Target walleye during 'low-light' periods in evening and early morning

Most anglers targeting walleye know that catching them in the spring is much easier than catching them during the warmer summertime months. In most Michigan lakes walleye in the summer typically seek cooler, deeper and darker waters while typically feeding in the shallow waters only at night. Because of some physiological properties of walleye, their sensi-

Wildlife viewing can be as

near home to become ac-

quainted with the natural

rhythms and wildlife signs.

citing activity, and much of

this excitement stems from

the fact that you can never

be sure what you might see.

Some days will be better

greatly increase your

than others, but there are

several things you can do to

chances of success. Follow

these tips, excerpted from

ing Guide (a directory of

wildlife viewing sites) to

help you get started.

Easy Does It

the Michigan Wildlife View-

The best way to see more

wildlife is to slow down and

Stop often to look and listen.

walk slowly and quietly.

Wildlife viewing is an ex-

mote areas. Beginners

tivity to bright light typically results in avoidance of shallow waters during day light periods.

Anglers in the summer time months typically target walleye during the evening and morning time "low-light" periods. Targeted water depths will vary between lakes, but most anglers seek drop-offs where walleye will typically move up to feed in the shallow waters during the evening through morning hours. My experience fishing walleye in this fashion is usually successful by

using a leech or minnow on a floating jighead weighted with a small splitshot sinker (or two). Anchoring at the drop-off or using a slow drift has been the most productive for me.

Other anglers may want to troll artificial lures or crawler harnesses along the deeper side of the contour lines in order to cover more area in a shorter time period. My grandfather always used to say, "Once you find them, you need to stay on, em." I think there is a lot of truth to that.

Walleye fishing is some-

times a frustrating activity due to some long waiting periods between catches and finding the perfect conditions. However, once you get a bite it typically signifies something special and hopefully a memorable experience with family and friends.

Good luck in making memories, you will be glad you did!

This tip was written by Cory Kovacs, Fisheries Management Biologist in Newberry.

DNR WILDLIFE VIEWING TIPS

DNR FISHING TIP

Blend In

Bright colors and patterns can be very fashionable, but these colors are also easily seen by wildlife. It is best to wear earth tones or muted colors that blend in with the surroundings.

Timing is Everything

Different wildlife are active at different times of the day, so it helps to know a little about the animals you wish to see. For instance, soaring red-tailed hawks might best be viewed during the heat of a summer afternoon, while nocturnal flying squirrels can only be seen by the light of the moon. In general, more kinds of wildlife are active in the early morning and late evening than any other time of day.

Choose the Season

Wildlife activity also

varies with season. Some animals will not be found during the cold Michigan winter. Many kinds of birds and a few kinds of insects migrate south; many small mammals hibernate; and reptiles and amphibians burrow underground and become dormant. On the other hand, winter is often a good time to view whitetailed deer because their brown coats stand out against the snowy ground. Waterfowl are best seen in concentrations on their migrations in early spring or early fall. Spring is also an excellent time to catch large numbers of colorful war-

Use Equipment to Help

blers moving through

Michigan.

There is a tremendous variety of equipment and accessories available to help you get the most out of your wildlife viewing excursions. Binoculars, field identifica-

tion guides, road maps and a backpack with snacks and liquids can all add to a day's enjoyment afield. All of these are optional—you don't have to own any fancy equipment to see wildlife—however, these things can greatly enhance your viewing experiences.

All in Good Time

Patience is a virtue for wildlife watchers. If you jump out of your car at a site expecting to see all of the listed wildlife right away, you probably will be disappointed. Animal movements and behavior patterns are very unpredictable, which can be a source of frustration—or fascination. The key is to learn where and when to go, how to look, and then just keep trying!

first to last enjoying an

Racers will swim a triangular pattern in the pristine waters of Lake Charlevoix. After gathering their bike be-

longings, racers will proceed on newly paved roads as they travel through the spectacular countryside of northern Michigan. Olympic athletes will proceed 20km to their turnaround near East Jordan. Sprint and Duathlon athletes will proceed 10km to their turnaround. The bike course contains several challenging climbs, especially on the Olympic course. The run course is spectator friendly and gives racers great views of Lake Charlevoix. Olympic athletes will complete two large loops and one small loop. Sprint and Duathlon athletes will complete one large loop and one small loop. All

Automotive Review

With the addition of Durango, the Dodge brand now offers the Blacktop Appearance Package on seven of its 2014 model year vehicles, including Charger, Challenger, Dart, Avenger, Journey and Grand Caravan. PHOTO COPYRIGHT CHRYSLER GROUP LLC.

Dodge Introduces the Popular Blacktop Appearance Package on Award-Winning Durango Three-row SUV for 2014

Dodge is rounding out its offering of Blacktop Packages for 2014, adding the three-row Durango to the lineup of Dodge vehicles with the sporty, sinister look. With the addition of Durango, the Dodge brand now offers the Blacktop Appearance Package on seven of its 2014 model year vehicles, including Charger, Challenger, Dart, Avenger, Journey and Grand Car-

Building on the Durango's distinctive, sporty design, along with class-leading power, driving range and towing, the Blacktop Package features unique Gloss Black 20-inch aluminum wheels, dual rear exhaust with bright tips offering 295 horsepower with the V-6 and 360 horsepower with the HEMI® V-8, a Gloss Black crosshair grille with matching grille surround, Gloss Black side mirrors, Gloss Black exterior badging, black headlamp bezels, body color fascia and moldings, and five options for exterior paint colors. The Blacktop Appearance Package is available on Durango SXT, Limited and R/T

models. "The rear-wheel-drive based Dodge Durango is already one of a kind. It stands out as the Charger of the three-row SUV segment," said Tim Kuniskis, President and CEO - Dodge Brand and SRT Brand, Chrysler Group LLC. "Now with Blacktop Package, customers can make it even more unique, and it's customized by the factory."

Through July, Dodge Durango sales in 2014 were up 13 percent, compared with the same period in 2013. Durango has achieved 19 consecutive months of year-overyear retail sales increases. The 2014 Dodge Durango Blacktop will start arriving at dealerships in October.

Dodge introduced its new three-row Durango for the 2014 model year, with a new standard eight-speed automatic transmission, improved fuel economy and performance, new LED exterior lighting, including the signature racetrack tail lamp, new 5-inch or 8.4-inch touch screen, a new programmable instrument cluster and an available high-definition dual-screen Blu-ray entertainment system.

Now Dodge is adding the Blacktop Package to the Durango SXT, Limited and R/T models, adding even more aggression to the already sporty appearance. The Blacktop Appearance Package gives customers the opportunity to customize their Durango straight from the factory at a tremendous

value. On SXT models, the Blacktop Package adds Gloss Black 20-inch aluminum wheels, dual rear exhaust with bright tips, Gloss Black crosshair grille with matching grille surround, Gloss Black side mirrors, Gloss Black badging, black headlamp bezels, and body-color fascias and moldings. Blacktop is available for a U.S. Manufacturer's Suggested Retail Price (MSRP) of only

\$1,590 MSRP. On Limited models, the Blacktop Package includes all of the above content, plus HID headlamps and LED daytime running lights (DRLs), to complement its premium leather interior, for a starting U.S. MSRP of \$1,990. On the R/T, the Blacktop Package adds Gloss Black 20-inch aluminum wheels, Gloss Black crosshair grille with matching grille surround and Gloss Black

badging for a U.S. MSRP of \$295. The Dodge Durango SXT Blacktop and Limited Blacktop feature Durango's standard 3.6liter Pentastar V-6 engine and dual exhaust with active intake, paired with the new standard eight-speed automatic transmission and generates an impressive 295 horsepower and 260 lb.-ft. of torque, and can tow up to a bestin-class 6,200 pounds. The V-6 powered Durango also features a best-in-class driving range of

SPONSORED BY

more than 600 miles on a tank and up to 25 miles per gallon.

The Dodge Durango R/T Blacktop features a standard 5.7-liter HEMI V-8 engine that produces a best-in-class 360 horsepower and 390 lb.-ft. of torque with a best-inclass tow rating of 7,400 pounds. The 5.7-liter engine's Fuel Saver Technology with cylinder-deactivation seamlessly alternates between smooth,

high-fuel-economy four-cylinder mode when less power is needed and V-8 mode when more power is in demand. Models with the HEMI V-8 engine achieve up to 23 miles per gallon.

With standard seven-passenger seating and luxurious second-row captain's chairs available on all models, the seats in the 2014 Dodge Durango can be converted to as many as 50 different configurations.

Families with three or more children will find the Durango's available captain's chairs with pass-through especially helpful as two car seats can stay latched into the second row seats, and there's still easy pass-through for passengers to walk between to get to the third row. The secondrow captain's chairs will also make adults feel like they are riding in first-class, with available Nappa Leather heated bucket seats with individual armrests.

The Durango's new instrument panel features a redesigned center stack that houses the 8.4inch Uconnect touchscreen. The bottom of the center stack houses a new media hub with an SD card slot, USB outlet and auxiliary jacks, as well as a storage bin. The new center console features a new segment-first rotary shifter for the standard eightspeed automatic that adds another level of refinement over the traditional gated automatic shifter. Manual shift functions have moved to paddle shifters on the back of the Durango's new steering wheel.

2014; approved Administrative Policy #124 as updated; approved Resolution #116-2014; appointed MERS Officer and Alternate Delegates for the 2014 MERS Annual Meeting; acknowledged receipt of City Administrator's Annual Performance Evaluation; authorized first payment to the contract for the Well house #2 project in the amount of \$135,310.46; approved \$3,000 to go towards the purchase and installation of the ambulance engine in the 2008 Ford Ambulance; approved \$2,000 for the EMS Authority to go towards the purchase of a LAN system for the Authority; approved purchase of 2014 4-Wheel drive tractor in the amount of \$102,500 to be paid from the equipment fund and authorize the City Treasurer to research and present an amortization schedule for repay-

Question & Answers About Selling Real Estate

Steps to get your lawn ready for fall

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

COLDWELL BANKER 19

SCHMIDT REALTORS

Part 1 of 3

With autumn nearly upon us and winter rapidly approaching, you're probably not spending much time thinking about your lawn. But autumn, with its cooler temperatures and occasional rainfall, is the ideal time to prepare your lawn for spring.

Many homeowners think lawns need less care in the fall because the grass grows slower. In fact, just the opposite is true. During this time of year, grass is busily absorbing energy, moisture and nutrients to prepare for a long, dormant winter. Give it a little attention now, and you'll be rewarded

with a lush, healthy spring lawn. Just two cuttings. follow these six tips.

1. Keep on mowing

Continue to water and mow your lawn, as needed, throughout the fall. As the season draws to a close, drop the mower's blade to its lowest setting for the last two cuttings of the year. That will allow more sunlight to reach the crown of the grass, and there will be less leaf to turn brown during the

As you lower the blade, just remember not to trim off more than onethird of the grass blades at any time. If necessary, gradually lower the cutting height until the time of the final

2. Aerate the soil

Fall is also an ideal time to aerate vour lawn so that oxygen, water and fertilizer can easily reach the roots. You can rent a gas-powered, walk-behind lawn aerator for about \$70 per day. The self-propelled machine will quickly punch holes into the soil and extract plugs of dirt. If you have a large yard — say, more than 3 or 4 acres — and don't feel like aerating it yourself, hire a landscaping contractor.

Featured Property

Boyne Falls area home with Boyne River frontage and acreage

By Jim Akans

Here's a great opportunity to own a home with over 400 feet of frontage on the fabulous Boyne River! Situated just a few miles outside of Boyne Falls, this sixbedroom, bath and a half home is also located on approximately three point seven acres of property...what a great way to

stretch out and enjoy the north.

The home has approximately 1,350 square feet of living space. So there is plenty of room for a family or its a great spot for a couple with space left over to accommodate out of town visitors. The property has also been approved and has been staked for the addition of a 12 x 14 shed and a 24 x 32 foot garage. So not only is this slice of paradise

ready to move in and enjoy...it is ready for the new owner to make improvements by adding a few new structures. Privacy is certainly not an issue here as there are 1,000's of acres of State Land nearby.

What a great opportunity to set up a northern retreat with frontage on the Boyne River, lots of land and more. Located at 2067 Camp Ten Road near Boyne

Falls, it value listed at just \$89,900. Don't wait to check this one out. For a more information or to arrange a home tour, call Marty Moody or Chris Christensen at Lynda's Real Estate Service in Boyne City at 231-582-9555 or email Marty@lyndasrealestateservice.com or Chris@lyndasrealestateservice.com
