East Jordan downs Boyne City in early season matchup

By Chris Fiel

East Jordan 59, Boyne City 50

BOYNE CITY — It was an early season showdown that packed the gym in Boyne City and had that postseason atmosphere throughout the building. In the end, it would be the East Jordan Red Devils coming away with a 59-50 victory on December 12.

The Red Devils were able

to withstand a late run by the Ramblers midway through the fourth, where Boyne took the lead 43-40 on a Derek Willis triple with 4:53 remaining in the contest.

East Jordan would then respond with Donny Cutler driving and drawing a foul, where he would knock down the first free throw before missing the second, only to have the ball end up in teammate Jordan Weber's hands, where he

would launch a deep triple and knock it down to put the Red Devils back up 44-43.

The two squads would exchange leads over the next couple of possessions before East Jordan was finally able to take the lead for good 47-45 on a Colin Petrie layup with just under three minutes remaining in the game.

The Red Devils would then hit 12-of-14 shots from the charity stripe down the stretch to seal the win.

"Happy with how we responded in second half to come back and take the lead and then the way guys stepped up and kept it close after three starters fouled out and Tanner Kruzel not able to play," Boyne City coach Nick Redman said. "Something to build on."

The two teams came out swinging in the highly anticipated early season contest, neither backing down as they matched shot for shot in a pretty much even first quarter as they played to a 17-all tie.

During the second quarter, the Red Devils created some much needed separation as the Ramblers found themselves in foul trouble as three of their starters were whistled for their third foul of the contest, forcing coach Redman to utilize the Boyne bench, where EJ took a 31-20 advantage into the break.

The third quarter saw Boyne make a run at the Red Devils behind the shooting of Dalton Gardner (five points) and the free throws of Corey Redman (6-of-6) before Redman was whistled for his fourth and fifth fouls as the Ramblers cut into the East Jordan lead to pull within 38-33 headed into the final quarter.

Cutler finished with 18 points to lead the Red Devils, including 12-of-18 from the free throw line.

Jordan Weber added 16, Colin Petrie chipped in with 15 and Collin Bajko added six for East Jordan.

For the Ramblers, Gardner led the way with 13

points, while Redman added 12. Zach Napont finished with nine and Cole Butler had seven.

Boyne City (0-2 overall, 0-1 conference) hosts Elk

Rapids on December 16, while East Jordan (2-0, 1-0) hosts Charlevoix in another pair of key Lake Michigan Conference contests.

Red Devils close strong to down Ramblers

By Chris Fiel

East Jordan 36, Boyne City 29

BOYNE CITY — It was a game of runs. In the end, it was the Red Devils girls basketball team that made the final run to close the deal as East Jordan defeated Boyne City in a Lake Michigan Conference contest on December 12.

Boyne City would jump out to an early 8-0 lead, only to see the Red Devils respond with 15-4 run to close out the half and give East Jordan a 15-12 lead at the break.

The Red Devils came out strong once again in the third quarter as they reeled off seven unanswered points to begin the quarter and open up a 22-14 advantage.

The Ramblers would use a short burst of their own to pull back to within seven headed into the final quarter.

Boyne would continue their climb back as they made a run early in the fourth to pull even at 27-27 on a pair of Sidney McLeod free throws with 4:33 to go in the contest.

East Jordan would then finish the game with a 9-2 run as Miranda Burks would knock down four charity stripe tosses to seal the win for the Red Devils.

“We started the game down 8-0 before we hit our first shot,” EJ coach Steve Hines said. “Slowly crawled back in and took a three point lead into halftime. We increased our lead to seven entering the last quarter. Kaitlyn (Hines) scored five points and Miranda (Burks) four in the last quarter allowing us to hold on.”

Kaitlyn Hines finished with 12 points and 18 boards to pace the Red Devils, while Lindsay Schroeder added nine and Jill Atwood had seven.

For the Ramblers, Celena Brzezinski had 13 and Makayla Baker added seven.

“We didn’t shoot the ball very well tonight especially from the free throw line but a strong defensive effort again, proved to be the difference,” coach Hines added. “We have played our best so far in

Training sessions are held for eight weeks beginning in January and February. During the Wednesday and Thursday night sessions, skiers ski in small groups with a NMSA coach. Skiers practice the fundamentals of ski racing with racers of their own age and capability. Friday nights are “open gate nights” at both Boyne Mountain and Boyne Highlands with courses set to allow the racers to practice racing. Coaches are available at the top and bottom of the courses to provide feedback to the skiers.

Running isn't just running

By Tina Sundelius

ELLSWORTH - Ellsworth's high school has a total student body enrollment of less than 100 yet produced a cross country team of 27 dedicated runners. That's one-fourth of the student body participating in the most grueling of extra-curricular activities.

At the end of the season, the Lancers and one of the Lady Lancers went to the state championships taking the rest of the Lady Lancers, who barely missed qualifying, along for moral support. Superintendent Aaron Gaffney attributed the teams draw and success to the coach, ECS alumni Ruben Oviedo-Delgado.

A Coach is one who prepares and instructs. This can be accomplished in many ways. Coaching styles vary but Coach Ruben seems to have found the style that makes his athletes want to do their best. "Ruben has that special "it" factor that comes naturally. He is able to get students to do more than they think they are capable of. It shows in the number of kids we have participating in cross-country. It's truly amazing that a small-school with less than 100 students in grades 9-12 has 27 students participating in cross-country—that's a direct reflection on the coach and the student's desire to run for him," said Gaffney.

Coach Ruben enjoys sharing his passion for running. He has stated that his goal in coaching is to instill self-confidence, belief, and hope in his runners. "He's all about doing it for yourself. If you push yourself and do your best then it will ultimately positively affect the team and then you are contributing, no matter where you place. I'm contributing all I'm capable of and that's good enough," said Sydney Sundelius.

Ruben's secret to motivating his runners is by teaching them how a hard sport like running can be lots of fun. "I have so much respect for him and I truly think he is a great man. There's something about his coaching that makes you want to work harder. He gets you excited enough about running that you just want to work your butt off," said Katelyn Sowers. Ruben knows that not every run has to be hard, long and painful, some runs are short, during some runs the team holds conversations, and some runs explore new places. He shows them how to stop focusing on the difficulty and to enjoy the view and how bad days can be used to have a good day of running, channeling anger, fear/emotions and leaving them out in the woods. Running can be used as an escape.

When the students talk about cross country they talk about their cross country "family." "He made our whole team like a family, and that is what made us so strong," said

Vanessa Cebulski. "Making us a family made us a lot stronger," agreed Mari Sweet.

The cross country family still encourages one another and can be heard quoting Ruben in the halls at school. Some words of wisdom they will never forget, "Run with your heart, not your legs, your legs will get tired and want to give up, but with your heart, nothing can stop you." And before a big test Ruben's wisdom is still being spread at school, "You just have to want it," and "embrace the pain" are sentiments that seem to hold meaning for more than running.

When two members of the team were injured Ruben introduced Yoga to keep them in shape while healing. "When some of our kids had injuries, and couldn't run, Ruben not only encouraged them to do yoga, but he did it with them. Now that's a great coach," said parent Tracie Nagel.

In fact, there were so many runners on the Ellsworth team that at the Boyne Falls invitational a member of another team made a comment that "Ellsworth brought an army." And both boys and girls teams continued to improve throughout the season. "Overall our teams had incredible seasons. Both teams placed in the top 10 in the state Class D meet. That trend looks like it will continue. We have outstanding younger runners, both boys and girls. The kids are continuing to run and train on their own. We're very excited about the future of the Ellsworth cross country program" said Gaffney.

Probably the element that contributes to Ruben's ability to be the inspiration he is, is his belief that running isn't just running. It's taking yourself to your limits and discovering you can do more than you thought you could over and over again. "Running is a million different things. Each person has their own personal reason for running. The hard part is finding that reason. Most kids when they get invited to run have the same response. "I don't want to run, I'm not a runner, I hate running, I can't run three miles." For most kids they think of running as hard, long, never ending pain. It is true, running is hard, long and sometimes very painful, but if we learn to embrace the pain, overcome it, we can find things about ourselves that only can come from running," said Ruben.

When seeking out new areas, check them out, live and in person. If you have a vacation coming up, pick a region, rent a car, and drive around to take a look. Spend some time in the area and ask yourselves these questions.

Do people have home pride?

Houses that aren't kept up can either signal an area full of renters or a town on the decline. But if people are clearly investing in their properties, it's a great sign that they're staying put because they like the town and believe that

their homes are good investments.

What's the downtown vibe?

Walk through the downtown area. Visit and shop at the locally owned businesses.

What does it look like at night?

A cute neighborhood can look a lot different at night. You should walk or drive around town when the sun goes down.

Who are my future neighbors?

Make sure that your trip

takes place during a weekend because that's when people are more likely going to be out and about. If there's a local coffee shop, get a cup and sit and listen because, chances are, some of these people will be your neighbors. Don't be afraid to ask them some questions.

Is the police report positive?

Ask the police department to give you a crime log. You'll see exactly what's going on, and where.

What's rush hour like?

Take the route to work when traffic is at its heaviest to find out what both of your commutes would be like during the morning and evening rush hours. Even if your dream neighborhood is 10 miles away from work, it could take much longer in traffic, and that doesn't make any homecoming welcoming.

Can we rent before we buy?

If you're still not sure and need to move ASAP, consider renting. This lets you really get to know the neighborhood before forking over a down payment.

Automotive Review

The all-new 2015 Chevrolet Colorado Z71 is built with the DNA of a true Chevy truck and is expected to deliver class-leading power, payload and trailering ratings. Colorado goes on sale in fall 2014. PHOTO © GENERAL MOTORS.

MOTOR TREND Names Chevrolet Colorado 2015 Truck of the Year

Midsized pickup out-classes competition in design, engineering, efficiency, safety and more

After its most comprehensive truck evaluation program in history, MOTOR TREND has selected the Chevy Colorado as its 2015 Truck of the Year®. The 2015 Colorado emerged as MOTOR TREND's 2015 Truck of the Year by a rare unanimous vote. The editors were particularly impressed with Colorado's handsome, clean-sheet design, "right-sized" package, excellent handling and overall capability. Colorado's potent-yet-efficient powertrains also returned best-in-class fuel economy according to Real MPG and EPA testing. "After days of testing, hundreds of miles on the road, and our most rigorous truck testing program to date, our editors unanimously selected the Chevy Colorado as our 2015 Truck of the Year," said Edward Loh, MOTOR TREND's editor-in-chief. "Colorado is a smart, capable, and refreshingly honest truck that makes a strong value and efficiency statement.

It's perfectly sized and suited for the needs of many of today's

truck users."

Said Sandor Pizar, Chevy Trucks marketing director: "The Chevrolet Colorado offers customers the versatility of a pickup in a powerful, refined, fuel-efficient midsize package, with up to 27 mpg EPA highway. For Colorado to emerge from MOTOR TREND's thorough evaluation as the 2015 Truck of the Year shows how Colorado is changing the game by offering truck customers fresh new choices."

To determine which truck deserved top honors, the MOTOR TREND test team subjected all of the contenders to numerous instrumented and real-world road tests. First up was standard MOTOR TREND testing, which included: 0-60 mph and 1/4-mile acceleration, 60-0 mph braking, and maximum lateral grip - all without payload or trailered loads.

A specific payload was then added to each truck and van, and the vehicles were then driven more than 250 miles to the Arizona/Nevada border to evaluate ride quality and loaded fuel economy. The vehicles were driven up and down the famed Davis Dam in Bullhead City, Ariz., for further assessment, including an instrumented test designed to simulate a passing situation while carrying a load.

The team then moved to a world-class automotive proving

grounds for instrumented acceleration tests with nominal weight trailers. Truck and trailer were also driven through a short handling course to evaluate acceleration, braking, maneuverability and outward visibility. The final phase of evaluation involved a 21-mile road loop through hills of Arizona's Hualapai Mountains.

Following the team's intensive evaluation, the trucks were shipped to MOTOR TREND headquarters in El Segundo to undergo proprietary "Real MPG" fuel-economy testing. Using advanced exhaust gas and flow-rate analyzers, Real MPG measures tailpipe emissions every second during a three-hour, 88-mile drive around the Los Angeles area to record accurate real-world fuel economy.

Once testing was completed, select MOTOR TREND editors convened to determine which truck would be crowned Truck of the Year. The winner is not chosen from a direct comparison against the other contenders, but rather as a result of how each contender performed in testing and against the award's six criteria: Design Advancement, Engineering Excellence, Efficiency, Safety, Value, and Performance of Intended Function.
