# Rayders spoil Red Devils Homecoming

## Charlevoix ground game picking up steam

By Chris Fiel

### Charlevoix 31, East Jordan 0

EAST JORDAN – The Charlevoix Rayders rolled into town, looking to stay unbeaten in conference play and inch closer to a possible playoff berth. On October 9, they accomplished both in defeating the host Red Devils, 31-0 in front of a standing room only homecoming crowd at East Jordans Boswell Stadium.

With the win, the Rayders third straight, Charlevoix improves to 3-0 in the Northern Michigan Football League II, and 5-2 overall on the season.

Things looked promising in the early going for the Red Devils, as they held the ball on an eight play drive to begin the game, taking more than five minutes off the clock, only to turn the ball over on downs at the Charlevoix 36.

The Rayders wasted little time in putting a drive of their own together as they marched 64 yards in five plays, capped by a Ben Boss touchdown run from five yards out and following an unsuccessful conversion attempt, Charlevoix took a 6-0 lead.

With both teams stepping up on the defensive side, neither offense could get anything going until 1:41 remained in the first half, when Charlevoix struck again, this time through the air,

as Rayder quarterback, Forrest Noirot connected with Austin Putman on a 50-yard pass, and after a successful Hunter Cox extra point, the Rayders were up 13-0.

The Red Devils took over and looked to put some points on the

board before the half, driving down the field in five plays to the Charlevoix 12 before the Rayders picked off a pass intended for Ryan Graham. Charlevoix would run out the clock and head into the half, leading 13-0.

"They (East Jordan) moved the

ball on us early in the first quarter and again before the half, but our defense stepped up and kept them out of the end zone," Charlevoix coach Ron Bindi said. "I'm liking the way we're playing defense right now, we're playing a lot more physical."

Coming out of the break, the Red Devils recovered an onside kick, but were unable to move the chains as Shepard fumbled the ball on the drive and the Rayders recovered at their own 35 yard line.

Charlevoix would then string together a five play, three minute, ten second drive that covered 65 yard, highlighted by a 32-yard touchdown run by Noirot, making it 19-0 Rayders with 6:41 to go in the third.

Charlevoix would score again with one second left in the quarter as the Noirot to Putman connection would find paydirt on a 16-yard touchdown and a 25-0 Rayder lead.

Malcolm Williams would cap the Charlevoix scoring at the 7:41 mark of the fourth quarter, when he broke free for a 46-yard run.

"The kids played hard," East Jordan coach Allan Peterson said. "Charlevoix is a good football team and very physical, we don't hold up to the pounding very well."

Offensively for the Rayders, Noirot finished 5-of-13 passing for 104 yards and two touchdowns, while also rushing for 47 yards

and a score.

On the ground, Williams picked up 132 yards on seven carries and a score, while Boss added 97 yards on 14 attempts and a touchdown.

Putman hauled in four passes for 99 yards and a pair of TD's, while Brad Klinger also had a reception.

On defense for Charlevoix, Jordan Adkins and Williams both recorded 10 tackles, with Williams adding a fumble recovery. Cam Alden had nine stops, while Justin Adkins added seven tackles.

Also for the Rayders, Boss had four tackles and an interception, while Josh Hinkley had a fumble recovery.

For the Red Devils, Shepard was 5-of-8 passing for 57 yards, while Donny Cutler gained 36 yards on 11 carries and also caught four passes for 61 yards; Ryan Graham added 22 yards on 13 attempts. Riley Kibler also rushed for 15 yards.

Cutler led the EJ defense with nine stops, Kibler added eight, and Graham and Jordan Cartwright each finished with six tackles.

"We had to play some guys out of position and they responded pretty well," coach Peterson added. "I continue to be very proud of this bunch, because they fight to the end."

The Red Devils (0-3, 2-4) travel to Harbor Springs on October 16 to face the Rams; while the Rayders play host to Frankfort at Kipke Field, both games begin at 7 p.m.

# Ramblers roll over Huskies

## Smith delivers another big game

**Boyne City 56,  
Benzie Central 6**

BOYNE CITY -- The Boyne City football team didn't take long to establish control of the contest, fending off all the distractions that would come with an event that would incorporate the Ramblers homecoming, senior night, the program's Crucial Catch fundraiser night, and a hall of fame induction.

The Ramblers got on the scoreboard just 17 seconds into the game as Dylan Hutterer picked up a fumble forced by linebacker, Malik Smith at the Huskies 25-yard line and sprinted

into the end zone for the early 7-0 lead.

That score would just be the beginning of what would be a long night for Benzie Central as Boyne went on to score three more times in the opening quarter to put the game in hand and out of reach, leading 28-0 after the first 12 minutes of play.

Those scores would come on a 35-yard pass from Mason Gardner to Luke Sage at the 6:21 mark; a Smith 6-yard run with 2:28 left in the quarter and the final score of the first would come courtesy of Tarin Bell on a 25-yard scamper around the right side, just over 30 seconds after the previous Rambler score.

BC would add two more

"The kids played well and we are continuing to get better," Boyne City coach David Hills said. "This week presents some challenges as Elk Rapids has forfeited the game and we are now in preparations for Grayling."

scores in the second quarter as Gardner hooked up with a wide-open Dominik Archey on a 74-yard pass play and Smith scored his second TD of the night on a 16-yard run that featured the fullback tip-toeing down the near sideline and into the end zone for a 42-0 cushion with just over six

and a half minutes until intermission.

The second half would continue to be dominated by the Ramblers as Smith took a handoff on Boyne's opening drive and jetted 61-yards to the house, giving BC a 49-0 lead.

Smith finished with 213 yards rushing on 17 carries and three scores to lead Boyne. Skylar Rostar added 39 yards and a TD on eight carries

Gardner finished 2-of-2 passing for 109 yards and two touchdowns, with Sage and Archey getting the receptions.

Defensively for Boyne,

Tanner Krusel finished with six stops, while Smith and Sage recorded five each and Zak Bears added four.

With the win, Boyne improves to 6-1 on the season and clinch their fourth straight trip to the post-season. The Ramblers were scheduled to play Elk Rapids on October 16, but the Elks forfeited the contest due to the lack of numbers.

Boyne will be 7-1 when they travel to Grayling on October 23 in the regular season finale.

## Successful early elk hunt season in books

Michigan's early elk season is now over, leaving many happy hunters with full freezers and memories for a lifetime.

"It was perfect! The hunt was above and beyond my expectations, very thorough and very professional," said Dale Grelewicz of Twin Lakes. Grelewicz harvested his once-in-a-lifetime bull elk, with his wife Jeanne at his side, on Aug. 26.

The early elk season was made up of three, four-day hunts starting Aug. 25. Fifty state hunters had 12 days to harvest their elk, and 43 of them were successful in doing so. The early elk season is unique because it takes place during the rut, when calling can be effective, increasing the potential for some exciting interactions.

"Throughout the season we have had excellent weather," said DNR wildlife biologist Jennifer Kleitch. "Weather is always a big factor in hunting, and a hunt in late August, for large animals like elk, can sometimes be difficult if the weather is too warm and animals don't move much."

For the early elk season, 35 licenses were issued for antlerless elk and 15 for bulls. Of the 43 elk that were harvested, 28 were antlerless and 15 were bulls.

Over 36,000 Michigan residents applied to hunt elk this year, and 100 were selected via a random, weighted lottery, which began in 2003. This system provides some advantage to hunters who apply consistently year after year, while still offering an opportunity to all applicants.

to all applicants.

"I had been applying for over 20 years," said Grelewicz.

Elk hunting in Michigan, which has occurred annually for state residents since 1984, is an effective management tool biologists have used to maintain elk herd numbers, composition and even distribution. The early elk hunt is designed to address crop damage or other private-land concerns by managing elk primarily in agricultural areas.

The December, or late, elk hunt will begin Dec. 5, and 50 more state hunters will have nine days to pursue elk in northern Michigan.

"We are all looking forward to the late elk hunt," said Kleitch. "With the chance of snow on the ground, it's a whole different hunt and experience."

## Pheasant hunting growing in Michigan

With pheasant hunting just under way, the Department of Natural Resources reminds hunters that there are a growing number of opportunities to take part in this treasured Michigan tradition.

Pheasant hunting season runs Oct. 10-31 in the Upper Peninsula in Menominee County and portions of Iron, Marquette, Dickinson and Delta counties; Oct. 20-Nov. 14 in the Lower Peninsula; and Dec. 1-Jan. 1 in selected areas of Zone 3 in the southern Lower Peninsula. The bag limit is two male pheasants daily, with four in possession. A base license is required to hunt pheasants.

"A few years ago Outdoor Life magazine rated Michigan's Thumb among the top 10 places in the country to go pheasant hunting, which points to the fact that pheasant hunting is still alive and well in our state," said Al Stewart, DNR upland game bird specialist. "The DNR and our partners are making progress toward creating more quality pheasant hunting opportunities with the Michigan Pheasant Restoration Initiative, a collaborative effort to revitalize Michigan pheasants."

The Michigan Pheasant Restoration Initiative aims to create small-game hunting opportunities, increase wildlife populations, improve hunter satisfaction and help Michigan's economy. Landowners can get involved – and can get technical and financial assistance – by forming cooperatives to create and enhance pheasant habitat.

"It has been exciting to see what the MPRI coalition of partners has been doing over the last few years to improve pheasant habitat, pheasant numbers and pheasant hunting in southern Michigan," said Bill Vander Zouwen, Pheasants Forever representative and Michigan Pheasant Restoration Initiative Coalition co-chair. "For example, the DNR bought 917 acres and improved thousands of acres on

Pheasant season, now under way, offers hunters a growing number of opportunities to take part in this treasured Michigan tradition. (COURTESY OF DNR)

state game areas, Pheasants Forever provided 75,000 acres of habitat, the U.S. Department of Agriculture farm programs provided nearly 100,000 acres of habitat, and the U.S. Fish and Wildlife Service helped landowners improve close to 3,000 acres. I am really looking forward to seeing what the next five years will bring."

The best counties for pheasant hunting are in south-central Michigan to mid-Michigan and into the Thumb. There are some localized concentrations of birds elsewhere, based on habitat availability. Stewart advises hunters to look for warm-season grasses, especially idled farm fields. Late-season hunters can have success in cattails and shrub lands adjoining picked agricultural fields.

Hunters may be interested in the recently published 2015 Michigan Ring-Necked Pheasant Status Report. The report, along with more information on pheasant hunting and the Michigan Pheasant Restoration Initiative, can be found at [mi.gov/pheasant](http://mi.gov/pheasant).

The DNR asks hunters to help monitor pheasants and quail in Michigan by becoming a "hunter cooperater" and filling out a survey form, which provides important information about the status of these game birds. The form should be returned by Oct. 28 for the early season, and by Jan. 5 for the regular season.

## Ram Trucks:

Setting the Bar on Fuel Efficiency, Power, Payload and Towing

Since its launch as a stand-alone division in 2009, the Ram Truck brand has steadily emerged as an industry leader with one goal: to build the best pickup trucks and commercial vehicles in the industry.

The brand continues to invest substantially in its hard-working products, infusing them with great looks, refined interiors, durable engines and class-exclusive features that further enhance their capabilities. Chief among those investments for 2016 is a substantial increase in the Ram's already chart-topping power and towing.

"Ram is committed to engineering and innovation leadership, which includes a four-pillar list of

best-in-class titles: fuel economy at 29 mpg; torque which we increased to 900 lb.-ft.; payload at 7,390 pounds and towing, for which we've set a new high point of 31,210 pounds," said Bob Hegbloom, President and CEO — Ram Truck Brand, FCA North America. "Ram has loaded its trucks with dozens of features that set them ahead of the competition, including cargo-view cameras, air bag suspension options and, of course, a wide range of powerful, fuel-efficient power-trains."

The full-size half-ton pickup truck segment has evolved from brute capability and acceptable efficiency to an engineering and execution that combine desirable

size, configurations, capability, refinement, technology and quality, and now — most importantly — outstanding fuel efficiency.

As a full-line truck manufacturer, the commercial truck market is also extremely important to Ram. The Ram Commercial Truck brand will continue to expand its presence in the vocation truck segment by enhancing the capabilities of Ram's Tradesman series of trucks from half-ton to Class 5, working with its network of 950 commercially focused dealers, expanding commercial and vocational marketing efforts and leveraging Fiat Professional to bring proven commercial vans to North America.

### Cosmetic issues are easy to remedy

#### Part 1 of 2

Home shopping for first-time homebuyers it's an exciting, albeit nerve-racking, experience. If you're like others in the market for their first home, you probably have in mind exactly how your soon-to-be home will look.

But it's important not to fall into the bad decorating, dingy walls and dirt-bare back yard equals bad-home trap. If you don't see past the hideous wallpaper, funky light fixtures and avocado green carpeting, you may miss out on a home with great potential.

And, if you're looking for a home in a seller's market where homes are

being snatched up as soon as they go on the market, you'll come to realize you can't be choosy if you want to make a competitive offer.

One of the first things to do is to get pre-approved for a loan and determine the maximum you can afford to offer for a house. Don't look at homes that are asking for more than 5 percent above your maximum, otherwise you'll be setting yourself up for disappointment if you find the perfect—but outside your budget—home.

So what to do?

The floor plan of the home is extremely important. If a floor plan isn't quite to your liking, consider rearranging it or adding on. If you're looking at an existing home and will need to remodel or expand to suit your needs, the estimated cost of renovation needs to be considered when making an offer.

Also, consider the features of a home:

Walls. While these are among the easiest to remedy, they also make a huge first impression. If the walls need to be painted, are covered in wallpaper or are painted a color you find distasteful, picture them crisp and clean in the color of your choice—that's how they could look after you paint them.

Floors. Like walls, carpet or floor surfaces that are old or outdated can be easily replaced. You could even ask for a carpet allowance in your bid, especially if you're in a buyer's market.

View. Things like old, ugly—even dirty—windows and window treatments can make a view appear less desirable. Those things can be improved, so unless the only view you have is of your neighbor's clunker on the side of the house, don't get hung up on what is surely a fixable view.
