## Ramblers survive tough Rayder team

Both teams put forth strong defensive effort

By Chris Fiel

Boyer City 13, Charlevoix 0

CHARLEVOIX -- They always say, when rivals meet, throw out the record book.

In this case, both teams came in with 1-0 records for this early season meeting, with both coming in convincing fashion, with offensive outbursts.

This contest however, would be all defense, as neither team could muster a lot of offense against their opponents.

Boyer City would get on the scoreboard with 4:34 remaining in the opening quarter as Tarin Bell scooted his way around the right side and into the endzone for six points. A successful Tanner Kruzell would make it 7-0 Ramblers.

The score would remain that until just before halftime, when the Boyne caught everyone off guard with a trick, halfback option play from Kruzell as he swept left and then when the Rayder defense began to pursuit him, he pulled up and floated a pass over the Charlevoix defensive backs and into the arms of a wide open Luke Sage, and the senior would outrun, would be chasers to the

endzone for a 61-yard score and a 13-0 lead as the extra point attempts was not good.

Both teams made their counterparts work for everything they got as both were even more dominant in the second half, where both offenses were unable to get the ball over the goalline.

Charlevoix would have some success moving the ball through the air in the second half, twice moving to within the 10-yard line in the final 12 minutes of the contest, but unable to punch it in against a strong willed Rambler defense.

"We had no answer for their de-

fensive speed against our young offensive line," Bindi added. I thought we made a few nice plays and had some good blocks, but against great teams like Boyne who play at a different level of speed, we just weren't able to contain all of them on enough plays to sustain a drive and get it in the end zone."

Boyer was able to apply pressure all night on the Rayder quarterbacks and backs, as Kruzell and fellow lineman Carter Wilmot, along with linebackers Sage and Malik Smith spent plenty of time in the Charlevoix backfield. The Ramblers totaled 11 tackles for a loss as a team, with those four racking up 10 of them.

Sage finished with a team high 13 stops (four for a loss); while Kruzell recorded nine tackles (one for a loss); Wilmot added six stops (one for a loss); Jacob Ager had six tackles; and Smith chipped in with four tackles for a loss.

Not to be outdone, the Rayder defense which spent a lot of the second half in the Ramblers backfield, hurring plays and putting big hits on the quarterback, as Austin Putman had two sacks and a forced fumble and Brad Klinger and Jared McLean each finished with six tackles.

Offensively for Charlevoix, McLean carried the ball 14 times for 61 yards to lead the rushing game, while Klinger, filling in for injured quarterback Forrest Noiro, had four completions for 70 yards, with Putman and Erik Oshaben the recipients of those throws.

"Our game plan was to not allow them (Boyer) beat us up the middle," Charlevoix coach Ron Bindi said. "On their first score, we had good coverage, just didn't take the right angle."

"Brad (Klinger) came in and played well, filling in for Forrest (Noiro)," coach Bindi said. "We're comfortable with both guys leading the team, and they both get plenty of reps and know the offense."

The Ramblers got 79 yards on the ground from Smith on 19 carries, while Bell added 69 yards on 10 attempts.

Boyer City (2-0) travels to Mancelona on September 11, to take on the Ironmen at 7pm, and the Rayders (1-1) visit Coleman on September 12 for a 3:30pm contest.

# Superlative SUP-ing

Having fun while exercising on Burt Lake with SUP Coach, Sheree Lincoln (front), are Indian River residents Betsy Hanson (l) and Diane Rekowski. (PHOTO PATRICK BEVIER)

By Patrick W. C. Bevier

The plate glass water, tranquil atmosphere, and million-dollar sunset at Burt Lake's Devoe Beach enhanced the experience of my first Stand Up Paddleboard (SUP) adventure recently. I had hooked up with exemplary instructor, Sheree Lincoln, from Brasswind Landing in Indian River and joined a few other SUP rookies to experience this relaxing yet aerobically and muscle-building activity. As an avid kayaker, I must admit that I am now just as excited about SUP-ing!

The conditions on Burt were ideal with very few waves and little boat traffic. This allowed Sheree to teach us about the different types of paddleboards, how to mount the board, where to stand, and the basic techniques of bending your knees and hinging at the waste to get the maximum paddle stroke strength. Lincoln is a Level 2 Certified PaddleFit Instructor. That means she can not only instruct you in the basics of Stand Up Paddling but can share the form necessary to get a maximum core workout in the process. In the Brasswind Landing's literature Lincoln is quoted:

"Stand Up Paddling can be a core exercise when it's

done correctly. As a PaddleFit Coach it is my goal to provide you with a system that helps you paddle with technique and efficiency."

Adding a twist to the basic SUP techniques the Lincolns host what they call, "fun group fitness challenges." These events feature SUP racing with the extra challenge of periodic, multiple reps of push-ups, crunches, up-downs and other exercises while still on the board! They also offer on-board yoga and will take you on a night adventure with boards and paddles that have lights on them.

SUP (Hoe he'e nalu in the Hawaiian language) is a sport that originated in Hawaii as an offshoot of surfing. According to a 2013 report it was the outdoor activity with the most first-time participants in the U.S. Experienced paddlers race on lakes, large canals and rivers, ride-breaking waves, and glide along Great Lakes coasts sometimes using tail winds to aid the trip. Michigan, with its abundance of water, is one of the leading states in terms of SUP participants.

So, if you would like to try this peaceful yet strength building activity

give the Lincoln's a call at (231) 238-4843 or visit their website at [www.brasswind-landing.com](http://www.brasswind-landing.com). Their shop is conveniently located at 6240 Mack Ave. in downtown Indian River off of exit 310 of I-75. They will guide you on lake or river SUP trips and are taking reservations for all fall appointments. Brasswind also features kayak, canoe, and bicycle rentals. Their advertising states, "Call us to plan your adventure today!"

Based on my experience, it's an adventure worth taking again and again.

# Red Devils roll past Hillman 28-8

## Fast start propels EJ to win

By Chris Fiel

### East Jordan 28, Hillman 8

EAST JORDAN — The Red Devil football team picked up their first win of the 2015 season, downing Hillman 28-8 in front of the home crowd on September 3. In the process, East Jordan snapped a 10-game slide.

It didn't take long for the Red Devils to establish their game plan early as they marched down the field and capped off a strong drive with a four-yard run by quarterback Colin Shepard for an early lead.

Hillman then took possession and moved the chains to within the 20 yard line, only to fumble into East Jordan's hands.

A few plays later and Red Devil junior, Ryan Graham found some open field and jettied his way for a 60-yard touchdown

run, giving EJ a 14-0 lead.

The Tigers were able to get on the board before the half expired and close the gap to 14-8 Red Devils, but a strong second half plan by the EJ coaching staff and great play from the team resulted in another pair of Red Devils scores, while the defense held the Hillman offense in check the remainder of the night.

Donny Cutler and Jared Hock were the pair of EJ running backs that got on the board for the team.

Cutler paced the Red Devil offense with 121 yards on 18 rush attempts, while Graham added 10 carries for 107 yards and Hock rumbled to 45 yards on six carries.

East Jordan (1-1) travels to Kalkaska (1-1) on Friday, September 11, when they open play in the Northern Michigan Football League II at 7pm.

## Paddle Antrim Festival

September 18 & 19. The Paddle Antrim Festival includes a two-day kayak paddle through Northern Michigan's Chain of Lakes. The first day begins in Ellsworth continuing through Central Lake to Bellaire, meandering through numerous small lakes. The second day will continue from Bellaire, ending in Elk Rapids, passing

through Torch Lake, Michigan's longest inland lake. This 40+ mile paddle event highlights the wonderful natural resources-based activities available in Northern Michigan. Registration Fee- 2-Days: \$72, 1-Day: \$45. Tandem Kayak Registration Fee- 2-Days: \$120, 1-Day: \$75. Info at [www.paddleantrim.com](http://www.paddleantrim.com).

## Automotive Review

New 2016 Ford Explorer Platinum series in Magnetic. Image copyright Ford Motor Company

# Ford Explorer goes platinum

The vehicle that gave us room to roam reminds us that there is always room to grow and #ExploreMore. Ford Explorer – the best-selling SUV in the United States for 25 years – reaches new heights with the Platinum edition, a well-appointed combination of the performance-minded Explorer Sport and comfort-designed Limited trim level. Ford Explorer Platinum will hit showrooms in September.

“For 25 years, Explorer has shaped what people expect from an SUV,” said Raj Nair, Ford group vice president and chief technical officer, Global Product Development. “With this new Explorer Platinum, we’re raising expectations.”

The new Explorer Platinum further elevates the three-row SUV in look and feel, with standard upgrades both inside and out. New multi-adjustable front seats wrapped in Nirvana leather with micro-perforation, industry-first 500-watt premium Sony® Audio System, smart driver-assist technologies and powerful 3.5-liter EcoBoost® V6 engine advance Explorer in ways customers can see and feel.

“Platinum is the ultimate expression of refinement,” said Mike Arbaugh, Ford Explorer chief designer. “This is the most upscale, high-quality interior we’ve ever offered on a Ford vehicle in North America.”

The interior employs the finest materials, including real alu-

minum and real ash wood multi-piece appliques on door panels and instrument panel. A wood and leather-wrapped heated steering wheel showcases unique stitching that matches the stitching used throughout the interior.

Interior color options include Soft Ceramic or new Ebony with Anthracite headliner combination. Nirvana leather wraps the instrument panel, console armrests, quilted door bolsters and upper door trim. The instrument cluster features a large 10-inch digital display supported with analog displays – a first for a Ford-brand vehicle.

For the first time in a Ford production vehicle, a brushed-aluminum Ford oval is centered on the steering wheel. Even the A-pillars are fabric-wrapped; every detail has been considered for the Platinum customer.

The new Explorer Platinum is the first Ford vehicle to get all-new 500-watt Sony Audio with Live Acoustics™ and Clear Phase™ technology. Live Acoustics re-creates the sound dynamics of some of the world’s greatest concert halls for more enveloping, more realistic sound. Clear Phase technology eliminates sound dispersion throughout the vehicle, so the music passengers hear is precisely pinpointed – just as the artist intended.

Explorer Platinum also gets standard smart technology features including enhanced active

park assist, lane-keeping system and rain-sensing wipers. Along with popular parallel park assist, enhanced active park assist can now help drivers back the vehicle into a perpendicular spot.

For the exterior, signature lighting surrounds LED headlamps – giving the vehicle a continuous glow. Other features include a standard dual-panel moonroof, premium silver-painted front and rear skid plate elements, and 20-inch wheels with bright machined face and tarnished dark painted pockets.

“The Explorer name has long been synonymous with off-road capability,” said Craig Patterson, Ford utilities marketing manager. “Explorer Platinum continues that reputation and adds so much more.”

Ford Explorer is sold in markets across the globe – built in North America at Chicago Assembly Plant, as well as in Venezuela and Russia. Ford exported more than 56,000 Explorers from the United States last year, and plans to export even more in 2015.

“Customers love Explorer, and they expect it to continue to lead the way in innovation, performance and fun,” said Arie Groeneweld, chief engineer for the new Explorer. “That’s the challenge we embraced when we set out to build the best SUV in the world.”

## Do You Have Buyer's Paralysis?

SCHMIDT REALTORS

### A CONFLICT IN GOALS

Many couples purchase homes with the idea that they will have a child, so stretching buying power to have the extra space makes sense. But if you are trying to accomplish two big financial goals at the same time - buying a home and adding to your family, then something has to give.

You can't have it all - peace of mind, a large mortgage, and burgeoning expenses all at the same time. Something has to give and the way to do that is simply to prioritize your goals. In what order of importance do you want things to happen? What is most important to you? Whether you are planning a family, returning to gradu-

ate school, paying off a student loan, or buying a new car, you surely realize that your financial pie can only be sliced so many ways. Your mortgage is the largest, and the larger it is the smaller the other pieces.

### PROBLEMS IN THE MARRIAGE

This is one of the toughest issues to address, and one your Realtor can't help you with. But just as you are listening to your instincts about the amount of money you should spend on your new home, you should be paying even more attention to your feelings about your marriage. And only you can answer the question - will we still be together in five years? You should at least be able to predict being together long enough to pay off the interest on your loan! Or you'll be sell-

ing your home without the benefit of building any equity and equity only comes with appreciation and mortgage reduction.

Buying a home will not fix a poor relationship. It will only make things worse. So you have a decision to make and it isn't which house to buy. It is whether or not you want this relationship to survive. If you decide you want the marriage, then you must pour your efforts into fixing its problems, including your share of the blame. Be willing to change some things, compromise on others, or accept many things as they are. If you can't do all of those, then to dissolve the partnership is your only other choice. After you have solved the problems in your relationship, you will find your home more easily.

## Featured Property

# 35-acre parcel with pole barn by Oaks of Walloon

By Jim Akans

The only limit to this week's feature listing is the imagination of the buyer. Located adjacent to the Oaks of Walloon, this 35 acre parcel complete with huge pole barn is an incredible opportunity.

This beautiful parcel is situated on Country Club Road and has paved access from the Oaks. The property is surveyed and staked every 100 feet. It has two parcels of record and can be split further for site development. Featuring spectacular wildlife, mature trees and natural beauty...this is also an amazing place to start your own private retreat or year round residence.

As a bonus, the current owner started clearing the site and built a beautiful 32 x 64 foot pole barn. Highlights of the barn include cement floor, both 10-foot and 12-foot overhead doors and large three-foot overhangs.

This outstanding opportunity is located at 1722 Country Club north of Walloon Lake and it is listed at \$239,900. For a more information or to arrange a tour, call Marty Moody, Associate Broker or Christopher Christensen, Associate Broker at Lynda's Real Estate Service in Boyne City at 231-582-9555 or email at Marty@lyndasrealestateservice.com or Chris@lyndasrealestateservice.com
