Karen and Joe lived in Cedarville while working at the Hossack Store until moving to Battle Creek, MI in 1964. In 1969 they moved to Charlevoix, MI where she and her crew became passionate fans of recreational baseball, their commentary often humiliating many an opponent at the local ball field. As her children and grandchildren entered school sports, her dedicated attendance continued, perhaps with marginally more appropriate behavior.

Karen worked for years at Central Drug Store in Charlevoix, followed by a career in banking which included Charlevoix County State Bank and later retiring from Citizens Bank /CB North of Charlevoix (now Huntington Bank) in 2000. In retirement, she was blessed with endless days of playing with her grandchildren at "Olmstead Beach", her home on Lake Charlevoix.

Karen's love of family and friends was all consuming. Her home was always open and anyone who entered was made to feel welcome. Karen was a second mother to many. In her final years her love of her grandchildren and great-grandchildren was her true passion and Sunday dinners were not complete without children playing and laughing in her home.

Karen is survived by her daughters Micki (Tony) Hagen of Charlevoix and Leanna Mosoryak of Charlevoix, son Tracy Olmstead (Chris Sellick) of Hessel, MI, her grandchildren Matthew (Renee) Mosoryak of Bellaire, MI, Michael (Channah) Mosoryak of Portland OR, Jennifer (Aaron) Jones of Branch, MI, Aaron (Madison) Hagen of Charlevoix, Sarah (Andy) Van Horn of Charlevoix, and Lisa (Jim) Zybke of Shelby, NC. Great-grandchildren were the center of Karen's world. They include Coralie, Annabelle, and Hartwell Hagen, Mason Mosoryak, Olivia Reed, Sadie Mosoryak, Christopher Pulliam, Moiraine and Elowen Jones, Jimmy (Brianna Gunter) Zybke, Jack (Laura) Zybke. Karen was also dearly loved by her sister in-law Margaret Garvey and many nieces and nephews and their families.

Karen was preceded in death by her husband Joe (Hartwell), her parents Bill and Hazel Goetz, parents in-law Hartwell and Verna Olmstead, sisters Ruth Cutler, Laurel Tigner, Donna (Bob) Muscoe, and Raechel (John) Alberts, son in-law Jay Mosoryak, nephew Paul Muscoe, and great-nephew Luke Bickham.

Our family would like to acknowledge their appre-

ciation to the people who helped make her final days easier. They include Raechel Wright, Mary Tigner-Rasanen, Jerry Keie, Scott Olmstead, Aaron and Madison Hagen and family, Sarah and Andy Van Horn, Matt and Renee Mosoryak and family, and Mary and Jim Schwaderer.

As per her wishes memorial contributions may be made in her name to the Charlevoix Area Humane Society at 614 Beard-sley St., Boyne City MI 49712.

No services are planned at this time.

Arrangements are in the care of the Charlevoix Chapel of Mortensen Funeral Homes. Please sign her online guestbook at www.mortensenfuneral-homes.com

WHITE CANE DRIVE

Members of the East Jordan Lions Club will be at different locations in East Jordan on June 3rd collecting for their annual White Cane Drive. Money donated helps those needing eye care in the community. The Lion's Club has aided the blind and visually impaired and made a strong commitment to this. In 1931, Lion's Club International began a national program, promoting the use of white canes for persons who are blind. The white cane has given them the freedom to travel independently to their schools and workplaces and to participate more fully in the life of their communities. So we hope you give generously!

SUMMER CLASSES FOR KIDS AT RAVEN HILL

Raven Hill Discovery Center is excited to announce a return to past years with Summer Classes for Kids. Classes will replace Discovery Camps, allowing staff and volunteers to teach and participating kids to focus on a specific subject area, like Science Magic, Pioneer Living or Fiber Arts. Of course, there will be some time at the beginning and end of each class to see the animals and play in the Discovery Room, but the majority of each session will focus on a given area of study. Classes will be informal and active. Three different classes, one each of science, history and art, will be taught in the morning and a different three sessions will be scheduled for the afternoon. Kids can attend morning classes, afternoon classes or both. They will choose their focus and explore a variety of hands-on lessons on a par-

ticular topic over the course of four days—Monday through Thursday. Suggested ages are 5 to 14 and activities will be age-appropriate for those signed up in a class. Call 231-536-3369 or email info@miravenhill.org for more information or if you have any questions. This is the summer to learn, create, grow and play during Raven Hill's Summer Classes for Kids.

Michigan Spark Grant applications now open; nearly \$23 million available

Additional pathway to Spark Grants funding will be open to ‘opportunity communities’ through new partnership with Michigan’s philanthropy network

After record interest in first-round Michigan Spark Grants funding, the Michigan Department of Natural Resources will reopen grant applications starting May 1 with up to \$23 million available for public recreation improvement projects in areas most affected by COVID-19. To boost grant

access for those in greatest need, the DNR also announced a partnership that will connect identified “opportunity communities” with funding and the support of Michigan’s philanthropic network.

“Every Michigander deserves equitable access to the outdoors that’s close to home no matter where they live, and that includes having quality local park and trail resources at the neighborhood and community levels,” said Gov. Gretchen Whitmer. “Under the bipartisan Building Michigan Together Plan I signed last year, we made history with

the largest one-time investment ever in our state and local parks. Michigan Spark Grants are unique because they align support directly with each community’s diverse recreational needs. We’re excited that these grants will help deliver critical funding to ‘spark’ more opportunities for residents to enjoy nature and connect with family and friends.”

Earlier this year, the DNR awarded \$14.2 million in first-round funding to 21 communities. A great start, but interest in the Michigan Spark Grants program far exceeded the department’s expectations.

“We were astounded by the response to the first round,” said Dan Lord, assistant chief of the DNR’s Finance and Operations Division. “In a normal year, our top three recreation grant programs – the Land and Water Conservation Fund, the Recreation Passport and the Michigan Natural Resources Trust Fund – on average receive around 150 applications seeking between \$50 million and \$60 million.”

“For the Michigan Spark Grants, we accepted over 460 applications requesting more than \$280 million,” Lord added. “It was clear we had tapped into a tremendous need. We also knew there was more work to do in supporting some communities and ensuring they have the capacity and resources to prepare, apply for and administer a grant like this.”

A new philanthropy-focused partnership through the Council of Michigan Foundations will make Michigan Spark Grants funding available this summer

to communities identified as “opportunity communities” – those that traditionally have been under-resourced and under-represented and who lack access to parks and recreation.

This innovative model aligns with federal funding requirements to support communities adversely affected by COVID-19, along with helping to improve and redevelop existing public recreation in communities that historically have experienced barriers to accessing these types of grants.

Connecting ‘opportunity communities’ to resources

To create this new grant-making model, the DNR sought advice and perspective from an advisory group composed of philanthropy, regional government planning, parks and recreation, and other grant-making entities with relevant expertise. What emerged was the framework for a grant program with a more equity-focused application and evaluation process, a new approach that gives funding priority to opportunity communities – areas that lack public recreation spaces and have a high proportion of households that are struggling financially and a high number of residents with physical and mental health disparities.

The DNR’s new partnership is aimed at removing barriers facing these nearly 40 opportunity communities in accessing not only funding, but also the needed supporting services for expanding a community’s ability to successfully manage and implement recreation projects.

Recognizing that the Council of Michigan Foundations – representing Michigan’s united, diverse philanthropic community, and an original member of the Michigan Spark Grants advisory group – has the

structure and network in place through its members to engage and support the opportunity communities, the DNR forged a groundbreaking partnership with CMF to align \$27.5 million in Michigan Spark Grant funds (the balance of the program’s original \$65 million allocation) through CMF member foundations to support communities in developing and implementing their local public recreation projects.

“Through this innovative partnership with the DNR, Michigan philanthropy will help to ensure community voice is centered in this work to advance equitable and transformative change for opportunity communities across the state,” said Kyle Caldwell, CMF president and CEO. “We look forward to supporting our foundation members as we collectively work to expand access to outdoor recreation spaces and programs for communities that have been historically under-represented and under-resourced.”

Michigan Spark Grants have proved much different than other grant programs offered by the DNR.

“We were very encouraged by the willingness of the DNR to do something different to further broaden access to recreational opportunities,” said J.J. Tighe, director of the Ralph C. Wilson, Jr. Foundation’s Parks & Trails Initiative, and a member of the Michigan Spark Grants advisory group. “We had to find creative solutions that didn’t just create a new grant program, but could instead leverage the locally based resources of community foundations to provide grantees with additional support, remove barriers and create the conditions for each community to have long-term success.”

Multiple paths, one goal

“The partnership with CMF expands the reach of the Michigan Spark Grants program and better supports grantees interested in bringing more public recreation opportunities to their residents,” said Tighe. “It’s about trying to ensure that everyone who wants to take advantage of grant dollars can find a way there.”

The final round (nearly \$23 million) of Michigan Spark Grants through the DNR (applications due June 26).

The \$27.5 million subset of CMF Michigan Spark Grant funding and additional resources available to opportunity communities (details coming this summer).

Other DNR recreation grant funding opportunities, including the Land and Water Conservation Fund, the Recreation Passport and the Michigan Natural Resources Trust Fund (apply by April 1 each year).

How to apply
Applicants can seek a minimum of \$100,000 up to a maximum of \$1 million.

Applications opening May 1 are due June 26, with award announcements expected in late September. Michigan Spark Grants, administered by the DNR, are available to entities that are legally constituted to provide public recreation, such as:

- Units of government or public authorities.
- Federally designated tribes.
- Regional or statewide organizations that are established with a recreational focus.
- Consortia of local units of government or public authorities.

MEA members forge family partnerships, help improve literacy in rural communities

CHARLEVOIX, Mich. — What started as a pilot program to engage families and communities in reading has created new bonds among students, parents and educators in rural communities across Northern Michigan.

Through the Family Literacy Projects, MEA members identified families in rural areas with higher rates of poverty to encourage students to read, and parents to read with their younger children. The program provided families with a collection of books to read and discuss at home, as well as web-based resources to inspire further reading.

“Literacy isn’t something that only takes place in the classroom between 8 a.m. and 3 p.m., and it requires working partnerships between educators and families,” said MEA member Glen Young, a retired Petoskey High School English teacher and co-director of the Top of the Mitt Writing Project. “In order for literacy to thrive beyond the classroom, it has to involve the family — that could be parents, grandparents, siblings or other caretakers.”

The project is part of a National Endowment for the Humanities grant awarded to the Top of the Mitt Writing Project and brought together teachers, families and school administrators in the Boyne Falls, Pellston, Charlevoix, Alanson, and Grayling school districts. The books were geared primarily toward K-8 students, and the topics ranged from classic novels to more modern works.

While the grant funding is only for the current school year, some volunteer educators plan to continue their working relationships with the families.

“This project has been transformative for our parents and teachers,” said Jane Garver, a Charlevoix

Teacher Leader. “We have formed new relationships and bonded with parents over our shared love for their children. It has been a terrific experience for each of the families that took the plunge and participated. What a joy to celebrate reading and writing each week with our families.”

“This program helped our family grow together in making lasting connections to one another using our words in different ways by writing,” said Jennifer Fruk, a Charlevoix parent. “They saw us, as parents, work on new styles of writing that challenged us and our children to talk together more easily about their school experiences. We had fun and the skills we learned, the writing styles, and the books are still bringing joy to our family.”

“The Family Literacy Project was a great success for me, personally, because it allowed me to understand that reading is an easy way to connect with my kids,” said Dave Grossi, also a Charlevoix parent. “It’s made the one last thing we do before bedtime a fun thing for the kids to look forward to.”

“Learning doesn’t stop at the end of the school day, and our dedicated educators work tirelessly to build partnerships with families to improve literacy in their communities,” said Chandra Madafferri, Michigan Education Association president-elect. “We applaud these hard-working educators and are excited to see our students love for reading improve across Northern Michigan.”

COMMUNITY LEADERS

KRISTINE BREHM

SINGLE MOM, BUSSINESS OWNER AND ACTIVE COMMUNITY LEADER

BY JOHN KEYSER

Kristine Brehm has been highly recommended for all she has done and continues to do for the Boyne City community. She is a successful business owner, has three shops in the center of the city, specifically Provisions Party Store, Provisions Wine Emporium and Market and Provisions Lounge. The stores and restaurant are connected and staples in the community.

Kristine grew up in a Detroit suburb, then earned her Chemical Engineering degree from Wayne State University. She, like so many others, joined an automotive company, which is where she met her husband, Ed.

Kristine and Ed had two children, Aidan (19) and Adeline (16). In 2005 the Brehm’s decided to move to Boyne City for an automotive job and opportunity to raise their children in beautiful northern

KRISTINE BREHM

Michigan. Within a few years, the automotive industry was changing and cutting back. In 2009, they saw the potential in a little party store in Boyne and dove in to a new adventure. Before long the party store added a wine shop in 2010 and then a lounge in 2019. Unfortunately, Ed passed of Covid 19 in April 2020.

Kristine is definitely a wonderful model of a doer. Early on, she joined the Boyne City Chamber of

Commerce Board, and ultimately became its President. Subsequently, she was elected onto the Boyne City Public Schools School Board. Working closely with Superintendent, Pat Little and the rest of the board, was an experience she greatly values.

Kristine’s success in her business and community work is directly related to her natural leadership principles and practices. She enjoys coming into the store and engaging with all of her customers. They have become her “friend community”. For her relationship with her employees, she knows “it takes a village”. Her team at Provisions is long standing as she knows “we are all teammates and family”, she empowers them and encourages their ideas and creativity.

Kristine genuinely feels it has been her privilege to be part of the Boyne City community, Boyne City Public Schools, Main Street initiatives and events and the many vol-

unteers. The city management, fellow business owners, police department and the Boyne Area Chamber created a dynamic place to live and play. They are solid citizens, givers not takers, sometimes with different opinions and ideas, but willing to work together as team. She is confident that the city will continue its slow steady growth and preserve its small-town atmosphere. She also points out that the people in Boyne City want to be here. The highways do not come through the area, so people go out of their way to be here.

Her challenge, of course, as a single mom, business owner and active community leader is balance in her life. This, no doubt, will be an ongoing challenge, and fortunately, her very positive attitude is the fuel to her continued success and happiness.

LEADERSHIP

SELECTING A NEW TEAM MEMBER

BY JOHN KEYSER

Keys in talent development are recruiting and selecting a great candidate for the position and then, of course, developing and helping that person do her/his best work, be a great team member, and succeed.

In this article we focus on the first key, i.e., hiring an outstanding person.

There are many more jobs here in Northern Michigan, and elsewhere, than there are candidates.

Attitude, character, and qualities are vitally important. We want a person who has fire in her belly, is a thinker as well as a doer, has a drive to be successful, and who will be a treasured member of our team. Business is competitive, so a person has to “want it,” be ready to work hard and go the extra mile and make sacrifices at times.

How can we judge attitude? We must rely on our instinct.

One of the best hires I made was because I was so impressed with a young man who walked fast, actually very fast, and with a purpose, and when we were seated, he was always leaning in.

We want a person with humility coupled with inner-confidence, comfortable eye contact, giving full attention, listening attentively, asking good questions, and is “likeable,” e.g., a genuine smile.

We have to rely heavily on our instinct to judge charac-

ter. We can sense that a person is honest, has integrity, is caring, is an admirable citizen, leads a good life, and is not self-absorbed, not focused on herself.

Let’s think about the qualities we want in the candidate we select. Surely, we want the person to have:

Humility – Humility is the foundation of growth, and striving for continuous improvement is a path towards success

Empathy – Whatever the position, the person must have good relationships with her colleagues, and be encouraging, helpful, and caring

A Positive Attitude – Genuinely rooting for colleagues, offering help, and contributing ideas about how we all and our business may be better than before

Quiet Confidence – To accept responsibility and be accountable. Good people want to be accountable

Attentive Listening Skills – Listening may be our most important skill in business (and in life), and listening is key to relationships

Readiness to Ask Questions – To learn what is needed, what success looks like, what do others think, and how can we improve

Ready to Contribute Ideas – How can we and our business improve

While a candidate’s knowledge and experience are important, a person with the right attitude will be a quick learner. The right attitude is critically important.

Character and emotional intelligence are more important to the person’s success

JOHN KEYSER

than intellectual intelligence.

It is helpful to envision in our mind what we would want a person successful in the position to be like, for example one who:

Is a great teammate

Has effective leadership skills

Is always learning

Celebrates the successes of others

Requests and offers timely and helpful feedback

Develops and maintains productive working relationships with everyone

Contributes ideas

Addresses problems

Is widely admired for her integrity.

Listen to our gut, if we

sense that a person may not be the right selection, we should not compromise. Listening to our instincts almost always pays off.

As we recruit, we are not

only seeking a great candidate for a position, we are recruiting for a team! We want someone who will

strengthen our team, someone who will have a positive influence on others, increase collaboration, share ideas, encourage teamwork, pride and loyalty to one another and to our business. We want someone who by her example, everyone will look to with respect.

In our world today when so much is impersonal due to heavy reliance on the Internet, we want to connect with candidates with a personal touch – with empathy and curiosity. Each candidate is a person and will welcome our treating them with the human dignity we all deserve.

We should listen with our eyes and well as our ears.

Then we are better able to sense a candidate’s character and qualities, which may well be our main objective in selecting and hiring a candidate who will help our team be a true team and will work enthusiastically and collaboratively to achieve or exceed shared goals.

Our being engaged with a candidate will reflect the culture of our team and business’s culture and will be impressive to the candidate. We want the candidate to genuinely want to be a member of our team rather than simply wanting the job.

As leaders, we let’s always keep in mind, we are recruiting for a team, and that happy employees do better work!

SOCCER

Charlevoix drops pair of games

BY BEN MURPHY

The Charlevoix girls soccer team hosted Birmingham Seaholm on Saturday, for a late season non-league game. The Lady Rayders were unable to get things going in the contest however, falling 3-0. Further details were unavailable.

On Thursday, May 18, lost a home Lake Michigan Conference game to Elk Rapids, with a score of 3-0.

"I was pleased with our overall performance against one of our toughest opponents," head coach Peter Scholten said. "We kept high intensity for most of the

game and we had moments that made Elk uncomfortable. We had enough quality chances to win but just couldn't find the back of the net. Elk on the other hand took advantage of our mistakes and we paid for it."

Elk Rapids netted two goals in the first half and one more in the second.

Addison Boop had eight saves in goal.

Charlevoix (6-10-1 overall) hosts a Division 4 district semi-final game on Wednesday against the winner of a game between Suttons Bay and Glen Lake.

Second half woes doom Boyne City in loss to Elk Rapids

BY BEN MURPHY

The Boyne City girls soccer team hosted Lake Michigan Conference champion Elk Rapids in their final regular season game on Monday. The Lady Ramblers gave their best shot to pull off the upset, but ultimately lost, 5-1.

Elk Rapids scored three goals in the second half to turn what was a close game into a bit lopsided.

Boyne City scored its goal from Mira Hauger, with an assist by Braydin Noble.

Maggi McHugh was able to make nine saves in goal.

On Friday, Boyne City hosted Alpena in a non-league game. The Ramblers won this one by a score of 5-0.

Elly Day and Kensity Wilson booted in two goals each and Braydin Noble chipped in with one goal.

Getting assists in the game were Lily Scherbing and Maddie Smith.

Maggi McHugh had four saves in goal to get the shutout.

Boyne City (10-1-2 overall, 7-1-2 LMC entering) opens up district action in Grayling on Tuesday, against the winner of a game between Cheboygan and Traverse City St. Francis.

LOCALLY OWNED, LOCALLY OPERATED LOCAL NEWS, LOCAL SPORTS

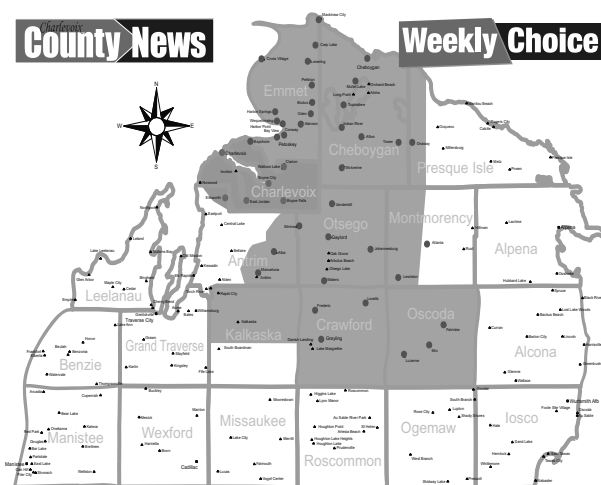

The Weekly Choice and Charlevoix County News are locally owned newspapers

We are independently owned newspapers based in Gaylord, Michigan

Dave Baragrey and the staff of news writers, sports writers, photographers, graphic designers, delivery people and sales people all live and work here and care about our local communities we serve.

We hear from readers every week how much they appreciate all the local coverage. We appreciate all the positive response from both readers and advertisers to our newspapers that we hear so frequently.

So many newspapers in the area have dropped 30% and as much as 50% in circulation over the past year. Our newspaper distribution has remained steady and in many towns has grown in circulation.

We of course REALLY appreciate the advertisers. That is our primary source of revenue that allows us to publish our popular newspapers every week covering all over Northern Michigan.

If you are an advertiser that has become disappointed with the results of your

newspaper advertising that is costing you way too much while reaching way fewer readers, you should try our newspapers. You will likely pay less money for far more circulation and reach readers in a much larger area.

The Weekly Choice is distributed free every Thursday at almost 600 locations around Northern Michigan.

The Charlevoix County News is distributed every Thursday in Boyne City, Boyne Falls, Charlevoix, East Jordan and Ellsworth to subscribers and on newsstands and wherever newspapers are sold. Cost is still just 75 cents (not \$1.25 or \$2.00).

If you want to reach more consumers with your advertising and pay less money for advertising, give Dave Baragrey a call or email. You can even stop into our office (we still have our office open).

Wilson Township Cemetery Ordinance 1 of 2023

Public Notice is hereby given that at the May 10, 2023, meeting of the Wilson Township Board of Trustees, the Wilson Township Cemetery Ordinance was amended as follows:

THE TOWNSHIP OF WILSON, CHARLEVOIX COUNTY, MICHIGAN, ORDAINS:

NOTE: THIS IS A CORRECTED VERSION FROM LAST WEEK'S PAPER

Section 1: Title

This ordinance shall be known and cited as the Wilson Township Cemetery Ordinance.

Section 2: Definitions of Cemetery Lots and Cemetery Plots

As Used in This Ordinance:

Cemetery Lot: An area of land within a cemetery sufficient to accommodate from one (1) to six (6) Cemetery Plots.

Cemetery Plot: An area of land within a cemetery lot typically measuring four (4) feet wide and ten (10) feet long.

Headstone: An upright memorial placed at the head of a grave

Marker: A memorial set flush with the surrounding grade

Monument: A statue or other structure placed in memory of the deceased

Green Burial: The act of burying human remains with no embalming fluids or similar body-preserving chemicals in a biodegradable casket and without a vault constructed of concrete or similar material.

Section 3: Sale of Lots or Plots

Cemetery lots or plots shall be sold only to residents or taxpayers of the Township for the purpose of the burial of the purchaser or his or her heirs at law or next of kin. No sale shall be made to funeral directors or others than as heretofore set forth. The Township Clerk or their designee, however, is hereby granted the authority to vary the aforesaid restriction on sales where the purchaser discloses sufficient personal reason for burial within the Township through previous residence in the Township or relationship to persons interred therein.

All such sales shall be made on a form approved by the Township Board, which grants the right of burial only and does not convey any other title to the lot or burial space sold. Such form shall be executed by the Township Clerk or their designee.

Burial rights may only be transferred to those persons eligible to be original purchasers of cemetery lots or plots within the Township. The Township Clerk or their designee shall approve all transfer requests and shall enter the transfer upon the official records. Upon such assignment, the Clerk or their designee shall issue a new burial permit to the assignee and shall cancel the original permit.

Section 4: Purchase Price and Transfer Fees

The Township Board shall from time to time, by separate resolution, establish the purchase price for cemetery lots and plots and the fee for transferring one or more cemetery lots or burial fees to a qualified assignee

Section 5: Grave Opening Charges

The opening and closing of any burial space, prior to and following burial therein, and including the interment of ashes, shall be at a cost to be determined from time to time by resolution of the Township Board, payable to the Township.

No plots shall be opened and closed except under the direction and control of the Township Clerk or Cemetery Sexton. This provision shall not apply to proceedings for grave openings or disinterment, which are done under the supervision of the local health department.

Section 6: Headstones, Markers or Monuments

All headstones or monuments must be of granite, marble, or other equally durable composition. Brass is allowed for markers. Raw, unfinished boulders and field stones shall not be placed within the cemetery other than as landscaping done by the township as part of cemetery maintenance and beautification.

All headstones, markers, or monuments must be placed on concrete footings or foundations that are no higher than ground level to maintain an erect position. All markers are to be placed flush on the face of the concrete foundation. The concrete footings or foundations shall be a minimum of two inches wider than the footprint of the headstone, marker, or monument and no less than four inches in depth, unless otherwise approved or required by the Township Clerk or Cemetery Sexton

Only one headstone, marker or monument shall be permitted per plot. Additional markers (i.e., military veteran markers) may be placed with the Township Clerk's or Cemetery Sexton's permission if the additional markers

are flush type and do not interfere with cemetery maintenance.

The installation and cost of headstones, markers, monuments, and footings shall be the responsibility of the owner of the plot. The installation will be with the approval and supervision of the Township Clerk or the Cemetery Sexton.

All monument footings must meet or exceed manufacturer specifications and must be approved by the Township Clerk or Cemetery Sexton prior to installation.

Section 7: Interment Regulations

A single plot may be used for the burial of one adult, a parent and child buried at the same time, or two children buried at the same time. A single plot may be used for the burial of two (2) cremains.

Not less than 36 hours' notice shall be given in advance of any time of any funeral to allow for the opening of the grave. Arrangements contrary to this shall be made with the Township Clerk or Cemetery Sexton

The appropriate permit for the plot involved, together with appropriate identification of the person to be buried therein, where necessary, shall be presented to either the Sexton or the Township Clerk prior to interment. Where such permit has been lost or destroyed, the Township Clerk shall be satisfied, from his or her records, that the person to be buried in the plot is an authorized and appropriate one before any interment is commenced or completed.

All graves shall be located in an orderly and neat appearing manner within the confines of the plot involved.

No green burials are permitted in any Wilson Township cemetery.

Section 8: Winter Burials

No winter burials shall occur without the prior consent of the Township Clerk or Cemetery Sexton.

The Township may charge additional fees for winter burials.

Section 9: Cremains

Cremains may be buried in a container approved by the Cemetery Sexton or Township Clerk in a burial space.

HOLLY STARK
EXP REAL ESTATE

Is the New Neighborhood Right for You?

When seeking out new areas, check them out, live and in person. If you have a vacation coming up, pick a region, rent a car, and drive around to take a look. Spend some time in the area and ask yourselves these questions.

DO PEOPLE HAVE HOME PRIDE?

Houses that aren't kept up can either signal an area full of renters or a town on the decline. But if people are clearly investing in their properties, it's a great sign that they're staying put because they like the town and believe that their homes are good investments.

WHO'S HANGING OUT?

Do people spend time outside? And are they the right kind of people? Do you feel comfortable saying hi to anyone? Are firefighters present at the local firehouse? Do packs of teenagers hang out on the corner? Depending on your observations, that town may or may not be a good fit.

WHAT'S THE DOWNTOWN VIBE?

Walk through the downtown area. Visit and shop at the locally owned businesses.

WHAT DOES IT LOOK LIKE AT NIGHT?

A cute neighborhood can look a lot different at

night. You should walk or drive around town when the sun goes down.

Who are my future neighbors?

Make sure that your trip takes place during a weekend because that's when people are more likely going to be out and about. If there's a local coffee shop, get a cup and sit and listen because, chances are, some of these people will be your neighbors. Don't be afraid to ask them some questions.

IS THE POLICE REPORT POSITIVE?

Ask the police department to give you a crime log. You'll see exactly what's going on, and where.

WHAT'S THE RUSH HOUR LIKE?

Take the route to work when traffic is at its heaviest to find out what both of your commutes would be like during the morning and evening rush hours. Even if your dream neighborhood is 10 miles away from work, it could take much longer in traffic, and that doesn't make any homecoming welcoming.

CAN WE RENT BEFORE WE BUY?

If you're still not sure and need to move ASAP, consider renting. This lets you really get to know the neighborhood before forking over a down payment.

988 SUICIDE & CRISIS LIFELINE

It's time to take action if you notice these signs in family or friends:

1. Talking about or making plans for suicide.
2. Expressing hopelessness about the future.
3. Displaying severe/overwhelming emotional pain or distress.
4. Showing worrisome changes in behavior, particularly in combination with the warning signs above.
