Local Pilot Leon Jarema earns Wright Brothers Master Pilot Award

On Wednesday, May 10, the Boyne City Airport Advisory Board in conjunction with the Federal Aviation Administration (FAA) honored one of our board members and local Pilot, Leon Jarema with the Wright Brothers Master Pilot Award. This award is given by the FAA to recognize pilots of 50 or more years of flying experience and contributions to General Aviation.

Leon Jarema is a great example of what this award represents. He took his first flying lesson at the Boyne City Airport in November of 1962 and has continued to fly from there since. After receiving his Private

Pilot Certificate in March of 1964, Leon continued to achieve ratings and certificates that include Commercial rating, Instrument rating, Multi-engine rating, Certified Flight Instructor levels I & II, Air Transport Pilot, Seaplane rating and instructor and Commercial Glider pilot and instructor.

During the last 50 years, Leon has consistently worked in General Aviation. His resume includes charter flying with passengers or cargo, Chief pilot for a local Boyne City company, Charter pilot for North Country Aviation in Gaylord. Since 1969 Leon has operated a Flight

School at the Boyne City Airport with hundreds of students receiving their Private Pilot license under his mentorship. Jarema taught at the Boyne City High School for over 30 years and included Aviation Classes for his students. He also taught Aviation Ground School at North Central Michigan College. Leon has over 19,500 hrs. in his flight log books with approximately 11,000 hrs. of Instrument flying. Over the years Leon has flown 115 aircraft types and models, which included flying an airplane from Newfoundland over the North Atlantic to Ireland in 1974. For over 20 years Leon has

served on the Airport Board and fulfilled the role as Assistant Airport Manager.

Jarema is nowhere near done with his career. He will continue to fly, instruct, mentor, serve on the board and contribute valuably to the field of aviation. Leon encompasses the heart and soul of the Wright Brothers Master Pilot Award. He has achieved so much in aviation and has given back so much more. His legacy of accomplishment and learning are benchmarks for future aviators, as well as his dedication to passing on his wisdom to future flyers.

Women Can/Women Do fundraiser to be held June 14

For 40 years, Women's Resource Center of Northern Michigan (WRCNM) has relied on support from volunteers and a generous community to make sure the myriad of unique and needed programs and services they offer continue. One example is the way local businesses and individuals support the Women Can/Women Do-Charlevoix County fundraising luncheon which will be held at Castle Farms in Charlevoix from 11am to 1:30pm on Wednesday, June 14.

"Volunteers are vital to the story and success of this organization," said Gail Kloss, WRCNM executive director. "This 11th annual Women Can/Women Do fundraiser would not be possible without the help of these valued volunteers."

Kloss explained that in 1977, a group of local volunteers began WRCNM to fulfill a vision they had for an organization that would offer support to women facing life challenges, transitions and crisis. Four decades later, WRCNM continues to provide essential services such as domestic abuse, sexual assault, child abuse and child sexual assault to those in Antrim, Charlevoix, Cheboygan, Emmet and Otsego counties. WRCNM also provides counseling services, educational and employment services, childcare, pre-school and playgroups.

Table captains fill the seats at a table by inviting friends, family and community members while table designers create a feast for the eyes at the luncheon. To date, designers in-

It's Mother's Day

By Jim Akans

This Sunday we celebrate, recognize, and honor the most special person in our lives; mom. She is there from the start, and while we bring her joy, concern, pride and challenges as we grow, her love remains unflinching, unconditional, and unending. As anyone who has lost a mother knows, the bond between mother and child lasts well beyond her lifetime. Whether a biological or foster mother, she is the one we turn to help celebrate our victories, comfort our setbacks and encourage our dreams.

One of the most surprising things about Mother's Day is that it took so long to get around to set aside a day just for mom each year. In 1870, Julia Ward Howe wrote the "Mother's Day Proclamation," urging that a "general congress of women without limit of nationality" be appointed to "promote the alliance of the different nationalities." Howe's proclamation recognized women's role and responsibility in shaping the direction of society, but the idea of an actual Mother's Day was another four decades in arriving.

In 1908, Philadelphian, Anna Jarvis, came up with the concept and even trademarked the phrase "Mother's Day." She was adamant about including the apostrophe so that the term was a singular possessive - inspiring every family to honor their own mother rather than inferring a general celebration of motherhood. A few years later, in 1914, President Woodrow Wilson had the good sense to proclaim Mother's Day a national holiday.

Some Mother's Day trivia;
- The oldest woman to deliver a child is said to be Omkari Panway, who gave birth to twins in 2008 when she was 70 years old.
- Southern Californian Nadya Sule-

The greatest gift a child can give is letting their mother know that they love them too. FILE PHOTO

man holds the record for the most deliveries at once, giving birth to octuplets, six male and two female children, on January 29th, 2009.

- Longest span between two children is 41 years, 185 days. The mother, Elizabeth Ann Buttle, gave birth to her first child, Belinda on May 19, 1956 and her last child, Joseph, on November 20, 1997.

- The centuries old nod for most children goes to Russian Feodor Vassilyev's first wife (oddly, his wife's name doesn't seem to have been recorded), who between 1725 and 1765 gave birth to 69 children, including 16 pairs of twins, seven sets of triplets and four sets of quadruplets. Hand me downs must have tumbled through many sets of hands.

Somewhere between the rare and the routine, however, is where moms truly make their mark. It's those times when her unconditional loving eyes share moments of joy, anxiety, sorrow and celebration that ultimately become etched on a child's memories, no matter how grown-up that child may become. Those who have aged long enough to remain on this earth after our mom's time has passed still recognize that special glow in our hearts when recalling a mother's warming smile in our mind's eye.

So spend some time with mom this coming Sunday. Stop by for a visit, give her a call, or hold her in your thoughts. For the greatest gift a child can give, is letting their mother know that they love them too.

DAVE Says

(Giving wisely)

Dear Dave,
 Our son is 13, and he wants to give half the money he received for his birthday to the nursery at our church. They need new baby toys and things like that. Should we let him give that much, or should we tell him that maybe 25 percent is enough?

Kyle
 Dear Kyle,
 I hope you're proud of this kid. He's a got a good heart, and it's probably a reflection of the way his mom and dad are raising him. I like this a lot.

I would very gently, and without any commanding or control verbiage, use some examples from the Bible when talking to him. There are several things to be learned about money from Scripture, and the concepts of generosity and giving are in there. There's also a verse that says we need to take care of our own households first. Another one says in the house of the wise are stores of food and oil.

We need to do all of these things with money — in balance. Thoughtfully and prayerfully decide what your giving amount will be, so that you don't destroy your ability to save and do other important things. Talk to him about these concepts, then ask him to wait two or three days and think about his decision.

If he comes back and says he still wants to give half of it, I would encourage him to do so. But slow things down a little, and make sure this isn't a knee-

Dave Ramsey

jerk reaction. You need to be a wise giver, not an impulsive giver!
 —Dave

(Crowdfunding real estate?)

Dear Dave,
 I'd like to get involved in real estate investing, but I don't have a lot of cash at present. What do you think of the idea of crowdfunding as a way to invest in real estate?

Adam
 Dear Adam,
 I've got a bunch of real estate, and I love it. But I wouldn't go the crowdfunding route as a way to get started in real estate investing. I wouldn't give someone money to buy real estate in a crowdfunding scenario, either.

The late Beverly Sills had a great saying: "There are no shortcuts to any- place worth going." Investing in real estate is wonderful when you do it right. Get out of debt first, pay cash, and find great bargains. When you get in a hurry, and do dumb stuff like go into debt or get mixed up with partnerships in the process, real estate's a horrible investment.

I admire your ambition, Adam. But I would advise you to follow my lead on this one. You'll be glad you did!
 —Dave

(Hw late is too late?)

Dear Dave,
 How late is too late to get life insurance?

Anonymous
 Dear Anonymous,
 It's pretty easy to get term life insurance — the only kind of life insurance I recommend — up until around age 70. Depending on your overall health situation, there are a few affordable policies available past that point. But once you get into your seventies and beyond it can be difficult to find reasonably priced coverage.

I recommend that most people have 10 to 12 times their annual income wrapped up in a good, level term life insurance policy. But honestly, you shouldn't need life insurance at 70 or older. If you've been wise with your money, and saved and invested, you should be self-insured by that point. This means having plenty of cash in the bank to cover burial expenses and enough for a spouse to live on after you're gone.
 —Dave

(Bad advice from a bad friend)

Dear Dave,
 My husband and I are currently in Baby Step 2, and paying off all our debt except for our home. A friend recently told us to pay off everything except for the credit card debt. She says we can then settle for a far less amount and not have so much money going out the door. This feels a little unethical to me. What are your thoughts?
 Jennifer

Dear Jennifer,
 There's a good reason this idea feel unethical to you — it is unethical! Would a good friend, a smart friend, encourage you to do something as dishonorable as not pay a bill you're morally and legally obligated to pay? I don't think so.

If you're able to pay your bills, you pay your bills. It's as simple as that. Now, if you honestly can't pay the bill, and you have to settle upon a mutually agreed upon amount with the creditor or collector, then it's okay at that point to try and reach a settlement. Otherwise, it's a simple question of ethics. Pay the bill!

Retirement celebration

Lyn Jenks, president of Munson Healthcare Charlevoix (back right) greets a large group of colleagues, friends and family as they attend her retirement reception Tuesday at the hospital. Petoskey Audubon Society host's bird walks during the month of May

The Petoskey Regional Audubon Society (PRAS) invites the public each Tuesday and Thursday in May for free early morning bird walks and also on Wednesdays evenings in May to share the wonders of spring migration throughout the month. Each week should offer a different selection of species as new migrants arrive. These leisurely walks are appropriate for all levels of birding experience, and no reservations are required.

The Petoskey Regional Audubon Society (PRAS) invites the public each Tuesday and Thursday in May for free early morning bird walks and also on Wednesdays evenings in May (Scarlet Tanager shown here). COURTESY PHOTO

The Tuesday walks begin at 9 am at Pond Hill Farm near Harbor Springs and will be led by John & Joanne Biddick and John Shreves. Pond Hill Farm is located approx. five miles northwest of Harbor Springs on M-119. Continue on M-119 for 1/4 mile past the Pond Hill Farm entrance, and park in the berry field. Easy walking on flat farm lanes. Contact Tracy Datlen at tadat1@live.com for more info.

The Wednesday Evening Walks take place at the Lawson's property near Charlevoix at 9502 Burgess

Rd., and are led by PRAS President, Darrell Lawson. They begin at 5:30 with a friendly potluck and then a stroll around the property. The land can be swampy during this time of the year, so waterproof footwear is highly recommended. For more info contact Darrell at lawsodw@gmail.com or 231-330-4572.

The Thursday walks will be at 7:30 am at Spring Lake Park, led by Cynthia Donahey, Kenyon Stebbins and John Shreves. Spring Lake Park is located near the M-31 / M-119 intersection north of Petoskey. Meet at the gazebo, and we'll walk the flat trails, boardwalk, and paved rail trail along Mud Lake to Round Lake. For more info call Cynthia at 526-7157.

The walks last about 2 hours, and participants are free to come and go as their schedules allow. Bring binoculars and a field guide if you have them, dress for the weather, and wear sturdy shoes that you don't mind getting muddy.

Loaner binoculars will be available, so feel free to bring along a "first-timer" to share the wonders of spring migration. Bird checklists of Emmet County will also be provided. No smoking or pets on any PRAS field trip.

Michigan Annual Road & Bridge Report released

Yesterday afternoon, the Michigan Transportation Asset Management Council (TAMC) delivered the Michigan 2016 Roads and Bridges Annual Report to the Michigan Legislature and the State Transportation Commission. Michigan Law, MCL 247.659a(9), requires TAMC to file an annual report with the Legislature and State Transportation Commission by May 2 of each year. The report summarizes road and bridge conditions and provides condition projections into the future. The report also provides a synopsis of TAMC program activities and events over the past year.

During 2016, the TAMC rated the pavement condition of the paved federal-aid eligible roads for the twelfth consecutive year. This data collection included 57,961 lane miles of paved roads in Michigan, including State Freeways and High-

ways, City Major Streets and County Primary Roads. This effort was achieved through a cooperative effort of individuals from county road commissions, city and village engineering staffs, the Michigan Department of Transportation (MDOT), regional planning agencies, and metropolitan planning organizations. In addition, the TAMC also collected pavement conditions on some of Michigan's paved non-federal aid eligible roads as well.

In terms of physical condition, the report reveals further deterioration of Michigan's federal aid eligible roads from the previous year with more miles being rated as "poor." The 2016 condition data indicates 18% of these roads are in good condition, 43% are in fair condition, and 39% are in poor condition; in 2015, the breakdown was 17% good, 45% fair, and 38% poor.

The report also includes data on the condition of all public bridges in Michigan. An analysis of the bridge condition data indicates that state and local bridge owners are "holding their own" despite rising costs and revenue challenges. This year's report reveals Michigan has 11.1% of bridges rated as "structurally deficient." By way of comparison with other Midwest states, Michigan has a significantly higher percentage of structurally deficient bridges than other Great-Lakes states with Wisconsin having 8.7%, Indiana 8%, Illinois 8.4% and Ohio 6.9%.

The TAMC Performance Measure Dashboards have been updated to show the condition, operation, and investment in the federal-aid eligible road system and in Michigan's 11,054 public bridges. The TAMC website also contains an in-

teractive map viewer that allows the public to view road and bridge conditions used in creating the annual reports. In addition to the 2016 Roads and Bridges Annual Report, the TAMC website has previous annual reports available for viewing under the "About Us" section. The 2016 report was approved by the Council on April 26, and can be viewed, along with other past reports, at this link (scroll down on screen to select "Annual Reports"): <http://tamc.mcgi.state.mi.us/TAMC/#/aboutus>.

The TAMC includes representatives from MDOT, Michigan Municipal League (MML), Michigan Association of Counties (MAC), Michigan Townships Association (MTA), Michigan Association of Regions (MAR), Michigan Transportation Planning Association (MTPA), the County Road As-

sociation of Michigan (CRA), and the Michigan Department of Technology, Management and Budget-Center for Shared Solutions (MCSS).

Transportation asset management is a process of managing public assets, such as roads and bridges, based on the long-range condition of the entire transportation system. The TAMC, created in 2002 by the Michigan Legislature, promotes the concept that the transportation system is unified, rather than separated by jurisdictional ownership. Its mission is to recommend an asset management strategy to the State Transportation Commission and the Michigan Legislature for all of Michigan's roads and bridges.

VETERAN OF THE MONTH

The "Veteran of the Month" for May 2017 is Karl August Bergmann. Born on December 25th, 1899 on the family farm in Wilson Township, Charlevoix County, Michigan, as a young boy he left home traveling to Chicago. Bergmann enlisted in the Navy at the age of 15 by lying about his age and using the name of Harry Woods. He wasn't happy with the Navy, so he went AWOL (absent without leave). He jumped railroad cars and traveled all over the United States making a living by playing the piano in restaurants and bars. He decided to enlist in the Army, but since he was listed as AWOL from the Navy, he enlisted under the name of Jimmy Dale, and was honorable Discharged under that name after World War I. He was assigned to Battery A, 44th Field Artillery, stationed in Texas. During the Great Flu Epidemic, he worked at the base Hospital, removing those who had succumbed to the Flu Epidemic. After being Honorably Discharged he returned to the family farm to help his father and married Maude Hosler on October 23rd, 1921 in Antrim County. With the help of Maude's father, his name was corrected from his enlistment as Jimmy Dale, to Karl August Bergmann. During World War II, Bergmann left the farm and was a construction foreman at the Willow Run Air Base, Kincheloe Air Force

Karl August Bergmann

Base and other Air Force Bases around the United States. After the War, he again returned to farming, retiring in 1960. He was a member of the Wilson Grange and a Seventh Degree member of the National Grange. On March 27th, 1963 Karl August Bergmann answered the final call and is being honored by his family.

To honor any deceased, Honorably Discharged, U.S. Military Veteran, call the program chairman at (231) 588-6067 or on Tuesdays call (231) 582-7811 between 3:30-8:30 p.m. The ceremony may be witnessed on the first Thursday of each month at The American Legion Post located on the corner of South Lake and Main streets in Boyne City, Mich. at 6:15 p.m.

Community Foundation Spring 2017 Grant Awards

The Board of Trustees of the Charlevoix County Community Foundation (C3F) recently approved \$156,544 in grants during the March 2017 grant cycle. The grant awards are timely, with spring weather just around the corner. "Many great projects will be getting started just as soon as possible, to improve and enrich our communities across Charlevoix County," says Maureen Radke, Program Officer with the Community Foundation.

Some of the shovel-ready projects receiving grant awards include: bridge work over Cokirs Creek on the Jordan River to provide access to a recreation area; vault toilet restrooms at Dam Road Park in Boyne Valley Township; support for Phase 3 of the Boyne City to Charlevoix non-motorized trail, and raised gardens at Forest View Community senior apartments on Beaver Island.

The Community Foundation is simultaneously raising matching monies for the Urgent Needs Fund to support basic human needs for Charlevoix County residents. As noted by the C3F Board President Bill Aten, "Our grant communities want to address these basic needs first. The positive impact of growing the Urgent Needs Fund will make it possible for the Community Foundation to expand its grantmaking capacity to support other needs in the community as well," he added.

The grant awards included \$26,170 in funding for projects that will impact Charlevoix County youth in a positive way. The grants were recommended by the foundation's Youth Advisory Committee (YAC). "The YAC members consider each grant thoroughly and weight them up against our grantmaking guidelines as well as the youth needs assessment that they conduct every three years. The youth needs assessment allows them to use the voices of youth to help them decide on the highest needs for youth in Charlevoix County," said Mishelle Shooks, who coordinates the Youth Advisory

Committee on the foundation's behalf. "The decisions are not always easy for the YAC members; however, they do a great job asking questions and discussing the impact that each grant will make, should they fund it," she said. "Although these teens come from various schools across Charlevoix County, they do a great job representing all area youth during their meetings," she concluded.

In addition to grants to benefit youth, the recent grants support programs in the arts; education; community development; the environment; human services; health and wellness; recreation and more. Grant proposals from area non-profit organizations keep the Community Foundation informed of community needs. C3F connects issues with donors who want to help.

A charitable organization dedicated to improving and enriching life in the area, the Charlevoix County Community Foundation accepts gifts from individuals, families, businesses and civic groups and manages them as permanent endowments. While a portion of the funds are utilized to support grantmaking, the principal of the endowment continues to grow, providing perpetual charitable capital to benefit Charlevoix County's residents—now and in the future.

Since it was founded in 1992, the community foundation's net assets have grown to over \$35 million. Grants and scholarships totaling more than \$20 million have been distributed to enhance and enrich the quality of life for all those who currently live in Charlevoix County—and for generations to come.

The foundation welcomes inquiries and grant requests. The next deadline for submitting a grant request is Monday, October 2, 2017. For a complete list of the recent grant awards, visit the foundation's website at www.c3f.org and click on "What's New," then "Recent Grants."

Good Samaritan Resale Shop & Food Pantry

Serving families in need for 25 years

By Jim Akans

Back in 1990, Ellsworth resident Mary Peterson had an idea...or perhaps it was more of a calling.

"I was visiting a local resale shop and I saw people searching through the trash for something they could use," she recalls. "I just knew there had to be a way to set up a new system for distributing goods to those in need, so I began looking for people who could pursue that idea."

Twenty-five years later, the result of that inspiration; Good Samaritan Family Services, is celebrating two-and-a-half decades of following a mission statement of "servicing the Lord by reaching out to those in need," providing food and outreach programs to local families who could use a little help.

Petersen recalls, "When we began our mission, it was located in the old fire hall in town, we received support from local churches and it was ran by a

small group of volunteers." At that time, about 30 families visited the facility each month.

Today, approximately 700 families visit Good Samaritan's Food Pantry each month. Since the facility first opened they have served an astounding 78,827 families, primarily from Antrim County though about a quarter of those families are from Charlevoix County. A crew of some 95 volunteers helps to stock and distribute the food supplies, oversee the non-profit organization's Resale Shop, Good Samaritan Furniture & More Store, and assist new mothers at their affiliated Moms & Tots Center.

"The need has grown over the years," Mary relates. "People's stories tug at your heart. Our senior population has grown and we are seeing more seniors seeking assistance here, though they can be reluctant to ask for help."

She adds, "Everyone who gets food also gets free clothing. People can visit once a month, and we try to give them enough to last a bit longer. A lot of our food comes from the Manna Food Project, which we receive at a very good discount, so we can really stretch dol-

lars that are donated."

About a year ago, Good Samaritan Family Services added "Sammy's Shoes" at the Resale Shop, which offers a huge assortment of new shoes in virtually every size, style and color. This newest addition was made possible through a Great Lakes People Fund grant and a grant from the YAK group at the Charlevoix County Community Foundation. Families in need can pick up a brand new pair of shoe for a small donation or even for free if they are unable to afford the donation.

Mary notes that Good Samaritan is planning a celebration for their 25th anniversary on August 21st and 22nd, though details are still in the works. This coming Memorial Day Weekend they will be taking part in the annual Garage Sale Across the Breezeway, so stop by and pick up some fantastic bargains while also helping area families.

Good Samaritan's hours of operation are Tuesdays, 10am to 7pm, Wednesdays through Thursdays from 10am to 4pm, and Saturdays from 10am to 2pm. They are located at 9746 Main Street in Ellsworth and can be reached at (231) 588-2208 or on the web at www.thegood-sam.com

Duski moves forward to "The Voice" semi-finals

By Jim Akans

Northern Michigan native, Lauren Duski, moved one step closer to possibly becoming the season 12 "The Voice" winner on Tuesday, as once again America voted for her to advance to the Top Eight contestants on NBC television's vocal competition. She performed an energetic and upbeat rendition of Wynonna Judd's hit, "Tell Me Why." Written by Karla Bonoff, "Tell Me Why" is an engaging country song that reached the number three spot on Billboard's Hot Country Songs chart in 1993.

In a twitter exchange on Monday evening between Wynonna Judd and Lauren, Judd noted, "As they announced you my heart raced. I think I caught myself holding my breath at

one point during the song. I actually felt nervous!" Duski responded, "Girl - I promise you're not the only one haha! I kept thinking wwww? What would

Wynonna do? Not be nervous?"

Duski did not appear nervous at all as she sailed through a fantastic version of the tune. After her per-

formance, team coach Blake Shelton emphasized, "You are the missing piece in country music right now."

With only eight contestants remaining "The Voice" now heads to the final two weeks. During the semi-final round on May 15 and 16, four of those contestants will be eliminated and during the live finale on May 22 and 23, one of those four will be named Season 12's "The Voice."

Northern Michigan fans can join Duski supporters on the "Lauren Duski Gaylord Fan Club" Facebook page, and follow her journey on The Voice at www.laurenduski.com or on Facebook at LaurenDuski.
