Russell - Howell

The East Jordan Methodist Church was the scene of a double ring wedding ceremony when Minnie Marie Russell, daughter of Mr. and Mrs. Ray Russell, became the bride of Airman 2/c Claude Edward Howell, stationed at Empire, son of Mr. and Mrs. Claude Edward Howell, Sr., of Washington, D. C., at 8:00 p. m., Friday, May 15th.

Rev. Robert Moore heard the couple speak their vows before an altar decorated with two baskets of lilies and mixed gladioli. Mrs. Edward DeHaven played the wedding march.

The bride, given in marriage by her father, wore a white nylon net over white satin ballerina length gown, fashioned with a fitted bodice, short sleeves and full skirt. Her elbow-length veil of net, edged with nylon, was held in place by a tiara of pearls. Her wedding bouquet was of red roses and white carnations.

Wilma B. Russell, sister of the bride, served as bridesmaid. She wore a light blue nylon net over blue satin gown and her bouquet was of white carnations.

Mrs. Ray Russell, mother, of the bride, wore a black acetate rayon dress, trimmed with white, with black accessories. Her corsage was of pink and red carnations.

Fred Brady, friend of the groom from the same air base, served as best man. They wore their uniforms.

Ushers were William Russell, brother of the bride, and Charles Weisler, brother-in-law, of the bride.

Following the ceremony a reception was held in the social room of the church for about 50 guests. A four-tiered wedding cake, topped with a miniature bride and groom, was served with ice cream and cake, by the bride's three sisters, Mrs. Harry Kerr, Mrs. Henrietta Weisler and Ms. Edith Holm.

The bride chose a grey gaberdine suit with white accessories and a red rose corsage for traveling. The young couple left Saturday for a wedding trip to Washington, D. C.

The bride is a member of the graduating class of '45 of the East Jordan High School and is employed by the Consumers Power Co. at Traverse City and will continue with her work.

The groom will continue with the air force.

They will be at home at 222 1/2 Washington St., Traverse City, after June 1st.

Guests were present from Traverse City, Elk Rapids and Central Lake.

The East Jordan High School baseball nine brought its 1953 season to a close here at the West Side Ball Park on Monday afternoon of this week as they dropped a heartbreaking 5 to 4 decision to the Gaylord High School "Blue Devils".

The Jordanites held the lead throughout most of the contest and were out in front 5 to 4 going into the first half of the seventh and final inning. Gaylord pushed across a pair of runs on three hits and an error in their half of the inning; and this was enough for victory as the locals went down in order in their half of the inning.

Schlang, Flemming and Karowski formed the winning battery. Keith Evans and Lawrence Chanda toiled for the losers. Flemming was given credit for the win after relieving Schlang in the fifth.

Firstbaseman Sam Milstein, catcher Lawrence Chanda, and outfielders Richard Freeman and Warren Frank played their last games for the Jordanites in the Gaylord contest as all will be lost through graduation this spring.

Biennial Election for County Board of Education

The biennial election for the County Board of Education will be held in the lunchroom of the Boyne City School at 8:00 p. m. on Monday, June 1st. A discussion meeting will follow and all school board members of the county are invited to attend.

South Arm Farm Bureau

Mr. and Mrs. Wm. Boss entertained the group for the May meeting. There were 11 members and five guests present.

Mrs. J. M. Ingalls gave an interesting report of the April and May County Board Meetings, and Mrs. T. F. French told us about the District Women's meeting at Charlevoix.

Mr. Fowler warned us concerning the likelihood of a proposed law in Michigan whereby vegetable oils would be used in place of milk in ice cream, as is being done in six other states at present.

The group voted in favor of a permissive law to promote "Seal of Quality" marketing; did not believe that a successful quality market program could be controlled without a supporting law; felt that the difference in price for farm produce would more than offset the expense and bother entailed; and that a small tax should be imposed to cover the extra cost for inspection and for the advertising of Michigan products.

The June meeting will be held at the home of Mr. and Mrs. Harold Goebel.

NOTICE OF PUBLIC SALE

The leinholder will sell at public sale to the highest cash bidder, on June 3, 1953 at 2:00 PM at West Side Service, Bridge, and Water St., East Jordan, Michigan, one 1947 Frazer, 4-door, Serial No. F47C1027980, Motor No. F29301. Now stored and available for inspection at the above address. 21 x 2

Mayor Taylor Proclaims Poppy Day This Saturday

All citizens of East Jordan were urged to wear a memorial poppy on Saturday, May 23, in a proclamation issued by Mayor Chris Taylor, setting the day aside as Poppy Day. Pointing out that wearing of a poppy is an individual tribute to the memory of America's war dead, the proclamation stated:

"Whereas young men of the City of East Jordan are still serving in defence of our country and are taking their places among our honored citizens alongside those who have served in other wars, and

"Whereas the roll of those who have given their lives in the nation's defence is increasing as war takes its toll of our finest young men, and

"Whereas the memory of those citizens of East Jordan who make the supreme sacrifice for America should live forever in the hearts of all citizens of our City, and"

"Whereas annual wearing of the memorial poppy is an individual tribute to the war dead, showing that we remember and are grateful for their sacrifices in our behalf, now

"Therefore, I, Chris Tylor, Mayor of the City of East Jordan, do hereby proclaim, Saturday, May 23, to be Poppy Day in the City of East Jordan, and I urge all citizens to observe the day by wearing the memorial poppy."

CHRIS TAYLOR, Mayor

Engagements Announced

Mr. and Mrs. A. L. Darbee announce the engagement and approaching marriage of their daughter, Helen, to Frederick H. Minturn, son of Mrs. Edward W. Minturn of Detroit and the late Mr. Minturn.

The couple will be married at an informal ceremony in the East Jordan Methodist Church May 30th at 2 o'clock.

Mr. and Mrs. Harry Dougherty of East Jordan announce the engagement of their daughter, Dora Loretta, to Glen Dale Murray, son of Mr. and Mrs. Clarence Murray of East Jordan.

The wedding date has been set for June 27th.

Summer Recreation Program to Start

All men and high school boys interested in taking part in the city softball program this summer are asked to contact Coach Gayle Saxton, Alex Sinclair or Vale Gee.

Tentative plans call for the forming of a four-team Rainbow City Softball League. League games will be played on the newly lighted softball diamond at the West Side Ball Park on Tuesdays and Thursdays of each week. Final arrangements for lighting the field are in progress and the field is expected to be ready for competition by the middle of June.

Interest in an Inter-City League is also being built up and there is a strong possibility of East Jordan, Charlevoix and Ellsworth forming an eight-team loop with four teams each from Ellsworth and East Jordan. A meeting of representatives from the above mentioned communities is expected to take place in the near future and details for such a league will be discussed and formulated. Tentative plans call for Inter-City League play on Wednesday nights.

Maximum use of the new lighted field is expected with formation of a number of small boys' teams. If the interest warrants it, competition for girls will also take place.

Softball is one of the many activities in the East Jordan summer recreational program being sponsored by your local Community Chest.

Mrs. Helen M. Smith of Midland was the week end guest at the home of her son-in-law and daughter, Mr. and Mrs. Gayle Saxton. While here she attended the Mother-Daughter Banquet.

Camp Ocqueoc Deadline June 5th

Wednesday, June 5th, has been set as the deadline for getting in your applications for the Summer Recreation Camp at Camp Ocqueoc, near Rogers City, boys 8 to 14 years of age are reminded this week. Parents of all boys planning to attend this year's camp are asked to get in their boy's application to Coach Gayle Saxton at the high school as soon as possible to help facilitate in the planning of this year's event.

Final details for this year's outing will be formulated at a meeting at the Petoskey High School, Friday evening, May 29th at 7:00 p. m. Representatives from Boyne City, Petoskey, Pellston and East Jordan will get together at this time and make last minute arrangements for the two camping sessions slated for the weeks of June 8 to 13 and June 15 to 20.

The East Jordan Community Chest is the local sponsor and this marks the fifth consecutive year that East Jordan has participated in youth camping activity.

Charlevoix County Extension Group Achievement Day

The Charlevoix County Extension Group Clubs held their own annual Achievement Meeting on May 13 at the Legion Hall in East Jordan.

We were honored to have our leaders with us—Mrs. Emma Riensholt, Mr. Ed Rehman, Mr. C. Festerling and District Supervisor, Mr. E. A. Winters, of Lansing.

The guest speaker of the evening was Jim Bryon of Brown City, who was the 4-H Exchange Student to Switzerland. We were most impressed with the way he expressed himself and showed pictures of his experiences of living on four different farms there. It's hard to believe and yet so remarkable how clever they are.

We also enjoyed the singing by Margaret and Martha Lord and Nan Drapeau and the Magic act by George Nelson and Roger Stokes.

Cupcakes and coffee were served to 125 present. I would like to say that the Extension is an organization I'd be proud to be a member of.

Mr. and Mrs. John Hodge, with children, have moved on their farm near Mt. Bliss for the summer from Harbor Springs where Mr. Hodge is teaching. He will commute there until school is finished.

EVANGELICAL LUTHERAN CHURCH HONORS TWO 1953 GRADUATES

A special baccalaureate service was held at the Evangelical Church, Sunday evening, May 17, in honor of two graduates, Nathalie Crawford and Alvin Buchfinck, from the East Jordan and Charlevoix High Schools respectively. After the services they were presented with gifts appropriate for the occasion by the pastor.

New members joining our congregation May 3 included Mr. and Mrs. A. Buchfinck and children, Joseph, Alvin, Warren and Doris; and Jason Snyder. On May 17, Bernard Best also joined our congregation.

N. Mich. Industrial Development Council Meeting

Mr. O. C. Burull of East Jordan attended the following meeting last Friday.

The farm income of the area served by the Northwest Michigan Industrial Development Council, is over eleven million dollars per year according to the County Agricultural Agents. The County Agents from: Antrim, Benzie, Charlevoix, Kalkaska, Missaukee, Montmorency and Otsego counties were the dinner guests of the Council, Friday evening (May 15) at the William Stebbins farm near Kalkaska.

Over thirty guests gathered in the new dairy barn to watch a demonstration of milking parlors, early in the evening, this was followed by a "Thresher Style" dinner served by the ladies in the farm home.

Following a short business session of the Council the meeting was turned over to Mr. Orville F. Walker, County Agricultural Agent for Kalkaska County. Slides were shown from each county and each agent reported on the work in his county.

It was pointed out that farming has become big business and that it requires about thirty thousand dollars worth of equipment to operate a farm. Each agent has about one thousand farms to help in his area. It seemed to some of the Council that a demonstration farm in the area might help. There seemed to be a demand for more experimental work on the sand soil. Another joint meeting is expected to be held later this year.

Bert DeGroot, 77 Funeral Services Held Monday

Bert DeGroot, 77, retired Banks Township farmer, passed away early Thursday evening at the home of his son, Harry, with whom he made his home for several months. He had been in poor health for several years.

Mr. DeGroot was born in the Netherlands May 15, 1875 and came to this country when he was seven years old. Except for a short period in the New Era area, he has been a resident of Banks Township for 70 years.

In 1900 he was united in marriage to Alberta VanderHeide. The surviving children are Harry and Jake of Banks Township, John of Chicago, Ralph of Gaylord and Mrs. Albert Kort of Grand Rapids.

Surviving also are two brothers Oscar, of Charlevoix, B1, and Harry of Ellsworth. Two sisters, Mrs. John Parsons and Mrs. Frank Boss of Ellsworth. Also ten grandchildren. Mr. DeGroot's wife, Alberta passed away in May 1950.

Funeral services were held Monday afternoon at the Ellsworth Christian Reformed Church where he was a member. Rev. E. Boeve officiating. Burial followed in Atwood Cemetery.

Mrs. Helen Smith returned to Midland, Monday, after spending a week visiting her son-in-law and daughter, Mr. and Mrs. Gayle Saxton, and son.

Mr. and Mrs. Archie LaLonde of Hamtramck and Mr. and Mrs. Laurence LaLonde of Flint visited their parents in the city over the week end.

3rd Annual F. F. A. Parent and Son Banquet

The E. J. F. H. A., under the direction of Mrs. Clare Brown, presented a banquet to the F. F. A. boys and their parents, Tuesday evening at 7:00 p. m. The banquet was held in the gymnasium of the local High School.

All high school teachers, advisory council members and advisors and presidents of the neighboring schools were guests.

Honorary members for the year 1952-53 are Mr. Roman Dubas and Mr. Bill Grimm. Both members have helped the F. F. A. class in many ways.

Eight special Honorary Chapter Farmer Awards were presented at the banquet. James Shepard was presented with the Dekalb award. The Dekalb award is presented to the most outstanding senior enrolled in Vocational Agriculture. The Chapter Star Award was given to Lester Howard; the Public Speaking Award to Jack Zoulek; the Farm Electric Award to Steve Hayden; and the Farm Mechanic Award to Robert Russell. The Soil and Water Management Award was given to Robert Lick; the Dairy-Farmer Award to Walter Steuer and the Farm Safety Award to Tom Sheridan. All awards presented by Mr. Richard Schroeder, F. F. A. advisor.

Superintendent E. E. Wade presented diplomas to all members of the adult farm class.

Master of Ceremonies was Lester Howard; General Chairman, Steve Hayden; Refreshment Chairman, Jack Zoulek.

Entertainment was provided by the F. F. A. Band. A film "Farmer of Tomorrow" was shown.

Rev. Robert Moore gave the invocation.

Sunday guests of Mr. and Mrs. George Klooster and family were her parents, Mr. and Mrs. Ira Springstead of Central Lake, and her sister and brother-in-law, Mr. and Mrs. Lester Trenary and daughter, Louanne, of Walker.

Infant and Pre-School Clinic Monday, May 25

There will be an Infant Clinic, Monday morning, May 25, for the purpose of immunization.

Boys planning to attend Camp Ocqueoc will be given their examinations by Dr. Litzemberger the same morning.

A pre-school clinic will be held during the afternoon of the same day. Both clinics will be held in the nurses' office in the grade building.

Bee Held for T. F. French's

Cries of "Timber" rang over the woods on Valley Ranch, home of the T. F. French's, all day Saturday, when 14 neighbors gathered with chain-saws and tractors to cut and drag out logs. They will be sawed into lumber to start building a new pen-type barn to replace one of two destroyed by fire early in March. This was another instance of the wonderful kindness and friendliness which really does exist in the community. While the men were busy in the woods, the members of the Good Neighbor Home Demonstration Club, of which Mrs. French is a member, prepared a bountiful dinner for the woodsmen.

Those participating were Geo. Klooster, Joe Addis, Lawrence Addis, Raymond Fisher, Wm. Boss, Claude Gilkerson, Doug Gilkerson, J. M. Ingalls, Ira Ingalls, Warren Frank, Rine Staudenmeyer, Geo. D. Nelson, Walter Fowler and August Bulmann. Melvin Essenberg kindly lent an extra chain-saw.

The French's want to be quoted as thanking each one again who helped in any way, saying that they are deeply grateful for this re-building help.

George R. Hemingway, pioneer nurseryman who started the Charlevoix County Nursery—40 years ago, announced today that he has appointed Godfrey McDonald as the manager and operator of the nursery.

Mr. Hemingway, now 77 years of age, will retire from the active management of the enterprise which he founded, to live with his daughter, Mrs. George Spayde, of Muncie, Indiana.

However, he will return here during the summer for a visit. The new manager of the nursery has been an employee of it for the past 26 years and has been a life-long resident of the peninsula area.

Mr. Hemingway, who started his business career in real estate at Oak Park, Ill., bought the property at Ironton in 1911 and started the first experiments in reforestation in this area. Some of the trees he planted at that time have already been harvested for the construction of cabins in the Ironton area.

Specializing in landscaping and the importation of suitable ornamentals, the Charlevoix County Nursery soon expanded its activities to cover a major portion of Northern Michigan.

Mr. Hemingway, through the years has made Ironton his home, although he still served as chairman of the board of the George Hemingway Organization, Inc., the real estate firm which he founded at Oak Park, Illinois.

Mr. and Mrs. Maurice Vance of Flint brought some new shower stalls, with wash bowls and toilets to install in private bathrooms which will be built on the Rainbow Cabins.

Legion Auxiliary Business Meeting

The American Legion Auxiliary Unit 227 held their regular business meeting, Tuesday, May 12, at the Legion Home. The meeting was conducted by Peggy Thomas, 1st vice-president, as Lillian Bennett was called to Traverse City to see her grandmother who was in the hospital with slight injuries following an automobile accident.

Plans for the Poppy Sale have been completed and captains have been named by Florence Stucker, Poppy chairman. Those named were Thelma Evans, Helen King, Bernadine Brown, Sen Nemacek, Lillian Bennett and Eldeva Gokee. Each captain will choose her workers, along with girls of the Jr. Auxiliary. Poppy Headquarters will be in the Post Office building and will be open all Poppy Day. Any member who would like to sell poppies, Saturday, May 23, contact Florence at headquarters and she will supply you with the needed equipment.

The Auxiliary will join the Legion in observing Memorial Sunday by attending services at the United Missionary Church, Sunday, May 24th, at 1:00 noon. All members are requested to meet at the Legion Home at 11:30 and then join the Legion in the march to the church. This is one day everyone should make a special effort to be present, so be sure and be there.

It was announced that the Auxiliary presented Reva Walton with a going-away gift. We were sorry Reva left in such a hurry, making it impossible to give her a party. She will be greatly missed in Auxiliary circles. Reva will make her home in Flint and we all wish her well. The Jr. Auxiliary also gave her daughter, Peggy a going-away gift.

At the next Auxiliary meeting, Tuesday, May 26, final plans for Memorial Day will be made. The meeting will be a semi-social with Marie Woodcock as hostess. Be sure and attend.

Plans in Making For a New Athletic Field

Plans are in the making for a new athletic field. According to Mr. Annear, High School Principal, blueprints have been made outlining a regular size football field with the possibility of having a 400 year track with 180 yard straight-away.

The location is on property owned by the school between Nichols and North Streets and between Fourth and Sixth Streets.

Why We Wear A Poppy

Next Saturday, May 23, little red poppies will bloom on millions of coats throughout America. As an annual day for the wearing of the poppy draws near, it is well to bring to our minds the significance of this little flower. Why do we have a Poppy Day?

First, we wear a poppy once a year to express the feeling of reverence that is always in our hearts for the men who have died for America in the two World Wars and now in Korea. The poppy is their flower. It grew on the battlefields in France and Belgium where so many of them fought and died; it grew over their fresh graves—the one touch of beauty and life in all that region of destruction and death known as the front. Nothing can symbolize our remembrance of the sacrifices of these dead in so fitting a way as the wearing of the poppy.

Second, we wear the poppy to help lighten the burden for those still undergoing suffering and hardships because of the wars; the disabled veterans and the

families of the dead and disabled. Making the poppy gives employment to hundreds of disabled men who would otherwise be unable to earn anything toward support of themselves or their families. If you have never visited the men making poppies in the hospitals, it will be difficult to realize that having these little flowers made by the disabled is one of the largest pieces of welfare work done by the American Legion Auxiliary. What form of aid could be more effective than having the disabled men help themselves by worthwhile work?

The funds derived from the poppy sale constitute the largest source of revenue for the Rehabilitation and Child Welfare work of the Auxiliary. The money dropped into the contribution boxes on Poppy Day enables the Auxiliary Units to carry out a constructive program of aid to the disabled and to the dependent families of veterans throughout the year. Poppy Day is one day when the public is privileged to contribute toward this great work. As the significance of the poppy becomes more widely known and the work which is done with the proceeds of the poppy sale becomes better understood, more and more Americans wear the little flower each year. The wearing of the poppy has become recognized almost universally, not only as a means of paying tribute to the memory of the war dead but also as a means of aiding those who are bearing war's afflictions.

When you buy your poppy on Saturday, from a member of Unit 227, think of the disabled veteran in the hospital or convalescent workshop who has fashioned the little blood-red flower. Think of the fatherless family whose struggles during the coming year will be lightened by the coin you drop into the poppy worker's box. Think of the brave American boys who lie beneath the waving poppies in France. Think of those things and you will understand the true meaning of the poppy, and why we wear a poppy.

Do you remember?

"The Disabled American Veterans ask that you remember them and their needs as one observance of Memorial Day."

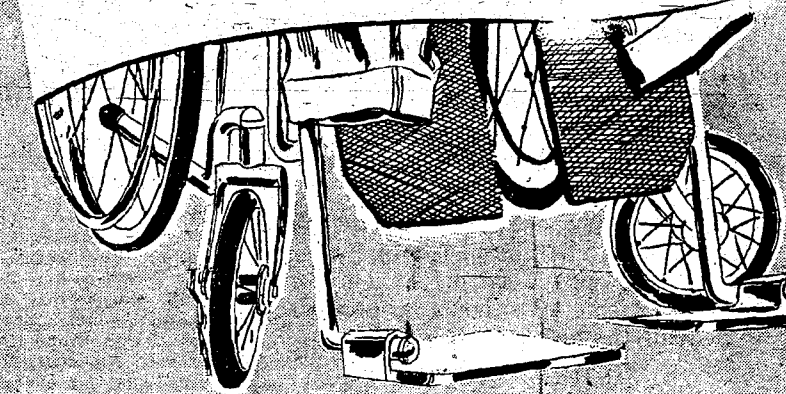

When danger threatens from without... and war has been declared... we hear a great deal said about... our being unprepared... but from the town, the countryside... the mountain and the plain... young men have come, have marched and died... and saved us once again.

Men we have never seen or known... have fought for you and me... wherever freedom's flag has flown... upon the land or sea... and yet are unremembered for... the victories they won.

Though monuments of bronze or stone... recount his stirring deeds... the glowing words, and words alone... will not supply his needs... but all too often we forget... the sacrifice he made... and that, to him, we owe a debt... that often goes unpaid.

Whether in verse or deathless prose... our slogan ought to be... "I'll do a little bit for those... who did so much for me."

PTA Gets Stung by a "Bee"

The local PTA is feeling sheepish today. Seems they complained the youngsters weren't learning enough. Said they couldn't even spell. So the kids challenged them to a spelling bee.

"I was captain of the PTA 'era," "Doc" Brown told me. "Both teams made the first round just fine. But on the second round Speedy Taylor went down on 'efficiency.' Then his boy Chip, who happened to be next on the school team, rattled it right off. From then on it was murder!"

So now "Doc" says that the

whole PTA is thinking of signing up for night school!

From where I sit, it always pays to look and think before you leap to conclusions. Take those folks who would deny me a temperate glass of beer without a moment's thought. They wouldn't want me to interfere with their personal preferences for, say, buttermilk. It's a good idea to think twice before you "spell out" rules for your neighbor.

TANOE—FAMED "LAKE OF THE SKY"

Surrounded by forested mountains, 23-mile-long Lake Tahoe spans the California-Nevada boundary south of Reno at an altitude of 6300 feet, and is a year-round mecca for vacationing tourists.

Its azure waters are so transparent that objects are plainly visible at a depth of 65 feet on clear days. Tahoe mirrors a breathtaking panorama of pine-canopied shores, hospitable resorts and eternally snow-capped Sierra peaks.

A visit to lovely Lake Tahoe highlights Greyhound Lines' newly-revised, 25-day all-expense-paid tour through the West that includes round-trip transportation by modern Silverstreak SuperCoach, all hotel accommodations, and sightseeing at important points of interest. Other stopovers on the trip are slated for Colorado's Garden of the Gods, the Grand Canyon, Hollywood and the Beaches, Catalina Island, San Francisco and Chinatown.

CHILD NEEDS TEAMWORK BY PARENTS

A key to happy family life and well adjusted children, says a Michigan State College specialist, is so simple that many fathers and mothers won't believe it. The key, he asserts, is for parents to live happily themselves.

Dr. Elmer Knowles, an M. S. C. child development specialist, believes that the parent's primary function is to be a team worker—the job is not single-handed.

A child feels frustrated if parent's can't agree on discipline. He's confused if he is held back by one parent and pushed ahead by the other. Children, Dr. Knowles points out, don't feel safe if they know they are getting away with something.

Fathers and mothers, adds the specialist, represent security for the child. The love which parents show for each other and their creation of a happy atmosphere in the home mean safety and stability to the child.

But, Dr. Knowles points out, quarreling, bickering and sarcastic remarks by parents mean to the youngster that his ship of state is rocking.

The M. S. C. specialist says that "love through action" is the way parents can make their children feel secure and happy.

Submit to what is unavoidable, banish the impossible from the mind, and look around for some new object of interest in life.—Goethe.

Miss Heiss urges careful storage of eggs in the refrigerator. Even a few hours in a warm room will mean loss of quality. Ideal conditions for eggs are cool and moist, she says. It is better to wait until you are ready to use the egg before washing it because the egg shell is porous and off flavors, bacteria and dust can get through the shell easily.

How about an egg souffle, asks Miss Heiss, who offers these suggestions: Souffles are light, delicate baked mixtures which somewhat resemble fluffy omelets. They should be made from stiffly beaten eggs (whites alone or whites combined with yolks) to which flavoring or some savory food material is added. A thick white sauce is used as the basis for savory souffles such as cheese or ham souffle. Thick, sweet, custard like sauces are used in sweet souffles.

For a cheese souffle, Miss Heiss says, you will need one-half cup grated cheese, per cup of thick white sauce, three egg whites well beaten and three egg whites beaten until stiff, but not dry. Prepare and measure the cheese break eggs into bowls—whites in one and yolks in another. Make the sauce

and beat the egg yolks, add cheese to the sauce, beat the egg whites. At this point combine the sauce and egg yolks, fold that mixture into the beaten egg whites. Turn the mixture into a greased baking dish or individual dishes and place the baking dishes into a pan containing hot water to the depth of one inch or slightly more. Bake at about 350 degrees F. for 30 or 40 minutes.

Spring is traditional season for using eggs, points out Ann Heiss of the foods and nutrition department at Michigan State College. Furthermore, eggs can be adequate substitutes for meat in your menus.

BY ED REBMAN

There will be an important meeting for everyone interested in growing string beans, either green or wax beans, this year. This meeting will be held Thursday evening, May 28, at 8:30 p.m. in the High School at East Jordan. Mr. Rebman, County Agent, reported today.

The purpose of this very important meeting is to bring under control that very bad pest known as the Mexican Bean Beetle. Many of you folks have seen these beetles and probably are more acquainted with the young larvae than the adult. These larvae are yellow and they have six rows of black-tipped spines and are always found on the under-side of the leaves.

Ray James, Extension specialist in Entomology, from Michigan State College, will be present to lead the discussion at this meeting. Mr. James will discuss the life history of this insect and a means of control for both the small gardener and the commercial grower. The East Jordan Canning Company is cooperating in this meeting and will furnish refreshments at the end of the discussion.

CUSTOM RATE INFORMATION OFF PRESS

An extension folder giving the rates farmers expect to charge for custom work is off the press and available at the offices of county agricultural agents and at Michigan State College.

Authored by Karl A. Vary of M. S. C.'s agricultural economics department, the folder is the result of information from 196 farmers in all parts of Michigan. The publication is called "Custom Work in Michigan, 1952 and 1953".

Vary noted that custom rates for most farm jobs this year will be about what they were in 1952. He said that the last survey of custom rates—in 1950—showed them to be slightly lower on many jobs than the 1952 average. The jobs included field chopping, baling, cutting grain, cutting corn, loading and spreading manure, mowing hay, plowing muck, bulldozing, tiling, buzzing wood and farm trucking.

But, he reported, most farmers said they expected to charge the same custom rate in 1953 as last year. Field chopping, for example, will range from \$10 to \$12 per acre and baling will be 12 to 14 cents a bale.

Some of the other rates staying at about the same price include plowing, \$4 per acre; disking and dragging, from \$1 to \$1.50 per acre; combing and corn picking, about \$5 per acre.

Michigan State College specialists recommend that eggs be washed just before using—not when they are stored. Egg shells are porous, they say, and off flavors, bacteria and dust can enter through the shell.

They should be made from stiffly beaten eggs (whites alone or whites combined with yolks) to which flavoring or some savory food material is added. A thick white sauce is used as the basis for savory souffles such as cheese or ham souffle. Thick, sweet, custard like sauces are used in sweet souffles.

For a cheese souffle, Miss Heiss says, you will need one-half cup grated cheese, per cup of thick white sauce, three egg whites well beaten and three egg whites beaten until stiff, but not dry. Prepare and measure the cheese break eggs into bowls—whites in one and yolks in another. Make the sauce

and beat the egg yolks, add cheese to the sauce, beat the egg whites. At this point combine the sauce and egg yolks, fold that mixture into the beaten egg whites. Turn the mixture into a greased baking dish or individual dishes and place the baking dishes into a pan containing hot water to the depth of one inch or slightly more. Bake at about 350 degrees F. for 30 or 40 minutes.

Spring is traditional season for using eggs, points out Ann Heiss of the foods and nutrition department at Michigan State College. Furthermore, eggs can be adequate substitutes for meat in your menus.

Miss Heiss urges careful storage of eggs in the refrigerator. Even a few hours in a warm room will mean loss of quality. Ideal conditions for eggs are cool and moist, she says. It is better to wait until you are ready to use the egg before washing it because the egg shell is porous and off flavors, bacteria and dust can get through the shell easily.

How about an egg souffle, asks Miss Heiss, who offers these suggestions: Souffles are light, delicate baked mixtures which somewhat resemble fluffy omelets. They should be made from stiffly beaten eggs (whites alone or whites combined with yolks) to which flavoring or some savory food material is added. A thick white sauce is used as the basis for savory souffles such as cheese or ham souffle. Thick, sweet, custard like sauces are used in sweet souffles.

For a cheese souffle, Miss Heiss says, you will need one-half cup grated cheese, per cup of thick white sauce, three egg whites well beaten and three egg whites beaten until stiff, but not dry. Prepare and measure the cheese break eggs into bowls—whites in one and yolks in another. Make the sauce

refreshments at the end of the discussion.

Grain is food—keep it clean. That's the slogan used by the administrators of the Federal Food, Drug and Cosmetic Act in their campaign to boost grain sanitation, reports Ed Rebman, Charlevoix County Agricultural Agent.

Rebman points out that many farm storages are open so that rats, mice, cats and birds and other animals can contaminate grain in bins. This may be the grain which later goes to the mill to be made into food for human consumption.

Here are some tips from Arthur J. Bell, extension agricultural engineer at Michigan State College, on protecting grain from rat contamination:

Fell reports that it's easy to protect new bins with half-inch hardware mesh or galvanized sheet metal. The entire bin, floors, walls and top should be lined. The door should have its edges protected with sheet metal, too. Galvanized bins would solve the problem quickly.

Rat proofing an old bin, he says, may be more of a problem, although the same principles apply. Sometimes it may be necessary only to put a two-foot strip of galvanized sheet metal at the base of the wall to stop gnawing.

Then a 12-inch strip of sheet metal can be placed about four feet higher to prevent rats from crawling up the sides.

The floor should also be covered with sheet metal. If the wall metal is placed on the inside of the bins, it should overlap about six inches on the floor. Then the floor metal should be placed over the overlap to give a tight seal.

The top of the bin should be covered so animals can't get inside from over-head. This can be done by building the bins and bin partitions to the ceiling and lining the ceiling with metal.

If it's not possible or desirable to build the bins to the ceiling, a removable metal-covered top may be put on top of the bins. The top can be made in sections for easy handling.

The Servicemen's LETTER

Hi Fellas:
Congratulations are in order this week to Cpl. Kenneth Richards and A3c Gene McPherson. Nice going—keep up the good work. Ken's APO is 243 now, but the rest of his address is the same. Gene's new address is as follows: 3275th A. F. Ind. Wing, Parks Air Force Base, Pleasanton, California.

Joe Chanda's mother wrote that he is now in Co "C" with the rest of his address remaining the same. Joe is now about 14 miles from Yokohama.

Donald Gifford has a new address at Camp Chaffee, Ark. He is now in Co. B, 80th H. T. Br.

Dale Gee checked in with a letter this week from Anchorage, Alaska. "Well, Buddy, guess it is time I dropped you a few lines from Alaska. Hope this finds you and yours in the best of health. We four are O. K."

"Received the paper today and got quite a kick out of Tid-Bits. I really enjoy reading these as I believe the other fellows do also. I have forgotten the fellows' name who writes this but I just hope he keeps it up. I think that is what good "ole" East Jordan needed to spruce it up a bit. So keep up the good work at home."

"Give my regards to all the fellows in the service."

"Jake" could probably give you an immediate answer, Dale, about part of the paper being missing

but offhand I can't. I certainly will try to find out why.

Mike Brennan writes from Camp Polk, La. "I have completed seven weeks of heavy weapons basic training. Some of it is interesting and some of it dry."

"The weather has either been hot or raining like mad. We have been rained out of the field three times in the last three weeks and a half. It has also washed out five bridges in the different training areas. Two of the days we had to march in the rain about six miles both ways on "nice" clay roads."

"Dale Bolser is only about 60 miles from here. The next time I can I'll try and get hold of him by phone and get up to see him. Harry Webster is just about 100 miles over my pass radius." You'd better watch the back of your writing tablets more closely, Mike, you might have a more important letter to mail next time. (Mike wrote to "Jake" about a week before and later found the letter stuck in the back of one of his tablets.)

Sgt. Glenn A. Young has a new address—6th Ord. Co. (D. S.) APO 46 c/o PM, New York, New York. He writes, "Just a few lines to let you know that I got over here O. K. I left the States the 15th of April and docked the 27th. We had a good trip. There were around 2700 men on the boat. The name of it was Gen. Muir."

"We went to Iceland and let some A. F. men off, then we stopped at South Hampton, England, and let some more A. F. men off. I've been in this outfit for a week now. It is a small Ord. Co. under the Seventh Army. We are in a small town named Craisheim and are located a few miles from Stuttgart."

Keep the letters coming, fellas. With all this mail I feel as though I had hit the jackpot.

The latest report on "Jake" is that he is getting along good and that he will "go under the knife" again in a couple of weeks. We are all behind you "Jake" and wishing you a speedy recovery.

So Long Men,
Betty Jo Strehl

RESORTERS WATCH FOR GREEN AND GOLD SIGN

Eye-catching green and gold signs reading, "HDA—Health Department Approved," will dot Michigan's roadsides this summer serving as guideposts to the traveler seeking resort accommodations that are clean and safe.

The signs are being given to resorts which comply with standards of sanitation recommended by the Michigan Department of Health.

Travelers can be assured that resorts displaying the signs provide safe drinking water, clean toilets, clean and well-ventilated buildings, windows and doors that are adequately screened to keep out flies and mosquitoes, and safe guards for protection against common hazards. In those establishments which also serve food, the milk is properly pasteurized and good food handling practices are followed.

Approved resorts also provide enough floor space to prevent overcrowding, windows to furnish sufficient natural light, safe disposal of garbage and other wastes, beaches free from hazardous sewage pollution or contamination and clean, safe bathing areas free from rocks and holes. Noxious plants such as poison ivy, poison oak and poison sumac are either eliminated or controlled so that patrons can avoid them.

The "HDA" signs are issued to summer resort hotels, cabin camps, cabin courts, motels, tourist courts or groups of three or more cottage units rented for periods of two weeks or less throughout the resort season.

Local health departments will inspect resorts in their areas to determine whether or not they meet the standards required for approval. In areas not served by a local health department, limited assistance can be obtained from the state health department in getting establishments approved.

When a new resort is being planned or when changes of the water supply or sewage disposal system are to be made at an existing resort, the plans for such work should be submitted for approval to the health department having jurisdiction.

Jamesway . . . from BABY PIG to MARKET

Whatever your hog raising program may be, Jamesway has the exact equipment to meet your needs. If you remove the pigs from the sow after 48 hours, you'll want the Pig Saver Battery to see them through those first vital two weeks. If the pigs are left with the sow for a couple of weeks, then there's the Pig Warmer to protect them and the Floor Fountain and Creep Troughs to give them a big start. Synthetic milk and water are fed in both the Pig Battery and the Floor Fountain. Jamesway Rotary Feeders are made in two sizes, one for young pigs and the other for pigs getting on toward market weight. As the hogs grow and gain weight, they "graduate" to Jamesway Disc-Type Pork Maker Feeders, made in capacities for every need. Jamesway Hog Waterers are available in several types—large capacity (30 gallon) Profit Maker, Electrically Heated Pressure Waterer, Non-Freeze Cup-Type, and others. Successful hog raisers today know the profit benefits resulting from the use of time, labor and feed saving equipment. It very often means the difference between breaking even and making a worthwhile profit. Jamesway builds the only COMPLETE LINE of hog equipment. When you invest in Jamesway equipment you are time, labor, feed and profits ahead.

Judge of Probate.

NOTICE OF PROPOSED VACATION OF A PORTION OF SPRING STREET

TO WHOM IT MAY CONCERN: Notice is hereby given that the Council of the City of East Jordan, at a meeting held April 21, 1953, adopted a resolution as follows:

"BE IT RESOLVED that this council deem it advisable to vacate and discontinue a portion of Spring Street in the City of East Jordan, County of Charlevoix, and State of Michigan, described as follows, to-wit:

Commencing at the intersection of the South line of Garfield Street with the East line of Spring Street; thence South along the East line of Spring Street to a point 4 feet North of the South line of Lot 3, Block 12, of Nicholl's Second Addition to the Village of South Lake (now City of East Jordan); thence West on an extension of 4 feet North of the South line of the aforesaid Lot 3 to the West line of Spring Street; thence North along the West line of Spring Street to the South line of Garfield Street; thence along the South line of Garfield Street to the point of beginning.

BE IT FURTHER RESOLVED, That all objections, if any there be, to the aforesaid proposed vacation and discontinuance of a portion of Spring Street in the City of East Jordan, be heard at the regular meeting of the City Council of the City of East Jordan at the City Hall in said City of East Jordan on the 2nd day of June, 1953, at 8:00 p. m., and notice thereof be given by publication of a copy of this resolution in the Charlevoix County Herald, a newspaper printed and circulated in said City, by publication therein once in each week for four consecutive weeks previous to the date set for the hearing thereon, and the City Clerk have published the proper notices as in such case provided by the City Charter of said City."

Notice is therefore hereby given that said Council will meet and hear objections, if any to such proposed vacation and discontinuance at the time and place above described.

Alberta Nowland,
City Clerk.

The Dropped Gauntlet

BY ED LEHRBASS
The opinions expressed by Ed Lehrbass in this column are not to be construed necessarily, nor even probably as those of The Herald. They are only those of an experienced and responsible commentator.

When it comes to that little problem of being raked over the coals I really ran into it. Last time in town this is about how I was told. "Just because your name is Ed is no reason for you to go around calling everyone by that name. George Rebec's name is George and don't you forget it. He's one of the aldermen that has the kind of character that this town needs. And I'm for him one hundred percent."

Standing there with my face as red as some of the beets that Mike Eaton grows, the thought came, "I humbly apologize, George."

Over Ellsworth way, I popped into the Shook's Market. And their chopped beef is exactly what it's cracked up to be, chopped beef. In our little discussion we finally got around to the roads. And with questioning it was brought out that all of the road on

In three out of the past four years, yields of corn planted between May 5 and 9 were significantly higher than the crops planted between May 19 and June 21 in tests at Michigan State College.

A delicate, soft meringue will be fluffy, tender, fine textured and it will stand in soft peaks that become golden-brown when baked, remind Michigan State College home economists. The most satisfactory proportion of sugar to egg for such a meringue is two table-spoons of sugar per egg white.

the west side of Six-Mile Lake isn't maintained by Antrim county. Also there's a spot of Charlevoix county maintained road that receives calcium chloride treatment. It was told me that there's a piece of road along side that large home with the large aerial atop that has no dust blowing around it each year.

Talked to Ben Smatts, township supervisor. He seems to think that my little bits of comment about our wonderful job of road engineering and our efficient manner of money spending on roads has brought about a perking of the ears and opening of eyes. By a lot of folks that is. And we talked about not having the blade over some roads more than once in sometimes two or three months. Also the road rejuvenation being done out our way, now that they have reversed the procedure of not putting a crown in the road, they're now trying to do just that, but with all the work, if no gravel is added there'll be no road left.

If Tom Galmore eats as much food as can be put into that large picnic basket that his wife brings at lunch time, we should have a very large Tom before long.

Met with the Mayor. His remarks were, "Hi, Walter." My retort amounted to the fact that he must have been talking to his brother. To which he replied, "You're doing all right."

This comment repays a disclosure I made to you folks some time ago. That our Mayor was straight thinking and when there is comment about an action of his while he's doing the Mayoring job then the words will be given serious thought with no hard feelings attached. That takes character, folks, and he'll find me on his side of the fence, with them actions, even though there are times when it comes upon me to question his actions.

Doc Pearsall, and the Breezy Knobs' owner, Doc's son, Harry. Discovered another of those never know when to quit fellows. In the class of Bill Stanek, those day and night workers like our editor and that's Greg Boswell. You can catch him, and easily, always doing some job and at any hour.

When Hugh Gidley paints the front of his store pink, as he says he's of a mind to, that's when you will find yours truly parked in an easy chair right across the street. Just setting there admiring it.

DICK SHAW

Richard "Dick" Shaw was born January 16, 1935, in Flint, Michigan, where he started school and went through the seventh grade. In 1948 Dick and his parents, Mr. and Mrs. Wallace Shaw, moved to Boyne City. While there he went through the tenth grade. In 1951 he entered the East Jordan school and is now a senior.

While in High School, Dick has been a member of the F. F. A. His hobbies are hunting and fishing. After graduation, Dick will seek employment in Flint, and later plans to enlist in the Army.

FLOYD DETLOFF

Floyd Louis Detloff, son of Mr. and Mrs. Harry Detloff of Flint, Michigan, is 19 years old and is a member and president of the senior class of 1953. Floyd is now living with the Mayor of East Jordan, Chris Taylor. He was born at Flint, Michigan, December 20, 1933.

Floyd has attended two schools other than East Jordan. The Emerson Junior High School at Flint and the Flint Northern High School.

He is president of the senior class and is vice-president of the Student Council. Floyd was a member of the Junior play cast and has participated in sports one year.

Floyd has one brother, Bob. His hobby is hunting and fishing. Floyd plans on going to Alma College after serving a term in the Army.

NOTICE

Notice to all active reservists attached to the 310th Ordnance Depot Company located in Charlevoix. The attendance has been low and the time of departure for summer training is getting shorter. At 10:30 a. m. on Tuesday, May 19, the Dramatics Club, taught by Mr. Vaun Ogden, presented three plays to the high school.

The first play was "Proposing to Jane", starring Sam Milstein, Janet Russell, James Nichols and Sally Swafford; the second play was "Sentimental Sap", starring Shirley Rose, Joe Smith and Mike Davis. The last play was "The Moonshiners" with Frank Russell and Larry Sherman.

F. N. C. TRIP TO TRAVERSE CITY

The East Jordan Future Nurses Club and the Boyne City Chapter, accompanied by their advisors, Mrs. Wilbur Robertson and Miss Louise Goodwin, visited the State Hospital and the Practical Nursing School at Traverse City last Thursday.

The members of the chapter from East Jordan who made the trip are:—Shirley Murphy, Diana Beishlag, Shirley Cutler, Pat Barnett, Sharon Brock, Rose Lehrbass, Glenda Derenzy, Marlene and Darlene Olistrom, Kay Hayes, Rose Bowers, Jean Dressel, Genevieve Palmiter, Ruth Ann Crowell, Kathy Kortanek, Margaret Lord, Barbara Gibbard, Charlotte Craig, Juan Kenny and Pat Looze.

HEARING TESTS RESULTS

Following are the results of the hearing tests given 853 people from East Jordan by the Michigan Department of Health earlier this year. Out of the number of tests given, 14 went to Petoskey for further tests, one was recommended a hearing aid and five were recommended for tonsilectomy.

A total of 8,605 children were given audiometer tests in District No. 3. Out of this number 1,829 were screened for a second time. Individual hearing tests with a pure tone audiometer were given to 860. Other results were:—
Total number of children with measurable losses of hearing, 272.
Total number of children referred for medical examination and opinion, 154.
Total number of adults given the tests, 35.

HOME ECONOMICS MEETING HELD

Mrs. Clare Brown, who is a member of the State Committee of Education for Home and Family Living, attended the last meeting of the year, May 12, at Fremont. The committee, which consists of approximately 20 members, were guests at the Gerber Baby Foods Plant. A luncheon followed the meeting, which was held in the plant.

Artie Houtman Egler, a former graduate of East Jordan, is now private secretary to Steve Nesbitt, public relations director of Gerbers.

GAYLORD MEETING

Mrs. Clare Brown, chairman of the annual Regional Homemaking Teachers Curriculum Committee, attended a meeting at Gaylord

Charges that the stubbornness of one man, the leader of one committee in the State Senate, is holding up a solution to Michigan's tax problems are being whispered, and none too quietly, in the Capitol.

The man is George N. Higgins, Republican from Ferndale. He holds a key position in the money raising machinery of the state as chairman of the Taxation Committee. While no attempt is made here to judge either the motives or the wisdom of Sen. Higgins' actions, there can be no doubt that his consistent refusal to consider any bills except those which his committee favors, has confused the taxation picture and aggravated many members in the Legislature — including several important Republicans.

Time will be the best judge of the correctness of the Senator's stand.

Most recent maneuver of Sen. Higgins was an effort to sell a new tax plan to the Legislators. There is no indication that the proposals will garner enough support to become law. It is called a tax on "adjusted receipts" called to explain the tax measure, found those who tried to interpret it unsure of their facts and admitting that many adjustments would be required before the tax program would be practical and fair.

There are at least two sides to most arguments and this tax situation is no exception. On one hand are those who cry, "politics". They claim that if Higgins would report out the Walter Hill corporate profits bill, it would stand a good chance of becoming law. But the corporate profits tax has been advocated for years by Governor Williams and its passage would be a feather in his political cap. The senator, who is able to stop the bill by virtue of his chairmanship of the Taxation Committee, has not been able to find another tax program popular with the Legislature.

This puts Republicans in the "hotseat" and provides much campaign ammunition for Democrats. They follow the Governor's lead on taxes. "If anyone has a sounder program than a corporation profits tax, let them come up with it." Some GOP Legislators are not happy about this unenviable position, particularly in the House.

Redistribution of present taxes

is the real, long-range aim of Sen. Higgins, say his advocates, who refer to the Princeton report on Michigan's tax situation. This report published after many months of study by tax experts, claims that Michigan's basic problem is the Constitutional earmarking of tax monies. Many legislators agree that this is correct, but most observers also add that the problem

NEW FILM AVAILABLE

Lansing, May —A new film, "Youth on Conservation Trails" has just been released and is available on a loan basis to the public, the conservation department reports.

The film was produced by the Michigan United Conservation Clubs, with technical advice from department workers.

Each summer at Ludington state is the MUCC group camp held each summer at Ludington state park. The camp is for youngsters 14-18 years of age, sent to the camp each year by local sportsmen's organizations to engage in field trips and discussions on out-of-door topics.

The color-sound film is available through the conservation department's film loan service at Lansing, or from the secretary of MUCC at 22 Sheldon, Grand Rapids.

Eliminating raw garbage feeding

is a must in controlling vesicular exanthema in swine, says Dr. Glen W. Reed, extension animal pathologist at Michigan State College.

A drunk fell from a 2-story window

and hit the pavement with a terrific impact. A crowd gathered and as the drunk staggered to his feet someone in the crowd grabbed him by the arm asking, "What happened?" To which the drunk replied, "I dunno; I just got here."

of correcting the situation is politically impractical. The plan would require many local governments to raise taxes to a level equitable with the remainder of the state.

Since a referendum is required to change tax diversion amendment, Sen. Higgins is reported as trying to set up a choice for voters. They'd choose between repealing tax diversion or continuing a new tax.

For this reason the Senator, considered by many to be among the most conscientious of Legislators, has consistently fought for a tax program that effects many voters and with a termination date in 1955.

But Sen. Higgins has had much advice from automobile corporations in drawing up tax programs. This fact has generated suspicion not only of Legislators who favor a corporation profits, but some of his own supporters as well.

If you, the newspaper reader, are confused about the legislative problem of state finances, you're not alone.

State Treasurer D. Hale Brake recently pointed out in an article written for "Inside Michigan" that state officials have been guilty of making "apparently conflicting" statements on state finances.

Much of the confusion, he points out, arises over interpretation of book-keeping figures. When a state official says publicly that the treasury has \$38,000,000 in general fund and hence no emergency exists, he really means to say that "there was \$38,000,000 in the general fund that day, but of that, \$28,112,529 was restricted and not available for general use."

Treasurer Brake pointed out that the state was \$65,000,000 in the red last June 30 (1952) and that this figure was arrived at by "balancing our general fund commitments against our liquid assets in the general fund."

He added: "This will be regarded as rank heresy by financiers, but as a practical matter, a manageable deficit in a government is not too bad. It promotes economy, discourages waste. A surplus, on the other hand, is dangerous in that it promotes spending and makes economy extremely difficult."

In repeating this observation, which we made several weeks ago, we believe it only fair to emphasize that the state treasurer is a responsible public official and that the views so given as his own and should be evaluated accordingly. It has always been the policy of the "Michigan Mirror" to report Lansing trends as they exist and to let the readers be the judge.

TRIP TO ELECTRIC PLANT

The Physics class of East Jordan High School, taught by Mr. Albert Nesman, visited the Northern Michigan Electric Cooperative at Advance, last Thursday.

Mr. John Clark, manager of the plant, took the students through the plant, explaining the various machines and equipment used in the manufacture of electricity.
