Memorial Day ,83

Standing in silent memorial and guarding the harbor of Boyne City are these cannons, one from the Civil War era and the other from World War II. Both serve this weekend to honor those Americans who served the country to safeguard our freedom. Many veterans will be participating in activities throughout the day and ask that others join in to help them honor the dead and the living.

Memorial Day services set

Memorial Service will be held at the following locations.

- 8:00 A.M. Boyne Falls
- 8:15 A.M. Walloon Lake
- 8:35 A.M. Evangeline Cemetery
- 9:00 A.M. Advance Cemetery
- 9:15 A.M. Wilson Cemetery
- 9:25 A.M. Maple Lawn Cemetery
- 10:00 A.M. Memorial Day Parade to Veterans Memorial Park

Services at Veterans Memorial Park

- Announcer:..... Maxwell Houck (American Legion Past Commander)
- National Anthem:..... Boyne City High School Band
- Invocation:..... Rev. Clifford Molnar (Assembly of God Church)
- Pledge of Allegiance:..... Boys and Girls Scouts
- Selection:..... Boyne City High School Band

- Prayer:..... Fred Gondzar (American Legion Chaplain)
- Address:..... Rev. Delbert Nixon (First Baptist Church)
- Selection:..... Boyne City High School Band
- Placing of Wreaths:..... Auxiliaries (American Legion & Veterans of Foreign Wars)
- Benediction:..... Rev. Clifford Molnar (Assembly of God Church)
- Gun Salute:..... The American Legion Drill Squad
- Taps:..... Steve Kindy and Janene Froats (Boyne City High School)
- Parade Route:..... March from American Legion Hall north on Lake Street to Water Street. East on Water Street to Park Street. North on Park Street to State Street. West on State Street to Veterans Memorial Park. Gathering near flagpole and cannon area by the lakeshore.

Members of the American Legion and the Veterans of Foreign Wars held a meeting to work out the final details for this year's Memorial Day festivities. They will be visiting area cemeteries to honor those veterans of past wars.

Planners hear, move to OK Vet Memorial

After more than an hour of patiently hearing arguments for the placement of a veterans' memorial in the Veterans Memorial Park, and about fifteen minutes of debate within the planning commission, the planners decided to recommend to the City Commission two options.

The first and the recommended option is to have the area that the veterans are requesting for use in the park be okayed, but that the memorial be designed by a professional designer and all of the veterans groups in the community help with the development of the idea that the memorial should represent veterans of all wars.

The planners recommended to the City Commission that the city bear the cost of the design and, hopefully, some of the cost of the memorial with the veterans group be willing to assist with the financing.

The planners further recommended that the artillery pieces now located on the waterfront remain where they are located.

The veterans, in a side note to the first recommendation indicated that there may be a professional designer through their organization that could assist in the design of the memorial at little or no cost to the city.

They said that they would start looking into that aspect of the project that they had hoped would be ready for the services this next weekend.

At least, that was their original timetable when they started the project last year, but the delays of the governmental groups have slowed down their expectations.

The other recommendation from the planners to the commission was that the area and the design requested by the vets be approved with the possible modification of material. They recommended that addition of landscaping for the memorial to have it be a "warmer feeling" memorial than that asked. The plans call for the memorial to be constructed of cement with a steel railing.

The planners suggested that it could be constructed of brick, stone, or wood.

The recommendations of the planners now go to the City Commission for their approval or rejection, which will take place at the June 14 meeting.

As the planners listened to the discussion prior to making their decision, they heard from two City Commissioners, Marty Paul and Thelma Behling, both having different opinions on the project.

The planners also heard from members of the Parks and Recreation

Commission which had okayed the project and passed it on the planners, and many supporters of the memorial from the ranks of the veterans groups of the city.

At the opening of the hearing, chairperson Kate Schaffer said that the purpose of the hearing was to discuss the memorial in the park and that that was the only item on the agenda. "We are only an advisory body," she added, "We do not have the last word as the City Commission will be doing that. It's up to them to decide on June 14."

Comments were supposed to be limited to one minute, but the planners wisely let the public members of the audience speak. Several took more than the allotted time.

Some speakers were applauded as they made their remarks to the planners by the rest of the audience.

Paul suggested that the memorial be moved to the cemetery as that was the logical place. He also suggested as an alternate location the old City Park. Paul told the planners that whatever is done with the memorial the best criteria "should be cerebral rather than emotional."

Asking for equal time, Commissioner Thelma Behling suggested to the planners that she would like to see the Veterans Memorial Park vehicle orientated rather than the way it is presently planned. That way seniors could get around the park and make more use of it, she added.

Behling said that the other parks in the city are pedestrian orientated now, and that she feels that the city could have one for those with cars. Leaving the memorial where it presently sits makes it "too cold for the elderly." The memorial services are held along the lakefront where the wind can blow and chill the participants.

"A move to the cemetery would be an insult and a slap in the face to those who are asking. We are asking for a living memorial to those of us who served," she pleaded.

Ralph Moore, a lifelong resident of the community and a veteran, in his speech supporting the move told the planners that the "Vets gave a hallelujah more than what they are asking of the city," implying that many gave their lives for the country. Moore also asked that the planners close the public hearing on the proposed memorial so that the Planning Commission could decide what they were going to do.

Schaffer then closed the meeting and the planners huddled to decide their recommendations.

Moratorium on taxes lifted by city

The moratorium on tax abatements for businesses in the downtown area of Boyne City was lifted at Tuesday's noon meeting by the City Commissioners.

The issue was brought up at the meeting because of the building that is being proposed by Boyne Auto that is to be constructed on the site of the old Parrish Chevrolet garage. The builder, Lloyd VanAlstine, had asked, through the planning commission, for the tax abatement in a meeting that was held a week ago.

The moratorium had been imposed over a year ago when the commissioners had learned the tax exemptions that could be granted for up to 12 years on remodeled portions of commercial structures, also included a tax freeze on the entire building.

City Manager Tim Clifton, in defending the moratorium, said that "The economy has totally changed...we're fighting for every penny we can get." While Clifton agrees that a new business is

definitely going to increase the tax base of the city, he suggested that the loss of taxes up to 12 years could be detrimental.

In agreeing with Clifton, Commissioner Marty Paul said, "If we grant this, there may be a half-dozen waiting in the wings."

He was countered by the Mayor, Keith Fitzpatrick, who suggested that each application should be weighed on its' own merits.

With that criteria in mind the commission moved to lift the moratorium so that the construction of the Boyne Auto facility could start. "I for one," said Kate Schaffer speaking in support of lifting the moratorium, "would like to see them all given exemption certificates." Schaffer was representing the views of the Chamber of Commerce.

In other action, Clifton told the Commissioners that under Gov. Blanchard's program of economic-job creation, the city may be able to get a loan for the completion of Water

EJ balks on new well

Saying, "We've got a good well and the state would like us to abandon it," East Jordan City Superintendent Mike Dionne plans to go ahead with repairing well house No. 1 and not drill the new well the state says is necessary. Dionne had submitted a request for a grant to build a new well house, as the crumbling old one is being propped up with jacks. The state denied the request because the area around the well has "been violated by several potential sources of contamination." Dionne said, "We've never had a bad sample. I do agree with the

parameters the state has for new wells," he said, "but we don't need a new well." The state had agreed with Dionne's description of the seriousness of the need for a new well house, but without a new well, the state grant for the well house will not be forthcoming. Dionne said that means he will have to settle for repairs. The new structure and new wiring would have cost \$15,000 to \$20,000. He said, "We're looking at saving people's money." Digging a new, unneeded well doesn't do that, he said, especially when you look at the well troubles other cities have.

Fish weir gets conditional approval

A number of factors impelled the Charlevoix County planning commission to vote a conditional approval for installation of a lamprey weir on the Jordan River. The commissioners, however, did not accept the site of the weir proposed by the Department of Natural Resources. The commissioners agreed at their May 19 meeting to ask the DNR for another review of two alternative sites, particularly of the one close to the mouth of the Jordan. How soon that can be done is a question, according to Steve Swam of

the Gaylord DNR office. Swam, contacted later, said the engineer, who made the original sites study, was no longer with the DNR, following belt-tightening orders from the state this spring. Digging up an engineer could be difficult, Swam said. Objections expressed by the commissioners regarding the proposed weir location were: (1) that that stretch of the Jordan is classed by the DNR as a wild-scenic river. The classification forbids manmade obstructions to the

EARLY Advertising DEADLINE
For June 1, 1983 issue
DEADLINE is Friday, May 27, 1983, at 4:00 p.m.

Adema-Erickson vows said

Betty Erickson of East Jordan became the bride of Donald Adema of Smithers, British Columbia on May 14, 1983 at the First Presbyterian Church of East Jordan.

Beverly Erickson of East Jordan and Lavern Erickson of Milford are the parents of the bride and Mr. and Mrs. Dirk Adema, also of Smithers, are parents of the groom.

Wearing a Victorian style gown trimmed in Chantilly lace, with a circle of white flowers holding her veil, Betty was given in marriage by her parents.

The ceremony was performed by Peter Kooreman of the Coit Community Church of Grand Rapids.

Jane Geiser of Almont served as maid of honor for her friend and Jeff Whiteside of Toledo performed the duties of best man. Bridesmaids were Barbara Murray, sister of the bride, from Charlevoix and Dorothy Adema, sister of the groom, from Vancouver, British Columbia.

Henry Elising, a friend of the groom from Grand Rapids and Lee Erickson, brother of the bride, served as groomsmen. Ushers were Mark Hewitt and Adrian Elising, friends of the groom from Grand Rapids.

The couple chose traditional wedding music with the best man, Jeff Whiteside, singing "That's the Way It's Got to Be."

Betty's niece, Brianne Murray was flower girl and her nephew, Jason Murray was ring bearer.

MR. AND MRS. DONALD ADEMA

Photo by John Imel

After a wedding trip to Mackinaw City and to Mackinaw Island the couple will make their home in Grand Rapids. The new Mrs. Adema attendsavenport College in Grand Rapids and is employed at the Midway Motel. Donald is a May 1983 graduate of the Reformed Bible College in Grand Rapids.

with Nancy Northup

Mr. and Mrs. Paul Shively returned to their home last week after having spent the winter in Webster, Fla.

Harold Blahart and Phil Hill of Ohio were here over the weekend visiting their cousin Clark and Priscilla Jenkins and to do some mushrooming.

Mrs. Jenny Mangios returned this week from Missouri and will be spending the summer here.

Linda and Jim Felton hosted a party on Saturday night with about forty friends, including special guests Paul and Dorothy Pfahler, who are here this week from Zapata, Texas, camping at a state park.

The Child Study Club met this week at the home of Sue Butler with guest speaker, student Elizabeth Sturm, speaking on Impressions of School. Installation of officers was held, naming Julie Bradford as President, Wendy Stadt as Vice-president, Peggy Suedhoff as Secretary, Sue Butler as Treasurer and Josette West as Historian. Eleanor West was presented with a Past President Pin, a first time event.

The Boyne City Middle School Spring Band Concert, under the direction of James Bogetto, was well attended on Wednesday night. Lisa Caverly, an 8th grader, won the Director's Award, which is presented to the outstanding 8th grade band member and selected by fellow band members.

Frank Spencer was released from Little Traverse Hospital to his home this week. Frank had been a patient there for over two weeks.

Some of those here for the funeral of Howard Thompson on Saturday were Mr. and Mrs. Walter Leist of Mackinaw City and Daryl Thompson of Spring Arbor College.

Cub Scout Den 3, Pack 49 of Boyne City went to the Jordan River National Fish Hatchery last Tuesday with Leader Sue Rainey and parent-helpers Nancy Hammon and Don May.

Linda Hanson of Fremont was here over the weekend visiting her mother, Mrs. Joy Brooks and family to attend the centennial celebration at the Presbyterian Church.

Mrs. Pauline Laisure and Lois visited Mr. and Mrs. Bob McGeorge in Williamston and attended the graduation on Sunday of Susan McGeorge, daughter of the Claude McGeorges, from Spring Arbor College.

Bingo winners this week at the Boyne City Senior Center were regulars Zada Moyer, Carlton Bunnell, and

Leona Griffen. Specials went to Violet Mueller and Flossie Boughman and the coverall to Nellie Harris and Cora Hocquard.

Weekend guests of Mr. and Mrs. Harry Roof were mushroomers Mr. and Mrs. Russ Furnes and Mr. and Mrs. Melvin Blahart all of Ohio.

Ann Jenkins was surprised at her home on Sunday with a birthday party. Attending were Dave and Penny Goldsmith and daughters, Ellie, Stacy, Deanna, Kelly, and Missie, the Clark Jenkins, Yvonne Metzgu, Ora and Nonnie Webb, Betty Webb, Rose Rykaczewski, a group of Lakeview Village neighbors, and her son Gary. Ice cream and cake were served with Ann receiving many cards and humorous birthday fun.

Mr. and Mrs. Myron McNaughton of Belding were here this week visiting their daughter Sally and Norm McGeorge and family.

Marty Ward of Chicago was here over the weekend visiting his parents Mr. and Mrs. Walt Ward and other relatives. Todd Ward of Westchester College in Indiana is home for the summer months.

Neighbors

Mrs. Pat Howe, Tom Garlock's mother, of Litzenger apartments died on Saturday night at Little Traverse Hospital.

Mrs. Elizabeth Wellman and Mr. and Mrs. Jerry Young of Muskegon were here last week visiting Mrs. Vi Mangios.

Over eighty attended the annual Mother and Daughter Banquet on Friday night. The theme for the evening was "Pattern for Living". Table decorations and a small gift carried out the theme. Gifts were also given to the oldest and the youngest mother, and for the mother who came the greatest distance. A fashion show narrated by Carol McGeorge featured male models Scott and Curtis Nicloy, Bill Gaunt, Marty Nemec, and Steve, Greg, and Dan McGeorge provided many laughs. Special guest speaker was Joyce Laffoon, on reflections in our everyday living, with the emphasis on giving, forgiving, and forgetting.

Mr. and Mrs. Jack Mangios of Missouri and Walt Fritz attended the graduation exercises of their son and grandson, David, from Lake Superior State College over the weekend.

Memorial Day Crusade

Evangelist HENRY HINN was born in Tel-Aviv, Israel. He was raised in a Roman Catholic School with Greek Orthodox background. After being called into the Ministry, the Lord has used him mightily in ministering healing to the sick.

May 30 - The center will be closed for the holiday.

May 31 - Dinner, 12 noon; community education classes.

June 1 - 10 a.m., crafts; 12 noon dinner.

June 2 - 12 noon dinner; 1 p.m., blood pressure

June 3 - 12 noon dinner; 1 p.m., bingo

June 4 - Ted Mockerman, Eunice Bunnell, Robert Black will be graduating from the high school completion program at Whiting Park at 2 p.m.

Obituaries

CARL BRADLEY
Word has been received of the death of Carl D. Bradley, former Boyne City resident. Mr. Bradley died May 18, 1983, at Mary Esther, Florida.

He was born in Boyne City on December 13, 1918, the son of Ervin and Mable Bradley. He graduated from Boyne City High School in 1938 and was retired from the Air Force.

On March 23, 1942, he married the former Helen Billeau in Petoskey.

Following retirement from the Air Force, the Bradleys lived in Boyne City for a number of years prior to moving to Florida.

Mr. Bradley is survived by his wife; five daughters and one son; three sisters and two brothers.

The family suggests memorials to Arthritis Fund.

HOWARD F. THOMPSON

Funeral services for Howard F. Thompson, 69 of Boyne City, were held Saturday, May 21 at the Boyne City First Baptist Church. Rev. Delbert Nixon officiated and burial was in Maple Lawn Cemetery.

Mr. Thompson died May 19, 1983, at Little Traverse Division of Northern Michigan Hospital.

He was born Feb. 22, 1914, in Boyne City, the son of Frank and Ivah Thompson. He lived all his life in northern Michigan and had worked at Howe Brothers Tanning and Extract Co. in Boyne City.

On Nov. 26, 1938, he married the former Geraldine Leist in Boyne City.

Mr. Thompson was a member of the First Baptist Church in Boyne City. Survivors include his wife; five sons, Lyle of Reading, Norman of Clarkston, Lawrence of Pellston, Verlin of East Jordan and Richard of Dunlap III; two daughters, Mrs. Lillian Boesch

and Mrs. Kathryn Plonta, both of Sebwaing; 29 grandchildren; one brother, Ronald Thompson of Boyne City; one sister, Mrs. Blanche Crippin of South Haven.

Funeral arrangements were handled by the Stackus Funeral Home in Boyne City.

The family suggests memorials to the Boyne City First Baptist Church.

IRMA M. CLOSE

Memorial services for Erma Mildred Close, Former Boyne City school teacher, were held May 21, 1983 at the United Methodist Church in Boyne City.

Burial was in Maple Lawn Cemetery, Boyne City.

Erma M. Banta was born September 3, 1894 and died at age 88 May 18 at Grandvue Medical Care Facility in East Jordan.

A native of Columbia Township in Van Buren County, Mrs. Close came to Boyne City in 1929 with her husband Leo and daughter Phyllis. Mrs. Close taught in the Boyne City school system several years before opening a retail shop. She was a member of the United

Methodist Church and a member of the Eastern Stars.

After retirement Mrs. Close and her husband wintered in Florida for many years. In recent years Mrs. Close made her home in Boyne City as well as in Florida with Mr. and Mrs. Revo Gerrie before her admittance to Grandvue Medical Care Facility in 1981.

Mrs. Close was preceded in death by her daughter Phyllis Gerrie in 1965 and her husband Leo L. Close in 1966.

Survivors include three of six younger sisters: Laura Stanzel of Kalamazoo, Doris Wick of Grandview, and Lena Nelson of South Haven; two grandchildren, Jack Close Gerrie of Boyne City, and Judy Kay (Gerrie) Bryant of Kalkaska, and four great-grandchildren.

PATRICIA HOWE

Funeral mass for Patricia Howe, 78, of Boyne City, will be held Wednesday at 10 a.m. at St. Matthew's Church. Father Dennis Stilwell will officiate and burial will be in Maple Lawn Cemetery.

Mrs. Howe died May 22, 1983, at Little Tr-

averse Division of Northern Michigan Hospitals.

The former Patricia Rutkowski was born Oct. 28, 1904, in Detroit, the daughter of Simon and Catherine Rutkowski. She resided in Detroit and on Feb. 28, 1927, married Lester Garlock in Detroit. He died on Aug. 10, 1943. On Nov. 11, 1951, she married Leslie Howe in Boyne City. He died on Jan. 9, 1970.

Mrs. Howe is survived by two sons, Thomas Garlock of Boyne City and Edward Garlock of Saginaw; four daughters, Mrs. Louis (Patricia) Rosol of Warren, Mrs. Tom (Ardith) Weidland of Charlevoix, Mrs. Larry (Elinor) Speigl of Petoskey and Mrs. William (Arvilla) Bates of Baldwinville, N.Y.; 25 grandchildren; 22 great-grandchildren.

The family suggests memorials to the Michigan Heart Association. Envelopes for that purpose are available at the Stackus Funeral Home.

To speak kindly does not hurt the tongue. Proverb

Marshall Sayles

Things are so rough these days that if I were to pay as I go I'd never get back.

Remember when you carried wire, a screwdriver and a pair of pliers to fix your car if it broke down on the way to Charlevoix? Well, life and its novelties have sprung quite a leak since then. Today if you break down on the way to Charlevoix you walk to the nearest farm house, phone up the garage and they will come and fix it up in no time for a mere two or three hundred dollars. That's because today the wire and the screwdriver belong to the mechanic.

The reason I live out here in the boondocks is because I don't want to get caught in the cross fire when half the people in town discover what the other half is saying about them.

When men came here to hack out a living more than one hundred years ago, I think they would have led more commendable lives if they had realized they were forefathers. Many

of them didn't. They led unsavory lives with their shiftlessness being handed down and accepted to this very day. That's why so many well-churched older folks hate this very day.

In East Jordan, neither the sun nor the selling of Elm Pointe can be looked at steadily without getting quite sick.

Back in the thirties and forties, before this county went haywire, a little soda in a glass of water would remove that gas in your stomach. But not now. Not in this sophisticated and expensive life of the eighties. Today we rush to the store and pay five bucks for a bottle of the "leading brand." guaranteed to give you blessed relief fast, fast, fast. Being a narrow minded old codger, I reject the hyped-up whirl of the 80's and stick to the good old soda and water days--even though it operates only half as fast as the plastic bottle stuff. Like I told my druggist the other day, I'm one of the very few who still stick to

the passing of half fast gas. (I wrote this paragraph because this is a free country and the people have the right to know. The right to know is guaranteed by our constitution. Suppose you lived in Russia where everything is censored. You would have no idea how cheaply I can remove gas from my stomach. Think about that for a moment. I don't know about you, but it scares the daylights out of me.)

Now that I am getting older, I've seen the light and behave as I should have behaved many years ago. Thanks to my leaving off the use of liquor, and the use of that awful nicotine, I find myself much better, and do mind my own business better, and do spend less money and waste less time, and find life an unexciting kettle of fish-- a two quart unexciting kettle of fish, mind you.

It rained the other day and then the sun came out and then we found quite a few mushrooms. That's what northern Michigan is all about.

Jottings

BY JIM SILBAR

Dear Governor:

I have an absolutely great idea for you as to how you can raise more money for the state than any of your taxthinkeruppers have so far.

My idea is quite simple, will raise needed monies and will create lots of other good things for the state.

All you have to do is to put a tax on clock-watching.

The way I figure it, it could be set up like this:

-A mere glance would only be taxed 5 cents.

-A second glance within one hour would cost 25 cents.

-Stare at the clock to watch the time pass by and will cost you \$5.00 per hour.

-Those who live by the clock would be charged an annual fee of \$100.

Simple, isn't it. And think of all the good things it will do...besides just the raising of money.

We are already the highest taxed state in the union, this one would be just a little add-on to guarantee us being in first place for a long time.

Now just think of all of the other possibilities a law like this could cause.

It might just increase the productivity of the workers within the state. Since it would cost them money to look at the clock to find out when quitting time is, even though they all ready know that it is, say, five

o'clock, they possibly would not look at the clock and just keep on working. Especially since watching the clock could cost them money.

All the workers in the car plants and other factories would have to work and not just idle their time away. Don't you think that General Motors would like that?

That is just one good thing this tax could cause.

Another is that it could create a whole new level of beauracracy in that we would need an army of people to watch the other people who may want to watch the clock.

Then you could really keep your campaign promise of jobs, jobs, jobs. Our unemployment ranks would be decimated as we filled all those jobs of watching clock watchers watch with the unemployed workers.

We would also need a new office building in every county for all these new employees, so the building trades would get some work. And, everyone would have to have a desk, so we could put Grand Rapids back in the furniture business.

Why, just the ancillary services that would be required would be mind boggling. The whole state may have to go back to work to provide the facilities and the equipment.

Of course, those people like myself who wear a watch with a calculator on it, would not get charged for the use

of the calculator, providing that they turn off the clock part before they look at it to use the calculator.

And one of the best things about the new tax would be that the income from all the people who look at the clock to find out the time, would pay for all the costs to set up and operate the program. It would be self-sustaining.

This idea could be the greatest idea you could come up with in your entire political career!

It could be so great as to send you to the White House. And then you could get Congress to pass the laws so that every state would have the opportunities available.

I can just see billions of people being put to work, watching for watchers looking at their watches. And paying income taxes as they would be wage earners also.

You will be world famous! Our state would be rich!

And, just because of my simple little idea.

I'll tell you what, just send me a small stipend for thinking it up, say, a quarter of a million dollars, and I'll tell everyone I can think of as to your greatness for coming up with a plan to really help the average Michigianian or Michigander, whichever you desire.

And then, oops, my time for this is up as I see by the clock. If you want any further information, just ask.

Barbara Cruden

An elementary school teacher likes a rainy day. While the raindrops streak down the gray window panes, the children seem more content, the fluorescent lighting more benign, and the process of learning, so often a struggle, becomes something comfortable and familiar to settle into.

Rain is good for solitude, too, that is, if it is not too frequent a solitude. Watching little silvers sigh up from the woods, and little silver circles appear and disappear where the raindrops splash, we become aware of the circles that turn within.

For thinking, too, is something that seems to splash about making little circles. Some circles show signs of widening, and the rings become bigger and bigger, like the ripples in a pond when a leaf falls on the calm surface. But if the pond is too small, the ripples bump against the shore before they've used up all their strength, and we wonder how far they would have gone if there'd been room enough.

What a multi-faceted thing is the human process called thinking. We call it a mind, as though it were a solid structure, but when we try to look at it, we find no shape, no form. It is like water, running off at the first chance, and only taking on a shape if we put walls around it.

And just as we can trap water in vessels of different shapes, so we can trap our elusive thoughts and call them mind, in a shape we call our own.

And what traps we build! They seem so small that a dropped leaf has barely room for itself, let alone the making of circles, rippling out and out.

There's the trap of time. We have "no time for sitting around looking at a book." Besides what do we have to show for it?

Time is a very convenient excuse not to pour our thoughts into a wider or deeper vessel.

We learn in school and elsewhere how hard it is, even with factual material, to widen the walls of the "mind." But it must be done. The walls aren't real. The wider apart the walls, the more room there is for the ripples of contemplation and inquiry and even of pondering to widen and circle out and out.

But books and school aren't the only means for widening walls. Experience is necessary, too. Especially the experience in some form of service that is more than achieving our own desires. All three of these shake the walls of our traps, press out against these confinements of habit, opinion, and the view we have of ourselves.

And then, every so often, we add to experience, service, and study, the gentleness of a rainy day, a little time to watch the mists rise, and the circles widen in our thoughts, the prejudices we all have to melt, and solutions to appear.

Following last week's column on oatmeal, we received this recipe from reader Robin McMillen: add sauteed sliced onions and mushrooms and tamari sauce. Really!!

Grandvue holds pizza party

New admissions for Grandvue this past week are: Otto Kane, Ole Neilson, and Edna Campau (readmitted from SRC.)

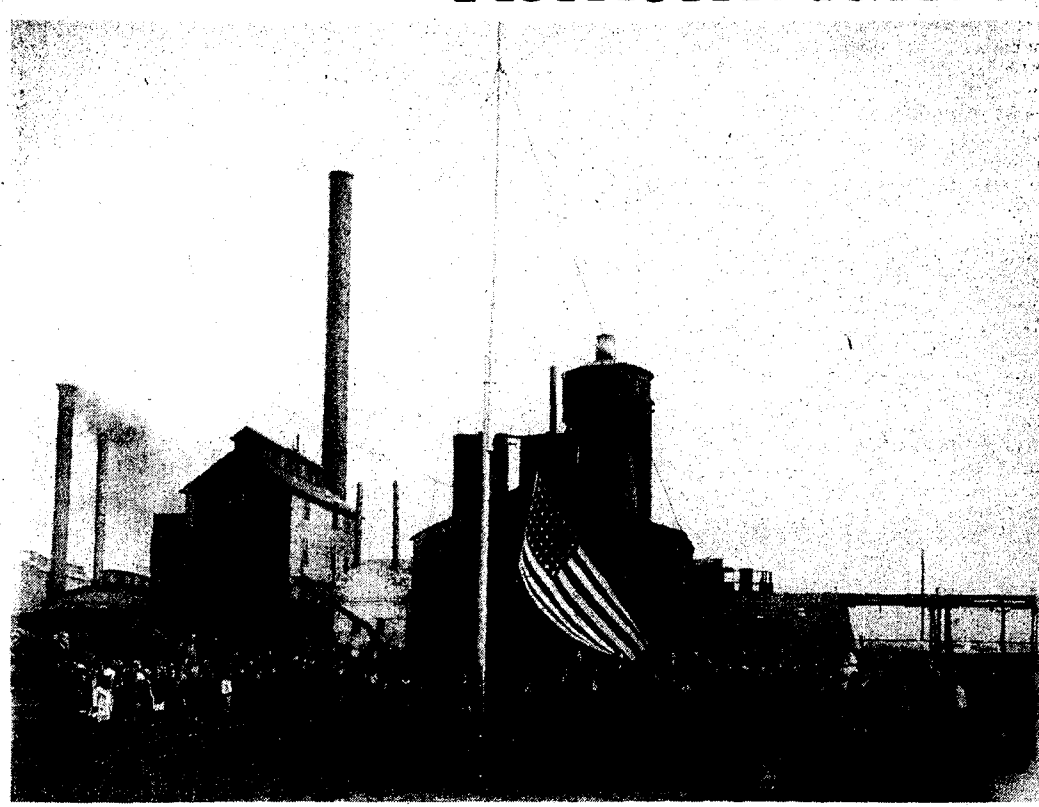

At a pizza party on May 20 residents helped make their own pizzas, with volunteer assistance. This gives the patients a chance to do a little cooking that they otherwise would not be able to do.

On May 23 children from the Missionary School will be treated to a luncheon. These are the great young people who continually gave of their class time to bring a little sunshine to the lives of many residents at Grandvue during the year.

Mr. Conkle, our administrator, has been away on a much deserved vacation. We hope he enjoys every day of it.

On May 18 Rose and Brenda attended Activity Directors meeting in Gaylord to explore new and stimulating ideas to offer the residents at Grandvue.

Remembrances

It was either a Memorial Day Service or else a Flag Day Service when almost all the children of the town gathered in front of the old pig iron plant that was located here in Boyne City to help raise the flag. The plant, which was active in the teens, had one of the largest flag poles in the

area. If you have any old pictures of Boyne City or East Jordan hiding in your attic, you are invited to share them with our readers. Just bring them into our office so we can make a copy of them. Some, we may hold until we use the pictures.

Letters

Letters to the editor, handwritten or typed, are a welcome and important part of this paper. They should be under 750 words in length and signed by the writer, although he or she for special reasons may request that the name not be printed. The paper reserves the right to edit material.

Our offices will be closed in observance of **MEMORIAL DAY** Monday, May 30th. However, our Anytime Tellers will be ready to serve your needs.

'Almost New' business starts in EJ

Kathy O'Rear and Jean Kenney "just sat down and thought about what we could do in East Jordan," Kenney said. And they came up with Almost New Consignment Shop.

Setting up in business on Water Street, across from Vallance TV, they are open Wednesday through Saturday for

now, Kenney said. "We'll take just about anything," she explained. Right now it is mostly clothing, toys, and sport goods. Items are being accepted on consignment, although the women note the items must be clean and in good repair. "We

want a good atmosphere," Kenney explained. They also want to help crafts people market their articles. They talked over their plans first with A Penny Saved in Petoskey, Kenney said. And now they're in business.

Shoppers new lifestyle means changes at food dealers

Three quarters of all American supermarket shoppers have been forced to change their lifestyles because of today's uncertain economy and nearly two thirds have changed their eating habits as a result, Tim Hammonds, vice president of the Food Marketing Institute (FMI), told a Michigan Food Dealers Association conference on current issues in the food industry.

The seminar brought together experts from the food industry and Michigan food writers to exchange ideas about the interests and concerns of the Michigan consumer and grocer.

"The traditional American family is beginning to re-emerge," Hammonds told the writers. "People are eating away from home less and they're eating at sit-down meals as a family more." He said there is also less of an attitude that any food is suitable for any meal.

"In the 70's, it was cold pizza for breakfast," Hammonds quipped. "Now the traditional eating patterns are once again beginning to re-emerge."

Hammonds' observations came from a national supermarket survey conducted for FMI by the research firm of Yankelovich, Skelly and White. The study, "Supermarket Shoppers in a Period of Economic Uncertainty," was based on a national sample of 1,025 supermarket customers.

Hammonds said the Yankelovich study revealed several significant changes about today's consumer. Some of the highlights include:

—Consumers are cutting back on (but not eliminating) convenience foods. They are trying to tighten budgets, stick to shopping lists and resist impulse purchases.

—Consumers are very demanding, very discriminating," Hammond said. "If they're going to use a convenience food," it has to offer real value at real convenience." Hammonds noted that sales in breaded fish, for example, have dropped off tremendously over the past few years while the demand for fresh fish products have grown.

—Consumers use more coupons and use unit pricing to determine food value. They are continuing to cut back on well-known advertised brands and to increase purchases of "no-name" or generic products, as well as store brands.

Hammonds attributes a major part of this trend not only to pressures on shoppers' pocketbooks but also to what manufacturers are doing themselves.

"Shoppers will go into a food store not with a shopping list but with a handful of coupons," Hammonds said. "The manufacturer has a very good short-run strategy to increase consumption of their food products, but in the long run, they're encouraging shoppers to do a lot of brand switching which is contributing to the decline in brand loyalty for their products."

—Men represent 40 percent of all food shoppers in the United States. Hammonds said lifestyle changes and two-income families have been a major factor in the increase in male shoppers. Time and convenience are of

major importance to men, who typically spend less time in the grocery store. They plan less for their shopping trips, use less in-store information and are more loyal to major brand names. Consequently, the average male shopper spends more money on food for each family member than women.

—Lower income consumers have become increasingly cost conscious according to the Yankelovich study. They are us-

ing more nutrition information, unit pricing and coupons to help stretch their food dollars.

As operating costs rise, grocers are taking a hard look at new technologies such as electronic scanning, according to Hammonds. He pointed out that supermarkets have managed to keep food prices steady compared to other items in the consumer price index.

FMI studies show that: —New grocery stores are opening up as fast as

others are closing. The number of "supermarkets" — stores 20,000 square feet or less in size — is declining. Opening in their place are "superstores" (stores more than 20,000 square feet in size), "combination stores" (drug stores and supermarkets all under one roof) and "warehouse stores."

—For the first time in the history of the nation's food distribution system, there are more convenience stores than super-

markets. Hammonds said this trend exemplifies the shopper's desire for convenience and quick shopping trips.

—The popularity of health food stores is declining. People are using supermarkets to buy their vitamins, fresh fruits and vegetables.

Other speakers at the conference covered trends in computerized scanning, attitudes about Michigan food, the evolution of food journalism and food processing.

ANNUAL SCHOOL ELECTION

NOTICE OF ANNUAL ELECTION OF THE ELECTORS OF EAST JORDAN PUBLIC SCHOOLS CHARLEVOIX AND ANTRIM COUNTIES, MICHIGAN TO BE HELD JUNE 13, 1983

TO THE ELECTORS OF THE SCHOOL DISTRICT:

Please Take Notice that the Annual Election of the School District will be held on Monday, June 13, 1983, in the East Jordan Civic Center, East Jordan, Michigan.

THE POLLS OF ELECTION WILL OPEN AT 7:00 O'CLOCK, A.M., AND CLOSE AT 8:00 O'CLOCK, P.M.

At the Annual School Election there will be elected two (2) members to the Board of Education of the district for full terms of four (4) years ending in 1987.

THE FOLLOWING PERSONS HAVE BEEN NOMINATED TO FILL SUCH VACANCIES:

Herbert M. Griffin Alina Marie Meade Bernard Schmitt

TAKE FURTHER NOTICE THAT the following propositions will be submitted to the vote of the electors at the Annual School Election:

I. MILLAGE RENEWAL PROPOSITION

Shall the limitation on the amount of taxes which may be assessed against all property in East Jordan Public Schools, Charlevoix and Antrim Counties, Michigan, be increased by 21.7 mills (\$21.70 on each \$1,000.00) on state equalized valuation for a period of 2 years, 1983 and 1984, for the purpose of providing additional funds for operating purposes (this being a renewal of 21.7 mills for operating purposes which expired with the 1982 tax levy)?

II. MILLAGE RENEWAL PROPOSITION FOR MAINTENANCE AND REPAIR OF SCHOOL FACILITIES

Shall the limitation on the amount of taxes which may be assessed against all property in East Jordan Public Schools, Charlevoix and Antrim Counties, Michigan, be increased by .5 mill (\$.50 on each \$1,000.00) on state equalized valuation for a period of 2 years, 1983 and 1984, for the purpose of providing additional funds for operating purposes to be used for necessary maintenance and repair of school facilities (this being a renewal of .5 mill for maintenance and repair of school facilities which expired with the 1982 tax levy)?

PLEASE TAKE FURTHER NOTICE that the Regular Biennial Election of Charlevoix-Emmet Intermediate School District, Michigan, will be held at the same time and at the same voting places as the Annual School Election on Monday, June 13, 1983, and will be conducted by the same school officials for those electors of the intermediate school district residing in this school district.

At the Regular Biennial Election there will be elected three (3) members to the Intermediate School Board of Charlevoix-Emmet Intermediate School District for full terms of six (6) years ending in 1989.

THE FOLLOWING PERSONS HAVE BEEN NOMINATED TO FILL SUCH VACANCIES:

CHARLEVOIX-EMMET INTERMEDIATE SCHOOL DISTRICT Six Year Terms

Robert W. Anderson
Patricia Conkle
James C. Dahl
Clayton Healey

All school electors who are registered with the city or township clerk of the city or township in which they reside are eligible to vote at this election.

I, Anah H. Potter, Treasurer of Charlevoix County, Michigan, hereby certify that as of March 21, 1983, the records of this Office indicate that the total of all voted increases over and above the tax limitation established by the Constitution of Michigan, in any local units of government affecting the taxable property located in East Jordan Public Schools, Charlevoix and Antrim Counties, Michigan, is as follows:

Opinions

Resurgence of patriotism can be seen this weekend

It is really interesting to see a resurgence in this community of being proud to be an American and using the Memorial Day weekend as more than just a vacation, a time for a car race, or a day off to put in a garden.

Part of the resurgence we feel in Boyne City, is due to the veterans groups and their asking for some of the space in the park that is named for them. Their attention has brought the community's attention to the

fact that it is not a shameful thing to be patriotic.

The veterans of all the wars that we have fought, all the conflicts, all the police actions, and all of the occasions where Americans were just asked to spend lives in the name of freedom know why they were involved in the conflicts.

They, in many cases, left behind loved ones so the loved ones could have the right to even argue the value of war. Some did

not come back.

In many other countries, you would not have that right to disagree. Just look at what Poland is going through. The same could be said of quite a few other nations that do not offer the same freedoms that we, as Americans, enjoy.

We could list many other reasons why we should be proud. But we feel that we shouldn't have to. We all have our feelings as to what freedom can and should mean. Just because a day is set aside for those

who ensured our freedoms, doesn't mean that we can't take a moment to reflect on those who gave their lives.

We should join in all the services to the past heroes...and at the same time pray that we will not get involved in a struggle to defend those rights we so highly praise again.

The veterans of today have made us more aware of our past struggles to maintain our present lifestyle. We owe them at least a moment of the weekend.

Letters

Veterans speak out on park and Memorial Day

Editor,

For the veterans of Boyne City its time to issue a recall to duty. The city manager has undertaken to personally see that the veterans' memorial proposed a year ago be either hidden or scrapped completely. He has some support from a few members of the planning commission and one councilman.

The reasons for this action is unknown, but we each can form our own opinions, and ideas.

In August of '82, the veterans from VFW and Legion appeared at the city commission meeting and requested permission to build a usable memorial on approximately 25x60 feet of the southeast corner of the old tennis courts in Veterans' Memorial Park. At that time our erstwhile city manager informed us that city employees could do some of the work but the veterans would be responsible for material costs. We then set a target date for dedication of this memorial of May 30, 1983.

Again we were informed that our city manager could see no reason that the project could not be completed and dedicated on Memorial Day, 1983. That is next Monday, Memorial Day, and we are still requesting permission to build our memorial.

First we were informed by the non voting member of all city commissions (city manager) that the Parks and Recreation Committee had to approve the site plan and memorial. This approval was obtained by unanimous consent of the Parks and Recreation Committee. Then we and the P.R.C. were informed it had to be okayed by the planning commission. This commission's chairperson has been aware of the proposal project and has been on city manager's side right along.

The planning commission on the whole claimed ignorance of the proposed memorial even though the plan was published in the paper in 1982. This fact of ignorance of the project strikes me as a cop out and I think set up by our city manager.

With another turndown by the planning commission there is another

Moratorium

Street as part of the capital improvement program that was started two years ago.

The city has had to postpone the construction because of the need of a new production well and could not find the money in the yearly budget.

If the application is approved under the jobs program, the city could replace the street this year.

The loan, if approved, would have a 15 year payback period. Clifton had sent in the application for the project that included a well as well as improvement to the sewer system. But the state can not fund the water or the sewer part of the project, so Clifton is re-submitting the application for just the road.

If the project is approved, it would have to be bid out by August 15 or else the construction would have to wait for a year.

Council seeking change in vendor law

Weighing sympathy for one with equal treatment for all possible applicants, East Jordan city council denied the request for a permit for the Bud and Linda's Snackin' Wagon to operate in city parks, as outlined in the city ordinance.

The council police committee is working, however, with the city attorney on a new ordinance with the hope that a limited number of vendors can be given more scope in the city.

In a report from city superintendent Mike Dionne, the council learned that pillings would go in this month as a first

"10 to a pound" said Jerry Sulak when he weighed this batch of black morris he found in the area woods. Holding the catch is Reva Spencer who found the biggest one which weighed 4 oz. by itself. Both have been hunting mushrooms every day so far this season.

Salmon weir

Concluded from Page 1

flow of water; (2) that, during the salmon run, policing the river banks to the upstream weir with its salmon barrier would be a problem; (3) that the DNR went ahead with the planting of salmon fingerlings before the decisions on the weir were wrapped up; and (4) that the lamprey dam would back up water for 6,000 feet or so, with some flooding of the banks possible, once or twice in a decade.

Those, owning land along the river, and present at the meeting, underlined the fact that the wild-river designation, while it protected the beauty of the river, also puts stringent restrictions upon the property owners along the river. They pointed out that the DNR was ready to overturn its own restrictions while still holding property owners to theirs.

Before any action can take place, the river zoning board must grant a variance in the wild-scenic river regulations to allow the lamprey dam to go on.

One of the points made for having the dam at the river mouth is that it is below the stretch of river designated as wild-scenic. Another was that although there would be more flooding of the marshy lands around the river mouth, the value of the land for any other purpose was not significant.

All these considerations, plus the price tag of \$160,000 prompted the question of why not forget the idea of a weir.

DNR district biologist Jerry Manz told the commissioners, "The impact of not developing a lamprey barrier is serious."

In an effort to destroy lamprey, which at one period had nearly wiped out trout, the DNR has a spraying program, costing about \$50,000 every four years.

Manz said the dam, while costly, would eliminate the necessity for spraying. He noted that the chemicals used do harm some water-related plants and insects and "someday it's going to come to pass that we can't dump any more chemicals into the water."

The concrete dam, extending 15-18 inches above water, would be in effect only during the lamprey spawning season in the early spring. After that a gate in the dam could be opened to allow passage of water and fish. Canoes would have to be carried over a short portage.

The salmon barrier, Manz said, would only be a grating in place above the lamprey weir, with no significant effect on water flow. It would be up only during the autumn salmon run.

It is the salmon that have brought the pressure for a weir. Local Chambers of Commerce and other associations and municipalities expect the weir to make it possible to have vastly increased sport fishing in the area. Without a weir, the salmon can spawn upstream and then the young salmon can devour the trout population.

The weir would also make possible the commercial harvest of the spawning salmon which would soon die anyway. From this some 3 1/2 cents per pound would be returned to the DNR.

And salmon was the cause of some of the dismay over DNR steps regarding the weir, but Manz explained the salmon were ready and had to be planted even though the rest of the weir schedule was delayed by siting problems.

Manz said a weir at the site below Deer Creek had been washed out in previous tries. This was a location frequently presented by interested groups. He said, however, that the river bottom was soft and the amount of diking necessary would make the cost prohibitive.

The diking at the river mouth would run even more, he said—as much as the DNR budget for the entire program, some two million dollars.

The Jordan River Zoning Board Tuesday deferred deciding on a variance for the weir proposed by the DNR. Agreeing that a dam was necessary, board members Helen Cherry, Dave Pray, Sherman Thomas, and David Twining voted to have a public hearing on the lamprey-salmon barrier location because of objections offered on the location of the weir one and one-half miles upstream.

The hearing may be conducted by Inland Lakes and Streams Division of the DNR and will probably include other interested boards and agencies. Date and place has not yet been determined, but the possibility is strong that it won't get under the project deadline. If another extension is not granted, the matter will go back to the Charlevoix County Planning Board and subsequent boards without a hearing.

method of obtaining this proposed memorial to all the people who have given their time and for many their lives to protect this great nation and allow an editorial such as this to be printed, and that is a petition drive that will be underway when you read this letter.

This memorial is far more than emotional to the veterans. It is our way of saying thanks to God and our country to be able to honor all that have passed before us.

It is also our way of showing our children and grandchildren this nation is worth fighting for and that we can never take our way of life too lightly because someone is always ready to tear it down. Thank you all for reading these words and signing our petition.

Andy Andrick
Commander Pro Term
VFW Post 3675

Editor,

I have tried many times to write a letter to the public, to express my concerns as a citizen and veteran. I will try once again.

Once again on Monday, May 30,

1983, Memorial Day will be here, and as usual, citizens all over our great nation will expect to witness or take part in some kind of special ceremony. These ceremonies are designed to celebrate, recognize, and pay tribute to those young men and women who sacrificed their right to walk, talk, listen, and ultimately their right to life for the sake of freedom. Often times their sacrifices were unknown to them, and yet we still benefit from their traditions. We are celebrating a long tradition of self-sacrificing peoples; I, for one, am proud to honor these people.

In times of war, it's easy to remember those far away, but how often do we remember those in V.A. Hospitals, or those who are unable to participate fully in society due to their sacrifices? This thought brings to mind Jesus Christ and his sacrifice that gave us life. Haven't these veterans in essence done the same thing?

To thank you and show my gratitude for this life of mine, I will walk with pride with other dedicated veterans through the streets of Boyne City and

surrounding townships. I, for one, will be very grateful to any veteran who'll show his pride on Memorial Day '83 by joining us in groups or as individuals in the parade. This is the one day of the year, you as veterans, can stand up and be recognized.

In closing, I'd like to pay tribute to all those faithful members and veterans that have served on the Drill Squad, continuously or part time, for the past 37 years. You've done a great job and I am very proud to have served the community with you. I'd also like to recognize our VFW and Legion Color Bearer Squad, as well as both the Legion and VFW Auxiliary Units for their everlasting dedication to our country and community. Thanks to those who give so much and receive so little in return.

Sincerely,

Cebert Gillespie, Sgt. at Arms

Jarema ordained in Mass.

The Congregation of Marians, St. Stanislaus Kostka Province, announced the ordination of William J. Jarema, M.I.C. to the priesthood in a joint ceremony on May 28, 1983 at Pearce Chapel, Lenox, Mass. He was ordained by the Most Reverend Leo E. O'Neil, D.D., Auxiliary Bishop of Springfield.

FR. WILLIAM JAREMA involved in various apostolic efforts while at the Catholic University, his most fulfilling ministry was in working with alcoholics. With another Marian student, he also established "Isaiah House" a halfway house for the rehabilitation of former inmates.

Participating in the ceremony were the Very Rev. Fidelis Grabowski, M.I.C., General Superior of the Congregation of Marians in Rome, Italy; the Vicar General, Rev. Donald Petraitis, M.I.C., and the General Councillor, Rev. Casimir Janiewicz, M.I.C., also of Rome.

Following the ordination ceremony, a reception was held at the Marian Monastery on Eden Hill in Stockbridge.

On October 3, 1981, Father William J. Jarema is the son of Francis and Marilyn Jarema of Boyne City. After graduating from Boyne City High School, Father Bill joined the Marian Community in Brookeville, Maryland and undertook his liberal arts education at Montgomery Community College. On August 14, 1975, he entered the novitiate of the Congregation of Marians in Brookeville, and took his first vows on August 15, 1976. Father Bill completed his college career at the Oblate College in Washington, D.C., and concluded his theological studies at the Catholic University of America, also in Washington. Although Father Bill was

On October 3, 1981, Father Bill made his perpetual profession in the Congregation of Marians at St. John the Baptist Church in Silver Spring, Maryland, where he was active in pastoral ministry. He was ordained to the diaconate on May 29, 1982 by the Most Rev. Eugene Marino, S.S.J., Bishop of Washington, D.C. Following his ordination, Father Bill served on the staff of Our Lady of Peace Spiritual Life Center in Narragansett, Rhode Island.

Father Bill is presently gaining pastoral experience at St. Joseph's Parish in Beltsville, Maryland, and is also part-time at the Marian Home of Prayer in Brookeville, Maryland.

Graduate

Nancy E. Lentz, daughter of Mr. and Mrs. Henry Lentz of E. Main St. in Boyne City is a candidate for an associate degree from Lake Superior State College in nursing. She is a 1980 graduate of Boyne City high

school. While at Lake Superior State College she was active in women's varsity tennis. Following graduation she plans to return to the college and complete a bachelors degree in nursing.

Johnson inducted into Club

Energy Marketing Group has announced the induction of a new member into the company's prestigious President's Club. Kathy Johnson of Boyne City was inducted at the spring meeting of the club which was held in Petoskey on May 6 and 7.

Johnson was elected and inducted as an honorary member of the organization for her excellence in support of the sales departments. Total membership of the Club stands at 22.

Memorial Day weekend should help propel Michigan to a \$1.5 billion summer tourism season and give the state's economy a 3 percent boost over last summer, according to the Automobile Club of Michigan.

"Such tourism barometers as expected increased holiday travel, a bigger demand for AAA routings, greater interest in camping and fishing and stable travel costs indicate we should have a very good summer season," said James Drury, Auto Club's Travel Operations manager.

"Requests from Auto Club members for routings to Michigan destinations and the volume of out-of-state AAA members served at our 56 offices statewide are both up about 9 percent so far this year over 1982," said Drury.

The Michigan Department of Highways estimates motorists on state roads will log 700 million miles, up 3 percent over the 1982 Memorial Day weekend. The 78-hour holiday officially begins at 6 p.m. Friday (May 27) and runs through midnight Monday (May 30).

All four Michigan regional tourist bureaus report an upsurge in tra-

vel inquiries this year. The Upper Peninsula Travel and Recreational Association has received double its usual amount of summer tourism inquiries. Some 400,000 additional pieces of literature, one-third above last year's level, have been distributed by the Southeast Travel and Tourist Association.

A 10 percent rise in summer tourism activity is expected by the West Michigan Tourist Association. The East Michigan Travel Association expects plentiful gamefish in Lake Huron and inland waters to lure increased visitors to northeast Lower Michigan this summer.

The Michigan Travel Bureau received a 20 percent increase in tourism

inquiries during the first quarter of this year compared to 1982. Early requests for summer tourism information, which began in April, are equal to last year.

"Requests for AAA's Michigan campground guide are up nearly 20 percent over last year at this time," Drury pointed out. The Department of Natural Resources expects state park campground reservations to rise about 5 percent over last summer.

Private campground reservations for the Memorial Day holiday are at least equal to last year, with southern Lower Michigan areas expected to fill first.

"Steady gasoline prices should help encour-

age Michigan travel this summer," Drury said. "Despite the 5-cent-a-gallon federal tax increase on April 1, the average monthly cost of self-serve no-lead rose only 1.7 cents from April 1982 to April 1983 and is down 20.6 cents from the same period in 1981."

Michiganians also should find travel costs beginning to stabilize. The current travel cost per night is estimated at only \$2.50, or 4 percent, above the \$63.50 per night cost for Michigan travel in 1982. Travel costs in the state increased by 12 percent in 1981 and by 20 percent in 1980 as reported through the Travel Price Index.

Nine persons died on Michigan highways last

Memorial Day holiday, the lowest total for a summer holiday since nine persons died during the 1962 Fourth of July holiday. Six of the nine at-fault drivers had been drinking, while all but one of the drivers were within 25 miles of home when the fatal accident happened.

The Auto Club's "Bring 'Em Back Alive!" Holiday News Service will begin its 19th straight year of reporting on traffic and tourism via a network of 170 Michigan radio stations. It will operate with a 25-member staff from 3 to 11 p.m. Friday (May 27), from 8 a.m. to 11 p.m. Saturday and Monday (May 28 and 30) and from 11 a.m. to 11 p.m. Sunday (May 29).

Graduate

Pam K. Prebble, daughter of Mr. and Mrs. Robert G. Prebble of Advance Rd., Boyne City is a candidate for a bachelor of science degree from

Lake Superior State College.

Pam majored in accounting and is a graduate of Boyne City High School of the class of 1979.

BOARD OF COUNTY ROAD COMMISSIONERS

CHARLEVOIX COUNTY NOTICE TO BIDDERS

The Charlevoix County Road Commission will receive sealed proposals at their offices at 1051 East Division Street, Boyne City, Michigan 49712, until 10:00 a.m. on Monday, June 13, 1983, for furnishing the following:

- One (1) Tractor and Roadside Mower
- Two (2) 1/2 Ton Pickups

Further information and specifications may be obtained at the Commission offices. All bids must be on forms supplied by the Road Commission.

All Proposals must be in sealed envelopes, plainly marked as to the item bid upon and the name of the bidder.

The Charlevoix County Road Commission reserves the right to waive the irregularity of any bid, or to reject any or all bids or to split the award by items, or to make the award in whole or in part, as may be deemed to be in its own interest.

Commission Minutes

CHARLEVOIX COUNTY BOARD OF COMMISSIONERS
APRIL 27, 1983

A meeting of the Charlevoix County Board of Commissioners was called to order at 7:08 PM by the Chairman, I. Lee Moerland.

Roll was taken with the following members in attendance: Commissioners Matthew, Harmon, Sutliff, Breakey, Smith and Moerland, 6.

The pledge of allegiance to the flag was led by Commissioner Matthew.

A number of guests in the audience were asked to introduce themselves.

UNSCHEDULED PUBLIC COMMENT

Earl Muma, Emergency Services Director, spoke briefly about training requirements for emergency preparedness personnel throughout the county. Some schools and governments are not willing to participate in the training because of the cost involved. Mr Muma indicated that he has requested assistance from the State and the Nuclear Regulatory Commission in obtaining funds for training purposes.

Christa-Maria also addressed the issue of emergency preparedness, supporting Mr Muma's analysis of the need for training. She cited a recent study by the Union of Concerned Scientists which contends that the statistical probability of a serious nuclear reactor accident is much higher than even NRC studies would indicate. The study also emphasizes the need for and importance of training of emergency preparedness personnel in areas that would be affected by such an accident.

APPROVAL OF MINUTES OF APRIL 13 SESSION

Moved by Commissioner Smith that the minutes of the April 13, 1983 session of the Board be approved as presented. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

1983 EQUALIZATION REPORT

Joan Blanchard, Equalization Director, presented the 1983 Equalization Report as detailed in the summarization attached hereto and incorporated herein. She discussed various aspects of classes and percentage increases over 1982. She also answered a number of questions which had been raised at an earlier committee meeting.

RESOLUTION--1983 EQUALIZATION REPORT (#83-020)

Moved by Commissioner Smith that the following resolution be adopted:

We recommend the Board of Commissioners adopt the equalized valuations for each class of property in each Township and City as listed in the 1983 Equalization Report.

The total aggregate valuation of the real property is 351,288,661, the personal property is 29,962,449, for a total county equalized valuation of 381,251,110, as reflected on the report attached hereto and incorporated herein.

ROLL CALL VOTE: Yeas, 5. Nays, Harmon, 1. Motion carried.

The Chairman read a letter from Larry Gregory, Business Representative of the Teamsters Union. The letter stated that the contracts for the Sheriff's Department were enclosed. These were distributed, but Commissioner Matthew indicated that no action will be taken until the Board members have had an opportunity to review the document and the County's labor attorney has had an opportunity to deliver his opinion. The matter will be reviewed at the next meeting.

The Board recessed briefly at 8:20 PM, reconvening at 8:45 PM.

NUMBERING SYSTEM REPORT

The Chairman read a resolution of endorsement and support for the numbering project submitted by the Charlevoix County chapter of the Michigan Townships Association.

Russell Geeck of the Building Department introduced Bill Kaiser from Consumers Power Company who answered questions on the grid system used in developing house numbers. After Mr Kaiser's presentation, Mr Geeck indicated that the north side of Charlevoix Township has been measured and numbered. A discussion of the status of the numbering program followed. The Building Inspection Department was instructed to obtain some more detailed information on the grid system to be presented at the May 11 meeting.

PATRICIA LAKE DAM

The Chairman indicated that approximately one month ago the Drain Commissioner received a petition from property owners of the Patricia Lake area in South Arm Township requesting that a legal lake level be determined. Clayton Healey, Drain Commissioner, explained the process set up by the drain code for establishing an artificial lake level.

Moved by Commissioner Sutliff that the matter be taken under advisement and the question referred to the Prosecuting Attorney for guidance. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

MARION TOWNSHIP PUBLIC GATHERING ORDINANCE

The Chairman read a letter submitted by the Marion Township Supervisor on behalf of his Board requesting that the County Board consider the possibility and feasibility of adopting a county-wide public gathering ordinance. It was indicated that there is support for an ordinance within individual townships and that the Marion Township Board members would lobby the local chapter of the Townships Association for acceptance. A discussion followed, which developed a question in the minds of some Board members whether this issue falls within the purview of the County Board of Commissioners. The matter was referred to the Prosecuting Attorney for further study.

RESOLUTION--EMERGENCY TRAINING FUNDS (#83-021)

Moved by Commissioner Breakey that the following resolution be adopted: WHEREAS, the Charlevoix County Board of Commissioners recognizes the need for additional funds to implement effective operation of the emergency services plan for the County; and

WHEREAS, the implementation of said plan requires significant funding which is unavailable to Charlevoix County or its local units of government;

NOW THEREFORE BE IT RESOLVED, that application for financial assistance for emergency preparedness be made to Consumers Power Company, parent corporation of the Big Rock Nuclear Plant, pursuant to applicable federal regulation (45 Fed Reg 55402 at § IX. Funding (August 19, 1980).

ROLL CALL VOTE: Yeas, 6. Nays, none. Motion carried.

The Chairman stated that he had earlier executed an agreement with the Health Department for the Animal Control Program. As the budget for this program had been adopted by the Board at an earlier date, there was no Board action necessary.

Commissioner Breakey indicated that the Sheriff is applying for a training grant for some of his employees under the Criminal Justice Training Fund.

Moved by Commissioner Sutliff that discussion of the matter be deferred until May 11 and that the Sheriff be requested to be present to discuss the grant and its goals. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

EDC APPOINTMENTS

The Chairman requested confirmation of the appointment of David Hand and John Dixon, residents of the City of Charlevoix and project crew, to the EDC Board of Directors for the W-A Development Project. He indicated that these two gentlemen had been recommended by the Charlevoix City Council for the positions. Moved by Commissioner Smith that the appointments be confirmed. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

Commissioner Smith passed out a Lake Michigan water quality study performed by the Regional Planning Commission, which he then reviewed briefly.

TRANSIT COMMITTEE

Commissioner Smith, on behalf of the Transit Committee, requested a 30 day extension on the presentation of their report and recommendations. Moved by Commissioner Matthew that the Ad Hoc Transit Committee be given until June 8 to develop and present their report. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

The Chairman indicated receipt of a proof copy of the West Michigan Tourist

Association ad which is not impressive. It was recommended that the Printing Committee, Commissioner Matthew liaison, begin looking for more effective advertising.

Chairman Moerland read a letter from Richard Knapp of the Department of Social Services explaining the results of his research into Basic Grant payments to Charlevoix County for fiscal '81-'82. The letter indicated payment was made as of March 7, 1983.

The Chairman reviewed the following communications:

1.) a cover letter from the Department of the Interior accompanying a copy of the final comprehensive plan for management and use of the North Country National Scenic Trail.

2.) a reminder of the need to review the status of the Ernest Hemingway display in the lobby of the County Building. It was donated by Consumers Power Company and has been in the lobby for a number of years. It needs to be refurbished or replaced. The matter will be reviewed again at a later date.

3.) a resolution from the Michigan Association of Counties regarding pay increases for state officials. Referred to Commissioner Matthew.

4.) a notice of public hearing from the House of Representatives Standing Committee on Public Health, announcing public hearings in May on the question of provisions of the Adult Foster Care Licensing Act. Copies of the letter are to be given to the Directors of the District Health Department and the county Department of Social Services.

Moved by Commissioner Harmon that the meeting be adjourned. Motion carried.

Next meeting, Wednesday, May 11, 1983 at 9:30 AM.

JANE E. BRANNON, COUNTY CLERK

I. LEE MOERLAND, CHAIRMAN

CHARLEVOIX COUNTY BOARD OF COMMISSIONERS
APRIL 13, 1983

A meeting of the Charlevoix County Board of Commissioners was called to order at 9:30 AM by the Chairman, I. Lee Moerland.

Roll was taken with the following members in attendance: Commissioners Matthew, Harmon, Sutliff, Breakey, Smith and Moerland, 6.

The pledge of allegiance to the flag was led by Commissioner Moerland.

UNSCHEDULED PUBLIC COMMENT

Christa-Maria introduced herself and spoke briefly of her concern for appropriate training of emergency preparedness personnel and the source of funding for such training.

G.T. Long of Senator Irwin's office passed out information regarding the impact of the income tax increase and some of the consequences that might have occurred had the increase not been approved. He also reviewed the status of the possible increase in the sales tax, which will probably be on the 1984 ballot; the appointment of a new DNR director and the jobs package.

APPROVAL OF MINUTES OF MARCH 23 SESSION

Moved by Commissioner Harmon that the minutes of the March 23, 1983 session of the Board be approved as presented. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

Larry Sullivan, County Planner, discussed a proposed inventory of forest timber stands in the County. He indicated a great need for such an inventory and outlined the benefits such a survey would provide: 1) an index of the size and location of timber in the county which is important as an economic development resource; 2) a cataloging break-down of specific parcels of timber-producing property by the kind of timber present which would aid in better resource management; 3) townships would be provided with needed information to regulate property splits under their zoning ordinances; 4) new, high quality aerial photos of the county, which would benefit several county departments and agencies.

He further outlined the mechanics of the project and the anticipated sources of funding. The costs will be divided among the agencies to benefit from the project, including the Soil & Conservation District and the Cooperative Extension Service as well as the County. It is also anticipated that a college student working for degree credits would be used for the bulk of the research, thus reducing costs. He estimated the cost to the County would be \$3,500 with other funding sources picking up the difference.

After a discussion, the matter was referred to Commissioner Smith, Planning Liaison, and the Ways and Means Committee.

The Board recessed briefly at 10:15 AM, reconvening at 10:30 AM.

Commissioner Smith passed out information regarding maintenance of effort which is a formula by which counties reimburse the state for Medicaid payments for nursing home residents. Mr Tilden, Director of the County Department of Social Services, explained the formula in detail and reviewed the lawsuit recently filed against the State by Hillsdale County over this issue. He pointed out that these formulas are extremely complex--so much so that even nursing home administrators have difficulty comprehending them. Most counties find that the maintenance of effort formula, introduced by the State in 1980, is inequitable. Hillsdale County objected to the MOE formula and refused to pay; the State then withheld revenue sharing funds and the entire controversy wound up in court. Hillsdale County has requested that other counties join them in support of their lawsuit. Further discussion indicated that the net cost to Charlevoix County for Medicaid patients at Grandvue under the MOE formula is \$3.88, with the State paying the balance of the daily cost (approximately \$50 per patient). While there would be some savings to the County if the lawsuit were won, Commissioner Smith indicated that he could not recommend County participation at this time and moved that the subject be left in committee for further study. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

Michigan Bell Telephone marketing specialists Richard Burchfield and Jerry Slaby, offered a presentation to Commissioners and department heads, outlining the benefits of the "Centrex Telephone System." Among these are tying together all county telephones in the 547 exchange at a central location, allowing for conference calls, call transfers and privacy, as well as providing a net savings to the County. A question and answer period followed with the proposal being taken under advisement.

The Board recessed for lunch at 11:40 AM, reconvening at 1:00 PM.

As requested by the Board, Richard Knapp, Child Care Fund Consultant for the Department of Social Services, discussed a letter that John Murphy, Judge of the Probate Court, sent to the DSS requesting review of the Youth Activities program for 1981-82, in which he stated that Emmet County did not receive a fair share of services. Mr Knapp stated that the proper procedure for change of service delivery to Emmet County was not observed. A discussion of the problem with Emmet County followed.

The Chairman asked Mr Knapp to review how the County stands with the present Basic Grant program plan and the requirements of the Department of Social Services. Mr Knapp indicated that his only real concern with the program in the area of target population. The goal is for participating counties to have a better definition of the youngsters they plan to serve. The Basic Grant monies are intended to serve children who are in the juvenile justice system or children who are likely to come within the system. The problem comes when the word "likely" is given too broad a definition. Therefore, the recommendation to the county is that the target population for fiscal '83-'84 be more strictly defined.

The Board requested that Mr Knapp provide a financial audit of the 1982-83 Youth Activities Program as records in the County Treasurer's office indicate no funds were received from the State during this period for the program and general fund monies were used exclusively to maintain the program.

The Chairman read a letter from the DNR regarding the Patricia Lake Dam in

Charlevoix County

Commission Minutes

South Arm Township, and a petition to the Board of Commissioners for the establishment of a legal lake level. The matter was referred to the County Clerk for a determination of the sufficiency of the signatures.

The Chairman stated he frequently receives information from the Nuclear Regulatory Commission regarding nuclear power generators (e.g. Big Rock.) All materials will be kept on file for public review. He also indicated receipt of a copy of Consumers Power Company's annual report. He discussed information received from the Department of State Police regarding budgets and funding for emergency preparedness training costs.

The Chairman reviewed resolutions from Ingham, Oakland and Lake Counties, all opposing the state takeover of the courts. He also reviewed a position notice from the Michigan Association of County Clerks favoring the elimination of the presidential primary. All were referred to Commissioner Matthew.

RESOLUTION--COURT TAKEOVER (#83-014)

Moved by Commissioner Matthew that the following resolution be adopted:

WHEREAS, legislation will be introduced which is intended to implement the Michigan Constitutional mandate of "a single unit of justice" within the state through state takeover of the Circuit Court, District Court, Probate Court, and Friend of the Court; and

WHEREAS, the State of Michigan has not yet consistently met its commitment to fund public health, secondary and higher education, probation takeover, the full State Revenue Sharing formula or maintain the 41.6% return to local units of government required by the Headlee Amendment; and

WHEREAS, previously proposed legislation left many unanswered questions regarding the method of state funding for court operation and administration, standards and definitions facilities, support and security to be provided by counties and potential wage and collective bargaining differentials as court employees become state employees; and

WHEREAS, under the previous legislation the state would assume existing county property while mandating the costs for facilities, utilities, security and indigent attorney fees upon the county; and

WHEREAS, state court takeover would result in higher costs statewide as well as a loss of the potential for innovation and the improvement of judicial services within individual counties and increase the difficulty of effectively monitoring and containing Court costs; and

WHEREAS, the Michigan Department of Management and Budget has estimated the cost of state court takeover to be in excess of \$141 million, excluding necessary additional support personnel, while at the same time, there has been no demonstration of substantial benefit to either clients of the judicial system or Michigan taxpayers; and

WHEREAS, the Michigan Association of County Clerks and thirty-three Michigan counties have expressed their opposition to the state court takeover; NOW THEREFORE BE IT RESOLVED, that the Charlevoix County Board of Commissioners hereby opposes state court takeover.

BE IT FURTHER RESOLVED, that the Board of Commissioners request County legislators to seek clarification of the following concerns with regard to any proposed state court takeover legislation:

1. The method of state funding for the future cost of administration and operation of a statewide court system.
2. The definitions and standards to be required of counties by the state with regard to court facilities, utilities, security and any other mandated support.
3. Whether the costs of both the administrative and judicial functions of the Probate Court-Juvenile Division will be assumed by the state and, if so, what the definition of the administrative function is and how it will be funded.
4. At what point will the state assume full responsibility for court room facilities, utilities, security and indigent attorney fees?

BE IT FURTHER RESOLVED, that copies of this resolution be sent to Governor Blanchard, Senator Irwin, Representative Ostling and the Michigan Association of Counties.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

FINANCE COMMITTEE REPORT, MARCH, 1983

Moved by Commissioner Sutliff that the report of the Statutory Finance Committee for March, 1983 be accepted as presented. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

The Board recessed briefly at 2:15 PM, reconvening at 2:30 PM.

ORGANIZED VOTERS OF AMERICA PETITIONS

The County Clerk presented to the Board the petitions filed by the Organized Voters of America, requesting submission of a separate tax limitation question to the voters of the County, stating the petitions complied with the law in the sufficiency of their signatures. Upon receipt of the petitions, the Chairman of the Board stated that he had earlier questioned the legality of wording and the division of various millages and had requested that the Board's legal counsel review the legality of the petition. The Prosecuting Attorney, Scott Beatty, in presenting his written report, read two letters addressed to the Board which expressed his opinion regarding the legal sufficiency of the petitions. The Prosecutor indicated that it was his opinion that the petitions did not substantially comply with the law as set forth in the property tax limitation act and that, therefore, he would recommend that the question not be submitted to the voters. Moved by Commissioner Smith that the recommendations of the Prosecutor be accepted and that the petitions be found not in substantial compliance with applicable statute. ROLL CALL VOTE: Yeas, 6. Nays, none. Motion carried.

Moved by Commissioner Sutliff that the Clerk be instructed to notify the appropriate officials of the Organized Voters of America that the petitions have been rejected and the reason for said rejection. ROLL CALL VOTE: Yeas, 6. Nays, none. Motion carried.

RESOLUTION--INCREASE POSSE MEMBERS (#83-015)

Moved by Commissioner Breakey that the following resolution be adopted:

WHEREAS, communications is an important part of modern law enforcement; and WHEREAS, because of the necessity of increased staffing in the Sheriff's communications department during peak periods of activity, it has at times been necessary to use qualified road patrol deputies and posse members to staff the office and radio room; and

WHEREAS, this duty could be accomplished to a great extent by posse members trained and serving only in that capacity; and

WHEREAS, the only cost to the County for this service would be \$237.50 insurance fee to be derived from the Sheriff's budget from the Sheriff's budget;

NOW THEREFORE BE IT RESOLVED, that the allowed number of Sheriff's posse members be raised from 10 to 15, it being understood that the extra 5 posse members will be used only for communications and security sections of the Sheriff's Department.

Moved that the foregoing resolution be amended to state the following:

"It being understood that the extra 5 posse members will be used only in the communications and any other duties permitted by the low hazard insurance classification." There being no objections, the Clerk was instructed to cast a unanimous ballot on the amendment. Motion carried. There being no objections to the resolution as amended, the Clerk was instructed to cast a unanimous ballot. Motion carried.

RESOLUTION--STATE OFFICIALS' PAY INCREASES (#83-016)

Moved by Commissioner Sutliff that the following resolution be adopted:

WHEREAS, the Michigan Constitution does not provide for certain state officials to establish their own rate of pay, nor do they have the opportunity to vote themselves a pay increase; and

WHEREAS, an independent committee appointed by the Governor (the State Officers' Compensation Commission) establishes the pay scales for the Governor, Justices of the Supreme Court, Secretary of State, Attorney General and the state legislators; and

WHEREAS, the State Officers' Compensation Commission meets every two (2) years to recommend levels of pay for the following two (2) years and it is only

possible for the Legislature as a whole to vote to reject any automatic pay increase and not to specify a given rate of pay; and

WHEREAS, the Charlevoix County Board of Commissioners feels the aforementioned state officials should not accept pay increases in view of such difficult economic times and in light of the pay freezes already taken by several public and private employers in the State of Michigan; and

WHEREAS, the annual cost-of-living (COLA) has reflected a downward trend and compared with other state officials, Michigan's state officials are already well paid;

NOW THEREFORE BE IT RESOLVED, that the Charlevoix County Board of Commissioners urges its state leaders and state legislators to vote to reject their automatic pay increases slated to go into effect January 1, 1984.

BE IT FURTHER RESOLVED, that copies of this resolution be forwarded to Governor Blanchard, Senator Irwin, Representative Ostling and the Michigan Association of Counties.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

RESOLUTION--FOREST TIMBER INVENTORY (#83-017)

Moved by Commissioner Sutliff that the following resolution be adopted:

WHEREAS, the Planning Department has requested \$3,500 from the County Board as part of the projected budget for an inventory of forest timber stands; and

WHEREAS, the Ways and Means Committee of the Board of Commissioners concurs with this request;

NOW THEREFORE IT IS THE RECOMMENDATION of the Ways and Means Committee that these funds be made available to the Planning Department from the Public Improvement account.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

Commissioner Sutliff read a letter prepared for mailing to the Directors of the Wolverine Electric Cooperative in which Charlevoix County and its Board of Commissioners encouraged Wolverine Electric Cooperative to continue to maintain its administrative offices in Boyne City and offered Commission support. Moved by Commissioner Sutliff that the Chairman be authorized to sign the letter. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

RESOLUTION--MENTAL HEALTH APPROPRIATION (#83-018)

Moved by Commissioner Matthew that the following resolution be adopted:

WHEREAS, in the development of the 1983 general fund budget, the appropriation for Mental Health was included in the contingency fund; and WHEREAS, it has been determined that this appropriation should be

disbursed; NOW THEREFORE BE IT RESOLVED, that the Mental Health appropriation in the amount of \$24,000 be transferred from the contingency fund to the Mental Health fund, for appropriate disbursement by the fiscal officer, Anah H. Potter, County Treasurer.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

RESOLUTION--TRANSFER OF FUNDS FOR GRANDVUE (#83-019)

Moved by Commissioner Harmon that the following resolution be adopted:

WHEREAS, the Charlevoix County Social Services Board has requested the transfer of funds from the Grandvue Capital Account to the Social Welfare Fund in the amount of \$4,491.91 for the purchase of floor covering; and

WHEREAS, the Ways and Means Committee of the Charlevoix County Board of Commissioners concurs in this request;

NOW THEREFORE BE IT RESOLVED, that the Charlevoix County Treasurer is hereby authorized to transfer the sum of \$4,491.91 from the Grandvue Capital Account to the Social Welfare Fund for the purpose stated above.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

APPOINTMENTS TO STATE EQUALIZATION HEARINGS

The Chairman appointed Joan Blanchard as delegate to the State Equalization hearings and appointed Don Smith as alternate. Moved by Commissioner Harmon that the appointments be confirmed. There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

The Chairman discussed the need for employees to have a second physical examination after a lay-off period. A discussion followed with the consensus being that second physicals should be performed.

The Chairman read the following items of correspondence:

- 1.) a bulletin from the Michigan Association of Counties regarding scheduled release of state revenue sharing deferred payments.
- 2.) a letter to the Sheriff from the Department of Management and Budget adjusting the Secondary Road Patrol grant funds because of the Governor's budget reduction order; referred to Commissioner Breakey for further action.
- 3.) moved by Commissioner Matthew that the following letter be made a part of the minutes: Lee Moerland/Charlevoix Co. Commissioner/County Bldg/Charlevoix/Dear Mr Moerland: I want to comment to you as County Commissioner on the service I obtained from the County Building Department. I received both helpful and courteous attention while trying to determine the source of an electrical problem we had on a house we had recently sold. Please extend my appreciation to Russ Geeck once again. Sincerely, Steve Andreae.

There being no objections, the Clerk was instructed to cast a unanimous ballot. Motion carried.

Moved by Commissioner Matthew that the meeting be adjourned. Motion carried. Next meeting, Wednesday, April 27, 1983 at 7:00 PM.

CHARLEVOIX COUNTY PRESS

Press congratulates another 'Press'

It isn't often that a take note of another newspaper will use its newspaper, but the valuable page space to Press wants to commend

Rothenberger's Free Press for its coverage; its who, where, when, what leads; its features; and "photography." In case you've never read Rothenberger's Free Press, it's available from the fifth grade class of Mrs. Rothenberger in East Jordan. We quote from Tresa Hoffman's article, date-

lined "Charlevoix." "Harold Miller of Charlevoix has just become the new manager of Glen's Market in Charlevoix. The other manager was transferred to Gaylord." After describing Miller's job, Tresa notes that Miller grew up in East Jordan. She winds up her story by saying,

"His wife, Kathy, does not mind when he has to work late because she works also." We wish we could report on the other write-ups as well. They were all as concisely informative and interesting. And we wish we ourselves could attract ads like this one in the R. Free Press:

EJ names 1st woman police officer

Filling the vacancy in East Jordan's police force is policewoman Edith Godin, who started work recently, and performing same duties as her fellow officers. Godin was chosen out of a field of 21 applicants.

Officer Godin, unmarried, comes to the city from Saulte Ste. Marie. She has a bachelor's degree in police administration, having graduated from Lake Superior State College. Her degree includes "full police training," Chief Joe Hammond said.

She has been working summers in security work.

Chief Hammond said qualifications require first of all that a candidate for the department has state certification. In addition candidates undergo professional and psychological tests.

"Most of all, we are interested in the attitude of the candidate," he said. "The officer must be able to handle difficulties with courtesy."

What's Happening

ACE GENEALOGY

The ACE Genealogy Society will meet Thursday, June 2, 7 p.m., at the Boyne City Library. A workshop will be held this month.

MENTAL HEALTH

The board offices of the Northern Michigan Community Mental Health Services will begin a summer hours schedule June 1, continuing through Sept. 2, 1983. The offices will be open during that period from 7:30 a.m. to 3:30 p.m.

Looking out from her patrol car is the newest East Jordan police officer, Edith Godin. She was chosen for the post from a total of 21 applications.

Banker named to IBAA committee

Charles McDowell, board chairman of Northwestern State Bank in East Jordan, has accepted appointment to the Bank Education Committee of the Independent Bankers Association of America (IBAA). McDowell joins 10 other bankers from across the nation who will study, discuss and help frame association policy on issues related to banker education.

IBAA has more than 7,000 member banks in 48 states and the District of Columbia which are dedicated to the preservation of the independence and private enterprise in banking. The association believes the public is best served by banking institutions which are controlled by residents of the community or trade area they serve.

 Mortgagee, dated the
 23rd day of June, 1977,
 and recorded in the office
 of the Register of Deeds,
 for the County of Charle-
 voix and State of Michi-
 gan, on the 28th day of
 June, 1977, in Liber 149
 of Charlevoix County Re-
 cords, on pages 869
 through 872, which said
 mortgage was thereafter
 assigned to Federal Na-
 tional Mortgage Associa-
 tion, 150 S. Wacker
 Drive, Chicago, Illinois,
 60606 by assignment date
 June 24, 1977, and recor-
 ded on June 28, 1977 in
 the office of the Register
 of Deeds for said County
 of Charlevoix in Liber 149
 of Charlevoix County Re-
 cords, on pages 873 and
 874, on which mortgage
 there is claimed to be
 due, at the date of this
 notice, for principal and
 interest, the sum of Fif-
 teen Thousand Five Hun-
 dred Eighty Two and 15/
 100 (\$15,582.15);
 And no suit or proceed-
 ings at law or in equity
 having been instituted to
 recover the debt secured
 by said mortgage or any
 part thereof. Now, There-
 fore, by virtue of the
 power of sale contained
 in said mortgage, and
 pursuant to the statute of
 the State of Michigan in
 such case made and pro-
 vided, notice is hereby
 given that on Wednes-
 day, the 22nd day of
 June, 1983, at 10:00
 o'clock a.m., Local Time,
 said mortgage will be
 foreclosed by a sale at
 public auction to the
 highest bidder, at the
 main entrance to the
 County Building on State
 Street, Charlevoix, Michi-
 gan (that being the build-
 ing where the Circuit
 Court for the County of
 Charlevoix is held), of the
 premises described in
 said mortgage, or so
 much thereof as may be
 necessary to pay the
 amount due, as aforesaid,
 on said mortgage, with
 the interest thereon at
 eight per cent (8%) per
 annum and all legal
 costs, charges and ex-
 penses, including the at-
 torney fees allowed by
 law, and also any sum
 or sums which may be
 paid by the undersigned,
 necessary to protect its
 interest in the premises.
 Which said premises are
 described as follows:
 All that certain piece or
 parcel of land situate in
 the City of East Jordan in
 the County of Charlevoix,
 and State of Michigan,
 and described as follows,
 to-wit: Parcel I: Commenc-
 ing on the East line of
 Elm Street 460 feet South
 of intersection of the East
 line of Elm Street with
 the South line of Mill
 Street; thence East 120
 feet; thence South 60
 feet; thence West 120
 feet; thence North 60
 feet to the Point of Begin-
 ning; being part of the North-
 west 1/4 of the Southwest
 1/4 of Section 24, Town
 32 North, Range 7 West.
 Parcel II: Beginning on
 the East line of Elm
 Street 520 feet South
 from the Point of Inter-
 section of East line of
 Elm Street with the South
 line of Mill Street; thence
 East 120 feet; thence
 South 60 feet; thence
 West 120 feet thence
 North 60 feet to the Point
 of Beginning, being part
 of the Northwest 1/4 of
 the Southwest 1/4 of Sec-
 tion 24, Town 32 North
 Range 7 West. Also a
 permanent easement over
 a portion of the following
 described parcel of land,
 said easement to be for
 the repair, replacement
 and maintenance of the
 existing septic system of
 the home located on the
 above conveyed property,
 including the septic line

and drain field which lies
 in part upon the following
 described adjoining prop-
 erty of the grantor here-
 in: In the City of East
 Jordan, County of Charle-
 voix and State of Michi-
 gan; Commencing at the
 Southeast corner of the
 Northwest 1/4 of the
 Southwest 1/4 of Section
 24, Town 32 North,
 Range 7 West; thence
 North on the West 1/8
 line 660 feet for the point
 of beginning of this de-
 scription; thence contin-
 uing North on said 1/8 line
 to its intersection with
 the East line of Elm
 Street; thence South 160
 feet; thence West 120
 feet; thence South paral-
 lel with the East line of
 Elm Street to a point
 which is directly West of
 the point of beginning;
 thence East to a point of
 beginning. Subject to
 easements, right-of-ways,
 reservations and restric-
 tions of record.
 During the six months
 immediately following the
 sale, the property may be
 redeemed.

 Circuit Courtroom, at the
 Charlevoix County Build-
 ing, in the City of Char-
 levoix, in the County of
 Charlevoix and State of
 Michigan, on the 13th
 day of June, 1983, at 9:00
 o'clock in the forenoon,
 or as soon thereafter as
 the application may be
 heard.
 A description of said
 Front Street proposed to
 be relocated is that por-
 tion of Front Street be-
 tween Second Street and
 Division Street within
 The City of Boyne City,
 County of Charlevoix and
 State of Michigan as
 presently located, which
 is proposed to be discon-
 tinued and abandoned to
 be relocated and recon-
 structed southerly from
 and approximately paral-
 lel to said existing por-
 tion of said Front Street
 upon the following de-
 scribed land:
 The Following Description
 Encompasses the Peri-
 meter of the Proposed
 Relocated Sixty Foot
 Wide Roadway In the
 City of Boyne City,
 Charlevoix County, Michi-
 gan, Commencing at the
 Southeast corner of Sec-
 tion 34, Town 33 North,
 Range 6 West; thence
 South 89 degrees 57' 20"
 West along the South line
 of said section and along
 the centerline of Division
 Street, 2625.01 feet to the
 South quarter corner of
 said section; thence
 South 89 degrees 46' 35"
 West along said section
 line, and along said cen-
 terline, 795.85 feet, being
 the Point of Beginning of
 this description; thence
 continuing South 89 de-
 grees 46' 35" West along
 said section line, and

along said centerline,
 41.43 feet to an iron
 stake; thence continuing
 along said section line
 and along said centerline
 South 85 degrees 16' 30"
 West 255.80 feet to an
 iron stake; thence North 4
 degrees 42' 00" West
 30.0 feet; thence North 85
 degrees 16' 30" East
 73.39 feet; thence North-
 easterly on a curve to the
 left 381.00 feet (radius of
 said curve is 888.79 feet,
 and the chord bears North
 72 degrees 59' 40"
 East 378.09 feet); thence
 North 60 degrees 42' 51"
 East 430.17 feet; thence
 Northeasterly on a curve
 to the right 276.73 feet
 (radius of said curve is
 675.82 feet, and the
 chord bears North 72 de-
 grees 26' 40" East 274.80
 feet); thence North 84 de-
 grees 10' 30" East 446.60
 feet; thence Northeasterly
 on a curve to the left
 909.53 feet (radius of said
 curve is 1156.40 feet, and
 the chord bears North 61
 degrees 38' 35" East
 886.27 feet); thence
 North 39 degrees 06' 40"
 East 247.80 feet; thence
 Northeasterly on a curve
 to the right 207.99 feet
 (radius of said curve is
 719.46 feet, and the
 chord bears North 47 de-
 grees 23' 30" East 207.26
 feet) to a point on the
 Northwesterly prolonga-
 tion of the centerline of
 Second Street; thence
 South 26 degrees 11' 20"
 East along said center-
 line, (and said Northwesterly
 prolongation), 60.67
 feet; thence Southwesterly
 on a curve to the left
 182.06 feet (radius of said
 curve is 659.46 feet and
 the chord bears South 47
 degrees 01' 10" West
 181.48 feet); thence
 South 39 degrees 06' 40"
 West 247.80 feet; thence
 Southwesterly on a curve
 to the right 956.71 feet
 (radius of said curve is
 1216.40 feet, and the
 chord bears South 61 de-
 grees 38' 35" West
 932.25 feet); thence
 South 84 degrees 10' 30"
 West 446.60 feet; thence
 Southwesterly on a curve
 to the left 252.16 feet
 (radius of said curve is
 615.82 feet, and the
 chord bears South 72 de-
 grees 26' 40" West
 250.40 feet); thence
 South 60 degrees 42' 51"
 West 430.17 feet; thence
 Southwesterly on a curve
 to the right 180.89 feet
 (radius of said curve is
 948.79 feet, and the
 chord bears South 66 de-
 grees 10' 33" West
 180.62 feet) to the point
 of beginning; being a
 part of the South Half of
 Section 34, Town 33
 North, Range 6 West,
 and containing 3.953
 acres, more or less,
 within the perimeter of
 the courses herein de-
 scribed.
 Subject to the rights of
 the public over the West-
 33.0 feet of Second
 Street and the Northerly
 33.0 feet of Division
 Street. Also subject to
 easements and restric-
 tions of record, if any.
 A summary of the rea-
 sons set forth in the ap-
 plication for the proposed
 discontinuance and relo-
 cation of said Front
 Street is as follows:
 1. The present highway is
 situated in close prox-
 imity to the underlying un-
 derground water table,
 which, due to freezing,
 thawing and heaving of
 the pavement, causes the
 roadway to break up,
 making maintenance by
 The City difficult and
 expensive. The proposed
 relocation will be at a
 higher elevation above
 the underground water
 table making mainte-
 nance less difficult and
 less expensive with a
 better roadway surface.
 2. The present highway
 easement is approximat-
 22 feet in width. The proposed
 relocated roadway easement
 will be sixty (60)
 feet in width to comply
 with the regulations of
 The City.
 3. The existing highway
 presently needs extensive
 resurfacing at great ex-
 pense to The City of
 Boyne City. The proposed
 relocated roadway will be
 constructed and surfaced
 with new paving by the
 owners of the land adjoin-
 ing the proposed reloca-
 ted roadway at no ex-
 pense to The City.
 4. The proposed reloca-
 tion and discontinuance
 of the existing highway
 will enable valuable lake
 shore property to be used
 in conjunction with the
 development of proposed
 single family residential
 condominiums upon ad-
 joining land, resulting in
 an increased tax base to
 The City of Boyne City
 and County of Charlevoix
 in accordance with an
 orderly planned develop-
 ment of the property and
 the community.
 On the date and time
 set forth, above set
 forth, testimony will be
 taken on the part of the
 petitioners and any per-
 son or persons interested
 in such application, and if
 it shall satisfactorily ap-
 pear to the Court there is
 no reasonable objection
 thereto, and that it is
 necessary for the best
 interest and welfare of
 the public that such high-
 ways be discontinued and
 altered as to its course as
 prayed for in such appli-
 cation, or if it shall
 appear to the Court that
 such highway, or any part
 thereof, should remain as
 then established, an
 Order shall be made and
 entered in the record of
 the Court in accordance
 with such determination.

Charlevoix Kiwanis holding paper drive

The chief problem in recycling consumer goods like cans, bottles, and newspapers has been that it didn't pay. But Charlevoix Kiwanis Club has gotten together the kind of help that is making old newspapers pay in the form of money for Kiwanis projects.

According to Kiwanis member Jim Block, "We have a real good deal." Block said it works because Erber Ford and Kit Carson Lumber Company are storing the papers until shipment time.

The trucks that come up, loaded with cellulose insulation for Carson's, will take back down state the newspapers, which will be used to make more insulation.

Block said their first shipment, made in December of 1982, brought them \$33 a ton. The Kiwanis projects, benefitting from the newspaper money, are such things as contributing to Camp Dagget and buying eye glasses for people who can't afford them.

Any similar charitable organization can bring in papers, Block said, and take \$20 a ton on them. Individuals, too, may donate papers.

Charlevoix County Press gave the project a boost, starting it off with two tons of old newspapers, accumulated over the past year.

"And a lady from Boyne City called up," Block said, "and offered hers." She had 700 pounds of newspapers saved up.

Block pointed out the newspapers should be bundled with cord, "but not wire!" he emphasized. Or they can be in grocery store shopping bags, he said. Anything to make it easy to load them onto the trucks.

County gets grant for road patrols

Sheriff George Thomas Lasater announces that the Charlevoix County Sheriff's Department has received a grant totaling \$28,441 from the State of Michigan under Public Act 416 titled Sheriff's Secondary Road Patrol.

The funds allocated to the sheriff's office will provide, in addition to other areas, additional patrols on secondary roads in Charlevoix County above and beyond the regular Sheriff's Patrol.

Any citizen in Charlevoix County that resides in a township or village area may contact Sheriff Lasater personally at 547-4461 and request to be placed on the concentrated patrol program, if the citizen fees that they have a traffic problem on their roadway with traffic violators. Upon making the request for concentrated patrol consideration the citizen should be able to provide the sheriff with the following information: 1. Area of request to be patrolled. 2. Time of day and day of week the traffic infractions occur. 3. Description of suspect vehicles, if any.

After the completion of the grant, each citizen that has requested the concentrated patrol will be provided with a document from the sheriff with the number of hours deputies patrolled their requested area, citations, warnings, arrests that we made in the area of request.

What's Happening

CO-OP NURSERY
The East Jordan Co-op Nursery will be holding an Open House on Wednesday, June 1 at 7:30 p.m. at the East Jordan Presbyterian Church for anyone interested in enrolling their 3-4 year old in the 1983-84 session. For further information call Billie Reid at 536-2762 or Brenda Malpass at 536-2437.

East Jordan Council Minutes

East Jordan City Council met in regular session Tuesday, May 17, 1983 at 7:30 p.m., Mayor Merwin presiding and all members present.

Minutes were approved, authorization was given to pay \$36,486.60 in bills as presented and the necessary transfers were made.

Among other business, the Civic Center use fee was waived for the Garden Club Flower Show on Aug. 15; a Civic Center Committee Public Hearing to help in restructuring rules and rates was scheduled for June 14 at 7 p.m.; bids will be advertised for a backhoe on lease-purchase; the Four Seasons Marina property was rezoned from R-1 to C-2; a backyard variance was granted to Terry Lord could build a garage; and hearings were scheduled for lot split and rezoning for Gilkerson/Walker at 501 and 503 West Water on Tuesday, May 31 at 7:30 p.m.

South Arm Township and the county planner explained their position on the fish weir; Terry Lord and Debbie Niswander were appointed to Planning and Zoning Commission; Linda Barnes was denied permission to sell in the public parks under Ordinance 124; a public hearing was scheduled for May 31 at 7:45 p.m. if the filing fee is paid in time.

Reports were heard from the ambulance administrator, the D.P.W. Superintendent Police Committee and the three councilmembers who attended the Municipal League meeting gave a report.

Meeting adjourned at 9:38 p.m.

A copy of the official minutes of the above meeting are posted at the City Hall for personal during normal working hours.

Fern L. Morris, CMC Clerk-Treasurer

Housewives Retirees

We are looking for people who live on the south side of Water Street.

We are now accepting applications for a one-day-a-week part-time job here in Boyne City. Job requires about three to four hours of work that has to be completed each week. We are looking for people who would like to enjoy walking around their neighborhood. Applicants should apply in person at the Charlevoix County Press, 108 Groveland, Boyne City.

First Presbyterian Church has 100th Anniversary celebration

The First Presbyterian Church of Boyne City celebrated its 100th anniversary of services this past Sunday with dignitaries, past ministers, and a grateful congregation. The church, formed under the guidance of the Rev. John Redpath, held the first service in the spring of 1883 in a frame building at Court and Park Avenue. Redpath, who also started churches in Petoskey, Bay Shore, East Jordan, Cross Village, Cadillac and Crofton, flourished under his leadership during the lumbering

era of the city. In 1907, the congregation built a new church on Park Avenue which is still in use today. It was built with lumber from the White Lumber Company, Bricks from the Boyne City Clay Products Company and leaded glass windows from Italy. The church stands today as a monument to the craftsmen of long ago. Restoration and maintenance insures that the building will stand for many more years. The services, conducted by the present minister, Rev. Milton

G. Walls, and assisted by past ministers, Rev. John Chirone who gave the sermon and served the church from 1957 to 1961, and Rev. Charles Stoppel who was the minister from 1945 to 1950. Also at the celebration was Dr. Kenneth McCall, a Presbytery executive from Escanaba, Mi., who gave the charge to the anniversary activities. Following the services, the congregation went to the Middle School across the street for a potluck

dinner and a afternoon program. In charge of the dinner was the Church Life Committee which is one of the many committees within the church membership. In recognition of the centennial, William H. Ohle, a member from Horton Bay, researched and edited a history of the First Presbyterian Church of Boyne City. The booklet also contains many important historical events of the city as Ohle chronicled the history of the church. Ohle read through hundreds of old Boyne Citizen, Northland Press, and Charlevoix County Press newspapers as he did his research. The church has also published a pictorial directory of its members and has made available a souvenir plate depicting the original church building and the present building. Walls said that the church was unaware of what the old church looked like until the

Charlevoix County Press published a picture in the Remembrances column of Dale Crozier's that showed the building on Court and Park. Rev. Walls is the 17th minister of the church and as he looked back it the founding 100 years ago, he remarked that it was founded by a fine minister. He added that the church is looking forward to serving Him and the community for many more years.

Midener takes first place at McCune show

Winner of the \$300 first prize in the Juried Craft Exhibition, showing through May at the McCune Arts Center, is East Jordan artist Peggy Midener.

Her entry is "Ceremonial Box 2," a transformation of a cigar box into a "magical world of mysterious icons," according to Sally Scholl, Arts Center staffer.

Scholl said judging for the prizes was really the second test. The first judging was in whether or not a craft work would be accepted for the show.

In that sense it was unusual that David Slayter of Boyne City was invited to display his handcrafted bowls and plates at the show.

Other Northern Michigan artists in media of clay, fiber, wood, and glass submitted their work, which may be seen through this month on Mondays through Saturdays from 10 a.m. till 5 p.m.

Carpentree formed by area woodworkers

A new business that is not entirely new has been formed by three area wood workers called Carpentree. The word play name was formed by Scott Dietze, Bill and Bob Noblett, all of Boyne City.

Bill, who leads the newly formed Boyne city based team said that they are willing to do all kinds of carpentry, from rough framing work to the finish work for a house. They are also capable of doing remodeling, the building of custom cabinets and even the construction of custom furniture.

The team decided to put all their skills together to form the new company, Noblett said, this past spring. Noblett himself was trained in the fine art of carpentry by his late step-dad Paul Burkell, who was a past area builder that stressed quality in the work.

All of the men involved in the new business have had the same training and will be stressing quality said Noblett. He also added that one of the best things he learned when he was growing up in the business was keeping the prices charged for the work at an affordable level so that the average man can afford to build.

Members of the Presbyterian Church held a potluck dinner to celebrate the church's 100th anniversary last Sunday. Over 200 attended the affair to meet and talk over the newly published book by Bill Ohle who researched the past history of the church here in Boyne City.

Peggy Midener holds up the winning entry in the Juried Craft Exhibition that is currently being held at the McCune Art Center in Petoskey. Midener won \$300 for the entry, a transformation of a cigar box into "magical icons." Others from the area included David Slayter who showed his handcrafted bowls and plates at the show. Their work can still be seen through the end of the month.

Workers from East Jordan worked last Saturday on the Community Pride Day to help clean up the town. The volunteers picked up leaves, swept parking lots, and in general, made the town more beautiful for the upcoming tourist season that starts this weekend.

step in the as yet unfinished Tourist Park boat slips. Dionne said the pilings, to be put down by Forburg of Lake Construction, could also be incorporated eventually into the marina project.

Dionne also drew attention to the new Norway maple trees put in along

Main Street, replacing those that died. Taking note of the urgency felt by the present city council regarding the economic conditions of the city, Vern Stark, a resident, said a group of residents wants to meet the Monday nights preceding Tuesday council meetings to discuss what could be done for the city.
