Cherry Traveling Lab at East Jordan July 18th-21st

Michigan's cherry crop is being checked by entomologists of the Department of Agriculture for control of the cherry fruit fly, a menace to the cherry crop, reports C. A. Boyer, Chief of the Bureau of Plant Industry, of Agriculture.

For the Southwestern Michigan area, a laboratory has been established at the Bureau's Benton Harbor office. A mobile laboratory has been stationed at Grand Rapids and will be moved north as the cherry harvest progresses. The schedule for the season will be as follows:

June 24 to July 7 — Wholesale Fruit Market — Grand Rapids.
July 8 to July 14 — Stokely Foods, Inc. — Hart.
July 14 to July 17 — Benzie County Farmers Coop. — Beulah.
July 18 to July 21 — East Jordan Canning Co. — East Jordan.
July 21 to August — Cherry Growers, Inc. — Traverse City.

Robert C. Wilkinson and Gale R. Gleason of the Bureau of Plant Industry are in charge of the mobile laboratory. Victor Keigley will conduct the laboratory tests for the Benton Harbor area. This laboratory is located in the Bureau of Plant Industry office, 191 W. Michigan Avenue, Benton Harbor. This is the 22nd year that a traveling laboratory has been in operation. It can be credited with the considerable amount of progress that has been made in protecting Michigan's cherry crop from the cherry fruit fly.

Nine-year-old Sharon Hughey, daughter of Chester Hughey of this city, suffered a broken leg, Friday night, when the family car rolled down a slight grade in the street and onto the lawn where Sharon and her sister Dawn were playing. Dawn was uninjured.

The accident occurred on Echo St., when the car, apparently left out of gear by someone using it during the day, started rolling of its own accord, Hughey said.

It ran over both girls, but with eight inches clearance went astraddle of Dawn and completely missed her. Sharon was taken to Charlevoix Hospital.

The Hugheys are residents of this city.

Jordan Valley Creamery In 21st Year of Production

This year, the Jordan Valley Cooperative Creamery goes into its 21st year of operations with a recently built, \$150,000 addition to the plant, an increase in personnel, and several new products on the market.

The creamery was started in 1911 in an effort on the part of the farmers in this area to combat price discrimination against the Northern Michigan butterfat producers. In the spring of 1932, enough stock had been subscribed to open a plant.

A garage building, situated at the present site, was purchased and converted into a plant. The original board of directors for the creamery was made up of Elmer Murray, East Jordan; Archie Murphy, East Jordan; Howard Stephens, Boyne City; Harold Nyland, Central Lake; Ed Nemecek, East Jordan; Arlo Wickersham, Charlevoix; and Robert Watson, Central Lake.

Manager for 21 years has been Percy Penfold, who came here in 1931, and except for a few months absence, has been with the Jordan Valley Co-op since.

In the early years, the creamery had a difficult time getting started, but by 1934, according to Manager Penfold, it was fairly well-established.

At that time, cream was picked up and brought in on trucks sent out by co-ops in western Charlevoix and northern Antrim counties, Ellsworth, East Jordan, Boyne City, Charlevoix and Elk Rapids.

The creamery bought only cream and processed only sour cream butter. They reached the million-pound butter production point in 1941.

The addition was started in

Then comes Lansing, Detroit, Traverse City, Grand Rapids, Sparta and Grandville, in order. This list is just the season so far this year and is subject to change before the summer is over. Of course we have visitors from other places, too.

Tid-Bits

One of the tragedies of life: Seems that when a fellow just about gets to the spot where he has the world at his fingertips tragedy enters the picture and writes finis—before the last few chapters could be written. Such was the case of Richard Bailey who died following a tractor accident last week. Richard's father, Clifford Bailey and Ed Fortz were in partnership in the operation of their respective farms. Machinery for the operation of these two farms had been purchased with the plan in mind that it was for Richard, and upon his graduation he was to take over the complete operation of these farms. However the Supreme Being closed this success story long before the final chapter could be written.

Softball continued its spectacular appeal during the past week as large crowds turned out to each of the four nights of action at the newly lighted softball diamond at the West Side Ball Park.

The East Jordan Iron Works and East Jordan Co-op are now in a first place tie with two wins each as a result of last week's play in the Rainbow City Softball League.

Tuesday evening's games were postponed because of rain and will be replayed on Thursday evening, July 16th.

RAINBOW CITY COMPETITION

In Thursday evening's opening game the East Jordan Iron Works picked up its second win of the season by downing the East Jordan American Legion 8 to 6.

Each team collected five hits but the Legion errors proved to be the more costly as the "Ironmen" jumped into a seven run lead in the first two frames and were never headed.

Howard Sommerville and Louis Cihak formed the winning battery for the Iron Works. Schultz was on the mound and Valencourt behind the plate for the losers.

In Thursday night's final game, the East Jordan Co-op continued its winning ways by downing the East Jordan Canning Company 4 to 2 in a well played ball game.

Carl McNett hurled for the winners giving up seven hits in chalking up his second pitching triumph of the season. F. Peck was behind the plate for the Co-op, nine. Keith Annear and Jack VanLoos formed the losing battery. Annear gave up but five hits but was the victim of several Canning Co. misplays.

Leading hitters in the Rainbow City Softball League are:

	AB	R	H	Pct.
W. Bennett, Co-op.	3	1	2	.667
D. Ager Co-op.	3	4	2	.667
K. Evans Am. Legion	5	3	3	.600
V. Gee Am. Legion	7	0	5	.429
B. Boring Co-op.	7	3	3	.429
M. Sommerville Canning Co.	4	0	4	.400
I. Bennett Am. Legion	5	0	2	.400
J. Valencourt Am. Legion	8	3	3	.375

INTER-COUNTY COMPETITION

The East Jordan Foundry went into a first place tie with Fredman's of Charlevoix and the Ellsworth Chamber of Commerce in the Inter-County League standings last week as a result of its 5 to 4 victory over previously unbeaten Fredman's here last Wednesday evening.

Chris Bulow continued his timely hitting for the Ironmen with a pair of doubles in Wednesday night's victory. Bulow's second hit broke up the ball game in the last half of the seventh frame. With two down and the bases loaded and his team trailing by one run, the lanky first baseman drilled a double down the first base line to score Bill Saxton and "Monk" Cihak and it was all over.

Woderski and W. Saxton worked for the winners. B. Potter, E. Potter, and J. Swanson formed the losing battery.

Swanson was the big gun offensively for the Charlevoixmen with a pair of homers. Bill Saxton and Bulow each collected a pair of hits in four times at bat to lead the local hit column.

ELLSWORTH 10 - CANNERS 5

The Ellsworth Chamber of Commerce nine pushed across 9 big runs in the opening frame in Friday night's encounter with the East Jordan Canners and the big deficit proved too much for the locals.

The Canners used three pitchers in the Ellsworth fray and only Carl McNett proved effective as he finally got the side out in the opening inning and went the rest of the route giving up but one run on four hits while striking seven batsmen.

Boss and Doctor formed the winning battery with J. Van Loo, K. Adnear, McNett, Sinclair, and Chanda composing the losing battery.

In Friday night's opening tilt, Pleasant Valley topped the East Jordan Old Timers 17 to 15. High lights in the play for the Old Timers was the pitching of Gib Sturgell and a bases loaded home run by Stu Atkinson.

The Dropped Gauntlet
 BY ED LEHRBASS

The opinions expressed by Ed Lehrbass in this column are not to be construed necessarily, nor even probably as those of 'The Herald'. They are only those of an experienced and responsible commentator.

That Fourth of July fireworks display over Boyne way brought a comment from one of the girls, "Gosh Daddy, now that they've been warming up for nearly an hour, when will the fireworks start?"

An economist that came through the '29 depression and still in business has a write up in this month's American magazine. He's still giving big business answers about the future, with a little hedging thrown in. Just like a crystal gazer, but with figures yet. He's just like the weather observer that predicts fair and warmer with possible storms. A corner and goer. Wins either way. He seems to think that we'll have continued prosperity, if we don't have a depression.

Gosh, wish I could report like Winchell goes. At the back of my mind is the trite observation of Fred Vogel. About how the laziest guy that ever worked for the Canning Company was made into a pretty good sort of guy by the right upbringing of his wife. Don't know exactly how to bring it into words right so we'll just let it rest.

One of our East Jordan sages tells me that the owner of the big factory that's planning to be in town, is very unhappy. Too many hold-ups in progress. Seems as though the observation is, how can a business man be interested in bringing a business in town if he's going to sell out and do most of his dealings over to Boyne? But then, I retorted that there's

seen nothing printed in the Herald about any business man doing that. Cause the Herald is a paid circulation newspaper and folks see that the important news like that gets printed here.

The Lona theatre in Mancelona with its panoramic scene is really something to see. Take the family over some evening.

And in Charlevoix the Palace is really an up to date show house with a block-long line waiting to see the second show Sunday night. Has lavatories too.

That clock in the Porter Hardware window. Did you know that Bill has a radio with which he gets the time from Washington, D. C. whereby he checks the accuracy of it.

With the improvements made in our town and it's really sprucing up, and where folks can notice, one feels proud to take visitors around showing them things. But goodness how a person has to talk and explain away the mean bumps, over ungraded roads. My last visitors, after showing them the town, I hurried over into Antrim county to show them the farms. Where the going's much smoother, wanted to go north of town past the county farm but the last time I was out that way and left the black top, my faith in our particular type of road engineering was upheld, so we didn't go that way.

The road situation which started to change this Spring has suddenly gotten into a rut. For a while there I thought we'd had a change in our engineering methods when they had that big power road grader out this way. From 66 to Ranney school, as so many of you have driven out to see, they really gave big grader a workout. My Charlevoix observer tells me that that big piece of equipment might get a little wear if they use it to much. That's why it sets idle most of the time. Our lighted ball park. That's wonderful. Comes to mind the ob-

servations of about five years ago from Frank Stuecker. It seems I recall he told me he was fighting and fighting to get ball park lights. It was tough getting folks to even think about it. I'll bet Franks got a smug smile on his face these days. Missions accomplished.

See by the papers that the bankers had sort of a get-together down in Grand Rapids. Would like to have set and listened while them boys played with their millions. Haven't looked at my Durn and Bradstreet lately, (that a little bankers bible put out by a company by that name, that tells how much foldin' cabbage a buginess is worth and how that business' credit stacks up, so a bank can make loans accordingly), but I'll bet there ain't one bank that'd claim less than a million in assets. Banks did pretty well in the last twenty years of socialized Democratic rule. All dyed in the wool Republicans too.

TEMPORARY NONRESIDENT FISHING LICENSES VALID FOR TEN DAYS ONLY.

Temporary nonresident fishing licenses issued in Michigan this summer will be valid only 10 days, as in the past, the conservation department notes.

In May, Governor Williams signed a bill increasing the legal length of temporary nonresident fishing licenses from 10 to 15 days, but the law does not take effect until October 3, ninety days after the Legislature adjourns.

Tourist and resort groups suggested the bill, so visitors coming to Michigan for a customary two-week vacation could buy a fishing license covering their entire vacation period without having to purchase a year-length license.

Michigan Mirror

Healthiest year in Michigan's history was 1952, announces the State Department of Health.

Some credit for this fine showing belongs to the staff of the state Health department itself, for it has worked hard many years to protect the physical well-being of Michigan's citizens. Now in its 81st year of existence, the department is considered the finest in the country. It was established in 1873, the fifth oldest in the nation.

Credit should be given also to county and city health authorities who reflect in their own operations the help they receive from the state.

Polio was the only serious communicable disease that was epidemic last year. Other facts reported:

More babies were born than in any previous year; about 175,000 which topped the previous high of 1951 by 3,000.

Life expectancy of babies born in 1952 remained at 66 years for boys, 72 for girls.

Deaths from diseases affecting older people increased. Increasing longevity results in part from control of diseases of earlier years.

Michigan's death rate is nine per thousand; well below the national average of 9.6. Only 15 states have a lower death rate.

More than 90 per cent of people of Michigan were served by 51 full-time local health departments.

Most dramatic result of Health department campaigning is the tremendous reduction of goiter cases in Michigan children. Tests in 1924 showed 47.2 per cent with enlarged thyroid glands. Research proved this was caused by lack of iodine in diets. The department found that iodized salt would correct this deficiency; promoted and is still promoting that consumers use only iodized salt.

Result: Only 1.4 per cent of children in the same area this year examined for goiter showed positive signs.

Biggest health problem remains tuberculosis. Of money spent for public health in Michigan, 80% about 2 1/2 million, is spent fighting this disease - or caring for those that fall to it.

Newest field to receive attention is "adult health problems," cancer, heart diseases and diabetes. With a higher percentage of people living to old age the department feels it should devote more study to these problems.

Collecting of human blood in cooperation with Red Cross is still another project which receives continual attention.

Free distribution of vaccines it manufactures for Michigan people is a prime department service and there are many other important duties the department has assumed. Among them is a free diagnosis service for doctors, services in the fields of public health nursing, nutrition, maternal and child health, industrial health, dentistry, venereal disease control, and the maintaining of birth, death and other vital statistics. The list of services as performed is much, much longer.

The important Kahn test for syphilis was developed during the 1930's by Dr. R. L. Kahn who was then associated with Michigan's Health department.

During the forties Dr. Pearl Kendrick produced an improved whooping cough vaccine widely praised in the medical profession.

Michigan's Department of Health is the nation's only source of anti-hemaphilic globulin, a blood derivative important in stopping hemorrhaging.

Outstanding results like these over the years have resulted in the top reputation now enjoyed by Michigan's department.

General purpose of the Department of Health is to encourage and develop health through local agencies at county or city levels. About 600 people make up the state staff. Their efforts are coordinated with 47 county and 11 city departments operating on a full time basis. Only 18 counties do not have health departments.

Federal aid has been available until this year when the national economy program called for drastic reductions. State and local governments providing \$160,000 each and minor reductions in service are planned to make up for the \$32,000 that will not be forthcoming from Washington this year.

Dr. Albert E. Heustis, a young, personable looking man; has been health commissioner since 1948. His job calls for skilled administration. He must work with state officials, with members of organized medicine, with his department personnel and with local departments.

Much credit for the efficiency of the department is given by him and others to the absence of politics in its administration. Since its inception, the agency has usually had a free hand, unhampered by political expediency. This has permitted employment of career type people of high professional standards.

Appointed by the governor, confirmed by the legislature, the commissioner works with an advisory group, the state Council of Health. Members of this body are also appointed by the governor. Although the commissioner need consult the council only if he considers it necessary to public safety to cancel public meetings, to take over a local health department he considers functioning improperly or to set certain health regulations, Dr. Heustis says they have other important functions.

The present council consists of one health engineer, a Doctor of Osteopathy, a dentist and two M.D.'s. In discussing general problems and policies with them, Dr. Heustis feels he has a valuable sounding board of public reaction. "I would like to meet more often with them than at present," he commented.

No discussion of Michigan's Department of Health would be complete without mention of Clifford C. Young, director from 1919 until his death in 1944. "Cy" was considered the top health administration official in the country. His organizational abilities and his warm personality welded the department into a sufficiently operating unit.

When Cy Young died, Paul de Kruijff, prominent medical writer had this to say: "Our state has lost the most valuable of its citizens, and the world is bereft of one of its best battlers in the fight for human life."

Tourist Park News

We have fifteen trailers and four tents at this time. We have gained new ones and parted with others, but that's part of trailer park living. All good things have to come to an end, and that holds true with vacations too, it seems.

We are welcoming several newcomers this year, and others are coming back for their second or more summers.

Mr. and Mrs. L. C. Beamer of Glendale, Calif., arrived Wednesday from Traverse City to make an extended stay in our park. They are with the U. S. Credit Bureau and are working in this area.

Another family who are in the park in their mobil-home is Mr. and Mrs. Stanley Robinson and children, Carol Lynn, Steven and Sherry Ann, of Belding. With them is their niece, Delores Belt, of Ionia. They plan to stay about two weeks.

Another family planning two stay two weeks have their tent set up by the dining room. They are Mr. and Mrs. Milton Surlain and four children, John, James, Milton, Jr., and Susan, from Grandville.

Mr. Willoughby Vermillion of Flint who is spending his summer at Paradise Lake (formerly Carp Lake) drove down with a friend, Mrs. Pearl Goodison of Grosse Pointe Park, Friday, to visit the Jess Robinson's. These are people who were all in the same trailer park at St. Petersburg, Fla., this past winter.

Emil Hegerberg and son, Bob, left Wednesday for the Upper Peninsula before returning to their home at Bath, Mich. They are planning to come back to our park later in the season, and have with them Mrs. Hegerberg who is making a trip west at this time.

We were sorry to learn of the passing of another one of our summer visitors, Mr. Fred Griswold of Grand Rapids. He has spent many happy weeks in our park.

Mr. and Mrs. Ivan Chambers and children, Peggy, Jimmy and Nancy, of Flint, are back for their second vacation. This time they hope for two weeks as they have their tent home along with them and set up next door to Mrs. Chambers' parents, the Edward Filers.

Kenneth Lemoff came up from his home in Greenville to spend the holidays with his wife and daughter, Ruby.

Another guest of the Lemon's is her brother, Elmer McIntyre, who came in from Bethesda, Md. He reports to Great Lakes, Ill., when his leave is up. Last year when he visited in our park about this time he had just returned from Africa.

Mr. and Mrs. Bert Putman and grand-daughters, Margaret and Carol Blausus, visited Mackinaw City and other places of interest on Thursday. They left for their home in Sparta Monday, but Mr. and Mrs. Putman plan to be back a little later. Carol was one happy little girl one day this week when she caught the most fish in her party.

Some more mobile folks vacationing in the park are Mr. and Mrs. Herman Van Gemert and children, Barbara and Billy, and their guests, Mr. and Mrs. Hollis Packer, all of Grand Rapids. Mrs. Van Gemert and children plan to stay most of the summer.

Several 4th of July picnics were held in the park Saturday. Rev. and Mrs. Ora Holley and their four grandsons chose to eat their picnic dinner on the out door tables; also down the line ways were the Earl Ruhlings and Mrs. Sena Farrell, all of this city. Still farther down he long line of tables were a group consisting of Mrs. Polly Stark Stall and little twin daughters, Jean and Jane, of Morristown, N. J., Mrs. Nellie Stark, Mr. and Mrs. Warren Allen, Rosemary Taft, Mr. and Mrs. Ed Chase and children, Judy and Rodney, all of Mancelona.

Mr. and Mrs. Russell Clink of Flint spent the holiday week end in the park again. They, too, are planning to be back later on.

Mr. and Mrs. Frank Race with niece, Judy, and her chum, drove down from Petoskey to visit the former's sister and husband, Mr. and Mrs. Dan Edwards, on Friday and to invite them to their home for a "chicken 'n trimmings" dinner on Saturday, but due to the poor health of Mrs. Edwards they were unable to accept, so Saturday noon the Race's, with the whole dinner, came to the Edward's home.

Guests at the Bernard Stoldt mobile home over the holiday were their friends, Dr. and Mrs. Elroy Jensen, and baby, Carol Jane, of Gilbert, Iowa.

Saturday guests of the Jess Robinson's were Mr. and Mrs. Roy Heisel and children, Ronald, Delois and Glenn, of Detroit, and Mr. and Mrs. Hasle Norton of Bellaire.

A picnic was well under way on the out door tables, Sunday, but when it started to rain, the strong men of the party picked up said table and contents and carried it to the cover of the dining room porch. The party consisted of Mr. and Mrs. Jake Drenth and family, Mrs. Hattie Bergsma, Mr. and Mrs. Elmer Klooster, all of Ellsworth, and Mr. and Mrs. Adrain Postmus of Dover, Delaware.

Mr. and Mrs. John Horman entertained their son and wife, Mr. and Mrs. Ron Horman of Alma, and their daughter, Sheila, and friend, Bill Hurley, also of Alma, over the holidays. The boys returned to Alma and Ron on to Indiana for a week as he is with the Hick's Const. Co. The girls remained for a week's visit.

In one of the kitchens on Saturday was quite a large picnic consisting of Mr. and Mrs. Jerry Ham and children, Barbie and Dougie, of Grand Rapids, Mr. and Mrs. Eisse Pott, Mr. and Mrs. Peter Bell and children, Karen, Carl, Elaine, Shirley and Milton, of Atwood.

Two more tents vacationing in the park are Mr. and Mrs. Loren Van Netter and daughter, Judy, and Mr. and Mrs. Craemer and son, Larry, all of Sparta. Their plans are to stay two weeks if possible.

Former tenants of the park, Mr. and Mrs. Harvey Panghorn and part of their family, from Midland, were calling on friends, Sunday. They plan to be back later on with their trailer.

The City trucks were very busy most all one afternoon this past week hauling gravel and filling in all the low places in the roads in the park.

Mr. and Mrs. Mark Stroebel with Marcia and Martin left for their home in Dearborn, Sunday, but they plan to return in August for another week.

Mr. and Mrs. Kenneth Reno and two sons, Gregory and Bradley, of Flint, are spending a few days in the Blair cottage and visiting the former's parents, Mr. and Mrs. Louis Reno.

A Sunday evening picnic and swimming party took place when Mr. and Mrs. Martin Ruhling of East Jordan brought their guests, who are spending a week with them, to the park. They are her sister, Mrs. Jack Case and children, Penny, David, Howard and Cindy, and her mother, Mrs. Della Bishop, all of Drayton Plains, Mich., Mr. and Mrs. John Peebles and children and the former's mother, all of Ellsworth, also Mr. and Mrs. Earl Ruhling of East Jordan.

Plans are in the making to pretty up our park still more. The laundry and restrooms in their bright red new coat have taken so well that soon the other restrooms (yes, we have two units in case you never knew) will receive the same treatment, and also the same color; then the individual kitchens are to be a very pretty shade of blue. This should be a very striking combination with the white dining hall and varnished cabin trimmed in white.

We are very thankful for the new sets of discs for the shuffle courts. It is hoped by the management that anyone using them will respect the privilege we have and use them as such and not try to destroy them. We feel very fortunate to have these six courts and equipment free of charge. Let's all take good care of them.

Miss Ruby Lemon is celebrating her 11th birthday this week, Wednesday. Happy birthday to you from us all.

Our park commissioner is sure one busy man and we appreciate the interest he takes in the park and the new improvements he is making all the time.

Mr. and Mrs. Frank Robinson and children, Donna, Harold and Jack, of Orleans, are back in the park again this year for a two week's vacation.

Mr. and Mrs. Robert Beck with daughter, Patsy, and son, Bobby, spent the week end at Crystal Falls in the upper peninsula, visiting their daughter and sister, Nancy, who is spending the summer there for relief of asthma.

Len Box and Jerry Chumbley visited at Mackinaw during the week end. From there they drove to Houghton Lake where they met the latter's son-in-law and daughter, Mr. and Mrs. Dick Root of Hastings, who returned with them to the park for a visit.

Some of the men working with the Hick's Const. Co. brought their families here for the holidays. They are enjoying the Blair Cottage across from the park. They are Mr. and Mrs. Bill Hovga and children, Roger, Carolyn, Ann and Stanley, of Ithaca, and their guest, Clara Kimbley, also of Ithaca; Mr. and Mrs. Romaine Flegel and children, Barbara and Ronald, from Ashley, Oh yes, and Maggie, the bull dog, came too.

The J. Robinson mobile home is sporting a new yellow awning.

Several of the park folks have been enjoying the ball games under the lights. It's fine to have good entertainment for the summer visitors so close to home, thanks to the city's recreational program, coach and players.

The Rotary members and their families held a basket co-operative dinner in the recreation building Tuesday evening.

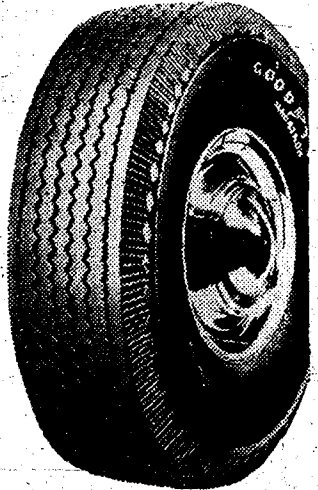

Mr. and Mrs. Frank Judge of Lansing are visiting the latter's brother and wife, Mr. and Mrs. Robt. Beck and family. Mr. and Mrs. M. M. Cordroy of Ashley, visited the Beck's on Tuesday. Mrs. Cordroy is a sister of Mr. Beck's.

The first group of senior Hyawent-a boys from Torch Lake came down the Jordan River in their canoes and camped in pup tents over night, Monday, then continued on their way to Iron-ton where they were met by a truck and taken back to their camp. There were eleven boys with their counselors.

The Servicemen's LETTER

Hi Fellas:

There are two promotions to report this week. Pfc. Robert Pearsall and Cpl. Brock G. Peacock. Brock writes, "Hi Betty Jo, I thought it was about time I sat down and wrote a letter to you and 'Jake'. How is 'Jake'—the last paper I received you were still writing the article in the newspaper. I enjoy getting the paper very much and I wish to thank the people who make this possible."

"Right now I'm stationed in a small town about five miles from the Russian zone. We are the only soldiers around except for men who make up a border patrol. We are living on a very nice post. We have a movie, bowling alley, snack bar and anything else you might need. The people here are very friendly, far more than the people where I was stationed before. I guess being so close to the border has something to do with it."

"Well, I only have about 175 more days left here in Germany and 204 more until I get out. I never knew how much a wife could really mean to a guy until I got separated from mine. I also have a 20 week old son that I haven't seen except for pictures my wife has sent."

"I had better close this letter now, almost time for lunch. Tell everyone 'Hello' and I hope that 'Jake is feeling better."

P. S. "My new address is as follows: Cpl. B. G. Peacock, RA 162, 55-695, 332 C.R. Co., APO 139, c/o PM, New York, N. Y."

A]3C Augustus C. Schultz (or

just Gus) writes, "I have been receiving the East Jordan paper and enjoying it very much. Thank you."

"I haven't met anyone from East Jordan yet, but am hoping to see Ralph Eggers, Carl and Phillip Decker on the 31st of July."

"I appreciate the papers very much. If you do see Ralph, please have him send in a change of address—the last one we have is Sampson AFB."

"Pvt. Harry G. Webster checked in from Camp Chaffee, Ark, with the following letter: 'Hello Everyone. I see where the old town has all her summer people back again. I suppose the weather there is quite enjoyable. It sure isn't here. We haven't had any rain for six weeks and everything is burning up from the heat. It has been running around 108 and 112 degrees here almost every day. I have never seen such heat before.'"

"Well, I am starting my twelfth week after a few set backs I've had from being in the hospital. I took the normal eight weeks of infantry training and am now in artillery, which is also eight weeks. The only thing I don't like about it is I can't hear too well after we fire them, the noise is sort of hard on the ears."

"I would like Mike Brennan's address. He wrote to me a while back but I misplaced his address and can't find it. He was wondering about my pass radius, well, it is only fifty miles from camp."

"I also ran into Don Gifford a while back at the service club and he was certainly surprised to see me. It was pretty accidental and we had quite a little chat about E. J. trying to catch up on the

times. If everything goes right from now on, I expect to get home around the 28th of July for a week or so."

"Guess this is about it for this time so will be seeing you all in about a month."

Mike's address is: Pvt. Michael T. Brennan, US 563 45 988, Co. M. 145 Inf. Reg., 37th Inf Div., Camp Polk, La.

A]3C Gene McPherson has been transferred to the 3628th Trn. Sqd. The rest of his address remains the same.

Earl Bennett is home on leave from Chanute AFB, Ill. I believe he will also be getting a new address when he reports back. Al Chanda and Richard Dipsinski were both home over the week end.

Thanks for the letters fellows. Yours truly, Betty Jo Strehl

STATE PARKS BUSY
Michigan's three state parks, under the able management of our Conservation Department, are playing host to an all-time record number of visitors this year from just about every state in the union. More than thirteen million people may emerge from summer vacations in 1953, all with a good word to say for these parks.

While this writer is not entirely in sympathy with the idea that State Parks should be a responsibility of the Conservation Department, let us hasten to add that the administration of these important points of welcome to Michigan Outdoors has been admirable and able in every respect. Under the fine hand of Arthur G. Elmer, chief of Parks and Recreation, the personnel in charge conduct themselves nobly—and the job of handling such vast numbers of people requires a noble touch!

Facilities Broadened
Naturally the most popular parks are those located on or near water, and during the hot months of July and August great throngs of visitors single them out for attention. Swimming facilities at these parks have been fully developed in most cases, and great care is taken to make the bathing beaches safe for the entire family.

Mrs. Vida Spreng and son, Tippy, and mother, Mrs. Ida Gross, were week end guests of their sister and daughter, Mrs. Lyle Smith and family.

Mr. and Mrs. Ducharm and Mrs. Budnic of Detroit were week end guests of the latter's daughter and family, Mr. and Mrs. Ed. Lehrbass.

Phil Craft had the misfortune of turning his car over Saturday night. He failed to make a corner. Fortunately he and his friends, Joe Smith and Johnny Howard, were not hurt although his car is damaged quite a little.

Crop storage on the farm is going to be more important than wheat and corn, says Clarence Prentice, a Michigan State College agricultural economist. Adequate storage can make a farmer's marketing more stable and give him benefit of any price rise after harvest.

Class of 1933 20th Yr. Reunion Friday, July 3rd

On Friday afternoon, July 3rd, the class members and their families gathered at our Tourist Park to enjoy a reunion of the Class of 1933.

After several hours of visiting and renewing old acquaintances ice cream and cake were served.

In the evening a dinner was served to about forty-six in the Lutheran Church parlors. The tables were decorated with a bouquet of white flowers and the Class motto, "Out of School Life, Into Life's School," was pasted in green letters on the speaker's table. A beautiful three tiered cake, trimmed in yellow roses; the class flower, was centered on the speaker's table. Each of the women received a yellow rose as a favor.

The program under Gould Pinyney as Master of Ceremonies, included a solo by Ted Scott and a reading by Bethany Whiteford. Each member of the class was called upon to tell a few pertinent facts of the last twenty years and to introduce their husband or wife. Miss Leone Perkins, who was our class advisor, spoke a few words as did Mr. Wade. The class of '33' was the first that Mr. Wade graduated from East Jordan High School. Interestingly enough the Class of '53' boasted two of their sons, Leon Bartlett, son of Mr. and Mrs. Norman Bartlett (Jennie Skrocki) and Mike Davis, son of Mr. and Mrs. Orvel Davis (Genevieve LaPeer).

Following the speakers, the film, "Boat Trip on the Jordan," was shown. A committee was appointed to plan another reunion in five years.

Those to attend the reunion from East Jordan were—Mr. and Mrs. Norman Bartlett, Mr. and Mrs. Orvel Davis, Mr. and Mrs. Wm. Porter, Mr. Alfred Crowell, Mr. and Mrs. Albert Omland, Mr. and Mrs. Wm. Malpass and Mr. and Mrs. E. E. Wade.

Those from out of town to attend were—Miss Leone Perkins, Mrs. Perkins, Mr. and Mrs. Claude Lorraine, Mr. and Mrs. James Hignite, all of Midland; Mr. and Mrs. James Addis, Monroe; Mr. and Mrs. Vic Heinzelman, Lansing; Mr. and Mrs. Dave Nowland, Mrs. Willis Ecker, Mr. and Mrs. Cueny, Mr. John Dolz, of Detroit; Miss Helen Strehl, New York; Mr. and Mrs. Preston

Kenny, Drayton Plains; Mr. and Mrs. Gould Pinyney, Bay City; Mr. and Mrs. James McInerney, Saginaw; Mr. and Mrs. Bruce Sanderson, Birmingham; Mr. and Mrs. J. Block, Grand Rapids; Mrs. Gwenevere Dallin, Utica; Mr. and Mrs. Randall, Bellaire; Mr. and Mrs. Sam Kamradt, Traverse City; Mr. and Mrs. Weisler, Charlevoix; Mr. and Mrs. Geo. Gregory, Flint.

Members not attending were: Delbert Dennis, Helen Pesek, Mary Pesek, Pauline Arndt, Arlene Liskuta Shepard, Paul Lisk, all of East Jordan; Alba Brooks Palmer, Alaska; Marlin Bussler, Cheboygan; Gilbert Joynt, Anchorage, Alaska; Murray Nelson, Germany; Doris Russell, Calif.; Thelma Smith Kale, Flint; Elvora Skrocki, Lansing; Alice Stallard, Chicago; Ruth Stallard Houtman, Laké Odessa; Irma Stokes Dennis, Flint; John Vogel, Copaque, Long Island, N. Y.; Anna Votruba Ruotsala, Lansing; Esther Clark, deceased.

Marian Kraemer Cueny has the largest family, seven children. All but seven of the forty-four living members are residents of the State of Michigan. They are planning another reunion in 1958.

Cool grain may be stored more safely at a "borderline" moisture content, notes H. M. Brown of the Michigan State College farm crops department, than hot grain with the same moisture content.
