**Marilyn "Linn" K. Williams, 93**

(MAY 28, 1929 - JULY 17, 2022)

Marilyn K. "Linn" Williams, loving wife, mother, grandmother, and great-grandmother, passed away on July 17th, at The Hilland House in Petoskey. She was 93. Linn was born and raised in Minerva, Ohio, the oldest of 3 children. She was the first in her family to attend college and received her B.A. and M.A. from The Ohio State University. She was a professor at Central Michigan University where she broke the rules and dated one of her students, Glen Williams. They married in 1954 and had 3 children. She spent most of her adult life living in Ann Arbor where she received her Ph.D (ABD) in clinical psychology from the University of Michigan. She worked for several mental health agencies before making a career change to real estate. She retired and moved with Glen to northern Michigan in 2002. Prior to that, they traveled all over the world and visited every continent, except

Australia and Antarctica.

Linn loved the color turquoise because it was the color of Walloon Lake, where she spent many summers as both a staff member and neighbor. Her favorite day would have included a sail on Walloon followed by a swim. She was a life-long learner who regularly attended lectures by U of M faculty at Camp Michigan. She was very politically active and stayed current on political happenings, right up until her death.

Linn is survived by her sister, Judith Donbergs, her children: Kristie (Jeff) Bach, Brian (Valerie) Williams, Craig (Mary) Williams; her grandchildren: Jacob (Erica) Bach, Hannah (Dan) DiGiacomo; Kinsley Williams, Kallan Williams, Kathleen Johnson (Robert Wood), Jennifer (Bill) Casper; and great-grandchildren Kaylin Casper, Ben Casper, Emilia DiGiacomo, Milo DiGiacomo, and Jackson Bach; and many nieces and nephews.

A celebration of Linn's life will be held 2:00 PM Thursday, July 21, 2022 at Stackus Funeral Home in Boyne City.

In lieu of flowers, Linn suggested contributions to the Democratic Party or to Camp Michigan, through the University of Michigan Alumni Association.

**Judith Ellen (Habasco) Anthony, 79**

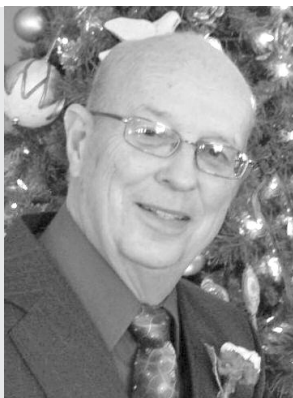

(JAN. 24, 1943 - JULY 8, 2022)

Judith Ellen Anthony of

Boyne City passed away on July 8, 2022 at Grandvue Medical Care Facility.

**Robert Joseph Killian, 80**

(DEC. 10, 1941 - JULY 15, 2022)

God saw you getting tired and a cure was not to be

So He put His arms around you and whispered, "come live with me."

With tearful eyes we watched you suffer and saw you fading away,

Though we love you dearly, we could not make you stay.

A golden heart stops beating, you working hands put to rest,

God broke our hearts to prove to us, he only takes the best.

God will love you and keep you until we meet someday.

Robert Joseph Killian died July 15, 2022 around 4 am at his home in Boyne Falls with his family in attendance.

Bob was born Dec. 10, 1941, in Charlevoix, the second son of Franklin and Martha Killian. He

grew up in Boyne City, Alma, and then Mt Pleasant, MI. He graduated from Mt. Pleasant High School, class of 1960, and Central Michigan University, class of 1964. While at CMU he met and married his wife, Marilyn (Gaul) of Farmington, MI, December 28, 1963. He acquired his Master's Degree in 4 years through a Ford Foundation Grant and Teaching Program.

Both Bob and Marilyn began their teaching careers in Vassar, MI, where he taught all the various classes in the Industrial Arts Program, as well as Art. He spent his entire teaching career in Vassar; also driving school bus, 30 years, coaching Cross Country and Track, 12 years, and Junior Class Advisor, 28 years. Bob loved teaching and mentoring young people his entire life. As a role model, he was positive, principled, inclusive, caring, and witty and wise. His students voted him into Who's Who in America's Teachers in 1996.

Bob and Marilyn loved building together and built not only their home in Vassar, but 2 homes and 3 barns at Boynebrook from the property timber. Recreation included boating on Lake Charlevoix and snowmobiling. After retiring in 1998 and moving up to Boynebrook, he and Marilyn enjoyed 24 years, spring and fall, traveling in the U.S. and Canada with their 5th Wheel and then Motor Homes.

Bob is survived by his wife and partner, Marilyn of 58 years, his 2 beloved

children, Rob (Alison) Killian of Rockford, MI, and Marcia Killian of Gaylord, MI; his 6 grandchildren who are missing him greatly; Mason and Morgan, Abigail and Ashley, and Dayton and Chloe. He is preceded in death by his parents, and brother, David Killian, March 2010.

A Celebration of his Life is to be announced. Memorial gifts may be made to the Killian Scholarship Fund for Vassar Public Schools for the Vassar students that were so much a part of his life.

Scholarship gifts in Robert Killian's name may be sent C/O Marilyn Killian, 3460 Kuzmik Road, Boyne Falls, MI 49713.

**Jacklin Marie Hawkins, 85**

(DEC. 20, 1936 - JULY 4, 2022)

Jacklin (Jackie) Marie LeVasseur Hawkins, age 85, grew up in Ferndale, MI, the youngest of 8 children. She married on July 4, 1953 to Thomas Gerald Hawkins (Jerry).

She is survived by her spouse Jerry and her 3 children, Steve (Dee), Mike (Karen), and Lynne and

her sister Loretta LeVasseur Ortballs. She has 5 grandchildren, 8 great-grandchildren, and 1 great-great-grandchild.

After nearly 2 decades of summering in Chula Vista on the south side of Lake Charlevoix, Jackie moved with her family in 1970 to permanent residence in Chula Vista.

She was a savvy businesswoman with a heart to serve others. She founded the Lioness Club in East Jordan and served as president for 2 years. She was an award winning claims agent for 2 insurance companies and later became a pioneer in mobile communications. She started selling cell phones out of the trunk of her car and eventually owned 4 Verizon stores. Each of her stores collected donations for the needy. She viewed her customers as friends and you could expect a hug if she was in the office.

She had a sharp sense of humor and was quick to laugh. Her greatest love was her family, but she was a talented artist and had a passion for competing in roller skating dance, golf, Lake Charlevoix, sharing her faith, strumming her ukulele, and hanging out on the island of Kauai.

No memorial service is planned, but all are encouraged to raise a glass to celebrate her life. Memorial donations can be made to Alzheimer's Foundation of America.

Special thanks to the Petoskey McLaren Hospice team.

**Governor Whitmer Establishes Michigan Parents' Council**

Council will center parent perspective in the policymaking process, and formalize how parent recommendations are included in governor's education budgets

LANSING, Mich. – Today, Governor Gretchen Whitmer created the Michigan Parents' Council to more formally bring parents into the policymaking process. The council will build on Governor Whitmer's work to include the parent perspective into the start of the 2022-2023 school year, the education budget, and streamline how parent recommendations are included in Michigan's education budget. The council will represent parents from across Michigan and host a series of regional parent roundtables to gather input.

"As a mom, I know that parents are their children's first and most important teacher, and when parents and schools are close partners, kids thrive," said Governor Whitmer. "Today, I am proud to establish the Michigan Parents' Council so we can ensure that parents have an empowered seat at the table in Michigan. We need parents' perspectives as we head into the 2022-2023 school year and stay focused on helping our kids learn in-person, tackle unfinished learning, and get on track for long-term success. The biparti-

san education budget I just signed delivers record resources to our schools, and with the input of Michigan parents, we can help schools implement this historic funding."

Michigan Parents' Council

**STRUCTURE**

Seven parents or family members appointed by the governor will lead the council and convene regional roundtables with families across Michigan to bring in as many voices as possible. Appointees must have children enrolled in PreK-12 and represent diverse student experiences, including special education, English as second language students, and students in foster or kinship care. The council will also include the governor's K-12 policy advisor and a designated representative of the Superintendent of Public Instruction from the Michigan Department of Education.

**RESPONSIBILITIES**

The council will convene roundtables of parents and family members across Michigan to strengthen partnerships between parents and schools. They will share input from the roundtables directly with the governor's team and state superintendent. The council will submit a report to the governor highlighting major themes from the roundtables and summarizing proposals for inclusion in the governor's budget recommendation by December 9, 2022.

Michigan parents and

family members interested in appointment can apply at [www.michigan.gov/Whitmer/Appointments](http://www.michigan.gov/Whitmer/Appointments). Click "Apply Now" and select "Michigan Parents' Council" when prompted in the application. Applications are due by 5 p.m. on August 8th.

**FY 2023 EDUCATION BUDGET INVESTMENTS**

The recently signed bipartisan education budget can be divided into six key sections: students, mental health, learning supports, student safety, school infrastructure, and teacher recruitment.

- 1) Students  
For our students, the highest state per-pupil funding in Michigan history—\$9,150 for every kid, in every public school district. Additional support for the nearly 200,000 special education students and 710,000 at-risk students in Michigan. Expanding funding for career and technical education programs by 27%.
- 2) Mental Health  
Dedicated mental health dollars for every student in every school. Increasing funding for teen centers, district mental health grants, and TRAILS, which offers training to school mental health professionals so they can better serve students with evidence-based services.
- 3) Teacher Recruitment  
Funding MI Future Educator Fellowships, which pay up to \$10,000 in tuition for 2,500 future Michigan educators a year, \$9,600 stipends a semester for student teachers, and Grow-Your-Own programs that

help districts put support staff on no-cost paths to become educators.

4) School Infrastructure  
\$250 million for school construction and renovations, helping them build or refurbish classrooms, labs, and libraries.

5) Learning Supports  
An expansion of before and after-school programs to keep kids engaged. The budget offers every kid in Michigan tutoring to help catch up and get on track for long-term success, and resources for districts to develop learning pods for academically at-risk and economically disadvantaged students.

6) Student Safety  
Dedicated school safety dollars for every student in every school. Funds to hire more on-campus school resources officers, create an intervention system for at-risk students that brings together law enforcement, schools, and mental health professionals, and establish a school safety commission.

**GOVERNOR WHITMER'S EDUCATION INVESTMENTS**

For four years in a row, Governor Whitmer has worked across the aisle to make the largest education investments in Michigan history—without raising taxes. Since taking office, the governor has tripled the number of literacy coaches and last year, closed the funding gap between schools, boosted state per-student investment to an all-time high, and helped districts hire thousands of teachers on-campus mental health professionals.

# Health Department Offers Title X Services

## Connecting residents to low- or no-cost family planning, reproductive healthcare

Health Department of Northwest Michigan Nurse Practitioner Jordan Wyeth recently updated the exam rooms in the Harbor Springs clinic.

Four clinics in Northwest Michigan are among the state's 92 Title X clinics highlighted by the Michigan Department of Health and Human Services (MDHHS) and Governor Gretchen Whitmer Wednesday. The clinics provide low- or no-cost family planning and reproductive health services.

The Health Department of Northwest Michigan's four clinics are in Charlevoix, Gaylord, Harbor Springs, and Mancelona. They have varied hours, use telehealth for some services, and are staffed by professionals who can efficiently schedule appointments and meet with clients.

"Our clinics provide essential healthcare and high-quality reproductive health services at little or no cost," said Melissa Hahn, HDNW Family Health Director. "We see everyone, regardless of their ability to pay. All our services are confidential."

The Title X clinics provide:

- Breast and cervical cancer screenings,
- Wellness exams,
- Birth control,
- Testing and treatment for sexually transmitted infections, including Rapid HIV tests,
- Pregnancy tests, counseling, and referrals, and
- Emergency contraception.

"Everyone deserves access to these services, and with the costs of living soaring, our role in the community is more crucial than ever," said Jordan Wyeth, HDNW Nurse Practitioner. "We are here for all residents, but especially for those who find themselves uninsured or underinsured."

In 2021, 40.6% of the clients visiting HDNW's Title X clinics were at or below the full federal poverty level and 53.4% were publicly insured. An additional 17.9% were uninsured.

According to MDHHS, most Title X patients are low-income women, many who are uninsured

and ineligible for Medicaid. No one can be refused services based on their inability to pay, with costs determined on a sliding scale. Statewide clinics served nearly 150,000 residents between 2018 and 2021.

Title X is a national family planning program, enacted in 1970. It was created to provide affordable birth control and reproductive healthcare to individuals regardless of residency or immigration status, as well as age, race, sexual orientation, gender identity, income or insurance status, or any other characteristic.

To make an appointment at a local clinic, call 800-432-4121. ## Hemingway's birthday party at Heritage Center

BOYNE CITY - Celebrate Ernest Hemingway's birthday with the Boyne Heritage Center on his birthday, next Thursday, July 21st. There will be ice cream and cake, a reception, and screening of the new documentary about his Michigan summers.

Hemingway was born on this date in 1899 and came "up north" with his family six weeks later. His birthdays at the new family cot-

tage on Walloon Lake began a year later and lasted through 1921. In his teen years, much of his time was spent in the Horton Bay/Boyne City area, where he fished and played with summer people and locals of his age.

The July 21 festivities get underway at noon with ice cream and cake available under the marquee of the Boyne Theater, 216 S. Lake Street. The chief "scooper"

will be Mayor Hugh Conklin, assisted by George Colburn, producer of the "Young Hemingway" documentary and Robin Lee Berry, who wrote and performed the film's original music.

The party will continue across the street from the theater at Freshwater Art Gallery. Everyone is invited to join us to view and discuss the gallery's Hemingway collection before you

see the film Young Hemingway - The Path to Paris. Lemonade will be available during your visit.

At 6 p.m. the Boyne Heritage Center will host a pre-film reception at the Boyne City Performing Arts Center in Boyne City High School. Those attending can see plans for the Heritage Center at Boyne City Hall, learn more about the non-profit organization and visit with the Heritage Center

board. The presentation of the 90-minute feature documentary begins at 7 p.m. with commentaries by Colburn and Berry. A question-and-answer session with Dr. Colburn will take place following the film.

Tickets are \$15 for adults and \$12 for students, seniors and veterans - available at the door and at [www.YoungHemingway.com](http://www.YoungHemingway.com).

## Veteran Outdoor Writer Richard P. Smith to hold Book Signing At Jay's Sporting Goods in Gaylord

The ink will barely be dry on the latest deer hunting book authored by veteran outdoor writer Richard P. Smith from Marquette when he will be doing a book signing for the new title at Jay's Sporting Goods in Gaylord during store hours on Sunday, July 24. The new book is number 8 in a popular series of books penned by Smith about the biggest bucks bagged by hunters in Michigan. This book represents a milestone of sorts because it is the 30th book written by Smith.

The prolific writer will be picking the new book up from the printer on July 22 and will be doing a signing at Jay's in Clare the following day. The signing at the Gaylord store will be the following day. So Jay's customers will get first crack at obtaining the new book. Some of the other books written by Smith will also be available during the signings.

In Book 8 of Great Michigan Deer Tales, like the other seven books in this unique collection of white-tail hunting books, most of the chapters in the new volume are devoted to the details surrounding the taking of some of the state's biggest bucks in terms of antler size. Unlike the other books in this series, the new book contains 17 chapters instead of 15, so readers get more bang for their buck, so to speak.

This book isn't just about big bucks though. One of the chapters is about one of Michigan's most successful deer hunters, who shot bucks 70 years in a row. This UP hunter is now more than 90 years old and has more than 100 whitetails to his credit, all of which were shot for the quality meat they provide instead of the size of their antlers. Another chapter is about one more of the state's most successful deer hunters who has taken trophy bucks from the same 52-acre parcel of land he owns 36 years in a row.

There's one more chapter that proves it's not necessary to protect spikehorns in order to produce plenty of older age bucks. That chapter is about a bowhunter's exceptional

success on bucks that were at least 4 1/2 years old in Gogebic County between 1985 and 1995 when spike bucks were legal to all hunters and there were far more hunters during that decade than there are today. Additional chapters cover the current state record typical crossbow buck, Washtenaw County's highest scoring nontypical, a hunter who hunted a trophy buck for 78 days before bagging the bruiser, velvet antlered bucks, a UP hunter who scored on adult bucks by snow tracking and stalking and much more.

You will learn the how, where and when behind every kill as well as who got these special deer. There's at least one important lesson in every chapter that every hunter can apply to their hunting. Some chapters are loaded with valuable how-to information. The chapters are entertaining reading, too, and they can be read in any order. Like all books in this series about great deer tales, Book 8 includes photos of all of the bucks, and their impressive antlers, that are written about.

Many of the photos show the proud hunters posing with their kills. One of the most important lessons that become obvious from reading this collection of short stories is that any deer hunter can claim a big buck some day if they are lucky enough to be in the right place at the right time. Luck

is the most common theme contributing to success on the state's biggest bucks. The first book in the Great Deer Tales series was published in 1994 to help commemorate 100 years of licensed deer hunting in Michigan. That book proved to be so popular that Book 2 was published in 1998. Each of the other books in the series were written in response to popular demand and published at four-year intervals. The chapters in each collection were carefully chosen for both their entertainment and educational values.

## PERK UP YOUR HOME WITHOUT SPENDING A FORTUNE

You don't have to decorate a home with expensive decorating items, rather decorate with little creative things that reflect your personality and taste. Decorating a home is all about being creative. So put your creative hat on and let your creativity fly, you will love it! These little ideas can certainly ignite the passion in your heart and help kick-start your creative side.

Paint Brighter - A little brightness is always needed, when you want to decorate your home! Don't adopt the neutral one paint approach; rather paint little things to the brightest hues to bring that touch of life. So pick up your paint spray and do it with love.

Family Photos also do the magic - Instead of buying expensive wall hangings, print some cool family photos and get them ready in simple wooden frames. You can hang them all around the corridor for a royal look.

Say it with Nature - Nature is the best thing, when it comes decorating your home frugally. So bring in some shade loving plants and nurture them in beautiful self-painted cases. You can also use pebbles, rocks and shells around them to create a beautiful look indoors.

Mirrors on the Wall - So what if your home is a little small, you can create a wide spacious effect by using mirrors. Yes, mirrors are great to make your home look spacious.

So use mirrors all around your home.

Sweet Little Things - Vases look charming, with or without flowers, and the best vases that you can place are your antique perfume bottles! Why go to market to spend dollars on vases. Just grab those empty perfume bottles, you've been hiding in drawers for years and use them.

Pretty Fabrics & Frills - Frills are the best thing to give your home a soft and romantic effect. So use lots of soft pillows with frills. Buy bed sheets in soft colors and frills to create an effeminate look.

Creative Handmade crafts - Believe me, there is nothing more powerfully appealing than handmade crafts. If you have that artist eye, you can create creative hand crafts, if not, use the internet and books to spice you up with ideas. You can use cute little button on cushions. Grab large pieces of checkered or polka dot clothes to create cute handcrafted items.

Sparkle it up with Candles - Candles are the best thing to decorate your home. You can reserve a special shelf for candles and fill it up with different colored candles for a tranquil soothing environment.

Be yourself - Well, decorating a home is all about you and how you do it! Just don't copy other's ideas, instead get inspiration and also add sparks of your own personal taste to decorate your home frugally.

## 10 Cents a Meal Funding of \$9.3 Million Secured for FY'23

FLINT, MI - Governor Gretchen Whitmer signed a bipartisan education budget into law at Mott Community College Thursday, putting into place historic investments not only for per-pupil funding but also for 10 Cents a Meal for Michigan's Kids & Farms. The budget includes \$9.3 million for the program.

10 Cents a Meal is Michigan's local food investment program that provides schools, early childhood education centers, and other organizations participating in USDA Child Nutrition programs with match incentive funding up to 10 cents per meal to purchase and serve Michigan-grown fruits, vegetables, and legumes.

10 Cents a Meal is implemented by the Michigan Department of Education (MDE) and has the goals of improving daily nutrition and eating habits for Michigan's children and investing in Michigan's agriculture and related local food business economy.

"The 10 Cents a Meal program feeds our kids and supports family farmers and growers. Under this historic education bill, we

have again more than doubled funding for this program that offers healthy, affordable meals to our kids," said Governor Gretchen Whitmer. "As we continue our economic jumpstart, we have to make sure everyone has the resources and support they need to succeed. I am grateful to the Michigan Department of Education and legislators for coming together to get this done for our kids."

The program, which has grown from a \$250,000 state pilot in 2016, has seen its budget more than double each of the past two years from \$2 million in FY '21 to \$4.5 million in FY '22 and now \$9.3 million for FY '23.

The program is currently in its second year of statewide availability, and there are now 257 unique grantees for the 2021-22 school year, representing over 585,000 children. Compared to last year's 143 grantees, the program has seen a nearly 80% increase in grant recipients in a single year.

"One of my proudest accomplishments during my legislative tenure has been the growth of 10 Cents a

Meal," said Senator Wayne Schmidt (R-Traverse City) chair of the Appropriations Subcommittee on K-12 and Michigan Department of Education, and the program's key legislative champion. "This program is critically-important in getting fresh Michigan fruits and vegetables to our students. I have been thrilled to see the statewide growth of the program and could not be happier to see funding grow to \$9.3 million for the upcoming fiscal year."

10 Cents a Meal is open to school districts (public, public school academies, or private), and non-school sponsors of USDA Child Nutrition Programs such as residential childcare institutions (RCCIs), child care centers and after school programs participating in the Summer Food Service Program (SFSP), National School Lunch Program (NSLP), Seamless Summer Option (SSO), National Breakfast Program (NBP), and the Child and Adult Care Food Program (CACFP).

In addition to the funding increase, the budget language streamlines reporting requirements for

schools and other grantees and adds food purchased for supporting farm to school activities as eligible uses of grant funds.

"The change in reporting requirements and allowing grant funds to be used for supportive farm to school activities will make it easier for food program managers to complete the administrative needs of the program and to expand their efforts," said Melanie Wong, dietitian and Farm to ECE Specialist for Groundwork Center for Resilient Communities.

MDE is assisted in the program by Groundwork Center, which conducts stakeholder interviews, communications, and outreach; the MSU Center for Regional Food Systems, which is the evaluation partner and supports trainings; and the Michigan Department of Agriculture and Rural Development, which provides expertise on Michigan-grown products.

## Rep. Borton: Federal loan assistance will help repair Gaylord-area tornado damage

### Small Business Administration declares disaster in Otsego County

State Rep. Ken Borton today said the U.S. Small Business Administration's administrative declaration of disaster for Otsego County will offer affordable loans to help rebuild homes and businesses that were damaged by the tornado that hit the area in May.

The declaration comes after an EF3 tornado touched down in Gaylord on

May 20, causing injuries, two deaths, and damage to many homes and businesses. Borton, R-Gaylord, has worked closely with fellow residents and state officials to help the community recover.

"This disaster declaration will aid our community's long and challenging recovery process after the tornado wrecked homes and businesses in Gaylord," Borton said. "Affordable, low-interest loans will help put resources in the hands of local residents and busi-

ness owners to rebuild the places where we live and work. We will continue restoring our community together."

The disaster declaration enables the SBA to offer low-interest loans, which can be used by residents, businesses, and nonprofits to correct damage caused by the disaster. Borrowers may obtain loans to help repair or replace real estate, personal property, machinery, equipment, inventory, and more. A person's or organization's financial situa-

tion will factor into the conditions of each loan.

The disaster area also includes counties that border Otsego County — Antrim, Charlevoix, Cheboygan, Crawford, Kalkaska, Montmorency, and Oscoda.

To assist residents with the program, the SBA will set up a temporary Disaster Loan Outreach Center in the area, and online and mail applications will also be available.

## LEADERSHIP RELATIONSHIPS ARE EARNED WITH INTENTIONAL LISTENING

BY JOHN KEYSER

Conversations and developing and maintaining relationships are foundations of highly effective leadership.

Happy and inspired teammates work hard and want to do well for themselves, for their team, and for their organization. They are more devoted and loyal to their organization and their boss, which means significantly higher productivity.

### A KEY TO SUCCESSFUL CONVERSATIONS AND RELATIONSHIPS IS INTENTIONAL LISTENING.

I always knew that being a good listener is important, yet until I enrolled in the Georgetown Leadership Coaching program, I had not thought about exactly just how vital being a good listener means and how critically important it is to effective leadership and to our relationships in our business and personal lives.

Our faculty emphasized active listening as essential to our success. Active listening is having a clear mind, not judging the person, and not thinking about whether we agree or what we're going to say when the speaker is finished. It requires that we quiet our mind, which is not easy.

Most of us listen with a problem-solving mind, "Oh, I know what she should do." We are not really focused. Well, maybe we're focused on ourselves and not on the speaker.

Active listening is work. Work is an adequate description in that it is definitely a skill we need to practice to master. Truly, effective and successful listening is intentional. This means we want to listen effectively so that we understand the speaker, including what she is saying and maybe what

she is not saying, as well as her feelings.

Ideally, we can reflect back to the person what we are hearing. Also, if appropriate, take notes, which

lets the person know we appreciate their thoughts and ideas.

The very best conversations and relationships involve our intentional listening – listening to learn, with a clear and quiet mind, not waiting our turn to speak.

It is often said that listening is our gift to someone!

### INTENTIONAL LISTENING IS A GIFT OF RESPECT TO OTHERS, WHICH WILL BE APPRECIATED AND WILL IMPROVE OUR RELATIONSHIPS.

My invitation to all of us is to decide we will develop improved listening skills. When I did, I entered conversations in business and with family and friends with the intent of listening with a quiet mind, focused solely on the other person, not on my own thoughts. Afterwards, I would take a minute or so to observe how I did. Did I listen effectively? How did I feel? How did I feel I was received?

What effect did my listening have on the other person? I knew when I listened well, and I knew when I could have been better.

These self-observation practices definitely helped me improve the quality of my listening. Several clients have selected improved listening skills as a desired outcome of our coaching, and they seem very pleased as they feel relationships with those who report to them have improved and that they are more effective leaders as a result.

### INTENTIONAL LISTENING IS KEY TO HIGHLY EFFECTIVE LEADERSHIP!

## LETTERS TO THE EDITOR

Dear Editor,  
I endorse Annemarie Conway for the Charlevoix County commissioner for District #6. As a past public servant, I know the hard work and dedication it takes to serve and represent the people of our community. Annemarie has the determination and work ethic to do an outstanding job for us the people.

She has demonstrated throughout the years to be a great communicator, but even more importantly, a great listener. You will see her going door to door to

hear the concerns and listen to what the people want. She will work continuously to help guide the county into the future while continuing the work of our retiring commissioner Shirley Roloff. These are big shoes to fill, but Annemarie is up to the challenge. Please join me in supporting my friend Annemarie Conway in the coming preliminary election.

Sincerely,

**ADVICE FROM GOD**

Dear children, let us not love with words or speech but with actions and in truth. And this is his command: to believe in the name of his Son, Jesus Christ, and to love one another as he commanded us. The one who keeps God's commands lives in him, and he in them. And this is how we know that he lives in us: We know it by the Spirit he gave us.
