# Rayders clinch playoff berth

### Charlevoix 16, Onekama 9

ONEKAMA -- Seasons are set with goals in mind. Chalk up another goal met for Charlevoix as the Rayders earned a trip to the postseason with their sixth victory of the season, a 16-9 win over Onekama on October 7.

With the win, the Rayders improve to 6-1 overall, 3-1 in the Northern Michigan Football League - Leaders Division, setting up a showdown with unbeaten Frankfort (7-0, 4-0) in Charlevoix on Friday, October 14. A Rayder victory, would create a possible threeway tie atop the Leaders Division with one week to play.

"Frankfort is a fine team, they are well coached, with a big line and good runners," Rayders coach Ron Bindi said. "This will be a good test for us. We made the playoffs, and the kids know we are playing for a piece of the conference championship."

In the Charlevoix win over Onekama, the Rayders struck first in the opening quarter as Cam Alden rumbled for a long gain, (60 plus yards) and into the endzone for a 6-0 lead, and after quarterback, Brad Klinger connected with Oliver DeYoung on the conversion attempt, it was 8-0 Charlevoix.

Onekama would get their only

touchdown of the night on the defensive side of the ball, picking off a Klinger pass and returning it 10 yards for a score. Charlevoix would stop the conversion attempt for an

runs with a Klinger to Alden completion to the 1-yard line and on the next play, Klinger would run in a keeper as time expired and he would add the conversion run for a 16-6 lead at the break.

'Jared (McLean) was instrumental in that score before halftime," Bindi added. "His ability to turn those runs in was a huge plus for us going into find the half."

The second half would feature the Rayder defense as Charlevoix was once again tested by Onekama.

With the teams going back and forth, the Portagers would have a first and goal from the five yard

Charlevoix would hold Onekama to a field goal attempt on the drive, and the Portagers would successfully convert the three-point try, pulling within 16-9, but thats as close as they would get the rest of the contest

Klinger finished 7-of-12 passing for 100 yards and also rushed for 64 yards and a score.

McLean finished with 118 yards on 15 carries to lead the ground attack, while Alden added 86 yards on three attempts.

Colin Smith hauled in two passes for 72 yards, while Alden had three receptions for 20 yards.

Defensively, Alden finished with 11 tackles, while McLean added nine stops, Seese-7, Davis-6, Caleb Hart-8.

"The defensive line played well once again," Bindi noted. "A great all-around team effort."

Jared McLean had a couple of long runs, setting up a Klinger keeper for a touchdown as time expired. Klinger also ran in the twopoint conversion to give the Rayders a 16-6 halftime lead.

Both offenses were dormant in the second half, as the Portagers mustered just a field goal. Bindi said the three points allowed in the second half was huge for his de-

"It was a big stop defensively because we gave them a short field to work with and to hold them to a field goal, that was really vital for us," Bindi said.

Bindi added his defense "did a lot of bending but (it) didn't break." He felt the defensive line played well, and some players who have not logged much playing time this season stepped up to the challenge.

"We were happy with the allaround efforts of everybody," Bindi said. "Once again it wasn't one person that really stood out."

The Rayders have now won two straight since suffering a 49-7 loss to Maple City Glen Lake. They shut out East Jordan 27-0 in week six before earning their playoff berth on Friday.

Bindi said his team did not practice well before Glen Lake and thought they just went through the motions. He said his team has practiced well since then, and his defensive line is working the line of scrimmage, which is a huge plus for his team.

"It's just the work ethic," Bindi said. "We're practicing like we need to play. That was the message after the game (against Onekama)."

Bindi emphasized the defensive line will have to prepare the offensive line for a matchup with Frankfort on Friday, Oct. 14. The Panthers are 7-0 and defeated Glen Lake 26-21 in week six before dismantling Mesick 53-0 on Friday.

With a trip to the playoffs secure, Bindi knows his squad can compete with Frankfort in what is sure to be a solid Northern Michigan Football League Leaders Division matchup.

"We can step up and play with an

undefeated football team right now," he said. "That's where our mindset is. We're in the playoffs and that's good, but we've got a big game coming up on Friday night. Nobody really gives us a chance to win but we'll see."

Harbor Springs 42, East Jordan 0

HARBOR SPRINGS -The East Jordan football team ran into a Rams team on the rebound, as Harbor Springs downed EJ, 42-0 on October 7. The Red Devils have been pretty consistent all season, while Harbor, after a slow start, has been on the upswing as of late.

The Rams were rolling the entire contest, while the Red Devils could get little going in either half and turned the ball over, negating any positive yardage.

Missing their senior signal caller once again (Colin Shepard is out with an injury), East Jordan could muster little offense, but Keegan McDuffie and Spencer Reid would lead the team in rushing.

Defensively, the team struggled to keep the Rams out of the endzone. but Ryan Graham and Jake Skrocki led the charge.

Ford Motor Company, America's truck leader, today announced horsepower and torque ratings for the all-new 2017 F-150 Raptor that will continue to position the ultimate high-periormance off-road pickup in a class by itself. Equipped with the all-new 3.5-liter twin-turbo high-output Eco-Boost® engine, the Raptor churns out 510 lb.-ft. of torque and 450 horsepower across a wide power band.

Further building on the power-to-weight benefits, the 2017 Raptor delivers more low-RPM torque and better optimized power bands and shift points across all twowheel drive and four-wheel drive modes thanks to the 10speed transmission and torque-on-demand transfer case.

"The torque-on-demand transfer case and six-mode Terrain Management System is unique to Raptor in the Ford family of vehicles," Tranter said. "It gives you the benefit of a clutched allwheel-drive system for easy around-town maneuverability in bad weather. Then, there's Baja Mode, which automatically engages a mechanically locked 4X4 high, and optimizes throttle response, shifting and boost control to provide improved off-road capability. That's definitely drawing a line in the sand."

Among the high-output EcoBoost performance ennancements for Raptor are more aggressive turbo compressors with increased boost calibrations, cast stainless steel manifolds and full dual exhaust, oil-cooled pistons and more aggressive en-

gine control calibrations. "Looking at the torque curve of the Raptor's Eco-Boost engine, you see the twin turbos spool quicker for faster time to torque – it hammers quick and keeps delivering torque for a more brawny feel than its V8 predecessor," said Al Cockerill, Raptor's powertrain develop-

ment engineer. Raptor's all-new adaptive shift algorithms monitor more than a dozen powertrain and driver control signals in real time – ensuring the right gear at the right time for an engaging driving experience, including Raptor's normal, sport, weather, mud/sand, rock/crawl and Baja modes. In addition, a high-speed, one-way clutch allows for non-sequential shifting.

Weight savings play a key role in improved shift performance. The 10-speed gearbox – the first from Ford not to employ cast-iron components - uses advanced materials and alloys that result in less weight. Additionally, an integrated torque converter/turbine clutch helps shed more than two pounds, while also reducing the packaging footprint

Home shopping for firsttime homebuyers it's an exciting, albeit nerve-wracking. experience. If you're like others in the market for their first home, you probably have in mind exactly how your soon-to-be home will look.

But it's important not to fall into the bad decorating, dingy walls and dirt-bare back yard equals bad-home trap. If you don't see past the hideous wallpaper, funky light fixtures and avocado green carpeting, you may miss out on a home with great potential.

And, if you're looking for a home in a seller's market

where homes are being snatched up as soon as they go on the market, you'll come to realize you can't be choosy if you want to make a competitive offer.

One of the first things to do is to get pre-approved for a loan and determine the maximum you can afford to offer for a house. Don't look at homes that are asking for more than 5 percent above your maximum, otherwise you'll be setting yourself up for disappointment if you find the perfect—but outside your budget—home.

So what to do? The floor plan of the home is extremely important. If a

floor plan isn't quite to your liking, consider rearranging it or adding on. If you're looking at an existing home and will need to remodel or expana to suit your needs, the estimated cost of renovation needs to be considered when making an offer.

Also, consider the features

of a home: Walls. While these are among the easiest to remedy. they also make a huge first impression. If the walls need to be painted, are covered in wallpaper or are painted a color you find distasteful, picture them crisp and clean in the color of your choicethat's how they could look after you paint them.

Floors. Like walls, carpet or floor surfaces that are old or outdated can be easily repiaced. You could even ask for a carpet allowance in your bid, especially if you're in a buyer's market.

View. Things like old, ugly—even dirty—windows and window treatments can make a view appear less desirable. Those things can be improved, so unless the only view you have is of your neighbor's clunker on the side of the house, don't get hung up on what is surely a fixable view.

**By Jim Akans** 

Situated on over 150 feet of Ogletree Creek frontage, this updated quad-level home offers wonderful northern Michigan living both inside and out.
