Rayders new coach brings plenty of experience

Senior players stepping up to help lead team

By Chris Fiel

CHARLEVOIX – This season the Rayders have adopted a new slogan, "No Retreat, No Surrender," and new coach Joe Pruchnicki has those Rayders working hard to embrace that and improve on last seasons 4-5 record.

"I'm recently retired (from teaching), enthusiastic and disciplined," Pruchnicki said. "I love to coach and teach, I feel very blessed to get to do what I want in life."

With former coach Don Jess resigning in December of 2011, Charlevoix hired Jason Katt in April only to see him step down before the season even got underway with job security concerns in early June, thus opening the door for Pruchnicki.

Coach Pruchnicki brings with him over 40 years of coaching experience, including the last six at Flat Rock High School, where he led the Rams to an 18-36 career record, including 3-6 last fall. He also was the head coach at Oscoda, Flint Central, Flint Southwestern Academy, Lake Fenton and Goodrich high schools, and was an assistant coach at Flint Powers Catholic and Swartz Creek.

Pruchnicki is excited about the effort from the Rayder athletes, just over a week into practice, and their off-season work ethic as well.

"So far, were looking really good, the kids are learning the system at a fast rate, much faster than any other team that I've ever coached," he said. "I credit that to the student-athletes and their academic rating here in Charlevoix."

The coach also noted that the seniors have really stepped forward as leaders and this off-season has been tough on them.

"This is new for both the staff and the kids," Pruchnicki said. "Were learning from each other and they have been really receptive to what were trying to do here, these kids are a bunch of fine young men."

The Rayders open the season at home on Friday, August 24, against St. Ignace, a team that went 12-1 last season, falling in the Div. 8 state semifinals, then travel to Maple City Glen Lake on Thursday, August 30, before opening play in the always tough Lake Michigan Conference.

"We will be ready to play football," the coach said. "We will be focused, aggressive and disciplined each time we take the field."

"I'm excited to be here, its a great community and a great place to live, so far everyone has been great, we look forward to an exciting year."

VOLLEYBALL

Taking some time off

By Chris Fiel

CHARLEVOIX – Veteran Charlevoix High School volleyball coach Liz Shaw recently announced her plans to take a year off from her coaching position and focus on her family, as she and her husband Matt are expecting their second child in early September.

“My plan is to take a year off and be back next year,” Shaw said. “It’s different not being in the gym right now, but this is a good thing.”

Filling her shoes this season will be long-time assistant and JV coach Audra Randall.

“Audra has been with the program eight years,” Shaw noted. “She knows the program and she knows the girls and were confident in her ability to lead the team.”

Randall takes over a squad that won their regional and reached the Class C semifinals last fall for the first time in school history. Charlevoix also is the reigning Lake Michigan Conference champions, a title that they have held for the last four seasons.

“We have a solid program in place with a lot of great players returning,” the coach said.

Over her 11 year tenure, Shaw has compiled a 380-138-68 overall record and gone 130-20 in the LMC.

“It was a hard decision, but an easy one at the same time,” she said. “Family comes first and you only get one chance to be a mom to your child at such a young age. I feel really good about the decision.”

“I’m definitely going to miss the game, the players, the coaches and the program as a whole,” Shaw added. “Audra is going to do a great

Liz Shaw

job with the girls and she is very supportive about handing back over the program after the year, this will be a good growth phase for the both of us, and will only help the pro-

gram. Shaw also said that while it will be tough to stay away, she intends on attending some games later in the season to support the team.

Automotive Review

VehicleProfilePhoto-Silverado; Silverado's chiseled design and broad-shouldered stance reflect the no-nonsense capability that have defined Chevy trucks for nearly 95 years, and give Silverado a confident, firmly planted stance. Design details include a power dome hood, flared rear fenders, vertically stacked reflector-optics headlamps and Chevrolet's iconic bow tie emblem in the grille. Photo "© General Motors."

2013 Chevrolet Silverado 1500 is capable, dependable and efficient

With a broad range of body styles and proven, fuel-efficient power rains, the 2013 Silverado 1500 can tackle just about any job a truck owner can imagine – from hauling equipment and a crew to a job site to towing a camper for a family vacation. Silverado's chiseled design and broad-shouldered stance reflect the no-nonsense capability that have defined Chevy trucks for nearly 95 years, and give Silverado a confident, firmly planted stance.

Reflecting the importance of low cost of ownership to full-size pickup customers, Silverado continues to offer proven V-8 power with an EPA highway estimate of 21 mpg for mainstream 2WD or 4WD models, and a 22-mpg highway estimate for the Silverado XFE. Silverado's capable, efficient powertrains have helped make it the most dependable, longest-lasting full-size pickup, backed by a five-year/100,000-mile limited powertrain warranty.

Silverado's full-size truck architecture enables a smooth ride and confident handling, without compromising the capability that is so important to pickup customers. A lineup of powerful small-block V-8 engines and six-speed automatic transmissions complement the strong chassis by enabling a maximum payload capacity of 1,937 pounds (838 kg). When equipped with the available max trailering package and the 6.2L V-8, the Silverado 1500 can tow up to 10,700 pounds (4,853 kg).

Powertrain grade braking is now included in all six-speed automatic transmissions. This feature reduces brake rotor temperatures 100 degrees Celsius on grade tests by downshifting transmission gears, thereby reducing brake applications on long downhill conditions.

Silverado 1500 offers a full lineup of pickups to meet almost any need, including WT, LS, LT, XFE and LTZ models, as well as the unique Silverado 1500 Hybrid – the industry's only hybrid full-size truck. Silverado 1500 models are available in three cab styles – regular, extended and crew cab – as well as

HIGHLIGHTS OF SILVERADO'S STANDARD AND AVAILABLE EXTERIOR FEATURES INCLUDE:

- Fog lamps are standard on LTZ and available on LT and XFE
- Heated, power-adjustable outside mirrors including auto-dimming, integrated signal indicators, ground lights and curb-tilt feature are standard on LTZ
- Heated, power-adjustable vertical camper-style outside mirrors are available on LT, XFE and LTZ. Manual-folding camper-style mirrors are available on WT
- EZ-Lift tailgate (spring-loaded) is available on WT, LT, XFE and LTZ models.
- Locking tailgate is available on WT, LT, XFE and LTZ models- A range of 17-inch, 18-inch and 20-inch wheels is offered. Seventeen-inch wheels are standard on all models. Eighteen-inch wheels are included with the Z71 package. Twenty-inch wheels are available on LT, XFE and LTZ
- Dealer-installed accessory wheels include 20- and 22-inch designs
- LS Package is available on WT models and includes chrome-styled steel wheels, chrome front bumper and chrome grille surround
- Chrome Essentials Package is available on LT and LTZ models. Content includes a polished exhaust tip, chrome recovery hooks, chrome door handles, chrome mirror caps and chrome-clad aluminum wheels

three cargo box lengths: 5 foot 8 inches (short), 6 foot 6 inches (standard) and 8 foot (long).

A stadium-style rear seat with a 60/40-split design and folding center armrest is standard on crew cab models and available on extended cab models. It can be easily folded up with one hand, without using a release handle, to provide an uninterrupted load floor. Alternatively,

either section of the split seat can be stowed independently, allowing room for both cargo and a rear-seat passenger. Rear access doors open 170 degrees for easy entry to the rear seat/storage area of extended cab models. Power-operated rear side windows lower completely into the 170-degree access doors, providing 100-percent openness on LT and LTZ models.

Real Estate Corner Question & Answers About Selling Real Estate Summer Moving Tips PT. 5 OF 5

Compliments of Mike Stark, Stark Realty, Inc. (231) 536-7700

How to prepare for a seamless transition

If you're moving this summer, the busiest season for moving, you know how daunting it can be. But if you create a blueprint for your move, the transition from house to house will go more

smoothly.

Here are 2 more things you can do to prepare for a seamless transition.

9. Consider getting full value insurance protection. If using a professional mover, it may cost a few dollars extra, but it provides peace of mind and eliminates later annoyances. Investing in full value protection means any lost or damaged articles will be re-

paired or replaced, or a cash settlement will be made at current market value, regardless of age. It's important to note that the required minimum coverage of 60 cents per pound would not cover the replacement cost of more expensive items such as a flat screen TV if damaged in transit.

10. Know your rights. If using a professional mover, research your rights as a consumer with either the Federal Motor Carrier Safety

Administration (FMCSA) for interstate moves or contact the state agency within the state in which you reside for moves within state. Also, enlist the help of the Better Business Bureau (BBB) or local law enforcement if the moving company fails to live up to its promises or threatens to hold your belongings hostage. FMCSA requires interstate movers to offer arbitration to help settle disputed claims.

East Jordan offers plenty of gorgeous space inside and out

By Jim Akans

Sometimes you really can have it all! This nicely appointed East Jordan home offers plenty of living space both inside and out. While the beautiful setting feels like the country it is actually just a "stone's throw" away from the public beach in East Jordan.

The design is highlighted by open living spaces, large room sizes, spaciousness and versatility. Encompassing over 2,800 square feet of living area on the main two stories and finished lower level, the home features three bedrooms and two full baths, an elegant main living room with brick fireplace and a huge family room with a tongue and groove wood finished vaulted ceiling. The finished full basement includes an enormous, 15 x 26 foot recreation room area plus another large room that could be utilized for a home office, craft center, workshop... whatever the new homeowner desires!

Outdoors, the home features a very inviting wrap-around covered porch and an open deck that overlooks the back yard. There is a two-car garage and an additional storage building on the partially wooded grounds, which

are beautifully landscaped. The property is just under one-half acre in size, and the seller has additional property available as well.

Located at 300 Norton Street in East Jordan, this spacious home in a gorgeous setting is listed at \$175,000. For more information about this listing, please contact

Mike Stark, Sara Schroeder or Jennifer Burr-Cutler at 231-536-7700.
