BOYS HIGH SCHOOL BASKETBALL ACTION

Red Devils edge Eagles

CUTLER COMES THROUGH WITH STRONG SECOND HALF

East Jordan 53, Bellaire 45

EAST JORDAN — The East Jordan boys' basketball team used a strong second half to overcome a halftime deficit, in downing non-conference power Bellaire, 53-45 on December 18.

After jumping out to a quick 6-0 lead, the Red Devils cooled off as the Eagles finished the quarter on an 11-0 run of their own for a 11-6 lead after one quarter of play.

The second quarter would see the EJ offense start to click as Jordan Weber would hit a three point shot from deep to knot the score at 13-13 with 5:30 to play in the half, and nail another with just over three minutes to play, giving the Red Devils their first lead since the opening minutes at 18-15.

The two teams would trade baskets throughout the remaining part of the half, with Bellaire pulling ahead, 24-23 at the break behind a pair of free throws by Gabe Meriwether.

EJ continued their offensive output in the third quarter, pulling ahead 41-34 after going on a 13-0 run, sparked by senior guards Donny Cutler and Colin Petrie.

The Red Devils would close out the contest in the fourth quarter.

Donny Cutler led EJ, (3-0) with 15 points, while Jordan Weber

had 14 and Colin Petrie and Collin Bajko each added 10 points. Petrie would add five assists and Bajko, five rebounds.

Gabe Meriwether paced Bellaire (2-1) with 18 points.

East Jordan's defense holds off Rayders

East Jordan 48, Charlevoix 34

Both teams struggled in the first half, with East Jordan able to hold a slim 18-16 at the break, but give much of the credit to both team's defensive effort in holding their opponents in check.

The third quarter would be a different story as the Red Devils found their offensive groove in pouring in 23 points, led by a barrage of triples by senior guard, Colin Petrie, netting nine points in the quarter.

East Jordan was led by Jordan Weber with 14 points and six boards, while Petrie added 13 points and four assists.

Donny Cutler and Collin Bajko each had eight points, while Thomas Brandell chipped in with four. Cutler also dished out five assists and Bajko added five re-

DNR Firearm Season Report

Mixed firearm season results for state

Deer harvest is up in Lower Peninsula but down in U.P.

123RF.COM

Each year, the Michigan Department of Natural Resources generates preliminary estimates of the firearm deer harvest shortly after the season closes. The 2015 firearm deer season wrapped up Nov. 30, with indications of mixed results throughout the state.

The harvest appears to have decreased in the Upper Peninsula and increased in the Lower Peninsula.

"We anticipated a poor harvest in the U.P. due to the drastically low deer population throughout much of the U.P. over the past couple of years," said Ashley Autenrieth, DNR deer program biologist. "However, we've seen uncharacteristically high temperatures and low snowfall levels so far this fall, and if this continues, we hope the herd will begin rebounding."

Although reports differ widely across and within regions, DNR biologists estimate the harvest, compared to 2014, was up perhaps as much as 17 percent in the Lower

Peninsula, and declined approximately 19 percent in the U.P.

"Fortunately, the Lower Peninsula hasn't had a drastic drop in deer numbers over the last few years," said Chad Stewart, DNR deer management specialist.

"That, coupled with good wild apple and acorn production over the last two years, has made for good conditions for the deer herds in these areas," Stewart said.

Warmer than average temperatures made for a more challenging hunt in the beginning of the season since deer don't tend to be as active in warmer temperatures. Biologists noted, however, that many hunters stayed out longer to enjoy the weather, which may have helped the harvest.

Biologists saw excellent body condition and antler development on many of the bucks that were

registered at check stations.

Although the U.P. saw lower harvest numbers, the bucks that were registered tended to be either 3 1/2 or 4 1/2 years old. This reflects the low numbers of younger age classes from winter effects and the continuing impact of predators.

Regardless of preliminary impressions, Stewart stressed the importance of Michigan's hunter harvest survey, which he called "a vital tool for Michigan's deer program, and an important way in which data provided by hunters contributes to our information base."

A rigorous assessment of harvest and participation over all deer seasons will occur using the annual hunter mail survey. The survey is mailed in early January to randomly selected hunters.

Hunters who do not receive a survey in the mail but wish to provide their hunting and harvest information may visit www.michigan.gov/deer and select the "Complete A Harvest Survey Online" link. Hunters should provide information only once they have completed all of their 2015 hunting activities, including seasons that are open as late as Jan. 1, 2016.

For more information about hunting opportunities or deer management in Michigan, visit www.michigan.gov/hunting or www.michigan.gov/deer.

East Jordan State of the Community Luncheon

By Tina Sundelin

EAST JORDAN—East Jordan is heading in the right direction and its future is bright as the message members of the community walked away with after hearing four keynote speakers discuss the status of Jordan's State of the Community Luncheon Tuesday, November 11.

An air of optimism filled the Harvest Barn hall as 36 East Jordan High School seniors and other members of the community listened intently to Mayor Russell Peck whose speech focused on the challenges and infrastructure improvements that still lie ahead for the city. "All in all things are looking up, we're heading in the right direction. Together we will position our community for a resilient and sustainable future. Indeed, East Jordan's future is bright," he concluded.

Peck not only talked about all that the city has accomplished but emphasized the infrastructure improvements needed to accommodate new growth. "We are very optimistic about the future of our community and that optimism comes from the exciting new direction we have been heading," he said. He cited the city's sewer system that is already operating at 98%

capacity, sidewalks, and sea pilings to be installed at the southwest side of the harbor next to the bridge intended to stop silt from filling the harbor construction to begin in December as projects that will further enable the city to grow. He mentioned the new well house already up and running, the new open 24/7 recycling center and the \$12,000 kayak facility in the park which he stated presently "looks like an art project." "We are developing the kind of community we have envisioned for future generations. There is a positive up beat energy," he said.

Automotive Review

Ford Escape Titanium The new Ford Escape gives Compact SUV drivers a fresh, fun-to-drive option redesigned from the inside out and packed with technology. Titanium model shown in Ruby Red Metallic. IMAGE COPYRIGHT FORD MOTOR COMPANY

Ford launching technology-packed new Escape

The popular Ford Escape SUV is newly engineered to make customers feel unstoppable – with even more driver-assist technologies to help enable safer and easier driving, new mobile connectivity that allows owners to interact with their vehicle from anywhere through a smartphone app, and two new efficient EcoBoost® engines.

The new Escape is the first Ford vehicle in the world with available SYNC® Connect, allowing users to unlock doors, check fuel level and even locate where a vehicle is parked.

To help drivers feel more confident behind the wheel, driver-assist technologies available for the new Escape include adaptive cruise control and forward collision warning with brake support, a lane-keeping system and enhanced active park assist. That's all packed in a vehicle that has been redesigned from the inside out, including a driver and front passenger area upgraded with more storage space and mobile device charge ports.

"The compact SUV segment is the largest and most competitive in the United States, and the new Escape delivers even more of what our customers want – more technology that can really use to make their daily drive safer and easier," said Joe Hinrichs, Ford president, The Americas.

With SYNC Connect, owners can remotely start their vehicle and schedule future starts, as well as lock and unlock their Es-

cape using their smartphones. The technology provides vehicle location, as well as key vehicle information such as tire pressures, battery and fuel levels.

SYNC Connect, available with SYNC® 3 for the new Escape, comes with complimentary activation for five years. A user enables the system through a two-step authentication process designed to protect personal information. SYNC 3 features faster performance, conversational voice recognition, intuitive smartphone-like touch screen and easier-to-understand graphical interface.

Other driver-assist features available help make the daily commute safer and easier for drivers of the new Ford Escape:

- Adaptive cruise control and forward collision warning with brake support: Sensors detect when Escape is approaching a slow-moving vehicle, and adjust cruise control accordingly
- Enhanced active park assist: Provides steering assistance to park the vehicle in a parallel or reverse perpendicular parking spot, and pull out from tight parallel parking spots; driver controls brake, accelerator and shifter. Technology includes side park distance control
- Lane-keeping system: The system includes lane-keeping alert, which alerts drivers when they drift unintentionally from their lane, and lane-keeping aid, which provides steering assistance to guide an unintentionally drifting

- vehicle back into its lane
- Driver Alert System: Using data from the lane-keeping system, the Driver Alert System can detect signs of fatigued driving and provide a warning on the instrument cluster

- Already available driver-assist features for the new Escape include:

- Blind Spot Information System with cross-traffic alert: BLIS® can alert drivers when a vehicle enters the defined blind spot in a neighboring lane. An indicator light provides a warning in the side mirror corresponding to the side on which the vehicle is approaching
- Hill-start assist: The feature holds the vehicle stationary on a hill long enough for the driver to transition from brake to gas pedal
- Auto high-beam control: System automatically switches from high to low beams, and vice versa, depending on ambient lighting
- Hands-free, foot-activated liftgate: Opens liftgate with the simple kick of a key fob-carrying customer's foot beneath rear bumper – perfect for those whose hands are loaded with gear

- Escape will be offered in three new colors – Canyon Ridge, White Gold and Lightning Blue. Six new wheel designs are also available.

Real Estate Corner

Is the New Neighborhood Right for You? Test Drive It!

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

When seeking out new areas, check them out, live and in person. If you have a vacation coming up, pick a region, rent a car, and drive around to take a look. Spend some time in the area and ask yourselves these questions.

Do people have home pride?

Houses that aren't kept up can either signal an area full of renters or a town on the decline. But if people are clearly investing in their properties, it's a great sign that they're staying put because they like the town and believe that their homes are good investments.

Who's hanging out?

Do people spend time outside? And are they the right kind of people? Do you feel comfortable saying hi to anyone? Are firefighters present at the local firehouse? Do packs of teenagers hang out on the corner? Depending on your observations, that town may or may not be a good fit.

What's the downtown vibe? Walk through the downtown area. Visit and shop at the locally owned businesses.

What does it look like at night?

A cute neighborhood can look a lot different at night. You

should walk or drive around town when the sun goes down.

Who are my future neighbors?

Make sure that your trip takes place during a weekend because that's when people are more likely going to be out and about. If there's a local coffee shop, get a cup and sit and listen because, chances are, some of these people will be your neighbors. Don't be afraid to ask them some questions.

Is the police report positive? Ask the police department to give you a crime log. You'll see exactly what's going on, and where.

What's rush hour like?

Take the route to work when traffic is at its heaviest to find out what both of your commutes would be like during the morning and evening rush hours. Even if your dream neighborhood is 10 miles away from work, it could take much longer in traffic, and that doesn't make any homecoming welcoming.

Can we rent before we buy?

If you're still not sure and need to move ASAP, consider renting. This lets you really get to know the neighborhood before forking over a down payment.
