a duoflex camera and flash unit, and for the best constructed car: first prize, for best appearing car; first prize, for best pair of fish fins and goggles, in the race itself.

In the race itself, East Jordan again had occasion to be proud of its representative for Jerry won the first four heats and was barely nosed out in the final race. This made him second prize winner in the Traverse City race.

Jerry O'Brien feels that he was well awarded for all his efforts, and all East Jordan agrees, we were all represented.

Softball League

In the playoff for the third between Dip's and the Canning Co. last Thursday night, Dip's jumped off to a 3-0 lead in the first inning of play. The Canning Company trailing 4-1 came to bat in the last of the fifth inning and with the help of two hits, five walks, and an error pushed across the plate to take a lead which they held to win. The final score was Canning Company 8, Dip's 5.

In a game Friday night, The Iron Works battled Thorsen's for the championship of the first round. Neither team had yet suffered defeat, so interest was high. Keith Evans doubled home run in the first inning, and Thorsen's took the lead. The crucial blow of the game, however, was a third-inning home run by Howard Summerville with two men on base, giving The Iron Works a lead which they never relinquished. Final score was Iron Works 7, Thorsen's 3 making the Iron Works the undefeated champion of the first round of play.

Final First Round Standings:
Iron Works 7 Runs 6 Hits
Thorsen's 3 Runs 2 Hits
Canning Co. 2 1 .666
Dip's 1 2 .333
Dip's 0 3 .000
Iron Works versus Dip's July 22.
Thorsen's versus Canning Co. July 24.

The Women's Annual Tea

The Women's Association of the Presbyterian Church will hold its Annual Summer Tea in the Summer Cottage of Mrs. Beatrice Sinclair, Thursday afternoon, July 24. The meeting will begin at 2:30 p.m. Devotions will be led by Mrs. Lucile DeHaven. The Guest Speaker this year will be Mrs. George Buttrick of Madison Ave. Presbyterian Church, New York. Mrs. Buttrick accompanied her husband on a World Lecture Tour this past winter, visiting in Japan, Korea, The Philippines, Thailand, India, Egypt, The Near East, Europe and England. With this background and with Mrs. Buttrick's fine and genuine Christian spirit this will be a fine and inspiring meeting. The women of the community are cordially invited.

Announce Engagement

Mrs. Mary Bennett wishes to announce the engagement and approaching marriage of her daughter, Marian, to Bivane Stiles of Berrien Center, Michigan. The wedding will be at the United Brethren Church in Berrien Springs, July 24th, at 3 p.m. Miss Bennett is a graduate of the Berrien Springs High School. She also attended Cass Co. Normal and Western Michigan College. This will be her 3rd year as teacher of the Hathaway School. Mr. Stiles attended the United Missionary Emanuel College in Berrien Springs and served two years in the Army Medical Corp. in World War II.

At present he is employed by the Yale and Towne Co. at Berrien Springs, where the couple will reside.

AN APPRECIATION

I wish to express my most sincere thanks to all the folks who were so kind and thoughtful during my stay in the hospital and since my return. The flowers, gift, calls, and greetings, did much to speed my recovery.
29x1 Mildren Karr
Sometimes the dew in a girl's eyes turns out to be don't.

James H. Palmiter Esteemed Farmer Passes Away

James Howell Palmiter was born Nov. 4, 1897, at East Jordan, and passed away at his home July 13, 1952 at the age of 54 yrs. He passed away sudden from a heart attack, although he had been in ill health for the past three weeks.

He was married to Frances Bareman Aug. 8, 1936, at Boyne City; after their marriage, they spent five years in Detroit and the rest of the time on a farm north and west of East Jordan, where he passed away.

Besides his widow, he leaves six children — Mrs. Bryan Smith, Grand Rapids; Genevieve, Eilen, Alice, Fred and Billy all at home. One grandchild, Bobby Smith of Grand Rapids. Besides a host of other relatives and friends.

Funeral services were held at the Watson Funeral Home, July 15, at 2:30, with Rev. Robert Moore, pastor of the Methodist Church, officiating. Burial at Sunset Hill.

Out of town relatives attending the funeral were — Mr. and Mrs. Bryan Smith and son Bobby of Grand Rapids; Mr. and Mrs. Wm. Montroy, Jr., Darlene Albin, Mrs. Stephan Sedlape, Mrs. Matilda Vandrzh, Mr. and Mrs. John Malone and Mr. and Mrs. Frank Barnadyn, Detroit.

Mrs. Ruth Bancroft Passes Away at Bay City July 4, 1952

Private funeral services for Mrs. Ruth Bancroft of Bay City, Mich. were held Monday, July 7, at 2:00 at the Watson Funeral Home with Rev. Robert Moore officiating. Bearers were, Arthur Brintnall, Robert Scott, Ronald Scott and Bert Scott. Interment was in Jones Cemetery.

Mrs. Bancroft, the daughter of Rhoda and Wellington Baker was born in 1903.

In 1920 she was united in marriage to Irving Bancroft, of South Arm township, who preceded her in death in 1928. To this union were born four children, William, Harold, Helen and Xell, all of whom survive her. Also three brothers, Clarence and Leonard of Batavia, New York, and Elmer (address unknown). Also several aunts, uncles and cousins.

Those from out of town to attend the funeral were, Mr. William Bancroft, of Pontiac; Mr. and Mrs. Baker and daughter Patricia and Mr. Leonard Baker of Batavia, N.Y.; and Mr. and Mrs. Roy Bancroft of Flint.

The third annual 4-H Club meeting was held July 9, at the Wilson Garage Hall.

It was voted that we buy tee shirts with 4-H emblems to wear at the fair also to buy a baseball and bat and some square dance records.

Our food presentation meeting was held at the home of Vera Creamer. On Thursday, July 10th, the lesson was canning rhubarb. Next meeting will be next week on a rainy day.

The outdoor meal meeting was held at Sadie Licks on Sunday, July 13th. All went to Deer Lake swimming then returned to meeting where we roasted weenies and had cool aid.

There will be a cake walk soon.
Reporter, Ruth Cosier

IN MEMORIAM

In Loving Memory of our son and brother, Harold Bates, Jr., who passed away eight years ago July 14, 1944.

Loving and Kind in all of his ways,
Upright and just, to the end of his days,
Sincere and true in heart and mind,
A beautiful Memory, he left behind.
Sadly Missed by his parents,
Mr. and Mrs. Ernest Kopkau
Wanda, Ernest Jr. and Dennis Alvin Bates

The Water Itch

Many inquiries have been received at the District Health office concerning the water itch problem within our area, which includes Charlevoix, Antrim, Emmet and Otago counties; Dr. A. F. Litzemberger, Director of District Department of Health No. 3 said today.

Water itch or swimmer's itch is caused by the penetration of the skin by the larvae of worms that live on muskrats and various types of water birds or fowl. The larvae develop on several species of snails.

When the larvae penetrate the skin an itching sensation develops at this spot. Within 24 hours the spots usually become inflamed and resemble a mosquito or chigger bite. The itching generally becomes more intense and unless the infection is extremely severe, the rash usually disappears within a week.

The infection may usually be avoided by swimming in deep water on infested beaches, and rubbing off well with a towel before they can penetrate.

In highly infested areas, chemical treatment of the beach is practiced. The area should be examined by a person thoroughly familiar and trained in this field and then, if chemical treatment is needed, it should be carried out under his direction.

Requests for service should be addressed to Water Resources Commission, P.O. Box 211, Boyne City, Michigan.

A. F. Litzemberger, M.D., M.P.H., Director
James A. Scott
Chief Sanitarian

Pres. Womens Ass'n Evening's Entertainment

The Presbyterian Women's Association is making plans for an evening of entertainment on August 2nd. The program will consist of Fashions-Old and New — with Harriet Malpass in charge of the "Gay Nineties", Jane Jackson of the "Gibson Girl Era", Mary Glenna Malpass of the "Roaring Twenties", and Alice DeForest and Minnie Des Jardens of the modern times. Frances Benson will be the commentator and there will be organ music, barbershop quartette singing, and tap dancing. Phoebe Watson is planning a display of antiques and items of interest from the various periods. Refreshments will be served afterwards.

Annual W. C. T. U. Day at Bay View

The annual W.C.T.U. day will be held at Bay View, July 24. The State president, Mrs. Bessie Hurd, will preside at all sessions. You are urged to attend.

City Tax Notice

City Taxes for the City of East Jordan for the year 1952 are due and payable at my office in the Municipal Building during the month of July-Aug. without penalty.

G. E. Freiberg,
City Treasurer

AN APPRECIATION

I want to thank all those that sent cards, letters and gifts while I was a patient at Munson Hospital.
29x1 Darlene Bennett

Bids Wanted

The East Jordan Board of Education will receive sealed bids for the Ranney School property, former South Arm Primary District No. 3. This property consists of a plot of ground 13x13 rods and school building. Bids must be in the hands of W. G. Boswell, Sec'y by 7:00 p.m. Monday, August 11.
29-3 W. G. Boswell, Secy.

CARD OF THANKS

We extend to all our relatives, friends and neighbors for the many acts of kindness extended to us during the time of the death of our husband and father, James Palmiter. Especially to Rev. Moore for his words of comfort, pall-bearers, the Jassamine Rebekah Lodge, and all others who helped in any way.
Mrs. Frances Palmiter and Children
Mr. and Mrs. Bryan Smith and Bobby

Michigan Bankers Offer Scholarships For Short Courses

Michigan bankers are offering a total of 240 scholarships of \$100 each for 8-week short courses in agriculture and home economics at Michigan State College.

Robert Dennis, of the MSC department of short courses, said that the boys and girls selected will enroll in the first term, which starts October 27. He also said that further information is available from high school teachers of agriculture and home economics, county extension workers and bankers.

The instructional program for the girls includes work in foods and nutrition, clothing, home furnishings and home management, and consumer buying.

Boys will get a complete course in agricultural, including studies in livestock, dairying, crops, farm management, poultry, soils, horticultural, farm mechanics and others. They also may choose from several elective courses.

Dennis said that both boys and girls will get special courses in rural leadership, family relations, parliamentary procedure and public speaking.

The students will live in the short course dormitory and will eat in the short-course cafeteria.

School Board

Regular meeting of the board of education held at the high school offices on Monday evening July 14, 1952 at 9:00 o'clock. All members present.

Minutes of previous meeting read and approved as read.

Moved and supported that G. Klooster be president of the board. Carried.

Moved and supported that W. G. Boswell be secretary of the board. Carried.

Moved by Porter, supported by Boswell that treasurer's bond be \$10,000.00. Carried.

The following resolution was offered by Porter and supported by Shepard who moved for its adoption.

WHEREAS: there may now be in and may hereafter from time to time come into the hands of Wm. A. Shepard, Treasurer of East Jordan Consolidated School District No. 2, fractional, South Arm Township, Charlevoix County, Michigan, certain monies belonging to or being held for the State, County or other political units of the State, or otherwise according to law, and

WHEREAS: under the laws of Michigan, this board is required to provide by resolution for the deposit of all monies, including tax monies coming into the hands of said treasurer in one or more banks, hereinafter called banks, be designated in such resolution.

NOW THEREFORE BE IT RESOLVED: that the treasurer Wm. A. Shepard is hereby directed to deposit all public monies, including tax monies now in or coming into his hands as treasurer, in the following bank, STATE BANK OF EAST JORDAN.

Moved by Shepard, supported by Boswell that the hot lunch kitchen be moved into the hot lunch room. Carried.

Moved by Porter, supported by Darbee that the bills be allowed and paid. Carried.

Past Matrons, O.E.S., Entertained

The Past Matrons of Mark Chapter, O.E.S. entertained at the home of Mrs. George Bectold Monday evening in honor of Mrs. Ella Clark with Mrs. Ben Smatts as assisting hostess.

Tables were set on the sun porch and decorated with flower corsages for each guest. The serving table was also decorated with cut flowers. Others present included Mesdames William Shepard, Sarah McNeal, Leroy Sherman, E. E. Wade, Mary McKinnon, Mabel Secord, Howard Darbee and Miss Ethel Crowell.

Guest Ministers In The Presbyterian Church

For many years the First Presbyterian Church of East Jordan has brought to this community a group of America's Outstanding ministers as Guest Preachers. This is a distinction of this church and we again present a group this year beginning July 27.

The first of these ministers is a newcomer to the program. A young man who has distinguished himself as an effective pastor in one of the large Detroit Churches. He now serves the Redford Avenue Presbyterian Church which is the third largest of our churches in Detroit. This church has grown under his leadership into a strong city church. Our guest is Dr. Harry Rine DeYoung. Dr. DeYoung is a graduate of Princeton Theological Seminary and is one of our effective ministers. We welcome him to our pulpit, on July 27th.

The second of our guests is Dr. William B. Lampe, pastor of the West Presbyterian Church of St. Louis, Missouri. Dr. Lampe is no stranger to this community having filled this date for many years. Yet he is always welcomed by our community from year to year with genuine love and enthusiasm. Dr. Lampe is a former Moderator of the General Assembly of the Presbyterian Church and has distinguished himself as a great pastor and churchman in his many years as a pastor. He will preach in this pulpit on Aug. 3.

The third Guest Speaker for this year will be Dr. George A. Buttrick, pastor of the Madison Avenue Church, New York City. Dr. Buttrick, too, needs no introduction to this community for he has filled this date for many years. He has distinguished himself as pastor, preacher, author. Added to his long list of distinctive service to his church, he has been chosen this year as "The Clergyman of the Year" for his work in publishing "The Interpreter's Bible" undoubtedly the finest contribution to the study of the Bible of this century. It is without comparison the finest commentary in this field today. Dr. Buttrick will be in our pulpit on August 10.

On August 17th the pulpit will be filled by the regular pastor, Edward O. DeHaven.

On August 24th we welcome another newcomer to our list of guest ministers, Dr. John H. Gardner Jr., Pastor of the First Presbyterian Church of Baltimore, Maryland. Dr. Gardner has been pastor of this old and distinguished church for many years and has brought honor to it. During and since the World War II he has served with great honor on the Chaplains' Committee of General Assembly and also on the Restoration Fund raised by our church for the aid of people and churches in war-torn lands. Dr. Gardner is an able preacher and we are happy to bring him to this community as our Guest minister. The public is cordially invited to all of these services and to our regular worship services each Sunday in our church.

Star 4-H News

Star 4-H had a Cake Walk, July 5 with a good turn-out. We were to have a monthly meeting, July 11 but not many members turned out to the meeting.

Veg. Garden Club had a garden tour at Hayden's, July 7, Mr. K. C. Festerling was present to help the members to know their weeds.

Mrs. Chanda from Peninsula 4-H Club members were guests. Fifteen members were present. Star 4-H Softball team beat South Arm team 7 to 4 Sunday afternoon at the Fair grounds.

Baking I and II are having a meeting July 17 at Healey's at 8:00 p.m.

Food Prep. I, II, III are having their next meeting July 24 at Elzenga's at 8:00 p.m.

Babson Discusses Youths' 1952 Opportunities

Babson Park, Mass., July 4. During the past month nearly every family has had some young member finish school or college and go out into the cold world to work.

FAR FIELDS LOOK GREEN
Some of these have taken jobs away from home. The brighter lights of another city have looked good. They want to be connected with some big corporation which they have seen advertised in national magazines, forgetting that the large ones have their troubles as well as the small ones. Besides, one does not learn as much with a large company. Unfortunately is the young person who thinks his days for study and learning are over because he has "graduated" and has a "diploma."

Young people should also think of the possibility of World War II when selecting a place to settle. This means that the twelve large cities cited by the Government as especially vulnerable should be avoided. These are: New York, Chicago, Philadelphia, Detroit, Los Angeles, Cleveland, Baltimore, St. Louis, Boston, Washington, and San Francisco. Surely, these cities are no places to take a young girl and start to bring up a family. Hence, stay where you now live.

TOADS AND PUDDLES
The real purpose of my little sermon this week is to commend the young who are getting jobs in the community where they were raised — the city or town which has paid for their education — where they have relatives and friends. These graduates are doing the smart thing. The first principle of success is to build upon the foundations already constructed. These foundations for you, my reader, are in East Jordan.

Thousand of young people have asked me, "What chance have I without money or capital?" I immediately reply, "You have as much chance to make friends as anyone; real friends are the best capital you can have." I have 170 people here in my Statistical Organization and we are employing more all the time. When looking up the references of applicants for jobs, I always want to know how many "contacts" they have and the character of these contacts. Other things being equal, the one with the most contacts gets the job. Your best contacts are in your home town or city. Stay where you are. Protect and increase your present contacts. Every one of them is worth \$500 each to you as capital. Better be a big toad in a little puddle, than a little toad in a big puddle!

OPPORTUNITIES FOR GROWTH
Statistics show that the rate of growth of some of the largest cities is already declining. The big increase in population is in the towns and smaller cities. These now offer the real opportunities to wide awake young people. Therefore, get a job in the city where your family now lives. Marry a local boy or girl and raise some good kids. Take an interest in the schools, churches and civic organizations. They all need new blood and new ideas. Remember all the present leaders and big shots will die off someday — be one of their successors. This is the least you can do.

Don't be too fussy about the special business or industry where you are working or are going to work. Statistics show that some families are making a great success of every industry and every kind of a store. This proves there are opportunities in every factory, store and other business in your city if the management is wide awake, honest and aggressive. In fact, with a "sleepy" employer you may have a better opportunity than with some other. If you have any doubts as to who are the "wide awake" ones, apply for a job with those who advertise. This is the best barometer that I know of as to whether a concern is on its toes and headed for growth.

WATCH POPULATION OF YOUR CITY
From 1940 to 1950 the net growth in population of the U.S. was about 19,000,000. If we avoid World War III, there will be a net growth in population between 1950 and 1960 of about 25,000,000. These people, moreover, will be better educated and better physically. Although we may have a temporary slump in business and employment during the next two or three years, sometime before 1960 we should witness great prosperity. This means that this year's graduates have the greatest opportunities of any young people who have ever gone forth into the world of business.

Graze Sudangrass When It Reaches Two Feet in Height

Michigan farmers who have sudangrass pastures coming along for summer grazing should let the grass get two feet high before turning livestock on it, warns Milo B. Tesar, Michigan State College farm crops authority.

Tesar explains that when grazed too short, Sudangrass may be poisonous to cattle and sheep. It also produces less when grazed before it is two feet tall. "If you start grazing it at the right time it is very productive and not poisonous to any class of livestock," he said.

Sudangrass may be grazed continuously after it reaches a height of two feet. Good stands of this grass, seeded early in June, should give about 30 cow days of pasture in July, 45 in August, 30 in Sept., and 10 in October if the season is normal. The high production of the grass in July and August is especially valuable during a dry season, since other pastures may take a seasonal slump at the time time.

Tesar also pointed out that sudangrass can be grazed heavily in September. This gives an answer to the problem pasture period when legume pastures should not be grazed if they are to survive the winter.

"Even though there never has been a proved case of livestock poisoning from sudangrass in Michigan, two precautions should be followed," the farm crops man said. One is to avoid pasturing short plants or tillers before the grass is two feet tall because they may contain enough prussic acid to be poisonous to cattle or sheep. The other is that the short growth produced after a heavy frost may be poisonous.

Coming Sunday! The confessions of Frank Sinatra, Sunday in The New American Weekly distributed with the Chicago Herald-American, the voice talks from the heart to the public about his tempestuous love life and his tiffs with the press. Don't miss "his side" of the story, in The New American Weekly with Your Chicago Herald-American!

AN APPRECIATION
We wish to express our sincere thanks to our many relatives, friends and neighbors for their kindness and help after our fire. — Mr. and Mrs. Delmer Hart 29x1 and Family.

Pacific Manta

Islanders of the Pacific are brave people, but they shudder at the sight of a Manta. The strange ocean giant has broad, flat fins which stretch out from the sides of its body like the wings of a bat. The natives believe that if a man should get near a Manta in the water, the creature would cover him with its wings and devour him.

This really wouldn't happen, says the National Wildlife Federation, for the Pacific Manta is harmless to man. But it is enormous, and sometimes its actions are enough to cause alarm.

© 1951 National Wildlife Federation Pacific Manta

The most terrifying thing it does is to leap into the air and come down on the water with a tremendous crash. When its wide wings strike the surface, it is like a great hand slapping the waves. On a quiet day, the noise can be heard for several miles.

The Pacific Manta also puts on a big show when it is harpooned. The moment it feels a stab, it dives to the bottom and uses all its weight to keep from being captured. Usually it is hauled in only after a long and exciting battle.

If a deep-sea fisherman does manage to conquer a Pacific Manta, he finds that he has a big trophy on his hands. The creature may measure more than 25 feet wide and weigh more than 3,000 pounds. Even a baby Manta is likely to be five or six feet wide.

Between its two wing-like fins, the Manta has a thick body. At one end is a long, slender tail. At the other is its head and mouth. In front of its mouth are two small wings which look like horns. The Manta uses these to scoop all sorts of small fish into its mouth.

It looks for its victims near the surface of the ocean. There, on a sunny day, Pacific Mantas roam alone or in small groups. They move along gracefully, turning their bodies from one side to the other and holding their mouths wide open to catch their prey.

If they are feeling lazy, they bask in the sun. But they are in a hurry, they almost fly through the water, leaping and crashing as they skim over the waves. As they leave the water, a careful observer can see that they are brown on top and lighter underneath. They get darker as they grow older.

Though they are called Pacific Mantas, these members of the ray family are found in many parts of the world. They usually stay in the warm waters of the tropics. They are also known as Devil Rays, Vampire Rays, Sea Bats, and Devilfish.

New Approach Used By Seed Producers For Pollination

A new approach to the problem of getting maximum pollination of alfalfa is being tried by Michigan legume seed producers.

E. C. Martin, Michigan State College entomologist, says that many growers are moving four or five colonies of honey bees per acre into the field soon after bloom is well started. The bees are moved from an apiary at least a mile and a half away so the bees will work the alfalfa to a greater degree in becoming oriented to their surroundings again.

Pollination of alfalfa presents a special problem because the flower must be "tripped" or opened by the pollinating insect before pollination can take place. Although some wild bees such as the leaf-cutter bees and bumble bees are efficient trippers of alfalfa, they are so limited in numbers that they normally only pollinate for a small seed crop.

Honey bees collecting nectar from alfalfa are not very effective in pollination, but honey bees collecting pollen from alfalfa trip the flower fairly satisfactorily.

Since honey bees often prefer to get their pollen from clovers or some other plants, it's important to bring them into the alfalfa field at the right time. That way they work the alfalfa while looking for some of their more desirable blossoms.

Seed growers who plan to bring bees into the fields for the blossom period should make arrangements with beekeepers well in advance of the date on which they will be required, Martin said.

Importance of good pollination lies in the fact that without it, seed production is reduced.

Dub (to Caddie): "Well, what do you think of my game?"
Caddie: "I guess it's all right, but I still like golf better."

Corn May Start Showing Sign of Nitrogen Needs

Some Michigan corn will start showing signs of nitrogen starvation any day now, according to Paul J. Rood, Michigan State College farm crops specialist.

This nitrogen starvation will be shown by firing, starting at the tip of the lower leaves. After the tip turns yellow the brownish symptom of lack of nitrogen moves up the mid-rib of the leaf.

Rood says that corn needs an extra shot of nitrogen right now, unless a green manure crop was plowed down before, or barnyard manure applied at the rate of 12 to 20 loads per acre before this crop of corn.

Experiments by college farm crops researchers have shown that you should side-dress corn with about 200 pounds per acre of sulfate of ammonia or 125 pounds per acre of ammonium nitrate. Either of these rates of application cost about \$8 an acre and should increase corn yields by about 20 bushels per acre on the average.

Nitrogen is the plate food which produces growth and to really grow, Rood says corn needs enough nitrogen immediately. The corn has been cultivated two or three times, weeds are under control and the warm weather makes corn really want to grow, he says, so nitrogen will pay off in profits.

Watching these fellows play reminds me that golf is a lot like taxes—you drive hard to get to the green and then wind up in the hole.

Sea Lamprey

The sea lamprey, which for several years has ravaged fish populations in the Great Lakes and now may be becoming established in some of Michigan's inland lakes, has one of the strangest life histories of living organisms.

Unlike most living things which grow at a rather even rate until maturity the lamprey remains small during most of its life and only during the last portion does it grow to maturity.

The first four years of its six-year life after hatching from an egg are spent buried in silt beds in swamps and along streams, where it feeds on plant life and small organisms. During those four years, the lamprey grows to a length of only four or five inches.

At the end of the fourth year, the lamprey leaves its silt-bed home for the first time and travels downstream to some larger body of water.

Only then does the destructive period of its life begin. The creature attaches itself to a fish and either kills or injures it before moving on to another.

It has been estimated that the lamprey alone has hacked the Great Lakes fishing of lake trout from \$7.5 million business to one of about \$2.5 million. The catch of lake trout has been chopped from a normal 15 million pounds per year to about five million pounds yearly.

The destructive life of the lamprey lasts about a year and a half. During that period, the creature grows from a four-year length of four or five inches to its mature size of about 18 inches.

In the spring of its sixth year, the lamprey moves upstream to spawn. Once its eggs have been laid, the parent simply disintegrates. Sometimes within a matter of 24 hours, the parent lamprey dissolves into the water of the stream, leaving no carcass. Research by the conservation department is continuing on inland lakes.

Homemakers Jottings

Highest quality upholstered furniture has springs that are tied eight ways, Michigan State College home economists report. Fine quality upholstery also has closely interlaced jute webbing as a base for the springs.

Take care to use oven glassware in the oven only. Use over direct heat only glass that is definitely labeled "flameware," warn Michigan State College home economists.

Peas can be shelled shortly before they are to be cooked, but don't allow unshelled peas to stand at room temperature—always refrigerate peas until just before cooking time.

Much of the food value of carrots is directly beneath the skin, so prepare for the table by washing in warm water and scrubbing with a brush, rather than paring, says Michigan State College nutritionists.

Chop left-over parsley into small pieces and dry in your oven. You have the same thing as dehydrated parsley sold in spice cans.

The most important point in fish preparation is to prevent overcooking. When the fish flesh flakes easily from the bone it has reached its most moist, tender stage.

If you want to add a garlic flavor to stew, stick a toothpick through a clove of garlic and add to the stew while it is cooking. Remove before serving—the toothpick will make the clove easily located.

WILSON..... (Edited by Mrs. Shalma Eggersdorf) (Delayed)

Billy and Eddy Thorsen spent their 4th of July holiday in Holland. Mrs. Joseph Bravi and children of Chicago are up spending the summer vacation with her parents, Mr. and Mrs. Henry Eggersdorf. Mr. and Mrs. Albert Walters of Chicago spent the 3 day weekend at their summer home here.

Mrs. Laura Luedke and Mrs. Bertha Luedke, of Chicago, arrived at the home of Mr. and Mrs. Horace Warn where they are spending a week's vacation. Mr. and Mrs. Casimir Machowski returned to Muskegon on Sunday afternoon after enjoying the long week-end with friends and relatives here.

Mr. Joseph Bravi and his mother returned to Chicago on Sunday, after spending a few days here and bringing his family up for the summer.

Rev. and Mrs. Ott of Bridgman, Mich. are spending a week with her parents, Mr. and Mrs. Harry Behling.

Mrs. Nellie Knop entertained her cousin from Detroit for a week.

Edward Henning of Chicago is here doing some repair work on the Walter Kirchner farm which he purchased some months ago. Mr. and Mrs. Rex Ransom and family are spending a few days with his parents, Mr. and Mrs. Jay Ransom.

Mr. and Mrs. Gerald Roberts is visiting his parents, Mr. and Mrs. Julius Roberts Sr. The Roberts families went on a picnic to Whiting Park the 4th of July.

Mr. and Mrs. Alfred Shied of Detroit and Mr. and Mrs. Arthur Heilig and family of Charlevoix were guests of Mr. and Mrs. Carl Kolker and family over the 4th.

Mr. and Mrs. Carl Kolker and family visited Mr. and Mrs. Arthur Heilig Sat. evening. Mr. Carl Kolker returned to Muskegon Sunday afternoon.

Amateur Radio Station WNS-KLY of Muskegon is now temporarily located in Wilson Twp., Chief operator, Raymond Kolker.

Mr. and Mrs. Ralph Kitson, Mr. and Mrs. Levi McPherson of Grand Haven and Mr. and Mrs. Albert McPherson of Boyne City motored to Escanaba Wednesday to visit their brother and family Mr. and Mrs. Roy McPherson.

Mr. and Mrs. Don McPherson came from Grand Haven on Friday to visit Mr. and Mrs. Ralph Kitson.

Mr. and Mrs. Don McPherson and Mr. and Mrs. Levi McPherson left on Sunday for Grand Haven.

Mr. and Mrs. Ralph Kitson and families held a picnic on the 4th of July at Deer Lake.

Mr. and Mrs. Bob Kitson arrived Sunday to spend a few days with his parents, Mr. and Mrs. Ralph Kitson. Bob was married on July 3rd; he is still on crutches.

Mr. and Mrs. Albert McPherson of Boyne City, Mr. and Mrs. Louis Prebble, Mr. and Mrs. Allan Reich and families also Mr. and Mrs. Lewis Kitson were guests of Mr. and Mrs. Ralph Kitson Sunday.

SOUTH ARM..... (Edited by Mrs. Arnold Smith) (Delayed)

Mr. and Mrs. Salusky and friend Jerry of Detroit spent the fourth with the Lehrbass family leaving Saturday.

Mr. and Mrs. Floyd Compton and daughter Judy of Flint spent Sunday and Monday with Mrs. Compton's brother, Mr. John Cutler and family.

Don Cutler spent the week end at home returning to East Lansing Sunday where he is attending summer school.

The boys and girls from the South Arm 4-H Club to attend the state club week at East Lansing last week were Jack and Margaret Zoulek, Joe Smith, Roger Stokes, Russell Hart, and Margaret-Lord. Mrs. Rv. Liskum was one of the leaders to make the trip a very interesting time was enjoyed by all.

Mr. and Mrs. Irving Secord of Grand Rapids with son and daughter called at the Arnold Smith homes the 4th Mrs. Secord was the former Nina Halstead.

Mr. and Mrs. Frank Davis, and son Jack and Marshal Behling and son Mark were Monday dinner guests of Mr. and Mrs. Arnold Smith and sons. Sgt. Jack returns to Camp Sill Oklahoma, Tuesday after a fifteen day furlough.

Mr. and Mrs. Arnold Smith and Mr. and Mrs. Rascoe Smith and Joe and David attended a picnic at Whiting Park the 4th there were forty-one attended. Mr. and Mrs. Ed Lehrbass and three daughters were also present.

Mrs. Barbara Ann Pearsall left Tuesday for Camp Breckinridge, Kentucky where she will join her husband about noon Wednesday.

Mr. and Mrs. Arnold Smith made a trip to Harrisville Sunday to look at some red dane cattle.

Mr. and Mrs. Walter Goebel Sr. and Grandma Goebel of Chicago, Ranleson of Tampa, Florida are spending a week with Mr. and Mrs. Harold Goebel and family.

Mr. and Mrs. Harry Pearsall were Sunday callers of her father, Lonnie Atkins and family. Raymond Atkins is staying with his sister, Mr. and Mrs. Pearsall, helping with the farm work while Harry has his broken hand in a cast.

WEST PENINSULA..... (Edited by Mrs. Wm. Casari) (Delayed)

The Gaunt Reunion was held Sunday at the Whiting Park with a small attendance. There were only 46 present. We hope next year there will be a larger attendance.

The Advance Board of Commerce will meet Aug. 12 in the evening at the Town Hall with Mr. and Mrs. Clifton Heller as host and hostess.

Mr. and Mrs. Clyde Simmerman of South Bend, Ind., spent Saturday and Sunday in this neighborhood also attended the Gaunt Reunion.

Mr. and Mrs. Willet Simmerman and son and wife and two children spent a few days at the Wm. Gaunt home also attending the reunion. Mr. and Mrs. Willet Simmerman spent several days of last week in the Upper Peninsula at his brother Sams home.

Mr. and Mrs. Ralph Gaunt Sr and children drove up from Fruitport Saturday and spent Saturday evening with their cousin Mrs. Lena Weaver. They also called at the Myers and Gaunt attended the Gaunt Reunion at Whiting Park.

Mr. and Mrs. Mason Street and granddaughter with Mr. and Mrs. Jesse Holman and two children all of Muskegon drove into the Wm. Gaunt home early Sunday morning on their way home, as they had been taking a few days driving down through Penn. and N. Y. then up to Canada. They were up in Northern Canada admiring the rocks and things. They returned to Muskegon after taking breakfast with the Gaunts.

Mr. and Mrs. Tiny Worjen and daughter Carolyn with a girl friend drove to Petoskey from Jackson Thursday looking after some business over there. They returned home again Sunday.

Mrs. Francis Crowell accompanied with her sister-in-law, Mrs. Cinda Brooks of Boyne City and Mrs. Ada Davis drove to Maine leaving last Thursday.

Mr. and Mrs. Albert Staley of Charlevoix were Saturday evening callers at the Wm. Gaunt Sr. home.

Harry Laisley with three daughters and a granddaughter are spending sometime with their sister-in-law and family, Mr. and Mrs. E. H. Phillips. They are from South Bend, Penn.

Mr. and Mrs. Wayne Spencer and daughter, Sandra of Huntington, W. Va. left Friday after spending a week at the Rustan Cabins.

Mr. David Barr and son of Pittsburgh, Pa., and Mr. Charles Fashing and son of Amherst, Ohio, spent a few days at the Rustan doing some fishing and looking over this country.

Mr. and Mrs. Jim Scripser and children and Mr. and Mrs. Frank Scripser and children of Dansville and Webberville spent over the week end in one of the Rustan Cabins.

Mr. and Mrs. Jim Scripser and children and Mr. and Mrs. Frank Scripser and children of Dansville and Webberville spent over the week end in one of the Rustan Cabins.

Mr. and Mrs. Jim Scripser and children and Mr. and Mrs. Frank Scripser and children of Dansville and Webberville spent over the week end in one of the Rustan Cabins.

The said grantee before entering upon any street, highway, alley or other public place for the purpose of erecting and constructing any poles, mains, wires, pipes, conduits or other apparatus, shall in writing notify the Board of County Road Commissioners of Charlevoix County, or the Superintendent of said Board, or other proper authority, of the proposed construction, and obtain approval thereof, and shall, if the said Board so requires, file with it a sufficient plan and specification showing the nature and extent of the proposed erection and construction.

No street, highway, alley or public place shall be allowed to remain encumbered by the construction work of the said grantee for a longer period than shall be necessary to execute the said work, and the Board of County Road Commissioners of Charlevoix County shall determine the question of such necessity, and the grantee shall at all times conform to all ordinances to the Township now or here after in force relative to the fencing and lighting of obstructions and excavations.

The grantee shall save the Township harmless from any judgment that may be recovered against the Township by reason of the wrong-doing or negligence of said grantee in the erection and maintenance of said poles, mains, and other apparatus or construction.

F.—The grantee shall make due provision upon forty-eight hours notice in writing by raising its wires or otherwise, for the passage of any barn, building or other structure on or over any street, highway or public place occupied by the mains, wires, poles and apparatus of said grantee.

Section 3 This grant shall take effect, if said grantee shall within thirty days from the date of the passage of this ordinance, file with the Township Clerk its written acceptance of the terms of same, and upon the confirmation of this grant by the affirmative vote of a majority of electors of said Township, voting thereon at the special election to be held on the 5th day of August, 1952, as provided for by the Statutes and state Constitution.

If not confirmed by the electors voting at said election, this ordinance shall be null and void.

Section 4. This Franchise and Ordinance shall be and remain in force for thirty (30) years from and after the date of its confirmation by the electors of South Arm Township, Charlevoix County, Michigan.

Section 5. Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place or any portion thereof, neither shall anything herein be construed in any manner as a surrender by the Township of South Arm of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever; now as in any manner limiting the right of the said Township of South Arm to regulate the use of any street, avenue, highway, alley or public place within its jurisdiction.

Dated this 20th day of June, 1952.

Lawrence Addis Clerk

PROBATE ORDER Appointment of Administrator State of Michigan, The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 30th day of June, 1952.

Present: Honorable Floyd A. Supp, Judge of Probate.

In the Matter of the Estate of Nettie Chalmers, Deceased.

in a period of four years," he said in a talk at the Second Annual Michigan Broiler Day program at Michigan State College.

Despite some losses to growers in the early spring when the record supply of broilers tumbled prices, Pierce said, anticipated production this year will range up to a million more meat chickens than were grown in 1951.

"While the meat chicken industry has made outstanding advances, yet its market is not by any means saturated on a yearly basis," he said.

"Our population is increasing at the rate of two and one-half million people a year. These additional eaters alone, at the present rate of consumption, should provide markets for 37-1/2 million pounds of chicken. This would call for an increase in production of more than ten million chickens a year."

FRANK SINATRA'S CONFESSIONS PUBLISHED

"The Voice" holds no punches as he reveals his own story of his surprising divorce from Nancy and his exciting romance with Ava Gardner, in this Sunday's (July 20) issue of The American Weekly. Begin Frank Sinatra's dramatic two-part series, "Frankie Speaking", in The American Weekly exclusively with The Detroit Sunday Times.

CHICKEN CONSUMPTION Doubled in 4 Years, Says Poultry Expert

Americans are eating more than twice as much chicken as they did four years ago, said a poultry specialist for a national food chain.

Howard C. Pierce, director of poultry research for A & P Food Stores, cited the production of 791,000,000 commercially grown meat chickens in 1951, two and one-half times the country's 1948 production.

"I know of no other segment of the food industry that has more than doubled its production

NOTICE OF ELECTION TO VOTE ON FRANCHISE

NOTICE IS HEREBY GIVEN to the qualified electors of South Arm Township, Charlevoix County, Michigan, that at a special election to be held at the Township Hall in said Township, on the 5th day of August, 1952, said electors will vote on the question of the confirmation of the granting of a franchise to Northern Michigan Electric Cooperative, Inc., its successors and assigns, for the purpose of constructing, maintaining and using electric lines on, along and across the public highways, streets, alleys, bridges and other public places, and to transact a local business in the Township of South Arm, Charlevoix County, Michigan. The polls will be open from seven o'clock in the forenoon to eight o'clock in the afternoon of said day.

This Notice is given pursuant to law, by order of the Township Board.

Dated: June 20th, 1952. Lawrence Addis Township Clerk

TOWNSHIP OF SOUTH ARM CHARLEVOIX COUNTY, MICH. GRANTED TO NORTHERN MICHIGAN ELECTRIC COOPERATIVE, INC. June 20th, 1952

The Township of South Arm Ordains:

Section 1. Permission is hereby granted to Northern Michigan Electric Cooperative, Inc., a Michigan Corporation, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the Township of South Arm, Charlevoix County, Michigan, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission and distribution of electricity, and to transact a local business within said Township, subject, however, to all conditions and restrictions hereinafter contained.

Section 2. The conditions of the foregoing grant are as follows:

A.—The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation.

B.—The Board of County Road Commissioners of Charlevoix County, or other proper authority, may in their discretion grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under their supervision.

Motion was made by Rebec, and supported by Malpass, that after re-wiring is completed, the rates at the Tourist Park be increased from \$3.50 to \$5.00 per week. Carried all ayes.

Thelma M. Hegerberg City Clerk

Store Wheat Now To Boost Profit

This looks like a good year to store your wheat and sell later. Clarence Prentice, Michigan State College agricultural economist, says that flooding markets at harvest time and marketing wheat while moisture content is too high are costly to farmers.

Every year since 1938-'39 the market price of wheat has advanced to above the support program sometime following harvest, Prentice points out. The seasonal low price usually has been at harvest time.

The problem of low prices at harvest time is apt to be worse this year because the largest wheat crop in Michigan's history will be harvested this summer.

Due to the lack of adequate commercial storage, a larger portion of the wheat crop will be stored on farms. For successful storage, the grain bin must be in good condition before filling with wheat or other grain. It should be tight, rat-and-mouse-proof, clean and disinfected properly prior to use.

Wheat also should be stored containing less than 14 percent moisture. Growers should wait until the grain is dry before combining. Wheat containing 14 percent moisture or more just won't keep in Michigan, Prentice says. It spoils and becomes "sick wheat."

Too much "sick wheat" moved to market from farmers' grain bins last winter at discounts as high as 50 cents a bushel.

The best after-dinner speaker is the fellow who says: "Waiter, bring me the check."

HOMEMAKERS PLAN MEETING AT MSC JULY 22 TO 25

Finishing touches are being put on plans for the 25th annual Homemakers' Conference at Michigan State College, July 22 to 25. Mrs. Leona MacLeod, state home demonstration leader, said the final program has been set for the silver-anniversary conference that is expected to attract 1,500 Michigan women to the East Lansing campus.

Margaret Hickey, associate editor of Ladies' Home Journal, and John Strohm, associate editor of Country Gentleman, will be featured speakers on the agenda. Mr. Strohm, who has traveled in 65 countries, will show colored, uncensored movies he took in Russia during his talk entitled, "A Stronger America. Dr. Tennyson Guyer who has been called Ohio's Eddie Guac, will also give a talk, Mrs. MacLeod said.

Morning classes will be selected from a list of 20 that includes such subjects as recreation for the home, effective speaking, beautifying home grounds, photography, reading, music and gardening. Afternoon sections will be conducted on the Bible, geography in the news, safety, personality of a good leader and important developments in the United Nations. The classes will be taught by members of the Michigan State College faculty.

Mrs. MacLeod said that registration is still open for women who want to attend the conference. She urged any Michigan woman—whether she belongs to a home demonstration group or not—to get in touch with the county extension office to make reservations.

Farm Jottings

Be careful in using 2,4-D around farm ponds that are stocked with fish, warn extension specialists at Michigan State College. The carriers in which the chemical is dissolved sometimes will kill fish.

When cultivating vegetables, it's best not to go deeper than one and a half inches.

Good pasture, properly managed, will lower the amount of protein supplement consumed by hogs as much as 50 percent, according to Michigan State College animal husbandry specialists.

It's important to get rid of weeds before mulch is applied in strawberries.

A good knowledge of sheep is essential to making a success of a sheep enterprise, say MSC extension livestock specialists.

It pays to clean up feedlots and other places where cattle can get at small pieces of metal. Many cattle are killed after swallowing bits of metal.

U.S. Needs Civil Defense

TEN BASIC SERVICES FORM CORE OF HOME FRONT PROTECTION

(This is the ninth of a series of articles on civil defense, based on the booklet "This Is Civil Defense" prepared by the Federal Civil Defense Administration. It may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents.)

By MILLARD CALDWELL Federal Civil Defense Administrator

The Federal Civil Defense Administration, for the sake of national uniformity, has set up these ten basic services: Warden, Fire, Police, Health, Welfare, Engineering, Rescue, Communications, Transportation, and Staff. You can imagine what a gigantic task it will be to man these various services. Some 15,000,000 volunteers are needed for this purpose.

The backbone of civil defense is the warden service. It is the source of neighborhood defense leadership before, during, and after an enemy attack. The warden's job is to help save lives and property. Before an emergency, his main duty is to help people prepare; during an emergency, he conducts people to safety; after the emergency, he helps restore order.

Wardens must be volunteers, well known and respected in the community, whose leadership will be accepted by their neighbors and fellow workers. As a general rule, each warden post will be responsible for a residential block or factory area where about 500 people live or work. Several wardens may be assigned to such a post.

They will teach people how to protect themselves, instruct them in civil defense regulations, distribute civil defense information, keep lists of the people in their charge, and gather information about buildings and equipment in their neighborhoods.

Their records will include the home address, age, and physical condition of all persons in their charge. They also should know which people need special care and how to get in touch with their relatives and friends.

Other Important Duties Wardens have other important duties too. If a warning sounded, they would conduct workers or the occupants of buildings to shelter areas. They would have the responsibility of helping to prevent panic among the population, rendering first aid, and performing light rescue duties. If needed, they would help other services to fight fires and clear debris.

They also would help restore the orderly life of the community immediately after an enemy attack. They would take a roll call of all people in their areas. If anyone were missing, or needed nursing or medical care, they would report the facts at once to the control center.

The warden service works directly with individuals, families, neighborhoods, and employee groups. It is the link between the specialized civil defense service and the people.

Women Have Important Role Women must play an important part in the warden service. This is especially true of housewives, for most women are at their home posts day and night. Usually they know their own neighborhoods better than men can ever know them. Women should interest themselves in the warden service as a condition of all persons in their charge. They also should know which people need special care and how to get in touch with their relatives and friends.

Outstanding men and women who can assume responsibility are urged to volunteer for the warden service. (The next article will discuss other civil defense services.)

PREPARE YOUTH TO MEET GOD

TEACH YOUTH CHRISTIANITY IN THE HOME

No home can be strong without God and religious influences to guide the lives and shape the characters of its members. When children grow up strengthened and sustained by faith in God and by right living, they become the job of their families and strength of the state.

The little home pictured above, nestling in the hills of a great countryside, is one of the most typical things in America. From homes like this, scattered throughout the land, have come the moral strength and inspiration to build the greatest nation on earth.

Man's rise from primitive conditions to a high state of civilization has been coincident with the development of his family and the growth of his religious concepts. His noblest traits, his finest impulses, his fundamental skills and his most salutary habits have come from homes that were activated by religious faith. Teach children christianity in the home.

The Servicemen's Letter

Hi Fellas:
Does anyone have any information about Marvin Frank? His paper was returned today from Lake Charles AFB, Louisiana marked Unclaimed. His last old address was Randolph Field, Texas. If anyone has a new address for him please forward it to me.

We presume that Dick Misner is back on duty this week at Mitchell AFB in New York. He was home on a 10 day furlough and was supposed to report back to the Hdqs Sqdn CANAC this week.

A new man on our list this week is Bob Graham. He enlisted in the armor about July 10th and is now in Camp Chaffee, Arkansas starting his basic. I've been informed that Dick Somerville enlisted along with Bob but do not have an address for Dick as yet. Bob's address is: Pvt Robert C. Graham, RA 16 417 451, Co D, 80 Hvy Tk Bn, 5th Armored Division, Camp Chaffee, Ark. Bob — if you get a little lonesome and have some time to spend you can find Normal Beal over in Btry B of the 95th AFA Bn — Jim Pollitt is in Co. C, 81st Med Tk Bn, and Jim Russell is in that same company with Jim Pollitt. I hope you men can get together and have some fun.

Do any of you men know Claude McGeorge? I do not have him on my list — possibly because he lived most of his life in Boyne City. Anyway — here is an article about him from the Army Home Town News Center at Kansas City, Missouri: "With the 2nd Infantry Div in Korea — Put Claude C. McGeorge of East Jordan, Mich., as serving with the 2nd Infantry Division in Korea. The division was one of the first to fight in Korea and gained fame last fall by its conquest of 'Heartbreak' and 'Bloody' ridges. Pvt McGeorge is serving as a rifleman with his unit in the division."

If anyone knows Claude's address and believes that he would like to receive this paper, send me his address and I'll see that he gets it.

We have two cancellations this week. There was a card in my mail from Danold Danforth who has been in basic in Fort Riley, Kansas. This card gave instructions to withhold mailing of all further copies of the paper until a new address was forthcoming. Do you suppose he is following the path of the other men who finished up at Riley — Virginia Hills and then Fort Devens?

Ed Drapeaux had told me to cancel the paper for Ed temporarily as he was moving. They don't know as yet to where he'll probably have that for you next week.

CONGRATULATIONS — to Ralph (Johnny) Scott over in Germany and to his wife here in the states. She presented him (in his absence) with a new baby this last week. We can all imagine that Johnny can hardly wait until next January comes when he will be home again and with his family.

The last anyone heard from Joe Hammond was that he was in the Mediterranean — at Naples. I sure would like a letter from you — Joe.

We've finally come too and discovered that Glen Persons is over in the Mediterranean area somewhere and switched his name over to the Air Mail List.

Incidentally — Joe is on the

USS Aucilla and Glenn is on the USS Botetourt in case any of you other men over there happen to see those ships.

A new man around Norfolk this summer is Jim Nachazel. He's there on duty with his N.R.O.T.C. unit for the summer months. His address is James W. Nachazel, Midn, USNR, NROTC, 2nd Regiment, 1st Bn, 1st Co, Naval Amphib Base, Little Creek, Norfolk, Virginia. Let's see — Bud Cummins is still aboard the US Minos at Little Creek. Do you men know each other?

Well, that's sort of short — but I guess I had all the news last week.

So Long, "Jake" Snyder

"Your shade trees may need water during dry spells this summer," says Ed Rebman, county agricultural agent. He has some suggestions for watering them.

He says that if you water your shade trees too often it may make the soils so wet they keep air from the roots. This is harmful. The amount of watering a plant should receive will depend upon the amount of moisture present in the soil. If the soil appears to be dry, water should be applied over the root areas with a slow stream. The watering should extend over a long enough period of time to thoroughly moisten the soil to the depth that the roots extend.

A period of 10 days to 2 weeks should then lapse before watering may be necessary again, the county agent says. He adds that Bill Love, extension forestry specialist at Michigan State College, suggests using a crowbar, soil auger or similar tool to punch holes 6 to 8 inches to help move the water and air to the roots of large trees. These holes should be made at about 2 foot intervals throughout the area under the spread of the branches.

"Around newly-transplanted trees and shrubs the soil should be lightly cultivated with a hoe to keep down weed growth and conserve moisture by preventing drying and cracking of the soil. A light mulch of decomposed saw dust or straw about 2 inches deep will aid greatly in keeping the soil moist and cool," the county agent says.

Feed Chicks In Shade Guest Ministers In the

To keep poultry eating and gaining, Michigan State College poultrymen advise farmers to put feeders in a shady spot.

Good, weatherproof feeders will encourage proper feeding, reduce waste and help prevent contamination. Possibly even more important than shade for feeders at this time of year is the water supply. Plenty of fresh, clean water also should be made available in a shady location, the poultry specialists urge.

1952 Model

Only two days old when snapped by the conservation department photographer, this fawn stands none too securely as it tests wobbly legs. Fawn dropping periods have passed a peak, however a few does will give birth to fawns during July and an occasional fawn will show up as late as September. Thick forest vegetation aids animal concealment.

At Our Tourist Park

The telephone recently was changed over to the dial system, and as this is a pay phone the number does not appear in the telephone book, but in case you care to call the park the number is — LEnox 6-9211.

Little Billy O'Connor, one of our youngest guests in the park is celebrating his birthday this week Wednesday, July 16th. He is now a two year old.

Five families have checked out this past week, they are Mr. and Mrs. Barney Noorman and two sons of Grand Rapids; Mr. and Mrs. Milton Surdam and family of Grandville; Mr. and Mrs. Paul Witte of Grand Rapids; Mr. and Mrs. Frank Robinson and three children of Belding and Mr. and Mrs. Edward Filer of Flint to spend awhile at Elk Rapids.

Those who have enjoyed the park or are still enjoying it this week are the Bernard Taskers of Bellevue, Mich.; the Jerry Steinforts of Calendonja; Mr. and Mrs. H. Brower and family, and Mr. and Mrs. Wm. Selvius and family, all of Grand Rapids and Mr. and Mrs. James Winons and family of Flint, Mich.

Mr. and Mrs. Leo Adams and family have returned to Davison on business for a week, also Mr. and Mrs. Alfred Pierson and Mr. and Mrs. Eugene Shangle of Sparta for the same reason.

Clyde Hipp who has been the caretaker in the park so far this year is not serving in that capacity now, Mr. and Mrs. Robinson are carrying on temporarily, and will try to serve the public as best they can until new caretakers take over.

The Usher trailer was brought into the park last Saturday, and Sunday morning it was occupied by the Misses Janet and Joan Usher, Beth Ulrich and Carol Fahling, all of Sparta, Janet, Joan and Beth are formerly of Petoskey.

Mr. and Mrs. Edward Voss of Ypsilanti drove into the park one day this week to see what the old place looked like as they were in as tenants several years ago when the Merediths were quite new on the job as caretakers. They had just returned from the west coast, and have their trailer parked at Petoskey taking in some of the Centennial.

We were happy to entertain a fine group of girls and their sponsors over night Wednesday. Eleven members of the Y-teen Club of the Y.W.C.A. and their Teen Age director, Miss Betty Deshler and her room mate Miss Shirley Allen rode into the park on their bikes single file. Their trip started from Jackson where they left by train, shipping the bicycles with them. To Cheboygan, from there they rode to Mackinaw City, and crossed over to the Island, from Mackinaw City they pedaled their way to Cross Village, there it began to rain, thirty-two miles that day they rode in the rain to Petoskey. The weather wasn't enough, but they had a flat tire, which was really ruined, and also a broken axle to boot. They left Petoskey Wednesday morning arriving in East Jordan in the late afternoon (they liked the pavement between the two cities to a roller coaster) after preparing their night quarters (Rec. building) and refreshing themselves, they again left on their wheels to find a place to eat, and later were taken out to the Richard Malpass cottage, where a group of young folks gathered for an informal evening, marshmallows and pop were enjoyed around a camp fire. Next morning preparations were made and they took off for Rapid City, then on to Traverse City where a truck was waiting to take them to their homes in Jackson. Their only casualty so far was a skinned knee. Our park and our city are always glad to welcome such nice well-mannered and fine moral young folks to visit us, and we do hope they will plan to come again.

The community dances have again started in the Rec. building. The first one was held this week Thursday and will continue every Thursday through the summer. The crowd wasn't as large as last year, but the first night is never so large, but will get bigger, as time goes on. Due to the high water it has made parking difficult, but we will all try to cooperate and do the best we can. The same orchestra composed of Mrs. Acitelli at the piano, Clarence Carney with his fiddle and John Malpass on the drums along with Carl Bergman as caller furnish the music for dancing. Betty Robertson, Mary Malpass and Parker Seiler are on hand as chaperones.

Again Mr. Barber came through the park on Wednesday with the spray truck, and sprayed all over with D.D.T.

The Klooster families got together in the dining hall on Friday Eve., for dinner, those present were 88 year old Mrs. Kate Klooster, Mrs. Maggie Klooster, Mr. and Mrs. Jake Klooster and

daughter-in-law Betty, all of Ellsworth, Mr. and Mrs. Clifford Vander Ark, and sons Corwin, and Jimmy from Everett, Wash., and Mr. and Mrs. George Klooster and children Kay, Carol and Ronald, Mrs. Vander Ark is a sister of George Klooster.

Pete Hammond with the city truck brought several loads of fill dirt in Friday and is trying to make the yard between the Rec. building and caretakers cabin more passable.

The reason the flag hasn't been up for a few days is because the rope broke and the pole had to be lowered and a new rope attached. We missed Old Glory flying at the entrance for a few days.

Mr. and Mrs. Joseph Trudell and three daughters former tenants in the park spent Friday evening with the Robinsons before leaving for their home in Detroit Saturday.

The Raymond family left our park on Saturday for Peach Lake then on to Bay City State Park. Another family to leave for home Saturday was Mr. and Mrs. Denno and family and her parents who returned to their homes in Saginaw. Vacation ended for the Cull family too of Flint who have been tenting for a few days here.

Well, when this column was in the making it looked like the park had no permanent caretaker but now it seems that we have as Mr. and Mrs. Otto Rhinehart plan to take over the duties this Tuesday, July 15th. They are local people and are well known in the city, and we wish them luck in their new job.

Mr. and Mrs. Glenn Wheeler and children Glenda Lou and Dickey of Mt. Morris arrived Saturday Eve. to spend a week tenting in the park, and visiting Mrs. Wheeler's brother and sister-in-law, Mr. and Mrs. Jess Robinson.

Harvey Pangborn of Midland spent the week-end with his family, their daughter and son-in-law, Mr. and Mrs. Arthur Sytek and daughter Alana of Flint were also up for the week-end.

A large family gathering took place during the afternoon and evening when the following families got together for a co-operative dinner and supper, Mrs. Lola Buthree of Portland, Ore.; Charlie Smith of Roseburg, Ore.; Mr. Bert Smith of White Salmon, Wash. Mr. and Mrs. Dan Sinclair and children, Steve and Jana of Lansing, Mr. and Mrs. Jack Coward and daughter Jony of Chicago, Mr. and Mrs. Marvin Rubling and children of Mt. Pleasant, Mr. and Mrs. Robert Johnstone, Mr. and Mrs. John Peebles and children, Mr. and Mrs. Ken Peebles, Mrs. Addie Peebles, Mrs. Anna Johnstone, Mr. and Mrs. Klon Johnstone and Karen and Bobbie, Miss Pauline Reibel, Wm. Smith, all of Ellsworth, Mr. and Mrs. Walter Kemp, Mr. and Mrs. J. M. Ingalls and son Ira, and Mrs. Alex Sinclair, all of East Jordan. Mr. Sinclair being hospitalized was unable to attend.

Mr. and Mrs. Alfred Pierson returned from Sparta to their trailer Sunday to spend more vacation in the park.

Mr. and Mrs. Millard Wagner pulled out real early Monday morning for Traverse City to get all set for the Tin Can Tourist Convention opening there soon. Mr. Wagner is one of the board directors. They plan to return to our park in a month, when the convention is over.

We had two un-ordinary sights Sunday, in the forenoon a beautiful yacht glided in near our beach and anchored, and the 'crew' took a dip, they must have really enjoyed it as they paid us a nice long visit, then in the evening the blimp was seen floating around overhead.

Mr. and Mrs. Cassimer Richard are entertaining the latter's sister Mrs. Nora Thompson of Flint for an indefinite visit. Mr. Thompson's son-in-law and daughter, Mr. and Mrs. Hugh Jack and little friend Jerry Richmond, and the Richard's nephew, Mr. and Mrs. Gordon Stephens and two sons all of Flint spent the week-end with them.

A gathering in the form of a picnic was held Monday evening in the dining room when the Sunday School classes of the Pentecostal Faith Church taught by Mrs. Myrtle Hart, Mrs. Beatrice McWatters and Mrs. Nina Kiser took place, about 30 attended. Three more trailers arrived this week Monday, Mr. and Mrs. Kenneth Lemon and daughter Ruby of Grand Rapids, Mr. and Mrs. Austin Lemon of Grand Rapids, Mr. and Mrs. Austin Ptasioville and Mr. and Mrs. James Garier of Silverwood, Mich.

Another group of boys, 18 in number and three sponsors arrived in the park Monday afternoon. This group was from the Fairwood boy's camp on Torch Lake, the ground being so cold and damp we housed them all over in the recreation bldg. Tuesday was not a very good day for canoeing as

the wind was too strong so they spent part of the day with us. Marshall Koontz and son Calles came Saturday from Detroit and returned home Monday, taking his family, but they left their trailer, so we know they will be returning.

Several of the park folks have been busy picking berries the last few days.

Mr. George King and son of Sparta are spending a few days in the park. This brings the total of nine families from Sparta who come to visit and spend time at our park.

This week we have twenty trailers and two tents in the park. Mr. and Mrs. Austin Lemon who the vacationing in the park are celebrating their golden wedding anniversary this week Thursday, July 17th. Mr. Lemon has been very ill since their last vacation here. We are all glad he is back with us again. The park and all their friends wish to congratulate them, and wish them many more happy years together.

(Delayed)

postponement, but he also did some fancy stepping around himself, to the tune of 'Hokey-pokey'.

The Hawley — Livingston reunion was held Sunday with a picnic dinner around the out door table. Those attending were Mrs. Ida Laughery of Baltimore, Md., Mrs. Ruth Cook, and Mrs. Grace Murry of Tawas City, Mr. and Mrs. James Laughery and family, and Alvin Borst of Alba, Wm. Borst Jr. of Tustin, and Mrs. Leo Norton and daughter Judy of Gaylord.

Mr. and Mrs. Lloyd C. Stewart and son Denny spent the holiday day week-end with their parents at Ludington and Carrs, Mich.

Donald Raymond came Thursday Eve. from his home in Midland to be with his wife and children who are vacationing in the park, he returned to his work Sunday.

Mr. Carl Koch and Clifford Walker spent part of the week at their homes near Hart.

Mr. and Mrs. Denzil Wilson and their family were entertained in the park with a family gathering and picnic dinner on the dining room porch Sunday afternoon. Besides Mr. and Mrs. Denzil Wilson there were Mr. and Mrs. Wm. Drenth and three children of Grand Rapids, Mr. and Mrs. Milton Richardson and three children of Norwood, Miss Ruth Wilson, and Beverly Young and daughter of Grand Rapids, and Mr. and Mrs. Ed Wilson and two children of the park.

Saturday the class of '35 held their first re-union in the Rec. building, write-up appears elsewhere in this paper.

Mr. and Mrs. John Carter of Ferndale left Thursday for Traverse City to attend the T.C. Convention which will be held there this month.

Ed Wilson had the misfortune to sprain his ankle one day last week while at work, he jumped to avoid being hit when a tree fell, and twisted his ankle so that he has had to hobble around these days part of the time on crutches. The work on the laundry room is progressing, won't be long before the blocks are all laid, and ready for the roof.

Mr. and Mrs. Robert Wildfong and two children of Mancelona spent Sunday with the former's brother-in-law and sister, Mr. and Mrs. Marshall Koontz and family.

Mrs. James Meredith spent part of the day of the 4th in the park, meeting friends and re-newing acquaintances she joined a pot-luck dinner with a few of the old timers. We were all so glad to have her with us.

Recent guests at the Pangborn trailer home were Mr. and Mrs. Frank Mathers of Boyne City, Mr. and Mrs. Frank Wales of Charlevoix (formerly of East Jordan) and Mr. and Mrs. Clayton Pinney and family. Janet Pangborn returned to spend a few days with the Pinneys, other guests were Mr. and Mrs. Arthur Sytek and daughter, Alanna Gail of Flint, Mrs. Sytek is a daughter of the Pangborns.

Homemakers' Corner

Home Economics Specialist Michigan State College

POINTS GIVEN FOR BUYING GLASSWARE

Whether it is every-day drinking glasses or fine crystal goblets you are thinking about buying, it is well to know the abc's of glassware, contends Geithel Winakor, of the Michigan State College textiles, clothing and related arts department.

There are three kinds of glassware, in general, and Miss Winakor describes the outstanding qualities of each. The majority of glass on the market is lime glass that is tough and low in cost. Probably 80 to 90 percent of the glass manufactured is lime glass used not only for table ware, but

also for windows, structural glass and mirrors. Lime glass is formed and shaped by a machine, Miss Winakor said.

Heat-resistant glass is another type, and includes the oven and flame ware. Boron compounds compose the chief chemical element of heat resistant ware. Miss Winakor cautioned homemakers to use oven ware in the oven only—flameware is the only safe glass to use oven direct heat.

Lead or flint glass is the most costly and beautiful. It contains red oxide of lead and if that element makes up as much as 25

per cent of the chemical composition the glass is called crystal. Lead glass is often handblown. An extremely brilliant, clean kind of glass, it can be easily cut and so lends itself to fine engraving. However, lead glass also scratches more easily than lime glass, and should be handled with care.

While lead glass is the most beautiful, it is the least durable. Miss Winakor advised homemakers to buy heat treated lime glass for every-day use.

Big shots are usually small shots who kept on shooting.

EAST JORDAN, MICHIGAN, FRIDAY, JULY 18, 1952

NUMBER 29

SUMMER PLAYGROUND ACTIVITIES at HEIGHTH

Hiking Part of Playground Fun

A penny hike that ended with a long walk down the East Side of the lake front, was the highlight of last week's recreation program. Thirty children left the playground at 1:00 and followed the coin from there to the lake front, and then followed the shore line for about a mile through brush and Cedar trees. As the children wanted to go swimming, the coin throwing was a trifle stacked, for when the coin decided to go away from the water, the children would toss it until the direction indicated water.

The Beginners Swimming Class have all learned how to float and tread water. Some of the children have also swam the 25 yards necessary to pass the Beginners test. Beginners Cards will be given to those who 1. tread water, 2. float on the stomach and back, 3. Jump from a dock into water just over the head, 4. and then swim 25 yards.

Croquet and baseball seem to be the most popular sports on the playground. At anytime either one can be seen going on and the children have got quite good in both. One of the variations of croquet played by the children, is to still how fast and few strokes are needed to go through all nine arches. Almost like miniature Golf. They also play a game they call Poison, which they seem to love for spirits run pretty high while they are trying to get away from the one they call poison.

Square Dances Get Under Way

Last Thursday the first Square Dance of the season was held at the Tourist Park. A large crowd enjoyed the three piece band and the calling of many of the old and favorite square dance numbers and several new ones. Both round and square dance numbers were played. The next square dance will be held July 17, with Mrs. Wilbur Roberson as hostess, and remember these dances are for both the young and the older people of the community. If you just listen to the call anyone can square dance, so remember to "grab your partner, listen to the call, and be ready to Grand Right and Left," next Thursday night.

Playground in Last Week

The East Jordan Playground is now in its last week of operation for the '52 season, and for that last week's entertainment a train ride, and a big last day picnic are planned. It's been a wonderful season!

Recreation Program Host of Cycling Girls

On Wednesday the East Jordan Recreation Program was the host to 11 bicycling girls from the Jackson Recreation Program. The girls were met by Parker Seiler, Mrs. Glen Malpass, and Mr. and Mrs. Earl Clark. Overnight sleeping quarters were provided the girls at the Tourist Park and they were fed at the Anchorage. In the evening the girls were taken to the summer home of Mr. and Mrs. Richard Malpass and were guests at a swimming and marshmallow roast held in their honor by girls and boys from here about their same age.

The girls had come from the YWCA in Jackson to Cheboygan by car, and from there had been touring the North by bike. They were chaperoned by Miss Betty Disher the Youth Director of the Jackson YWCA, and Miss Shirley Allen a Dental Hygienist from Jackson. Before arriving here, the girls had been at Potoskey and had been guests at a square dance held there for them. From here the girls were going to Alden and then to Traverse City, where they would be met by truck to be taken back to Jackson. Although they were quite tired from all the pumping up the hills in this area, they were already talking about a Canadian bike trip for next year.

O'Brien Shines in Traverse City Derby

Last Friday the East Jordan Recreation Program sent its two best Soap Box Derby racers and their cars, to compete in the Traverse City Derby. Because of the 200 pounds weigh limit for cart drivers, Gary Bartlett 1952 East Jordan winner, was unable to enter his car.

Jerry O'Brien 1951 East Jordan winner, was then the only entry

from here, but more than made up for it by capturing more prizes than any other entry. Jerry's sleek car won first prize, a wrist watch, a duoflex camera and flash unit, and for the best constructed car: first prize, for best appearing entry, and second prize, a pair of fish fins and goggles, in the race itself.

In the race itself, East Jordan again had occasion to be proud of its representative for Jerry won the first four heats and was barely nosed, out in the final race. This made him second prize winner in the Traverse City race.

Jerry O'Brien feels that he was well awarded for all his efforts, and all East Jordan agrees, we were all represented.

Softball League

In the playoff for the third between Dip's and the Canning Co. last Thursday night, Dip's jumped off to a 3-0 lead in the first inning of play. The Canning Company trailing 4-1 came to bat in the last of the fifth inning and with the help of two hits, five walks, and an error pushed across the plate to take a lead which they held to win. The final score was Canning Company 8, Dip's 5.

In a game Friday night, The Iron Works battled Thorsen's for the championship of the first round. Neither team had yet suffered defeat, so interest was high. Keith Evans doubled home arun in the first inning, and Thorsen's took the lead. The crucial blow of the game, however, was a third inning home run by Howard Summerville with two men on base, giving The Iron Works a lead which they never relinquished.

Final score was Iron Works 7, Thorsen's 3 making the Iron Works the undefeated champion of the first round of play.

Iron Works 7 Runs 8 Hits
Thorsen's 3 Runs 2 Hits

Final First Round Standings:

Iron Works	3	0	1.000
Thorsen's	2	1	.666
Canning Co.	1	2	.333
Dip's	0	3	.000

Iron Works versus Dip's — July 22.
Thorsen's versus Canning Co. July 24.

The Women's Annual Tea

The Women's Association of the Presbyterian Church will hold its Annual Summer Tea in the Summer Cottage of Mrs. Beatrice Sinclair, Thursday afternoon, July 24. The meeting will begin at 2:30 p.m. Devotions will be led by Mrs. Lucile DeHaven. The Guest Speaker this year will be Mrs. George Buttrick of Madison Ave. Presbyterian Church, New York. Mrs. Buttrick accompanied her husband on a World Lecture Tour this past winter, visiting in Japan, Korea, The Philippines, Thailand, India, Egypt, The Near East, Europe and England. With this background and with Mrs. Buttrick's fine and genuine Christian spirit this will be a fine and inspiring meeting. The women of the community are cordially invited.

Announce Engagement

Mrs. Mary Bennett wishes to announce the engagement and approaching marriage of her daughter, Marian, to Bivane Stiles of Berrien Center, Michigan. The wedding will be at the United Brethren Church in Berrien Center, Michigan, on Sunday, July 24th, at 3 p.m.

Miss Bennett is a graduate of the Berrien Springs High School. She also attended Cass Co. Normal and Western Michigan College. This will be her 3rd year as teacher of the Hathaway School. Mr. Stiles attended the United Missionary Emanuel College in Berrien Springs and served two years in the Army Medical Corp. in World War II.

At present he is employed by the Yale and Towne Co. at Berrien Springs, where the couple will reside.

AN APPRECIATION

I wish to express my most sincere thanks to all the folks who were so kind and thoughtful during my stay in the hospital and since my return. The flowers, gift, calls, and greetings, did much to speed my recovery.

Mildred Karr

Sometimes the dew in a girl's eyes turns out to be don't.

James H. Palmiter Esteemed Farmer Passes Away

James Howell Palmiter was born Nov. 4, 1897, at East Jordan, and passed away at his home July 13, 1952 at the age of 54 yrs. He passed away sudden from a heart attack, although he had been in ill health for the past three weeks.

He was married to Frances Bareman Aug. 8, 1936, at Boyne City; after their marriage, they spent five years in Detroit and the rest of the time on a farm north and west of East Jordan, where he passed away.

Besides his widow, he leaves six children — Mrs. Bryan Smith, Grand Rapids; Genevieve, Ellen, Alice, Fred and Billy all at home. One grandchild, Bobby Smith of Grand Rapids. Besides a host of other relatives and friends.

Funeral services were held at the Watson Funeral Home, July 15, at 2:30, with Rev. Robert Moore, pastor of the Methodist Church, officiating. Burial at Sunset Hill.

Out of town relatives attending the funeral were — Mr. and Mrs. Bryan Smith and son Bobby of Grand Rapids; Mr. and Mrs. Wm. Montroy, Jr., Darlene Albin, Mrs. Stephan Sedlader, Mrs. Matilda Vandrzeh, Mr. and Mrs. John Malone and Mr. and Mrs. Frank Barnadyn, Detroit.

Mrs. Ruth Bancroft Passes Away at Bay City July 4, 1952

Private funeral services for Mrs. Ruth Bancroft of Bay City, Mich. were held Monday, July 7, at 2:00 at the Watson Funeral Home with Rev. Robert Moore officiating. Bearers were Arthur Brintnall, Robert Scott, Ronald Scott and Bert Scott. Interment was in Jones Cemetery.

Mrs. Bancroft, the daughter of Rhoda and Wellington Baker was born in 1903.

In 1920 she was united in marriage to Irving Bancroft, of South Arm township, who preceded her in death in 1928. To this union were born four children, William, Harold, Helen and Xell, all of whom survive her. Also three brothers, Clarence and Leonard of Batavia, New York, and Elmer (address unknown). Also several aunts, uncles and cousins.

Those from out of town to attend the funeral were, Mr. William Bancroft, of Pontiac; Mr. and Mrs. Baker and daughter Patricia and Mr. Leonard Baker of Batavia, N.Y.; and Mr. and Mrs. Roy Bancroft of Flint.

4-H CLUB Achievements
Wilson 4-H Club

The third annual 4-H Club meeting was held July 9, at the Wilson Grange Hall.

It was voted that we buy tee shirts with 4-H emblems to wear at the fair also to buy a baseball and bat and some square dance records.

Our food Presentation meeting was held at the home of Vera Creamer. On Thursday, July 10th, the lesson was canning rhubarb. Next meeting will be next week on a rainy day.

The outdoor meal meeting was held at Sadie Licks on Sunday, July 13th. All went to Deer Lake swimming then returned to meeting where we roasted weenies and had cool aid.

There will be a cake walk soon.

Reporter, Ruth Cosier

IN MEMORIAM

In Loving Memory of our son and brother, Harold Bates, Jr., who passed away eight years ago July 14, 1944.

Loving and Kind in all of his ways,
Upright and just, to the end of his days,
Sincere and true in heart and mind,
A beautiful Memory, he left behind.

Sadly Missed by his parents, Mr. and Mrs. Ernest Kopkau Wanda, Ernest Jr. and Dennis Alvin Bates Wilda Croff

29-1

The Water Itch

Many inquiries have been received at the District Health office concerning the water itch problem within our area, which includes Charlevoix, Antrim, Emmet and Otsego counties, Dr. A. F. Litzbenburger, Director of District Department of Health No. 3 said today.

Water itch or swimmer's itch is caused by the penetration of the skin by the larvae of worms that live on muskrats and various species of water birds or fowl. The larvae develop on several species of snails.

When the larvae penetrate the skin an itching sensation develops at this spot. Within 24 hours the spots usually become inflamed and resemble a mosquito or chigger bite. The itching generally becomes more intense and unless the infection is extremely severe, the rash usually disappears within a week.

The infection may usually be avoided by swimming in deep water on infested beaches, and rubbing off well with a towel before they can penetrate.

In highly infested areas, chemical treatment of the beach is practiced. The area should be examined by a person thoroughly familiar and trained in this field and then, if chemical treatment is needed, it should be carried out under his direction.

Requests for service should be addressed to Water Resources Commission, P.O. Box 211, Boyne City, Michigan.

A. F. Litzbenburger, M.D., M.P.H., Director
James A. Scott
Chief Sanitarian

Pres. Womens Ass'n Evening's Entertainment

The Presbyterian Women's Association is making plans for an evening of entertainment on August 2nd. The program will consist of Fashions-Old and New — with Harriet Malpass in charge of the "Gay Nineties", Jane Jackson of the "Gilded Age", and Glenna Malpass of the "Roaring Twenties", and Alice DeForest and Minnie Des Jardens of the modern times. Frances Benson will be the commentator and there will be organ music, barbershop quartette singing, and tap dancing. Phoebe Watson is planning a display of antiques and items of interest from the various periods. Refreshments will be served afterwards.

Annual W. C. T. U. Day at Bay View

The annual W.C.T.U. day will be held at Bay View, July 24. The State president, Mrs. Bessie Hurd, will preside at all sessions. You are urged to attend.

City Tax Notice

City Taxes for the City of East Jordan for the year 1952 are due and payable at my office in the Municipal Building during the month of July-Aug. without penalty.

G. E. Freiberg,
City Treasurer

29-4

AN APPRECIATION

I want to thank all those that sent cards, letters and gifts while I was a patient at Munson Hospital.

29x1 Darlene Bennett

Bids Wanted

The East Jordan Board of Education will receive sealed bids for the Ranney School property, former South Arm Primary District No. 3. This property consists of a plot of ground 13x13 rods and school building. Bids must be in the hands of W. G. Boswell, Sec'y by 7:00 p.m. Monday, August 11.

29-3 W. G. Boswell, Secy.

CARD OF THANKS

We extend to all our relatives, friends and neighbors for the many acts of kindness extended to us during the time of the death of our husband and father, James Palmiter. Especially to Rev. Moore for his words of comfort, pall-bearers, the Jassamine Rebekah Lodge, and all others who helped in any way.

Mrs. Frances Palmiter and Children
Mr. and Mrs. Bryan Smith and Bobby

29-1

Now that graduation time is past, those fellows with A.B. degrees will start learning the rest of the alphabet.

Michigan Bankers Offer Scholarships For Short Courses

Michigan bankers are offering a total of 240 scholarships of \$100 each for 8-week short courses in agriculture and home economics at Michigan State College.

Robert Dennis, of the MSC department of short courses, said that the boys and girls selected will enroll in the first term, which starts October 27. He also said that further information is available from high school teachers of agriculture and home economics, county extension workers and bankers.

The instructional program for the girls includes work in foods and nutrition, clothing, home furnishings and home management, and consumer buying.

Boys will get a complete course in agricultural, including studies in livestock, dairying, crops, farm management, poultry, soils, horticultural, farm mechanics and others. They also may choose from several elective courses.

Dennis said that both boys and girls will get special courses in rural leadership, family relations, parliamentary procedure and public speaking.

The students will live in the short course dormitory and will eat in the short course cafeteria.

School Board

Regular meeting of the board of education held at the high school offices on Monday evening July 14, 1952 at 9:00 o'clock.

All members present. Minutes of previous meeting read and approved as read.

Moved and supported that G. Klooster be president of the board. Carried.

Moved and supported that W. G. Boswell be secretary of the board. Carried.

Moved and supported that Wm. A. Shepard be treasurer of the board. Carried.

Moved by Porter, supported by Boswell that treasurer's bond be \$10,000.00. Carried.

The following resolution was offered by Porter and supported by Shepard who moved for its adoption.

WHEREAS: there may now be in and may hereafter from time to time come into the hands of Wm. A. Shepard, Treasurer of East Jordan Consolidated School District No. 2, fractional, County, Michigan, certain monies belonging to or being held for the State, County or other political units of the State, or otherwise according to law, and

WHEREAS: under the laws of Michigan, this board is required to provide by resolution for the deposit of all monies, including tax monies coming into the hands of said treasurer in one or more banks, hereinafter called banks, be designated in such resolution.

NOW THEREFORE BE IT RESOLVED: that the treasurer Wm. A. Shepard is hereby directed to deposit all public monies, including tax monies now in or coming into his hands as treasurer, in the following bank, STATE BANK OF EAST JORDAN.

Moved by Shepard, supported by Boswell that the hot lunch kitchen be moved into the hot lunch room. Carried.

Moved by Porter, supported by Darbee that the bills be allowed and paid. Carried.

Past Matrons, O.E.S., Entertained

The Past Matrons of Mark Chapter, O.E.S., entertained at the home of Mrs. George Bectold Monday evening in honor of Mrs. Ella Clark with Mrs. Ben Smatts as assisting hostess.

Tables were set on the sun porch and decorated with flower corsages for each guest. The serving table was also decorated with cut flowers. Others present included Mesdames William Shepard, Sarah McNeal, Leroy Sherman, E. E. Wade, Mary McKinnon, Mabel Secord, Howard Darbee and Miss Ethel Crowell.

Guest Ministers In The Presbyterian Church

For many years the First Presbyterian Church of East Jordan has brought to this community a group of America's Outstanding ministers as Guest Preachers. This is a distinction of this church and we again present a group this year beginning July 27.

The first of these ministers is a newcomer to the program. A young man who has distinguished himself as an effective pastor in one of the large Detroit Churches. He now serves the Redford Avenue Presbyterian Church which is the third largest of our churches in Detroit. This church has grown under his leadership into a strong city church. Our guest is Dr. Harry Rine DeYoung. Dr. DeYoung is a graduate of Princeton Theological Seminary and is one of our effective ministers. We welcome him to our pulpit, on July 27th.

The second of our guests is Dr. William B. Lampe, pastor of the West Presbyterian Church of St. Louis, Missouri. Dr. Lampe is no stranger to this community having filled this date for many years. Yet he is always welcomed by our community from year to year with genuine love and enthusiasm. Dr. Lampe is a former Moderator of the General Assembly of the Presbyterian Church and has distinguished himself as a great pastor and churchman in his many years as a pastor. He will preach in this pulpit on Aug. 3.

The third Guest Speaker for this year will be Dr. George A. Buttrick, pastor of the Madison Avenue Church, New York City. Dr. Buttrick, too, needs no introduction to this community for he has filled this date for many years. He has distinguished himself as pastor, preacher, author. Added to his long list of distinctive service to his church, he has been chosen this year as "The Clergyman of the Year" for his work in publishing "The Interpreter's Bible" undoubtedly the finest contribution to the study of the Bible of this century. It is without comparison the finest commentary in this field today. Dr. Buttrick will be in our pulpit on August 10.

On August 17th the pulpit will be filled by the regular pastor, Edward O. DeHaven.

On August 24th we welcome another newcomer to our list of guest ministers, Dr. John H. Gardner Jr., Pastor of the First Presbyterian Church of Baltimore, Maryland. Dr. Gardner, has been pastor of this old and distinguished church for many years and has brought honor to it. During and since the World War II he has served with great honor on the Chaplains' Committee of General Assembly and also on the Restoration Fund raised by our church for the aid of people and churches in war-torn lands. Dr. Gardner is an able preacher and we are happy to bring him to this community as our Guest minister. The public is cordially invited to all of these services and to our regular worship services each Sunday in our church.

Star 4-H News

Star 4-H had a Cake Walk, July 5 with a good turn out. We were to have a monthly meeting, July 11 but not many members turned out to the meeting.

Veg. Garden Club had a garden tour at Hayden's, July 7, Mr. K. C. Festerling was present to help the members to know their weeds.

Mrs. Chanda from Peninsula and 4-H Club members were guests. Fifteen members were present.

Star 4-H Softball team beat South Arm team 7 to 4 Sunday afternoon at the Fair grounds.

Baking I and II are having a meeting July 17 at Healey's at 8:00 p.m.

Food Prep. I, II, III are having their next meeting July 24 at Elzinga's at 8:00 p.m.

Babson Discusses Youths' 1952 Opportunities

Babson Park, Mass., July 4. During the past month nearly every family has had some young member finish school or college and go out into the cold world to work.

FAR FIELDS LOOK GREEN
Some of these have taken jobs away from home. The brighter lights of another city have looked good. They want to be connected with some big corporation which they have seen advertised in national magazines, forgetting that the large ones have their troubles as well as the small ones. Besides, one does not learn as much with a large company. Unfortunately is the young person who thinks his days for study and learning are over because he has "graduated" and has a "diploma."

Young people should also think of the possibility of World War III when selecting a place to settle. This means that the twelve large cities cited by the Government as especially vulnerable should be avoided. These are: New York, Chicago, Philadelphia, Detroit, Los Angeles, Cleveland, Baltimore, St. Louis, Boston, Washington, and San Francisco. Surely, these cities are no places to take a young girl and start to bring up a family. Hence, stay where you now live.

FOADS AND PUDDLES
The real purpose of my little sermon this week is to commend the young who are getting jobs in the community where they were raised — the city or town — which has paid for their education — where they have relatives and friends. These graduates are doing the smart thing. The first principle of success is to build upon the foundations already constructed. These foundations for you, my reader, are in East Jordan.

Thousands of young people have asked me, "What chance have I without money or capital?" I immediately reply, "You have as much chance to make friends as anyone; real friends are the best capital you can have." I have 170 people here in my Statistical Organization — and we are employing more all the time. When looking up the references of applicants for jobs, I always want to know how many "contacts" they have and the character of these contacts. Other things being equal, the one with the most contacts gets the job. Your best contacts are in your home town or city. Stay where you are. Protect and increase your present contacts. Every one of them is worth \$500 each to you as capital. Better be a big load in a little puddle, than a little load in a big puddle!

OPPORTUNITIES FOR GROWTH
Statistics show that the rate of growth of some of the largest cities is already declining. The big increase in population is in the towns and smaller cities. These now offer the real opportunities to wide awake young people.

Therefore, get a job in the city where your family now lives. Marry a local boy or girl and raise some good kids. Take an interest in the schools, churches and civic organizations. They all need new blood and new ideas. Remember all the present leaders and big shots will die off someday — be one of their successors. This is the least you can do.

Don't be too fussy about the special business or industry where you are working or are going to work. Statistics show that some families are making a great success of every industry and every kind of a store. This proves there are opportunities in every factory, store and other business in your city if the management is wide awake, honest and aggressive. In fact, with a "sleepy" employer you may have a better opportunity than with some other.

If you have any doubts as to who are the "wide awake" ones, apply for a job with those who advertise. This is the best barometer that I know of as to whether a concern is on its toes and headed for growth.

WATCH POPULATION OF YOUR CITY
From 1940 to 1950 the net growth in population of the U.S. was about 19,000,000. If we avoid World War III, there will be a net growth in population between 1950 and 1960 of about 25,000,000. These people, moreover, will be better educated and better physically. Although we may have a temporary slump in business and employment during the next two or three years, sometime before 1960 we should witness great prosperity. This means that this year's graduates have the greatest opportunities of any young people who have ever gone forth into the world of business.

Graze Sudangrass When It Reaches Two Feet In Height

Michigan farmers who have sudangrass pastures coming along for summer grazing should let the grass get two feet high before turning livestock on it, warns Milo B. Tesar, Michigan State College farm crops authority.

Tesar explains that when grazed too short, Sudangrass may be poisonous to cattle and sheep. It also produces less when grazed before it is two feet tall. "If you start grazing it at the right time it is very productive and not poisonous to any class of livestock," he said.

Sudangrass may be grazed continuously after it reaches a height of two feet. Good stands of this grass, seeded early in June, should give about 30 cow days of pasture in July, 45 in August, 30 in Sept., and 10 in October if the season is normal. The high production of the grass in July and August is especially valuable during a dry season, since other pastures may take a seasonal slump at the time.

Tesar also pointed out that sudangrass can be grazed heavily in September. This gives an answer to the problem pasture period when legume pastures should not be grazed if they are to survive the winter.

"Even though there never has been a proved case of livestock poisoning from sudangrass in Michigan, two precautions should be followed," the farm crops man said. One is to avoid pasturing short plants or tillers before the grass is two feet tall because they may contain enough prussic acid to be poisonous to cattle or sheep. The other is that the short growth produced after a heavy frost may be poisonous.

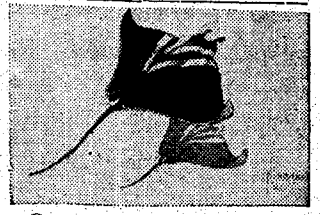

Coming Sunday! The confessions of Frank Sinatra, Sunday in The New American Weekly distributed with the Chicago Herald-American, the voice talks from the heart to the public about his tempestuous love life and his tiffs with the press. Don't miss "his side" of the story, in The New American Weekly with your Chicago Herald-American!

AN APPRECIATION
We wish to express our sincere thanks to our many relatives, friends and neighbors for their kindness and help after our fire. Mr. and Mrs. Delmer Hart 29x1 and Family.

Pacific Manta

Islanders of the Pacific are brave people, but they shudder at the sight of a Manta. The strange ocean giant has broad, flat fins which stretch out from the sides of its body like the wings of a bat. The natives believe that if a man should get near a Manta in the water, the creature would cover him with its wings and devour him.

This really wouldn't happen, says the National Wildlife Federation, for the Pacific Manta is harmless to man. But it is enormous, and sometimes its actions are enough to cause alarm.

© 1951 National Wildlife Federation Pacific Manta

The most terrifying thing it does is to leap into the air and come down on the water with a tremendous crash. When its wide wings strike the surface, it is like a great hand slapping the waves. On a quiet day, the noise can be heard for several miles.

The Pacific Manta also puts on a big show when it is harpooned. The moment it feels a stab, it dives to the bottom and uses all its weight to keep from being captured. Usually it is hauled in only after a long and exciting battle.

If a deep-sea fisherman does manage to conquer a Pacific Manta, he finds that he has a big trophy on his hands. The creature may measure more than 25 feet wide and weigh more than 3,000 pounds. Even a baby Manta is likely to be five or six feet wide.

Between its two wing-like fins, the Manta has a thick body. At one end is a long, slender tail. At the other is its head and mouth. In front of its mouth are two small wings which look like horns. The Manta uses these to scoop all sorts of small fish into its mouth.

It looks for its victims near the surface of the ocean. There, on a sunny day, Pacific Mantas roam alone or in small groups. They move along gracefully, turning their bodies from one side to the other and holding their mouths wide open to catch their prey.

If they are feeling lazy, they bask in the sunshine. But they are in a hurry, they almost fly through the water, leaping and crashing as they skim over the waves. As they leave the water, a careful observer can see that they are brown on top and lighter underneath. They get darker as they grow older.

Though they are called Pacific Mantas, these members of the ray family are found in many parts of the world. They usually stay in the warm waters of the tropics. They are also known as Devil Rays, Vampire Rays, Sea Bats, and Devilfish.

New Approach Used By Seed Producers For Pollination

A new approach to the problem of getting maximum pollination of alfalfa is being tried by Michigan legume seed producers.

E. C. Martin, Michigan State College entomologist, says that many growers are moving four or five colonies of honey bees per acre into the field soon after bloom is well started. The bees are moved from an apiary at least a mile and a half away so the bees will work the alfalfa to a greater degree in becoming oriented to their surroundings again.

Pollination of alfalfa presents a special problem because the flower must be "tripped" or opened by the pollinating insect before pollen can take place. Although some wild bees such as the leaf-cutter bees and bumble bees are efficient trippers of alfalfa, they are so limited in numbers that they normally only pollinate for a small seed crop.

Honey bees collecting nectar from alfalfa are not very effective in pollination, but honey bees collecting pollen from alfalfa trip the flower fairly satisfactorily.

Since honey bees often prefer to get their pollen from clovers or some other plants, it's important to bring them into the alfalfa field at the right time. That way they work the alfalfa while looking for some of their more desirable blossoms.

Seed growers who plan to bring bees into the fields for the blossom period should make arrangements with beekeepers well in advance of the date on which they will be required, Martin said. Importance of good pollination lies in the fact that without it, seed production is reduced.

Dub (to caddie): "Well, what do you think of my game?"
Caddie: "I guess it's all right, but I still like golf better."

Corn May Start Showing Sign of Nitrogen Needs

Some Michigan corn will start showing signs of nitrogen starvation any day now, according to Paul J. Rood, Michigan State College farm crops specialist.

This nitrogen starvation will be shown by firing, starting at the of lower leaves. After the tip turns yellow the brownish symptom of lack of nitrogen moves up the mid-rib of the leaf.

Rood says that corn needs an extra shot of nitrogen right now, unless a green manure crop was plowed down before, or barnyard manure applied at the rate of 12 to 20 loads per acre before this crop of corn.

Experiments by college farm crops researchers have shown that you should side-dress corn with about 200 pounds per acre of sulfate of ammonia or 125 pounds per acre of ammonium nitrate. Either of these rates of application cost about \$8 an acre and should increase corn yields by about 20 bushels per acre on the average.

Nitrogen is the plate food which produces growth and to really grow, Rood says corn needs enough nitrogen immediately. The corn has been cultivated two or three times, weeds are under control and the warm weather makes corn really want to grow, he says, so nitrogen will pay off in profits.

Watching those fellows play reminds me that golf is a lot like taxes—you drive hard to get to the green and then wind up in the hole.

Sea Lamprey

The sea lamprey, which for several years has ravaged fish populations in the Great Lakes and now may become established in some of Michigan's inland lakes, has one of the strangest life histories of living organisms.

Unlike most living things which grow at a rather even rate until maturity the lamprey remains small during most of its life and only during the last portion does it grow to maturity.

The first four years of its six-year life after hatching from an egg are spent buried in silt beds in swamps and along streams, where it feeds on plant life and small organisms. During those four years, the lamprey grows to a length of only four or five inches.

At the end of the fourth year, the lamprey leaves its silt-bed home for the first time and travels downstream to some larger body of water.

Only then does the destructive period of its life begin. The creature attaches itself to a fish and either kills or injures it before moving on to another.

It has been estimated that the lamprey alone has hacked the Great Lakes fishing of lake trout to one of about \$2.5 million. The catch of lake trout has been chopped from a normal 15 million pounds per year to about five million pounds yearly.

The destructive life of the lamprey lasts about a year and a half. During that period, the creature grows from a four-year length of four or five inches to its mature size of about 18 inches.

In the spring of its sixth year, the lamprey moves upstream to spawn. Once its eggs have been laid, the parent simply disintegrates. Sometimes within a matter of 24 hours, the parent lamprey dissolves into the water of the stream, leaving no carcass. Research by the conservation department is continuing on inland lakes.

Homemakers Jottings

Highest quality upholstered furniture has springs that are tied eight ways, Michigan State College home economists report. Fine quality upholstery also has closely interlaced jute webbing as a base for the springs.

Take care to use oven glassware in the oven only. Use over direct heat only glass that is definitely labeled "flameware," warn Michigan State College home economists.

Peas can be shelled shortly before they are to be cooked, but don't allow unshelled peas to stand at room temperature—always refrigerate peas until just before cooking time.

Much of the food value of carrots is directly beneath the skin, so prepare for the table by washing in warm water and scrubbing with a brush, rather than paring, says Michigan State College nutritionists.

Chop left-over parsley into small pieces and dry in your oven. You have the same thing as dehydrated parsley sold in spice cans.

The most important point in fish preparation is to prevent over cooking. When the fish flesh flakes easily from the bone it has reached its most moist, tender stage.

If you want to add a garlic flavor to stew, stick a toothpick through a clove of garlic and add to the stew while it is cooking. Remove before serving—the toothpick will make the clove easily located.

DO YOU PAY SALES COSTS WITH EVERY PREMIUM?

NOT WITH STATE FARM AUTO INSURANCE!
Nearly two million members of State Farm understand this economical advantage pioneered by State Farm. Why? Because they pay the cost of a local agent's sales commission only once—after that they pay for insurance protection only!

If you are a careful driver you can qualify for membership. Get the money-saving details from

LEGAL
NOTICE OF ELECTION TO VOTE ON FRANCHISE NOTICE IS HEREBY GIVEN TO THE QUALIFIED ELECTORS OF SOUTH ARM TOWNSHIP, CHARLEVOIX COUNTY, MICHIGAN, THAT AT A SPECIAL ELECTION TO BE HELD AT THE TOWNSHIP HALL IN SAID TOWNSHIP, ON THE 5TH DAY OF AUGUST, 1952, SAID ELECTORS WILL VOTE ON THE QUESTION OF THE CONFIRMATION OF THE GRANTING OF A FRANCHISE TO NORTHERN MICHIGAN ELECTRIC COOPERATIVE, INC., ITS SUCCESSORS AND ASSIGNS, FOR THE PURPOSE OF CONSTRUCTING, MAINTAINING AND USING ELECTRIC LINES ON, ALONG AND ACROSS THE PUBLIC HIGHWAYS, STREETS, ALLEYS, BRIDGES AND OTHER PUBLIC PLACES, AND TO TRANSACT A LOCAL BUSINESS IN THE TOWNSHIP OF SOUTH ARM, CHARLEVOIX COUNTY, MICHIGAN. THE POLLS WILL BE OPEN FROM SEVEN O'CLOCK IN THE FORENOON TO EIGHT O'CLOCK IN THE AFTERNOON OF SAID DAY.

This Notice is given pursuant to law, by order of the Township Board.
Dated: June 20th, 1952.
Lawrence Addis
Township Clerk

TOWNSHIP OF SOUTH ARM, CHARLEVOIX COUNTY, MICH.
Granted to
NORTHERN MICHIGAN ELECTRIC COOPERATIVE, INC.
June 20th, 1952
The Township of South Arm Ordains:

Section 1. Permission is hereby granted to Northern Michigan Electric Cooperative, Inc., a Michigan Corporation, its successors and assigns, to construct, maintain and operate in the public streets, highways, alleys and other public places in the Township of South Arm, Charlevoix County, Michigan, all needful and proper poles, towers, mains, wires, pipes, conduits and other apparatus requisite for the transmission and distribution of electricity, and to transact a local business within said Township, subject, however, to all conditions and restrictions hereinafter contained.

Section 2. The conditions of the foregoing grant are as follows:
A.—The grantee shall do no injury to any street, highway, alley or other public place, or to any shade trees, or in any manner disturb or interfere with any water or gas pipes, or with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation.
B.—The Board of County Road Commissioners of Charlevoix County, or other proper authority, may in their discretion grant permission for the trimming of trees when necessary to make the lines safe and accessible, such trimming to be done under their supervision.

Section 3. This grant shall take effect, if said grantee shall within thirty days from the date of the passage of this ordinance, file with the Township Clerk its written acceptance of the terms of same, and upon the confirmation of this grant by the affirmative vote of a majority of electors of said Township, voting thereon at the special election to be held on the 5th day of August, 1952, as provided for by the Statutes and state Constitution.
If not confirmed by the electors voting at said election, this ordinance shall be null and void.
Section 4. This Franchise and Ordinance shall be and remain in force for thirty (30) years from and after the date of its confirmation by the electors of South Arm Township, Charlevoix County, Michigan.

Section 5. Nothing in this grant shall be construed to alienate the title of the public in and to any street, highway, alley or public place or any portion thereof, neither shall anything herein be construed in any manner as a surrender by the Township of South Arm of its legislative power with respect to the subject matter hereof, or with respect to any other matter whatsoever; now as in any manner limiting the right of the said Township of South Arm to regulate the use of any street, avenue, highway, alley or public place within its jurisdiction.
Dated this 20th day of June, 1952.
Lawrence Addis Clerk

PROBATE ORDER
Appointment of Administrator
State of Michigan, The Probate Court for the County of Charlevoix.
At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 30th day of June, 1952.
Present: Honorable Floyd A. Supp, Judge of Probate.
In the Matter of the Estate of Nettie Chalmers, Deceased.
Charlevoix County Department of Social Welfare, a creditor, having filed in said Court its petition praying that the administration of said estate be granted to Rex E. Davis, or to some other suitable person.
It is Ordered, That the 21st day of July, A.D. 1952, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for hearing said petition;

It is Further Ordered, That public notice thereof be given by publication of copy of this order, once each week for three successive weeks previous to said day of hearing, in the Charlevoix County Herald, a newspaper printed and circulated in said County.
Floyd A. Supp
Judge of Probate

PROBATE ORDER
Final Administration Account
State of Michigan, The Probate Court for the County of Charlevoix.
At a session of said Court, held at the Probate Office in the City of Charlevoix in said County, on the 28th day of June, 1952.
Present, Honorable Floyd A. Supp, Judge of Probate.
In the Matter of the Estate of Delcina Dougherty, Deceased.
Vella S. Boyd having filed in said Court her final administrat-

ion account, and her petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.
It is Ordered, That the 21st day of July 1952, at ten o'clock in the fore noon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition:
It is Further Ordered, That public notice thereof be given by publication of a copy of this order, once in each week for three weeks consecutively, previous to said day of hearing, in the Charlevoix County Herald a newspaper printed and circulated in said County.
Floyd A. Supp
Judge of Probate

Chicken Consumption Doubled in 4 Years, Says Poultry Expert
Americans are eating more than twice as much chicken as they did four years ago, said a poultry specialist for a national food chain.
Howard C. Pierce, director of poultry research for A & P Food Stores, cited the production of 791,000,000 commercially grown meat chickens in 1951, two and one-half times the country's 1948 production.
"I know of no other segment of the food industry that has more than doubled its production in a period of four years," he said in a talk at the Second Annual Michigan Broiler Day program at Michigan State College.
Despite some losses to growers in the early spring when the record supply of broilers tumbled prices, Pierce said, anticipated production this year will range up to a million more meat chickens than were grown in 1951.
"While the meat chicken industry has made outstanding advances, yet its market is not by any means saturated on a yearly basis," he said.
"Our population is increasing at the rate of two and one-half million people a year. These additional eaters alone, at the present rate of consumption, should provide markets for 37-1/2 million pounds of chicken. This would call for an increase in production of more than ten million chickens a year."

NOTICE OF ELECTION

Looking Backward...

JULY 13, 1912
Supt. A. E. Cross with a crew of a dozen men left Monday for the Upper Peninsula where they are rouging peas and inspecting crops of the Everett B. Clark Seed Co.

Born to Mr. and Mrs. Anthony Kenny Tuesday, twin babies—a daughter and a son. This is the third set of twins which they have been blessed with.

The body of Frank H. Calkins who was drowned while canoeing in the Huron River at Ypsilanti Sunday night, was brought to his former home at Chestonia, Tuesday. Funeral services were held Wednesday conducted by Rev. Corey of Bellaire. The young man was canoeing with Miss Mildred Sabin of Tower and both lost their lives.

Mr. and Mrs. W. T. Boswell and Mr. and Mrs. Will Palmiter returned Friday last from Traverse City where they were called by the death of Mrs. Fannie Boswell aged 75 years. She leaves five children, viz.—W. T. Boswell and Mrs. Will Palmiter of this city, Mrs. T. C. Holbrook of Clare, John Boswell and Miss Ida of Traverse City.

Mr. and Mrs. Andrew J. Suffer with daughter, Fay, are here from Chattanooga, Tenn., guests of the latter's parents, Mr. and Mrs. Milo Fay and renewing old acquaintances.

The family of Frank Gay were released from quarantine, Wednesday, their little daughter, Miss Ruby, having recovered from a mild case of diphtheria.

JULY 18, 1922

At the regular meeting of Jassamine Rebekah Lodge No. 365, July 5th, the following officers were installed for the next six months:—N. G.—Nettie LaValley, V. G.—Hazel Conway, Rec. Sec.—Nina Bowen, Fin. Sec.—Emma Courter, Treasurer—Laura Bowen, Warden—Edna Arches, Conductor—Laura Locke, R. S. to N. G.—Abbie Locke, S. S. to N. G.—Eunice Bowen, R. S. to V. G.—Alla Streeter, S. S. to V. G.—Sister Donaldson, I. G.—Sister Hitchcock, O. G.—Sister Dean, Dist. Dept.—Lillian Chew, Rep to Grand Lodge—Effie Alexander, Alternate—Laura Bowen.

A farewell party in honor of Mrs. J. H. Graff and Mrs. H. F. Reid was given by Mesdames C. L. Lorraine and L. Nyquist at the former's home Tuesday afternoon. About forty guests were present. Mrs. Graff and Mrs. Reid were each presented a remembrance of the occasion.

Mr. and Mrs. Martin Ruhling, with grandson, Harold Price, left Wednesday by auto for Jackson, for a visit with relatives. From there they go to points in New York State.

Mrs. Lillian Hoover left this Friday for Kalamazoo, where she will remain with her daughters, Christa and Pauline, who are attending school there.

Mr. and Mrs. Clark Morris with daughter Caroline, arrived here first of the week from Big Rapids and will spend the summer months at their cottage on North Main St. Note, the present Lewis Trojanek residence.

Mrs. A. L. Blake and two sons, Lyle and Alfred, of Detroit, were here this week, visiting at the home of Mr. and Mrs. Joe Cummins and other friends.

Mrs. Addison Stewart with son, and nephew, George Lunburg, returned to Flint, Friday, after a visit with her parents, Mr. and Mrs. George Pringle.

James Meredith left Wednesday for Muskegon, where he has employment.

JULY 15, 1932

At a meeting of Jordan River Lodge No. 360 I.O.O.F., held Friday July 8th, the following officers were installed:—N. G.—Rex Hickox, V. G.—Elmer Faust, R. S. Cash Hayden, T.—Ira Lee, R.S.N.G.—Richard Lewis, L.S.—N.G.—Pat Foote, R.S.V.G.—Bob Jorman, L.S.V.G.—Alva Davis, R.S.S.—T. J. Hitchcock, L.S.S.—Willard Morehouse, I.S.G.—Kiley Bader, W.—Gilbert Sturgill, C.—Herman Hammond, Chaplain—Bert Scott, P.N.G.—M. J. Williams.

Kendall Hicks son of Mr. and Mrs. Bert Hicks of Alma and Miss Margaret Sherman, daughter of Mr. and Mrs. Roy Sherman were united in marriage at 8:30 July 1st in the presence of the groom's parents and Mrs. L. Emery of Breckenridge, an aunt of the bride. Dr. J. J. Preston, of the St. Johns Episcopal Church read the marriage ceremony. On Saturday Mr. and Mrs. Hicks left for East Jordan, where they visited with her parents. They will make their home in Alma.

Herman I. McMillian, 64, Justice and prominent in business and fraternal circles died at Conklin, Mich., July 12th after a lingering illness. Previous to coming to Conklin Mr. McMillian had been Mayor of East Jordan and had served two terms in the

State Legislatures from the Charlevoix District. Besides the widow he is survived by a son, Hugh C. McMillian of Washington, D.C., two daughters, Miss Ersella McMillian of Detroit, and Mrs. Vera Vance of Casnovia. Funeral was held in the Chester township home Thursday morning under auspices of Lisbon Lodge F.&A.M. Interment was at Marcellus.

Mr. and Mrs. Joe Nemecek are here from Cadillac at the home of his parents, Mr. and Mrs. Joseph Nemecek. Joe is again at the A.&P. store.

(Delayed)

JULY 6, 1912

Arthur O'Dell and Miss Elsie Bailey of this city, were united in marriage, Thursday morning, at the Wolverine hotel, Boyne City, Rev. J. M. Bready, pastor of the Methodist Episcopal Church officiating.

L. P. Holliday, superintendent of the Bellaire schools and well known in our city, was united in marriage, June 27, to Miss Merle Maude McIntosh at the home of the brides parents at Hillsdale.

William Atkinson, son of Mrs. Robert Atkinson, and Miss Zella H., daughter of Mr. and Mrs. Frank Gay, of this city were united in marriage at the Boyne City Methodist Episcopal Parsonage, Thursday morning, the pastor Rev. J. M. Bready officiating.

Miss Phyllis Hurlburt is spending her summer vacation as stenographer at Spencer's Plumbing Shop.

Principal R. D. Hutsch and bride arrived here last Saturday and are receiving congratulations from the many friends of the groom.

Messrs Jack and Ben Weikel are here from Traverse City guest of relatives and renewing acquaintances.

Austin Sheldon and bride were here this week guests of the former's parents, Mr. and Mrs. Alonzo Sheldon.

George Mombberger with wife and son, Arthur and Mrs. Lizzie Jensen, of Buffalo, N.Y. are guests of Mr. and Mrs. Martin Ruhling and other relatives in our city; Mrs. Ruhling is sister of Mr. Mombberger and Mrs. Jensen.

JULY 7, 1922

On Decoration Day a luck accident (if such there be) took place when the crowds were witnessing the water sports. The bridge and shore were lined with spectators, when a part of the sidewalk on the old draw-bridge settled down and nearly broke through. It is estimated that nearly one hundred people were on this part, and that they all escaped from being precipitated into the deep water underneath is indeed remarkable.

Mrs. Joseph Mayville passed away at her home on the west side, July 3rd. A little daughter, Marjorie May, was born to Mr. and Mrs. Mayville some six weeks ago and since then Mrs. Mayville has been dangerously ill. Surviving are Mr. Mayville, the little daughter and the following brother and sisters: Elmer Reed, Mrs. Viola Shaw and Mrs. Harrison Ranney. Interment at Sunset Hill.

Mr. and Mrs. Stanley Risk and children, Mr. and Mrs. Ellis Malpass and children of Muskegon are visiting at the home of Mr. and Mrs. Jas. Malpass.

Mr. and Mrs. Otto Reinhardt left Tuesday for Muskegon, where they will make their home. Misses Virginia Pray, Lona Swafford and Lena Ekstrom have come to attend the State Normal at Mt. Pleasant.

Mrs. W. H. Vance and children of Grand Rapids are visiting at the home of Mr. and Mrs. George Vance.

Miss Margaret Matilda Green daughter of Mr. and Mrs. Edwin Green, passed away Tuesday, July 4th, following a three weeks illness from diphtheria. She was born at Petoskey, Feb'y 1st, 1907 being 15 years of age.

JULY 8, 1932

Mrs. Bert Grossett 56, passed away at her home in South Arm Township, July 2nd, following a lingering illness. Funeral services were held Tuesday afternoon, July 5th from the L.D.S. Church, conducted by Elder Leonard Dudley. Burial at Sunset Hill.

Mrs. Alfred C. Raymond passed away suddenly Monday, July 4th, near Lexington, Kentucky, while enroute home with Mr. Raymond from their home at St. Petersburg, Fla., for a visit with relatives at East Jordan. Deceased is survived by her husband, her parents, Mr. and Mrs. Jerry Moblo; a sister, Mrs. Elmer Reed, and brother Carl Moblo. The remains were brought to East Jordan where funeral services will be held this Saturday from the Presbyterian Church, conducted by the pastor, Rev. C. W. Sidebotham. Burial will be at Sunset Hill.

Mr. and Mrs. Ed Streeter are here from Muskegon visiting his parents Mr. and Mrs. Wm. Street.

Ray Gee received a fractured collar bone in an auto wreck about 5:00 p.m., July 4th, on M-

66 near the old Flagg corner. Two autos were in the collision. Ward's Cherryvale Lodge is available for card parties, luncheons and dinners. Special Sunday chicken dinners every Sunday, 50c. Phone for reservations.

Mrs. Wm. Moyer passed away at Charlevoix, Thursday, June 30th at the age of 73 years. Funeral services were held at that place Saturday. Mrs. Moyer was formerly Mrs. Della Laviolette of East Jordan and was mother of Mrs. Alec La Peer of this City.

Halfway between the Republican and Democratic national conventions today, Americans can pause to catch breaths and take a quick look at November. They're sure of one thing—they'll only elect one president then.

But Michigan voters face a more usual situation on their state ballot. They can approve two amendments to the state constitution, two amendments that are as opposite as the GOP and Dem candidates will be.

That prospect is causing brow-wrinkling in Lansing as the experts study the odd situation. And with most of those experts already wrinkling their foreheads over problems of their personal political campaigns, we may wind up with a lot of Michigan prototypes of the famous Mrs. Pruneface of Dick Tracy notoriety.

This is how the unprecedented situation comes about.

There will be two amendments to reappear on the November ballot. Voters can say yes or no to each one. If they say yes to both there will develop the question of which one will be effective.

Obviously both can't be any more than we can have two presidents in the White House.

If voters say no, then both sides will be unhappy because it will scuttle long-held plans and hopes for overdue realignment of representation in the legislature, something that hasn't been done in the past 26 years despite the tremendous growth and shift in Michigan population in that time. "When in doubt, vote no." That old political maxim might be followed if the voters get too confused between now and November.

There's plenty of room for confusion.

In the first place, reapportionment is hardly the subject for a third grade English theme. It's a complicated question with more side-roads than a Miami Beach subdivision.

Because it's sheer Greek to so many voters, it gives a good chance for the silver-tongued boys to appeal to emotion and prejudices. The phrase-coiners are minting "bright terms and witty sayings". Well fed on oratory coming out of the Chicago convention halls and due to be served even more generous helpings as the campaign progresses, John Q. Citizen is apt to "frow up".

Even the names of the sponsoring organizations are enough to make the best informed capitol newsmen pause to unwind his tongue once in a while.

The Committee for Representative Government filed its proposal first.

The Committee for a Balanced Legislature came in with its own just under the deadline.

Both groups are made up of different segments in the best tradition of politics making strange bedfellows. But in each committee there are dominant groups. They'll lend their names to the proposed amendments and make it a little easier to follow the game without a program.

The CIO sparks the Representative Government committee; the Farm Bureau and mutual insurance companies are the dynamoes for the Balanced Legislature group.

Briefly, the CIO amendment would set up legislative representation on strictly population basis.

The farm-business amendment would keep the Senate on an area-representation basis and divide the House on population lines.

Opponents say the CIO proposal would give Wayne, Oakland and Genesee Counties, with their huge industrial unions, dominance over the whole state.

Just what will happen if both proposals get an affirmative vote is something that can kick up an argument as fast as the assertion that Freddy Hutchinson is a better baseball manager than Red Rolfe.

There has never been a similar case in Michigan history so there is no clear-cut precedent. Attorney General Frank G. Millard (officially) to wait until he gets to the bridge before crossing it. But unofficially he's looking at the roadmaps—books in his law library—for a rough idea of where the highway might cross the river come November.

Common sense might lead to the assumption that if both amendments do carry the one with the greatest majority would be in effect. But common sense and the strict letter of the law don't always coincide and every I has to be dotted and every T crossed before an amendment gets hem-stitched onto the Constitution.

As one State House newsmen puts it, "We, the people, will probably have to go to the Supreme Court to tell us what our votes say we intended."

The only bright spot in the whole snafu is the consolation it could have been worse. The AF of L and a Detroit teachers organization scrapped their plans to enter amendment proposals of their own.

Had they come into the tournament, we might have wound up with four amendments!

Whether Gov. Williams enjoyed the spirited GOP convention last week as much as he'll enjoy the Democratic powwow next week is preoblematical.

Preoccupation of Michigan delegates with the big Chicago fracas took their minds off another golden opportunity to unleash their big caliber guns against the governor—the second riot at Jackson Prison.

Actually it didn't begin to compare with the vicious and costly one this Spring. But coming in the dog-days news slump, it would have made black headlines (and ideal oratorical black powder) if the Ike-Taft hassle hadn't crowded it off the top of page one.

The Guy can thank the Chicago convention for deceiving that one off his political trail.

(Delayed)

Socialized medicine (you should pardon the term) has been conducted in Michigan for the past 27 years.

But it has never met the vigorous and vocal opposition that usually attends the introduction of any medical plan that opponents can tag with that label.

In fact, few Michiganders were aware of this unique situation and might never have been if the state hadn't hung out a figurative "Help Wanted" sign.

Appropriately enough, the unusual experiment—if anything extending 27 years can be still called experimental—is Beaver Island, that charming spot just west of the tip of the Lower Peninsula.

Beaver Island has a fascinating history of the unusual. It was there that King Strang established his religious domain and created a political entity that was with out equal in Michigan history. Under his iron-fisted, capricious leadership, Beaver Island flourished.

But political rivalry that erupted into a pitched battle ended his royal career and the population of the island began slowly to dwindle. Today there are only about 300 year-round residents although the island is each year becoming more popular as a tourist attraction and its Summer population zooms.

It was in 1925, when there were about 1,500 persons on the island, that diphtheria struck with a vengeance. Appalled at the toll of the disease, the Legislature established the unusual medical set-up.

A physician was engaged on a Civil Service arrangement. He was allowed to collect whatever fees he could (incomes are low on Beaver) and the State paid him a salary. Today he receives between \$5,500 and \$6,500 from the Michigan treasury.

Dr. Russell Palmer, who has held the post for 25 years, is ready to retire and Dr. Albert E. Heustis, state health commissioner, is looking for a successor. "We need a physician who will provide his own home and medicines and will take care of the islanders and visitors at a minimum salary," says Heustis.

He calls the arrangement "the private practice of medicine with a state subsidy." He points out that "the island is being developed more now as a tourist attraction and the people of the region feel that the absence of any physician on the island would be a serious drawback."

The island's main contact with the mainland is by ship although airplane service is offered—technically—all year 'round. Winter flights often have

to be cancelled because of the weather.

So, if you know some physician who, in Dr. Heustis's words, likes the outdoors and doesn't mind being somewhat isolated and held down in one spot, refer him to the state health commission.

But you'd better not bandy the phrase "socialized medicine", some people get rather vociferous when that enters the conversation.

With the quadrennial circus going on at Chicago this week, the average Michigander has been getting an abundant political diet from the Windy City via his newspaper, radio and television.

So it's little wonder that another political gathering has been overshadowed by the Republican convention.

It's the seventh annual forum on state and local government on the Michigan State College campus. It won't have as great an impact on the nation as the party convention but its sponsors believe that it's almost as important on the long haul because it creates a better interest and understanding of government at the grassroots level.

It's been just as hot—as the as it's been in Chicago and there moment these past few days when the political temperature soared, too.

The Republican delegates had some explosive topics, FEPC, the thermometer—at East Lansing international plank searing of contested delegates and—of course—the titanic battle between Taft and Ike. But the Michigan conferees has a couple of their own that were hardly conducive to a cool and academic discussion.

There was the explosive topic of state governmental reorganization with Gov. G. Mennen Williams leading the discussion on the opening day Monday.

Equally controversial was the Tuesday topic: Reapportionment of representation in the Legislature.

Both of these issues are certain to be major bones of contention in the coming elections. Two reapportionment proposals will be on the November ballot and voters must make a direct choice. Governmental reorganization will undoubtedly be one of the campaign battle lines and there, too, voters will make a decision even if in a more indirect manner.

Sessions today and tomorrow are scheduled to take up the financial problems of both state and local government and during the next two weeks, students will confer with leaders of every branch and at every level of government and with political science experts.

They'll discuss everything from states rights and decentralized government to labor movement and two-party system.

The political leaders who attend this conference are influential in their own communities. The conclusions they draw—and pass on to their fellow-citizens at home—will certainly have an effect on the November elections.

In that way the conferences, now overshadowed by the Chicago convention, may be somewhat far more important than the headlines alone would indicate.

Two news events have again underlined Michigan's importance in the arsenal of democracy. One was the unveiling of the new T-48 tank by Ford and General Motors that is expected to give the United States the edge on its opponents mechanized striking force.

The other was the visit to the Lansing Oldsmobile plant by Vice Adm. C. Turner Joy, former head of the UN truce team at Panmunjon. At the Olds plant he saw the manufacture of the 3.5-inch bazooka rocket that seems to have been more effective in Korea than the efforts of the Admiral's team.

A combination of both is needed in Korea, Joy said. "Keep on trying for an armistice and meantime exert military pressure, the only language the enemy understands." That was the recipe he gave capitol newsmen.

Michigan products will help exert that pressure.

PENINSULA....
(Edited by Mrs. Emma Hayden)

(Delayed)

Mr. and Mrs. Russell Buitendorp of Muskegon visited his uncle, Mr. and Mrs. Alfred Reich and family Sunday.

Only 11 present at Sunday School.

Mr. and Mrs. Earl Blanshan of Watervliet and Wm. Blanshan of Boyne City called on Cash Hayden Tuesday. Mr. Hayden and Mrs. Blanshan are cousins.

Mr. and Mrs. S. A. Hayden and son William of Dearborn and Mr. and Mrs. Charles Tocco and three sons spent the week end at the Hayden cottage.

Miss Mary Hayden accompanied her uncle and aunt back to Detroit for a weeks vacation.

Albert Peters attended the "1935 Class" Banquet Saturday evening.

There was a large turn out to the 4-H Cake Walk. Mike Tocco of Detroit won the door prize. Mr. and Mrs. Harlan Rose and

family of Flint are visiting relatives.

Mr. and Mrs. Don Kile Sr. and Mr. and Mrs. Don Kile Jr. spent the week end visiting Mrs. Kile Sr. father in Wisconsin.

Miss Carol Billedean of Detroit is visiting her aunt and family, Mr. and Mrs. Ken Russell and family.

Mr. and Mrs. Clare Dietz and two children of Sand Lake are visiting relatives here.

Meet Your Michigan

FISHING FIRST: MICHIGAN FISH CAPTURED BY PRIZES (MORE THAN ANY OTHER STATE) IN A NATIONAL FISHING CONTEST RECENTLY SPONSORED BY A LEADING SPORTS PUBLICATION, IN THE RAINBOW TROUT EASTERN OPEN DIVISION, MICHIGAN ENTHUSIASTS WON ALL OF THE FIVE TOP PRIZES, AND THE FIVE HONORABLE MENTIONS. A MICHIGAN FISH ALSO WON SECOND PRIZE IN THE RAINBOW TROUT EASTERN FLY-FISHING DIVISION. THAT'S PROOF OF GOOD FISHING IN MICHIGAN!

DO YOU KNOW? DETROIT FACTORY WORKERS ARE THE HIGHEST PAID IN THE NATION'S MAJOR AREAS WITH AN AVERAGE ANNUAL WAGE OF \$360. AND DETROIT'S TOTAL FACTORY PAYROLL RANKS NO. 3 AMONG AMERICAN CITIES, BEING SURPASSED ONLY BY NEW YORK AND CHICAGO.

ARTISY IN WOOD: THREE MASTER WOODCARVERS IN GRAND RAPIDS ARE AMONG THE NATION'S FEW WHO STILL PRACTICE THE ART OF ECCLASIASTIC CARVING. SO SKILLED IS THEIR WORK THAT EVEN VENUS OF THE HANDS MAY BE SEEN IN REPLICAS SUBJECTS LIKE THE LAST SUPPER. VISITORS MAY SEE THE TRO AT WORK IN THEIR STUDIO AT THE AMERICAN SEATING COMPANY.

MACKINAC ISLAND: MACKINAC IS DERIVED FROM THE ILLINOIS WORD "ME-CHIE-NE-MOON-NE-NONG", TRANSLATED BY THE FRENCH INTO "MACHICHIAC" THIS MEANS "THE GREAT TURTLE". THE ISLAND WAS THUS NAMED BY SAVAGE INDIANS WHO THOUGHT IT RESEMBLED THE BACK OF A LARGE TURTLE. THEY REGARD-ED IT AS SACRED LAND.

MICHIGAN FEATURE SERIES prepared by MICHIGAN TOURIST COUNCIL... No. 47

Hunter Or Fisherman?

Shooting carp, dogfish and garpike with bow and arrow (or spear) becomes legal on some 200 designated southern inland lakes and rivers starting July 15 for a month. This is the first year the conservation department has legalized the sport. First leg of the season was held last spring. Head and shaft are tied to line feeding from a reel fastened to bow. Arrowhead detaches from shaft when fish is shot, preventing the rolling fish from breaking the arrow.

MICHIGAN OUTDOORS

WITH MORT NEFF

RECORD MICHIGAN FISH
Every now and then Michigan fishermen get into an argument about big fish caught in the state, and frequent disputes arise as to who holds the record for various species.

To calm the troubled waters here's a complete list of current records on file with our Conservation Department—a list that you may want to clip for ready reference:

Let's begin with Northern Pike. Albert Kobe caught a pike that weighed 32 lbs. and was 44" long, in Gratiot Lake, Keweenaw County, in 1944. It stands as that record pike to date.

In the Walleyed Pike or Pickerel class a new record was set in 1931 by George Fadel of Yorktown, Indiana. His fish weighed 17 lbs., 4 oz., and was caught in the Manistee River above Tippee Dam. It was 33" long.

The biggest Michigan Muskegon was a 62 1/2 lb. 69" fish caught by Percy Haver in Lake St. Clair in 1940. The largest Bluegill came from Silver Lake in Cheboygan County in 1945, and was caught by Ferd Brock. It weighed 2 lbs., 10 ozs., and was 12" long.

The Yellow Perch record is held by Eugene Jezinski, caught in Independence Lake in Marquette County, and ran the scale to 3 lbs., 12 oz.

A 3 lbs., 5 oz. Rock Bass from Lake Cadillac at Cadillac holds the record for that fish, and the best Calico Bass on the books weighed 4 lbs., 2 oz. It came from Lincoln Lake in Kent County.

In the bass family the record Smallmouth Bass hit the 9 1/4 lb. mark and was 27" long. It was caught way back in 1906 by W. F. Shoemaker, in Long Lake, Cheboygan County. The best Largemouth Bass ever taken in Michigan came from Big Pine Lake in Kent County, and weighed 11 lbs., 15 oz. It was caught by Bill Maloney of Grand Rapids on the opening day of the season in 1934.

Michigan's Biggest Trout
The largest Lake Trout didn't come from Lake Superior as you might expect, but from Lake Michigan near Grand Haven. It was caught in 1884 and weighed 88 lbs. That's one record that probably will never be topped.

Rainbow Trout record for Michigan stands at 21 lbs., 7 oz. and was caught in the Manistee River in November, 1947, by Golman Labadie.

Brook Trout fishermen out for a record have to shoot at a 6 lb., 1 oz. fish caught at White Fish Bay in 1934 by George Shipman of Flint.

The Michigan record for Brown Trout stands at 15 lbs., 8 oz. and is held by Burrell High, of Niles. The whopper came from Dowagiac Creek in Berrien County in 1940.

Michigan's largest fish is the Sturgeon, one specimen of which was hit by a steamer propeller near Benton Harbor, was captured and weighed in at 310 lbs. And believe it or not, a 47 lb. Catfish holds the record for Elmer Raymer of Ionia. The giant cat came from the Maple River in 1837. So, if you're out for a record fish in Michigan this year, there's your competition! Good luck—and you'll need it!

LOCAL NEWS

Kathy Kamradt spent last week with relatives at Midland.

Thursday July 24th is W.C.T.U. Day at Bay View.

Mrs. Lillian LaCroix is a medical patient at the Grandvue Hospital.

Marilyn Klooster and Bernard Pierce are visiting relatives at Bowling Green, Ohio.

Mrs. Wm. Zoulek is a surgical patient at the Little Traverse Hospital in Petoskey.

Mr. and Mrs. Otto Reinhart are the new managers at the East Jordan Tourist Park.

Mrs. Lavern Archer of Muskegon was a Thursday guest of Mr. and Mrs. Wm. Archer Sr.

Miss Dorothy Hayes of Independence, Missouri is visiting her friend Miss Ann Whiteford.

Mr. and Mrs. Wm. Archer Sr. were Sunday guests of Mr. and Mrs. Arthur Beales of Mancelona.

Mrs. Mable Beesinger of Detroit came Tuesday morning to visit her sister, Mrs. Elsie Gothro.

Mr. and Mrs. Fred Erfourth of St. James, Minnesota visited Mr. and Mrs. Vern Whiteford Sunday.

Mr. and Mrs. Jack McCracken of Sparta are visiting their mother Mrs. Stella Barnett and other relatives.

Margaret Archer has returned to her home here after visiting relatives at Muskegon for two weeks.

Omar Steenbergh Jr., of Van Dyke spent Friday night with his parents, Mr. and Mrs. Imar Steenbergh.

Mr. and Mrs. Robert Mackey of Grand Rapids spent the week end with their mother, Mrs. Roscoe Mackey.

Mr. and Mrs. James Wynan of Flint, Mr. and Mrs. John Casey of Detroit spent Friday night with Mr. and Mrs. Ray Gee.

If you want to buy property be sure to see Clarence Healey, Dial LE-6-7210. Salesman E. J. Real Estate Co. adv. 18 ft.

Mrs. Carlton Johnson and two sons Chuckie and Johnnie from Ohio are making an extended visit at the Wm. Zoulek home.

Mr. and Mrs. Edw. Fiola of Berwyn, Ill., are spending their vacation with their parents, Mr. and Mrs. W. L. Stanek.

Mr. and Mrs. Donald Fitch and two children of Detroit spent the week end with the latter's parents, Mr. and Mrs. Omar Steenbergh.

Have you heard that East Jordan has been selected as the place where the Semi Grand Finals of the Amastar will be held? Watch for date.

Mrs. Nancy Hurlburt has returned to her home from the Grandvue Hospital, where she was confined for several months with a broken leg.

Mr. and Mrs. Emerson Rice and son Ronald of Ferndale were Tuesday to Sunday guests of their parents Mr. and Mrs. Sherman Conway.

Mr. and Mrs. Walter Karowski, and Mr. and Mrs. Otto Saganek of Grand Rapids were Saturday and Sunday guests of Mr. and Mrs. John Saganek.

Mr. and Mrs. Ray Whitley and daughter Penny Lynn of Detroit spent the week end with the latter's parents Mr. and Mrs. Omar Steenbergh, and other relatives.

Mr. and Mrs. Tom Kiser of Cheboygan and Grandchildren Terry Lee and Lynn Ann of Rochester, visited their parents and great grandparents, Mr. and Mrs. Frank Kiser Monday.

Rev. and Mrs. Clifford Vander-Ark and three children of Everett, Washington, spent Thursday and Friday with their brother and sister-in-law, Mr. and Mrs. George Klooster and family.

Mr. and Mrs. Charles Looze and family spent Sunday at Traverse City. Their son and daughter-in-law, Mr. and Mrs. John Looze accompanied them there, where they will be employed.

Mr. and Mrs. Jack Ellis and son Jim of Lansing were week end guests of Mrs. Ann Dawson Miller at Terrace Beach. They will spend the next two weeks at the Adam Sinclair cottage on Lake Charlevoix.

Due to the absence of Rev. Philip A. Frithelme Pastor of the Evangelical Lutheran Church, of East Jordan who is on his vacation John Sella will take charge of the services Sunday evening July 20th at 8:00 p.m.

Mr. and Mrs. Helmut Hande of Hazel Park and Frank Steenbergh and daughter Dixie, also Claudia Autry III spent the week end with their parents, Mr. and Mrs. Omar Steenbergh.

Fresh Cherry Pie topped with Home Made Ice Cream with a cup of coffee to drink will be served by the Lutheran ladies at the G.A.R. Park, across from the library, on Saturday afternoon and evening, July 26th, beginning at 3:00 p.m. Come and bring the family or friends for a delicious desert. There will be soda pop for the children adv.

Only 13 present at Sunday School.

Miss Kate McDonald of New York City, N.Y., spent her vacation with her parents, Mr. and Mrs. N. D. McDonald.

Miss Orveline Bennett is home for a few days from her work at Snadow Trail Inn.

Mr. Karl Gabrielson of Detroit is spending his vacation with the E. K. Hayden family.

The community is saddened by the death of James Palmer early Sunday a.m. Left to mourn his loss is his wife and six children.

Miss Mary Hayden returned home Saturday after spending a week in Detroit.

Mr. and Mrs. Chas Arnott and 4 children are spending the week end at Port Austin, Mich. visiting the former's sister Eula and family.

Clare Loomis of the U.S. Seabee's spent the week end with his parents. He and his chum drove the latter's car home to Harbor Springs in 22 hrs. from Rhode Island. They left by plane Sunday and will leave to go to Africa Wednesday a.m.

Mr. and Mrs. Wilfred Arnott and son Jody and Mr. and Mrs. White and family from Detroit are spending the week end at Cranes Cottage visiting friends and relatives.

Haying will be finished this week. Lots of hot weather.

WEST PENINSULA... (Edited by Mrs. Wm. Gaunt)

Mr. and Mrs. Harry Frenz of Marshall spent the past week at their cabin on South Arm.

Mr. and Mrs. Earl Gill of Lansing are spending a week at their cabin by the creek.

Mr. and Mrs. Harold Burkhardt and two children and Mrs. Burkhardt's parents, Mr. and Mrs. Twiddle all of Detroit are spending two weeks at the Rustan.

Mr. and Mrs. Albert Ball of Toledo Ohio are spending their honeymoon at one of the Rustan Cabins for a week. (Many Congratulations)

The Star 4-H Ball Team beat the South Arm 4-H Ball Team Sunday with 8-3.

The neighborhood was shocked to hear of the sudden death Saturday night around 12:30 p.m. of James Palmer. His funeral will be Tuesday at E. J. at the Watson Funeral home.

Rev. and Mrs. S. Morley Preston of Saginaw accompanied with Mrs. Bertha Foishee of Washington D.C. and L. R. Johnson of Davisburg were callers Monday afternoon at the Wm. Gaunt Sr. home.

Mr. and Mrs. Earl Gill, Mr. and Eddie and their mother, Mrs. Mrs. Robt. Williamson and son Pearl Phillips spent Monday evening with Mr. and Mrs. Wm. Gaunt Sr.

Mr. and Mrs. Bill Gaunt Jr. and son David spent Sunday with their parents, Mr. and Mrs. Wm. Gaunt Sr.

Mr. and Mrs. Roy Howard and four daughters were callers Sunday at the Henry Howard home.

Cherries are getting redder every day but the last of the week there will be lots of orchards ready to be picked.

Preacher Jenkins' sermon was full of fire and brimstone. Mandy punctuated his sermon frequently with "Amen," and "That's sure tellin' 'em." She enthusiastically echoed the preacher's denunciations of lying, gambling and drinking.

When the preacher switched his his disapproval to petty gossip, Mandy eased back into the pew and muttered: "Now he's done quit preachin' and gone to meddlin'."

Council Proceedings

The Regular meeting of the Common Council was held Monday evening, July 7, 1952, at 7:30 p.m. Present: Mayor Sommerville, Alderman Bussler, Taylor, Rebec, Nemecek, Griffin, and Malpass.

Minutes of the last meeting were read and approved.

Bills were presented for payment:

E.J. Fire Department \$ 42.00
Mrs. Augusta Hayes 10.00
Consumers Power Co. 304.22
Quaker Rubber Corp. 181.00
The Grote Mfg. Co. 198.86
D. W. Clark Construction Co. 573.95

W. A. Porter Hdwe. 112.06
Harry Hammond, labor 123.20
Harry Simmons, Sal. 115.00
George Kaake, labor 98.80
Martin Decker 31.25
Grace Freiberg, Sal. & Exp. 85.75

E.J. Public Library 2,000.00
John Norton and Florence Powers 2,400.00
Mrs. Elsie Taylor 10.00
Michigan Bell Telephone 40.34
C. Blair and Sons 29.00
Benson's Hi-Speed 28.57
Union Office Supply 1.35
E. J. Co-operative 53.03
Herbert Sweet, labor 136.00
Ray Russell, labor 164.00
Joe Wilkins, sal. 100.00
Clarence Morehouse, labor 98.80
Thelma Hegerberg, Sal. & Exp. 80.00
Clyde Hipp 112.50
Jim Weisler 70.00

Motion was made by Malpass, and supported by Nemecek, that the bills be allowed and paid. Carried all ayes.

Motion was made by Bussler, and supported by Malpass, that a building permit be granted to Elmer Green. Carried all ayes.

Mayor Sommerville appointed Mrs. Isabel Sidebotham, Mrs. William Montroy, and William Porter to serve on the Library board for a term of three years July 1, 1952 to July 1, 1955.

Motion was made by Rebec, and supported by Nemecek, that the appointments be confirmed. Carried all ayes.

Motion was made by Malpass, and supported by Taylor, that the City furnish janitor service and fuel for the Public Library. Carried all ayes.

Motion was made by Rebec, and supported by Malpass, that the resignation of Clyde Hipp be accepted. Carried all ayes.

Mayor Sommerville appointed Marble Winstone, Beryl Scott, Dessie Montroy, Ida Kinsey, and Thelma Hegerberg to serve as election inspectors for the Primary Election on August 5, 1952.

Motion was made by Bussler, and supported by Griffin, that the appointments be confirmed. Carried all ayes.

Motion was made by Malpass, and supported by Rebec, that the Mayor and Park Commissioner employ a caretaker for the Tourist Park. Carried all ayes.

Motion was made by Malpass, and supported by Nemecek, that the Tourist Park be re-wired. Carried all ayes.

Motion was made by Rebec, and supported by Malpass, that after re-wiring is completed, the rates at the Tourist Park be increased from \$3.50 to \$5.00 per week. Carried all ayes.

Thelma M. Hegerberg City Clerk

Store Wheat Now To Boost Profit

This looks like a good year to store your wheat and sell later.

Clarence Prentice, Michigan State College agricultural economist, says that flooding markets at harvest time and marketing wheat while moisture content is too high are costly to farmers.

Every year since 1938-'39 the market price of wheat has advanced above the support program sometime following harvest, Prentice points out. The seasonal low price usually has been at harvest time.

The problem of low prices at harvest time is apt to be worse this year because the largest wheat crop in Michigan's history will be harvested this summer.

Due to the lack of adequate commercial storage, a larger portion of the wheat crop will be stored on farms. For successful storage, the grain bin must be in good condition before filling with wheat or other grain. It should be tight, rat and mouse-proof, clean and disinfected properly prior to use.

Wheat also should be stored containing less than 14 percent moisture. Growers should wait until the grain is dry before combining. Wheat containing 14 percent moisture or more just won't keep in Michigan, Prentice says. It spoils and becomes "sick wheat." Too much "sick wheat" moved to market from farmers' grain bins last winter at discounts as high as 50 cents a bushel.

The best after-dinner speaker is the fellow who says: "Waiter, bring me the check."

Homemakers' Corner

Home Economics Specialist Michigan State College

HOMEMAKERS PLAN MEETING AT MSC JULY 22 TO 25

Finishing touches are being put on plans for the 25th annual Homemakers' Conference at Michigan State College, July 22 to 25. Mrs. Leona MacLeod, state home demonstration leader, said the final program has been set for the silver-anniversary conference that is expected to attract 1,500 Michigan women to the East Lansing campus.

Margaret Hickey, associate editor of Ladies' Home Journal, and John Strohm, associate editor of Country Gentleman, will be featured speakers on the agenda. Mr. Strohm, who has traveled in 65 countries, will show colored, uncensored movies he took in Russia during his talk entitled, A Stronger America. Dr. Tennyson Guyer who has been called Ohio's Eddie Guest, will also give a talk, Mrs. MacLeod said.

Morning classes will be selected from a list of 20 that includes such subjects as recreation for the home, effective speaking, beautifying home grounds, photography, reading, music and gardening. Afternoon sections will be conducted on the Bible, geography in the news, safety, personality of a good leader and important developments in the United Nations. The classes will be taught by members of the Michigan State College faculty.

Mrs. MacLeod said that registration is still open for women who want to attend the conference. She urged any Michigan woman—whether she belongs to a home demonstration group or not—to get in touch with the county extension office to make reservations.

Farm Jottings

Be careful in using 2,4-D around farm ponds that are stocked with fish, warn extension specialists at Michigan State College. The carriers in which the chemical is dissolved sometimes will kill fish.

When cultivating vegetables, it's best not to go deeper than one and a half inches.

Good pasture, properly managed, will lower the amount of protein supplement consumed by hogs as much as 50 percent, according to Michigan State College animal husbandry specialists.

It pays to clean up feedlots and other places where cattle can get at small pieces of metal. Many cattle are killed after swallowing bits of metal.

It's important to get rid of weeds before mulch is applied in strawberries.

A good knowledge of sheep is essential to making a success of a sheep enterprise, say MSC extension livestock specialists.

U.S. Needs Civil Defense

TEN BASIC SERVICES FORM CORE OF HOME FRONT PROTECTION

(This is the ninth of a series of articles on civil defense, based on the booklet "The Ten Basic Services" prepared by the Federal Civil Defense Administration. It may be obtained from the Superintendent of Documents, Government Printing Office, Washington, D. C., for ten cents.)

By MILLARD CALDWELL
Federal Civil Defense Administrator

The Federal Civil Defense Administration, for the sake of national uniformity, has set up these ten basic services: Warden, Fire, Police, Health, Welfare, Engineering, Rescue, Communications, Transportation, and Staff. You can imagine what a gigantic task it will be to man these various services. Some 15,000,000 volunteers are needed for this purpose.

The backbone of civil defense is the warden service. It is the source of neighborhood defense leadership before, during, and after an enemy attack. The warden's job is to help save lives and property. Before an emergency, his main duty is to help people prepare; during an emergency, he conducts people to safety; after the emergency, he helps restore order.

Wardens must be volunteers, well known and respected in the community, whose leadership will be accepted by their neighbors and fellow workers. As a general rule, each warden post will be responsible for a residential block or factory area where about 500 people live or work. Several wardens may be assigned to such a post.

They will teach people how to protect themselves, instruct them in civil defense regulations, distribute civil defense information, keep lists of the people in their charge, and gather information about buildings and equipment in their neighborhoods.

Their records will include the home address, age, and physical condition of all persons in their charge. They also should know which people need special care and how to get in touch with their relatives and friends.

Other Important Duties
Wardens have other important duties too. If a warning sounded, they would conduct workers or the occupants of buildings to shelter areas. They would have the responsibility of helping to prevent panic among the population, rendering first aid, and performing light rescue duties. If needed, they would help other services to fight fires and clear debris.

They also would help restore the orderly life of the community immediately after an enemy attack. They would take a roll call of all people in their areas. If anyone were missing, or needed nursing or medical care, they would report the facts at once to the control center.

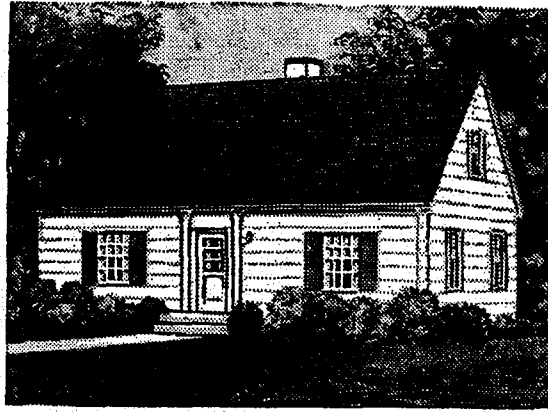

The warden service works directly with individuals, families, neighborhoods, and employee groups. It is the link between the specialized civil defense service and the people.

Women Have Important Role
Women must play an important part in the warden service. This is especially true of housewives, for most women are at their home posts day and night. Usually they know their own neighborhoods better than men can ever know them. Women should interest themselves in the warden service as a first step in the organization of civil defense for their neighborhoods.

Outstanding men and women who can assume responsibility are urged to volunteer for the warden service.

(The next article will discuss other civil defense services.)

PREPARE YOUTH TO MEET GOD

TEACH YOUTH CHRISTIANITY IN THE HOME

No home can be strong without God and religious influences to guide the lives and shape the characters of its members. When children grow up strengthened and sustained by faith in God and by right living, they become the job of their families and strength of the state.

The little home pictured above, nestling in the hills of a great countryside, is one of the most typical things in America. From homes like this, scattered throughout the land, have come the moral strength and inspiration to build the greatest nation on earth.

Man's rise from primitive conditions to a high state of civilization has been coincident with the development of his family and the growth of his religious concepts. His noblest traits, his finest impulses, his fundamental skills and his most salutary habits have come from homes that were activated by religious faith. Teach children christianity in the home.

The Servicemen's Letter

Hi Fellas:

Does anyone have any information about Marvin Frank? His paper was returned to him at Lake Charles AFB, Louisiana marked Unclaimed. His last old address was Randolph Field, Texas. If anyone has a new address for him please forward it to me.

We presume that Dick Misner is back on duty this week at Mitchell AFB in New York. He was home on a 10 day furlough and was supposed to report back to the Hdqs Sqdn CANAC this week.

A new man on our list this week is Bob Graham. He enlisted in the armor about July 10th and is now in Camp Chaffee, Arkansas starting his basic. I've been informed that Dick Somerville enlisted along with Bob but do not have an address for Dick as yet. Bob's address is: Pvt Robert C. Graham, RA 16 417 451, Co D, 80 Hvy Tk Bn, 5th Armored Division, Camp Chaffee, Ark. Bob — if you get a little lonesome and have some time to spend you can find Normal Beal over in Btry B of the 95th AFA Bn — Jim Pollitt is in Co. C, 81st Med Tk Bn, and Jim Russell is in that same company with Jim Rollitt. I hope you men can get together and have some fun.

Do any of you men know Claude McGeorge? I do not have him on my list — possibly because he lived most of his life in Boyne City. Anyway — here is an article about him from the Army Home Town News Center at Kansas City, Missouri: "With the 2nd Infantry Div in Korea — Pvt Claude C. McGeorge of East Jordan, Mich., is serving with the 2nd Infantry Division in Korea. The division was one of the first to fight in Korea and gained fame last fall by its conquest of 'Heartbreak' and 'Bloody' ridges. Pvt McGeorge is serving as a rifleman with his unit in the division."

If anyone knows Claude's address and believes that he would like to receive this paper, send me his address and I'll see that he gets it.

We have two cancellations this week. There was a card in my mail from Danold Danforth who has been in basic in Fort Riley, Kansas. This card gave instructions to withhold mailing of all further copies of the paper until a new address was forthcoming. Do you suppose he is following the path of the other men who finished up at Riley — Virginia Hills and then Fort Devens?

Ed Drapeau dad told me to cancel the paper for Ed temporarily as he was moving. They don't know as yet to where he'll probably have that for you next week.

CONGRATULATIONS — to Ralph (Johnny) Scott over in Germany and to his wife here in the states. She presented him (in his absence) with a new baby this last week. We can all imagine that Johnny can hardly wait until next January comes when he will be home again and with his family.

The last anyone heard from Joe Hammond was that he was in the Mediterranean — at Naples. I sure would like a letter from you — Joe.

We've finally come too and discovered that Glen Persons is over in the Mediterranean area somewhere and switched his name over to the Air Mail List.

Incidentally — Joe is on the

USS Aucilla and Glenn is on the USS Botetourt in case any of you other men over there happen to see those ships.

A new man around Norfolk this summer is Jim Nachazel. He's there on duty with his N.R.O.T.C. unit for the summer months. His address is James W. Nachazel, Midn, USNR, NROTC, 2nd Regiment, 1st Bn, 1st Co, Naval Amphib. Base, Little Creek, Norfolk, Virginia. Let's see — Bud Cummins is still aboard the USS Minos at Little Creek. Do you men know each other?

Well, that's sort of short — but I guess I had all the news last week.

So Long, "Jake" Snyder

FARM FACTS
from your
County
Agricultural Agent
Ed. Rebman, Co. Agr'l Agent

"Your shade trees may need water during dry spells this summer," says Ed Rebman, county agricultural agent. He has some suggestions for watering them.

He says that if you water your shade trees too often it may make the soils so wet they keep air from the roots. This is harmful. The amount of watering a plant should receive will depend upon the amount of moisture present in the soil. If the soil appears to be dry, water should be applied over the root areas with a slow stream. The watering should extend over a long enough period of time to thoroughly moisten the soil to the depth that the roots extend.

A period of 10 days to 2 weeks should then lapse before watering may be necessary again, the county agent says. He adds that Bill Love, extension forestry specialist at Michigan State College, suggests using a crowbar, soil auger or similar tool to punch holes 6 to 8 inches to help move the water and air to the roots of large trees. These holes should be made at about 2 foot intervals throughout the area under the spread of the branches.

"Around newly-transplanted trees and shrubs the soil should be lightly cultivated with a hoe to keep down weak growth and conserve moisture by preventing drying and cracking of the soil. A light mulch of decomposed saw dust or straw about 2 inches deep will aid greatly in keeping the soil moist and cool," the county agent says.

Feed Chicks In Shade Guest Ministers In the

To keep poultry eating and gaining, Michigan State College poultrymen advise farmers to put feeders in a shady spot.

Good, weatherproof feeders will encourage proper feeding, reduce waste and help prevent contamination. Possibly even more important than shade for feeders at this time of year is the water supply. Plenty of fresh, clean water also should be made available in a shady location, the poultry specialists urge.

At Our Tourist Park

The telephone recently was changed over to the dial system, and as this is a pay phone the number does not appear in the telephone book, but in case you care to call the park the number is — LEON 6-9211.

Little Billy O'Connor, one of our youngest guests in the park is celebrating his birthday this week Wednesday, July 16th. He is now a two year old.

Five families have checked out this past week, they are Mr. and Mrs. Barney Noorman and two sons of Grand Rapids; Mr. and Mrs. Milton Surdam and family of Grandville; Mr. and Mrs. Paul Witte of Grand Rapids; Mr. and Mrs. Frank Robinson and three children of Belding and Mr. and Mrs. Edward Filer of Flint to spend awhile at Elk Rapids.

Those who have enjoyed the park or are still enjoying it this week are the Bernard Taskers of Bellevue, Mich.; the Jerry Steinforts of Calendon; Mr. and Mrs. H. Brower and family, and Mr. and Mrs. Wm. Selvis and family, all of Grand Rapids and Mr. and Mrs. James Winons and family of Flint, Mich.

Mr. and Mrs. Leo Adams and family have returned to Davison on business for a week, also Mr. and Mrs. Alfred Pierson and Mr. and Mrs. Eugene Shangle of Sparta for the same reason.

Clyde Hipp who has been the caretaker in the park so far this year is not serving in that capacity now, Mr. and Mrs. Robinson are carrying on temporarily, and will try to serve the public as best they can until new caretakers take over.

The Usher trailer was brought into the park last Saturday, and Sunday morning it was occupied by the Misses Janet and Joan Usher, Beth Ulrich and Carol Fahling, all of Sparta, Janet, Joan and Beth are formerly of Petoskey.

Mr. and Mrs. Edward Voss of Ypsilanti drove into the park one day this week to see what the old place looked like as they were in as tenants several years ago when the Merediths were quite new on the job as caretakers. They had just returned from the west coast, and have their trailer parked at Petoskey taking in some of the Scenic.

We were happy to entertain a fine group of girls and their sponsors over night Wednesday. Eleven members of the Y-teen Club of the Y.W.C.A. and their Teen Age director, Miss Betty Desher and her room mate Miss Shirley Allen rode into the park on their bikes single file. Their trip started from Jackson where they left by train, shipping the bicycles with them, to Cheboygan, from there they rode to Mackinaw City, and crossed over to the Island, from Mackinaw City they pedaled their way to Cross Village, there it began to rain, thirty-two miles that day they rode in the rain to Petoskey. The weather wasn't enough, but they had a flat tire, which was really ruined, and also a broken axle to boot. They left Petoskey Wednesday morning arriving in East Jordan in the late afternoon (they likened the pavement between the two cities to a roller coaster) after preparing their night quarters (Rec. building) and refreshing themselves, they again left on their wheels to find a place to eat, and later were taken out to the Richard Malpass cottage, where a group of young folks gathered for an informal evening, marshmallows and pop were enjoyed around a camp fire. Next morning preparations were made and they took off for Rapid City, then on to Traverse City where a truck was waiting to take them to their homes in Jackson. Their only casualty so far was a skinned knee. Our park and our city are always glad to welcome such nice well-mannered and fine moral young folks to visit us, and we do hope they will plan to come again.

The community dances have again started in the Rec. building. The first one was held this week Thursday and will continue every Thursday through the summer. The crowd wasn't as large as last year, but the first night is never so large, but will get bigger, as time goes on. Due to the high water it has made parking difficult, but we will all try to co-operate and do the best we can. The same orchestra composed of Mrs. Acitelli at the piano, Clarence Carney with his fiddle and John Malpass on the drums along with Carl Bergman as caller furnish the music for dancing. Betty Robertson, Mary Malpass and Parker Seiler are on hand as chaperones.

Again Mr. Barber came through the park on Wednesday with the spray truck, and sprayed all over with D.D.T.

The Klooster families got together in the dining hall on Friday Eve., for dinner, those present were 88 year old Mrs. Kata Klooster, Mrs. Maggie Klooster, Mr. and Mrs. Jake Klooster and daughter-in-law Betty, all of Ellsworth, Mr. and Mrs. Clifford Vander Ark, and sons Corwin, and Jimmy from Everett, Wash., and Mr. and Mrs. George Klooster, and children Kay, Carol and Ronald, Mrs. Vander Ark is a sister of George Klooster.

Pete Hammond with the city truck brought several loads of fill dirt in Friday and is trying to make the yard between the Rec. building and Caretakers cabin more passable.

The reason the flag hasn't been up for a few days is because the rope broke and the pole had to be lowered and a new rope attached. We missed Old Glory flying at the entrance for a few days.

Mr. and Mrs. Joseph Trudell and three daughters former tenants in the park spent Friday evening with the Robinsons before leaving for their home in Detroit Saturday.

The Raymond family left our park on Saturday for Peach Lake then on to Bay City State Park. Another family to leave for home Saturday was Mr. and Mrs. Denno and family and her parents who returned to their homes in Saginaw. Vacation ended for the Cull family too of Flint who have been tenting for a few days here.

Well, when this column was in the making it looked like the park had no permanent caretaker but now it seems that we have as Mr. and Mrs. Otto Rhinehart plan to take over the duties this Tuesday, July 15th. They are local people and are well known in the city, and we wish them luck in their new job.

Mr. and Mrs. Glenn Wheeler and children Glenda Lou and Dickey of Mt. Morris arrived Saturday Eve. to spend a week tenting in the park, and visiting Mrs. Wheeler's brother and sister-in-law, Mr. and Mrs. Jess Robinson.

Harvey Pangborn of Midland spent the week-end with his family, their daughter and son-in-law, Mr. and Mrs. Arthur Sytek and daughter Alana of Flint were also up for the week-end.

A large family gathering took place during the afternoon and evening when the following families got together for a co-operative dinner and supper, Mrs. Lola Buthree of Portland, Ore.; Charlie Smith of Roseburg, Ore.; Mr. Bert Smith of White Salmon, Wash.; Mr. and Mrs. Dan Sinclair and children, Steve and Jana of Lansing, Mr. and Mrs. Jack Coward and daughter Jony of Chicago, Mr. and Mrs. Marvin Rubingh and children of Mt. Pleasant, Mr. and Mrs. Robert Johnstone, Mr. and Mrs. John Peebles and children, Mr. and Mrs. Ken Peebles, Mrs. Addie Peebles, Mrs. Anna Johnstone, Mr. and Mrs. Klon Johnstone and Karen and Bobbie, Miss Pauline Reibel, Wm. Smith, all of Ellsworth, Mr. and Mrs. Walter Kemp, Mr. and Mrs. J. M. Ingalls and son Ira, and Mrs. Alex Sinclair, all of East Jordan. Mr. Sinclair being hospitalized was unable to attend.

Mr. and Mrs. Alfred Pierson returned from Sparta to their trailer Sunday to spend more vacation in the park.

Mr. and Mrs. Millard Wagner pulled out real early Monday morning for Traverse City to get all set for the Tin Can Tourist Convention opening there soon. Mr. Wagner is one of the board directors. They plan to return to our park in a month, when the convention is over.

We had two un-ordinary sights Sunday, in the forenoon a beautiful yacht glided in near our beach and anchored, and the 'crew' took a dip, they must have really enjoyed it as they paid us a nice long visit, then in the evening the blimp was seen floating around overhead.

Mr. and Mrs. Cassimer Richard are entertaining the latter's sister Mrs. Nora Thompson of Flint for an indefinite visit. Mr. Thompson's son-in-law and daughter, Mr. and Mrs. Hugh Jack and little friend Jerry Richmond, and the Richard's nephew, Mr. and Mrs. Gordon Stephens and two sons all of Flint spent the week-end with them.

A gathering in the form of a picnic was held Monday evening in the dining room when the Sunday School classes of the Pentecostal Faith Church taught by Mrs. Myrtle Hart, Mrs. Beatrice McWatters and Mrs. Nina Kiser took place, about 30 attended.

Three more trailers arrived this week Monday, Mr. and Mrs. Kenneth Lemon and daughter Ruby of Grand Rapids, Mr. and Mrs. Austin Lemon of Grand Rapids, Mr. and Mrs. Austin Pilsioville and Mr. and Mrs. James Garier of Silverwood, Mich.

Another group of boys, 18 in number and three sponsors arrived in the park Monday afternoon. This group was from the Fairwood boy's camp on Torch Lake, the ground being so cold and damp we housed them all over in the recreation bldg. Tuesday was not a very good day for canoeing as

the wind was too strong so they spent part of the day with us.

Marshall Koontz and son Celles came Saturday from Detroit and returned home Monday, taking his family, but they left their trailer; so we know they will be returning.

Several of the park folks have been busy picking berries the last few days.

Mr. George King and son of Sparta are spending a few days in the park. This brings the total of nine families from Sparta who come to visit and spend time at our park.

This week we have twenty trailers and two tents in the park. Mr. and Mrs. Austin Lemon who are vacationing in the park are celebrating their golden wedding anniversary this week Thursday, July 17th. Mr. Lemon has been very ill since their last vacation here. We are all glad he is back with us again. The park and all their friends wish to congratulate them, and wish them many more happy years together.

(Delayed)

postponement, but he also did some fancy stepping around himself to the tune of "Hokey-pokey".

The Hawley — Livingston reunion was held Sunday with a picnic dinner around the outdoor table. Those attending were Mrs. Ida Laughery of Baltimore, Md., Mrs. Ruth Cook, and Mrs. Grace Murry of Tawas City, Mr. and Mrs. James Laughery and family, and Alvin Borst of Alba, Wm. Borst Jr. of Tustin, and Mrs. Leo Norton and daughter Judy of Gaylord.

Mr. and Mrs. Lloyd C. Stewart and son Denny spent the holiday day week-end with their parents at Ludington and Carrs, Mich.

Donald Raymond came Thursday Eve. from his home in Midland to be with his wife and children who are vacationing in the park, he returned to his work Sunday.

Mr. Carl Koch and Clifford Walker spent part of the week at their homes near Hart.

Mr. and Mrs. Denzil Wilson and their family were entertained in the park with a family gathering and picnic dinner on the dining room porch Sunday afternoon. Besides Mr. and Mrs. Denzil Wilson there were Mr. and Mrs. Wm. Drenth and three children of Grand Rapids, Mr. and Mrs. Milton Richardson and three children of Norwood, Miss Ruth Wilson, and Beverly Young and daughter of Grand Rapids, and Mr. and Mrs. Ed Wilson and two children of the park.

Saturday the class of '35 held their first re-union in the Rec. building, write-up appears elsewhere in this paper.

Mr. and Mrs. John Carter of Ferndale left Thursday for Traverse City to attend the T.C. Convention which will be held there this month.

Ed Wilson had the misfortune to sprain his ankle one day last week while at work, he jumped to avoid being hit when a tree fell, and twisted his ankle so that he has had to hobble around these days part of the time on crutches.

The work on the laundry room is progressing, won't be long before the blocks are all laid, and ready for the roof.

Mr. and Mrs. Robert Wildfong and two children of Manclona spent Sunday with the formers brother-in-law and sister, Mr. and Mrs. Marshall Koontz and family.

Mrs. James Meredith spent part of the day of the 4th in the park, meeting friends and re-newing acquaintances she joined a pot-luck dinner with a few of the old timers. We were all so glad to have her with us.

Recent guests at the Pangborn trailer home were Mr. and Mrs. Frank Mathers of Boyne City, Mr. and Mrs. Frank Wales of Charlevoix (formerly of East Jordan) and Mr. and Mrs. Clayton Pinney and family. Janet Pangborn returned to spend a few days with the Pinneys, other guests were Mr. and Mrs. Arthur Sytek and daughter, Alanna Gail of Flint, Mrs. Sytek is a daughter of the Pangborns.

POINTS GIVEN FOR BUYING GLASSWARE

Whether it is every-day drinking glasses or fine crystal goblets you are thinking about buying, it is well to know the abc's of glassware, contends Geithel Winakor, of the Michigan State College textiles, clothing and related arts department.

There are three kinds of glassware, in general, and Miss Winakor describes the outstanding qualities of each. The majority of glass on the market is lime glass that is tough and low in cost. Probably 80 to 90 percent of the glass manufactured is lime glass used not only for table ware, but

also for windows, structural glass and mirrors. Lime glass is formed and shaped by a machine, Miss Winakor said.

Heat-resistant glass is another type, and includes the oven and flame ware. Boron compounds compose the chief chemical element of heat resistant ware. Miss Winakor cautioned homemakers to use oven ware in the oven only—flameware is the only safe glass to use oven direct heat.

Lead or flint glass is the most costly and beautiful. It contains red oxide of lead and if that element makes up as much as 25

percent of the chemical composition, the glass is called crystal. Lead glass is often handblown. An extremely brilliant, clean kind of glass, it can be easily cut and so lends itself to fine engraving. However, lead glass also scratches more easily than lime glass, and should be handled with care.

While lead glass is the most beautiful, it is the least durable. Miss Winakor advised homemakers to buy heat treated lime glass for every-day use.

Big shots are usually small shots who kept on shooting.

Faded Ink

1952 Model

Only two days old when snapped by the conservation department photographer, this fawn stands none too securely as it tests wobbly legs. Fawn dropping period has passed a peak, however a few does will give birth to fawns during July and an occasional fawn will show up as late as September. Thick forest vegetation aids animal concealment.
