## Boys High School Basketball Action

### Ramblers fall to Panthers in opening contest

**Frankfort 60, Boyne City 39**

FRANKFORT -- The Boyne City boys basketball team fell behind early and were unable to pull themselves out of a hole in their season opening contest against a tough Frankfort team, 60-39 on December 10.

After a very slow first quarter for the Ramblers, they managed to find some offense in the second, but still trailed 38-11 at intermission, but the damage of starting out shooting only 18 percent from the floor and 40 percent from the charity stripe had already been done.

Following the halftime break, the Rambler team came out with a renewed purpose and managed to shoot over 60 percent from both the floor and the line.

"We got off to a bad start, shooting and were out rebounded by nine in the first half," Boyne coach Nick Redman said. "I expected us to have work to do on our skill and stamina but was proud of our effort responding in second half that's something to build on. Frankfort also played well."

The Ramblers, (0-1) were led by guard Colton Sieradski with 11 points, eight rebounds and three assists, while Luke Sage added 10 points and four boards and Tanner Kruzel had nine points and two rebounds.

our third game in four nights and I didn't like our defense in the first quarter," Logger coach Tim Smith said. "This was a night where Marcus's training paid off with other guys having tired legs as he was very active and gave Pellston fits with his defense."

In addition to Matelski's night, Andrew Campbell finished with 25 points and five assists, while

Shea Ross chipped in with eight.

Coach Smith also credited Campbell's efforts, along with great hustle from both Cody Milbrandt and Josh Lange, as well as Ross's ability to make defenses play Matelski honest.

**Boyne Falls 73, Ellsworth 28**

ELLSWORTH -- Boyne Falls re-

bounded from their season opening loss with a strong team effort over the host Lancers, downing Ellsworth 73-28 on December 10.

The Loggers jumped out to a 18-6 lead after one quarter of play and extended their lead to 38-14 at the half and were firmly in control 56-22 after three quarters of play.

"We came out and made some early shots against their box-and-one defense on Marcus," Boyne Falls coach Tim Smith said.

"Once we got up, we pulled them out of their defense and were able to pull away."

"They (Ellsworth) have great size and I thought we did a nice job of defending the post, which was a team effort," Smith noted.

Matelski led the Loggers with 37 points, 11 rebounds and five steals, while Andrew Campbell added 20 points and eight assists.

Also for BF, (1-1 overall, 1-0 conference) Lezek Wasylewski had nine points and Shea Ross finished with six.

For Ellsworth, (0-2, 0-1) Zeb Collins had a double-double, with 12 points and 15 rebounds, and Tyler Drenth added 10 points.

**Johannesburg 48, Boyne Falls 41**

JOHANNESBURG-LEWISTON -- Boyne Falls opened their season with a tough Joburg team, and despite a very strong effort from All-Stater, Marcus Matelski, the Loggers were unable to get enough help from the supporting cast, as they fell 48-41 on December 8.

Joburg led at the quarter breaks, 15-13, 25-23 and 36-28 headed into the fourth quarter.

"We opened with a good team on the road and we didn't play very well," Logger coach Tim Smith said. "Marcus scored 20 of

our first 23 points, so we made a real effort to get other guys involved in the third quarter and we didn't make any shots."

Boyne Falls was also unable to get to the charity stripe, as the Loggers were outshot 23-4 in the contest.

BF was able to keep the game close though, having the game tied late in the fourth quarter, but the ball didn't bounce the Loggers way and the team came up just short.

"I was really pleased on how we fought and gave ourselves a chance to win," coach Tim Smith said. "It was a nice win for them (Joburg) and having beat them five times in a row, maybe it was their turn."

Matelski finished with 32 points and 11 rebounds for Boyne Falls, 0-1.

### Loggers fall to Cards in opener, roll past Lancers and Hornets

**Boyne Falls, 72, Pellston 43**

BOYNE FALLS -- To say Logger senior Marcus Matelski is off to a good start is an understatement. The sweet shooting, all-around complete player, paced Boyne Falls with another monster night as the Loggers downed Pellston 72-43 on December 11 at the Boyne Falls school gymnasium and in the process, moved into first place on the Loggers all-time scoring list, passing Josh Puroll in the process. Matelski now has 1808 points for his career, not including his eighth grade season in which he participated on the team.

Matelski finished with a near triple-double, netting 39 points, while hauling in 12 rebounds, making eight steals and dishing out six assists in the win for BF, 2-1 overall on the season.

The Loggers led at the quarter breaks, 24-16, 36-25 and 53-36.

"We played at times like it was

### Rayders outgunned by Eagles

**Bellaire 59, Charlevoix 37**

BELLAIRE -- The Charlevoix Rayder boys basketball team were outscored by Bellaire by 14 in the third quarter, turning a four point deficit into an 18 point margin that was just too much to overcome against a strong Eagle team, falling 59-37 on December 10.

The Rayders (1-1) were led by Walker Drost with 11 points.

## Made in Michigan Outdoors Holiday Shopping

By Patrick W. C. Bevier

Here's a shortcut for outdoor enthusiasts to avoid perusing the plethora of Made in China stickers while holiday shopping. This year steer your binoculars toward the Great Lakes State. We have a veritable Santa's sleigh full of Michigan-made outdoor products to choose from. You'll have to use your imagination on a few of them as we've yet to see that wonderful fluffy white frozen water (have faith-it will come!). Start browsing below:

- **Ice Fishing Favorites:** Michigan boasts a shanty-full of locally crafted ice fishing products. Make hard water angler's holidays remarkable by shopping at Dunham's in Petoskey (231.347.9779) or Jay's in Gaylord (989.705.1339) for fantastic Shappell portable ice shelters and sleds. The Grand Ledge, MI company can be accessed at Shappell.com. Big Reel Tip-Ups (231.271.3202) and Ice Aggressor ice spuds (kodaproducts.com) also provide Michigan-made state-of-the-art performance.
- **Fish Foolers:** If you're setting your downriggers

for warmer weather angling, Michigan manufacturers have been crafting deadly lures for decades. Do-Jigger, Swedish Pimple, and Laker Taker baits from Bay de Noc Lure Company (baydenocure.com) are proven fish magnets. Limit catches are common using Northport Nailers (northportnailer.com), Michigan Stingers (mistingner.com), Moonshine Lures (moonshinelures.com) and Mike's Eyeflies (eyeflies.com).

- **Awesome Archery (and more) Store:** Avid Harbor Springs outdoorswoman, Angie Cranney has a terrific Michigan-based on-line store for all of your archery and hunting needs. Archer Full Throttle sells many Michigan made products. Peruse and shop at [www.archerfullthrottle.com](http://www.archerfullthrottle.com) or call 877-903-0833 for excellent service.
- **Stupendous Stormys:** No self-respecting "Up North" inhabitant should be without a stylish Stormy Kromer cap. They are the epitome of style in myriad colors and patterns for men and women. Among other retailers you can find them at Dave's Boots in Downtown Petoskey (231.347.1941) and Family Farm and Home stores in Gaylord and Charlevoix. You'll be the envy of your outdoor compatriots if you pair your Stormy with classic Iverson snowshoes (iversonssnowshoes.com) to hike the winding, tree-lined trails at Gaylord's Aspen Park, extensive North Country Trails, and any of the Little Traverse Conservancy nature preserves

### Mixed firearm season results for state

Each year, the Michigan Department of Natural Resources generates preliminary estimates of the firearm deer harvest shortly after the season closes. The 2015 firearm deer season wrapped up Nov. 30, with indications of mixed results throughout the state.

The harvest appears to have decreased in the Upper Peninsula and increased in the Lower Peninsula.

"We anticipated a poor harvest in the U.P. due to the drastically low deer population throughout much of the U.P. over the past couple of years," said Ashley Autenrieth, DNR deer program biologist. "However, we've seen uncharacteristically high temperatures and low snowfall levels so far this fall, and if this continues, we hope the herd will begin rebounding."

Although reports differ widely across and within regions, DNR biologists estimate the harvest, compared to 2014, was up perhaps as much as 17 percent in the Lower Peninsula, and declined approximately 19 percent in the U.P.

"Fortunately, the Lower Peninsula hasn't had a drastic drop in deer numbers over the last few years," said Chad Stewart, DNR deer management specialist.

"That, coupled with good wild apple and acorn production over the last two years, has made for good conditions for the deer herds in these areas," Stewart said.

Warmer than average temperatures made for a more challenging hunt in the beginning of the season since deer don't tend to be as active in warmer temperatures. Biologists noted, however, that many hunters stayed out longer to enjoy the weather, which may have helped the harvest.

Biologists saw excellent body condition and antler development on many of the bucks that were registered at check stations.

Although the U.P. saw lower harvest numbers, the bucks that were registered tended to be either 3 1/2 or 4 1/2 years old. This reflects the low numbers of younger age classes from winter effects and the continuing impact of predators.

Regardless of preliminary impressions, Stewart stressed the importance of Michigan's hunter harvest survey, which he called "a vital tool for Michigan's deer program, and an important way in which data provided by hunters contributes to our information base."

A rigorous assessment of harvest and participation over all deer seasons will occur using the annual hunter mail survey. The survey is mailed in early January to randomly selected hunters.

Hunters who do not receive a survey in the mail but wish to provide their hunting and harvest information may visit [www.michigan.gov/deer](http://www.michigan.gov/deer) and select the "Complete A Harvest Survey Online" link. Hunters should provide information only once they have completed all of their 2015 hunting activities, including seasons that are open as late as Jan. 1, 2016.

For more information about hunting opportunities or deer management in Michigan, visit [www.michigan.gov/hunting](http://www.michigan.gov/hunting) or [www.michigan.gov/deer](http://www.michigan.gov/deer).

### Dodge Charger earns 2016 ALG Residual Value Award

For the second time in two years, Dodge Charger has earned the Residual Value Award in the "Full-size Car" category from ALG, the industry benchmark for residual values and depreciation data.

For Dodge, it's not enough to design and engineer the 2016 Charger as the quickest, fastest and most powerful sedan in the world; nor is it enough to give it the segment's most innovative all-wheel-drive system for those that need maximum all-weather traction and fuel efficiency. Instead, Dodge continues to build on the brand's promise and deliver a lineup of Charger models with world-class power, efficiency, technology, authentic materials and standout styling – all to make America's only four-door muscle car one of the hottest and most

desirable sedans available today.

"Striking a delicate balance between traditional sedan and muscle car, the Dodge Charger represents shifting trends in the full-size segment," says Eric Lyman, Vice President of Industry Insights for ALG. "A wide range of powertrain and comfort features ensures there is a perfect Charger for every personality, from cruising in style to tearing up the pavement."

ALG recognizes 26 vehicles with segment awards, along with two brands representing the mainstream and premium sectors of the industry. This year's awards are based on 2016 model-year vehicles. Award winners are determined through careful study of the competition in each segment, historical vehicle performance and industry trends. Vehicle

quality, production levels relative to demand and pricing and marketing strategies represent key factors that impact ALG's residual value forecasts.

"The back-to-back ALG Residual Value Award is a testament to the entire Dodge team's commitment to designing and engineering America's most exciting performance sedan," said Tim Kuniskis, Head of Passenger Car Brands – Dodge, SRT, Chrysler and FIAT, FCA – North America. "This accolade also reinforces our position that customers want unique vehicles like the Dodge Charger, performance vehicles that break pattern from other sedans on the road."

The 2016 Charger lineup is now available at Dodge dealerships nationwide.

### Have You Checked Your Part D Drug Plan for 2016?

The Medicare Annual Enrollment Period will conclude on December 7th. We encourage all Medicare beneficiaries who have a Medicare Part D prescription drug plan to verify whether their current plan will meet their needs for 2016. There are 25 drug plans available for 2016.

We receive many calls right after the first of the year from folks who made their first trip to the pharmacy or have received their first monthly bill for the premium, complaining about the increased cost. Plans can change from year to year, and sometimes drastically. Once open enrollment closes, most Medicare beneficiaries are unable to make changes until the following year.

Here are some of the issues that Medicare beneficiaries can face if they do not review the plan offerings for the following year:

1. The monthly premium can increase significantly
2. Plans often make adjustments to their formula and can remove drugs or even add new medications
3. An annual deductible ranging up to \$360 can be added to a plan or can increase for those who already have one
4. Co-payments for prescriptions often change
5. Some plans have added benefits when a subscriber goes into the donut hole and that special provision can vary from year to year

Many plans have preferred pharmacies where beneficiaries can get a better deal on their drug costs, and that can vary from one year to the next. Some beneficiaries are eligible for Extra Help which can lower their premium and co-pays for medications. Those eligible for this benefit can also switch their Part D plans anytime during the year.

Don't be caught having to pay more for your drug coverage next year. There may very well be a better option for you. It's important to have your current drug plan reviewed every year during the Medicare Open Enrollment Period.

Medicare beneficiaries can make their own plan comparisons by going to medicare.gov and clicking on "Find health & drug plans". Also, they can receive personalized help from a local certified counselor at the Medicare/Medicaid Assistance Program. Local MMAP representatives are available to help with drug plan comparisons, screening for low income assistance, and many other senior health care insurance topics. Simply call MMAP at 800-803-7174. Finally, the Medicare Beneficiary Call Center can help at 1-800-Medicare (1-800-633-4227).

## Real Estate Corner

### Things Not to Do Before Purchasing a Home

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

**No Major Purchase of Any Kind**

Don't Buy a Car or any major purchase that would create debt of any kind. This includes furniture, appliances, electronic equipment, jewelry, vacations, expensive weddings, etc.

**Don't Move Money Around**

When a lender reviews

your loan package for approval, one of the things they are concerned about is the source of funds for your down payment and closing costs. Most likely, you will be asked to provide statements for the last two or three months on any of your liquid assets. This includes checking accounts, savings accounts, money market funds, certificates of deposit, stock statements, mutual funds, and even your company 401K and retirement accounts. If you have been moving

money between accounts during that time, there may be large deposits and withdrawals in some of them. The mortgage underwriter (the person who actually approves your loan) will probably require a complete paper trail of all the withdrawals and deposits. You may be required to produce cancelled checks, deposit receipts, and other seemingly inconsequential data, which could get quite tedious. Perhaps you become exasperated at your lender, but

they are only doing their job correctly. To ensure quality control and eliminate potential fraud, it is a requirement on most loans to completely document the source of all funds. Moving your money around, even if you are consolidating your funds to make it easier, could make it more difficult for the lender to properly document. So leave your money where it is until you talk to a loan officer. In addition, this would be a bad time to change banks.
