Springtime in Michigan marks the arrival of babies! It's an exciting time of new beginnings, particularly for wildlife. As baby birds, rabbits and deer start to make their grand entrance, it's important to be respectful and mindful of their space.

All wild mothers have strategies for how to best raise and protect their babies. If you come across young wildlife, do your part by simply leaving them alone. They may look abandoned, but mom is just away avoiding scary predators – like you! – until it's time to feed them again.

An egg-citing surprise
 Bird nests are found in all kinds of places, so don't be surprised to find one in a flowerpot, downspout or elsewhere in your backyard. Mallard ducks often build nests in unexpected places near people in cities and suburban neighborhoods. The mother duck will lead her ducklings to water soon after they hatch. If you spot a nest, be a good neighbor: Leave it alone and keep pets and children away.

Remember, too, that bird nests and eggs are protected under federal law. It

If you see a young fawn alone in the woods it doesn't mean the fawn has been abandoned. The mom will return for her baby. (courtesy of DNR)

is illegal to touch, move or possess any part of the nest or eggs without the proper permit.

Watch your step
 A mother deer's best survival strategy for her fawn is to leave it unattended for several hours a day.

She might leave the fawn near your home, or you may stumble upon it in your backyard, garden or patio.

These babies are not forgotten; the mother carefully selects a location and will return periodically to feed her baby. By staying away, she avoids drawing attention to its hiding place.

Young fawns have exceptional camouflage, almost no scent and remain still, making it difficult for predators to spot them. If you find a fawn – don't touch it. Admire it quietly from a

distance to increase its chance of survival.

Only licensed wildlife rehabilitators may possess abandoned or injured wildlife. Unless someone is licensed, it is illegal to possess a live wild animal, including deer, in Michigan.

Find more tips about springtime wildlife at Michigan.gov/Wildlife or contact the DNR Wildlife Division at 517-284-9453.

High-Wire Corridor Ordinance – No Cost to Boyne City

By: **Miranda McFall**

Before the City Commission Meeting on May 9th, Boyne City Commissioners received correspondence and a verbal presentation from Ben Van Dam of Van Dam Custom Boats and the Boyne Boat Yard. The company requested support in its efforts to create a High-Wire Corridor to provide safer transportation from its facilities on Division Street to its boat launch at the Harborage Marina on Front Street.

Based on successful experiences that the Moran Iron Works have had in creating a similar high wire corridor, the consideration and first reading were held, and

the motion was carried to have a second reading. The reading will take place on June 13th or later. Ordinance amendments must be adopted no sooner than one month after the meeting it is introduced at.

With this approval would come additional jobs and aid in the plan to expand the capacity and capabilities of both Van Dam Custom Boats and Boyne Boat Yard. This project will have no financial burden on the city as they plan to cover all costs.

Ben Van Dam writes the several notable benefits for the community that will come from this project as,

- Beautification of the corridor along E. Division

St. and Pleasant Ave.

- Future state and federal grant funding opportunities for Boyne City that benefit the roads with the designation of a High-Wire Corridor (per the experience of Moran Ironworks in On-

away after putting in their High Wire Corridor to Port Calcite)

- The opportunity to move “mast up” boats to our E. Division St. location, which will get them off the waterfront lot. (This would

require us to be able to bring all lines underground)

- The opportunity to have other companies, such as Bulmann Dock and Lift, utilize the corridor to make their businesses more effi-

cient by being able to move tall loads safely

- Additional high-paying careers in our community
- Increased economic engine for our community by being able to find some grant funding opportunities from the state to help fund the project”

They ask the commission to support the project from a philosophical standpoint, ask for partnership in developing a city ordinance that will protect the designation of this route as a High-Wire Corridor for the future, and to act as a fiduciary for grant funding opportunities that require a public entity to apply.

porters who helped them get to where they are today.

“MCSB has always prided itself on its spirit of collaboration and celebration,” said Jennifer Deamud, MCSB Board Chair. “We love seeing our awardees celebrating one another's success and sharing in this amazing moment is each awardee's journey. It's true— success is best when it is shared.”

Awardees in this category are selected based on the following:

Catalytic Converter Thefts Spike 919.17% in Michigan during 3-year period

You read that right, 919.17%!

Catalytic converter thefts have been plaguing the country since the start of the pandemic as thieves took advantage of unsuspecting car owners at never before seen levels. New data from BeenVerified, a public data company, shows that since 2019, catalytic converter thefts have skyrocketed 919.17% in Michigan in three years.

The study, Catalytic Converter Thefts Hit New Record in 2022—But Some States See Declines includes state by state crime data from January 2019 through 2022. The study estimates that the theft of catalytic converters quadrupled across the U.S. in 2021, a 353% increase from all reported thefts of catalytic converters in 2020, a previous record year for these thefts, and is again up another 20% this year when comparing the first four months of the year.

Michigan ranks 28 for the number of catalytic converter thefts per 100k registered automobiles.

Note that the number of actual thefts estimated is based on insured thefts and the number is likely much higher but the percentage increase is a clear indicator

Could I send over some more specific information on national numbers or another state? I'm also happy to do an interview on this surging crime trend and provide tips for car owners to stay safe.

Bayfront Spring Art & Craft show moves to Emmet County Fairgrounds

PETOSKEY, MICHIGAN, 05/15/23 - Blue Ribbon Events kicks off the 1st northwest Michigan outdoor art show of the season with Bayfront Spring Art & Craft Show at Emmet County Fairground this weekend. Open Saturday & Sunday 10am to 5pm with FREE admission to the public. Conveniently located between Petosky and Charlevoix at 1129 Charlevoix Avenue (US31 North).

Whether you are visiting the area looking for a memento or a local looking for unique wall art, there will be so much to choose from. The lineup of artists will please the pickiest shopper with handcrafted items such as pottery, wood working, textiles, metal works, jewelry, and handcrafted baskets. Creativity flows from these exhibitors like honey from a beehive.

Greg's Metal works will be with us once again for the first time this year. This three-generation family business creates amazing wind spinners, yard art and garden statues. Spinners are available in many different sizes, as well as double spinners. They have sailboats, tractors, airplanes, butterflies and other critters that will add creativity and motion to any yard. Metal suet cake bird feeders are available that hang or stake into yard. Every year they bring

different size Big Foot figures and sell out so be sure to shop early for best selection.

Do you love to spoil your dog? The French Barkery sells single item and small batch dog treats for dogs of all sizes. Chicken feet, Beef Lung, Trachea, Twisted Tripe are just a few of the unusual but good for your dog treats available. Plus baked dog treats for dogs with any dietary restrictions. The French Barkery uses fresh ingredients, and custom blends dairy free, vegan and even gluten free dog treats.

Stop by this weekend, grab a fresh smashed lemonade and enjoy the beauty of all that northwest Michigan offers for spring while strolling and shopping handmade creations.

Blue Ribbon Events have become very popular offering Northwest Michigan with quality artists and crafters as the focus for all events. Inarguably with some of the "sexiest" locations to be found, many set along lakesides and quaint towns. With dozens of successful COVID socially distanced events, the primary focus is to present art while keeping artists and patrons safe. In a world where everything was cancelled, we still moved forward safely while supporting the arts. Come for the art, stay for the fun!

COMMUNITY LEADERS

CECILIA CHESNEY

THINK ABOUT THE HELP AND GOOD WE CAN DO

BY JOHN KEYSER

Big Brothers Big Sisters of Northwestern Michigan (Bigs), led by CEO Cecilia Chesney, creates and supports one-to-one mentoring relationships that ignite the power and promise of youth. Bigs provides mentors to approximately 400 children annually in Antrim, Charlevoix, Emmet, Grand Traverse and Kalkaska counties. Mentors (Bigs) meet with a child (Little) an average of 4 to 6 hours a month, taking interest in their well-being, having lunch, playing a game, or simply hanging out. Success comes from simply listening! When a Little spends time with a Big who cares, the result is improved self-confidence, which in turn nurtures responsibility, respect and happiness and ultimately leads to a fulfilling and successful life.

Bigs' partners with community businesses, individuals, the media, and seven local schools, who refer families and volunteers to deliver their community and school-based mentoring programs to 100 youth. The goal in Charlevoix and Emmet counties is to grow programming to serve an additional 100, resulting in 200 youth annually. More than 1,700 children in Charlevoix and Emmet counties have been identified as candidates for a Bigs' mentor relationship.

As the only Bigs agency operating in northwestern lower Michigan, they are committed to expanding

CECELIA CHESNEY

services to support the growing needs in Charlevoix and Emmet counties and surrounding communities. The total cost for background checks, various skills training of staff, mentors and parents, and administration to support a mentor relationship is \$2000 annually. Expenses have skyrocketed in the last two years, increasing by more than 40%. Only 4.7% of the agency's annual revenue is generated in

Charlevoix and Emmet Counties. An increase in financial support from within these communities, as well as additional volunteers to serve as mentors, is critical to make expansion possible. An Advisory Council made up of Emmet and Charlevoix County residents and community leaders are working alongside recently hired Advocacy Specialist Jennifer Krarup to advocate for Bigs' mission, participating in fundraising

JENNIFER KRARUP

activities, and assisting with volunteer recruitment. Krarup lives in Charlevoix and has been a Northern Michigan resident for thirty years.

With our community behind Big Brothers Big Sisters, we can rewrite the future of our children. Bigs' CEO Cecilia Chesney shares "creating friendships is changing lives. All children need to feel cared for, to feel heard, and to feel loved. By providing children with caring, adult mentors, we're connecting them with their biggest possible futures, but we can't do it alone. Your generosity will expand our services while making a big impact on the lives of local children."

WE ARE LISTENING Health Department of Northwest Michigan seeks community input

Dr. Kari Krantz is hosting Community Listening Sessions in each of the counties served by the Health Department of Northwest Michigan (HDNW). The in-person and virtual gatherings are designed to give residents the opportunity to share their experiences and perceptions of HDNW.

“The health department offers programs that help people achieve their best health and wellbeing,” says HDNW Health Officer Dan Thorell. “As an agency, we are here to serve and support our communities. The Community Listening Sessions will help us better gauge how to connect with our communities moving forward.”

At each session, Krantz, an independent professional facilitator, will listen and document the information shared. She will review her notes with attendees to make sure she has accurately captured their information. If changes are needed, she will make them. Once the sessions conclude, Krantz will prepare her findings for HDNW.

“We have been planning to offer public listening sessions for a year,” says Holly Campbell, HDNW Deputy Health Officer. “We have a lot of new staff who are working hard to meet people where they’re at: our schools, homes, clinics, building sites, and beaches. It’s important to us that people are heard. We truly are listening.”

The information shared by residents will become an important part of HDNW’s

planning process. The agency has also formed a community-based Citizen Advisory Committee which contains volunteers from all four counties and various backgrounds and belief systems.

“Over the years as I’ve facilitated Community Listening Sessions for various organizations and schools, I’ve found that even gathering and being heard provides a step forward,” Krantz says. “All of our thoughts and opinions matter. We are creating a safe space for people to share sincere thoughts and observations.”

Community Listening Sessions are being scheduled in-person in each county and virtually for those who may have time constraints or transportation challenges. Residents are asked to register for the session in their county here or on the homepage of www.nwhealth.org.

In person Listening Sessions have been held earlier this month in Petoskey and Charlevoix. Upcoming sessions are listed below.

May 17 Bellaire (Bellaire Senior Community Center)
May 18 Gaylord (Otsego County United Way)

Round 2 Listening Sessions will be VIRTUAL from noon-1:30 p.m.

May 17 Emmet County Residents

May 18 Charlevoix County Residents

May 24 Antrim County Residents

Tree removal can be used for healthy forest management

Wondering what is going on at some of Little Traverse Conservancy’s nature preserves right now?

The removal of non-native and invasive pines or disease-infested trees has been prescribed for several Conservancy-owned lands as an effective technique for improving forest health.

Several factors, including Covid, have created a back log of work that is now being completed at preserves in Charlevoix County (Driggers, Undine, Wisser-Saworski) as well as Emmet County (Charles Winston, Donnelly Kusel, MacDonald Nature Preserves and the Emmet 6 Working Forest Reserve).

Several healthy red pine plantations are also in need of thinning. If left alone, the trees compete with each other and grow sickly, easily toppling over in strong winds. Un-thinned plantations are also more vulnerable to infestations of forest pests

like pine bark beetles. “We want the public to be assured that we are engaging in a very thorough and conscientious process with the long-term management of our lands,” said Kieran Fleming, the Conservancy’s Executive Director. “The goal is to convert these pine plantations to native and more natural habitat. We know

it can look rough in the short term, but we take the long view on lands that we protect forever.”

The Conservancy explained that they typically cannot predict exactly when a logging operation will start or finish. Weather and wood product markets affect the loggers’ ability to work, and their work often starts and

stops. You may see piles of wood, felled trees, and ruts left behind until conditions improve. LTC plans for these areas to recover and be restored to valuable natural habitats that will continue to enhance the scenic quality of northern Michigan.

Individuals, families, and businesses make annual donations to the Little Traverse Conservancy to ensure that land is protected throughout northern Michigan for generations to come. LTC receives no government funding for its operations. In addition to offering voluntary land protection options, we reach thousands of children with environmental education programs each year. Nearly 100 miles of trails are available on dozens of the more than 350 preserves and reserves. Visit www.landtrust.org or call 231.347.0991 for more information.

DAVE Says

By Dave Ramsey

(It May Take a Little Time)

Dear Dave,

I’ve having some problems with my parents, and I’m hoping you can help. Last summer I borrowed \$2,500 from them, and it is taking me longer to pay them back than we agreed. Since the pay back date

passed, they have made several comments about money when we’re together, and our relationship seems strained. I have taken steps in the last couple of months to become more financially responsible. I am now doing things like living on a budget, and putting something from each paycheck into a savings account. How should I approach this issue with them?

Remi

Dear Remi,

Loaning money to, or borrowing money from, relatives or friends often leads to bruised feelings. I’m sorry you’re going through this, but I hope it will teach you and your folks a valuable lesson going forward. There’s nothing wrong with giving money in a situation like this, as long as you’re not

enabling bad behavior by doing so. But a loan between friends or family is something I never recommend.

If they choose to hold a grudge there’s really not a lot you can do, especially if you took longer than agreed upon to pay them back. It just takes more time with some people—and in some cases even parents—for those kinds of things to heal. You have to remember, in their minds there’s an element of responsibility and trust involved here. But considering it’s your mom and dad we’re talking about, I’d say they’ll lighten up and become a little easier to be around with time.

Until that happens, though, maybe you could look for chances to mention your new approach to finances during conversations with them. Even something as simple as an

off-hand remark about how much you were able to put into savings from your recent paychecks may encourage them to see things in a different light. Letting them know you’re actively working to change your ways and gain control of your finances could mean a lot to them.

Do You Have Buyer's Paralysis?

PART 3 OF 3

FEAR OF THE FUTURE

Fear takes the fun out of a lot of things, but there is reasonable fear and unreasonable fear. Unreasonable fears have no basis in reality, so there is little you can do beyond getting professional help for your anxiety. Reasonable fears you can handle on your own with a little common sense.

Fear can be tamed by looking at the worst case scenarios compared to the best case scenarios. So examine the questions that are really bothering you.

WHAT IF WE CAN'T MAKE OUR PAYMENTS?

This question can be balanced by a best case. What if we manage our money so well that we can make double payments? So the fear here is manageable - it comes down to how confident you are about managing your money.

WHAT IF THE VALUE OF OUR HOME GOES DOWN?

Would you feel as fearful if you asked yourself whether your property will go up in value? Property can go up or down, but all property requires maintenance or it surely will deteriorate in value. This can be easily prevented by having enough budgeted or in your reserves to perform scheduled and unscheduled maintenance. Because it is

not a liquid asset, real estate is not as volatile as you think. It goes down slowly and rises comparatively slowly. And home values even when depressed may get a resuscitation after a few years. Your best hedge against the future is to keep your property in desirable condition.

You can't predict the future. The only thing you can do is prepare yourself to handle what may happen.

So money isn't the root of all evil, but it is the root of indecision - at least when you are paralyzed about buying a home. Thinking through the money issues can help you get moving one direction or the other.

If you are worried about cash flow, then making disproportionately large house payments will tarnish the joy of home ownership, unless you can find ways to cut down the other pie pieces. Work to improve your cash flow. Accelerate your credit card pay-offs. Don't incur new debt. Re-budget your expenses and eliminate unnecessary expenditures. Make compromises - vow to cut down if you can't cut something out. Be willing to move timelines for meeting your goals. Don't be influenced by others to live beyond your means. Set your sights on an affordable home, and you may find your dream home will appear right before your very eyes.

than the maximum mills allowed by charter against all real and personal property located within the City of East Jordan in accordance with State Statutes, the City Charter and the City Code and authorizes the City Administrator and City Clerk to sign the required paperwork.

While the East Jordan Housing Commission Annual Report Acknowledgement motion was carried out, the only business on the agenda to be tabled for a later date was the Ashton Clark-Industrial Park Purchase Agreement.

Commissioner Benjamin Newington motioned to accept with support from Commissioner Timmons allowing the discussion to begin.

Commissioner Amy Sherman began by sharing she feels the public has not been made aware of this property and others may want to be involved, but don't know about the opportunity. She stated,

"I don't think we've done a good enough job to show that the property is for sale."

She suggested tabling the matter and instead decide how the Commission will move forward in advertising this property rather than making a quick decision.

After the commissioners worked through the numbers, Commissioner Sherman said,

"I'm not comfortable representing the city on that proposal."

The decision was made to withdraw the motion and to table the discussion on the purchase agreement.

LEADERSHIP

The Foundation Of Our Leadership Effectiveness Is Our Conversations

BY JOHN KEYSER

JOHN KEYSER

A leader must have a one-on-one conversation with each of her team members – every week or at least every two weeks, for sure.

Let's realize that we must focus our attention on our people – on helping our people. It's our people who help our business succeed.

In our regular conversations with each of our team members, we should ask about upcoming work with such questions as "What are your priorities and goals for this week?" and "How can I help?"

Of course, as time permits there could be a myriad of helpful questions which we could ask, and certainly including questions beyond business. We want to be as helpful as we can be helping each team member grow and succeed, and we also want to assure the team member that we genuinely care about them personally, about their well-being.

Of course, these regular one-on-one conversations sound great in a perfect world – and they may not always be possible. If that is because we are too busy to speak with our people, are we really an effective leader?! The mission of a leader is to help her peo-

ple develop and succeed. Circumstances will dictate whether these conversations are every week or every two weeks. The point is the foundation of leadership is our conversations. We must commit to this. When we have a will to do it, we will find a way.

One idea I'd like to share is that I recommend that try to keep our calendar open for these meetings rather than having them all scheduled. I say that as I often heard "It's Tuesday and that means I have to meet with my boss at 10 am." It's sounds as if it's an obligation. Rather, I'd like leaders to say "Let's grab a coffee, or at least chat for a few minutes, I'd like to talk about the week you have coming

up and how I might help."

Subtle difference, I know. I just want this to be a conversation that we, as leaders, want to have as we want to help each team member succeed.

One great leadership guru, in his description of servant leadership, advocates clarity of goals and expectations, empowering and trusting our team members with the responsibility to get their work done well and meet goals, and then the leader is to be encouraging and helpful to her team members as they progress in their work.

When asked about her leadership, Christine LaSala, who broke through the glass ceiling in the insurance industry, she says "I did it one conversation at a time".

Let's all of us commit to put an end to our constant busyness and be intentional about conversations with each of our team members on a regular basis so we may help them develop, empower them, mentor and coach them and be responsive to their needs...and watch the acceleration of energy and enthusiasm in our business.

New Representation in Boyne City's Force for Good

During the Boyne City Commission Meeting on Tuesday, May 9th, the Police Department held a Badge Pinning Ceremony and introduced a new Officer while the commissioners made motions to appoint new board members on multiple boards.

Boyne City's Police Department does things a little differently as they keep the tradition of earning the Boyne City Police Department Badge. When an officer is introduced, they will receive a badge, but only with the word Police. To earn the BCPD badge, an officer must go through a training phase where they demonstrate their knowledge, skills, and abilities to earn the title of a Boyne City Police Officer.

"A police officer's badge is perhaps the most visible and recognizable symbol of policing around the world. It is seen as, by many as, a sign of authority, sacrifice, and service."

Officer Michael Patrick completed the training phase and earned the Boyne City Police Department Badge after demonstrating his ability to align with BCPD's core values and needs. Being introduced to the training phase Officer Ben Ernst. Ernst will return after completing the training phase to attend the Badge Pinning Ceremony.

Another addition to the force for good is the newest member of the Library Board of Trustees.

With Dr. Danielle Swartz's term completed, it was time to search for a representative to fill the vacancy. Boyne City has a total of three representatives that serve on the Library Board of Trustees. The current trustees are Debbie Neidhamer and Debi O'Leary.

After reviewing the submitted applications, the decision was unanimous, and the letter of recommendation was submitted in support of Mitchell Klooster joining the Library Board of Trustees.

With extensive community involvement, Klooster's reason for wanting to serve is,

"The Boyne District Library is an impressive organization that I have only regularly begun to utilize over the past couple of years. As a citizen of Boyne City, I didn't realize all it had to offer until recently. As a board member, I would be more in tune with the library's happenings and could be a partner in advocating for the library and spreading the word of what it offers in the community. The BDL has stood out to me as a leader in our community, and I think that with our current climate, it is more important than ever for the library to be an inclusive, non-partisan, and safe environment for all."

During the City Commission Meeting on May 9th, the motion was carried out to make Mitchell Klooster the newest mem-

ber of the Library Board of Trustees.

Lastly, with the resignation of Mr. Rogers Reynolds as well as Mr. Robert Weick, and the passing of former Chair, Mr. Pat Kubesh - the Boyne City's Zoning Board of Appeals has more vacancies than members. Currently on the Zoning Board of Appeals, Chair, Mr. Bob Carlile, and Alternate, Mr. Aaron Place.

Hoping to join the Boyne City Zoning Board of Appeals, Robin Tachoir, the Commission considers her application and recommendation. As a resident of Boyne City and an active member of the community, Tachoir writes her reason for wanting to serve as,

"I love Boyne City. I was raised to believe that if you aren't willing to support something, you have no right to have a say in what happens. I moved here for my children and wanted to keep it wonderful for future grandchildren someday."

The motion was carried out to appoint Tachoir to the Zoning Board of Appeals for a term ending September 1st, 2025. It was also agreed to decline the appointment of a member of the City Commission to a term on the Zoning Board. Even with the overwhelming vacancies they agreed on the conflict of interest.

Ellsworth keeps Northern Lakes Conference title hopes alive

BY BOB DELONG

The Northern Lakes Conference baseball title is still up for grabs and the Ellsworth High School baseball team is right in the thick of the race for the top spot. Ellsworth swept Alanson by 8-0 and 17-1 scores last week to keep on pace for a conference title.

Both Harbor Light Christian and the Lancers have one loss in conference play and Mackinaw City has two losses in the league. The Swordsmen and Ellsworth are scheduled to get together in Harbor Springs next Tuesday. If there is a split in the double header there could be a three-way tie for the title, if the Lancers or Harbor Light sweep, that team could claim the crown all by themselves.

Last Friday at Alanson the Lancers got great pitching and cruised to a couple wins over the host Vikings.

In game one Jacob Jenuwine threw a five-inning perfect game striking out the 14 of the 15 batters he faced for the victory. Kelan Pletcher led the offense with two hits including a home run and three rbi and Owen Cary smacked two hits including a double and Patrick Puroll also had a double.

In the second game Pletcher scattered three hits and struck our nine Vikings over four innings for the shut-out win. The Lancers out hit Alanson 16-3 and Ellsworth played errorless baseball. Pletcher also led the offense with three hits and three rbi and Nicholas Sponable also collected three hits.

Ellsworth is scheduled to host Johannesburg-Lewiston, Maple City Glen Lake and Burt Lake Northern Michigan Christian School all this week as the schedule has tightened due to inclement weather earlier this month.

East Jordan gets wins key road wins over Kalkaska

BY BEN MURPHY

The East Jordan baseball team continued its strong play and picked up two wins they needed on Monday. The Devils were playing at Kalkaska in Lake Michigan Conference play, winning 6-5 and 5-4.

In the opener, the game went to extra innings, where Ben Reid hit a sacrifice fly that scored Dawson Carey for the winning run.

Reid was also the winning pitcher, throwing three and one-third innings and giving up two hits and striking out seven. Korbyn Russell pitched the bottom of the seventh inning to lock in the save. Eli Burns

started the game on the mound.

The offense had Brenden Aenis and Russell each hit a home run and a single with multiple RBI each. Ethan Thomas, Steven Anderson and Devon Olstrom all had singles.

Russell had two doubles, one single and one RBI, Connor Boyer had two hits, Burns had an RBI single and Carey had a single.

E-J (17-1 overall) was at Traverse City St. Francis on Wednesday and is at home against Charlevoix on Monday.

SOCCER

Boyne City girls get LMC victory over Charlevoix

BY BEN MURPHY

Two first half goals proved to be the deciding factor in the Boyne City girls' soccer teams home game with Charlevoix on Monday. The Lady Ramblers led 2-0 at the half and finished off the Lake Michigan Conference win, 3-1.

Boyne City had goals by Kesy Wilson, Elly Day and Maddie Smith while Wilson, Mira Hauger and Braydin Noble had one assist each.

In goal for the Ramblers was Maggi McHugh was able to get two saves in goal.

The Lady Rayders had their goal come from Mikayla Sharrow midway through the second half, with an assist by Karlee Eaton.

Charlevoix goalie Addison Boop made six saves in goal.

Boyne City also won a road non league game at McBain Northern Michigan Christian on Tuesday, May 9, 4-1.

Wilson had two goals with Ella Walsh and Mira Hauger getting one goal each. Brook Williams, Elly Day and Lily Scherbing

had one assist each. B-C (9-1-2 overall, 7-1-2 LMC) hosts Alpena on Friday and is at home with Elk Rapids on Monday. Charlevoix also lost a LMC game at Traverse City St. Francis on Friday, 4-1.

The Lady Gladiators netted all four of their goals in the first half. The Rayders scored their lone one of the night off a long shot from Claire Scholten.

Boop made 12 saves in net.

"We had some defensive breakdowns that cost us heavily in the first half," Charlevoix head coach Peter Scholten said. "St. Francis has a fast talented group of girls who can score and they have a fast counter attack which we struggled to defend. I was pleased with the second half. We didn't allow a goal and got one back. We also had some great scoring opportunities that we unfortunately couldn't convert on."

Charlevoix (6-8-1 overall, 3-8-1 LMC) hosts Elk Rapids today (Thursday) and wraps up the regular season on Saturday at home against Birmingham Seaholm.

Registration Open For Eighth Annual Top Of Michigan Festival Of Races

Registration is open for the eighth annual Stafford's Top of Michigan Festival of Races Saturday, May 27, at Petoskey's Bayfront Park.

The professionally-timed running event features a half marathon, 5k, and 10k distances and takes place on the Little Traverse Wheelway, Petoskey State Park, and a few local roads.

The start/finish line is near Lime Kiln Pond at Bayfront Park East in

Petoskey. Start times are as follows: half marathon – 7:30 a.m., 10k – 8 a.m., and 5k – 8:15 a.m. There will be aid stations along the way, with volunteers offering water.

Proceeds benefit event organizer Top of Michigan Trails Council and Petoskey High School track and cross country teams.

Aside from a few other freebies, participants who finish the event will receive a custom-made race medallion

created by Lake Art in Harbor Springs. Top finishers in each race will also receive locally created artwork.

Race Director Becca Nelson said the annual Festival of Races is a popular regional event with runners and walkers from across the state participating. "Little Traverse Bay is truly a beautiful setting for this great event, which can be fun, competitive, or both, depending on the individual," she said.

Stafford's Hospitality is the event's title sponsor. Other sponsors include the Petoskey Area Visitors Bureau, 4front Credit Union, Evening Star Joinery, Harbor-Brenn Insurance Agency, High Gear Sports, Oleson's Food Stores, The Outfitter, Rotary Club of Petoskey, Nub's Nob, Crooked Tree Breadworks, Grain Train Natural Foods Market, Brummeler & Associates, Citizens National Bank, Bay

Pines Veterinary Clinic, Bearcub Outfitters, Gurney's Bottle Shop, Tom's Mom's Cookies and the City of Petoskey.

Last year, Paul Hagan of Petoskey was the top male finisher (1:19:58.5) in the half marathon event, while Ali Fitzpatrick of Rochester was the top female finisher (1:33:16.0). In the 10k race, Mandy Paull of Cheboygan led the ladies' field (40:05.9), while her father, Denny

Paull, locked down the men's race (39:22.2). Top finishers in the 5k race were Chad Mikesell of Shorewood, Wisc., (17:49.3) and Sarah Mikesell, also of Shorewood, (19:01.2).

Same-day registration is available, but participants are encouraged to register in advance. To find complete details about the event and registration, visit <https://www.trailsCouncil.org/festivalofraces/>.

Wilson Township Cemetery Ordinance 1 of 2022

An ordinance to protect the public health, safety, and general welfare by establishing regulations relating to the operation, control, and management of cemeteries owned by the Township of "Wilson, Charlevoix County, Michigan; to provide penalties for the violation of said ordinance, and to repeal all ordinances or parts of ordinances in conflict therewith.

Public Notice is hereby given that at the January 26, 2022, meeting of the Wilson Township Board of Trustees, the Wilson Township Cemetery Ordinance was amended as follows:

THE TOWNSHIP OF WILSON, CHARLEVOIX COUNTY, MICHIGAN, ORDAINS:

Section 1: Title

This ordinance shall be known and cited as the Wilson Township Cemetery Ordinance.

Section 2: Definitions of Cemetery Lots and Burial Spaces

As Used in This Ordinance:

a. "Cemetery Lot" means an area of land within a cemetery sufficient to accommodate from one (1) to six (6) burial spaces.

b. "Burial Space" means an area of land within a cemetery lot four (4) feet wide and ten (10) feet long.

c. "Green Burial" means the act of burying human remains with no embalming fluids or similar body-preserving chemicals in a biodegradable casket and without a vault constructed of concrete or similar material.

Section 3: Sale of Lots or Burial Spaces

a. Cemetery lots or burial spaces shall be sold only to residents or taxpayers of the Township for the purpose of the burial of the purchaser or his or her heirs at law or next of kin. No sale shall be made to funeral directors or others than as heretofore set forth. The Township Clerk or their designee, however, is hereby granted the authority to vary the aforesaid restriction on sales where the purchaser discloses sufficient personal reason for burial within the Township through previous residence in the Township or relationship to persons interred therein.

b. All such sales shall be made on a form approved by the Township Board, which grants a right of burial only and does not convey any other title to the lot or burial space sold. Such form shall be executed by the Township Clerk or their designee.

c. Burial rights may only be transferred to those persons eligible to be original purchasers of cemetery lots or burial spaces within the Township. The Township Clerk or their designee shall approve all transfer requests and shall enter the transfer upon the official records. Upon such assignment, the Clerk or their designee shall issue a new burial permit to the assignee and shall cancel the original permit.

Section 4: Purchase Price and Transfer Fees

The Township Board shall from time to time by separate resolution establish the purchase price for cemetery lots and burial spaces and the fee for transferring one or more cemetery lots or burial fees to a qualified assignee.

Section 5: Grave Opening Charges

a. The opening and closing of any burial space, prior to and following burial therein, and including the interment of ashes, shall be at a cost to be determined from time to time by resolution of the Township Board, payable to the Township.

b. No burial spaces shall be opened and closed except under the direction and control of the Township Clerk or Cemetery Sexton. This provision shall not apply to proceedings for grave openings or disinterment, which are done under the supervision of the local health department.

Section 6: Markers or Memorials

a. All markers or memorials must be of stone or other equally durable composition and must be placed on concrete footings or foundations that are no higher than ground level. For purposes of this section the concrete footings or foundations shall be a minimum of 2 inches wider than the footprint of the marker or memorial and no less than 4 inches in depth, unless otherwise approved or required by the Cemetery Sexton.

b. Any large upright monuments must be located upon a suitable foundation to maintain the same in an erect position.

c. Only one monument, marker or memorial shall be permitted per burial space. Additional markers may be placed with the Township Clerk's or Cemetery Sexton's permission if additional markers are flush type and do not interfere with cemetery maintenance.

d. The footing or foundation upon which any monument, marker or memorial must be placed shall be constructed by the Township at cost to the owner of the burial right.

e. All monument footings must meet or exceed manufactures specifications and must be approved by the Township Clerk or Cemetery Sexton prior to installation.

Section 7: Interment Regulations

a. A single burial space may be used for the burial of one adult, a parent and child buried at the same time, or two children buried at the same time. A single burial space may be used for the burial of two (2) cremains.

b. Not less than 36 hours' notice shall be given in advance of any time of any funeral to allow for the opening of the burial spaces. Arrangements contrary to this shall be made with the Township Clerk or Cemetery Section.

c. The appropriate permit for the burial space involved, together with appropriate identification of the person to be buried therein, where necessary, shall be presented to either the Sexton or the Township Clerk prior to interment. Where such permit has been lost or destroyed, the Township Clerk shall be satisfied, from his or her records, that the person to be buried in the burial space is an authorized and appropriate one before any interment is commenced or completed.

d. All graves shall be located in an orderly and neat appearing manner within the confines of the burial space involved.

e. No green burials are permitted in any Wilson Township cemetery.

Section 8: Winter Burials

a. No winter burials shall occur without the prior consent of the Township Clerk or Cemetery Sexton.

b. The Township may charge additional fees for winter burials.

Section 9: Cremains

a. Cremains may be buried in a container approved by the Cemetery Sexton or Township Clerk in a burial space.

b. No cremains shall be scattered or dispersed within a Township Cemetery.

Section 10: Ground Maintenance

a. No grading, leveling, or excavating upon burial space shall be allowed without the permission of the Cemetery Sexton or the Township Clerk.

b. No shrubs or trees of any type shall be planted without the approval of the Cemetery Sexton or the Township Clerk. Any of the foregoing items planted without such approval may be removed by the Township or the Cemetery Sexton.

c. The Township Board reserves the right to remove or trim any tree, plant or shrub located within the cemetery in the interest of maintaining proper appearance and the use of the cemetery.

d. Mounds which hinder the free use of a lawn mower or other gardening apparatus are prohibited.

e. The Township Clerk or Cemetery Sexton shall have the right and authority to remove and dispose of all growth, emblems, displays or containers therefore that through decay, deterioration, damage or otherwise become unsightly, a source of litter or a maintenance problem.

f. Surfaces other than earth or sod are prohibited.

g. All refuse of any kind or nature including, among others, dried flowers, wreaths, papers, and flower containers must be removed.

Section 11: Forfeiture of Vacant Cemetery Lots or Burial Spaces

a. If a cemetery lot or burial space remains vacant for more than forty (40) years after the sale to an original purchaser or a qualified assignee, the Township Clerk shall send by certified mail, return receipt requested, to the last owner of record a written notice informing him or her that the forty (40) year period has expired and that all rights in the cemetery lot or burial space shall be forfeited to the Township if he or she fails within sixty (60) days of the date of mailing the notice to affirmatively indicate in

writing to the Township Clerk his or her desire to retain the cemetery lot or burial space.

b. If the Township Clerk receives no written response within sixty (60) days after mailing the notice required to be sent pursuant to subsection (a) above, the cemetery lot or burial space identified in the notice shall revert to the Township free and clear from any claims of that original purchaser or qualified assignee. The Township Clerk shall then cancel in the official cemetery records that the burial permit issued and indicate in those records that the cemetery lot or burial space is eligible for resale under the terms and conditions of this Ordinance.

Section 12: Repurchase of Lots or Burial Spaces

The Township will repurchase any cemetery lots or burial space from the owner for the original price paid the Township upon written request of said owner or his legal heirs or representatives.

Section 13: Records

The Township Clerk shall maintain records concerning all burials and issuance of burial permits separate and apart from any other records of the township and the same shall be open to public inspection at all reasonable business hours.

Section 14: Vault

a. All burials shall be within a standard concrete vault or other non-collapsible container, installed or constructed in each burial space before interment.

b. No concrete vault shall be required in connection with the interment of cremains.

Section 15: Cemetery Hours

a. The cemetery shall be open to the general public from the hours of 8 am to 10 pm each day.

b. No person shall be permitted in the Township cemeteries at any time other than the foregoing hours, except upon permission of the Township Board or the Cemetery Sexton.

Section 16: Penalties

Any person who shall violate any provision of this Ordinance shall be responsible for a municipal civil infraction as defined in Public Act 12 of 1994, amending Public Act 236 of 1961, being Sections 600.101-600.9939 of Michigan Compiled laws, and shall be subject to a fine of not more than five hundred and 00/100 (\$500.00) Dollars. Each day this Ordinance is violated shall be considered as a separate violation.

Section 17: Enforcement Officer

The Township Supervisor is hereby designated as the authorized township official to issue municipal civil infraction citations directing alleged violators of this Ordinance to appear in court.

Section 18: Nuisance

A violation of this Ordinance is hereby declared to be a public nuisance or a nuisance per se and is declared to be offensive to the public health, safety, and welfare.

Section 19: Severability

The provisions of the within ordinance are hereby declared to be severable and should any provision, section or part thereof be declared invalid or unconstitutional by any court of competent jurisdiction, such decision shall only affect the particular provision, section or part thereof involved in such decision and shall not affect or invalidate the remainder of such ordinance which shall continue in full force and effect.

Section 20. Repeal

The prior Wilson Township Cemetery Ordinance, effective on February 21, 2007, is hereby repealed in its entirety.

Section 21: Effective Date

This ordinance shall become effective thirty (30) days after being published in a newspaper of general circulation within the Township.

Section 1. Amendment of Zoning Ordinance

The Evangeline Township Zoning Ordinance is hereby amended to change all references to the “Michigan Department of Environmental Quality (MDEQ)” throughout the zoning ordinance to the “Michigan Department of Environment, Great Lakes, and Energy (EGLE) or any successor state agency.”

Section 5. Amendment of Section 3.06. A.

Section 3.06. A of the Evangeline Township Zoning Ordinance is hereby amended to add a type of development to the list of developments requiring a Natural Vegetation Waterfront Buffer Strip, which shall read as follows:

The Natural Vegetation Waterfront Buffer Strip shall be planted with a mixture of trees, which at maturity shall obtain a minimum height of 50 feet, and low growing woody shrub species native to the area and suitable for the site. Trees shall be scattered throughout the strip, planted at a minimum of ten (10) trees per one hundred feet (100’) of lake frontage, and sited in a manner which allows for “filtered” views of the water from the dwelling. Tree species shall be of a sufficient size and caliper (minimum 2”) to compete with the surrounding vegetation, and shall provide coverage of 75% of the area within the Natural Vegetation Waterfront Buffer Strip as measured at the drip lines the trees are expected to have at maturity (for guidance, see Figure 1 in this Section). Shrubs shall be of sufficient size and planted at spacings that shall provide complete coverage of the ground within the Natural Vegetation Waterfront Buffer Strip, except as allowed in district regulations for a viewing platform and path, within a period of two (2) full growing seasons.

Section 7. Amendment of Section 3.06. B.

Section 3.06. B of the Evangeline Township Zoning Ordinance is hereby amended to add new subsections, 7, and 8, which shall read in their entirety as follows:

- No sand or fill shall be placed between the shoreline and the Natural Vegetation Waterfront Buffer Strip.
- All required plantings in the Natural Vegetation Waterfront Buffer Strip shall be completed by the end of the next full growing season after the approval date of the project (e.g. Projects approved before May 20th must be planted by October 5th of that year. Those approved after May 20th have until October 5th of the following year.) In the event of circumstances beyond the applicant’s control which cause an unavoidable delay to planting, the Planning Commission may grant an extension of up to one year when requested by the applicant and deemed warranted by the Planning Commission. Such circumstances shall not include any that are due to the applicant’s personal or economic hardship.

Section 8. Amendment of Section 3.06. D.

Section 3.06. D of the Evangeline Township Zoning Ordinance is hereby amended to read in its entirety as follows:

Section 9. Amendment of Section 3.07. B.

Section 3.07. B. of the Evangeline Township Zoning Ordinance is hereby repealed in its entirety.

Section 11. Amendment of Section 3.08. A. 1.

Section 3.08. A. 1. Of the Evangeline Township Zoning Ordinance is hereby amended to read in its entirety as follows:

- Wetland Areas
 - Michigan Department of Environment, Great Lakes and Energy (EGLE), or any successor state agency, approved wetland delineation shall be required for all areas mapped as potential wetland areas on the EGLE Wetland Inventory Maps covering Evangeline Township, unless specifically waived by the Zoning Administrator after a site visit.

Section 12. Amendment of Section 3.13

Section 3.13 of the Evangeline Township Zoning Ordinance is hereby amended to read in its entirety as follows:

Section 3.13 – Signs (amended: 2022)

The purpose of this section is to preserve the desirable character of Evangeline Township, as well as to recognize the need for and privilege of expressing views and advertising, so that people unfamiliar with the area, such as tourists and transients, may avail themselves of the goods and services afforded by the local business places. At the same time, the Township recognizes the right of residents to be free of signs that could adversely affect property values and create an unpleasant or less than desirable atmosphere. The use and erection of all outdoor signs and media shall be subject to all state and local codes and statutes, in addition to the provisions of this Ordinance.

A. Signs Not Requiring a Sign Permit:

The following signs may be placed in any Zoning District without a sign permit, provided such signs comply with any applicable federal or state law or regulation and are located so as not to cause a nuisance or safety hazard:

- One (1) non-illuminated identification sign per use, not exceeding four (4) square feet of sign surface.
- One (1) non-illuminated residential name plate per lot, not exceeding four (4) square feet of sign surface.

- Signs erected by any organization, person, firm or corporation that is needed to warn the public of dangerous conditions and unusual hazards including but not limited to: road hazards, high voltage, fire danger, explosives, limited visibility, etc.
- Signs marking an historically significant place, building or area when sanctioned by a national, state or local historic organization recognized by the planning commission, provided the sign surface does not exceed the maximum allowed size of sixteen (16) square feet or the maximum size allowed in the Zoning District whichever is less.
- Signs that have been approved in conjunction with an approved site plan, authorized by the Planning Commission, for any principal or accessory use, and signs required by federal or state agencies in connection with federal or state grant programs.
- Type 1 & Type 3 temporary signs both on-premises and off-premises may be posted for no more than seven (7) consecutive days, provided the sign surface does not exceed the maximum size limitations of six (6) square feet. If Type 1 or Type 3 temporary signs are posted for more than seven (7) consecutive days, then a sign permit shall be obtained from the Zoning Administrator, which shall authorize an additional fourteen (14) days for the temporary sign.
- Type 2 temporary signs may be erected, but only during the time period the contract authorizing such signs remains in effect.

B. Signs Requiring a Sign Permit:

- No sign, except those specified in subsection 3.13.A, shall be erected or altered until a permit has been approved and issued by the Zoning Administrator. The use and erection of all outdoor signs shall be subject to the following provisions:

Figure 3-3

C. In addition to the size limitations stated in Subsection 3.13.B.2, the following conditions shall apply to all signs, including off-premises signs, erected in any Zoning District:

1. No signs shall be located on any street corner which would obscure the vision of drivers using said streets, or conflict with traffic control signals at the intersection of any streets. No signs shall obstruct the vision of drivers at any driveway, parking lot or other route providing ingress or egress to any premises.
2. All illumination unless otherwise approved by the Planning Commission, shall be oriented downwards and shall not trespass beyond the borders of the sign, as illustrated in Figure 3-4.
3. Signs containing flashing, intermittent or moving lights are prohibited.
4. No awning sign shall be illuminated internally or illuminated by flashing lights. Sign may contain lettering and backgrounds made of reflective material.
5. One internally lit sign not to exceed six (6) square feet per business shall be allowed provided the sign has an opaque background or field of a dark color with letters, numerals, logos, and similar message elements of a transparent material to permit internal lighting revealing the message or information for which the sign is intended.
6. Off-premises signs shall be permitted subject to review and approval of location by the Zoning Administrator. Not more than one (1) freestanding sign per five hundred (500) feet of road frontage or per lot may be allowed. 9. No sign shall project beyond or overhang the wall, roof or any architectural feature by more than five (5) feet and shall be no less than fourteen (14) feet above the right-of-way (see Figure 3-5). However, prior to the erection or overhanging of a sign in a public right-of-way, the sponsor of such sign shall receive the approval of the proper governmental agency having jurisdiction over such right-of-way.
10. Roof signs are specifically prohibited when projecting above the high point of the roof.
11. A maximum of two (2) signs shall be allowed, and the cumulative area for on-premises signs shall not exceed that allowed in the District per subsection 3.13. B.2.
12. No motor vehicle or trailer, including a semi-trailer, that has a sign affixed to the side of the motor vehicle or trailer, shall be parked or stored within the front yard of any lot abutting a public or private road when the primary purpose of such parking is the display of the sign and not the customary use of the motor vehicle or trailer.

Figure 3-4

Figure 3-5

- D. If any provisions of any other ordinance, statute or law of Charlevoix County or the State of Michigan impose greater restrictions than herein set forth, then the provisions of such ordinance or statute shall take precedence.
- E. The use of any lawful outdoor sign erected prior to this Ordinance and in use on the date this Ordinance is enacted, which does not meet these standards, may be continued. Such signs shall be designated as "Nonconforming signs". The maintenance, reconstruction, alteration, discontinuation and change in the nonconforming nature of a Nonconforming sign shall be governed by Section 3.16 Nonconforming Uses and Structures of this Ordinance.

Section 13. Amendment of Section 3.15. B.3

Section 3.15. B.3 of the Evangeline Township Zoning Ordinance is hereby amended to read in its entirety as follows:

Eligibility for Lifeline and ACP is based on income or participation in certain government benefit programs and is determined by the National Verifier (documentation may be required). Promotional FREE service offer is subject to eligibility, and you must be eligible to be enrolled in either program. Lifeline benefits are non-transferable and limited to one per household (wireless or wireline). The ACP monthly service and connected device discounts are non-transferable to other households and individuals and are limited to one per household.
