## Boyne City Ramblers Battle for League Championship Friday

By Andy Sneddon

This, Boyne City football coach Dave Hills says, is what you play for, a night a high school football player points to through weight-room sessions, summer camps, August two-a-days. And, it's something he'll point to long after it's over.

Lifelong memories will be made on Friday — and a championship decided — when Boyne City and Grayling meet in a game

that will decide the Lake Michigan Conference championship at Boyne's Earl Brotherston Field.

"This is, as a program, what you're working for, to play meaningful games at the end of the season," Hills said. "It's going to be a lot of fun. There's a lot of excitement in the school and in the community. A lot of people have been talking about it for weeks."

And it shapes up to be one of those they'll be talking about for years after. Both teams are 8-0 overall, 5-0 league. The

Vikings are ranked seventh in the Associated Press Division 5 state poll.

Both teams are headed to the playoffs, the Ramblers for the first time since 2009 as they have enjoyed a resurgence under Hills, who returned this season as Boyne's head coach after a three-year hiatus.

The Ramblers are seeking their first Lake Michigan crown since 2001, while Grayling, which joined the league in 2003, is eyeing its first-ever

By Mike Dunn

GRAYLING — It couldn't have been scripted any better than this.

The unbeaten Grayling Vikings of coach Tim Sanchez invade the turf of the undefeated Boyne City Ramblers of coach Dave Hills this Friday and, as one would expect, there is much riding on the outcome.

The winner not only gets to hoist the 2012 Lake Michigan Conference

championship trophy but also earns a truck load of playoff points. Boyne City is seeking its first conference title and first unbeaten regular season since 2001 when it went 9-0 en route to a 12-1 mark and a berth in the Div. 5 semifinals, and Grayling is looking for its first league title and the first undefeated and untied season in school history. The Vikings posted a 7-0-1 log in 1970.

Both teams feature explosive playmakers who can score with quick-strike suddenness. The

Vikings averaged 37 points per game and the Ramblers averaged 27 per game.

On the other side of the ball, Grayling permitted an average of 17 points per game and Boyne an average of 13.

A big key in the outcome will be how well the opposing team's defense is able to keep wraps on the other team's outbreaks on offense.

A concern for Sanchez is Boyne's overall team speed.

# Ramblers rally over Elks

FOOTBALL

By Chris Fiel

## Boyne City 44, Elk Rapids 30

ELK RAPIDS – The Boyne City Ramblers used a strong defensive second half and applied equal pressure on the Elks defense as they turned an eight point deficit into a 14 point victory on October 12, in getting by Elk Rapids 44-30 in a Lake Michigan Conference contest.

Boyne City found themselves down in the opening quarter by a pair of touchdowns and looking at an up hill battle, when sophomore quarterback Corey Redman hooked up with senior Jamael

Kelly for a 63-yard touchdown pass, and after Austin Gardner added the point after, it was 14-7.

Redman would add a 1-yard score early in the second quarter, he would also connect with Conner Beebe for a two-point conversion and later in the quarter, freshman running back Malik “the machine” Smith pounded it in from just over 1-yard out, along with a successful extra point from Gardner, knotted the score at 22-22.

The Elks would add their final score of the night just before the halftime whistle, and a 30-22 lead.

“We were sluggish in the first half, but were able to keep the score close,” Rambler coach David Hills said. “We played bet-

ter in the second half on both sides of the ball.”

After a scoreless third, Boyne opened the fourth with another Redman 1-yard plunge, Dale Tarket added the two-point conversion to tie the game again at 30-30 with just under ten minutes remaining.

Boyne took the lead for good about two minutes later as Redman took off for a 43-yard run, and with a Gardner PAT, the Ramblers led 37-30.

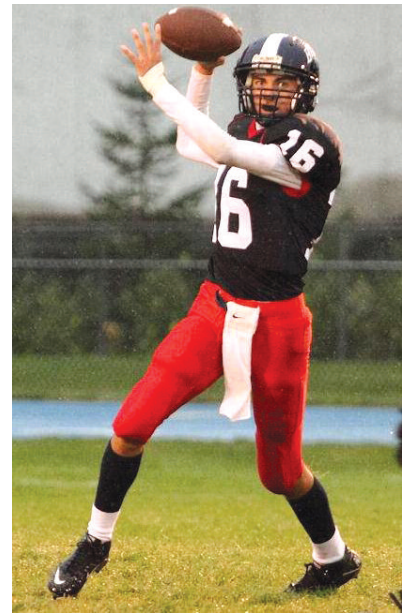

Boyne City added some distance between themselves and the Elks shortly after that as Smith raced 43 yards to paydirt for the final score of the evening, 44-30 after Gardner’s extra point. “It’s a big win for us,” Hills

added. “It sets up a chance at a conference championship at home against Grayling.”

Redman led the Ramblers offensively, completing 5-of-14 passes for 141 yards and a touchdown, and added 46 yards rushing on four attempts and three TD’s.

Smith carried 21 times for 136 yards and two scores, Kelly caught three passes for 112 yards and rushed nine times for 71, and Bradley Fouchia had 43 yards rushing on seven carries and one reception for 17 yards.

On the defensive side of the ball, Brady Calo had 12 tackles and a pick, Alan Manross finished with 11, Mills added 10 and fumble recovery, Zach Wandrie

## Harbor Springs rolls over Rayders

By Chris Fiel

### Harbor Springs 19, Charlevoix 7

HARBOR SPRINGS – The Rams gained over 300 yards on the ground en route to a Lake Michigan Conference victory over the visiting Rayders 19-7 on October 12.

Charlevoix slipped to 0-8 overall, 0-5 conference with the loss.

The Rayders got on the board in the opening quarter on a Like Klinger 3-yard run, following a Rams drive for a touchdown. After Charlevoix scored it was all Harbor the rest of the way.

Charlie Hamilton paced the Charlevoix offensive attack with 49 yards rushing, while Tanner Catt added 32, Brian Noirot gained 24, and Shane Sutherland chipped in with 17.

Nate Moon finished with 14 yards passing on nine attempts, while Klinger added nine yards on one completion. Leading receiver was Devin Drain with two catches.

“We had our chances, but made some costly mistakes,” Rayder assistant Nick Barnum said. “We also had a second and goal and fumbled, along with some dropped passes. Hopefully we can get healthy this week and finish the season with a win.”

Alex Brown was everywhere on defense, recording 21 tackles, Grey Spegele added 14, Tommy Zipp chipped in with 13, Sutherland had 11, John Freiberg and Corbin Turkleson added seven respectively.

Defensively for the Rayders, Alex Brown had a team-best 21 tackles, while Greyson Spegele had 14 tackles, Tommy Zipp, 13; Sutherland, 11; and John Frieberg, seven tackles. Turkleson and JJ Bottomley each recovered a fumble.

Lake Michigan title.

The teams appeared on a collision course as the season progressed and both defeated longtime Lake Michigan heavyweight Traverse City St. Francis in back-to-back weeks. The Vikings notched their first-ever win over the Gladiators on Sept. 14. One week later, Boyne knocked off St. Francis for the first time since that '01 season, when it reached the Division 5 state semifinals.

St. Francis left the Lake Michigan after last season and is now playing as an independent. Still, those wins were a sign that both Boyne and Grayling were for real, and they lit the match of anticipation that has grown into an out-and-out inferno. Hills, ever the pragmatist, tried to quell talk of the showdown among his players and took the tried-and-true one-game-at-a-time approach.

“We tried not to (talk about it),” he said. “We knew it was there and I’m sure (Grayling) did too and it’s nice that it has materialized like it did. It’s going to be a great atmosphere and there’s going to be a whole lot of excitement from both communities I’m sure.”

With Hills returning to the program he led to a 69-26 record from 2000-08 there were plenty of unknowns entering the season. It helped that he had remained in the building as a teacher at Boyne City during his break from coaching, but with so many young players filling key roles, nobody was certain how competitive — or good — the Ramblers might be.

Sophomore Corey Redman, who has already made a verbal commitment to play basketball at Central Michigan, is the quarterback and his top receiver is another sophomore, Maceo Vroman. The leading rusher is freshman fullback Malik Smith. Three other sophomores,

Michael Dohm, Connor Beebe and Max Cuper, have also played key roles.

Hills and his staff have been able to blend those newcomers with senior veterans such as Brady Calo, a two-way starting lineman; guard/linebacker Elliott Hausler; and linebacker/halfback Alan Manross. Senior running back Jamael Kelly has also emerged as a threat.

As the youngsters have matured and the entire team has gelled, Boyne has gotten progressively better. The Ramblers’ first four wins each came by eight points or less but the operative word is ‘wins’ — they’ve won while learning and growing up.

“Offensively I think our level of execution is a lot better than it was the first three, four weeks,” Hills said. “As the season has progressed I think we’ve continued to improve in both the passing and running games.”

“Certainly the season has played out very well for us. It couldn’t have played out any better. We’ve been fortunate, but we’ve created some good fortune by playing good football.”

“I think we’ve continued to improve and the competition continues to improve and so the games get more and more exciting. I think we’re all very excited about the position we’ve created for ourselves here. From here on out, they’ll just keep getting bigger.”

Win or lose on Friday, the Ramblers are headed to the playoffs. That was the norm in Hills’ first tenure as Boyne’s coach. They finished 4-5 in his first season, 2000, then reeled off nine straight post-season appearances.

“The playoffs will be new for most of these kids,” he said. “This game (against Grayling) is going to have that playoff atmosphere and a lot of things around it and it’ll be real important for us to handle that appropriately and keep that in perspective.”

## Vikings

CONTINUED FROM PG. 1

“They’re a tough, disciplined, well-coached football team with some real speed on the edges,” he said.

The great challenge for the Ramblers will be to try and corral the vaunted Sanchez Spread of Grayling, an up-tempo assault geared to create mismatches on every down.

The engineer of the attack this year is junior lefty Jake Swander. All he has done in his first eight games is throw for 2,303 yards and 18 touchdowns.

Swander has a talented crew of receivers to throw to, including junior Tyler McClahanan (50 catches for 755 yards and 5 TDs), senior Scott Parkinson (37 for 436, 5 TDs), senior Ty Jensen (32 for 398 yards, 5 TDs) and sophomore Scout Tobin 27 for 400, 2 TDs) in addition to dependable Danny Schultz and Justice Junttila.

What makes it tough to stop Grayling is the balance in its attack. Opponents that have designed their defense to stop the Viking aerial assault have found it difficult to contain the run. The hard-driving Jensen, who has amassed more than 1,000 yards rushing and receiving this season with a whopping 18 touchdowns, has averaged nearly 6 yards per carry while accumulating a team-high 674 rushing yards and reaching the end zone 11 times.

Tobin is another threat as a runner or receiver. The sweet-striding sophomore runs the ball at times out of the wildcat formation or takes hand-offs from Swander from the

slot post and has the speed and elusiveness to score from anywhere on the field. Tobin, who has 336 rushing yards on just 25 attempts (an average of 13.44 times per carry!) has a 90-yard TD run on his stat line this season and an 80-yard TD reception. In the huge win over St. Francis midway through the season, he threw a 6-yard TD to Swander, ran for a 33-yard TD late in the game and broke loose for a 62-yard gallop.

Junior Kevin Harris, who bolsters the Grayling running attack along with the scrappy Schultz, has one of the strongest legs around. He often boots the ball into the end zone on kickoffs and he gives the Vikings a legitimate field goal threat.

Boyne’s defense will seek to find ways to keep the Vikings from making quick strikes on Friday. The Ramblers’ ability to limit the explosive plays and force Grayling to earn its points will go a long way in determining the outcome of the contest.

“The difficult part of running the spread is that you are never really sure what a team is going to do to you defensively because it’s so different from what they have faced all year,” Sanchez said. “This is at the same time an advantage for us if we can adjust quickly. However, I’m sure they will use a combination of pressure and changing up coverages to try to confuse us.”

“We will need to stay poised and just take advantage of what the defense is giving us. No defense can stop everything, so it’s up to us to find the weak spots.”

Boyne City features a diversified offense with plenty of

speed and plenty of punch through the air and on the ground.

Quarterback Corey Redman is a sophomore who plays with the savvy of a senior. He doesn’t throw nearly as much as the Vikings’ Swander but he throws accurately and can hit the big one. Redman and fellow sophomore Maceo Vroman have been a big-play combination all season. The duo hooked up for three TDs in the Ramblers’ 29-14 victory over St. Francis. Jamael Kelly is also a quick-strike threat at receiver.

Freshman Malik Smith is built low to the ground and has a motor that won’t quit. Smith has the power to push for the short yards and the breakaway speed to convert any play into a long gallop. Brad Fouchia is a passing and running threat out of the backfield along with Conner Mills.

Vroman is an electrifying kick and punt returner who can flat out fly. His 95-yard kickoff return late in the fourth quarter gave the Ramblers a come-from-behind 26-21 win over Kalkaska in week three.

The Carnivores of Grayling defensive coordinator Kevin O’Connell definitely have their work cut out for them on Friday.

“Boyne runs some quick motions to get the ball to the edge,” Sanchez said. “They also have great balance in that they can fake the sweep and hand it off up the middle or pass it deep.”

“If our guys don’t read their keys and caught up with the motions, it will be a long night. However, if we stay focused and disciplined, we will have a shot.”

## JV FOOTBALL

### Young Red Devils improving

EAST JORDAN – The young Red Devils were able to hang with the Vikings for the first half, but a strong Grayling third quarter helped put the game out

of reach as Grayling defeated East Jordan 42-6 on October 11.

The East Jordan defensive line of Hector Paz, Nash Johnston and Thomas Brandell were credited by coach Greg Kitson for applying the pressure needed to keep the Viking passing game in check.

Wyatt Crick, Skyler Schuler, Brandell and Andrew Halbert led the team defensively, while Bob Sherman and Crick had an interception and Schuler recovered a fumble.

The EJ offensive line of James Brown, Alex Herriman, Mark Dehaan, Sherman and Schuler

did not give up a sack all night.

Crick, Bailey Sargent led the rushing attack and Brandell and Sargent were the leading receivers with Sargent on the receiving end of a Noah Raymond touchdown pass.

“I really like where we are with this new offense, and im very proud of how far we have come,” Coach Kitson said. “We played our best half of football against Grayling and played well for three quarter, now we just have to put it together for all four quarters this week against Charlevoix.”

# Are You Ready to Buy a House?

Answering these eight questions will help you decide

financial setbacks like unexpected unemployment or serious illness. It's not just money that should affect your decision to buy a home.

### PART 2 OF 2

#### Do you have an emergency fund?

Before you devote all your savings into a down payment or up-keep for your house, look at the bigger picture. You need to build a financial cushion in case of financial setbacks like unexpected unemployment or serious illness. It's not just money that should affect your decision to buy a home.

Are you flexible when it comes to getting what you want?

Your first home may not have all the bells and whistles you're looking for. Are you willing to defer on your wish list now in order to have a home of your own? In a few years, you may be able to find a home that better suits your needs, but in the meantime you could also consider fixing up a less expensive home, buying a home with friends or renting out part of your home for additional income.

#### Do you plan to move in three to five years?

There is a lot of effort, time and cost involved in buying a house – you want to make your investment

pay off for you. In addition to the price of the house itself, you should also take into the set-up costs already mentioned.

If you're planning to move in a year for work or school, you may want to wait until after that time. Otherwise, you might find yourself in a tough spot if you're forced to sell your home for less than its purchase price in a slow market.

#### Do you enjoy home improvement?

If you're already looking at homes, it's hard not to imagine how adding a fresh coat of paint to the walls or changing the light fixtures will make a house truly yours. But if you're used to calling the landlord for anything that goes

awry in your home, owning a house might be a jarring wake-up call. When you own your house, any issue becomes your responsibility, from replacing blown electrical fuses to installing a new roof.

Now is the time to consider whether you enjoy home improvement projects. Are you confident in your ability to patch drywall or install a ceiling fan, or would you rather pay someone else to do it? If it's the latter, consider that even if you hire someone else to handle your home improvement issues, you will still have to invest not only money but your time by researching contractors and supervising their work.

# Charming turn-of-the-century home in Boyne City

By Jim Akans

This week's feature listing simply "feels like home."

Located just a few blocks from downtown Boyne City, this turn-of-the-century (the century before this one!) home has a unique and welcoming character that is rarely achieved today.

Highlights include beautiful wood flooring, a natural light filled kitchen space with lots of cabinet storage, and a large living room with cozy corner wood stove. There are four bedrooms and one-and-a-half baths, and one of the upstairs bedrooms features a separate room that would make an ideal nursery or home office. The main two levels have approximately 1,600 square feet of living space combined, and there is a "Michigan" basement for additional storage needs.

Outdoors, the home sits on a beautiful corner lot, and there is an attached one-and-a-half car garage situated on the rear of the home.

Located at 303 Cedar Street in Boyne City, this home is listed at \$89,900.
