### Red Devils ride strong pitching performances to season opening sweep

**East Jordan 12-11,**  
**Ellsworth 0-3**

EAST JORDAN — It's tough to find success against a dominant pitching performance as Ellsworth found out in the season opener, and then again in the nightcap as Red Devils seniors Colin Petrie and Jordan Weber combined to give up just three hits over the two games in a doubleheader sweep of the Lancers on April 15.

In game one, Petrie struck out 13 batters and allowed only one hit in a 12-0 win, while in the nightcap, Weber fanned 15 and walked two in an 11-3 win.

For the night, Weber finished with four hits and seven RBIs to lead the Red Devil hitters,, and Colin Shepard, Collin Bajko, Keegan McDuffie and Nick Seese all scored runners with base hits.

"All-in-all, it was a great opening day for us," East Jordan coach Tom Reid said. "With perfect weather and a couple of young men dominating the way they did on the mound, what more can you ask for?"

"The boys (and coaches) were excited to get out on the field and see what the past month of hard work would bring. We're pretty pleased to get a couple of

W's," coach Reid added. "Ellsworth and Coach Her-sha are going to have a pretty nice season as they have some really nice pieces to work with as well."

### Ramblers go 2-2 at Berrien Springs Tournament

**Boyne City 9, Bridgemen 7**  
**Bridgemen 8, Boyne City 4**  
**Boyne City 8, Berrien Springs**  
**Three Rivers 14, Boyne City 1**

The Boyne City baseball team opened got off to a solid start, picking up a win in their opener against Bridgemen, 9-7 on April 15, before falling in game two, 8-4.

In game one, Derek Willis earned the pitching victory, working five innings, allowing two runs, striking out four and walking one, while Tanner Kruzel earned a two inning save.

At the plate, Kruzel picked up three hits and three RBIs, while Willis also added three base knocks and Colton Sieradski delivered a two-RBI double in the seventh inning to help give the margin of victory.

In game two, Rambler freshman Ethan Hills pitched good enough to win, but some sloppy play behind him put Boyne in a big hole early.

James Roberson had a big hit to highlight a three run second inning, but the team could only add one run be-

fore darkness ended the game after five innings of play.

On Saturday, the Ramblers shutout Berrien Springs 8-0 behind a complete game two-hitter from junior Tristan Stackus as he struck out four and walked two, tossing only 79 pitches in the process, putting Boyne in the tournament final against Three Rivers where the Ramblers fell 14-1.

At the dish, Derek Willis and Tanner Kruzel were once again the catalysts knocking in two runs apiece, while Ethan Hewitt added a pair of hits and an RBI.

"After having just one full outdoor practice, I wasn't sure how we would compete with teams who were playing their 8th game of the season, but we shook a lot of the rust off to earn two big wins. More importantly some of the questions we had going into the season are beginning to be answered," Boyne City coach Mark Pontoni said. "These downstate trips are great physical and financial challenges, but they will make us a better ball team."

"Our team chemistry is great as a result of what we asked the players to do...and how well they did those things."

### Rayders take opener, tie nightcap

**Charlevoix 10-4, Rudyard 0-4**

CHARLEVOIX -- The Rayder baseball team picked up a win in game one, and had game two called due to dark-

ness with the score tied. In the opener, Charlevoix got an outstanding pitching performance from Garrett Seese, as he went four in-ning, tossing a one-hitter and fanning four in the process.

Seese also helped his own

cause at the plate, pounding out two hits, scoring one run, adding an RBI and stealing three bases. Jordan Adkins finished 2-for-2 with a pair of RBIs and two runs.

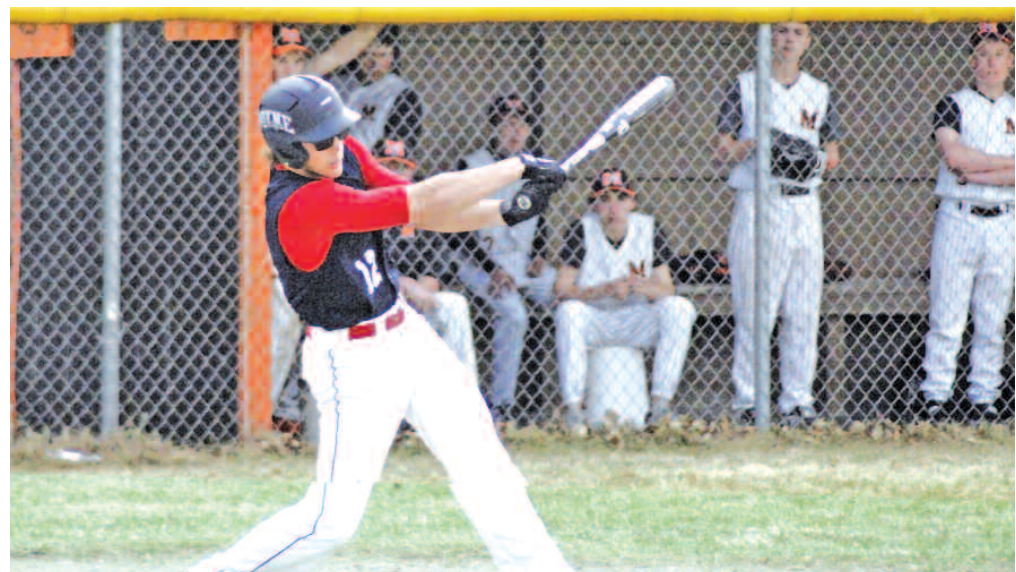

Game two ended in a 4-4 tie as Christian Matye went five innings, striking out

four, while also going 2-for-3 at the plate.

Jake Seger was also 2-for-3 at the dish, scoring once and knocking in another. Austin Putman added two hits and an RBI.

The all-new 2017 Chrysler Pacifica minivan has earned a highway-cycle fuel-economy rating of 28 miles per gallon (mpg) from the U.S. Environmental Protection Agency (EPA) – a benchmark unsurpassed by any minivan on the market. PHOTO COPYRIGHT CHRYSLER GROUP LLC.

## 2017 Chrysler Pacifica offers unsurpassed fuel economy

The all-new 2017 Chrysler Pacifica minivan has earned a highway-cycle fuel-economy rating of 28 miles per gallon (mpg) from the U.S. Environmental Protection Agency (EPA) – a benchmark unsurpassed by any minivan on the market. It is also 12 percent better than the vehicle Pacifica replaces.

And when the broader environmental impact of the Pacifica's fuel consumption is examined, the Chrysler brand's all-new minivan is nine percent greener than the outgoing vehicle.

"The Pacifica isn't just engineered for today," says Mark Chernoby, Chief Operating Officer Product Development and Head of Product Portfolio Management for FCA's Group Executive Council. "This vehicle is designed and crafted to enhance the lives of our customers for years to come."

The nine-percent differential is a reflection of Global Warming Potential (GWP), which considers the environmental impact of fuel production and delivery, along with the implications of its consumption. FCA US LLC engineers used industry-standard software to calculate and compare the all-new Pacifica's GWP with that of the outgoing vehicle, over 124,274 miles (200,000 km) of operation.

"Total environmental impact is an important metric to consider as

we introduce new fuel-efficient technologies," Chernoby says.

The all-new Pacifica's efficiency is further reflected in its city- and combined-cycle fuel-economy ratings of 18 mpg and 22 mpg, respectively. The latter marks a 10-percent jump compared with the outgoing vehicle, while the former delivers a 5.9-percent gain.

Credit, in part, its engine – a direct descendant of the celebrated Pentastar V-6, named three times to the prestigious list of Ward's 10 Best. The redesigned 3.6-liter V-6 in the gas-powered Pacifica features two-step variable-valve lift (VVL), cooled exhaust-gas recirculation (EGR) and innovative engine-weight reductions that boost the engine's efficiency and performance – all while preserving the smoothness that remains a hallmark of the Pentastar brand.

Mated to the upgraded engine is the newest member of the FCA US TorqueFlite transmission family. The first nine-speed automatic ever featured in a minivan, it benefits from a wide, 9.81 ratio spread and a unique calibration designed to deliver outstanding vehicle launch characteristics, smooth shifts and overall enhanced fuel efficiency.

The 2017 Chrysler Pacifica features a light, yet stiff unibody structure based on an all-new FCA vehicle architecture developed

specifically for the global minivan front-drive E-segment. The Pacifica utilizes approximately 22 percent more high-strength steel than its predecessor, of which 48 percent is advanced high-strength steel for maximum stiffness and strength and optimal weight efficiency.

The Chrysler Pacifica is nearly 250 pounds lighter than its predecessor, while boasting torsional rigidity that is twice that of any current competitor.

The all-new minivan benefits from other lightweight materials. Its magnesium cross-vehicle instrument-panel beam affords greater stiffness without adding weight. The inner structure of the new minivan's liftgate marks the industry's first high-volume application of magnesium of this kind.

Further, the 2017 Pacifica benefits from a drag co-efficient of .300, which is best among its primary competitors.

Engine Stop-Start (ESS) technology arrives in market later, followed in the second half of the year by the Pacifica Hybrid – the industry's first electrified minivan. The latter will deliver an estimated range of 30 miles solely on zero-emissions electric power, and in city driving, it is expected to achieve an efficiency rating of 80 miles per gallon equivalent (MPGe) based on U.S. EPA standards.

## Top 10 Home Closing Checklist Tips for Sellers

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

SCHMIDT REALTORS

It doesn't matter whether you are selling your home as a short sale or as a traditional seller, your checklist for home selling is identical. There are certain things on a home selling checklist that every responsible seller should do.

You would utilize your home closing checklist after all of your personal belongings and furniture has been moved. Although, not every seller is required to prior to or on the day of closing, most home sellers find that they can't begin to wrap up the process until everything is removed from the home.

### Part 2 of 2 CLOSING CHECKLIST TIP #6: CANCEL OR TRANSFER UTILITIES, STOP THE NEWSPAPER

Make up a list of phone numbers in advance of each of your utility companies. Not every utility is always paid monthly, some are quarterly. If you subscribe to the newspaper, you might have to order your cancellation a week or

more in advance to stop newspapers from piling up in the front yard.

### CLOSING CHECKLIST TIP #7: LEAVE HOUSE KEYS, REMOTES, GATE KEYS, MAILBOX KEYS

Even though the buyers will probably change the locks, find every house key, remotes for the garage or ceiling fans, keys to the gate and mailbox, if any, and put them in a kitchen drawer.

### CLOSING CHECKLIST TIP #8: ASSEMBLE APPLIANCE MANUALS, RECEIPTS AND WARRANTIES

As you were packing, you may have come across manuals for the HVAC, security or sprinkler system or appliances, and set them aside. If you have receipts from contractors or warranties, put them into an envelope and leave them in a drawer with the manuals, along with the code for the security alarm.

### CLOSING CHECKLIST TIP #9: CHECK CABINETS, DRAWERS AND STORAGE

If your spouse or friend says she has gone through every room with a fine tooth comb looking for anything left behind, run one more check. You may find nothing more than a razor in the shower, but at least you'll be able to shave in the morning. It will give you peace of mind. I once forgot a black felt hat I loved, which was adorned with long peacock feathers, on the top shelf of a closet and never got over that loss.

### CLOSING CHECKLIST TIP #10: CLOSE DRAPES / BLINDS, TURN OFF LIGHTS AND LOCK THE DOOR

You would think this would be a given, but you'd be amazed at how many people forget to close up the house. If nobody can see inside, the odds of someone breaking in declines. If the home will be vacant for a long time, consider leaving behind an inexpensive lamp on a timer.
