A Pumpkin Walk is a Jack-O-Lantern lit walk through the 1/3 mile

trail behind the Community Park that normally is a disk golf course. The trail will only be lit on Friday with around 300 pumpkins allowing the attendees to enjoy the creative styles of the volunteers who carved pumpkins for the event. On Saturday Night, an element of surprise and terror has been incorporated to appeal to those looking for the Halloween thrill. Both nights will have

a designated area in which a family picture can be taken. Friday nights area will consist of a background of fall related items such as mums, pumpkins, cornstalks, and hay bales. Saturday night will have a background of ghouls and witches and a little more themed look.

department related regulations.

MDHHS increases flu vaccine access

One of the most important things a person can do to protect themselves and others from the Influenza (flu) this season is to receive the flu vaccine.

In the midst of COVID-19, the Michigan Department of Health and Human Services (MDHHS) and District Health Department #10 (DHD#10) are urging individuals and families to get vaccinated as it is likely that the flu virus will spread alongside COVID-19 this fall.

Recently, MDHHS announced Medicaid beneficiaries will have increased access to the flu vaccine at pharmacies statewide for adults and children 3 years and older. Medicaid coverage of the flu vaccine will also be expanded to additional locations. These steps will ultimately make it easier for individuals to receive a flu shot this year.

"The potential for the flu and COVID-19 to overlap is definitely concerning, which is why it is more im-

portant than ever to get the flu vaccine," states Dr. Jennifer Morse, Medical Director for DHD#10.

Flu shots are recommended for everyone over the age of 6 months, regardless of whether they are healthy or have risks, and no one should go unprotected from the flu. Children and adults who lack insurance may be eligible for programs available at DHD#10 and many provider offices. Please call 888-217-3904, option #2 to discuss your options or to schedule an appointment at your local DHD#10 office.

DHD#10 is currently offering community flu clinics across our 10-county jurisdiction, visit www.dhd10.org/events/ to find a clinic near you.

Residents with questions about vaccines, including the flu vaccine, can visit IVaccinate.org. For more information about flu activity in Michigan, visit Michigan.gov/flu.

It is with both a heavy heart and blessed relief that I must say goodbye to you all, my cherished family and friends. It is time for me to join Doug, Bill, Lu, and all the others that have gone before. Something that I have been looking forward to for some time. Thank you all for your caring, sharing companionship during my journey here. I await renewing acquaintances when we next see one another with great anticipation. Each one of you are so special to me and I shall miss our visits greatly. I will cherish and keep those memories to warm my heart on my new adventure. If I can find a Post Office and a Hallmark store here I will continue to send cards. Email may be a bit more problematic because my faithful little iPod could not make the trip. Be kind to yourselves and each other until we meet again. Hugs and loving, Gail

Fredrick Bolhuis, 101

(APRIL 18, 1919 – OCT. 19, 2020)

Fredrick Bolhuis of Ellsworth died October 19, 2020 at Meadow Brook Medical Care Facility in Bellaire, arriving at his heavenly homeland on the 75th anniversary of his return to the States after WWII when he literally kissed the ground.

Fred was born April 18, 1919 in Banks Township, the 10th of William and Tena (Drenth) Bolhuis' 12 children. He grew up on the family farm with a dog named Brownie and a horse named Queen which he rode bareback. When Fred was 9, his dad died. In 1937, his brother Gerrit drowned at a family picnic. When Fred was drafted into the U.S. Army in 1942, he sold the farm – and Queen – and moved his widowed mother into Ellsworth.

Fred served in Europe during WWII. He drove a 6x6 truck in the 297th Engineering Combat Battalion, a bridge-building unit known as the "Jackrabbits." When the 297th landed at Utah Beach on D-Day his was the third truck off the barge but the first to make it to shore. The Jackrabbits played a key role in the Allied Forces' conquest at the Remegen Bridge, a turning point in the war. The 297th also participated in the liberation of the Nordhausen Charnal House death camp. Though battered and bullet-holed, Fred's was the only truck in the motor pool to make it through the war.

He drove the truck onto the Autobahn and left it there.

When Fred returned to the States his fiancée Wilma Groenink joined him in Chicago where they were married on November 8, 1945.

Fred used his GI Bill benefits to attend Agricultural School. Fred and Wilma bought their farm on Pleasant Hill Road in 1946. Throughout their 43 years of farming many relatives visited. Nieces and nephews enjoyed "Uncle Fred's Farm" with tractor rides, hayrides, playing hide-and-seek in the haymow and cornfields, hauling hay and doing "shovel-ready projects" like pouring a concrete floor in the cattle barn.

In 1989, Fred and Wilma retired from farming and moved into Ellsworth. He enjoyed grandparenting, gardening, going for rides, taking long walks, picking cherries, woodworking, making applesauce, watching birds, squirrels, rabbits and deer.

Fred was a lifetime member of the Ellsworth Christian Reformed Church where he served as deacon, elder and teacher. He also served on the Ebenezer Christian School Board and drove Ebenezer's bus. He was a member of the Antrim County Farm Bureau and served on the Board of the Ellsworth Farmers' Exchange.

Surviving are his wife Wilma; children Ardieth (Jack) Tornga, Celia (John) Hastings and Roger (Sarah) Bolhuis; grandchildren Paul Hastings, Scott Tornga and Ed Boh; great-grandchildren Grant Hastings, Jake Hastings, Mick Hastings and Eddie Boh; many nieces and nephews. Fred was preceded in death by his parents and siblings, Tillie (Peter) DeZeeuw, Gerrit (Henrietta) Bolhuis, Abel (Emma) Bolhuis, Margaret (Elmer) Huizinga, Henrietta (John) Boeskool, Minnie Bolhuis who died at age 4, Nellie (Neil) Grimberg, Minnie (Christian "Hooky") Hoekstra, Clara (Dick) Van Til, Alice (Hugo) Vander Wall and Hattie (Bernie) Veenstra.

Visitation will be at the Ellsworth Christian Reformed Church on Friday, October 23, from 6 to 8 p.m. A service of thanksgiving for God's grace in Fred's life will be held at 1 p.m. on Saturday, October 24 at the Ellsworth Christian Reformed Church with the Rev. James Zwier officiating. The family requests that everyone attending wear masks. Burial will be in Atwood Cemetery. The service will be live streamed and available for later viewing on the church's web site, www.ellswortherc.org.

Health Department of Northwest Michigan COVID-19 Update

On October 20, the Health Department of Northwest Michigan is reporting 8 new confirmed cases in Antrim (2), Charlevoix (1), and Otsego (5) counties. Case investigation and contact tracing are in progress, and relevant information will be shared when it is available.

HEALTH DEPARTMENT
of Northwest Michigan

Each year the Michigan Department of Health and Human Services (MDHHS) tracks influenza cases sharing data in weekly Flu Focus reports. The latest report shares influenza data for the week ending October 3rd, 2020, and an archive of past flu season reports can be found here. The state is also providing a dashboard with information regarding vaccination status compared to last flu season and the target goal the state has set for the 2020-2021 flu season, and additional influenza resources and data can be found by visiting www.Michigan.gov/flu. We continue to add new dates and locations for flu vaccination clinics in our jurisdiction and encourage residents to call 1-800-432-4121 to locate and schedule an appointment. Free or low-cost vaccine is available for those who are under or uninsured.

According to the Michigan.gov influenza statistics dashboard, vaccine dosages administered this year is lower compared to both last year and the state of Michigan 2020-2021 goal. As we are still dealing with the COVID-19 virus locally, statewide and nationally, we cannot stress enough that our residents locate and receive a flu vaccine this year," shared, Dr. Meyerson, Medical Director. "We all need to continue to practice COVID-19 mitigation strategies and receive the flu vaccination to protect ourselves and our neighbors and to ensure that our hospitals can handle any increase to their census."

As of 4pm on October 20, the Health Department of Northwest Michigan is reporting:

-Positive COVID-19 cases in the following counties: Antrim - 90, Charlevoix - 86, Emmet - 126, Otsego - 124, Emmet - 178, Otsego - 191

-Recovered COVID-19 cases in the following counties: Antrim - 60, Charlevoix - 86, Emmet - 126, Otsego - 139

-Confirmed COVID-19 deaths in the following counties: Charlevoix - 4, Emmet - 4, Otsego - 12.

The State of Michigan has reported 147,806 cases and 7,031 deaths.

Stay up to date on the latest information in the Health Department jurisdiction by liking and following our Facebook page and visiting our COVID-19 Data Dashboard. Bird Migration studies in the Straits

Mackinac Straits Raptor Watch continued its long-term research into migrating birds this fall, observing hawks, owls, waterbirds, Sandhill Cranes, and Monarch butterflies. Paid contractors and several volunteers work in both St. Ignace and Mackinaw City.

Since August 20, nearly 14,000 hawks and other day-time-flying raptors have been tallied at Point LaBarbe near St. Ignace. Says Ed Pike of Harbor Springs, Chair of this non-profit organization, "The total so far is slightly more than our 2019 fall count at the Straits at this point in time. We'll see what happens by the end date of November 10."

Counter Calvin Brennan from Grayling is pleased to have seen 17 species of raptors. Most abundant have been Turkey Vultures at 4,256, followed by Sharp-shinned Hawks and Red-tailed Hawks. Unusual observations include 22 Northern Harriers on September 27th, one Black Vulture, and one Swallow-tailed Kite. Pike explains, "The Kite, normally a Florida resident, likely was blown off course by hurricane winds."

Kathy Bricker of Cheboygan, co-founder of MSRW, says "Watching dozens of Turkey Vultures hover high above, awaiting the right time to cross the Straits, connects us with the cycle of nature, of spring and fall, arriving and leaving. Tracking their movements and numbers, sharing the ever-changing beauty of their patterns in the sky, and teaching people about birds' important roles in nature is what MSRW does for our community." She said Brennan also counts Monarch Butterflies. Over 9,000 Monarchs passed the count site this fall, peaking in early October.

Night-time migration research is well underway. MSRW has banded a record number of 311 Northern

Saw-whet Owls and several Long-eared and Barred Owls. This year's survey of owls is conducted by biologists Nancy Drilling from North Dakota and Kandace Glanville from Ohio. They stay up all night tending fine-mesh mist nets stretched between poles in the woods. Attracted by the recorded call of another owl, passing owls fall harmlessly into the

net, then get measured, banded, and released. Nancy Drilling explains: "We are capturing almost all hatch-year females, suggesting we are at the high point of their population cycle. We determine age and sex for each owl, providing valuable population data." The banders have caught 17 owls that already were banded, either in earlier years by MSRW,

from the research station at Whitefish Point, Michigan, or from Wisconsin. Both the hawk and the owl research information goes into a continent-wide network of bird studies.

MSRW resumed its water-bird migration count on the Straits of Mackinac, starting August 20, to learn about the importance of the Straits to these species. Over 1,000 Common Loons have been sighted migrating south, one of over 42 species of waterbirds so far. Almost 12,000 individual waterbirds already have passed through the Straits. Ben Stalhiem of Bellingham, Washington alternates his 8-hour counting days between McGulpin Point, Mackinaw City and Graham Point, Saint Ignace.

Stalheim says, "The best part of migration has been seeing birds which are generally rare in this region. One of my most exciting observations has been an adult parasitic jaeger, harassing gulls before soaring over the bridge headed west." Parasitic jaegers breed in the Arctic tundra and winter in Central America. They are famous for stealing food from other birds by diving on them until the food morsel is dropped. Then they swoop in and pick it up.

The Mackinac Straits Raptor Watch, a non-profit organization, conducts scientific studies of hawks and owls migrating through this region of northern Michigan, educates the public about them, and aids in conserving them. The group appreciates support from more than 350 individual and business contributors, the Mackinac Area Visitors Bureau, and Petoskey Harbor Springs Area Community Foundation. October is Infant Safe Sleep Awareness Month in Michigan

Governor Gretchen Whitmer has declared October 2020 Infant Safe Sleep Awareness Month to call attention to the importance of infants sleeping safely.

"Far too many Michigan babies die in unsafe sleep environments. Parents, grandparents and caregivers can all play a part to help prevent these deaths," Governor Whitmer said.

Recently, Governor Whitmer signed the fiscal year 2021 budget which included funding for her Healthy Moms, Healthy Babies plan she announced at her State of the State address this year. The budget includes \$23.5 million for the program which ensures women are given the care they need to have a healthy pregnancy and healthy babies. The program will also work to expand support for interventions that are proven to improve outcomes.

Babies 0-12 months of age can be kept safe, while sleeping at night and during naps, when American Academy of Pediatrics guidelines are followed:

Place baby on back, in a crib, bassinet or pack 'n play for every sleep time.

Use a firm mattress with a tightly fitted sheet.

Keep baby's sleep space clutter free - no pillows, blankets or toys.

Avoid overheating baby or covering baby's head. Instead of a blanket, consider using a sleep sack, wearable blanket or footed sleeper to keep baby warm.

Remind everyone who cares for baby, including babysitters and family members, how to keep baby safe while sleeping.

Keep baby in a smoke-free environment.

Support breastfeeding and immunizations.

As more parents began following the infant safe sleep recommendations in the 1990s, the number of infant sleep-related deaths dramatically decreased. However, over the last decade, that decrease has slowed. From 2010 to 2018, 1,287 Michigan infants died due to sleep-related causes.

During the same period, unacceptable disparities have existed in sleep-related infant deaths. Black babies are dying at more than three times the rate of white babies from unsafe sleep environments.

"Health disparities exist because communities of color often lack access to sufficient resources, strong support networks, adequate housing, education, jobs, and quality health care, said Dr. Joneigh Khaldun, MDHHS chief medical executive and chief deputy for health. "Due to these inequities, black mothers experience life stressors at higher rates than white mothers. These stressors can put babies at higher risk of sleep-related infant death. MDHHS is dedicated to raising awareness of the importance of safe sleep to protect newborns so that families don't have to suffer through these terrible tragedies."

Compared to white mothers, Black

mothers were more than twice likely to lose their job during pregnancy. In addition, they are 2.5 times more likely to report they were in unsafe housing and four times more likely to report being homeless in the year before their new baby was born.

"As a state we have prioritized infants safely sleeping through our Mother Infant Health & Equity Improvement Plan and our vision of zero preventable deaths and zero health disparities. Together we can achieve this vision and ensure that all mothers, infants and families have the right to optimal health, adequate access to appropriate and timely care, and the opportunity to thrive," Dr. Khaldun said.

As part of the effort to prevent future sleep-related deaths, MDHHS is partnering with families, communities, hospitals, local health departments and organizations statewide to raise awareness and promote system changes that result in Michigan babies surviving and thriving in their first year and beyond.

Charlevoix sweeps visiting Elks

BY CHRIS FIEL

CHARLEVOIX – And they keep on winning.

The Charlevoix volleyball team remained unbeaten in Lake Michigan Conference play, disposing of Elk Rapids in three straight sets on October 13.

The Rayders won the match 25-23, 25-15 and 25-17 in solid fashion.

Elk Rapids started out strong and had Charlevoix on their heels for most of the first set, with good plays by the Elks, combined with some Rayder miscues.

Elk led most of the way before Charlevoix tied it up 21-21 on an ace by senior setter Zoe Brodin, pushing the team to an eventual 25-23 win.

The Rayders were in full command of the next two sets.

Brodin finished with 22 assists, three aces, four kills, five digs and served at 100 percent, Avery Zipp added 10 kills, three aces, 17 digs, 12-of-12 on serve receive and added one block, Grace Lentz had a block and five kills, and Claire Scholten recorded a ace, 10 digs, 7-of-8 on serve receive.

Also for Charlevoix, Taylor Petrosky added an ace, four kills, 16-of-16 serving, 19 digs, 8/8 serve receive; Patria Muriel, 15 digs, 8-of-8 serve receive; Anna Haf, three kills, four digs;

Camryn Turkelson, 11 digs, 4-of-4 serve receive; Isabelle Kenwabikise, two digs and Lauren Shepard added one dig.

Boyne goes 2-1 at home quad

BY CHRIS FIEL

BOYNE CITY – On October 15, the Ramblers welcomed Kingsley, Ogemaw Heights and Gaylord St. Mary to the hardwood for a quad volleyball match.

In the end, Boyne came away with a 2-1 record.

The opening match was against Ogemaw, with the Ramblers pulling out a 3 set victory, winning 25-16, 14-25 and 15-10 behind strong net play of Keni Ciesielski and Morgan Deming and getting outstanding defense from both Bella Cosier and Maddie Matthews.

In the second match, Boyne faced Kingsley, falling to the Stags 13-25 and 17-25.

In the final matchup against Gaylord St. Mary, the Ramblers downed the Snowbirds 25-21 and 25-14.

On the evening, Kingsley, Ogemaw both finished 2-1, while GSM was 0-3.

Grace Dawson led the way for the Ramblers with 14 kills, 22 digs and four aces; Deming had eight kills, five blocks and served at 100 percent, Maggee Behling added eight kills, 21 digs and two aces.

Also, for Boyne, Ciesielski had six kills and four blocks; Ava Tarsi chipped in with 39 assists, 14 digs and five aces; Sarah Sterling, six kills and two blocks; and Cosier had 25 digs to go with 31 serve receptions.

over until it's over.

The Boyne City and East Jordan volleyball teams found that out on October 13 after the Ramblers earned a pair of wins in the first two sets, before the Red Devils bounced back, taking the next two, setting up a fifth and final set, where Boyne came away with the victory.

BC won a competitive and well played opening set by both squads 29-27, then taking set two 25-17. EJ rallied for back to back wins, 25-20 and 25-14, before the Ramblers opened the final set with an 11-3 lead and then held off the Red Devils for a 15-9 win.

"This was a much needed win for our team tonight," BC coach Mallory Slate said. "As much as we wanted to win that third set and just come out with the sweep, I

was proud that they were able to finish it and not give up in that fifth set. Our passing was absolutely fantastic tonight which allowed us to set up our offense."

Leading the Ramblers, Maggee Behling finished with 11 kills, 28 digs and served at 100 percent, while Grace Dawson added 10 kills, 15 digs and a pair of blocks, Keni Ciesielski had eight kills and three blocks, and Ava Tarsi, 29 assists, two kills and 13 digs.

Also for Boyne, Bella Cosier had 17 digs and two aces; Morgan Deming, four kills, two blocks; Sarah Sterling, three kills; and Maddie Matthews, 10 digs and served at 100 percent, going 20-for-20.

For EJ, Evelyn Diller had 14 kills, nine digs and seven aces, while Kylie Skrocki

added 15 kills and 16 serve receptions and Haley Gibson recorded 24 digs and 42 assists.

Also for the Red Devils, Julia Trojanek had 35 serve receptions and 32 digs; Sophie Snyder, six kills, Lindsey Cross, nine kills; and

Anna Richards added 14 assists.

"The team really worked hard to fight tonight," EJ coach Laura Snyder said. "They all showed up as a team and played decent. There were some stretches of too many unforced errors

that made the difference in these really close scores in the sets that we lost."

CROSS COUNTRY RESULTS

Lake Michigan Conference Championship

BY CHRIS FIEL

BOYNE FALLS — On Saturday, October 17 the Lake Michigan Conference hosted their annual championship race at Boyne Mountain.

Traverse City St. Francis picked up wins in both the boys and girls races, The boys finished with 34 points, while the girls had 43 points, edging second place Charlevoix (48 point).

The rest of the boys results, Harbor Springs 66; Charlevoix, 83; Kalkaska, 103; Elk Raids, 113; East Jordan, 151; Boyne City, 174; and Grayling, 181.

Other teams, Harbor Springs, 56; Boyne City, 114; Kalkaska, 131; East Jordan, 145; and Grayling, 176.

Boyne City's Ava Maginity captured first-place in a time of 20 minutes, 18.40 seconds. Maginity has not lost a race this season. Megan Bush and Annie Bergmann of Charlevoix finished third and fourth as Bush had a time of 20:44 and Bergmann was close behind in 20:51.

Fellow Rayders, Rachel Descamps was ninth in 22:08 and Katie Rohrer was 11th in 22:14.

Other top area finishers; Eliah Heise (17th), East Jordan

dan; Christiana Kooistra (20th), East Jordan; Laina Sladics (22nd), Charlevoix; and Lydia Frasz (24th), Boyne City.

Kalkaska's Tyler Gugge-mos took first in the boys race with a time of 16:49.57, Charlevoix's Sam Peterson placed second with 17:38.79

Boyne's Gavin Carson came in ninth in a time of 18:14.31 and Dominic Schwein of Charlevoix placed 11th in 18:21.93.

Top area finishers for the boys race, John Sauer of Charlevoix, 18:38 (17th); Caleb Ziebarth, East Jordan (23rd), 18:52; and Will Magin-

ity, Boyne City (25th), 18:58.

"I could not be prouder of our teams today. This is our toughest course of the season, and we saw tons of improvement from the last time we ran here in September," Boyne coach Chelsey Herrmann said. "We've gotten smarter about being patient the first mile and staying mentally tough all the way to the finish."

"Gavin Carson had an amazing race. His goal was top ten, and he barely out-kicked another runner down the homestretch to finish in ninth," the Rambler coach noted. "No one has worked

harder than this kid; he put in the miles this summer and gives his all at every practice. He went from finishing 38th at the conference meet last week to 9th today, and I just couldn't be happier for this remarkable kid."

"Ava Maginity has won every single individual race she's run in this season, and she kept that streak up today as conference champion. I have been so impressed with her maturity this year as she has focused more on race strategy, and I'm excited for her to see how far she can go in the postseason."

Ramblers dominate Rams 55-0, improve to 3-2

BY CHRIS FIEL

BOYNE CITY 55, HARBOR SPRINGS 0

HARBOR SPRINGS – When a good offense with dy-

amic players gets rolling, it's a thing of beauty.

That would be the case on Friday, October 9 as the Boyne City Ramblers capitalized on their playmakers and shutdown those of Harbor Springs in a 55-0 trouncing of the Rams.

Boyne visited the endzone early and often as juniors, Jacob Bush (three touchdowns), Bobby Hoth (two scores), Aaron Bess (two scores) and Kaden Jewett

(kickoff return) led the charge.

The Ramblers build a 35-0 advantage at the half as sophomore quarterback Jack Neer connected with Bess for an 8-yard touchdown to open the scoring. Bush would follow with a pair of 1-yard TD runs.

Hoth would ramble in for a 32 yard scoring in the second before Neer and Bess connected once again through the air, this time from 12

yards out. Ally Herrick was good on the extra point attempts.

The Ramblers didn't let off the gas in the second half as Kaden Jewett took the kickoff, turning on the jets and racing 83 yards for the score. Hoth added his second score of the night on a 41-yard touchdown run.

With the victory, Boyne improved to 3-2 overall, setting up the regular season finale with Mancelona at home on

October 16.

Offensively for the Ramblers, Neer was 6-of-7 passing for 117 yards and two touchdowns, while also picking up 69 yards on the ground on six carries.

Hoth finished with 51 yards receiving; Aidan Brehm hauled in two catches for 40 yards; Bess added two receptions (both TD's) for 20 yards.

Hoth also managed 91 yards (two scores) on five attempts, Bush ran for 50 yards

on seven carries and three touchdowns. Bess added 33 yards rushing and Sean Little gained 23 yards.

On the defensive side, Brayton Ager recorded seven tackles to lead the team, while Hoth made four stops and added an interception. Jewett and Jacob Gregware each had three tackles.

Division 7, No. 8 ranked Rayders remain unbeaten

BY CHRIS FIEL

CHARLEVOIX 55, ELK RAPIDS 0

CHARLEVOIX – Over-

looking an opponent is an easy thing to do at any level. Coming into the night, the AP ranked Division 7, No. 7 Charlevoix football team hosted winless Elk Rapids. The Rayders took care of business, cruising to a 55-0 win over their Northern Michigan Football League opponent amid cooler temperatures and rainy/wet field conditions.

Luke Snyder helped lead the defensive (11 stops and a sack), while also chewing up 126 yards on the ground in

the offensive attack for the Rayders, the senior scored four rushing touchdowns in the contest.

Caleb Stuck connected with Evan Solomon for a touchdown just before the half, giving Charlevoix a 35-0 lead at the break.

The pair also combined for another score in the third quarter, Phillip Sterrett also found paydirt, before Snyder punched in his final score of the night in the final quarter.

Stuck was an efficient 7-of-11 passing on the night for 104 yards, including the two scores, and also gained 43 yards and a rushing touchdown.

Sterrett rushed 10 times for 105 yards and the touchdown.

Receiving wise, Solomon had two receptions for 29 yards and a pair of TD's, while Patrick Sterrett and Ethan Putman each had two catches.

MacPass account holders: time to swap your old card for a new sticker

The MacPass toll cards were good, but the new windshield-mounted stickers are better. That's why the Mackinac Bridge Authority (MBA) is retiring the old cards and urging MacPass account holders to make the switch before the end of the year.

The stickers, which are automatically scanned when drivers pull up to the toll booth, were introduced in September 2019 as part of the MBA's new toll software system. MacPass account holders along with new customers have been rapidly switching from the MacPass cards to the new stickers, and more customers are paying with the stickers now than cards. Cards will no longer work after Dec. 31.

"We continue to hear from our customers who love the new system and the convenience of not needing to stop and roll down their window to scan their MacPass card," said MBA Executive Secretary Kim Nowack. "During the pandemic, they've also appreciated the quick MacPass transaction time and touch-free toll paying."

The stickers, which can be linked to a single account for multiple vehicles, cost \$1 each. Existing customers do not need to open a new account; they can add a sticker tag to their existing MacPass account.

Customers can obtain the sticker tags in the MBA administration building at the north end of the bridge around the clock, seven days a week. They will need to provide the license plate number, make, model, color, and year of each vehicle that

will be linked to the account, though new vehicles can be added later. MacPass account holders can also order new sticker tags online by logging into their account at <https://MacPass.MackinacBridge.org> (instructions at www.MackinacBridge.org/MacPass).

New passenger vehicle MacPass accounts require an initial deposit of \$80 and a \$7 one-time set-up fee; commercial accounts require a \$200 deposit and the same \$7 one-time set-up fee.

MacPass customers can use toll lanes designated for MacPass by the overhead signs, or any open lane. Drivers should still watch for toll collectors and customers walking across lanes.

Though the MacPass is not exclusively for commuter customers, MacPass holders with passenger vehicles can still qualify for the commuter discount toll if they make both a northbound and southbound trip within 36 hours. The toll will be \$4 for the first trip but customers will not be charged for the return trip if completed within 36 hours.

MacPass is the only tolling transponder currently in use at the Mackinac Bridge; I-Pass, E-ZPass, SunPass, etc., though similar, are not accepted. Surveys have shown that few Mackinac Bridge customers currently use other tolling transponders.

The MBA still accepts cash, credit and debit cards for tolls. Other payment types on phones, including Google Pay and Apple Pay, also are accepted.

"YOU CAN GIVE NOW OR IN THE FUTURE: YOUR COMMUNITY FOUNDATION WILL BE READY"

Mr. William K. Steger, an attorney who lived in Bloomington, Indiana, was fond of visiting his cottage on Beaver Island. His friends and family called him Bill. He specialized in employment, insurance, and workers compensation law, so when he put together his estate plan, he engaged another attorney. He was not a donor to the Charlevoix County Community Foundation, but determined that this organization would receive a portion of an IRA upon his death. He called the Community Foundation in 2004 to learn the name of the fund established to support the Beaver Island Rural Health Center and the Community Foundation's tax identification number. He spoke with Bob Tambellini, the Community Foundation's president at the time, and let him know what he was planning.

Early in 2016, the Community Foundation received word from Mr. Steger's attorney

that he had passed away in the fall. Twelve years after the last contact from Mr. Steger, the Community Foundation received a contribution from his estate. During that period, Bill visited Beaver Island many times. He knew that one day, he would make a gift that would help ensure the long-term financial stability of the Health Center, which is so vital to the well-being of Island residents. Over those years, Bob Tambellini retired and I was hired to lead the Community Foundation. The Beaver Island Rural Health Center Endowment Fund grew thanks to gifts of all sizes and positive investment performance. Countless changes happened in the world around us, but when the communication and check arrived from the attorney, even after all that time, the Community Foundation was prepared to do exactly what Mr. Steger intended.

Since 1994, the Charlevoix County Community Foundation has partnered with many individuals, couples, families, and businesses who wish to make a difference through charitable giving. The Community Foundation

is a trusted partner for future giving - or giving through your will, trust, IRA, or other element of your estate plan like Mr. Steger did. Future giving is meaningful philanthropy anyone can do because it doesn't impact a person's current finances. Community foundations are a logical partner for those who wish to leave a local legacy because of the mission to work "For Good. For Ever." No matter how many years pass or how much changes, the Community Foundation will be prepared to honor the individual's intent to make a difference.

We celebrate "Will Week" in October to recognize how friends and neighbors are working with their advisors and their Community Foundation to leave a lasting legacy. Mr. Steger worked with his attorney to provide for an organization he cared about deeply. Because of his effort to reach out to the Community Foundation to share his charitable wishes, we were able to implement them with confidence and without delay when the gift arrived.

Mr. Steger chose to enrich an existing fund, but some

donors have chosen to establish a new fund bearing their name to do good work in their memory. For more examples of folks who are making a difference through future giving, visit c3f.org for a digital version of the Legacy Guide or be in touch at legacy@c3f.org to request that one be mailed to you.

The Community Foundation supplements the work done by attorneys and other professional advisors when we help people formalize their charitable plans. As we celebrate "Will Week" - formally called National Estate Planning Awareness Week, we're grateful for the many highly-qualified local and regional professional advisors who have helped their clients do this good work. We're committed to building a stronger community together, now and in the future.

Sincerely,
Chip Hansen

President

Charlevoix County Community Foundation

October is National Breast Cancer Awareness Month

In Michigan, it is estimated there will be 8,800 new cases of breast cancer and that 1,380 women will die from the disease in 2020. To help continue to raise awareness of this disease, Gov. Gretchen Whitmer has proclaimed October 2020 as Breast Cancer Awareness Month. In an effort to promote early diagnosis and reduce health disparities, the Michigan Department of Health and Human Services (MDHHS) is providing information on what women can do to detect breast cancer early, as well as understand their risks and the lifestyle-related factors that can reduce them.

"Breast cancer has devastated thousands of Michigan families, and during breast cancer awareness month, I am hopeful that Michiganders everywhere will help raise awareness and educate themselves on how to detect breast cancer early," said Governor Whitmer. "We must also recognize that the mortality rate for breast cancer is nearly 40 percent higher for Black women than white women. Every Michigander, no mat-

ter who they are, deserves access to quality, affordable care that will help prevent disparities like this. That's why I have made a commitment to address health disparities in Michigan, and why I am fighting to protect the Affordable Care Act from Republican attacks."

"It's important for women to know their risk for breast cancer and to talk to their health care provider about screening," said Dr. Joneigh Khaldun, chief medical executive and chief deputy for health at MDHHS. "As women, our risk for breast cancer increases as we get older. Having dense breast tissue, which can mask or hide breast cancer, increases your risk as does having a personal or family history of breast cancer."

African American women are more likely to be diagnosed at a younger age than white women and diagnosed at a later stage. Compared to white women, African American women also have a higher death rate from breast cancer and across all stages of cancer

diagnosis, they have poorer survival rates. Factors that may contribute to this include barriers to early detection and screening, access to clinical trials and the higher likelihood of being diagnosed with a more aggressive form of cancer known as triple-negative cancer.

Getting regular breast cancer screenings and focusing on healthy behaviors can reduce risk, including:

- Increasing physical activity.
- Maintaining a healthy weight.
- Quitting smoking.
- Limiting alcohol.
- Being tested for breast cancer is important. The U.S. Preventive Services Task Force, the National Comprehensive Cancer Network and the American Cancer Society recommend:
 - Women should be able to start screening as early as age 40. Talk to your health care provider about when you should begin screening.
 - Women who are more at risk should begin screening at age 40.
 - Women with an average

risk of breast cancer - most women - should begin yearly mammograms by age 45. All women should begin mammography screening by age 50 at the latest.

-Breast exams, either from a medical provider or self-exams, are no longer recommended.

Women should also know their family history of cancer. Approximately 5 percent to 10 percent of breast cancers are hereditary - meaning breast cancer runs in the family. There are approved medications for women who are identified at an increased risk for developing breast cancer (and not previously diagnosed). These women should discuss the risks and benefits associated with these medications, in addition to possible lifestyle changes, with their health care provider.

If you are uninsured or know someone who needs help paying for mammograms call 844-I-GOT-SCR (844-446-8727) for more information.

A SHORT GUIDE TO REAL ESTATE LINGO AND ACRONYMS

PART 1 OF 2

Real estate ads are usually full of acronyms and terms that are unfamiliar to first-time buyers. Here's a cheat sheet to let you in on the lingo.

4B/2B -- four bedrooms and two bathrooms. "Bedroom" usually means a sleeping area with a window and a closet, but the definition varies in different places. A "full bathroom" is a room with a toilet, a sink and a bathtub. A "three-quarter bathroom" has a toilet, a sink and a shower. A "half bathroom" or powder room has only a toilet and a sink.

assum. fin. -- assumable financing

closing costs -- the entire package of miscellaneous expenses paid by the buyer and the seller when the real estate deal closes. These costs include the brokerage commission, mortgage-related

fees, escrow or attorney's settlement charges, transfer taxes, recording fees, title insurance and so on. Closing costs are generally paid through escrow.

CMA -- comparative market analysis or competitive market analysis. A CMA is a report that shows prices of homes that are comparable to a subject home and that were recently sold, are currently on the market or were on the market, but not sold within the listing period.

contingency -- a provision of an agreement that keeps the agreement from being fully legally binding until a certain condition is met. One example is a buyer's contractual right to obtain a professional home inspection before purchasing the home.

dk -- deck
expansion pot'l -- expansion potential mean that there's extra space on the lot or the possibility of

adding a room or even an upper level, subject to local zoning restrictions.

fab pentrm -- fabulous pentroom, a room on top (but under the roof) that has great views

FDR -- formal dining room

fixture -- anything of value that is permanently attached to or a part of real property. (Real estate is legally called "real property," while movables are called "personal property.") Examples of fixtures include installed wall-to-wall carpeting, light fixtures, window coverings, landscaping and so on. Fixtures are a frequent subject of buyer and seller disputes. When in doubt, get it in writing.

frplc, fplc, FP -- fireplace
gar -- garage (garden is usually abbreviated as "gard.")

grmet kit -- gourmet kitchen
