E-J Independents Trounce Petoskey Potchman Motors

Those Attending Northern Michigan Banker Conference

The East Jordan Independents racked their second softball win in as many starts against Petoskey opponents when they dumped Potchman Motors 6 to 5 Petoskey, Sunday evening.

Potchman Motors up until Sunday evening were unbeaten in Petoskey City League competition as well as in exhibition play.

Woderski and W. Saxton formed the winning battery. Ware and Hoeshoe worked as battery mates for the losers.

Keith Evans, East Jordan third baseman, hit a homerun for the winners.

The East Jordan lineup besides the battery of Woderski and Saxton had Leo Sommerville at first base, "Monk" Chihak at second, Howard Sommerville at short, Keith Evans, at third, Max Sommerville in left field, Warren Frank in center, and Alan Sommerville in right.

On Friday evening of this week (tomorrow-night) the Gaylord Independents make their second appearance here this season when they meet the East Jordan Cannons in an exhibition game at 9:00 p.m.

Potchman Motors will be here Sunday evening at 8:30 p.m. to attempt to avenge their only defeat so far this season as they meet the East Jordan Independents in what promises to be an outstanding softball attraction.

Preliminaries will be arranged for both Friday and Sunday evenings.

S. Arm Extension Club Met July 16

The South Arm Extension Club held its regular meeting July 16, at the home of Mrs. Clyde Goodman, with 13 members and one visitor present. A lovely potluck dinner was served by the hostess on tables set on the lawn.

The meeting was called to order by the Chairman Ometa Goebel. It was voted to give each of the four leaders, who are planning to attend Homemakers Conference at East Lansing, \$20.45. Those who are planning to attend are: Delores Goebel, Beatrice Graham, Grace Redmer and Ometa Goebel.

It was voted to have a family picnic to be held at Whiting Park on Sunday, August 16.

Betty Pearsall invited us to her home for an evening meeting for our regular August meeting. A light pot-luck lunch will be served.

1953 - CROP WHEAT PRICE SUPPORT AT NATIONAL AVERAGE OF \$2.21 A BUSHEL

Price support at a national average of \$2.21 a bushel to farmers for 1953 - crop wheat has been announced by the U. S. Department of Agriculture. Last year's average was \$2.20 a bushel.

Wheat parity price as of July 1, 1953 is \$2.42 a bushel, as compared with August 15, 1952 wheat parity of \$2.40, which was used as the basis for establishing the minimum support for 1953-crop wheat. Since 90 percent of parity as of July 1, 1953 is lower than \$2.21, the minimum price support of \$2.21 announced last September applies.

Only wheat grading No. 3 or better, or No. 4 or No. 5 because of test weight or because it contains weed of the classes Durum and/or Red Curum, will be eligible for loan or purchase agreement. The loans will be available through January, 1954, and will mature April 30, 1954 or earlier on demand. Purchase agreements may be entered into and mature on these same dates. Loans and Purchase agreements covering 1953-crop wheat are available from Production and Marketing Administration County Committees.

Charlevoix County support rate is \$2.16 per bushel as compared with \$2.15 per bushel in 1952. Only seven of all of Charlevoix county's wheat growers took advantage of the price support program in 1952 by taking out loans and purchase agreements.

Before applying for either a loan or purchase agreement in 1953-crop wheat the crop must be stored for 30 days in a safe storage. A good bin has a tight roof, screened windows, protection from rats, mice and animals, a damp proofed floor and good ventilation.

Any farmer who does not have such a bin or building may obtain

Chenoweth-Lord

Christ Methodist Church of Grosse Pointe Woods was the scene of the wedding of Miss Patricia B. Chenoweth and 2nd Lt. Edward J. Lord, Saturday, July 11th. They pledged their troth before an altar banked with baskets of white gladioli and Baby Mums.

Miss Chenoweth is the daughter of Mr. and Mrs. Wm. B. Chenoweth of Grosse-Pte., Mich. Lt. Lord is the son of Mr. and Mrs. Clarence Lord of East Jordan.

Mrs. Helen Tiffin, soloist, sang "Because and the Lord's Prayer," accompanied at the organ by Wm. Reddick. Mr. Chenoweth gave his daughter in marriage.

The bride chose for her wedding a white floor-length gown fashioned with a fitted lace bodice and lace sleeves tapering to a point at the wrist. The dress was fashioned with a hoop-skirt. Her finger tip veil was held in place with a lace cap edged with seed pearls. She carried a white orchid on a white ribbon.

Miss Sue Chenoweth, sister of the bride, was maid of honor. She wore a yellow waltz length gown with a stole covering the headed strapless bodice. She carried an arrangement of white gladioli tied with yellow ribbon.

The bridesmaids were Miss Virginia Kaiser of Detroit and Miss Margaret Lord of East Jordan, sister of the groom. They were dressed in blue gowns styled like the maid of honor's. They also carried flower arrangements of white gladioli and yellow ribbon.

Mr. Daniel Sinclair served as best man. The ushers were Mr. Wm. Kamradt of East Jordan, Mr. Rusty McIntosh of Flushing and Mr. Robert Tallis of East Lansing.

For her daughter's wedding Mrs. Chenoweth wore a light gray waltz length dress with white accessories. Mrs. Lord chose a lavender print organza dress with white accessories. Corsages of pink and white roses completed their costumes.

Following the ceremony a reception was held in the Fellowship Hall of the church.

For her going-away costume the bride wore a light blue suit with white accessories. They left on a honeymoon through the southeastern states. They will reside in Augusta, Ga., where Lt. Lord is stationed at nearby Camp Gordon.

Guests from East Jordan who attended the wedding were: Mr. and Mrs. Daniel Sinclair, Mr. and Mrs. Niles Hill, Mr. Wm. Kamradt, John Lenosky, Samuel Milstein, Mr. and Mrs. Clarence Lord and daughters, Margaret and Martha.

Youth Group Enjoys Annual Train Trip

Forty-eight boys and girls from the playground at the Tourist Park took their first excursion last Friday when they enjoyed their annual East Jordan - Bellaire - Central Lake - Ellsworth train trip.

The group left East Jordan at 10:30 a.m. via the E. J. & S. and arrived back in East Jordan at 2:15 p.m. via bus from Ellsworth.

For many of the youngsters, it was their first experience of riding on a train. The group eat their picnic lunch at Bellaire at the site of the Antrim County Court House.

Coach Gayle Saxton, Mrs. Saxton, and Mrs. Thomas Galmore served as chaperons.

Local News

Miss Fay Bennett and Mrs. Ray Gee were at Lansing over Friday.

Mr. and Mrs. R. Bishaw of Flint, Charles, Jack and Henry Reinhart are at their home due to the illness of their mother, Mrs. Maude Reinhart.

Mr. and Mrs. Albert Walden and family of Flint are spending a week's vacation at the home of his parents, Mr. and Mrs. Alfred Walden.

Perry Bennett visited from Thursday until Monday with his aunt and uncle, Mr. and Mrs. Raymond Murphy and Maurice, of Pleasant Valley.

Mr. and Mrs. Harold Reed went to see their daughter, Anette, who is in Munson Hospital. Anette has had both feet operated on and is coming along fine.

Mr. and Mrs. Leland H. Rogers and children of Midland came on Saturday to help Mrs. A. E. Pinney celebrate her birthday anniversary. They returned home Sunday.

A meeting is called, Monday, July 27, for the Cherryvale Extension Class at the home of Maxine Griffin at 1:30 to hear the report of our delegate to Michigan State.

A birthday dinner was held on Wednesday at the home of Mr. and Mrs. A. B. Pinney for Mr. Sid Thompson, Mr. Fred Sweet, Mr. Dan Trojanek, Mr. Charles Moore and Dick and Mrs. Pinney. Mrs. Charles Moore was also a guest.

Mich. Farmers Urged to Aid Drought-Stricken Southwest

Michigan farmers are being called upon to come to the aid of their drought-suffering Southwest neighbors needing hay or pasture.

Work is starting immediately in every Michigan county to find how much surplus hay there is that could be shipped, under government orders, to the Southwest, where cattle are thinning and failing for lack of grazing moisture.

Large Crowd Attends Second Square Dance

Another exceptionally large crowd attended the Square Dance at the Recreational Building at the Tourist Park last Wednesday evening as the East Jordan Community Chest presented their second such program in a summer series.

A number of adults as well as youngsters were on hand to enjoy the dancing music furnished by Mrs. Acitelli, Claudene Carney, and John Malpass. Pearsall again was the caller.

Square dancing is held every Wednesday evening at 8:30 p.m. sponsored by the East Jordan Community Chest and under the direction of Mrs. Wilbur Robertson. Everyone is welcome.

A Farm Facility Storage loan up to 80 percent of the total cost of storage until this is constructed. In the meantime use a temporary storage until this is constructed. Inquire about this Farm Facility Storage loan at the Charlevoix County PMA Committee office in Boyne City.

30 Girls to Leave For Recreation Camp July 29

An expected group of 30 girls will leave the high school at 9:00 a.m. Wednesday, July 29th, for the East Jordan Community Chest Recreation Camp for Girls at the Church of God Camp near Charlevoix.

According to Coach Gayle Saxton, local recreational director, Mrs. Emory Cole will be the Camp Director. Mrs. Ed Weldy has been secured as the camp cook.

Final plans for the camp will be drawn up this week as the Community Chest Girls' Camp Committee will meet with Coach Saxton and Mrs. Cole to make final arrangements.

The camp quota of 30 is expected to be reached by the deadline date for applications Saturday, July 25th. Girls 10 to 14 yrs. of age will attend this year's camp.

Parents of girls going to camp are reminded that their daughter is to bring bedding, including blankets, sheets, pillow and pillow cases; plate, knife, fork, spoon, soup bowl, drinking cup, toilet articles, swimming suit, and play clothes. Girls are not to bring flashlights, fireworks, candy, money, knives, and water pistols.

Among the activities provided at the camp will be: handicraft, nature-study, hiking, swimming, croquet, camp fires, and treasure hunts.

Remember the deadline for applications is Saturday, July 25th and girls will be handled on the first-come, first-serve basis until the quota of 30 has been reached.

Janet Bennett spent Sunday afternoon with Donna Gilkerson.

Mr. and Mrs. Glen Gee spent Sunday with Mr. and Mrs. Ray Gee.

Mr. Fred Moore is in Flint visiting his daughters and brother.

Mrs. Alta Bradshaw and Mrs. Les Kolin called on Mrs. Ray Gee.

Mr. Francis Quinn of Kalamazoo is a guest of his mother this week.

Mr. and Mrs. Albert Touchstone called on Miss Goldia Justice at the Rainbow Grocery.

Mrs. Mary Quinn came from Kalamazoo, Monday, to spend the summer at her home here.

Mr. Charles Bordo is home now from the Charlevoix Hospital after having a tonsillectomy.

Miss Mildred Moore of Flint is visiting her sister, Mrs. Otto Merritt, and other relatives and friends.

Mrs. Minnie Lanway is home now from visiting her brother, Mr. and Mrs. Edgcomb, of Traverse City.

Mrs. Marcia Farmer of Grand Rapids spent the week end visiting relatives in and around the City.

Miss Myrtle Blaha was home from Detroit to visit her father, Charles Blaha, and other relatives and friends.

Earl Gee, Mrs. Evelyn Murphy and son, Maurice, Fay Bennett and Mrs. Ray Gee were in Lansing for a visit.

Mrs. Nellie McKinder and Madeline of Lansing and Mrs. Eric Past of Grayling called on Mrs. Ray Gee.

Mrs. Mattie Palmer spent the week end with friends in Traverse City. She returned to her home Monday.

Mr. and Mrs. Frank Justice and children of Midland are visiting his mother, Mrs. Bertha Justice, and other relatives.

Mrs. Nancy Lundy is home from Holland and is going to work in Reid and Murdock Canning Factory at Ellsworth.

Mrs. Bertha Justice and Mrs. Belle Sutton of Chestonia are working at Reid & Murdock Canning Factory at Ellsworth.

Mrs. Lena Guagninmoli and daughter, Anna, of Detroit, are spending two or three weeks with Mr. and Mrs. George Kaake.

Mr. and Mrs. Otto Merritt are the proud parents of a baby girl, born July 4th at Charlevoix Hospital. She will answer to Kathleen Evelyn.

Miss June Moore returned on Monday from near Port Huron where she had spent a week as counsellor at a Methodist Youth Camp for girls.

REFRIGERATED FOOD IN CANS SAFE TO USE

Homemakers are often in doubt about certain factors regarding canned goods.

For instance, the idea that foods spoil when left in opened cans has no foundation, points out Mrs. Hazel C. Amen, nutritionist at Michigan State College. In fact, she states that in some cases it may even be safer to store unused portions in the can in the refrigerator rather than to remove the contents to another container.

However, a refrigerator full of opened, partly filled tin cans doesn't represent very high house-keeping standards.

Any cans of unopened food with bulging ends, known as swells, should be discarded, stresses Mrs. Amen.

The homemaker may be confused by gradings of canned foods. Price differences are caused color, flavor, etc.

It may be more economical to purchase lower grades of canned foods for dishes where the original appearance of the food is un-

The way the crowd turned out for the Annual Rainbow City Classic everyone must have been of the same mind, it was a beautiful day for boat racing.

There were 24 entries in all, from Traverse City, Central Lake, East Jordan, Alpena, Petoskey, Detroit, Gaylord and Alanson.

Five boats entered the J. Class. Ed Thirby of Traverse City took first place money. Paula Lacy of Central Lake, second. Armand Drapeau and Kenneth Gagnon, both of East Jordan, split third place money.

In the A Class were nine entries. Willie Wilton of Petoskey won first place. John Ellenberger and Lloyd Stanley, both also of Petoskey, split second prize and Keith Forton from Traverse City and Lloyd Stanley split third place money.

B Class with eleven entries was the largest class. Henry Feick, driving for Pat Conner, both of Alanson, split first prize with Keith Forton of Traverse. Second place went to Pete Neason of Traverse. Third place was shared by Basil Crawford of East Jordan and Henry Feick of Alanson.

In the Open Class with eight entries, Pete Neason split first place money with Henry Feick. Second place money with Basil Crawford. Third prize went to Bob Fosdick of Gaylord.

Two entries overturned their boats but no one was seriously injured. Those entries finishing in the money had their pictures taken by a photographer for Lake-Land Magazine.

On Sunday, July 26th, there will be races at Otsego Park at Gaylord which will start about 1:30 p.m.

Participation Good In Tourist Park Handicraft Program

Between thirty-five and forty boys and girls are taking part in the handicraft activities at the Tourist Park on Wednesday and Friday afternoons of each week under the direction of Mrs. Gayle Saxton.

The children are now working with plaster casts and are painting plaques and figurines. Here the child is given an opportunity to express him or herself in the painting of such figurines as the nite-nite girl, the nite-nite boy, and frog as well as finishing a number of plaques including: Lincoln, cherries, strawberries, pears, Indian chief, and Indian squaw.

This activity, which is proving very popular, is just one of the many summer recreational activities sponsored by your local Community Chest.

Your boy and girl is welcome to take part in this worthwhile activity and remember that there is no cost to the child for participation in handicraft.

Howard W. Cook, a native of East Jordan, Mich., has been appointed sales manager of the Chester district of Ford Division, Ford Motor Company, with offices in Chester, Pa.

His appointment was announced by C. Gordon Johnston, sales manager of the Southeast region.

In his new assignment, Mr. Cook will supervise Ford Division sales and service activities in eastern Pennsylvania, southern New Jersey, Delaware and the eastern shores of Virginia and Maryland, an area that includes 214 Ford dealers.

Mr. Cook has served since 1948 as sales manager of Ford Division, Washington, D. C., district.

A graduate of East Jordan High School, Mr. Cook attended the Henry Ford Trade School for 2 1/2 years. He joined Ford Motor Company in 1931 at Dearborn and became a service traveller in 1932.

A year later he was transferred to Cleveland as sales manager and in 1935 he joined the Washington district in a supervisory position. In 1946 he was promoted to assistant district sales manager there.

Mr. and Mrs. Cook are making their home in Drexel Hill, Pa.

State Grange To Meet At Petoskey July 28 For Degrees

Michigan State Grange will confer the 6th Degree, at Petoskey, in the High School Gym Building, Tuesday, July 28.

The meeting will start with potluck supper at the 4H Building, on the Fair Grounds, at 7:00.

There will be 40 members from the Michigan State Grange here to confer this most beautiful Degree.

All members having received attend the meeting.

Tickets will be sold at the Gym to members, who have not purchased theirs at their subordinate Grange.

Tid-Bits

New meters are being installed in about 16 commercial buildings in East Jordan this week. Consumers Power is putting the meters in places that carry generally rather heavy power loads. It is being used as a check for an eventual rate change to consumers.

This weeks suggestion box: Now that we've gotten blackout on several blocks of city streets, how about some new sidewalks?

Do you keep up with Ed Lehrbass' Dropped Gauntlet? He's our local Robert Ruark with his weekly commentary on various doings and undings.

The Tourist Park certainly is a busy place these days. More going on there than on Main St., judging by the very welcome volume of news that flows into the Herald office from there.

Signs of the Times: Out at the Antrim-Charlevoix County line near Don Hott's Guernsey Dairy is the sign "Enter Charlevoix County" and right beside it in nice big letters the sign "BUMPS" and believe you me that sign means what it says!

Announce Engagement

Mr. and Mrs. Edward Nemecek, Jr., of East Jordan, have made known the engagement of their daughter, Ruth Ann to John E. Vallance, Jr. The bridegroom elect is the son of Mr. and Mrs. John Vallance, Sr. also of East Jordan. An October wedding is being planned.

The Dropped Gauntlet
 BY ED LEHRBASS

The opinions expressed by Ed Lehrbass in this column are not to be construed necessarily, nor even probably as those of The Herald. They are only those of an experienced and responsible commentator.

Took the circuitous route to Boyne City the other evening. From East Jordan to Deer Lake then north where our road commission is rebuilding the roads, but good. A lot of money being spent on a twin route from here to Boyne.

Now I think that's pretty nice of the road commission to engineer something like that. Cause folks out that way really needed something done about their road. And it's just like our, ever ready to spend the money, commissioners, to not only give the folks a new road, but to go all out. I'm sure that folks who that way would have appreciated a re-engineered road, but with a little less money spent. So some of the money could be used on roads that get worked by the blade only about once or twice a year.

But then we've taken to accepting the individualistic methods of our Charlevoix County road commission and the engineering that goes with it. I'll bet you boys are putting all the money in one spot so you can set back and brag, "I did that." Oh well! We might ev-

en take up a collection to buy you fellows a rocking chair that you can really do the job up in good shape.

Remember the other week I said something about banks? Well I saw a statement of one of them hundred million dollar affairs in the Detroit News. What caught my eye was that the folks running the outfit had something like seven million in cash on hand. And right below that there was the little item of excess profits and reserves amounting to about the same thing, that's the money that the bank owns. Then there was another little item about ninety million being out in mortgages. I wondered if that's supposed to be good?

I quickly got our Herald out and looked at the local bank's statement. Comparing the two, came this thought. Those boys down in Detroit with their millions garnered from the last 20 years of Democratic Socialism better get some of their cash up in our bank. I liked our statement a lot. It told you something. You knew it would come out all right, no matter what the future held. But the one from down below scares me.

Remember folks, how it's been my theory that you can't tell whether you're going to get something or not until you find out who's again' it? Also at another time I mentioned that the Mackinac bridge would be a reality, 'cause the right folks were against it's being built. Well, one of my observers from up that ways says

that preliminary work has begun. Trees are going down and bulldozers are moving dirt, readying an approach.

The other evening, after traversing that roundabout road to Boyne, stopped at the Carnival. Walked around a few times to see what's happening. Didn't find too many playing those games where it's said you're not given good enough chance for the money you put out.

Thought I read that games of chance at carnivals with their many goings on, were a risky business. Especially Bingo or anything similar to it, even though called another name. Also it comes to mind that county prosecutors would have to answer to the Attorney General if they let them things happen in their county.

Can't find that article and I hope that I'm wrong 'cause we've got a pretty likeable prosecutor. Maybe everything ain't exactly according to hoyle, he being a politician, but folks like him.

FARM FACTS
 from your
County
Agricultural Agent
 By Ed Rebman, Co. Agr'l Agent

Making a good concrete that will give topnotch performance is more than just mixing sand, gravel, water and cement together, reminds Ed Rebman, Charlevoix County Agricultural Agent.

T. J. Brevik, an agriculture engineer at Michigan State College, says the ratio between the amount of mixing water and the quantity of cement determines the strength of the concrete. The water-cement ratio, he asserts, also has a lot to do with the wearing qualities and the concrete's water-tightness.

The smaller the amount of water used for each sack of cement, the stronger the concrete will be, advises Brevik. After you determine the water-cement ratio, he suggests, these should be measured carefully for each batch. The aggregates are added until the mix is as stiff as you can handle conveniently. The more sand and gravel you can get in and still have a workable mix, Brevik says, the more economical the concrete will be.

Here are the number of gallons of water per sack of cement he recommends for various structures: fence posts, five; thin shell-egg stock tank, five; floor topping where a smooth hard surface is wanted, five; sidewalks, floors, water-tight concrete walls, septic tanks and driveways, six; foundation walls, footings, and concrete in thick sections, seven gallons of water.

Other pointers from Brevik: Don't use old lumpy cement; be sure your sand and gravel are clean—the best ratio is 60 per cent gravel and 40 per cent sand; allow at least one minute mixing

time after all the material is in the mixer; don't over-finish concrete-working it too much makes the particles separate; keep concrete damp for five to seven days after pouring so it will cure to maximum strength.

The prospects of a big crop of red tart cherries and the possibility of a shortage of pickers have begun to worry Charlevoix County Cherry growers. Ed Rebman reports today. While the 1953 crop of red tart cherries may not be the biggest in the history of Charlevoix County, it will still be a record crop.

The cherry growers met last week at East Jordan to discuss the crop prospects and also the prospects for cherry pickers. All the growers prefer to have local pickers rather than the contract pickers. Only one grower present at this meeting stated that he will have enough pickers.

With the good yield of cherries in all the orchards in the county and barring whether damage between now and harvest, picking conditions are ideal. Rebman urges anyone in the area who is interested in picking cherries to contact either a fruit grower, East Jordan Canning Co., or call at the County Extension Office at Boyne City.

Cherry growers had a very tough time last year when on the morning that harvest was due to start very high winds practically ruined the entire crop.

Why are my tomato leaves curling? That's a question many gardeners are asking. Ed Rebman, Charlevoix county agricultural agent these days. Rebman says that by far the most frequent cause of curling is poor physical condition of the soil. Tight, poorly aerated soil, he explains, limits root system development. Mid-summer heat is hard on such plants.

Extension Horticulturist J. W. Rose of Michigan State College suggests that these plants can be helped by mulching the soil with a layer of straw, sawdust or other materials which help the soil to hold moisture and keep it cooler. The soil to a depth of four to five inches also helps.

Plant lice or aphids, adds Rose, also will cause foliage curl on tomatoes. The insects can be controlled with nicotine sulfate sprays.

Tomato foliage, he continues, also may curl from the effects of a virus disease called mosaic. If tomatoes have been hit by the disease, the foliage will be crinkled and mottled with areas of dark green as well as curled. Such diseased plants, advise the horticulturist, should be removed carefully from the field and destroyed.

Sometimes, Rose points out, the gardener himself is responsible for leaves curling. Even a trace of the weed killer, 2,4-D, remaining in a sprayer which is used later to treat plants for insects or disease, will curl tomato foliage seriously. A sprayer in which 2,4-D has been used, he cautions, should never be used to spray tomatoes.

Farmers from several northwestern Michigan counties visited the fertilizer applications on the alfalfa plots at the Frank Pölus farm near Alba on Wednesday, July 1, Ed Rebman, County Agent stated. The purpose of these fertilizer treatments was to bring the alfalfa product back up to the average they were 25 to 30 years ago. Michigan State College farm

crop and soil departments will cooperate in the project.

The soil on the Pölus farm is a light loam with a PH of about 5.8 to 6. To begin with 1½ tons of lime per acre were added. Four basic treatments were used. One was barn yard manure, 10 tons per acre. Another was green manure of buckwheat and rye fertilizer. The next treatment was the same fertilizer as the green manure used on the green manure, a crop being raised. The fourth plot was a check plot with no treatment. It is very interesting to note that the stable manure gave the best yield an average of ½ ton of hay more per acre for the series three cuttings. This indicates farmers should do a better job of handling their farm manure in order to increase their alfalfa production.

In addition to the four basic treatments minor elements were used. These included: magnesium, manganese, boron, calcium, copper, zinc, and sulfur. None of these minor elements treatments seem to show much results, however, there was one spot in the farm where at looked like there was boron deficiency and an application of 30 pounds of orax produced good results.

Different rates of fertilizer application of 0-20-20 were used in the amounts of 300 pounds, 500 pounds, and 700 pounds per acre. The 500 pounds application gave the most economical increase in yield of five different rates application of lime were also used. A one ton and two ton application showed the greatest increase while the 3 ton and 5 ton application showed a small decrease in yield.

"Is it safe to eat?" That's a question Michigan people rarely ask themselves unless they are in far-away lands.
People in this country take for granted that food and drink offered for sale here is wholesome and can be consumed without danger of contracting disease. It is natural that we should make this assumption for experience has shown us that such is the case.

This desirable condition didn't just happen. It is the result of the combined efforts of many governmental agencies. An important member of this group is the state Department of Agriculture. The department's main function is to see that some 120 state laws and 75 regulations are complied with by everyone concerned with supplying food to the public. Seven separate bureaus divide this work and function under administration if the department's director, Charles Figy.

A wide range of activities are covered by these bureaus which include: laboratories, dairy and marketing and enforcement. Other bureaus control the growth of plants and trees, animal diseases, care of buildings and grounds. Such matters as plants relations, livestock sales, farm coordination and many others are handled by the bureau of agricultural industry.

Constant investigation and check on every phase of food production goes on. Sanitary conditions of the farmer, wholesaler and retailer are continually under scrutiny. Much effort is made to guarantee the consumer that his purchases will be full weight, properly labeled and unadulterated.

Close watch is maintained for outbreaks of plant or animal disease, and should any develop, necessary measures are swiftly taken. The Department of Agriculture also provides a grading service to establish officially, the quality of a product introduced on the open market.

"About 95% of the people are anxious to cooperate," says Director Figy, who believes that members of the food industry realize operation. High standards maintained continually make it easier for wheels of the food industry constant supervision.

Until 1921, when the Department of Agriculture was organized, Michigan State College was charged with many of the tasks now in the hands of the department. Alex Grisbeck was governor when the Legislature voted to set up the Department as a regulatory agency. This left to the college the tasks of disseminating information and engaging in agricultural research.

A commission of five members, appointed by the governor, sets the policy for the department.

The director is responsible to them. Employees are under civil service.

Much work is done in the field. About 425 people make up the staff of the Department. Of these, only 80 remain in Lansing offices to do office and laboratory work. The balance are inspectors, checking various phases of food production throughout the state.

About 125 are inspectors who are employed on a temporary basis. They make up a rotating group of specialists who work with specific crops. When their work is through, they move to other areas and are replaced by experts in a new field demanding attention. Rotation of this type of inspector is coordinated by the federal government in cooperation with several other states.

Lives and money have been saved by some dramatic experience of the Department. Dreaded anthrax, a disease suddenly fatal to cows as well as humans, was reported in the U. S. last year. Quick work and strict precautions prevented the death of many people in Michigan. Records show that 111 cattle here died, but a preventative program stopped an epidemic in its tracks. Cause of the anthrax is believed to have been traced to bone meal imported from another country.

Present battles include an attempt to prevent spread of a Dutch elm disease which made its appearance near Detroit in 1950. Oak wilt, a disease which threatens to kill any oak tree it infests, is being combated.

Sometimes new laws must be passed to give the Department control of a situation. That was true this year when hog vesicular exanthema, a disease contracted from feeding hogs raw garbage, appeared. Many interested parties wanted laws passed preventing such feed. The Department was consulted for advice and aided in the formulation of a law which was later passed.

Much power is held by the Department, but it is wielded only when necessary. Its agents can condemn livestock to death (but makes cash-adjustment); can cut down orchards which constitute a disease threat to a crop area. No tree or plant can be legally moved without the Department's permission; no livestock can be transported without its sanction.

These are precautions that can be taken to protect public welfare and prevent great economic loss from disease. The Department has other responsibilities involving grading of products, conservation, drainage and local agricultural organizations.

Public's faith in the market's food products is the best testimony for the good job that is being performed daily by the Michigan Department of Agriculture.

Looking Backward...

H. A. Tape returned home to Grand Rapids, first of the week, after a visit at the home of Mr. and Mrs. Wm Richardson.

By invitation of Mrs. C. H. Whittington, the Pythian Sisters spent a very pleasant day at the cottage at Montee Creek. A pot luck dinner and supper and various kinds of entertainment helped to pass the time very pleasantly for all present.

Mrs. H. H. Fortlett of Detroit is guest of her daughter, Mrs. Edward Mackey, for a fortnight.

Mrs. Guy Hunsberger of Petoskey is guest of Mr. and Mrs. W. Hunsberger for a few days.

Arthur Ward and family now occupy the Severance home on Fourth Street.

Mrs. F. E. Boosinger entertained the Disturbers at her home in Tuesday afternoon to a six o'clock dinner. A very enjoyable time for all present.

Hilma W. Alstrom and her family were united in marriage at the home of the groom's brother, E. I. Adams in this city Wednesday evening. Rev. A. D. Grisby performed the ceremony in the presence of a few relatives. The groom is in the employ of the Michigan Central R. R. with headquarters at Grayling and the bride is daughter of Mr. and Mrs. Alstrom of Deward.

Miss Vera the 15 year old

daughter of Mr. and Mrs. H. I. McMillan, was the victim of a bullet penetrating her right leg just above the knee. She was out in a row boat with a bunch of girls and was climbing onto the dock when a lad with a 22 calibre rifle fired, the bullet going astray and entering her leg. She was taken to Charlevoix where an x-ray was made, the bullet being located about one quarter of an inch from the bone above the knee joint. It was deemed advisable to leave the bullet where it was.

The Standard Oil Co. delivery truck, owned and driven by J. K. Bader of East Jordan, was badly smashed up in an accident Tuesday, Mr. Bader escaping with a few minor bruises. He was enroute from Ellsworth to East Jordan with a load of gas and, just West of the county line, the truck left the road, struck a cement culvert, rolled over a couple of times with Mr. Bader in the cab and landed in the ditch. A defective tie rod was the cause of the accident. Mr. Bader left Wednesday night for Grand Rapids to secure another truck.

Mrs. J. H. Mombberger and Mr. and Mrs. C. H. Wittington were at Petoskey, Monday, to see Mr. Mombberger who recently underwent an operation at Petoskey hospital. He is reported as gaining nicely.

Tourist Park News

We are indeed sorry to learn of another death of one of our summer visitors. He is Harry Wisner of Grand Rapids who tented in the park for several summers.

Mrs. Benj. Green had the misfortune of getting her right hand and arm just below the elbow in the washing machine wringer on Wednesday. Fortunately no bones were broken but she has a very sore arm.

The Mary Martha Group of the Methodist Church held a picnic dinner on the outdoor tables on Friday noon. Following the co-operative dinner the business meeting was held with Mrs. Edith Swafford in charge.

The honored guests were Diane Whiteford, Natalie Whiteford, Warren Bennett, Beryl Scott, Cliff Bradshaw, Allen Schreuer, three could not be present to be on the honored list. They were Don Whiteford of Detroit, Betty Scott who is at a Girl Scout Camp in Warsaw, Mo., and Kenneth Isaman of Detroit. The other guests present were Arthur Karlake of Winter Haven, Fla. (a fishing buddy of Vern Whiteford's), Mrs. Gladys McKinnon and Allen Schreuer of Gaylord, Mr. and Mrs. Vern Whiteford, Mr. and Mrs. Hugh Whiteford and daughters, Natalie, Bethany and Diane; Mr. and Mrs. Warren Bennett, daughter, Marilyn Jean, and son, Randy; Mr. and Mrs. Beryl Scott and son, Ted; Mr. and Mrs. Clifford Bradshaw with daughter, Karen, and son, "Denny," all of East Jordan.

Mr. and Mrs. Benj. Green with sons, Robert, Douglas and John, of Farmington, are spending a week tenting in the park.

We all enjoyed having Mrs. Meredith, our former park caretaker, spend the day in the park Tuesday. It seemed good to see her visiting around with friends.

We are happy to have Mr. and Mrs. Robert Young with their daughter, Nellie, in the park. Mr. Young is one of the new canning factory inspectors. They came here from Florida where they worked in the citrus crop. From here they plan to go to Boston Harbor.

Guests over the week end of the Frank and Stanley Robinsons were the former's son, Vern Robinson of Belding, Sargeant Donald Thorpe of Aberdeen, Md., Herb Robinson of Belding and Mr. and Mrs. Leon Allen of Grand Rapids. The Robinson families returned to their homes Sunday after a two week's vacation in the park.

Saturday evening in the dining hall a party was held in honor of Mr. and Mrs. Gerald Postmus and Mr. and Mrs. Adrain Postmus who left for Dover, Dele. The former couple are newlyweds, last year the latter couple were just married. The boys are identical twins. Others in the party were Mr. and Mrs. Jake DeGroat and family, Marvin Postmus and family, Mr. and Mrs. Garret Postmus and son, Art; Mr. and Mrs. Peter Jake Drenth and family and Mr. and Mrs. Elmer Klooster, all of Ellsworth.

Mr. and Mrs. Guy Nickolson of Evansville, Ind., are spending a few days tenting in our park.

Mr. and Mrs. Ralph Cragg with their guest, Mrs. Lillian Wood of Toledo, spent Tuesday at the Straits.

The bathing beach has been about the most popular place anywhere around here these past few hot days.

Mr. and Mrs. Dan Edwards returned to the park, Tuesday, after spending a few days at their home in Newaygo.

Guests of the Dan Edwards' is their daughter and family, Mr. and Mrs. Raymond Fuller and son, Raymond, of Kalamazoo.

Mr. and Mrs. Edward Filer entertained the latter's brother-in-law and sister, Mr. and Mrs. Harry Engwis of Midland, Sunday.

Mr. and Mrs. John Elgersma and son, Allan, of Holland, arrived Saturday from Hess Lake on their way up north. They left on Monday.

Mr. and Mrs. Bernard Stroudt are making a combined business and pleasure trip to Stanton then to Carson City to visit the former's mother.

Electric light poles were brought in so as to extend more lights around the park. The park has also been rewired making more current available.

Mrs. Harry Detloff and son, Bob, with chum, Floyd Schroeder, of Flint, spent the week end with their parents and grandparents, Mr. and Mrs. Louis Reno.

A very large family gathering took place on the dining room porch Sunday when the following gathered for the occasion of celebrating six having birthdays recently.

Mr. and Mrs. Aaron Burr with the former's mother, Mrs. Tillie Burr of Utica came in Monday. Mr. Burr is attending a registrar of deeds convention being held in Charlevoix.

Guests at the Jerry Chumbley and Len Box trailer home over Sunday were the latter's parents, Mr. and Mrs. Howard Box, and grandfather, Mr. Milo Scott, all of Houghton Lake.

A family picnic on Sunday consisted of Mr. and Mrs. Joe Dresen with daughters, Cherie, Kathy and Nancy of Muskegon, Mrs. Anthony Kenny, Mr. Joe Lilak and Mr. and Mrs. Ole Hegerberg, of East Jordan.

There was an exceptionally large crowd at the American Legion games party last Thursday evening in the recreation building. (Those gals sure can bake!) Another one is planned for this week Thursday again.

Two more families reluctantly said so long this past week. They are the Robert Beck family and the John Hormans. They are working with Hicks Road Const. Co. and left for Honor where they expect to be a while.

Mr. and Mrs. Howard Nyland and family brought their guests for an evening picnic in the dining hall. Besides the Nylands the party consisted of Mr. and Mrs. William Huffman and family of Grand Rapids and Mr. John Huffman, the mother.

Mrs. Basil Crawford and children of East Jordan brought their guests to the park on Monday evening to enjoy a picnic supper in one of the kitchens. The guests were Mrs. William Ballard and Mrs. Rita Goodenough and daughter of Alba and Janet Goodenough of Vanderbilt.

Another group of boys, fourteen in number, with three sponsors, from Camp Fairwood, Torch Lake, arrived Monday in their canoes and set up camp. They were picked up by a truck here Tuesday afternoon. It is a pleasure to have such fine young men as these as guests in the park.

Congratulations are in order this week Tuesday as that is the day our eldest park couple are celebrating their 58th wedding anniversary. The whole park joins in wishing Mr. and Mrs. Dan Edwards of Newaygo our sincerest best wishes and hope they see many more such anniversaries. Congratulations to you both from all of us.

Another Monday evening picnic was held on the outdoor tables when our neighbors from Ellsworth gathered. They were Mr. and Mrs. Ed DeYoungs with three sons of Lansing, Mr. and Mrs. John DeYoung and family, Mr. & Mrs. Hans DeYoung and family, Mr. and Mrs. Bill Goeman and family, Mr. and Mrs. Harvey Esenberg and family, and Henry Wassenaar, all of Ellsworth.

The dance on Wednesday evening was larger than ever, every available seat and most all the floor space was occupied. A list of names and instruments in the orchestra was printed last week, but now we are wondering. As the original pianist was dancing some, the fiddler was at the piano, while Alfred Crowell took over on the violin. Only John Malpass on the drums seemed to be in his original place. The heat sure didn't keep the dancers quiet either.

Mr. and Mrs. Darrell Cross of Napoleon visited at the Ralph Cragg mobile home, Sunday.

Mr. and Mrs. D. W. Meyers of Howell stopped overnight on Thursday enroute north.

Mrs. Lola Edwards and Mr. and Mrs. Wm. Klug, of Muskegon, spent the week end with the Jess Robinsons.

Mr. and Mrs. Bert Lewis of Eastport and Mrs. Minnie Pennington of Grand Rapids were Saturday visitors of the Bert Putnams.

There are fourteen trailers and one tent in the park at this time. Two trailers and two tents went out and one trailer came in over the week end.

Mr. and Mrs. Ivan Chambers and family of Flint had to fold up their tent and head for home on Saturday, bringing to a close a two week's vacation here.

The fourth and fifth groups of Hya-went-a boys from Torch Lake Camp spent Wednesday night in the park. This group is what is called the Middle, 12-14 year olds.

Mr. and Mrs. Joe Trudell with daughters, Dora and Mary, of Detroit, called at the Jess Robinson home Saturday. They are spending two weeks vacation in the Cross cottage.

Mr. and Mrs. Ralph Cragg returned to the park Friday from a visit to their home in Jackson, A. sister of Mr. Cragg's, Mrs. Elton Wood of Toledo, Ohio, returned with them for a visit.

Guests at the Bernard Stoudt mobile-home over the week end were Mrs. Stoudt's parents, Mr. and Mrs. Tom Garner, and her brother and wife, Mr. and Mrs. Ted Garner and son, Gary, all of Lansing.

Mr. and Mrs. Joe DeYoung and four children, Sue Ann, Paul, Jim and Allen, of Holland, stopped by Wednesday evening on their way from Niagara Falls to Atwood for a visit with the former's father.

Mr. and Mrs. Don Clark and family, Mrs. Mable Winstone, of East Jordan, and Mrs. Ella Clark of Iron River and a niece of Mrs. Winstone's, Gayle King of Muskegon, had a picnic Thursday evening in the park.

Mr. and Mrs. Austin Lemon, Sr., celebrated their fifty-first wedding anniversary on Friday, July 17th, with a family dinner. The whole park extends to the Lemons our sincerest congratulations on their many years together.

Chuck Roost of Lansing, who has been a guest for the past week of Roene Stoudt, left Sunday. Roene left with him to be his guest for a week at the home of Chuck's parents at Hess Lake, then the two boys plan to spend another week together at Camp Barakel at Fairview, Michigan.

A family from East Lansing consisting of Mr. and Mrs. Harold Husse, son, Harold, and daughter, Doris, stopped over Wednesday afternoon at one of the kitchens for a weiner-roast. They liked our park so well they stayed over and spent the evening, too. They are staying at the Big Chief cabin on Intermediate Lake.

Mrs. Herman VanGemert with daughter, Barbara, and son, Bobby, spent a few days at their home in Grand Rapids. Mr. VanGemert accompanied his family back for a week's vacation here. Their son, Dick, spent the week end, returning Sunday to Grand Rapids. Mr. George Lievens who spent ten days with his daughter returned with Dick.

Something new has been added to the summer recreation program. It is a ceramics class under the supervision of Mrs. Gayle Saxton. Each Wednesday and Friday afternoons the dining room porch is turned into a painting room, and judging by the large groups it is proving to be a very popular part of the program and some very fine work is being done by the boys and girls, too.

We are very happy to see one of our former local Home Economics teachers and have her stay overnight in the park. She is Miss Fauvette Johnston of East Lansing but is teaching at Redwood, Calif. She and her nieces, Misses Shelley and Tracey Carlisle, also of Lansing, are taking a trip to the Canadian Rockies. They plan to visit Banff and Jasper National Parks. They are touring with a neat little overnight trailer.

On Wednesday evening the tenants of the park turned out almost 100 percent to help Mrs. Louis Reno celebrate her birthday. All the out-door picnic tables were in use. A feature of the pot luck dinner was home-made ice cream and a birthday cake. Around the cake was a circle of birthday cards from the park folks. After the lovely dinner our younger ones entertained with a parade led by Ruby Lemon furnishing the march music on her accordion. Colored crepe paper was very prominent on each one. The outstanding "float" was little David Winkle dressed as a little old lady pulling a Pekinese dog dressed in bonnet and sweater.

South Arm

(Edited by Mrs. Arnold Smith)

Mr. and Mrs. Ernest Springer spent Friday night and Saturday with Mr. and Mrs. Arnold Smith.

Mr. and Mrs. John Atkins of Jackson, Michigan were week end guests of Mr. and Mrs. Harry Pearsall.

The South Arm extension club met with Mrs. Carris Goodman, Thursday. A lovely Potluck dinner was served on the lawn, under the trees.

Gordan Kane acted as Master of ceremonies of the reunion picnic of his graduating class. The picnic was held Sunday and this was the graduating class of 1936.

Mr. and Mrs. Bob Chipman of Petoskey, Mr. and Mrs. Arnold Smith, and Mr. Ira Bradshaw were all Sunday dinner guests of Mr. and Mrs. Roscoe Smith of East Jordan.

Friday supper guests of Mr. and Mrs. Harold Goebel were Mr. and Mrs. Adolph Jacobson of Hetsville, Ohio, and Mr. and Mrs. Clayton Miller of Canton, N. Carolina.

A house building bee was held at Clyde Goddman home Monday, several men and a few women helped on the house and a lot was accomplished. The home is now well on its way. Two good meals were served by Mrs. Goddman. Several of the South Arm neighbors attended the beat races, a good time was had by all.

AN APPRECIATION

I wish to extend my sincere thanks for the lovely cards, letters, plants, and flowers—and other gifts received from friends, relatives and the Rebekah Lodge during my recent stay in Charlevoix Hospital, and since I have returned to my home.

Michigan Mirror

Danger exists that Veteran Trust Fund monies will be misused if the Legislature keeps casting envious eyes on cash surpluses earned by prudent administration.

This is the warning voiced by D. Hale Brake, State Treasurer. The risk of loose spending, he said, will be more severe if local committees, who grant individual benefits, act on the theory that any of their allocation they do not spend in one year will be taken away.

Fifty million dollars were set aside for a trust fund in 1946. At that time the state had accumulated more money than it could spend under war-time restrictions. There was a general feeling everywhere that returning veterans entitled to all possible help in adjusting to civil life.

Idea was that the \$50,000,000 was to be invested, the income used to meet emergency needs of veterans, their wives or dependents.

Legislators who designed the fund weren't shortsighted. They knew that the large nest egg would be in constant danger of appropriation by every agency needing money.

So several strings were attached to the methods of handling the \$50,000,000. The principal may not be spent. Only the income can be used. In this way, veterans are guaranteed an amount of money every year. Income amounts to a little over \$1,100,000 each year.

"Two important decisions were made at the time the fund was established," explained Treasurer Brake. One he listed as the granting of benefits at local rather than state level; the second was

Miss Faith Gidley of Detroit spent the week end with her mother Mrs. Myrtle Gidley at her cottage on Lake Charlevoix.

Mrs. Harrison Vogt of Grand Ledge came Tuesday to spend the week with her son-in-law and daughter Mr. and Mrs. Bryce Vance.

Jessie Barr and Ella Jean French of Miami, Florida are at a cottage in Charlevoix and renewing old acquaintances in East Jordan.

Mr. and Mrs. Wm. Lund and Mr. and Mrs. Lee Lund returned Wednesday to their home at San Bernardino, Calif. after spending a few days visiting at the home of Mr. and Mrs. Charles Strehl.

Mrs. Mae Arrand of Sashatoon, Canada and Miss Wynne Tingaid of Wellington, Ontario were guests of Mr. and Mrs. Clarence Lord and family and other relatives last week.

Mr. and Mrs. Albert Jackson and children of Mt. Clemens will arrive Friday to spend a weeks vacation at the home of her parents, Dr. and Mrs. G. W. Bechtold and other relatives.

Mrs. Walter McKenzie with daughters Nancy of Denver Mrs. Tom Armstrong and daughter Robin of Detroit and Mrs. Dorothy Urban and daughter Connie of Alpena are vacationing at the Elms.

Mr. and Mrs. Percy Bennett are the parents of a daughter Gail Lynn born at Charlevoix hospital July 16th. Mrs. Bennett returned to her home Monday and the baby stayed in the incubator a while.

Mrs. John Foster (Luella Boosinger) and Miss Blanch Boosinger of Cleveland, arrived Wednesday to spend a few days renewing old acquaintances. The Boosinger family left East Jordan forty years ago.

Mr. and Mrs. L. DeLind with sons, Bill, Bob, Doug and Tom of Okemos are spending a two weeks vacation at a north end cottage at Eveline Orchards. Mrs. DeLind is the former Elizabeth Severance of East Jordan.

Mrs. Frank Garrett of Council Bluffs, Iowa, Mrs. John Kelly and daughter Mrs. Marie Parseley of Minneapolis, Minn. arrived this Thursday to spend a few days at the home of Dr. and Mrs. G. W. Bechtold and the Kenny and Bulow families.

that money allocated to counties would be cumulative.

"In other words," Mr. Brake said, "we said to local people: If you find that you don't need this year all of your share of the trust fund income, it will be credited to you and you can use it next year or five years from now—it will not be taken from you."

Other trust fund machinery has worked as planned. Local committees of veterans examine applications from other veterans who face financial emergency. If the case seems worthy, a grant is made.

In only one year, 1949, was more money allocated to veterans than the fund earned. "Local committees," said the state treasurer, "have been very conservative in the use of trust fund income." Grants allowed veterans since 1946 total \$4,494,000. The following figures give a year by year accounting of money used for veteran emergency needs from the trust fund. This does not include expense of administration.

1946-47	\$ 415,000
1947-48	799,000
1948-49	873,000
1949-50	1,198,000
1950-51	613,000
1951-52	599,000

"Diversion of trust fund income," says D. Hale Brake, "has been growing to a point where it absorbs more than half of the income."

To prove his point, the treasurer quotes figures starting in 1947 when the Legislature took \$126,000 for a veteran's association bill. In that year \$50,000 was needed for administration expense. Each year the Legislature diverted more money until 1953 finds more than \$638,000, including \$120,335 for administration subtracted from the fund.

The state official was careful not to question on the value of the projects where the money was spent. His objections centered on appropriation of money from the trust fund for any purpose other than emergency use.

Although no permanent harm is done, Treasurer Brake is concerned with the effect upon local committees by the Legislature's actions. "One can hear among county committees the expression of the thought that they might just as well use up the complete allotment because otherwise the Legislature will take the money from them," the treasurer warned. "That is not desirable thinking and the practice that promotes it should be discontinued."

Understanding was shown by the state treasurer for the plight of the Legislature when he said: "We must recognize that the Legislature has been in a very difficult position. Keeping essential services going in the face of a steadily mounting deficit has not been easy. Perhaps it's safe to say that they reached for more of the trust fund income in desperation and not with the intent to make the practice permanent."

Praise is due to county committees, the treasurer added. He said they have been doing a wonderful job and that their decisions have been on the conservative rather than the liberal side. "There is a distinct advantage in having the real authority in the administration close to the people who are to receive the benefits," he said. Mr. Brake conceded local committees might have made errors but attributed them to difficulties in starting the program. He pointed out that

"experience has shown that errors will be more frequent with local administration."

What is the best guarantee that the fund will continue to function as originally conceived by the Legislature? Here is Mr. Brake's recommendation:

All who have responsibility in connection with the administration of the trust fund—the local committees, state trustees, and those who wait upon the Legislature—should keep steadfastly in mind the primary purpose of the trust fund, namely to furnish emergency help to veterans so that they need not go to welfare in case of unexpected difficulty. Anything tending to prevent the accomplishment of that original purpose should be insistently avoided.

IRONING OF NEW FABRICS MADE EASIER

Ironing day is not what it was before the advent of man-made fibers. It is easier and quicker.

Florence Rann, extension clothing specialist at Michigan State College, suggests ironing is easier now because homemakers merely iron to smooth the new man-made fabrics. Almost no pressure on the iron is needed and a slow, deliberate motion with a low-temperature iron. The weight of the iron will smooth out any wrinkles.

Acetate always requires ironing but nylon, dacron and orlon may need no ironing. If they do, the new method of slow, easy, cool pressing is all that is needed.

Since man-made fibers dry very quickly you may sprinkle garments so they are evenly damp. Or you may prefer to iron the garment before it is completely dry.

Ironing on the wrong side protects the surface and keeps the fabric looking new for longer time. But when you want to touch up press cloth about the weight of muslin. This will prevent any glaze or shine on these new man-made fibers.

Long sleeved blouses of acetate are less worry for the modern homemaker. For the final touch she hangs the blouse on a hanger in the air and presto! the steam left in the fabric will take out the wrinkles as the fabric dries. No more concern about that shine caused by over-ironing the gathers at the cuff.

CHARLEVOIX COUNTY WHEAT GROWERS WILL HELP DECIDE SUPPORT RATE

Wheat growers of Charlevoix county will help decide whether the Commodity Credit Corporation loan in the 1954 wheat crop will be 90 percent of parity. According to LeRoy Hardy, chairman of the Charlevoix County Production and Marketing Administration Committee; this is one of the questions which will be answered in the coming wheat marketing quota referendum.

As the chairman explains, if two-thirds or more of the wheat growers voting in the referendum are in favor of it, the wheat marketing quota proclamation made July 1 by Secretary of Agriculture Ezra Taft Benson will be in effect. The present 90 percent of parity wheat loan then will continue for the 1954 crop. If the vote is unfavorable the loan will drop to 50 percent of parity.

These support rates will be available, however, only to farmers who do not exceed their wheat acreage allotment the chairman points out. If marketing quotas are approved in the referendum growers who plant more than their acreage allotment will be subject to a penalty on their excess wheat unless it is stored or disposed of as directed by the Secretary of Agriculture.

The Servicemen's LETTER

Hi Fellas:
When "Jake" asked me to write the letter for him, I thought he felt quite badly about having to turn it over even temporarily to someone else, and after having had the privilege of writing it for a few weeks, I can see why. It has given me a lot of satisfaction to do a little for all of you who are doing so much. I would like to thank all of you men and your families for the wonderful cooperation and courtesy you have shown to me.

Congratulations to Pfc. Lyle Peck. He writes, "Hi 'Jake', I got the paper tonight and read where you were out of the hospital. I certainly am glad to read that you are O. K.
I am still working on the roads over here. It has been raining about a week, and of course, I just love to work in the rain.
I finally made Pfc. I was surprised to get it and glad, too.
I want to thank the people for the paper. It sure is nice to get when you are so far from home."

"Well, 'Jake', I am tired tonight and have to get some sleep. Tell all the 'guys' in the Post Office I said 'Hello.'
Jim Meredith is home on leave and Harry Webster is due home this week prior to overseas duty. There is a slight change in Ziba DeForest's address. It should read 84th Instl. Sqd. instead of 60th.
Thanks again for all you have done to make writing the letter each week a real pleasure.
Sincerely, Betty Jo Strehl

E. J. American Legion 2 4 .333
E. J. Canning Co. 1 5 .167
Battling Averages
With the first round of play in the Rainbow City Softball League now complete, Max Sommerville, Central Michigan College Junior, leads the league in hitting with an even .500 average with 9 hits in 18 trips to the plate. Sommerville is a member of the E. J. Canning Company nine and also shares the title of most runs scored with Byron Boring of the Co-op. with 9 each.

transmitting ability can be obtained by comparing the production records of her paternal half sisters, on a 305-day record of milking twice daily. The daughter of the 700-pounder probably will be in the middle of the group on production ability.
It's always a good idea, says Parsons, to mate cows with the best bulls, but the outstanding record of one cow is not as important as a herd average. The herd average is the profit mark.

FARMERS GIVEN FINAL CALL FOR PMA ELECTIONS

Farmers of Charlevoix county were reminded today that PMA Farmer-committee elections will close July 23, 1953. LeRoy Hardy, Chairman of the County PMA committee, in issuing this final election call, urges all eligible farmers to vote. Community committeemen, a delegate to the county convention to name the 1954 county committee, and alternates will be elected at this time.
Chairman Hardy stresses that the PMA committee election "is both an opportunity and a responsibility. It is an opportunity to maintain one of the basic principles of democracy, having a voice in the selection of people who serve in official positions and being able to make that selection at the ballot box. But with this opportunity comes the responsibility to make that selection by voting."
Hardy reminds farmers that farming in Charlevoix county has come a long way in the past 15 years and that the work of these committeemen and the programs they administer have played an important part in the program. He cites the soil and water conservation work that has been done under the Agricultural Conservation Program as an indication of the progress.
As the chairman sees it, because the work of these committeemen means so much to farming in Charlevoix County and because the programs they administer are so essential to the welfare of all the people, no farmer who is eligible to vote should allow this election to pass without casting his ballot for the committeemen he thinks will do the best job.
Don't forget — ballots must be in the county PMA office by July 23 to be counted as the election committee meets on July 29 at 9:00 in the morning to count the ballots. Be sure that your ballot is among those to be counted.

Farm Facts

"I have a cow in my herd with a 700-pound butterfat average. Where can I get the service of a bull which is good enough to transmit that much production ability to the cow's daughters?"
Ed Rehman, Charlevoix County Agricultural Agent, reported this answer to a farmer's query from George Parsons, extension dairyman at Michigan State College:
Parsons says that a bull that consistently has sired daughters which produce 500 pounds of butterfat is adequate to mate with the 700-pound butterfat producer. Very likely, the dairyman opines, all of the cows in the farmer's herd are not of the 700-pound butterfat caliber. And it's likely, too, suggests Parsons, that the outstanding cow doesn't have the ability to transmit that much production to her daughters.
He believes a fair idea of her
