# Ramblers win in O.T.!!

By Chris Fiel

Boyne City 28,  
TC St. Francis 27 OT

BOYNE CITY -- Some games come down to halves, sometimes more time is needed.

Some games come down to one play, one decision. Both were needed to decide the outcome of the Boyne City-Traverse City St. Francis football contest on September 26 at Earl Brotherston Field, in which the Ramblers pulled out a 28-27 overtime victory to improve to 5-0 overall, 2-0 in Northern Michigan Football League I play.

The first half was dominated by the Ramblers, much like their first four contests as Boyne scored three times for a 20-0 lead at intermission, only to see the Gladiators respond with a strong second half of their own to tie the contest at 20-all, forcing overtime.

With TCSF getting the ball first in the overtime session, the Gladiators took the ball in from 10 yards out, a Joe Summers run to the eight yard line on first down set up a second down gain of seven yards from quarterback Joe Coates to the BC 1-yard line, TCSF capped their drive with a one yard touchdown run from Summers and a successful extra point, putting the Glads up 27-20.

The Ramblers would respond with a touchdown of their own as Max Cuper hooked up with tight end Tanner Kruzal for a 10-yard scoring strike, pulling the Ramblers to within 27-26.

Boyne City would run the kicking team onto the field, only to call timeout before they were able to lineup for the attempt.

Following the timeout, the Ramblers elected to go for a two-point conversion

attempt, in which Cuper handed off to Maceo Vroman and the senior speedster followed his blocking and scooted around the left end and into the endzone, giving Boyne a one-point victory, 28-27 and setting off a Rambler celebration and sending the crowd into a frenzy.

"Out of habit we sent the kicking team out there, but after the thought process began to take place, we felt at the time, going for two was as good a chance to end the game at that point," Boyne City coach David Hills said. "We had full confidence that our kicker, Dal-

ton Gardner was going to make that kick, but I also had no doubt in my mind that Maceo Vroman could run it in from three yards out."

In the beginning of the contest it looked as if Boyne City was over anxious, as they were penalized three times on their opening drive and when they were forced to punt on 4th-and-24, a bad snap over the head of punter Dalton Gardner looked as if St. Francis would end up with a short field, but Gardner picked up the ball and weaved his way through traffic near the first down marker, coming up just shy of a Rambler first down, turning the ball over on downs.

"All night long, we were hurting ourselves (penalties)," coach Hills said. "Fortunately, we were in a position near the end to make a play."

The Rambler defense would keep the pressure on the Gladiators backfield the entire first half, forcing two punts and a turnover on downs.

Boyne would get on the board near the end of the first quarter as Cuper took off on a keeper around the right end for a 6-0 lead following a missed extra point attempt.

The drive was highlighted by runs from Malik Smith and Vroman, setting up Cuper's scramble.

The Ramblers would add another score at the 6:32

mark of the second quarter, as Cuper found a streaking Kruzal down the left sideline for a 45-yard touchdown connection, a Smith two-point conversion run would put Boyne up 14-0.

Cuper would add the Ramblers final touchdown of regulation late in the quarter as he picked up a fumbled snap and scrambled 20 yards around the right end for a 20-0 BC lead as the extra point was no good.

The Gladiators would respond with a bang in the second half, with Gabe Callery taking the opening kickoff 85 yards for the first points against the Ramblers all season, a successful point after attempt would bring St. Francis to within 20-7, just 15 seconds into the third quarter.

Boyne City would move the ball on their next possession, only to come up empty, and fumble on their next possession, giving the Gladiators a short field to work with, in which they would capitalize with a Coates to Robbie Williams touchdown pass, pulling TCSF to within 20-14 halfway through the third.

Callery would tie the score 20-20 with 3:06 remaining in the contest on a touchdown run, but a bad snap on the point after attempt would keep the Gladiators from taking the lead.

A Boyne City drive to midfield with time running down would result in a St.

Francis interception at the Gladiator 25 yard line with :02 seconds remaining in regulation.

The Gladiators, 3-2, 2-1, would take a shot of their own downfield, only to see Vroman leap high over the receiver and pick off the pass with time expiring, setting up the overtime session.

Offensively for the Ramblers, Cuper finished 3-of-6 passing for 67 yards, two touchdowns to go with two interceptions, while also gaining 38 yards on the ground with a pair of scores on five carries.

"Max played very well, he was making things happen with a couple of big touchdown passes and a couple of big runs," Hills noted. "I thought he did a great job of creating things and running the offense."

Vroman totaled 127 yards on the ground on 15 rush attempts and added a reception for 10 yards, while Malik Smith chipped in with 27 yards on 15 carries.

Kruzal finished with two receptions for 55 yards and two touchdowns.

On the defensive side of the ball, Luke Sage tallied 17 tackles, Mac Alexander had 13, Kruzal added 12, Cuper finished with eight and Will Calo had seven.

Boyne City plays host Glen Lake in the Ramblers Homecoming contest on October 3, game time is 7pm.

"Watching Glen Lake on film, they are a team that

has improved from week to week, even though their record isn't like Kingsley or St. Francis, they are a team that plays good football and will put pressure on us and test us on both sides of the ball," Hills said, "They are a team that will test us."

FOOTBALL

## East Jordan defeated by Frankfort

By Chris Fiel

Frankfort 68, East Jordan 0

FRANKFORT — The East Jordan football team could not seem to get anything to go right in their contest with Frankfort on September 26, as the Panthers downed the Red Devils 68-0.

East Jordan, 0-5 overall, 0-3 conference, were only able to manage 31 yards of total offense on the night.

"We just could not stop the snowball on Friday... it seems that everything we tried went bad," Red Devils coach Allan Peterson said. "The kids kept playing and got out of it without injury but were very humbled."

The Panthers jumped out to a 38-0 first quarter lead, and pushed that to a 68-0 advantage at the break.

"We will go back to work and try and regroup for a very tough Suttons Bay team," Peterson added.

Ryan Graham led the ground game with 14 yards on 10 carries, while Jordan Cartwright finished 6-of-14 passing for 10 yards and two interceptions. Noah Raymond had one reception for nine yards.

Defensively, Jordan Cartwright and Marco Mata finished with seven tackles each, while Bailey Sargent and Hershell Sutton recorded six apiece.

East Jordan hosts Suttons Bay for the Red Devils Homecoming contest on October 3, game time is 7pm.

## Rayders fall to Suttons Bay in first league contest

### Hovie continues offensive consistency

By Chris Fiel

Suttons Bay 48, Charlevoix 19

CHARLEVOIX — The Charlevoix Rayder football team looked strong at the beginning of their Northern Michigan Football League II opener against Suttons Bay on September 26, only to fall 48-19 to the Norsemen at Kipke Field.

The Rayders got on the board early in the contest as senior running back Sam Hovie took the ball 65 yards down the left sideline to paydirt on his first carry of the contest, but the remainder of the quarter would belong to Suttons Bay as the Norsemen took a 13-6 lead to close out the opening twelve minutes of play.

Charlevoix would add another big play in the second quarter as return man, Ben Boss would weave his way through the defense and scamper 85 yards on a kickoff return, but miscues on defense and missed opportunities on offense would lead to a 34-12 halftime lead for the visiting Norsemen.

The Rayders, 2-3 overall, 0-1 conference, would add their final score of the night in the third quarter as Hovie punched the ball in from one yard out.

Suttons Bay would tack on two more scores in the contest, including a kickoff return on a reverse play moments after the final Charlevoix score.

Hovie would lead the Rayders with 114 yards on eight rush attempts with a pair of touchdowns and a pass reception for 69 yards.

Charlevoix quarterback Nate Moon finished with 99 yards on 7-of-16 passing, connecting with Will Telgenhof and Boss twice each for 17 and 13 yards, respectfully.

The Rayders next NMFL II conference contest is October 3 in Kalkaska, game time is 7pm.

Chevrolet Camaro Z/28 is Motor Trend's 2014 Best Driver's Car. It's the first American-brand car to win the 7-year-old award. ## Camaro Z/28 is Motor Trend's Best Driver's Car

Chevrolet Camaro Z/28 is Motor Trend's 2014 Best Driver's Car. It's the first American-brand car to win the 7-year-old award.

The Best Driver's Car contenders are selected from all new or significantly revised performance cars launched in the 12 months prior to the test. To pick the winner, the editors of Motor Trend conduct objective and subjective testing – including digitally instrumented laps at the Mazda Raceway Laguna Seca, and high-speed driving up and down a 4.3-mile hill climb on a closed rural highway – to determine which car delivers the most engaging experience behind the wheel.

After completing that battery of tests, the editors of Motor Trend wrote: "The transformation of the fifth-generation Camaro from 'muscle car that handles pretty well' to Best Driver's Car winner is astounding. You feel the superior engineering in how the car responds to inputs both internal and external. From within, the car reacts immediately and precisely to your commands but doesn't punish your mistakes. From the outside, the Z/28's suspension attacks bumps and dips with an unbridled passion for keeping the tires on the pavement."

Previous winners of Motor

Trend's Best Driver Car award were:

- 2007 Porsche 911 GT3
- 2008 Audi R8
- 2009 Porsche Cayman S
- 2011 Ferrari 458 Italia
- 2012 Porsche 911 Carrera 2S
- Porsche 911 Carrera 4S

"The mission for the new Z/28 was to create the most capable, best-handling Camaro in our history," said Mark Reuss, General Motors' executive vice president, Global Product Development. "As such, I can't think of a better validation of that mission than for the Z/28 to be named Motor Trend's Best Driver's Car."

The Camaro Z/28 builds on the legacy of the original SCCA Trans Am-series contender introduced in 1967. Its unique exterior is designed like a race car to produce downforce that presses the car against the track for greater grip and faster lap times. Comprehensive chassis and suspension changes, including a lower center of gravity, specific stabilizer bars, higher-rate coil springs and other chassis and suspension features have been optimized for the track – enabling more than 1.08 g in lateral acceleration and 1.5 g in deceleration.

Racing-bred dampers, tires and Brembo carbon ceramic brakes

play important roles in not only maximizing performance, but making it more predictable and consistent with every lap. Engineers also made sure the Z/28 was as light as possible to maximize its power-to-weight ratio. Everything from lightweight wheels to thinner rear-window glass is used to reduce curb weight and improve the overall weight balance. The carbon ceramic brake rotors, for example, collectively save more than 20 pounds of unsprung weight, compared to the Camaro SS.

In fact, 100 percent of the unsprung mass – suspension, wheels, tires and brake system – has been changed from the Camaro SS, dramatically enhancing the balance and overall driving feel of the Z/28.

A 7.0L LS7 V-8 rated at 505 horsepower (376 kW) and 481 lb-ft of torque (652 Nm) complements the lightweight vehicle components to give the car an enviable 7.6:1 power-to-weight ratio. It was bred on the racetrack, with features designed for high-rpm performance and durability, including a durable forged-steel crankshaft, lightweight titanium connecting rods and high-flow cylinder heads with lightweight titanium intake valves.

## Question & Answers About Selling Real Estate

# Look for a Home's Potential

Cosmetic issues are easy to remedy

Compliments of Mike Stark, Coldwell Banker Schmidt Realtor East Jordan. (231) 536-7700

Part 1 of 2  
Home shopping for first-time homebuyers it's an exciting, albeit nerve-wracking, experience. If you're like others in the market for their first home, you probably have in mind exactly how your soon-to-be home will look.

But it's important not to fall into the bad decorating, dingy walls and dirt-bare back yard equals bad-home trap. If you don't see past the hideous wallpaper, funky light fixtures and avocado green carpeting, you may miss out on a home with great potential.

And, if you're looking for a home in a seller's market where homes are being snatched up as soon as they go on the market, you'll come to realize you can't be choosy if you want to make a competitive offer.

One of the first things to do is to

get pre-approved for a loan and determine the maximum you can afford to offer for a house. Don't look at homes that are asking for more than 5 percent above your maximum, otherwise you'll be setting yourself up for disappointment if you find the perfect—but outside your budget—home.

So what to do?  
The floor plan of the home is extremely important. If a floor plan isn't quite to your liking, consider rearranging it or adding on. If you're looking at an existing home and will need to remodel or expand to suit your needs, the estimated cost of renovation needs to be considered when making an offer.

Also, consider the features of a home:  
Walls. While these are among the easiest to remedy, they also make a

huge first impression. If the walls need to be painted, are covered in wallpaper or are painted a color you find distasteful, picture them crisp and clean in the color of your choice—that's how they could look after you paint them.

Floors. Like walls, carpet or floor surfaces that are old or outdated can be easily replaced. You could even ask for a carpet allowance in your bid, especially if you're in a buyer's market.

View. Things like old, ugly—even dirty—windows and window treatments can make a view appear less desirable. Those things can be improved, so unless the only view you have is of your neighbor's clunker on the side of the house, don't get hung up on what is surely a fixable view.

## Medicaid Open Enrollment

– Part 1  
This is part 1 of a 2 part series concerning the Medicare Open Enrollment process that runs from October 15th through December 7th. In this article, I will discuss some of the information that will be sent to current Medicare prescription drug plan subscribers, and in Part 2, I will furnish some details about the drug plans that will be available to sign up for during the open enrollment period, with coverage to start January 1, 2015.

Beginning in September, both the Federal government and the Plan D prescription drug companies will be sending notices to Medicare beneficiaries. Folks who are participating in the Social Security Extra Help program may receive a letter from that agency asking them to verify their eligibility. Beneficiaries are required to complete this form and return it within 30 days to be considered for eligibility in this low income assistance program through 2015.

Medicare requires that each of the companies approved to sell Part D prescription drug plans send notices to their current subscribers no later than September 30th. They will provide several documents

that describe their plan changes for the upcoming year. This information can be quite lengthy and cumbersome to read, in addition to being dull for many people. However, these notices, called the Annual Notice of Change and the Evidence of Coverage, will provide information that can be very important for the subscriber to determine whether they want to continue with the same plan for the following year. These notices will tell about the new monthly premium cost, describe possible changes to the plan's drug formulary, any modifications to the drug restrictions, and adjustments of the drug tier groups. Any of these items can result in a substantial change in costs to a beneficiary, and the need to review the other 30 plus plans to see if there is a better alternative.

Also, the Part D plans will be sending out a number of other advisories and subscribers may receive them depending on the type of notice. For example, all Part D insurance plans are permitted to review the other 30 plus plans to see if there is a better alternative. Also, the Part D plans will be sending out a number of other advisories and subscribers may receive them depending on the type of notice. For example, all Part D insurance plans are permitted to review the other 30 plus plans to see if there is a better alternative.

The CMS Medicare also has a myriad of notices that will be sent out to affected beneficiaries concerning such topics as changes in premiums for those on Extra Help, auto-enrollment in a different Part D plan, etc. Each of these notices are color coded to assist in the understanding of the type of announcement.

This entire process can be daunting for beneficiaries, but help is available. Counselors from the Medicare/Medicaid Assistance Program (MMAP) can review drug plans during the open enrollment period and, if needed, furnish suggestions for plan alternatives. They can also help to interpret the various notices described above. MMAP counselors can be reached by calling 800-803-7174. Representatives will send out a prescription drug worksheet that will begin the process of the Part D plan review for 2015. It is recommended that beneficiaries start calling MMAP in September to start the plan review process for the upcoming year.
