Boyne City duo finishes high school softball careers together at the MHSSCA All-Star game

MOUNT PLEASANT, MI – Rambler players Katie Hoth and Grace Wells collected several positive memories from the Division 3 MHSSCA All-Star Game on Wednesday, July 18.

Playing for the D-3 Red Team, the pair laced up the cleats together for the final time, as each player performed well, making plays at the level they expected before they fell the White Team at Central Michigan University's Margo Jonker Stadium.

Hoth played outstanding defense for the Red Team, recording five putouts in the outfield, and by her standards, a subpar day at the plate, finishing 0-for-3. "I kind of went into the

game maybe too relaxed. For me that's super uncommon because I'm usually a nervous wreck but I told myself like "hey you have nothing to lose, you're not here to impress anyone, you've had a good run, this is it," Hoth said. "With that being said I didn't play how I would have liked, but I had such a good time that isn't what I'll remember."

"This was the coolest experience of my high school career. Being able to play with girls at such a high level was super eye opening and humbling," Katie added. "The best way I can describe the connection all of us girls had is feeling like we're all

the same and I've known them my whole life. The minute I walked into my dorm to meet my roommates one of them asked if I happened to bring a speaker with me.. I felt so at home in that moment. The whole team was on the same page for the 24 hours I spent with them. We listened to the same kinds of music, enjoyed the same activities, loved the same kinds of snacks, shared similar stories of what our life is like at home. I could go on and on about the connection we all shared aside from the common love for the game."

When asked about if there were any moments or highlights of the days events, she responded, "I'm not sure if there was one moment that truly stuck out as a highlight because the entire experience was a highlight for me. However, one moment that I recall distinctly as an individual is getting up to bat my first time and my neighbor (DeAnn Spaay), her daughter (Whitney Skop) and her grandson yelling my name. He's 5 years old and has been a fan of mine since he was big enough to walk. To me that was super special to turn around and see them sitting behind my family and friends who all made the drive to support me in one last "high school" game."

Wells saw time in the infield and couldn't be reached for comment.

The White Team would defeat the Red by a score of 15-8.

Boyne City home has over three acres of property

BY JIM AKANS

A rare in-town estate find; this Boyne City home is situated on four parcels...totaling over three acres of property.

This four-bedroom, two bath home also has a lot of room to roam inside, with approximately 2,240 square feet on the main and finished lower levels. The living, dining and kitchen areas feature an open design, providing a great space for family living and for entertaining. The lower level has a large family room with corner fireplace and wood flooring, plus two of the bedrooms and one of the baths. This would make a great guest area when family or friends stop by for a visit.

There is a covered patio overlooking the expansive property with mature landscaping. In addition to the twoand-a-half car garage, there is a large pole building and multiple sheds on the grounds; providing lots of additional storage. While it feels like country living, this home is on the south edge of Boyne City, offering easy access to the many dining, shopping and entertainment options downtown and at the waterfront.

This rare in-town find is located at 1128 Pleasant Avenue in Boyne City, and it is listed at \$299,900.
