**CHARLEVOIX COUNTY** – The 2015 sports season once again provided the area with an abundance of teams to follow and cheer for as their respective seasons always seem to end too soon.

There was the Boyne City boys basketball team's Class C tournament run that saw them advance to the state semifinals at the Michigan State University's Breslin Center, only to come up just shy of advancing to the finals, while the Boyne Falls Loggers advanced to the regional final in Class D.

The Red Devils cheer team would add numerous trophies to their case over the season.

The Charlevoix girls soccer team reeled off win after win, while Charlevoix, Boyne City and East Jordan went round and round on the baseball diamond.

The Rambler girls softball team advanced to the regionals for the third straight season, while East Jordan and Ellsworth softball showed great promise headed into the future.

East Jordan's Logan Smith was a force to be reckoned with on the golf course.

Once the fall seasons began, the Ramblers showed once again why they are considered a top tier program, winning their second straight district crown and recording 10 wins in back-to-back years. The Charlevoix football team showed toughness as they battled through injuries and were mere seconds away from clinching a playoff berth for the second straight season.

The Rayder volleyball program continued to display their willingness to outwork everyone as they reclaimed their district title and put forth a tough battle in regional play.

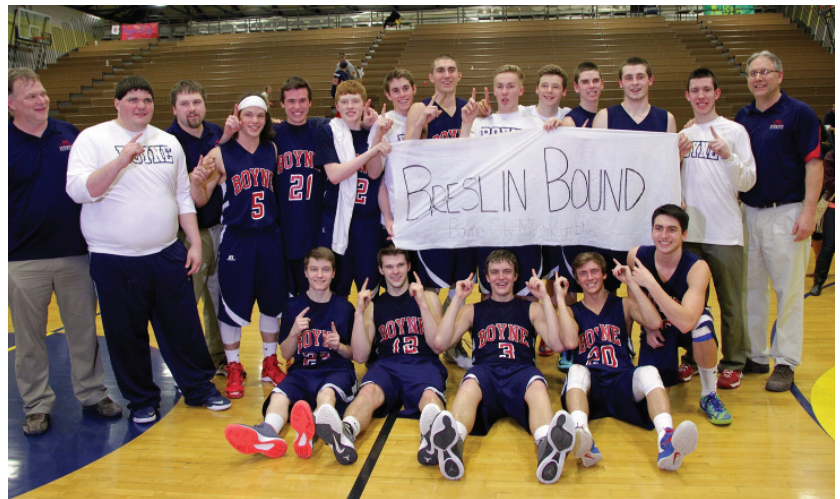

The East Jordan and Boyne Falls boys are off to hot starts in the basketball season, while the Red Devil girls have battled their way to a strong start.

Jordan Weber of East Jordan and Marcus Matelski of Boyne Falls became the all-time leading scorers for their respective schools and with the season only a few weeks old, look for both of their scoring totals to climb over the course of the season while their teams pile up victories, and with the year coming to a close, look for all the area basketball teams to continue their upward climb as they seek league titles as well as putting together a strong run in the MHSAA tournament.

## Northern Michigan Outdoors

# Michigan-Made Must Haves (Part 2!)

By Patrick Bevier

Here's Part 2 for keeping hard-earned Michigan money in the Mitten State when shopping for your outdoor-loving loved ones:

Local Literature: Petoskey resident, Chris W. Weston, has penned engaging and informative fishing-themed stories for kids including, Hawgeye. Order at [www.chrisweston.com](http://www.chrisweston.com) or (231) 348-5837. Northern Michigan-based huntress, Shasta Sitton, has written two books-Wyatt's First Whitetail and Grace Goes Bowhunting-for ages 4-11 about hunting with mom and dad. The stories emphasize the importance of families getting outdoors together, hunter safety, abiding by hunting regulations, and importance of eating your game. The books are beautifully illustrated by Marvin Teeples, "Approved by Dr. Deer," and can be ordered at [www.drdeer.com](http://www.drdeer.com).

Outstanding Outfitters: Two of my favorite shops for outdoor gear up here in the Little Traverse Bay area are Bearcub Outfitter in downtown Petoskey and The Outfitter of Harbor Springs. You can get

just about anything for our Water Winter Wonderland at the stores including skis, snowshoes, warm weather gear, and accessories. Call (231) 439-9500 for BearCub and

(231) 526-2621 for The Outfitter or take a hike to either city's downtown for outstanding service and advice. Bearcub also hosts free torchlight snowshoe excursions to Camp Daggett on the evenings of the last Saturday of January and February. It gives everyone the experience of snowshoeing and promotes Camp Daggett activities (donations welcome).

Creative Calls: Dearborn-based Bob's Custom Calls are carefully crafted by Bob Scarantino. He manufactures calls for coyote to turkey, and elk to duck. A veritable Santa's sleigh of other hunting products are also available at his store. Visit him on Facebook at [bobscustomcalls](https://www.facebook.com/bobscustomcalls).

Stormy's and Snowshoes: No self-respecting "Up North" inhabitant should be without a stylish Stormy Kromer cap. They are the quintessential headwear in a wide

assortment of colors and patterns-from pink to camouflage. Nearby retailers that stock Stormys include Dave's Boots in Downtown Petoskey (231-347-1941) and the Family Farm and Home stores in Gaylord and Charlevoix. You'll be the envy of your outdoor cronies if you pair your Stormy with classic Iverson snowshoes ([iversonsnowshoes.com](http://iversonsnowshoes.com)) to trek through the winding, tree-lined trails at Gaylord's Aspen Park, extensive North Country Trails, and any of the Little Traverse Conservancy nature preserves ([landtrust.org](http://landtrust.org)).

Make Mine Maple: Historic, Charlevoix-based maple syrup company, Harwood Gold has branched out with some delectable eats. These include maple-based sugar, pancake mix, seasonings, and granola. I found them at Plath's Meat Market in Petoskey but you can also go on-line at [harwoodgold.com](http://harwoodgold.com) or phone (231) 547-2038 to order these unique products. Remarkably, the Parsons Family has been making products since 1898! The gents at Plath's said that the zingy burning bush maple sriracha and the

super smooth, high-rising pancake batter mixed with buttermilk as among their favorites.

They're Number One! Your sports-oriented family members would greatly appreciate a subscription to Michigan's number one outdoor publication-Woods and Water News. Subscriptions of the monthly magazine are \$29.00 for one year and \$55.00 for two years. I've written many articles for this publication and their customer service and quality are hard to beat in this industry. Order on-line at [www.woods-n-water-news.com](http://www.woods-n-water-news.com) or call (810) 724-0254.

Future Fishing Favorites-Brian McCarter, of Roseville, MI, developed deadly Nemesis Baits that would make superb stocking stuffers. His lures are so effective that Michigan and FLW bass champion, Theo Corcoran, used them during his award winning tournament. Go to [nemesisbaits.com](http://nemesisbaits.com) or (248) 379-4724 to order.

Set Your Sights On..... getting the shooters in your life a reasonably priced membership to nearby Harbor Springs Outdoors Club (HSOC) or Charlevoix Rod and Gun Club (CRGC). Annual individual and family memberships are only \$60.00 and \$85.00, respectively, at the HROC that includes the use of nearby skeet and trap circuits. CRGC dues are only \$50.00 and \$75.00 for individual and family memberships, respectively. Visit [hsoc@harborspringsoutdoorsclub.com](mailto:hsoc@harborspringsoutdoorsclub.com) and [charlevoixrodandgun.com](http://charlevoixrodandgun.com) for more info.

I hope this helps you to include some stellar Michigan-made products on your winter shopping list. Here's wishing you and yours a wonderful New Year filled with many an outdoor adventure!

## Mixed firearm season results for state

### Deer harvest is up in Lower Peninsula but down in U.P.

Each year, the Michigan Department of Natural Resources generates preliminary estimates of the firearm deer harvest shortly after the season closes. The 2015 firearm deer season wrapped up Nov. 30, with indications of mixed results throughout the state.

The harvest appears to have decreased in the Upper Peninsula and increased in the Lower Peninsula.

"We anticipated a poor harvest in the U.P. due to the drastically low deer population throughout much of the U.P. over the past couple of years," said Ashley Autenrieth, DNR deer program biologist. "However, we've seen uncharacteristically high temperatures and low snowfall levels so far this fall, and if this continues, we hope the herd will begin rebounding."

Although reports differ widely across and within regions, DNR biologists estimate the harvest, compared to 2014, was up perhaps as much as 17 percent in the Lower Peninsula, and declined approximately 19 percent in the U.P.

"Fortunately, the Lower Peninsula hasn't had a drastic drop in deer numbers over the last few years," said Chad Stewart, DNR deer management specialist.

"That, coupled with good wild apple and acorn production over the last two years, has made for good conditions for the deer herds in these areas," Stewart said.

Warmer than average temperatures made for a more challenging hunt in the beginning of the season since deer don't tend to be as active in warmer temperatures. Biologists noted, however, that many hunters

stayed out longer to enjoy the weather, which may have helped the harvest.

Biologists saw excellent body condition and antler development on many of the bucks that were registered at check stations.

Although the U.P. saw lower harvest numbers, the bucks that were registered tended to be either 3 1/2 or 4 1/2 years old. This reflects the low numbers of younger age classes from winter effects and the continuing impact of predators.

Regardless of preliminary impressions, Stewart stressed the importance of Michigan's hunter harvest survey, which he called "a vital tool for Michigan's deer program, and an important way in which data provided by hunters contributes to our information base."

A rigorous assessment of harvest and participation over all deer seasons will occur using the annual hunter mail survey. The survey is mailed in early January to randomly selected hunters.

Hunters who do not receive a survey in the mail but wish to provide their hunting and harvest information may visit [www.michigan.gov/deer](http://www.michigan.gov/deer) and select the "Complete A Harvest Survey Online" link.

## Next-Gen Chevrolet Malibu Hybrid projected to offer 48 MPG

The 2016 Chevrolet Malibu Hybrid LT, which achieves a General Motors'-estimated 48 mpg city, will be available this spring with a starting price of \$28,645.

"The Malibu leverages knowledge and technology directly from the second-generation Chevrolet Volt," said Steve Majoros, marketing director of Chevrolet Cars and Crossovers. "By leveraging technology, we are broadening our level of expertise and lessons learned to bring consumers a world-class hybrid."

With an all-new, hybrid powertrain that uses a slightly modified drive unit and electric motors used in the 2016 Chevrolet Volt, the Malibu Hybrid offers a GM-estimated 48 mpg city, 45 mpg highway - and 47 mpg combined, unsurpassed in the midsize car

segment. Official EPA estimates are pending.

The Malibu Hybrid model includes standard Chevrolet MyLink Radio with 7-inch diagonal color touch screen, available Apple CarPlay and Android Auto compatibility, and a rear vision camera. CarPlay and Android Auto are products of Apple and Google and their terms, data plan rates and privacy statements apply and require a compatible smartphone.

Other standard equipment on the Malibu Hybrid includes 10 airbags, cruise control and push-button start with passive entry. A new Ecotec 1.8L hybrid optimized direct-injected engine is mated with a two-motor electric drive unit.

The 2016 Malibu Hybrid offers

several new-to-Malibu safety technologies including Lane Keep Assist, Front Pedestrian Braking and Low Speed Front Automatic Braking. Teen Driver, available on all Malibu models, helps support safe driving habits by muting the audio or any device paired with the vehicle when front-seat occupants aren't wearing their seat belts. It is also the first in-vehicle system in the industry that lets parents view information on how their teenagers drove the vehicle, which can be a teaching tool to reinforce safe driving habits.

The 2016 Malibu is built at the GM Fairfax Assembly facility, in Kansas City, Kan. from globally sourced parts.

## Real Estate Corner

### What Do Home Buyers Want?

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

SCHMIDT REALTORS

According to AVID Ratings Co., some of the must-have amenities in a new house are home offices and green features.

Home buyers are willing to give up devoted space to home theaters and other specialized media rooms in order to

have a home office. In fact, they'd be willing to forego a formal dining room altogether in order to have a home office or study.

And they want energy-efficiency in their appliances, windows and insulation.

Other desirable features are large kitchens with an island, though granite countertops aren't necessarily important to all buyers.

Must features also include a main-floor master suite; an outdoor living room – considered more

popular than an outdoor cooking area; ceiling fans; master suite soaker tubs and oversize showers with seating areas; stone and brick exteriors; community landscaping with walking paths and playgrounds; and two-car garages.
