"Red Devils" Chalk Up Second Conference Win By Downing Harbor 50-38

Christmas Program At The United Missionary Church

The public is most cordially invited to attend the Christmas exercises at the United Missionary Church on Sunday night, December 21, at 7:30 p. m. The theme of the program is "Christmas Peace".

Christmas Activities at Evangelical Lutheran Church

Sunday School Christmas party and program rehearsal will be held at the church, Saturday, Dec. 20, at 2:00 p. m. We urge everyone to be there for the rehearsal.

Our Sunday School Christmas program will be given, Sunday, Dec. 21, 8:00 p. m. The title is "The Secret of Christmas." The program centers around a mother who is trying to impress her children with the true meaning of Christmas. In order to do this she takes them to the Sunday School Service so they can hear the real Christmas story which includes the Prophecy, The Nativity, Adoration of the Shepherds and Adoration of the Wisemen. These parts are to be portrayed by the Sunday School girls and boys. Mr. Fred Stecker will accompany on the Hammond Organ.

Christmas Church Service will be, Friday, Dec. 26, 8:00 p. m. with Pastor Phillip A. Frethem giving the sermon.

Hymn Sing, Sunday, Dec. 28, 8:00 p. m. in the church annex, followed by Social Hour and refreshments.

The congregation will honor new adult and teenage members at a New Year's Eve Party and Candlelight Service at the church annex, Wednesday evening, Dec. 31st.

The Ladies Aid will meet at the Church annex, Tuesday, Dec. 30, 2:00 p. m. for regular monthly meetings. Please note change in date. Bring a 25c gift to exchange.

Jordan Ski Club To Run Tow

Preparations have been made to resume operation of the ski tow at Mt. Nebo this winter. It is expected that the tow will start on Sunday, December 21. There is some weed cutting to be done before the slope is in order.

During the summer, vandals destroyed the floodlights and damaged the wiring, but repairs are being made.

Again this year, there will be no charge for the use of the tow, but all winter sportsmen are urged to join the club. Annual dues are: Under 16 — 50c; Adults — \$1.00; Family — \$1.50. Membership cards can be purchased from present members.

Legion Auxiliary Chairmen Report At Meeting Dec. 9

The Legion Auxiliary Unit 227, held their business of the month, Tuesday, Dec. 9, at the Legion Home. Peggy Thomas, Community Service Chairman, reported she had turned the responsibility of getting the dolls for the Christmas boxes dressed to Rhea Thomas. Rhea did a very fine job and found that there were more women wanting to dress dolls than there were dolls. The Auxiliary is very grateful for the splendid response received in this part of the program. Edna Wilkins, Civil Defense Chairman, thanked the girls who helped her in registering people for this work. She also thanked Peggy Burns who, although not an Auxiliary member, donated her time to this program. Unit 227 sent two Christmas gifts to the Gaylord Sanatorium in accordance with the Lower 11th District Hospital work.

The membership contest was won by Lillian Bennett, with her team turning in 51 members for 285 points, and Hilda Bathke, the losing captain, with 30 members and 150 points. It is up to the losing team to entertain the winners at some future date. Lillian Bennett thanked the following girls for their assistance in writing members for her team: Helen King, Marie Woodcock, Peggy Thomas, Margaret Kenny and Eva Peterson. Hilda also thanked Mary Lou Breakey and Eva Peterson for the help they gave her.

Peggy Thomas reported the following contributions to the Community Christmas Fund. Previously reported — \$152.00
Edith Swafford — 2.00
Mary Martha Class — 5.00
LaVera Ingalls — 1.00
Hattie Kaake — 1.00
Lutheran Ladies Aid — 5.00
Clance Griffin — 5.00
Jasmine Rebekah Lodge — 5.00
Legion Benefit Party — 181.73

Total \$357.73

The committee will start packing baskets Thursday night and will be working every evening until they are completed and anyone who would like to help is welcome to drop in and lend a hand. There will be a window display at the Quality Food Market to show the people of the community what will go in the boxes and what their money is spent for.

Next Auxiliary meeting will be, Tuesday, December 23, at which time the evening will be spent in putting the last minute touches to the boxes. Helen King, Rehabilitation chairman, will have charge of the refreshments. Be sure and attend.

Jordan Township Tax Notice

I will be at Mill's Barber Shop, Saturday December 20 and 27. FRANCIS NEMECEK, 51-1 Treasurer

Coach Gayle Saxton's "Red Devils" chalked up their second conference win of the season here Tuesday night of this week by downing a visiting Harbor Springs High School quintet 50 to 38 in a hard fought contest.

The Jordanites, paced by Warren Frank's 21 markers, started slowly in the Harbor encounter. Neither team scored until midway in the first stanza, when Evans' free toss broke the ice and started the Jordanites on their way to victory. Although leading all the way, the Jordanites were constantly pressed by the determined Harbor Springs quintet, that was seeking its first triumph of the season.

Pifer, Harbor junior, led the visitors in scoring with 11 points, followed by Chingwa with 8 and Granstra with 6.

Eleven men got into action for the Jordanites as the locals lost a pair of starters via the foul route. Tomorrow (Friday) night the locals will travel to Gaylord where they meet the undefeated "Blue Devils" on the spacious Gaylord court in the final contest for each team until after the Christmas and New Year holidays.

LOCALS ABSORB 48-36 TRIMMING BY RAYDERS

East Jordan High School broke even in a pair of conference cage contests played during the past week. Last Friday the Jordanites traveled to Charlevoix where they absorbed a 48 to 36 trimming dished out by the always powerful Rayders. The "Red Devils" came back strong on Tuesday evening to this week to take a hard-earned 50 to 38 win over a hard-working Harbor Springs High School quintet.

The locals jumped into an early lead in the Charlevoix encounter and were leading 14 to 7 at the close of the first period and 24 to 21 at halftime. The Terrill coached Charlevoix machine came back strong in the last two frames to overcome the local lead and go on to victory.

Paced by forwards Davenport and Bennett with 18 points and 17 points respectively, the Charlevoix outfit along with Gaylord are to be considered favorites to battle it out for the conference crown. Mancelona may be the dark horse of the conference race this year however as they have a number of veterans back from last winter's aggregation.

Warren Frank, senior forward, topped the local scoring efforts with 14 points on six field goals and a pair of charity tosses.

Instead of having an arm-paralyzing session of Christmas card addressing, do a few each day. Michigan State College home management specialists suggest this method of easing the usual Christmas tension.

Cut the Christmas tree slantwise about an inch above original cutting and put it in water the minute you get it home. That will make your tree green and fresh longer, advise Michigan State College extension foresters.

Electric Energy Costs Being Studied By MSC Specialists

Electric energy costs are being studied by Michigan State College's Agricultural Extension Service and two farm families in Northwest Michigan. Mr. and Mrs. George Klooster of East Jordan and Mr. and Mrs. Gerrett Drenth of Ellsworth have had separate meters installed on their home freezer, refrigerator, range, water heaters, water pump, and house lights. In the barn there are meters on the milking machine, the milk cooler, the milkhouse water heater. Local power suppliers have cooperated by furnishing meters, and supervising their installation.

The home water heater was the largest user of electric energy. It used, in one month, 254 KWH on the Klooster farm and 235 on the Drenth farm. The home freezer, in contrast, used only 46 KWH at Klooster's, 40 KWH at Drenth's. The electric stove at Drenth's used 108 KWH, at Klooster's 74. Klooster's also used a coal range for part of their cooking.

In the barn some of the differences in electric use shows itself. Klooster's 8 can milk cooler used 242 KWH to cool 9243 lbs. of milk. Drenth's 4 can cooler used only 82 KWH to cool 12,900 lbs. of milk. The milkhouse water heater at Klooster's took 116 KWH, at Drenth's 146 KWH. The milking machine at Klooster's used 44 KWH, at Drenth's 21 KWH. Klooster also has an automatic barn cleaner, which moves the manure direct to his spreader, using 22 KWH for the month.

Winning first prize for efficiency was the machine at Drenth's. It did the washing with 4 KWH. Reports of this electrical use will be made monthly, Ed Rebman, county agricultural agent announces.

The annual meetings of the dairy association in Charlevoix and Antrim counties will be held the first week in January, Ed Rebman, county agricultural agent, stated. The first will be the annual meeting of the Boyne City A. B. A. This will be held at the agricultural room of the Boyne City High School on Monday evening, January 5 at 8:00 p. m. The main part of the program will be the showing of the new film put out by the State Association. Three directors must also be elected at this meeting.

The annual meetings of the Antrim-Charlevoix A. B. A., the Charlevoix-Antrim Dairy Herd Improvement Association and the Antrim-Charlevoix Red Dane Breeders Association will be held on Tuesday, January 6, at the Ellsworth Community Hall from 10:00 a. m. to 4:00 p. m. In addition to the business meetings there will be the new artificial breeders film and George Parsons, dairy specialist and Karl Wright, farm management specialist, to present some discussions.

The Kewadin A. B. A. will meet the following afternoon on Wednesday, January 7 at 1:30 p. m. in the Milton Town Hall. George Parsons and Karl Wright from Michigan State College will also be the speakers at this meeting. Folks are invited to hear these speakers whether they are members of the association or not.

December Is Hazardous Month

Sgt. Harold Moore, commander of Gaylord State Police post, is reminding motorists and pedestrians that December is not only a happy, but also an extremely hazardous holiday month.

Because of this police agencies throughout the state are taking part in a special safety campaign emphasizing the importance of extra caution.

"A deadly combination of traffic hazards," Sgt. Moore said, "makes walking and driving especially dangerous. In fact, with the unfavorable weather, longer periods of darkness and the general holiday rush and celebrating December is regarded as one of the deadliest months of the year. On the basis of miles traveled, it is definitely the deadliest.

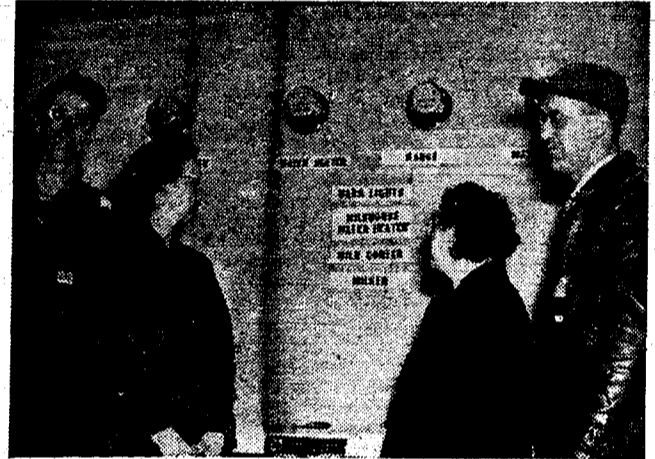

"During the past five years nearly 82,000 December traffic accidents have occurred in Michigan. They resulted in 752 deaths and 18,973 injuries.

"While there is nothing anyone can do to prevent unfavorable weather or darkness, everyone can avoid being careless if they really try. When walking or driving, allowances should be made for prevailing conditions. Alertness can prevent many tragedies.

"The fact that December should be the happiest, not the deadliest month of the year should cause everyone to work hard at making the holiday season safer for all."

Check for defective wiring or connections around the Christmas tree. When selecting a place for the tree it is best to stay away from curtains or draperies that might ignite easily, advise Michigan State College safety specialists.

Kloosters and Drenths Study Meter Readings

Mr. and Mrs. George Klooster are visiting the Gerritt Drenth's in the above picture to study the meter readings on their electric appliances. Shown here are meters on the home freezer, range, water pump and water heater.

Funeral Rites for Eulalie Hipp Local Resident Fifty Years

Sr. Mary Reginald Ex-Teacher, Dies

Sister Mary Reginald, 76, of the Dominican Jane Reynolds of Pierson, died Tuesday evening, Dec. 9th, in St. Mary's Hospital, Grand Rapids.

Don't forget the Band Concert tonight (Thursday) at the High School Gymnasium at 8:00 p. m.

Second Grade — Agnes Johnston
The lovely Christmas tree for our room was furnished by Thomas Breakey. We are bush making hand-made trimmings for the tree.

Monday, during our language period we wrote a "thank you" letter to Mr. and Mrs. Breakey, thanking them for the beautiful tree.

We expect to have a nice Christmas party this Friday afternoon. We will exchange gifts. Linda Healey and Peter Zoulek will decorate the boxes to hold the gifts.

Last Thursday, Dec. 11, Sharyn Sinclair celebrated her eighth birthday. Sharyn treated her class friends to beautifully decorated cookies in the shape of pine trees. We made birthday cards and sang the birthday song to Sharyn.

Maryllyn Hughes and Linda Healey celebrated their birthdays

together Monday. Mrs. Hughes and Mrs. Healey served us ice cream, cake and candy. We thank both mothers for a wonderful party. We helped with the party by making birthday cards for Maryllyn and Linda.

We will see a Christmas movie Friday morning.

Third Grade—Adeline Bowerman
We are grateful to Roger Clark and his father for furnishing such a lovely tree for our room. We decorated it on Friday so we can enjoy it all this week.

Edward Campau treated his classmates to lovely cupcakes on Tuesday in honor of his ninth birthday. He entertained several close friends at his home after school.

Jane and Jean Graham are happy that their brother, Bob, will be home for the holiday season.

We have a Nativity scene set up in the hall of our building using the characters which Mrs. Meta Robinson painted for us last year.

**Christmas Seals
A Priceless
Christmas Tradition**

When a gentle-hearted Dane, a postal clerk of no material wealth, conceived the idea of selling a special decorative stamp at Christmas time to raise money for a children's hospital, he started something which was to win its way into the hearts of people everywhere.

For from the "flower that grew in Denmark" now nearly 50 years ago—from Einar Holboell's beautiful dream—came the American tuberculosis Christmas Seal, as well as the Christmas Seals sold in foreign lands.

In this country, the seals with the red double-barred cross have become one of our priceless Christmas traditions. Of the money raised here in 1952, most of it remains right in Michigan, to do battle with tuberculosis. Six per cent is allocated for the nationwide campaign.

Through Christmas Seal purchases, families help in the saving of Michigan lives from tuberculosis. The seal represents a true expression of our Christmas observance.

"To give is to receive."

**5th Annual Meeting
Soil Conservation
Wednesday Jan. 21**

The fifth annual meeting of the Charlevoix Soil Conservation District was planned at the regular meeting of the board of directors last week, Ed Rehman, secretary of the district, announced today. The date of the meeting is Wednesday, January 21. It is Boyne City's turn this year to have this meeting and it will be held at the high school. In the past the meeting has always been an evening meeting but the directors thought they would like to try an afternoon meeting.

The program will start off with the showing of some county movies at 2:00 p. m. The business meeting will be handled by chairman Clayton Healey from 2:15 to 3:00 p. m. During that time Lyle Peters, chairman of the election committee, will handle the election for two directors. The terms of Clayton Healey and Norval Korhase have expired and the names of four nominees will be placed on the ballot. Additional nominations will be received from the floor.

The speaker for the afternoon will be Casper Blumer, county agricultural agent of Alcona and Osceola counties. Cap Blumer has been working for a long time with legume seed production, trench silos, grass silage and an improved pasture program. He will have a nice set of slides to show at the meeting. Everyone and their wives are invited to attend.

The lovely Christmas tree for our room was furnished by Thomas Breaky. We are bush making hand-made trimmings for the tree.

Monday, during our language period we wrote a "thank you" letter to Mr. and Mrs. Breaky, thanking them for the beautiful tree.

We expect to have a nice Christmas party this Friday afternoon. We will exchange gifts. Linda Healey and Peter Zoulek will decorate the boxes to hold the gifts.

Last Thursday, Dec. 11, Sharyn Sinclair celebrated her eighth birthday. Sharyn treated her class friends to beautifully decorated cookies in the shape of pine trees. We made birthday cards and sang the birthday song to Sharyn.

Marylyn Hughes and Linda Healey celebrated their birthdays

together Monday. Mrs. Hughes and Mrs. Healey served us ice cream, cake and candy. We thank both mothers for a wonderful party. We helped with the party by making birthday cards for Marylyn and Linda.

We will see a Christmas movie Friday morning.

Third Grade — Adeline Bowerman
We are grateful to Roger Clark and his father for furnishing such a lovely tree for our room. We decorated it on Friday so we can enjoy it all this week.

Edward Campau treated his classmates to lovely cupcakes on Tuesday in honor of his ninth birthday. He entertained several close friends at his home, after school.

Jane and Jean Graham are happy that their brother, Bob, will be home for the holiday season.

We have a Nativity scene set up in the hall of our building using the characters which Mrs. Meta Robinson painted for us last year.

If G. Mennen Williams is reinstated as governor by the recount, there may be a truce flag in the offering.

For four years now our Democratic governor and his Republican legislature have been bumping heads over a tax program. The lawmakers won't accept Williams' corporation tax program. Williams won't sit still for the Republican loophole plugging plans of the legislature.

The result is a \$65,000,000 deficit. The state is broke. Now that Auditor General John B. Martin has announced publicly that the state will be able to meet only half of its \$40,000,000 payments to local school districts in January, all hands recognize a financial crisis of the first magnitude has finally arrived.

Bickering and haggling will benefit neither side, as the last four years have determined. The hour of action is upon us. But how can the governor and the legislature compromise their opposing tax views?

As soon as the recount is over, Williams—if he winds up again in the gubernatorial chair—is expected to take the lead in suspending hostilities.

He is sure to thump again for a corporation tax as the simplest solution to the money problem. But he may offer Republicans a chance to offer a better answer—so long as it is not a personal income levy or a nuisance tax on soda pop, motels, etc.

It must be remembered that four years ago when the corporation tax was first proposed, many Republicans favored it. Confident of its passage the governor then began pounding the drum on Democratic achievements and expounding on what the Democrats were "doing for the common man".

The Republicans voted against the bill and have continued to do so since.

The Republican plan of tightening existing tax laws and plugging a few loopholes was stymied by the Williams veto.

But now in this great new era of enforced co-operation, Williams may well suggest a combination of the Democratic-sponsored corporation profits levy and one or two other revenue ideas suggested by the Republicans.

What happens after that appears to be up to the Republicans. Will they accept the compromise or again defy the governor?

If the governor does make a serious effort to restore harmony in our politically-split state government, Republicans might well take another look at his program. They may find him ready to meet them half-way in working out some acceptable money-raising program.

Such a compromise won't be easy. Too many harsh words have been tossed about in the last four years. But an attempt—any attempt—at compromise is encouraging.

Although the results of this year's three-day open season does have not been properly tabulated and evaluated, it would appear that the conservation dept has been right all along in its battle for discretionary powers to set seasons and bag limits according to the requirements of the individual areas.

When the doe season was announced a large wall went up about "those mother deer" and the large number of hunters who would be shot.

Everyone who saw the school bus go into the country Tuesday afternoon wondered why their children didn't get off the bus. It was our School Board on an inspection tour over our school bus routes. We hope they all enjoyed their ride and see what our bus driver has to contend with.

There were sixteen present at the Farm Bureau meeting Saturday evening at Clayton Healey home. A pleasant time was had by those present. Mr. and Mrs. Guy Anderson of Horton Bay had charge of the lecture hour, after which they had an exchange of Christmas gifts and played bingo. A nice pot luck lunch was served at the close of the evening.

Mr. and Mrs. Henry Howard finished installing officers Saturday evening at the South Arm Grange, which was their duty on their side of the county. Mr. and Mrs. Dan Hosler and family spent Sunday evening with the Henry Howard family. Mr. Loyal Barber drove over to his farm Sunday afternoon to help his renter, Mr. Feil, with their cows. They have their new barn nearly completed and are trying to use their milking parlor which the cows don't know much about.

Mr. and Mrs. Wm. Gaunt, accompanied by Mrs. Pearl Phillip and her son-in-law, Bob Williamson, and his son, Eddie, drove to Petoskey, Sunday, to Little Traverse Hospital where Mr. E. H. Phillips is a patient. He underwent an operation last Thursday morning. At this time he is feeling some better. He hopes to be home for Christmas.

New Refrigerators Custom-Styled To Match Kitchen

A series of new and revolutionary refrigerators virtually "custom styled" to match any kitchen decor—or any part of the kitchen—will be introduced by the International Harvester Company next week, it was revealed today by R. H. Burnside, in charge of IH Refrigeration Sales.

The Refrigerators, termed a "Fashion First" by company executives, will be known as the "Decorator" models. Introduction of these refrigerators will make the family refrigerator the "Stylized Center" of the kitchen.

Although International Harvester withheld details of the refrigerator styling, it was learned that the exteriors of the "Decorator" models are designed so that any housewife can, in just a few minutes, change the appearance of the refrigerator as often as she changes her mind.

The new "Decorator" models represent the most revolutionary change in refrigerator exterior design in the industry's history, Burnside added.

COOPERATION BY SEEDMEN EMPHASIZED

Seedmen and farm crops specialists did everything but grow a crop with seed Wednesday, December 10, winding up the two-day Michigan Seed Producers and Dealers Conference at Kellogg Center, Michigan State College.

Dr. Kenyon T. Payne, MSC farm crops department head, spoke at the conference opening Tuesday. He pointed out need for more and more producer-dealer cooperation in getting new variety seed to farmers. Tuesday's sessions included reports on MSC training of grain elevator operators, alfalfa and clover tests, forage improvement and seed laws. Meetings were conducted by Michigan Crop Improvement Association, Michigan Foundation Seed Association and Michigan Seed Dealers. John N. Winburne, MSC professor working on a new agricultural dictionary, spoke on "Words" at the annual banquet Tuesday night.

Potato growers will cooperate in the Foundation Seed program to gain better seed if they are convinced they will profit from it, Orville F. Walker, of Albion, noted Wednesday. Walker, who combines agricultural agent duties for Kalkaska and Crawford counties, also owns a farm where Foundation Potato Seed is grown. He said that ring-rot is the number one disease raising hob with potato seed today and told how it can be eliminated with a sanitation program. When it hit his farm seven years ago, they sold even the potatoes they were keeping for their own table use to make sure no potatoes would be left to carry on the disease.

Price supports on hay and pasture grass seed and winter cover crop seed were discussed Wednesday by George W. Parker, of the U. S. Department of Agriculture's Production and Marketing Administration. Prices for seed alfalfa, clover bromegrass, orchard

chores. Mr. Grutsch is sailing. Mr. Harry Howard has been doing some wood buzzing the past week.

Mr. and Mrs. Roy Howard of Boyne City drove to the Henry Howard home Thursday evening and took supper with them as their daughter, Anna is staying at the Henry Howard's for a while. It was Ann's birthday and her mother brought her a nice birthday cake.

Improvements In Mich. Bell Telephone Pension Plan

The Michigan Bell Telephone Company has announced major improvements in its 39-year-old Pension Plan. The changes have been reviewed with the Communications Workers of America-CIO and approved by the Wage Stabilization Board. While not a joint petition with the company before the WSB, the Union did not oppose such action. Changes provide: 1. Substantial increases in minimum retirement income at age 65 or older for those entitled to Social Security benefits. 2. Freezing of adjustments for Social Security benefits so that the full amount of any increase in such benefits in the future will be passed along to all pensioners. Minimum retirement income at 65 will be increased by a new provision that the minimum pension of \$100 a month include only one-half the amount of the Social Security benefit at the time of retirement. Minimum pensions now include the full amount of Social Security benefits. The freeze provision will assure pensioners the full amount of any future Social Security increases after their retirement. Pensioners who retired before September 1, of this year, will receive the full amount of the increased benefits provided in 1952 amendments to the Social Security Act. Clifton W. Phalen, Michigan Bell president, said the current modifications marked the fifth time that major improvements have been made in the company's pension plan since its inauguration in 1913. "The latest changes," he said, "continue our policy of modifying the Pension Plan to meet changing times and conditions and to keep the Plan in good relationship with those in outside industry." Michigan Bell's plan is non-contributory. Pensions are computed on the basis of one per cent of the employee's salary or wages during his last 10 years of service, multiplied by his total years of employment.

In the recent statewide recount held for Alger and Williams for the office of Governor, the largest mistake was found in East Jordan's Third Ward by those who conducted the recount. Sixty-three more votes for Alger were uncovered. Upon investigation it was found that all ballots were present, but had just not been tallied by the sleepy election workers. It is very plain that mistakes of this type are bound to creep in as election officials had worked 28 straight hours without rest. In the Third Ward Alger had 196 votes and on the recount ended up with 259 votes. This would undoubtedly affect all other candidates on the State Ballots, as the entire ballots were not tabulated, according to County Clerk Fenton R. Bulow, although the results would vary with split tickets. Clerk Bulow also stated that the majority of errors found in the recent recount were ballots that had not been properly initiated by election officials, which accounted for numerous vote rejections over the entire county.

Trial Set Dec. 30 For Victor Hulbert After Accident

Victor Hulbert of East Jordan was brought before Justice Charles P. Murphy, Thursday, Dec. 18, where he stood mute on a charge of driving a motor vehicle under the influence of liquor. The trial was adjourned until Dec. 30 for a jury trial, and Hulbert was released under \$100 bond until that time. Hulbert hit and broke off a telephone pole on the South side of the road at the entrance to Sportmen's Park, late Wednesday night. He was driving West across the bridge at the time. Hulbert stated that the road was icy which caused the accident. Eyewitnesses report that tracks made by his truck were visible in the snow off on the wrong side of the road a considerable distance from where the accident happened. Shortly after the accident Hulbert was apprehended by policeman Joe Wilkins and taken to the City jail where he remained until the trial.

Mix chopped turkey, cooked noodles or spaghetti, chopped stuffed olives, chopped celery, a little grated onion, seasoning and a little turkey gravy or white sauce for a "company dinner" after the holidays, recommend Michigan State College home economists. Insects keep working all winter in stored grain—the label on the can of grain fumigants will tell the farmer what to do, note Michigan State College entomologists.

Ellsworth Alumni Attend Homecoming

The alumni gathered for a banquet in the basement of the school Friday before the game against Elk Rapids at East Jordan. One hundred and twenty-five attended this Homecoming. Mrs. Donald Siefred decorated the luncheon room with a beautiful portrait, painted by herself, of the shepherds watching their flocks when the angel appeared. After the banquet buses took the alumni over to East Jordan to the Ellsworth-Elk Rapids game. Between the two games, Alex Sinclair crowned the 1952-53 Basket Ball Queen, Sue Kaley. Her court consisted of five young ladies, Gale Pageau, Charlotte White, Leona Hopper, Frances Carpenter and Betty Alward. They had the 1928 champions who were there stand up with their coach, Alex Sinclair. They were Lloyd Rood, Adam Sinclair, Herb Peebles and Red VanderArk, others did not attend. The senior raffled off their turkeys. Mrs. John DeYoung and Bruce McElroy were the lucky winners. At the half of the game, one of Ellsworth alumni cheer leaders gave a yell "Yea Team!, this was Mrs. Lyle Green, formerly Marguerita Bolser and the alumni of the 1928 champions shot a few baskets for the crowd. The Homecoming was enjoyed by all who attended. We are sorry that all couldn't attend. We hope to have another Homecoming so all can attend.

MSC Short Course Grads Boost Fruit Work

Capable young men with training and experience are in constant demand in Michigan's expanding fruit industry. Trying to fill this need, Michigan State College year after year has stepped up its short course fruit training. Graduates of the courses are now in the industry throughout the state. They recommend the training to young men interested in orchard work. Here are some short course graduates:

(1) Wesley Mawby, '12, Kent county grower. (2) James Hill, '26, Genesee county grower. (3) Customers are pleased with fruit offered by Mrs. Wardowski, whose husband is at lower right. (4) Russell Everts, '15, Lapeer county grower. (5) Alfred Wardowski, '34, Ingham county grower. The MSC departments of horticulture agricultural engineering, entomology, botany, soil science and agricultural economics join hands to give the budding fruit men an intensive and practical short course. The next course period is January 12 through March 6, 1953, and applicants should make inquiries now. They can obtain information on this course and other short courses by contacting their county agricultural agent or vocational agriculture teacher or from the Short Course Office at Michigan State College, East Lansing. Other courses cover general farming, dairy manufacturing, poultry dairying and milk testing, farm power, equipment, drainage, irrigation and buildings — and for the young women, there are short courses in home economics.

The Servicemens' LETTER

Hi Fellas:

The Christmas rush is really on. The town was flooded with shoppers and mailers today. It's a great time of the year but rather hard on the nerves.

Four more men that I know of will be home for Christmas. Stanley Antoine is due to leave Starnfield on December 20th for home for an indefinite stay. Bob Graham is leaving Camp Chaffee on December 13th to start a 20-day furlough. He is to report back to Fort Bragg, North Carolina when his furlough time is up. Wayne and Bernard Pearce are due home for Christmas. Wayne will be on furlough and will report to Camp Stoneman on January 13th for shipment overseas. Bernard will be home on a short leave and then return to the same camp. Tom Leu will just miss the boat for Christmas. He will be discharged on December 26th and will be home here shortly afterward.

Howard Evans is evidently going to do a little policing over in Austria. His new address reads: MSgt Howard O. Evans, RA 16 263 485, 67th MP Co., APO 541, c/o PM, New York, N. Y. His headquarters is in Camp Reidenburg in Austria near Salzburg. If any of you men over there are near him I'll bet Howard would be awfully glad to see you.

I see by the return on Glen Persons' Christmas Card that he has made his 3rd. Congratulations, Glen.

Vern Bowen is due to leave this week. He and Dick Sommerville are leaving together. Vern will make his way south to Shaw AFB at Sumter, S. C., and Dick will head west enroute overseas.

Here's a new address for Jack Wilson who has joined up with his Infantry unit over in Korea. Pvt. Merle J. Wilson, US 55 272 236, 45th Inf Div, 180 Regiment, Co D, APO 86, c/o PM, San Francisco, Calif. Let us know how things are with you over there, Jack.

For some time I have known that Roger Benson was taking OCS out in Maryland but it was just this last week that his address was turned to me. Here it is: O/C Roger R. Benson, RA 16 400 801, Co A, Ord OCS, Class 100, The Ordinance School, Aberdeen Proving Grounds, Maryland. Good luck to you in your training course, Roger.

Jesse Ranney has definitely gone south for the winter. His new address finds him away down in Texas. It is: Jesse Ranney A.D.A.A. 462 86 62, A. T. U. 200, N. A. A. S., Kingsville, Texas.

Claude Crandall has definitely departed these shores. Here's a Army Card Form 415 which gives his new address as: Cpl Claude H. Crandall, RA 8429, Prov Co 2236, APO 872, c/o PM New York, N. Y. Bill Anderson sent word by his mother that he wanted the address of anyone from here who was taking training in Fort Bliss, Texas. Fort Bliss is not far from Biggs AFB which is Bill's present duty station. So, I sent him the address of Berton Bunker, who is in Btry A of the 4th AAA Trn Bn and also of Larry Whiteford of the same Btry and Battalion. You two men can expect a visit before too long. Or if you would like to surprise Bill and go over to Biggs you will find Bill in the 97th Field Maintenance Sqdn.

A letter from Dale Bolser written on December 11th informs us that his basic training at Lackland is almost over. He has one more week to go and expects to be moved at once. He doesn't know to where but makes the comment that they are shipping a lot of men to overseas bases lately. Dale wanted to know where Dave Vallance is. He is at Trux Field, Madison, Wisconsin and is starting a course of training which will fit him for Air Police. His address is: A3C David G. Vallance, PP, 78th AB Sq, Trux Field, Madison, Wisconsin.

Dale also sends a long "Hello" over to Jack Wilson in Korea and

wishes him all of his luck. This old year is fading away awfully fast, isn't it, fellas? First thing we know it will be time to get out that income tax report again.

So Long,
"Jake" Snyder

CARD OF THANKS

We wish to thank everyone for their kindness and sympathy at the death of our wife and mother, Eulalia Hipp. Also for the cards and flowers.

Council Proceedings

A Special Meeting of the Common Council was held Tuesday evening, December 9, 1952, at 7:30 p. m. Present: Mayor Somerville, Aldermen Bussler, Griffin, Nemecek, Rebec and Malpass. Absent: Alderman Taylor.

Mr. John Norton, Consulting Engineer, met with the Council to discuss the location of the Sewage Treatment Plant, the condition of sewers, and the servicing of houses in the area of Josephine, Mary and Division Streets on the East side of town.

It was agreed that:

- The treatment plant would be moved to a location on the West Side of the Jordan River on property now owned by the City in the area where deer had been kept in the past.
- The City will vacate the South end of Water Street, south of Bridge Street.
- A new sewer on Main Street from Division to William, West on William to Spring Street, South on Spring Street to Mill Street, shall be included in the project.
- Mill Street catch basins shall be disconnected from the present sewer, making a sanitary sewer of this line. The catch basin leads shall be run to the South onto low land, the City acquiring easements.
- A lift station, together with necessary sewers and pressure mains, is to be included to service the area bounded by Nichols, Division and Josephine Streets.
- An inverted syphon shall be used to convey the sewage from the East part of town to the treatment plant.
- Separate contracts shall be taken on the sewers and water crossing as one contract, and the lift station and treatment plant, as the other contract.

51-1 City Clerk.

Fungus Popping Up To Menace Potatoes

Some new findings about an old fungus that is popping up to menace potatoes in Michigan was explained last Wednesday, Dec. 10, at the Kellogg Center, Michigan State College. Dr. J. H. Muncie, of the MSC botany department, spoke at the second day's session of the Michigan Seed Producers and Dealers Conference. His topic was "New Potato Diseases and Sprays."

Verticillium wilt, which has not been active for years, is making inroads into Northern Michigan and Upper Peninsula potato fields. It is of particular interest in the potato seed-growing areas. Carried in the soil, the fungus is closely related to peppermint wilt, which has been bothersome for a number of years. The potato form of the fungus is adapted to the cool climates of Michigan.

Soil treatments so far have not succeeded, reports Dr. Muncie, and the main attack of science on the disease is to breed varieties for resistance. Experiments are being carried on by the Michigan Agricultural Station. He expects that test plots will be established in the spring in both Northern Mich. and the Upper Peninsula.

When the stem ends of potatoes hit by verticillium wilt are cut, a brown ring shows, but this symptom may be hidden until a buyer clips some samples and the grower takes a loss. Yellowed foliage, another symptom, is confusing as it can also be caused by dry weather and frost. The disease is gaining in Michigan.

Potato growers registered with the certified seed service, headed by Henry C. Moore, MSC farm crops department, are helping in the fight. Workers hope next year to find a way to differ between wilt yellowing and natural yellowing in order to spot the disease easier and help eliminate it. Growers in Charlevoix county are urged by Ed Rebman, county agricultural agent, to aid in this fight.

Clean Healthy Cows Produce Good Quality Milk and Cream

Good quality milk and cream is being produced by clean healthy cows in Charlevoix county, where farmers are aiming at more dairy profits, advises Ed Rebman, county agricultural agent. Clean equipment used in handling milk and prompt cooling and storing of milk at below 50 degrees Fahrenheit also helps.

Farmers who clipped cows in November will clip them again in February to make it easier to keep them clean and cut bacteria and sediment in milk supplies. Some dairymen clip animals all over for cleanliness and lice control; others clip at least the udder and flank areas.

Dairy utensils are being washed after use and sterilized before use by careful farmers. They use chlorine solutions of 100 parts per million strength as a sterilizing agent. They have found that stronger solutions cause a milk-chlorine film that is hard to remove. Farmers find it helpful to keep inflations and milk hoses of milking machines clean by boiling them in a lye solution a few minutes each week.

Bacteria counts are lowest where milk is cooled to below 50 degrees Fahrenheit and stored at that temperature until it is picked up daily. The best cream producers market cream at twice a week.

Dairy farmers who are making a success protect the fine delicate flavor of milk and cream, notes Rebman, since the good flavor helps make additional sales of dairy products.

Little Farmers Week

The second annual Little Farmers Week will be held in February 9-13 Ed Rebman, county agricultural agent, announced today. The programs will again be held in Charlevoix but this time they will be held in the high school auditorium.

Charlevoix county is again cooperating with the other four counties in this area; Emmet, Cheboygan, Presque Isle and Otsego to bring the farmers this Little Farmers Week. Everyone who attended last year requested the extension office to continue the program again in 1953.

The programs will be as follows: On Monday will be Jim Murray on dairy. Tuesday will be barn yard economics. Wednesday, forestry and agricultural engineering will present the program, Thursday will be crops and soils day, and Friday will be animal husbandry. It is also planned that there will be a program on one of these days especially for the ladies. Mrs. Emma Reinbold, home demonstration agent, is working on this part of the program.

Michigan on a bus. We thought her story was too good to keep so here it is—with no offense to the bus company or driver of course!

The trip yesterday turned out to be quite a trip—and absolute-ly the funniest bus ride I've ever taken! On the first two attempts, as you know, I couldn't buy a ticket, and then Adam had to make out two because he made the first one out wrong. The bus was late, and the driver, to my old experienced eyes, was rather a handsome young brute whom I'd never seen before. It developed that it was my driver, Mr. Burgess' day to drive again, but that he had called in that he was ill so they had put this young fellow on as a substitute at the last minute. He normally drives between Detroit and Chicago, and had never been up on the trails of the north woods before. They told me at the station that he had missed Ellsworth and East Jordan the day before, but he told me that he had been lost fourteen times and had finally ended up in Eastport. When he stopped at the crossroads of M-66 and the Ellsworth road to inquire how to get to Ellsworth I told him I knew my way around and would help him if he wished. So he told

me to come sit in the corner. All the stations in the little town, wide payments of the cities. I told him where to turn and everything, until we got out on the main highways. Even then he sailed past the bus station in Kalkaska and I yelled at him and backed up to take on four very unhappy looking people who thought he had gone without them. And after the rest period in Manton he started out full speed for Cadillac, missing entirely the turn that takes him to Lake City—the route which the bus follows. So I stopped him again, and he backed back to the corner. For some reason he didn't quite believe I was right, but I insisted that that was the way Jay Burgess' always went. So he stood up and announced to the busload of people: "Making this turn is my navigator's idea. If she's wrong, I disclaim all responsibility." Everybody was getting a big kick out of his troubles. He was running almost twenty-five minutes behind schedule by then because he had to stop or back up so often, but he told everyone whom he picked up that he was late because of the women on the bus—that he had had to stop at every gas station for them. Then too, he had

cars and fairly crawled down the cross-country around corners and very obvious was used to the straight way of Ann Arbor—but after he got down around Houghton Lake he seemed to know where he was going and did much better. He did offer to drive me to Ann Arbor in his Buick, providing I'd stay on till the end of the line, rather than changing at Flint. I told him that once I would have been tempted but that now I was too long married. But he said it would be a much more comfortable ride than the Short-Way Lines into Ann Arbor and suggested that I call my husband and tell him that I was going to do so that he could meet us at the door with his rifle". But, of course, I properly changed buses at Flint, as becomes my staid old age—although I did tell him he was a good morale booster! But such a trip! He kept everyone in stitches with his comments and remarks all the way. Reminded me of Bob or some of the other young sprouts that hang around here.

Christmas Program At The United Missionary Church

The public is most cordially invited to attend the Christmas exercises at the United Missionary Church on Sunday night, December 21, at 7:30 p. m. The theme of the program is "Christmas Peace".

Christmas Activities at Evangelical Lutheran Church

Sunday School Christmas party and program rehearsal will be held at the church, Saturday, Dec. 20, at 2:00 p. m. We urge everyone to be there for the rehearsal.

Our Sunday School Christmas program will be given, Sunday, Dec. 21, 8:00 p. m. The title is "The Secret of Christmas." The program centers around a mother who is trying to impress her children with the true meaning of Christmas. In order to do this she takes them to the Sunday School Service so they can hear the real Christmas story which includes the Prophecy, The Nativity, Adoration of the Shepherds and Adoration of the Wisemen. These parts are to be portrayed by the Sunday School girls and boys. Mr. Fred Stecker will accompany on the Hammond Organ.

Christmas Church Service will be, Friday, Dec. 26, 8:00 p. m. with Pastor Phillip A. Fretheim giving the sermon.

Hymn Sing, Sunday, Dec. 28, 8:00 p. m. in the church annex, followed by Social Hour and refreshments.

The congregation will honor new adult and teenage members at a New Year's Eve Party and Candlelight Service at the church annex, Wednesday evening, Dec. 31st.

The Ladies Aid will meet at the Church annex, Tuesday, Dec. 30, 2:00 p. m. for regular monthly meetings. Please note change in date. Bring a 25c gift to exchange.

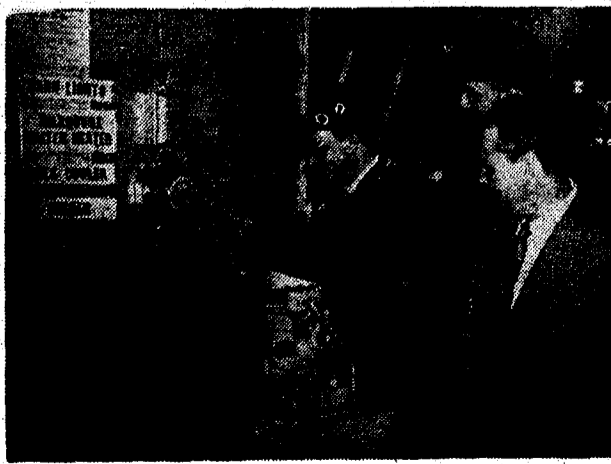

Jordan Ski Club To Run Tow

Preparations have been made to resume operation of the ski tow at Mt. Nebo this winter. It is expected that the tow will start on Sunday, December 21. There is some weed cutting to be done before the slope is in order.

During the summer, vandals destroyed the floodlights and damaged the wiring, but repairs are being made.

Again this year, there will be no charge for the use of the tow, but all winter sportsmen are urged to join the club. Annual dues are: Under 16 — 50c; Adults — \$1.00; Family — \$1.50. Membership cards can be purchased from present members.

Legion Auxiliary Chairmen Report At Meeting Dec. 9

The Legion Auxiliary Unit 227, held their business of the month, Tuesday, Dec. 9, at the Legion Home. Peggy Thomas, Community Service Chairman, reported she had turned the responsibility of getting the dolls for the Christmas boxes dressed to Rhea Thomas. Rhea did a very fine job and found that there were more women wanting to dress dolls than there were dolls. The Auxiliary is very grateful for the splendid response received in this part of the program. Edna Wilkins, Civil Defense Chairman, thanked the girls who helped her in registering people for this work. She also thanked Peggy Burns who, although not an Auxiliary member, donated her time to this program. Unit 227 sent two Christmas gifts to the Gaylord Sanatorium in accordance with the Lower 11th District Hospital work.

The membership contest was won by Lillian Bennett, with her team turning in 51 members for 285 points, and Hilda Bathke, the losing captain, with 30 members and 150 points. It is up to the losing team to entertain the winners at some future date. Lillian Bennett thanked the following girls for their assistance in writing members for her team: Helen King, Marie Woodcock, Peggy Thomas, Margaret Kenny and Eva Peterson. Hilda also thanked Mary Lou Breakey and Eva Peterson for the help they gave her.

Peggy Thomas reported the following contributions to the Community Christmas Fund. Previously reported — \$152.00
Edith Swafford — 2.00
Mary Martha Class — 5.00
LaVera Ingalls — 1.00
Hattie Kaake — 1.00
Lutheran Ladies Aid — 5.00
Clance Griffin — 5.00
Jasmine Rebekah Lodge — 5.00
Legion Benefit Party — 181.73

Total \$357.73
The committee will start packing baskets Thursday night and will be working every evening until they are completed and anyone who would like to help is welcome to drop in and lend a hand. There will be a window display at the Quality Food Market to show the people of the community what will go in the boxes and what their money is spent for.

Next Auxiliary meeting will be, Tuesday, December 23, at which time the evening will be spent in putting the last minute touches to the boxes. Helen King, Rehabilitation chairman, will have charge of the refreshments. Be sure and attend.

FRANCIS NEMECEK,
51-1. Treasurer

Coach Gayle Saxton's "Red Devils" chalked up their second conference win of the season here Tuesday night of this week by downing a visiting Harbor Springs High School quintet 50 to 38 in a hard fought contest.

The Jordanites, paced by Warren Frank's 21 markers, started slowly in the Harbor encounter. Neither team scored until midway in the first stanza, when Evans' free toss broke the ice and started the Jordanites on their way to victory. Although leading all the way, the Jordanites were constantly pressed by the determined Harbor Springs quintet, that was seeking its first triumph of the season.

Pifer, Harbor junior, led the visitors in scoring with 11 points, followed by Chingwa with 8 and Granstra with 6.

Eleven men got into action for the Jordanites as the locals lost a pair of starters via the foul route. Tomorrow (Friday) night the locals will travel to Gaylord where they meet the undefeated "Blue Devils" on the spacious Gaylord court in the final contest for each team until after the Christmas and New Year holidays.

LOCALS ABSORB 48-36 TRIMMING BY RAYDERS

East Jordan High School broke even in a pair of conference game contests played during the past week. Last Friday the Jordanites traveled to Charlevoix where they absorbed a 48 to 36 trimming dished out by the always powerful Rayders. The "Red Devils" came back strong on Tuesday evening of this week to take a hard earned 50 to 38 win over a hardworking Harbor Springs High School quintet.

The locals jumped into an early lead in the Charlevoix encounter and were leading 14 to 7 at the close of the first period and 24 to 21 at halftime. The Terrill coached Charlevoix machine came back strong in the last two frames to overcome the local lead and go on to victory.

Paced by forwards Davenport and Bennett with 18 points and 17 points respectively, the Charlevoix outfit along with Gaylord are to be considered favorites to battle it out for the conference crown. Mancelons may be the darkhorse of the conference race this year however as they have a number of veterans back from last winter's aggregation.

Warren Frank, senior forward, topped the local scoring efforts with 14 points on six field goals and a pair of charity tosses.

Instead of having an arm-paralyzing session of Christmas card addressing, do a few each day. Michigan State College home management specialists suggest this method of easing the usual Christmas tension.

Cut the Christmas tree slantwise about an inch above original cutting and put it in water the minute you get it home. That will make your tree green and fresh longer, advise Michigan State College extension foresters.

The annual meetings of the dairy association in Charlevoix and Antrim counties will be held the first week in January, Ed Rebman, county agricultural agent, stated. The first will be the annual meeting of the Boyne City A. B. A. This will be held at the agricultural room of the Boyne City High School on Monday evening, January 5 at 8:00 p. m. The main part of the program will be the showing of the new film put out by the State Association. Three directors must also be elected at this meeting.

The annual meetings of the Antrim-Charlevoix A. B. A., the Charlevoix-Antrim Dairy Herd Improvement Association and the Antrim-Charlevoix Red Dane Breeders Association will be held on Tuesday, January 6, at the Ellsworth Community Hall from 10:00 a. m. to 4:00 p. m. In addition to the business meetings there will be the new artificial breeders film and George Parsons, dairy specialist and Karl Wright, farm management specialist, to present some discussions.

The Kewadin A. B. A. will meet the following afternoon on Wednesday, January 7, at 1:30 p. m. in the Milton Town Hall. George Parsons and Karl Wright from Michigan State College will also be the speakers at this meeting. Folks are invited to hear these speakers whether they are members of the association or not.

December Is Hazardous Month

Sgt. Harold Moore, commander of Gaylord State Police post, is reminding motorists and pedestrians that December is not only a happy, but also an extremely hazardous holiday month.

Because of this police agencies throughout the state are taking part in a special safety campaign emphasizing the importance of extra caution.

"A deadly combination of traffic hazards," Sgt. Moore said, "makes walking and driving especially dangerous. In fact, with the unfavorable weather, longer periods of darkness and the general holiday rush and celebrating December is regarded as one of the deadliest months of the year. On the basis of miles traveled, it is definitely the deadliest.

"During the past five years nearly 82,000 December traffic accidents have occurred in Michigan. They resulted in 752 deaths and 18,973 injuries.

"While there is nothing anyone can do to prevent unfavorable weather or darkness, everyone can avoid being careless if they really try. When walking or driving, allowances should be made for prevailing conditions. Alertness can prevent many tragedies. "The fact that December should be the happiest, not the deadliest month of the year should cause everyone to work hard at making the holiday season safer for all."

Check for defective wiring or connections around the Christmas tree. When selecting a place for the tree it is best to stay away from curtains or draperies that might ignite easily, advise Michigan State College safety specialists.

Electric Energy Costs Being Studied By MSC Specialists

Electric energy costs are being studied by Michigan State College's Agricultural Extension Service and two farm families in Northwest Michigan. Mr. and Mrs. George Klooster of East Jordan and Mr. and Mrs. Gerrett Drenth of Ellsworth have had separate meters installed on their home freezer, refrigerator, range, water heaters, water pump, and house lights. In the barn there are meters on the milking machine, the milk cooler, and the milkhouse water heater. Local power suppliers have cooperated by furnishing meters, and supervising their installation.

The home water heater was the largest user of electric energy. It used, in one month, 254 KWH on the Klooster farm and 235 on the Drenth farm. The home freezer, in contrast, used only 46 KWH at Klooster's, 40 KWH at Drenth's. The electric stove at Drenth's

used 108 KWH, at Klooster's 74. Klooster's also used a coal range for part of their cooking.

In the barn some of the differences in electric use shows itself. Klooster's 8 can milk cooler used 242KWH to cool 9243 lbs of milk. Drenth's 4 can cooler used only 82 KWH to cool 12,900 lbs. of milk. The milkhouse water heater at Klooster's took 116 KWH, at Drenth's 146 KWH. The milking machine at Klooster's used 44 KWH, at Drenth's 21 KWH. Klooster also has an automatic barn cleaner, which moves the manure direct to his spreader, using 22 KWH for the month.

Winning first prize for efficiency was the machine at Drenth's. It did the washing with 4 KWH. Reports of this electrical use will be made monthly, Ed Rebman, county agricultural agent announces.

Second Grade — Agnes Johnston
The lovely Christmas tree for our room was furnished by Thomas Breaky. We are bush making hand-made trimmings for the tree.

Monday, during our language period we wrote a "thank you" letter to Mr. and Mrs. Breaky, thanking them for the beautiful tree.

We expect to have a nice Christmas party this Friday afternoon. We will exchange gifts. Linda Healey and Peter Zoulek will decorate the boxes to hold the gifts.

Last Thursday, Dec. 11, Sharyn Sinclair celebrated her eighth birthday. Sharyn treated her class friends to beautifully decorated cookies in the shape of pine trees. We made birthday cards and sang the birthday song to Sharyn.

Marylann Hughes and Linda Healey celebrated their birthdays

together Monday. Mrs. Hughes and Mrs. Healey served us ice cream, cake and candy. We thank both mothers for a wonderful party. We helped with the party by making birthday cards for Marylann and Linda.

We will see a Christmas movie Friday morning.

Third Grade—Adeline Bowerman
We are grateful to Roger Clark and his father for furnishing such a lovely tree for our room. We decorated it on Friday so we can enjoy it all this week.

Edward Campau treated his classmates to lovely cupcakes on Tuesday in honor of his ninth birthday. He entertained several close friends at his home after school.

Jane and Jean Graham are happy that their brother, Bob, will be home for the holiday season.

We have a Nativity scene set up in the hall of our building using the characters which Mrs. Meta Robinson painted for us last year.

**Christmas Seals
A Priceless
Christmas Tradition**

When a gentle-hearted Dane, a postal clerk of no material wealth, conceived the idea of selling a special decorative stamp at Christmas time to raise money for a children's hospital, he started something which was to win its way into the hearts of people everywhere.

For from the "flower that grew in Denmark" now nearly 50 years ago - from Einar Holboell's beautiful dream - came the American tuberculosis Christmas Seal, as well as the Christmas Seals sold in foreign lands.

In this country, the seals with the red double-barred cross have become one of our priceless Christmas traditions. Of the money raised here in 1932, most of it remains right in Michigan, to do battle with tuberculosis. Six per cent is allocated for the nationwide campaign.

Through Christmas Seal purchases, families help in the saving of Michigan lives from tuberculosis. The seal represents a true expression of our Christmas observance.

"To give is to receive."

**5th Annual Meeting
Soil Conservation
Wednesday Jan. 21**

The fifth annual meeting of the Charlevoix Soil Conservation District was planned at the regular meeting of the board of directors last week, Ed Rehman, secretary of the district, announced today. The date of the meeting is Wednesday, January 21. It is Boyne City's turn this year to have this meeting and it will be held at the high school. In the past the meeting has always been an evening meeting but the directors thought they would like to try an afternoon meeting.

The program will start off with the showing of some county movies at 2:00 p. m. The business meeting will be handled by chairman Clayton Healey from 2:15 to 3:00 p. m. During that time Lyle Peters, chairman of the election committee, will handle the election for two directors. The terms of Clayton Healey and Norval Korhase have expired and the names of four nominees will be placed on the ballot. Additional nominations will be received from the floor.

The speaker for the afternoon will be Casper Blumer, county agricultural agent of Alcona and Oscoda counties. Cap Blumer has been working for a long time with legume seed production, trench silos, grass silage and an improved pasture program. He will have a nice set of slides to show at the meeting. Everyone and their wives are invited to attend.

There'll be plenty of eggs in December, 1953—the man who has plenty of eggs in September and October will be happy he started chicks early.

As the Great Lakes catch of whitefish declined, trout became the dominant catch, as they in turn declined, the catches of herring and chubs increased.

Michigan Mirror

If G. Mennen Williams is reinstated as governor by the recount, there may be a truce flag in the offering.

For four years now our Democratic governor and his Republican legislature have been bumping heads over a tax program. The lawmakers won't accept Williams' corporation tax program. Williams won't sit still for the Republican loophole plugging plans of the legislature.

The result is a \$65,000,000 deficit. The state is broke. Now that Auditor General John B. Martin has announced publicly that the state will be able to meet only half of its \$40,000,000 payments to local school districts in January, all hands recognize a financial crisis of the first magnitude has finally arrived.

Bickering and haggling will benefit neither side, as the last four years have determined. The hour of action is upon us. But how can the governor and the legislature compromise their opposing tax views?

As soon as the recount is over, Williams—if he winds up again in the gubernatorial chair—is expected to take the lead in suspending hostilities.

He is sure to thump again for a corporation tax as the simplest solution to the money problem. But he may offer Republicans a chance to offer a better answer—so long as it is not a personal income levy or a nuisance tax on soda pop, motels, etc.

It must be remembered that four years ago when the corporation tax was first proposed, many Republicans favored it. Confident of its passage the governor then began pounding the drum on Democratic achievements and expounding on what the Democrats were doing for the "common man".

The Republicans voted against the bill and have continued to do so since. The Republican plan of tightening existing tax laws and plugging a few loopholes was stymied by the Williams veto.

But now in this great new era of enforced co-operation, Williams may well suggest a combination of the Democratic-sponsored corporation profits levy and one or two other revenue ideas suggested by the Republicans.

What happens after that appears to be up to the Republicans. Will they accept the compromise or again defy the governor?

If the governor does make a serious effort to restore harmony in our politically-split state government, Republicans might well take another look at his program. They may find him ready to meet them half-way in working out some acceptable money-raising program.

Such a compromise won't be easy. Too many harsh words have been tossed about in the last four years. But an attempt—any attempt—at compromise is encouraging.

Although the results of this year's three-day open season on does have not been properly tabulated and evaluated, it would appear that the conservation dept has been right all along in its battle for discretionary powers to set seasons and bag limits according to the requirements of the individual areas.

When the doe season was announced a large wall went up about "those mother deer" and the large number of hunters who would be shot.

Despite good reports from Wisconsin which already had experimented with a doe season, the legislature was reluctant to give up its power over the hunting laws.

This year 250,000 hunters took out 91,000 deer. The hunter kill was no larger than in other years despite the record number of men in the woods.

Michigan now has a larger deer herd than it had 50 years ago. For first time in 60 years deer have been seen in northern Indiana. Yet the sobbing about shooting and fawns has been echoing in length and breadth of the state.

For the last three years Michigan has had mild winters, with relatively little snow. The deer herd multiplies and few are killed by winter starvation. Last year only 10,000 deer died of winter kill. Year before that some 40,000 starved to death.

But remember the winter of 1947 and 48? That year 110,000 deer were counted dead in the woods.

If snow stays on, covering foliage, the animals take to eating poplar and brush leaves. The larger clean off the low hanging branches. The smaller does and fawns die.

The conservation department this year says 200,000 deer might have been taken without endangering the deer herd balance.

Probably those does will look better on the table than as fox food in the thickets.

COOPERATION BY SEEDSMEN EMPHASIZED
Seedmen and farm crops specialists did everything but grow a crop with seed Wednesday, December 10, winding up the two-day Michigan Seed Producers and Dealers Conference at Kellogg Center, Michigan State College.

Dr. Kenyon T. Payne, MSC farm crops department head, spoke at the conference opening Tuesday. He pointed out need for more and more producer-dealer cooperation in getting new variety seed to farmers. Tuesday's sessions included reports on MSC training of grain elevator operators, alfalfa and clover tests, forage improvement and seed laws. Meetings were conducted by Michigan Crop Improvement Association, Michigan Foundation Seed Association, and Michigan Seed Dealers, John N. Winburne, MSC professor working on a new agricultural dictionary, spoke on "Words" at the annual banquet Tuesday night.

Potato growers will cooperate in the Foundation Seed program to gain better seed if they are convinced they will profit from it, Orville F. Walker, of Alba noted Wednesday. Walker, who combines agricultural agent duties for Kalkaska and Crawford counties, also owns a farm where Foundation Potato Seed is grown. He said that ring-rot is the number one disease raising hob with potato seed today and told how it can be eliminated with a sanitation program. When it hit his farm seven years ago, they sold even the potatoes they were keeping for their own table use to make sure no potatoes would be left to carry on the disease.

Price supports on hay and pasture grass seed and winter cover crop seed were discussed Wednesday by George W. Parker, of the U. S. Department of Agriculture's Production and Marketing Administration. Prices for seed alfalfa, clover bromegrass, orchard

There were sixteen present at the Farm Bureau meeting Saturday evening at Clayton Healey home. A pleasant time was had by those present. Mr. and Mrs. Guy Anderson of Horton Bay had charge of the lecture hour, after which they had an exchange of Christmas gifts and played bingo. A nice pot luck lunch was served at the close of the evening.

Mr. and Mrs. Henry Howard finished installing officers Saturday evening at the South Arm Grange, which was their duty on their side of the county.

Mr. and Mrs. Dan Hosler and family spent Sunday evening with the Henry Howard family. Mr. Loyal Barber drove over to his farm Sunday afternoon to help his renter, Mr. Feil, with their cows. They have their new barn nearly completed and are trying to use their milking parlor which the cows don't know much about.

Mr. and Mrs. Wm. Gaunt, accompanied by Mrs. Pearl Phillip and her son-in-law, Bob Williamson, and his son, Eddie, drove to Petoskey, Sunday, to Little Traverse Hospital where Mr. E. H. Phillips is a patient. He underwent an operation last Thursday morning. At this time he is feeling some better. He hopes to be home for Christmas.

New Refrigerators Custom Styled To Match Kitchen

A series of new and revolutionary refrigerators virtually "custom styled" to match any kitchen decor—or any part of the kitchen—will be introduced by The International Harvester Company next week, it was revealed today by R. H. Burnside, in charge of IH Refrigeration Sales.

The Refrigerators, termed a "Fashion First" by company executives, will be known as the "Decorator" models. Introduction of these refrigerators will make the family refrigerator the "Styling Center" of the kitchen.

Although International Harvester withheld details of the refrigerator styling, it was learned that the exteriors of the "Decorator" models are designed so that any housewife can, in just a few minutes, change the appearance of the refrigerator as often as she changes her mind.

The new "Decorator" models represent the most revolutionary change in refrigerator exterior design in the industry's history, Burnside added.

The "Decorator" models will be introduced to International Harvester distributor and district personnel at a nation sales meeting at the 8th Street Theater in Chicago, Friday, December 19th. Details of the entire line will be released at a Press Conference at the Barizon Plaza Hotel in New York, December 29th.

Drunk Driving Emphasized In Safety Drive

Chief Harry Simmons today announced that his department has joined the Michigan Association of Chiefs of Police in sponsoring the State Safety Commission's December safety program aimed at reducing traffic accidents caused by drunk driving.

According to Chief Harry Simmons, "A car that doesn't know where it's going can find a hundred different ways to kill people. Such a car is one in the hands of a drunk driver."

The drunk driving problem is so serious that the State Liquor Control Commission and the Michigan Table Top Licensees Congress have joined forces on a vigorous public education program. 20,000 posters reading "Drunk Drivers Go To Jail" and 235,000 table tents reading "If You Are Driving Take It Easy—Don't Lose Your Driver's License" will be used in every bar and tavern throughout the state.

In appealing to all motorists to cooperate on the December safety program Chief Harry Simmons said, "The approaching holiday season makes everyone look forward to parties, receptions and reunions where everybody may enjoy a celebration. It is also important for everybody to look forward to getting home safely from these celebrations. Don't let a drunk driving accident spoil your holiday."

the chores. Mr. Grutsch is sailing. Mr. Harry Howard has been doing some wood buzzing the past week.

Mr. and Mrs. Roy Howard of Boyne City drove to the Henry Howard home Thursday evening and took supper with them as their daughter, Anna is staying at the Henry Howard's for a while. It was Ann's birthday and her mother brought her a nice birthday cake.

Many commercial fishermen are opposed to chub fishing because the chub is believed to be the main food of the lake trout.

Finkton Bible Fellowship and the Youth Fellowship have spent much time in practice for the Christmas program which will be given this Sunday night, December 21st at 8 p. m. We invite the public to attend this special Christmas program.

In the recent statewide recount held for Alger and Williams for the office of Governor, the largest mistake was found in East Jordan's Third Ward by those who conducted the recount.

Sixty-three more votes for Alger were uncovered. Upon investigation it was found that all ballots were present, but had just not been tallied by the sleepy election workers. It is very plain that mistakes of this type are bound to creep in as election officials had worked 28 straight hours without rest.

In the Third Ward Alger had 196 votes and on the recount ended up with 259 votes.

This would undoubtedly affect all other candidates on the State Ballots, as the entire ballots were not tabulated, according to County Clerk Fenton R. Bulow, although the results would vary with split tickets.

Clerk Bulow also stated that the majority of errors found in the recent recount were ballots that had not been properly initiated by election officials, which accounted for numerous vote rejections over the entire county.

Trial Set Dec. 30 For Victor Hulbert After Accident

Victor Hulbert of East Jordan was brought before Justice Charles P. Murphy, Thursday, Dec. 18, where he stood mute on a charge of driving a motor vehicle under the influence of liquor. The trial was adjourned until Dec. 30 for a jury trial, and Hulbert was released under \$100 bond until that time.

Hulbert hit and broke off a telephone pole on the South side of the road at the entrance to Sportsmen's Park, late Wednesday night. He was driving West across the bridge at the time. Hulbert stated that the road was icy which caused the accident. Eyewitnesses report that tracks made by his truck were visible in the snow off on the wrong side of the road a considerable distance from where the accident happened. Shortly after the accident Hulbert was apprehended by policeman Joe Wilkins and taken to the City jail where he remained until the trial.

Insects keep working all winter in stored grain—the label on the can of grain fumigants will tell the farmer what to do, note Michigan State College entomologists.

Ellsworth Alumni Attend Homecoming

The alumni gathered for a banquet in the basement of the school Friday before the game against Elk Rapids at East Jordan. One hundred and twenty-five attended this Homecoming. Mrs. Donald Siefert decorated the luncheon room with a beautiful portrait, painted by herself, of the shepherds watching their flocks when the angel appeared.

After the banquet buses took the alumni over to East Jordan to the Ellsworth-Elk Rapids game. Between the two games, Alex Sinclair crowned the 1952-53 Basketball Queen, Sue Kaley. Her court consisted of five young ladies, Gale Pageau, Charlotte White, Leona Hopper, Frances Carpenter and Betty Alward. They had the 1928 champions who were there stand up with their coach, Alex Sinclair. They were Lloyd Rood, Adam Sinclair, Herb Peebles and Red VanderArk, others did not attend. The senior raffled off their turkeys. Mrs. John DeYoung and Bruce McElroy were the lucky winners. At the half of the game, one of Ellsworth alumni cheer leaders gave a yell "Yea Team!", this was Mrs. Lyle Green, formerly Marguerita Bolser and the alumni of the 1928 champions shot a few baskets for the crowd.

The Homecoming was enjoyed by all who attended. We are sorry that all couldn't attend. We hope to have another Homecoming so all can attend.

Christmas Program Friday at Ebenezer Christian School

MSC Short Course Grads Boost Fruit Work

Capable young men with training and experience are in constant demand in Michigan's expanding fruit industry. Trying to fill this need, Michigan State College year after year has stepped up its short course fruit training. Graduates of the courses are now in the industry throughout the state. They recommend the training to young men interested in orchard work. Here are some short course graduates:

(1) Wesley Mawby, '12, Kent county grower. (2) James Hill, '28, Genesee county grower. (3) Customers are pleased with fruit offered by Mrs. Wardowski, whose husband is at lower right. (4) Russell Everts, '15, Lapeer county grower. (5) Alfred Wardowski, '34, Ingham county grower. The MSC departments of horticulture agricultural engineering, entomology, botany, soil science and agricultural economics join hands to give the budding fruit men an intensive and practical short course. The next course period is January 12 through March 6, 1953, and applicants should make inquiries now. They can obtain information on this course and other short courses by contacting their county agricultural agent or vocational agriculture teacher or from the Short Course Office at Michigan State College, East Lansing.

The Servicemens' LETTER

Hi Fellas:

The Christmas rush is really on. The town was flooded with shoppers and mailers today. It's a great time of the year but rather hard on the nerves.

Four more men that I know of will be home for Christmas. Stanley Antoine is due to leave Shepard Field on December 20th for home for an indefinite stay. Bob Graham is leaving Camp Chaffee on December 18th to start a 20-day furlough. He is to report back to Fort Bragg, North Carolina when his furlough time is up. Wayne and Bernard Pearce are due home for Christmas. Wayne will be on furlough and will report to Camp Stoneman on January 13th for shipment overseas. Bernard will be home on a short leave and then return to the same camp. Tom Leu will just miss the boat for Christmas. He will be discharged on December 26th and will be home here shortly afterward.

Howard Evans is evidently going to do a little policing over in Austria. His new address reads: M/Sgt Howard O. Evans, RA 16 263 486, 67th MP Co., APO 541, c/o PM, New York, N. Y. His headquarters is in Camp Reidenburg in Austria near Salzburg. If any of you men over there are near him I'll bet Howard would be awfully glad to see you.

I see by the return on Glen Persons' Christmas Card that he has made his 3rd. Congratulations, Glen.

Vern Bowen is due to leave this week. He and Dick Sommer are leaving together. Vern will make his way south to Shaw AFB at Sumter, S. C., and Dick will head west enroute overseas.

Here's a new address for Jack Wilson who has joined up with his Infantry unit over in Korea. Pvt. Merle J. Wilson, US 55 272 236, 45th Inf Div, 180 Regiment, Co D, APO 86, c/o PM, San Francisco, Calif. Let us know how things are with you over there, Jack.

For some time I have known that Roger Benson was taking OCS out in Maryland but it was just this last week that his address was turned to me. Here it is: O/C Roger R. Benson, RA 16 400 801, Co A, Ord OCS, Class 100, The Ordinance School, Aberdeen Proving Grounds, Maryland. Good luck to you in your training course, Roger.

Jesse Ranney has definitely gone south for the winter. His new address finds him away down in Texas. It is: Jesse Ranney ADAA, 462 86 62, A. T. U. 200, N. A. A. S., Kingsville, Texas.

Claude Crandall has definitely departed these shores. Here's a Army Card Form 415 which gives his new address as: Cpl Claude H. Crandall, RA 8429, Prov Co 2236, APO 872, c/o PM New York, N. Y.

Bill Anderson sent word by his mother that he wanted the addresses of anyone from here who was taking training in Fort Bliss, Texas. Fort Bliss is not far from Biggs AFB which is Bill's present duty station. So, I sent him the addresses of Barton Bunker, who is in Btry A of the 4th AAA Trn Bn and also of Larry Whiteford of the same Btry and Battalion. You two men can expect a visit before too long. Or if you would like to surprise Bill and go over to Biggs you will find Bill in the 97th Field Maintenance Sqdn.

A letter from Dale Bolser written on December 11th informs us that his basic training at Lackland is almost over. He has one more week to go and expects to be moved at once. He doesn't know to where but makes the comment that they are shipping a lot of men to overseas bases lately. Dale wanted to know where Dave Vallance is. He is at Trux Field, Madison, Wisconsin and is starting a course of training which will fit him for Air Police. His address is: A/3C David G. Vallance, PP, 78th AB Sq, Trux Field, Madison, Wisconsin.

Dale also sends a long "Hello" over to Jack Wilson in Korea and

wishes him all of his luck. This old year is fading away awfully fast, isn't it, fellas? First thing we know it will be time to get out that income tax report again.

So Long,
"Jake" Snyder

Council Proceedings

A Special Meeting of the Common Council was held Tuesday evening, December 9, 1952, at 7:30 p. m. Present: Mayor Somerville, Aldermen Bussler, Griffin, Nemecek, Rebec and Malpass. Absent: Alderman Taylor. Mr. John Norton, Consulting Engineer, met with the Council to discuss the location of the Sewage Treatment Plant, the condition of sewers, and the servicing of houses in the area of Josephine, Mary and Division Streets on the East side of town.

- It was agreed that:
1. The treatment plant would be moved to a location on the West Side of the Jordan River on property now owned by the City in the area where deer had been kept in the past.
 2. The City will vacate the South end of Water Street, south of Bridge Street.
 3. A new sewer on Main Street from Division to William, West on William to Spring Street, South on Spring Street to Mill Street, shall be included in the project.
 4. Mill Street catch basins shall be disconnected from the present sewer, making a sanitary sewer of this line. The catch basin leads shall be run to the South onto low land, the City acquiring easements.
 5. A lift station, together with necessary sewers and pressure mains, is to be included to service the area bounded by Nichols, Division and Josephine Streets.
 6. An inverted syphon shall be used to convey the sewage from the East part of town to the treatment plant.
 7. Separate contracts shall be taken on the sewers and water crossing as one contract, and the lift station and treatment plant, as the other contract.
- 51-1 City Clerk.

The Regular Meeting of the Common Council was held Tuesday evening, December 16, 1952, at 7:30 P.M. Present: Mayor Somerville, Aldermen Bussler, Griffin, Rebec, Nemecek, and Malpass. Absent: Alderman Taylor.

Fungus Popping Up To Menace Potatoes

Some new findings about an old fungus that is popping up to menace potatoes in Michigan was explained last Wednesday, Dec. 10, at the Kellogg Center, Michigan State College. Dr. J. H. Muncie, of the MSC botany department, spoke at the second day's session of the Michigan Seed Producers and Dealers Conference. His topic was "New Potato Diseases and Sprays."

Verticillium wilt, which has not been active for years, is making inroads into Northern Michigan and Upper Peninsula potato fields. It is of particular interest in the potato seed-growing areas. Carried in the soil, the fungus is closely related to peppermint wilt, which has been bothersome for a number of years. The potato form of the fungus is adapted to the cool climates of Michigan.

Soil treatments so far have not succeeded, reports Dr. Muncie, and the main attack of science on the disease is to breed varieties for resistance. Experiments are being carried on by the Michigan Agricultural Station. He expects that test plots will be established in the spring in both Northern Mich. and the Upper Peninsula.

When the stem ends of potatoes hit by verticillium wilt are cut, a brown ring shows, but this symptom may be hidden until a buyer clips some samples and the grower takes a loss. Yellowed foliage, another symptom, is confusing as it can also be caused by dry weather and frost. The disease is gaining in Michigan.

Potato growers registered with the certified seed service, headed by Henry C. Moore, MSC farm crops department, are helping in the fight. Workers hope next year to find a way to differ between wilt yellowing and natural yellowing in order to spot the disease easier and help eliminate it. Growers in Charlevoix county are urged by Ed Rebman, county agricultural agent, to aid in this fight.

Clean Healthy Cows Produce Good Quality Milk and Cream

Good quality milk and cream is being produced by clean healthy cows in Charlevoix county, where farmers are aiming at more dairy profits, advises Ed Rebman, county agricultural agent. Clean equipment used in handling milk and prompt cooling and storing of milk at below 50 degrees Fahrenheit also helps.

Farmers who clipped cows in November will clip them again in February to make it easier to keep them clean and cut bacteria and sediment in milk supplies. Some dairymen clip animals all over for cleanliness and lice control; others clip at least the udder and flank areas.

Dairy utensils are being washed after use and sterilized before use by careful farmers. They use chlorine solutions of 100 parts per million strength as a sterilizing agent. They have found that stronger solutions cause a milk-chlorine film that is hard to remove. Farmers find it helpful to keep inflations and milk hoses of milking machines clean by boiling them in a lye solution a few minutes each week.

Bacteria counts are lowest where milk is cooled to below 50 degrees Fahrenheit and stored at that temperature until it is picked up daily. The best cream producers market cream at twice a week.

Dairy farmers who are making a success protect the fine delicate flavor of milk and cream, notes Rebman, since the good flavor helps make additional sales of dairy products.

Little Farmers Week

The second annual Little Farmers Week will be held in February 9-13 Ed Rebman, county agricultural agent, announced today. The programs will again be held in Charlevoix but this time they will be held in the high school auditorium.

Charlevoix county is again cooperating with the other four counties in this area; Emmet, Cheboygan, Presque Isle and Otsego to bring the farmers this Little Farmers Week. Everyone who attended last year requested the extension office to continue the program again in 1953.

The programs will be as follows: On Monday will be Jim Murray on dairy. Tuesday will be barn yard economics. Wednesday, forestry and agricultural engineering will present the program. Thursday will be crops and soils day, and Friday will be animal husbandry. It is also planned that there will be a program on one of these days especially for the ladies. Mrs. Emma Reinbold, home demonstration agent, is working on this part of the program.

Michigan on a bus. We thought her story was too good to keep so here it is—with no offense to the bus company or driver of course!

The trip yesterday turned out to be quite a trip—and absolutely the funniest bus ride I've ever taken! On the first two attempts, as you know, I couldn't buy a ticket, and then Adam had to make out two because he made the first one out wrong. The bus was late, and the driver, to my old experienced eyes, was rather a handsome young brute whom I'd never seen before. It developed that it was my driver, Mr. Burgess' day to drive again, but that he had called in that he was ill so they had put this young fellow on as a substitute at the last minute. He normally drives between Detroit and Chicago, and had never been up on the trails of the north woods before. They told me at the station that he had missed Ellsworth and East Jordan the day before, but he told me that he had been lost fourteen times and had finally ended up in Eastport. When he stopped at the crossroads of M-66 and the Ellsworth road to inquire how to get to Ellsworth I told him I knew my way around and would help him if he wished. So he told

me to come sit in the seat back of him—and I actually had to find all the stations in the little towns (they're well hidden, you know), tell him where to turn and everything, until we got out on the main highways. Even then he sailed past the bus station in Kalkaska and I yelled at him and he backed up to take. On four very unhappy looking people who thought he had gone without them. And after the rest period in Manton he started out full speed for Cadillac, missing entirely the turn that takes him to Lake City—the route which the bus follows. So I stopped him again, and he backed back to the corner. For some reason he didn't quite believe I was right, but I insisted that that was the way Jay Burgess' always went. So he stood up and announced to the busload of people: "Making this turn is my navigator's idea. If she's wrong, I disclaim all responsibility." Everybody was getting a big kick out of his troubles. He was running almost twenty-five minutes behind schedule by then because he had to stop or back up so often, but he told everyone whom he picked up that he was late because of the women on the bus—that he'd had to stop at every gas station for them. Then too, he had

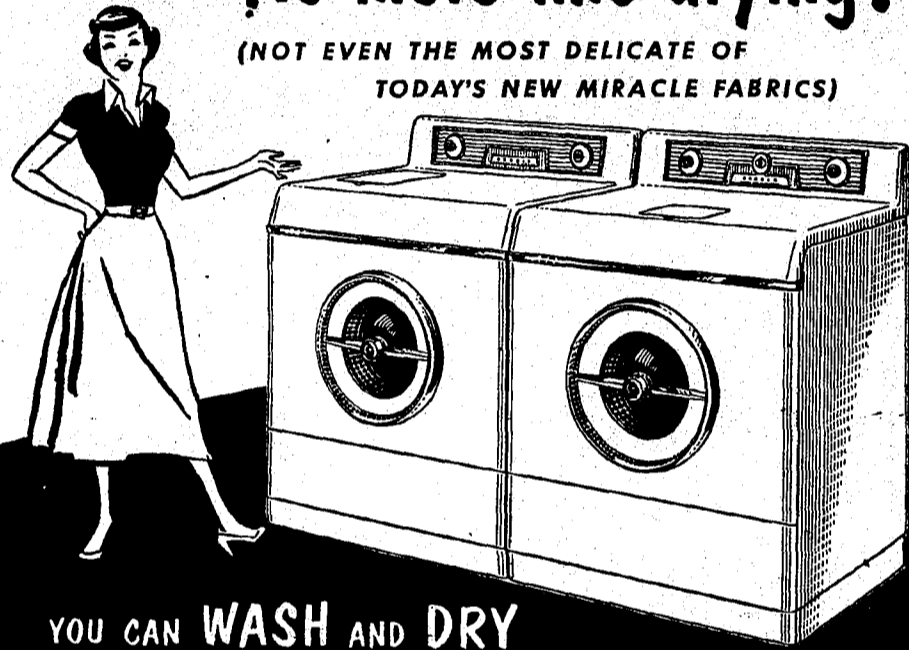

changed gears and fairly crawled up and down the cross-country hills and around corners and very obviously was used to the straight wide pavements of the cities. I told him if he didn't make up that time I'd miss my bus in Flint and he'd have to drive me around by way of Ann Arbor—but after he got down around Houghton Lake he seemed to know where he was going and did much better. He did offer to drive me to Ann Arbor in his Buick, providing I'd stay on till the end of the line, rather than changing at Flint. I told him that once I would have been tempted but that now I was too long married. But he said it would be a much more comfortable ride than the Short-Way Lines into Ann Arbor and suggested that I call my husband and tell him what I was going to do so that he could "meet us at the door with his rifle." But, of course, I properly changed buses at Flint, as becomes, my staid old age—although I did tell him he was a good morale booster! But such a trip! He kept everyone in stitches with his comments and remarks all the way. Reminded me of Bob or some of the other young sprouts that hang around here.
