Maple Syrup is for more than just pancakes

Maple Tree Ice Cream shop in East Jordan

BY TINA SUNDELIUS

East Jordan - This past June at the storefront previously known as Sodalicious another ice cream shop opened almost silently. It was a smooth transition for downtown East Jordan and some ice cream lovers didn't miss a lick. The Maple Tree offers more than ice cream though. Its main focus is everything maple and they are proving that there is a lot you can do with maple syrup.

Josh and Meagan Chamberlain and their six children, Guy, 16, Jacob, 14, Emily, 13, Christopher, 9, Jennette, 5, and Isabelle, 3, decided it was time to expand their maple syrup product line and in order to do that they needed a storefront. With the help of Marty Cary, the owner of Sodalicious they perfected the recipe for their premium product, Maple Creemee. It has a soft serve base infused with Chamberlain's homemade maple syrup. "The maple syrup gives the ice cream a nice light maple taste while giving it a real creamy texture," said Meagan. They carry original, chocolate and twist. "We are the only place in Michigan that makes Maple Creemees," she said. "We do not make your average sundaes. Our sundaes are topped with one of our maple infused syrups, whipped cream, and a maple candy," added Josh. Josh's grandfather taught him how to harvest and pre-

pare maple syrup. It is an activity that not only produces a sweet product but sweet memories for Josh. He has passed the tradition down to his children and then six years ago decided to go a step further. With his families' blessing, he sold his twenty-year Landscaping business and took

Papa Smith's Know-how to market. "We started off using buckets and a flat bottom pan. Our oldest two boys helped make the syrup from the first day. Jacob would collect sap from the buckets while Guy would watch the pan and add wood to the fire to keep a regular temperature. The following

year we would take our earnings to build a little bigger, said Josh. The kids were a part of the journey every step of the way. "He would take the older boys up to get supplies to make sure they saw and learn that side of the business as

Charlevoix County Community Foundation wants to hear from you

The Charlevoix County Community Foundation (C3F) seeks to learn from friends and neighbors who live, work, and play in Charlevoix County what they see as priorities for a thriving community. Community members are invited to complete a survey, either online or on paper, and attend open listening sessions, in person or on Zoom, through early 2022.

Survey questions ask what individuals think their community's strengths are, as well as areas of need, and offers plenty of space for providing suggestions and ideas for how to make their community better. This input, along with other data, will help C3F board and staff set priorities for discretionary grantmaking, impact investing, and community leadership.

The online survey, which is available on the C3F website by clicking on "Take Our Survey", has already collected several community responses. So far, responses show concern about the need for housing, support for employment training programs, and the importance of education. Childcare and health were also topics that survey responses highlighted for attention.

"During the pandemic, C3F did what community foundations are so well poised to do: we responded to changing needs and provided flexibility

While there, he was drafted into the Army in 1968. He became an E5 Sargeant and was based primarily in Germany. He coached Little League Baseball for many summers. Also, he was the statistician for Rayder basketball games. He continued doing this for many years, even after he retired. EAST JORDAN CITY COMMISSION OCTOBER 5 MEETING

City Commission presents service awards

BY TINA SUNDELIUS

East Jordan - Service Awards were presented at the October 5 East Jordan City Commission Meeting. During the standing-room-only presentation held at the Emergency Services Facility retiring police Chief, Terry McDonnell, was given a

standing ovation. Mayor Mark Penzien along with city staff and the Board of Commissioners honored East Jordan residents who have served the community on the various councils and commissions needed to run a municipality. Awards were given for 5 to 30 years of service. "It

takes a community to make things work and we have a lot of good volunteers. I really do cherish the people that step forward and line their actions to the comments. They don't just talk, they get involved and do. That's what make a good community," said Penzien. Retiring Police Chief, Terry

McDonnell was present and addressed the crowd, "It's been a great six years and a real honor to serve as your Chief of Police." The crowd rose to their feet and shouted acclamations. "We are sad to see him go but we wish him well," Penzien said. After the awards cere-

mony, the commission paid the bills, worked on language for 3 ordinances and adjourned. Those given recognition who were not present included: Josh Force for 5 years with the Fire Department, James Maltese for 5 years with the Fire Department, Robert Honson for 5 years with the Housing Com-

mission, Jenny Maher for 10 years with the Parks & Rec Board, Dan Bennett for 15 years on the Board of Review, City Commission and Parks & Rec Board, and Clyde Payton for 15 years with the Police Department.

Support What You Love Most Your Community Foundation Can Help

Barbara and Bruce MacArthur were dedicated to Charlevoix. Hugh Winnell had a deep love of Petoskey, his life-long home. Ethel Coeling felt a deep affection for this place and the woods, streams, and shorelines that made it so special to her. Elayne Zaiger honored her late husband Jack by establishing an unrestricted fund to help others. Each of these individuals reached out to their Community Foundation as a partner. For nearly 30 years, Charlevoix County Community Foundation and Petoskey-Harbor Springs Area Community Foundation have been partners in local philanthropy by helping donors make a difference close to home. Some donors choose to establish funds during their lifetimes and others opt to include the causes they care about

most in their future plans. Each path is unique. During National Estate Planning Awareness Week, we highlight the opportunity to provide for charitable organizations and causes without having an impact on an individual's current finances. Professional advisors can help their clients make a plan specific to their needs and circumstances. "For clients who are philanthropically motivated, I advise them to make an unrestricted provision in the legal paperwork and then to follow up with their Community Foundation if they wish to do something more specific," said Petoskey-based attorney Bill Meengs. "This allows any adjustments in future years to be made easily and without cost through the Community Foundation." Although fewer than half

of Americans have a will or trust (46%), it doesn't have to be complicated or stressful (Gallup, 2020). "Creating an estate plan is the exact opposite of upsetting. Planning ahead for when we're gone gave us tremendous peace-of-mind," shared Amy Wieland, a Legacy Society member of the Charlevoix County Community Foundation. For Debbie and Dave Deal, including the Petoskey-Harbor Springs Area Community Foundation in their estate plan was a logical next step after establishing a donor-advised fund. "With a planned gift," they shared, "we can continue to support the foundation into the future as well as after we are gone." To learn more about how you can make a difference through your local community foundation, visit www.c3f.org and look for

the Leave a Legacy tab or visit www.phsacf.org and find the Giving tab in the navigation bar. When you give to your community foundations, you make a difference today and, thanks to the power of endowment, in the future as well. For Good. For Ever. The Charlevoix County Community Foundation and the Petoskey-Harbor Springs Area Community Foundation are public charities dedicated to improving and enriching the lives of people in their respective counties. The organizations hold various funds, all established by local donors. Some funds are earmarked for specific causes; others are open-ended to meet changing needs. Many funds are held in permanent endowments so they can continue to grow and generate income to enhance the quality of life in our counties now and for generations to come.

DAVE
Says

Dave Ramsey

Let's tweak that
idea a little

Dear Dave,

I am on Baby Step 2, and I started a YouTube channel earlier this year that led to a new opportunity to make additional income. I try on and review clothing, and I'm paid \$30 for each clip that's anywhere from 30 seconds to two minutes long. Right now, I have about 1,000 viewers. This requires me to buy items from several brands. I usually return the items when I'm through filming, but I'm currently funding this with a credit card I only use for this project. I only pay the minimum each month until I get the refund, so at any given time there can be up to \$4,000 on the card in rotation. I make about \$86,000 at my normal job, so is this an okay way to fund my project and chalk it up as a business expense?

Amber

Dear Amber,

You're taking a risk here, from a business perspective, by playing around with \$4,000 in debt to make \$30 a pop. That's inordinate. And you shouldn't be paying for the clothes in the first place. These brands should be giving you clothes to review—that you keep—for the marketing exposure, but I'm not sure you've got enough eyeballs on you yet to justify them giving you the clothes for free.

Basically, it sounds like you're trying to put yourself in a position to be an influencer. And the way influencers get paid is by monetizing eyeballs. Obviously, YouTube and other

platforms will pay you if you can get the eyeballs. But 1,000 viewers really aren't a lot these days. You're getting there, though, and I'm glad you're working at it and trying to make things happen.

You make good money, Amber. I want you to set aside \$2,000 or \$3,000 for this business, maybe out of the business income, and prime the pump one time. By that, I mean open a separate checking account that's for your clothing exchange process only. Here's the thing, let's say you bought \$1,000 worth of stuff from one of these companies, and they suddenly decide they're not taking it back. You just ate that \$1,000. And guess what else? Now, you really have credit card debt.

There are three things you can always be sure of in business. One, it's going to cost twice as much as you think it will. Two, it's going to take twice as long as you think it will. And three, you are not the exception to these things. While we're at it, add this to the list of stuff you can always be sure of—you'll never find me advising or endorsing credit card debt!

BROUGHT TO YOU BY
HOLLY STARK
EXP REAL ESTATEDoes Your Insurance
Policy Cover Roof Damage

The easiest way to know what's covered or what's not, is to contact your insurance provider. Coverage will often depend on the age of your roof, the area you live in, and many other factors, so it's important to know the specifics of your policy.

Most homeowner insurance policies will provide coverage for roof damage caused by unpreventable reasons such as vandalism or fire. Disastrous "acts of God" such as hurricanes and tornadoes are also usually covered. Although wind, rain, and hail are covered by your home insurance policy, there are many factors that determine if your damage will be covered, and if so, how much you will be reimbursed. The same basics that apply to your roof, may apply to your exterior property as well. Exterior property is considered anything that is attached to the outside structure of your home, such as siding and gutters.

Although wind, rain, and hail may be covered by your home insurance policy, there are many factors that determine if your damage will be covered, and if so, how much you will be reimbursed.

Some policies take the age of your roof into account at the time it is damaged. For example, if your roof is under 10 years old, you may be covered for the full cost

of repairing or replacing the damaged section of your roof at the time of the claim. If your roof is over 10 years old, you may only be reimbursed for the depreciated value of the damaged roof. The depreciated value takes the aging and wearing of your roof into account, meaning its value has decreased prior to any damage occurring. Depending on where you live, some policies will only offer roof damage coverage up to the depreciated value, regardless of the age of your roof. Other policies will cover the full cost of repairing or replacing the damaged section of your roof at the time of the claim, regardless of the age of your roof. In most cases, your insurance company will send an inspector to your home to investigate and verify your claim. If the damage is determined to be from aging, wear and tear, or poor condition of your roof, it will typically be considered normal maintenance, and will not be covered under your policy.

In some instances, water damage due to flooding or surface water, might have to be covered under an additional policy. Mold caused by continued water damage or leaking, for example, also may not be covered by your insurance policy. Preventing leaks and inspecting your property are crucial responsibilities of the homeowner

and could help avoid unnecessary damage. If you are experiencing leaking due to a damaged roof, promptly remove any furniture or other belongings that could sustain water damage.

Replacing a roof or other exterior property can be a time consuming and expensive process. That's why it's important to take certain steps to prevent damage from occurring.

Get your roof inspected by a trained professional who can identify areas that may need immediate repair. Replace broken and worn shingles. Consider using impact-resistant shingles, which may be more expensive at first, but are designed to resist damage from hail, saving you money in the long run. Remove any dead trees from around your property that could potentially fall onto your home.

To ease the experience of the claims process and to help you receive proper settlement for your loss, take a set of "before" photos of your roof and exterior property. Update the photos whenever you have maintenance or repairs done. After damage occurs, take a set of "after" photos. Document and record the damage as well as any estimates, invoices and bills you receive. Having all of this information on file will help ensure a smooth and hassle-free claims process.

Overall, it's important to remember that all insurance companies cover roof and exterior property damage differently. Even the same company can vary coverage drastically by state or the age of your roof or property. Policies also differ in coverage limits, deductibles and certain exclusions. The only way to be certain of what your policy covers, is to speak with your insurance provider about the details.

ARTS & ENTERTAINMENT

In the Shade of Trillium show at Arts Center

EAST JORDAN - "In the Shade of Trillium, a mother-daughter show", featuring painters Pat Tinney and Cayla Tinney Zellers, will open at the Jordan River Arts Center on October 10th. The title of this exhibit comes from Pat's tradition of creating a trillium painting every Mother's Day and Cayla's memories of painting together as mother and daughter with "our feet tucked under their broad leaves." The shared environments and life experiences of these two masterful artists are evident in the striking similarities and differences in their works.

Pat Tinney is an award winning watercolorist whose vibrant paintings depict the shorelines, fields, and forests of Northern Michigan, as well as the birds, boats and buildings that she discovers in these landscapes. Retiring from 35 years of teaching art at the East Jordan High

Pat Tinney

Cayla Tinney

School, she often can be found plein air painting at sites from the Jordan Valley to the Beaver Island archipelago. Cayla Tinney Zellers, whose layered and carved oil landscapes are in private and public collections across the

United States, likens her process to the evolving forces that break down and regenerate the natural environment. Living in the Ann Arbor area, her works speak of an enduring sense of home and place specific to

Northern Michigan. The exhibit is open on Fridays, Saturdays and Sundays 1-4pm until November 5th. Other showings can be arranged by appointment at www.jordanriverarts.com.

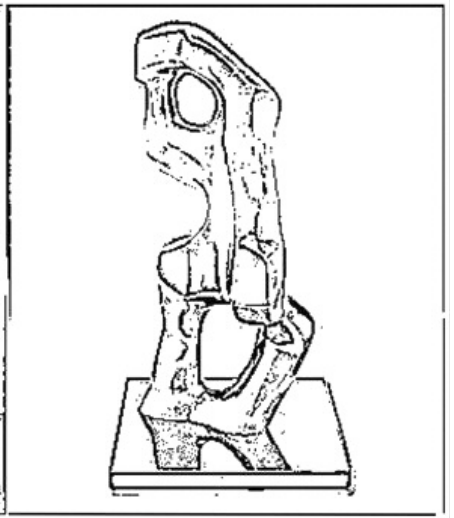

Circle of Arts Kids Coloring Contest

Charlevoix Circle of Arts (CCA) is presenting a children's coloring contest in conjunction with its current exhibition Presence, which features bronze sculptures by local artist Paul Varga and oil paintings by Charlevoix artist Steve Toornman.

The coloring sheet can be downloaded and printed from CCA's website, or visitors can pick one up at CCA during regular business hours. Coloring page submissions will be accepted from now until October 30. A winner will be randomly drawn and announced on November 1.

The coloring pages will also become part of the exhibition itself, with children's masterpieces displayed on the foyer walls and welcoming all who come to see the show. "The coloring contest provides children an opportunity to participate in our Fall exhibition and is one of the many free and low-cost creative opportunities CCA offers for area youth as part of our mission to cultivate a more inspired and educated community through the arts," says Sarah Matye, Executive Director.

Charlevoix Circle of Arts is located at 109 Clinton Street, in downtown Charlevoix and open 11 a.m. to 4 p.m. Monday through Friday, and 11 a.m. to 3 p.m. Saturday. For more information please call (231) 547-3554 or visit www.charlevoixcircle.org.

MAPLE TREE FROM PG. 1

well. Slowly we grew over the years, replacing buckets with line system and flat bottom pan with an evaporator," said Meagan.

The store specializes in all-things-maple. The Chamberlains take care of 5,000 taps. So they convert that to maple syrup, maple ice cream, maple sugar, maple candy, and pancake mix sweetened with maple sugar. They have recipes on the back burner for their own maple granola,

maple peanuts, maple popcorn, and some other maple based products. They carry some maple products they don't make themselves like maple BBQ sauces, maple mustards, maple vinaigrette, and maple sriracha. They also carry some non-maple products like jams, cherry products, honey, apple sauce, hot sauces, Petoskey stone necklaces, and homemade cards. "We are hoping to start carrying some more local craftsmen and artisans when we get more room. Recently we started to add bath bombs made by me," said Meagan.

The Chamberlains are very family and community focused and plan to continue to incorporate both of those ele-

ments deeply in the business. The Maple Tree opened their doors on June 18th. "I choose that date for our opening day because it was the day Josh and I met 17 years ago. I believe that it would bring our store a little luck," said Meagan. Other businesses downtown have started utilizing the Chamberlain's products in their own. The Foundry has created a spicy "Reaper" sauce, 1914 uses Chamberlain products in one of its ciders and you can sweeten your coffee with their maple sugar at the Iron Goat. The Chamberlains believe the community has had a great positive impact on their family and they want to pay it back by becoming a community sta-

ple and a place where good memories are made. "I am hoping the children in this community will come back, bring their husband or wives and their children so they can experience The Maple Tree," she said.

Josh hopes to inspire the love of maple syrup in others and is always ready to help someone that is starting out. He believes in the potential of the Jordan Valley which was the biggest supplier of maple sugar during World War 1. "Josh would love for people to realize maple syrup is more than just pancakes," said Meagan.

Ramblers earn share of NMFL Leaders title

BY DOM SANTINA

The Boyne City Football team had a huge first place matchup against Mancelona on Friday, October 8. The winner would hold at least a share of the conference championship.

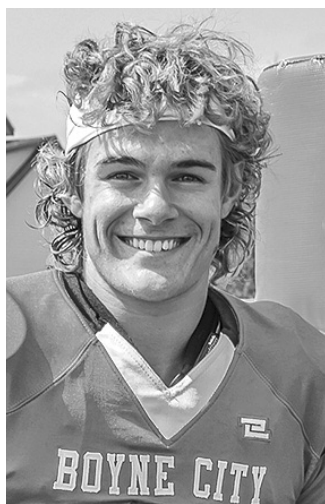

The Ramblers would get the game rolling early. They capped off their opening drive with a 10 yard touchdown run by Kaden Jewett. The Ramblers would find themselves up 7-0. After an Ironmen punt, the Ramblers would drive 48 yards and cap it off with a 15 yard strike from Jack Neer to Alex Calcaterra for another touchdown. The Ramblers would convert and hold a 14-0 lead at the end of the first quarter.

After having the Ramblers first drive of the second quarter end on downs. The Ironmen would get a two yard touchdown run to get them on the board. However, it would not be long for the Ramblers offense to respond. As Neer would connect with Calcaterra again, this time for a 62 yard touchdown pass. The Ramblers would now be up 21-6. The offense would keep rolling as Bobby Hoth would break free for a 34 yard rushing touchdown. The Ramblers would use their next drive to pick up their third straight touchdown as Neer connected with Kaden Jewett for a 25 yard touchdown pass. CROSS COUNTRY

Ramblers runners compete at Portage invite

BY DOM SANTINA

The Boyne City Varsity Cross Country competed at the Portage Invitational on Saturday, October 9. The first time the Ramblers would make the trip down to the Portage Invite.

The Ramblers would only have four girls be able to compete at the meet, so they would not be able to register a team score. Boyne's lead runner Ava Maginity would finish in 19:29 for 14 place.

"I was really impressed with her race. She moved up five spots between the one-mile mark and the finish, and she showed a lot of focus. With only Division 3 runners in the race, it was a great check to see where she stacks up looking ahead to the state meet in November," said Head Coach Chelsey Herrmann.

Lydia Frasz would be the second Boyne runner to cross the finish line. Frasz finished in 22:37 in 90 place. Madelyn Sobleski would be the third

runner to cross in 181 place with a time of 25:00. Avery Walsh would be the final Rambler to cross the finish line in 277 place with a time of 29:25.

On the Boys side, the team would finally be able to register a team score. As they would gain Corbin Smith who ran last season but played JV soccer this season. With soccer now over, he rejoined the team. The Ramblers would end up finishing 29 place overall.

The Boys would be led by

Timothy March with a time of 20:11 and would finish in 163 place. Brady Bearss would be the second one to finish in 225 place with a time of 21:17. Smith would make his return and be the third Rambler to finish in 21:38 and in 235 place. Joseph Heckroth would finish in 21:45 with 238 place overall. The team was rounded out by Henry Blair in 300 place with a time of 24:40.

"Madelyn Sobleski and Timothy March both had huge races, knocking about

50 seconds off their season-best times. Although we placed 29th out of 30 teams, it was a thrill to see our name on the scoreboard and I know that they are going to continue to improve. Corbin ran well, especially for this being his first race in a year. He was just off his best time from last year," said Coach Herrmann.

The team will be back in action on Tuesday, October 12 at Boyne Mountain for the Boyne City Co-Ed Relay. The team will look to build off of

their experience last weekend, coach Herrmann is optimistic about their performance and the team moving forward.

We talked a lot about using our hill training to our advantage, and I was really proud of the way each runner focused on that part of the course and how they handled the big-race experience. It gave us a lot to build on as we head into our final weeks and our most important races.

SOCCER

Ramblers win senior night matchup

BY DOM SANTINA

The Boyne City boys soccer team wrapped up their regular season on Thursday, October 7 with their senior night game against Grayling.

The Ramblers would have one of their best offensive performances of the season. As they would tally 18 shots on goal. The scoring would be sparked by Austin Mercer just 15 minutes into the game with a pass from Phillip Banner. However, that is all the Ramblers could get in the first half. The score would re-

main 1-0 at halftime.

In the second half, the flood gates would open. Mason Fiel would score 13 minutes in to put the Ramblers up 2-0. That would allow Derek Word to score to put the Ramblers up three with an assist from Gabe Pellerito. It would be just one minute later when Hayden Mosley would get a pass from Word to make it 4-0. It would be Mosley adding to his personal and team total roughly 8 minutes later, when he made it 5-0. Mosley would cap off his hat trick with a pass from Mercer to put the Ram-

blers up 6-0 with 8 minutes left. Nic Santina would pick up another win while stopping 2 shots.

Rayders drop two big matches in the fifth set

BY: DOM SANTINA

ELK RAPIDS

The Charlevoix Volleyball team would travel to play Elk Rapids on Wednesday, October 6. The game would be in a tight battle with the Elks.

The game would end up going the distance, as the Rayders would end up falling in the first set, 25-19. The Rayders would have some miss hits on serves allowed the Elks to get the early edge. In the second set, the Rayders would get back on track and would hold on for a 26-24 set victory.

In the third set, the Rayders would jump out to another early lead, but would be able to hold on against some big hits from the Elks. They would win the third set by a score of 25-18. The Rayders would hold a 2-1 set advantage and would look to lock up the win in the fourth set. However, the Elks would come storming back to claim a 25-19 win that would swing the momentum back in their favor, with the teams tied at 2-2.

In the fifth and final set, the Rayders would find themselves down 9-14 early. After a position change the Rayders would get 4 points in a row to tie the game at 14-14. The Elks would capitalize though to take a 16-14 victory. That would give the Elks the overall win by a score of 3-2 sets.

"It was a hard loss for the girls, but we have to find some positive about it and learn what we can do just a bit better for the next big match ahead of us. As we head into the rest of our season it will be just that, bigger matches. I look forward to the girls playing up to their potential as we are also growing," said Head Coach Audra Randall.

The Rayders would be led by Grace Lentz with 24 kills and 2 blocks. Patria Muriel would contribute 28 digs and go 28/30 behind the service line. Taylor Petrosky would add 10 kills and 3 blocks.

The loss would move the Rayders to 3-1 in the Lake Michigan Conference. The Rayders would then have another tough matchup against rival Boyne City on Thursday, October 7.

BOYNE CITY

It would be another

GRACE LENTZ

matchup that would go the distance and a big momentum game. In the first set, the Rayders would fall 25-22. The Rayders started out a little slow and would find themselves down 19-15. They would then go on a run to take a 22-20 lead, before falling by the final score. In the second set, the Rayders would regroup and power through to win the set by a score of 25-16.

In the third set, the Rayders would jump out to a 12-9 lead but would get stuck in a rotation. That would allow the Ramblers to win the third set by a score of 25-18. The Rayders would come storming back again to force another game five. As they would win 25-14 in the fourth set. In the final set, the Ramblers would jump out to a 6-2 early lead. A few errors on the Rayders part but mostly struggling with the Ramblers front line allowed the Ramblers to take the 3-2 win.

The loss moves the Rayders to 24-3-1 overall on the season and now 3-2 in the LMC. The Rayders will finish up the regular season with a home contest against East Jordan on Tuesday, October 12 and then another home matchup on October 19 against Grayling.

Conference matchup.

The Lancers would have to struggle as the Swordsman would have control most of the night. The Lancers would be able to get a set away from the Swordsman but it would not be

enough. As the Swordsman would win three out of the four sets for the overall victory.

The Lancers would be led by Bobbie Paalman and Maddie Zipp in kills. While Strange, Paalman, Jaquie

Gibson, and Muladore would lead the way behind the service line for the Lancers.

Tarsi caps Ramblers big week

BY: DOM SANTINA

EAST JORDAN

The Boyne City Volleyball team would host their annual SIDE_OUT AGAINST CANCER game vs East Jordan on Tuesday, September 5.

The Ramblers would be able to overpower the Red Devils. As they would take the first set 25-17. While then following up with the winning the second set 25-20 and third set 25-18. A three set overall victory for the Ramblers.

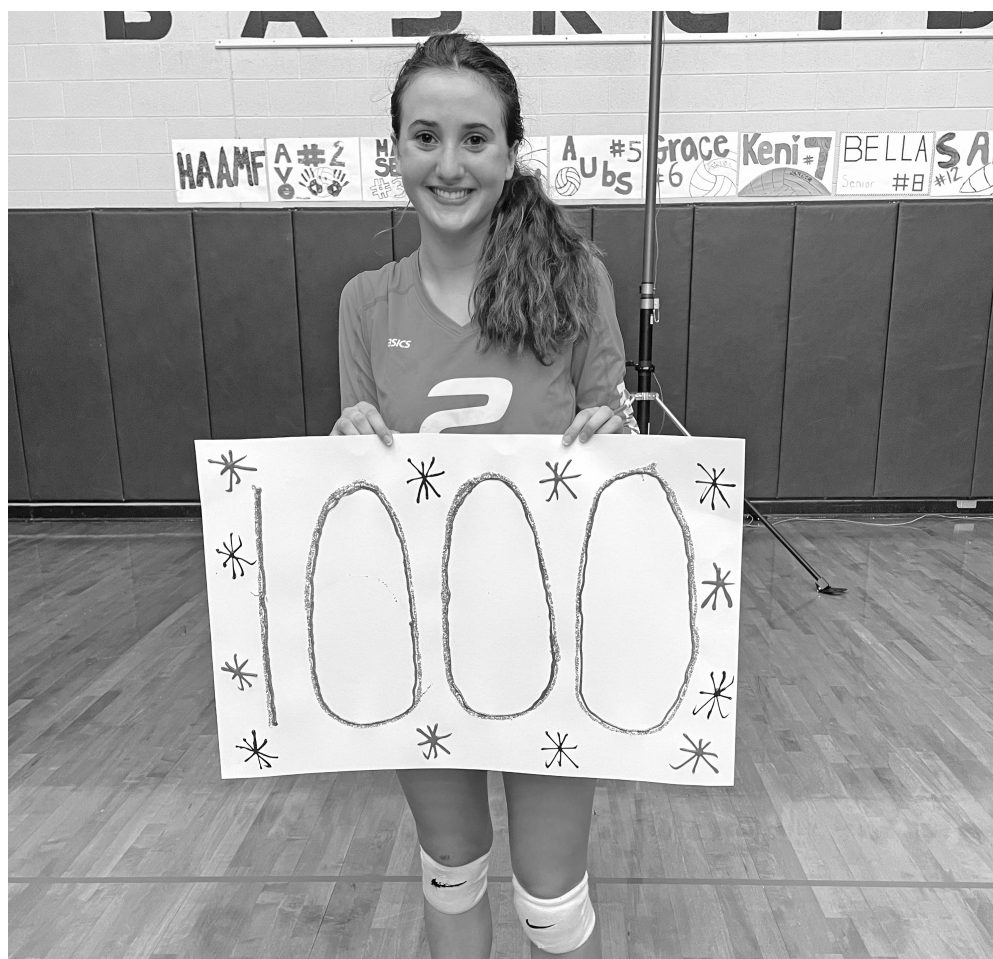

A highlight of the Ramblers win was Sophomore Ava Tarsi recorded her 1000 career set in the third set. Tarsi came into the night with 986 in her career.

The Ramblers would be led by Grace Dawson and Morgan Deming with 7 kills each. Bella Cosier would have 11 digs and would be 100 percent serving. Tarsi would also have a 100% night behind the service line as well.

"I was very happy with how the girls performed today! We had a very long weekend at the Chippewa Hills Tournament and I was afraid they would still be a bit fatigued but boy did they shock me. As always they played well together as a team and really got into it knowing that Ava only needed a few more assists to get to that 1000...I feel like that made them hit the ball just a bit harder! Big game on Thursday against Charlevoix and I truly believe the girls are ready," said Head Coach Mallory Slate.

The teams would be able to donate a total of \$913 to the Northern Michigan Cancer Crusaders that will be a charity donation.

The Ramblers would then play Charlevoix on Thursday, September 7. It would be

Ramblers Sophomore Ava Tarsi recorded her 1000th career set.

a high quality of battles between the two Lake Charlevoix rivals.

CHARLEVOIX

The Ramblers have had this matchup circled since they lost an opening season matchup in a Pellston tournament in the Championship game. The first set would be as expected, back and forth until Cosier would go on a 4 point serving run to secure the first set win 25-22.

The Rayders would get back in set number two, as Grace Lentz would dominate the set and help the Rayders get back to tie it up at 1-1, with a 25-16. In the third set, Deming and Keni Ciesielski would come alive at the net,

helping block some hits, with some aggressive defense. Tarsi would help seal the deal with some great serving to help get the final 7 points to take a 2-1 lead with a 25-18 win.

In set number four, Lentz would not let the Rayders lose as she would come back strong to help them tie the game at 2-2 and force the fifth and final set with a 25-14 victory over the Ramblers. In the final set, Dawson and Deming would help power the Ramblers as they would come alive once again. The Ramblers would get up 6-2 early on the Rayders. Then once again Deming and Ciesielski defense would help seal the deal with a 15-8 win. The Ramblers would win by a 3-2 victory over the

Rayders.

"I was super happy with how the girls played tonight. There were a lot of ups and downs but they didn't let that stop them from taking the win. We were in a similar situation last week against TCSF where we lost in 5 sets and the girls certainly didn't want to do that again. All around this was a huge team win with contributions from all players," said Coach Slate.

The Ramblers were led by Dawson with 11 kills and 12 digs. While Deming would have 15 kills along with racking up some blocks. Tarsi would end up adding 32 more assists to her total, with 10 digs and going 17/18 in serving.

LETTERS TO THE EDITOR

TO THE EDITOR,

The public ought to be concerned – deeply concerned – about the operation of its local government when it comes to public health. I serve as the Local Health Officer for six counties and two local health departments, but I write this as a concerned citizen with a front row seat to the destruction of our basic civic responsibilities to one another as exemplified by some of our own elected County Commissioners who serve on the Board of the Health Department of Northwest Michigan (HDNW) which covers Antrim, Charlevoix, Emmet, and Otsego counties.

I recently exercised my obligation to protect the public’s health by issuing a public health order requiring masking in doors in K-12 schools in six counties: Benzie, Leelanau, Antrim,

Charlevoix, Emmet and Otsego. In my role as a Health Officer, I have a statutory duty to issue such orders as my judgment and conscience dictate, based on reputable science and facts. The purpose of my most recent order is to protect the health of children and school staff, and the community at large, and in my judgment, it is supported by overwhelming, reliable medical evidence.

That being said, I do not ask to be popular, respected, or to have people agree with that order. Everyone is free to express their opinions and argue for change. That can – and should – be done in a decent, honorable, and persuasive way.

Yet what I have witnessed recently is neither decent, honorable or even persuasive. Some HDNW County Commissioners very clearly appear to be acting in concert outside of regular meetings, despite laws on transparency

under the Open Meetings Act. Some have threatened me with termination. Some have falsely and publicly accused me of wrongdoing and have actively promoted elements of the public to “stand up” to me. While those who support these Commissioners’ political beliefs have gathered at meetings and been able to speak freely, the same public servants have allowed fellow citizens who feel differently to be shouted down, intimidated, harassed and talked over.

Meanwhile, the public’s time and money has been spent on empty, pandering theater, such as the 6-1 vote, in which the HDNW Board of Health voted to rescind my masking order without having the authority to do so. One Commissioner encouraged lawlessness during that vote by assuring his colleagues that even if their conduct was outright illegal or wrong, “it’s ok, no one will take us to

jail over this.”

Taxpayer money has also been dumped down the tubes, for example, as the State Police have had to monitor and react to social media for threats of violence to the Health Department. One threat recently brought law enforcement on site at HDNW in Gaylord and prompted multiple building lockdowns for the safety of staff and the public. Meanwhile, members of the public have warned me I am not safe, and I have had to be escorted to safety in the face of outright assaultive behavior.

In the face of such conduct, we are experiencing the loss of key staff who are valuable, skilled public servants. In addition, a member of the Board of Health has also recently resigned. These losses have financial and logistical costs – and also impact the public health of citizens across the jurisdictions of both the Health Department

of Northwest Michigan and Benzie-Leelanau District Health Department.

The public is simply not well served by these tactics. Masking is an issue for today, but it will soon enough be behind us. Political manipulation is a far more lasting ill. We each have the power to ensure our freedom: at the polls when we elect those who represent us and listen to our needs. We can protect our freedom when we stand up against those whom we have entrusted with our votes when they engage in dangerous plans to obstruct duly appointed officials fulfilling their statutory duties.

Lisa Peacock, MSN, MPH, RN, WHNP-BC, is the Health Officer for the Health Department of Northwest Michigan and the Benzie-Leelanau District Health Department. She is writing and submitting this opinion piece as a private citizen.
