Emma Shumaker Boyne City

The senior helped the Ramblers capture their fourth straight district title, defeating East Jordan and Charlevoix in the process. Shumaker limited each opponent to one hit each, while striking out a combined 17 on the day and adding three hits, including a double and two RBIs.

Ramblers ride strong arms to district title

Harbor Springs 4, Charlevoix 3
Boyne City 7, East Jordan 1

TITLE GAME:
Boyne City 7, Harbor Springs 0

EAST JORDAN -- The Boyne City community has had quite a ride over the past few seasons with district and conference championships pouring in. But for a school to win three boys district titles in one season, football, basketball and now baseball, that is a very tough feat to accomplish, and this season, accomplish is what the current Ramblers have done.

Boyne used the strong pitching combination of Derek Willis and Tanner Kruzel to cruise to their second title in three years.

Willis was matched up in the district semifinal for the Ramblers against Colin Shepard of East Jordan, two of the more dominant pitchers in Northern Michigan this season.

Willis and the rest of the Ramblers got the upper hand as he went the distance (seven innings), allowing one run on two hits, while striking out 10 in seven innings for his ninth win of the season.

Colin Petrie and Trey Peterson both had singles for EJ, with Petrie picking up an RBI.

"(Derek) Willis was awesome on the mound and the Ramblers were aggressive on the base paths and took advantage of some miscues," East Jordan coach Tom Reid said. "I also want to commend our boys for a pretty nice season this year. You never want to see your season end at any point and I just hope our guys know they had a pretty solid season and shouldn't hang their heads about anything we endured this year."

The Red Devils graduate five outstanding athletes in Petrie, Jordan Weber, James Brown, Collin Bajko and Matt Berish.

In the championship game, Kruzel was on point the entire contest, limiting the Rams to a pair of hits, while mowing down 12 for the shutout victory.

At the plate for the Ramblers, Colton Sieradski finished with 5-for-8 on the day with a double and two RBIs, while Kruzel added three hits and a pair of RBIs and Eric Carson delivered an RBI single to center field.

Spencer Binkley finished with two sacrifice RBIs, while Dom Archey and Corben Wilhelm added RBIs.

The Ramblers improve to 21-18 on the season and will face Manton in the regional semifinal at 10am on Saturday, June 11 in Charlevoix, the other side of the bracket has the Kalkaska/Gladstone game at noon and the title game is scheduled for 2pm.

In the opening contest of the day, Charlevoix faced the Rams in an evenly matched, thrilling contest that saw the Rayders take a 3-1 lead into the bottom of the fifth, when Harbor's Erich Hibbler sent a

Boyne City's Ethan Hewitt takes off towards third as East Jordan shortstop, Colin Petrie is ready to make a play. (PHOTO BY CHRIS FIEL)

three-run blast over the left field wall to give the Rams a 4-3 lead that they would not relinquish.

Chris Erxleben earned the pitching win for the Rams, going the dis-

tance, fanning four, while walking one and allowing just four hits.

Hunter Cox took the on the mound for the Rayders, allowing four runs on four hits and striking

out six.

At the plate for Charlevoix, Cox had a two-RBI base hit, while Christian Matye, Austin Putman, Jordan Adkins and Alex Kleiber all sin-

gled.

The Rayders close their season 14-16-1, and graduate eight seniors.

NORTHERN MICHIGAN OUTDOORS

Taking a Fish-Eye View

By Patrick W. C. Bevier

"[Water], once it casts its spell, holds one in its net of wonder forever."

~Jacques Cousteau

The popular Michigan-based, "Look and Hook" Television Program on the Outdoor Channel subscribes to a technique I've employed for years. That is to visually find fish underwater before angling for them. I thoroughly enjoy snorkeling Michigan rivers, lakes, and ponds and have caught some of my biggest fish after discovering their secret lairs from underneath the water. The endeavor uses the diver as a sort of up-close and personal fish finder—much more precise than trying to read curvy blips on a LCD screen and much more fun than sending down an underwater camera from a boat. What you learn about fish behavior and habitat preference will pay dividends on future trips as well.

My passion for diving has also evolved into a love of free-dive, spear fishing in Michigan waterways. I ply this unusual activity with either of my two spear guns—a 24-inch JBL mini-carbine and a heftier 45-inch wood JBL 38-Special. The mini-carbine is more easily carried and maneuvered in the water but after having arrows literally bounce off of big carp and suckers I knew it was time to, "break out the big guns" and purchased the 38-Special (new on E-Bay for ~\$180-\$200). You can shoot only 14 species legally in Michigan. I target those that are good to eat fried, baked, or smoked including whitefish, catfish, burbot, and suckers. I have managed to set two free-dive spear fishing World Records for a 10+ pound channel catfish and 5+ pound northern redhorse

Headed for the smoker. These large redhorse suckers were skewered with a spear gun on the Manistee River. One of them is a free-diving spearfishing world record.

sucker. I'm proud that these records were set in the Great Lakes State!

When I'm not scoping out fishing spots or hunting with my spear gun I thoroughly enjoy photographing fish and other wildlife underwater. In our area just look for relatively shallow areas of clear lakes like Walloon, Crooked, Wycamp, and Charlevoix or streams like the Sturgeon, Jordan, Black, and Au Sable (the syrup color of the Maple River make it a bit tougher in terms of visibility). Lakes Michigan and Huron are also frequent haunts for my underwater photography. I use my GoPro Hero3+ in a waterproof housing for this purpose. The little camera takes amazingly clear, wide angle still photos and videos and has recently been upgraded with the Hero4. I attach it to a wooden dowel to get closer to my subjects without

spooking them. It's interesting, however, how many fish will come right up to your mask and observe you as much as you're observing them!

Fans of Gordon Lightfoot's haunting song, "The Wreck of the Edmund Fitzgerald," often associate Michigan ship wrecks exclusively

with Lake Superior. But it's Superior's little sister, Lake Huron, that boasts the greatest concentration of wrecks. They rest not too far from Petoskey in Thunder Bay off the coast of Alpena. Here, divers can explore more than 200 shipwrecks that form one of the most concentrated and best preserved maritime

archaeology sites in the world. Visit the NOAA's Thunder Bay National Marine Sanctuary and Great Lakes Maritime Heritage Center in Alpena for more information on how to access these wrecks (thunderbay.noaa.gov). Private boats can be chartered for this purpose at any of the three dive shops in Alpena including Great Lakes Divers (989-916-9990). The sanctuary is open to all divers and they have 30 easily accessed wreck sites marked with various colored mooring buoys. The wrecks can also be accessed using GPS and the Sanctuary provides these coordinates on the website.

Another underwater activity that can pay huge dividends is rock-hunting. Some of the biggest and best examples of Petoskey stones, Agates, Puddingstones, and fossils that I've discovered have been while snorkeling or SCUBA diving in Lakes Michigan, Huron, and Superior.

Underwater fish finding, spear fishing, photography, wreck diving, and rock hunting are fascinating, fun, and fitness-oriented pastimes. Don't worry if you are not a certified SCUBA diver because all of these endeavors can be enjoyed while snorkeling only. Another advantage to getting underwater is how refreshing it is to frolic with the fishes on those sweltering and sticky summer days. Wherever and whenever you try this activity, you'll be sure to benefit from your "fish-eye view!"

A diver investigates the wheel from the schooner FT Barney at the NOAA National Marine Sanctuary in Lake Huron's Thunder Bay (PHOTO COURTESY THUNDER BAY MARINE SANCTUARY).

DNR

New regulations governing caught baitfish

The Natural Resources Commission recently approved new baitfish regulations that affect personally caught bait in Michigan waters. Any personally caught bait now must be used within the same body of water, or connecting bodies of water, where it was captured.

What that means for anglers is that bait can be caught within a tributary of a lake and used within the lake that is connected to the tributary. This principle also applies to chains of lakes that are void of barriers. However, if a man-made dam exists on a tributary that prevents free movement of baitfish between the lake and

other connected waters, baitfish may not be moved or used within those non-connected waters.

For example, if bait is captured in a small stream that is connected to a lake or network of other rivers and lakes, it can be used in any of those bodies of water. The general rule of thumb is if the baitfish can swim freely from the capture location to the location of use, the angler is in compliance.

The DNR has heard from anglers across the state who are concerned with this regulation. Fisheries Order 245 was put in place in 2007 to protect Michigan's waters from the move-

ment of fish diseases and aquatic invasive species. Viral hemorrhagic septicemia is one of many diseases that can be moved from one body of water to another through the movement of baitfish. To protect the state's fisheries from this threat, the DNR requires commercial baitfish catchers to test their baitfish for diseases prior to sale.

Further, aquatic invasive species significantly affect Michigan's fisheries and there are many invasive species that easily can be introduced to new waters through baitfish collection. Species like rusty crayfish and round goby have been spread by an-

glers collecting their own bait for use in a different location.

"The ecological and economic impact of diseases and aquatic invasive species is very significant in Michigan and across the Great Lakes Region," said Todd Grischke, assistant chief of the DNR Fisheries Division. "These updated regulations provide our fisheries with further protection."

For more information on Michigan's baitfish regulations, visit Michigan.gov/fishingguide.

GOLF

East Jordan's Smith earns medalist honors

TRAVERSE CITY -- East Jordan junior golfer, Logan Smith earned the Division 4 medalist honor, defeating Mesick's Alex Stanton in a playoff on hole No. 18, sinking a 25 foot putt for birdie on June 1 at The Wolverine of Grand Traverse Resort on Wednesday.

Smith finished with a 74, and in the process matched his district and conference medalist honors for the season.

Frankfort finished first overall with a 353, followed by Suttons Bay with a 361 and Harbor Springs, 362. All three teams will advance to the Division 4 finals at Forest Akers West in East Lansing on June 10-11. East Jordan finished as a team with 378 as Britten Lewis carded a 91; Jackson Robbins, 103; Jacob Nachazel, 110; and Trent Raymond had a 116.

With the 74, Smith qualified as an individual in the state final.

DNR provides boater safety tips

With the warmer weather, Michigan residents and visitors are gearing up for summer recreation in the outdoors, including the popular pastime of boating. National Safe Boating Week was held this week, May 21-27, in an effort to remind people to follow some boating safety tips.

Department of Natural Resources conservation officers encourage Michigan residents and visitors to:

Wear a life jacket. More than 80 percent of drowning accidents in the United States are due to people not wearing their life jackets. In Michigan, anyone under the age of 6 must wear a life jacket when on the open deck of any vessel, but wearing a personal flotation device is recommended for everyone.

Avoid drinking alcohol. Nearly half of all boating accidents involve alcohol. Studies show that passengers are 10 times more likely to fall overboard

when they have consumed alcohol.

Make sure the boat is properly equipped and equipment is in good working order. In addition to all legally required equipment, such as life jackets and fire extinguishers, always carry a first-aid kit, nautical charts and an anchor. Make sure navigation lights are working properly.

File a float plan. Always let a family member or friend on shore know the "who, what, when and where" of your trip. Let them know when you are expected to be back. Give them phone numbers for the local emergency dispatch center and U.S. Coast Guard in the event you don't return when expected.

Maintain a sharp lookout. Stay alert for other boats, swimmers, skiers and objects in the water. This is especially true when operating in crowded waterways, at night and during conditions of restricted visibility.

FILE PHOTO

Carry a marine radio or cell phone. Be prepared to call for help in case you are involved in an accident, your boat becomes disabled or you otherwise need assistance. Program the phone numbers for the local emer-

gency dispatch center and U.S. Coast Guard in your cell phone. Make sure your cell phone is fully charged, but be aware that there are often gaps in coverage on the water.

"We also recommend a boating safety course for anyone who plans on taking to the water in a boat or on a personal watercraft," said Sgt. Al Bavarskas, marine specialist with the DNR Law Enforcement Division's recreational safety and education programs. "Boating safety classes are offered at different locations around the state and online, making it convenient and affordable."

For more information on boating safety, including who is required to take a boating safety class, go to www.michigan.gov/boating.

For more information on safe boating, visit the U.S. Coast Guard's Boating Safety Resource Center at www.uscgboating.org.

SOFTBALL RESULTS

District Champs x 4!

**Boyne City 10, East Jordan 0
Charlevoix 6, Harbor Springs**

**TITLE GAME:
Boyne City 11, Charlevoix 1**

EAST JORDAN -- The Boyne City girls softball team claimed their fourth straight Class C district title on Friday, June 3, defeating host East Jordan 10-0 in the opener, and Charlevoix in the championship game, 11-1. The Rayders advanced by defeating Harbor Springs 6-5 in the second game of the afternoon.

Leading the Ramblers would be Hannah Hoth and Emma Shumaker, both four-year starters at their catcher and pitcher positions. The pair would be the first in the history of Boyne City softball to go 4-for-4 in claiming district title.

The pair noted that this season was a little different, leading a bunch of underclassmen throughout the season.

"I think the win (district) this year is different, because of the disbelief that we would/could go that far," Shumaker said. "We have proven everyone wrong so far, and want to continue doing so."

"It's special because, it's my final year as a Rambler, it's different knowing I'm a leader," Hoth noted. "The underclassmen look to Emma and I, if we are relaxed, we hope they will be too. There's a little more pressure on us, however, this is such a good team, it keeps the pressure minimal."

In leading the Ramblers to their current district title, Shumaker was in control in the circle in both contests. Tossing a one-hitter in the district semifinal opener against East Jordan, walking one and striking out nine in the shutout victory.

In the championship contest against Charlevoix, Shumaker allowed one run (unearned) on one hit, while fanning eight and walking one.

The Boyne City softball team congratulates each other following the final out of district play. (PHOTO BY CHRIS FIEL)

The Rambler offense was just as effective as their pitcher/catcher combo and solid defense.

Against East Jordan, Hannah Hoth displayed some of that leadership by going 3-for-3 at the plate with a double and an RBI.

Emma Vondra supplied the big blast of the day, launching a three-run homer in the second inning to put Boyne up 6-0. Grace Wells chipped in with a pair of singles, while Shumaker doubled with an RBI, Katie Hoth doubled and hit a sacrifice fly and finished with three RBIs.

Also for BC, Makhaylee Fiel, Alison Alger and Carrie Butka had one hit apiece.

East Jordan's lone hit came off

the bat of Chelsea Gibson.

Haley Goodrich started and took the loss for the Red Devils, allowing six hits and one walk, Abby Peterson came on in relief, allowing six hits, striking out two and walking two. The Red Devils finish the season with a record of 12-15 and graduate Goodrich and Jill Atwood.

"Boyne is a really good team," EJ coach Meg Kitson said. "Especially with their hitting. Good luck to them in the regionals."

In the title game against the Rayders, Boyne got on the board with a two-run second inning, before putting up five more runs in the third and scored their final four in the fourth inning. Charlevoix scored their lone run in the fourth on an error by the Ramblers.

At the plate for BC, Wells finished with two hits, including an inside-the-park home run and two RBIs; Shumaker singled twice with a pair of RBIs, Vondra doubled;

Fiel added a hit and two RBIs; Katie Hoth and Hannah Hoth both singled, with Katie picking up an RBI; while Butka and Alger each added one hit.

The Rayders lone hit was a lead-off single from Hannah Soloman. Skylar Herriman took the pitching loss, with relief help from Shelby Wurst.

Charlevoix advanced to the final with an edge of your seat, thrilling 6-5 win over Harbor Springs in the district semifinal, using a come from behind effort with a three run third inning and tacking on an insurance run in the fourth on a wild pitch.

Herriman, a senior, earned the pitching win over the Rams, going the distance.

At the plate for the Rayders, McKenna Ebert finished with two hits, while Soloman and Nichole Hart both singled. Kara Simpson also added an RBI for Charlevoix who close out a 14-19 season, an improvement of 10 wins from just a year ago.

Boyne City advances to regional play in Charlevoix on June 11, and will face Lake Michigan Conference rival, TC St. Francis at noon. On the other side of the bracket are Kalkaska and Gladstone.

"Our mindset going in is to win this time," Rambler senior Hoth said. "We've been so close over the past three years, this year, I don't just want to be here, I want to win and advance out of regionals."

Shumaker added, "Focus on one game at a time, whoever we face first and not overlook them. We need to go in confident that we can win."

Boyne City firstbasemen, Emma Vondra (18) follows the pitch along with East Jordan's Chelsea Gibson (3). (PHOTO BY CHRIS FIEL)

Advertising SALES - Part Time or Full Time Salesperson. Positions currently available in Gaylord, Grayling, Petoskey, Alpena, Rogers City, West Branch, Charlevoix, Boyne City and Traverse City. We publish 14 weekly papers. We anticipate the right person will make \$20,000 (part time) to \$40,000 a year or more. Work your own schedule. Independent Contractor. Huge Commission. The best candidate will live in the local sales territory, be friendly and enjoy helping local businesses create print advertising to help them reach consumers throughout Northern Michigan with our newspapers and associated products. Must have computer, Internet access and dependable transportation. E-mail info to Dave at Office@WeeklyChoice.com.

Real Estate Corner

What Homeowners' Insurance Discounts Are You Missing?

Part 2 of 2

Compliments of Mike Stark, Coldwell Banker Schmidt Realtors East Jordan. (231) 536-7700

SCHMIDT REALTORS

3) Home Maintenance-You may be able to qualify for an age of wiring discount depending on how old your wiring is. Is your roof resistant to hail? Roofing is graded as Class 1 through Class 4. Class 4 roofs are often eligible for discount. New pipes can also qualify you for a discount. Do you have handrails installed alongside your staircases? If you have a pool is it surrounded with a fence at a gate? Safety measures also can count toward your pol-

icy. If your home was recently renovated or is newer that may entitle you to a discount. Older homes can be retrofitted with materials that make them more earthquake and weather resistant.

4) Policyholder Discounts-If you haven't filed a home insurance claim in the last 10 years you may want to ask about a discount. Homeowners who haven't made a claim can often get as much as a 20% reduction. If you are older and retired you may also be entitled to a discount. Bundling your home insurance with other policies can also yield a savings as can being a long-term policy-

holder. Another money-saving factor you may consider is raising your deductible, which can lower your premium but make sure that in the event you need to use your insurance policy that your budget will accommodate a higher deductible.

In today's competitive market, it's important to shop around, because you may receive disparate quotes on policies that offer essentially the same coverage. Check consumer guides, insurance agents, companies and online insurance quote services. This will give you an idea of price ranges and tell you which companies have the lowest prices.

Featured Property

Fantastic walkout ranch near East Jordan

By Jim Akans

Featuring stunning views of the northern countryside, this fantastic walkout ranch home has plenty of quality finished space indoors and approximately two-and-a-half acres of property outdoors.

This top of the line manufactured home includes four bedrooms, two baths (and is plumbed for a third bath in the basement) and has approximately 3,200 square feet of space on the main and walkout levels. This interior includes some very nice touches, such as arched passageways, gently curved wall in the living room, 8-foot flat ceilings throughout, lots of energy-efficient LED lighting fixtures, master bath with soaker tub and dual sink vanity, and a large kitchen with updated stainless steel appliances, custom countertops, center island with snack bar and an abundance of cabinet storage.

Much of the lower walkout level has been finished and is just waiting for the new homeowner to add those final touches. The home has also been plumbed for a wood boiler making the addition of supplemental heating a breeze if desired.

Located at 9560 Ellsworth Road near East Jordan, this fantastic walkout ranch home on two-and-a-half acres with a great panoramic view is listed at just \$129,900.

For additional information or to arrange for a tour, please call Mike Stark, Broker, or Holly Nierman, Agent at Coldwell Banker Schmidt - East Jordan at 231-536-7700 or email mike.stark@cbgreatlakes.com

Auto Review

Ford F-150 SuperCrew and SuperCab earn 2016 IIHS Top Safety Pick

The 2016 Ford F-150 – the toughest, smartest, most capable and safest F-150 ever – is the only large pickup to earn an Insurance Institute for Highway Safety Top Safety Pick for SuperCrew and SuperCab configurations.

Class-leading crash test performance of the new Ford F-150 is enabled by the use of high-strength steel in the frame; high-strength, military-grade, aluminum alloy in the body; and smart engineering, which also help to save up to 700 pounds of weight to enable best-in-class ratings for towing, payload and EPA-estimated gasoline fuel economy.

“From the moment our team set out to design and build the new F-150, we knew it had to be best-in-class,” said Raj Nair, Ford executive vice president, Global Product Development, and chief technical officer. “This Insurance Institute for Highway Safety Top Safety Pick is another example of Ford’s commitment to building the toughest, smartest, most capable and safest F-150 ever.”

A cross-functional group of Ford truck veterans worked thousands of hours to deliver improved durability, capability, fuel economy and

The 2016 Ford F-150 – the toughest, smartest, most capable and safest F-150 ever – is the only large pickup to earn an Insurance Institute for Highway Safety Top Safety Pick for SuperCrew and SuperCab configurations. IMAGE COPYRIGHT FORD MOTOR COMPANY

safety. The team created 31 safety-related innovations – including new structures that manage crash forces, and joining methods that were tested virtually with super-computer simulations, then retested in Ford’s advanced laboratories to engineer the safest F-150

ever.

These smart innovations include a patented extruded aluminum roof crossmember and additional frame crossmember to help improve crash resilience.

To manage crash forces in the Insurance Institute for Highway

Safety small overlap front crash test, Ford created a system of innovations that work together to help protect the driver. Nylon hinge pillar reinforcements save weight, and in conjunction with specially designed wheel blockers, work to control crash forces while also providing additional safety.

“The same innovative approach applied to every other attribute of the 2016 F-150 is exemplified in our commitment to safety,” said Nair. “We spent thousands of hours engineering, designing and developing multiple safety features that work together in the event of an accident.”

F-150 is the only full-size, light-duty truck to earn National Highway Traffic Safety Administration’s highest rating, a five-star Overall Vehicle Score and a five-star rating for driver and passenger for all crash test modes and cab configurations – SuperCrew, SuperCab and Regular Cab.

Notice of Public Hearing OF THE NORWOOD TOWNSHIP PLANNING COMMISSION

TO: Property Owners in Norwood Township, Charlevoix County, Michigan

PLEASE TAKE NOTICE that the Norwood Township Planning Commission will hold a public hearing regarding possible changes to the Zoning Ordinance.

- The changes to be addressed are the following:
1: Article III - PERMITTED USES: TOWERS
2: Article VII - TELECOMMUNICATION TOWERS

The hearing will be held at the Norwood Township Hall, 19759 Lake Street, Charlevoix, MI 49720 on **JUNE 13, 2016 at 7:00 PM.**

Written comment can be submitted to Norwood Township Planning Commission, PO Box 113, Charlevoix, MI 49720.

Interested parties may comment at the hearing in person or comment in writing by noon of the day of the hearing. A copy of the proposed amended Master Plan can be viewed at

1. www.charlevoixcounty.org/norwood or the Charlevoix Public Library, 220 W. Clinton St.
2. The Norwood Township Planning Commission, at the address indicated above
