#### DAYLIGHT SAVING TIME **BEGINS THIS** WEEKEND

It's almost that time of year again. On Sunday, most Americans will spring forward for daylight saving time.

Daylight saving time occurs every year on the second Sunday in March. It runs until the first Sunday in November.

With the exception of Arizona and Hawaii, every state will change its clocks an hour ahead at 2 a.m. on Sunday.

The reason for daylight saving time is to shift an hour of daylight from the morning to the evening. Governments implemented daylight saving time as a measure to conserve energy.

#### LEADERSHIP

**A WINNING TEAM** 

**BY JOHN KEYSER** 

I asked a particularly accomplished leader to describe the keys to the success of her business. I love her thoughtful response:  $\Box$  She asks each of her team members, "What do you think we could do differently and better?" She receives helpful ideas, and people respect her for asking.

 $\Box$  She communicates regularly with her team members, each of them, about their area of responsibility – everyone clearly understands their goals and priorities. There is consistency, which she greatly values.

 $\Box$  She has created a culture in which ideas are encouraged - everyone's ideas! Ideas flow up!

 $\Box$  She sets people up for success. Everyone wants to do well.

 $\Box$  It is understood that this is a culture of positive energy, and positive energy only. She encourages everyone to genuinely support one another. They have each other's back.

This conversation was heartwarming to me. It was all about the team, the team members!

Significantly, this leader brings her team members together and asks them to discuss what they feel she could do better. She then leaves the room so they may speak candidly. Afterwards, they present their ideas to her.

This is a clear sign of this leader's true humility and inner-confidence.

about another highly effective leader who had done the same thing, had asked his team members about how he could improve his leadership effectiveness and then left the room. His team member who told me about this said that he was so taken by the humility and sincerity of this leader that he actually welled up, had tears in his eyes, tears of admiration and gratitude. This creates a culture of support and continuous improvement!

Many businesses and nonprofits have goals relating solely to financial results.

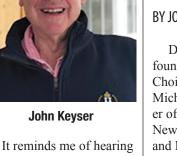

Certainly, we must have growth and profitability goals. Recognize though, that we achieve our goals thanks to our team members.

Let's assure that our key priorities include our support of our people, their learning, growth and happiness. Yes, happiness.

Happy team members do better work!

Dave Baragrey is the founder and owner of Choice Publications and Michigan Media, publisher of Charlevoix County News, Weekly Choice, and Michigan Money Saver. These are treasures, as local newspapers are a disappearing breed, up here in Northern Michigan as they are across the country. The very large publishing companies are taking over, buying up the local papers. Dave's publishing companies are one of the few independently owned papers and have grown into the largest publishing company in Northern Michigan.

Dave's background. He grew up in Ionia, Michigan, attended high school there. He was president of the student council, involved with plays, music, athletics and other extra-curricular activities. Dave began selling advertising for Weeklies, Inc (Star Publications) based in Gaylord, Michigan in 1978. He advanced quickly into management and helped guide one of the top free circulation group of papers in the country. Dave was awarded the Distinguished Service award from Independent Papers of America and awarded a lifetime achievement award from Community Papers of Michigan. He was fortunate to work with some great people including Gordon Everett, Jim Glasser, Ben Hammack and a very talented group of graphic designers.

After more than 20 years the Weekly Choice has become popular with readers and advertisers and is recognized as the top paper in the North. Our community residents want this news, not just what USA Today and the other news giants want us to know. Amen to that, Dave!

While most newspaper circulation has been dropping for years, the circulation of the Weekly Choice has continued to grow. The newspaper is so popular that in August of 2022 that they added subscriptions at the request of readers so they could have the paper delivered to their home. Dave said, "We have a great deal of respect for each other and always support each other. I work 80 hours a week and she just loves and supports me every day. He has served on the Boards of the Otsego County Parks and Recreation, United Way, Otsego Community Foundation, Jaycees, Gaylord Alpenfest and many other activities that help make the Gaylord community better. #### What Is Colorectal Cancer?

Cancer is a disease in which cells in the body grow out of control. Colorectal cancer is cancer that occurs in the colon or rectum. The colon is the large intestine or large bowel. The rectum is the passageway that connects the colon to the anus.

#### Why Screen?

- Colorectal cancer usually starts from precancerous polyps in the colon or rectum. A polyp is a growth that shouldn't be there. Over time, some polyps can turn into cancer.
- Screening tests can find precancerous polyps, so they can be removed before they turn into cancer.
- Screening tests can also find colorectal cancer early, when treatment works best.

ASK LAURA YOUR DOSE OF POSITIVITY AND INSPIRATION

# Reclaiming Worthiness: A Journey from Doubt to the Tippy-Top

Dear Readers, this week I want to share an aha moment that resonates deeply with Jamie Kern Lima's book, "Worthy: How to believe you are enough and transform your life," which a friend recently gifted me. In 2008, after my husband and I lost our jobs, I experienced a profound shift in my mindset. From an 'I can do anything' attitude, I found myself grappling with a shaken confidence and a sense of being lost.

At the time, I was part of the John Maxwell coaching program. One of our assignments was to practice coaching with fellow trainees. In one of our sessions, after sharing my feelings of loss and diminished self-worth, my coach made an observation that became a turning point for me. He said, "It sounds like you no longer consider yourself worthy." This statement struck a chord with me, capturing exactly how I felt.

He then suggested a powerful exercise in visualization. He encouraged me to envision myself at the top again – as a woman standing triumphantly on a mountain peak or at the top of a ladder. I repeated the mantra, "I'm going to the tippy-top," and surrounded myself with these images - on my car's rearview mirror, bathroom mirrors, the refrigerator, and even tucked inside drawers and beneath pillows.

This simple act of visualization slowly but surely

Laura Jasurda

rebuilt my confidence. Today, I feel unstoppable once again. But whenever I sense a dip in my confidence, I return to those affirmations and visualizations.

So, dear reader, if the question, "Do you feel worthy?" makes you pause, consider trying my coach's approach. And perhaps, take a moment to read the book that my friend gifted me. Remember, none of us should ever feel unworthy but rather embrace our intrinsic value and potential. Until next time, dear readers, believe you are enough, and watch your life transform.

Laura Jasurda is not just a writer and columnist; she's also a certified John Maxwell Leadership Trainer and Mentor, as well as a highly accomplished global business development executive and entrepreneur. Her passion lies in spreading positivity, nurturing personal growth, and fortifying our community bonds. Laura's mission is to empower you to unlock your full potential and lead your best life, both individually and as an integral part of your community.

# Gov. Whitmer Urges Small Businesses Impacted by Lack of Snow to Apply for Available Federal Funding

Amid the warmest winter on record, businesses in federally designated areas can apply for Economic Injury Disaster Loans

LANSING — As Michigan continues to face record high winter temperatures, Governor Gretchen Whitmer urged Michigan small businesses impacted by lack of snow to apply for federal funding from the Small **Business Administration** (SBA). Amid the warmest winter on record, with days in February and March topping 60 degrees, federal Economic Injury Disaster Loans are available because of ongoing federal drought declarations affecting 42 Michigan counties.

"Michiganders are used to tough winters, but this year's record-setting warm winter has been tough in a different way, causing economic hardships for small businesses and regional economies that rely on snow," said Governor Whitmer. "I know how hard this winter has been on families and communities who rely on winter tourism revenue and all the associated business that comes with it-hotels, restaurants, and shops. Fortunately, businesses in these 42 counties in the UP and the Northern Lower Peninsula can apply for support right now. A drought is a droughtwhether we're talking about rain or snow. Businesses impacted by low snow in these 42 counties can apply for support right now, and I'll continue to push our federal government for more solutions. We'll get through this warm winter together."

"The Michigan Snowsports Industries Association (MSIA) is very appreciative of the work by the Governor's office, the Small Business Administration and the Michigan **Economic Development** Corporation to provide disaster relief funding, which will help many Michigan ski areas that are vital job providers and assets to our communities but suffered critical visitation and revenue losses due to weather, with reduced staffing and limited operations during key visitation times," said Mickey MacWilliams, president and executive director of MSIA. "This has been a challenging winter all across the state but we will persevere, and even with the mild temperatures, many Michigan ski areas are still open to welcome guests."

"This year's El Nino weather pattern and unusually mild winter have severely affected our snow-dependent industries," said Warren Call, President & CEO of Traverse Connect and member of the Northern Michigan Chamber Alliance. "The loans available through this initiative are a much-needed support effort for northern Michigan's small business employees and owners that rely heavily on winter recreation for their livelihood."

## Sen. Hoitenga stands against bill to remove voters' voice in inland lake level management

LANSING — State Sen. Michele Hoitenga on Wednesday said no to legislation to remove voter decision making over certain special assessments for inland lake districts.

"While there is a real need to address the issues caused by the impact of weather on fluctuating lake levels, this legislation goes too far by circumventing the voice of the voters living in these special assessment districts," said Hoitenga, R-Manton. "There are many inland lake communities across northern lower Michigan and the people, not bureaucrats, should have the final say on these special tax assessments."

Senate Bill 662 seeks to amend the definition of a normal inland lake level and the process for financing a "normal level project," removing voter approval for special assessment districts of \$600,000 or less.

#### **Record-Breaking Winter**

- The UP200 was cancelled for the second year in a row because of warm weather.
- 16% of the Great Lakes froze over this winter, compared to 53% normally.
- Marquette has seen 72.6 inches of snow this season, compared to 127 inches on average.
- The CopperDog 150 in the Keweenaw Peninsula was cancelled due to weather.
- The Tahquamenon Country Sled Dog Race in Newberry was cancelled due to weather.
- Detroit reached 73 degrees on February 27, the hottest February day in recorded history—dating back to 1874.
- Snowfall in Grand Rapids is more than three feet—36 inches—below the seasonal average.

"It's all hands on deck to ensure our small businesses affected by the unseasonable lack of snow across the First District are able to make it through this tough winter," said U.S. Representative Jack Bergman. "Working together with the Governor, business owners, and local leaders, we will continue to take every step possible to extend necessary resources and assistance to help our communities thrive through this unprecedented winter."

"This winter has been especially hard on our businesses that rely on snow. From ski hills to hotels and restaurants, many businesses I've spoken to are concerned whether they can even make it to the summer," said state Senator John Damoose (R-Harbor Springs). "Thank you to all who took the time to meet with us and to the Governor for working with the Small Business Administration to help make special low-interest EIDL loans available. I encourage all of our businesses to move quickly to secure this critical support."

"The lack of snow this winter has had a profound impact on our local seasonal economies and the people who depend on them, especially in the U.P.," said state Representative Jenn Hill (D-Marquette). "I appreciate the governor encouraging Michigan's small businesses to take advantage of the aid that's available. We all want to ensure our communities remain resilient in the face of these unexpected challenges."

"Michiganders up north know that getting through the winter means pulling together. That's true during unusually warm winters, too," said state Representative Betsy Coffia (D-Traverse City). "This unseasonably warm winter has created unique challenges, especially for those businesses that rely on snow for a strong tourist season. So, I certainly echo Governor Whitmer's call for small businesses to apply for SBA funds in the face of these unpredictable and difficult times."

#### **Drought Designation**

42 Michigan counties are covered by a disaster designation for drought from the U.S. Department of Agriculture. Through SBA declarations related to those designations, businesses in these counties may be eligible for emergency loans that offset their business losses if the loss is related to the drought.

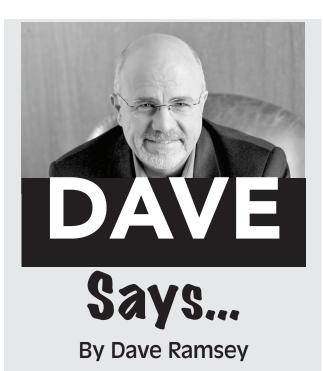

There are the 42 counties covered by four different SBA drought declarations. Where two declarations cover one county, business-

# Take Control of Your Mind and Money

Dear Dave,

I'm trying to work my way out of debt, but it seems like something always happens to stall things or knock me backwards. I make \$55,000 a year, I'm single and I have \$15,000 in debt, along with a mortgage payment of \$1,224 a month. I've been trying to live on a budget, but I'm still not sure where all my money goes. Can you help?

-Lindley

Dear Lindley,

I know living on a budget can be hard at first. And honestly, it usually takes folks who are new to doing it about three or four months of practice before they start getting it right and seeing the results.

For starters, your house payment is a little heavy for someone making \$55,000 a year. I generally recommend keeping your mortgage or rent payment at about 25% of your take-home pay. Sometimes you can slide by paying a little more, but in those cases, you'd really have to be on top of your finances. So, the biggest thing you can do right now is take control of your money, instead of letting it-or a lack of it-control you. And the best way to make all this happen is by consistently living on a realistic, written monthly budget. Once you start doing this, you've taken your first big step toward

having a real gameplan for your money. At that point, the idea of trying to live on a budget ends, and the fact that you are living on a budget, and telling your money what to do—instead of a lack of it dictating what you can do—becomes more of a reality.

Remember the Star Wars movie "The Empire Strikes Back"? At one point during Luke's training, Yoda tells him, "Do, or do not. There is no try." In a larger sense, Yoda is urging Luke to focus and work harder, instead of continuing with half-hearted attempts and giving up easily. If you want to accomplish a difficult task, Lindley, you have to throw yourself into it completely. You must fully commit, and stop making excuses. You have to focus, and fight to

make it happen. It's no fun waking up broke at the end of every pay period. We both know this. So, put your head down and get your mind in gear. Make. This. Happen.

You can do it!

# "A Little Light on Logger Pride"

So disappointing to see that the Boyne Falls Public School bond renewal proposal was defeated by voters on Feb 27th. Full disclosure, I live in a neighboring public school district, but what happens to my neighbors is important to me.

So tell me, what were the big objections to the

millage renewal request? This was not a new tax. This was not a tax increase. It was a request to renew the existing school millage to fund construction projects that would have benefitted not only Boyne Falls students (more secure front entrance, additional classrooms, much needed second gym), but the entire community (new community center, emergency shelter, indoor walking track).

It's my understanding that the funds could not be used for textbooks and classroom materials or staff benefits and salaries. So again, what were the big objections? Information provided said that owners of a \$100,000 home assessed at \$50,000 would (continue to) pay \$135/ year—just 37¢ per day!

For those 309 voters who voted No on this proposal, I hope you enjoy that  $37\phi$ .

# **Funds Needed for New Playground** at Mt. McSauba

Through a Community Needs Assessment process, the City of Charlevoix identified the need for a modern playground facility at the Mt. McSauba Recreational Area and incorporated this need in its community master plan.

Unfortunately, funding for this substantial project has not been available. With the approval of the Charlevoix City Council, the Rotary Club of Charlevoix is partnering with the City of Charlevoix through the Recreation Department to orchestrate the funding and community build of a full playground at the Mt. Mc-Sauba Recreational Area.

This playground will be uniquely designed for the wooded environment where it will reside and will be utilized by hundreds of children and families who recreate at Mt. McSauba each year. The desired playground equipment will be from Penchura, a Michigan company. Doug Smith, a sales representative from Penchura as well

as a Charlevoix resident, is helping the Rotary Club of Charlevoix choose the right equipment for the area. Designed with a keen focus on promoting physical activity, imaginative play, and inclusivity, the Mt. McSauba Playground boasts a vibrant and engaging environment that seamlessly blends with the scenic surroundings.

The expected cost for the new playground is approximately \$250,000. With the help from gifts from foundations, businesses and residents the Rotary Club of Charlevoix is hopeful to make this playground a reality by next summer.

## Rayders close regular season with a great win

#### **BY GREG GIELCZYK**

Charlevoix's girls basketball team head into the district tournament with good momentum after pulling out a tough 43-41 non-conference win over Manton in its regular season finale.

It was Senior Night as well, and couldn't have finished any better for the Rayders, who began post-season play Monday night at Johannesburg-Lewiston against Mancelona in the first of two first-round games at 5:30 p.m.

The Rayders enter the district with a two-game winning streak and a 12-9 record. Charlevoix finished

Conference schedule 8-6 to take second place behind

the Lake

co-league champions Elk

who tied for first with identical 13-1 records. Manton applied the

defensive screws in the first half, outscoring the Rayders 10-9 in the first quarter and 14-8 in the second to take a 24-17 lead at the half.

But the Rayders used the halftime break to make

**Abbey Wright** the third quarter to grab a

35-31 lead.

Bayani Collins knocked down three 3-pointers for nine points in the third period to lead the way and Abbey Wright contributed six points as Charlevoix took charge.

Manton came back to outscore the Rayders, 10-8 in the fourth period to close the gap before the clock finally ran out on the them and the Rayders hung on.

Wright wound up scoring 19 points, including a 6-of-10 performance at the free throw line. Collins added 11 points, Anna Kemp had eight and Karlee Eaton three.

Lauren Wilder led all scorers with 20 points for the Rangers, while Aubrey Hiller added 11.

Charlevoix opened district play with a 37-36 win Monday night over Mancelona. Wednesday night they will face a very good Johannesburg/Lewiston Cardinals team on Joburg's home court

East Jordan cruised to an 80-34 win over Johannesburg-Lewiston in the first round of the districts after racing out to a huge 45-14 halftime lead.

"It took us a few minutes to find our flow on both ends of the floor," Dzwik said. "We definitely played with some nerves early. Once we hit a couple shots we relaxed and played like we were capable of.

"I was really pleased with Lucas Stone. As a senior he really took the team on his shoulders in the first half at both ends to make sure this wasn't his last game.

"Trace Wynkoop did a great job of stepping into the starting lineup. The entire team had great energy and effort all night, and were flying around the floor."

Stone fired in 23 points to lead the Red Devils, making 8-of-18 field goal attempts with seven 3-pointers. He also had two assists and three steals.

Ryder Malpass contributed another 11 points on 4-of-8 shooting from the field and had three triples, and Wynkoop added seven points. Ellis Malpass pulled down 10 rebounds.

A fast start is always a shot in the arm for any team, but sometimes the dosage might be a little too high and that seems to be what happened to the East Jordan boys basketball team when the Red Devils went up against Lake Michigan Conference foe Harbor Springs in the district at Harbor Springs. "I thought we started great, but I was a little worried that we started a little bit too fast of a pace as we were playing short-handed with a pair of starters out," said Red Devils coach Nate Dzwik.

"That pace was something that we weren't able to sustain throughout the game, as the Rams just kept pushing and really took control of the tempo in the second half.

"Korbyn (Russell) obviously had a great night stat wise, and kept us in the game with some big shots throughout the game. Lucas (Stone) played his last game exactly as one would expect, with urgency and determination."

# PETS OF THE WEEK PRINCESS FINSTER & DORA

Guinea pigs have many needs including lap time, attention, and vetting when needed. Cage cleaning, yummy vegetables, hay, guinea pig pellets and A LOVING environment where they are viewed and treated as a valuable family member, not some animal that can be thrown away when they are no longer wanted or welcome in the home. Both of these girls are mildly socialized and can be handled for short periods of time. With patience and time, they may come out of their shells as they are still young.

Please keep in mind that Guinea Pigs thrive best in pairs so they will need to go together.

Missed layups and turnovers are two things teams want to avoid against a very good Elk Rapids boys basketball team that is well coached and disciplined, but that's what happened to the Charlevoix Rayders early in last Thursday's district semifinals.

It was a lethal combination that resulted in the Rayders losing to the Elks, 62-46 and snapped a three-game winning streak that had boosted the team's expectations.

"They got an offensive rebound for a score and then they kicked out, and that put us in an 11-point hole," said Charlevoix coach Anthony Troshak.

"Against a good team it's hard to dig yourself out of that hole. But, our guys never gave up. We continued to battle them. We

even in the second half."

Charlevoix regrouped at halftime and came out fired up in the third quarter, outscoring the Elks, 19-15

Peyton Scott had a solid game for the Rayders with 12 points and seven rebounds, while Joe Gaffney also scored 12 points and Hudson Vollmer added nine points and four assists.

Elk Rapids was led by Christian Kerfott who scored a game-high 19 points. Haven Somers added 13 and Owen Spencer contributed 12.

The Rayders started the season strong, compiling a 10-2 record in their first 12 games. But they finished 7-4 for an overall total of 17-6.

But three of those losses were to Elk Rapids as the two are members of the Lake Michigan Conference. The Rayders finished second in the conference.

"It's frustrating because I felt like in those three

do to you.

"But, part of that is on me as a coach to just kind of find a way to do better against a team like Elk Rapids. They're a tough matchup. They're a lot like us with speed and athleticism.

"They just had a little more size. But, overall I was proud of the guys. Last year I think they were 6-18. It was a tough year, a challenging year and the guys could have easily packed it in but they worked hard every day."

Charlevoix graduates five seniors, Peyton Scott, Brayden Greensky, Micah Richards, Hudson Vollmer and Troy Nickel. Vollmer and Nickel were three-year varsity players.

# Ramblers fall to Soo in District, 54-41

#### **BY GREG GIELCZYK**

Playing a senior heavy and super physical Sault Ste. Marie team in the boys district basketball tournament last Friday was a bit more than the Boyne City Ramblers could chew and they fell, 54-41 to bring their season to an end.

The game was played in the Sault.

The Ramblers concluded the season 13-11 overall and were 8-6 in the rugged Lake Michigan Conference, putting them in a two-way tie with Traverse City St. Francis for third place.

"With us only having two seniors, their experience really showed," said Boyne City coach Rob Jensen. "Our inexperience showed a little bit pretty much all season.

"Inexperience that we have was our downfall, and some of our positive things. We are winning games with people who haven't had much experience.

"Hats off to Sault, they played the way the best of them play, and we kind of took the back burner. They got the job done. We played tough, and never gave up."

The two Rambler seniors playing in their final games were Chas Stanek, a three-year varsity starter and clearly one of the team leaders, and Trenton Mc-Bee.

But there's plenty of talent and now experience returning in freshman Ben Stanek, Chas' younger brother, who played some big minutes and made an impact in the post-season.

Also expected to be back are sophomores Lukas Van-Zee who was also brought up for the playoffs and gave the Ramblers some good minutes.

Two other sophomores, Drew Neer and Owen Hewitt started three quarters of the games this season and gained valuable experience.

"Being a first-year coach, and a lot of first-year players on the varsity I thought we did a pretty decent job," said Jensen. "We were in every single game.

"I think seven out of those 11 games we lost were by six points or less. We were a few plays away from having a 15-16 win season. I told the guys from here on out they need to get in the gym."

**GIRLS BASKETBALL** 

# **Ramblers head into** districts with convincing win over Bellaire, 48-23

#### **BY GREG GIELCZYK**

With the district tournament starting Monday night, the Boyne City girls basketball team was looking for a win in the worse way and captured it with a dominating 48-23 non-conference throttling of Bellaire last Thursday.

The win snapped a fivegame losing streak for the Ramblers, and sent them into the district opener against Grayling in Petoskey Monday night with a 9-13 record overall. Boyne finished 5-9 in the Lake Michigan Conference.

"We have some momentum coming in," Ramblers coach Mike Wilson said. "We're playing a good Grayling team that is very athletic.

"Both times we played them this year (in the LMC) we were in both games. Squandered leads in both of them, so we're ready. I tell the girls all the time that I'm Achilles heel at times this ready.

"I believe the girls are as prepared as they can be. At this point we're not teaching anything new. We're just going in doing what we're doing, and hope for the best."

The Vikings defeated the Ramblers, 52-39 in their last meeting back on Feb. 20, but the tournament is a totally different animal and anything usually can happen.

#### **Elly Wilcox**

Wilson believes that if the Ramblers can attack the Vikings like they're capable of, not get caught up in the atmosphere and make their free throws they stand a chance of winning.

But the Ramblers have only shot the ball well from the field in spurts this season, and that certainly is a concern now that it's a one-and-done scenario.

"We've always played good defenses. Defense has been our strong suit," Wilson said. "Putting the ball in the basket has been our season.

"I don't want to give a magic number, but if we can shoot 38 or 39 percent or better from the floor, typically that's when we're in games. In tough games, too."

And shooting over 60 percent from the free throw line as well.

But the rub is the Vikings have a great defensive team, too, and no matter how well

**Braydin Noble** 

the Ramblers perform it's definitely going to be another tough game in Wilson's opinion.

The Ramblers are led by a couple of juniors in Elly Wilcox and Braydin Noble who are the ones they turn to when they need a big basket, and Wilcox is shooting the ball well.

Wilson says Noble doesn't have a low gear. She's flying around the floor at 100 percent all the time. The Ramblers will be looking for them often, and early.

Freshman Addy Burns has earned a spot in the starting lineup, and has been a sparkplug. She's averaging six or seven points after being brought up the second or third game of the season

Another key player is center Delaney Vollmer, who can strike for double figures at any time, especially if she's able to get in the low post, and is a strong rebounder.

## Vikings fall in first round of D-34 tourney

By Todd VanSickle

The Grayling girls varsity basketball season came to an end on Monday night when the Vikings lost to the Boyne City Ramblers, 34-49, during the first round of the

MHSAA Division 2 District 34 tournament.

Boyne City&'s Braydin Noble led all scorers with 14 points, while teammate Addison Burns scored 13 points in the win.

Makayla Watkins led the Vikings with 11 points, while Amanda Lewis scored nine points in the loss.

"I am disappointed we lost," Watkins said, who was playing in her last high school game. "It definitely wasn't our best game. But I am happy to have played with this team. They are like family."

Ali Helinski and Cali D'Amour finished the night with five points.

The Vikings led 17-12 after the first quarter, but scored just 17 points the rest of the game.

In the fourth quarter, Boyne City held the Vikings to just four points. The two buckets came from Lewis.

However, the fourth quarter was a different ball game for the Ramblers, who scored 15 in the final quarter. Ten of those points came from Boyne's Noble.

#### ADVICE FROM GOD

Do not let any unwholesome talk come out of your mouths, but only what is helpful for building others up according to their needs, that it may benefit those who listen. Get rid of all bitterness, rage and anger, brawling and slander, along with every form of malice. Be kind and compassionate to one another, forgiving each other, just as in Christ God forgave you. Ephesians 4:29, 31-32 NIV

The "Concerts in the Park Committee" consists of members from The Jordan River Arts Council (JRAC), the City of East Jordan and the East Jordan Downtown Development Authority (DDA) with administrative and promotional support from the East Jordan Area Chamber of Commerce.

The goal of this committee is to bring visitors to our community on Friday evenings in the summer. We hope that this will lead more people to be acquainted with our local businesses and the East Jordan area.

The following entertainers have been scheduled for 2024: June 7th - Soul Xpress June 14th – Bernadette Kathryn & the Lonely Days Band June 28th – Crosscut Kings July 5th - Pine River Jazz July 12th - Two Beats July 19th – RPM July 26th - Union Guns

As in the past, we are asking for your support to make these events possible. Our goal is to raise \$10,000.00 for these events to cover our costs which include payments to the entertainers and promotion of the events.

We have three levels of financial donations for the Concerts – Patron (\$500.00+), Sponsors (\$100-\$499) and Supporters (\$25-\$99). Checks should be written to the "City of East Jordan" with "Friday Night Concert Series" in the memo section of the check.

# Here are some tips to help you sell your home faster

- A well-manicured lawn, neatly trimmed shrubs and a clutter-free porch welcome prospects. So does a freshly painted or freshly scrubbed front door. If it's autumn, rake the leaves. If it's winter, shovel the walkways. The fewer obstacles between prospects and the true appeal of your home, the better.
- Clean up the living room, the bathroom, and the kitchen. If your woodwork is scuffed or the paint is fading, consider some minor redecoration. Fresh wallpaper adds charm and value to your property. If you're worried about time, hire professional cleaners or painters to get your house ready. Remember, prospects would rather see how great your home really looks than hear how great it could look "with a little work."
- Dripping water rattles the nerves, discolors sinks, and suggests faulty or worn-out plumbing. Burned out bulbs or faulty wiring leave prospects in the dark. Don't let little problems detract from what's right with your home.
- If cabinets or closet doors stick in your home, you can be sure they will also stick in a prospect's mind.

- Homeowners learn to live with all kinds of self-set booby traps: roller skates on the stairs, extension cords, slippery throw rugs and low hanging overhead lights. Make your residence as non-perilous as possible for visitors.
- Organize and clean out your closets and storage space. It helps them appear open and large. This is a good time to rent a mini-warehouse space to store things you don't need for a while.
- Bathrooms sell homes. Check and repair damaged or unsightly caulking in the tubs and showers. For added allure, display your best towels, mats, and shower curtains.
- For a spacious look in the bedrooms, get rid of excess furniture. Colorful bedspreads and fresh curtains are a must.
- Turn on all your lights both inside and outside
   when showing your home in the evening.
- When a showing is scheduled have a minimum amount of people in the home. Plan to be away from your home if your real estate agent is showing the home.
- Watch Your Pets. Keep them out of sight when showing your home.
