## County road agencies release "don't miss" list of local roads for fall colors

Michigan in the fall is like a scene out of a painting, and residents across the state are its observers. What better way to appreciate the fall colors than to take a leisurely drive down a scenic county road!?

"Taking a fall color tour down a county road is a great way to spend an afternoon," said Denise Donohue, CEO of the County Road Association (CRA) of Michigan. "Michigan's colors are among the best in the country, making fall the perfect opportunity to go out and enjoy the state's natural beauty.'

"This list of 'don't miss' fall color drives reflects the best suggestions from over 30 county road agencies who know the best fall color vistas in their area," she said. The list may be found on CRA's website at micountyroads.org/mibackroads.

Peak viewing conditions are expected from September 25 to October 23. Northern Lower Michigan and Mid-Michigan are expected to experience peak colors in the same two-week period (October 2-16) as are West Michigan and Southeast Michigan (October 9-23).

Drivers are invited to share photos on CRA's Facebook page (facebook.com/micountyroads) or X page (@MiCountyRoads) to let everyone know the best local road spots for Michigan's fall colors. Be sure to indicate an intersection, the county and the closest city/village in your post and include #MiBackroads. A safety reminder: Never take photos while driving. Find a designated parking area, then snap away!

Sam Patrick DeGrande, 65

Oct. 6, 1958 - Sept. 2, 2024 **EAST JORDAN** 

"The Bull" "Six Mile Sam"
"Pickle Man"

Sam always said after he was gone, he just wanted people to say of him that he

made a good pickle!

Sam spent his life cooking. He always wanted to feed people. He was a season ticket holder for the Lions (before they were good) and he used to head out at the crack of dawn to get set up and start cooking. He was happiest when he was on the barbeque. Sam enjoyed socializing immensely. He made his best friends sitting on a bar stool. And yes, I was his bartender. We had a bit of a rocky start, but eventually got it right. We have spent the last 35 years together and he was truly the love of my life. We never had children. Instead we became parents to Rottweilers. Chopper, Caesar, Apollo, Athena, Thor, Rocky and currently Gus and JoJo.

Sam loved the outdoors. His favorite sport was fishing. He used to launch in Frankfort with his big brother Dino and buddy RD. We bought the lake property in 1996 and Sam swore he was in heaven. He retired from Ford Motor in 2007 at the age of 48 becoming a full-time East Jordan residence. He loved riding his motorcycle on the back roads, the wind in his face. He had a really fast snowmobile. Got into a fluke accident and became a paraplegic in 2013. It took a couple of years but he eventually got himself an Action Track (tank) wheelchair and went back into the woods. No moss on him.

Sam passed away peacefully at home on September 2nd, 2024. Just how he wanted it.

He lived the best life and it was a hell of a ride!

A memorial mass was held on Saturday, September 7, 2024, at St. Joseph Catholic Church in East Jordan.

A memorial visitation was held on Friday, September 6, 2024, at the Penzien Funeral Home, East Jordan.

#### Sergey Sizikov, 72 Jan. 1, 1952 — Sept. 4, 2024 BEAVER ISLAND

BEAVER ISLAN

Memory Eternal, Sergey!

Beloved father and grandfather Sergey Nikolayevich Sizikov, 72, of Beaver Island, Charlevoix County, Michigan, passed away peacefully in his sleep at his home on September 4, 2024. He was born on January 1, 1952, in Tataurovo Village, Russia, the son of Nikolai and Alexandra (Pisarenko) Sizikov.

Sergey's father passed away when he was only seven, and as the oldest son, he had to take on the role as the man of the house. He graduated from Tataurovo High School, and went on to study dentistry and medical science at Chita State Medical University, Russia. Upon graduating -- the first to do so from his village -- with a Medical Degree as a DDS, he began his first job as a general dentist at the regional dental clinic in the city of Khabarovsk, Russia. He received additional training to become a specialist in Prosthodontics

in 1975. He worked tirelessly for 30 years helping the people of Khabarovsk regain their beautiful smiles by replacing missing and damaged teeth, making bridges, adding crowns, and fixing damaged jaw structures. On one occasion, he even replaced the missing canine tooth of the neighbors beloved German Shephard, and lived to tell the story! When people greeted him on the street and asked "Doctor, do you remember me?", he would ask them to smile, look at

their teeth, and reply "Yes,

now I remember you".

On June 6, 1974, Sergey married his high school sweetheart, Liudmila, in their home village of Tataurovo. After Liudmila graduated from nursing school and Sergey graduated from medical school, they moved to Khabarovsk. In 2006, Sergey retired and they moved to the United States to be closer to their daughter and help raise their grandchild. In May of 2013, his beloved wife Liudmila was diagnosed with a terminal illness. They celebrated their 40th wedding anniversary in June of 2014 prior to her passing shortly later that year. Sergey selflessly cared for the love of his life until her very last moment. Following Liudmila's passing, Sergey focused all of his efforts to support and care for his one and only grandchild.

He left us way too soon,

but in his own perfect timing. We are comforted by the thought that he spent the last 2 years in the most beautiful and peaceful place on earth and lived doing what he loved the most; spending time with his family, gardening his special variety cucumbers, tomatoes and even sunflowers to grow and be tasty and huge "for the grandkid to enjoy," watching every European soccer championship there was (Go, Dinamo!), while rolling up his cigarettes old-school style, and taking care of his two beloved sheltie dogs and companions, Choo and Zena. Dad lived a simple, oldschool life, never complained about anything, and appreciated the simple joys of life in his own quiet way. "The work is always gonna be there, make time for people in your life," he used to say. There were so many lessons we've learned from him...so much love and simple wisdom he shared with us which we will forever treasure in our hearts.

The family would like to give special thanks and express their heartfelt appreciation to BI first responders, Beaver Island EMS, Paul Welke and the Island Airways crew, as well as the Beaver Island Boat Company for their

## DAN TERRYBERRY

#### HELPING STUDENTS IN THE CLASSROOM AND BEYOND

BY JOHN KEYSER

Don Jess encouraged me to meet Dan Terryberry, Principal of Charlevoix Middle High School, thankfully as he is helping to continue to grow our already positive culture.

Dan grew up in Charlevoix, was a terrific athlete and was a class representative, part of NHS and many other student groups. He graduated and went on to Michigan State University, where he studied Elementary Education and Math. When he graduated, teaching jobs were scarce and he ended up downstate,

**DAN TERRYBERRY** 

teaching math and coaching football and baseball for eight years, then he took a position with Onsted schools, again teaching math, coaching football and also track, and initiated a

virtual program for students who needed an alternative setting.

While at Onsted, where he taught and coached for 18 years, the active Principal noted that Dan was devoted to helping students in the classroom and beyond and was highly organized, and encouraged him to get into school administration. This prompted Dan to access the State of Michigan program in administration and subsequently to apply

for Principal at Charlevoix Middle High School. He was excited to be offered the position as his parents, brother, and many friends reside here. He is very proud of being from here and the opportunity to be back as part of such an incredible community.

Dan moved back with his wife, Kristen, son Dylan, and daughter Rebecca, and is thrilled to be back and part of such a great staff at our school, a staff

who truly care about our students, along with such a supportive and generous community.

Dan tries to greet every student every day, at the front door or in the halls, and he is always seeking ways to help each and every student while at school. He is very proud of all the opportunities offered at CMHS that will help all students in different ways after high school, including the multiple Career

Technology Education programs, advanced classes, numerous clubs, and athletics offered.

The school fosters a positive culture where students are encouraged to learn from their mistakes. Each day at CMHS begins with a fresh start, supported by a positive and encouraging approach.

Dan says it is humbling for him to be a part of such an amazing community.

YOUR DOSE OF POSITIVITY AND INSPIRATION

## Feed the Right Wolf

Dear Readers, this month, I'm reading a powerful book that I can't recommend enough—The One Truth: Elevate Your Mind, Unlock Your Power, Heal Your Soul by Jon Gordon. It's a deep dive into understanding how our thoughts influence us and the powerful truth that many of us overlook: negative thoughts don't come from us. For so many, this simple idea can bring a huge sense of relief. As Jon points out, why would we intentionally think negative thoughts about ourselves?

Interestingly, neuroscientists still can't pinpoint where thoughts originate. Jon compares them to nightmares or dreams—they come to us, but they aren't always from us. He explains that this happens because our mind is connected to the spiritual side of our being.

Jon shares a beautiful story passed down by the Cherokee Indians, one that has stuck with me. In it, a chief tells his young grandson, "There are two wolves

Laura Jasurda

battling for control of our mind—one good and one evil." The young boy asks, "Which one wins, Grandfather?" The chief replies, "The one you feed." This simple but profound story reminds us that we have the power to choose which thoughts we nurture.

Jon's own life reflects this journey. In the book, he shares how his wife gave him an ultimatum: become more positive or their marriage would be over. This led him down a path of self-awareness and growth, which he writes about in a way that truly resonates. I

recommend taking a friend's advice — "Don't just read it; study it." Put the principles into practice and see the difference it can make.

So, dear readers, I encourage you to get the book and really dive into it. Learn to feed the right wolf. And for those who might not have the means to purchase it, I want to help by gifting three copies of The One Truth. If you'd like a chance to receive one, email me your story at laurajasurda@ laurajasurda.com, and I'll pick three to send the book to. Let's embark on this journey together!

Laura Jasurda is not just a writer and columnist; she's also a certified John Maxwell Leadership Trainer and Mentor, as well as a highly accomplished global business development executive and entrepreneur. Her passion lies in spreading positivity, nurturing personal growth, and fortifying our community bonds. Laura's mission is to empower you to unlock your full potential and lead your best life, both individually and as an integral part of your community.

responsibility, absolutely! When we do not respond as promptly as possible to voice calls, emails, texts, and other messages, people take this as a sign of disrespect, that they and their work is not important in our

Not good! Remember, happy employees do better work!

If we are in a meeting, or in an important conversation, or doing work that must be completed ASAP, which would be understood, we must, repeat must, let the person who left the message know that we are not available at the moment and will respond first chance. This honors the person.

There is another and equally important responsibility we have as a leader - initiating regular check ins with our people, asking, e.g.,  $\square$  How are you doing?

- ☐ Do you have what you need?
- ☐ What are your challeng-
- es? ☐ How may I help?
- ☐ What do you think we could improve?
- ☐ What advice would you like to offer me, and please be honest?

John Keyser

Ideally, these check ins should be a one-on-one conversation, not an email. If a different location, pick up the phone.

Try to speak with each of our team members weekly if we can, and certainly every two weeks if not weekly. After all, our responsibility as a leader is to help our people learn, grow, and be successful. This is what effective and successful leaders do.

There are so many additional and insightful questions we can ask our people, and we will gain a wealth of rich ideas, for example:

- ☐ What should be our priorities going forward?
- $\Box$  What are we missing that would help us be a more effective team?
- ☐ What have I not asked and that you would like to share with me?

The ideas we will gain, which should certainly help improve our productivity and relationships, and

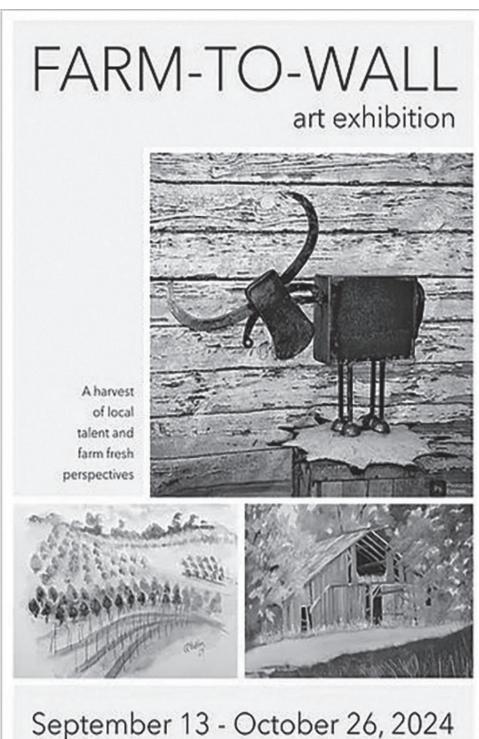

that there is another very fundamental reason for our regular conversations with our people – we are letting them know we value them and their ideas.

We must make the time to do that, and they need to be two-way conversations. We listen more than we speak. Not just hear, truly listen to learn and understand. Reflect back what we have heard, and take notes. which shows our appreciation and respect.

Everyone wants to do a good job and be successful. Our mentoring, teaching, encouraging, and coaching should and can be a difference maker for our people each and every one of them. We must treat each team member with respect and dignity, and that means having constructive, helpful conversations with each of them, ideally on a regular

Says...

By Dave Ramsey

## You've Already Paid for It

Dear Dave,

We've been following your plan for a while. We're debt-free, except for our home, and we have six months of expenses set aside in our emergency fund. Recently, I lost my job. I'm luckier than some, because received a generous severance package from my previous employer, plus my wife still has a good job. My parents always raised me to take care of things myself and not rely on others. I suppose it's because of this I feel a little guilty about filing for unemployment compensation. Do you think there's anything morally wrong with accepting unemployment benefits?

Dear Brandt,

I really appreciate your self-sufficient attitude. I don't know what happened at your last job, but I've got a feeling you're a hard worker and a decent guy. I'm sorry you and your wife are having to deal with this kind of situation.

-Brandt

The Social Security system in this country is a mathematical failure. But that doesn't mean I'm not going to take my money when I deserve it. The government took it from me in the first place, so I don't have a problem with accepting something I've already paid into.

Now, I'll throw out a warning here. Sometimes when people start receiving unemployment benefits, it causes them to take their foot off the gas. The idea that "free" money is coming in can help them rationalize sitting at home on the couch, instead of working hard to find another

job and being extra careful with their finances. I'm not hearing that kind of mentality from you, though. And it's obvious you and your wife have been pretty smart with your finances.

One more thing I'd suggest is making sure you look at your severance package as survival money only. Make a strict budget and stick to it. Cut out all excess spending. That means no eating out, vacations or anything like that until you're working again and everything's back on solid ground. Right now, focus on covering your Four Walls. By that, I mean food, utilities, shelter and transportation. Feed your family, keep the electricity on, pay the mortgage and put enough gas in the car to get where you need to

Everyone hits a rough stretch of road in life from time to time, Brandt. But you two are in a position to handle it better than most. Just remember what got you to such a good place with your finances in the first place. The discipline muscle is already there, and it's strong. Just flex it, and it'll help get you through this and back on your feet again!

## **Great Lakes Energy Members Elect Three Board Directors**

Great Lakes Energy (GLE) members recently elected three board members to the cooperative's board of directors. Election results were announced at the cooperative's annual business meeting on Aug. 21, 2024.

In District 1, incumbent director Dave Coveyou of Petoskey was reelected, receiving 795 votes in an uncontested race.

In District 2, incumbent director Mark Carson of Boyne City prevailed over challenger Mark Battista of Boyne Falls, by a 663-290 margin.

In District 7, incumbent Paul Byl of Shelby was reelected, receiving 600 votes in an uncontested race.

GLE members in voting Districts 1 (Emmet County), 2 (Charlevoix and Cheboygan counties), and 7 (Muskegon and Oceana counties) received their mail-in ballots in the July/ August issue of Michigan Country Lines magazine. This year's election marked the second year members had the option of voting online. Instructions for online voting were included with the mail-in ballots. GLE's election management vendor, Survey and Ballot Systems of Eden Prairie, Minnesota, processed both online and mail-in ballots. The election concluded on Aug. 15 and results were announced at the cooperative's annual business meeting on Aug. 21 at its headquarters in Boyne City.

Unlike investor-owned utilities, GLE is a notfor-profit business owned by its consumer-members. Board members are elected to three-year terms by members, not staff, with each member's vote carrying equal weight. The cooperative conducts an annual meeting to update members on the progress made during the past year and to announce the results of director elections.

GLE provides electricity to nearly 130,000 rural members in 26 counties along the western side of the Lower Peninsula. Visit gtlakes.com for more infor-

## Rayders roll over Oscoda Ramblers blow

BY GREG GIELCZYK

Offense, and a lot of it, was on display for the Charlevoix football team last Friday night, as the Rayders bounced back convincingly from a 67-22 loss to Traverse City St. Francis in their opener with a 35-14 non-conference win over Oscoda on the road in Week 2.

With quarterback Brady Jess reading his keys correctly, and throwing an accurate ball, and a solid game from the offensive line the Rayders ground out 266 yards rushing and added 179 through the air for 445 total on the night.

"Defensively, it took us awhile to get going," said Rayders coach Don Jess. "They got some things on us early on, but I thought we played strong in the second half.

"We had a key stop in the second quarter with about 1:45 to go (in the half). They had about eight plays inside of the 10-yard line and came up empty.

"That was a big momentum shift, because we got the ball back with about 1:30 to go and went down and scored with about nine seconds to go. I was happy to see our kids step up in that crucial moment."

Charlevoix lines up before a play during Friday's win in Oscoda.

#### PHOTOS BY BEN MURPHY

It could have gone south for the Rayders after the loss to St. Francis, but they simply overwhelmed Oscoda with a punishing ground game, and Jess struck for big touchdown passes.

Just what the Rayders needed to wipe away the bad taste of the first game.

"The kids did a good job responding," coach Jess said. "Oscoda was trying to bleed the clock out the first half, taking the entire 40 seconds to run a play. To their kids credit, they played hard.

"Certainly nice to get in the win column, first one of the year, but our kids can't obviously get over-confident."

Ryan Pearl brings down the Oscoda ball carrier.

Senior running back Logan Wadkins got only eight touches, but finished with 96 yards, an incredible 12 yards a carry, and scored two touchdowns. He caught four balls coming out of the

backfield for 91 yards. His running mate in the Rayder backfield, Brady Warchol added 85 yards on 12 cracks and scored once, while Jess scored a TD and ran for 38 yards.

Ryan Pearl was also on

the end of a Jess scoring strike, and had five receptions for 83 yards. Jess completed an efficient 10of-12 passing.

Charlevoix was led on defense by Jack VanGuilder who had eight tackles (one for loss) while Jackson Crouse collected five.

The Rayders (1-1) play their third straight road game next Friday night, traveling to Boyne City (1-1).

Charlevoix quarterbacks bombs the ball for a long completion just before halftime of their game at Oscoda Friday.

## out Elk Rapids

BY GREG GIELCZYK

Mental mistakes betrayed the Boyne City football team in last week's season opening loss at Standish-Sterling. No such problems existed for the sharper Ramblers as they were focused and ready, on offense and defense in blowing out Elk Rapids, 48-6 on the road.

Boyne was very much in the game against Standish, but then it all unraveled when the Ramblers lost their concentra-

Despite the distraction of having the game at Elk Rapids moved up to Thursday night for a JV and varsity doubleheader because of an officials shortage, the Ramblers stayed on point from the opening kick and never were threatened after taking a 21-6 lead in quarter number one.

"The first thing that stuck out to me is we went from 17 penalties (in Week 1) to two," Boyne City coach David Suttle said. "We had zero mental mistakes. We call them 'non effort plays,' like jumping offsides and such.

"I can deal with a holding penalty, or something like that, but blocks in the back, offsides and false starts ... those are all

non-effort plays. "So, we cleaned those up. I think we had two flags in the game. So, that helps. We didn't have any pre-snap penalties, and just one post-snap. Week 1, we had seven that were after the play."

Everyone in the crowd, and on the other team knows who's going to get the ball when the Ramblers are on offense -- senior back Ryan Spate. But, the challenge is

to stop him, or slow him down.

The Elks couldn't do either, as Spate barreled through the holes opened by the offensive line for 152 yards on an economical 12 touches, and found paydirt twice for 12 points. He also returned a punt 56 yards for a score, and was a perfect 6-of-6 on extra points.

Spate didn't get any rest when the Ramblers were on defense, either, finishing with eight tackles, including three behind the line for losses.

Other touchdowns came from Owen Hewitt on a pass reception, Hyker McKinney on a 17-yard catch and Ben Stanek on a 92-yard punt return.

Hewitt rushed for 49 yards on seven carries, and was the defensive leader with nine tackles and an interception.

Boyne quarterback Drew Neer finished an efficient 6-of-7 passing for 86 yards and the two scoring strikes.

"The line corrected a couple errors from the previous week, (and) they played with good pace, and I think the kids maybe understood the game plan a little bit better," said Suttle.

"It allowed us to get everybody involved in the game plan early. Neer was feeling a lot better. He's been battling a shoulder strain for a couple weeks now."

Boyne City hosts Charlevoix this week.

Logan Wadkins finds room to run.

## Ramblers fall in close game to Rayders 0-1, Dominate Cheboygan 8-0

BY GREG GIELCZYK

Charlevoix scored a goal off a deflection for a tight 1-0 win over county rival Boyne City last Tuesday night.

It was a tough loss for the Ramblers, but they didn't have any time to dwell on it, returning to practice where they worked on some specific things to improve their play.

Two days later, the Ramblers returned to the pitch to take on Cheboygan and dominated the Chiefs, ending the game on the mercy rule in the second half, 8-0.

"We ended up playing way too much defense on Charlevoix," said Abner Bardegenuez. "We were pretty successful at winning the ball back, but when we won the ball back, our passing was not accurate enough, and we would end up giving the ball away.

"It was just kind of a cycle, where would play great defesne, and when we would start our counter attack, we'd give the ball away again because of a bad pass."

But, the Ramblers cleaned that up and execut-

ed the offense much better against Cheboygan.

Mason Vadnais led the Ramblers with two goals and three assists, senior Reese Bey and Cameron Little put in two apiece, while junior Wyatt Woodall and Finn Tosch each added one.

"The communication has improved with the defense in the backline and goalie," Bardeguez said.

Charlevoix followed the win over Boyne with a 4-0 loss to Grayling.

VOLLEYBALL

## Ellsworth gets their First Win!

BY BOB DELONG

It certainly took longer than what Ellsworth head varsity volleyball coach Denise Richards certainly wanted it to take, but this past Thursday, the Lady Lancers got their first match win of the year!

Ellsworth swept Wolverine in straight sets, 25-20, 25-18 and 25-15 on their home court in front of an enthusiastic partisan crowd.

Earlier in the year in a tournament at Johannesburg the Lancers split a two-set match with Cedarville to gain a tie; they lost two sets to Mio by identical 26-24, 26-24 scores; they took powerful Joburg to the brink in a set 26-24 and last week they lost a couple sets to Antrim County neighbor Central Lake 25-20 and 25-

Finally, the near misses and close calls have been vanquished and Ellsworth

Austin Sneed

can look to getting batter as they play the remainder of the Northern Lakes Conference regular season schedule.

Against the Wildcats, Calista Hoeksema had team best 15 assists, five kills and an ace; Kerri DeYoung had 12 assists, a team high seven aces and a team high six kills; Julia Sundstrom had 10 assists, five aces and a kill; Isabella Essenberg had a team high 15 digs and seven assists; Kyley Fuller had four assists, three kills and two aces; Sheridan Zipp and four aces and three assists and Nora Puroll had four kills, two assists and an ace.

Ellsworth improves to 1-6-1 overall this season and 1-0 in the Northern Lakes Conference. The Lancers play both Tuesday and Thursday of this week visiting both Mackinaw City and Harbor Light NMC in league play.

## Central Lake — Ellsworth falls at St. Mary 46-12

BY BOB DELONG

The Central Lake-Ellsworth High School varsity football team, (CLE), dropped their Ski Valley Conference opener to the Snowbirds at Gaylord last Friday night by a 46-12 score. The Trojans offense and defense certainly played better than the week before at Marion, but head coach Chase Hibbard would be the first to tell you that his team has to be more consistent on both sides of the ball.

The game between CLE and St. Mary was the second game of a double header Friday as part of three games in just 20 hours at the St. Mary Family field. In game one earlier in the day, Sacred Heart beat Engadine 61-6 late in the afternoon, the Trojans and Snowbirds played in the evening nightcap and Saturday afternoon Newberry was defeated by Climax-Scotts 52-28.

CLE had trouble moving the ball during their first three drives, gaining no first downs and the Trojans had three straight "three and outs", however on their fourth drive late in the opening quarter, the Trojans got on the board. On a third and long play, sophomore quarterback Brady Roggenbeck found his senior receiver Cameron Snyder who used his 6'6" frame to leap over a defender to make a circus catch in the 'redzone". On the following play, junior Grant Miller took the handoff and with the entire line going right, he countered to the left and scored untouched to narrow the St. Mary lead to 12-6 with 1:21 remaining in the opening quarter.

The Snowbirds scored just two plays later to make the score 18-6, but back again came the Trojans. On a fourth down and 11, from the 37-yard line, coach Hibbard dialed up a trick play when Roggenbeck pitched to ball to Miller and he through a beautiful TD pass to Snyder to get CLE right back into the game with a 18-12 score, halfway through the second stanza.

Unfortunately, that was all the scoring the Trojans could get against the Snowbird defense.

St. Mary scored twice more before the half to make the score 32-12 at intermission and another pair of Snowbird TDs in the third quarter make it 46-12. Both teams emptied their bench from that point on and neither team scored in the final period. St. Mary winning the ground game was probably the difference of the game. The Snowbirds had 398 yards on 48 carries while the Trojans only mustered 22 net yards on 35 carries, including 14 carries in which they lost yardage.

CLE won the passing stats as Roggenbeck completed three of 11 tosses for 53 yards and Miller was one for one for 37 yards and a TD. St. Mary did not complete a pass and both freshman Max Disbrow and Miller picked off a Snowbird aerial. Miller also recovered a St. Mary fumble. Individually, Miller had a good all-around night in the stat book. Besides the interception and fumbled recovery on defense he led the offense with 27 yards in 12 carries, he threw a 37-yard TD pass, scored on 14-yard run and caught a 21 pass and was all over the place making tackles on defense.

Sophomore Billy Hoppe caught a pass for five yards and ran the ball hard all night on 18 carries, and Snyder caught a pair of passes for 64 yards and a touchdown.

Next week the Trojans will host their home opener and the schedule won't get any easier as two-time Ski Valley Conference Champ and last year's MHSAA state D1 championship game runner up Inland Lakes comes to town. Last year CLE was able to score on the Bulldogs losing in a score fest at Inland Lakes 44-30. Kickoff is scheduled for 7:00 pm in Central Lake at the Herrick Athletic Field Complex.

## **Red Devils crush Cardinals 63-6**

BY GREG GIELCZYK

A slow start? It certainly might be hard to believe, considering the East Jordan football team crushed Johannesburg-Lewiston, 63-6 in its Northern Michigan Football Conference Legacy Division game to move its

record to 2-0 on the season. But, that's what Red Devils coach Adam Grybauskas said right off the

Some people might think it's just an attempt to keep the players from getting too comfortable, and expect things to go this way all season.

That would be a dangerous emotion.

East Jordan were concerned when the Cardinals picked off a pass, but the intended receiver was able to punch the ball out and the Red Devils scored after getting the ball back.

Here's where Grybauskas wasn't so happy.

Joburg burned the Red Devils for a long pass completion after the ensuing kickoff to tie it 6-6.

"After that, we kind of settled in," said Grybauskas. "We played pretty good. I wouldn't say it was our best game.

"The thing that I liked (is) we had a lot of different contributors again. Five different guys scored touchdowns."

East Jordan also scored a defensive touchdown when defensive lineman Griffin Boyer scooped up a fumble and rumbled 16 yards for the score. He finished with six tackles and a second fumble recovery.

Also scoring on a fumble recovery was William Webb, tacking on another rushing and totaling 81 yards on the ground. He also caught a TD pass.

rushes and danced into the end zone twice. Trace Wynkoop gathered in two passes for touchdowns.

Every coach likes to see his team produce a balanced attack, and the Red Devils did that with senior quarterback Korbyn Russell hitting on 9-of-15 passes for 163 yards and three touchdowns.

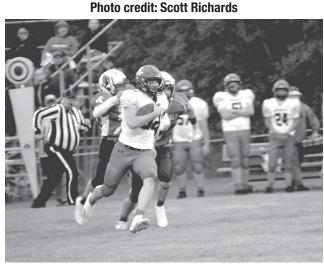

"Defensively, except for those two plays early, we really kind of dominated the game, and gave our offense a short field a lot, and we were able to take advantage of that," Grybauskas said.

"Boyer is a junior and played a little bit last year as a sophomore, but is getting better and better all the time. Our D-line did a pretty good job of plugging things up. I think it's our balance. Going in, our D-line was the least experienced, but they're playing pretty good. We like our linebacker group. We had Logan Shooks back this week, which makes our linebackers that much better."

East Jordan travels to Kalkaska this Friday.

## What Homeowners' Insurance Discounts Are You Missing?

PART 2 OF 2

#### 3) Home Maintenance

You may be able to qualify for an age of wiring discount depending on how old your wiring is.

Is your roof resistant to hail? Roofing is graded as Class 1 through Class 4. Class 4 roofs are often eligible for discount.

New pipes can also qualify you for a discount.

Do you have handrails installed alongside your staircases?

If you have a pool is it surrounded with a fence at a gate? Safety measures also can count toward your policy.

If your home was recently renovated or is newer that may entitle you to a discount. Older homes can be retrofitted with materials that make them more earthquake and weather resistant.

#### 4) Policyholder Discounts

If you haven't filed a home insurance claim in the last 10 years you may want to ask about a discount. Homeowners

who haven't made a claim

can often get as much as a 20% reduction. If you are older and retired you may also be entitled to a discount.

Bundling your home insurance with other policies can also yield a savings as can being a long-term policyholder.

Another money-saving factor you may consider is raising your deductible, which can lower your premium but make sure that in the event you need to use your insurance policy that your budget will accommodate a higher deductible.

In today's competitive market, it's important to shop around, because you may receive disparate quotes on policies that offer essentially the same coverage. Check consumer guides, insurance agents, companies and online insurance quote services.

This will give you an idea of price ranges and tell you which companies have the lowest prices.
