### Funeral Rites For S. F. Bartholomew

Scott F. Bartholomew was born October 24, 1873 in Echo Township, Antrim County, and passed away suddenly at his home in Jordan Township, Antrim County, Wednesday, Feb. 4, 1953, at 10:00 a. m. following a heart attack. He was in his eightieth year.

He grew to manhood in Echo Township and attended the Bennett School.

On October 26, 1905, he was united in marriage at Charlevoix to Miss Olive Murray who survives him. They were the parents of one son and were residents of Echo Township, Antrim County. In 1924 Mr. Bartholomew entered the Ministry of the Methodist Church and served as pastor in the churches of Kingsley, Ashton, Mesick and Copenish. He retired from the Ministry in 1940 and returned to his home in Jordan Township where he had resided until his death.

He served as Justice of the Peace in Jordan Township from 1951 and was a member of the local Methodist Church.

Surviving besides the wife are a son, Carroll, six grandchildren, and three great-grandchildren.

Funeral services were held at 2:00 p. m., Saturday, Feb. 7, 1953, from the Methodist Church, conducted by the pastor, Rev. Robt. Moore.

Bearers were: Carroll Bartholomew, Norbert Bartholomew, Merle Thompson, Clarence Murray, Elmer Murray and Denzil Wilson. Interment was made at Sunset Hill.

Relatives and friends from away who attended the funeral were:—Carroll Bartholomew, Jr., Adrian; Norbert Bartholomew and Miss Helen Ferguson, Big Rapids; Mrs. Hazel Wiley, Reed City; Mr. and Mrs. Wm. Drenth and Glenn Wilson, Grandville; Mr. and Mrs. Milton Richardson, Norwood; Mr. and Mrs. Russell Murray, Detroit; Mr. Fred Slack, Wayne; Mr. and Mrs. Laurence Bennett, Wayne; Mrs. Mary Wolverton, Boyne City.

The fourth number in the World Affairs Lecture will be held in the High School Gymnasium, February 16, at 8:00 p. m. The talk will be given by N. Marbury Efimence, Assistant Professor of Political Science, on "Problems of the Middle East".

PROF. N. MARBURY EFIMENCE

### Cherryvale Homemakers Met February 2

The Cherryvale Homemakers Extension Class met at the home of Mrs. Glenn Pinney Monday, February 2, with six members, two new members joining (Mary Bennett and Dorothy Brown) and five guests present.

Mrs. Frost, our new recreation leader gave us a very interesting journey to New Orleans.

Mrs. Archie Griffin, our new chairman, gave us her inaugural address.

Mrs. Laura Bieshlag, a very capable leader, gave the lesson on "Winter Salads."

Dues were paid, lunch served and announcement made that the next meeting will be held at Mary Bennett's Monday, March 2, at 1 p. m. She will demonstrate "Textile Painting."

### Boys City — Mr. and Mrs. Mike Anderson will celebrate their 72nd wedding anniversary at their farm home south of Deer Lake, Wednesday, Feb. 11th.

The anniversary will be observed in the same farmhouse in which they celebrated their 20th and every anniversary since that time.

Both are active and able to care for themselves, although Mrs. Harold McEmber, a daughter, and her husband manage the Anderson farm home.

Wed in White Cloud

Mike Anderson is 89 years old, and his wife, Mary, is 86. They were married in White Cloud in 1881 and came to Charlevoix county shortly afterward. He was born at Thamesville, Ont., and Mrs. Anderson, who was Mary Meredith before her marriage, was born near Sanilac.

Anderson, a former tiemaker, followed the lumber industry into northern Michigan as an independent contractor. He took assignments for cutting ties on a contract business because he preferred to be "his own boss," according to his daughter, Delbert Anderson, who died in 1948, worked the farm for his parents for 20 years. It was then that Mr. and Mrs. McEmber, who owned a farm near Pentwater, came here to help take care of the Anderson farm. They modernized things a bit by bringing along a tractor, and buying a battery-type radio set. "We've got a rural electric line running right through the yard," Mrs. McEmber said, "but Mom's scared of electricity, so we're still using gas lamps."

Have Seven Children

They have seven children: Stanley, Oscoda; Walter, Flint; Edward, Boyne Falls; James, Boyne City; Mrs. Bertha McKenzie, Boyne Falls; Mrs. Elizabeth Freeman, Birch Run. They have 11 grandchildren, 14 great-grandchildren and three great-great-grandchildren.

The Anderson's favorite pastime is to visit relatives in Boyne Falls, East Jordan and Boyne City. However they make one stipulation—the weather has to be right.

## Wilson 4-H Club Valentine Party at Afton Grange Hall

Wilson 4-H Club will have a Valentine Party, Saturday, Feb. 14, at Afton Grange for members and invited guests.

### TURKEY DINNER

A Turkey Dinner will be held at the Rock Elm Grange Tuesday, February 17, for the benefit of the Polio Fund. Serving from 6:00 to 8:00 p. m. Adults — \$1.50, children under 12 — .75c.

### A LINE FROM LEWIS ELLIS

In a recent letter from Lewis Ellis formerly of East Jordan, now of Pontiac, he states that he celebrated their 40th Wedding Anniversary on January 29, 1953. Their children and families were all there but Bill and Ruth who were unable to join them. He states that it is one Anniversary they will long remember.

### Former Teachers' Son Age 9 Passes

John Worster Schick, 9 year old son of Mr. and Mrs. Wm. Schick passed away at the Air Force Base at Waco, Texas, Tuesday, Feb. 3, 1953.

John was born at Niles, Sept. 4, 1943, and has been a patient sufferer most of his life with Asthma, then a brain tumor which was the cause of his death. Surviving are his parents, Mrs. Schick was the former Mary Elizabeth Finch, a teacher in the East Jordan School, 1937 — 41 inclusive.

Mr. and Mrs. Schick's address is, Air Force Base, Greewich, Miss.

Funeral services were held Monday, Feb. 9th, from the Presbyterian Church in Niles, conducted by the pastor, Rev. Greenhoe. Interment in Niles cemetery.

Mrs. Ole Hegerberg is guest of Mr. and Mrs. Sam Malone in Grand Rapids this week.

## Red Devils Back on Winning Trail In Triumph at Gaylord

East Jordan High School's "Red Devils" got back on the winning trail on Tuesday night of this week as they scored an impressive 72 to 56 triumph over the Gaylord "Blue Devils". The victory was the eighth win of the season for Coach Saxton's aggregation and its second triumph over the tall Gaylord quintet.

In Tuesday night's high scoring contest, the locals jumped into an early lead and were never seriously threatened. The Jordanites were out in front at the end of the opening stanza 21 to 13 and at the intermission held a 10 point advantage leading 34 to 24. At the three-quarter marker the score showed the visitors trailing 55 to 37. The final period was fast and furious as Gaylord attempted to narrow the margin, but the stubborn hard-driving Red and Black were not to be denied as they matched the Gaylordmen basket for basket and free throw for free throw.

Warren Frank dumped in 12 field goals and 6 free throws to lead the Jordan scoring barrage with 30 points, followed by Keith Evans with 17 and Allen Somerville with 10. Riddle's 17 tallies was high for the losers.

On Friday night of this week, the Jordanites will play their final home game of the season as they tangle with a much improved Mancelona aggregation here. The first of two games is scheduled to get under way at 7:15 p. m.

## Livestock Sale For This Area Discussed at Ellsworth Fri.

Over 31 farmers of this area attended a meeting at the Ellsworth Community Hall last Friday and discussed plans to start a Livestock Sale just South of East Jordan on M-66.

The meeting was in charge of John Teravest, well known auctioneer, who has had considerable experience in sales of this sort. Mr. Weaver, who operates a sale and owns a farm, at Copenish, was unable to be present at this meeting because of weather conditions. Mr. Weaver has hopes of starting a sale in this area. Charlevoix, Antrim and Emmet Counties do not have a sale at present and farmers in this area feel that they are losing money by having to truck their livestock too long a distance to sales.

A 40 acre tract south of East Jordan owned by Ed Portz was suggested as a possible site, and Mr. Portz, who was present, offered to help finance the erection of buildings, etc., up to \$5,000.

Gail Neumann, student in Veteran's Vocational School at Pine Lake, Dosten, spent the week end at the home of his parents, Mr. and Mrs. Wm. Numann.

Mr. and Mrs. Ira Springstead of Central Lake were Wednesday and Thursday guests of their son-in-law and daughter, Mr. and Mrs. George Klooster and family.

The R. L. D. S. Ladies Aid will hold a pot luck supper in the church Thursday, Feb. 12, at 6:30 p. m. They will have a Lincoln's Day program and a Valentine party.

Miss Margaret Blossie who fell recently on the Court House steps in Midland and fractured a bone between her shoulders is out of the hospital staying with friends at 412 Ellsworth St., Midland.

### Mark Chapter Met Wed.,

Mark Chapter O.E.S. held its regular February meeting Wednesday evening. Among the eight members of Waldo Chapter who were guests was Mrs. Margaret Mathews, Grand Committee Woman of the Grand Chapter of Michigan O.E.S. who spoke to the members giving some helpful suggestions. The Past Matrons and Past Patrons were honored, each one was presented with a gift from the Chapter. The hostesses served sandwiches, cakes and tea and coffee. The table was decorated in keeping with Valentines Day.

## Don Whiteford EJHS Graduate Signs Contract With Chicago Cubs

Donald Whiteford, 1952 graduate of East Jordan High School and one of the school's outstanding all-around athletes, was signed to a contract with the Chicago Cubs baseball organization by Tony Lucadello, Cub scout, here last Friday evening.

Whiteford, now a Freshman at M. S. C., has been assigned to the Janesville, Wisconsin club and will report to Blackwell, Oklahoma on April 5th, at a Cub's minor league training site.

Lucadello saw Whiteford in action at the Cubs' tryout camp at Petoskey on July 10th of last year. During his high school athletic career, Whiteford established himself as one of the North's outstanding athletes competing in basketball, football, baseball and track. He captained the track squad last spring and established school records in the shot put and high jump. He broke the shot put record in the Regional Meet at Cadillac with a toss of 45' 7" bettering Howard Somerville's previous record of 43' set in 1932. He leaped 5' 8 3/4" in a dual meet at Mancelona to better Bob Bennett's record of 5' 8" set in 1936. Whiteford's football exploits brought him All-State honors as a fullback on the Detroit Free Press All State Class C eleven in 1952. Don is the son of Mr. and Mrs. Vern Whiteford of 208 Second St. of this city.

## Verna F. Leu and Stanley C. Sweet Wed Last Saturday

The wedding of Verna F. Leu and Stanley C. Sweet took place at the Evangelical Lutheran Church, East Jordan, February 7, at 4:00 p. m. The bride is the daughter of Mr. and Mrs. Joe Leu of East Jordan. Parents of the bridegroom are Mr. and Mrs. Herb Sweet, also of East Jordan.

The wedding ceremony was read by Rev. Philip Fretheim, before an altar decorated with baskets of mixed gladioli. Mr. Fred Stecker played the traditional wedding music and organ accompaniment for the soloist, Jason Snyder, who sang, "O Promise Me", "I Love You Truly", and "The Lord's Prayer".

The bride was given in marriage by her father, Joe Leu. She wore a clay blue gabardine suit and carried a white Bible topped with white carnations and pink roses, a gift of her parents.

Janet Dunnette, friend of the bride, served at bridesmaid. She wore a light blue gabardine suit with navy blue accessories and a corsage of pink and white carnations.

Maurice Murphy, cousin of the groom, served as best man. Elmer Olstrom, Jr., cousin of the bride, and Floyd Peck, brother-in-law of the groom, seated the guests.

Following the ceremony a reception was given at the Evangelical Lutheran annex by the bride's parents. The bride's table was centered with a three tier wedding cake which was served by Mrs. Alfred Larsen, former class advisor of the bride. Dainty sandwiches, pickles and mints were also served. Baskets of flowers and white wedding bell formed a background for this serving table. Misses Shirley Murphy, cousin of the groom and Louise Olstrom, cousin of the bride, presided at the coffee and tea tables. Mrs. Floyd Peck, sister of the groom, assisted at the gift table.

For her daughter's wedding, Mrs. Leu chose a black print dress with black accessories. The groom's mother chose a black crepe dress with black accessories. Both wore corsages of white and yellow carnations.

The newly married couple will make their home in East Jordan, where the bride will continue working as secretary in the East Jordan High School office. The groom is employed at the Diller Box Factory.

Those from away to attend the wedding were: Mr. and Mrs. Sims Baker and Marylee of Charlevoix, Mr. Herman Beyer of Petoskey, and Mrs. Charles Bunnette and Beverly of Boyne City.

## Legislative News Letter

An amendment to the Joint Rules of House and Senate, now under consideration, if adopted, will mean the end of the old habit of stopping the clock or covering the face of it just before midnight of the last day of the session; and then continuing on for hours to dispose of all pending business. This practice has been the subject of much criticism through the years and attempts in the past to correct it have been unsuccessful. The proposed change would provide for automatic adjournment at 12 midnight and is eyed favorably by members of both parties. Still in committee, it is expected to be reported out before the Legislature concludes this week's session.

Among other important changes in the rules, is one setting up a new schedule of deadlines following adoption of the adjournment resolution. The new schedule if approved is intended to provide a longer period of time for consideration of bills in committee and on the calendars, as well as more time for conference reports. This would tend to not only eliminate much of the mad rush of the closing days of the session and allow greater and more careful consideration of the bills and conference reports, but to a great extent would tend to eliminate opportunities for errors.

The amended rules if adopted and it is expected there will be little or no opposition, will be a big step forward in legislative processes and provide a more sensible and orderly adjournment. Proposing to oust any public official who refuses to answer questions before a Grand Jury on the ground that his answer might incriminate him, kicked up quite a storm. Claiming it was too broad and as written abridged the rights guaranteed under the constitution without due process, opponents succeeded in having it referred to Judiciary Committee for further study.

The Committee on apportionment of a sub-committee of three to get to work on writing a reapportionment bill in accordance with the constitutional amendment adopted by the people last November. The sub-committee in a conscientious effort to do a real job and desirous of obtaining the benefit of all information available, seek the advice and information with supporting data, of all members who have anything to contribute on the subject. Needless to say, this is a difficult task and one which is bound to create tensions and hard feelings before completed. Time is slowly but inexorably moving on and there can be no shirking this duty — the Legislature must enact the bill within 180 days of convening. If it fails to do so, the matter passes out of our hands and into the hands of the State Board of Canvassers.

The Tax Committee and presiding officers of both House and Senate have been meeting regularly each week with the Governor, discussing the State's revenue problems, in an effort to find an equitable solution, fair to all.

## Looking Backward . . .

FEBRUARY 8, 1913

At the round up meeting of the Charlevoix County Farmers' Institute held at Charlevoix last week E. H. Clark of Eveline was elected president of the county organization and Mr. Newville was reelected secretary.

John Alvin, the fifteen months old son of Alexander and Della Le. Peer, died Monday morning of Cholera infantum. The funeral was held on Tuesday at nine o'clock from St. Joseph's church.

C. P. Chaddock and daughter, Mrs. J. H. Graff, who have been guests of South Haven relatives a short time, are expected home today.

Mrs. P. A. Reed has opened a bakery and farmers' lunch room on State St. in Mrs. Watch's store building.

At the Annual meeting of the Retail Merchants Association held Thursday afternoon the following Officers were elected:

President, W. C. Spring; Vice-President, Charles H. Whittington; Secretary, W. P. Squier; Treasurer, W. A. Strobel.

The East Jordan Board of Trade held their annual meeting in

which will produce the needed revenue to meet our obligations. Lacking the necessary two-third vote to override an executive veto, it is useless waste of time to try and pass any measure, regardless of our critical need, which has no chance of being approved by the Governor. Hence this effort toward cooperation in arriving at a mutually agreeable program. At this time no one can venture a guess as to what will be found, but it is a known fact that any attempt to recapture any local grants in aid or to impose nuisance taxes will be unpopular with many.

The House Tax Committee now has before it consideration an already Senate approved bill advancing the due date of the corporation franchise tax. If adopted and signed by the Governor, it would mean immediate relief in this fiscal period in that the corporations would pay 35 million dollars on or before May 15 rather than after the close of this fiscal year. It provides no long range solution to our problem and it's fate is uncertain.

Among bills introduced is one to repeal the system of bounty payments on foxes, wolves, etc. It proposes this wildlife be controlled by the Conservation Dept. on a contractual service basis whereby the Department would send in trained men to aid the farmer in getting rid of these pests.

Another bill would increase Old Age Assistance from \$70 to \$75 a month, and also allow \$90 instead of \$80 a month for hospitalized beneficiaries.

A proposal to repeal the sales tax act also was dropped into the legislative hopper. Another measure would end the dual control of the State Fair grounds by the creation of a 15-man board of managers to operate the Fair and administer the fairgrounds the year around.

the K. of P. hall Monday evening, and a goodly number of our representative business men were present in spite of the stormy weather. In the election of officers, the following gentlemen were chosen for the ensuing year:

President — W. P. Squier; Vice President — A. E. Cross; Secretary — R. A. Brintnall; Treasurer — J. H. Milford; Directors — Geo. G. Glenn, F. E. Boosinger, B. E. Waterman, W. P. Porter, W. J. Ellison, A. Cameron, C. H. Whittington and John F. Kenny.

Elizabeth Jane Jack was born at Bousburg, Center Co. Pa., November 12, 1838, and died at her home in East Jordan, January 31, 1913, being past 74 years of age. She was married to Albert B. Steele August 1, 1868. The husband and daughter, Mrs. Charlotte Marian Bedell of Manitowoc, Wis., are left to mourn the loss of a loving wife and a true friend.

The funeral took place Monday from her late residence on Main St., conducted by Rev. T. Porter Bennett. Interment at East Jordan Cemetery.

E. C. Madison, father of Mrs. A. L. Hilliard, who has been guest of his daughter for sometime, returned to his home at Cadillac last Saturday.

John Malpass left on Monday for Harrisburg, Oregon, and expects to make that place his home.

Contractors H. S. Price and John Monroe have been awarded the contract of rebuilding the dam at the outlet of Hamlin Lake near Ludington, which went out several weeks ago.

FEBRUARY 9, 1923.

The Commercial House was destroyed by fire Friday night. Flames were discovered about 9:00 p.m. Owing to the heavy wind and frame structure the flames spread rapidly and the twenty-five people managed to escape down the fire-ropes, partially clad. The firemen had hardly got underway when a terrific explosion occurred somewhere near the dining room part which blew out the side of the structure next to the Boswell building. The flames shot up over the Boswell Block, smashing in the big window and skylight and filling the interior of the second floor with flames. With the heavy wind from the north and zero temperature, firemen were handicapped.

Commercial House is a total loss, W. P. Porter owned the structure, partially insured. Mr. and Mrs. Louis H. Hender were managers of the hotel and they lost heavily, having only \$500 insurance. Some twenty boarders lost clothing and valuable articles. In the Boswell Block, Mrs. G. E. Boswell who owns the building is the heaviest loser. Atty D. L. Wilson occupies the front part of the 2nd floor with law offices is a loser by smoke and water. The m-in floor and basement of the building is occupied by the Hite Drug Co. Mr. Hite is undecided to just what his loss will amount to.

All partners in the Boswell building carried insurance to cover the loss. Water poured into the basement of the Post Office block. Otis Smith Barber and City Clerk, had to contend with the deluge but his loss is small. With the burning of the Commercial House, East Jordan loses another of its old time landmarks. At present The Herald is unable to give it's history, but we understand that over a quarter of a century ago it was occupied by Fred Boosinger (now of Cleveland) as Post Office and General Store.

Mr. and Mrs. Richard Lewis moved their household up from Charlevoix last week and are now getting settled in their home on the corner of Williams and Second street.

fine radio outfit of our local dealer, Leslie L. Miles, who is now Bulow Bros. have purchased a installing same in the rear of their store. As soon as things get working nicely, Bulow Bros. plan to set aside certain hours of the day for programs and also on Sundays.

Mr. and Mrs. Matt Swafford were surprised Saturday February 3, when Mr. and Mrs. M. Burney, with Mrs. Len Swafford and Mrs. M. Lither assisting gave a party in the Burney home, reminding the Swaffords of their twenty-fifth wedding anniversary. Thirty-four guests were seated at the dainty and bountiful six o'clock dinner, after which Mr. and Mrs. Swafford were presented with

some beautiful table silver. The evening was spent at cards.

FEBRUARY 10, 1933

Mr. and Mrs. Charles P. Murphy announce the marriage of their daughter, Anna Oline, to Clyde Warner of Charlevoix. The ceremony took place Saturday, February 4, at the Presbyterian parsonage at East Jordan, Rev. C. W. Sidebotham officiated. Mr. and Mrs. Ray March of Walloon Lake attended the couple. Mrs. Warner will continue her duties as teacher at Wildwood Harbor School, near Walloon Lake. Mr. Warner will complete the new home south of Charlevoix, where the young couple will be at home to their many friends after June 1.

Margaret Ann Murphy passed away at her home in Echo township, February 2, at the age of 72. On Sept. 25, 1876 she was married to John W. Murphy, who passed away in 1925. She leaves to mourn her loss ten sons and daughters.

Mary Ann Spence, Ridgetown, Canada, Ralph and Erwin, East Jordan; William, May Kidder, Belle Sweet and Raymond, Echo; Hattie Towsley of Charlevoix. Funeral rites were held Sunday. Burial at Moorehouse cemetery.

Miss Muriel Sonnabend, who has been employed at the Petoskey hospital for awhile returned to her home here last week.

Miss Christine DeMaio of Horontons Bay has been guest the past week at the Kraemer home.

Miss Evelyn Webster, daughter of Mrs. Roy Webster of Big Rapids, recently completed her work for an A. B. degree at the Kalamazoo College. They were former East Jordan residents.

Members of the East Jordan Fire Department with their wives enjoyed a chicken dinner at the home of Mr. and Mrs. Harry Simmons Tuesday evening. After supper double King Pedro was played. Mrs. L. Ellis and Earl Shay winning first prizes and Mrs. W. H. Malpass and Frank Woodcock won consolation prizes.

Thelma M. Hegerberg, City Clerk. 7-1

An adequate breakfast has a basic pattern that includes fruit, cereal, milk, toast or muffins and butter or margarine. Add a cup of hot coffee, if you wish, and substitute an egg once or twice a week for the cereal. That is the advice of Michigan State College nutritionists who remind you that one-fourth of the food energy each day should come from a hearty breakfast.

When they are cleaning house I don't count.

The weight of a financial crisis and the more than normal press of business hasn't deterred the legislature from one of its favorite hobbies — tinkering with Michigan's 140 million-a year liquor industry.

The liquor control commission set-up which is referred to by its enemies as the state's monopolistic whiskey business — is complicated, to be sure, but probably not so complex that it couldn't do with a little less experimenting.

George Burke, Jr., chairman of the three-man commission since 1950, has been recognized by many as a bright young man quite capable of handling the many-faceted liquor business.

He won a skirmish with the Republicans last year over the inventories. The G.O.P. decided that Gov. Williams was juggling the liquor inventory to suit his political purposes.

By that they meant that if he wanted to show how he, by piling up money in the general fund, merely cut down the inventory. Or, vice-versa, he could show good figures if necessary that Republicans had muffed the ball by ordering the inventory increased and draining off excess money.

Such charges never were proved — or even very seriously considered by most, but the G.O.P. tried to boost through a bill which would put a ceiling on the inventory.

But they couldn't manage it. And so they went to Burke and asked in a gentlemanly manner to try to keep the liquor stock down to \$12 million. And Mr. Burke allowed as how he would try. But then the legislature passed a bill requiring all specially designated dealers to carry a given amount of stock which required Burke to jump his inventory again.

He finally got the legislature to allow him to carry up to \$15 million. Look as they might, the inquiring legislatures could find nothing to criticize Mr. Burke for. In the last two months liquor sales in Michigan have gone up about 25 percent. The legislature has asked Burke to keep his inventory at from \$17 to \$18 millions, please.

The legislature now is planning to build a \$2 million warehouse in Detroit — although this does not exactly come under the heading of "tinkering."

This warehouse would replace three wholesale storage places and one retail warehouse, all of which now are being rented. Burke figures the state can save \$200,000 in rentals and another \$100,

interests of boys in three age groups: Cub Scouting for boys 8, 9 and 10; Boy Scouting for those 11, 12 and 13 and Exploring for boys 14 and up.

The high point of Scouting in 1952 will be the third National Jamboree. More than 50,000 Boy Scouts will camp at a 5,000-acre tent city on the Irvine Ranch in the Newport Harbor area of southern California next July 17 to 23.

## "Recreation Is Our Business"

The fifth of the "Out of Doors in Northwestern Michigan" series of lectures brings to Traverse City Mr. Robert J. Furlong, Executive Secretary, Michigan Tourist Council, Lansing, Michigan.

ROBERT J. FURLONG

Mr. Furlong's talk "Recreation is Our Business" will be given at 8:00 in savings on transportation and the normal drop in expenses for a more unified command.

Burke also has been holding off on election of a site for the building — power given him by the senate liquor controls committee — until they investigate the possibility of putting up a building on some obscure corner of the state fair grounds in Detroit. This, if found possible, would save another \$100,000.

There is also a proposal in the mill to expand the liquor control commission from a three-man to a five-man group and eliminate the present two hearing examiners. Present complaint is that after the examiners hear a case, the licensee immediately appeals to the commission and the commissions must hear it anyway. Licensees would prefer a plan where they would have their hearings conducted by members of the commission.

It would at least save a lot of time on appeals.

Now Senator Blundy has introduced a resolution asking that no new liquor licenses be issued until a replacement for Commissioner Kozaren is appointed and approved. Says it would "just open the door to blackmail."

Incidentally, there are 400 SDD licenses open in the state. Also, there are 460 applicants.

But the issuance of the liquor take-out permits won't be as simple as just weeding out 60 applicants. The legislature will get into the act.

With the liquor control commission they always do.

the Traverse City Central High School auditorium at 8:00 p. m. on Tuesday, February 17th, and is sponsored by the Chamber of Commerce.

Mr. Furlong was named to his present position December 1, 1947. He came to the Tourist Council after 18 years of service with the Michigan Department of Conservation.

His work in Conservation began in 1929 as a Forest Fire Warden in Chippewa County. After 2½ years as a Fire Warden he was promoted to Assistant District Supervisor with headquarters at Escanaba. In this position he was in charge of forest fire detection, prevention and suppression organization in Delta and Menominee Counties.

In July, 1939, Mr. Furlong was promoted to the position of District Supervisor with headquarters at Boyne City. He was in charge of supervision of the Conservation Department's organization on forest fire control and game and fish law enforcement in Emmet, Charlevoix, Antrim, Otsego and Cheboygan counties.

From Boyne City he went to Gladwin in March, 1945, as District Supervisor for the counties of Clare, Gladwin, Arenac, Isabella, Bay, Saginaw, Midland and Gratiot. One year later he was promoted to Assistant Regional Supervisor with headquarters at Roscommon and with the northern half of the Lower Peninsula in his jurisdiction. He held this position until his appointment as Executive Secretary of Michigan Tourist Council.

Mr. Furlong's long years with the Conservation Department and his present position give him an exceptionally good background for his talk. He knows what Conservation of Our Natural Resources means, and it's effect on the Tourist business which is the backbone of Northern Michigan's economy.

**Just a Little "Outdated"**

Back in December we sent out our yearly calendar. It listed the last date for renewing drivers' licenses, and things like the dates for registering to vote, when the hunting and fishing seasons open — even suggested you note down the wife's birthday, too.

I figured dates like these were important to keep in mind — and this was a good way to do it. Unfortunately, it now turns out I never really paid close attention to my own calendar!

Not 'til today that is — so here I am not able to drive the car this weekend until I get my driver's license renewed on Monday!

From where I sit, I guess good advice, like charity, should begin at home. I'm always advising all of you to worry less about your neighbors (what they do, or say, and whether or not they should enjoy a temperate glass of beer) and pay more attention to whether you yourself are doing the right thing. Guess I'll "make a note" to follow my own formula!

## Mrs. Mary Ramsey Honored at Party

Mrs. Mary Ramsey, who is retiring as city librarian after serving in that post for 26 years, was feted a farewell party Saturday night, Feb. 7, at the home of Mrs. Harold Nelson, 222 North Shelby St., Cadillac, Mich. The guests are present employees at the library and former employes. Mrs. Ramsey was presented with a gift of luggage and also several personal gifts with former members of the library staff living in other cities being included in the giving of the gifts.

Following a social evening Mrs. Nelson served refreshments from a lace covered table centered with a cake made by Mrs. Carl H. Johnson. The cake was made in the form of an open book and was inscribed: "To Mrs. Ramsey, a wonderful friend, from all your girls," Lighted candles completed the decorating appointments. Mrs. Rolfe Wheaton assisted at the serving table.

Mrs. Ramsey is a sister-in-law to Mrs. Harry Simmons and is well known here.

### Kindergarten — Helen Witte

We have so many boys and girls out, that one day we had a "house-keeping day." We cleaned out lockers, the block boxes, and the tables. We dusted everything.

We learned about the flag and the song "The Star Spangled Banner."

We made Valentine dolls, a Valentine tree and now we are going to make Valentines for each other.

We are sorry Dennis Bradshaw is ill. He has been out so long. We miss him and hope he will be back soon.

### First Grade — Marion Brooks

Many from our room are sick with measles or the flu. Today, Monday, we have just one half of our regular number present.

We had a pretty card and note from Terry Lord. This is his second week out of school.

The Rabbits have finished Unit III and Jim Goebel, Douglas Li-lac and Dick Eichlor have a perfect vocabulary score.

In number class we are making squares and circles.

We like this month because it has so many interesting days to celebrate. It also has Dick Eichlor and Merry Eaton's birthdays.

### Sixth Grade — Alm. Larsen

We have been enjoying the skating pond very much and wish to thank the committee who have made it possible.

Bob Detoff brought two small eel and some minnows to show us how eel attach themselves to fish and finally kill them.

Mrs. Larsen brought a chart showing all of the presidents and historical events up to the present day.

We have a bulletin board showing inauguration and news clippings.

For art class we drew trees showing snow on the branches using a black and white color scheme.

In arithmetic we have been making scale drawings, some of us drew floor plans to a scale.

Our bulletin board shows a "Winter Sport" scene.

We have finished our health books and have started Science for the second semester. Our first unit is on airplanes.

### Carolyn Malpass gave an experiment proving that air pushes upward. Allen Shepard also gave an demonstration, proving that air can push upward with enough force to overcome the downward pull of gravity.

Keith Danforth and Paul Bowen are working on an experiment with jet propulsion to show how a backward rush of gas can drive something forward.

Our 4-H sewing girls meet every Wednesday, 2:00 p. m. with Mrs. Wm. Malpass as leader. Achievement Day will be April 6.

In English we have been learning about adjectives and adverbs. We find them quite difficult to master.

We are planning a Valentine Party for our room on Friday.

### Second Grade — Agnes Johnston

We have a new February calendar in our room. We marked off important dates that we want to remember. We found that two of our great presidents had birthdays this month, they are Abraham Lincoln and George Washington. David Griffin brought a chart to school showing the pictures of the thirty-four presidents of the United States. We all enjoy looking at the chart.

We are learning "The Song of the Pop-Corn" as a choral reading.

It is fun reading from our Weekly Readers, especially, when we read about interesting people. Last week we read about Mr. Thomas Edison who invented the electric light bulb, the talking machine and a camera for taking moving pictures. We found that Mr. Edison's inventions have helped people all over the world.

We are making plans for our Valentine party which will be held Friday afternoon. The children who will work on the party are: Charlene Sweet, Marilyn Hughes, Sally Gidley, Sharyn Sinclair, Timmy Pienta, Jerry Chak and Johnny Mathews.

Monday afternoon we helped Louise Walton celebrate her eighth birthday. Louise's mother treated us to delicious cupcakes and candy bars. We each made a pretty Valentine for Louise and saw her a birthday song.

Monday, we welcomed back to school Charlene Sweet, Harry Howard, Sally Gidley, Donald Bowerman, David Griffin and Timmy Pienta. These children have been out of school with the measles and the flu.

The grade school March of Dimes drive started last Wednesday and ended Friday.

Betsy Bell is sharing with us her February Jack and Jill magazine. Louise Walton her book, "The Golden Book of Poetry."

### Third Grade — Adeline Bowerman

We are enjoying two supplemental science readers "Animal Adventures." This week we are correlating our science and language lessons writing stories using the facts we have learned about rabbits. We are trying to make use of the language rules we have studied so far.

We were glad to have Mrs. Wm. Malpass visit our room one afternoon last week. She showed us some colored slides of the Taquamenon Falls and other scenes in the Upper Peninsula and pictures of the Halloween Parade we had through town last fall. We want to thank her for showing these to us.

Jean and Jane Graham are enjoying a visit from their brother Don, who is home on furlough.

### Fourth Grade — Grace Galmore

We were glad to have Dennis Kapkau, Jerry Vrontron and Donald Johnson back in school Monday. Louis Kraemer and Loretta Stineway were the only ones out.

Gerald Peters and David Bartholomew are fixing our February bulletin board. It will show valentines as well as pictures of Lincoln and Washington.

Harold Murray is chairman of our next Social Studies project. This will be a collection of pictures and interesting articles about the many groups of people who came to settle in Pennsylvania at the invitation of William Penn.

Gerald Peters gave us a very

good report on his parents trip to the Soil Conservation Meeting in Nebraska. He gave us a good description of Boystown and the stockyards in Omaha.

We have a good movie on prune raising in the Santa Clara Valley in California. It was a story of how Louis Pellier started the industry by grafting shoots of the French prune brought over from Europe to the root stock already started here.

### M. E. A. DINNER

The county M. E. A. Dinner was held in the Charlevoix High School Cafeteria, February 12 at 6:30 p. m. Approximately fifteen faculty members from East Jordan attended.

After a short business meeting, Dr. Litzberger, state health officer of District No. 3, showed a movie on the health program of Charlevoix, Otsego, Antrim and Emmet counties. Another movie, "By Jupiter", a public relations film, was also shown.

### FUTURE NURSE'S CLUB

The fourth meeting of the Future Nurse's Club was held Monday night at 7:30 in the East Jordan High School. The first part of the evening's program consisted of two movies: "The Girl in White" and "The R. N." The movies were followed by the regular business meeting. President Sharon Brock opened the meeting and the Secretary, Marlene Olstrom, read the roll call and the minutes of the previous meeting.

Pat Barnett read the plan for the rest of the term's activities. The program consists of: February 23 — A talk by Mrs. Goodwin.

### FARM SHOP

Several members of the Farm Shop class, under the direction of their instructor, Mr. Richard Schroeder, are making trailers.

The group worked together on a trailer for the farm shop first, thus gaining the necessary experience.

Robert Roberts and George Nelson are making complete trailers, while Thomas Sheridan is re-modeling one.

The class meets a double period each day, giving the boys ample time to do this type of valuable work.

### SENIOR PLAY

The senior play, "Huckleberry Finn", which was held last Tuesday and Wednesday, February 3 and 4, was a great success. A large crowd turned out for both night's performance.

Much work is connected to one of these plays, but much fun is also had during the practices.

After the play Wednesday night a party was held at the home of John Downing, the director. There were 18 to 20 present, which included Mr. and Mrs. Jack Richardson and Mr. and Mrs. Albert Nesman. Refreshments were served and a good time was had by all.

### STATE HOME EC. MEETING

Mrs. Clare Brown, local Home Economics teacher, attended the State Home Economics Curriculum Meeting at Michigan State College January 30. The meeting was also attended by curriculum chairmen of all the M. E. A. districts, members of the State Department of Vocational Homemaking Education, and college teacher training. The purpose of the meeting was to plan the spring regional curriculum meeting of homemaking teachers in Michigan.

### ADULT EDUCATION

Classes in adult education, being held at the East Jordan High School are almost finished.

The typing class, with four members and taught by Mr. Wilard Nelson, meets each Tuesday night.

The four members of Mr. Jack Richardson's driver training class have completed their course and passed their examinations for drivers licenses.

The ceramics class, with an enrollment of 20, under the direction of Mrs. Alice Nesman, meets Tuesday evenings in the lunch room.

Also in connection with adult education, a series of five lectures on World Affairs have been offered. The speakers for these lectures have been from the University of Michigan. The last two meetings will be held February 16 and February 23.

### GENE RICHARDS IS FREE THROW CHAMPION

Gene Richards of the 7th Grade copped the Championship of the double elimination Junior High School Free Throw Contest held at the local high school gymnasium during the past week. Richards beat Allen Ingalls in the finals held during the noon hour on Tuesday. Ingalls, also a 7th grade student, was the runner up with the consolation going to David Nachazel of the 8th grade. In all, seventy-six Junior High School boys participated in the contest.

### PROGRAM

The East Jordan High School offers four new classes this second semester: Journalism, International Relations, Trigonometry, and Dramatics.

Journalism, which is taught by Mrs. Leatha Larsen, offers a general text in news writing and editing. Twenty-two pupils have enrolled in this course.

International Relations is offered by Mr. Max Damoth. This class studies foreign affairs. There are fifteen students enrolled.

Two students are taking Trigonometry from Mr. Keith Annear. The dramatics class, under the direction of Mr. Vaun Ogden, has eleven boys and five girls.

### FOUR SEEK F. F. A. HONOR

James Shepard, Kenneth Shepard, Lester Howard and Leonard Lick, seniors of the East Jordan Agricultural School, have filed applications for the State Farmer degree. The first three boys are also leaders in East Jordan F. F. A. Chapter, says Mr. Richard Schroeder, instructor of the F. F. A. class.

If accepted, the boys will receive the degree in the spring at the

annual Future Farmer Convention at Michigan State College, East Lansing.

James Shepard has the highest farm earnings of the four boys with a total of \$2080.60 and a net worth of \$6555. The total farm earnings of all the four boys are \$3735.89, and their net worth runs to \$14,010.09.

### F. F. A. NEWS

The East Jordan Future Farmers of America boys are taking samples of the water from private wells and springs. These samples are tested for harmful bacteria. Results are sent to the owner, and in many cases the water has been found to be unsafe. Folks wishing further information as to how to make their water safe are urged to contact any F. F. A. member for help. You may also call the sanitarian at Charlevoix who will visit you at no cost and help with your problem.

People who wish to have their water tested or wish further information may call LE 6-2621 or 2208.

Hoping his birds will come home to roost, Otto Failing, conservation department game manager at Gaylord, flops out a choice dinner of corn for a colony of sharp-tailed grouse southeast of Gaylord. Only 89 birds were planted here in 1949, but since then the grouse have grown in numbers and spread in many directions from the original planting. Last fall, for the first time, an open sharp-tailed season was allowed in Otsego county, largely because of this planting. Contrary to the looks of this picture, the birds are not going to get a free meal. Failing is putting out corn for one reason only; in order to live trap the grouse for leg banding.

## AN EDITORIAL

### Would You Locate A Factory at East Jordan?

Supposing, just supposing that a business with a Dun & Bradstreet rating of AAA-1 (owning property up into the millions of dollars and having a first class credit rating) was looking for a small town in Northern Michigan to locate a small factory. Supposing they are now located in the metropolitan area and want to diversify their plant into many smaller units in different locations that they will not be so vulnerable to labor strife, congestion, unpleasant living conditions for its personnel, etc.

Supposing a couple of men were sent to East Jordan by this business to investigate the possibilities of locating a plant here. This firm is not looking for financial backing, a new building or bribery of any sort to locate here. Quite possibly the only thing they would accept as a token of appreciation is a deed to a building site.

Put Yourself In The Shoes of These Two Men.

What would you look for?

Let's be perfectly frank and look at East Jordan through the eyes of the two men who are visiting East Jordan for the first time. In fact let's drive around town and kinda talk out loud to ourselves for awhile. Quite probably we'd better start talking at the city limits south on M-66.

... Quite a big old farm house there, must have been there quite a while by the looks of those old rail fences down there ... and look at the river down there, must be some fish in it, bet the fellows back home would like to spend Saturday trying their luck on it ... Kind of nice little bunch of houses in this grove of trees here ... gosh, but this road is getting rough, wonder if they're like that all over town ... Look at the lake ahead, say, I think I'll kinda like this place ... Hmmm, here's a couple business places, looks like they're closed though, and there's two on this corner where I'm supposed to turn that

are closed too. That other gas station seems to be doing a nice business though. ... Looks like a trailer park down there, that's good, and look at these poles, must be going to play night baseball there, wonder where the lights are though. ... Here's a couple groceries and a gas station open for business. ... Well look at here, a bridge, say this is alright, kinda swampy mess off to the right though, looks like the water made a mess out of things here ... Nice building off to the left there, can just make out the sign "Jordan Valley Co-operative Creamery" it says. ... Hmmm, you'd think a town this size would have a dock wouldn't you, those old sticks poking up out of the water there sure would be hard on a small boat, and this sure ain't no place for a fellow with a cruiser, no sir! ... Well, here's a railroad track, that's one thing to the good if we locate here, and a doctor's office, that's good too ... Hmmm ... that new restaurant isn't open. Say, what's the matter here anyway, I haven't even got to the main part of town and already find five places closed, better find out what's wrong where I turn on to Main Street. ... They say a first impression is the lasting one. ... wonder what mine will be. ... nothing too much to get excited about, nice looking building there, "Postoffice" it says. Pretty nice too. ... Another nice one oh that corner on that street going down to the Creamery, wonder what it is. ... Nice looking Theatre and Bowling Alley. ... Well for goodness sakes, there's two places in that theatre building closed and the place next to it is closed too. Sure seems funny why so many places are closed. ... There's the Jordan Inn the sign says, ought to get a room there, sure hope they have something good for dinner tonight. ... and there's a nice looking library across the street, that's another credit mark for the town. ... Wonder what that business is down the hill there, can't see any sign from here though, you'd think some of these places were ashamed to let people know the name of their business 'cause you can't ever find a name on them. ... Guess I'll go up the hill here. ... well here's a cute little church right next to a bigger one, and there's another one on that corner, guess I'll turn here for the heck of it. ... Well what do you know, here's another church and another one just across the road, well, guess I'll go up a block and drive back. ... Hmmm, looks like the school, and almost brand new building too. ... say, folks here must really be on the ball to have a school building like that. ... Wait 'til the folks down below hear about that. ... Don't see many new homes being built around here though, most of them are just about the same old-fashioned style, but seem to be kept up fairly well, just average. ... must not have came the right way to see the newer subdivisions but there should be some new homes around here somewhere, especially close to the school. ... A little help from a 'twide awake lumber dealer and a landscape specialist would do a lot for these old homes though. ... Wonder if folks here aren't just a little bit too content to let things be as they are. ... sometimes that's a good thing, but usually it's a sign a town is not as progressive as it might be. ... well there's another church there, and on this next corner a fancy new neighborhood grocery, whoever owns it really put a modern front on it. ... a few more of them would brighten up this town plenty. ... That sign over there says "East Jordan Canning Co." ... and that building down there must be the depot. ... wonder why all depots have that same look you could tell it was a depot a mile away just from its style of architecture. ... Nice looking gas station on this corner, looks like a brand new addition on it, and there's a Co-op across the road. ... Nice modern front on that lumber business there. ... seems to be newer buildings on this street than on Main Street, wonder why."

The judges for the Best Hunting Story Contest that ran during the month of December have decided that the prizes are to be awarded as follows.

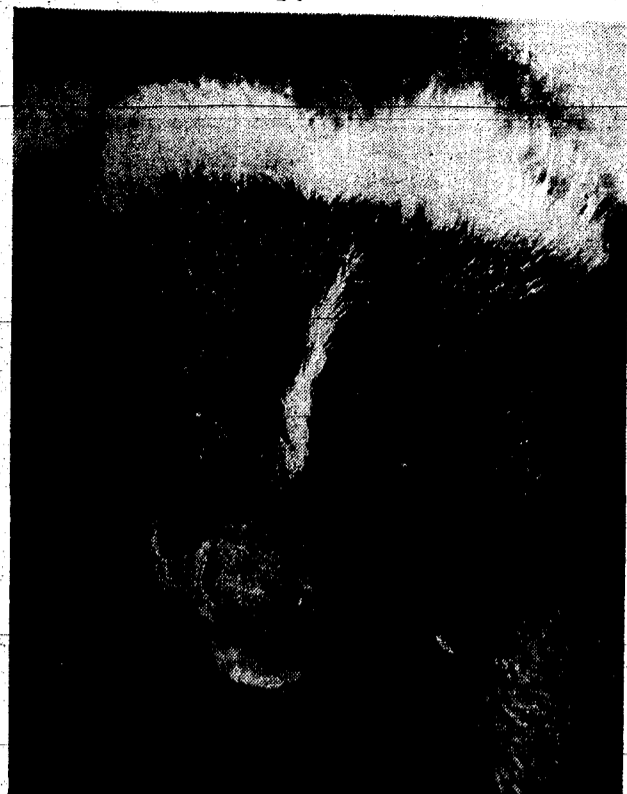

First prize of \$5 goes to Earl Clark for letter No. 1.

Second prize of \$3 goes to Frank Kubicek for letter No. 3.

Third prize of 2\$ goes to Bert Bennett for letter No. 2.

There being only three letters sent in, checks will be mailed to each winner as this issue of the Herald is being mailed.

## Sleepy Skunk

This beady-eyed fellow was unhappy at being waked from his favorite winter pastime of sleeping, just for the sake of a picture. However, the "woods pussy" simply yawned, licked his chops, and ended January 31. The conservation department points out that skunks are valuable friends of the farmer, eating mice and enormous quantities of beetles, grasshoppers and the like. During the winter, skunks live in hollow logs, burrows in the ground or hollow stumps, making only occasional forays for food. In the spring, four to 10 tame and playful kittens will be born. Humans, however, will avoid the whole brood with caution, leaving the skunk family to its own pursuits — for obvious reasons.

was centered with a four tier wedding cake which was served by Mrs. Wilbur Robertson, former class advisor of the bride. Dainty sandwiches, pickles and mints were also served. Baskets of flowers and white wedding bells formed a background for the serving table. Mrs. Joseph Boring and Mrs. William Bennett, aunts of the bride, presided at the coffee and tea tables.

For her daughter's wedding Mrs. Boring chose a brown and rose striped dress with rose accessories. Her corsage was pink roses.

The bride and groom both attended school at East Jordan, the bride graduating with the class of '52 and the groom in '50. He also attended Michigan State College.

After a short wedding trip the bride will return to her work at Dearborn, Michigan and the groom will enter the armed forces.

Guests included two great-grandmothers, Mrs. Gertrude Bennett and Mrs. Bertha McMillan; two grandmothers, Mrs. Harriet Boring and Mrs. Bert Bennett; and one grandfather, Bert Bennett; and Gos Bennett, great-great uncle, all relatives of the bride. Those from away to attend the

wedding were:— Mrs. Harriet Boring, Mr. and Mrs. Matthew Boring and Mrs. Roy Utley, Northville, Mich; Mr. and Mrs. Wendell Boring, Milford, Mich; Mrs. Joseph Boring and Mrs. Beatrice Hess of Kiego Harbor.

Also attending were:— Mr. and Mrs. Floyd Compton and daughter, Judy; Harry Webster, William Walker and Mr. and Mrs. Clifford Cutler of Flint; Mr. and Mrs. David Nowland with children, Jack and Jean, Iris and Linda Petrie, Detroit; Donald Whiteford and Marvin Fraker, East Lansing; Elwin Evans, Alma; Mae Evans, Mt. Pleasant; Suebell Shepard and Barbara Woodcock, Pickney.

Watch your marketing and make sure you are not paying for inedible foods such as the waste on some vegetables and the excessive bone and fat in some meats, Michigan State College home economists remind you.

Good laying houses should have dropping pits that allow hens 10 to 12 inches of roosting space per bird, advises J. M. Moore, Michigan State College extension poultryman; there should be an individual nest for every five birds or community nests for each 75 birds.

## New President

**H. F. BAILEY**  
President of the Michigan Press Association, Inc., for its 85th year of service to Michigan newspapers, is H. F. Bailey, general manager, Adrian Daily Telegram. Other officers, who were chosen Jan. 23, at East Lansing, were Louis J. Berman, Whitehall Forum, first vice-president; F. Granger Weil, Port Huron Times-Herald, second vice-president; Valdo Herman, Richmond Review, treasurer. Newly elected directors are Frank Worthington, Wyandotte Tribune; E. C. Hayhow, Hillsdale Daily News, and Corey Van Koevering, Zeeland Record.

## AN EDITORIAL

Supposing, just supposing that a business with a Dun & Bradstreet rating of AAA-1 (owning property up into the millions of dollars and having a first class credit rating) was looking for a small town in Northern Michigan to locate a small factory. Supposing they are now located in the metropolitan area and want to diversify their plant into many smaller units in different locations that they will not be so vulnerable to labor strife, congestion, unpleasant living conditions for its personnel, etc.

Supposing a couple of men were sent to East Jordan by this business to investigate the possibilities of locating a plant here. This firm is not looking for financial backing, a new building or bribery of any sort to locate here. Quite possibly the only thing they would accept as a token of appreciation is a deed to a building site.

Put Yourself In The Shoes of These Two Men.

What would you look for?

Let's be perfectly frank and look at East Jordan through the eyes of the two men who are visiting East Jordan for the first time. In fact let's drive around town and kinda talk out loud to ourselves for awhile. Quite probably we'd better start talking at the city limits south on M-66.

... ## IMPORTANT IN THE LIFE OF A BOY

The two Grand Rapids telephone men demonstrating signaling here are typical of hundreds of telephone employees throughout Michigan Bell who give generously of their time and their talents working with Boy Scouts.

Several of these telephone men, including three in Grand Rapids, have been honored with the national Boy Scouts' Silver Beaver Award for "distinguished service to boyhood." Fellow townsmen recommended the awards.

Telephone scouters work with boys in countless ways—on camping trips, on committes, teaching first aid and artificial respiration, and on many community projects. Why do they do it? One man explained: "A hundred years from now it will not matter what my bank account was, or what sort of house I lived in. But the world may be different because I was important in the life of a boy."

As good citizens and good neighbors, these telephone folks are trying to make their community a better place in which to live. This same spirit of service is reflected in the efficient, friendly and courteous telephone service they bring you every day.

It's people who make telephone service good.

## What would you say would be your verdict after this impromptu tour of East Jordan? Of course you'll start calling on businessmen and ask them questions and get them to talking, but, without talking to anyone how does East Jordan stack up?

Would you move a portion of your business to East Jordan? Does it look like a progressive town or not? Are the majority of the businessmen cooperative with each other or is there a high percentage of internal friction not apparent on the surface to newcomers? Is employee-employer relations pleasant in East Jordan or are there many "rabble-rousing" crusaders that will make an employers position extremely difficult?

# The Servicemens' LETTER

Hi Fellas:  
This will be short and sweet this week. Not many changes and only one letter to report.  
Jim Meredith, Joe Hammond,

and Glenn Persons are being put on the Air Mail list this week and four more weeks.

Jim's mother tells me that these three are due for exercises in the Caribbean for the next four weeks. Jim has put in for transfer to the Flagship Yosemite which is in port at Newport, R. I. If he can get that across he will be at home with Gloria the most of the time. Incidentally, Gloria will go to work in the executive offices of the M.M.C.A. in Newport on March 1st. Her hours will be from 9 a.m. to 5 p.m. Any serviceman who finds himself in Newport can hunt up the other EJ men through her. The YMCA is in the same building as the USO.

Don Graham has finished his training and is home for a short leave. I haven't heard as yet whether he will go over yet or not.

Two men from E. J. just finished their hitch lately. They are Niles Hill and Johnny Pawnesing. Haven't seen but a flash of Niles but Johnny was in all dressed up in civvies. He sure looked swell and you should have seen what he had with him. Do you suppose matrimony is in the air?

Joe Belzek writes from his new station at Fort Hood, Texas. "I think I'd better drop you a few lines to let you know my change of address. I don't want to miss out on the paper 'cause I certainly appreciate it. I can keep track of most of my buddies as to where they are at around the world."

I graduated from Dental Lab. School about 3 weeks ago. Then I was sent up for reassignment at the Fort Sam Houston Reception Center. Now I finally ended up at Fort Hood. I guess the Army must think I like Texas — Ha, Ha. I certainly would much rather be back at Fort Sam, which is one of the nicest camps in the U. S. I think I am now working here in the hospital in a Dental Lab. I cannot kick about the job because I like it quite well. (Who wouldn't especially when you just sit around most of the day.) I start at 8 and quit at 5 with one hour for lunch — also no KP, guard duty or inspections. But we have physical training one hour a week.

"Well, Jake, I'll send my best regards to all the boys and sign off for this time. I'll write you again sometime when I get around to it. This is my new address: Pvt Joseph M. Bolesek, Med Det, 4005th A. S. U., US Army Hospital, Fort Hood, Texas."

Thanks for the letter, Joe. Does anyone have any information on Robert Whale and Irving Whitney? I heard recently that they have been in the service for some time but do not have an address for either of them. How about Charles Dufore — he left for North Africa on September 4, 1952 — hasn't he arrived there yet? Also Ronald Kenny — he was transferred from Sheppard AFB away last June but I haven't had word of him since. Has Johnny Kershner reached Alaska yet? He started for there on November 10, 1952. That guy — Don Olson hasn't written since he started for Camp Stoneham on November 3rd. Has anyone heard from him? Guess that's all. If anyone — serviceman or civilian — knows anything about the men mentioned above will you please advise me? Thank you.

So Long,  
"Jake" Snyder.

## Letterbox

Dear Editor:

Your recent editorial pertaining to our declining businesses recalls a comment about bankers being umbrella owners who lend them out till it rains, then snatch them back. I guess our banks are getting richer and our government, though rich, is poor. Only a college educated economist can explain that one.

Them economists have an answer to anything. When Truman was President he would tell his board of economists what kind of an answer he wanted and the boys would come up with it. They're wonderful boys. No matter what kind of answer you want they'll give it to you. Economics are astounding.

Getting back to banks. When East Jordan ends up with just the bank, who will they lend money to? Boyne City progresses, East Jordan recedes. Why? Same bank.

My road boosting has gotten fan mail all the way from Los Angeles or somewhere in Calif. Clyde Goodman says the roads out there are wonderful, but he's coming back. He realizes the value of roads with character, such as ours. Ed Lehrbass.
