Red Devils drop key test against Glads, Rebound with victory over Lancers

By Chris Fiel

East Jordan 43, Ellsworth 31

EAST JORDAN – The Lady Red Devils rebounded from a tough conference game the night before to earn a non-conference victory over Ellsworth 43-31 on January 21.

Valerie Peters led East Jordan, 8-3 overall, with 20 points and three steals, while Jordyn Bacchus added seven points.

The Lancers, 6-5 overall, led 6-5 after the first quarter and held a 17-16 halftime lead before East

Jordan took a 25-21 advantage into the fourth and outscored Ellsworth 18-10 in the final quarter.

“We were very sluggish the first half but, started to pick up the tempo in the second half and played well in the final quarter,” East Jordan coach Steve Hines said. “We have struggled in back-to-back games this season, and we didn’t shoot the ball well again for the second consecutive game.”

Paige Roberts finished with 11 rebounds, while Grace Hwes had 10, four assists, and five steals.

Brooklynn Richards had four rebounds and Brianna Newberry added three assists.

“Valerie Peters keep us in the game with some timely baskets, scoring nine of her 20 points in the fourth quarter. Brianna Newberry came in off the bench and played a very good all around game for us,” Hines noted. “We didn’t play one of our better games but keep fighting and were able to pull out another win.”

TCSF 52, East Jordan 34
EAST JORDAN – The Red Devils played even with the league leading Glads for the opening quarter before St. Francis took over in the second quarter and East Jordan was unable to recover in falling 52-34 in the Lake Michigan Conference match-up

on January 20.

It was a 12-12 first quarter before TCSF rode a 16-4 spurt for a 28-16 halftime lead. The Gladiators outscored the Red Devils 24-18 over the final two quarters for the victory.

“We played well the first quarter, but struggling shooting the ball the rest of the game,” East Jordan coach Steve Hines said. “We were 11-of-40 from the floor for the night and we turned the ball over way too much.”

The Red Devils fell to 7-3 overall 3-2 conference saw their five game winning streak snapped.

Jordyn Bacchus finished with 12 points and four rebounds to

lead East Jordan, while Paige Roberts added 10 points and eight boards.

Grace Howes chipped in with eight rebounds four assists and three steals, and Emily Crick added three steals.

“TCSF played tough defense and it got us out of sync,” Hines said. “We made too many little mistakes that we have avoided up to this point in the season. They are a good ball club but, we will bounce back.”

The Gladiators improved to 8-1 overall, 5-0 conference, got 16 points from Cassie Williams and Liza Erickson had 12.

Lady Ramblers come up short on the road against Vikings

Strong Grayling fourth too much

By Chris Fiel

Grayling 47, Boyne City 43

GRAYLING – The Vikings outscored the Lady Ramblers 15-8 in the final quarter to come away with a Lake Michigan Conference victory on January 20.

Both teams started off slow as they played to a 6-5 Boyne City lead after the opening quarter. After things settled down, Grayling was able to take a 20-19 lead into the break. The Ramblers then outscored the Vikings 16-12 in third to take a slim 35-32 lead into fourth.

“We went in knowing to stop their penetration in the half court,” Boyne City coach Kevin Fitzpatrick said. “We did that for the most part, turnovers definitely led to some easy bas-

kets for them.”

Boyne City was led by 13 points from Rachel Butler, Kylie Hicks finished with eight points and 13 rebounds, Tanner McCune added seven points and 13 boards and Rainy McCune and Mary Myers each chipped in with six points.

“We had a good defensive effort,” Fitzpatrick said. “We had a lead late in the game, but foul trouble and turnovers cost us, anytime you have 30 plus turnovers, it’s tough to win.”

“It was a very close game the entire way,” Grayling coach Joe Powers said. “We were down seven with three minutes to go in the 3rd quarter when we went on a run.”

The Ramblers fell to 2-8 overall, 0-5 conference, while the Vikings improved to 5-6 overall, 1-4 conference.

Ramblers earn key conference victory

Bench steps up after early foul trouble

By Chris Fiel

Boyne City 69, Grayling 60

GRAYLING – The Ramblers battled hard and survived foul trouble to come away with a key Lake Michigan Conference win over Grayling 69-60 on January 20.

Keegan LaBlance led the Ramblers with 28 points, freshman Corey Redman added 17 and eight rebounds, Jay Redman finished with nine, Collin Kruzell scored five and grabbed 10 boards and Ryan Carson added five points and eight rebounds.

Boyne improved to 6-2 overall, 3-2 conference, led 15-10 after the first quarter, 34-23 at halftime and 50-43 headed into the fourth. “That’s a good team,” Rambler coach

Nick Redman said. “They are big (8 player’s atleast 6’2) physical and keep coming at you. A big win for us! That’s a tough place to play.”

Grayling, 6-3 overall, 3-2 conference, got 23 points from Zane Tobin.

“We had alot of guys step up tonight,” Redman noted. “Jay (Redman) and Ryan (Carson) got in early foul trouble and Collin Kruzell, Tevin Larmond, T.J. Douglas, Weston Kartes and Gerritt Moeke all did an outstanding job.”

The Ramblers also withstood a late Viking charge as Grayling trimmed the Boyne lead to a basket late in the fourth.

“A pretty intense game between two teams in the LMC,” Grayling coach Rich Moffit said. “On a positive note, I was pleased

with our lack of turnovers in the game; we have made a tremendous improvement in this area which is a plus. I also liked the way that we battled back to cut the lead to two points in the fourth.”

“Keegan had a real nice game, he played solid defense and handled the pressure well and took quality shots tonight,” said Redman. “He set his feet and really shot well, and on limited time Ryan shot well and battled for rebounds and Jay was a very positive influence on the bench then really stepped up in the fourth playing good defense and getting to the rim and free throw line as he went 5-of-6 and scored seven points in the last three minutes, I was proud of them for that.”

Big second half lifts Charlevoix to victory over Rams

By Chris Fiel

Charlevoix 75, Harbor Springs 40

HARBOR SPRINGS – Charlevoix used a 42 point second half to pull away from Harbor Springs and come away with a 75-40 Lake Michigan Conference victory on January 20.

The Rayders improved to 6-3 overall 3-2 conference with the win led at the half 33-23 before catching fire in the second half.

Andrew Plude scored 26 points and dished out eight assists to lead Charlevoix and Charlie Hamilton chipped in with 14.

“I was extremely happy for our players tonight, it was a fun night for all of them because they all were able to taste success at this level,” Rayder coach Adam Wood said. “It is always nice when you can get everyone in and observe the progress they have been making in practice.”

Harbor Springs was led by Pete Lauer with 10 points and Scott Morse had nine as the Rams fell to, 4-6 overall, 2-3 conference.

“I also thought Sawyer Russell and Josh Hogan came in and did a great job contesting shots and securing rebounds,” Wood noted. “You can’t get out on the break if you don’t have guys to start it and they did a great job of that tonight.”

Andrew Potter (12) glides in past the Rams Spencer Kloss (40).

January is National Radon Action Month

The Health Department of Northwest Michigan is encouraging people to take simple and affordable steps to test their homes for harmful levels of radon gas as part of National Radon Action Month. Radon is an invisible, odorless, tasteless radioactive gas that comes from the natural breakdown of uranium in soil, rock, and water. It causes no immediate symptoms but is the number one cause of lung cancer among non-smokers and kills more than 21,000 each year in the United States.

“Radon is a dangerous health threat to our families and communities that can be easily avoided through simple testing,” said Scott Kendzierski, Director of Environmental Health Services. “This month, I urge everyone to test their homes.”

Nearly one of every 15 homes in the U.S. is estimated to have elevated radon levels. Simple steps to prevent this health hazard can be taken:

- **Test:** EPA and the U.S. Surgeon General recommend that all homes, both with and without basements, be tested for radon. Easy, do-it-yourself radon test kits are available at Health Department offices in Bellaire, Charlevoix, Petoskey/Harbor Springs and Gaylord for \$15. Bring your property’s tax identification number with you when you pick one up so the Health Department can map radon readings.

- **Fix:** EPA recommends taking action to fix radon levels above 4 picocuries per liter (pCi/L). Addressing high radon levels often costs the same as other minor home repairs. The Health Department can help you make a plan to reduce radon levels.

- **Save a Life:** By testing and fixing elevated levels of radon in your home, you can help prevent lung cancer and create a healthier home and community.

Radon can enter a home through cracks in the foundation or other openings, such as holes or pipes. Although radon can enter a home through the water supply, entry through the soil is a much larger risk. Radon in a home’s water system is more likely when the home has a ground water source – such as a private well or public water supply system that uses ground water.

In addition to testing for radon, there now are safer and healthier radon-resistant construction techniques that home buyers can discuss with builders to prevent this health hazard.

In 2011, EPA announced the Federal Radon Action Plan, along with General Services Administration and the departments of Agriculture; Defense; Energy; Health and Human Services; Housing and Urban Development; Interior; and Veterans Affairs. This action plan will demonstrate the importance of radon risk reduction, address finance and incentive issues to drive testing and mitigation, and build demand for services from industry professionals.

The Health Department of Northwest Michigan is mandated by the Michigan Public Health Code to promote wellness, prevent disease, provide quality health-care, address health problems of vulnerable populations, and protect the environment for the residents and visitors of Antrim, Charlevoix, Emmet, and Otsego counties for additional information, contact Scott Johnson, Environmental Health Sanitarian, at 989-732-6863.

How To Maintain a Healthy Weight

By Joe Daniels

You are healthy now and you want to stay that way. One of the best ways to maintain good health is to maintain a healthy weight level.

Eating the right foods, the right amount of food and incorporating some exercise into your daily activities can go a long way to fend off all manners of possible health problems down the road.

If you are just finishing up a diet that helped you get to your target weight level, you may be scared that you’ll be stuck dieting forever. Not so, says Amy Weld, a nutritionist at a Detroit area hospital. “Developing a new plan after the slimming down portion of the diet is over is just as important as the diet itself.

While some successful slimmers prefer to immediately increase their calorie intake, others prefer to do it in steps.

In many ways, this is a good idea as it helps you to concentrate on getting your extra calories by gradually increasing the portion sizes of the foods you’re already eating rather than suddenly adding in chocolate, crisps, booze and takeaways.

Build a healthy base by eating vegetables, fruits, and grains (especially whole grains) with little added fat or sugar.

Select sensible portion sizes.

Get moving. Get regular physical activity to balance calories from the foods you eat.

Set a good example for children by practicing healthy eating habits and enjoying regular physical activities together.

Keep in mind that even though heredity and the environment are important influences, your behaviors help determine your body weight.

Weld offers a possible five-step plan to maintain your new healthier weight.

Step 1 - Once you reach target, add 250 calories a day to your existing daily calorie intake. This means if you’ve been having 1,250 calories each day, you should now have 1,500 calories a day.

Step 2 - After a week, weigh yourself on your usual scales. You’ll probably have lost a little more weight. If so, add another

250 calories to last week’s daily allowance. So, if you were having 1,500 calories a day, now have 1,750 calories daily.

Step 3 - After another week, weigh yourself again. If you’ve lost more weight, add an extra 250 calories to your daily intake, for example from 1,750 calories to 2,000 calories each day.

Step 4 - After another week, if your weight has stabilized that’s the amount of calories you need each day to keep your new slim shape. If you’ve gained a tiny amount, drop your daily calorie intake by 100 calories, for example, from 2,000 calories to 1,900 calories daily. After a week, weigh yourself again. If your weight has stayed the same, that’s the amount of calories you need each day for weight maintenance. If your weight has gone up or down, juggle your daily calorie intake by 50 calories a day until your weight eventually stabilizes.

Step 5 - Weigh yourself once a week on your usual scales until you are confident that you’re maintaining your healthy weight.

Weld says as important as eating right is being active. While regular trips to the gym are part of daily life for some people, that doesn’t match the lifestyle of others.

Help is coming in March for underwater homeowners - Pt. 1 of 3

Compliments of Mike Stark, Stark Realty, Inc. (231) 536-7700

Mike Stark

A long-awaited federal program will soon allow more homeowners to refinance their mortgages and lower their payments in spite of owing far more than their homes are now worth.

The expansion of the Home Affordable Refinancing Plan will allow for new home loans in March, according to new details

from the U.S. Department of Housing and Urban Development, and homeowners are already lining up to apply.

President Barack Obama announced the plan in October, and borrowers have awaited the details since.

The program targets homeowners who bought during the housing boom and have been unable to refinance up until now because their homes are no longer worth enough to secure a new mortgage through traditional refinancing.

An earlier version of HARP allowed homeowners with mortgages backed by two federal loan agencies to refinance, but only if their new loans were no more

than 125 percent of their home's current value. In metro Phoenix, where values have plunged by more than half since the market's peak in 2006, that limit left many borrowers out.

The update to the program, which lenders refer to as HARP 2.0, lifts that loan-to-value restriction completely.

The goal is to help homeowners save money and fend off foreclosures by lowering payments.

For a typical \$250,000 mortgage, a switch from a 6 percent rate to current rates of about 4 percent would cut the monthly payment by about \$300.

Matt Oliver of Peoria-based Lund Mortgage said despite the

delay, some bigger banks have already refinanced borrowers deeply underwater and are now holding the loans, waiting to turn them over to the federal mortgage agencies Fannie Mae and Freddie Mac.

Albert Hasson was able to get his bank, Flagstar, to approve a refinance on his Phoenix-area home in late December even though the refinancing program was stalled at the time.

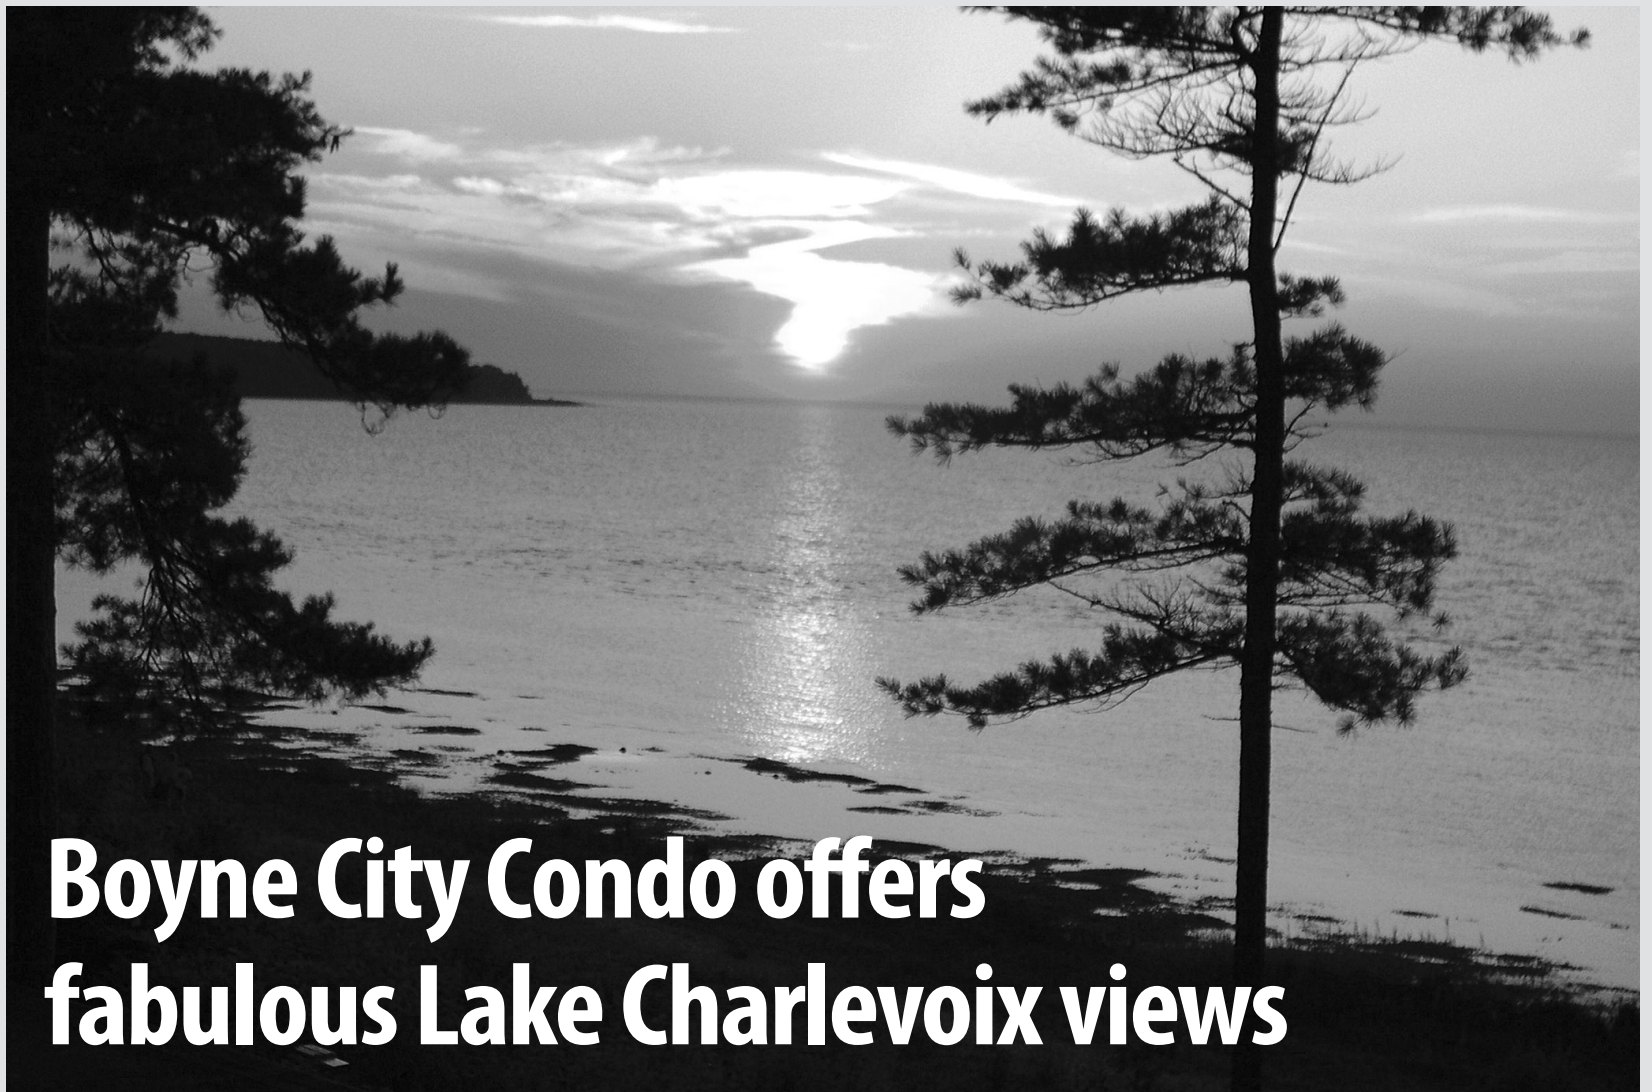

"The expanded HARP program is only semi-stalled," Hasson said.

He said other homeowners should call their servicers now to see if they can be approved early.

East Jordan Amends Dog Law

By B. J. Conley EAST JORDAN — When grabbing the leash to take Fido for a walk in the city of East Jordan, dog walkers are advised to grab a disposable bag, as well. An ordinance was introduced at the city commission meeting on Aug. 3, to amend Section 6-36 of the Code of Ordinances. Section 6-36 addresses removal of dog feces if a dog happens to decide a neighbor's lawn is the perfect place to find relief. But the new ordinance adds the language that states: Anyone walking their dog on property other than their own shall be required to have a disposable bag... Also at the meeting, the city administrator updated the commission on the construction of the Emergency Services Facility. The main part of the building and the EMS wing were under a roof, allowing the electrical and plumbing contractors to begin their portion of the work. There is still some flooring to be poured in the Fire Wing. The concrete walls are in place and the roof trusses on this portion of the building will be up soon. The completion target date is early fall. Mary Faculak, president of the East Jordan Chamber of Commerce, gave a presentation to commissioners that informed them of what the Chamber does for the city, and updated them on events the Chamber has sponsored. She said she is excited about the Main Street Program.

By B. J. Conley Sitting across from the 27-year-old soldier at the Charlevoix library on a summer day, observing his quick smile and steady calmness, it is surprising to find out that he was nearly killed in Afghanistan when the truck in which he was riding hit an Improvised Explosive Device and blew up. Platoon Sgt. Troy Drebenstedt said he was thrown into the side of the vehicle, hitting his head and suffering other injuries. The next thing he knew he was on his feet heading down the road, intent on finding whomever planted the IED. "I was extremely angry," Troy said. A medic who had noticed signs of a concussion came to get him and his superior officer ordered him back to the truck. The other four men riding with him also sustained injuries, but no one was killed. The explosive device was made with the intention to kill everyone in a large radius anywhere near it. "It was 300 pounds of explosives. Forty to 100 pounds is the usual size," Troy said. "It cut a hole six feet deep across the road." He is blessed, he says, and he credits his character to his Christian faith and his upbringing. His anger dissipated and he separates the Afghan people from the terrorists. "Being angry with a whole

race is burying into their bigotry," he said. Troy's job in Afghanistan was one of the most dangerous. He was part of the Combat Engineering Unit, known as SAPPERS. He performed "route clearance," that is, his job was to find IEDs planted by the terrorists and clear the area of them for safer travel by the military. "It's one of the toughest jobs, but the number one threat to our troops are the IEDs," Troy said. Troy served in Afghanistan for 10 months and prior to that he served in Iraq for 14 months. He is now home in Marquette, undergoing treatment for his injuries and attending Northern Michigan University. By B. J. Conley

Antique Auto Show & Flea Market 37th Annual Boyne City Event Takes Place This Weekend

By Jim Akens Boyne City is certain to be a destination location this coming weekend as the 37th Annual Antique Auto Show and Flea Market takes place in Veterans Memorial Park from 9 am to 4 pm Saturday and Sunday. This is a free event for attendees, offering a once a year opportunity to peruse some awesome vintage vehicles and shop fascinating and unique wares on the shores of beautiful Lake Charlevoix. "This is a very popular event that has been going for many years," states Jim Kauffman, Boyne City Chamber executive director. "We usually get about seventy vehicles for the show, all vintage and in original condition. Among the exciting features of the show is a spectacular 1911 Ford Touring Car that was used in the classic 1979 movie, 'Somewhere in Time' (filmed on Mackinac Island). The vehicle is owned by Arnie Hudson, a Walloon Lake Resident who is the immediate past president of the club." HUNDREDS OF PEOPLE CASH IN ON MODERN DAY GOLD RUSH!

Gold and silver pour into yesterday's event due to highest prices in 40 years.

By Jason Delong
STAFF WRITER

Yesterday at the **Quality Inn Gaylord**, locals lined up to cash in on their gold and silver, antiques, and collectibles at the "As seen on TV" **THR's Treasure Hunters Roadshow**. The free event is in **Gaylord** all week, buying gold, silver, antiques and collectibles. One visitor I spoke with yesterday said, "It's unbelievable, I brought in some old coins that had been in a little cigar box for years and some old herringbone necklaces—in less than fifteen minutes I left with a check for \$700. That stuff has been in my jewelry box and dresser for at least 20 years."

THR'S TREASURE HUNTERS ROADSHOW HAS BEEN TOURING THE WORLD SINCE 2001. THIS YEAR ALONE, THEY WILL VISIT 3,000 CITIES AND OVER HALF A MILLION PEOPLE WILL CASH IN!

Another gentleman brought in an old Fender guitar his father had bought years ago. The man said, "Dad had less than fifty bucks in that guitar." The event specialist that assisted him made a few phone calls and a veterinarian in Seattle, Washington bought the guitar for \$5,700.00. The seller continued, "I got another \$150.00 for a broken necklace and an old class ring. It's not every day that someone comes to town bringing six thousand dollars with your name on it."

Jeff Parsons, President of THR's Treasure Hunters Roadshow, commented, "Lots of people have

items that they know are valuable but just don't know where to sell them. Old toys, trains, swords, guitars, pocket watches and jewelry are valuable to collectors. These collectors are willing to pay big money for those items that they are looking for."

If you go to the event, you can cash-in your items for competitive prices. Representatives will be available to assess and purchase your items at the Quality Inn, this week through Saturday, in Gaylord.

This week's event is the best place to get connected with those collectors. The process is free and anyone can bring items down to the event. If the specialists find items that collectors are interested in, offers will be made to purchase them. About 80% of the guests that attend the show end up selling one or more items at the event.

Antiques and collectibles are not the only items being purchased. "Gold and silver markets are soaring," says Archie Davis, an event representative. "Broken jewelry and gold and silver coins add up very quickly. I just finished working with a gentleman that had an old class ring, two bracelets and a handful of silver dollars. His check was for over \$650.00. I would say that there were well over 100 people in here yesterday that sold their scrap gold."

One gentleman holding his check for over \$1,250 in the lobby of the event yesterday had this comment: "I am so happy I decided to come. I saw the newspaper ad for the event and brought in an old German sword I had brought back from World War II and some old coins, and here is my check. What a great thing for our community. I am heading home now to see what else I have that they might be interested in."

The event continues today starting at 9am. It is free and no appointment is needed.

THR's Treasure Hunters Roadshow is not affiliated with or related to the Antiques Roadshow television series, PBS or WGBH
