## Rayders top Ramblers in Overtime!

Charlevoix 22  
Boyne City 14

BOYNE CITY -- It was another classic matchup between two rivals and again, it did not disappoint, as both teams gave and took their opponent's best shot, but in the end, it was the Charlevoix execution on both sides of the ball in overtime that was the difference.

After scoring on their first play in the extra session on a Brad Klinger 10 yard keeper and tacking on the two-point conversion, the Rayders saw the Ramblers respond, but a penalty erased the score and when the ball fell incomplete on fourth down, the Charlevoix sideline and stands erupted with cheers and emotion.

"I feel great, this (game) has been marked on our calendar since last season, we've wanted this one for a long time," Charlevoix senior quarterback, Brad Klinger said. "We just kept fighting and fighting and never gave up."

Klinger also helped lead the opening Rayder drive, a 15 yard scamper around the left end at 9:07 of the first quarter. Charlevoix would add the conversion for an early 8-0 lead.

Boyne would respond with a long five plus minute drive of their own, as Joseph Baugh punched it in from two yards out and following an unsuccessful conversion attempt, it was 8-6 Rayders.

The score would stay that way over the next two and a half quarters as both teams took it to their opponent and stopped them.

After taking over possession early in the fourth quarter, Charlevoix got back on top thanks to a Malcom Williams 43-yard touchdown burst down the Rayder sideline for a 14-6 lead.

But as before, the Ramblers answered right away, this time as junior quarterback, Mason Gardner hooked up with junior receiver Eric Carson on a 43-yard touch-

down pass less than a minute later and following a successful conversion the game was knotted at 14-14, Boyne then recovered an inside kick on the ensuing kickoff, keeping the momentum in their favor.

Charlevoix would hold the Ramblers on that drive and then again later as on the last play of regulation, Carson picked off a pass near midfield and returned it to inside the 10 yard line before being stopped.

"This is why football is so great, Boyne wasn't going to give an inch, and we weren't going to give an inch," Rayder coach Ron Bindi

said. "It meant so much to both teams, I'm blessed this year with top notch guys and the line came out and did well. They (Boyne) knew what we going to do and we knew what they were going to do."

"It says a lot for the character of the guys and coaching staff, playing hard and not folding against a team like this," Bindi added. "We've got guys lifting and doing that type of stuff, they have finally bought in and seeing the results."

Klinger paced the Rayder offense with two touchdowns, tallying 91 yards rushing on 15 carries, and was 2-of-6 through the air for

52 yards.

Jared McLean chipped in with 80 yards on 11 carries and caught one pass for 42 yards, while Williams rushed nine times for 64 yards and had a 10 yards reception and Cam Alden chipped in with 36 yards on three attempts.

On the defensive side of the ball, McLean recorded 15 tackles, while Alden added 10 and Caleb Hart and Oliver DeYoung each had seven.

For the Ramblers, Baugh picked up 125 yards on 25 carries and a score, while Gardner was 4-of-15 for 73 yards passing.

Defensively, Jacob Ager had 13

tackles to lead the Ramblers, including two for loss, while Ryan Hautz and Tyler Himebaugh added six each.

The Rayders (2-0) travel to Manclona to face the Ironmen in their next contest on September 9, while the Ramblers (0-2) will host Cheboygan the same night. Both contests start at 7pm.

### Red Devils improve to 2-0 with 39-8 victory over visiting Mesick

EAST JORDAN -- For the first time in three seasons, the East Jordan football team is off to a great start.

Following a convincing 39-8 victory over Mesick at Boswell Stadium, you'd have a hard time convincing anyone that they aren't

for real. The Red Devils scored early and often in building a 19 point lead before halftime, behind a 30-yard run

East Jordan's Trey Peterson (3) and Jake Skrocki break up a pass intended for Mesick's Isiac Riffle. (PHOTO BY SCOTT RICHARDS)

by senior Ryan Graham a five yard plunge from Spencer Reid and a 43-yard scoring strike from Colin Shepard to Nick Norton.

The Red Devils didn't let up in the second half either, as Shepard opened the floodgates with a 16-

yard pass to Jake Skrocki and then Keegan McDuffie pounded it in from two yards out and Trey Peterson added the final score in the fourth quarter.

Mesick finally got on the board with just over two minutes left in the contest, spoiling the Red Devils bid at a shutout.

East Jordan (2-0) travels to Central Lake on September 9 for a Northern Michigan Football Conference - Legacy Division match-up against the Trojans. Game time is 7pm.

## DNR News

### Oak wilt disease can spread through firewood

LANSING -- Now that the season has shifted to August -- well past the "no pruning of oak" time of year (April 15 to July 15) -- there still are steps residents can take to minimize the spread of the deadly oak wilt disease.

Notably, Michigan Department of Natural Resources forest health experts say not moving firewood is critical to limiting oak wilt. Wood from oak wilt-killed trees can produce spores, which can infect healthy oaks if they're wounded in spring the following year.

According to Bob Heyd, DNR forest health specialist, oak wilt is a serious disease of oak trees. It mainly affects red oaks, including northern red oak, black oak and pin oak. Red oaks often die within a few weeks after becoming infected. Because white oaks are more resistant, the disease progresses more slowly.

"The spread of oak wilt occurs overland to new areas from April through July as beetles move spores from trees killed this year by oak wilt to wounds on healthy oaks next year," Heyd said.

"We need to stop that cycle, and that's why it's important for people not to move firewood for the rest of the summer and fall seasons," he said. "With the transport of fire-

These oak leaves have been affected by oak wilt disease. (COURTESY OF DNR)

wood and other tree-related activities, you have to assume the risk is present, whether you live in metro Detroit or in the Upper Peninsula."

Oak wilt has been detected in Dickinson, Iron and Menominee counties in the Upper Peninsula and in Alcona, Allegan, Alpena, Antrim, Barry, Benzie, Berrien, Calhoun, Cass, Cheboygan, Clinton, Crawford, Genesee, Gladwin, Grand Traverse, Kalamazoo, Kalkaska, Kent, Lake, Leelanau, Lenawee, Livingston, Macomb, Manistee, Mason, Midland, Missaukee, Monroe, Montcalm, Montmorency, Muskegon, Newaygo, Oceana, Oakland, Ogemaw, Oscoda, Ottawa, Roscommon, Saginaw, Shiawassee, St. Joseph, Van

Buren, Washtenaw, Wayne and Wexford counties in the Lower Peninsula.

Although oak wilt hasn't been confirmed in each of Michigan's 83 counties, the need for vigilance is present statewide.

Once an oak is infected, the fungus moves to neighboring red oaks through root grafts. Oaks within approximately 100 feet of each other -- depending on the size of the trees -- have connected or grafted root systems. Left untreated, oak wilt will continue to move from tree to tree, progressively killing more red oak over an increasingly larger area.

"There are other oak problems that can easily be confused with

oak wilt," Heyd said. "Unlike most other problems, oak wilt causes the tree to suddenly drop its leaves in July or August. In fact, an oak wilt-infected tree dropping its leaves can happen all the way up to fall."

Heyd advises residents who suspect their trees have oak wilt to first confirm their suspicion. "Once confirmed," he said, "you'll be given information on the variety of treatment options available."

Trees that have died from oak wilt should be properly treated to prevent development of spore mats. These treatments include debarking, chipping or splitting, and drying the wood. For more information on the background, symptoms and prevention of oak wilt, visit the Michigan Society of American Foresters website.

Heyd also suggests requesting the help of the Michigan Department of Agriculture and Rural Development's Forestry Assistance Program or Michigan State University Extension.

To report a suspected oak wilt site, email DNR-FRD-Forest-Health@michigan.gov or call 517-284-5895.

EAST JORDAN -- The East Jordan girls golf team continues to play well, defeating Cheboygan 237-267 at the Mallard Golf Course on September 1.

Hailey Podskalny earned medalist honors with a 54, while Grace Hernandez shot a 59 and Kierra Kibbe carded a 61.

MAPLE CITY -- The Lady Red Devils golf team finished second as they took part of a Glen Lake Invite on August 31. Manistee finished with a 432 team score, while EJ shot 478.

Top golfers for East Jordan were; Grace Hernandez, as she carded a 108 for a fifth place finish and Kierra Kibbe - 115, for eighth place.

SCHMIDT REALTORS

#### Part 2 of 2

Real estate ads are usually full of acronyms and terms that are unfamiliar to first-time buyers. Here's a cheat sheet to let you in on the lingo.

HDW, HWF, Hdwd -- hardwood floors  
hi ceils -- high ceilings  
in-law potential -- potential for a separate apartment, subject to local zoning restrictions

large E-2 plan -- this is one of several floor plans available in a specific building listing -- an agreement between a real estate broker and

a home owner that allows the broker to market and arrange for the sale of the owner's home. The word "listing" is also used to refer to the for-sale home itself. A home being sold by the owner without a real estate agent isn't a "listing."

lo dues -- low homeowner's association dues. But find out how "low" the dues are compared to other dues in the area.

lock box -- locked key-holding device affixed to a for-sale home so real estate professionals can gain entry into the home after obtaining permission from the listing agent  
lsd pkg. -- leased parking

area. May come with additional cost.

MLS -- Multiple Listing Service. An MLS is an organization that collects, compiles and distributes information about homes listed for sale by its members, who are real estate brokers. Membership isn't open to the general public, although selected MLS data may be sold to real estate listings Web sites. MLSs are local or regional. There is no MLS covering the whole country.

nr bst schls -- near the best schools  
pot'l -- potential  
pvt -- private  
pwwd rm -- half bathroom or powder room

REALTOR® -- a real estate broker or sales associate who is a member of the National Association of REALTORS®. Not all real estate agents are REALTORS®.

title insurance -- an insurance policy that protects a lender's or owner's interest in real property from assorted types of unexpected or fraudulent claims of ownership. It's customary for the buyer to pay for the lender's title insurance policy.

## Canyon Denali, All Terrain X expand choices, offer new propulsion system

Building on the momentum of an 18-percent sales increase so far this year, GMC announced a broader 2017 GMC Canyon lineup led by the new, range-topping Canyon Denali and new, off-road-inspired All Terrain X. Like all GMC Denali models, the new Canyon Denali is distinguished by chrome exterior details and unique wheels, along with exclusive interior trim and content. It also features a new 3.6L V-6 engine that's paired with a segment-first eight-speed automatic transmission. This new propulsion system is offered across the 2017 Canyon lineup, including the new All Terrain X package, which takes the popular All Terrain model farther down the trail, with Goodyear DuraTrac all-terrain tires, all-weather floor liners and more.

"Canyon continues to carve out its own niche as the only premium truck in the midsize segment," said Duncan Aldred, vice president of GMC Sales and Marketing. "With a broader 2017 Canyon lineup and the redesigned Acadia, GMC is offering more choices for finding the premium truck or SUV that matches customers' design preferences and capability needs."

In addition to its Denali-signature chrome grille, the 2017 Canyon Denali features specific wheels — 20-inch ultra-bright machined aluminum with painted accents — along with tubular chrome assist steps, polished exhaust tip (V-6 only) and spray-on bedliner.

Inside, a Jet Black interior features unique leather-appointed, heated and ventilated front seats along with unique instrument panel and console trim and Denali-logo sill plates and floor mats. Additional standard features include:

- Heated steering wheel

- GMC IntelliLink with Navigation and an 8-inch-diagonal color touchscreen
- 4G Wi-Fi hotspot
- Automatic climate control
- Full-color driver information center
- Remote start
- Bose® premium seven-speaker audio system
- Two USB charging ports on the rear of the center console and another inside the console
- Forward Collision Alert and Lane Departure Warning

This special version of the popular All Terrain package offered on the SLE model is the most off-road-capable Canyon for those who travel beyond the paved path. The X adds Goodyear Wrangler DuraTrac P255/65R17 all-terrain tires and all-weather floor liners to All Terrain content, which includes:

- Off-road suspension and trans-

- fer case shield

- Body-color grille surround and rear step bumper
- Unique interior with red stitching and heated front seats
- Hill Descent Control
- Unique 17-inch aluminum wheels
- 3-inch-diameter round step bars
- Spray-on bedliner
- Remote start
- Automatic climate control and sliding rear window

The All Terrain model requires the new 3.6L V-6/eight-speed automatic propulsion system. The 2.8L Duramax turbo-diesel engine is available. The new 3.6L/eight-speed propulsion system offers stronger, more confident acceleration and smoother shift performance than the Canyon's previous V-6/six-speed combination. This new combination focuses on refining everyday driving perform-

ance, including accelerating from a stop, passing on the highway and cruising at a constant speed.

Canyon's new Hydra-Matic 8L45 eight-speed automatic complements the 3.6L with a technologically advanced design and control system that supports smoother, more refined performance. Smaller "steps" between the gears as the vehicle accelerates allow the transmission to shift quicker, with almost imperceptible upshifts. The new powertrain supports a 7,000-pound max trailer rating that is second in the segment only to the Canyon's available 2.8L Duramax diesel, which is rated at 7,700 pounds.

The 2017 model year updates, including the new V-6 and eight-speed combination, will arrive at dealerships in the fourth quarter of this year.
