EAST JORDAN, MICHIGAN, FRIDAY, MAY 1, 1953

SEVEN CENTS

NUMBER 18

EJHS Baseball Nine Won 11-6 From Pellston, Tuesday

'Red Devils' Lose to Mancelona Nine

Coach Matt Jacobson's Mancelona High School baseball nine shut out the local high school "Red Devils" 8 to 0 here last Thursday afternoon behind the two-hit twirling of John Holstad.

Singles by Freeman and Evans spoiled Holstad's bid for a no-hitter. In chalking up his first pitching triumph of the season, the Mancelona righthander walked but one man while striking out nine batters.

The inexperienced Jordanites were again erratic afield as they committed eight errors to make Holstad's job an easy one. Only one of the visitors' eight tallies was of the earned variety.

Freeman started on the mound for the Jordanites and hurled five and one-third innings before giving way to Evans, who retired the only two batters to face him in the sixth frame. Robert Romback hurled the final frame for the locals. Chanda and C. Clark shared the catching chores for the Red and Black.

The Jordanites are slated for a game this Thursday afternoon when they will be at Boyne City to tangle with the Boyne City "Ramblers" for the second time this season. Either Evans or Freeman is expected to get Coach Saxton's call in the Boyne tilt with Clark or Chanda behind the plate.

The game will get underway at 3:00 p. m.

Winning pitcher — Holstad.
Losing pitcher — Freeman.
Umpires — H. Jankoviak and H. Sommerville, East Jordan.

The East Jordan High School baseball nine finally broke into the win column on Tuesday afternoon of this week when they clubbed out an 11 to 6 decision over the Pellston High School "Hornets" at Pellston.

The game was originally scheduled for Monday afternoon but was postponed a day because of snow and cold weather.

Keith Evans and Larry Chanda formed the winning battery. Evans allowed five hits, walked three and struck out nine batters in registering his first pitching triumph of the spring.

Searles and LaTocha made up the losing battery. The locals picked up 11 hits off the right handed slants of Searles, who walked two and struck out six.

Bobby Danforth slammed out 4 hits in five trips to the plate to pace the local offensive. Evans and Carney contributed two hits each to the Red and Black cause. Spray, Pellston lead-off man, was top man at the plate for the losers with 2 for 4.

Coach Saxton's local nine will meet Boyne City for the second time this season at Boyne City this afternoon (Thursday) at 3:00 p. m. Either Richard Freeman or Robert Romback will be on the mound with Chanda again behind the plate.

Miss Frances Cain Wed To Ralph Ridgeway

Mrs. James McLaughlin announces the marriage of her daughter, Miss Frances Cain, to Mr. Ralph Ridgeway of Sacramento, Calif., April 26th.

The wedding took place in a garden of flowers.

The young couple will be at home at 510 Twenty-third Street, Sacramento, California.

Mr. and Mrs. Leo Nemecek with son, Michael, returned to Detroit Friday after spending the week guests of his parents, Mr. and Mrs. Ed Nemecek, Sr.

1st Holy Communion and Confirmation in St. Joseph Church

Sunday morning, May 3rd, five boys and girls will receive first Holy Communion during the 7:30 Mass. They are: David Pienta, Gary Samlin, Ronald Sulak, Russell Thomas, James Yettaw, Theresa Antoine, Elaine Eaton, Mary Louise Murray, Georgia Russell and Marlene Samlin.

Friday evening, May 8th at 7:30 the Most Reverend Bishop of Grand Rapids diocese will administer the Sacrament of Confirmation to the above mentioned young people and additional thirty-seven children and adults. Thirty priests from the neighboring cities will assist during the ceremony.

IN MEMORY
of my loving husband, Mearl Lanway, who died April 29, 1952, in East Jordan.
18x1 Minnie Lanway

MAY BREAKFAST
Saturday, May 2 at 9:00 a. m. is the time of the May Breakfast at the Methodist Church. Mrs. Russell King of Traverse City is guest speaker.
adv 18-1

Jassamine Rebekah Lodge

On Wednesday evening, April 21, thirteen members of Jassamine Rebekah Lodge attended the District Visitation held at Central Lake. Other Rebekah lodges represented were Boyne City, Bell, Aire, Elk Rapids, and Mancelona. Lodge was called to order by the Noble Grand, Olive Alsbaugh, district president, and Irene Wright, district vice-president, were introduced and the paternal welcome was extended to them. There were also four past district presidents present who were introduced. Refreshments were served at the close of the meeting and Central Lake entertained the group with a few vocal selections given by youth who's mothers were Rebekahs. It was enjoyed by all.

PARENT-TEACHERS CLUB HOLD LAST MEETING
The East Jordan Parent-Teachers Club will hold their last meeting of the school year May 6, in the high school gymnasium. Pot luck supper will be served at 6:30 p. m.

Election of officers and a musical program will follow the meal.

Antrim County Farm Bureau

The Farm Bureau Women's Spring District Meeting will be held in Fellowship Hall of the Church of God at Charlevoix, Tuesday, May 5th, with a pot luck dinner. The meeting will begin at 10:30. Business meeting at 11:00. The speaker will be Mr. Keith Tanner, Director of the Field Services Division of the Michigan Farm Bureau, Lansing. Mrs. Dockery will tell of her trip to the National Convention at Seattle, Washington. Also a film will be shown. The counties who represent District No. 10 West are: Cheboygan, Emmet, Otsego, Charlevoix and Antrim. All Farm Bureau women and their friends are cordially invited to attend.

The Michigan Farm Bureau has reached the all-time high in membership of 58,000 farm families. This really is a large group of people. The only way that the Farm Bureau can be the way it should be all along the line is that the member puts himself into the Farm Bureau in one of his local units and participates fully and cooperates with the local leadership in the building and maintaining of a good Farm Bureau. The Farm Bureau will be only what the member makes it. Mr. and Mrs. Farm Bureau Members, you are Farm Bureau. Farm Bureau must abide in the hearts of men and women. If it does not, then it is not on a sound basis.

SAFETY PAYS
Checking for protruding nails will pay dividends for cattlemen in their spring cleanup. Eliminating the hazards, says Michigan State College veterinarians, will help prevent losses from tetanus or lockjaw.

Small wounds from the nails permit tetanus germs to gain a foothold. Not eliminating the hazard may be expensive, says the M. S. C. specialists.

County Red Cross Quota Over Top

The Charlevoix Red Cross Drive has been completed, and the total contributed by the various communities is well over the amount expected of the County. The various towns contributed the following amounts:—

Beaver Island	\$ 53.41
Charlevoix	1,700.41
Ironton	53.00
Boyer City	1,384.01
Boyer Falls	20.00
East Jordan	1,071.25
Walloon Lake	224.88
Total	\$ 4,506.96

The major part of this amount is retained by the County Red Cross committee for use in Charlevoix County. The County Board of Directors are very grateful to the solicitors who did the leg work and to the people who contributed so generously to this worthwhile cause.

Mrs. Ethel Clark,
Local Director Am. Red Cross

Tid-Bits

It's the simple little things of life that constantly amaze us, and such is the Evis water conditioner that the Jordan Heating and Refrigeration Co. have on sale. A simple little gadget that fits in the palm of your hand. It is inserted in the water line leading to your home and its effect lasts forever. It does not soften water, but the metal it is made of produces a physical effect on water so that all substances already in water (such as lime, iron, etc.) will stay in suspension and not cause deposits on teakettles, water heaters, etc. It will remove all gas from water. Carbonated water run through it comes out flat. Don "MaGee" Clark says "horseradish put in one end comes out maple syrup from the other!" It will remove all lime from your water heater within 45 days and keep it out, believe it or not!

While we're on the subject, we would like to advance this idea (and probably get our usual raking over the coals for even daring to express our ideas in print): How about the Council of the City of East Jordan dispensing with some of its "extra-curricular" activities for 1953, and purchase the largest size of Evis water conditioner and install in the water main leading to the water tower. While the cost is around \$2,000 to \$3,000, it would do more people, more good in less time than any other way the council could spend that amount of money. How about it fellows? Give us a break.

Phone Directories Distributed the Past Week

Petoskey area residents will get their new telephone directories early this year, Michigan Bell officials announced this week.

Directory delivery will take place late in April for Harbor Springs, Walloon Lake, Charlevoix, Boyne City, East Jordan and Petoskey, said C. L. Johnson, business office manager for this area.

Johnson pointed out that the new directory will have an increased volume with approximately 13,000 listings. "The increase is especially evident in the classified section," he said, "as more and more people realize the advantages of representation in the Yellow Pages."

The directories have usually been distributed in August. However, this year the company felt that a spring edition would be more beneficial to the residents of this area, Johnson said.

"The directory will be more up-to-date for the whole summer period. Thus customers will have the new phone books at the beginning of the vacation season instead of at the end," he said.

Michigan Bell representatives recently closed the canvass of the classified section of the directory with the announcement of a substantial increase in advertising.

Word has been received telling of the death of a former East Jordan resident, Burah Hilbert Chrysler, who died suddenly following a heart attack while waiting for a bus on a corner in Montebello, Calif. Interment was in Forest Lawn Cemetery, Los Angeles.

Dist. Health Dept. Reports Year's Activities

Dr. A. F. Litzenburger, director of the District Health Department serving Antrim, Charlevoix, Emmet and Otsego Counties, reports that during the year 149 children from the area received treatment at the Central Michigan Children's Clinic at Traverse City, which is operated by the Children's Fund of Michigan.

Under its Program for the Correction of Visual Defects, the Children's Fund provided glasses for 154 children in the four counties.

The Children's Fund regular dental program, in charge of Dr. C. O. Whitten, continued throughout the year. 1,698 children made 2,288 visits to the clinic, where 3,362 fillings were inserted, 1,987 teeth extracted, and 6,920 miscellaneous operations performed. In addition, two special Sodium Fluoride Application Programs were conducted in: Antrim County during a six weeks period, 216 children made 542 visits to the clinic, where they received 138 prophylaxes and 542 sodium fluoride treatments; in Emmet County the special clinic operated for 12 weeks during the summer, during which time 382 prophylaxes and 1,428 sodium fluoride treatments were given to 382 children in 1,428 visits to the clinic.

7 Danger Signals Symptoms of Cancer

10,000,000 copies of the crusade leaflet of the American Cancer Society will be distributed free in this state, Mrs. Basil Cummins, announced today.

"This is one of the ways that the public is being alerted to cancer's seven danger signals in Charlevoix County," the chairman, Mrs. Eleanor Scott, said.

On the cover of the leaflet is a striking drawing of a young mother, saved from cancer, and her daughter. The drawing was contributed to the drive by Amos Sewell, well known Westport, Conn., artist.

The leaflet explains that the mother was saved through her knowledge of cancer's signals, but points out that each year more than 60,000 youngsters under 18 lose a parent to cancer.

The seven danger signals, which the American Cancer Society urges everyone to memorize are:

1. Any sore that does not heal.
 2. A lump or thickening in the breast or elsewhere.
 3. Unusual bleeding or discharge.
 4. Any change in a wart or mole.
 5. Persistent indigestion or difficulty in swallowing.
 6. Persistent hoarseness or cough.
 7. Any change in normal bowel habits.
- "These symptoms may not mean cancer but any one of them should send you promptly to your doctor," the ACS says.

Donald Karr to Attend ROTC Summer Camp

Donald L. Karr, a Michigan Tech student, and son of Mr. and Mrs. L. B. Karr of 503 Lake St., East Jordan, will travel to Camp Carson, Colorado, this summer where the annual ROTC Engineer Summer Camp will be held from June 20 until July 31.

The summer camp is a part of the regular ROTC training for college students throughout the country. Here they will apply the theory learned in the classroom, and will develop leadership abilities, and take part in tactical operations.

Cadets engage in a variety of activities in summer training. Some will act as company commanders; other may operate bulldozers, serve as riflemen, and even carpenters. Visits to military installations and inspection of army equipment as well as ample recreational opportunities help to make the camp training enjoyable for the cadets.

Karr is a junior at the college and is studying mechanical engineering.

St. Ann's Altar Society will meet in the Parish Hall, Thursday, May 7, at 3:00 o'clock. Hostesses will be Helen Lord and Mary LaPeer.

EJHS Host to May Band Festival 10 Other Bands to Participate

South Arm Farm Bureau

Mr. and Mrs. Douglas Gilkerson entertained the group and eighteen members and eight guests were present.

Mrs. Floyd French gave a report from the Women's Group meeting at Fred Wilson's. She announced a District Women's meeting for May 5th at 10:30 at the Fellowship Hall of the Church of God in Charlevoix.

Mrs. George Klooster read an article from the bulletin "Your Health" which compared the services offered by hotels and hospitals. The raise in premium for Blue Cross hospital insurance would seem to be justified.

Mr. Walter Fowler presented the topic for discussion, "Who is Liable, Trespasser or Farmer?" The group felt that farmers should go to court and press charges against trespassers; that the penalty for trespassing should be more severe; and that the farmer and hunter should be better educated concerning their mutual relationship.

Mrs. J. D. Frost asked Jerry Evans to show us two films concerning cancer which he very ably did. The entire collection of \$5.00 was turned over to the Cancer Fund and the following ladies were appointed as neighborhood solicitors: Mrs. Douglas-Gilkerson, Mrs. William Boss, and Mrs. Walter Fowler.

Open Meeting East Jordan Community Chest, May 19th

The annual meeting of the East Jordan Community Chest will be held, Tuesday, May 19th, at 7:30 p. m. in the City Building. This is an OPEN PUBLIC MEETING to elect three members of the Board of Directors. The board consists of nine members, three retiring each year and three new ones elected. Those whose terms expire in 1953 are Bill Grauel, Mrs. John Porter and Mrs. Frank Strehl. The annual reports of officers and committee chairmen will be read and it is important to have a large attendance.

Darlene McRoberts returned home Tuesday from Flint where she spent a week visiting her parents, Mr. and Mrs. Lawrence Sweet.

The East Jordan High School Band will be host to ten other bands of District 2 of the M. S. B. O. A. at the annual May Band Festival which will be held here May 7, 1953. The following bands will participate: Central Lake, Elk Rapids, Charlevoix Senior Band, Charlevoix Junior Band, Petoskey, Boyne City, Frankfort, Kalkaska, Mancelona, Alanson and East Jordan.

Each band will play individually starting about 11:30 a. m. and continuing until 2:00 p. m. Following this the bands will form a parade on Garfield Street, north of the school and down Main Street.

After the parade students will return to the school for rehearsal for the massed band concert to be given at 7:30 p. m. Approximately 425 band members will take part in this concert which will be under the direction of guest conductor, Mr. E. C. Moore from Kenosha, Wisconsin. Mr. Moore is the Educational director for the Leblanc Company in Kenosha, was formerly in public schools, a former band director at Wisconsin University and an author of several Music Methods.

Tickets for the event can be obtained from band members and from several business places in town. The price of tickets is 50c for the complete day and evening program.

The F. H. A., under the direction of Mrs. Clare Brown, will serve dinner for the band directors.

Greenman-Shank Wedding at Gaylord

Barbara Jean Greenman, daughter of Mr. and Mrs. Chester Greenman of Elmira and Edward Shank, son of Mr. and Mrs. William Collins of East Jordan, were united in marriage at the Methodist Church of Gaylord, April 19, 1953, at 2:00 p. m.

Mrs. Doris Ostrander, sister of the bride, and Keith Shank, brother of the groom, were the only attendants.

The bride wore an aqua suit and carried a white Bible. Her corsage was of red roses.

The bridesmaid chose a pink taffeta dress and her corsage was of yellow roses.

Following the ceremony a reception was given at the home of the bride's parents.

The newlyweds will make their home in Flint, Michigan, where the groom is employed.

Knowledge is Power

1. ARE LONGSHOREMEN WELL PAID?
2. WHAT WAS PRESIDENT ROOSEVELT'S HANDICAP?
3. IS MANPOWER A PROBLEM TODAY?

(1) The New York waterfront the pay is \$2.27 an hour, reports Budd Schulberg in the New York Times Magazine. But 50 per cent of the longshoremen earn less than \$1,000 a year. Another 10 per cent earn less than \$2,000. About a third earn from \$2,000 to \$4,000 a year. The upper crust of favored workers averages more than \$75 a week on a yearly basis.

Most of the longshoremen are Irish, Italian or Negro. The Irish don't kick back much of their living room. He fell repeatedly, but struggled on until he could move along with a cane and a person holding his arm.

(2) In 1921, when he was 39 years old and just coming into prominence as a political leader, Franklin Delano Roosevelt was stricken with infantile paralysis. Turnley Walker, in his book "Roosevelt and the Warm Springs Story," describes the courage with which F.D.R. learned to walk and stand again.

Despite the fact that he was paralyzed from his waistline to his toes, Roosevelt forced himself

Turn an angler loose on a northern trout stream and he'll show you the recipe for a happy answer to cares of a busy world. The extended spring rainbow season opened April 11 and was followed by the recent general opening of all trout streams on April 25. This fisherman was busy at his favorite sport along the Au Gres River when the conservation department cameramen happened along.

FARM FACTS
 from your
County
Agricultural Agent
 Ed. Rebman, Co. Agr'l Agent

A good water system is the heart of every farm and should be well planned, says Ed Rebman, Charlevoix county agricultural agent.

Very important in establishing a water system is selection of good pump. The type of the pump will depend on the depth of water, the depth of the well water, yield and location of the pump in respect to the well.

Two types of wells, shallow and deep, require two types of pumps, Rebman advises. Shallow well pumps depend entirely on vacuum or suction and lift the water only about 20 feet. Deep well pumps are set near the water level and send the water up with a piston or jet.

Wells yielding 400-600 gallons of water per hour are desirable for the farm. Rebman says a 42-gallon pressure tank is the best for farm installation. He adds if there are a large number of dairy cows or other outlets for the water, larger tank should be used.

In planning a water system, consider uses of the water for the dairy herd, beef cattle, chickens, hogs, and possibilities for watering gardens. Rebman says a high portion of meat, vegetables and milk foods are water; an ample supply of water in the right places means "a large dollar return for the farmer."

Average water consumption of a farm with 22 cows, some chickens and a few pigs was 20,000 gallons a month. The family of four used about 3,000 gallons of this.

Charlevoix county farmers may not boost their legume yields by treating seed, but it's good insurance, reminds Ed Rebman, county agr'l agent.

Rebman passes along some tips on work done by the Michigan Agricultural Experiment Station and in other states.

Treating legume seed with a fungicide seldom increases yields of hay or seed, says E. A. Andrews, extension specialist in plant pathology at Michigan State College. It does assure a more uniform stand and helps to save seed.

Andrews points to some experiments over several years by the

University of Wisconsin that show stand increases of from one to 14 per cent by using seed-treatment fungicides.

These treatments help control diseases caused by damping-off and root rot fungi in the soil, notes Andrews. The fungicides do not interfere with nodulation if they are applied a week or more before planting and seed is inoculated with nitrogen-fixing bacteria at planting time.

Vancide, Phygon, Arasan and Orthocide are the effective fungicides that Andrews recommends for small seeded legumes.

Do not treat sweet clover seed because it can be injured under certain conditions, Andrews cautions.

All but Vancide are available in powdered form, Rebman advises, and are used at a rate of four ounces per bushel of seed.

Soybeans benefit from two ounces of Arasan or Spergon per bushel.

Even though an insecticide may not bear the "skull and crossbones" label, people should be cautious in handling the chemical, since many substances are harmful even if they are not poisonous.

That's a tip from Ed Rebman, Charlevoix county agr'l agent. He says that insecticides help fruits and vegetables but they often have the opposite effect on man.

David G. Steinicke, extension specialist in health and safety at Michigan State College, says that people handling insecticides should take special precautions not to inhale vapors or fumes. The insecticides should be labeled at all times and should be put in safe storage where children cannot reach them, Steinicke emphasizes. Here are some of the rules he suggests for handling insecticides safely:

Follow the directions of the manufacturer in handling, mixing and applying the chemical. Always spray or dust with the wind. Wear respirators when there is danger of inhaling fumes, gloves, long-sleeved shirts and clothing to cover the entire body are recommended. Wash hands and other exposed parts of the body thoroughly with soap and water after using poisonous chemicals. Store poisonous materials in strong leak-proof containers. Be sure they are out of reach of children or livestock. Thoroughly wash fruits and vegetables in which poisonous chemicals have been applied.

The average yield of hay in Michigan is a ton and a half per acre, surveys show.

Why are yields so low? It's largely because of lack of lime and available plant food, answers E. D. Longnecker, Michigan State

END OF THE RAINBOW?

Michigan's fishing world has been shocked and shaken by the unexplained lack of steelhead (lakerun rainbow trout) in our streams as the season opened April 11th. This year a tremendous crowd of anglers greeted the opening on scores of rivers emptying into the Great Lakes. Advance publicity in newspapers, national magazines and on television, based on angling success in the past three years, brought out thousands of new, eager fishermen. The chance at 13 and 14 pound rainbow trout is not to be overlooked!

But it turned out to be a thousand to one gamble on several rivers in the memory of this reporter has there been a more disappointing opening for any fishing season in Michigan... and everybody's asking "Why?"

Sea Lamprey To Blame?
 Some point the finger of blame at the sea lamprey, the predator responsible for the disappearance of lake trout in Lake Huron and Lake Michigan. Many a big steelhead has been taken in the last couple of years severely scarred by lamprey attacks. Is it possible that the past year has seen such a large increase in lamprey population that the big rainbows have gone the way of the Mackinaw?

Human Predators Suspected
 Or is the human enemy of the

steelhead to blame? Evidence points to both. On the opening of the season April 11th the portions of the Platte River above the village of Honor constituted protected waters for rainbow spawning. Inspection of this area revealed dozens of freshly cleaned spawning beds in crystal clear water scarcely a foot deep. The beds, with few exceptions, were barren. Spawning had not been completed, yet the fish were charged with much of the violation, and it is so widespread that conservation officers can apprehend but a small percentage of the offenders.

A Community Problem
 This, apparently, is a project for local sportsmen's clubs and parents who have sufficient foresight to know that this practice perpetrated by youngsters can ruin a very valuable sports fishing resource, the removal of which could be a disastrous economic blow to a community shunned by fishermen.

Wilson

(Edited by Mrs. Ralph Kitson)
 Looks as if our April has changed hands with March this spring. Owing to the spring weather conditions farmers are late getting in their early oats.

Mr. and Mrs. Bob Reidel returned home Friday from the southern part of the state where they were called by the death of Mrs. Reidel's grandfather.

Mr. Jay Ransom who suffered a stroke a week ago was taken to Grandview Hospital. Mrs. Ransom is also there.

Mr. and Mrs. Delbert Hart and two children of Saginaw and Mr. and Mrs. Howard Boyer of Boyne City spent Sunday at the Pete Boyer home.

Edward Henning of Chicago came up over the week end to look after his farms. He has purchased the old Walter Kerchner and Carl Kolkner homes.

Wm. Thorsen is still confined to his bed but will go back to Munson Hospital, Traverse City, May 6th for a check up. He is feeling fine and still enjoying lots of company.

The get-together party at the Christ Lutheran Church, Boyne City, was very well attended Sunday afternoon and much enjoyed by all.

South Arm

(Edited by Mrs. Arnold Smith)
 Mr. and Mrs. Eric Gensch and children and Mrs. Natalie Kalbitt of Uauparaiso, Indiana, visited with their cousin and niece, Mr. and Mrs. Fred Eichler and family, over the week end.

Miss Catherine Smith and Robert Chipman spent Friday evening with her parents, Mr. and Mrs. Arnold Smith and family.

Mrs. Walter Moore's step-father of Flint spent the week end

with her and her family.

Donnie Moore and family spent two days last week with his father and mother, Mr. and Mrs. Walter Moore.

Mr. and Mrs. Harvey McPherson and daughter, Coral, were Sunday dinner guests of Mr. and Mrs. Arnold Smith.

The pink and blue shower given Mrs. Bob Pearsall at the home of Shirley Schumacher was a big success. Thirty ladies were present. Mrs. Pearsall received lots of lovely things for future Robert, Jr.

Mr. and Mrs. Dorance Dean of Lansing spent the week end with his sisters, Mrs. Glen Campau and family and Mrs. A. D. Graham and children.

Christine Graham spent the week end with her husband, Bob, at Saginaw.

Mrs. Harold Goebel spent Wednesday with her mother at Boyne City.

Donna Newman spent Friday night with Mary Ann Lehrbass.

GRASS AIDS STEEP SLOPE STAY FERTILE

Land with 6 to 8 per cent slope should be in grass at least for one half of the rotation, and very steep slopes should be in grass continuously, says Russell G. Hill, extension soil conservationist at Michigan State College.

Such areas, he says, may actually produce more long-time farm income in high quality legumes than from any other crop.

Research studies show, repeatedly that during the spring and fall one-third of all rainfall may run off cultivated sloping land while the water loss from good pasture is hardly measurable. During most growing periods, water itself limits high yields; on uplands it's money in the bank to hold rainfall on the slopes.

A good pasture will act as an umbrella over land, protecting it from the "explosive" action of raindrops. Its root masses allow more water to penetrate the ground.

A raindrop "exploding" on bare soil breaks down clods into individual soil particles. This seals the surface, cuts down on air and water penetration and aids running water in carrying away topsoil. Rain water running unimpeded down even gentle slopes carries away soil particles and organic matter.

Hill cites this example: One experiment on cultivated land showed that when the depth of top soil eroded from six to three inches, oat yields were cut from 52 to 35 bushels and corn yields were reduced more than 20 bushels per acre.

Pasture, says Hill, is not enough. High quality legume and grass mixtures, dense in growth and not over-pastured, will give land its best protection and increase its productivity.

When you take him to court for slander, tell him first how sorry you are, so when you lose the case and pay court costs he will still call you by the old familiar names.

ORDER FOR PUBLICATION Final Account.

State of Michigan, The Probate Court for the County of Charlevoix.

In the Matter of the Estate of Edway B. Hite, deceased.

At a session of said court, held on April 17th, 1953.

Present, Honorable Floyd A. Supp, Judge of Probate.

Notice is hereby given, That the petition of Leonard E. Hite, the Administrator of said estate, praying that his final account be allowed and the residue of said estate assigned to the persons entitled thereto, if any there may be; will be heard at the Probate Court on May 15th, 1953, at 10 a. m.;

It is ordered, that notice thereof be given by publication hereof for three weeks consecutively previous to said day of hearing, in the Charlevoix County Herald, and that the petitioner cause a copy to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

Floyd A. Supp,
Judge of Probate.

17x3

Maneuvers, pot shots, and pressures continue to characterize the state's tax picture. All agree that new taxes must be forthcoming; all continue to point fingers in the other direction when it comes to deciding who shall be taxed.

House Republicans have been making strong behind-the-scenes efforts to come up with a tax they could vote through the House. When and if they succeed in this, the bill must secure approval from the Senate before going to the governor. Representatives say that the Senate would not pass a corporate profits tax, should one get through the House; they say the Senate would not pass a payroll tax, should it get through the House. In short, some of them seem sure that a bill the House could agree upon, could not pass the Senate. So belief continues that no complete tax solution will be produced until after June 30, the end of the fiscal year, when the exact amount of the deficit will be known.

Talk of a special session led to a new idea that the Legislature might not adjourn on May 22 as originally planned, but would recess with the idea of returning to handle taxation or whatever other

matter it might choose. If there is an adjournment, with the governor calling a special session, he can also limit subjects for legislative consideration; a recess leaves the lawmakers with free hands.

With payroll, corporate profits, business profits, taxes and several other proposals under consideration, it is anybody's guess what will happen. Proponents of Representatives Walter Nill's (D Muskegon) corporate profits tax have been waiting to force their issue. They agree that earmarking of funds caused much of the present trouble and say that it would be possible, once their tax is adopted for the Legislature to reduce this damage by exempting certain commodities like food and clothing from sales tax. Loss of funds from the sales tax diversion, they think, could be made up by the corporate profits tax.

This detracts some appeal from those who support a widely based, short term tax program temporarily affecting many people. They argue that these people will agitate for removal of the tax and elimination of the Constitutional earmarking provisions.

Main trouble with the "wide base" tax thinking is that people who are expected to exert pres-

It's a bad time of year for both deer and motorists. After a long winter, deer are slow and weak and does are heavily pregnant. The animals like to group near open highways to nibble early greenery that sprouts in the first weeks of warm weather. Trooper Mel Osment, Houghton Lake state police post, surveys damage caused during this recent deer-auto collision north of Houghton Lake. Three persons were hospitalized, the car ran off the road and was wrecked and the doe, carrying two unborn fawns, was killed. Surveys show that about 350 deer-auto collisions occur each year in the northern lower peninsula. Motorists are urged to use extreme caution when driving in deer country at this time of year.

Dangerous Time of Year

sure to change the Constitution after their taxes are collected and the deficit eliminated, are already agitating, and very hard, against

any tax on themselves in the first place.

For instance, Reb: Nill has on his desk letters from members of the tourist trade objecting to proposed short term taxes on their operation. He has a copy of Senate Bill 1272 by Senator George N. Higgins (R Oakland and Washenaw) with this remark typed in the corner: This would mean about \$21,000,000 a month tax for (a western Michigan oil business). He also has a letter showing that the bill, which taxes petroleum at 10c per barrel, defines barrel as 31 gallons and that the accepted barrel capacity in the industry is 42 gallons. This, he argues, would raise the tax from a dime to 13.55c per actual barrel used.

Legislative mills in Michigan are grinding, as they sometimes do in a democracy, slowly, tipping first one way, then the other as weight of public opinion and interest makes itself felt.

Plans to promote the state with a national publicity program are under consideration. It'll be called "Michigan Weeks" and may take place this October. God-father of the promotion is Michigan Department of Economic Development which will try to coordinate statewide programs with local Chambers of Commerce and other service clubs. The same group will coordinate fund raising and interests of the widely diversified groups which are hoped will be interested in Michigan weeks.

Screening of tourists for industrial prospects is being recommended by the Department of Economic Development. A three page memorandum sent to industrial and would be industrial areas urg-

es that keypoints in the community be used in an attempt to interest any visitor connected with a factory to locate it there.

Prepare placards inviting questions about industrial sites; seek assistance from hotel, resort or restaurant operators for tips about industrialists vacationing in the area; ask for newspaper publicity about advantages of the location. These and many other ideas are submitted in the hopes that a new industry will be sold on a Michigan location for its home.

Increased loss of life and property from traffic accidents caused increased concern in state and city circles. New and grimmer statistics were undoubtedly a factor in the passage last week of a Senate bill to limit Michigan highway speeds. The proposal calls for limits of 65 miles per hour in daylight and 55 at night. It is hoped that rigid control of speed will reduce accidents for figures show that driver violations are involved in 75 percent of accidents; that excess speed is responsible for 45 percent of these.

The House also trotted out and passed a bill for stricter control of driver licensing. This bill had been returned to committee but in the face of more traffic deaths, it was called back for approval.

So serious is the situation in Detroit that Police Commission, Donald S. Leonard has considered asking for volunteers from the police force to work extra hours. Death rate there is 60 percent higher than last year with speed and carelessness listed as major causes in the fatalities. The Detroit police department is 240 men below strength which makes the problem of strict enforcement more difficult than usual.

BAND — EAST LANSING

The East Jordan High School Band returned from Lansing Saturday night after participating in the State Band Festival.

They played at 1:40 Saturday afternoon in the Michigan State College Auditorium, and received a 3 rating. There were 22 other Class C bands in the same section that East Jordan played in. Petoskey and Elk Rapids were the only other bands from this district to enter the State Festival. They received a 3 and 4 rating respectively.

The adjudicators were Glenn Cliffe Bainum, Director of Bands, Northwestern University, Evanston Ill.; William Revelli, Director of Bands, University of Michigan, Ann Arbor; Richard Worthington, Director of Bands, Hobart High School; and Keith Stein, Woodwind Instructor at Michigan State College, East Lansing.

The band stayed at the Porter Hotel. Those chaperoning were Mrs. William Shepard, Mrs. G. W. Boswell, and director, Mr. Emile Acitelli. The two bus drivers were Mr. Walton and Mr. Reinhardt.

SHIRLEY ROSE

Shirley Ann Rose was born in East Jordan, April 28, 1935. Her parents are Mr. and Mrs. Elisha Rose. There are two older boys and three older girls in the family.

Shirley has always attended school in East Jordan. During her High School days she has participated in the following extra-curricular activities: Glee Club, 3 years; Mixed Chorus, 3 years; A Cappella Choir, 1 year; Bowling, 2 years; Cheerleader, 1 year; F. H. A., 4 years; Annual Staff, 1 year; Newspaper Staff, 2 years; and was in the class plays during both her Junior and Senior years. Shirley plans to attend a business school after she graduates.

MARJORIE MURRAY

Marjorie Pauline Murray, better known to us as "Marge", was born September 29, 1933, at East Jordan, to Mr. and Mrs. Richard Murray. Marge has attended East Jordan School from the kindergarten through the twelfth grade. She participated in the following activities: F. H. A., 4 years; 4-H, 2 years; Clee Club, 2 years; and A Cappella Chor, 1 year.

We noticed that Marge has been wearing a diamond on her left hand this year, so apparently her future plans are matrimony.

SALLY NESMAN

Sally was born in Frankfort, Michigan, February 3, 1935. She started school in Benzonia and attended that school until the eighth grade when they moved to Traverse City where they lived until she was in the 11th grade. She enrolled in our school last fall.

Sally is Salutatorian of her class, and has been active in the following school activities: Band, Student Council, Superintendents Council, Modern Dance Club, Yearbook staff, F. H. A., Pep Club, Newspaper Staff, and two class plays.

Following in her mother's footsteps, Sally likes Ceramics as a hobby, also she says she loves to sleep.

Sally is 17 now and hopes to attend Michigan State College next year.

ALL SPORTS BANQUET

The annual All-Sports Banquet sponsored by the East Jordan Rotary Club will be held Tuesday evening, May 5 at 7:00 p. m. in the local high school gymnasium. The 1952-53 Red Devil athletic team will be guests of honor for the evening.

Efforts are being made to secure an outstanding speaker for the evening. Tickets will go on sale Friday of this week and may be secured from any high school athletic or Rotary Club member.

SOPHOMORE-PARENTS PARTY

The sophomore class of East Jordan High School held a party for their parents in the High School gym at 8:00 p. m., April 28.

Nan Drapeau started the evening off by leading in group singing. Howard Darbee showed movies he took on a trip to California.

Mr. and Mrs. Drapeau and Nan entertained the group by singing a few songs, and then a play entitled, "Couldn't I Kiss You Good-night", was presented by the sophomore class.

George Nelson and Roger Stokes tried to prove the hand is quicker than the eye in a few magic tricks.

The evening wound up with refreshments of coffee or cocoa and cupcakes, served by the sophomore girls.

SENIOR MOVIE

A Senior sponsored movie, The Bohemian Girl, featuring Laurel and Hardy, will be presented to High School students, on Monday afternoon, May 4.

As happy-go-lucky gypsies, Stan and Oliver (Laurel and Hardy) find themselves the bumbling guardians of a kidnapped princess. Mixups follow before she is restored to her rightful throne. Parents' Magazine rating: A-1.

DINGMAN BROS.

CENTRAL LAKE, MICHIGAN

M. E. A. DINNER

A number of East Jordan teachers attended the Charlevoix County M. E. A. dinner and meeting, held Thursday, April 30, at the Boyne City High School.

Dinner was served at 6:00 p. m. in the school cafeteria, followed by the business meeting, consisting of reports by representatives to state meetings and election of officers.

Most of the group attended the concert given by the Alma College A Cappella Choir which was sponsored by the Boyne City P. T. A. and given in the Gymnasium at 8:00 p. m.

MRS. ROBERTSON ATTENDS NURSES CONFERENCE

Mrs. Elizabeth Robertson, local Community Nurse, attended the Northern Regional Nurses Conference held at Higgins Lake, April 22 and 23.

The main program was Nursing Services in the schools.

Miss Ella McNeil, Professor of Public Health Nursing of the University of Michigan opened the meeting where several speakers spoke on various topics. The general meeting was followed by group discussion.

A total of 18 speakers from different health departments were there to give information and participate in the discussions. Plans for next year's conference were made.

SCHOOL LUNCHES

School lunches in the High School were reduced from 25 to 20 cents Monday, April 20, as a result of an increase of two cents in Federal rebate on "A" type meals. This rate will continue for the remainder of the year.

F. F. A. Banquet

The East Jordan Future Farmers of America Chapter 115 are sponsoring their third annual banquet, May 18, in the High School Gym.

The committees that have been appointed by the President are: Jack Zoulek, food; Ken Shepard, awards; Wesley Alltn, cleanup; Dick Freeman, arrangements; and Lester Howard, entertainment.

MYSTERY RAFFLE

Mrs. Lawrence Hayes was the winner of the mystery prize (an all wool blanket) given by the Sophomore class during intermission at the Junior Play, April 22.

SOUTH ARM EXTENSION CLUB MET APRIL 16
The South Arm Extension Club met Thursday, April 16, at the home of the County Chairman, Mrs. Harry Sloop. Ten members and 3 visitors from the Cherryvale Club were present. A lovely pot luck dinner was served at noon by the hostess, Beatrice Graham and Gertrude Graham gave a very interesting lesson on Life Insurance.

Beatrice Graham invited the May meeting at which time secret pals will be revealed. Each member is to bring a gift for their secret pal.

NOTICE OF PROPOSED VACATION OF A PORTION OF SPRING STREET

TO WHOM IT MAY CONCERN: Notice is hereby given that the Council of the City of East Jordan, at a meeting held April 21, 1953, adopted a resolution as follows:

BE IT RESOLVED that this council deem it advisable to vacate and discontinue a portion of Spring Street in the City of East Jordan, County of Charlevoix, and State of Michigan, described as follows, to-wit:

Commencing at the intersection of the South line of Garfield Street with the East line of Spring Street; thence South along the East line of Spring Street to a point 4 feet North of the South line of Lot 3, Block 12, of Nicholls' Second Addition to the Village of South Lake (now City of East Jordan); thence West on an extension of 4 feet North of the South line of the aforesaid Lot 3 to the West line of Spring Street; thence North along the West line of Spring Street to the South line of Garfield Street; thence along the South line of Garfield Street to the point of beginning.

BE IT FURTHER RESOLVED, That all objections, if any there be, to the aforesaid proposed vacation and discontinuance of a portion of Spring Street in the City of East Jordan, be heard at the regular meeting of the City Council of the City of East Jordan at the City Hall in said City of East Jordan on the 2nd day of June, 1953, at 8:00 p. m., and notice thereof be given by publication of a copy of this resolution in the Charlevoix County Herald, a newspaper printed and circulated in said City, by publication therein once in each week for four consecutive weeks previous to the date set for the hearing thereon, and the City Clerk have published the proper notices as in such case provided by the City Charter of said City.

Notice is therefore hereby given that said Council will meet and hear objections, if any to such proposed vacation and discontinuance at the time and place above described.

Thelma M. Hegerberg, City Clerk.

The Dropped Gauntlet
BY ED LEHRBASS

The opinions expressed by Ed Lehrbass in this column are not to be construed necessarily, nor even probably as those of The Herald. They are only those of an experienced and responsible commentator.

Caught the editor coming out of the Railway Express Agency storeroom. Bet he was down there looking for that lion which he expects someone will send express.

That portly gentleman on the window at Jennies' makes me think that someone was holding up a mirror when they painted that. But then it's too much like Jiggs to happen to be Orville.

The suspense is getting greater and greater. Will Earl Clark be our one man Chamber of Commerce? Will he go back in business at the city building? Will the rent be the same as offered to other folks when the city was interested enough to have that vacancy occupied?

As I was saying about folks raising their hopes too quick when the county starts working on the roads. Just wait til it rains, then comes the new rivers and the soup. It's a revelation how they go about getting the same result each time. That's a wonderful job of engineering on the M-66 to Ranney School road.

To Petoskey by way of Boyne City. And when you enter Boyne the road by the tannery makes you think that someone on the County Road Commission has something to do with their roads.

Nosing about a larger hardware store in Petoskey and a smiling face approached me with the usual, "May I help?" Said I was just looking and mentioned that it was a pleasant place. For it seems that the few times that I have entered folks went out of their way to treat me kindly. The gentleman said thanks a lot, I'm Mr. Bremmeyer.

Joe Nemecek and his A & P are really doing a bang up business lately. He really knows how to advertise and when and where.

It being Spring, discount our snow storms, folks, and women folk get together. And for what purpose? Merely to denounce a guy that wants to emulate Jack Benny and stay 39, by announcing that before long he'll be a grandfather.

That play "Finders Creepers" was really something. A well formed unit knit into a whole by Downing. And the town went all out to show their interest and the kids went all out with their performance. Next play though, could be that we'll all congregate on McDaniel's for the use of his playhouse. If that don't work, bring your own cushions and backrests.

Talked with that happy Republican Ken Isaman. Words led around to Communism and Ken mentioned he gets all heated up when he gets on the subject. Told him that when he or anyone gets on the subject of Commies they'll have my undivided attention for as long as they want to talk and the more heated their denunciations the more apt I'll give them my attention. The stories coming out of Korea gives you an inkling into their mentality and anyone even tinging their speech with a little color favoring them will find a condemnation from yours truly like they've never seen or heard.

What about the supervisor that broke a spring on his car going over our roads. And who paid for the repair? Not the road commission I hope.

And the story about the two men in a drug store. One saying to the other, wonder if the road commission reads Ed's comments? The other answered that if they did they wouldn't understand them.

If Mrs. Taylor sold five acres of ground to a prospective industry to locate in East Jordan we can't be too far from a realization of our aims.

A quote from Ing Olson. "Ed, I haven't seen this town pull together like this for twenty years." Note to the editor: Check carefully the happenings concerning the city and businesses this week end. Peers to be something hot on the griddle.

HEALTH FACTS

Heart disease is America's No. One health problem. It causes half of all deaths, killing children, young adults and older people...

In addition to killing heart disease victims—some 10,000,000 in the United States must gear their working and living to a heart ailment...

Michigan Heart Association service programs seek to discover and tell people how to live better with their heart difficulties. Research is seeking and developing new and better diagnostic, surgical and medicinal techniques!

YOU make possible the work of the MICHIGAN HEART ASSOCIATION when you give to United Campaigns - your local United Fund - or United Community Chest

UNITED HEALTH & WELFARE FUND OF MICHIGAN, INC. 7

You can preach a better sermon with your life than your voice.

Dressing for a party, an engineer's wife chose an evening gown with a very brief top.

After observing the low-cut neckline, her five-year-old son suggested tactfully: "Mummy, don't you think you ought to wear a T-shirt under your dress?"

Colonel (after reviewing the troops): "Hang it all! What's the idea of parading all the big men in front of the little men?"

Lieutenant: "It's the sergeant's idea, sir. He used to run a fruit store."

There are only two ways to handle women but unfortunately nobody knows what they are.

FIGHTING SHIPS

As she steamed 100,000 miles in combat, eight victorious months of crippling the enemy in the Pacific passed and 16 members of her crew were honored for gallantry in action.

When the carrier Hancock was doomed by kamikaze attack at Okinawa, the Sperry came dangerously close alongside and members of her crew rescued survivors blown overboard by the explosions.

The U.S. Navy's "Fightingest" tin can added her fire to the invasion of Okinawa and later engaged in the first surface bombardment of the Japanese homeland island strongholds.

Today in Korea, she aids in the fight for freedom, blasting a path for a peaceful world.

U.S.S. Charles S. Sperry DD697

THE JAPANESE FELT HER ANGER SHORTLY AFTER HER LAUNCHING IN 1941.

Mrs. Merle Thompson was dismissed to her home, Sunday, from Little Traverse Hospital, Petoskey, where she was a medical patient for 16 days.

Mrs. Elsie LaLonde is a surgical patient at Little Traverse Hospital. Mrs. George Kaake is taking care of the Elsie Lou Convalescent Home during Mrs. LaLonde's absence.

SPRING TIME FOR STARTING FRUIT PLANTS

Spring is the time to get new fruit plantings into the ground and here are some tips from a Michigan State College horticulturist on how to do it.

Clarence A. Langer, fruit specialist at M. S. C., says all fruit plants should be put in the ground as early as possible in the spring. This gives them a chance to get a head start for the following year.

Small fruits — raspberries, strawberries, and grapes — should be planted in ground that has been under cultivation at least a year. Row crops, corn or potatoes, are preferred to precede small fruits.

It is not necessary to plant large fruit trees in land that has been cultivated. Same have been planted directly into a sod with satisfactory results, Langer notes.

Organic matter, either green manure or rotted barnyard manure, is important. Peat moss is also good but it is expensive for large operations.

Langer says fertilizer can be used the first year on small fruits but is not necessary on large fruits. For small fruits he recommends using 300 to 400 pounds of 6-8-8 or 10-10-10 analysis, broadcast before planting and worked into soil.

He stresses that all tree fruits should be pruned of their lateral branches before planting. This must be done because the roots cannot support the branches.

Cherries should be planted 24x30 feet; plums 20x24 feet; pears 20x24 feet; and apples 25x35 ft.

Sister's Suitor: "Bill, I dislike telling you, but last night at the party your sister promised to become my wife. Can you forgive me for taking her away?"

Bill: "Shucks, that's what the party was for."

This morning 11 beautiful women chased me across the street into the bank. No more of that he-man-smelling shaving lotion for mine.

Self-reliance means that when you go out in the garden to eat worms you don't need anybody along to pick out the big ones.

PAINT TRICKS HELP MAKE BETTER JOBS

There are tricks of the trade you should know while doing your spring painting, say Michigan State College Specialists.

Surfaces are paint-ready only when clean, dry and smooth-free from dampness, grease, gummy or sticky substances, loose paint or dust. Remember! Oil paint and varnish will not dry on a damp surface or over a partially dry coat of paint or varnish. Avoid stickiness, cracking and peeling by letting each coat dry thoroughly before applying the next.

Use fine sandpaper on unpainted wood or metal surface. If an old painted surface is to be repainted, reduce the gloss with strong soap or scrubbing powder, dry for 48 hours, give it a light sanding and you are ready for painting. Sand old painted surface that are rough or marred until all rough spots disappear.

Paints come in opaque, semi-opaque and transparent forms. A good flat-oil paint is opaque, and hides the surface well. Semigloss is semi-opaque and may allow the under surface to show through a little. Enamels, except for a few, are semi-transparent and varnish is even more so—both enamels and varnish let the undercoats show through. Water paints are opaque.

The best plan to follow is to use an opaque, flat-oil paint under the finishing coat unless you plan to repeat the same color.

The booklet, "Color in the Home," is available from the Bulletin Office, Michigan State College, East Lansing. The price is 10 cents.

It's not indispensable to your happiness that you eat more hay than an elephant; how about hamburger?

HEALTH FACTS

"TAKE IT EASY AND LIVE LONGER" is the Michigan Heart Association's advice to housewives with heart conditions...

In Cardiac Housewife Classes work simplification techniques are being presented throughout the state. Classes have been held in 16 counties, and more are being organized...

Using work simplification techniques a homemaker can save as much as:

- 75% of her walking
- 75% of her movements
- 60% of her reaching...

STOP, THINK, PLAN—then Act, is the first rule for heart saving!

I envy fish. They are calm, cool, sensible. You never see a fish running for a train or biting his nails.

Good men have always been hard to find. Robinson Crusoe hunted all week before he found a good man Friday.

Production engineers figure that if we could combine today's machinery and know-how with yesterday's 60-hour \$12 week, we could have 10 television sets in every bathroom.

One diesel can draw a bigger load than a thousand horses, but one horse can draw bigger crowds than a diesel if he's the right horse.

Polio Message To Parents

Four year old Janice Faye Cole of Lansing, a victim of last year's polio epidemic, wants every mother to get the latest information on Gamma Globulin, the new preventive. A small pamphlet on the subject entitled "Polio Message to Parents" is now being distributed to all Michigan schools by the National Foundation for Infantile Paralysis. Janice is shown enlisting the cooperation of State Supt. of Public Instruction, Dr. Lee M. Thurston and his recently selected successor Dr. Claire L. Taylor, who takes office July 1
